MISS BONSTELLE TO PRESENT  
"EAST IS WEST"

Miss Bonstelle considers herself fortunate in being able to offer Shubert-Michigan theatre patrons the Fay Bainter "big success," "East is West," as next week's attraction.

It is a dainty and fascinating comedy of Chinese and American life by Samuel Shipman and John B. Hymer, which held the stage of the Astor theatre, New York, for two years, and which taxed the capacity of the Garrick here last season. "East is West" begins with a prologue—a scene on the Yang Tse river, China, where little "sing-song" birds of girls are brought to the "Love Boat," a sort of smart to be sold. Three acts follow with scenes set in San Francisco, which include the Chinese quarter and Nob Hill, the exclusive residential district.

## Sufficient Anyhow.

## U. S. Born, Barred As African.

New York—Although her father is a minister in Chattanooga, Tenn., and she was born in the United States, Mrs. Alexander MacDonald is detained on Ellis Island to be deported with her husband and six children. The family's exclusion from the country is based on the fact that the six children, the oldest 11, the youngest six months old, were born in South Africa, and the African quota has not only been exhausted for October, but for the entire fiscal year ending June 30, 1923.

## FARM LEADERS URGE STATE INCOME TAX.

The Michigan State Farm Bureau, the Michigan State Grange and other farm organizations are urging their members to vote "yes" on the proposed state income tax measure which will appear on the ballots in November. Such a measure would place on the tax rolls an enormous wealth in stocks, bonds and other intangible property practically no state tax at present would thereby relieve the enormous tax burden being carried by farm and town real estate, the farm organizations declare.

According to the Farm Bureau, five to ten billion dollars in stocks and bonds and other intangible property in Michigan is paying no state tax. On the other hand five billion dollars in farm and town estates, less than half the wealth of the state, has been paying the entire annual state tax of \$20,000,000. Hence, farmers hold that a state income tax at a fair and reasonable rate, would greatly relieve the heavy tax burden carried almost solely by real estate and would justly distribute the tax burden.

## OAKLAND COUNTY EXPENSES ARE HIGH.

Expenditures from Oakland county's general fund for the period beginning January 1, and ending October 1, of this year totaled \$1,026,725.85, according to the nine months' report of the county board of auditors submitted to the board of supervisors last Friday.

Receipts credited to the general fund for the same period totaled \$1,072,444.15 including the balance on hand January 1 of \$302,402.69, and leaving a cash balance in the fund on October 1 of \$35,718.30. Of the receipts turned over to the treasurer \$1,588 came from the county clerk's office for fees; \$2,031.06 from the sheriff for civil fees; and \$77,768.34 were turned in by the county treasurer, making total receipts from the three offices of \$81,337.40.

It is estimated that it will require \$36,448.75 to run the county for the rest of this year and that \$37,688 will be paid in for delinquent taxes, which will leave the county with an over-draft in its general fund on January 1, estimated at \$13,042.20.—Pontiac Press.

### TROLLEY BOWLING LEAGUE OPENS SEASON.

At a meeting held Friday of last week arrangements were made for a Bowling League, consisting of the following towns: Farmington, Northville, Plymouth and Redford, to be represented by two teams from each town.

Starting this, Thursday, evening at 8:00 p. m. and running until April 19, games will be bowled each Thursday evening throughout the season.

The officers of the League are as follows:

President—H. S. German, Northville.

Vice-president—E. S. Grace, Farmington.

Secretary-Treasurer—J. C. Clark, Farmington.

Last year Northville had two teams in the league and the members of the teams and their supporters had a merry time all winter. It is hoped the Northville alleys will be ready before long.

### "LILITH" AT THE GARRICK.

The first Detroit performance of Franz Milmar's fantastic comedy "Lilith" with Joseph Schildkraut and Eva Le Gallienne in the leading roles has been set for Sunday night, October 22nd, at the Garrick theatre. After two seasons in New York, this attraction played a return engagement in New York following its Boston run last season.

"Lilith" which is undoubtedly the most successful of all the Theatre Guild productions, is the story of a Hungarian tough, the Baker and bouncer of Budapest merry-go-round. It is romance and perhaps regeneration, with a little spiritual housemaid Julie, told in a series of colorful picturesque and fascinating episodes which constitute the plot of this popular play, and form a novel combination of fantasy and realism.

"Lilith" is a real entertainment, adapted to suit the taste of everyone and its local engagement is one of the bright spots of the season.

Owing to the length of the performance and the size of the production, it is in a prologue and seven scenes—the curtain will rise at 8:10 promptly.

