BUY YOUR BANQUET TICKETS NOW—TO-DAY MONDAY LAST DAY

Plans for the community father and
son banquet to be given at the High
school gym on Thursday evening of
next week—the 8th—have all been
made and everything points to a most
enjoyable affair. All that is needed
now to insure its success is for the
fathers and the men of the com-
munity to co-operate with the com-
mittee and purchase tickets. All
the men of this community are in-
vited to enjoy this gathering. Fathers
will take one or more of their
sons, and men who have no sons will
get a whole lot of pleasure by "bor-
rowing" a boy for the occasion. It
is the desire of the committee that not
one boy in this whole community shall
be overlooked.

The committee can provide places
for 300 at the banquet tables, but no
tickets will be sold after next Mon-
day night. This action is made
necessary owing to the fact that the
committee must guarantee a certain
number of tickets for the ladies who

are to serve the meal. It would
be unfair to ask them to prepare for
250 or 300 and then not have that
number present. Tickets may be
procured at the drug stores, at J. A.
Huff's hardware and at D. B. Bunn's
garage or from members of the com-
mittee. If you have not already se-
cured your tickets you are urged to do
so today or Saturday if you can, so
the committee can check the sales
and if you have not already invited
some boy to accompany you please do
so by Saturday night. Monday morn-
ing the committee will "count noses"
to ascertain just how many boys have
been taken care of.

This is strictly a community affair.
No one will make a penny from the
enterprise. The ladies who are to
serve the banquet will have to do
some careful figuring and a lot of
soliciting to make a profit at 50 cents
a plate for the splendid menu they
will serve, and the local committee
will be compelled to "dig down" to
meet other expenses.

The program to be rendered is one
that all will enjoy and the pleasure
of meeting your neighbors and your
neighbors' boys will provide an even-
ing of real enjoyment.

The banquet will be served promptly
at seven o'clock. Please be on hand
promptly so the dinner will not have
to be delayed.

Remember the time and place—
Thursday evening, February 8th, and
the meeting place will be in the High
school auditorium. When all have
gathered the guests will march to the
banquet room.

SHRINERS TO GIVE ANOTHER CIR- CUS.

The Shrine circus will be held in
Detroit again this year and the open-
ing will be February 5th. The follow-
ing two weeks will be crowded full
of fun and entertainment.

A new and more elaborate floor
plan for the Detroit Armory has been
prepared which will make the indoor
circus entirely different than it has
been on former occasions. The circus
ring will be larger, there will be
greater seating capacity for specta-
tors, and the arrangement of the
looties on the midway has been greatly
improved.

Potentage Frank Lodge has ap-
pointed his circus committee of faith-
ful workers headed by T. B. Sumson
as executive chairman. The com-
mittee is holding regular meetings
and circus activity among the Shriners
is already at top pitch. Nothing is to
be left undone to make the 1923
Shrine circus the greatest event of its
kind ever staged in the city.

Tickets for the circus are now on
sale. Each ticket bears a coupon
which may entitle the holder to ride
home from the Armory in the new
Cadillac Coupelette, the big prize of
the big circus. Two other automo-
biles of standard make will be given
away during the two weeks' run of the
show. In addition, there will be hun-
dreds of valuable prizes distributed to
lucky patrons every night.

BILL AFFECTS WAYNE, KENT CHARITY BODIES.

Wayne and Kent counties may have
the right to appoint assistant county
agents of charities and corrections at
a salary of \$1,800 a year under the
provisions of a proposed act filed in
the senate, Tuesday. Under the pre-
sent law these two counties may have
a county agent at a salary of \$2,000 a
year, a per diem basis existing in the
other counties of the state.

WCX FEATURED GUY C. FILKINS' ORGAN RECITAL.

An organ recital by Guy C. Filkins,
given in the Central Methodist Episco-
pal church Thursday evening, was
broadcast by WCX, the Detroit Free
Press Radio Broadcasting station.

The recital was free for the public
and one of the series to be given by
Mr. Filkins, organist of the church,
during the ensuing few months. It
attracted a large audience and
throughout the broadcasting by WCX
was enjoyed by thousands of persons
listening in various parts of the
United States and Canada.

Harry A. Leiter, baritone, of the
Hudson quartet, was the assisting
soloist and his fine voice was heard
with pleasure.

Mr. Filkins' interesting program em-
braced the compositions of many
masters and were either written
especially for the organ or arranged
by organ virtuosos for the instrument.
The program included the "Andante
movement from Tchaikovsky's Path-
etique Symphony arranged by Schack-
ley; the same "Russian" composer's
"Melodie" arranged by Kraft; Mass-
enet's "Angelus" arranged by Kraft;
the grand march from Verdi's opera,
"Aida" arranged by Shelly; Shelly's
majestic tone poem "Finlandia;" the

delightful tinkling "Musical Snuff
Box" of Liszt's arranged by Hem-
roth; Caprice de Concert by Archer
and "Dawn" by Jenkins.

