COULD A CHILD BE HAPPY IN YOUR HOME?

The Children's Aid Society, 71 West Warren, Detroit, Michigan, needs boarding homes for children of all ages in both town and country.

Requirements:

1. Good locality (convenient to street car if in country or on a paved road).
2. Good sanitary home conditions.
3. Ability to give intelligent care—to enter into the interests of the children.
4. A spirit of service for the rate of pay is only \$5.00 for children under three years; \$4.00 for older children (clothing and medical care supplied by the Society).

In addition there is a generous reward in the love of a little child and in the joy of service.

The Society is just now particularly in need of real homes where older boys and girls will find true friends.

BANK OFFICIALS ALL RE-ELECTED

Both of Northville's banking institutions held their annual meeting on Tuesday, at which boards of directors and officers were elected for the ensuing year. There were no changes made in the officary of either bank, the stockholders expressing their confidence by re-electing the old directors and the directors in turn re-elected the same officers who had served so faithfully during the past year.

The Northville State Savings bank elected L. A. Babbitt, president, R. C. Yerkes, vice-president, C. W. Wilber, cashier, Carrie F. Litsenberger, assistant cashier, and T. G. Richardson, Charles H. Coldren and Don F. Yerkes, with the officers will compose the board of directors.

The board of directors of the Lapham State Savings bank is composed of Messrs E. S. Harmon, F. S. Neal, F. G. Terrill, R. Christensen, M. N. Johnson, J. C. Bradley and R. H. Lapham, and they elected F. S. Harmon, president; R. Christensen and F. S. Neal, vice-presidents; E. H. Lapham, cashier; Ernest Miller and Floyd Lanning, assistant cashiers.

The past year has been a very prosperous one with these two strong banks and the deposits have increased \$114,507.55 since one year ago. The combined resources of the two banks on December 31st, 1921, were \$1,392,444.43. On December 31st, 1922, they were \$1,704,951.98 according to reports submitted to the commissioner of banking on that date.

This not only speaks well for Northville's banks, but it indicates that the community is prosperous, and that our people are frugal and conservative.

A VERY WORTHY CAUSE.

The address given by Miss Emma Hardcastle, supervisor of the child-caring department of the Children's Aid of Detroit, before the Northville Woman's club last Friday afternoon proved most interesting. She told of the society's work among the children of the city and her recital of instances where children have been taken from lives of poverty and shame and placed in respectable homes aroused the keenest interest among her listeners.

Miss Hardcastle, assisted by 10 specially trained women, holds the trust of the people of Detroit who subscribed to the Community fund as a duty they owed to children left alone in the world, dependent upon their charity, or who were neglected or cruelly treated by their parents or guardians.

It is she who finds the boarding homes where the children will be taken in and given a mother's care in the natural family environment. She advises the boarding mothers in problems which arise, and makes it her business to see that every child is happily placed.

Not content with giving the children a home she sees that every one of them is becomingly and properly dressed, that their boarding mothers may be proud of them.

DOUBLE WEDDING AT YPSILANTI.

On Thursday, December 28th, a unique double wedding occurred at Ypsilanti in which three of the contracting parties were former residents of Northville. The following account of the wedding was taken from the Ypsilanti Record:

Miss Frances Harriet Thompson and Cecil Vernon Millard, and Miss Marion Katherine Smith and Russell Turner Watts were united in marriage Thursday afternoon at 4 o'clock at the Presbyterian church in a unique and beautiful ceremony.

The single ring service was used, with two ceremonies, Miss Marion Smith and Mr. Russell Watts being united first by Rev. Carl H. Elliott of the Presbyterian church, followed by Miss Frances Thompson and Mr. Cecil Millard, who were united by Rev. G. R. Millard, pastor of the Methodist church of Clinton, Mich., the groom's father.

Miss Smith was attired in a dress of gray chiffon velvet and Miss Thompson in blue chiffon velvet. Both wore silver hats and carried Ophelia roses. The church was decorated in green smilax, ferns, white roses and candles.

Immediately following the services a reception was held in the Ladies' Literary club, which was decorated in yellow and white roses.

Plans are in the making to increase the output of the local Ford plant to 90,000 valves a day. This will require more equipment and more men.

CORPS AND LEGION INSTALL OFFICERS

The joint installation ceremony planned by Allen M. Harmon Woman's Relief Corps and Lloyd H. Green-Frost, American Legion, for Wednesday evening, was a very enjoyable affair, and a large company of people gathered to partake of the splendid dinner served at 6 p.m. and to witness the work of the evening. There was, however, a feeling of sadness as the guests realized that owing to the infirmities of old age and the swift passing of the years, but one member, of Allen M. Harmon Post, Grand Army of the Republic, was able to be present. Comrade Woods annee, and because of this fact the post did not elect officers in December, and consequently there were none to install. This post has been in existence for many years and at one time had a large membership, but now there are but a few resident members remaining.

After the dinner visiting was the order until about eight o'clock, when L. D. Stage, Jr., past commander of the American Legion, called the company to order and in a few well chosen words thanked his comrades for their loyalty and co-operation during the two years he had served in capacity of commander and he urged all to give to the new officers the same efficient and cordial support. He introduced L. A. Tabor of Detroit, state adjutant, as the installing officer. Tabor, who is sergeant presented the officers elect for installation. At the close of the brief ceremony of installation Mr. Tabor told in an interesting manner of the work the American Legion in Michigan was trying to accomplish, and of the splendid work they had already done. He explained why Roosevelt hospital was established by the Michigan Legion at Camp Custer and how 130 ex-service men were now being kindly cared for there. He also told about the children's hospital that is being established at After Lake, in Genesee county, for the care of the orphan children of ex-service men.

