### PLYMOUTH WON IN JUDGING CONTEST.

The Northville fair, on Thursday, September 28th, held three student judging contests, open to students from the nearby schools in which agriculture is taught. Teams were entered from Plymouth, Monroe, Howell and Ypsilanti, in the judging of live stock, corn and apples.

In live stock, all competing boys were given twenty minutes to place four Oxford sheep, and give their reasons, as if they were the judge placing them for ribbons. When they were finished, the judge, Mr. Mackay of the M. A. C., gave the correct placing. In the same way the boys then judged Holstein cattle, Duroc-Jersey hogs and Belgian horses. Meanwhile, the apple judging contestants and been required to name the varieties of apples provided, then to award places with reasons, to four plates each of Snows, Ben Davis and McIntosh Reds.

The corn judges had to place four ten-ear samples of yellow dent corn in one group, another four for the second and for their third group, four samples of white dent. The apples were correctly placed by Mr. Flint, and the corn by Mr. Rainey, judges in these departments.

For the school winning first place in stock judging, the Plymouth United Savings bank offered a 14-inch silver trophy cup to be the permanent property of the school winning it three years. Plymouth will hold it this year, as their team composed of Herbert Miller, Carl Ash and Donald Beyer scored a total of 834 points, averaging 737 in each part. Ypsilanti was second with 801 points, or a 668 average, while Howell was a close third, with 777 points or an average of 648. A medal for individual first place was won by Herbert Miller, and for second by Carl Ash.

In corn and fruit, the Northville Fair association offered silver trophy cups to the school winning first place this year. The fruit cup was won by a team of three Plymouth girls, Iris Palmer, Clara Hawk and Faith Wolfe, with scores of 891, 850 and 733 respectively, a total of 2470 points. Miss Palmer received the medal for highest individual and Miss Hawk for second. Howell's team was second with 195 points and Ypsilanti's third with 157.

The corn cup was won by the Monroe team, with averages of 819, 803 and 746, respectively, totaling 473 points. Plymouth second with 423; Howell third with 419, and Ypsilanti fourth with 415 points. The highest individual point winner was from Howell, and second place medal goes to a Monroe boy.

Particular credit for the success of the stock contest is due to Floyd Northrop, who gave his personal attention and help both in planning and carrying out the plans. To the judges, Messrs. Mackay, Flint and Rainey, also, the appreciation of the competing schools is due.

### BASE BALL NOTES.

The Franklin ball club that was to have been here last Sunday to play the Foresters decided to postpone the game until next Sunday. The ball diamond at the fair grounds was in fit condition to play on, but the weather conditions were unfit. From reliable authority it was learned that the Franklin team were "loaded" with players from Detroit, Royal Oak and Pontiac with the determination to set the late unbeatable Foresters back a game. Also the manager of the visitors informed the Northville manager that 300 fans from Franklin and vicinity would accompany the team here next Sunday if the weather is permissible.

The visiting team may look for practically the same Northville team on the field that have been victors in the past several games. It will be the final game for the Foresters this season and it is hoped that the last game will be a good one.

### TAYLOR'S PAVILION SOLD.

The property known as Walled Lake Shores, which has been operated for a number of years by J. D. Taylor and sons, has been sold to Louis Tolleth. Included in the deal is the dance pavilion, store building and the residence on the corner. The Taylor estate retains the property in the subdivision.

Walled Lake Shores has been a popular gathering place for the people of this section for many years and old friends will regret to learn that the Taylors have decided to dispose of the property and to retire from its management.

Mr. and Mrs. A. G. Newman will leave Northville soon to spend the winter with their daughter in Pontiac.

### TO GIVE BARBECUE.

The National Prison Congress is to hold its annual convention in Detroit the week of October 16th and on the 17th the delegates and visitors will be entertained at a barbecue at the Detroit House of Correction prison farm. Capt. Denniston has requested the business men of Northville to close their stores, if need be for a couple of hours, so they may partake of the feast and join in entertaining his guests.

It is often the case that cities and towns adjoining institutions of this kind are prejudiced against them, but such is not the case either with Northville or Plymouth people and Mr. Denniston desires a good turn out to convince his guests of that fact.

The visitors will be conveyed to and from the city in automobiles.

