W. B. MOSHER DIED SUDDENLY SUNDAY MORNING.

W. B. Mosher died at his cottage at Long Lake, Commeree township, on Sunday morning about three o'clock, death coming to him suddenly and unexpectedly. In company with a man named Jud Clark, Mr Mosher was enjoying a few days fishing and trapping at the lake and when he retired Saturday night he seemed to be in his usual health. Sunday morning about three o'clock Mr. Clark heard a strange noise and going to his companion's bed found that death had claimed him.

Mr. Mosher had spent most of the time since early last fall fishing and trapping in the lakes of Oakland county, coming home for the holidays. A week or so ago he returned to his favorite haunts and was thoroughly enjoying the out-door life. He was a furrier by trade and he enjoyed trapping and fishing.

He was a native of Michigan, having been born June 16, 1860. He had been a resident of Northville for a good many years.

The body was brought to the home of his son, George Mosher, in this village Sunday. Funeral service were held there Wednesday afternoon and the remains were placed in the vault. Burial will be made later in Rural Hill cemetery.

A number of years ago he suffered a stroke which affected him badly, but in spite of his misfortune he was always cheerful and happy. For the past few summers he has been employed as watchman by the Wayne county highway commission.

MRS. CARRIE LEAVENWORTH ANSWERED FINAL SUMMONS.

Mrs. Carrie Leavenworth died at her farm home in Novi Friday afternoon after an illness of many years. A number of years ago she suffered a stroke and since then has been helpless.

Caroline Jane Parker was born at Farmington November 18, 1860, where she spent her girlhood. On May 24, 1889, she was united in marriage to Jay Leavenworth and came to live on the farm where she died. To this union were born two children, one dying in infancy. Surviving are a husband and son, Floyd and three grandchildren, and one brother, Floyd Parker of Detroit. Funeral services were held at the home Sunday afternoon, being conducted by Rev. Osborn of the Baptist church. Burial in the Novi cemetery.

FORD TREBLES OUTPUT.

The Ford Motor company announces that during January, total output at all plants, domestic and foreign, was 125,271 passenger cars and trucks, as compared with 42,875 in 1922, or an increase of 82,396 vehicles. The output at the American plants totaled 111,145 cars or 72,460 more than a year ago, an increase of 175 per cent. At the Canadian Ford plant, 5,758 cars were produced, or 3,758 more than in January, 1922, which the combined output at the other foreign factories was 8,368, as compared with 2,190, or an increase of nearly 400 per cent. At the tractor plants 7,904 Fordsons were made—Michigan Record.

NOTED SPECIALIST TO GIVE ADDRESS.

Northville people are extended a cordial invitation to attend the address to be delivered by Dr. Linsly R. Williams, managing director of the National Tuberculosis association, in the ball room of the Statler Hotel, Detroit, at 3:30 p. m., Friday, March 2.

Dr. Williams is the executive head of the strongest voluntary health organization in the country, which includes over a thousand state and local associations.

NICOL IS WELL QUALIFIED.

Henry G. Nicol, who is a candidate for circuit judge at the primaries to be held next Wednesday, has served Wayne county sixteen years as circuit court commissioner and if he is successful he will bring to his new duties experiences which will be exceedingly valuable not only to himself but to the people of Wayne county as well. Young and vigorous he will make an ideal judge and he will greatly appreciate the support of the people of this section.

An overheated furnace caused a fire at the Baptist church Wednesday night. After the birthday supper a program was being given when a blaze was discovered at the side of the main register. Prompt action soon located the fire and extinguished the flames.

AN OLD PIONEER CALLED HOME.

Mrs. Mary Elliott, widow of the late Charles Elliott, a former resident of this village, died in Detroit, at the home of her daughter, on February 21, 1923, at the ripe age of 96 years.