### NORTHVILLE PHYSICIAN WEDS POPULAR TEACHER.

The following clipping which appeared in a Boston Mass. newspaper under date of West Palmouth, October 7th, will be read with interest by Dr. Nelson's acquaintances in Northville:

"Miss Eleanor S. Bourne, daughter of Mr. and Mrs. William T. Bourne, was married today to Dr. Wilford M. Nelson, son of Mr. and Mrs. L. E. Nelson of Hartsell, Cal. The Rev. Mr. Bigler of East Palmouth performed the ceremony which took place at the Friends' Meeting House.

"The maid of honor was Miss Olive F. Foster of Buffalo, and bridesmaids were Miss Helen Ford of Woburn and Miss Dorothy Murdoch of Marblehead. David F. Atwood of Palmouth was best man, and ushers were R. George Morgan of Lockport, N. Y., and Frank W. Holmes of West Medford.

"The bride is a graduate of Framingham Normal school and taught at Newton, Wellesley and Hyannis. Dr. Nelson is a graduate of Harvard medical school, class of 1919. Dr. and Mrs. Nelson will live at Northville, Michigan.

Dr. Nelson left Northville a couple of weeks ago after having told a few friends in confidence that when he returned he would be accompanied by his bride, and this notice of his marriage confirms the rumor that he was to marry a popular teacher in the east.

Dr. Nelson came here a few months ago and during his short residence here he has made many friends who will be glad to welcome his bride to Northville. Mr. and Mrs. Nelson are expected to arrive in Northville the first of next week.

The officers of the Student Council were elected some time ago. They are: Veritt Young, president; Raymond Watts, business manager; Glenn Hammond boys' ath. manager; Geraldine Young, girls' ath. manager; James Wood, boys' commissioner; Irene Thompson, girls' commissioner; Mr. Helfrich acting as advisor.

A new plan is being tried in an effort to have better and more school notes. Editor-in-chief: Raymond Watts; 12th grade, Allen Bucklev; 11th grade, Starr Northrop; 10th grade, Milton Schnute; 9th grade, Betty Webster.

All classes during the past two weeks have elected their officers: Seniors, Raymond Watts, president; Allen Bucklev, vice-president; Irene Thompson, sec-treas; Junior—Ada Ely, president; Starr Northrop, vice-pres.; Ruth Atchison, sec-treas; Sophomore—Ida Rose Cavell, president; Virginia Smith, vice-pres.; Katherine Haglan, sec.; Edward Riley, treas; Freshmen—Cecil Fry, pres.; Frank Conger, vice-pres.; Elsie Schultz, sec-treas.

Class rings have been ordered by the Junior class to promote class unity and spirit.

Last Friday the Junior and Sophomore girls met in the gym to determine by a three-legged race which was the stronger. The "Sophs" won and were allowed to initiate the Junior girls. Tuesday the boys of the same classes had a tug-of-war for the same purpose and the "Sophs" have to give the Juniors a feed. This plan has been adopted as a method of doing away with the horse-play of initiation. Everything was taken in good sport and greatly enjoyed by all who took part.

The Student Council will give a Halloween masque on Monday evening, October 30th. A good time is assured to everyone.

**SOUL STORMS STARTED BY SATAN**

You sometimes wonder at the sudden changes of mood which come over you.

Often you find yourself tempted to do that which is wrong—to drift toward crookedness—to the questionable—all for the sake of some ambition.

You know the body calls loudly and insistently—Hunger—Thirst—Anger—Passion—and in every case you are tempted to excess.

You hear the voice of the mind—and the voice of the soul—and you remember the appeal they make.

Why are we tempted at particular times and in the particular way that it comes? Well it is no less person than Satan—the spirit of evil—the enemy of mankind—the very one who asked Christ to do a thing that we mortals could not duplicate—to reach the goal quickly without suffering—to win by dazzling and perplexive methods.

The story for study is thrilling—gripping—real. Come and hear about it and add your experience.

**LADIES' LIBRARY KINDLY REMEMBERED.**

According to Detroit papers the will of Cassius R. Benton of this township was filed for probate this week and among the many bequests was \$5,000 to the Ladies' Library of Northville, \$500 to The King's Daughters, and the sum of \$3,000 was set aside to be loaned to worthy boys and girls desiring to complete a High school education in this village.

The handsome wood lot near Mr. Benton's home, and which he loved dearly, was bequeathed to Wayne county as a park with the stipulation that there should be no intoxicating liquors sold on the premises.

The entire estate is left to the widow, Mrs. Sophia L. Benton, during her lifetime. The home and 47 acres of land adjoining are to go to Lawrence Johnson and the Benton collection of stuffed birds to Edmund Yerkes.