The Legion officers installed were as follows: Post Commander, Lisle Alexander, vice-com. Harold White, adj. and finance officer, A. V. Barber, sergeant-at-arms, Norton Green, Charlam, Carl Bryan, historian, Louis Ransom.

The officers of the W. R. C. were next installed, Mrs. Flora Peterson officiating as installing officer, with Mrs. Leah Green as conductor of the day. The floor work and drills were nicely given and as each officer was installed she was escorted to her station. The following is a complete list of the elective and appointive officers of the corps for the ensuing year.

SCARLET FEVER CASES INCREASE.

Scarlet fever, masquerading as scarletina and scarlet rash continues to menace the health of Michigan, according to Dr. R. M. Olin, Commissioner of the Michigan Department of Health.

Three weeks ago, Dr. Olin warned the people that scarlet fever was more prevalent in Michigan than it had been in years, and told them that spread of the disease could be halted only through early examination of sore throat and general ill health cases.

Dr. Olin now says: "Our complete death reports from scarlet fever for December are not yet in but our quarantine cases during the month totaled 1,406. One hundred and sixty-four new cases were reported the first three days of January as against 72 new cases reported in the same period last year."

"Many of the patients have apparently had light cases. Almost every day, some physician calls the health department to ask if he must quarantine so-called scarlet rash and scarletina patients. We tell him most emphatically that he should because quarantine regulations require for all cases."

GIRLS THIS IS SHOCKINGLY CREEPY

In advocating longer skirts for women, Davis N. Mosessohn, director of the Associated Dress Industries of America declared in New York Saturday that the short skirt, which was an important element in creating the well known flapper was not a success as far as the causative observer was concerned because of the non-uniformity of the lower limbs of the fairer sex.

The flapper is now gradually being neutralized. The long skirt is fading the knock knee out of the picture. Bow legs are being straightened by its influence; the sister with the bulging calf or the pipe-stem shin can now compete with the more fortunate girl who formerly won the admiration of all with her perfect curves.

GASOLINE EXPLOSION NEARLY WRECKED TWO LARGE FACTORIES.

WORKERS' ESCAPE MIRACULOUSLY

Two Thrown Out of Building By Force of Explosion—Prompt Action—Saves 6,500 Gallon Gas Tank.

Pontiac—Damage which may reach \$50,000, was done Monday at plants of the Wilson Foundry and Machine Company and the Michigan Drop Forge Company, when gasoline exploded, wrecking a storage house, 60 feet square, belonging to the Wilson plant, and in major of the boiler room of the drop forge concern.

Further damage from the explosion of a second large storage tank containing 6,500 gallons of gasoline was feared but the resulting fire was brought under control.

Nine persons were injured, none of whom were seriously hurt. The force of the blast was so great that it blew a hole in the wall of the Wilson plant, and a large piece of the wall fell into the street.

The Wilson plant, which is one of the largest in the city, is situated on the corner of the intersection of the two streets.

INTERESTING FACTS

106,327 Ford Cars and Trucks Retailed in November

Approximately the Same Number Scheduled for Delivery This Month.

WHAT DOES THIS MEAN?

This volume of deliveries to actual owners is entirely unprecedented for this time of the year—

It has taxed the manufacturing ability of the Ford plants working at full capacity—

It indicates a volume of business during the rapidly approaching months of "heavy demand" which will be far beyond the maximum of production schedule which the Ford Motor Company has set—

And that means a Ford shortage even more acute than the one which existed last spring and summer.

Dealers' stocks all over the country are low—there are no reserves to draw upon to meet the demands for delivery—

There is no way in which dealer reserves can be built up, as deliveries have been made to customers as fast as cars could be manufactured since last April.

The only way you can protect your desire to obtain prompt delivery of a Ford even at this time is to place your order immediately.

This emphasizes more strongly than anything we could possibly say the necessity of your making prompt arrangements with D. B. Bunn, your Ford dealer, for the listing of your order, particularly if you are contemplating the purchase of a Ford car or Truck for use this spring or summer.

We believe you are entitled to know these facts as they actually exist.

ENFORCE ROADSIDE TREE LAW.

It is unlawful to cut or injure trees or shrubs within the limits of public highways without a permit from the authorities having jurisdiction over such roads. State Highway Commissioner Frank F. Rogers, states that the law will be strictly enforced on state trunk line and federal roads, over which the State Highway Commissioner has jurisdiction in cooperation with the boards of county road commissioners. Any person, including the owner of the abutting land, who destroys trees or shrubs in the highway without a permit from the highway authorities is guilty of a misdemeanor, under this law, and is liable to a fine or imprisonment or both. If such person has not obtained the consent of the abutting property owner, in addition to a permit from the highway authorities, he is liable to the abutting property owner for damages.

The great majority of abutting property owners along the highways, as well as the general public, are interested in having the roadsides attractive and thousands of trees have been planted and protected by land owners, by public spirited associations, and by the highway authorities for this purpose. There have been some violations of the law however, by land owners cutting trees along their frontage, but Commissioner Rogers states that most of such violations have been due to ignorance of the law on the part of alien tenants or owners who are prone to cut the nearest trees when they need firewood, without any consideration for the beauty of such trees.

From the thousands of communications he has received on the subject, Commissioner Rogers feels that the people of the state in general want the roadside trees protected. The public wants the trees to make the highways attractive and to make travel more comfortable, while to a farmer, the trees are a benefit for their food products, for wind breaks and, above all, for their protection from birds that destroy their insect enemies. There is a widespread demand for the planting of roadside trees and the State Highway Department is planning this work in such a way as to be a benefit to the abutting lands as well as an added attraction to the highways. However, where there are sufficient trees of the proper varieties now growing there is no necessity to plant others and a great deal of money can be saved to the people of the state by proper protection of the existing roadside trees, both large and small.