Mary Richards Parmenter was born in Boston, Mass., September 23, 1832, and was united in marriage to Charles F. Elliott in New York City on June 9, 1852. To this union were born four children, Mrs. Josephine Carr of Northville and Mrs. Wesley of Detroit, Mary Wesley and Frederick, the two latter preceding her in death by many years. At the age of 14 she became a Christian and for many years was a devout member of the Baptist church of this place. She was also a charter member of The King's Daughters. She was a devoted wife, mother and grandmother. For many years she followed the profession of a nurse, and her ever ready hand has smoothed many a weary brow.

The funeral services were held in the Baptist church at this place on Saturday afternoon, being conducted by the Rev. A. K. MacRae, and Grand

mautier as she was most valued, was laid to rest beside her husband in Rural Hill cemetery, borne there by her five great grandsons, Russell and Howard Fuller, Harold Parmenter, Gilbert Putnam and Don Wesley. She is survived by two daughters, eight grand-children and fourteen great-grandchildren. Two great-grandchildren died in infancy, during the past year.

LEO DITRICHSTEIN IN "THE PURPLE MASK"

A superman in satin—such is the hero concealed behind the Purple Mask, which is the title, as well as the mystery, of a capital entertainment from the French of Paul Armand and Jean Manoussi, in which Leo Ditrichstein played "The Purple Mask" at the Garrick a few years hence. Detroiters tonight saw a dangerous triumph of the weaver of the mask with every manifestation of sympathetic concern and jubilant acclaim.

Mr. Winthrop Ames is responsible for the elaborate production of this consume drama of adventure and mystery.

Armand, Comte de Treviere, as visualized, is a combination of d'Artagnan, Sidney Carton and Arsene Lupin. He attempts the most extravagant of feats with the most amazing sangfroid and would sacrifice a dozen lives for love. It is a role requiring the adroit employment of the robustly romantic style, together with an engaging savvy of manner and rare command of that most difficult or resources in effective melo-drama the pause of suspense.

SENATE URGED BY PRESIDENT TO MAKE U. S. MEMBER "LEAGUE OF NATIONS."

FOUR RESERVATIONS ARE MADE

Action Comes As Complete Surprise—Harding Says Public in Favor of Participation.

Washington—President Harding asked the senate to make the United States a full-fledged member of the permanent court of international justice at The Hague, which was established under the League of Nations covenant.

In a message to the senate, the executive asked that assent be given to American adhesion to the protocol of the international tribunal.

Four reservations were suggested by Secretary of State Hughes in a letter accompanying the president's message. These were:

(1) That it is understood action by the senate giving assent to the court protocol does not involve any legal relation on the part of the United States to the League of Nations or the assumption of any obligations under the league covenant.

(2) That the United States be given the right to vote in the election of judges, a right now given only to those nations which are members of the league.

(3) That the United States will pay its fair share of the expenses of the court.

(4) That the statute of the court adjointed to the protocol not be amended without the consent of the league.

The president's action came as a complete surprise to the senate leaders.

The president indicated that these reservations would be accepted by the court and the League of Nations.

Saying that "our deliberate public opinion today is overwhelmingly in favor of our full participation," Harding urged that the senate take action on his request at this session.

Negotiations for American participation have been in progress since the Washington arms conference, the message revealed.

U. S. MAIL TRAIN IS LOOTED

Thousands of Dollars Stolen in Registered Packages

New York—Theft of thousands of dollars in registered mail from a New York Central train between Syracuse and Albany several days ago was reported by authori five sources. The robbery is said to have been similar to that in Grand Central terminal Sunday.

The robber, it was said, evidently worked at leisure in the registered mail, rifling the packages and casting the wrappers out the window. Later track walkers found wrappers strewn along the right of way, many of which, it was said, bore European addresses. The robbed train was east-bound.

The similarity of this robbery and the one in the Grand Central terminal, when the Chicago fast mail train, composed of ten steel cars, was robbed, led to the belief that both were committed by the same ring of robbers.

Federal officials declared they believed the thefts were the work of a band of mail thieves organized in Chicago.

Both postal inspectors and railroad police declared it their belief that the robber had boarded the train at some upstate point, and had made his way into one of the steel mail cars before reaching the Grand Central station.