Mr. Filkins' affection for, and
familiarity with, the big Central
church organ, at the bench of which
he spends so many hours every day,
made his playing of the program
especially effective. He is able to
produce many unusual effects with
his knowledge of the instrument
added to his equipment as a musician.

STATE HIGHWAY CONFERENCE.

The Record is in receipt of a copy
of the program for the ninth annual
conference of highway engineering
which will be held at Ann Arbor on
Monday, Tuesday and Wednesday,
February 12th, 13th and 14th, under
the direction of the College of Engin-
eering in co-operation with the Mich-
igan State Highway Department and
the Michigan Association of Road

Commissioners and Engineers.

The purpose of the conference is to
aid in supplying to road commis-
sioners and engineers information relative
to highway administration, organiza-
tion, financing, traffic, drainage, sys-
tems and foundations; and the con-
struction and maintenance of road-
ways and bridges suitable for roads
and steeplechases in the State of Michigan.
During the sessions, ample opportu-
nity will be offered for discussions.
The conference will be open to all
road commissioners, engineers and
others interested in highway con-
struction and maintenance. Regis-
tration will begin at 8:00 a. m. Mon-
day, February 12th, in room 407 on
the fourth floor of the Engineering
Building, located at the corner of East
University and South University
avenues. All persons should register
in order to receive copies of the
printed proceedings. All morning
and afternoon sessions will be held in
room 348 on the third floor of the
Engineering building.

RACES AT WALLED LAKE SATUR- DAY.

On Saturday, tomorrow, commenc-
ing at one o'clock, there will be a
race matinee at Walled Lake and a
field of fifteen horses are assured.
There will be two events—free-for-all
trot or pace and a 2:30 trot or pace,
for which liberal purses have been
hung up.

A half-mile course will be laid out
on the ice and it is the plan to those
having the affair in charge to make
the afternoon one of real fun. Any
one desiring further information can
phone to George Rattenbury at Walled
Lake. A number of Northville horses
will take part in the sport.

His resignation becomes effective February 1st—Detroit News.

UNIVERSITY INCREASES TUITION FEES.

Tuition fees will be higher in all colleges of the University of Michigan next September, in accordance with a recent ruling of the Board of Regents. In the literary college the fees will be \$85, \$50, \$110 and \$105 for resident men, resident women, non-resident men and women respectively. In the engineering college, the tuition will be \$100, \$95, \$125 and \$120 for the four groups named. Pharmacy students will pay the same fees as engineers. Law students will pay \$110, \$105, \$130 and \$125 respectively, while the Colleges of Medicine and Dental Surgery will require their students to pay \$180, \$175, \$260 and \$255 respectively.

HOW TO REMOVE SOOT.

Large numbers of shingle roof and defective fire are being reported, due to the increasing use of soft coal. The accumulations of soot on heating surfaces reduce the value of the fuel, and frequently clog the flues and chimneys.

The Federal Fuel Administration Board suggests the following plan for removal of soot:

The fire is put into good condition with a substantial body of hot fuel. Common salt, thoroughly dried, is then thrown or sprinkled onto the incandescent fuel bed of a quantity depending entirely on the size of the furnace. In the case of a house heating furnace, one pound at a time is ample in the case of a large power plant boiler four or five scoops full may be required. The dampers are kept open so as to maintain the furnace temperature and the salt is allowed to remain until the tangles have entirely disappeared.

Immediately upon raising the salt the furnace becomes filled with dense white fumes which may require half an hour to entirely disappear. If results are not secured on the first application, it should be repeated as many times as necessary.

Everyone using soft coal is urged by the administration to use this remarkably simple and clean process for getting rid of the soot, cleaning the heating surfaces of boilers, thus saving large amounts of coal, preventing fires from chimneys and generally conserving all along the line of heating and the production of power.

AVIATOR FALLS 18,600 FEET, LIVES

NUMBERED BY INTENSE COLD AT ALTITUDE OF 19,000 FEET LOSES CONSCIOUSNESS

20 BELOW FREEZES EYE NERVES

Recovers Senses When Only 400 Feet Above Ground, Rights Plane And Lands Safely.

Mt. Clemens, Mich.—Numbered by unconsciousness by the severe cold, First Lieut. James D. Summers, a pilot of the First Pursuit Group at Selfridge Field, fell with his plane from an altitude of 19,000 feet to within 400 feet of the ground—a drop of nearly four miles—before he recovered his senses, righted his plane and landed safely.

Through Summers' remarkable experience occurred Saturday during maneuvers ordered by Brig-Gen. William G. Mitchell, it was not made public until yesterday. Summers was out with several other aviators, making flights to a height of 19,000 feet, at which a "patrol" of several minutes was maintained. The thermometers on the planes registered 20 degrees below zero.

Suddenly Summers' plane was seen by the other aviators to fall, apparently out of control. At the time the entire group were well over Canadian territory. The other aviators rushed to the spot where they expected Summers to land. Then they saw that Summers' plane had miraculously righted itself 400 feet above ground, and that it was landing without disaster.

