REV. E. V. BELLES IS CALLED TO KENTON, O.

Rev. E. V. Belles, who has been pastor of the Presbyterian church in this village for the past few years, has received a unanimous call to the pastorate of the First Presbyterian church at Kenton, Ohio, and will enter upon his duties there as soon as he can be relieved of his work in Northville. His resignation has been presented to the local society and action will be taken at a meeting to be held on Thursday night of next week. Many Northville people will regret to learn that Mr. and Mrs. Belles and their two sons contemplate leaving Northville, but all the people of this section will wish them great success in their new field. Mr. Belles is an able and interesting preacher and his pulpit utterances always appeal to the best thought and aspirations of his hearers. He preaches the gospel of Christ as he understands it and is not carried away with any of the new fanciful dogmas that seem to be turning the minds of many men away from the faith of our fathers. Besides being an able speaker, he is a Christian gentleman and the influence of his life have been helpful and inspiring. He is a member of the Northville Exchange club and holds a membership in the local Masonic lodge and Royal Arch Masons and his brothers of the mystic tie have always found him a real companion.

HORTICULTURAL MEETING AT FARMINGTON.

On Tuesday next the Oakland County Horticultural society will hold an all-day meeting at Farmington and a very interesting program has been arranged for the event. Prof. E. R. Gardner of the M. A. C. will discuss the theme "Pruning the Apple." T. A. Farran, secretary of the Michigan Horticultural society, will present "The Spraying Program for 1923" and George Sutton, a successful orchardist of Middleport, N. Y., will talk on the subject of "Dusting." The meeting will be open to all and a cordial invitation is extended to the public. The first session will open at 10:30 and at the afternoon meeting officers will be elected for the ensuing year.

Fruit growers of this section are especially invited to attend the meeting.

WILL MAKE A FINE SUBDIVISION.

The farm known as the Charles Yerkes homestead lying along the Base Line road at the head of North Center street, comprising 63 acres, will soon be surveyed and platted and offered to the public. Streets, sidewalks, and surface sewers will be laid out and if present plans do not fail there will be a number of new homes erected on the property this summer.

The farm will make a most attractive subdivision and will be platted into many very desirable building sites. George B. Yerkes, the Northville and Detroit capitalist, has associated himself with Messrs. S. A. Lovewell and E. L. Smith in the project and with such splendid backing and sales ability the enterprise ought to go with a rush.

OBITUARY—JAMES CHASE.

James Chase was born at Dayton, Plains, Michigan, on November 29th, 1836, and died at his home in Northville, March 4th, 1923, at the age of 86 years. In the early sixties he was united in marriage to Ann Mary Severance, who preceded him in death several years ago. He had lived most of his life in Plymouth township, but during his latter years he had resided in Northville.

In early life he became a Christian and united with the Salem Baptist church, to which faith he clung during his many years. He leaves to mourn his death two sisters, Mrs. Lydia Bronson of Chelsea, Mich., and Mrs. Bertha Hauser of Eriensburg, Washington.

ENTERTAINED AT CARDS.

Mr. and Mrs. Clinton Lyke of Northville were hosts to the East Lyon Card club last Saturday night, March 3rd. The usual splendid time which the club enjoys at its gatherings was enjoyed at this meeting. Mrs. J. E. Biedorstadt of East Lyon and Lewis Haab of Northville were the winners of the high score at progressive pedro. A very appetizing supper was served.—South Lyon Herald.

Miss Dorris Trayer of Deerfield was a week-end guest of Mrs. Mary Marvin. She returned home Sunday.

WORKINGMEN'S TICKET MADE CLEAN SWEEP

In spite of the weather conditions which prevailed all day Monday there were 261 voters who went to the polls to cast their ballot. Many more ought to have gone, of course, but the day was a most disagreeable one to get about.

The contest was a good-natured one and resulted in a clean sweep for the Workingmen's ticket, the vote being as follows:

For President—	
Chas. A. Dolph	177
George H. Baker	82
For Trustee—	
Charles S. Atkins	174
Willard D. Stark	71
For Trustee—	
Carl R. Ely	162
W. Alonzo Parmenter	90
For Trustee—	
Stewart Montgomery	159
Sydney Litsenberger	53
For Clerk—	
Thomas E. Mirdock	137
For Treasurer—	
Ernest Miller	120
For Assessor—

TWO TICKETS PLACED IN NOMINATION.

At the forthcoming township election there will be two tickets in the field as usual—republican and democratic. The annual township election will occur on Monday, April 2, this year which is unusually early.

