MICHIGAN'S FUTURITY COMING TO NORTHVILLE

For a number of years past an effort has been made to secure the Michigan futurity races for Northville and by the exercise of the spirit of never give up by Messrs. Sloan and Starkweather the classic had been secured for 1923. At the annual meeting of the Michigan Trotting Breeders' association held in Detroit on Wednesday it was unanimously voted to bring the "cubs" to Northville.

There will be classes for three-year-old trotters and pacers and special stakes for two-year-olds, and the meeting will bring to Northville the very pick of Michigan breeders. At the election of officers Jack Welch was chosen president, Frank Cooke, secretary, and M. H. Sloan was re-elected treasurer.

HOLLY WINS THE CUP

Last week Thursday afternoon Northville's basket ball team, accompanied by their coach, journeyed to Ypsilanti to take part in the tournament for class "C." Northville drew New Baltimore for their first game that evening, but as New Baltimore did not show up by the time given, the game was forfeited to Northville. Friday morning at 10 o'clock, Northville met East Lansing and though neither team played like they should, East Lansing defeated Northville by a large score. That put Northville out of the tournament. Some of the team returned home Friday evening but the majority stayed to see the finals. Saturday afternoon four teams were left, two for the first cup and two for the runner-up, and the contests, which turned out as follows: Farmington met Britton for the consolation honors and the former won. Then came the best game that was played there for the week when Dearborn clashed with Holly. Dearborn outplayed Holly in every point but were unable to win and as a result, Holly won the first cup and Dearborn the second. Holly won high honors last year at the tournament.

FORD TO ERECT OFFICE BUILDING AT DEARBORN.

Two steam shovels and a big crew of men began excavation work on the huge Ford Motor Co. executive building, on the Ford property at Beech street and the Oakwood boulevard, Friday morning.

The structure, 80x202, will contain two stories and basement in the section reserved for offices and one story and basement in the publishing section. It is announced the cost will be between \$350,000 and \$1,000,000. West of the building, the entrance to which will be situated on the Oakwood boulevard, will be the "old brick yard pond," transformed into a beautiful artificial lake, furnishing a glorious vista from the windows of the offices in the west side of the building.

It is believed this work is only the beginning of big developments planned by the Ford Motor Co. for the section lying south and east of this village.—Dearborn Press.

TO HAVE EXAMINATION FOR POSTMASTER.

On April 14th there will be a civil service examination held for the selection of a postmaster at Northville as well as in some thirty or forty other villages in Michigan. Anyone who desires to do so—either man or woman—can be a candidate for the place by filing with the civil service commission at Washington, D. C., the proper application.

The salary at the local postoffice is \$2,200 and from that amount the postmaster must pay something for clerk hire, the allowance not being sufficient to meet this expense.

GOOD FRIDAY SERVICE.

Through the efforts of The King's Daughters Good Friday services will be held at the M. E. church at three o'clock. There will be special music and an interesting and uplifting address.

The business men of the village are urged to close their stores at two o'clock until after the services.

TO TENDER PASTOR FAREWELL RECEPTION.

A farewell reception will be tendered Rev. and Mrs. E. V. Belles in the Presbyterian church parlors on next Monday evening, commencing at eight o'clock, to which their friends are most cordially invited.

FORESTERS TO GIVE BANQUET

On Friday evening of next week, the 30th, the members of Court Northville, Foresters of America, will act as hosts to the members and their families and a large company of friends, the occasion being the twenty-first annual banquet to be given by the organization. These gatherings have grown in popularity until they have become the one big event of the winter season.

Until 8.00 and the admission will be until 8.00 and the admission will be \$1.50 a couple. Peter Perkins' orchestra will furnish music while the supper is being served and after all have been cared for the tables will be removed and the fun will begin. The committees in charge of the affair are composed of the following:

Executive—George Hicks, John McCally, Barney Schultz.
Invitation—Charles Crase, William Green, A. Mitchell.
Music—Roy Cramer, Ed Masters, W. Lev.

Refreshments—Ed Masters, W. Lev.

GUIDE TENDERED MRS. BELLES FAREWELL.