Summers was still half-conscious from cold and exhaustion when his fellow aviators reached him.

That Summers was able to bring his plane out of the fall so close to the ground after the terrific speed gained in such a descent was considered remarkable by the fliers who followed Summers in the air with the expectation of a crash.

Army physicians after examining Summers said the nerves over both eyes, vital optic nerves and vital nerves had suddenly been frozen by the low temperature and that unconsciousness must have followed in a few seconds. The thawing of those nerves at a lower altitude, they said, probably brought about instantly returning consciousness.

FRENCH EXPEL RUHR OFFICIALS

Invoke Hague Treaty as Authority—Rail Strike Complete

French occupational authorities Monday began a series of wholesale arrests and expulsions of highest German officials, chiefs of bureaus and municipal heads of services for refusal to obey orders.

The French have invoked the Hague conventions as authority for the expulsions, quoting the passage reading: "Officials of the state, officers and functionaries of occupied countries must obey the orders of the de facto government." The Germans reply that the Hague ruling applies only to a state of war, which does not exist between Germany and France.

The strike of German railroad workers throughout the Ruhr was complete Monday, as was that of the telegraph employees. The telephone and postal services are partially affected.

Official quarters in Berlin have been cut off from all communication with Essen and other Ruhr points since 5 o'clock Monday afternoon.

U.S. DEFICIT CUT TO \$92,000,000

Revenue Increased and Expense Decreased, According to Harding

Washington—The anticipated deficit in the national budget for the current fiscal year which ends July 1, has been reduced to \$92,000,000 from an earlier estimate of \$273,000,000, President Harding announced Monday in a message to the fourth regular budget meeting. Reductions in expenditures and increased revenues combined to reduce the deficit, he said.

Estimates for the next fiscal year—ending June 30, 1924—indicate an excess of receipts over expenditures for the first time since this country entered the World War.

The 1924 budget is \$196,000,000 less than the appropriations for the current fiscal year.

ANOTHER \$1,000,000 RUM PLOT

Cincinnati Drug Company Alleged to Have Sold Liquor Illegally.

Cincinnati, Ohio—Three officials of the Independent Drug company, of Cincinnati, were indicted Monday by the federal prohibition law. Those indicted are Otto Katz, president; George H. Lander, vice-president, and Sidney H. Miller, secretary.

One thousand offenses involving one million dollars' worth of whiskey, according to United States District Attorney Thomas H. Morrow, are alleged in the indictments, which charge the three men with having conspired to divert the whiskey without proper permits, into channels for use as a beverage.

The indictments set forth that the

Kalamazoo—At the request of the Kalamazoo alliance of Kalamazoo county and the Kalamazoo Calhoun Federal Directors' association, the city commission has prohibited Sunday funerals at Riverside cemetery. The order affects only the cemetery which is owned and controlled by the city.

Marquette—The Angus Coal company has been trying to learn why it was so easy for robbers to open its safe. Twice the safe door has been opened and about \$700 in cash taken. Now it has been discovered that the combination to the safe had been written on the wall beside the safe by a bookkeeper.

Lansing—At the request of the department of state of Ohio, Secretary of State Charles J. Deland, has requested law enforcing officers in Michigan to respect 1922 Ohio license tags until Feb. 15. According to information from Ohio fire destroyed the stock of license plates, and it has been impossible to replace them.

Detroit—Milk will continue to be sold in Detroit at 14 cents a quart through the month of February. This announcement was made by Dr. David Friday, president of the Michigan Agricultural college who had been chosen by the milk producers and milk distributors to fix the price of milk following a disagreement between the producers and distributors on this point.

Lansing—The Motor Wheel corporation of Lansing manufacturers of wood wheels for passenger cars and trucks and builders of Turc Steel wheels has purchased from the Detroit-Pressed Steel corporation, the trade mark physical assets and good will of Distel wheels. The manufacture and sale of Distel wheels will be carried on without interruption by the Motor Wheel corporation and without interference with the manufacture of Turcs.

Detroit—A jury in recorder's court has returned a verdict of necessity in the condemnation suit to acquire additional land for the enlargement of Western market. The jury's award was in excess of the estimated value set by the corporation counsel's office which brought suit on behalf of the city. The price returned in the verdict was \$880,605.21. The city's verdict was \$732,933.71 while the value placed on the property by the respondents was approximately \$1,000,000.

Lapeer—Jerry Skopenski, 25 years old was found guilty by the jury hearing the case. Judge W. B. William sentenced Skopenski to 20 years in Marquette with a recommendation of 10 years. Skopenski was one of the four bandits who robbed the Metamora State Savings bank, June 2, 1922. Two of the thugs were killed in the chase that followed, and two were captured. John Kowalski, the other captured, pleaded guilty, and was sentenced to 20 years in Jackson with a recommendation of 10 years.