The will was drafted March 25th 1922.

**WOMAN KILLED NEAR NOVI.**

Mrs. J. S. Greer, aged 63 years, wife of a well-known farmer, was instantly killed at 8:45 o'clock Wednesday morning on Grand River road in front of her home, a quarter mile west of Novi, when she was struck by a motor car driven by Guy G. Crane, manager of the Owosso Gas Light Co.

Mrs. Greer's head struck the windshield of the car, and was crushed. She was dead when picked up by Mr. Crane, and his companion, Walter Bush, an Owosso attorney.

Messrs. Crane and Bush went to Pontiac and made a statement of the accident to Coroner Frammer, who decided to hold an inquest on Saturday at ten o'clock in the probate court room. The gentlemen explained how the accident occurred in detail and they were not held. Mrs. Greer was crossing the highway when the accident occurred.

Her remains were brought to Schrader Brothers' funeral chapel where they were prepared for burial. Late in the afternoon they were taken to Detroit. The Greer family had just recently moved to the farm on Grand River, it is said.

**FORD AGAIN REDUCES PRICES.**

Ford dealers throughout the country received messages Monday night informing them that a reduction of \$50.00 in the price of Ford cars would become effective at midnight. The reduction was not altogether a surprise because the Ford Motor Company has been producing more than 5,000 cars a day for months.

In connection with the announcement of the reduction in prices, Edsel B. Ford, president of the company, issued the following statement.

"The revision in prices is the result of the increased volume of business which our company has enjoyed during the present year, and also to the fact that we now own and operate many of our own sources of raw material, which enables us to continue increasing the quality of our product and at the same time keep the price so low that Ford cars are within the reach of everybody."

"Our production for 1922 is already in excess of a million, which has been an important factor in bringing down costs. Our present daily output is averaging better than 5,000 cars and trucks, which means a complete Ford car or truck every 5 1/2 seconds of each eight-hour working day. It is in anticipation of this continued demand that price adjustments are again being made in order to keep in effect the policy of selling Ford products at the lowest price consistent with quality."

Mr. and Mrs. F. S. Neal attended the wedding reception given by Mr. and Mrs. Edward Hines to their daughter, Helen Margaret and Mr. Charles R. Thomas, at the D. A. C., Detroit, last evening.

## ARMY PLANE FLIES 248 MILES AN HOUR

ALL SPEED RECORDS OF WORLD ARE SHATTERED IN TESTS AT SELFIDGE FIELD

FASTEST MAN-HAS EVER FLOWN

Lieutenant Maughan, Winner of Last Week's Pulitzer Trophy Flight, Sets Hair Raising Pace.

Mt. Clemens—Traveling at a greater speed than any human being ever before attained, Lieutenant R. L. Maughan, a United States army pilot, Monday set a new world's airplane speed record by covering a one kilometer course, at the rate of 248 miles an hour.

The record was made during official army and navy tests of the speed planes that participated in the national air races at Selfridge field last week and was electrically timed by officers from McCook field.

Aeronautical engineers and army and navy officers who witnessed the flight were astounded. The demonstration they declared proved that there was no limit to the speed that might be attained in the air.

Lieutenant Maughan made the record-breaking flight in the same plane with which he won the Pulitzer trophy race on Saturday. The machine is a Curtiss Army biplane, powered with a Curtiss 400 horse power motor.

After setting the new record, Lieutenant Maughan continued his flight to show that the tremendous pace could be maintained. On four laps he was timed at the rate of 232.22 miles an hour and his average for eight laps was 225 miles per hour.

Examination of the machine after the flight disclosed that it was in perfect condition and that nothing in the nature of a "trick" flight figured in the record performance.

Later Lieutenant Maughan added to the astonishment of the pilots and officials on the field by flying approximately one mile with the machine on its side. The feat really meant that he was flying without the aid of wings.

## BRITAIN PAYS U.S. \$50,000,000

First Installment of Interest on War Debt is Received.

Washington—Great Britain Monday paid to the American Government the first installment of interest on account of the \$500,000,000 loan made to that country during the war. A check for \$50,000,000 was delivered to the Federal Reserve Bank of New York by J. P. Morgan & Co. for the account of the British treasury.

This is the first interest payment since May 1919, for any of the principal Allied governments to which nearly \$10,000,000,000 were advanced during and immediately following the World War.

The payment is an advance of the refunding of the demand notes held in the American treasury.

A commission for the British government is expected to arrive here next month to begin the refunding negotiations with the American debt commission.

