### BALL TEAM GOES TO PONTIAC SUNDAY.

The Forester ball club will go to Pontiac this coming Sunday and cross bats with the well-known Wilson Foundry team. The game with Five Points here has been cancelled, and will be played on a later date. Wilson Foundry team has not been defeated this season, and are mostly semi-professional players. Manager George Hicks of the Foresters had hard work to convince the Pontiac manager that the Northville team was strong enough to meet the Wilson Foundry aggregation. But when they learned that the Foresters were willing to play on a sixty per cent winning basis, the two teams signed up. Northville having won six games this season out of a possible seven, and the local boys looking better every game.

The boys will don their uniforms at the athletic rooms near the park and the game will begin promptly at 3:00 o'clock. A number of base ball fans will accompany the team to Pontiac from here and a return game will be staged at Northville later.

### CHAUTAQUA COMMITTEE ORGANIZES.

At a meeting of the signers of the Northville Community Chautauqua contract, Tuesday evening, the following officers and committees were chosen for the chautauqua to be held here on July 11, 12 and 13.

President, E. E. Brown; vice-president, Mrs. Charles Bloom; secretary, T. R. Carrington; treasurer, George M. Henry; chairman ticket committee, E. R. Brown; chairman advertising committee, B. A. Wheeler; chairman grounds committee, W. A. Parmenter.

Tickets this year will be \$1.50 for adults and 75 cents for children. The three day programs are especially attractive and Northville people will be able to enjoy six very interesting entertainments. Every citizen in this section who is interested in having the chautauqua maintained in Northville is urged to assist in the sale of season tickets. Tell your friends that we are to have a three day chautauqua the second week in July—the 11th, 12th and 13th—and urge them to attend.

### MR. LIEBOLD HERE WEDNESDAY.

E. J. Liebold, secretary to Henry Ford, was a Northville visitor on Wednesday. He was accompanied by Mr. Brown, one of the Ford Company's engineers, and the two power sites purchased by the Ford interests here were inspected. Mr. Liebold was the guest of the Exchange club at luncheon and in an impromptu talk stated that it was the policy of Mr. Ford to develop the water powers available in towns adjacent to Detroit and he further stated that the company's experiment at Northville and Phoenix had thus far proven the wisdom of that policy. He assured the Exchange that the Ford interests would soon begin the erection of a new plant here to utilize the water power to be developed in Northville.

Before he left the village he assured Secretary Smith of the Fair association that the Ford interests would make some display at the Fair in September and that the Ford Motor Company's celebrated band of Highland Park would be here on Wednesday-Ford day.

### A DRIVE FOR THE SALVATION ARMY.

A representative of the Salvation Army welfare work, Mr. Hammond, was a guest of the Exchange club on Wednesday and outlined the plan for putting on a drive in Northville for the financial assistance of the army in its work of mercy. A number of liberal pledges were made at the meeting and an effort will be made to give all an opportunity to help in this very worthy cause. Northville's quota is about \$400 and all who feel that they would like to help in this cause may secure pledge cards at this office.

### BASE BALL AT PRISON FARM.

Sunday, June 10th, the Detroit House of Correction Farm officers' base ball team defeated the strong St. Peters club of Detroit 11 to 10. Five hits were allowed by Denniston, the officer's harrier, while ten hits were being batted off Wichman, twirling for the visitors.

Hunter for the officers featured the game by a snappy exhibition of fast fielding presented to the visitors' line drives an invincible bulwark.

### HAUGER-PONKOW WEDDING.

A pretty home wedding was solemnized at the home of Mr. and Mrs. Gust Pankow, 424 Main street, Thursday afternoon at four o'clock, when their daughter, Miss Mary Pankow, was united in marriage to Arlo Hauger of Northville, Rev. Bollen of Farmington, performing the ceremony. The young couple were attended by Miss Harriet Schröder as bridesmaid, and Charles Pankow brother of the bride as best man. The bride was becomingly gowned in white georgette over white satin, and carried a bouquet of white roses and lilies of the valley. The bridesmaid was attired in orchid georgette and carried pink and white roses. Mary and Laverne Kinkade, nieces of the bride acted as flower girls.

The house decorations were spruce, roses and sweet peas, the color scheme being carried out in pink and white. At six o'clock the relatives and friends to the number of twenty-four were served with a sumptuous wedding dinner. After a week's wedding trip to Niagara Falls, the happy young couple will make their home in Northville, where both are well and favorably known. They have the best wishes of a host of friends for a happy and prosperous wedded life.—Plymouth Mail.

### LADY MACCABEES IN PROSPEROUS CONDITION.

Reports submitted at the 17th annual review of the Ladies of the Maccabees at South Bend, Ind., last week indicated that the organization is in a very prosperous condition. There were 1,500 delegates in attendance at the meeting besides many hundreds of visitors. Michigan Haves were well represented and a number of Michigan drill teams took part in an exhibition drill for which generous prizes had been offered. Union team of Detroit was awarded first prize in the collective group, and Ann Arbor won the honors in the single team group, with Kalamazoo third.

The visiting delegates and guests were royally entertained by the citizens of South Bend and nothing was left undone that could in any way have added to their pleasure and comfort. Every state in the union was represented and the gathering was one long to be remembered by those who were privileged to be present.

### W. C. T. U. NOTES.

The June meeting of the W. C. T. U. was held at the home of Mrs. George H. Baker, with an attendance of twenty-five. It being flower mission day an appropriate program was conducted by Mrs. Nellie Westcott and a delightful vocal solo given by Miss Cavell. Twenty-two bouquets were sent to the sick and shut-ins.