It is recognized by the Highway Department that in some places it would be a benefit to remove certain roadside trees on account of their being too close together, diseased or of unsuitable varieties and this would be taken into consideration when permits are applied for. However, Commissioner Rogers states that in all cases where it is desired to cut roadside trees, application for a permit must be made to the proper highway authorities. On state trunk lines and federal aided roads, such application should be made to the State Highway Commissioner; on county roads to the Board of County Road Commissioners and on township roads to the township authorities.

BIG FRUIT SHOW TO FEATURE CLAIMS PAST SUMMER WAS UNUSUALLY WARM.

Featuring Michigan fruit and flowers, the fourteenth annual Horticultural show at Michigan Agricultural college Farmers Week, from January 29th to February 2nd this year, promises to be the most picturesque and attractive of the many special agricultural exhibits which are being prepared for the week. Students of the college horticultural division have complete charge of the "Hort." show, and they promise to convert the M. A. C. armory into a veritable paradise of "Fruit and Flowers" this year.

Other exhibits which will attract the attention of thousands of visitors during Farmers Week will include the farm crops educational exhibits which won high honors for Michigan at the recent International Grain and Hay show. Home economics displays for the women, extensive livestock exhibits of blue ribbon animals (including the M. A. C. winners at the International) farm mechanics, dairy, poultry, soils, and other special divisions will round out the largest and most carefully prepared displays ever gathered for Farmers Week. Indications are that this year's crowd for the annual conference will exceed even last year's record, with attendance of more than 5,000. Nearly 30 state agricultural associations are holding annual meetings at East Lansing during Farmers Week, attendance at their meetings alone guaranteeing a large crowd, according to Ashley M. Berridge, chairman of the Farmers Week committee.

You can do better in Northville Trade in Northville.

CLAIMS PAST SUMMER WAS UNUSUALLY WARM.

Instead of paying its debt to the weatherman, Michigan added to the score in 1922, the accumulated excess of temperature during the 12 months, measured in terms of degrees, being 788.

To the uninitiated the term means little, but weather bureau officials explain that this merely is their way of stating that the year 1922 was warmer than the average.

The year 1921 brought Michigan an even higher temperature average, the accumulated excess for the 12 months being more than 1,500.

MAKE BUS COMMON CARRIER.

Senator William M. Connelly of Spring Lake father of the state's \$50,000,000 highway program, is understood to be preparing a bill for presentation to the legislature designed to place passenger carrying busses under state supervision as common carriers.

It is reported that the bill will provide for permits to operate bus lines and for increased license fees.

578,980 MOTOR LICENSES ISSUED DURING 1922.

The total number of automobile licenses (passenger and truck) issued by the state department in 1922, was 578,980, according to figures compiled by the department last Thursday. Of this total 518,558 were for passenger cars and 60,422 for trucks.

In addition, licenses were issued for 5,163 motorcycles and 5,311 for trailers. There were 1,571 dealers licenses issued.

Chicago Daily Tribune

THE WORLD'S GREATEST NEWSPAPER

Announces

A BIG REDUCTION IN SUBSCRIPTION RATES

For the Benefit of Readers Receiving The Tribune By Mail

THE CHICAGO TRIBUNE, realizing that its phenomenal success is due in a large measure to the fact that for seventy-five years it has numbered among its readers a large proportion of the residents of farms and small cities who receive The Tribune by mail, announces for their benefit a big reduction in subscription rates effective January 15th, 1923.

The reduction ranges from 1/3 to 1/2 below former rates

In 1917, as a war measure, Congress passed a bill providing for four annual raises in Postal Rates for newspaper subscriptions. As The Tribune had, for many years before, sold its paper to out-of-town readers at less than cost, it felt compelled to add a portion of these postage increases to its subscription rates.

For the past three years The Chicago Tribune has been leading the fight to obtain a reduction in second-class postage rates so that it could reduce to pre-war prices its subscription rates to residents of farms and small cities.

Although every one of the other ten taxes established by the war revenue act of 1917 has been reduced, Congress has not seen fit as yet to reduce the tax on second-class postage.

At the present Postal Rates it costs The Tribune from \$3.20 to \$6.79 a year for postage alone to send the paper to each subscriber in the States of Illinois, Indiana, Iowa, Michigan and Wisconsin. In many instances this is more than The Tribune's entire subscription price—without considering the cost of the product.

Many of our farmer friends have stated that it required from 10 to 12 bushels of corn to pay for a year's subscription to The Chicago Daily Tribune. The Tribune is anxious to remedy that fact.

TO TAKE ADVANTAGE OF THIS OFFER TEAR OUT COUPON and MAIL AT ONCE!

If you prefer to do so, you may turn subscription coupon below over to your postmaster, publisher, or newsdealer who will forward it to us.

Therefore, without waiting further for Congress to act, The Tribune announces a reduction in subscription rates ranging from 1/3 to 1/2. This cut in rates will cost The Tribune approximately \$200,000.00 each year, but The Tribune will pay the bill in the interest of its many country readers.

New subscriptions to The Chicago Daily Tribune starting on and after January 15th, 1923, will be accepted at the following rates:

NORTHVILLE, MICH., JAN. 12, 1923.

TWENTY-FIVE YEARS AGO

Items taken from The Record file of 1897 for the week corresponding to this week.

Frank Fry, Sr., is in the sick list. Ned Waterman is here from Sand Beach to visit his brothers.

Miss Nina Clark was the guest of Detroit relatives over Sunday.

George Waterman is at present clerking for Holmes, Dancer & Co.

Mrs. Charles Turner of Jackson, is the guest of W. H. Hutton and family.