The republican caucus was held at the village hall on Saturday afternoon and every candidate was nominated under the suspension of the rules, there being no contests for any of the nominations. Dean Griswold was chosen chairman of the caucus and Ernest Miller was elected secretary. The chair appointed C. A. McCullough and F. J. Cochran as tellers. The following are the nominees:

Supervisor, William H. Yerkes, clerk, Ernest Miller; treasurer, Floyd R. Lanning, justice of the peace, (full term), Dean F. Griswold, highway commissioner, M. A. Porter, overseer of highways, Harley D. Johnson, member of board of road, Myron E. Atchison, constables, Horace S. Green, Perry Austin, Glenn E. Richardson, Frank N. Perrin.

The township committee for the ensuing year is composed of D. F. Griswold, J. W. Perkins, Mrs. Bertha Neal, Mrs. Grace Dolph, Mrs. Mary Stewart.

The democratic caucus was held on Saturday night and the following nominations were made: Supervisor, Fred E. Vanatta; clerk, Star Herrick; treasurer, Elizabeth M. Newton, highway commissioner, Joseph Montgomery; overseer of highways, William Smith; justice of the peace, full term, James W. Kator; member board of review, Thomas E. Mirdock; constables, Harvey VanValkenburgh, George Merritt, Willard Cole, William Macomber, C. A. Sessions, T. E. Mirdock and F. E. Vanatta were chosen township committee for the ensuing year.

BAR FOOD GIFTS FOR PRISONERS.

Because friends of prisoners in Oakland county jail have made several recent attempts to smuggle letters from the prisoners to outside friends and accomplices orders were issued at the jail Saturday that hereafter no food would be accepted for prisoners.

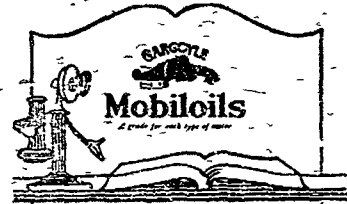

In the past the custom has been to allow the friends and relatives of prisoners to bring them such dainties to eat as they wished, and these were at once given to the persons for whom they were intended. Only canned goods and food or liquid in bottles were barred.

Hereafter, L. J. Dryer and Clarence Carlson, the turnkeys, announce persons wishing to provide food for prisoner friends will have to leave the money and it will be purchased by trustees at places where the authorities know no attempt will be made to smuggle things in to jail or out to friends.—Pontiac Press.

ESTABLISHED NEW RECORD.

Owing to the increasing demand for valves for Ford automobiles and for Fordson tractors the output of the local Ford plant has been increasing gradually each day, every man in the shop doing his best to increase production. Tuesday of this week the 100,000 mark was passed, a total of 100,200 valves being turned out in the twenty-four hours.

It is expected that the daily output will remain at 100,000 for the next few months at least.

3,000 PER DAY NEW FORD GOAL

Daily production of cars and trucks at the Ford Motor company this month is rapidly forging toward the 6,000 car a day mark set for April. Herculean efforts are being exerted to bring production up to this point before the end of March.

Steadily the demand of Ford dealers for deliveries have been exceeding all previous sales records for this time of the year.

In January 100,118 Ford cars were sold at retail against 39,630 for last year. In February sales went to 116,000 as against 48,614 for last year and for March dealer requirements have reached 201,911 as against 80,256 sold a year ago this month.

Consistently the demand this year has averaged 150% over the demand last year.

At the factories of the Ford Motor company, the maximum production schedule for March as estimated with work going on at the present high rate, will reach 143,500, with every possible energy being bent to increase this at least another 4,000, and these high-production marks are for domestic consumption alone without consideration of the foreign demand.

Pontiac.—The regular seventh and eighth grade examinations will be held in Oakland county on Wednesday, Thursday and Friday, May 16, 17, 18, 1923, beginning at 9 o'clock a. m. of each day.

Novi News.

The republicans of Novi township held their caucus at the town hall on Saturday afternoon last, when the following candidates were nominated: Supervisor, Fred W. Duffee, clerk, Earl Banks; treasurer, Frank D. Clark; highway commissioner, Wm. Mairs; justice of the peace, Charles Harmon; member of board of review, Jay Hazen; constables, Lewis P. Lorette, Guy Nichols, Frank D. Clark, Russell Angell. The township committee chosen is composed of Fred W. Duffee, Earl Banks and S. L. Morgan.

The Democrats of Novi held their caucus on Monday afternoon and placed in nomination the following candidates for township officers: Supervisor, Alex Christensen; clerk, E. J. Verduyn; treasurer, Jay Leavenworth; justice of the peace, Frank C. Rice; commissioner, Eugene Root; member board of review, Ruel Lambert; constables, Jay Leavenworth, Stephen Hicks, Jay Bennett, Chas. Christensen. The committee for the ensuing year is composed of Elmer West, Eugene Root and Ruel Lambert.

TWO KILLED IN MOTOR BUS ACCIDENT.