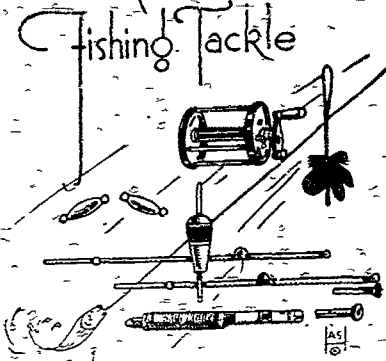

The state report of this department is as follows: Flowers and potted plants sent 7,807; other articles \$87; sprays and pieces 77; calls on sick and shut-ins 10,937; drives and outings 554; pages of literature distributed \$9,556; jars of fruit and jelly 3,000; money spent \$133.93; for American relief and foreigners \$333.42; postal showers 311.

### OPENING A GREAT SUCCESS.

The opening of W. H. Elliott & Son's new remodeled store attracted a great many people all day and until late at night last Saturday, and Messrs. Elliott received many congratulations from their patrons for the very attractive appearance of their store.

The east side of the store will now be painted and linoleum will be placed on the floor to correspond in appearance to the remodeled store room.

A little seven-pound daughter arrived at the home of Mr. and Mrs. Roy Harvey on May 31st.

## TO ISSUE BONDS FOR HIGHWAY WORK.

The state administrative board Tuesday authorized a \$5,000,000 bond issue for highway construction work in the fiscal year of 1923-4.

To induce bond houses to purchase the securities, the board authorized the transfer of \$1,100,000 from the automobile theft, operators' and branch license funds to the highway sinking fund. In addition approximately \$1,300,000 will be taken from the automobile license fund to bring the sinking fund total for this year to \$2,400,000.

It is estimated that this amount will remove the objections of bond houses to Michigan bonds. Three millions of the bonds will be advertised for sale immediately to be sold July 10.

The money will be available by August 1. Contracts for new 1923 work, which have been held in abey-

ance pending the solution of the highway finances problem, will be let during the coming week, and at least a part of the contemplated 1923 building program will be completed during the coming year.

The board also remedied the oversight of the legislature in not providing for maintenance for the coming year, by authorizing the transfer of \$1,000,000 from the automobile license fund immediately, and another \$1,000,000 later.

The action of the board followed a long joint meeting with the advisory council of the state highway department. The meeting was secret, but it is understood that the difference between the administration and the highway department were largely ironed out.

The Grand River is one of the highways upon which work will be done this year, it is believed.

## PREMIER POINCARÉ

Paris—Premier Poincaré has announced the new German reparations schedule, which is impossible, and does not comply with conditions demanded by France.

## MOTOR BUSES MUST INSURE

Regulations Issued To Stabilize the Business—Many Forced Out.

Lansing—About half of the approximately 900 interurban passenger bus lines operating in Michigan will be forced out of business by the insurance regulation ordered by the Michigan Public Utilities Commission, members of the commission believe.

The regulation is the first of a series to be issued by the commission in an attempt to stabilize the same, basis as the railroad and interurban business as provided by the Legislature.

The insurance regulation requires each bus company to take out a liability insurance policy furnishing \$5,000 protection for one passenger, \$10,000 for a load up to 12 passengers, \$15,000 from 13 to 20, \$20,000 for 21 to 30 and \$25,000 for more than 30. The policy must also provide \$1,000 protection for passengers' property.

The commission did not deem this protection sufficient, but under the circumstances did not see how it could be increased.

Notes charged by insurance companies for this type of policy are so high that even with these small policies commission members believe that half of the bus operators will have to quit.

The commission ordered freight carriers to take out policies covering the full value of their loads.

The commission has decided that all interurban truck freight lines, including those that work on a contract basis, come under the law.

The insurance situation is easier as regards them because the major insurance companies have developed this field.

## LEIPSIC RIOTERS KILL SEVEN

Terrorism Prevails In Upper Silesia As Outlaw Strikes Break Out.

Berlin—Seven persons were killed and more than one hundred wounded in disorders at Leipsic, it is announced. The dead include one policeman, the head watchman, while there are 15 policemen among the wounded, 37 of whom are in a serious condition.

Terrorism prevails in the upper Silesian territory northeast and southeast of Liegnitz, where a number of outlaw strikes have broken out among the farm laborers and other workmen.

The demonstration in Leipsic was in protest against the Ruhr occupation and insufficiency of the unemployment doles. Some 20,000 persons it is said, took part.

The demonstrators gathered under the auspices of the Trades Unionists and the Socialists in five huge assemblies in the central part of the town.

The police declare that when they tried to suppress this counter demonstration, a shot was fired and the police then resorted to the use of blackjacks.

This brought a shower of stones and bits of glass from the disturbers, who in turn began using blackjacks and knives.

'Axe Murder' Claims 35 Victims, Birmingham, Ala.—Charley Oranoff was found to be the thirty-fifth victim of Birmingham's mysterious "axe murderer" when his body was discovered behind a counter in his store in an outlying residential section. The skull had been crushed by a single blow with an axe. Police records show that this was the twenty-eighth similar attack during the past two years, in which 18 persons have lost their lives and 17 have been injured.

## Safeguarding Quality

To have confidence in any product it is necessary that you know something about how it is produced and what means were taken to insure quality and consistently maintain it.

MOTOR OILS AND GREASES

## AMERICAN Certified Quality GASOLINE

is refined from only the best grade of crude oil; but more than that is required to produce a gasoline that will give real service and satisfaction. During the process of refining, American Gasoline is subject to more than a hundred rigid tests before the product is ready for the market. To farther safeguard the quality and maintain it, the finished product is constantly checked and tested by able chemists in our laboratories. From these numerous tests it is evident that the greatest possible care is taken to produce a gasoline of distinctive quality—excellence. Performance is the test of quality.

## STATE NEWS IN BRIEF

Monroe—Impressive services were held here last week in honor of Father J. P. Thornton, 25 years in the priesthood.

Albion—Louis O. Hoxie, who has been superintendent of schools at DeCatur, has been elected to head the schools at Ithaca.

Benton Harbor—Several hundred members of exchange clubs from all parts of Michigan attended the annual frolic of the Michigan Affiliated Exchange clubs, here last week.

Deckerville—Wilber Brown, member of the firm of Wagner and Brown, machinists, was killed instantly last week, while using an electric drill, when a bolt of lightning hit the power wires nearby.