Herbert Robertson and wife of Plymouth, visited at C. O. Dickerson's, Wednesday.

This week Charles Sessions purchased the Pat Harrington place on High street.

Mrs. E. M. Thompson of Bay City, has been visiting her sister-in-law, Mrs. John Wilson.

James Covert and family of Bay City were guests of his sister, Mrs. W. Pinkerton, this week.

Isaac Slaght will have an auction sale at his home, adjacent to the U. S. Fishery, on January 29th.

The new iron bridge between Northville and Plymouth, known as the Miller bridge, has been completed.

Frank Perrin slipped on the ice in front of his livery stable yesterday morning and fractured his collar bone.

A. W. Ely has accepted the agency for the Ann Arbor Organ Co., to sell their organs and pianos in this vicinity.

Mrs. John K. Stark, who lives on the Base Line road, died Wednesday, aged 83 years. She leaves five grown children.

Milan Covell caught his hand in a cog wheel in the Ely factory Wednesday cutting off the end of one finger on his right hand.

John G. Smith of San Francisco sends us a copy of one of that city's Sunday papers. We had to hire a dray to get it over from the postoffice.

About the first of March C. A. Downer and Richard Benton of this place and Norm Abbey and Charles Biery of Novi expect to start for the Klondike.

Frank Boyce, oldest son of Stillman Boyce, died of consumption at Chicago, January 14th. Stillman Boyce was a former Northville boy and is a brother of Miss Eva Boyce.

Heretofore the advent of a new lady employee in the Record Printery and the distant smell of orange blossoms have been almost simultaneous.

The exception to the rule (this is the editor's opinion only) occurs this week when Miss Ella Clark (this is Clark No. 3 now in the Printery) took a "sit" at the case.

William Johnson, of Livonia township died at the home of his daughter Mrs. Pitt Everett Monday night. He leaves three children by his first wife Ann Hoar who died 45 years ago.

His second wife was Mary Davidson 1898. Anne has no children. Mr. Johnson was well known in Northville 18 years. Livonia and is one of those old good boys who never come in contact with a woman who is not a friend.

His funeral was held at Mrs. Davidson's home at 2 p. m. on Tuesday afternoon.

DEATH OF MRS. DIETRICH.

Mrs. Frederike Dietrich, wife of Frederick Dietrich died at her home here January 2nd-1923, aged 75 years, three months and eleven days. She was born in Pommern Germany on September 21st, 1847, and married in 1873. She came to America in 1880, the family settling in Livonia, which place was her home until death. Beside her husband she leaves six children, Mina, Mrs. Joe Miller;

Bertha Dietrich, Elizabeth, Mrs. Geo. Colling; Emma, Mrs. Herman Maas; Electa, Mrs. Arthur Zimmerman; Martha, Mrs. Earl Peck. There are 14 grandchildren and three great grandchildren.

The funeral was held from the home last Friday afternoon, with burial at Clarenceville cemetery.—Farmington enterprise.

BAPTIST CHURCH NOTES.

Services next Sunday, both morning and evening. Mr. Hoskins of Lansing, will speak.

The annual communion service will be observed Sunday at the morning service. Sunday school following, at which time the annual election of officers for the Sunday school will be held.

PRESBYTERIAN CHURCH NOTES.

The regular winter communion service will be held next Sunday morning at 10 o'clock, and the insistence of our Lord's command, "This do in remembrance of Me," is laid upon the hearts of all members of the church. At this first communion of the new year let us renew our vows and our allegiance to Him who gave His life for us.

Sunday school at 12:00. Christian Endeavor at 7:30. At 7:30 o'clock we join in acupion service in the Methodist church. Prayer meeting on Thursday evening.

METHODIST CHURCH NOTES.

The morning topic will be left until the service at 10:30. Special music will be given by the choir. This part of our worship is always an inspiration. The masterful handling of the organ by Mrs. John Tinsam is worthy anyone's time, and well spent when listening to prelude, offertory and finale. Come and worship.

Sunday school at 12:00. You did well last Sunday, why not keep it up. Your little ones may drop out. Better to see it in Sunday school than not there. Then when the flowers are banked around it there are no regrets.

Epworth League at 6:30. Our president, Roy Clark is untiring in his efforts for this department. Every body come and give him your support.

Great "laymen's meeting" in the evening at 7:30. All the laity of the community are invited to hear these business men from Detroit, Mr. C. E. Knight and Mr. Gray, sales agent of the Liberty Tractor Corporation.

Prayer meetings Thursday evenings.

HELD ANNUAL MEETING.

The Ladies Aid society of the Baptist church held its annual meeting on Monday afternoon at the church, when the following officers were chosen for the ensuing year: President, Mrs. Flora Larkins, vice-president, Mrs. Jennie Vradenburg, secretary, Mrs. Cora Bissell, treasurer, Mrs. Leola Tousey.

In the evening the ladies served supper for the members of the church and society and the annual meeting of the church was held after the feast.

The financial reports submitted were very satisfactory and extensive repairs and improvements to the church building will begin soon, in fact some of them are now being made. The trustees of the church who compose the building committee, added the names of Mesdames Flora Larkins and Leola Tousey to the committee. C. B. Tinsam was elected trustee.

NORTHVILLE WON A LOT.

Last Friday evening the basketball team of our school met those of Valley Lake. The girls emerged victorious 62 to 4 but the boys lost 11-14.

Ensuing the coach, has been receiving very severe criticism from the outside for the loss of this game, because he played "subs" and the second team all during the first half. The fact of the matter is however, that the team representing Plymouth, whom we met tonight, was present as a body and Mr. Ensing not desiring to give any information unnecessarily took a chance and after a game up and down, let's all turn out and help both teams win at Plymouth tonight.