Two Detroiters were killed at 8:25 last Friday morning, two miles west of Novi, on Grand River road, when the Highway Bus Line touring car in which they were riding skidded on the slippery surface, struck a culvert abutment of concrete and overturned.

The dead are: Fred Hartwick, driver of the bus, aged 30 to 35 years, St. Dennis Hotel, Detroit.

George O. Wharton, aged 60 to 65 years, a representative of the Wilton Tool company, 5835 Russell street, Detroit. His address was Orchestra Square apartments.

Hartwick was instantly killed, having been caught under the rear wheels of the car when it righted itself after overturning. He suffered a broken neck, fracture of the skull over the left ear, and dislocation of right arm at the shoulder.

Mr. Wharton was terribly crushed about the chest, and suffered a fracture of the skull at the base, when, it is believed, one of the spokes of a rear wheel, from which the rim had been torn, punctured the head.

Charles Barnhart of Farmington Junction, and another passenger in the rear seat with him, escaped injury. Barnhart, due to his fright was unable to remember the name of the other man who escaped, and who had left the scene, and he could not be located by Sheriff James S. Butler. Prosecutor A. Floyd Blakeslee, and C. R. Horton, druggist.

Deputy Verne Schott, who responded to the call for help.

When the authorities were notified Mr. Wharton was still alive, but death occurred before the officers could reach the scene or a physician could be obtained.

According to Barnhart, the bus was proceeding westward when a lump of snow on the road caused the rear end to skid to the north. Hartwick righted the machine in time to escape the ditch but the reflex motion carried it to the south ditch, and for 30 or 40 feet the machine plunged sideways until the culvert was reached. The impact of the car when it struck the concrete caused it to make a complete revolution in the air. It landed right side up.—Pontiac Press.

NORTHVILLE, MICH., MAR 16, 1923.

ANOTHER CANDIDATE FOR GOVERNOR.

John L. Lovett of Detroit, is being prominently mentioned among the members of the legislature at Lansing as a candidate for the republican nomination for governor in 1924. Mr. Lovett is secretary of the Michigan Manufacturers' association and is well known throughout the state. He is one of the best posted men on Michigan state affairs to be found in the peninsula state, and his wide acquaintance and genial ways together with his remarkable business ability will make him a formidable candidate.

EXCHANGE CLUB ENJOYS OUTING.

Members of the Northville Exchange Club accompanied by their ladies enjoyed a dinner and theatre party in Detroit Wednesday night. A special car was chartered to convey the merry company to and from the city, and the Exchange family certainly enjoyed every minute of the outing. Dinner was partaken of in the Ivory Room at the Cadillac and after the four course meal had been served, the company repaired to the Temple Theatre where a very amusing and entertaining program of vaudeville was given, and Carl and Nelson were forced to admit that they saw nothing better at Miami or in Cuba. Arthur received some inspiration from the school master that will, doubtless, be of great value to the Northville schools, and Del Kilgour received some new ideas about cornet playing. The ticket committee will have to explain just why President Charles Dolph was forced to sit way off to one side and why the two doctors, Paul and Edward were made to sit alone. Of course, there's a reason. Home was reached shortly after one o'clock and soon afterward some 46 tired and sleepy citizens were declaring "Gee, I hate to get up in the morning." In the language of the school master "they had their little laugh" and how must complete the rendition of the programme of every day efforts.

NORTHVILLE SHOULD HAVE A CURFEW.

For a long time the police officers of this village have been of the opinion that Northville should establish a curfew and that no boys or girls should be allowed on the streets after nine o'clock unless accompanied by their parents or some older person. A great many of the parents of this community seem to take but little interest in what their children are doing at night with the natural result that the youngsters frequently get into mischief.

Sunday night three young boys one of them armed with a .38 caliber revolver, forced an entrance to A. Beckman's grocery store and carried away a lot of candy, tobacco, cigars, chewing gum and a sum of money—all the change they found in the cash drawer.

The robbery was evidently planned by the boy with the revolver the day before when a part of the fastenings of the outside cellar door was removed in order that they might gain entrance to the store above.

When the robbery was discovered Monday morning, Mr. Beckman reported the matter to Village Marshal Lyke and it did not take the officer long to locate the boys and to secure a confession from each of them. After they were given a good talking to and upon their promise to return the stolen articles that had not been eaten, and the payment of a sum sufficient to cover the costs of the goods which could not be returned, the boys were allowed to go their way.

This being the first offense of these boys no one desires that they be punished, but what is to be done in the future in such matters? Why not establish a curfew and at a stated hour every night allow no child under fifteen years of age to be on the streets. If parents do not care, the public must manifest its interest in some way.

BAPTIST CHURCH NOTES.

The remodeling of the church goes on rapidly and at present rate of progress it will be open for services by Easter but the grand opening day will be Sunday April 8, when a special service will be held with special music and special speakers.