Escanaba—Forest fires throughout the entire upper peninsula were checked by rain which fell last week. Escanaba reported a fall of one and one-half inches, Marquette and Sault Ste. Marie less than one inch.

Holton—A big Shepherd dog probably saved the life of Cornelius Willis, 12-year-old son of Ambrose Willis, when the boy was attacked by a large rattlesnake, while hunting cattle. As the snake struck at the boy, the dog gave battle, and finally killed the snake.

Durand—A double funeral in charge of Corvina commandery, No. 21, Knights Templar, stationed at Durand, was held last week for

Frank Persall, engineer, and Joseph Parker, fireman, the two Durand men killed in the wreck of the Knight Templar special train, near here.

East Lansing—A novel and spectacular event of Commencement Week at M. A. C. this year was the water festival, held last week on the Red Cedar River just above the Farm Lane bridge. The festival replaced the pageant which has been a feature of commencement for four years.

Grand Rapids—The Burleson sanitarium, which has acquired the property within the ends of its present "L" shaped building, will begin the erection of a 10 or 11 story building, 146 by 172 feet, within a few months. It has been announced "This building will be connected with the present structure by bridges."

Bay City—John Light, 13 years old, and Robert Tebo, 14 years old, were killed and Percy McKenzie, was knocked unconscious by a bolt of lightning as they were crossing a bridge at Au Gres late last week. All were thrown into the water. The boys were on their way home from a county school examination.

Grand Rapids—Fifty members of the Custer Michigan cavalry brigade in their annual reunion here last week, opened the annual convention of the Department of Michigan, Grand Army of the Republic, United Spanish War Veterans, and other allied bodies. Regimental reunions also were held by various organizations.

Detroit—The 125th infantry regiment, thirty-second division, will go to its regular summer training camp in August with one of the best bands it has known since its reorganization after the world war. The band now numbers 49 pieces and is making a reputation that will rival the famous organization that led the regiment during the world war.

Marine City—What was left of the old hull of the City of Cleveland, one of the first passenger boats, on the Great Lakes, was dynamited here last week, after lying on the bottom in the Ferry Slip for nearly 70 years. Wallace Smith, 35 years old, an old-time marine man, is the only one here who remembers when the wreck of the City of Cleveland, once Pride of Lakes, was brought to this city.

Flint—One of the greatest crowds in Flint's history, viewed the grand parade of more than 4,000 plumed Knights Templar, the crowning event of the sixty-seventh annual convocation of the Michigan Grand Commandery. Marching as separate units, the various commanderies, many headed by mounted officers, and each led by a band, drew round after round of cheers as they crossed and re-crossed the street in their intricate drill.

Lansing—The embargo on highway construction created by the legislative deadlock which prevented the enactment of highway finance measures, was lifted by the state administrative boards last week. The board, after a long executive conference with the advisory council of the state highway department, went on record as in favor of going ahead with at least half of the contemplated 1923 program. It authorized the issuance of \$5,000,000 in bonds for the fiscal year of 1923-4.

Houghton—The Houghton office of the United States bureau of mines has been moved to Duluth, where it will be merged into a district office to be created by the merging of the Minneapolis and Houghton offices. The general district office in Duluth will be in charge of T. T. Read, now at Minneapolis. He will be in active charge of mine investigation work, while W. H. Carrick, who has been engineer in charge of the Houghton office, will continue supervision of mine rescue and safety work in this district.

## GERMANS KILL 2 FRENCH OFFICERS

ASSASSINS AMBUSH INVADERS  
AND RIDDLE BODIES WITH  
BULLETS.

BRITISH TROOPS ENTER RUHR.

Artillery and Infantry Detachments  
Arrive in the Industrial Centre  
of Germany.

Paris—A critical situation is developing through the occupation of Ruhr district following the assassination of two French officers.

Dusseldorf from Dusseldorf report that the two officers were ambushed by three German civilians near Dortmund. Their assailants fired several revolver shots before the officers could draw their guns. Both Frenchmen were found dead.

Occupational authorities are greatly incensed over the crime and as patches from French sources say the Germans are "in an ugly mood."

Berlin—British military forces have entered Dusseldorf in the Ruhr valley, it was stated here. A section of artillery and infantry was reported as having arrived in the industrial center, which has been in the hands of French occupational troops since the Ruhr first was seized.

Government advisers declare additional British infantry and artillery detachments are enroute to Dusseldorf.

While it was at first believed the movement was only a "parade" measure, there is now some evidence that the British intend to take over the southern section of the Ruhr, and permit the French and Belgians to hold the north.

Germany will continue her policy of passive resistance in the Ruhr valley unabated.

This is the answer of Chancellor Cuno to the French demand that Germany first abandon her Ruhr policy before any reparations solution will be discussed.

The policy of passive resistance against French occupation must continue, he said.

In Paris Premier Poincare stated on receipt of the new German reparations offer that no effort to solve the reparations question could be undertaken until Germany abandoned her stand.

## CANAL FORCE TO BE INCREASED

Panama Waterway Is Vulnerable to  
Attack From Air and Sea.

Washington—A general strengthening of the Panama canal defenses will be asked of congress at its coming session.

Secretary of War Weeks, just returned from an inspection of the canal zone, indicated that it is his belief that America's most valuable waterway possession is vulnerable to attack both from the air and sea.

As a result of his findings, appropriations will be asked to bring the defense up to date.

These appropriations run from \$5,000,000 to \$10,000,000, and will embrace a large addition to France flying field and the placing of 16 inch guns in the present coast defense.

Following the recent spring maneuvers of the fleet in Panama bay, the air service advanced the claim that the Panama canal could be taken in 30 minutes.

The secretary found that the canal fortifications have not been kept abreast of the times and that many of the guns are to an extent obsolete, and further recognized enough through the air service's contention to admit several additional aerial defense is necessary.

