FRANCIS R. BEAL DIED IN DETROIT

The funeral services of Francis R. Beal were held at the Methodist church Sunday afternoon and a fine company of those who knew and honored the man were present to pay their respects.

Northville Commandery, Knights Templar, of which organization Mr. Beal was the second candidate knighted, was in attendance as escort.

The scripture lessons were read by Rev. William Richards and prayer was offered by Rev. William M. Ward. The hymns sung by the choir were favorites of the deceased. A beautiful rendition of "Beautiful Isle of Somewhere" was given by Miss June Finkus.

Rev. W. M. Ward, a former pastor, now of Wyandotte, related his

acquaintance with Mr. Beal during the period that ended in the Globe Factory fire. The principal funeral address was given by Rev. James E. Jackson, of Detroit, who came to Northville in 1878, and was a friend of the deceased all the intervening years. He spoke very sympathetically of Mr. Beal of the man—his hopes, his ambitions—his downright love for the home of his birth—his scholarship and his religious life. His tribute was exceedingly fine.

Francis R. Beal was born in Northville August 24th, 1836. He was brought up in the cabinet makers' trade and built some of the furniture with which he set up housekeeping in 1856, when he was united in marriage to Miss Sarah M. Ayres of Penn Yan, N. Y.

Mr. Beal was engaged in the hardware business from 1862 to 1873. In the latter year he organized the Michigan School Furniture Co. and

VILLAGE TO HAVE NEW FIRE ENGINE

To meet a pressing need, and to comply with the request of many citizens of the village, the village council at its meeting on Monday evening purchased a new fire engine and other fire fighting apparatus. Besides the new engine, which is known as type "E B" Ford engine, 400 feet of new hose was contracted for and a new Sterling electric siren, which will take the place of the old fire bell. The new fire truck is equipped with a tank and hose, ladders, buckets, pike poles, axes and all the necessary tools and equipment to properly fight a fire whether it is a small one or a large one. The hose will be carried in the truck and that will do away with the laborious efforts required in getting the old hose carted to a fire.

The outfit complete, siren and all, cost \$3,950, and the council is to be commended for its action in this matter.

CHURCH IN PROSPEROUS CONDI- TION

The annual meeting of the First Presbyterian Church, which was held on Tuesday evening following a bountiful dinner, was well attended and the reports submitted indicated that the past year had been a very prosperous one for the society, and all its various branches. Extensive repairs and improvements have been made in the church and the parsonage properties and they are in splendid condition. The sum of \$1,200 was contributed to benevolences during the year. The Woman's Union, the Westminster Guild and the J. U. Girls did a wonderful work during the year and to them belongs the credit for having redecorated the church and church parlors, repairing the parsonage and the new rugs, curtains, furniture and lighting fixtures.

Members C. C. Yerkes, R. R. Brown and D. B. Bunn were elected trustees.

NORTHVILLE BANKS ARE GROW- ING.

Reports of the financial condition of Northville's two strong banks appear in The Record today and they are very interesting reading, especially to those who are interested in the prosperity of this community. The total combined assets of the two banks was \$1,779,168.65 on Tuesday, April 3rd, the date upon which the statements were called for. The Lapham State Savings bank had a total of \$992,142.56 and the Northville State Savings bank had \$787,026.09.

These figures show a gain in the two banks since January 3rd, of \$71,216.67. These figures indicate our two banks are growing by leaps and bounds and as financial institutions cannot, by the very nature of things grow unless the communities in which they are located are prosperous the statements are a splendid indication of the growth of this section.

WON AT GRAND RAPIDS.

The high average five members of the Trolley Bowling League attended the bowling tournament in Grand Rapids last Friday and Saturday and they came home with some of the honors of the meeting tucked under their belts. The "team" captured second place, Messrs Harry German and John Clark won second in the doubles and James Woolley won first in the singles.

There were a large number of bowlers present and the meeting attracted a great deal of interest.

ENJOYS OLD HOME PAPER.

In renewing his subscription to The Record, George E. Hulls writes from Downey, Calif., as follows:

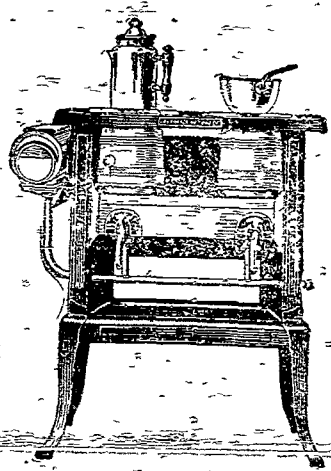

"We have lots of papers in California, but there are none that takes the place of our Northville paper. We surely enjoy the weekly arrival of The Record. We have had a fine winter out here and the country surely looks fine now as we have been enjoying a fine rain for the past week."

The many friends of Mrs. Augusta Murdock will be surprised to hear of her marriage at Highland Park, Saturday, April 7th, to a former resident of Northville, Mr. Alfred Whitehead of Detroit. Mr. Whitehead has gone into business here, and the happy couple are at home to their many friends at their residence on Randolph street.

White Goods Opening and Thirteenth Anniversary Sale

In April, nineteen hundred ten, we took over the T. J. Perkins Co. Dry Goods Store, which had been operating in Northville for about twelve years, as a first-class up-to-date establishment. We have never deviated from our original and continuous policy of offering to the public at all times, only the very best merchandise obtainable, and at the lowest possible retail price.

A very satisfactory business has been built up slowly and steadily along these lines until today the buying public has come to look upon our store as a trading place where dependable merchandise can be procured and where service to the customers is a big consideration. During our fifty-seven seasons of business in Northville we have learned quite well the tastes and wants of our customers and are now at the beginning of our fifty-eighth season of selling, in a position to handle every dollar's worth of business the buyers of this vicinity may choose to leave with us.

It is a very gratifying incident that whenever we advertise a sale or mention a special price on any line of merchandise, the response from the trade is so prompt and so sure that our customers believe that Ponsford's bargains are genuine.

To commemorate our thirteen years of business we have taken some time in collecting a galaxy of bargains for this anniversary event.

PONSFORD'S

NORTHVILLE, MICHIGAN.

from that time on he took a very prominent part in the school furniture industry. The first school desk with a curved back originated with Mr. Beal. Church seating was taken up soon after the company began business and many thousands of audience rooms were supplied with Northville made furniture.

Mr. Beal was instrumental in getting what is now known as the Pere Marquette railway through Northville. Mr. Beal held various offices in village affairs and was president for two years, 1870-1871.

In politics Mr. Beal was a staunch republican and could usually give a good reason for his belief.

Mr. Beal was a Knight Templar, past high priest of Union Chapter, No. 55, and past master of Northville Lodge, No. 186. He was the first master Mason raised by Northville Lodge, after the lodge was instituted, and he always took a keen interest in anything pertaining to the fraternity, and until his business cares permitted he was an active worker in the various Masonic orders.

As a member of the Methodist church he was constant in attendance to all meetings of the society and acted as superintendent of the Sunday school for more than 25 years.