Enthusiasm runs high in every department of the church especially so among the boys and girls. Their money raising contest is creating considerable interest and indications are they will more than go over the top. Don't forget to call on the Northville Chorus Boys when you need a boy for a boy's job.

When the pastor took his high dive off scaffold in the church he did not injure his legs, hands or voice so he will be in his place on Sunday.

PRESBYTERIAN CHURCH NOTES.

Sunday morning service of worship at 10:30 o'clock. The sermon will be on the subject, "Things Hidden and Things Revealed." Sunday school at 12:00. Christian Endeavor at 6:30. Evening service of worship at 7:30. Sermon subject: "Children of God." Prayer meeting Thursday evening at 7:30, in the lecture room of the church. This meeting will be followed, at 8:30, with a special congregational meeting which has been called by the session for the purpose of considering the request of the pastor that the congregation join with him in asking the Presbytery of Detroit to dissolve the pastoral relation now existing.

METHODIST CHURCH NOTES.

The second series of sermons on "God's Care" will be preached by the pastor at 10:30. The Sunday school at 12:00. The Epworth League meets at 6:30. With our plans now made we are looking forward with increased interest. The evening worship at 7:30, with sermon "Ecco Homo." Prayer meeting at the parsonage every Thursday until further notice.

The Christian Educational Advance of our church has reached one million eight hundred thousand dollars. It closed midnight this week Thursday. Every indication with the "Gleanings" come in, the two million will be reached and the three hundred thousand from the Rockefeller Foundation will be secured. God bless our church for doing so well. "No man liveth to himself" says the Master. "And no church liveth to itself." When it does it dies, and God can raise up a new church better than He can revive a dead one. Northville is on the map, and God is going to bless us.

Sunday, March 25th, is "Palm Sunday" or children's Sunday. It commemorates Christ's triumphal entry into Jerusalem. The children greeted Him. This day is set apart for the dedication of our children. Many children are to be baptized at the morning service. Parents other than those concerned, kindly call Mrs. Cobb, Phone 132-M, or the pastor, Phone 218-1. Water from the river Jordan from the traditional place of Christ's baptism will be used. The Woman's Home Missionary society will meet at the home of Mrs. Limpert on Tuesday afternoon March 20th.

The Epworth League of the church is putting on a contest starting next Sunday, March 18th, and ending May 1st. The object of the contest is to increase membership and attendance. The captains chosen by the League are Marie Schultz and Ursula Limpert. Come and boost your captain by coming next Sunday night.

ALSEIUM THEATRE

Saturday Night, March 17th BETTY COMPTON

in "AT THE END OF THE WORLD"—A melodramatic sensation of under-world, wreck and glorious regeneration. Filled with real love, romance and the lure of the sea. Another Great Paramount Picture.

Tuesday Night, March 20th COLLEEN MOORE

in "THE WALL FLOWER"—Colleen Moore plays the title role in "The Wall Flower," Goldwyn's new Rupert Hughes picture, and a more captivating little wall flower it would be hard to find. Miss Moore has demonstrated her ability for comedy many times, probably the most outstanding being in "So Long, Letty," "Dinky," and "The Bad Boy." She is one of the most promising of the younger screen actresses, and a brilliant future is predicted for her. "The Sky Pilot," "Slipper McGee," and "The Lotus Eaters," are others of her pictures. Miss Moore was personally chosen by Rupert Hughes, famous writer, to play the leading feminine role in this Goldwyn picture.

Thursday Night, March 22nd PETER B. KYNE and HELENE CHADWICK

in "BROTHERS UNDER THE SKIN"—DON'T GET MARRIED!—Until you have seen this rollicking photoplay, the merriest picture of wedded life ever filmed. If you want to become an expert on marital strategy don't miss this laugh fest!

Northville won both basket ball games against Plymouth on Tuesday evening. There was a splendid crowd present, a large delegation of Plymouth people present and a fine spirit was shown throughout the games.

After having paid 11 cents a pound for a small bag of sugar—all we could afford at the time—the annual report of the American Sugar Refining Co., just received, makes most interesting reading. During 1922 the company paid dividends to the amount of \$2,149,986 and added to its surplus \$5,401,736 99. The concern is capitalized at \$45,000,000 and has a surplus of an equal amount. Of course every little bit added to the price of sugar adds just a little bit to the dividends and surplus.

HELP THE BOYS TO HELP THEMSELVES.

There has been organized in the Baptist Sunday school a class of boys who will be known as the Northville chore boys, who are striving to earn money for a camping trip next summer. They will run errands, care for furnaces, clean sidewalks, mow lawns and do any work boys between the ages of ten and fifteen can do. If you have something you want done and done well—just phone 110 and some boy will be delegated to the task.

The Record believes this is a worthy cause and we trust Northville people will help these boys to help themselves. When a boy is busy with some honest toil he is not likely to get into trouble.