## KANSAS RIVERS HIT HIGH MARK

Wichita and Other Towns Are Partly  
Inundated.

Kansas City, Kan.—Wichita, Parsons and a number of other Kansas towns are still partially inundated as a result of the rapid rise of rivers following torrential rains last week.

The storms extended over Kansas, Colorado and Oklahoma, but little damage has resulted outside of Kansas.

Four square miles of Wichita are under water and the river is slowly rising.

All families have fled the lowlands to safety. The property loss is estimated at \$50,000.

Interurban connections are broken at Madison, and Newton, Emporia, Winfield, Arkansas City.

## Silver Strike Ends Holiday

Dawson City, Y. T.—The Empire Day holiday was broken up when it was announced that a new silver ledge had been discovered at Happy Creek, 40 miles south of Dawson. The news broke at midnight, and an old-time stampede was staged. There was a wild race from the dance hall and a scramble for launches, canoes and small boats. The ledge is reported to have been found by Jack Laskie, an Indian, and James Robinson.

An Independent Newspaper published every Friday morning at Northville, Michigan, and entered at the Northville postoffice as Second-Class matter.

NORTHVILLE, MICH., JUNE 15, 1923.

**TWENTY-FIVE YEARS AGO**

Items taken from The Record files of 1897, for the week corresponding to this week.

Olive Dixon visited Madge Quigley Saturday.

Born to Mr. and Mrs. F. P. Wilcox, May 28, a girl.

Mrs. Henry Fry visited Mildred relatives last week.

James Thomas has been quite sick since last Thursday.

Will Hazen of Novi spent Saturday with Harry Harmon.

Born to Mr. and Mrs. Fred Simmons of Novi, May 31st, a boy.

Miss Ella Clark and brother, Bert spent Tuesday at Belle Isle.

Edith Simmons is home from school at Flint for the summer vacation.

Mrs. W. B. Preston of Wayne, formerly of Northville, died last Sunday.

The Benton Hill south of town has been graded down and much improved.

Edward Whitaker has improved in health so that he is now able to ride out.

Dr. Carrothers leaves June 21st to attend a dentist's convention at Put-in-Bay.

Miss Addie Spalding of Cadillac, is here to spend the summer with her grandmother.

Grace Porter and Elizabeth Johns went to Wixom Tuesday to attend the funeral of Pearl Skinner.

Charles Booth left Sunday night for Chicago to take up his new position with the Pneumatic Tool Co.

Will Stark and Abe Piper went up to some remote lake yesterday to fish. It is not likely they caught a thing.

Mrs. Electa Furman of Wixom celebrated her 65th birthday last week Thursday at the home of her daughter, Mrs. Charles Seaton.

The 32nd regiment in which Lewis Moorey and Taylor are enlisted sailed from Tampa with the army of 27,000 men, Wednesday for Cuba.

Emma A. Scott has begun suit for divorce from Thomas T. Scott, charging non-support, cruelty and desertion.

They were married in 1892 at Northville.

Luther Lapham fell down cellar Monday and fractured his shoulder. Being well advanced in years and in poor health the injury is likely to prove very serious.

The Presbyterian horse block has been spirited away and in its place blades of grass will be allowed to spring up in all their beauty—anyhow, the old horse block is gone.

After a seven days' trial in the Oakland county circuit court, Franz Power won his suit against the Monitor Insurance Co. to recover for the loss of his house by fire.

C. C. Yerkes of this place and Davis & Browley of Pontiac represented Power.

The alarm of five Tuesday noon was caused by a small fire to the rear of the Finkins building on Center street.

The household goods of Mr. Neeland on the rear first floor and Mrs. Dutch on the second were damaged by water.

Mrs. Tinkham succeeded in getting out 24 of her millinery goods before the water reached her place in the front of the building.

Mr. Finkins' loss on the house, about \$50, is covered by insurance.

Four Northville and vicinity people were claimed by death last week.

They were: Oscar Armon, Mrs. Grace Blackwood-Allen, Major D. Taylor and Mrs. Minerva Kator-Smith.

Mrs. Allen was the daughter of Mrs. I. N.

Blackwood and sister of Mrs. W. H. Yerkes and John Blackwood.

Mrs. Minerva Kator-Smith was the wife of our townsman Asa B. Smith and well known in Northville's literary and social circles.

Major D. Taylor was the father of four children; Mrs. Cammon, Frank, Nelt and Myron Taylor.

The marriage of Mr. Edward N. Hanes of Detroit to Miss Carrie Steers of Northville occurred Wednesday afternoon at 3:15 o'clock at the home of the bride's sister, Mrs. W. G. Powers.

The wedding was of a private nature, Rev. J. H. Herberer performing the ceremony in the presence of only the immediate relatives of the bride and groom.

The parlor was beautifully decorated with evergreens. Immediately after the ceremony, Mr. and Mrs. Hanes left on a tandem on a bridal tour.

They will be at home to their friends after July 20, at 420 2nd avenue, Detroit.

**PRESBYTERIAN CHURCH NOTES.**

Dr. Jaquess will preach Sunday morning. In the evening there will be union services at the M. E. church.

You are cordially invited to make this church your church home in Northville. You will find a cordial welcome into all the activities of the church and we shall be glad of your assistance.

**BAPTIST CHURCH NOTES.**

The men of the church finished cleaning the church yard last Monday evening.

No service Sunday evening. Union service at the M. E. church.

The surprise for Children's Day, the 24th, is creating considerable interest. Some strange guesses have been made. None right.

The prayer meetings have almost doubled in attendance. Every one enjoys taking part in building the subject.

The sermon series on Bible inspiration are creating considerable interest, judging from the attendance and the number taking notes. If enough question on the subject are handed to the pastor, a sermon will be devoted to the answering of these questions.

Farther Lights class will meet at the parsonage next Tuesday evening.

**METHODIST CHURCH NOTES.**

**MADE IN NORTHVILLE WEEK CREATING INTEREST.**

The plans to observe Made-In-Northville-Week during the first week of July is attracting a good deal of attention, and some are asking "what are they going to show" as if they doubted that Northville made many things worth while exhibiting.