### BARBECUE AT REDFORD SATURDAY.

This week Saturday, to-morrow, is the date of the big event in Masonic circles in Redford for an entertainment. "A barbecue, a real one, with the ox roasting right on the grounds is one of the special features. The main performance will be on South Lahser avenue just off Grand River. The roasting process will be on the vacant lot next to the Record office, where the concessions will mostly be located also. Dancing on the pavement immediately in front will also be indulged in by all who enjoy it.

The Goffo band from Detroit has been engaged for the occasion which assures the best of music.

The program begins at two o'clock in the afternoon and lasts until the people go home some time during the following night.

### GEORGE H. JOHNSTON SELLS JEWELRY BUSINESS.

Owing to poor health George H. Johnston has sold his jewelry business to L. H. Blake, an experienced watch maker and jeweler of Sand Lake, Michigan who will take possession of the business this week. Mr. Johnston has conducted the business for many years and enjoyed to a most remarkable degree the confidence and esteem of the people of this section, and many friends will regret to learn that he has decided to retire from active business for a time at least.

Mr. Blake has moved his family to Northville and they are settling in the Daly house on Rogers street. The Record extends to them a cordial welcome to Northville.

### FAIR NOTES.

In addition to its very attractive booth in the main building, the Sanatorium made exhibits in a number of other departments. In the sanatorium booth were displayed samples of baked goods and in the poultry department a number of birds from the farm were shown. They won first on turkey, first on geese, first on guinea fowl and first on pheasants.

Fair visitors this year missed Mr. Seeley, who has always been most active and on the job early and late. This year he was "hed up" with the village sewer job, but that did not prevent him from getting to the fair grounds so early in the morning that his presence was not discovered by most Northville people. He was there however and did his work of seeing that the grounds were kept clean to the entire satisfaction of all visitors, many of whom remarked about their attractive appearance.

In the live stock judging contest at the fair Merritt Young won first prize, Rex Stuart second, and Harry Lyke third. The first prize was \$25 to apply on a trip to the International Livestock Exposition to be held in Chicago in December. In the pig club exhibit Starr Northrop won first, Harold Clark second, Harry Lyke third. The Plymouth poultry club won first in the junior poultry exhibit, Cherry Hill second, French Landing third and Redford fourth.

### LAYING NEW WATER MAINS.

Work of laying 1,850 feet of new iron water pipe leading from the reservoir to the Hills spring was commenced the first of the week. S. Foss has the contract and with the aid of the big trench digger he hopes to complete the job within a short time.

It is believed this improvement will add greatly to the local water supply.

Prof. Rankin of the University of Michigan, will give a lecture on "Rusika" at the meeting of the Northville Woman's club to be held this Friday, afternoon at two o'clock. Each member is requested to bring a guest and the senior and junior classes of the High school are also invited.

## Order Your Coal Now!

It will be a help to your local dealer if you will place your order for coal now if you have not already done so. We are receiving some Soft Coal and Coke these days and hope to secure some Hard Coal soon, but it is scarce and hard to get.

Our advice is not to wait for Hard Coal. Let us put some Soft Coal in your bins so you will have some fuel when cold weather comes.

Like every other coal dealer we are doing our very best to supply our patrons, but the task has been a difficult one. Very little coal compared with former years, has been mined during the past few months, and now everybody wants coal.

Give us your order and we will do our best.

## STATE NEWS IN BRIEF

Cassopolis—Bertha Nash, charged with causing the death of her baby at birth, was acquitted by a jury in the Circuit Court here.

Battle Creek—Preparations have been started on the preliminary work for the state Y. M. C. A. Conference to be held here Dec. 1-3.

Cadillac—A bond issue of \$210,000 will be submitted to the electors here in November for the construction of a new senior high school.

Sandusky—John Moffatt, veteran Sanilac county mail carrier, has been appointed postmaster here. He was among the three highest in the recent examinations for the position.

Kalamazoo—Lillian Zulke of Mahtawan, second year student at the Western State Normal School here, may lose her left eye as a result of a curling iron slipping from her hand and striking the eye.

Port Austin—This village is unable to purchase an electric lighting plant for \$10,500 the amount of the bond issue voted for that purpose. The council may authorize an additional bond issue of \$3,000.

