ALUMNI BANQUET—A DELIGHTFUL AFFAIR.

The ninth annual reunion of the Northville High School Alumni association, held last Friday afternoon and evening, was largely attended and proved one of the most delightful and enjoyable gatherings ever held by the society. Many former pupils, came home to meet and greet their old schoolmates and friends and the reunion awakened and quickened many pleasant memories. At the annual meeting of the association, held in the afternoon, the following officers were chosen for the ensuing year: President, Mrs. Ruth Christensen Johnson; vice president, Miss Aletha Yerkas; secretary, Miss Bertha White; treasurer, Miss Carrie Litzenburger.

The closing hours of the afternoon were spent in visiting and renewing acquaintances and at 8:30 the banquet was announced. While an orchestra under the direction of Scott, began playing, a selection of the guests, numbering over 200, found their places at the handsomely arranged tables, and while they remained standing Rev. Wm. Richards offered the invocation. The splendid repast provided was served by the juniors of the high school and the young people did remarkably well in serving such a large company. The menu consisted of fruit cocktail, pickles, baked sugar cured ham, creamed potatoes, combination salad, buttered rolls, coffee, ice cream and cake, and the committee having the banquet in charge received many compliments.

When all the good things had been partaken of the merry company was called to order by Miss Helen Cunningham, as president of the Alumni association, who extended a most hearty and gracious welcome to the guests and to the members of the class of '23. At the conclusion of her words of greeting, Miss Cunningham introduced the toastmaster of the evening, Rev. W. T. Jacques, and better selection could not have been made. In a spirit of good humor and fellowship he announced the very interesting program which had been arranged for the occasion. Miss M. Sullivan contributed a vocal solo and received a very generous encore to which she responded. Miss Aletha Yerkas explained the value of "Smiles" and admonished all to practice the grace of smiling. Arthur Power responded to the theme "The Old Order Changeth" and in his remarks he lifted the curtains of the past and told some of the secrets of bygone school days. Mr. E. Vickers sang a solo and very kindly gave a second number. Mrs. Olive Eckler played the accompaniment for both Mr. Vickers and Miss Sullivan.

James Schenmerhorn of Detroit, who long ago became a favorite with a Northville audience, was the speaker of the evening and his good humor, his amusing stories and his rich fund of incidents and brilliant repartee kept his hearers in continuous laughter most of the time.

Miss Sullivan and Mr. Vickers sang a duet and the number was so heartily enjoyed that they very kindly responded with a second number. Rev. A. K. MacRae pronounced the benediction and the audience was dismissed. The tables were soon cleared away and an hour or two were spent in dancing.

EXCHANGE HOTEL OPENS.

After spending a number of weeks in repairing, remodeling and renovating the Exchange Hotel building, N. Herendeen opened the house to the public last Saturday. From front office to every room on the second floor Mr. Herendeen has welded the painter's brush and he now has the building as clean as the old building can be made. Openings have been made from the front office to the dining room and a very attractive waiting room has been fitted up for the accommodation of the public.

On Sunday the first dinner was served and more than fifty people partook of the feast of chicken and other good things prepared. Mr. Herendeen invites the public to visit him in his new location.

CHANGE ON D. J. & C. RAILWAY.

A new timetable will be effective July 10, on the D. J. & C. Railway between Northville and Detroit.

The most important change noted is the 7:30 a. m. local out of Northville will be advanced half an hour, arriving in Wayne at 7:48 a. m. in time to connect with the express for Detroit. This advancement has been made at the request of the Ford workers.

The early morning car out of Detroit for Northville will leave at 5:25 a. m. with the next one at 8:15 a. m. The 8:25 a. m. for Northville will be advanced five minutes.

STATE TO BUILD GRAND RIVER HIGHWAY.

Rejecting all bids for the pavement of three sections of state trunk highway—line between Detroit and Lansing, because the figures submitted by contractors were deemed too high, the state administration board, last Wednesday, directed the state highway department to proceed with the work on state account.

The proposed pavement of the Detroit-Lansing road which is to be put down this season, totals approximately 14 miles, divided into three sections. Beginning at the Detroit end the sections are, from the pavement west of Farmington, 2.9 miles to Noy, from the existing pavement a Howell four miles west to Fowlerville, and from Fowlerville 6.6 miles west to Okemos.

The bids received ranged from \$21,000 per mile to \$28,000 a mile, exclusive of cost of the cement.