CALVARY

A DEATH MEN CANNOT FORGET

The story of the Cross is engraved upon the heart of the world. This fact emerges at intervals in every life.

Calvary was the scene of a tragedy unsurpassed by any known event in human history. Cruel, bodily torture—sneers—taunts—insults of the worst sort.

At Calvary the inmost thoughts of men are revealed—it is impossible to keep them hidden. Men sentence themselves to their proper place.

We are all at Calvary today—do we mock and taunt as some did? Do we gamble for the discarded garments as some did? Do we sympathize as some did?

So great was the meanness of men—so dastardly the crime—that nature threw a mantle of darkness over the unnatural scene.

Let us consider some of the lessons of this great occasion at Sunday's meeting.

STORM CAUSES MUCH DAMAGE

UNPRECEDENTED MARCH GALES SWEEP OVER WIDE AREA THROUGHOUT U. S.

CYCLONE KILLS BOTH HARDEST

At the same velocity As High As 70 Miles An Hour—Wires Down—Trains Delayed.

Cyclone of forty-eight miles per hour swept the country Sunday morning, sweeping wire communication, transportation systems, wrecking buildings and causing property damage running far into the millions.

Although the south was the worst sufferer, the blizzard spread itself over the whole territory lying between the Rocky Mountains on the west and the Appalachian Range on the east. Some sections were pelted with a driving sleet while others were subjected to a torrential deluge of rain, whipped by a gale reaching a velocity as high as 80 miles an hour.

The center of the disturbance passed near Chicago to the southwest, then made its way east, leaving a trail of wreckage in its wake.

Sixteen persons are known to have been killed at Pincon Tenn., and five others lost their lives at Dyersburg, Tenn., near Jackson.

Many of the dead were tossed about in the wreckage of their homes and as an 80 mile an hour gale whirled about the little towns.

Trains generally were hours late in the storm affected areas of Illinois, Iowa, Wisconsin, Kentucky, Missouri and Tennessee.

Detroit—Gales of terrific proportions, reaching a velocity of 65 miles an hour last Monday, clipped telephones and telegraph service, shattered plate glass windows, tore up trees by the roots, bowed over signs, smashed scores of electric light globes and caused damage to property in general to the amount of \$200,000.

Detroit escapes the brunt of the hurricane reports from up state in detail.

The storm center from Grand Rapids where telephones and telegraph poles were reported down. Other cities suffering with crippled telegraph service were Saginaw, Lansing, Kalamazoo, Battle Creek, Jackson and Port Huron. Telegraph companies were forced to refer through Chicago messages sent from Detroit to Kalamazoo, Battle Creek and Grand Rapids.

The area seems to cover territory as far north as Mackinaw Straits. Officers of the various utility corporations said reports of damage indicate a greater loss than occasioned by the worst storm in February of last year.

Grand Rapids was practically in darkness, the municipal lighting plant having been put out of commission.

The storm last Monday centered over Lake Huron, spreading northeast to the coast. Snow was reported at Grand Rapids, Saginaw, Grand Haven, Ludington and in northern Michigan.

Indianapolis—Damage, which will run into hundreds of thousands of dollars, was done by the wind and rain storm which swept over Indiana early Monday, according to reports received here over crippled wires.

Poles were swept down by the dozens and the wireless service companies called out all of their emergency forces in an effort to clear their lines. Several places in the state were almost completely isolated at various times during the day and few interurban lines were operating.

LATIN ESTEEM WANTED BY U. S.

Hughes Sends Message to Republic Concerning Monroe Doctrine.

Washington—A new basis of co-operation among the nations of the Western hemisphere will be suggested by Charles Evans Hughes, Secretary of State, in an address he has prepared for the opening of the Pan-American Conference, at Santiago, Chile, March 25.

It is believed the declaration will deal, in part at least with the Monroe Doctrine, the hundredth anniversary of which is to be celebrated this year.

The Latin States of South America, however, have shown an increasing dislike for the Monroe Doctrine, as they have been led to interpret its meaning.

That the time has come for some re-statement of the Monroe Doctrine, in a form more acceptable to South American opinion, has been in the minds of statesmen in Washington and other American capitals for some time.

Before the war the imperialistic aspirations, particularly of Germany, Great Britain and Russia, undoubtedly constituted a real danger.

Spheres of foreign influence in South America undoubtedly would have been established in the same way, had it not been for the Monroe Doctrine.

FRENCH OFFICER AND RAILWAY OFFICIAL KILLED—FOUR GERMAN SLAIN

FRANCE EXTENDS OCCUPATION

Frankfort, Most Important Center in Southwest Germany, Taken Over By Invading Army.