On Monday evening the members of the Martha Chapter of the Westminster Guild met at the home of Mrs. E. D. Bunn to honor Mrs. E. V. Belles, who is soon to leave Northville. There were thirty members present and the evening was spent in a most enjoyable manner. Before taking their departure the members presented Mrs. Belles a handsome electric toaster to express their appreciation of her efforts in behalf of the Guild.

Mrs. Belles will be greatly missed by the ladies of the Presbyterian church and also the members of the King's Daughters because she has been a willing and faithful worker in every effort to advance his cause. The kindest regards of the women of Northville will accompany her to her new home in Kenton, Ohio, to which city Mr. and Mrs. Belles expect to go next week.

FOUND A QUANTITY OF DYNAMITE

Sunday afternoon while some boys of the village were playing about the highway bridge near the plant of the Globe Furniture company they found two sticks of dynamite, a long fuse fastened in a coil and a bright cap. Not realizing what they had discovered the boys reported their find to some one who was passing and he at once realized that the boys had uncovered a cache of explosives.

The "find" was brought over town and the matter was reported to Marshal Ernie Lyke who took the explosives and placed them under lock and key for safe keeping. Judging from the appearance of the fuse and the cap they had not been long exposed to the weather, but just when they were placed or for what intent the officers have no clue.

RAIDED SOME GRAND RIVER JOINTS.

With the aid of federal officers from Toledo Wayne county deputy sheriffs made a raid on a number of Grand River joints on Monday night and found a lot of booze. At the Sunset Inn it is alleged the officers found 242 bottles of beer and three quarts of whiskey all concealed beneath a false floor in the china closet. At the Paris Cafe the raiders found 155 bottles of beer, two quarts of wine and one quart of whiskey, buried beneath the floor in the barn. At Martin's Cafe a search revealed two quarts of whiskey and a pint of gin. The proprietors of these places were placed under arrest and the patrons of the joints ordered to get out.

ORDINANCES SHOULD BE REVISED

There are a lot of village ordinances that have become outlawed and obsolete which ought to be repealed and there are a number of new ones, those passed within recent years that ought to be revised and published in book form for the information of the people of the village. A number of ordinances are being daily violated by some of the people for the reason that they are not familiar with their provisions.

The "dead letter" ordinances should be repealed and others should be brought up to date and made to meet present day needs and conditions.

ACTIVITIES OF REDS' SHOWN

GOVERNMENT SPY TELLS OF THE
RADICAL GROUPS BUILT
UP IN AMERICA

"K-97" WAS TRUSTED MEMBER

Communist Organization of America
Divided into 11 Districts and
Sub-districts.

St. Joseph, Mich.—Documentary evidence introduced last Monday at the trial here of William Z. Foster, radical labor leader, charged with criminal syndicalism, tended directly to connect the American Communists, whose convention at Bridgman was raided last August, with the reds of soviet Russia.

The most absorbing feature of the proceedings in court was the appearance on the stand of Francis Morrow, the government spy, who sat as a delegate in the Bridgman convention and who is the prosecution's star witness. Morrow was designated in the department of justice as "Special Agent K-97."

He had joined the Communist party in Philadelphia in 1920, been chosen one of the three delegates from that district to the convention at Bridgman.

He detailed the organization of the Communist party of America up from the basic units of not less than five, or more than 10 persons, speaking the same language, through the branches, sub-districts and districts. There was a captain in charge of each group, he said, and an organizer over the larger divisions.

The United States was divided into 11 districts, Morrow testified, each of them radiating about some industrial center.

"Each sub-district and district," Morrow explained, also had a literature agent whose duty it was to distribute all propaganda and illegal literature.

ALLIES' RHINE PLAN REJECTED

Harding Approves Hughes' Refusal of Settlement Proposal.

Palm Beach, Fla.—President Harding lost little time approving Secretary of State Hughes' recommendation as to the reply of the United States Government to the proposals of the allies concerning the settlement of the American army of occupation on the Rhine.

Already the reply has been dispatched to Paris along the lines of Mr. Hughes' recommendation which was that the Allied proposal be rejected.

There is little doubt that the procedure of the allies in this matter has not helped their efforts to obtain closer cooperation of America in the affairs of Europe.