Albion—The Gale Manufacturing Co. of this city, through its president, M. T. Conklin, of Detroit, has donated \$500 toward the furnishing of the new \$50,000 James W. Sheldon Memorial Hospital, soon to be erected.

Cheboygan—Harvesting of Cheboygan's big apple crop has begun. The crop is one of the largest in the history of the county, but owing to market conditions and high freight rates, many of the apples are being left on the ground.

Owosso—Bond issues totalling \$18,000 for the extension of water mains will be submitted to the voters at the November election. They were defeated at the election, September 12. The construction of many houses and the outskirts depends on the laying of the main.

Monroe—The City Commission appointed Harry Michéau chief of police to succeed Lynn H. McKelley, resigned. Chief Michéau was employed as an inspector of street paving. He served in the Spanish American War and was a member of Co. M, Thirty-first Michigan Infantry.

Flint—G. F. Summers, wealthy Saginaw match manufacturer, charged his plea of not guilty to driving past a standing street car at Saginaw street and Peers avenue, when arraigned in Justice Fishbein's court, and pleaded guilty instead because he was in a hurry to get to Detroit.

Saginaw—Reports that Representative Joseph W. Fordney and Representative Joseph G. Cannon are planning a round the world tour were confirmed by Mr. Fordney, author of the tariff law. Fordney will retire from congress next March completing 24 years of continuous service at the national capital.

Saginaw—More than 10,000 voters signed the initiative petitions in circulation about the city for submission to the voters November 7 of the new street car bus transportation plan. The petition required only 3,438 signatures. Saginaw has been without street car service since August 11, 1921.

Mt. Clemens—Lieutenant Enoch Nelson, one of the chief construction officers of the army air service, arrived at Selfridge field, Sept. 26, flying a Moxy plane from McCook field, Dayton. Lieutenant Nelson is supervising the construction and assembling of the army entries in the third day air race.

Ann Arbor—Mac Barnes, a 16-year-old, of the literary college of the university, has a hunch he is the youngest lit. student to register this year. He was 16 on June 1. He was graduated from the high school in Traverse City where he lived with his mother, Mrs. Lena Barnes, and he completed his high school work in three years, and graduated with honors.

Traverse City—Deliberating eight hours a jury found G. Allan Smith not guilty of the charge of resisting an officer. The case attracted considerable attention as Smith was a former sheriff and deputy game warden. He was arrested by Warden Mark Crav charged with selling brook trout in his resort hotel at Arbutus Lake. Smith said he was badly beaten when arrested.

Kalamazoo—Undaunted by her injuries Mrs. Mabel Howe robbed of her earnings by a thief who first knocked her down and choked her, started out with a shotgun to scour the neighborhood for the offender. Mrs. Howe was attacked while she was on her way home. The robber escaped through bushes that lined the sidewalk after he ripped the diamonds from the woman's bleeding ears.

Pontiac—Details are completed for purchase by the Cook Nelson post, American Legion, of the old Edward Murphy home, on Auburn avenue, one of the largest residences in the city, to be used as legion quarters. The house was built by Edward Murphy, pioneer manufacturer of Pontiac, and has three floors, with hall room and considerable grounds. The legion expects to remodel parts of the house before occupying it. It has been owned recently by the Michigan State Telephone company, which had fitted it for a home for girls employed.

Washington—A reduction of \$230,000 in the public debt during September was announced by the treasury. The public debt stood in September 30, at \$22,812,407,791, as compared with \$23,042,755,934 on August 31, the reduction having been brought about by sinking fund operations and the maturity of outstanding treasury certificates in excess of the amount issued.

Sutherland Raised to U. S. Court. Washington—The supreme court reconvened after the summer recess for the October term and after its deducting into office former Senator George Sutherland, of Utah to fill the vacancy caused by the recent resignation of Associate Justice John H. Clarke of Ohio and admitting to practice 37 attorneys, adjourned to call at the White House for the usual visit of respect to the president.

Says T. B. Will Be Defeated. London—F. H. C. ## ALSEUM THEATRE

Saturday Evening, October 14th. JOHN GILBERT will be seen in "ARABIAN LOVE"

A story of love that flowered in the desert sands. Romance found him waiting in the desert and a daring heart did the rest. A fascinating love story with the most rapidly rising young star on the screen.