About the biggest fool proposition that has ever been suggested to the people of Michigan is the payment of a vast sum of money for Isle Royale which contains about 200 square miles of land in Lake Superior. The Isle is not accessible nor never can be, and to spend any considerable sum for the property would be nonsense.

NEW HUDSON RESIDENT DIES.

Henry Spellay was born January 17, 1840 at New Hudson, Mich., and died December 31, 1922. His entire life was spent in that community. On November 5, 1868, he was united in marriage to Lydia Haines. He is survived by the widow and an aged sister, Mrs. Louisa Heath. He was always a kind and thoughtful husband and was very patient and uncomplaining during his long illness. The funeral services were held from the home Tuesday, Rev. F. C. Watters of the Methodist church officiating. South Lyon Herald.

Mrs. Spellay is a cousin of O. N. Barnhart of this place.

TREES AND SHRUBS.

Are you thinking of planting shrubbery, trees, hedges or flowers this summer? I have a complete list of all kinds of trees and shrubs all guaranteed for one year, as well as several specials, such as hedges and vines that blossom fall summer and green all year, odd and foreign plants that are unusual, beautiful and that do well in this climate. Odd trees (such as weeping willows that can be grown in the yard and that touch the ground in one season), started and grafted fruit trees that give an essentially good flavor to the fruit. Novi News.

The Ladies Aid society of the M. E. church will meet at the church next Wednesday, the 17th. As it is election of officers all members are urged to be present. A pot-luck dinner will be served at noon.

A goodly number of young people met at the Baptist church last Sunday night where for a few minutes before the B. Y. P. U. service they enjoyed a social time eating peanuts together. They all remained to the services of the evening, thus making a definite contribution to the attendance. Five

of our people attended the Regional Conference held at Pontiac the 8th and 9th. The "Week of Prayer" is being observed three nights this week, Wednesday, Thursday and Friday. The pastor's sermon for next Sunday will be on the theme: "Following Christ—How Far?"

Washington.—Two more citizens of Michigan, Brigadier General Edward G. Heckel, of Detroit, and Lieutenant Colonel Samuel D. Pepper, deputy attorney general of Lansing, have been awarded the distinguished service medal for services during the war, it was announced Tuesday.

A Dinner Guest Who Gave Some Timely Advice About Crowding

A prominent man in Caesarea invited the Young Rabbi of Nazareth to dine at his house. While waiting for the guests to arrive a notable deed of healing was accomplished.

At the call for entering the banquet room the chief guest was placed next to the host. All others scrambled for the best places available.

In the Orient the "You first my dear Gaston" is elaborately done while each is striving to edge into the important seat.

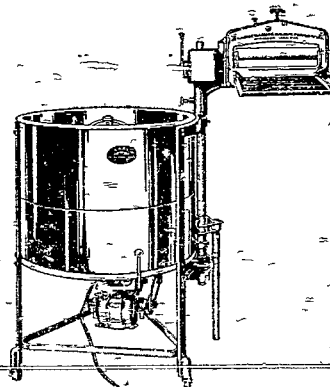

The whole scene was amusing alike to the guest and host—and it gave occasion for some pointed remarks about folks who rush pell mell to secure the best places.

What a human picture it all is! How shallow we all are at times! How far we stray from the ideal "Others."

Be humble and be loving was the substance of the young guest's table talk that day.

the **EASY** Vacuum Electric **WASHER** Now \$125

There Has Been **NO ADVANCE IN THE PRICE** of EASY WASHERS.

We are pleased to announce that the first of the year has brought no advance in the price of EASY Washers, although there has recently been quite a general increase in the prices of other well-known makes of electric washers.

How long the EASY will remain at its present low price is, of course, a question, as this is a matter solely under the control of the manufacturer.

A small payment down is all that is necessary to insure your securing the EASY at its present price.

DRINK ELLIOTT'S COFFEES

ELLIOTT'S COFFEES ARE ALWAYS FRESH

When we installed our equipment for roasting and blending our own brands of coffee we were convinced that the people of this section would appreciate our efforts in providing them with Fresh Roasted Coffee, rather than serving them a number of different brands put up in pound packages for no one knows how long. Our success since that time has proven that we were right and the amount of coffee we have sold during the past years has run into the tons.

We buy our coffees in the green berry and blend them and roast them in a manner that has given universal satisfaction. Then we grind them while you wait and thus you are assured that your coffee will lose none of its flavor or its strength. Coffees ground and put in packages cannot keep fresh because of necessity they are ground a long time before they reach the grocers' shelves.

Our Special Blend Fresh Roasted Coffees at 28c and 35c are the best and the greatest Coffee values ever offered in this community, and we are prepared to prove this fact to any one who doubts our claims.

Take home a pound today and give it a trial.

CHOICE BAKED GOODS.

You will find on our counters and in our show cases every morning a new and fresh stock of Baked Goods. We do not carry over a lot of stuff and try to pass it out to our customers. There is scarcely a night but that our cases are empty, ready to be filled the next morning with the products of our ovens. We are pleased to give special attention to any special orders you may desire for any occasion.

Fast toll telephone service between Detroit and Northville is announced by the Michigan State Telephone Co., by means of which persons residing in this community may place calls for Detroit numbers in the same manner as for local calls. It will not be necessary to ask for the long distance operator. It is stated, in placing a call for Detroit.

Mr. and Mrs. E. S. Beard and Mrs. E. E. Brown and daughter, Avis, attended the piano recital given at Hill Auditorium, Ann Arbor, Monday night by Ignace Jan Paderewski. The great artist gave selections by Bach, Beethoven, Schumann, Chopin, Liszt, and his own "Nocturne" as only he can render them. Mr. and Mrs. Beard visited their daughter, Elizabeth, while in the city.