Lansing—W. W. Potter, a member of the state public utilities committee, has assured Representative Oscar W. Bramer, of the Kent district, that he will make every effort to secure sufficient refrigerator cars to move Michigan's potato crop, now threatening to cause a loss of millions of bushels. Representative Bramer himself a potato grower said he had been informed that in the western states while the Port Marquette railroad, serving the majority of the shippers in Michigan, has been unable to

AT THE GARRICK.

In all legendary lore, from Isis and Osiris to the days of Robin Hood, there is nothing that is so fascinating, so tremendous, as that which surrounds the Vikings of the north—these sailor men of ancient days—who ventured forth on the terrifying sea whose paths they knew not of, whose limits were beyond ken, with joy in their hearts, a smile in their eyes and a cheer on their lips to their women, who waved them good-bye, from the shore.

And those women, not one whit weaker and not one step less adventurous than their mates, went back to their weaving, sewing and the rearing of their man child to become the warrior his father was. Like their long-haired, brawny, fighting males, they feared nothing that swam in the sea, walked the land or flew in the air.

For her support in "The Sea-Woman" Miss Angeln has selected, with a knowledge of their ability, Harry S. Minnurn, who was her leading man in "The Woman of Bronze." Rea Martin, talented daughter of Ricardo Martin of Metropolitan grand opera, Claude Cooper, Joseph Sweep and Raymond VanSickle. The play is presented under the managerial direction of Lee Shubert. Willard Robertson is the author of the play.

OBITUARY

Ella D. Cobb, daughter of Able and Nancy Peck, was born at Camden, Hillsdale county, February 8th, 1854. She died in Grace hospital, Detroit, on January 24th, 1923. After the death of her father and mother, she was adopted into the family of Mr. and Mrs. J. A. Porter.

Cobb in her early childhood she had one half-sister, Mrs. Alice P. Wixom, who passed away several years ago. She was married to John A. Porter, June 21st, 1876, at Farmington, Mich. To this union eight children were born, Alice W. dying in infancy. There remains to mourn her death the husband, John A. Porter, seven children and twelve grandchildren. Eva M. Dibble, Hudson, Edna Jones East Jordan; Sadie H. Warkins Fenwick, Vanc E. Balderston, Fenwick, Rellin J. Porter, Wixom, Alma G. Porter and Ruth G. Porter of Wixom. Also a host of relatives and friends.

She was a member of the Wixom Baptist church and an earnest Christian. She has been a faithful wife and kind and loving mother and she will be missed very much in the community. Sleep, mother, sleep sweet be thy rest. Pillow your head on the dear Saviour's breast. He will watch over thee with tenderest care.

Sleep, mother, sleep so peacefully there. Sleep, mother, sleep we bid you adieu. Knowing our Father will take care of you. Enter thy home with friends gone before. Sleep, dearest mother, thy life's work is over.

BOVINE T.B. CONSIDERED.

The importance of the campaign for the eradication of bovine tuberculosis in Michigan was emphasized in the House at Lansing on Tuesday when three bills bearing on this subject were presented, two by Rep. Eugene Kirby of Corvett, and one by Rep. John Holland of Bessemer. The first of Kirby's bills provides an emergency appropriation of \$200,000 to be paid out of the general fund of the state to cover existing claims and finance the work for the rest of the fiscal year.

In order to decrease the cost of the bovine tuberculosis eradication campaign and allow for carrying it out on a larger scale, the other Kirby bill slightly reduces the amount or state reward. The amended section would read, "In case of tuberculosis cattle, whenever the commissioner shall direct the killing of such cattle it shall be the duty of the Commissioner to appraise the animal or animals concerned, and the owner or owners thereof shall receive from the state a sum equal to one-third the difference between the appraised value or each animal so destroyed and the net value of the salvage thereof provided, that in no case shall any payment by the state be more than \$25 for any grade animal nor more than \$50 for any registered purebred animal." This would be in addition to the federal award. The present maximums are \$100 each for registered cattle and \$35 for grades. The Kirby bill also would pave the way for county co-operation by authorizing supervisors to name veterinarians to co-operate with the state commissioner of animal industry. Thirty-six Michigan counties already have made such provisions.

The Holland bill would require the state to recompense the farmer for all condemned cattle at full appraised value. This would greatly increase the cost to the state and it is believed that the House committee on Agriculture, to whom it was referred, are not at all favorable to it.

Sometimes Virtue in Opposition. No man ever worked his passage anywhere in a dead calm. Let no man wax pale, therefore, because of opposition.

Explaining the "Matchmaker."
It is the natural instinct that makes every woman a matchmaker. She works blindly toward the baby. If she cannot have one directly, she will have it vicariously. The source of old maids is thus doomed to have a hand in the perpetuation of the race.—William J. Locke.

NORTHVILLE, MICH., FEB. 2, 1923

LOCAL.

Wednesday night's fog caused some accidents and near accidents with automobiles and electric cars.