The thug's sole haul was said to have been one registered package mailed in Chicago.

TAX EXEMPTION BILL IS O. K'D

Detroit and Border Citizens Will Be Benefited If Passed.

Washington—The house of representatives by unanimous vote passed the American Canadian income tax reciprocity bill Monday. It now goes to the senate, where its chances of enactment during the remaining days of this session of congress are extremely slight.

Its passage, if approved by the senate and the president will mean that American residents, earning a livelihood in Canada, will be exempted by the Canadian government from paying income taxes; and the American government will return the courtesy by exempting from the income tax laws, Canadian residents earning their living in America.

As a large number of Windsor and other border cities work in Detroit, and as many Detroiters earn livelihoods across the river in Canada, this bill's passage has been urged on both sides of the Detroit river.

If, however, any senator objects to its consideration the limited time remaining in this session probably will preclude the bill's passage. If the senate passes it, President Harding will sign it.

GUY C. FILKINS ENTERTAINED RADIO FANS.

Compositions by Detroit musicians, played by Guy C. Filkins, organist of Central Methodist Episcopal church, were broadcast Friday evening from the church by WCX, The Detroit Free Press radio station.

The organ program follows: Festival March (Reinick), Elcy (Tyler), first performance, Spring Song (York), Song of the Canyon (Fisher), Allegretto (Chilvers), Vox Angelica (Henrich), Capriccio (Edwards), Triumphal March (Wrigley).

Miss Mildred Mitor, contralto was the assisting soloist and sang "Revelation" (Reinick), and "The Man of Galilee" (Wolcott). As a member of the Hudson quartets, Miss Mitor's rich voice is heard every Sunday in Central church, and her singing of sacred songs is especially effective. She gave sympathetic interpretation to the compositions chosen.

Mr. Filkins' playing of the organ numbers was all that the composers could wish and several of them who were in the church were most complimentary to the young organist at the close of the concert. The big instrument in Central church is very pliable under Mr. Filkins' skillful hands and the Detroit composers whose compositions were on the program had every reason to feel happy over the effects which Mr. Filkins produced and his excellent interpretation and playing—Detroit Free Press.

Northville Fair, Sept. 25-26-27-28-29. Truman Garfield is confined to his home by illness.

An addition is being built to the porch of the Meadowbrook club house.

There are still a great many people suffering with bad colds and local physicians are very busy.

Mrs. W. M. Nelson left last Saturday for Boston and other eastern cities to visit relatives for a few weeks.

Seven candidates received the M. M. degree by Northville Lodge, F. & A. M., on Monday afternoon and evening. A fine dinner was served at 6:30.

Old Sol caused the snow and ice to disappear rapidly Sunday and Monday. This section has had an unusual amount of snow and ice this winter.

J. B. Kimball, who has worked for Ray Richardson for the past few years has rented the Gage farm near Wixom and took possession of the same this week.

Next Wednesday will be primary election day when candidates for circuit judges and commissioner of schools will be nominated. The contest for judges is becoming pretty lively with a lot of candidates seeking the places.

Messrs. N. C. and F. D. Schrader were in Ann Arbor Wednesday attending a quarterly conference of the Southeastern Counties Funeral Directors association. After the conference a dinner was enjoyed and an entertainment followed in the evening.

The dancing party to have been given at the Penniman-Allen hall at Plymouth last Friday night by the officers of the Detroit House of Correction farm was postponed until Friday evening of this week to night. The public is cordially invited and a good time is assured.

From a round about source we learned that Don Ball surprised his friends a week ago last Saturday when he was married to a Miss Weiss of Jackson, who is teacher of music in the schools at St. Johns. Just why Mr. Ball did not let his many Northville friends in on this bit of news is a mystery.

On March 14th members of the Northville Exchange Club with their wives will enjoy a dinner in Detroit and a theatre party afterwards. The journey to and from the city will be made in a special car, chartered for the occasion. It is expected there will be fifty or more people in the party.