The impression the Allied representatives have made has been far from pleasing because the American Government has felt that if ever a claim was written down in black and white without the slightest chance of being misunderstood the contract was the one providing for payment of the expenses of American troops on the Rhine.

This was to have been a prior payment above reparations or any other receipts from Germany.

It is the principle underlying the controversy which may have far-reaching effects on the future of American policy.

It is true that the sums received by the allies have been disbursed already but that is why the American government feels even more vehemently because its interests have been ignored by the allies.

ZERO BLIZZARD HITS STATE

Traffic, Both Passenger and Freight, Delayed—20 Below at Marquette

Grand Rapids—A heavy wind, accompanying a snowfall of six inches, caused considerable delay in the operation of trains to the north of here last week.

The Pennsylvania Railroad reported snow drifts piling up almost as rapidly as plows could open the track.

No attempt was made to operate freight trains.

Cadillac—For the third time within a few weeks Northern Michigan was again held in the grip of a severe blizzard, with the temperature around zero.

Railroads had hardly cleared themselves of the two last storms when a heavy snow, driven by a 50-mile wind, fell. Trains that have not been cancelled are running many hours late.

Further delay in service was caused at Boon, north of here, when a giant locomotive "buckled" when driven into a drift in an effort to clear the track of snow.

Marquette—With the temperature ranging from 5 to 20 below zero, the Upper Peninsula was struck by a northwest blizzard, which crippled train and wire service.

The storm was nearly as severe as that which isolated the district in March, last year.

DETROIT THEATRES.

"The Monster." By Crane Wilbur coming to the Garrick theatre Sunday night, March 25th, is said to be a huge success from start to finish, and is replete with excitement, mystery, suspense and laughter. People who are looking for a kick or something to give them a thrill should see "The Monster," for it is one round of excitement from beginning to end and there is not a dull moment in the play. It is a sure cure for the tired business man, puts pep into your system and sends you away with a feeling that it was an evening well spent. No one but a chronic grouch can possibly survive the performance without cashing in all the arrears in excitement and laughs coming to him. It is a gloom chaser and dull care hasn't a chance for its life.

The story of the play deals with Dr. Ziska, a super-scientist, who is ready to sacrifice lives, honor, money—everything—to prove his theories. Here is something so new that for two hours and a half the excitement, suspense and laughter are maintained without interruption.

"Daddies." John L. Hobble's fable of vicarious parenthood, will serve as the offering for the next to the last of the Bonstelle Company at the Shubert-Michigan, beginning next Monday night.

"Daddies" is comedy that provokes continued chuckles rather than occasional boisterousness. It never resorts to the suggestive, either in text or situation. The story concerns a group of men who, during their college days, pledged themselves to a life of single blessedness. For fifteen years they have been holding reunions and celebrating their celibacy, but on this occasion the mother of one of them stirs them to a sense of parental duty and they agree each to adopt French war orphans. For her son the mother imports a seventeen year old miss, one draws triplets, while another agrees to take a boy and finds he has drawn a girl. The idea is prolific of fun and wholesome human, and when the seventeen-year old miss leads her adopted father to fall in love a degree of romance is supplied.

HOW CAN RATES BE REDUCED?

It is natural to complain about increasing taxes. People have always complained about taxes yet they have gone right along and voted for every public improvement proposed, because they have believed in being progressive and in keeping up with their neighbors.

But individuals are not the only ones who are feeling the pinch of increasing taxes. From a Cahi nia newspaper we take the following figures showing the increase in taxes of the Santa Fe railway system, comparing 1912 with 1921.

The total taxes for the year 1912 amounted to \$4,438,000 and for 1921 the amount had grown to \$14,836,000. In face of these figures and the further fact that wages have been greatly increased during that period, is there any reason to expect a reduction in freight rates? The tax bill comes ahead of everything else just remember.

Bagpipes With Hills.

The bagpipe does not belong exclusively to Scotland but is found in many localities, but they are said to be peculiar to hilly country. A musician walking up hill generally gets out of breath and he needs an instrument which will play itself. The bagpipe does this by reason of the supply of air contained in the bag.

WATCH YOUR STEP.

Residents of Wayne county will do well to watch their steps and not commit an offense that will bring themselves before the bar of justice of the peace.