## LEGION FLAYS U.S. CARE OF VETS

Politics and Blunders Predominate, Says Report to Convention.

New Orleans—The American legion through its national commander, Hanford MacNider, Monday affirmed welfare of disabled veterans was its chief interest.

The government's handling of the disabled, from the time the armistice was signed down to the present, was described as one of "tragic mistakes, politics, blunders and blunders" in the report of the legion's rehabilitation commission and Colonel C. R. Forbes, director of the United States Veterans' bureau, in a counter statement to newspapermen asserted the bureau which he heads, was "the most perfect large organization in the world," and that implied criticism of it was not justified by facts.

## \$925 AT MINES PRICE FIXED

Government Announces Agreement With Anthracite Coal Operators.

Washington—An agreement, which is expected to result in fixing the maximum price of anthracite-mined by "independent" operators at \$9.25 per ton at the mines has been reached between the Pennsylvania authorities and Fuel Distributor Spens, representing the Federal government.

The agreement is regarded by officials as assuring immediate reductions in the hard coal prices now charged by independent operators controlling 20 per cent of the output thus removing a price discrepancy that has been the cause of complaint in all consuming territory.

He will enter his wheat in the International Hay and Grain show at Chicago next December. Red Rock wheat is the variety developed by Prof. F. A. Spragg, M. A. C. plant breeder. It has proved a favorite not only in Michigan but also with growers of several surrounding states.

## DRY SHIP EDICT IS UP TO U.S. COURT

OFFICIAL WASHINGTON CENTERS ATTENTION IN OUTCOME OF INJUNCTION SUITS.

PASSENGER BUSINESS AFFECTED

If Only U. S. Ships Are Made Liquidators, Foreign Vessels Will Have Big Advantage.

Washington—Attention of government officials here Sunday centered in the outcome of injunction proceedings instituted in New York to exclude the Daugherty ruling against foreign vessels from American waters and from foreign vessels in American waters.

Hearings on the separate injunction proceedings have been set for this week. At that time Judge Learned Hand, federal judge for the southern district of New York, will hear arguments from government attorneys as to why the temporary restraining orders granted by him to the International Mercantile Marine, an association of independent American shipowners, and to the White Star Line, British line, should not be made permanent.

Application of the Compagnie Generale Transatlantique, a French line for a similar restraining order, also will be considered.

According to the department of justice here, the injunctions will be fought to the last ditch. If the writs are made permanent they will be taken to the supreme court by the government for a final ruling. It is probable that if the injunctions are denied the shippers also will press for a supreme court ruling.

With shipping board vessels ordered completely dry regardless of whether other American vessels are successful in setting aside the application of the Daugherty ruling government officials fear that a successful outcome of the New York injunction will bring the shipping board leaders to the verge of ruin.

Particular concern is felt for American ships in the Pacific where the government has been endeavoring to build up a strong business.

Though technically injunctions of a national character, the New York injunctions are of local character and the government can not be successful in the application of such restraining orders to other parts of the United States.

## LEG ON FIGHTS WAR PROTECTORS

Put Graders Behind Prison Bars, Cry at Convention

New Orleans—Put the war profiteers behind prison bars! That is the outstanding demand among thousands of World War veterans arriving here for the fourth national convention of the American Legion which opened Oct. 16.

There are several big policies upon which the delegates are determined to force a showdown, but the principal one seems to be a demand for action against the nation's grafters.

Resolutions and action to compel and support progressive prosecution of war profiteers, not only to fall on patriotic individuals to account but also to serve notice as a timely salutary lesson to the nation will be pushed at the convention sessions.

## TRACKMEN GET TWO CENT RAISE

Board Grants Pay Boost That Affects 451,911 Men.

Chicago—Pay of railroad maintenance of way employees has been increased two cents an hour by the United States railroad labor board.

The increase affects 451,911 men. The increase will amount to \$22,125,562.40 in a year.

The decision of the board, which breaks a deadlock extending over a period of several weeks in which the members were unable to agree upon the amount of an increase, will make the minimum rates of pay for maintenance of way workers from 25 to 27 cents an hour.

## IRISH CONSTITUTION NOW READY

Present Daily Eireann to Function as Parliament After Dec. 6.

Dublin—The Dail has completed the constitution bill. Minister of Home Affairs Kevin O'Higgins has announced that, after December 6, the present Dail Eireann will function as parliament of the Irish Free State, providing the members take the oath of allegiance prescribed by the new constitution.