If The Record is not greatly mistaken the exhibit of Northville's products will be "an eye opener" to many of our citizens. Not many people realize the number of articles that are daily being produced here in our factories and shops. We do not believe very few can make a complete list of all the things that are produced right here at home.

To test this matter out we will give a year's subscription of The Record to the first person handing in a complete list of Northville's products. The list must be typewritten and signed by the name of the person presenting them.

The display will be made under a big tent to be pitched on North Center street for the week. The display will, of course, be open on the Fourth and it will afford interesting entertainment to our visitors.

All citizens are urged to co-operate with the committee in making the exhibition a great success.

CARD OF THANKS—The Woman's Union of the Presbyterian church wish to extend their sincere thanks and appreciation to each one who so ably assisted in presenting the Womanless Wedding; and to the telephone operators who gave us such prompt and courteous service.

**WINNER IN BEAUTIFUL CONTEST AND A HEROINE**

Esther was chosen queen of Persia because she was said to be the most beautiful young woman in the realm. She came to the kingdom at a time when the Jews were captives and were in great danger from their arch enemy, Haman.

In a thoughtless moment Xerxes—the King—had issued a decree that all Jews should be killed and the time of execution was near at hand.

Queen Esther was made to understand that a quick determined effort must be made or she and her people would perish.

Acting at once she made ready to present herself to the king. As no one was allowed to enter the throne room without permission the action of Queen Esther in coming into the king's presence unannounced nearly paralyzed the attendants.

The Queen's daring adventure was successful and the Jews saved.

Doing the impossible is a way women have and the splendid results in this case have been a favorite topic for many centuries.

## We Appreciate Your Good Will and Kindly Interest

For the splendid patronage accorded us on the opening day of our new re-modeled and enlarged store we are truly grateful and we desire to express our appreciation of the many kind words expressed and the many compliments extended. It has always been the aim of this store to offer its patrons nothing but first-quality Food Stuffs and in following that policy we have never tried to purchase anything cheap just because it WAS CHEAP. We have always endeavored to purchase goods as cheaply as possible and to pass them on to the public with a reasonable margin of profit.

We are sure this policy has been appreciated by the public and that the gratifying trade we have enjoyed has come to us largely because we have followed this plan. And we shall continue this policy in all the departments of this store.

Again thanking all our friends and customers for the interest shown in our opening, we are

Very truly yours,

### LOCAL

Band concert Saturday night. Schools will close next week Thursday.

G. C. Woodworth has just completed a cottage at Silver Lake.

Just remember that Northville is to celebrate the Fourth again this year. The condition of Harold Ensing seems to be somewhat improved this week.

Redford Boy Scouts recently enjoyed a hike and a two days outing at Walled Lake.

Mr. and Mrs. George Mosher of Highland Park were Northville visitors, Wednesday.

Mrs. Lillian Ambler and son, Carroll, of Detroit, spent Sunday with Northville relatives.

W. A. Parmenter has broken ground for the erection of a two-family flat on his lot on Linden avenue.

Carl VanValkenburgh of Center Line came to Northville last Friday owing to the illness of his mother.

It is currently reported that the Ford interests are soon to build a dam at Waterford and establish another factory there.

On Wednesday night next, the 20th, the Royal Arch degree will be given by Union Chapter, R. A. M., of this village. Dinner will be served at 6:30.

Carroll C. Dubar left this week for Albany, N. Y., where he has accepted a position with the New York state insurance department as assistant actuary.

Wednesday of this week has been designated as Ford Day and plans are being made for a big time. Liberal cash prizes will be offered on many events.

Mrs. George Ford recently attended a district missionary meeting at Clinton. There was a good attendance and she reports a very profitable gathering.

The baccalaureate exercises will be held at the M. E. church Sunday evening, when Rev. William Richards will give the sermon to members of the graduating class.

George F. Wilcox left Tuesday for Fortress Monroe, in Virginia, where he will spend eight weeks as part of the R. O. T. C. training course which he is taking at the U. of M.

Dr. Adin has been called to Detroit to take charge of the practice of Dr. G. M. Livingston during his absence on a trip west. His office will be open here, however, Tuesday and Friday evenings.

Mrs. Emery VanValkenburgh has been very ill at her home during the past week and for several days her condition was considered critical. Many friends in this section will hope for her complete recovery.

Smoke coming from one of the chimneys on the High school building Tuesday morning indicated that the roof was on fire and as a safety first measure an alarm was turned in. Fortunately the fire was an one of the furnaces below.

It is expected that active work on the new buildings to be erected at the Detroit House of Correction farm will be started this summer. The commissioners of the institution have reported that plans were already to begin as soon as funds were available.

On Saturday afternoon the DeMolay base ball team from Lansing will come to Northville for a game with the team organized by Fellowship Chapter of this village. The game gives promise of being snappy and the public is invited. Game will be called at 2:30.

On Wednesday evening next will occur the annual commencement exercises of the Northville High school. Twenty-seven of our young people will receive their diplomas. Prof. H. Z. Wilbur of the Normal College of Ypsilanti will deliver the address and he will bring a message all will enjoy.

The meeting of the Michigan Grand Lodge of Foresters of America will be held at Calumet this year. L. D. Stage, grand senior woodward, and R. Cramer, L. Lanning and J. McKeever, who have been chosen delegates by Court Northville, will attend the meeting.

Mr. Stage expects to make the trip by auto, taking a couple of weeks for the journey up and back. An effort will be made to secure the meeting in 1925 for Northville.

Neighbors residing near the Garfield place on Randolph street became disgusted at the rumpus that was being made there Saturday night after midnight and called the nightwatch. When Mr. Stage arrived on the scene the fellow who kicked up the fuss had disappeared. The authorities will do well to clean up this nest. The fellows who frequent the place do not go there for any good purpose. You seldom see honey bees swarming about a vinegar barrel.