All justices have been notified by the superintendent of the Detroit House of Correction that the institution will henceforth charge \$1.10 a day for the board and keep of prisoners.

If, out of kindness or his heart, some justice should fine a culprit the usual \$10 and costs or ten days, and the fellow should elect to serve the ten days the village sending the prisoner would be out of luck.

To overcome this condition justices will, doubtless, add the price of ten days board to the costs and then tack on a good fine besides. In this way the fellows who pay their fines in preference to going to the work house will pay for the fellows who do not desire to pay or who cannot pay their fines and costs.

MRS. JAMES E. MASTERS DIED IN DETROIT.

Mrs. James E. Masters died at Grace hospital in Detroit Sunday night, after having undergone two operations. She was taken to the city about a week before and it was believed that an operation would relieve her of an ailment of long standing. Her remains were brought to this village Tuesday and taken to her home. The news of her death was received with universal sorrow by the people of this village by whom she was held in high esteem.

Clara Gregg was born at Riga on January 6th, 1873. On June 27th, 1895, she was united in marriage to James E. Masters, and to the union four children were born—two sons, Thauric and Ward, and two daughters, Arnetta and Pauline, who with her husband survive her. She also leaves her mother, Mrs. Gregg, two sisters, Mrs. Levi Teachout and Mrs. Ernest Jeager, and two brothers, Roland and Edward Gregg.

Funeral services were held Wednesday afternoon at her late home and were in charge of Rev. William Richards. Interment took place in Rural Hill cemetery. A wealth of beautiful flowers expressed the sympathy of her many friends.

"AFTER THE SHOW"

"A glowing romance of the stage—of those who make it and those who prey upon it. Of a girl who dreams of a future, an old man who dreamed of the past, and a rich young waster who wanted all of life—now! Every scene a thrill, a smile or a heart-tug."

"Dynamite" Steve Dorsey knew he was after a bad gang, for clean fighters do not shoot from ambush. Receiving a rose from the woman he loved, he crushed it in his hand; but that was because of the look he had seen in a man's eyes. A crooked sheriff in a somewhat lawless region can create almost intolerable conditions, but there is hope when there is a Texas Ranger or two around."

What Is God Like?

Since time began men have tried to picture that Being who made this wonderful world—the spacious universe around us—the infinite variety of forms everywhere.

The only possible chance for the Creator to express Himself to folks was to do so in a regular human life—he born—live and die, as others do. He did this very thing in the life of Jesus—son of the carpenter of Nazareth.

Jesus shows how very patient God is with men—waiting to aid them in their sickness—comfort them in their sorrow—welcome them when they come back from the husks of the far country—keep them if they want to stay good.

Jesus came to point out how large an investment God had in the folks of this world—what the principal amounted to and how much interest was expected.

It is evident that we cannot all be World Savors but it is our business to go out into the daily current of affairs and help keep the world sweet and clean and wholesome.

It's some job don't you think?

**SECRET ARMY
ALARMS PARIS**

FRENCH ASK BRITISH TO CO-OPERATE IN CURBING GERMAN MILITARY MOVES.

NEGOTIATIONS TO BE OPENED

Property Seized By France and Belgium in Ruhr Territory \$625,000,000.

Paris—The French government, alarmed at the growth of secret German military organizations, has asked Great Britain to co-operate in compelling Germany to respect the treaty disarmament obligations, it was made known here last week.

Officials stress upon the obvious futility of Germany's sounding out Washington or London about peace while the German attitude incites such happenings in the Ruhr and Rheneland.

Paris police last week arrested Herr Oellain, German deputy from Thuringen, who came here to attend a communist meeting of protest against French occupation of the Ruhr.

London—A dispatch to the Daily Mail from Paris says official or semi-official direct negotiations between Germany and France and Belgium will almost certainly be opened soon.

Berlin—A serious blow has been struck at the German plan of passive resistance by the general strike of the miners of the most important Upper Silesian mines, which endangers Germany's main coal reserves.

The workers claim that members of nationalist organizations smuggled themselves into the plants as workers and were terrorizing those who disapproved their political ideas.

At a special meeting they nominated a committee which asked the directors to dismiss the nationalist workers.