Miss Geraldine Young was surprised about twenty of her young friends Tuesday evening who helped celebrate her birthday. Games, dancing and refreshments served to make a merry evening for all.

From the LaPudate, Calif. Journal: we learn that "Mr. and Mrs. F. E. Quigley accompanied by Mr. and Mrs. A. N. Kimmis, of Pasadena and other friends, spent Tuesday at the Sunset Country Club, in Sunset canyon, upon invitation of the manager, Mr. Halloway."

Monday night as the D. U. R. car which reaches Northville at 9.25 was rounding Base Line curve some one either carelessly or with evil intent fired a bullet through the glass in the rear door and the missile whizzed through the car and embedded itself in the partition. It was most fortunate that no one was injured.

The Foresters' minstrel showed to a capacity house Wednesday night, in fact many more would have gone had tickets been available. The program was well rendered and the individual numbers were especially good. W. H. Safford as interloper and Dr. Schuyler, Elmer Reed, Chas. Altman and William O'Donnell as the funny men, kept the audience in good humor from first to last. The olio made a big hit and the specialties pleased everybody.

Nine mothers with their babies attended the first Infant Welfare clinic held in the school house Tuesday afternoon. All seemed much pleased with the free examination and advice given by Dr. Cole, baby specialist of Detroit and it is hoped that every mother of a child of pre-school age (the age limit having been raised from two to five years) will avail herself of this opportunity at the next clinic. All clinics will be held on the last Tuesday of each month, beginning at one thirty o'clock.

A WELL EQUIPPED EXCHANGE

Northville can boast of as well an equipped telephone exchange as the one now possessed by the Michigan State Telephone Co. here. During the past few months a number of changes and improvements have been made in the offices and then furnishings and equipment. The latest addition being a very convenient and handsomely appointed rest room for the operators. The addition recently completed to the building made this new department possible as the increased room also contributed to other improvements in the plant.

The new rest room is situated atop the north side of the building and is furnished with comfortable chairs and a high top table. A nice design of a flower box is also provided. The new rest room is a most desirable place for the operators to relax and enjoy a cup of tea or coffee.

PLAN TO AVOID THE TRAFFIC LAW. A list of the names of the persons who have been cited for violations of the traffic law is being compiled by the Northville Police Department. The list will be published in the Record and will include the names of the persons, the date and time of the violation, and the name of the officer who cited them.

The law provides that dealers, when a used car is taken in must secure a new certificate. When they sell the car the new owner must obtain a new certificate. The amendment will provide that the transfer from former owner to new owner can be accomplished with a single new certificate.

The proposed change will have the endorsement of Charles J. DeLand, secretary of state. It is estimated that it will save dealers nearly \$100,000 a year.

FAIRLY MORNING FIRE.

Some after six o'clock Thursday morning a fire broke out in the McClure's feed store on South Center street. The fire was discovered by a fireman who was turned in and a fire alarm was turned in and a fire alarm was turned in and a fire alarm was turned in.

BAKE-SALE SATURDAY.

The Baptist ladies birthday circle will have a bake sale at Lyke & Lang's hardware store Saturday, February 3rd. Sale to begin at 9:30 a. m. All ladies are requested to have their baked goods there as early as possible.

METHODIST CHURCH NOTES.

Sunday morning the second series of the sermon: "Service for Others" at 10:30, by the pastor. Sunday school at 12:00. Opening of the new Primary department. Other mothers are welcome with their little ones. Epworth League at 6:30, with the study of "India on the March."

In the evening at 7:30 Dr. Canright will speak from the Orient. Everybody come and hear him. The Queen Esther Circle will meet at the parsonage next Monday evening.

BAPTIST CHURCH NOTES.

Last Sunday night the church voted to extend a call to Rev. A. K. MacRea or Atlas to become pastor. It is expected that Mr. MacRea will preach next Sunday, both morning and evening. He will enter upon his work here at once. Mr. MacRea comes highly recommended as an astor and a speaker and he has had a wide and varied experience.

Sunday school will convene at the usual hour. Evening service at 7:30. You are cordially invited to all the services of the day.

PRESBYTERIAN CHURCH NOTES.

Sunday morning service of worship at 10:30 o'clock. "The Modern Apostolic Church" will be the subject of the sermon. Sunday school at 12:00. Christian Endeavor at 6:30. At 7:30 o'clock we are to enjoy the following musical program presented by the choir:

Why That Lame Back?

That morning lameness—those sharp pains when bending or rising, make of a burden and rest impossible. You will be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Northville resident's example.

Mrs. C. B. Turnbull, First avenue, Northville, says: "Doan's Kidney Pills have been used in my family with splendid results and I have personally taken them when suffering from disordered kidneys. My back ached and was so lame, I had to get off my feet and sit down to rest. I had a sharp pain in the back of my head, ran down into my neck and my kidneys weren't acting regularly, either. I began using Doan's Kidney Pills and they soon had me feeling all right. I have never had Doan's fail me, as they always regulate my kidneys and drive away the backache."