Mr. and Mrs. M. R. Seelye attended a reception at Farmington on Monday, given in honor of Mr. and Mrs. Elliott Sprague, the occasion being their fiftieth wedding anniversary. After light refreshments were served a short musical program was rendered and appropriate remarks were made by Rev. Anthony Beresford. There were many guests present from Farmington and surrounding towns to extend their congratulations to Mr. and Mrs. Sprague and to wish them many more years of health and happiness.

About sixty members of the Woman's Auxiliary of the Presbyterian church of Plymouth were guests of the Woman's Union of the Presbyterian church of this village Wednesday afternoon. The visitors were cordially welcomed by Mrs. Trufant and Mrs. F. D. Schrader, who had charge of the afternoon program, responded with a few appropriate remarks. Refreshments were served at the close of the afternoon's program.

The Chicago Tribune, one of the world's greatest newspapers, has an important announcement in today's Record. Big business enterprises throughout the country are becoming more and more convinced that the country newspapers of America are the best and most profitable advertising mediums. The weekly newspaper is read from first to last page, news items as well as the advertisements and the classified column, and it is a mark of distinction to be selected by a newspaper of national circulation as a medium through which to present an important message to the public.

LADY BOWLERS ARE WINNERS.

The Woodward lady bowlers of Detroit defeated the five business men of this place last Wednesday night decisively. The ladies won all three games and also total pins for the three games. Some rolled around the 400 mark and one bowler defeated her man opponent 100 pins in a single game. The alleys were packed with men and women spectators who enjoyed the defeat of the men with enthusiasm.

GRADE SEPARATION AT PLYMOUTH CROSSING.

A special committee has been appointed by the Plymouth Chamber of Commerce to see what can be done with reference to establishing a grade separation at Phoenix crossing on the Plymouth road, where the Pere Marquette and the electric line crosses the highway. This is a very dangerous crossing and should be properly safeguarded before some fatal accident occurs.

Next season the highway leading from Plymouth to Northville will, doubtless, be cemented and now is a good time to begin this agitation. Before the cement road is constructed the expense of this improvement would not be large. The committee appointed is composed of Messrs. F. D. Schrader, W. T. Pettigill and S. Dayton and they will confer with other towns and organizations to push the project through.

PERSONAL.

Don Ball of Detroit was a Northville visitor last Saturday.

GRACE GEORGE AT THE GARRICK.

Grace George in her own translation of Paul Gerdely's celebrated play "Aimer" "To Love" as it is known in English and in which the noted actress reached a point in her career she never even approached before and offers her associates, those sterling actors, Norman Trevor and Robert Warwick the best opportunities that have ever come to them, beginning a week's engagement at the Garrick theatre Sunday night.

"To Love" is positively brilliant in its lines, a skillfully arranged novelty in dramatic construction, poignantly moving and sincerely played. This absorbing play of love's ties has been pronounced by critics an achievement of very considerable merit. It reaches its highest pinnacle or dramatic interest attained so far this season. "To Love" is far off the beaten track of stage productions, especially those of French drama. Therein lies one of its novelties. It is a triangle play with but three characters, and it represents genius, subtlety, delicacy and simplicity to a degree seldom found.

FORD INTERESTS TO BUILD AT ST. PAUL.

It is reported that the Ford Motor Company has acquired land lying between St. Paul and Minneapolis and that a great plant will be established there, which will give employment to 14,000 men. The establishment of this new plant is just another step in the Ford plan of expansion. It was stated Tuesday by persons close to the officials of the company.

Believing that his program to date has resulted in the near exhaustion of the industrial "strategic centers" of the east, Mr. Ford, it was learned, has decided to give the western states representation in his manufacturing enterprises. The St. Paul unit is but one of several that Mr. Ford hopes to bring into being in middle western and western states within the next few years.

Announcement may be expected in the near future, it became known of a Ford plant in St. Louis, similar to the one he will establish in St. Paul.

MOTHER-WISH.

If I could only follow,
Little son, little son,
You way by hill and hollow
Till you long road's done,
You have so many miles to go,
So many things to meet
Where I can never guide
Your careless feet.
Will they know you true and kind,
The stranger-eyes you find
When you journey from your mother
Where the world's roads wind?
But I can only strive to build you
Strong and wise
Before your path leads far from me
And childhood dies.
If I could only find you,
Baby-girl baby-girl,
When colored world-lights blind you
And world dances whirl!
But you will only laugh to stand
And greet the careless hour
When love shall take you willing
And
And show the world in flower
Will the man you love that day
Keep you safe and glad and gay
When you journey from your mother
Down the old, new way?
But I can only strive to build you fair
And true
Before you pass too far to heed my
Love for you
—Margaret Widdemer

Good Reader a Necessity.

"This good reader that makes the good book; a good head cannot read amiss"—Emerson

Wifely—Ornaments.

An old paper which dates back to 1493 states: "Thy ornaments belong principally to a wife, a ruse on her finger; a brooch on her breast and a card on her head. The ruse betokened the true love, as I live and so; the brooch betokened the chastity of her and chastity that she owed to love; the card betokened the gladness and the gladness of the sacrament of wedlock."

ALBERT B. FALL

Washington—Secretary of the Interior Albert B. Fall has submitted his resignation, effective March 4 next, and it has been accepted by President Harding. It was officially announced at the White House last week.

Secretary Fall's resignation is the second that has occurred in President Harding's cabinet since the formation of the other being that of Postmaster General Will H. Hays, a year ago.

KU KLUX KLAN TRIAL STARTED

Hearings on Famous Louisiana Murder Case Begun.