The directors refused and dismissed the members of the workers' council who submitted the request.

The workers walked out of the mines and sent an ultimatum to the directors demanding an immediate unconditional reinstatement of their representatives.

Berlin—Value of properties seized by the French and Belgians in the Ruhr and adjacent territory is estimated at approximately \$625,000,000 by the Prussian ministry of commerce.

The properties confiscated include mines, mills, coke ovens, benzol plants, forests and farms, but the estimate did not include the "intangible assets" such as unmined coal.

In gold marks the sum was estimated at between 2,500,000,000 and 3,000,000,000.

Director Holtze, of the finance division of the department of railways, estimated the value of the railways in French hands at from 25,000,000 to 30,000,000 gold marks.

INCOME TAX IS INSUFFICIENT

Interest On Public Debt Greater Than Amount Collected.

Washington—The nation's \$1,500,000,000 income tax bill for 1922, first installment of which was collected last week from about 7,500,000 individuals and corporations is insufficient by about \$76,000,000 to pay the interest on the public debt and the upkeep of the veterans' bureau, two of the immediate obligations arising from the World war.

Analysis of preliminary returns received by the treasury department and the budget bureau's estimates of governmental expense, shows the entire cost of running the government, less these two items, is to be met by revenues obtained from the tariff and miscellaneous internal revenue chiefly with receipts from other minor sources filling in.

Receipts last week indicate that the total to be collected by the government in income taxes this fiscal year will surpass \$1,500,000,000 by a few millions.

The effect of last year's reviving prosperity is hardly felt in this fiscal year's receipts. The reason assigned for this by treasury officials is that real prosperity did not start until the last three or four months of 1922.

Approximately \$100,000,000 in back taxes it is stated will be collected during the present fiscal year. The sum has been popularly stated in the neighborhood of \$300,000,000, but that figure, officials said is incorrect.

The higher sum represents collections plus assessment on tax sums going as far back as 1917 and many firms owing are already out of business.

Utica, N. Y.—Thirty-five years ago Elizabeth Elmer, now Mrs. A. K. Bailey, of this city, and Lewis Wallace were sweethearts. Seventeen years ago Lewis went west and made good. The other day Mrs. Bailey received word that a legacy of \$15,000 had been left to her by her former sweetheart, who died recently in California. Mrs. Bailey plans to leave soon to claim her fortune and expects to take up her residence on the fruit farm developed by Wallace.

It exempts every third son.

Little One Called Home.

Keneth Darwin, infant son of Mr. and Mrs. Carl Rorabacher, was born March 3, 1922, and returned unto his Heavenly Father March 15th, having lived to brighten and cheer this world for just one year and 12 days.

"The Lord hath given and the Lord hath taken" away. Blessed be the name of the Lord. His bright and happy ways will always be missed by those who had grown to love him so much. And now his sweet, tender young life has gone to brighten heaven, where he is as one of God's little angels. He leaves behind to mourn his death, his father and mother, grand-parents uncles and aunts, upon whose lives he has left a deep impress as one of God's little cherubs, sent to brighten our lives for just a little while. The kind Shepherd has just carried one of his precious lambs across the stream and the sheep will soon follow.

Our darling babe has gone to heaven. With the angels there to roam. Oh, we know, we will meet our little Kenneth.

In that everlasting home.

Death of Bedent B. Munro.

Bedent B. Munro, for many years a resident of this locality, died Monday, March 12th, at the home of his nephew, J. O. Munro on Grand River.

The funeral was held from the house at 2:00 o'clock Wednesday afternoon, conducted by Rev. F. Osborn. Burial at the Novi cemetery.

Bedent B. Munro was born in Southfield township August 16th, 1847, and when a young man married Miss Eve Burns of Southfield. One daughter was born to them. The deceased was a member of the Knights Templar of Northville. For a number of years he had been in poor health, but was only confined to his bed for two weeks. He leaves to mourn his death one daughter, Mrs. Orpha H. Carpenter of Baltimore, Md., also two brothers, Daniel of Saginaw and James of Ray, Ind. For a number of years past he made his home with his nephew, J. O. Munro.

A GREAT ARRAY OF TALENT.