A vivid tale of barbaric adventure in which a young and adventurous American loses his heart in the land of the Sheik. A tale that tells how the burning sands of the desert fused two hearts together.

A colorful desert drama with all the exotic splendor of the Far East as its background.

Tuesday Evening, October 17th. CHARLES JONES will be seen in "PARDON MY NERVE"

The romance of a wandering ranchman. Quick with his wits, but quicker with his gun, was Racey Dawson, man of the plains. He thwarted the plans of a dangerous gang and won the girl of his heart. They called him "Racey" because he raced with the wind and beat it by a length each time.

There wasn't a man on the frontier who could shoot, ride a horse, or love a woman like Racey Dawson, cowboy. He used the bullets of his gun to erase an illegitimate signature. It was four against one, but Dawson cleaned up the four in the time it takes to clean up one.

Your heart will beat faster when you see the fight between Racey Dawson and the crooked saloon-keeper.

Charles Jones—again scores in a thrilling drama of the western plains replete with spell-binding action and a brave man's valorous protection of a woman. In which a wandering cowboy sure makes 'em sit up and take notice.

## The True Story of ASPIRIN

Aspirin is a useful chemical, being prescribed constantly by skilled physicians for treatment of rheumatic affections, neuralgia, colds and certain types of fever.

Purtest Aspirin U. D. Co. Tablets are made by the United Drug Co., Boston, whose agents are the Rexall Stores everywhere. The chemical used is always of the very highest grade and the tablets may, therefore, be depended upon with confidence to yield the maximum of beneficial results that may be expected from the use of Aspirin.

Fraudulently made Aspirin Tablets were put on the market by a Brooklyn concern. This has been exploited by one concern for the purpose of discrediting all tablets of Aspirin made by others. The public should know that we, as reputable druggists, have never handled any but Aspirin of the highest grade.

The Aspirin patent expired in 1917 and any one can now make Aspirin and sell it under that name.

Our customers may depend upon it that Aspirin U. D. Co.—sold at Rexall Stores only—is everything that the most careful, most discriminating and skillful physician could demand.

In Packages of 12's, 24's and 100's.

#### HARVEST TIME.

These are the days when it's always good  
To go for a walk in the Autumn  
wood;  
To shuck your feet as you pass along  
And hum the tune of a little song.  
Beautiful days that stand midway  
From a glaring moon to a snow-  
white day.  
When a Summer's perfume sweet is  
faded.  
But a Summer's gifts are harvested  
These are the nights when over the  
trees  
We hear the rush of a passing  
breeze.  
Beautiful nights, when we never tire  
Of gazing deep in the open fire  
The logs burn low, and the firelight  
gleams  
With the warming glow of contented  
dreams.  
And out of the fire new visions rise  
In harvest time—when the Summer  
dies

It was the keenest contest ever started and had its beginning in Eden centuries ago.

The struggle for supremacy is renewed every year.

John—the Baptizer—was hurling for the "High Standard League" while Satan—the old timer—was on the mound for the opposition.

The duel was fast and furious and the shrewdest means were used to win. The final victory is sure but long-delayed.

You are in sympathy with one side or the other and have been watching the plays and cheering for the side you like.

Come and confer with us about this man John and his trenchant words regarding Life.

## FIGHT PROFITEER THROUGH LICENSE

SPECIAL LEGISLATIVE SESSION  
TO PROVIDE BILL FOR  
STATE CONTROL.

STATE MAY SELL TO DEALERS

Governor Groesbeck Believes Fuel for Domestic Use Can Be Secured By State at a Saving.

Lansing.—The state of Michigan will have a "weapon" with which it will be able to eliminate profiteering in coal and, if necessary, drive dishonest coal dealers out of business, if the fuel bill proposed by Governor Alex J. Groesbeck is enacted into a law at the special session of the legislature which convened Oct. 10.

It became known following a conference between Governor Groesbeck, State Fuel Administrator William W. Potter, Attorney General Merwin Wiley and other state officials and Detroit civic heads in the governor's office in that city, that the bill provides for a state license for coal dealers and fixes heavy penalties for failure to obtain the license.

This will mean the conferees said that every coal dealer in the state must take out a state license before he can transact business, and that the license can be revoked at any time by the state fuel administrator upon showing that a dealer has been guilty of dishonesty or has attempted to charge an excessive price.