Policemen Now Ride to Work. Los Angeles—The "Modern policeman motors to work, even if that work be walking a beat for the day," according to members of the Los Angeles city council, who have found a problem to solve in the matter of parking the automobiles of the police force. The councilmen do not object to the policemen riding to work, but they have decided they must not park their cars in front of central headquarters or any of the sub-stations of the city.

It's toasted. This one extra process gives a delightful quality that can not be duplicated.

## JUDGING TEAMS OF STATE PLACE HIGH

Students and club judging teams from Michigan were well up toward the top in competition with 20 states at the National Dairy show at St. Paul, Minn., on October 9. Results have just been received in East Lansing.

The team composed of senior agricultural students from M. A. C. placed eight in the field of 20 in judging all breeds. Lynn Heatley of North Branch was eighth among 60 individuals in judging all breeds, while Waino Hall of Ironwood was fourth in judging Jerseys. Other men on the student team were Ralph Kidger and Paul Barrett, both of Jamestown, N. Y.

The Michigan boys' club team placed eleventh in the judging of all breeds. The contest was won by Maryland. Doval Kline of Genesee county was fifth among individuals. Heath Holden of Oakland county was first in judging Holsteins, while Kline was fourth. Theodore Knopf of Lenawee county was fourth in judging Jerseys. The Michigan team as a whole was second in the Jersey competition.

## OAKLAND COUNTY ADOPTS BUDGET SYSTEM

Oakland county board of supervisors has adopted a budget system for the coming year. The board of supervisors met in session on October 10 and after a long session adopted a budget for the coming year. The budget was presented by the county auditor, J. H. Smith, and was adopted by a vote of 22 to 1. The budget is used by state and federal officials and is a very important document.

Another important and progressive move was made Wednesday, when the board of supervisors unanimously approved the report of a special welfare work committee, which recommended the creation of a welfare board, in whose hands will be coordinated the welfare and social service work in the county which is supported by taxation. Under the plan suggested the board will consist of the judge of probate, senior circuit judge, chairman of the board of supervisors and three of its members, chairman of county auditors, poor superintendents and three other citizens of whom one shall be a woman. The plan is expected not only to reduce the expense of such work, but to avoid duplication and to work more efficiently than the various agencies hitherto employed could do. This is the first board of its kind in this state.

## VERNE SPENCER PLAYS WITH COAST OUTFIT

Information of interest to friends in Oakland county of Verne Spencer, former local base ball star, later a member of a big league team, but who sustained an injury this summer that put him out of the running, has been received by Frank L. Doty. Spencer writes that he has "booked up" with the Los Angeles team of the Coast League, at "Bill" Killifer's insistence and has played a number of games in the outfield. His injured knee has not bothered him, he writes, and he is leading the batting order. Spencer has been on the coast about six weeks, he says and likes the country, especially Los Angeles. He calls the Coast League "a league for travel" and speaks of playing in Portland and Seattle recently—Pontiac Daily Press.

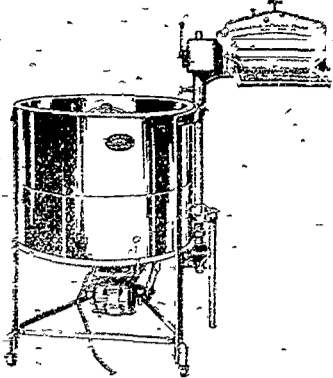

## EX-SHERIFF GREER HAS THREE RIBS BROKEN

Greer, to pull an automobile out of the mud, Monday, Mr. Greer met with an accident. A horse was hitched to the car and when it started, unexpectedly, Mr. Greer was thrown heavily. The accident was at the Greer farm in White Lake township—Jolly Advertiser.

The "True Blue" class, which is composed of the young women of the Methodist Sunday school with Mrs. J. A. Devereaux as teacher, gave a "Mother and Daughter" banquet for their mothers in the church parlors Tuesday evening.  
Seventeen mothers were seated opposite as many daughters at the table. After the dinner, and as the guests still were seated at the tables, a program consisting of vocal and instrumental music, speeches and readings was given. Dorothy Rose, president of the class, gave a welcome to the guests. Edith Bentley gave a toast, "Our Mothers." Mrs. F. A. Blake responded, her topic being "Our Daughters." Mrs. Devereaux's subject was "Our Class." Mrs. A. J. Church sang a solo; Miss Marjorie Stuart sang, accompanied by Miss Lucile Campbell on the mandolin, and all responded to encores. Miss Crawford of Pontiac gave several readings, which were much enjoyed.  
The rooms were beautifully decorated with Autumn foliage and the place cards were maple leaves, with small name cards pasted on them.