Brilliantly, variety and a wealth of new faces will characterize the programs which are being arranged for the 30th annual May Festival to be held in Hill Auditorium, Ann Arbor, evening programs will be given with May 16, 17, 18 and 19. As usual four matinees on Friday and Saturday afternoons.

The University Choral Union of 350 voices under Earl V. Moore, acting conductor, the large Children's Chorus of more than 500 voices under the leadership of George Oscar Bowen and the Chicago Symphony Orchestra under Frederick Stock will participate. A special feature, and the announcement of which has startled conversant with music affairs over the country, is the bringing from London of the distinguished conductor-composer, Gustav Holst, for the purpose of conducting the American premiere of his own "Hymn of Jesus." Mr. Holst is recognized as one of the pre-eminent present day musicians of Great Britain. His American trip is causing much stir in London and New York City circles.

Another innovation will be the appearance for the first time in many years of a great violinist in a stellar festival role. Erna Rubinstein has been scheduled for this honor and she will be heard on Thursday evening in the same program with Mr. Holst.

Another instrumentalist of magnitude is Ernest Schelling, pianist, who will also make his first Ann Arbor appearance at the Saturday afternoon concert, playing his own variations.

For the first time in the history of Ann Arbor Festivals, with only two exceptions, all the vocal stars engaged are members of either the Metropolitan Opera Company or the Chicago Opera association and have been selected with special reference to the roles called for at the Festival. Florence MacBeth and Suzanne Keener are from the Chicago and Metropolitan organizations respectively. Jeanne Gordon, the eminent contralto of the Metropolitan Opera Company has had a wonderful career. Mabel Addison is a distinguished American "Bach" singer. She will be heard Thursday evening in a couple of favorite arias.

Two great opera tenors will be heard Benjamin Gigli, great star of the Metropolitan Opera Company whose work has been so profound and who, since the passing away of the great Caruso, has been placed at the head of the new Metropolitan list of tenors. His nights are always sold out.

Charles Marshall occupied a similar place with the Chicago aggregation. He will sing the role of Samson, which is one in which he excels.

Arthur Kiat, another tenor, is an American, who has made deep impression. He will join with Suzanne Keener in enriching the children's program Friday afternoon.

Giuseppe Danise, the distinguished baritone, and Clarence Whitehill, also a baritone, are both from the Metropolitan Opera Company. Danise will join with Florence MacBeth offering arias and duets at the Friday evening concert. He is one of the Amato type and never fails to receive an ovation. Whitehill is acknowledged to be the peer of Non in singing the role of the High Priest for which he has been selected.

Henri Scott who will also appear in the cast of Samson and Delilah has achieved great success will be a welcome visitor.

All the soloists are new to Ann Arbor with the exception of Whitehill, Scott and Marshall who have been heard before, but not in recent years.

NORTHVILLE PEOPLE SPENT PLEASANT WEEK-END.

Northville friends of Mrs. W. E. Ambler will be interested to hear of her week-end trip to Riverside, with her was her son, R. T. Ambler, wife and baby, and Mrs. E. M. Clarkson. They visited at the home of Mr. and Mrs. W. A. Ely, who are very pleasantly situated, and happy. A trip through the packing house where Mr. Ely is employed was enjoyable and instructive. One sees the Sun-Kist fruit from the time it is delivered in truck loads in field boxes until washed, graded and boxed and delivered in refrigerator cars ready for shipment. With Mrs. Ely they visited the famous Mission Inn, the Carnegie Library, and "China Town." Visiting Mr. Ely's own orchard we were presented with a large basket of the golden fruit. After good byes were said to "Bill" and family they motored home through orange groves and miles of roses. E. M. C.

TRADE AT HOME.

Communities grow in proportion to the support given them by their residents. You cannot boost Northville by trading elsewhere or placing business in other localities that could be placed at home.

Folks who try to save pennies oftentimes lose dollars. The home merchant is generally honest and offers honest values for your money. He can't afford to be otherwise. He depends for his living from the community and must give the community what it wants at a fair price.

