Valmore

With the Pictorial Review Pattern it is very easy to make a most beautiful dress with a very small yardage of our Valmore or Toile DeNord Gingham. Never have we shown as large a line of Gingham as is on display right now.

The Corset wearers who desire ease, grace and comfort should make it a point to look at the American Lady styles.

RECENT GIFTS TO THE LIBRARY.

Interest in the Library and appreciation of its work is steadily growing, and its generous friends are doing more and more by their gifts to maintain its high standards.

Especially interesting and welcome are the memorial volumes which help us to keep in mind the friends and neighbors whom we no longer see.

Mr. George Harper, a professional artist and successful illustrator, has made and given the library a book-plate especially for this class of books, a fitting dedication of those valued gifts. The list of books and their donors follows:

Miss Helen Brooks
A considerable collection from the library of her brother, Fred S. Brooks.

Mr. E. King Starkweather
Life of Walter Page (2 vols.)—Hendricks

Mr. Edward R. Lapham
In memory of Sophie Baker Lapham, the works of Bernard Shaw (12 vols.).

Mr. Harry B. Clark

Mrs. William G. Lapham.

Complete Opera Book.—Kobbe.

Story of Mankind.—VanLoon.

Social Life in Greece.—Mahaffy.

Sentimental Journey.—Sterne.

Greek Heroes.—Kingsley.

This is the first opportunity to acknowledge publicly Mr. Starkweather's gift "to buy" as he said, "a patriotic American book for the library." The committee feel that the Page "Life" would meet with his complete approbation, and are glad to associate his memory with so good a book.

Many will thank Mr. Clark for associating with his gift the name of Mr. John Gardner and thus reminding us of the good citizen to whom we owe the town clock, which is a constant convenience to everyone within the sound of its voice.

Mr. Scott's beautiful history of Greece is a companion set to the Roman history given by him last year, and the 24 volumes form the finest single item of the books owned by the library.

Mr. Harmon's donation contains biographical notices of several of our citizens and was offered by him in re-

CONGRESSMAN GRANT M. HUDSON VISITED NORTHVILLE.

Hon. Grant M. Hudson, of Lansing, congressman from the Sixth district, was a Northville visitor on Wednesday, and while he came to be the special guest of the Exchange Club and to attend its monthly meeting, he was given an opportunity to visit the fish hatchery and was shown about the premises by Superintendent W. W. Thayer, being accompanied by C. A. Dolph, F. S. Neal and E. E. Brown.

At the conclusion of the appetizing luncheon served at Hotel Ambler, Mr. Hudson gave a very interesting talk, touching briefly upon some of the pressing questions now occupying the thought and the attention of America, in which he commended President Harding for his stand on the question of the forming of an international court. He also discussed briefly the matter of immigration and declared himself as being in favor of keeping the bars up against the flood of foreigners who are seeking to come to our shores.

Congressman Hudson was very much interested in matters as he found them at the fishery and it is hoped he may be able to secure an appropriation sufficient to improve the property and not only enlarge its field of usefulness but to make of the institution a show place for the people of the state it is intended to serve—Michigan, Ohio and Indiana.

Monday afternoon about six o'clock fire was discovered in the siding on the Princess rink building on Mam street. An alarm was given but the services of the department were not needed because of the prompt assistance rendered by others who were attracted to the scene.

Just how the fire originated is a mystery unless sparks from a burning rubbish pile some twenty feet distant in the alley started the blaze. One thing is certain that the practice of burning papers and other rubbish in the alleys of Northville ought to be prohibited. If this practice is continued some time we will have a fire here that will cause a lot of damage and a heavy loss for some one.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

Week's News in Brief

Quebec Ex-Premier Dies.

Montreal—Sir Oliver Taillon, 84 years old, former premier of the province of Quebec, and former postmaster of Montreal, died suddenly here last week.

Cotton Gin Inventor Dead.

Birmingham, Ala.—R. S. Munger, 69, inventor of the Munger system of cotton ginning, and philanthropist, died here last week.

Many Forest Fires in 1 Day.

Harrisburg, Pa.—One hundred and sixteen forest fires in different parts of the state were reported last week to the state forestry department for one day.

Harding Back's Memorial.

Atlanta, Ga.—President Harding's endorsement of the proposed memorial on Stone Mountain to the heroes of the Confederacy was made public here last week.

Farm Labor Strike Ended.

London—The strike of British farm laborers which involved nearly 20,000 men, chiefly in Norfolk, and seriously crippled the agricultural industry has been settled.

Mrs. Coolidge's Father Dies.

Burlington, Vt.—Andrew J. Goodhue, father-in-law of Vice-President Coolidge, died at his home here last week. He had been ill for several months. Mr. Goodhue was 75 years of age.

Rome 2,676 Years Old.

Rome—Premier Mussolini issued an address to the National Militia and the Fascists on the eve of the celebration tomorrow of the 2,676th anniversary of the founding of the city of Rome.

Irish Radical Sent Home.

New York—James Larkin, radical Irish leader, recently pardoned by Governor Smith, after serving two years of a five-year term in Sing Sing for violating the espionage act, was deported last week.

Bernhardt Belies To Be Sold.

Paris—Salon Bernhardt's books, pictures and furniture—the things she loved many of them given her by notables—are soon to be sold at public auction. She had gathered many art works in her remarkably furnished home and her library was particularly attractive.

Governor Commutes Sentence.

Sandersville, Ga.—Governor Hardwick commuted the life of Ralph Baker, 15, but refused to intervene for his older brother George, who went to the gallows at Marietta, Ga. last week, for the murder of Deputy Sheriff J. S. Morton. Ralph's sentence was commuted to life imprisonment.

Take Back Seized Money.

Cologne—The German government having declared a certain issue of 20,000 mark notes the bulk of which were seized by the French, to be repudiated, the French authorities now announce that they are prepared to take back such of these notes as the French have issued and reimburse the holders of them.

Eats and Sleeps Himself Out of Job.

Kansas City—While being searched at police headquarters after he had been caught in a raid on a gambling den, a tall Negro objected to the police reading a letter found in his pocket. However, the police ignored the protest. The letter in part "I am taking the pleasure to notify you that you are eating three plates of meat for every meal and sleeping most of the time. So stay where you are."

Wild Pheasant Kills Hens.

Monroe, Conn.—A ring-neck pheasant entered the chicken yards of Sheriff J. Frank Olmstead here, killed two setting hens and was clawing into a rooster that went to the hens' aid when members of the family rushed out and threw a net over the wild intruder. When the bird, caged, was carried to the Bridgeport zoo as a present, an employee at the zoo nearly had a finger nail taken off when he poked his finger in the cage.

Heart Punctured By Pin; Lives.

Atlantic City—John Walden, 24 years old, a signalman on the Pennsylvania railroad, has lived a week at the City Hospital with a puncture of the heart. His recovery is expected. Climbing a pole near Egg Harbor, Walden felt pain between his fifth and sixth ribs and was almost overcome by a shock. He was found bleeding profusely and a physician summoned saw that a steel pin had entered his side when he bumped against the pole.

Hole in Glass Bead Saves Life.

Atlantic City, N. J.—Howard, the 3-year-old son of Daniel Watson, owes his life to his ability to breathe through the small hole in a glass bead lodged in his throat. A few weeks ago the child was seized with a fit of coughing. The family physician, unable to discover the cause, advised an X-ray photograph. The photograph is said to have failed to show any obstructions. He was seized with another coughing spell, dislodging the glass bead.

IT REQUIRES WORK AND PATIENCE TO BREAK INTO BASE BALL.

Loyle German, wrote his father, H. S. German, the following interesting letter from Elmira, N. Y., which we gladly publish for the local base ball fans:

My Dear Dad:

Jimmae Walsh, Elmira's new rookie pitcher, had the misfortune yesterday of having his leg broken. While walking down the street an auto ran over a piece of rail which flew with terrific force at him striking him just above the ankle. He now lays in the Elmira hospital and knows he's through for at least this season. But there are five other rookies here trying to show Manager Boffinger their talent on the mound. One day the prospects look as bright as the sun shining after a thunder shower and maybe the very next day a rookie's chance for breaking in here looks very poor. For in the staring head lines of the sporting page is seen "Five experienced pitchers to report before season starts," which clouds our chances of a start. Now the International of American association will not take players from the Major League so the class B League get all the excess Major League's talent. I received seven men from the Athletics. They may be no better than a green rookie but they have the credit of belonging to a Major League and get by. These are not the only up-hill battles of the rookie.

There is a local pitcher here the players call "Iron" Man Dunkle. He neither shags flies or pitches but just bats. Imagine him around 40 years old and he thinks he is just "it." One of the recruits hooked them to him yesterday to he could not hit them. He self-praising said "I am not going to shave until I get a three bagger in this league." As soon as he said this, a voice was heard from the outfield, and this voice fellow shouted back, "Well, there is going to be another candidate for the House of David then," and old Iron man melted into a pile of scrap iron. Arnold and I are both doing as well as we expected, but am quite happy to be sent home any time like pens on other's.

Yours as ever,

TREAT SEED TO STOP POTATO CROP DISEASE.

Seed treatment of potatoes is necessary every year to insure a clean crop and a good stand, according to Dr. G. H. Coons, plant pathologist at the Michigan Agricultural College. The start in securing potato crops which will earn a reputation for quality must be made in the treatment of the seed.

Potato Scab and Black Scurf are the causes of damage to Michigan potato crops which can be overcome by proper seed treatment. The cost is said to be only a few cents a bushel, and the results mean a yield of high quality, unblemished tubers.

"Nature is good to Michigan potato growers, so far as soil infection with Potato Scab organism is concerned," says Dr. Coons. "The bulk of Michigan's mammoth potato crop is grown in soils that tend to become acid, and on such soils potato scab is not a factor, scabby crop if scab-infested seed is planted. A clean crop can only be assured by seed treatment."

"Equally serious is the blighting of the tubers and the poor stands, which result from the Black Scurf fungus, (Rhizoctonia). The common cause of poor stands, where plants are found to be missing here and there in the field, and of laggard and weak plants, is Black Scurf."

Potatoes are treated by soaking them for from one-half to one and one-half hours in a solution of 4 ounces of corrosive sublimate, dissolved in 20 gallons of water. Corrosive sublimate is deadly poison, and the solution used for dipping is poison, requiring careful handling to prevent accident. Detailed directions should be followed carefully in the treatment.

WARNER ESTATE REACHES NEARLY A MILLION.

An estate, approximating \$1,000,000 was left by former Governor Fred M. Warner, whose will was filed in probate court at Pontiac, Friday afternoon. The petition for admission estimates the real estate at \$350,000 and personal property at \$400,000.

Under terms of the will the widow is left life use of the homestead at Farmington, with its upkeep provided from the estate. The Methodist church of Farmington receives \$1,000 and any other church holding services there within the last year gets \$250. The Michigan Hospital school for crippled children at Farmington is bequeathed \$500.

The two sons, Howard and Harley, are each given \$20,000 in stock of the Warner Creamery company. Of the life insurance, the amount of which is not specified, one-fourth goes to the widow, the four children divide one-fourth, and the balance, with the residue of the estate goes into a trust fund during the life time of the widow. From the income Mrs. Warner is to have \$500 a month, each child \$125 a month. At the death of the widow the trust is to cease and the estate be divided.

The former governor also entailed his beautiful Farmington estate to the third generation. The oldest living son is to inherit it for life, after the widow's death, and the oldest living son of his line after him. The two sons, Howard and Harley,

and the National bank of Pontiac are named trustees and executors of the estate.

NORTHVILLE SCHOOL NOTES.

The students of the Northville High school have a real treat in store for them as the musical organization of the J. L. Hudson Company has been engaged for Thursday, May 10th, at 10:30 a. m. The band is composed of 30 pieces and will render a delightful program in the interest of better music. This organization will come to Northville by special car on the above date. The townspeople are cordially invited to attend this program.

The annual Senior Prom of '23 will be given at the high school gym on May 11th. "Now folks don't miss it." One of the biggest events of the season. The gym will be artistically decorated with French blue and amber. We have one of the best orchestras, that can be had—Finzel's. Price \$1.25. Extra lady \$1.00. Come.

The puppeteers, students of the University of Michigan, will present

their marionette production at the Northville High school on the evening of Friday, May 25th. As this is an unusual performance, the like of which has never been presented in Northville, you cannot afford to miss it. The entire playlet will be given by large dolls who walk, dance, play violin, etc., being controlled by the students from a bridge just above the stage setting. The Junior class is in charge of the above.

Northville defeated Wayne at base ball last Friday by a score of 21-5.

Don't forget the Senior Prom, Friday, May 11th.

Walled Lake Warbles.

Pontiac talent presented "The Southern Cinderella" at the high school auditorium last Friday night. On Friday night, tonight home talent will present "Safety First" at the school auditorium.

The little son of Mrs. Mahie Bray, aged four years, died at the home of Mr. and Mrs. Glenn Chafy last Thursday after a short illness of bronchial pneumonia. Funeral services were held on Saturday and the remains were taken to Ovid for burial. The little child had been making its home with Mr. and Mrs. Chafy for the past few months.

George Rattenbury expects to have a formal opening of his new store on Saturday of next week.

Vacant property about the lake is changing hands pretty rapidly this spring and at good prices.

Walled Lake's new Rebekah lodge initiated a large class of candidates at a special meeting last evening.

Mrs. Donelson of the Novi road will entertain the Woman's Missionary society at her home this afternoon.

A district rally of the B. Y. P. U. will be held at the Baptist church here on Friday, afternoon and evening. Rev. A. H. Davis of Redford and Frank Bachelor of Kalamazoo will be the speakers.

The ladies of the M. E. church held an all-day meeting at the church on Thursday, dinner being served at noon. Mrs. Boye of the Eastern home in Detroit was present and took part in the afternoon's program.

The business men of Walled Lake have agreed to retain all solicitors for advertising schemes—calendars, clocks, time tables, thermometers, etc.—to the secretary of the Chamber of Commerce before paying over their good money for something they know nothing about.

PRESBYTERIAN CHURCH NOTES.

There will be the usual services on Sunday. In the morning the Near East question will be presented. Sunday school at the usual hour and you are welcome. The young people will meet at 6:20.

The regular meeting of the Woman's Union will be held next Wednesday afternoon, May 9th, in the church parlors, at 2:30 o'clock. A full attendance is especially desired.

METHODIST CHURCH NOTES.

Next Sunday will be full of interest. A native of Armenia will speak in the interest of the "Near East Relief" in the person of Mr. Ralph Adrian. Time 10:30.

The Sunday school will meet at 12:00. A place is provided for everybody interested. Young and old are invited.

The Epworth League will meet at 6:30. Come young people and bring others with you.

In the evening Rev. Wm Richards has the use of Rev. MacRae's stereopticon machine and will bring before our people scenes of the "American and Mexican border cities of the Southwest. El Paso, Los Angeles, Albuquerque, Douglas, Tucson, Deming, etc. The religious life of these Mexican and Spanish populations will be interesting. Come and bring others with you. You are welcome.

BAPTIST CHURCH NOTES.

The attendance at our evening services continues to grow. Last Sunday evening we had the largest for a regular service since the church has been reopened. Five expressed a desire to live a Christian life.

The choir led the singing at the evening service and greatly added to the interest of that service.

Mrs. J. B. Cook has resigned the position of church organist. She has faithfully performed her duties and has always willing to do everything in her power to make the services interesting.

We have been very fortunate in securing the services of L. F. Messier for church organist. Mr. Messier's ability as an organist is well known and his coupled with his willingness to always give of his best in a musical way will greatly improve our services.

On Monday evening a Bara-Caplanian Club was organized at the parsonage and the following officers were elected: President, Miss Leona McKelvey, vice president, N. W. Gertz, secretary, Miss Valborg Nelsen, treasurer, Mrs. C. B. Turnbull.

Ladies are requested to meet at the church early Wednesday, May 9th, to clean church parlors, etc.

SPECIAL ATTRACTIONS FEATURE SUMMER SEASON.

One of the most prominent features on the program of the University of Michigan 1923 Summer session will be a course in athletic coaching and administration. Special care has been taken to make the work broad and at the same time thoroughly intensive and practical.

Coach Fielding H. Yost assisted by a large and experienced staff of instructors, will have personal charge of the work, in which the modern athletic equipment on Ferry Field will be used. Already, and to a large extent, than last year the course is attracting the attention of high school coaches and students of athletics in many parts of the country.

The Home Guards met at the home of Mrs. Frank Bolton on Tuesday of this week and were royally entertained by their hostess. After the usual devotions games were enjoyed followed by refreshments. All left for their homes having spent a pleasant afternoon.

MOTHERS' DAY PROCLAMATION.

By the Governor

In compliance with our beautiful custom, which in a few years has come to be universally observed throughout the land, the time has come to set apart a day in honor of American motherhood.

The American home is at once the cradle and the bulwark of all that is finest and best in our present day civilization, and the American mother is the heart of that home. If the home spirit is what it should be, the major portion of the credit belongs to her.

It is impossible for us to compute the debt we owe our mothers, and it is only fitting that in this way we should pay our tribute of respect and devotion to the mothers of the nation, living and dead.

Therefore, by virtue of the authority vested in me as Governor of the State of Michigan, I do hereby designate and proclaim Sunday, May thirteenth, 1923, as Mothers' Day, and I call upon our people, both old and young, to gather in their several places of worship and take part in services appropriate to the day.

And let absent sons and daughters take this occasion to visit the mother in the old home or, where such a visit is impossible, let them send a message of cheer and greeting.

In accordance with the request of the Congress of the United States, I further request the people of Michigan on the day aforesaid to display the United States flag in their homes and in other suitable places, as a fitting expression of their desire to pay homage to American motherhood.

MUST NOT CONNECT WITH VILLAGE SEWERS.

Complaints have been made to members of the Village Council and to the sewer committee—especially to the effect that certain citizens of Northville are connecting their drains and sewers with the village sewer system. Inasmuch as the sewer system has not yet been accepted by the village this practice cannot be permitted and such connections are in direct violation of the provisions of the sewer ordinance and subject the offenders to heavy fines and penalties.

No connection can be made—even after the system has been officially accepted by the village—until a permit to connect with the sewer has been made in proper form and the payment of a certain stipulated fee to the village.

Persons who are so instructed to disconnect all connections that have thus far been made. When the sewer system has been accepted due notice will be given and proper blanks for applications will be provided. Until that time no connections can be permitted.

Taxpayers desiring themselves aggrieved may be heard at that time.

Dated, Northville, Mich., April 28th, 1923.

CHARLES A. SESSIONS, B. G. FILKINS, M. E. ATCHISON, Board of Review.

CARRYING OUT YOUR CONTRACT WITH GOD

When you make a contract with anyone it must be based upon a valuable consideration.

There was a woman of Israel named Hannah and she made a solemn contract with God.

When her son Samuel was born he was promptly placed in the church for training.

As a result of that schooling he came to manhood clean minded and clear-brained. He was a statesman who shaped and guided the national life of the Hebrews.

The fierce light of publicity beat upon him as it does all who are invested with authority. He never failed in his leadership.

Many a parent has lived to rejoice that their faithful living has influenced sons and daughters to be good men and true in all the hazards of the rough road of life.

Samuel—the church-trained boy of Israel—began well—continued well—ended well.

Mrs. Permelia Kohler and daughter, Lena, will soon leave Pensacola, Fla., for Northville, accompanying the body of Anthony Kohler. Funeral will be held at the Plymouth Catholic church on May 9th, at 10:15 a. m. Burial in Rural Hill cemetery.

The M. M. degree was conferred upon five candidates by Northville Lodge, F. & A. M., Monday afternoon and evening. At 7:00 a large crowd enjoyed a bountiful dinner and spent a social hour before resuming work.

D. S. Norris of Lansing was arrested by county officers on the Grand River road west of Farmington Sunday night for driving a car while intoxicated. Norris had "bumped" his car into three others before being gathered in by the officers.

Have you taken the time to view the choice stocks of merchandise being shown by Northville merchants this spring? If not, you are the loser. The merchants will be glad to show you through their stores. There are hundreds of articles right here in the Northville stores which can be bought cheaper than elsewhere. Take a look.

Interest in Northville's double wedding is becoming so great that it has been decided to permit the general public to attend the happy affair. The brides' gowns will be most elaborate and the bridal procession will be replete with flower girls, ring bearers, ushers, best men, while the brides will be given away by their adoring fathers. We hope to be able to give the date and full particulars regarding the notable event next week. In the meantime just wait and watch.

Mrs. Emma Burrows of Detroit, called on Northville friends last Thursday.

Lynn Fraser is slowly recovering after four weeks of illness with pneumonia.

Mr. and Mrs. C. F. Murphy, and Mr. and Mrs. White of Detroit, were in town Sunday.

Mr. and Mrs. Harold Turner and baby of Detroit, spent Sunday with their parents here.

C. R. Horton has installed some attractive booths in his sweet shop for the accommodation of the public.

Mr. and Mrs. L. A. Babbitt returned home the first of the week from their outing of a few weeks in the sunny south.

Northville Commandery, Knights Templar, will observe Ascension Day next Sunday by attending church at Plymouth.

S. L. Brader is to observe Saturday next—tomorrow—as dollar day at his store on North Center street. Read his announcement in today's paper.

Harry Burch, whose parents were former residents of this village, died in Plymouth the first of the week, following an operation. Funeral services were held Wednesday.

William H. White spent Saturday night and Sunday with his daughter, Mrs. Lloyd Morse at Maple Rapids. Mrs. White is staying there for a few weeks to look after a new grand son born April 9th.

An addition consisting of four and a half acres to Rural Hill cemetery has been graded and otherwise improved during the past few months making a very decided improvement to this "city of the dead."

The regular meeting of the N. E. Ladies aid will be held next Tuesday afternoon at 2:30, at the home of Mrs. A. A. Lampert, on Main street. All and Mrs. Lampert are occupying the Presbyterian parsonage.

Work will soon be started on the new oil and gas station to be erected at the corner of Main and Church streets by the Standard Oil Co., and thus Northville is keeping pace with its more progressive neighbors.

TOO MUCH FAST DRIVING.

A little child was run over by an automobile near the High school building Wednesday forenoon, but fortunately was not seriously injured.

Thas ought to be a warning to those who are in the habit of driving past the school grounds at a lively clip—and people do it every day. If this practice is continued some child will be seriously injured, perhaps fatally.

It is better to be safe rather than to pay the penalty of having killed some child. There is altogether too much fast driving permitted on our streets both by outsiders and by some of our own citizens. A few days' at the county jail might bring some of these drivers to their senses.

WATER POWER BILL PASSED BY SENATE.

The Hayes water power measure, openly admitted to be presented to allow Henry Ford to make use of the water power at Ypsilanti, passed the senate Friday without a dissenting vote. The bill as passed allows condemnation of property in certain cases.

It is understood to be the intention of Mr. Ford to erect a \$5,000,000 woolen mill on the site of some of the abandoned paper mills at Ypsilanti, with the avowed intention of using a large percentage of the Michigan wool clip. Property owners at Ypsilanti placed prohibitive prices upon their holdings when it became known that the Ford interests desired to acquire the land, and their action served to arouse the people to the fact that there were no laws providing for the condemnation of lands for water power purpose. In many sections of the state this same condition has existed for years with the result that many good projects have been held up. Northville has a similar case now.

NORTHVILLE RESIDENT GIVEN HIGH HONORS.

The following taken from Sunday's Free Press has reference to a resident of Northville, Mr. Ohlenger, who is on the Dyer farm, near Maun corners.

Another of Detroit's prominent business men has been commissioned in the Organized Reserves by President Harding. He is Willard Ohlenger, president and general manager of Frederick Stearns & Co. He has been made a lieutenant colonel in the medical corps.

Colonel Ohlenger's commission is one of the first to be issued in the industrial mobilization plans that are being worked out by Secretary of War Weeks. During the World war the colonel was chairman of the pharmaceutical section medical corps, Council of National Defense. This section worked out the requirements in the way of medical and hospital supplies of the army and was a great aid to the surgeon general in the procurement of medical supplies at that time. It is the intention of the war department to have an industrial mobilization in all industries necessary to the government in time of war.

Eugene V. Dels, former Socialist candidate for president who served a term in the Atlanta federal penitentiary because of his anti-war activities, will visit Russia. It is sincerely hoped he will never return to America. Emma and Bill will, doubtless, give him a hearty welcome.

His contract runs three years at a salary of \$3,000 a year.—Pontiac Press

START NEW WIDENING, PAVING ON GRAND RIVER.

The department of public works will begin to widen and pave Grand River avenue, from Wyoming avenue to Meyers road. The work, which will require 60 days, as the last stretch of Grand River avenue in the city limits to be widened. The new pavement will make Grand River avenue 66 feet wide. The cost will be \$55,000.

Joseph A. Martin, commissioner of the department of public works, said. During the work of paving, all traffic going west on Grand River avenue will have to detour on the Plymouth road to the Townline road, thence north to Grand River avenue. —Detroit News.

LADIES MACABEES HOLD COUNTY CONVENTION.

County officers of the Ladies of the Macabees for a three-year term and delegates to the national convention were elected at the triennial county convention of the Wayne County hives held at the club house, 124 Davenport street, Detroit, April 19.

The national convention will be held in South Bend, Ind., June 3-10.

These delegates will leave for South Bend June 3 in a special car on the Walhach Railroad. They will be accompanied by the Detroit Macabees.

Guards, under Capt. Bessie Sherman, who is giving the guards some intensive drilling for the competitive drill with guards from all over the United States. Detroit guards, under the same leadership won a special prize of \$100 three years ago.

Routine business followed the election of delegates. The following officers were elected: County commander, Bertha McGill; past commander, Margaret Burch; lieutenant commander, Florence Degnehart; record keeper, Bessie Sherman; finance keeper, Abbie Cooper; chaplain, Mary Morgan; sergeant, Agnes Thorpe, mistress at arms, Daisy Duffee, sentinel, Clara Yahn, picket, Ida Ware.

Officers were installed by Mrs. Carrie Gilbert, chairman of the great finance committee.

COMING AGAIN.

Clauncey O'cott, America's foremost exponent of Irish romance on the stage and "master of popular lyric tenors" is once more to grace the local stage, to the keen joy of his thousands of admirers, young and old. Mr. O'cott is to occupy the Garrick stage, Detroit, for one week beginning next Sunday evening. It has remained for this eminent star to occupy a niche in the theatrical hall of fame quite unique in many respects. For season after season O'cott has provided wholesome entertainment of the peculiarly fascinating description afforded in a combination of Irish romance and tunes, popular ballads. Possessed of a velvety tenor voice, a dashing spirit and an infectious comedy vein, Mr. O'cott has managed to acquire many plays that have been accepted as ornaments to the American drama by legions of theatre-goers. Without doubt the nearest approach to true dramatic art in Mr. O'cott's repertoire is the present offering entitled "The Heart of Paddy Whack," by Rachel Crothers, author of "The Three of Us," "Mary the Third," (now current on Broadway) and several other pronounced successes. O'cott has always been associated with everything that is clean and wholesome in American theatricals. His plays always have been refreshing, and not one has ever failed to give thoroughly satisfying entertainment in abundance. The theatre, with its present penchant for sex plays and bedroom farces, could use to great advantage many more artists of Mr. O'cott's type.

Hostility to the Michigan State Police nearly resulted in the defeat of the appropriation bill for the State Department of Public Safety and it had but the narrow margin of three votes to spare when it passed the house at Lansing, on Thursday. If this appropriation had been killed the state police would have been automatically put out of business.

The Power Behind Your Motor

Why?

Is All Gasoline the Same?

Often you hear the remark, "All gasoline is alike," that "One brand is as good as another."

With many different refineries producing gasoline, with the difference in crude oil and the various methods of refining, it is impossible to expect all brands of gasoline to be alike.

American Gasoline is distinctively different.

Because of the keen personal interest, vigorous co-operation and definite pride of service manifested by every individual responsible for the Production of American Gasoline, it is possible and certain that these human attributes do primarily influence its character, and are responsible for the "Certified Quality" of American Gasoline.

These individual qualities do not cease with the production of the product. Each and every American representative has a personal interest in rendering all patrons courteous and intelligent service. You'll appreciate this service and quality excellence when you purchase American Gasoline.

FRANCE RUSHES ARMY TO SYRIA

WEYGAND'S FORCES TO BE NEARLY DOUBLED AS MENACE RISES ON FRONTIER.

TWO DAYS' FOOD SUPPLY LEFT

Angora Government Recinds Order Requiring Payment On Relief Consignments.

Paris—France is sending more troops to Syria to hold the mandated territory against any possible aggression by the Turks. A considerable number of French colonials have already quietly embarked and are on their way to Syria, and two divisions, totaling 20,000 men, it is reported, will be sent in all to give General Weygand a sufficient army.

France now has 26,000 men in Syria, but the northern front is about 200 miles in length, and a Turkish army corps of 20,000 is concentrated there, with additional forces on the way.

The government, without divulging the details of its future Syrian policy, simply let it be known through a semi-official channel that because of the massing of Turkish forces across the border from the French "the dispatch of fresh contingents of French troops from the colonial forces is considered necessary."

The French government takes the stand that the Turkish troop concentration looks like a threat, even if the Turks do not intend a military offensive, and in any case it is regarded as a distinct effort to exert pressure on the French, which is considered intolerable.

The French government is considering asking Great Britain to co-operate.

Two Days' Food Left

Constantinople—The Turkish government has rescinded its order of a few days ago requiring payment of duties on relief supplies, with the provision that the red crescent shall be allowed to approve all incoming consignments.

Only two days rations for the refugees now remains in stock.

The Chester agreement is to be signed despite French objection.

U. S. Disappoints Turks

Washington—Agitation of the Turks at Lausanne over the American attitude on capitulations grows out of the fact that the Turks have fallen into a misconception of the attitude of the United States government's relations to purely private business, officials here said Sunday.

The Turks, it was said, apparently expected that when they granted the Chester concession to a group of American citizens, the United States government would, in return, side with them on economic and political questions at Lausanne.

However, it was pointed out, this government's position is a protection not only to the Chester group, but to other American business men in Turkey.

If the capitulations are abolished, it is maintained here, the Chester group and all other Americans will be subject to any whim not only of the Turkish Angora government, but of local government officials.

FUEL DICTATOR FOR U. S. URGED

Commission to Indorse Plan to Insure Coal Supply.

Washington—Appointment of a federal fuel dictator, clothed with absolute powers to handle the fuel situation if the country is again confronted with a great coal shortage brought about by a strike, will be recommended by the United States coal commission in its forthcoming report to congress.

The fact that during the coal shortage last winter the federal and state fuel administrators were handicapped by lack of authority to get coal to the public has firmly convinced government officials that drastic steps must be taken if another emergency arises to prevent the public from getting its regular supply of coal.

While members of the coal commission were reluctant to discuss the possibility of the appointment of a "fuel dictator," it is known they are convinced that such an appointment would be logical sequence to another strike in the coal fields.

Many instances have been brought to the attention of the commission where the federal and state fuel administrators found themselves impotent to handle the fuel situation last winter because they were not clothed with sufficient authority to carry out their orders.

Quake. San Francisco Says No.

San Francisco—Memories of the days when San Francisco was shaken by an overly rough seismic hand and swept by a sea of flames from the dolphins of the old East street docks to the minarets of Chinatown and the mansions of Nob Hill, were vividly revived last week, the seventeenth anniversary of the disaster. A parade that started from the reconstructed East street, now known as The Embarcadero, passed through the heart of the city.

PLANNING GREAT AUTO TOUR.

Michigan "Pikes" association 1923 tour, which is to be staged in July, will follow through Canada the trail of Champlain, famous French pioneer in the New World. The route for this year's tour, the ninth annual run, staged by the association and the third annual international trip, as perhaps the most interesting ever selected for a road-busting journey by the Detroit and Michigan organization.

The "pikes" are to get away from Detroit about noon on Sunday, July 8th. They will complete their swing around the big 1,600 mile circle on Monday, July 23rd, coming back to Detroit via the Border Cities.

WAYNE SEEKS ENLARGED SENATE REPRESENTATION.

Detroit is still making a feeble fight for a reappointment of the state representation in the legislature, and this week, a sub-committee of the appointment committee of the senate reported a bill which would increase Wayne's representation in the senate from five to seven.

The increase of two senators for Wayne would come from the smaller as-state senatorial districts, which would be greatly enlarged over their present boundaries.

In the house a sub-committee of the apportionment committee has recommended an increase of seven members for Wayne. But as yet the full committee of the house and senate have not seen fit to report out any apportionment bill and if adjourned is taken May 5 or even May 12, not sufficient time remains to jam through the bill.

FORD SALS THE LARGEST IN HISTORY OF COMPANY.

More people want Ford cars, trucks and tractors than ever before according to D. B. Bunn, local Ford dealer, who authorizes the following statement:

Fifty thousand more Ford cars were sold at retail in March than in any one month in the history of the Ford Motor company, according to word from Detroit. The March sales totaled 179,764 cars and trucks.

For a whole year sales have been running over 100,000 a month, bringing a total of 1,429,979 Ford cars and trucks into use in the United States alone since April 1, 1922.

Here in the Northville branch territory the March sales showed a big increase over last year for the same month. The demand for Fords is just as great proportionately right here at home as it is anywhere else in the country.

The company is now operating on the greatest manufacturing schedule in its history, so there are more Ford cars being built than ever before and improvements in all the different types make the Ford car the best it has ever been.

And Ford cars are now easier to obtain than ever before because of the new Ford Weekly purchase plan which makes it possible for more families to have a car. Father, mother, sons and daughters all can participate in the plan and it will be popular with many families who can thus take advantage of it so as to enjoy the pleasures that come with automobile ownership.

No Rest—No Peace

There's no peace and little rest for the one who suffers from a bad back, and distressing urinary disorders. Northville people recommend Doan's Kidney Pills. Ask your neighbor. Be guided by their experience.

Henry VanSickle, farmer, Mill St., Northville, says: "I had my first experience with Doan's Kidney Pills some time ago and I can say they did me a world of good. I had been doing some extra heavy work on the farm and I blame this for starting my kidney complaint. My back ached terribly and nights I could get no sleep, as the misery was still there. I had blinding dizzy spells and didn't have any ambition to do a thing in the way of work and my kidneys didn't act regularly, either. A friend advised me to try Doan's Kidney Pills, so I went to Horton's drug store, and got three boxes. They fixed me up in good shape, so I am only too pleased to recommend Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. VanSickle had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

All Vacuum Cleaners Look Very Much Alike

IT'S THE CLEANER WITH POWERFUL SUCTION SCIENTIFICALLY APPLIED THAT DOES THE BEST JOB OF CLEANING.

TAKE THE ROYAL CLEANER FOR EXAMPLE. THERE ARE TWO REASONS WHY IT CLEANS SO THOROUGHLY. FIRST, BECAUSE ITS MOTOR PRODUCES A TREMENDOUS SUCTION. SECOND, BECAUSE THIS SUCTION IS SCIENTIFICALLY APPLIED ALONG THE ENTIRE LENGTH OF THE 14-INCH NOZZLE.

NO CLEANER THAT FALLS SHORT IN EITHER OF THESE RESPECTS CAN COMPARE WITH THE ROYAL FROM THE STANDPOINT OF RESULTS.

Build a Home

Here are some interesting government figures:

- 1 per cent of all men in this country die wealthy.
- 2 per cent of those who die are in "comfortable" financial circumstances.
- 15 per cent have from \$2,000 to \$10,000.
- 82 per cent have Nothing.

There are few men who pass thru this life who are not at some time in position where they MIGHT save and buy a HOME. And the fact that 82 per cent of the men who die have nothing proves that entirely too few of them take advantage of this opportunity.

NORTHVILLE GIVE POOR SERVICE.

The new schedule put into effect last Sunday by the Pere Marquette railway affords Northville pretty poor service, not only as it relates to passenger travel, but the manner of handling the mail as well. Under present arrangement we will receive no mail from the south—Detroit and other points—during the afternoon. Both night trains, the one north at 5:24 and the one south at 8:08 are now fast trains and do not stop here. The train going south will pick up a "catch" pouch only, making it impossible to send any parcel post mail to Detroit after the morning train, which arrives at about ten o'clock, departs.

of Flint, Saginaw and Bay City who have occasion to visit Detroit, and not with any idea of accommodating the smaller towns along the line. A number of Northville people have been in the habit of returning from Detroit on the 5:24 train, but they can now come only as far as Plymouth, unless they come by D. U. R. The passenger business from Northville amounts to very little to the Pere Marquette, but the matter of receiving and dispatching mail amounts to a good deal to the people of this section, and the present arrangement is certainly very unsatisfactory.

Thought for the Day.
If we would greet the members of our family in the evening as pleasantly as we have greeted other people during the day, our homes would be happier.