Donald VanZile, who is a candidate for circuit judge, is a son of the late Judge Philip T. VanZile, who was well known to many Northville people. Following in the footsteps of his illustrious father, Mr. VanZile entered the profession of law and he is being urged by his friends as a candidate for judge.

While the attendance was not as large as usual, owing to so much illness, doubtless, the annual ball given by Orient Chapter, O. E. S., at the High school gym last Friday night was a most enjoyable affair. The gym was handsomely decorated for the occasion and nothing was left undone that would in any way add to the pleasure of the gathering.

Mr. and Mrs. Joseph Tracy wish to announce the marriage of their only daughter, Ruth to Ray Covell of Northville, which occurred last Saturday evening, Feb. 17th, at the Presbyterian manse, the pastor, Rev. S. Conger Hathaway officiating. They were attended by Douglas Tracy and Mrs. Ann VanAurich. They will make their home for the present with the bride's parents—Plymouth Mall.

The following from the Plymouth Mail will be read with interest by many Record readers: "Mr. and Mrs. Harry B. Sayles of Pontiac, were over Sunday visitors at the home of his parents, Rev. and Mrs. H. E. Sayles. On Monday morning they left for their new home in Palm Beach, Florida. Mr. Sayles for several years has been employed as an auto engineer at the G. M. C. Truck Co. at Pontiac, and goes south for his new work with the Piersons' Drag Company."

Marvin Multot, an employee of the local Ford factory, met with an auto accident while driving his car two miles east of South Lyon Monday night about seven o'clock. Just how the accident occurred seems to be somewhat of a mystery, but Multot's car collided with a Reo butter truck, and was completely wrecked. Fortunately he escaped with a few minor injuries about his chest and one leg. It was a narrow escape and the report became current late Monday night that Mr. Multot had been killed.

Rev. J. E. Conder, who has been presenting the cause of the American Bond in Detroit and surrounding towns, gave an interesting address at the M. E. church on Sunday evening. It is the belief of those who are backing this organization that the time has come for the citizenship of America who stand for law and order should unite their forces and their efforts to the end that our laws shall be enforced, and that those who do not understand our laws and our institutions shall be educated and shown the value of liberty under the law.

Mrs. J. E. Nims of Detroit was the guest of Mrs. Tremper and family Saturday.

A. E. Fuller has been confined to his bed during the past week. He was threatened with pneumonia.

Mrs. Josephine Carr, who was called here from Williamston by the death of her mother, is spending the week at the home of Mr. and Mrs. A. E. Fuller.

Last Wednesday the house of Fred Barber on the Northside was badly damaged by fire. Good work on the part of the fire fighters confined the fire to the upper rooms.

Mr. and Mrs. E. C. Langfield spent Friday and Saturday with their son, Conrad Langfield, at Camp Custer, near Battle Creek. They found him pleasantly situated and getting along nicely.

Messrs. F. S. Neal, N. C. Schrader, H. R. Richardson and E. L. Smith were in Grand Rapids Tuesday and Wednesday attending the annual meeting of the Michigan Association of Fairs.

Rev. and Mrs. F. I. Osborn of Novi were Northville visitors Wednesday. Mr. Osborn is recovering nicely from the effects of the fall he sustained a few weeks ago. His back was badly injured and one rib was fractured.

Announcement has been received here of the marriage of Miss Mildred Lamy daughter of Mr. and Mrs. Daniel Lamy, former Northville residents, at the Vinewood avenue paragon, Detroit by the Rev. J. W. Sheppard to Mr. Perry W. Hays, on Wednesday evening, February 21st. They will make their home in Detroit for the present.

Miss Emeline Lapham died at the home of her niece, Miss Belle Morrison in Ypsilanti, on Monday last. She had been ill for a long time, going to Ypsilanti last fall. She was a resident of Northville for a good many years and was held in high esteem by all who enjoyed her acquaintance. She was a nurse by profession and was kind and considerate to all whom she was called upon to serve.