This village owes a great deal to the business ability, foresight and the uprightness of Mr. Beal. He worked faithfully and under many discouragements oftentimes for the upbuilding of Northville and the news of his death was received with universal regret by the people of this section. Rich in life's experiences, blessed with a long life, which he had filled with kindly deeds, he has gone to his reward, and let us hope he is enjoying the companionship of Him whom he loved and served.

Mr. Beal is survived by a son and daughter, Louis A. Beal of Minneapolis, Minn., and Mrs. C. C. Chadwick of Detroit.

REFLECTS OF THE PAST

Dr. Jackson was showing us the other day a clipping which contains the following information of which most people are not aware:

"The first railroad in the Middle West was built in Michigan and ran between Detroit and Pontiac. The first section, extending as far as Royal Oak, was opened in 1833; and in 1839 it extended as far as Birmingham. It was not until 1843, however, that the Pontiac and Detroit line was completed. The first passenger coaches were divided into three rooms, benches being run lengthwise and passengers entering through doors in the center of the side. The rails were of strap or bar iron, spiked to wooden cross ties, but were so ineffective that they frequently broke, turned up and entered the cars, occasionally causing serious accidents. For this reason it was customary to sheath the bottom of the cars with iron as a special protection."

Among the relics Dr. Jackson also has two railroad demand notes one for \$20 and one for \$1 issued by the River Raisin & Lake Erie Railroad Co. which date back to about the same period. The company was capitalized at \$300,000, which wouldn't go far in building a railroad these days.

Dr. Jackson also has a well-illustrated pocket map of Michigan made by John Fairbank in 1844, showing section lines and topographical features. It shows a workmanship of the engraver than most modern maps. Milford Times.

TO EMPLOY ON ROAD.

The county road commissioners are getting ready for work on the Sutton road. The grade stakes have been set and the work of building the road will soon be commenced. The road is to be built of gravel and we understand is to be 30 feet in width. The highway will be built to the Washtenaw county line, where the road has already been improved. When this road has been completed, it will open up an artery of trade west of Plymouth that has hitherto gone elsewhere. —Plymouth Mail.

Lansing—Governor Alex. J. Groesbeck has signed both the bills passed by the legislature and sponsored by the state's dairy interests, one being the measure suppressing the sale of "filled milk," the other compelling the makers of skimmed-milk cheese to brand their product. Both measures will become effective July 6th, next.

Pontiac—Three new Oakland six-44 touring cars were delivered to Oakland county jail last Thursday afternoon for the use of Sheriff James S. Butler and his deputies.

Holt—N. Ward Taylor has been elected district vice-president of the National Congress of Merchants, an association recently organized to promote welfare work among retail merchants.

STATE NEWS IN BRIEF

Flint—Flint has been selected as the 1924 meeting place of the Michigan State Dental Association. Dr. J. H. Taylor, of Flint, is president of the association.

East Lansing—Fifty students of M. A. C. were driven out in the rain in their night clothing by fire in the Lambda Chi Alpha fraternity house. The building was partly destroyed.

Lansing—The bill introduced by Representative Richards, providing that county treasurers may be eligible for a third term, was defeated in the senate by a vote of 15 yeas and 17 nays, last week.

Bay City—John Pavlovak, 48 years old, formerly residing near Akron, died last week at Mercy hospital from injuries suffered when a load of hay, which he was hauling to this city, toppled over on him.

Corunna—Brushed from a freight car which he was stealing a hide, and crushed beneath its wheel, Ellsworth Strubbe, 9-year-old son of Albert Strubbe, of Corunna, was killed instantly last week. Three other legs escaped injury.

Dansville—Mrs. Peter F. Starr, of Dansville, President Paul Voelker, of Olivet college, and several state Sunday school officials were speakers at the fortieth annual conference of Ingham county Sunday schools held at Dansville last week.

Flint—Newman Erb, president of the Ann Arbor railway, who was in Flint last week, stated this road would enter this city. The new line will be part of a great system for the more rapid movement of eastern tonnage to the west, Mr. Erb said.

Battle Creek—A few hours after the burial of his son-in-law, James R. Burrows, 67 years old, died suddenly last week from heart disease at his home. The son-in-law, Thomas Phillips, was slain by bandits in Brooklyn, his body being brought here for burial.

Mendon—Falling across a revolving buzz saw, Lloyd Yeomans 17 years old met death last week at the farm home of Bert Taylor, two miles southeast of this village. The accident occurred as the men were quitting work for the day. Yeomans was trying to remove the belt from the saw when he slipped on the moist ground and fell.

Mansfield—The breeders of Dutch Jersey hogs of Calhoun county met at the county farm bureau office last week and completed an organization for educational and breeding purposes and sales of the rough bred stock. L. H. Houseman, Albion, was elected president, Alexander Brown, Homer, vice-president; George N. Stark, Burlington, secretary.

Petskey—An embargo on all freight not originating on the Michigan division of the Pennsylvania lines were ordered for the territory between Grand Rapids and Mackinaw City because of assimilation of freight at all points, due to storms. Railroad men reported sidings at all points between Mackinaw City and Grand Rapids are clogged with freight.

Flint—A sweeping investigation by the county supervisors into the lowering of the water last week in Thread lake many feet, with the result that thousands of fish perished under the ice, was predicted by the State conservation commission. The lake has been used as a propagation spot or breeding ground for many kinds of fish, including pike, black bass, blue gills and perch.

St. Joseph—Thomas Eadger, of this city, convicted last month in circuit court of murdering Willis J. Handy, wealthy Benton Harbor potato dealer, was sentenced to life imprisonment in the Marquette penitentiary, last week by Judge Charles E. White. The murdered man's body was found in the St. Joseph river, with a 40-pound stone tied to one ankle by a length of fishing twine.

Albion—Zelon Lake, of Jackson, whose death occurred suddenly in Jonesville, Hillsdale County, last December, two hours after a dinner party at the home of Mrs. Lee McCarty, and whose body was exhumed at Marengo last month to allow a State chemist to analyze the stomach died of poisoning, according to the chemist's analysis. C. M. Markle, coroner, of this city, announced last week.

Whitehall—The big runaway balloon, which broke away from two Army officers at Plano, Ill. last week, after they had descended to make repairs, dropped into Lake Michigan two miles off shore here. The bag was towed to shore by the White Lake Coast Guards and a fishing tug. The balloon started on a trial trip from Belleville, Ill., in charge of Maj. Rush B. Lincoln and Maj. J. D. Readon.

Grand Rapids—Crawling on his hands and knees, with a watersoaked towel over his face, Boyd Blackall, 16 years old, last week rescued Leonard Van Singel, 4 years old, when the child was lost in the smoke-filled home of his parents, Mr. and Mrs. Leonard Van Singel. Blackall, called by Leonard's small brothers, when they discovered their home had caught fire during their parents' absence, crept through three rooms before he found the unconscious child under a bed. He dragged him to the door, but was overcome himself.