As the state highway department has purchased sand and gravel for this job and buys its cement under contract, Governor Groesbeck, Highway Commissioner Frank Rogers and other members of the board, took the position that the state can save money by furnishing labor and engineering supervision for the proposed work.

In addition to directing the construction of the Grand River road pavement by direct state labor, the administrative board, last Wednesday, authorized highway improvement in various parts of the state to a total of \$808,000 over what has been previously passed upon.

These improvements, which will close up gaps in trunk lines 11, 13, 14, 18, 25, 51, 53, 63, 66, 77 and 198, will total 66 miles and will cost as the state's share \$811,775.

This figure, added to the \$2,800,930, which the administrative board has approved prior to the above list, brings the total of highway projects to \$3,612,725.

IVAN DICKINSON RETURNED HOME SATURDAY.

Ivan Dickinson, who had been believed to be dead by his parents, wife and children since Thursday night, September 7th, last, returned to Northville Saturday night, and explained his absence by claiming he "wandered away" and did not "find himself" until some weeks afterward when he found employment in a lumber camp north of Saginaw. He claimed also that after he had "come to" and realized what he had done that he did not have the courage to return home and to face his family and friends.

Dickinson's disappearance created a good deal of excitement and the lake where he was supposed to have been drowned was dragged and dynamited and every effort was made to recover the "body" by many willing workers. The general public never believed Dickinson was in the lake or near the lake, but that he ran away and made the "plant" at the lake just to throw people off his track until he could make his getaway.

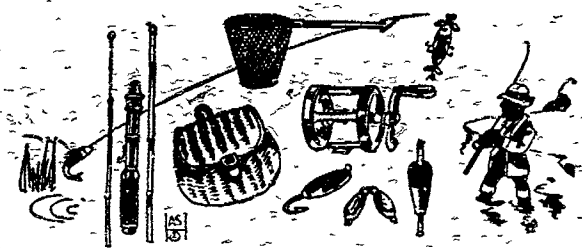

He professes to regret his action in the matter and has asked forgiveness, which his family and the public will extend, without a doubt.

FRANK WHITBECK DIES IN OMAHA HOSPITAL.

A message was received here Wednesday afternoon, stating that Frank Whitbeck of this place, and traveling salesman for the Detroit Vapor Stove Co., who was injured in an automobile accident a little over two weeks ago, had died in the hospital at Omaha, Nebraska, at one o'clock that afternoon. Late reports as to Frank's condition had been somewhat encouraging, and his many friends here had been hopeful for his ultimate recovery. The news of his death, therefore, came as a great shock to them, and a feeling of sorrow prebided the entire community. The family have the sympathy of all in their affliction. Frank's father, P. B. Whitbeck, who went to the bedside of his son two weeks ago, was with him when he passed away. Mr. and Mrs. Charles Rathburn, the latter a sister of Frank's, left here last Sunday by auto for Omaha, and were within fifty miles of that city when he died.—Plymouth Mail.

Funeral services were held Monday afternoon, being under the auspices of Northville Commandery, Knights Templar.

Rocco Cavelli, the little son of Mr. and Mrs. Leonard Cavelli, died Saturday, aged one year and eleven months. Funeral services were held at the library building Sunday afternoon, being conducted by Rev. Father Schuley of Plymouth. Burial took place in Rural Hill cemetery.

NOVI MAN WOULD USE HIGH SCHOOLS

Claims Consolidated Tax Is Too High—Expounds His Belief.

That residents of Novi township would have to pay \$113.15 yearly per pupil to educate children of the locality, if a new consolidated school were built, while they may receive the same amount of education by patronizing neighboring high schools, for nearly one-third the cost, is the contention of Frank Hamilton, of Novi township.

Says Mr. Hamilton: "From facts of last week, we learn that the estimated expense is \$21,500, and that the same number of pupils that Walled Lake had, (190), we find that the cost per pupil would be \$113.15."

"Walled Lake's expense for transportation is 13¢ per day per pupil, our friends inform us. This would cost about \$25 per school year. Any good school in neighboring towns would take our pupils at from \$60 to \$80 per capita, and many of the pupils of Novi township are nearer by a considerable distance to these neighboring schools. Walled Lake will take the pupils for \$40 for grade pupils and \$60 for high school pupils."

"Now, why pay \$113.15 per pupil for education when we can serve the same or better purpose by using our neighboring high schools and cut the cost by nearly one-third?"

Goes Into Estimates

Let us now examine the estimated cost as given by our friends of the opposition. In the first place, they tell us that the total tax rate for Walled Lake for bonds, interest and maintenance was \$22.71 this first year.