The bill as drawn provides for either fine or prison sentence for both for violations of the law.

One of the state officials sitting in the conference said: "No honest coal dealer has anything to fear in this bill. It is an entirely fair measure, and will be found to be an aid to the coal man who is trying to transact business honestly and to be fair with his customers."

Another development of the conference was an intimation that the state intends to buy coal, if possible for the use of dealers to resell to domestic consumers and that state officials believe they can obtain fuel at a much lower price than is being offered to dealers now.

State Fuel Administrator Potter probably will continue to serve as administrator until he is succeeded by Mr. Potter some time ago expressed a wish to be relieved of the duties of the office.

U. S. OFFERS NEW BOND ISSUE

\$500,000,000 Asked to Refund Short Term War Loan

Washington.—The first government bond issue since the war was announced Sunday night by the treasury Secretary Mellon offered for subscription an issue of about \$500,000,000 of 4 1/4 per cent. 30 year treasury bonds as part of the program for refunding the short term debt.

The new issue will be dated October 16, 1932 bearing interest at 4 1/4 per cent. annually payable April 15 and October 15 on a semi-annual basis. The bonds will mature October 15, 1952 but may be redeemed at the option of the United States after October 15, 1947.

RAIL MEN SEEK FORD'S HELP

Brotherhood Said to Plan Big Bank to Fight Wall Street.

Cleveland, O.—Plans to enlist the aid of Henry Ford to "buck" Wall street, by the establishment of a co-operative bank in New York were announced by the Brotherhood of Locomotive Engineers here.

Joseph J. Hobart, Jr. an official of the brotherhood co-operative national bank here, said he expected to see the automobile magnate in Detroit within a few days in connection with the plan.

It is understood that the brotherhood feels that \$17,000,000 the bank's present funds are not large enough with which to go into New York.

Charges Of Inhuman Treatment As Climax to Paternity Suit.

South Bend, Ind.—A sensational climax to the Tiernan-Poulin paternity case came late last week when Mrs. Augusta Tiernan filed action for divorce against her husband, Professor John P. Tiernan, of Notre Dame university.

Mrs. Tiernan charges cruel and inhuman treatment on the part of her husband and asks the custody of her three small children.

FOREST FIRE FATAL TO MANY

33 Lose Lives When Flames Over-Run Canadian District.

Quebec.—Thirty-three persons lost their lives in the brush and forest fires which raged last week in the Cobalt district in Northeastern Ontario, and in the St. Maurice Valley in Quebec.

Many persons who lost their homes in the burning of six North country villages, including the town of Hallowbury, are reported missing.

## TURKEY UNABLE TO DIVIDE ALLIES

KEMALISTS LESS CONFIDENT  
AFTER FAILURE OF PLANS  
AT PARLEY.

DEMANDS TO ANGORA ASSEMBLY

Mudania Conference Adjourned Pending Action By Turkey Government; Troops Remain Inactive.

Mudania.—There was distinctly less confidence in the Kemalists camp here, when it became thoroughly understood that there is now complete unanimity among the Allies. The plans for dividing the Allies having failed, it was realized that Kemal Pasha had the world arrayed against him.

The Greek delegates also came into line with the three Allied powers, Colonel Masarkis informing General Harrington that Greece would conform to whatever measures the Allied generals recommend.

He also assured the commander-in-chief that in case of necessity, the whole Greek army in Thrace will rally to the support of Great Britain.

Mustapha Kemal Pasha keeps in continual touch with his delegates at Mudania over a long distance telephone line recently installed, 300 miles to Angora. Ismet Pasha personally speaks with his chief several times daily, reporting to him on the progress of the negotiations and receiving instructions as to the exact procedure to be followed.

The Allied generals, Harrington, Mombelli and Chapin, returned to Constantinople while the Mudania conference was adjourned to permit the Kemalists to refer the Allied demands to the Angora assembly.

Turkish forces continued to occupy positions in the neutral zone on the Asiatic side of Constantinople, but so far as has been learned there were no further advances. The British landed additional forces to protect the railroad between Haidar Pasha and Kadi Keut.

LIQUOR RULED OFF OF SHIPS

Even Foreign Ships Must Enter 3-Mile Limit "Boozeless."