DR. ROBERT B. HARKNESS

State Commander of the American Legion—Who Plans Children's Billet for 'Children of Deceased Veterans'

LEGION TO OPEN ORPHANS' HOME

STATE COMMANDER HARKNESS
PLANS NEW INSTITUTION
NEAR OTTER LAKE

CHILDREN ARE TO BE ITS GUEST

A Children's Billet for the orphans of Michigan's veterans of all wars will be the great constructive work of the American Legion in 1923, according to Dr. Robert B. Harkness of Houghton, state commander.

This home will be located at Otter Lake, a beautiful site near the corner lines of Genesee, Lapeer and Tuscola counties. It will be as different from the usual child "institution" as is the American Legion hospital for tubercular veterans at Battle Creek. Legion officials say

Want It To Be Feal Home.

Dr. Harkness, as official chairman of the committee, wants the billet to be a real home. The children there are to be regarded as the guests of the Legion, which will thus serve its comrades who have gone West. So far as possible, the mothers of the children will be assisted, it is planned to afford some of them employment at the home itself.

The Legion itself will take care of the finances of the home from its own funds. It has been successful in obtaining a suitable site and building by several Legion posts and philanthropic individuals, and it plans also to receive memorial contributions from men and women who lost sons or other relatives in the Great War. These funds, however, will be put to special purposes and the general expenses, according to Dr. Harkness, will be cared for by the Legion itself.

Was Formerly a Sanitarium.

The grounds and buildings for the proposed home were formerly used as a sanitarium. The grounds are ample and the buildings of far better than average construction. Broad shady spaces afford excellent play spots for the children.

"The Legion's greatest task," says Commander Harkness, "is to care for its disabled comrades, and for the children and families of the men who made the supreme sacrifice. Our hospital for tubercular patients at Battle Creek is our answer to our first duty and the orphanage at Otter Lake will fulfil our second one."

Plans for opening the home are not yet complete but we want the names of any orphans of veterans whom we can help.

MICHIGAN 'HOMESTEAD' LAND DECLARED UNFIT FOR FARMS

Much newspaper space national, state and local has been devoted to the splendid opportunity for home stead offered to ex-service men up on land recently opened by the federal government in the State of Michigan.

A few weeks ago the following warning was issued from Lansing against too great optimism over the glowing reports on "homestead" lands.

"A warning to former service men not to make entry upon land opened for homesteading by the federal government in Otsego, Cheboygan Roscommon, Crawford, Montmorency, Cgemaw, Presque Isle, Oscoda, Isosco, Aicoma and Alpena counties until an investigation has been made is issued by L. Whitney Watkins, new head of the state agricultural department. The government recently opened 6,732 acres in these counties as possible homesteads for ex-service men. Mr. Watkins' statement cautions them that for the most part these lands are unfit for agricultural purposes and that the land should be seen before entry is made.

"It will be the unvarying attitude of the state department of agriculture," Mr. Watkins says, "to protect the innocent settler from taking up lands within the state that obviously is unfit for agricultural purposes."

Mr. Watkins is well informed with regard to land in the State of Michigan. His warnings should be heeded by all ex-service men contemplating entry upon the land in ques-

A district convention of the Epworth League will be held at Ann Arbor April 27 and 28, for which a very interesting program is being prepared.

Miss Elizabeth Beard, who is home from the U. of M. for the spring vacation, brought with her as house guests Miss Ruth Howell of Washington, D. C., and Miss Rosalie Frenger of New Mexico.

The King's Daughters will hold their regular April spread on Tuesday, April 17th, at the home of Miss James Vandyne. Supper at 5:30 p. m., followed by the regular meeting. Please bring the usual dishes.

The party given by the Juniors of the High school last Friday evening was one of the most enjoyable affairs of the season.

There was a large attendance and the dancers made merry until after midnight. The young people in charge of the function worked hard and their efforts were crowned with success. The gym was handsomely decorated and the music delighted all who were in attendance.

Mr. and Mrs. Sam Sassanelli received the sad news last week that Mrs. Sassanelli's uncle and aunt Mr. and Mrs. Charles Johnson of Angola, Indiana, had lost their lives in a fire which destroyed their home. An incubator lamp in the cellar exploded, setting fire to the residence. Mr. and Mrs. Johnson visited in Northville a few weeks ago and the news of their tragic death was a great shock to those who made their acquaintance.

Tuesday morning's snow storm was a surprise to Northville people. At seven o'clock the ground and trees and shrubs were covered with a mantle of purest white. Some were heard to remark they never knew of a snow storm so late in the season, evidently having forgotten the one that visited all sections of the state on April 16th, 1904. At that time Northville was also covered with "the beautiful" to the depth of two or three inches. It did not take long for the snow to disappear, however.

Mrs. A. H. Smith, mother of E. L. Smith of this place, died at her home in Brighton last Saturday after an illness of four weeks. The funeral services were held Tuesday afternoon from the Wesleyan Methodist church in Brighton. Besides Mr. Smith she is survived by a daughter, Mrs. Edna Sellman of Brighton, two brothers and four sisters—Arthur Carpenter, Brighton; and George Carpenter, Wixom; Mrs. Warren Parker, Mt. Clemens; Mrs. John Crawford, Battle Creek; Mrs. Homer Renwick, New Hudson, and Mrs. Charles Everett, South Lyon.

From the Atascadero, Calif., News, we take the following which will be of interest to Record readers: "An automobile party touring California stopped off at Atascadero Tuesday to go over the buildings and visit the Estates, and were delighted with all they saw, stocking up with literature, pumpkin flour, etc., to take to their less fortunate friends. The party consisted of Mrs. Ada E. Ambler of Northville, Michigan, Roy Ambler of Pasadena, Mrs. Eva Clarkson of Arcadia, and Mrs. Ida E. Joslin of Detroit, Michigan. Mrs. Joslin holds the honor of being a Past Grand Matron of Michigan Grand Chapter of Eastern Star, and took great pleasure in calling upon Mrs. Margaret Hyde, the worthy Matron of our local Chapter."

NORTHVILLE, MICH., APR. 13, 1923

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1897, for the week corresponding to this week.

Mrs. Ed. Green has moved to Pontiac.

O. C. Burkhardt and wife of Chelsea visited here last week.

Born to Mr. and Mrs. T. E. Murdoch, April 3rd, a girl.

Mr. Benbrook returned last week from several weeks in Texas.

Fred. Smock, father of Charles Smock, lies very low with paralysis.

Miss Bethel Whittemore of Milford was the guest of Mrs. A. C. Kerkes last week.

Mr. and Mrs. Dingman are moving from the village to their farm north-west of the village.

Mr. and Mrs. F. D. Adams have returned to Northville from Detroit to again become permanent fixtures in our village.

Rev. Paul Rinehart of the Northville German Lutheran church and Miss May Adams were married on Wednesday of this week.

The school board has rendered the position of superintendent of the Northville schools to Prof. J. B. Gilbert of Inlay City.

Fred. Fern has leased the Butler barn near the opera house, but it is understood that he will not occupy it, at least not for the present.

Mrs. Mattie Vernon has moved here from Detroit and opened a dress-making parlor in the Willis residence just west of the Methodist church.