Messrs. F. D. Schrader and Mr. Strong of Plymouth were guests of the Northville Exchange club at the noon luncheon on Wednesday. Mr. Strong being city manager, he gave a very interesting talk on the subject of the commission form of government and how it operated. He expressed the opinion that it was preferable to the trustee form of government because it was more efficient and more responsive to the people. Mr. Schrader also stated that he believed the commission form of management of municipal affairs was an improvement over the old system in vogue in many communities.

ESCAPING THE TRAP OF A DEADLY TRICK QUESTION

To give tribute to Caesar or not—is it lawful? Innocently this question was shot at the Young Jewish Rabbit—Jesus the Christ.

Without fear or hesitation he called for the common Roman coin with which his questioners paid their taxes and asked them a very simple question. They received a reply but it was totally different from the two possible replies they thought could be made. Their trap failed.

As the years come and go they bring a fresh crop of smart men and women who want to evade their duty and think they know more than the Ruler of the Universe.

—Jesus of Nazareth is the anvil on which all hammers are broken. You may be foolish but don't kid yourself that you are able to win against the Great Mind Above.

Shall we discuss with you our divine and civil duties and the penalties?

PROHIBITION STILL AN ISSUE

Prohibition enforcement would be more easily extended to billiard and pool rooms under a bill introduced in the house representatives by Rep. S. D. Bryan, of Charlotte.

The bill is the second sponsored by the Michigan Anti-saloon league to be presented at this session of the legislature. The first would make a person guilty of manslaughter who furnished poison booze causing death.

The bill provides that any soft drink pool or billiard room property, when applying for a license, must make a statement to the effect that if such license is issued, he will at any time allow officers to search his establishment without a search warrant. While it does not specifically mention prohibition, it is understood that the intent of the bill is to expedite the detection of bootleggers.

POOR POTATO SEED COSTING MILLIONS

That poor potato seed is costing Michigan growers millions of dollars annually, through resultant low yields of inferior quality, is the contention of H. H. Moore, secretary of the Michigan Potato Producers Association and extension specialist at the Michigan Agricultural College.

"Use of good seed is the keynote of potato growing success," said Mr. Moore, in discussing the state situation. "Good yields of high quality tubers must be secured if growers are to succeed."

"Certified seed has proved efficient in securing better production, in Michigan as well as in other states, big increase per acre being reported where they were planted last year. Michigan growers should make arrangements early for their seed supply, in order that they may secure good stock."

NEW HONOR ROLL FOR DAIRY COWS OF STATE

Michigan dairy cows will have to deliver the goods in actual profit if they are to earn a place on a new register of profit honor roll being established in the state by the Michigan Agricultural College.

The thirty cow testing associations in the state and the dairy extension division of the college will co-operate in handling the new project, which will be considered a branch of the cow testing association work.

"The most producing cow is not always the one which returns the greatest profit during the year," says A. C. Baltzer, of the M. A. C. extension staff, one of the three men who have drawn up the plan for the register of profit. "Higher feed and handling costs sometimes cut down the net profit on the animal."

The register of profit is being started to give a practical check on the most profitable cows in state cow testing association. It will be in the nature of an honor roll for the state.

Rules for entrance in the register call for a profit of not less than \$125.00 for a year, by a cow entered in a regularly organized cow testing association.

Standard feed prices and standard milk prices will be used in computing the profit figures. The average price of existing grade A milk, for 35 percent milk on the first of each month during the test in the following cities will be used: Detroit, Grand Rapids, Lansing, Saginaw, Kalamazoo and Marquette.

The register of profit will be thrown open on March 1, 1934, animals in cow testing associations being eligible to start their year's test after that date.

HE PROMISES FAITHFUL SERVICE

"If I am elected County Auditor, I will not be a candidate for any other position while holding that trust, but devote all of my time, energy and ability towards the duties of that office and to the public, by whom I am hired." That is one of the pledges that A. Peter Kennedy is making to the public in his campaign for the nomination of County Auditor on the Republican ticket at the primary on next Wednesday, March 7th.