Price, 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Turnbull had. Foster-McMillan Co., Mfrs., Buffalo, N. Y.

FARMERS SHOULD CUT FERTILIZER BILLS.

That Michigan farmers who purchase fertilizers could effect an annual saving of \$300,000 by using only the high grade or Michigan standard fertilizers instead of low grade or low quality materials, is the statement of Dr. M. M. McCool, head of the soils department at the Michigan Agricultural college.

Lack of standardization and the use of low analysis fertilizers have resulted not only in an unnecessary high cost of plant food to the farmers but also in less efficient use, says Dr. McCool.

"The cost of manufacturing and hauling a given amount of plant food in high analysis fertilizers is less than it is for those of low analysis."

"The Michigan farmer should purchase fertilizers on the basis of their plant food content rather than on a cost per ton basis. A standard fertilizer is conceded to be one which contains fourteen or more per cent total available plant food."

"Last season one fertilizer company placed on the market more than 100 brands which did not vary greatly in their analysis or plant food content. As a matter of fact, the brands were only 2 or 3 different analyses. The lack of standardization on the part of the farmer was made up of in selling these goods."

"If the farmer would make a study of the composition of fertilizers which is easily done through county agents or the college authorities there doubtless he would be able to select a few fertilizer brands sold in the state."

A list of fertilizers which have been analyzed and standard together with information concerning their use under different soil conditions for all crops, has just been published by the soils section of the Michigan Agricultural college experimental station, and is known as circular bulletin No. 63. It may be had on request.

REGISTRATION NOTICE.
To the Qualified Electors of the Village of Northville, (Precinct No. 1) State of Michigan:

Notice is hereby given that in conformity with Act 126 of the Public Acts of 1917, I the undersigned Village Clerk will, upon any date except Sunday and a legal holiday, or the day of any regular or special election or official primary election, receive for registration the name of any legal voter in said Village, not already registered, who may apply to me personally for such registration, or who may make application for registration by mail or messenger, as provided by Act 126, Public Acts of 1919, except that I can receive no names for registration during the time intervening between the second Saturday before any general or special election or official primary election and the day of such election.

March 3rd, 1923—Last Day for General Registration for Election March 12. All electors not already registered and intending to vote at said election, should make application to me on or before the 3rd day of March, A. D. 1923.

Notice is further hereby given that I will be at the Village Hall, Northville, state of Michigan on

FEBRUARY 17, and FEBRUARY 24, 1923, from 8 o'clock a. m. to 3 o'clock p. m. on each of said days for the purpose of reviewing the Registration and Registering such of the qualified electors in said village as shall appear and apply therefor.

REGISTRATION OF ABSENTEE

BY OATH.
If any person whose name is not registered shall appear and claim the right to vote at any election and shall under oath state that he or she is a resident of such precinct and has resided in the Village TWENTY DAYS next preceding such election, designating particularly the place of his or her residence and that he or

she is qualified under the constitution, and that owing to the sickness or bodily infirmity of himself or herself, or some member of his or her family, or owing to his or her absence from the Village on public or business of his or her own business, and without intent to avoid or delay his or her registration, he or she was unable to make application for registration on the last day provided by law for the registering of electors preceding such election then the name of such person shall be registered and he or she shall then be permitted to vote at such election. If such applicant shall in said manner, wilfully make any false statement, he or she shall be deemed guilty of perjury and upon conviction, be subject to the pains and penalties thereof.

Registration by Mail or Messenger

Under Act No. 7, Public Acts of 1919, the privilege of Absent Voters is extended to include registration. Upon compliance with this act registration can be secured by mail without personal appearance. An affidavit similar to the following must be made:

I, _____, of the County of _____, State of Michigan, being duly sworn, depose and say that he is a duly qualified elector of the _____ Ward or Precinct of the Village of _____, in the County of _____, and State of Michigan, that he is not now registered as an elector for the purpose of procuring his registration as an elector in accordance with the statute.

Taken subscribed and sworn to before me this _____ A. D. 1923.

Signed _____

Notary or Justice.
The time limit for registration by mail or messenger is the same as when personal application is made. Therefore the affidavit of an elector desiring to register by mail or messenger must be received by the Village Clerk not later than the SECOND Saturday preceding the Election.

NOTE—A blank form for making application for registration can be had by addressing the Village Clerk and giving name of Village above named.

Provisions in Case of Removal to Another Precinct.

Any registered and qualified voter who has removed from one Precinct to a Village to another election Precinct of the same Village shall have the right, on any day previous to election day, on application to the Village Clerk, to have his or her name transferred from the registration book of the precinct from which he or she has removed to the registration book of the precinct to which he or she has removed. Such elector shall have the right to have such transfer made On Election Day by obtaining from the board of inspectors of election or the precinct from which he or she has removed a Certificate of Transfer and presenting the said certificate to the Board of Election Inspectors of the Precinct in which he or she then resides.

Dated, February 1st, 1923.