It is expected that the town and village boards get together and purchase a new crusher early which to better the roads in the village and township.

THE REMODELED BAPTIST CHURCH REDEDICATED.

Sunday was a very important day in the history of the Baptist church, an occasion on which has observed many important days during its existence. The day had been set apart for the rededication of the remodeled church and the services of the morning and evening were of more than usual interest and import. The new pipe organ recently installed, was used for the first time. L. F. Mince officiating as organist in the morning and Mrs. John T. Hahn in the evening. In addition to the usual program for the morning service Mrs. C. W. Taylor sang a solo. W. H. White gave a very interesting history of the church and society. Rev. Herbert Greenwood, a former pastor, gave a brief address and Rev. J. E. Smith of Lansing, state superintendent of Baptist missions, gave the sermon which was presented in a forceful and entertaining manner. In the evening the church was filled to its capacity the other churches of the village uniting in the service. Miss Doris Kaler sang an illustrated song. Rev. H. C. Savas of Plymouth offered prayer and gave a very interesting address paying a very fitting and worthy tribute to the women of the church. Rev. William Richards read the scripture lesson and brought greetings from the Methodist church. The Presbyterian and the male quartet composed of Messrs. J. N. and Wayne Vandyne, C. H. Bryant, C. Ray Van Valkenburgh, sang two numbers, which added greatly to the pleasure of the service, and Rev. J. E. Smith delivered the sermon, which was listened to with closest interest by the large audience. Congregational singing of old familiar hymns added to the enjoyment of the service and Pastor MacRae was able to make everybody sing, even to force the four pastors present to sing one stanza as a quartet. The church presented a very attractive appearance and its beauty was enhanced by the addition of many potted plants and cut flowers. The expense in connection with the improvements has reached about \$4,000 and when this has been taken care of other improvements will be made, among them being an addition on the north side of the church to be used as a social hall.

The Baptist people are to be congratulated upon their efforts and the re-modeled edifice is a credit to Northville.

Plymouth talent will present "Nelly Bawn," a four-act comedy, at the Alseium theatre on Wednesday night, April 25th, under the auspices of the Epworth League of Northville. Keep the date in mind and plan to enjoy the entertainment.

BAPTIST CHURCH NOTES.

We are very grateful to all who helped make our opening such a big success.

By request, the illustrated sermon on the life of Christ, will be repeated on the 25th of this month.

A beautiful scene copied from Heinrich Hofman's "Baptism of Christ," has been painted in oil on the walls of the baptistry. It must be seen to be appreciated.

In the near future the pastor will deliver a series of sermons on the genuineness of the Bible.

The boys' class will hold its class meeting in its room in the church, Friday evening at 7:30.

METHODIST CHURCH NOTES.

"God's Care" will be our morning meditation at 10:30 next Sunday. This will be the third and closing series on this all important theme.

The Sabbath school meets promptly at 12:00 o'clock. We are encouraged as we reviewed the work of the school last Monday evening, yet there should be no standing still. Every adult member of our church should be in the Sabbath school.

With an enrollment of two hundred and ten we should have an average attendance of one hundred and seventy-five. Let us reach that goal and then realize the blessing of God. If we will become "trolley" in the church in place of "trailers" we will be blessed.

The Epworth League is at 6:30—let us rally around its leaders. There are vacant chairs yet to be filled, and the leaders, Marie and Ursula, are anxious to win their cause.

The evening worship is at 7:30 with a gospel message on "Salvation," the text being Acts 4:12.

The choir needs no boost, they are efficient in every service, and will be next Sabbath. Come and worship.

Remember the Sabbath day to keep it holy. This is God's law and we be to the man that breaks it.

The W. H. M. S. will hold its monthly business meeting at the home of Mrs. Richards next Tuesday. As it is the major opening we hope to see a good attendance.

CHILD DIES AFTER SHORT ILLNESS.

The funeral of the little child, Mary Alice daughter of Mr. and Mrs. L. C. Leavenworth of Royal Oak, was held at the home of Mrs. Leavenworth's sister, Mrs. Arthur Lutenberger on Randolph street Sunday at noon. The father was visiting his parents at Novi when the little child contracted pneumonia with croup and died after two days' illness.

The funeral services were conducted by the Rev. William Richards and burial took place in Rural Hill cemetery.

OBSERVED TWELFTH ANNIVERSARY.

Judge Arthur Gordon of Detroit was a guest of the Northville Exchange club on Wednesday and gave a very interesting talk, taking the motto of the Exchange "Unity for Service," as his text. He complimented Northville very highly and urged all present to work for its upbuilding and improvement. Next Wednesday, night the club will receive its charter and its emblem, the presentation to be made by Hon. H. S. Larie of Detroit. On the 25th the members will be guests of Dr. Walker at the Sanctuary for luncheon.

Wednesday was the twelfth anniversary of the organization of Exchange club movement. On April 11th, 1911 a number of Detroit business men met and formed the first club and from that meeting the idea has grown until today there are many clubs in various cities of the country. The management of the Ambler House served a most appetizing luncheon and the table was graced with handsome birthday cakes bearing twelve lighted candles.

Don't fail to see "Molly Bawn" at the Alseium theatre on April 25th. —Adv.

"JUST TONY"

A story of Mike's Famous Horse Tony. He was a horse of mystery—wild, determined, and the leader of his herd of desert mustangs. By night he wrought vengeance on man for the cruelties of his brand and incarceration. He opened corrals and liberated the enslaved horses, he trampled fields of grain and destroyed their fruitfulness; he fought mankind with the mute truculence of a mistreated animal and was victorious. Then he encountered a different sort of man, a man who used neither whip nor clinking larat.

A BOYISH DREAM FULFILLED at the EGYPTIAN THRONE

Joseph—the of the many colored coat—was virtual ruler of Egypt 120 years before time.

The favorite son of the old patriarch Jacob had a dream—its contents offended his jealous brothers and the lad was sold into slavery.

Having unusual ability this Jewish youth made a place for himself in his new home and won distinction among the courtiers of Egypt.

To meet all emergencies in a kingly way was the uppermost thought of Joseph.

He had no sore spots when his brothers had come to Egypt for food in the famine years.

A mighty good character to study—excavate a little of your time Sunday noon to spend with us in viewing the life of Joseph—the dreamer.

To meet the demands of the public and to meet the competition of surrounding picture houses, I have decided to open the Alseium Theatre on Sunday Nights, beginning with April 15th. This action is not entirely of my own choosing, because I would much prefer to close on Sundays as I have in the past, but a great many people in this vicinity, regular patrons of the theatre, go to other towns on Sunday nights to be entertained with pictures. To meet this demand I have decided to book attractions of a high order for presentation on Sunday nights in the future.

Act Quickly

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger, Doan's Kidney Pills are most effective. Ask your neighbor.

Plenty of Northville evidence of their worth. Dell Westcott, Butler, avenue, Northville, says: "I have used Doan's Kidney Pills on different occasions when suffering from disordered kidneys and they proved to do just as represented in my case. My work in the scale factory is hard on the kidneys, owing to being so much on my feet without any rest whatever and this put my kidneys out of order. I had to lay off work for days at a time, as my back was so lame and painful and now and then, I became dizzy-headed. Doan's were recommended to me; so I went to the Northville Drug Co. and got two boxes. After using Doan's my troubles left me."