Mr. Kennedy was born in Detroit, is an experienced accountant, important in the duties of that office; has been a manufacturers sales agent for years and is favored with a wide and comprehensive business experience. He is a veteran of the World's war and has been actively connected with much philanthropic work in Detroit during the past ten years. While the campaign has been short, only a few weeks, Kennedy has been busy and aimed to reach for a limited space of time all of the villages and townships in Wayne county pledging efficiency in office and service to the taxpayers in office and service to the taxpayers in office and service to the taxpayers in office.

FRENCH SEIZE CUSTOMS LINE

ALL RHINELAND COVERED BY NEW EDICT—GERMAN EMPLOYEES DISMISSED.

FRONTIER IS MOVED EASTWARD

Ruhr District Without Transportation—Demand Moroccan Troops Be Withdrawn.

Dortmund—Several important decisions have been taken in Berlin and Paris tending to sharpen the Ruhr conflict.

The French announce they intend to dismiss or expel all the German customs employees in the Rhineland and the Ruhr district and replace them by French employees, who will collect the customs for France and Belgium. The order will affect thousands along the west bank of the Rhine, the Rur and the Moselle and the Ruhr area.

It virtually means moving the German frontier eastward, for the Germans will be compelled to organize another customs line.

In response to the move, the German government issued an order against payment of taxes or customs to the French and declared if done it would be considered void and the German government would make a second collection.

Traffic between Coblenz and nearby towns was paralyzed by a strike of German railroad employees. The Germans claim that they will not return to work until the Moroccan troops are withdrawn from Coblenz. Moroccans, in a burst of excitement on Friday, fired more than 60 shots, wounding two German railroad employees who had just brought a train into Ehrenbrietstein from Neudorf.

French Take Over Railways

Dusseldorf—Rapid progress is being made by the French and Belgians in operating the Rhineland and Ruhr railroad systems. Passenger trains are to be run from Essen and Dusseldorf direct to Paris.

In connection with the improved transportation situation it was stated plans for taking over these railroad lines within a week had been completed by the occupation authorities.

The lines will be operated by French and Belgian civilian workers, some 12,000 to 15,000 of whom already are here awaiting to take up their tasks. Opportunity will be given striking German railroad men to join the transportation forces. It was said that 460 German railroad workers had agreed to resume work.

Seize 13 Billion Marks

Essen—French military authorities seized 13 billion marks from a train at Hengstfel. The money was being shipped by the Reichsbank. French troops also seized a number of plates that were used for printing money.

It is alleged that in a dispatch from Amsterdam the German treasury at Berlin has been sending money into the Ruhr and Rhineland to support German workers who are on strike.

The storm center of the Ruhr has shifted to Bochum. Because of the general hostile attitude of the population there a state of siege has been declared.

The French moved 10 tanks and numerous machine guns to the center of the town and civilians are prohibited from being on the streets after 8 o'clock at night.

Says Germany Plans War

Berlin—The communist newspaper, Rote Fahne (Red Flag) declared Germany has begun to make preparations for war.

According to the newspaper, Chancellor Wilhelm Cuno, Minister of Defense Gessler, and General Von Seeckt, of the German military police, "participated in a meeting at which Germany's war capacity was discussed."

TEXAS SENATOR IS CHALLENGED

Texas Senator Charged With Fraud, Petition Asks Refusal

Washington—Sweeping charges against the Ku Klux Klan and its officers were made Thursday in papers filed with the senate, challenging the right of Earle B. Mayfield to take his seat in the next congress as a senator from Texas.

Excessive and illegal expenditure of money by the Mayfield forces, fraud in counting the ballots and other irregularities were charged in the contest petition, which asked for a recount.

It was contended that Mr. Mayfield actually was elected, but in the event the senate does not so decide, it was asked in the petition that Mr. Mayfield, nevertheless, be barred from taking his seat.

The election contest and its accompanying charges were filed by George B. Peddy, who ran for senator last November in Texas as a Republican and independent Democrat, and who accused Mr. Mayfield during a bitter campaign with being the candidate of the Klan as well as of the regular Democratic organization.