Last Saturday night it was almost impossible for owners of automobiles to find parking space in the village unless they went out some distance. Why could not more lights be placed on South Center street and designate that street as a parking place? An official could be placed on duty to watch the cars on Saturday nights if his presence was deemed to be necessary. With the business section of the village filled so full of parked cars the people on the streets scarcely have room to move about.

Mr. and Mrs. W. H. Corrin returned home last Friday from an extended sojourn in Florida. They left for the south in September and made the trip down and back in their trusty Ford.

There was a great crowd in Northville last Saturday night and our merchants enjoyed a fine business until very late. The band concert was greatly enjoyed and the people all had a good time.

Dr. T. H. Turner reports the arrival of a little daughter at the home of Mr. and Mrs. James Spanghuola on June 6th, and also a little daughter at the home of Mr. and Mrs. Christ Burgess on Sunday.

The people of this section will be agreeably surprised when they have the pleasure of inspecting Northville's products display under a big tent the first week in July. This will prove an interesting feature of Northville's Fourth of July celebration.

The King's Daughters will hold their annual picnic June 19th, at the home of Mrs. Milo Chapman. Business meeting in the evening. Meet at Shaffer's Electric Shop at 2:00. Autos will be provided to accommodate all who desire to go.

The Lovewell Farms Co. has taken over the west part of the Smock farm on the Seven Mile road, adjoining the Golf links for the purpose of subdividing. The new subdivision will be known as Grand Heights Acres and contains many handsome building sites.

George M. Pickell and Mrs. Ora E. Hall of this village were united in marriage at the Baptist parsonage by Rev. A. K. MacRae, on Saturday afternoon at four o'clock. They were attended by Mr. and Mrs. Roy Cramer. Many friends in Northville will extend hearty congratulations.

Miss Doris Frayer and Roy W. Covell were united in marriage June 5th at the home of the bride's parents, Mr. and Mrs. William Frayer in Adrian. After the ceremony a bountiful wedding dinner was enjoyed, after which the happy couple left for a short wedding trip to Niagara Falls and other points in New York. They came to Northville Saturday and took dinner with their grandmother Mrs. Mary Marvin, and cousin Charles Keller.

Mr. and Mrs. Covell expect to make their home in Northville. A very pretty wedding was solemnized at the parsonage on Saturday evening last, June 9th, when Miss Kathleen Hallahan of Fenwick, was united in marriage to Remond Hills of this village. The ring ceremony was used and conducted by the Rev. Wm. Richards. The happy couple will make their home in Northville. The bride couple were accompanied by George Atkinson of Novi acting as best man, and Miss Mae Hallahan of Plymouth as bridesmaid.

Last Sunday evening Rev. MacRae said, "Jesus was either the Son of God or one of the greatest frauds in history." He will attempt to prove the statement Sunday morning.

## FORD PRODUCTION GAINS

Ford Motor company, during the week ended May 29, produced 39,563 passenger cars and trucks, as compared with the previous high of 39,417. On May 28, the day's output was 6,781 cars and trucks, or 123 in excess of the former record.

The 28 Ford assembly plants throughout the country either have been or are undergoing enlargements with increased production as the objective.

## NEGRO FROM ELOISE CAPTURED.

James Black, 28-year-old Negro, who is believed to have escaped from Eloise Infirmary, Wayne county, was arrested near South Lyon Saturday afternoon by Deputy Sheriff George Lunn, of South Lyon following complaint of housewives of the village, who said he was trying to beg food. Black, who is an illiterate, is suffering from some mental disorder. He was held in Oakland county jail over night and was removed to Receiving hospital, Detroit, Sunday by Sheriff James S. Butler—Pontiac Press.

## FOREST JOHNSON WON RADIO.

Forest Johnson of this village won the radio given away Saturday night by W. H. Elliott & Son, the duck ticket being No. 40,293. The drawing took place at the Elliott store at 9:30 and was conducted by W. H. Sanford, Frank Barlow, E. C. Hunkley and E. E. Brown. It was agreed by the ticket holders present that the 18th ticket drawn should win the prize and Helen Schantz was blindfolded and drew the tickets from the churn in which they were placed in order that they might be well shaken.

The store was full of people, many of whom had their pockets full of tickets.

## CHAMPION DAIRY SIRE COMES TO NORTHVILLE.

Another leader in the dairy world was added to Michigan's list of championship herd sires last week when Avon-Pontiac Echo Lad, blue blooded Holstein sire was bought by state men at the National Holstein sale in Cleveland.

Echo Lad is from the famous dam De Kol Plus Segus Dixie, who is expected, within the next two weeks, to break the world's record with more than 1,700 pounds of butter fat production in a year, and half from the best blood of the breed.

The new state herd sire was bought jointly by the Detroit Creek Sanitarium, Dudley H. Walters of Grand Rapids, and V. D. Booth of Grand Rapids, who paid more than \$4,000 for the animal.

## THERE'LL BE A MILLION BY JANUARY 1ST.

Albert V. Chilson, deputy secretary of state, has offered 25,000 more 1923 Michigan automobile license plates, bringing the total for the year to 700,000, compared to 581,000 for last year. He expects to have to order at least 25,000 more and possibly 50,000. New automobile licenses are being issued at the rate of about 500 a day, and Mr. Chilson believes that 1924 will see Michigan go over the 1,000,000 mark in ownership of cars. The first order of 700,000 1924 plates is now being manufactured at the Michigan State Prison at Jackson. They are mustard and black in color and larger than this year.

## TEACHERS' TRY TO GO BACK TO SCHOOL.

Instructors in Michigan's rural schools will go back to the classroom themselves this summer, many having enrolled for the special courses planned in connection with the summer session at M. A. C. The teachers will study advanced subject matter and methods of instruction in connection with their special fields of work.

The largest enrollment in the history of the college summer sessions is being predicted by Prof. E. H. Ryder, director of the summer school, on the basis of advanced registration. The term will open on June 19 and run until July 27.