Price, 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Westcott had. Foster-McBarn Co., Mfrs., Buffalo, N. Y.

MICHIGAN DEVELOPS FIRST CENTURY SIRE.

Michigan's first "Century" sire, and the only living animal of this distribution in America, was officially honored last week, when Maple Crest Korndyke Hengst, pure bred Holstein, achieved the distinction of having 100 daughters accepted for advanced registry.

There are only a few of these "century" records in the country.

Maple Crest Korndyke Hengst, a R. O. daughters ran to 103 when official records or advanced registry work were given out last week by the dairy department at the Michigan Agricultural college, under whose supervision the work is carried out in the state.

To qualify for advanced registry, a cow must make a record of ten pounds of fat in seven days as a two year, or from this figure up to sixteen pounds at advanced ages.

The new Michigan "Century Sire" is owned jointly by D. D. Aitken of Flint, former president of the American Holstein Friesian association, and W. L. Westworth of the Battle Creek Sanitarium, who cooperated in the ownership and use of the animal.

REPORT AGAINST THE PROFIT EERS.

The "sky-rocketing" of sugar, the alleged control of oil, and the exorbitant charges imposed upon the American public for coal, cause people to wonder whether all the regulatory legislation with reference to these basic commodities, is worth the cost.

The people are just emerging from a winter during which they had to pay prices for coal that soared beyond the heights reached during the war, and for inferior coal in many cases.

What is to be done about it? Industry is being consolidated everywhere, and the result is that many cases a handful of men are able to fix prices.

The efforts of the government seem to be centered upon preventing them from doing so. Rules, regulations and laws are multiplying, all defining illegal methods of combinations and practices that are in restraint of trade. But none of these laws prevent the dominating factors in the different industries from "talking it over" at lunch, or with an after-dinner drink, and settling the matter with the fumes of black cigars.

The government can break "illegal agreements," but it can seldom reach a "gentlemen's agreement." A radical alternative has been broached in the shape of government regulation of prices in certain instances much in the same way that prices or transportation rates are fixed.

"MOTHER GREELEY."

Ann Arbor, Mich., March 30—Got time to sew on a button, Mother Greeley?

"Surely, come on in." A lady collegian entered and, being nearly double while the loose button was sewed on his coat.

After he had gone, Mother Greeley picked up the collegiate-looking sock she had been darning and resumed her work.

"They call me Mother Greeley," she said "I sew on shirts for them, wash out a shirt once in a while when their laundry is delayed, and darn their socks—which is no small job," she added with a smile, as she held up the tattered specimen in her hands.

"But I enjoy it all," she continued. "The boys take the place of my son who died in France."

"Mother Greeley owns a student rooming house a block from the Campus. But it is more than a rooming house, and she is more than a "landlady." With the various small kindnesses and the many large ones that she lavishes on her "boys," this gray-haired widow has given them a real home-away-from-home.

But she has also raised a memorial to her own son, who was a student in the University of Michigan before he went to France, where he was killed, in 1918.

Preserved for All Ages.

All that mankind has done, thought, gained or been—it is lying as in magic preservation in the pages of books—Carlyle.

LOCK OF RUHR CANAL BOMBED

WATER TRAFFIC IS BLOCKED BY SABOTAGE SYSTEM PERILOUS

FRENCH AND BRITISH IN DISKOR

Buffer State Likely To Be Estao. Ruthless Ejections. Charged at Euren.

Essen—The explosion of a time bomb destroyed the lock of the Dortmund-Ems Canal near Herne. The canal was blocked, seriously interfering with the complicated inland waterway traffic in the Ruhr.

This is the most serious case of sabotage yet reported on the Ruhr waterways. The lock that was destroyed is near the junction of the Dortmund-Ems canal with the main canal that runs down to the Rhine at Duisburg and Ruhrort, where the largest inland port in the world is located.

The intention of the dynamiters apparently was not only to block the canal but drain the water from the main Rhine-Herne canal which is the main waterway artery of the Ruhr.

The French say this main canal has not been interfered with, as the locks on both sides of the one which was dynamited were closed immediately after the explosion to prevent the draining of them.

Ruthless Ejections Charged.

Frankfort-on-Main—French Spah (Algerian) troops ejected 106 families within ten minutes from their dwellings in the German railwaymen's colony at Euren, near Treves, according to reports from German quarters. The Germans claim the evictions were carried out with unusual ruthlessness, the troops going about with their rifles and sabres ready for action and often striking or shoving the inhabitants in order to accelerate the evacuation of the buildings.

London—It was reported in German circles that Louis Loucheur told Premier A. Bonar Law that, if Great Britain would consent to the establishment of a buffer state in the Rhine land, France would accept the British reparations proposals rejected during the Allied conference in Paris during February.

Two Killed at Meme.

Berlin—Two persons were shot to death and three others wounded by Lithuanian soldiers at Meme, during an outbreak of disorders in that city said a dispatch from Koensigsberg.

A tense situation exists with the Germans and Poles opposing the Lithuanian administration of the city.

RUHR PEACE TERMS ANNOUNCED

France and Belgium Agree On Details of Evacuation.

Paris—The terms which the French and Belgian governments hold at Germany's disposition, it has been announced, are as follows:

1. So long as the German resistance continues the continental allies will continue in full occupation, will blockade the Ruhr and the Rhineland and will accept no mediation and open no negotiations except openly and officially with the German government itself.

2. If the resistance is interrupted the blockade will be relaxed, but the occupation will be continued.

3. When Germany is ready to co-operate with the powers' specialists for the resumption and development of reparations payments the power will progressively evacuate the Ruhr.

4. France's minimum reparations terms are still those of the January allied conference, namely, for France alone, regardless of what the other allies now claim, 26,000,000,000 gold marks in A and B or interest-bearing bonds, plus enough C, non interest bearing bonds, to compensate the French debt to Great Britain and the United States.

5. Finally before France and Belgium evacuate the entire Rhineland they will insist on the permanent neutralization of this region.

MINIMUM WAGE LAW INVALID

Supreme Court Rules Against Act to Fix Pay of Workers.

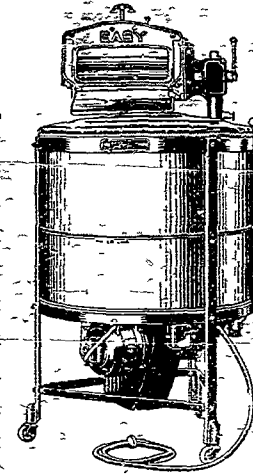

Washington—The minimum wage law, by which congress sought to regulate the minimum wages to be paid women and minor girls in the district of Columbia, was declared unconstitutional Monday by the supreme court.