Potsdam—Lieutenant Cotton, of an Alpine (hassau) detachment, and a railway official named Joly, were found shot to death at Eber in the occupied Ruhr Sunday, according to the Dusseldorf correspondent of the Agency radio.

French authorities arrested the chief of police and closed all cafes and cinemas throughout the town, enforcing a 9 o'clock curfew as preliminary penalties.

It is likely a 100,000,000 marks fine will be made. It was apparent both villages were ambushed during the night and other penalties are planned by the French if the assassins are not caught.

France Extends Occupation. Berlin—Four Germans were killed by French snipers or soldiers, according to German news agency reports.

Increased sabotage in the Ruhr is predicted in government circles here if the French occupy and confiscate mines in order to get coal deliveries. The entire Berlin press carries a dispatch from Essen saying the French have intentions to take this step March 15.

Frankfort was preparing Sunday night for an occupation by the French. It is declared by the conservative party in Paris that more of the Rhineland must be occupied to assure the French position and the industrialists in the Rhineland especially at Frankfurt, have moved valuables and valuable property eastward overnight.

German circles here believe the occupation of Frankfurt will be the first move toward an extension of the occupation.

Harbor workers in Karlsruhe struck Sunday, following the refusal of the French soldiers to unload.

Washington—The French embassy is preparing directly to American newspapers against the publication of photographs showing French Negro colonial troops among occupation forces in the Ruhr valley. Germany has been protesting bitterly the presence of Negro colonialists.

BRITISH SEIZE IRISH OUTLAWS

Many Men and Women Nabbed in Three Cities and Deported.

London—Nearly 100 Irishmen and women, who have been associated with organized lawlessness in England were dramatically arrested in London, Liverpool and Manchester, and transported to Liverpool. There they were placed aboard a British cruiser which is headed for an unknown destination probably Ireland.

It is thought the prisoners will be interned in Ireland until the conclusion of hostilities. Among those arrested were Zane O'Mahoney, a member of the Dail Eireann, who is a strong supporter of Eamon De Valera.

The men arrested outnumbered the women, but the latter seemed to take the event in a better spirit singing songs on the way to the station and calling for cheers for De Valera as the train pulled out for Liverpool.

The arrests were made under the defense of the realm act—a wartime measure which gave the government most distasteful powers in connection with the maintenance of peace in Ireland.

The specific grounds on which the arrests were made were not discussed nor was any statement made whether any deported persons were concerned in a plot against the Free State.

NAVY BUILDING NEW WAR CRAFT

Many Millions to be Spent for 42 New Fighting Equipment

Washington—Fighting seacraft, representing expenditure of nearly \$400,000,000, will be completed before the end of the year, the Navy department has announced.

War vessels under construction include two battleships, the Colorado and West Virginia, two new airplane carriers, 10 scout cruisers, four auxiliaries, repair ships and tenders, a patrol vessel, 20 coast submarines and three fleet submarines.

Under the 5-5-3 treaty, construction of seven battleships and four battle cruisers were suspended. That the condition of these partially finished vessels is such that work may be resumed at any time and rushed to completion, in any case the treaty fails of ratification by all powers, was the understanding.

Of particular significance in the naval construction program is the conversion of the battle cruisers Lexington and Saratoga into airplane carriers, this indicating, naval authorities said, that American battle fleets of the future will rely to a high degree upon protection of aircraft.

No Rest—No Peace

There's no peace and little rest for the one who suffers from a bad back and distressing urinary disorders. Northville people recommend Doan's Kidney Pills. Ask your neighbor. Be guided by their experience.

Henry VanSickle, farmer, Mill St., Northville, says: "I had my first experience with Doan's Kidney Pills some time ago and I can say they did me a world of good. I had been doing some extra heavy work on the farm and I blame this for starting my kidney complaint. My back ached terribly, and nights I could get no sleep, as the misery was still there. I had binding dizzy spells and didn't have any ambition to do a thing in the way of work and my kidneys didn't act regularly, either. A friend advised me to try Doan's Kidney Pills, so I went to Horton's drug store, and got three boxes. They fixed me up in good shape so I am only too pleased to recommend Doan's."

Price, 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. VanSickle had. Foster-Milburn Co., Mrs. Buffalo, N. Y.

HOLLY BOYS RAISE CERTIFIED POTATOES.

Last April, eleven boys studying agriculture in the Holly High school, purchased 85 bushels of certified seed potatoes from J. C. Radpath, of Kalamazoo. They became members of the Michigan Potato Producers' association and have produced seed potatoes under the strict regulations demanded. Ten fields passed inspection.