PIG CONTEST ENTRIES OPEN ON MARCH 1ST.

Michigan pig raisers have been given "a mark to shoot at" by the animal husbandry section of M. A. C. in a contest opening March 1, the swine producers will attempt to have the aggregate weight of a single litter of pigs reach one-ton within six months after the pigs are born.

The contest is open to every farmer in the state, provided he follows the prescribed rules of enrollment, marking, inspection, etc. Owners of all litters that reach a ton weight at six months of age will be awarded certificates in the contest, while prizes will be given in different weight classes that reach 1,500 pounds or more.

"Large litters are essential for economical production," says V. A. Freeman, extension specialist at M. A. C. "Good feeding mixtures and the use of minerals and good pasture, along with feeding for rapid gains, make for economy of production. Parasites and unsanitary conditions work against economy. These are the things the contest will emphasize."

Enrollments will not be received after April 1.

It is more than likely that plans will be perfected and liberal prizes offered for an exhibition of the ton litters produced in this section at the Northville fair the last week in September.

Northville School Notes.

Last Friday, the pupils of the entire school had the pleasure of hearing McCormick, the birdman. He gave excellent entertainments all through the grades and High school. His imitation of the various birds was exceedingly well given and his interpretation of bird life was very instructive. The Kindergarten children enjoyed the program so well that they came back in the afternoon to hear it again.

Several students of the grades entered the prize poster contest advertising the landscape lecture, which was given at the High school Tuesday evening. All of the pupils who entered the contest, which was under the direction of Miss Mulford, deserve a great deal of credit for their efforts. The following judges were selected to pass on the merits of the various posters: Mrs. T. H. Turner, Mrs. Harper and E. E. Brown. Albert Killett was awarded a first prize of \$1.50; Eleanor Smith, second prize of \$1.00, and Alvin Hotelling third prize of 50c. The prizes were awarded by the Woman's and Exchange clubs of Northville.

Mr. Ensing, physical director, met with rather a serious accident last Sunday. Some acid from a battery hydrometer accidentally got into his eyes. He is under treatment and it is expected that he will be able to return to work in a few days.

The high school orchestra have had rather a busy week Monday evening they furnished music for the Masonic supper Tuesday evening, the les-

ture at the High school and Wednesday evening, the supper at the Baptist church. The purpose of this orchestra is entirely a community one. Any organization in Northville, may have its services for the asking. Our aim is to serve the interests of both the school and community and thus bind together these two all important factors. Since the organization of the orchestra at the beginning of the school year it has played for the following: Woman's club, Exchange Club, Woman's union, Presbyterian church, Sanitarium Baptist church, Masonic lodge, Fair association, Father and Son banquet, Clarenceville school, numerous occasions at the High school. We are indebted very much to Mr. Ryan for his help at various times.

It is surprising the large number of graduates of our school who are attending college. In the next issue of school notes there will be published a list of all students who are attending college from the classes of 1921 and 1922.

Don't forget the basketball games this (Friday) night. Redford will play two games here—boys and girls. The attendance of the school is nearly back to normal after the recent flu epidemic.

ARTHUR E. GORDON

Arthur E. Gordon, one of the Detroit justices of the peace, and a candidate for the Republican nomination as circuit judge, has had an unusual training in public service. Born and educated in Detroit, he was a newspaper reporter on the News and Journal for several years, and then city editor of the Journal for six years. He studied law nights, and was admitted by the Supreme Court, in 1910, since which time he has practiced his profession. After a year in the censorship service during the war, he was released by the government and returned to Detroit to find himself entered by his friends as a candidate for justice of the peace. He has twice been elected to that office, and during his service he has had 49,000 cases assigned to him, or more law cases than have been started in the circuit court in half a century.

"Of unusual capacity" is what the Detroit News said of him in an editorial Tuesday of this week. Judge Gordon is a candidate for Circuit Judge and he will appreciate the support of the people of Northville. —Political Advertisement