The constitutionality of the District of Columbia law has been attacked on the ground that it abridged the freedom of contract for personal services, and therefore was beyond legislative discretion. It was defended as a police regulation to promote public health and the safety, morals and welfare of the people. The court of appeals, after once sustaining the law had ordered a rehearing, and then reversed itself.

Monday's decision was made by a divided bench, with Chief Justice Taft and Justice Sanford and Holmes dissenting, and Justice Brandeis taking no part in the proceedings.

What Every Woman Should Know

About Elec. Washers

The reason why washing machines are built is primarily because they save work.

In choosing an electric washer, therefore, it is important to investigate its labor-saving features, with a view to determining which machine, of all the different makes, actually saves the most work.

It is this that we ask you to keep in mind—when you investigate the EASY—the electric washer with ten-sheet adjustable capacity, four-way wringer and gas heater attachment. These and other noteworthy advantages combine to make the EASY, in our judgment, the greatest labor-saving washer on the market today.

It costs you nothing to have a demonstration of the EASY in your home with your own washing. Just telephone us.

Enuresis (Bed-Wetting) and Enuresol Tablets

Incontinence of urine in adults commonly known as bed wetting in children is more common in boys than in girls. Incontinence or bed wetting has been considered incurable when it persists beyond maturity.

Incontinence of urine is more common in children than in adults. Constant frequent urination, loss of night sleep, and other symptoms are common in children.

Enuresis may be caused by parasites, the retention of a large amount of urine, as in diabetes, calcium deficiency, gastric, intestinal worms and cold sleep, dreams or gastric disturbance.

It is claimed by many people that bed wetting will be outgrown. This is true to a certain extent, but the majority of cases are not cured.

ENURESOL TABLETS removes the cause of such bed wetting in only a few days.

This theory has been proven correct by the uniformly good results obtained with ENURESOL TABLETS in adults and children. The following typical cases from our records show, names of which have been furnished upon request.

R. D. Minnesota, Girl, age 14—wets bed almost every night. Her parents tried many treatments, medical and mechanical without benefit. Her parents began to use ENURESOL TABLETS she stopped wetting the bed, but continued the treatment six weeks longer and she has had no return of the trouble since.

R. G. "Werne, Michigan". Four 11 years. Three years ago his mother ordered four boxes of ENURESOL TABLETS and four months later reported the boy had not wet the bed for six weeks, and since reports the trouble has not returned.

Mrs. W. Milwaukee, Wis. Age 41 years. Had never had a full night's sleep having to get up four to eight times a night. Visited Hot Springs, mud baths, sanitariums and was operated on in two different hospitals without benefit. Six weeks of ENURESOL TABLETS completely cured three years ago, and has had no return of the trouble since.

E. J. Minnesota, 75 years old. Is no longer interesting. For over 25 years F. J. suffered with incontinence of urine day and night. As he grew older the trouble increased, having to pass water every four or five hours. Had a stroke of paralysis which rendered the trouble to such an extent that only a few drops of blood were excreted. He was treated by a doctor, who suggested to suspect cancer of the bladder. Being placed on ENURESOL TABLETS the trouble disappeared in twelve hours and he had a good restful sleep the night, and fully recovered his health in the next three months. Mr. F. J. is now 85 years old and at last report was still alive and well.

It is important to regulate the diet, and overeating, coffee and acid foods should be used sparingly. ENURESOL TABLETS are absolutely safe and harmless, being a tonic for the kidneys, bladder, and nervous system. It is dependable for weak, nervous, restless, slow growing, languid children. A fair trial of ENURESOL TABLETS will convince you of their value.

Miss Lulu Becker of Pontiac was a recent visitor at the Tremper home. The Legion minstrels will be repeated this evening. Get your tickets early.

Mr. and Mrs. Charles Dingman of Owosso spent Sunday with Mr. and Mrs. H. S. Green.

Helen Biery of Ovid has started to school and will make her home with Mr. and Mrs. George Groth.

Mr. and Mrs. George Groth, who have been at Plymouth for the winter months, have returned to Northville.

Mr. and Mrs. George Neal of Orion were guests at the G. H. Baker and F. S. Neal homes over Monday night.

Mr. and Mrs. T. F. Payne, who spent the winter months in Florida, returned home last week Wednesday.

Read Schrader Brothers' announcement this week. You can both make and save some money by doing so.

The Foresters will enjoy a pot-luck supper after their regular meeting next Friday evening and a good time will follow.

The Rison Creamery bowling team of Detroit won third place in the tournament which closed at Milwaukee last week.

Eake Orion is to have a summer chalet this season, opening in July and continuing until sometime in August.

Fellowship Chapter, Order of DeMolay, will receive into the order several candidates on Thursday evening, April 19th.

Boys, to Mr. and Mrs. G. T. Barry (Nellie Erydi) of Monroe, a little daughter on March 30. Both mother and baby are doing well.

The Juniors of the High school will present a play at the Alseum theatre on Wednesday night of next week, entitled "Safety First."

Mrs. W. M. Nelson returned the first of the week from the East where she spent a few weeks with her parents and other relatives and friends.

Manager Thompson of the Alseum theatre has purchased two new picture machines and he is negotiating for the purchase of a pipe organ for his play house.

Plans for the Easter party to be given at the High school gym on Saturday night are being perfected and a good time may be expected. There will be good music and a pleasant social time.

An especially high-grade collection of pictures will be presented to the patrons of the Alseum theatre during the next few months.

Manager Thompson has booked some of the very best pictures to be secured.

Mrs. L. F. Eaton has returned to her home in Northville and expects to spend the summer here. Her sister, Mrs. Burns, who has visited at the Eaton home in the past, is with her and will remain for an indefinite time.

The secretary of state has apportioned the automobile license fees among the several counties of the state. Oakland county will receive \$96,563 and Wayne county's share will be \$796,545.

The dates for Northville's three day chalet this year are July 11, 12 and 13. A fine program has been arranged for the three days and nights and an outline of which will be published next week.

Mr. and Mrs. Clyde Vanatta of Leadville Colorado, are visiting relatives and old friends in Northville. When they return they will drive home a new Star automobile which Mr. Vanatta purchased for a neighbor.

It did not take long to sell all the seats on the main floor of the Alseum theatre for the Legion minstrels. Tickets were placed on sale at nine o'clock and by ten o'clock the entire first floor had been closed out. To accommodate those who were unable to secure tickets for Wednesday night's performance it has been decided to repeat the show tonight—Friday night.

On April 7th the Northville Loan & Building association opened its 125th series and many new accounts were started. All the funds secured by the association are loaned on Northville real estate, either to buy homes or to erect new ones, and every resident of the village ought to be interested in its success. The association provides a splendid place for the investment of idle funds.

Rev. and Mrs. H. J. B. Marsh of Tecumseh were Northville visitors Tuesday and took dinner with Mr. and Mrs. J. W. Kator. The church at Tecumseh suffered from a fire last December and some extensive improvements and alterations are being made in the building and its furnishings. Mr. Marsh came especially to confer with the Globe Furniture & Manufacturing Co. relative to some new furniture.