Bastrop, La.—The Ku Klux Klan has gone on trial before the world. Hearings were opened here last Friday to obtain evidence for bringing about the indictment of those guilty of torturing Thomas F. Richards and F. Watt Daniels and then killing them and casting their bodies into Lake LaFourche.

The opening hearing is an unusual procedure. It amounts to a hearing before the world, for the purpose of securing evidence to bring about indictments, a matter that will be most difficult because of the wide-spread ramifications of the Ku Klux Klan in the parish. Once having obtained indictments, it is believed the state will be able to secure convictions, as it is known to have in its possession a list of the Klansmen in the district. Troops were held in readiness, as the hearing opened to suppress any outbreak of violence.

GROESBECK URGES ECONOMY

Governor in Message to Legislature Also Asks New Tax Plan.

Lansing—That the State of Michigan is now out of debt and has a surplus, as of Dec. 1, 1922, of more than \$10,000,000, but that further sources of revenue must be found if the State is to continue to meet its obligations, was explained at great length by Gov. Alex J. Groesbeck in the message he read to the two branches of the State Legislature last week. Among the new sources of revenue suggested are heavier taxation of automobiles, taxation of all government bonds and other intangibles.

The principal pressing item to be provided is about \$5,000,000 to meet the "moral obligation" of the state to pay state rewards to counties for building roads.

Requests for great buildings for the University of Michigan and the Michigan Agricultural College should be deferred to give the state a breathing spell, said the Governor.

NO COAL STRIKES THIS YEAR

Coal Commission Head Says Operators and Miners Will Agree.

Washington—The American people will not be afflicted with another coal strike this year with all its attending high prices and menace to the public welfare, according to a declaration of John Hays Hammond, chairman of the United States coal commission.

"We have been definitely assured by both the soft coal operators and the representatives of the United Mine Workers of America that they will either set up a new wage scale or the existing wage scale, expiring on April 1, will be continued for another year," Hammond said. "This means that not only will present coal needs be supplied, but adequate reserve stocks can be accumulated."

CCUE, NOTED FRENCHMAN, HERE

Exponent of Auto Suggestion to Make Two Weeks Tour of U. S.

New York—Emile Coue, exponent of auto-suggestion, whose sole prescription for his patients—the phrase "Day by day, in every way, I am getting better and better"—has swept every land, either seriously or in jest arrived here last week.

The noted Frenchman plans a two-weeks tour, during which he will give lectures in New York and other cities. He also will conduct several clinics.

The home of Mrs. Margaret Harmon of this village was the scene of a pretty home wedding on Thursday evening when Miss Mary Rachel Harmon became the wife of Leland Turner Forman of Bloomfield township. The ceremony was performed by Rev. Armstrong of Southfield and was witnessed only by the members of the immediate families of the bride and groom. The bride is the eldest daughter of Mrs. Harmon and the groom is a prosperous farmer, being in charge of his mother's farm in Bloomfield, where they will reside. Many friends will extend hearty congratulations and best wishes.

Walled Lake Warbles.

"Wow, wow, buff, bang, take We are the folks from little Walled Lake."

Sometime, a long while ago, some basket ball fan said that it was not always a good plan to count your scores until you had 'em on the board, or was it that it was never safe to count your chickens before they were hatched? Well, in this particular case it makes no difference, because just now the people of this section are more interested in basket ball than they are in hatching eggs or any other kind of poultry culture.

If you live within a dozen or so miles of this peaceful village you were aware last Saturday morning that Walled Lake's three months' old basket ball team trampled all over the experienced players at Northville and came home with their first basket ball scalp dangling to their belt. If you were not informed of that fact by Saturday morning you were a dead one, that is all and you will do well to consult some specialist who understands sleeping sickness, because you have been exposed and need help badly.

Oh yes Walled Lake's team, the members of which had never seen a basket ball court or witnessed a game until our new gym was completed, had the good fortune and the very great satisfaction of dancing to victory on the Northville floor last Friday night. We not only defeated the regular team, but we also defeated the subs—and if there had been any more basket shooters over there we would have taken them on also. It was funny, really. Northville came over here a few weeks before Christmas and trimmed our boys splendidly in their first game with a real team—up to that time they had simply practiced among themselves. Friday night had been selected for the date for the return game and about 250 students and fans accompanied the team and there was scarcely a person in the Walled Lake delegation who believed there was a ghost of a chance for a victory. This feeling was also sensed by our opponents at Northville and the coach and members of the team really thought the Walled Lakers would be easy picking. So easy, in fact, that it was decided to put some of the "subs" in at the close of the first quarter, and to replace them with the regular team should the situation become dangerous. Walled Lake soon won a lead over the subs, though the latter put up a good snappy game, and after a quarter had been played our boys had gained a substantial lead—a lead that made the Northville coach change his plans and with the opening of the second half the regulars had been called to the "battle line." The rally came too late however, and our boys continued to shoot baskets and gain a few points on fouls. When the final whistle blew we had won—14 to 11 in one of the best and snappiest and cleanest games ever seen on the Northville floor.

The Walled Lake rooters were loyal to the last and they certainly enjoyed the fun and the fine sportsmanship displayed by all. The noise Walled Lake people heard about ten o'clock was not a shooting meteor as many of our citizens supposed. The noise was caused when I. A. Caines lost his voice, and if anybody should find a perfectly good voice, man's size, running about they will do a very great favor by notifying our popular rooter. The girls' game was a run away for Northville, the final score being 62 to 4. Walled Lake girls had never played a matched game before and they were timid both in offensive and defensive. Another year with good coaching we will have a team that will be able to give a different account of itself.

Members of the teams and their teachers were treated to hot coffee and sandwiches by the Northville young people and they surely were shown a good time, with a hearty "come again" as they took their departure.