Washington.—Shipping Board vessels in American ports Sunday were Sahara dry. Complete compliance with Chairman Lasker's order, issued Oct. 7 to put into effect the Daugherty ruling barring liquor from American ships, was reported here.

American vessels now on the high seas bound for American ports will be de-alcoholized upon arrival in American waters. Foreign and American vessels now in foreign ports, however, have been granted a few days' grace by President Harding. They will not come under the ban until October 14. American vessels homeward bound after that date must be "dry", foreign vessels sailing for the United States October 14 or later cannot enter the three-mile limit with liquor aboard.

LEGION LEADERS REAPPOINTED

Executive Committee of Michigan Department Makes No Changes.

Detroit.—The state executive committee of the American legion, department of Michigan, held a meeting at the state headquarters in the Lincoln building Monday afternoon, and appointed Lyle D. Tabor, state adjutant to succeed himself; Dr. Frank B. Broderick, state welfare officer, to succeed himself; and Wilbur Brucker, Saginaw, judge advocate.

The working committee of the executive committee was appointed as follows: Dr. Angus McLean, chairman; A. H. Gansser, E. K. Fletcher, Edward Winnegar and John F. Roehl. The state welfare committee will continue with the same personnel as last year, Fred Alger, Mark T. McKee and Alton T. Roberts.

SAYS TUBERCULOSIS IS HELPFUL

Aged Milwaukee Doctor Declares That Disease Benefited Him.

Milwaukee, Wis.—To prolong your life, have tuberculosis.

Such advice was offered Monday by Dr. J. W. Pettit, Ottawa, Illinois, vice president of the National Anti-Tuberculosis association, attending the Mississippi valley conference here.

Dr. Pettit is 75 years of age. Years ago he had tuberculosis.

"That's why I'm living so long," he said. "Any individual who contracts tuberculosis and leads the orderly sort of life he must to get well and continues to lead that life lives longer than he ordinarily would."

VIVIAN MARTIN AT THE GARRICK.

What should prove a theatrical event of very considerable magnitude is the presentation in Detroit of Adelaide Matthews and Ann Nichols laughing success: "Just Married," with Vivian Martin and Lynne Overman as the stars, to be the attraction at the Garrick theatre in Detroit all next week beginning Sunday night. The authors of "Just Married" have provided the stage with very many delightful comedies.

"Just Married" comes direct from the LaSalle theatre, Chicago, where it has enjoyed a highly successful run of six months, which followed its sensational run of sixty five weeks in New York. A particularly interesting feature is the fact that Vivian Martin Lynne Overman, Jess Dandy, Dorothy Morfitt, Isabel O'Madigan, John Butler, Fred Irving, Lewis Marshall, Darville, Blanche Benton, Anton Asber, Harry Schaefer, Harry Shyran, Roy Foster and other members of the company have a contract which calls for their services during the run of the play. This assures the original cast intact.

Dog Talk.  
Our neighbor's dog came to our door one day last week and my little son asked him four years was asking him what time it was. He said it was 11 o'clock. He repeated it several times when mother said "Maudie can't talk but then Maudie answered, 'gosh' He can shake his head, can't he?"

## STATE NEWS IN BRIEF

Saginaw—Kiwanians of Michigan invaded Saginaw for the annual district conference

Monroe—A \$2,000 boat and 42 cases of Canadian beer were seized by Sheriff Gessner at the River Raisin docks. No one was aboard.

Detroit—The management of the Ford Motor Co. is selling coke to employees for \$8 a ton, or \$6.50 a ton less than being asked by retailers of the city.

Port Huron—Repairs are being made to the steamer Adriatic which collided with the steamer F. L. Rich. A fog caused the collision. The Adriatic was damaged considerably.

Lansing—The \$35,000 heart pain award Monica Hatton in Wayne county circuit court in her breach of promise suit against Arthur Stott, was affirmed here by the state supreme court.

Monroe—Edward W. Hilton, of Erie Monroe county, for 27 years secretary of the Farmers' Mutual Fire Insurance company of Monroe and Wayne counties, has been elected president of the concern.

Marquette—The legislature will be asked next session to pass an appropriation for a dining-room, hospital and power plant at Marquette prison. The prison board has decided. Present facilities are too small.