C. A. Ponsford has inaugurated a sale this week in commemoration of the thirteenth anniversary of his business career in Northville. During the years which have passed since Mr. Ponsford purchased the Perkins stock the store has enjoyed a steady increasing trade and the people of this section have learned to depend upon the quality of the goods offered by the Ponsford store. His announcement in today's paper is interesting reading.

NORTHVILLE SCHOOL NOTES

The Jhop, one of the prettiest parties of the season, was given in the High school gym last Friday night. The music by Finzel's orchestra was exceptionally good and the decorations, French blue and silver gray, (class colors), were admired by all. A great deal of credit is due Mrs. Larkins, Ada Ely, president of the Junior class, and to Ruth Yerkes, Ruth Atchison, Starr Northrop, Carlos Hall and Harry Lyke for the splendid success of the party. The committee desire to express their thanks to Mrs. Carl Ely and Mrs. D. P. Yerkes for kindly preparing and serving the punch which was so much enjoyed by the merry dancers. Also to the Pastime Dancing club and the American Legion for their splendid operation.

The Juniors held a very enjoyable party at the home of Edmund Yerkes Monday evening. Hot buns, maple syrup, roasted wienies and beef steak constituted the menu which was served in the sugar bush.

Don't forget the Junior play next Wednesday, April 18th.

At this writing keen rivalry is still existing between the Junior and Sophomore classes over the Annual contest. Each class has turned in about \$200 in advertising and tickets.

This features the complete success of the book from a financial standpoint.

Bookkeeping (I) class is working on July 8 set V. Bookkeeping (II) class is working on set VII of Retail clothing business using the favorite cash journal.

Of the weekly minute dictating test given Wednesday, April 11, the following wrote:

BURGARS VISEF NOVI DEPOT.

Someone during Saturday night burglars it is believed there were three of them forced an entrance into the Pere Marquette depot at Novi and made away with considerable merchandise probably \$300 worth, a sack of first-class mail and a sock containing parcel post mail.

Enticement was gained by breaking in the door. The cash drawer in the office was broken open, but the visitors did not succeed in getting any money.

The fellows came in an auto and made their get-away without being discovered. The night's mail is placed in the station and remains there until the following morning, and of course the Saturday night's mail was left there until Monday morning.

As soon as the burglary was discovered the matter was reported to the officers and the railway detective.

NOVI NEWS.

This meeting called at the town hall last Thursday night by the members of the Nova consolidated school district board failed to elicit the interest of but one resident of the township who opposed the proposition submitted by the board. J. D. Hazen was present and was interested in the figures presented by the board relative to the cost of the school building and the maintenance of the school. State-ments were presented from residents of the townships where consolidated schools have been established and in every instance they were in praise of the plan. Figures showing the expense of operating some of the schools were also given. The local board presented the following figures showing the tax rate necessary for Nova township if this project should ultimately be adopted by the people of the township.

The assessed valuation of the district is \$1,876,439. Bonds of the district can be sold now for 4 1/2% interest and to raise the sum of \$135,000 by a bond issue and to retire the bonds in fifteen years with interest would require an average yearly tax rate of \$6.77 on each one thousand dollars of valuation.

Valuation	Rate	Total
\$1,876,439	\$6.77	\$127,036.80
100,000	6.77	677.00
200,000	6.77	1,354.00
300,000	6.77	2,031.00

It is believed that an additional tax of \$8.23—making a total of \$15.00 per thousand valuation—will be sufficient to maintain the school. This additional \$8.23 would raise a total of \$15,443 for school purposes. The district will receive state aid, to the amount of \$3,000 and the primary school money will amount to \$2,800 as a present appropriation. This will make a total of \$11,243. The estimated expense of operating the school is approximately \$20,500.

Novi could raise an amount equal to the amount being expended for the Walled Lake school at tax rate of but \$13 as compared with \$22.70 which preserves the tax rate at Walled Lake. It is believed that the \$135,000 will buy the site, erect the building and buy the five busses necessary to convey children to and from school.

EDDIE CANTOR IN "MAKE IT SNAPPY"

Fresh, glow from a long-winded run in Chicago, and established as a Winter Garden production of the highest New York honors, "Make It Snappy" starring Eddie Cantor in large letters, comes back to the Gar- rich theatre Sunday evening to repeat its former triumphs. According to the mail orders and other business barometers the week promises capacity attendance. Supremely gifted as a singing comedy star, Eddie Cantor now in the heights of Winter Garden glory, is pre-eminent, inimitable and unique. The heavy comedy burden pressed upon him in his latest vehicle would drain the resources, not to mention the ability of most entertainers. Equal to the demands, Cantor, instead of limiting his endeavors to the blackface makeup that has become his trademark, widens his appeal with a range of roles, including an impossible Swiss soldier, a hob-nailed gas man who stumbles into a "vamp's" apartments; a yellow-hearted taxi driver, who when arrested for speeding, says he wanted to hurry to his destination before his machine broke down; another role as a thick-skulled applicant for a political job, then as a bootlegger, who, if the stuff backs you will give you your money back—if you can find him; and again as a Sheik—that's a shriek. The hit of the show of course, is Mr. Cantor's blackface singing specialty, which running for forty minutes, is reserved as the piece de resistance of the last act.

Evil in Curiosity.

On this itch of the ear that breaks out at the tongue! Were not curiosity so over-busy, detraction would soon be starved to death.—Douglas Jerrold.

Salt Makes Sea Blue.

Though generally appearing blue in clear weather, the ocean varies greatly in color. In stormy weather it looks green or even black. The blue of the sea is not, as generally supposed, due to reflection from the sky, but to salt in the water. That is why the Mediterranean, which is very salty, appears exceedingly blue.

ANNOUNCEMENT

in Interest of

MILLIONS OF FAMILIES

"I will build a car for the multitude"
Said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the

FORD

Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now the way is open.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little.

Why not start today. Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you to get started toward the ownership of a Ford car.

TO AID TROOPERS' KIN-

Special state compensation for the relatives of three members of the Michigan state police, who have met death in the line of duty, is proposed in a bill introduced in the house of representatives Friday by Representative Alfred M. Nevins.

The bill carries an appropriation of \$12,600. It would provide for the payment of suitable amounts to the relatives of Trooper Harold Anderson, Trooper Milan Pratt and Trooper John P. Clinton, all of whom have been killed since the last regular legislative session.

Trooper Anderson was shot by thugs at Novi, March 12, 1921. Regarding them as suspicious characters, he drew up beside their automobile, and, when they learned his identity, they opened fire. He fell so seriously wounded that death ensued. It is supposed his assailants had been waiting by the side of the road to waylay and rob bootleggers. Trooper Pratt of the Farmington squad, died of injuries received April 15, 1922, in a motorcycle crash while doing highway patrol, and Trooper Clinton was killed in a similar accident December 7, 1922.

PATRONIZE YOUR HOME DEALER.

Patronize your home town merchant.

Buy your furniture and home furnishings from the local store where you have an opportunity of seeing and inspecting the stock before your purchases are made.

Encourage your home town dealer.

Signs in stock by giving him your trade because you know him and because his word for quality and satisfaction goes with every purchase you make.