It was a great night for Walled Lake and the victory was just what our boys needed to give them confidence and to settle them down to real playing. The occasion provided a real holiday for many of our people, both old and young, and the victory and the shouting did us all a heap of good. We will not soon forget the fun and the good fellowship.

Northville School Notes.

Miss Dorothy Whipple and Miss Dorothy Taylor are back in school after an absence due to illness.

Vacation days are over and the pupils have settled down to another term's work. All seem to be glad to be back in school and are looking forward to the many good times of the basketball season.

The football boys would appreciate receiving subscriptions to the Dearborn Independent. The boys receive a commission on the paper and will use the money in buying sweaters for the team.

The high school orchestra had a very fine rehearsal at the High School building Monday evening. The orchestra furnished music for the Woman's Union at the Presbyterian church Wednesday afternoon.

In appreciation of what the Northville schools have done for the Tuberculosis Sanatorium, W. Halfrich recently received a very fine letter of thanks to the teachers and pupils of this school. The letter is as follows:

"I want to express to you my appreciation for the gifts which the children of the Northville schools sent to the Sanatorium as presents for our children, and also for the Christmas spirit injected into the institution by the presentation of your two players. It is very gratifying to know that the children of this community are interested in the welfare of our patients. Our recreation requirements in the winter season are naturally somewhat greater than during the summer and your help at this time was particularly welcome."

With best wishes for the New Year, I am, very truly yours, W. E. Walker, Superintendent. Additional entertainments will be given by the pupils of this school under the direction of their teachers throughout the remainder of the year.

A Junior play will be given some time in the near future under the direction of Mrs. Perkins. Miss Frances Verkes will assist her. Details of the play will be announced in a later issue of the school notes.

Basketball suits are being made for the girls' team. On account of difficulty in obtaining material it will be somewhat uncertain as to when the suits will be ready.

Locker benches are being installed this week in the boys' and girls' locker room. This will be a great convenience for the boys and girls and will also be a great help.

Lockers are being installed this week in the boys' and girls' locker room. This will be a great convenience for the boys and girls and will also be a great help.

WELL, I'LL BE BLOWN, SAID THE POWDER TO THE ROCK. You occasionally discover people and some things that do not take kindly to modern improvements or modern business methods. They do not like to be disturbed, or to have any one make any suggestions regarding a new order of things.

When Mr. Beckman took over the store of S. W. Knapp, he naturally found a lot of books, papers, letters, etc., which had accumulated during the many years the latter had been in business in Northville and in cleaning up the store one day he found an old-fashioned powder horn, fashioned from a cow's horn, as they used to do in those good old days when people speak about occasionally.

Mr. Beckman, sensing the "kick" that might be concealed in the old powder flask laid it one side very carefully and proceeded each morning to start his fire with the old papers and books he had gathered.

Tuesday morning in his hurry to start the fire in the store he did not discover that the "rumbled horn" powder flask had fallen down among the litter and it was gathered up and placed in the stove. The fire was started and Mr. Beckman went about his tasks of filling orders and putting stock in shape for the day's business.

Without warning the old powder flask became indignant because it had been removed from its accustomed place in the store and decided to start something. The old horn conferred with its neighbor and companion and it was decided that they should give a demonstration of their dissatisfaction at the modern business methods that had been adopted in the store.

Having decided upon a course of action, the powder gave vent to its feelings and bursting into rage, not only badly injured Mr. Horn, but wrecked the stove as well and scattered ashes and debris about the store. Fortunately no one was near the stove, and no one was hurt by the "blow out."

WALLED LAKE WARBLERS. Wall Lake now boasts of a new combination fire truck, recently purchased by the people of this section. The pump has a capacity of 350 gallons a minute and there are two chemical tanks which contain 35 gallons each, with 200 feet of three-quarter inch hose.

Ann Arbor—More than three hundred University of Michigan alumni greeted Coach Fielding H. Yost at the football banquet given recently in his honor by the Automobile club of America in New York City.

Snake Steaks Called Luxuries. In southern Guinea the greatest luxury that can be placed before a guest is a plate of snake steaks.

C. W. WILBER GAVE INTERESTING TALK ON BANK CREDITS.

At the noon-day meeting of the Northville Exchange club on Wednesday, C. W. Wilber, cashier of the Northville State Savings Bank, gave a very interesting talk upon the subject of "Why Your Credit Is Good at the Bank." The same rule applies in securing credit at a bank that applies in any store or other business—the ability and willingness of the party of the second part to pay Honor, promptness in keeping your word and in meeting your obligation, are the prime requisites in determining your standing—your credit—at a bank, just as these factors determine your standing with your grocer. He advised business men not to double up their credit—not to ask for credit in one bank or at one store until your obligation had been met at the other, because such dealings cause those who have accommodated you to lose confidence in your ability to pay. So far as possible keep your credits in one place—do not divide your interests. If an obligation falls due on a certain date do not let it lapse but give it your attention upon the day you have promised to. If your obligation cannot be paid, it can be renewed if you do your part in a fair and honorable manner.

The observance of father and son week was discussed and a plan to assist in making the Boy Scout organization in Northville one that will appeal to every boy in this section was also considered.

SONG DURING SHORTAGE

At seven o'clock in the morning
The man delivers the Coal.
There's a bang and a crash and a rattle and a smash
As it slides down into the hole.
I spring out of bed in a twinkling
And sing with a merry din,
Hi lee! hi lo! for the joy I know
When the Coal slides into the bin.

At seven o'clock in the morning
The man delivers the Coal.
There's a whoosh and a bang and a rush and a whang
As it slides down into the hole.
The darn noise gives me a headache
And it's broken my sleep to boot,
Oh, I'm mad to my soul when I hear the Coal
As it roars in my neighbor's chute.