Regular college courses in all divisions of the institute in addition to the special teacher work, are given during the summer months.

## FIVE WAYS TO HELP THE MAIL SERVICE.

Springfield, Ark.  
Farm and Ranch.  
Ten commandments for R. F. D. service have taken their place among the classics. Only five of these are given here for want of space. The author is known and we surmise they were written by some carrier when he had not yet recovered from the slap in the side of his head by a buggy bow as he lurched in his buggy when it went into a chug-hole or over a boulder. We guarantee improvement in the service if these are closely followed.

1. Thou shalt not have loose change in the box for postage, for it means much discomfort and delay. Place the change in a cup or envelope, or better yet, provide yourself with a modest supply of postage stamps.

2. Thou shalt keep thy mail box closed, for rain and snow come like a thief in the night and filch it to the brim.

3. Thou shalt keep the approach to the box free from snow and other obstructions, and the box in such a position that it can be reached from the vehicle, with your name thereon; for, behold, I say unto you: wet feet, cold hands and delay are abominations to the carrier.

4. Thou shalt have all mail ready upon the arrival of the carrier, for delay cripples the entire service.

5. Thou shalt wrap up packages securely. Verily, verily I say unto thee, many valuable articles are lost through careless wrapping and few there are who recover them, saith our Postmaster General.

## A VICTORY FOR AMERICAN MOTORISTS

The Crude Rubber Monopoly weakened when it came into contact with aroused public sentiment. The press of the country today reflects the determination of the American motorist that tire prices shall stay at a reasonable level—and that America must produce its own rubber.

# Firestone

## CUTS TIRE PRICES 10%

EFFECTIVE JUNE 11

We announce a 10% reduction in tires and tubes effective June 11. The lowered cost of crude rubber and the special Firestone manufacturing and distribution advantages make this possible.

Firestone factories are organized on a basis of large volume and effective production. Costs are down but quality is at its peak. Stockholder workmen are daily building many thousands of Gum-Dipped Cords—the best tire Firestone ever produced and, we believe, the leader on the market today.

Firestone Cords took the first four places and eight of the ten money positions in the Indianapolis Sweepstakes, May 30th, without a single tire failure.

Firestone Gum-Dipped Cords have set new standards in mileage, traction, comfort and safety. Car owners have expressed their approval of the extra value in Firestone Gum-Dipped Cords by increasing their purchases 194% in the past six months.

We have replaced many expensive branches with warehouses. We now have 103 distributing points which are delivering Firestone tires to the consumer at the lowest cost in our history.

Follow the tide of economical tire buying—equip with Firestone Gum-Dipped Cords—and learn what Most Miles per Dollar means to you today.

## 50,000 WILL SEE CORNERSTONE LAID

MANY CATHOLICS OF DETROIT DIOCESE TO ATTEND CEREMONIES AT NEW SEMINARY

SUNDAY, JUNE 17 IS DATE SET

Crowds From Various Parts of State Plan Trip to Detroit on Special Trains.

What is expected to be the greatest outpouring of Catholics Detroit has ever seen will be witnessed on Sunday afternoon, June 17, when the cornerstone of the new Sacred Heart seminary will be laid. The committees in charge of arrangements are planning for the reception of more than 50,000 Catholics and their friends, from every part of the Diocese of Detroit, which embraces more than 200 parishes, scattered from the southern boundary of the state to a line drawn from the north boundary of Allegan county to Saginaw Bay.

Laying will begin at 3 p. m. and will be in charge of the Rt. Rev. Michael J. Gallagher, D. D., Bishop of Detroit, whose desire for a great diocesan training school for candidates for the priesthood prompted the establishment of the seminary. The Rt. Rev. Joseph Schrembs, D. D., Bishop of the Diocese of Cleveland, will deliver the sermon.

Many other church dignitaries and hundreds of priests and nuns, the latter making up the teaching staffs of the various parochial schools of the diocese will be in attendance. Practically every Catholic lay organization will be represented including the Holy Name Society, Knights of St. John, Knights of Columbus, Catholic Order of Foresters, Society of St. Vincent de Paul, and many women's societies will be present. Some of them in uniform, Knights of St. John commanderies will act as a guard of honor to the two bishops and Fourth

Degree Knights of Columbus will escort the clerical party.

Every parish in Detroit has plans under way for sending large delegations to the ceremonies, arrangements having been made for special street cars to carry the people to the seminary site.

Various organizations in other parts of the diocese also are planning on special trains and special interurban cars for the trip to Detroit. It is expected that at least one special train will start from Kalamazoo, picking up other delegations at the various cities en route to Detroit. The same plan undoubtedly will be followed on other railway and interurban lines. Thousands of people will make the trip by automobile, also.

There will be a band and a male chorus of 80 voices to lead the crowds in the singing of church hymns and patriotic songs during the ceremonies and the Detroit police department has agreed to have a large number of men on hand to facilitate handling of the throng.

The new seminary is being erected on a 25-acre tract of land at Chicago boulevard and Linwood avenue in the heart of Detroit's fashionable residential district.

### Here Are Directions To Great Seminary Cornerstone Laying

For the benefit of the people of this vicinity who plan on attending the cornerstone-laying ceremonies of the new Sacred Heart seminary, in Detroit, at 3 o'clock Sunday afternoon, June 17, the committee in charge has prepared the following directions. The site of the seminary is at Chicago boulevard and Linwood avenue, in the northwestern residential section of Detroit.

Motorists who reach Detroit by way of Woodward avenue drive south to Chicago boulevard and then west, or to the right, direct to the grounds.

Those reaching the city on the Seven-Mile road turn south, to the right, through Palmer Park and south on Hamilton avenue to Chicago boulevard, then west, or to the right, to the grounds.

Those reaching the city on Grand River avenue turn left at Joy road and drive straight east to Linwood avenue.