Don't be lured by the mail order houses that send you crude, highly colored catalogues intended to show the latest things in home furnishings.

In these days your home town merchant can quickly procure for you such goods as he may not have in stock, often on account of his limited show place. There is no excuse for buying goods from a catalogue when better goods are in your city in some dealer's store.

Besides, home town dollars help pay home town taxes, meet home town needs, help home towns to grow. Mail order house dollars never come back to work for you or yours.

SECRET ARMY AWAITS ORDER

GERMANS ARE DESPERATE
READY TO LAUNCH ATTACK
ON INVADERS.

LUDENDORFF EXPECTED LEADER

Force of Million Men Are Trained,
Equipped—Hidden Away in
Interior.

Berlin—Germany today is desperate. French determination and common sense have robbed her of the coal without which her industries can not continue.

Germany possesses today a fully trained and equipped army of at least eight times the size of the present French forces in the Ruhr. True, the greater part of this great force is hidden away from the eyes of foreigners, just as its equipment and artillery are hidden.

According to the military clauses of the peace treaty the German army is limited to 100,000 men recruited by voluntary methods, the German general staff was abolished, and her air force, ceased to exist. With the exception of the substitution of voluntary for compulsory service, Germany observed none of these requirements.

In Berlin today there exists a general staff composed entirely of trained and experienced staff officers under Ludendorff, and these men are the real leaders of Germany in all matters affecting the allies.

Although nominally disarmed, Germany possesses today a secret army of unknown size considerably in excess of the treaty limitations. Altogether there are about 6,000,000 trained ex-soldiers in the country.

Germany still possesses the great est plant for the manufacture of new chemical gases in the world, and it is reasonable to assume that big strides have been made in discovering more "fightingness."

It is therefore, by no means beyond the bounds of possibility that a new war would find a German equipped not with heavy guns, but with a new weapon which would make siege guns obsolete at the same time being far more terrible in its effects.

With the exception of the 100,000 men permitted by the treaty and the "Security Police," Germany's great force does not figure in the official records.

It receives no pay. It buys its own food. But it drills, sometimes it holds secret maneuvers, it sings its "Hymn of Hate," it dreams of "revenge," and it looks for leadership to the greatest living German military genius—Ludendorff.

INCOME TAX CUT IS PLANNED

Mellon Says Revenues Are Increased
by Downward Revision.

Washington—Efforts by the treasury to have congress cut the surtax rates on incomes further were forecast in a formal statement by Secretary Mellon, who asserted that March collections of income and profits taxes, aggregating \$463,000,000, fully justified his prediction that downward revision would have the effect of actually increasing rather than decreasing the federal revenue.

Coupled with this statement was a declaration by Mellon that the March collections which were under the lower rates of the new law or under such revision, as has been accomplished, provided a practical answer to the tax problem and shows clearly what course further revision should take.

He mentioned that although higher rates were in effect in March, the collections at that time were \$170,000,000 less than in the same month this year, a circumstance which he regarded as proof that the downward revision had acted as a stimulant to business.

"There is no point in maintaining high rates of taxation which do not reduce revenue," the secretary continued, "and there is no doubt that the high income tax rates which are still in effect are gradually defeating their own purpose."

MURDERS WIFE, CUTS HEAD OFF

Insists He Did Right Because She
Did Not Obey Him.

Thibodeaux, La.—Victor Tabor, 22 years old, of this parish has confessed, according to Sheriff Lewis Stark, that he chopped off his wife's head with an ax last week because she had disobeyed his order not to leave home without his consent.

Tabor walked from his home and awakened the sheriff to tell him the story.

"I had a perfect right to do it," the sheriff quoted Tabor as stating, "I told her not to leave the house unless I had given her permission."

Mrs. Tabor left the house Saturday night and when she returned they quarreled, Tabor said.

Mrs. Tabor ran shrieking from the house and Tabor obtained an ax and followed. He overtook her and felled her with a blow on the head. Then he struck three times as she lay on the ground.

The sheriff locked up the man, rode to the Tabor home and found the body.

FIX UP FOR SPRING

Everybody fixes us when Spring arrives. We clean up the yard and brighten up the home; we don new clothes and seek something different.

Why not fix up the lighting fixtures—remove the old ones and install something new and attractive. Or, if you do not happen to have electricity in your home, let us fit you out. We shall be glad to give you an estimate and to have you call and inspect our stock of Fixtures.

You will find electricity a very great convenience in the home and we shall be glad to install some labor-saving devices for you.

Call and talk the matter over.

MARCH SALES OF FORDS 179,764.

Retail deliveries of Ford cars and trucks for March totaled 179,764, it was announced by the Ford Motor Co. Saturday. This marks the greatest selling month in the history of the company.

The March sales record exceeds by 50,000 the highest previous month, which was June, 1922, when 129,338 cars and trucks were sold at retail and topped by 50% the February sales of 113,080.

Further, March completed a whole year in which sales exceeded 100,000 every month and which since April 1st, 1922, brought into use in the United States alone 1,429,979 Ford cars and trucks.

The company is operating on a

manufacturing schedule which calls for 6355 cars and trucks a day.

OBSERVED AMERICAN LEGION SUNDAY.

The first Sunday after Easter has been designated as American Legion Sunday and it is proposed by those who are behind the movement to make the day one of national observance. This year Sunday, April 8th was the day designated for the services and Rev. William Richards of the M. E. church arranged for their observance at his church. Members of Lloyd H. Green Post attended in a body and there was a good attendance, and they were given seats of honor. The church had been decorated for the occasion with flags and bunting and everything about the services was carefully planned and carried out in a manner that made them most impressive and reverent. A large choir led the congregation in singing a number of familiar hymns and Miss Jane Perkins and Ralph L. Richardson each contributed a vocal solo to the musical part of the program. Rev. William Richards led the responsive reading and read the scripture lesson of the morning. Chaplain Frazier of the chaplain college at Fort Wayne, Detroit, offered prayer and gave the sermon, taking for his theme the words found in St. Mark 8:36—"For what shall it profit a man if he gains the whole world and loseth his own soul." He laid special emphasis upon the thought that it was the duty of every citizen of this country, no matter from which country he came, to be 100% American, and he paid his respects in no uncertain terms to the agitators and radicals who are striving to undermine our government and its institutions. He urged his hearers and especially the members of the Legion to stand for law enforcement and for equality under the law. He stated that we do not ask a man in this country from whence he came, but we do ask him and we have a right to demand what are his aims and purposes. He urged his hearers to be watchful of the propaganda being distributed by the radicals and exhibited a copy of the publication, which is being widely circulated in Detroit.

Build a Home

Here are some interesting government figures:

- 1 per cent of all men in this country die wealthy.
- 2 per cent of those who die are in "comfortable" financial circumstances.
- 15 per cent have from \$2,000 to \$10,000.
- 82 per cent have Nothing.

IF, at some time in their lives, a lot of the men on whom these statistics were based had accepted an opportunity to put their savings in a Home, they would have dodged the 82 per cent class.

PLAN TO BUILD IN 1923.