With all due regard for winning football, baseball and basketball teams, we believe the boys at Holly who produced 600 bushels of potatoes from 85 bushels of seed were much more benefitted than they could have been playing on the best team in the state. They not only received helpful outdoor exercises, but they produced something and while they were growing these potatoes they were learning a lot of practical things about soil and cultivation, spraying, etc., that will prove valuable to them as long as they live. Another group of Holly boys have been studying poultry raising and poultry judging and they have produced some fine birds during the past year. They too have learned a lot that will prove beneficial to them no matter what position in life they occupy in the years to come.

High school sports are all right and we want them, but it just seems sometimes that we are neglecting a whole lot of practical things in our High school instruction, and especially is this true in rural communities where boys and girls ought to be trained so they would acquire a liking for the farm and the orchard, rather than to train them for a job in the city as soon as they have finished their High school course.

GEORGE W. EDWARDS.

George Washington Edwards, who passed to the higher life on Saturday last, March 3rd, was born in Ashland county, Ohio, in 1849. He came to Michigan in early life and devoted himself with steady labor and marked ability to farming. In 1870 he was united in marriage to Julia Walter. To them six children were born, five of whom with 15 grandchildren and three great grandchildren survive. Mrs. Edwards entered the life immortal in 1898. Several years later he was united in marriage with Mrs. Sarah (nee Walter) Smith who with his three brothers and one sister and a host of friends, remain to mourn his departure. Mr. Edwards was a man of the best character; strenuous activity, clean living, a devoted husband, wise and indulgent father, faithful friend and the best of neighbors. Take him for all in all, we shall not look upon his life again—as a wise moralist says. His life was gentle and nature might stand up and say to all the world, "This was a man."

The funeral services were held at the home of his daughter, Mrs. Louis Salow, the interment in Oakwood cemetery. Music was furnished by Mrs. B. P. Pierson and Miss Mary Kennedy. Mr. Edwards was a Mason and Masonic honors were paid him by Farmington Lodge. Dr. Beresford pronounced the eulogy. Farmington Enterprise.

"IN SPRINGTIME OF YOUTH" AT THE GARRETT THEATRE.

A musical comedy possessing not only one but at least a dozen of numbers that would carry the ordinary like play to success, is promised in "Springtime of Youth," which will be the offering at the Garrett Theatre beginning Sunday night. This unusual musical play is of the period of 1812, with its attendant customs and costumes, gallant romance and chivalry; and the three scenes are laid at Portsmouth, N. H., represents a wharfside street, the living room of Hiram Baxter's house and the garden of Deacon Stoke's house. By many critics this musical play has been compared to "Maytime," and the Messrs. Shubert are sending a cast to Detroit which includes such worthy and well known favorites as George MacFarlane, Olga Steck, Harry K. Morton, Zella Russell, Harry Kelly, Jill Middleton and Robert Halliday. To say nothing of many other principals and a group of girls who are said to possess real singing voices.

The well defined story concerns the fortunes of one Roger Hathaway, a native of Portsmouth, who goes to Brazil, where he wins a fortune. He plans on returning to his native town and marrying his ward, Priscilla Alden. He notifies the ward of his sailing date and eventually word is brought to Portsmouth that the boat on which he has sailed has been lost at sea. Immediately the town is thrown into a strenuous feud—the many relatives and townspeople being divided into separate selfish or unselfish camps. While they are all scrambling as to the disposition of his wealth Hathaway arrives and as the townspeople fail to recognize him he remains incognito. The comedy of the play is brought about through this incident and Hathaway, remaining a silent auditor of the scramble realizes the worthy ones and also the fact that he is too old to marry his ward and relinquishes all claims in favor of her impetuous young lover. "In Springtime of Youth" is a play of more than ordinary interest and musical qualifications, and it has been well equipped by the Messrs. Shubert.

WIXOM WANTS PARISH HOUSE

Wixom has for some time felt the need of a building that could be used especially for athletic sports and games and at the same time that could serve for entertainments and community gatherings of various kind. The community house project, considered some time ago was lost sight of owing to the financial stringency, but now the church has taken hold of the matter and decided to go ahead. They call the project a parish house and it is more especially for the benefit of the young people.

A one-story building of cement block walls of a size at least 30x60 feet is contemplated. It is figured that 4,000 blocks will build the walls. These will cost around 25 cents per block laid in the wall.

The Wixom B. Y. P. U. is undertaking to raise \$1,000 for the project and will ask subscriptions on a basis of "so many blocks" at 25 cents each.—Hilford Times

DETROIT IS COMING THIS WAY.

Thomas Sherwood tells us that in Detroit they are busy predicting the growth of the city and making maps showing how the city limits will be extended from year to year. In 1930, only seven more years, the maps show the limits to be the Livonia town line—4 miles west of Redford. This is not so hard to believe when one looks back to see what has been done in the past seven years.—Redford Record

Do You WEAR Out Clothes or WASH Them Out?

Clothes are more often worn out on the scrub board and through the wringer than through ordinary wear. That's why we say that Federal-washed clothes will wear longer.