Those reaching the city on Michigan avenue, Lafayette boulevard, Fort street or Jefferson avenue, drive north or to the left on West Grand boulevard, around to Linwood avenue turning north, or to the left, and direct to the grounds.

Those reaching the city by way of Gratiot or Jefferson avenues, turn to the right on East Grand boulevard and follow that thoroughfare around to Linwood avenue, turning north, or to the right, direct to the grounds.

Visitors reaching Detroit on trains or interurban cars, transfer to Fourteenth West or Clairmont street car lines, which run directly to the seminary site.

### PAID HARRY GERMAN FINE COMPLIMENT

The June issue of Sporting Life, published at Philadelphia, Pa., contained a very complimentary write-up of Harry S. German, and two pictures, one showing Mr. German dressed as a banker and the other in his pitching togs. The article tells of Mr. German's base ball record and stated that through the possession of a "freak" arm and sensible habits combined with obedience to the laws of nature, Mr. German has retained the resiliency of his youth far beyond the age at which most men see it "fading forever." Continuing the article stated "the only thing that Mr. German has lacked to have set a record that would be ringing around the whole baseball world today is the ability at any time in his career to pitch big-league ball. Given that big-league pitching ability, with that "freak" arm of his and his careful living habits, it is not unbelievable that he would now be pitching big-league ball at the age of forty-eight and thus make Cy Young's record look very in comparison—for German is as good as he ever has been. Indeed, teams in several leagues have been trying to sign German even at his advanced age."

Among the pitching records compiled by Harry German during his thirty-two-year career are the following: In 1896, against a semipro team, he hung up a record of striking out ten consecutive batters; in 1900 he struck out twenty-one men in a game at Millington, and pitched nineteen games with an average of three hits per game against I. M. in 1903 Louisville papers credited a game pitched as a world record for shortest time—one hour and eighteen minutes, and in the same year he beat Joe Jackson, Miller Huggins, "Germany" Schaefer, etc. at St. Paul in twelve innings, allowed eight hits, in 1921, after having pitched ball for thirty-one years, he struck out seven men in a nine-inning game at Iveside, N. J. In 1922, after having been pitching for thirty-two years, he pitched three games in five days, winning all three and allowing no more than one run in any, also last year, at the age of forty-eight and after having pitched thirty-two years, he pitched a game for Muskegon against Grand Rapids in the Central League.

THE DOVER ROAD AT THE GAR-RICK.

"The Dover Road," by A. A. Milne, famous English author who was also responsible for "Mr. Pim Passes By" and "The Truth About Gladys," will be the offering of the Bonstelle Company at the Garrick this week, beginning Monday night.

The Dover Road is the broad highway eloping couples take on their way from London to Paris. It is the first stop off where the eloping couples usually stop over night. Mr. Laumer, an eccentric millionaire, has an estate located on the Dover Road and conceives the idea of becoming a philanthropist. He makes it necessary, by ingenious methods, for the eloping couples to stop at his home and also necessary for them to stay there a period of time. He then compels them to search each other out, under unfavorable circumstances, in order that they may discover whether they really love each other or are merely married. The characters of the play are Laumer and his four servants and four elopées.

"The Dover Road" was originally produced by Guthrie McClintic, former director with Miss Bonstelle, and husband of Katherine Cornell. Aside from Charles Cherry, the original cast included Winifred Lenihan, one-time fingerie with Miss Bonstelle. Myron Watson will have the Charles Cherry role.

### VILLAGE AND CITIES CONSUME STATE TAXES.

Out of every dollar paid for taxes in Michigan this year, but 842 cents will go for state purposes, a decrease compiled by the board of state tax commissioners.

Cities, villages and townships lead the list in percentage of the tax dollar, with 36 26 cents. Educational purposes come next with 32.46 cents, county government fourth at 10.68 cents.

When the question of taxes is raised, at once the state government is blamed for the increase. But during the administration of Governor Alex J. Groesbeck there has been a gradual decrease, and during the next year, it appears probable that only about seven cents of every dollar paid for taxes will find its way into the state treasury.

Ann Arbor.—Richard Loeb, Chicago, Illinois, only 17 years old, will be the University of Michigan's youngest graduate at the coming commencement exercises. Loeb graduated from the University of Chicago High school in two years. He has maintained an excellent scholarship on the Michigan campus.

W. A. Ely arrived in Northville Wednesday from Riverside, Calif., for a few weeks' visit with old friends. In fact Mr. Ely intimated to a Record representative that he might locate here again permanently.

Mr. C. R. Ely spent Sunday with Mr. Ely at M.O., where he is sojourning with his parents, Mr. and Mrs. Charles Ely of Farmington. Mr. C. R. Ely has been in poor health for some weeks past and it is hoped that a few weeks' rest may restore him to health and strength.

E. J. Cobo returned from Washington, D. C. on Wednesday morning. He was sent to the capital city by the Globe Furniture Co. to install some new furniture in the Metropolitan Presbyterian church in that city. Fortunately he had the pleasure of being in the city during the Shrine week and witnessed the parade.

Mr. Ely has installed within the past week a filtering plant in his ice making plant, the work having been done under the direction of George Francis, who is in charge of the business this summer. By means of the filter the product of the plant will be made clearer and will not be subject to the conditions of the village water after some one has tapped the mains.

RED CATTLE IN THIS COUNTY TO BE TESTED FOR TUBERCULOSIS.

A crew of twenty veterinarians came into Wayne county June 5th, to complete the tuberculin test of all cattle within the county.

The work was started nearly two years ago when the Wayne county supervisors made an appropriation to meet the funds appropriated by the state and federal government. To date only two-thirds of the cattle have been tested once and necessary retests made, leaving a large portion of

territory not completed and no one will be notified in advance when to expect the test but as this work must be hurried and done in order to meet the test now is compulsory and all cattle except steers properly quarantined must be tested. The test is expected to be completed in three weeks. This information should be spread as widely as possible so that all may be prepared for the veterinarian when he arrives. Two men will work in each township—each one taking half. As far as possible all owners of cattle