Ultimately It's QUALITY

Price and service are always considered in buying your Table Supplies, but quality is the most important factor. Some kinds of Groceries would be dear at any price, while others of real quality are regarded cheap even though the price seems high.

We strive to give our customers Groceries, Vegetables, Baked Goods, Canned Goods, fresh Fruits of quality—not the cheapest we can buy, but the best.

That has been our policy and we feel that this plan has been approved by our patrons.

We invite you to give us a trial if you are not in the habit of trading here and let us demonstrate this fact to you—that QUALITY is really what you want in Groceries and Food Stuffs.

Bosh is not really a slang word. It is a Persian word meaning nonsense, and early last century it was made popular by a Persian romance, called "Adventures of Hajji Baba of Isfahan."

Built Defective for Luck.
In remote parts of England are still to be seen cottages with sloping walls. They were built slightly out of the true because of a curious superstition that if a house was built exactly square it was bound to collapse.

Walled Lake Warbles

There will be faces on the lake here Saturday afternoon. A fine quality of ice has been harvested from the lake here. Farmington and Walled Lake basketball teams met here Wednesday night. The ladies of the Baptist Aid society held an all-day meeting at the home of Mrs. F. S. Nook yesterday. A fine dinner was served at noon. The VanBrowne Trio gave the second number of the lecture course at the High school auditorium last evening, and the entertainment was greatly enjoyed. Our new High school continues to grow in popularity with the pupils and patrons of the district and they are all wondering how we got along without this splendid new building so long. In discussing the school question a few days ago J. A. McLean said: "I have read several letters in the papers in which the writers complained about the consolidated school movement, and the high taxes caused by said schools. I venture the opinion that in Walled Lake, in spite of the extra tax burden resulting 75% of the residents of the consolidated district would not now be willing to have any other kind of school. It is not only a social and educational center for the children but for the adults of the district."

SALEM SAYINGS

Don Vansickle of Salem has instituted a civil suit against his mother,

claiming \$10,000 damages. The action involves a claim for services the son has performed on his mother's farm for ten years and for money he claims to have loaned her. Pelton & McGee are his attorneys.

At the annual business meeting of the Congregational church the following officers were elected: Herman Schroeder, trustee; Frank Huff, treasurer; Mrs. G. S. Hartman, secretary; Mrs. Edith Munn, organist; Mrs. Jay Clark, assistant organist. Sunday school officers: Mrs. G. S. Hartman, superintendent; Mrs. Frank Bueis, assistant superintendent; Mrs. Lewis Clark, treasurer; Miss Irma Kehrl, secretary.

The annual business meeting of the Ladies' Auxiliary was held in the home of Mrs. Frank Bueis. The reports read show a very marked year of success and the money obtained for the year's work amounted to \$900. This is a splendid showing for our ladies' workers. The Auxiliary is planning big features in the church and an Easter bazaar is to be held Wednesday, March 23rd. The following officers and committees were elected: President Mrs. Ben Shoe-Jordan, 1st vice-president Mrs. Wm. Toussie, 2nd vice-president Mrs. Jay Clark, treasurer Mrs. G. S. Hartman, secretary Mrs. S. K. Hartman, work committee, Mrs. Rudolph Kehrl, chairman. Flower committee, Mesdames Lewis Clark, Frank Bueis, Jay Clark. Committee to find places for meetings, Mesdames Lewis Clark, Rudolph Kehrl, Ralph Wilson.

Ann Arbor—The second big fire of unknown origin in this county within two weeks occurred early Sunday morning at the John Gordon farm near Salem where two large barns, one 200 sheep and one cows and horses were destroyed. The loss is estimated at about \$10,000. A fire engine from the city arrived on the scene and was attempting to save the barns from the flames.

STOP EMBASSY LIQUOR LEAK

Officials Say Cuban Legation Was Supplying Bootleggers Booze.

Washington—One of the "leaks" through which great quantities of fine whiskies and champagnes have been poured into thirsty Washington has been stopped, prohibition officials say by the arrest of John J. Lynch, 23, and his subsequent confession that he obtained his supplies through the Cuban legation. Lynch made an affidavit, according to the police, in which he implicated a number of servants at the legation.

A search of his apartment disclosed a considerable stock of Scotch rye and champagne and a chest list de luxe on which appeared the police saw the names of many persons prominent in business and social life of the capital. The rams were with

Accompany Soldier Husbands With Drawn From Germany.

Washington—Thirty-seven wives and 20 children of American soldiers who feared that the order bringing the troops home from the Rhine would separate them from their families sailed last week on the transport St. Michel for America.

In official language, they are "dependents not entitled to transportation at government expense," but the war department devised a way to get them home.

A special section of the St. Michel was set aside for them and it is expected that the Red Cross will see to it that they are taken care of after their arrival until their husbands and fathers can find suitable employment. The wives and children of officers and non-commissioned officers will be provided with government transportation and the wives of privates will be taken care of by the Red Cross.