When you are tempted to trade outside and purchase just as good merchandise at greatly reduced prices, you should think twice before buying. If you are "stung"—by your home merchant he will no doubt be glad to make an adjustment. The out-of-town merchant is not personally interested in you. He is intent on selling you this once and probably does not expect to sell you again. He does not have to take great care in preserving your good will.

More than owing it to your community to trade at home, thus keeping your money at home, you should give the home merchant first opportunity to serve you, from a sound economic standpoint.

The home merchant in Northville was given to the business firms of this village you would be surprised at their growth and expansion. They would have to expand to meet the needs of their customers, and the owners of these concerns would be justified in increasing their stocks. As it is the merchants and business men of Northville must cut their garments according to the cloth, to use a homely phrase, and they are compelled to curtail their stocks.

Why not adopt the slogan "Try Northville First" as your motto?

VETS HOSPITAL TO COVER MANY ACRES.

A Battle Creek dispatch says "Sixty pounds of blue prints in the safe of the chamber of commerce here tells the story of the plan of the federal government to start early construction of a million and a half dollar hospital for former service men suffering from nervous and mental diseases."

"On the open spaces west of here where Camp Custer sprang into a great contemner, the hospital, with its thirty buildings will spread over 500 acres. It is one of five which Congress appropriated \$3,000,000. The hospital building program is under the direction of the Veterans' bureau."

"Two miles east of the government hospital site is located the American Legion Roosevelt hospital for the care of tubercular former service men, with a capacity of 400 patients. The Veterans' bureau hospital will have facilities for the treatment of 500 patients."

"The government hospital unit will be built around what the blueprints call the 'main building'—a commodious two-story structure, winged, with general wards on one side and wards for 'disturbed' patients on the other. Directors' offices, rooms for various officers dining rooms, operating rooms, electro-therapy, electro-cardiograph, autopsy and dental rooms are in this building, as well as quarters for specialist treatment and minor surgery."

"At the west end of the hospital group will be located the cottage for tubercular patients, equipped with sleeping porches and the most modern methods of treating this disease."

"The recreation building will contain an auditorium to seat 400 persons, with a stage and projection room for motion pictures. Card and billiard rooms will open off the main lobby."

"There is a group of buildings for 'continued treatment' cases, containing large dry rooms on the first floor with wards above. Three separate buildings will provide accommodations for nurses, female attendants and male attendants. There will be separate structures for the vocational training shops, garage and repair shops."

Novi News.

The evangelistic meetings at the Baptist church closed last Sunday night with a good attendance. The free-will offering taken for Evangelist Miles on that day amounted to \$77. This gives some idea of the esteem in which he is held by the Novi people. So far as the writer knows everybody liked him. His messages were always scriptural and were given with no uncertain sound. About 35 decision cards were signed, but most of them were secured at the children's meeting held at the church after school. The pastor is continuing the children's meetings for the purpose of giving instruction looking towards church membership later. A baptistry is to be built into the church at once and we hope it will be needed often in the future. Regular services will be held next Sunday—morning worship at 10:30 Sunday school following; B. Y. P. U. at 7:15 and an evangelistic sermon at 8:00 o'clock.

LOCAL.

Truman A. Garfield has gone to Coldwater to visit his daughter, Mrs. Doris Hibbard, for a few weeks.

Mrs. Jane Sessions entertained a company of friends at dinner Wednesday evening, the honor guests being Rev. and Mrs. E. V. Belles.

Mrs. Helen Morris, township treasurer, made her settlement with the county treasurer and returned but a little over \$2,000 uncollected real estate taxes. All of the personal taxes were paid. Mrs. Morris has been a very efficient official and she has made a splendid record during the past two years.

Wednesday was Harold Bloom's eighteenth birthday and to enable him to celebrate the happy event in a fitting and appropriate manner Mr. and Mrs. Charles Bloom gave a six o'clock dinner to fifteen of Harold's young men friends. The dinner was most bountiful and the evening was spent as only a merry company of young men can pass the time away.

Wednesday night Northville's second basket ball team motored over to Walled Lake and enjoyed a game with Walled Lake's first team and strange as it may seem after the beating the Walled Lake fellows gave Northville some weeks ago, our "cubs" won the game, the score being 21 to 9. The Northville girls defeated the Walled Lake girls to the tune of 44 to 5.