Marshall—The county tax rate will not be reduced. Last year it was \$3.83 a \$1,000 valuation and this year it may exceed this. The county poor fund is already overdrawn. September 30, the overdraft, according to the records in the office of the county treasurer, totaled \$14,264.82.

Port Austin—This village will go into court to compel Henry Schlegel to sell the Port Austin Light & Power company plant to the village a bond issue of \$10,500 which was the appraised value placed on the plant by the State Industrial Commission, was voted but Schlegel now wants \$11,500.

Ann Arbor—Control your own yourselves and your tempers, advised President M. L. Burton of the U. of M. speaking here at the first of the public meetings of a safety campaign conducted by the Ann Arbor branch of the Detroit Automobile club. The great student safety has a courtesy, he said.

Dowagiac—There is considerable agitation in this town concerning the next expiration of the DeCathwath company's 20-year lease from Dowagiac to furnish householers with gas and electricity. The present price is 12 cents a kilowatt for electricity and \$2 a thousand feet for gas. Taxpayers are uniting to petition for a city owned plant.

Marquette—The battle royal for the nomination for treasurer of Schoolcraft county in the primaries September 12 will be continued at the general election on November. The nominee Mrs. Agnes Husband, who won by two votes over Edward Multhaup and by three over Miss Laura Williams will be opposed by them on the slip system.

Marquette—Striking shopmen on the Duluth, South Shore & Atlantic rail road, a subsidiary of the Soo Line refused to accept an invitation to return to their jobs as individuals with no impairment of seniority rights. The railroad, it is said, refuses to negotiate with the union and the strikers assail its policy as a move to break the organization.

Battle Creek—That 50 of the 200 Michigan ex-soldiers on the waiting list of the Roosevelt American Legion hospital will be notified that they can receive treatment at the hospital by October 15 was the announcement by E. J. Welch hospital business manager. Welch announces that the first wing of the big addition will be completed by that date.

Owosso—The enrollment in the Owosso high school at present is 89 greater than a year ago according to Superintendent E. J. Williams. This is an increase of 20 per cent. The enrollment now is 554, and before the end of the year it will be 600, he says. The building now occupied was built to accommodate 250 pupils but the voters have twice voted down proposed bond issues to build a new high school.

Hillsdale—Notice has been received by Walter Rawson, director of the agricultural department of Hillsdale high school that the stock judging team from Hillsdale won first honors at the Western Michigan fair at Grand Rapids. The team consisted of Ford Eagle, Marlo Murray and Everett Watkins. The members of the team will have their expenses paid by the Western Michigan Fair society to the international live stock show in Chicago in December.

Lansing—An appraisal of Citizens Telephone company property to determine a fair valuation upon which to base rates in cities served by both the Michigan State and Citizens companies, after the merger of the two services was ordered by the state public utilities commission. The order will bring about, in effect, a continuation of plans announced by the commission some time ago, halted by litigation when the Michigan State objected to an appraisal and asked that the proposed purchase price of the Citizens company be used as a basis.

It's toasted. This one extra process gives a delightful quality that can not be duplicated

## Bible Thoughts for This Week

Sunday.  
WAY TO LIFE.—He hath showed thee, O man, what is good; and what both the Lord requireth of thee, but to do justly, and to love mercy, and to walk humbly with thy God.—Micah 6: 8.

Monday.  
GREATEST IN THE KINGDOM.—Whoever therefore shall humble himself as this little child, the same is greatest in the kingdom of heaven.—Matthew 18: 4.

Tuesday.  
NOT MEAT AND DRINK.—For the kingdom of God is not meat and drink, but righteousness and peace, and joy in the Holy Ghost.—Rom 14: 17.

Wednesday.  
A VERY NEEDFUL PRAYER.—Show me the ways of Lord, teach me thy paths, let integrity and uprightness preserve me for I wait on thee.—Psalm 25: 1, 21.

Thursday.  
DECEITFUL NOT.—For this is the will of God. That no man should be deceived by his brother in an hour.—1 Thessalonians 5: 3, 4.

Friday.  
THE WAY TO FREEDOM.—Ye shall know the truth and the truth shall make you free.—John 8: 32.

Saturday.  
GIVING, GETS.—There is that which scattereth, and yet increaseth, and there is that which withholdeth more than it giveth, but it tendeth to poverty.—Proverbs 11: 24.