At Federal Laundry we use no scrub boards, no wringers, no chemicals. Your clothes are washed in softest water with mild, pure soap. Then the water is gently whirled out of them in our modern centrifugal extractors. And they are dried and ironed with the greatest care.

You may send your washing to Federal with a sincere confidence.

WAYNE TO BUILD 50 MILES OF CEMENT HIGHWAY

The Wayne County Highway Commission has announced its highway building programs for this year and it is planned to construct a total of 50 miles of concrete during 1923. The projects in which the people of this section are especially interested are the following:

The short gap on the Wayne Road north will be completed by June 1 and the stretch on Farmington road by July 1. Both highways are to be built of concrete, 20 feet wide, 30 feet over all, and when completed will furnish a continuous concrete porth and south artery from Farmington through Wayne, Romulus, Flat Rock and south into Monroe county to the city of Monroe.

The Five-Mile road will be built of concrete, 20 feet wide, 30 feet over all, from the city limits to the Plymouth-Northville road where it makes a connection by Henry Ford's dam on the River, Rouge with the House of Correction farm three miles to the west. We expect to complete about half of this 20-mile stretch this year.

Grand River road between the Meyers road, the city limits, and the Mill road, will be torn up, the car tracks centered, and a 22-foot concrete road built upon either side of the car tracks, making a new street with curb and gutter, under-drainage, 64 feet wide from curb to curb, which includes a 20-foot allowance in the center for double car tracks.

Coon avenue between the city limits and the Town Line road, which is part of the new federal project for Plymouth road, will be started in May, grading operations, and under-drainage having been completed. This will be a 40-foot concrete road, and when the city has completed the new right of way, will make a direct outlet to the west from Grand River through Plymouth, Ann Arbor, Jackson and Chicago.

A contract has been entered into with the State Highway department and the Federal government for the paving of Plymouth road with concrete from the Town Line road to the Washenaw County line, the state and Federal government paying 75% of the cost. The contract, however, does not call for completion until the fall of 1924. The grading on the western end, from Plymouth to the Washenaw county line will be completed this year and allowed to settle, as there are many cuts and heavy fills.

WALLED LAKE WARBLES

Three basket ball games were played in the gymnasium Wednesday night of last week. The two high school teams played with the two First Methodist teams of Pontiac, the final score in the girls' game being 32 to 4, and in the boys' game, 34 to 11, both in favor of Walled Lake. The Men's Athletic club then played a fast game with the Masons' Athletic club of Plymouth. It was a close game, the final score being 23 to 19, in favor of Plymouth.

NEW PRESIDENT EXPRESSES APPRECIATION

Many thanks to the electors of the village for the exceptionally fine verdict at Monday's election. You may expect as good service from myself and co-laborers as time and strength will permit. No man could do more.

A great deal of discussion has been going on about high taxes and it is asserted that the increase must stop. To bring a little light on the subject will you please consider what the items are that make up the tax budget? If you will go over the annual report as recently published you will find that the actual expense of handling village affairs amounts to \$6,909.04. This is the total of all items in the general fund, except four—the payments to the two banks and the interest and sinking fund transfers. On the basis of 2,500 population it figures \$2.76 each.

The lighting of the village streets costs \$4,598 or \$1.83 for each person. If you will now turn to the interest account you will observe that we still have \$2,000 of an old issue of water bonds, an issue for an electric light plant and more recently the paving and sewer issues.

These were all duly authorized by public elections and carried by the majority. The total interest charge is \$3,560 or \$1.43 for each person. To provide for the bonds at maturity a sinking fund was established and definite amounts set aside for each issue of bonds. The total fund requirements call for \$7,150 per year or \$2.86 for each person.

We have our water works system and the sewer system will be in our possession before very long. Both systems must be maintained and it will cost money to do this work and materials as high as at present. The ordinary expenses cannot be reduced to any great extent. The work is done economically and no one could handle the business for very much less. The lighting charge cannot be drastically reduced without making the town unsafe.

The only other point of saving, therefore, is on bonds and bond interest.

The total indebtedness of the village is \$175,500 and if \$2,500 represents the population it means that each person would have to pay \$70.20 into the village treasury provided we wish to start with a clean slate. If folks will agree to this program the tax slips would show real reductions. If folks do not wish to pay their \$70.20 at one time then the collection must be made from year to year as heretofore and on the basis of the amounts given in a preceding paragraph.

We want the good things of life and are daily striving for them. We have always voted enthusiastically for public improvements. We need the modern facilities to make life more enjoyable. When we get value received let us pay the bill and look pleasant.

If you think you are not getting results go to the men who are responsible and let them give you needed information.

The council is chosen to serve you. They are human like the rest of the community. They may err in judgment. Possibly you would too if you occupied the same position. Here's a good slogan:
