### DISCUSSED PRINTING COSTS.

As a “pinch hitter” at the meeting of the Exchange Club on Wednesday noon, E. M. Brown of The Record, discussed briefly the subject of printing office costs and expenses as compared with twenty years ago. He declared the printing industry had made tremendous strides, and advancement during the past half century and that this condition was reflected in the smaller cities and villages as well as in the larger centers of population. A few years ago it did not require a very great outlay to equip a printing office in towns the size of Northville, but today one must have several thousand dollars invested in machinery and improved equipment to meet the needs of the times and to serve the communities properly. He touched upon the matter of wage cost of today compared to a few years ago, showing the great advances that have taken place. He told how he received the princely sum of \$45 and his board and room for his first year's work in a printing office at Sheridan, Montcalm county, and asked how many boys of today could be engaged for any such a sum. He compared paper costs with twenty-five years ago and related how he purchased white news print at one time for \$38 f. o. b. Alma, while today the same ton of print costs \$125 laid down in Northville. Advanced prices for type and material of all kinds used in the printing business were also discussed and comparisons made with former years, indicating that the printing industry as a whole, and the small town newspaper in particular, had been pretty badly hit by the profiteers of recent years.

He cited these advances in operating costs as the reason why printing costs more today and why the days of the \$1.00 weekly newspaper had passed forever.

WILL SERVE DETROIT COMMUTERS.

“We are proceeding with a program of additional trackage on a basis of increased demand for service between Plymouth and Detroit,” says Frank Alfred, president of the Pere Marquette. “Additional passenger service will be provided to meet the suburban transportation demand as the population grows.” The Pere Marquette will be double tracked to Plymouth and there will be four tracks between Delray and the Fort street Union station, at Third avenue. It is said the trains to serve the district may be gasoline-driven four-coach trains. There are now seven trains a day on the Pere Marquette through the district, and it is said the number will be increased as traffic grows—Michigan Manufacturer.

Cheer up. Last week while we were digging ourselves out from under “drifts” six or eight inches deep, Saginaw and the country surrounding was wading in snow more than a foot deep. Electric light and telephone poles were badly damaged by the storm in the sawdust city.

## AUTO CLUB HELD ANNUAL MEETING.

In spite of the storm the annual meeting of the Northville Automobile club held on Wednesday evening was well attended and a number of matters pertaining to the interests of motorists and the general public were discussed.

The report of Secretary F. S. Neal was accepted and adopted. There had been a paid in dues since December 1st, 1922, the sum of \$297 and there was a balance on hand at that date amounting to \$132.99, making the total receipts \$429.99. There was expended during the year the sum of \$373.51, the new emblems purchased by the club representing a cost of \$196.10. Other expenses amounted to \$177.71, leaving a balance on hand of \$55.18.

It was the sense of the meeting that the council be requested to remove the band stand from the intersection of Main and Center streets to some other location and that the streets of the village be named and proper signs erected, and that the houses of the town be numbered.

The election of directors resulted as follows: C. C. Yerkes, T. G. Richardson, L. A. Babbitt, F. S. Neal, M. N. Johnson, W. L. Finham, N. C. Schrader, C. A. Ponsford, Dan Matthews, Roy M. Terrill, M. R. Seeley, E. E. Brown, Frank Bradley and Geo. Stucky.

In the absence of President C. C. Yerkes, Vice-President T. G. Richardson presided.

In his report Mr. Neal stated that the expenses for the past year were more than usual owing to the fact that it was necessary to procure new car emblems, but the work accomplished, taking it as a whole, was of exceptional value. The influence created and the actual work done towards the completion of the Northville and the Base Line roads was of much value as can hardly be estimated. The action taken under the Covert Act was just at the opportune time and there has been no time since then that the road could have been built under state and county aid. The club's influence was also of much importance at the last moment in getting the 500 or 600 feet of road completed at the Northville end of the Novi road to connect with the Base Line road, at the village limits.

The importance to members of the club in having free access and assistance from the American association clubs all over the United States is of especial value.

## NOW STANDS THIRD.

It is natural that the people in this section of Michigan should have a just pride in the fact that eight-two per cent of all the automobiles manufactured in the United States in 1922 were made in Michigan. We know that 2,561,000 automobiles were produced last year in the United States. This tops the previous high record of 1920, when 22,050,197 American passenger and commercial vehicles were manufactured.

Possibly it is not generally understood that the automobile industry now stands third in size among the industries of the United States. Only the meat packing industry and the

oil industry surpass it. The wholesale value of the total output of automobile products in 1922 is now computed at \$2,559,207,389—Pontiac Press.

## A NEW NOVEL OF BACK HOME.

The small town is the scene of Florence Bingham Livingston's new novel, "Under a Thousand Eyes," which tells the story of a girl who went back home after eight years in the outside world—and of her reaction to her childhood friends of the village. "Under a Thousand Eyes" is being discussed as a novel which gives a new angle on the small town.

## HALF MILLION FORDS IN FOUR MONTHS.

More than half a million cars and trucks in 120 days is the record just established by the Ford Motor company, eclipsing all previous sales figures. From January 1 to May 1 sales of Ford cars and trucks in the United States reached 551,544, nearly twice the number sold at retail during the same period a year ago when the total was 283,782.

Even with its huge production facilities, now operating on a schedule in excess of 5,500 cars and trucks a day, the company is unable to keep up with the unprecedented demand. April set a new sales record for the month, just as every other month this year, and was the thirteenth consecutive month in which sales have run over the 100,000 mark. Sales during April totaled 165,582 cars and trucks, 50,000 more than were delivered in the same month last year when 115,582 retail deliveries were made.—Detroit News.

## A Poor Combination.

A brief announcement is told about the governor of Maine who, while addressing the students at Bowdoin college, said, "Your spacious campus with its beautiful garbage of green" etc. Evidently he started to say "garment," then switched off onto "herbage," but the combination that resulted was hardly a happy one.

## CHICAGO DRAINAGE CANAL

The Chicago Drainage Canal ranks well to the fore among the great engineering feats of modern times.

The purpose of its construction was twofold. Primarily to purify Chicago's supply of drinking water which is obtained from Lake Michigan by reversing the flow of the Chicago river so that the sewage from the city, instead of being dumped into the lake, would be carried off into the Des Plaines river which in turn empties into the Illinois river. Ultimately, to provide a ship canal from Lake Michigan to the Gulf of Mexico.

Commenced in September, 1882, and formally opened in January 1900, this so-called canal is approximately forty miles in length, has a minimum depth of twenty-two feet, varies in width from 160 to 300 feet at the top and has a capacity of about 300,000 cubic feet of water per minute.

Our major operations were involved in this huge task. First, the Chicago river had to be both widened and deepened for more than five miles, next the digging of a canal for twenty-eight miles, then the river had to be diverted from the old to the new channel and finally the building of a tail-race and a new channel for seven miles.

Great fears were entertained by many that the cities past which this diverted sewage must flow and which obtained their supplies of drinking water from this stream would be visited by an epidemic of water-borne diseases, particularly typhoid. Again the question as to whether the taking of sufficient water from Lake Michigan to flush the canal would adversely affect the interests of the states and cities bordering on the lake, through the lowering of the surface of the water in the lake, and in turn interfere with the navigable capacity of the rivers which flow into the lake, was long and seriously discussed.

But scientific examination and investigation failed to substantiate the threatened dangers from disease; the imagined damage to the navigation interests of the Lake Michigan region failed to materialize.

That Chicago has benefited immeasurably from a sanitary standpoint there is not the question of a doubt, according to the reports of the health department. When the locks in the Des Plaines and Illinois rivers, which connect the canal with the Mississippi river are increased in size and the fixed bridges which span the canal in the Chicago zone are transformed to swinging or lift bridges, it is expected that barges and light-draft river craft will move in large numbers from Chicago, through this man-made channel, to New Orleans.

## STATE NEWS IN BRIEF

Northport—Navigation was aided last week by the South Fox island lighthouse for the first time since late in the fall.

Mr. Clemens—Mrs. Phillip Seibert, 79 years old, died after an illness of a year. She had lived in this city more than 60 years.

Qwasso—Mrs. Helen T. Ticknor, 84 years old, a pioneer resident, died here last week. Just before she died she wrote her own obituary for publication.

Lambertville—Appointment of Irving S. Paul, of this town, as director of the new bureau of domestic trade of the department of commerce was announced last week.

Battle Creek—Daughters of the American Revolution from all parts of Michigan were present last week at the dedication of the room at the Roosevelt American Legion hospital, Camp Custer, furnished by the state society.

Port Huron—The Michigan Federation of Music Clubs, in convention here last week, adopted a resolution requesting Thomas E. Johnson, state superintendent of instruction, to appoint a state supervisor of music instruction for the public schools.

Home—Lavorion's early settlers are dead. George L. Dalzell, farmer of North Plains, dropped dead at his home in Muir, while preparing for supper and Daniel P. Kelly, 40 years a resident of the city and practically the last of the old-time sailors of Ionia, died last week.

Alpena—Under an arrangement effected by the weather bureau with the Michigan Limestone and Chemical company, of Calumet, weather information will be broadcasted in the future by wireless, despite the closing of the naval radio station here, it has been announced.

Lansing—Henry "Coul," who has been doing the work of budget commissioner in connection with his work as one of the state purchasing agents, will from now on devote his entire time to the budget work. Fred Perry, secretary of state administrative board announced last week.

Reed City—W. J. Crawford, school commissioner for Isabella county, has been engaged as superintendent of the Reed City public schools to succeed W. V. Gurner. He will be the first superintendent to have charge of Reed City's new \$35,000 school building which will house the high school.

Marinesco—As he jumped from the tender of a locomotive to a flat car which the locomotive was coupling to, Howard McCarthy, 16-year-old school boy of Marinesco, fell beneath the wheels and was killed last week. Young McCarthy was accustomed to earn his spending money by working Saturdays with the railroad gang.

Detroit—Bishop John McGormick of Grand Rapids, with Episcopal church leaders from the three Michigan dioceses comprising 40 clergymen, conducted a quiet but impressive service at the funeral of the late Bishop G. Mott Williams for mer head of the diocese of Marquette, at Christ Episcopal church last week.

Lansing—Officers of the Ladies of the Maccabees were in Lansing conferring with Chamber of Commerce officials relative to a site for a home for the order here, it became known last week. The general offices of the order now are located in Port Huron, but it is felt that with the increase in membership some more centrally located site is needed.

Porterville—Funeral services were held here last week for Frank L. Abbott, 79-year-old Civil war veteran and an old resident of this town. During his service in the war he was in the battles of Yorktown, Gaines, Bull Run, Fredericksburg, Wilderness, Spotsylvania, St. Petersburg, Five Forks, Appomattox Court House and other engagements.

Iron Mountain—One thousand prairie chicken eggs for hatching will be distributed among the farmers in Delta county by the Escanaba Wild Life and Conservation league. Fishermen will be asked to scatter buckwheat seed at feeding places for game. Buckwheat spreads rapidly and is choice food for the birds. The upper peninsula convention of sportsmen's and conservation clubs was held at Houghton, last week.

Grand Rapids—The Devitt Chino, consistory class, completing its work here last week adopted the name of General William Pines a Civil war veteran, who for many years held high degrees in Masonry, and elected the following officers: President, Roy Andrus, Lansing; vice-president, Randall Edwin Clark, Kalamazoo; secretary and treasurer, Robert G. Hooker, Grand Rapids; orator, W. R. Booker, Greenville; historian, Robert H. Ballis, Grand Rapids.

Albion—Albion's new \$150,000, addition to the high school was dedicated at the high school auditorium. Exercises began in the afternoon, when the children of the grades inspected the building, and a health pageant was given under the direction of Miss Roberta Foote, school nurse. The speakers in the dedication program were George E. Dean, president of the school board, and Robert W. Baldwin, member of the board. The new building will accommodate 573 pupils. The capacity of the old and new plants is 925.

Tustin—Tustin holds the record for the shipment of potatoes in Oscoda county. There were 279 carloads of potatoes shipped from here the last season, representing about 25 per cent of the total yield of the county.

Albion—The city council voted to lease, from the New York Central railroad for the nominal sum of one dollar per year the former company station grounds here, and will maintain them as part of the city park system.

Flint—Ground was broken last week for the South End Baptist Evangelical church. Because only part of the building fund has been subscribed, members of the congregation will help to build the new edifice.

Battle Creek—Afraid he would be late to school if he waited for a Michigan Central freight train, last week, Joseph S. Dayton, 7 years old, dashed under the crossing gates and started across the tracks. He was hit by a train and killed.

Saginaw—Gideon Cardinal, 36, formerly an inmate of Pontiac State hospital, who killed Mr. and Mrs. Clarence Shove, near Saginaw with an axe, Wednesday, two weeks ago, was taken to the State Hospital for the Criminal Insane last week.

Shelby—Announcement has been received here that the local postoffice has been raised from the third to the second class. The placing of the office in the second class will mean improved service here, owing to the increased number of carrier hires.

Bad Axe—Every Hudson farmer's member is the keynote of the County Farm Bureau association drive to open July 16. Extensive demonstrations in ditch blasting, stump and stone blowing, using picric acid, will be started by the association soon.

Adrian—Miss Minetta, a senior at Adrian college, has been awarded one of the six scholarships granted annually by the University of Michigan to state college representatives throughout her college course. Miss Nicolai has never received a grade lower than "B."

Ann Arbor—Word has been received here last week of the death in Grand Rapids of Professor Herbert N. Schmidt, member of the faculty of the University of Michigan. Professor Schmidt was on leave of absence this year but had expected to return to his duties next fall.

Adrian—The annual county high school track and field meet will be held May 25, on Thompson field, at Hudson, Mich., plans having been completed for the event. Moreland Clinton and Blount schools, with their teams of last year practically intact, are expected to furnish interesting contests.

Escanaba—Francis Rouleau, 25 years old, died from injuries suffered when he slipped and fell into a boiling vat at the Northwestern Cooper age plant at Gladstone, where he was employed. His body was almost submerged and he was terribly scalded. Death resulted from burns and poisoning from chemicals in the vat.

Battle Creek—Burt Wilcox, who has been engaged in the wholesale butter and egg business here for the last 20 years, died, last week, from a stroke of paralysis. His widow, Edna Dole Wilcox, is well known about the state as musician and director of the largest mandolin orchestra in this part of the country.

Battle Creek—Preparations for making Camp Custer one of the finest summer military training camps in the United States this year are being made. The main body of regular army troops will arrive here in another week following which final arrangements for the training of thousands of rookies and student officers will be completed.

Dowagiac—Contractors began the paving of four miles of road from the north Cass county line to Decatur as part of the Dixie highway last week. When finished in August motorists will have a pavement from South Bend to Kalamazoo. The road will allow motorists to avoid the Field hill, one of the longest and steepest grades in southwestern Michigan.

Battle Creek—Another cottage division for tuberculosis ex-soldiers is to be opened at Roosevelt American Legion hospital at Camp Custer within a few days, according to official announcement. Approximately 185 Michigan vets now are registered there and more are arriving daily. Four more units will be opened before the institution reaches capacity accommodation of 450 men.

Kalamazoo—Allen F. Maybee, of this city, has been chosen a member of the Columbia university debating team which will tour the British Isles in June for a series of debates with British university teams. Maybee is the only freshman ever to make a Columbia varsity team. The team will debate the question, "Resolved that President Harding's proposal to that the United States enter the international court of justice merits the approval of this assembly."

Grand Rapids—Working side by side for 54 years of their span of three score and eleven, is the record established by William and Willis Hardy, twins, now employed in the polishing department at a furniture plant here. From fighting log jams on the Grand and Pere Marquette rivers in the days of their youth, they have carried on through all their years and now are more bound up in one another than ever. Each morning the men leave their homes, which are not far apart, and walk together to their work.

Farmington—On Monday, May 21, the summer schedule on the Orchard Lake division will become effective. Under it hourly service from Pontiac to Detroit by way of Orchard Lake and Farmington Junction will be re-established.

## Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

## To Property Owners of Northville:

It is the desire of the Village Council to ascertain the number of property owners who wish to connect their homes and places of business to the new sewer system this season. Those who desire to do so will please give their names to the Village Clerk as soon as possible so plans may be made with the contractors to accommodate all.

## Clean-Up Week Extended

Owing to the inclemency of the weather this week Clean-Up Week in Northville has been extended one more week. If weather conditions are favorable we desire to make a thorough clean-up of the village next week, and we ask the co-operation and assistance of all the citizens—property owners as well as property renters.

When we have finished our task this year let it be said of Northville that we have removed all old rubbish and trash from our homes, our alleys and our streets, and thus make Our Home Town clean and sanitary.

All rubbish—no ashes—placed at the street curb in boxes or barrels will be removed by the village.

## SUBDIVISION

Four Blocks from the center of Northville at the end of North Center Street Cement and lying on the north side of the Base Line Road.

A Maple tree for each lot—6-inch covered Gravel Roads (being completed). Cement Walks; Water and Sewer to be placed in the alleys making connection shorter to the house—and roads will not be destroyed. The entire plat is carefully restricted making it possible for the working man to build; also desirable for the particular class.

Lots 77 to 92; 117 to 131 and 158 to 171 are located in the woods where most of the trees (maple and beech) are from 2 to 3 feet thru.

Every lot, due to the elevation, has a wonderful view overlooking Northville or the east. The entire tract is nearly all into a lawn and but a few lots require grading. All lots except on the Base Line road have 80 foot frontage, but we are offering them with 40 foot frontage at a price that can not help but be a real investment with Detroit's population crowding Northville way—say nothing about the factory increase Mr. Ford is getting under way.

Priced from \$150 up with an average of \$500 per 40 foot lot. A small payment down secures your choice with 2 per cent Monthly—Or Discount for Cash.

A card or a phone call will be given careful attention and we will be pleased to show you this Subdivision as a buy for a home or a real investment.

## MICHIGAN HENS LEAD IN EGG LAYING TEST.

Michigan hens hold all honor places at the end of the first half year of the International Egg Laying contest being held at the Michigan Agricultural college. State birds not only top each section but actually hold the first four places in every breed—a clean sweep for Michigan entries. The White Leghorns have come up from behind in recent weeks, and now hold top honors among the different breeds, the first three leghorn pens standing ahead of any pen of other breed.

## SPRAY DOLLAR EARNS BIG POTATO INTEREST.

With an increased yield of eighty bushels of potatoes to the acre as a result of treating the seed with corrosive sublimate, Chm Lehman of Mason county, holds a near-record for cheap potato production in the state last year, according to county agricultural agent K. N. Bemis.

It cost Lehman about a dollar an acre to treat his seed, and at this rate the eighty bushel yield increase cost but little more than a cent a bushel, plus, of course, the small amount of time required in the process.

Lehman planted five bushels of certified seed last spring, half of which was treated with corrosive sublimate to prevent the Black Scurf disease. The quarter acre which was not treated yielded 37 bushels; the quarter acre which was treated yielded 58 bushels—at the rate of more than eighty bushels increase to the acre. This Mason county farmer, at least, will treat all his seed potatoes.

## BONSTELLES TO PRESENT "LITTLE OLD NEW YORK."

"Little Old New York," the Rida Johnson Young play of Manhattan in its early day, will be the offering of the Bonstelles company at the Garrick theatre next week, affording unusual opportunities for character work.

There are no subways, the midnight frolic takes place in the volunteer fire house, they go blackberrying in Maiden Lane and Gramercy Pond is way out in the country, and when one journeys from the Battery to Harlem it is customary to stop off with friends in Wall street, or thereabouts to break the long journey. Such is the period of "Little Old New York."

In keeping with the time is the interesting group of characters who form the central part of this romantic narrative. There is Cornelius Vanderbilt, the enterprising young proprietor of a ferry to Staten Island that carries nine passengers each trip. There is John Jacob Astor, whose faith in Manhattan real estate is unbounded, and who is scoffed at by his townsmen. There is Peter Delmonico, laying the foundation for his famous restaurant by retailing sandwiches; there is Wasing Irving, who scribbles a bit and gambles much. There is Larry Delevan, whose mechanical genius is all but wasted through his fondness for the cards and roving. Then there is Patricia O'Day without who there would be no "Little Old New York."

Orion.—Death last Wednesday afternoon claimed Mrs. Lorena Beebe, believed to have been the oldest woman resident of the state, at the home of her daughter, Mrs. William Shoemaker, east Flint street, just 16 days before her 108th birthday.

## TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1897 for the week corresponding to this week.

M. Lem is very ill.  
Edward Whitaker continues very poorly.  
Born, to Mr and Mrs A. E. Tower, May 10, a boy.  
Born, to Mr and Mrs J. Haney, May 10, a girl.

Floyd Northrop has enlisted with the naval reserves.  
Maude Carr returned to her home at Williamston, this week.

Miss Ella Clark of The Record force is taking a week's vacation.  
Miss Addie Sanders went to Detroit Monday to visit her sister.

Louie Root has sent in his name as a volunteer in the naval reserves.  
Ed. Perrin is the new shipping clerk at the Globe to succeed Hoyt Woodman.

Luther Lapham, who has been ill for a year or more past, is gradually failing.

Patrolman W. B. Lake of the Detroit police force, visited his parents here Monday.

Carl Capell left last week for Bronson, having accepted a position in a printing office there.

Will Murdock of Ypsilanti, has been promoted to the position of cashier in the M. C. Depot at Hammond, Illinois.

George Ravaca has added to the appearance of his York street place by terracing with cut stone along the entire front.

Ben Swan who was a member of Capt. Simonds' cavalry during the rebellion is now here from the re-creating old friends.

Art Williams and Ray VanValkenburg are two of Northville's finest citizens to enlist. Will Thornton failed to pass the medical examination and has returned home.

Willard C. E. Hall Johnson, Will Ely and George Pickell went over to Island Lake Tuesday to take the volunteer examination. The two former passed and may yet enlist.

Jake Miller has sold his meat market and building to Hoyt Woodman and Horace Cray. The new firm took possession Monday with H. Clay Calkins and Louis Miller as head cutters.

Miss Edna McLaughlin, who has been staying with her aunt, Mrs. Will Holcomb for the past three years, has gone to Cannelton, W. Va., to visit an uncle. Mrs. Holcomb accompanied her.

There is but little doubt but that electric cars will be running out of Northville to Detroit via Plymouth and Wayne some time in September next. The village of Wayne granted the new franchise last week.

Mr. John B. Ward of this place and Miss Luella Gilmore were united in marriage at the home of the bride in Rushton yesterday afternoon, the groom's brother Rev. W. M. Ward performing the ceremony. They will make their home in Northville.

Wednesday at noon, Mr. Lawrence W. Simmons of our village was united in marriage to Miss Jennie L. Singer at her home in Detroit. The ceremony was performed by Rev. Her-ber in the presence of a number of friends. It is the intention to make their future home in Northville.

## IN MEMORIA OF MOTHER.

Mothers' Day was very fittingly and appropriately observed in this community Sunday. Special services were held in all the village churches and the congregations were especially large, indicating that the people were in hearty accord with the spirit and the intent of the occasion. Red and white blossoms were worn as a fitting token to the memory of the living and the departed, and the whole day seemed to be freighted with love's awakenings. It was indeed a proud day for American motherhood, but a prouder day still for those who stopped in the mad rush after worldly things to think of mother.

CARD OF THANKS.—We wish to thank the friends and neighbors for the kindness and sympathy shown us during our late bereavement. To all who gave the beautiful flowers and spiritual comforts; those who furnished autos and also those who sang. Especially do we thank Rev. Fr. T. Hally, Fr. J. T. Dowdle and Fr. Schuler. To all we are very grateful. Mrs. A. E. Kohler, Lena Kohler, Mr. and Mrs. E. A. Kohler, Mr. and Mrs. R. M. Terrell, Mr. and Mrs. Fred Kohler, Mr. and Mrs. W. J. Bryson.

CARD OF THANKS.—I wish to thank my friends, the Ladies' Aid and Missionary society of the M. E. church, for the flowers and kindness shown me during my illness. Mrs. J. D. Rutter.

## PRESBYTERIAN CHURCH NOTES.

Rev. Mundell, assistant pastor of the Second Presbyterian church of Chicago, and a former Detroit pastor, will occupy the Presbyterian pulpit on Sunday, preaching both morning and evening. As he is coming as a candidate for the pastorate it is desired that all members and friends of the church and society be present if possible. Sunday school and young peoples' meeting at the usual hours and a cordial welcome awaits you.

## BAPTIST CHURCH NOTES.

During the summer months the G. G. classes will hold their regular monthly business meeting at Walled Lake. After the business meeting supper and games will be the order. A truck will leave the parsonage shortly after four o'clock. As we will only have one small truck, those who have attended Sunday school regularly will have first place. On Friday evening at 8 o'clock a meeting will be held to organize an orchestra. This organization will be largely composed of beginners but players will be very welcome. All musically inclined who are not members of other churches in the city are invited to meet with us. The steady increase in attendance at all services is very encouraging. Likewise the condition of every department of the church.

METHODIST CHURCH NOTES.

During the morning service the Holy Communion will be celebrated. Let us all come to the Lord's table. Service is at 10:30.

Our Sunday school will meet at 12:00 with an invitation for all to stay. The Epworth League will meet at 6:30 for the young people.

In the evening at 7:30 we are to have Mr. Losinger of Lansing, who will speak on "Law Enforcement." Everybody interested in good citizenship will be present at this meeting. This meeting will be in the interest of the Anti-Saloon League of our nation. Everybody welcome.

Our stereotyped lecture was such an enjoyment that requests come to repeat it. Our next will be on "Italy: Land of interest and education. Watch for further announcement."

NORTHVILLE SCHOOL NOTES.

One of the fastest games of the Four Square League was played at Dearborn last Friday, May 11th when our boys met the High School team of that place. Neither side scored for the first three innings and then in the first part of the fourth inning Northville secured a run, and in the last half of the fourth Dearborn gained a run. Our opponents also gained a run in the last part of the fifth on errors. From this point to the end of the game of seven innings the score remained the same and closed 2-1 Dearborn. On account of the illness of Howard Helrich, Ralph Wood acted as catcher. This necessitated changing the lineup. Raymond Watts playing first base, James Wood, second and Harry German, pitcher, Edward Riley, third, Carlos Hall left field, Lyle Kestell, center and Merritt Young, right field. The game was marked by good clean sportsmanship on both sides. The umpire was unusually good and gave rapid, honest decisions. The next game of the season will be played this Friday, at Plymouth.

Don't forget the Marionette production which will be given Friday evening, May 25th, at the High school, under the auspices of the Junior class. The Senior prom was a splendid success and greatly enjoyed by all who attended. The decorations were beautiful and made the gymnasium a haven of beauty. We are deeply indebted to the different organizations and individuals who co-operated to make the party a success.

The last of the pictures for the annual were made Monday of this week. About three hundred copies have been sold and no more orders will be taken. The health play sponsored by Mrs. C. C. Yerkes, "King of Foods" under the direction of Mrs. Babbitt, and Mrs. Zimmer was given at the High school auditorium Wednesday, May 16. The play was well given and very much enjoyed.

Watch for the Boy Scouts in uniform who are stationed at the Turner corner to assist the smaller children across Main street. They will be found willing to help at all times. Edward Horton and Jack Marburger are on duty this week.

The Seventh and Eighth grades from the rural districts are writing the annual county examinations on Wednesday, Thursday and Friday of this week.

## Bible Thoughts for the Week

## Sunday.

"GOD RULES WITHIN."—I will put my Spirit within you, and cause you to walk in my statutes, and ye shall keep my judgments, and do them. And ye shall dwell in the land that I gave to your fathers; and ye shall be my people, and I will be your God.—Ezekiel 36:27, 28.

## Monday.

THE POWER OF THOUGHT.—As he thinketh in his heart, so is he.—Proverbs 23:7.

## Tuesday.

PERFECT SAFETY.—Fear thou not for I am with thee; be not dismayed, for I am thy God; I will strengthen thee; yea, I will help thee; yea, I will uphold thee with the right hand of my righteousness.—Isaiah 41:10.

## Wednesday.

GOD KEEPS HIS COVENANT.—Know therefore that the Lord thy God he is God, the faithful God, which keepeth covenant and mercy with them that love him and keep his commandments to a thousand generations.—Deuteronomy 7:9.

## Thursday.

SONS OF GOD.—For as many as are led by the Spirit of God, they are the sons of God.—Romans 8:14.

## Friday.

THE GOLDEN RULE.—As ye would that men should do to you, do ye also to them.—Luke 6:31.

## Saturday.

HAVE THE MIND OF CHRIST.—Let this mind be in you, which was also in Christ Jesus. Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem other better than themselves.—Philippians 2:5, 8.

## AMERICAN LEGION TO SELL POPPIES.

Your Post got only can raise its quota of the Graves Endowment fund through the sale of Poppies on next Memorial Day, but it can insure effective relief work for at least a year. The true spirit of helpfulness—and the unselfish motive back of the Legion's national Poppy campaign this year demands the support of your entire Post membership.

National headquarters has procured a quantity of high-grade silk poppies made by French disabled men and their dependents. They are of a decidedly superior quality, entirely in keeping with the dignity of the Legion. Many varieties of inferior Poppies are being sold by private commercial organizations. Accept no substitutes. Any profits derived by National headquarters from the sale of Poppies will be devoted entirely to service and relief work. "Don't be misled—there is only one official American Legion Poppy." They can be secured only from National headquarters.

The above was taken from a circular sent to all American Legion Posts, Lloyd H. Green Post of this village included, and by way of explanation we desire to announce that poppies will be sold in this village and will be on sale at Kilgour's clothing store and at Edwin White's dry goods store. In soliciting the support of the people of Northville we are striving to assist the American Legion organization to keep Poppy Day from being commercialized.

The patronage of the public will be appreciated and the receipts from the sale of poppies will reimburse the local post for money already contributed to the fund for the decoration of graves overseas.

ALSEIUM THEATRE

Saturday Night, May 19th. "REPORTED MISSING"

Have you ever laughed yourself tired? If the title "Reported Missing" doesn't excite you, you may be sure the picture will. To miss seeing it will be to forfeit an evening of genuine amusement. There isn't space here for all the pleasant things that might be said about this film.

Sunday and Tuesday, May 20-22. "NERO"

in 12 reels. See front page ad.

Thursday Night, May 24th. "ARE YOU A FAILURE?"

## PEOPLE WILL NOT THINK— IS IT TRUE?

What real thinking have we done lately—say the last month? Are there any honest-to-goodness—progressive—vital ideas staying in our minds? Thoughts are powerful—affect affairs—are forceful on bodily conditions—are tangible. This village is and can be only what its people THINK. If they want it the best place on earth they must think so and then say so. Elijah—the fire brand from Israel—was a daring thinker. He took time to think—to seek causes—to know fundamentals—to see straight. Like a meteor Elijah flashes into the presence of King Ahab and gives that worthy a few things to mull over. Like a grim warrior Elijah waited on Mt. Carmel while his opponents sought their divinity and failed. Like a powerful cleanser Elijah came unto Naboth's Vineyard and revealed a murder plot which some had sought to conceal. Elijah learned a lot by thinking. He altered his methods—became more effective—won everlasting recognition. What about your thinking apparatus—are you really using it?

Rome—Three were killed and 10 seriously injured by explosion of a shell aboard the Italian destroyer *Albatross*, according to a report from Taranto last week.

**Cell Prisoner Tells His Own Death.**  
Paris—Jean Sampson, 62 years old, cell prisoner 30 years at the ancient Chateau de St. Germain in Compiegne, told the story of his death, thus merely telling his own death.

**Mexicans Slay Italians.**  
Laredo, Texas—The bodies of five Italian nationals, slain for their money at a lonely spot near Columbia, Nuevo Leon, Mexico, were recovered from the Rio Grande last week and buried on the river bank on the Mexican side.

**Injured Vets' Care Up To State.**  
Washington—Plans to concentrate the hospitalization of America's thousands of disabled World War veterans has been abandoned for the present by the United States Veterans' bureau, it was learned last week.

**Stove Explodes, Four Killed.**  
Derry, Pa.—A woman and three children, whose ages ranged from 18 months to 10 years, were burned to death when fire destroyed their home here last week. A kerosene kitchen stove exploded, and spread oil all over the room.

**Zita In Hungary, Report.**  
Vienna—The Budapest police received from the frontier police telegraphic information that Empress Zita with her young son the "Hungarian King Otto," had crossed the frontier in an automobile with a passport in the name of Julia Koenig.

**Crosses Atlantic In 5 Days.**  
New York—The giant White Star liner *Majestic*, which arrived here broke its record for crossing from Southampton to New York. The trip was made in 5 days, 15 hours and 15 minutes. On two days the liner covered more than 500 miles.

**Lusitania Sunk 8 Years Ago.**  
New York—Relatives of those lost on the *Lusitania* observed last week the eighth anniversary of the sinking of the giant Cunard liner by two torpedoes from a German submarine off Kinsale, Ireland. Of the 1,108 who lost their lives 124 were Americans.

**Insurance Record Broken.**  
New York N. Y.—American life insurance companies wrote ten and a half billion dollars of life insurance last year a new high record, and for the first time in their history paid out more than a billion dollars to policy holders, it was disclosed last week.

**Klan Initiates 2,000.**  
Columbus, O.—In full regalia, approximately 1,000 members of the Ku Klux Klan paraded here last week and then bearded street cars and were taken to the outskirts of the city where according to Klan officials 2,000 men were inducted into the organization.

**Mexican Bandists Hold American.**  
El Paso, Tex.—An American named Newman is being held for ransom by Mexican brigands headed by Juan Galindo, according to a report from Torreon, received here last week. Newman was seized at Charco Azul on a Guadalupe ranch the report said.

**Cow Kills Self.**  
Lonaconing, Md.—Hugh MacMillan tells of a cow killing itself. The cow resented being sold to him, and did not want to be taken away from the old home. MacMillan was leading the animal over a small bridge when it made a sudden plunge into the creek, dragging MacMillan after it. The cow died in a short time from its injuries. MacMillan is suffering from contusions to the arms and body, caused by trying to save the animal.

**Clue to Cyclops Disaster Found.**  
Atlantic City—The fate of the Cyclops, U. S. Navy collier, which disappeared mysteriously in March, 1913, was recalled here when Miss Dorothy Walker, a Pittsburgh girl, found a bottle on the beach containing a message, which may have come from one of the ship's crew of 300 men. "Cyclops wrecked at sea," the message read. It was signed "H." and written on a memorandum sheet. The paper was yellowed with age.

**Cohens Ahead of Smiths.**  
New York—The Smiths and Cohens had their annual popularity contest this week, the occasion being the distribution of the New York City Directory for 1923. Out of the 1,200,000 names of the directory, which covers Manhattan and The Bronx, nearly 6,500 are allotted to the Cohens and Cohens and approximately 5,300 to the Smiths and Smiths. But although in the aggregate the Cohens and their kin the Cohens widen their lead over the Smiths and Smiths.

## HUNDRED DETROIT BOYS TO VISIT ALASKA.

George D. Buchanan, a wealthy business man of Detroit, has proposed a plan by which 100 boys in Detroit and some of the towns surrounding the city will be permitted to visit Alaska this summer, and to view its wonders. The Record is glad to publish the following concerning the proposed plan.

George D. Buchanan, a Chatham, Ont. boy who is now a fine young coal dealer in Detroit, attributes his success largely to an offer made him when he was a boy that he would have a trip to Europe if he saved a third of the cost. The offer was made by a friend who promised to lend him the money. Buchanan's mother, the other third, the boys to be repaid when George could afford to go so. Here was a real incentive for saving, and when the trip was made it proved of an educational value that has stood him in good stead all his life. Last year Mr. Buchanan made a trip to Alaska, and the idea occurred to him of making the same kind of offer to other boys that he had himself enjoyed in his own youth. But the trip should be to Alaska and not to Europe. As soon as he made the announcement he was inundated with applications, and a large party of Detroit boys has already been looked to sail from Vancouver on the Canadian Pacific steamer "Princess Louis" on July 14th. Mr. Buchanan will personally conduct the tour which he is thus helping to finance. He is thus such a trip would have been worth \$50,000 to him if he had taken it himself. He has his own household, and his educational and broadening influences.

The Record has been told that the father of the Central Medical Club, William Livingstone, president of the Dime Savings Bank, and Circuit Judge Joseph A. Novichuk have endorsed Buchanan's scheme as an unusual opportunity for boys to see the value of thrift and industry. But the trip will have still greater benefits, as Mr. Buchanan has said. The boys cannot cross the continent, but take that wonderful trip by the island-sheltered waters of the Pacific Coast without its native dangers, and its educational and broadening influences. From Vancouver up to Seattle, and back is a nine-day trip that can never be forgotten. The yacht-like "Princess Louise" glides over a sea among countless islands that rise forest-clad or mountainous on either side against a snow line of snow-capped mountain peaks. The Indian villages of Alaska with their native police are unique, and the boys will have a special charm for these hundred fortunate boys.

The above mentioned trip was to be for Detroit boys only, but as Mr. Oliver Goldsmith of Plymouth is an old time friend of Mr. Buchanan and as Plymouth and Northville are near neighbors, a special invitation has been extended by Mr. Buchanan to Mr. Goldsmith to Plymouth and Northville boys to enjoy this outing.

## No Rest--No Peace

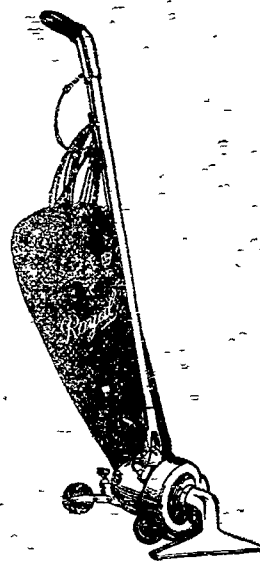

There's no peace and little rest for the one who suffers from a bad back, and distressing urinary disorders. Northville people recommend Doan's Kidney Pills. Ask your neighbor. Be guided by their experience.

Henry VanSickle, farmer, Mill St., Northville, says: "I had my first experience with Doan's Kidney Pills some time ago and I can say they did me a world of good. I had been doing some extra heavy work on the farm and I blame this for starting my kidney complaint. My back ached terribly and nights I could get no sleep, as the misery was still there. I had blinding dizzy spells and didn't have any ambition to do a thing in the way of work and my kidneys didn't act regularly, either. A friend advised me to try Doan's Kidney Pills, so I went to Horton's drug store, and got three boxes. They fixed me up in good shape, so I am only too pleased to recommend Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. VanSickle had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Effective and Pleasant to Take

The foundation of healthy, happy manhood and womanhood lies in a healthy childhood and baby hood. Keeping babies and children healthy frequently demands the use of a good laxative to keep the bowels open, or an anti-acid preparation to neutralize a disordered condition in the stomach.

Milk of Magnesia combines these qualities to a remarkable degree, and is, therefore, very generally prescribed and used for this purpose. It is mild, hence especially suitable for young persons.

Is the best kind we know of and we recommend it unhesitatingly. It is of full strength and purity, almost tasteless, pleasant to take thoroughly reliable and not injurious in any way. Good for young and old alike; the best that can be produced.

A number of Northville fans witnessed a very "ragged" game of ball in Detroit Monday afternoon between the New York and Detroit teams. If our local games were so lacking in interest as this contest between two teams that have a national reputation the management of the home teams would be hooted from the grounds.

The second ball game of the season to be played on the home grounds took place Sunday between the Prison Farm team and the Foresters' team, the former being defeated to the tune of 12 to 4. George Hicks has been re-elected manager of the team for this season and Northville may expect some good games.

Officers and members of Michigan Camp, Royal Neighbors of Detroit were guests of the local camp on Monday evening. A bountiful dinner was served at six o'clock and the visitors conferred the degrees upon a class of candidates in the evening. The gathering proved a very enjoyable one. The meeting was arranged as a celebration of the third anniversary of the local camp and visitors were present from Plymouth, Salem and South Lyon. The local camp was especially honored by the presence of Mrs. B. C. Smith, state oracle, and Mrs. Murray, supervisor, who accompanied the Detroit ladies.

## TORNADO SWEEPS ACROSS 2 STATES

HUNDREDS INJURED AS TWISTER  
SPREADS DESOLATION IN  
TEXAS AND ARKANSAS

### FIRE RETARDS RESCUE WORK

Many Children Among Victims—  
Finest Farm Homes in Area  
Wrecked—Wires Down.

Colorado City, Texas—Fifty persons were killed and nearly 100 injured when a tornado struck near here Monday, W. H. Cooper, secretary of the local chamber of commerce, estimated after a preliminary survey. Many of the dead are children, according to Cooper, who said the tornado cut a path one mile in width. The storm originated near Richardson, south of here and extended to a point near Lorraine, 16 miles away. Rescue parties have been sent from here and Lorraine into the stricken area but these have not given a report to authorities here.

All telephone lines to homes in the district are down.

Many of the best farm homes in Mitchell county have been reduced to debris and the property loss will run high, Cooper said. "Thousands of dollars damage was done to crops."

The Colorado Sanitarium is filled with injured who are being rushed here from the storm area. Many of the injured are in a serious condition and are expected to die.

The tornado ripped through Mitchell and Howard counties in the Texas Panhandle, while residents were still in their beds, leaving death and destruction in its wake.

Little Rock, Ark.—Reports of loss of life in the southwest tornado and flood place the total of more than 100. The casualty list also comprises hundreds of injured and heavy property damage, according to brief accounts received here.

At Hot Springs, Ark., the death toll is placed at 50. Colorado City, Texas, also suffered a loss of 50 killed and 100 injured.

Fifteen bodies already have been recovered at that place. Incomplete reports from sparsely settled districts indicate that the death toll will be greatly increased when complete tabulation is made.

In Hot Springs fire added to the gravity of the situation and interfered with rescue efforts.

Sweetwater, Tex.—Fifteen bodies have been taken to Colorado, Texas, 30 miles west of here and three others have been recovered at Lorraine, ten miles this side of Colorado.

Fire apparatus left here shortly after noon for Colorado after reports had been received that the town was ablaze. Other reports denied that the town was burning.

Wires between Sweetwater and Colorado are severely crippled.

### SHALLOW GRAVE YIELDS BODY

Cleveland Police Start Hunt for Man  
Who Kidnapped Victim.

Cleveland, O.—The body of Patrolman Dennis Griffin, kidnapped by a man he had arrested early last Friday morning and with whom he had started for a police station, was found Monday afternoon 300 feet from where remnants of his charred clothing were found between Geauga Lake and Bainbridge 30 miles east of here.

Griffin had been shot twice through the head and once in the abdomen. Police say any one of the shots would have killed him.

His body was stripped of all clothing. He was found buried in a grave not more than two feet deep.

Police believe the kidnapper stripped the body before burying in the belief that it would decompose quicker in the damp earth if it was not protected by clothing.

The hunt for Whitfield is on throughout the nation. Posters bearing his description have been sent to every police chief in the country but no trace of him has been found.

### BOYS CONFESS TO MANY FIRES

Youthful Firebugs Boast of Having  
Good Times At Blazes.

Grand Rapids—The spirit of bragado, which caused them to express to playmates their responsibility for having caused a fire on the city wholesale market, led to the arrest of three youths who confessed to police they are responsible for recent fires here, which caused a loss of a half a million dollars.

In the police station, where they are being held, the boys are utterly at a loss to give any further explanation for their incendiaryism than that they set the fires "just for fun."

To officers they related the details of the manner in which the fires were set and after being impressed with the seriousness of their offenses, one of them remarked "Well, we had a good time."

## His Guilty Conscience

By EDWARD LEVINE

(© 1922 Western Newspaper Union.)

Green had murdered Mulvaney, and he had to stay in the town a little while until suspicion died down before making his getaway.

Not that he felt suspicion was likely to attach itself to him. The two men were not known to have been anything more than acquaintances. But it had been a long-standing feud. In fact, it had dated back to the time when they were both clerks together in the bank in Bay City, and Green had stolen twenty thousand dollars in bills.

He had made his getaway then, as he expected to do now. Ten years elapsed before Mulvaney met Green in Riverville, and recognized him.

Mulvaney was employed in a wholesale clothing house. He had a poor job as an underpaid clerk. He was quite beneath the notice of Green, who was president of the local bank—he had stuck to the same line of business. Green had three cars—not delivery and a house, a fine building in extensive grounds outside the town.

Mulvaney knew Green's house very well. He began by calling there. He made Green, a middle-aged bachelor, take him up socially. Then he began demanding money. Green found himself living on the brink of a precipice. He found Mulvaney could not be bought off—to stay off. Mulvaney believed that he could work Green to the limit, and he had a grudge against him because he had done what he, Mulvaney, had wanted to do and had not dared to do.

Green had to kill Mulvaney or disappear. He decided that killing Mulvaney would be easier. He felt confident that he could get away with it. On some pretext he decoyed Mulvaney to a neighboring town, met him there, as if by accident, and offered him a ride home at night. He shot Mulvaney in a lonely part of the road and threw the body over a bluff. No body knew that Green had been away from Riverville. He lived alone, his housekeeper left early, and he had cleaned his car after returning, and let his chauffeur see it when he came to work next morning.

There seemed no motive for Mulvaney's murder. He had no enemies, so far as was known, and no one guessed at the past relations between Mulvaney and Green. Green felt secure. Nevertheless he meant to make his getaway when the hue and cry died down.

He had planned to give out that he was going on a month's shooting trip. At the end of the month he would be in Europe, far out of reach of possible discovery. He had all his plans made, and he had sold his securities.

That morning an inspector had been questioning him, and it worried Green. Towles and he had been at loggerheads over a matter of fire protection for the bank, and Towles bore Green no good-will. Still, Towles plainly did not suspect him.

It was five afternoon. Suddenly Green perceived Towles' car stop at his door. Towles called to a policeman and pointed toward the house into his garage.

By the time his old housekeeper opened the door—the old woman was slow—he could be speeding down the drive. He could pretend not to hear if the inspector shouted to him. He could make the drive entrance before Towles started his car. He leaped in and put on speed, hurling the car wildly down the drive. As he drove he saw the policeman at the front door. The man was waving and shouting at him.

Towles had seen Green. He started his car to intercept him. Green saw his hopes of escape diminishing. The space between the inspector's car and the open bottom of the drive was insensibly diminishing. It was a matter of seconds now. Green hurled his car at the road, and set it crashing into Towles.

A smash, the choking rattle of engines, then Towles had Green by the arm and was picking him out of the debris.

Green looked into the face of the inspector and threw up the sponge.

"You can take me," he said feebly. "I did it. I killed Mulvaney. He had been blackmailing me for months. I shot him and threw his body over the bluff."

A singular look came over Towles' face. "Glad you've come through with it, Green," he said. "You're the last man I'd have suspected."

"What?" gasped Green. "Didn't you come for me?"

"Sure I came for you," grinned Towles. "Your house is on fire. I came to tell you."

Cat Adopted Wild Rabbit.  
A Manitoba woman has a cat whose kittens she drowns as they arrive. The last brood was done away with and the mother cat immediately went out and adopted a wild bunny. The cat brought other small rabbits to the adopted one; and seemed strangely puzzled that it refused to partake of them. Bunny, a little cottontail, grew to its full size before it was killed by a dog.

Clever, indeed.  
Mrs. De Bohn—I think Professor Brayney is perfectly charming! He knows so much, and yet in conversation he doesn't make one feel like a fool.

Miss Snappy—Yes, isn't he clever?

## Walled Lake Warbles.

Mrs. A. J. Church, teacher of the W. M. E. class of the Methodist Sun-

day school, was hostess to about thirty members of the organization at her home a few evenings ago. The evening was pleasantly spent and an

inviting lunch was served by Mrs. Church. The report submitted by the secretary indicated that the class is in a very flourishing condition with a goodly sum in its treasury.

Moving pictures were shown at the M. E. church last Friday night, the proceeds of the entertainment being applied to the piano fund.

The anniversary of the founding of Oddfellowship in America was observed at the Methodist church. The Oddfellows and Rebekahs attended services at the church in the evening, when Rev. E. B. Dixon of Pontiac, delivered an interesting and appropriate discourse.

## GOVERNOR SIGNED POWER SITE BILL

The way is now open for Henry Ford to develop water-power sites in Michigan by condemning up to 25 per cent of the private property needed for the development. Governor Groesbeck said Monday night that he will sign the Hayes bill, conferring this power.

The bill was pushed by Ford representatives before the legislature, to permit the erection of a \$5,000,000 wooden mill on the Huron river, at Ypsilanti. Two per cent of the property owners there are said to have blocked the development by holding out for exorbitant prices.

The Ypsilanti development may be followed by others. During debate on the bill Senator Andrew B. Glaspie, of Oxford, said that Ford planned to build small plants wherever he could obtain suitable sites and operate them with farmer labor during the winter.

The bill protects the public by making the state a partner in the enterprise. Title of all lands condemned by a private company for water-power purposes is given to the state and is subject to State Administrative Board control. The land is leased to private companies.

Under the provisions of this act the way is opened to condemn some property in this village needed for the Ford improvements for which the owner demands an outrageous price.

## HARROUN PLANT IS SOLD.

Walter Eckhart, Chicago, bid in the trustees' equity of \$655,000 in the defunct property of the Harroun Motors Corporation, at Wayne, Mich., last Tuesday at receiver's sale, for \$10,100.

There were no bidders on the property as a whole. Mr. Eckhart did not intimate what he proposed doing with the property which is subject to liens, amounting to several million dollars—Michigan Record.

## His Wife's Legacy

By MORRIS SCHULTZ

(©, 1932, Western Newspaper-Union.)

The only time Mrs. Anderson showed any signs of vexation with her husband was when she caught him kicking Mopsy. She snatched the lapdog up in her arms.

"Darling, darling Mopsy!" she whispered. "Oh, Ronald, how could you?"

Ronald Anderson looked in disgust at the partner of his joys and sorrows. Mrs. Anderson was, of course, and he had just run up the forty mark. They had been married two years, and he had married her for her money. However, it was impossible for her to make a settlement upon him, because her capital was in trust.

Nevertheless she gave him a handsome allowance. On the first of every month he found an envelope with two hundred dollars for spending money on his plate at breakfast. Usually it had a little note inside. "From Georgina to her darling Ronald." Ronald Anderson fitted these evidences of affection.

And he hated Georgina! God, how he hated her! He had married her for her money, of course. He knew that he would never have gone through those two years again.

It was not that Georgina made life a misery for him. Not at all. It was her infernal affection and complacency. She was always hugging around him, cooking dainties for him. She was always putting her arms round his neck and putting up her face to be kissed. Ugh, how he hated her!

Her only other love in life was Mopsy, the fat pug. Ronald used to kick the beast when Georgina wasn't around. The asthmatic waddling form used to skulk into corners or run yelping from him. And now Georgina had caught him kicking it.

Georgina looked at him with big eyes of reproach. "To hurt darling Mopsy!" she wept.

"I'm jealous of that beast, Georgie," said Ronald. "You're always lavishing affection on it that ought to belong to me."

She came toward him, breathless. "Do you mean that Ronnie?" she whispered. "Do I mean Ronnie? In he loves his little wife after all?"

"Oh yes I love you," answered Ronald with a subdued snarl, as he felt Georgina's arms about his neck.

When his wife was out of the room he dealt Mopsy a kick that sent it yelping into a corner.

Georgina told him it was a mysterious ailment—it might have been what used to be called a broken heart, only hearts don't break any more. Ronald hoped she would die. One thing worried her.

"Ronnie, Ronnie, darling," she wailed. "Poor dear Mopsy will get ill without anyone to take him for walks. Won't you take him out every morning, Ronnie?"

Ronnie had to do it. He took the asthmatic pug out on a lead morning after morning, and the boys used to shout after him. When he got it around the corner he used to kick it. He liked to see the creature yelp and waddle to the extremity of the lead.

One morning when he came home Ronald thought Georgina behaved rather queerly to him. She had just had a visitor—Miss Thompson, a crabbed old maid whom Ronald had met on his walk that day. Miss Thompson hated Ronald.

After that Georgina got worse steadily, and at last there was no doubt but that she would die. On the day before the end she called Ronald to her bed side.

"Ronnie," she whispered, "I'm a dying woman and I want you to tell me something truly. Did you marry me for my money or for myself? Because you can have whatever you want you know."

Ronald did not understand. He thought her mind was wandering. "Why, darling, what a question! What do I care for your money? It's you, you, you!"

Georgina received his kiss passively and closed her eyes. Next day she died.

Next day Ronald kicked the pug all round the room.

Next day the lawyer called with the will. "Hum, a peculiar legacy, Mr. Anderson," he said, smiling as he eyed Ronald. "He had never cared for Ronald."

"She had the power to will her capital, I believe?" suggested Ronald.

"She had," answered the lawyer. "She leaves you the interest on all of it, so long as her dog Mopsy lives—provided that you personally care for and—hum!—exercise it daily. After the dog's death it all goes to certain charities."

Day by day Ronald Anderson may be seen leading a stout asthmatic pug dog on a cord along the street. Sometimes the boys call after him. He never kicks it now.

Miss Thompson watches from her window.

## Original Funeral Floral Pieces.

Marie Lloyd, a favorite English comedienne, was stricken dead while on the stage in the midst of her number. The crowd attending the funeral was so great that traffic was seriously interfered with. There were more than 500 floral offerings, many of them very unique. For instance, one represented a panel of white flowers in which the notes of her closing song were worked out in violets. One of her favorite songs was "The Empty Cage," and one of the floral pieces represented the empty cage with the door open and the bird flown.

### Gaining New Fame for Service

### 194% Sales Increase in Last Six Months

### Shows Trend Toward Firestone

The public has emphatically spoken. The popular preference in all territories is unmistakably the Firestone Gum-Dipped Cord.

A standard of service has been set by these famous tires without parallel in the past. It has brought a sales increase of 194% for the past six months over the same period of a year ago—the greatest gain in all Firestone history.

The Firestone Gum-Dipped Cord is the mighty achievement which has enabled Firestone to break the tremendous record of past Firestone success.

The tire buying public has been aroused to the

results in economical mileage of the Firestone process of double gum-dipping. The buying-swing toward Firestone shows how it has advanced the public's standard of tire value.

Ask owners about Firestone performance on their cars. Note the big taxicab fleets Firestone-equipped. Watch the new cars you see—just from the factories; Firestone Gum-Dipped Cords are seen everywhere in fast increasing numbers.

Get the maximum extra mileage that only the Firestone name assures you. Only by insisting on this name can you be sure of getting the genuine gum-dipped construction.

## S. M. HANNAH LEADS AT BIG TRAP SHOOT

The annual registered trapshooting tournament of the Northville-Plymouth Gun club, staged at Northville on May 12 and 13, drew an entry of 70 gunners, from Michigan and Ohio. A cold wind and rain prevailed on Saturday, but regardless of adverse conditions, Harry Bopp of Lansing, lead the field with two down in the hundred. H. Wilcox of Jackson was a close second with 96. Fred Schaler of Howell, third, with 95, and H. W. Pattee of Birmingham made the race more interesting with a 94.

In the handicap event for the Hartford Brothers trophy, Frank Holz-nagel was the victor with 48x50. Fred Schafer and Ross Miller, shooting from 22 yards broke 47x50.

On Sunday Old Sol came out 100% and the shooters had a moderate wind at their back. The targets were low and fast, but uniform and within bounds.

Steve M. Hannah of Jackson, who recently won the Jackson tournament, repeated at Northville. Hannah missed his twelfth target, which was the only opening he gave his opponents to tie or win scoring 149x150. The race was between Hannah, Bopp, Wilcox, Vick, Brent and Miller. Brent of Toledo, and Vick of Wyandotte, had the best of the contest in the first century. Brent went straight to his 131st target and Vick continued smashing them for a long run of 128, finishing with 147x150. Brent 148x150. Bopp missed one in the 2nd event and one in the 3rd, going out with 148.

L. G. Wilcox, with one down in the 2nd event and one in the 5th, had a chance to tie Bopp and Brent, but drew three zeros in the 6th. Ross Miller of Lansing, showed a burst of his old speed. Ross overshot one in the 5th and 6th scoring 147x150 and a long run of 63.

C. T. Stevens of Zanesville, Ohio, won high among the professionals, scoring 147. Dr. L. Britton went straight in the 1st 3rd and 6th events and on the others he turned in 24's scoring 147. J. N. McLaughlin, Michigan state champion broke 89 in the first 100, but missed two in the home stretch, scoring 146.

On the double event Fred Brent and Wm. Covers held the attention of a large gallery. Brent was the victor with 3 down in 40. Covers 4 down. McGurt and Bopp came under the wire neck and neck scoring 35x40.

Mrs. Maud Root a new convert to the sport, shot 30 targets each day, scoring 84% on the 100. For a beginner this young lady shows remarkable ability with the scatter gun and we predict that with a season's experience she will be among the winners.

Mrs. L. G. Vogel shot the program, scoring four 22's, a 20 and a 23. Bopp and Miller won the two man team trophies, scoring 196x200.

Eleven long runs were turned in—S. M. Hannah 135, Fred Brent, 130, Levi Vick, 128, L. G. Wilcox, 96, H. F. Bopp 85, Jas. Barron, 83, H. F. Bopp 72, G. T. Stevens, 63, R. C. Miller, 65, R. C. Miller, 51, H. W. Potter, 55.

Class trophies were won by Britton, Vick, Wilcox, Hills, Hannah, Bient, Bopp, H. W. Potter, H. Seivert, R. C. Miller, Jas. Barrow, Fred Douglass, H. Wilcox, F. Schafer, C. G. Brown and H. Wolcott.

Howard Hall, manager of the tournament, wishes to thank the shooters for their co-operation. It would have been impossible to handle such a large field of contestants, shooting a 200 target program on two traps, had it not been for the able assistance of Miller, Root, McGinn, Evans and others.

The Lansing Gun club announces a registered tournament to be held on their new shooting grounds May 27th.

### FOR THE OLD AND INFIRM

The King's Daughters' Home for the Aged in Detroit, where old fathers and mothers may spend the evening of life together under comfortable surroundings, needs the help of all King's Daughters in Detroit and Wayne county. That all may have a part in the work of helping this very worthy institution it has been arranged to have an "Experience" party and all are invited. A dollar is the donation suggested by the committee having the matter in charge—a dollar earned in some special way for just this particular cause. The date selected for the party is May 23rd, from 2:30 to 5:00 in the afternoon, and the gathering will take place at the Home, 3741 Mt. Elliott avenue. Each one contributing will be expected to relate their experiences while earning their dollar and thus will the old people be pleasantly entertained.

Northville is asked to do its part at this party and it is hoped as many members as possible will contribute their dollar toward raising the fund needed now—\$2,000 to pay for the addition made to the Home last year. Most of us occasionally flit a dollar away for things which do not benefit us greatly. Here is a chance to make your dollar earn large dividends. If

you haven't time to earn your dollar, one that you have saved will do just as well.

### WHAT A LITTLE PERFUME WILL SOMETIMES DO.

When Jim's Bears won the pennant in the Trolley Bowling League little did they think that a bottle of perfume would throw the champions into disorder.

Doc's Tigers were the top-notchers in the Junior bowling league, so it was natural that a World's Series of three games be played for the Grand championship of at least the first precinct of Northville.

James Woolley, Harry German, Nelson Schrader, Ambrose Fritz and George Hills comprised the team for the Bears. Dr. Snow, Claude Van, John Raymond, Dan Chevalier and Wm. Ward were aspirants for the Tigers.

In short, the Tigers ate the Bears up and down for they took three games away from the Bears and the only alibi offered was the fumes of perfume. It seems that "Bill" Ward learned that he was to bowl for the championship in the evening and he immediately went to his tinsorial artist. A Paris hair cut was ordered and a French shampoo administered. "Sprinkle my dome with perfume," said Bill, "then give me an English shave and massage." The old bowler was clean shaven, his hair was combed, his mustache and that was cut down to the size of a Swedish thistle.

"Add a little of the sweet smelling essence to my mustache," said Ward. "We are going to have a great bowling match tonight."

"Would you like your eye brows trimmed and a little rouge on your cheeks?" asked the clever barber. "Yes," answered Bill, "and you might let me snuff a little of that perfume while you are combing my hair."

After felling the tinsorial artist to keep the change from a five dollar bill, he reached for the perfume and sprinkled his two handkerchiefs, then left for home to do the chores.

Ward was right there at the bowling match in the evening and he certainly did bowl. Defeat was conceded early in the evening for what could a bunch of Bears do snuffing the fumes of a barrel of perfume? Raw meat, skunk cabbage or castor oil would have been much more preferable to the Bears. He was called, sweet

petina sweet essence of nothing, sweet William and home sweet home but Bill was not to be bothered, and the Tigers won. It just goes to show what a little clog-in machinery will do even if it be no more than the innocent essence of sweetness.

The Tigers in one game rolled 1608 and the Bears in the same game 559—the highest scores in the leagues.