## PRaised NORTHVILLE'S RACE MEETING.

The Sunday Detroit Times contained a very complimentary article regarding Northville's recent fair race meeting, which we are pleased to present to Record readers. A special correspondent writing for the Times stated that "Now and then county fairgoers are treated to the appearance of a first class horse or two, and that is just what happened at Northville, where the best meeting in the history of that oval marked the 1922 exposition of livestock, farm products and speed."

Best of the lot was the two-year-old colt Arion Silk, by Bingen Silk, dam of Arion, therefore a whole lot of Electioneering blood is in the young pacer. He started in the race for three-year-olds and under, and disposed of his field of trotters rather handily, then came back and took a breeder's mark of 2:19 1/2.

Arion Silk is owned by George G. Roach of Fowlerville, who recently refused \$1,500 for the youngster. James Roach, father of George, is well known in the sport as a breeder and owner for many years. He went to one of the Chicago sales last year and bought Arion Silk and some others. He paid something like \$260 for the yearling and during the training season sold Arion Silk to his son George for a profit of \$150. Now \$1,500 is refused for the young pacer, showing that youth sometimes hits one over on the experts of horseflesh.

Another big number which bobbed up at Northville, was a pacer called Miss Loraine. A man named Russell brought her over from Pontiac, started her in the slow class, and after Grit Dillard had won the first heat and Grit the second, he gave her a little more gas and it only was a question how far she could beat them.

O. H. Helm of Detroit, former president of the DeLester-Park club, and well known in matinee circles, always likes to have a good one and he watched her race, then bought her for \$1,000, and she will be wintered on Don Tiron's farm near Plymouth, then made ready for next season.

Miss Loraine had had very little preparation before she started at Northville but could beat 2:15 on that long track. That she will be better than a 2:10 pacer there is little doubt Mr. Helm is lucky.

But, no matter what the mare does, she goes on the books with the words "breeding unknown" after her name unless somebody can straighten out a tangle. Seven years ago the late Judd Burlison of Romeo, bought three head at a Chicago sale. A mare among them was in foal and next spring the filly, Miss Loraine, came. Nobody has been able to find out about her yet, although a diligent search will be made, and maybe the records will show her parentage.

The success of the Elton Holmes stable was a feature of Northville week. His trotter, Zina Chenault won two starts, while Ruby Hal and Silver Hammer each won a first and a second. Zina Chenault is one of the best trotters in the fair circuits this fall. Ruby Hal does all that is asked of her, and Silver Hammer, under the guidance of Tommy Sheridan, is a much improved mare. Billy Brooke was ailing a little, so that the crowds were denied the pleasure of seeing him in action.

Grit, the 3-year-old son of Marble Grit owned by Frank R. Dougall of Detroit, is coming along nicely and will be useful next season. He won a heat in the race which went to Miss Loraine and took second money in the big field. Last week he was shipped to Fowlerville, and it is the intention of Mr. Dougall to send him to Cranwood the Cleveland half-mile track for the overcoat meeting next week.

The Northville fair made it plain that people liked the trotters. On no day was the grand stand half big enough for the people who wanted to watch the sport, so the unfortunately lined the track on either side, and some were lucky enough to park their automobiles in advantageous spots. Racing was not over until around 5 o'clock, yet the crowds lingered. The racing was very good and the enthusiasm showed that the sooner the state fair comes back to the trotters the greater patronage it will enjoy. A comparison between the sport furnished by trotters and pacers at Northville and second-rate runners at the state fair is all in favor of the town 29 miles away from the big exposition given in the interests of the citizens of Michigan.

There can be an improvement among the minor fairs by closer union. In many states they get together and work out their program, then advertise as a circuit and a number of horses join the herd. Take Northville, Milford, Fowlerville, Howell and Ann Arbor, with one or two more, and provide half a dozen weeks of racing, and the sport will be better than in the past.

## Announcement

For the benefit of those who wish to join the Association, a new series will start to-morrow, October 7th. Recently a party said to us, "Just think what I have missed. You have been paying a high rate of interest and helping people obtain their homes for over thirty years and I have been a member only one year." Regrets? Plenty, but as useless as those of a person who mourns because he didn't load up with coal ten years ago.

Act now. Our old members all know and new ones will soon learn that we have