BRITAIN BOOSTS RUBBER COST

Monopoly of Market Forces Price Up 200 Per Cent.

Washington—Manifestly perturbed over the action of the British government in curtailing rubber exportations, administration officials express hope that some satisfactory compromise would result from the negotiations in progress between representatives of the rubber industry of both countries, obviating the menace of a possible trade war.

A 200 per cent increase in the price of crude rubber has resulted directly from the British restrictive orders, the price now being 37 cents per pound as compared with the prevailing price of 13 cents a year ago. This material price advance, rubber manufacturers assert, will be reflected in the soaring prices of rubber tires and other rubber goods.

Northville School Notes.

Miss Christ will take her pupils to the Sanitarium this Friday, to give an entertainment for the benefit of the boys and girls of that institution. Miss Dorothy Dubuar will put on the next entertainment the last of this month.

Pupils of the High school registered Monday for the last lap of the school year. Regular classes met on Tuesday and the general work of the school is now progressing nicely.

Miss E. Lyle Moore is the new commercial teacher, who began her duties Monday.

Members of the hot lunch club are enjoying the hot dishes which are being served at noon this week.

Be sure and save the evening of February 2 (Tuesday) for the Farmington-Northville basketball game. The game will be played here and it promises to be a fast one. If you want to spend an evening in a most enjoyable way be sure and come next Tuesday evening. The first game (girls) will be played about seven.

The debate team, accompanied by Miss Aletha Yerkes coach and Mr. Helfrich, attended the Ann Arbor-Pontiac High school debate at Ann Arbor last Saturday. The next debate of our school will be held on Monday when our team meets the Marysville High school debating team at Marysville.

February 14th, Prof. McKay of the Normal college will bring to the High school his two debating teams who will debate the following question: "Resolved, that the United States shall immediately join the League of Nations."

The debate will be held in the evening at 8.00 o'clock and it is hoped that the citizens of this community will be present. This is one of the vital questions before the American people today and this will give everyone an opportunity of hearing a well presented discussion of the subject. The Exchange club is housing this project for which we are truly grateful.

The High school orchestra had an orchestra rehearsal Wednesday evening at the High school. The orchestra is getting ready for some engagements which have been scheduled for the next few weeks.

The Redford-Northville basketball games last week at Redford turned out very disastrous for the N. H. S. They lost both games but they put up a great fight. The girls put up the hardest fight they have shown this year but met a superior team. The first part of the game was rather evenly matched the first half ending with a score of 15-14 in Redford's favor.

In the second half Northville could not hold them at all and the game ended 21-15 in Redford's favor.

The boys' game was not so one-sided affair as it was a fight from the very start. Northville keeping the lead till the last quarter when Glen Hammond was put out of the game on account of injuries, and Gordon Crouch was taken out on account of "personals" and this took all the pep from the N. H. S. Lovs and Redford then shot a number of baskets and when the game ended Northville was at the tail end of a 20-15 score.

Listen, folks! Don't forget the Dearborn game, here Friday night and don't forget to bring your strong voices with you.

Center Street
NORTHVILLE, MICH.

hemorrhage in a down town department store. Mrs. Kieft had come to Detroit to buy valentines for a party for her six-year-old daughter, Helen. She collapsed as she was waiting for change at a store counter. Her husband was summoned and reached her bedside one minute after she died.—Detroit News

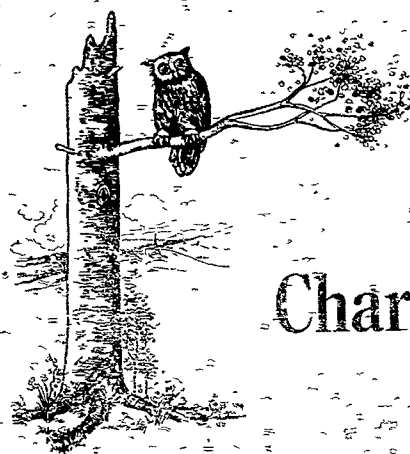

W. R. C. NOTES.

Every member of the Woman's Relief Corps is requested to answer the summons sent them and attend the "social" meeting to be held on the afternoon and evening of February 7,

at the Hall. Everyone remember the special pass-word for the occasion is "Smile" for we expect Sunny Jim to be present and have full-charge of the meeting. A jolly time is anticipated so let everyone come and help everyone else have a good time. Do not forget the weather prophet has promised a "Shower" Pot-luck supper.

Mrs. Roy Terrill and daughter, Beverly, are visiting Mr. and Mrs. A. H. Kohler, at Pensacola, Florida.

Charm

The charm in furniture lies in its goodness—its ability to endure, and give lasting satisfaction over a long period of years.

That is the only type of furniture that we have ever sold—it is the only kind we ever will sell. And yet, you will find by comparison that we will sell you furniture of the very finest sort at a price that represents actual savings.

Our new Spring stocks of Furniture and Rugs will soon be on display and we invite you to look them over before making your selections.