"Now note, Walled Lake has not started to pay for her bonds, nor will she until 1925 when the rate will increase from \$5 to \$10 on a thousand, according to the amount paid. So her tax rate would have been at least \$27.71 the first year if she had begun paying on the principal at once. This only makes a discrepancy of \$5 per thousand valuation, but we can hardly afford to overlook it."

"Again notice the amount in their estimate of expenses assigned for incidentals. Walled Lake pays over \$800 for insurance alone and this would increase the coming year. Besides this, comes leakage and repairs, janitor supplies, such as sweeping compound, brooms, cleaning compound, etc., school supplies such as chalk, erasers, paper, pencils, stationery, printing, freight and drayage, etc. etc. Do you imagine that 'incidentals' were carefully figured out or was it accidentally made \$1,000?"

Nine Novi Districts

"Novi has nine districts. Walled Lake has five districts. A bus should not start picking up the children before 8 o'clock. Therefore it is the distance traveled rather than the number of pupils transported that counts. Walled Lake's estimate of 1¢ per pupil per day was with three buses. It must add another one next year and should have had it this year to take care of practically the same number of pupils. Now with nearly twice the number of districts to cover Novi will require nearly twice as many buses which would give seven buses as a fair estimate. Walled Lake's estimate must be increased by 1-3 or 17 1-3¢ because of the added bus and our expense must be increased by 7.4 or 30 1-3¢ for practically the same number of pupils. Don't you think this estimate should be revised?"

"Notice the figures concerning this item. They say 'The amount have estimated (\$6,000) would, at the rate of 13 cents per day transport 560 pupils which is about three times as many as Novi would transport. Now 13x500x200 (days in school year) always did give \$13,000, instead of \$6,000. Only a matter of a mistake of \$6,000 in the estimates."

"Again they ask us to bow for \$113,000 while Walled Lake was content with \$75,000. Hardly fair to estimate the expenses as equal, do you think?"

Estimates Other Items.

"Now, gentlemen who think and who pay the expenses, note carefully. Walled Lake's rate should be at least \$27.71, if they paid on their principal. The expense item of the estimate should be at least \$3,000 instead of \$1,000. Our transportation cost should be at least \$10,000 as an estimate, and the state aid of \$400 per bus should be placed in the expense list and charged off as depreciation. That is why the state gives it to us. Why not play the game fair?"

"This, gentlemen, will give you a tax rate of around \$30 per thousand, which if added to your other taxes (excluding school tax) would make a yearly rate of close to \$50 per thousand."

Compares Farm Taxes

"An 80 acre farm assessed at \$8,000 would pay \$400 taxes. This amount, plus insurance and upkeep, without saying anything about interest on investment, will not be taken care of by the average rental of \$6 to \$7 per acre."

"Now we have noticed in our experience that the dinner bell that rings the founders does not always give us the best dinner."

"We have been willing, and still are willing to properly care for our boys and girls. But we never saw the time when we didn't want to do more for them than we are able to do. So, this present question is one of ability and not one of inclination. A mortgaged and tax-ridden farm is of no benefit to our children."—Pon-tiac Press.

BELGIANS DEMAND BERLIN INVASION

TIME BOMB OUTRAGE KILLING 60 SOLDIERS REVIVES WAR SPIRIT OF PEOPLE.

FRENCH ANGER AT POPE ABATES

Threatened Break of Paris With the Vatican Averted As Note Is Explained.

Brussels—The occupation of Berlin by French and Belgian troops is decried by leading Belgian news papers.

Public sentiment in Belgium was turned strongly against the Germans by the wrecking of a troop train several days ago in which a time bomb, believed to have been set by Germans, exploded, killing 60 Belgian soldiers and injuring many others.

Prior to this tragedy the Belgians were becoming lukewarm on the Ruhr situation, and several sessions of the cabinet threatened to end with a decision to terminate the aid to France in the Rhineland invasion. The dispatch from Brussels indicates that the capital now is undergoing a complete reversal of sentiment in regard to the Ruhr venture.

Rome—The threatened break of relations between the Vatican and the French government was believed Sunday to have been avoided.

The French ambassador in Rome called at the Vatican and talked with the pope concerning the situation which has developed as a result of the letter of the pontiff, expressing the hope that the French would evacuate the Ruhr valley.

The pope is understood to take the position that his remarks were given in the wrong construction. He did not mean to side with either Germany or France—merely to express a desire for peace and point out a possible road to it.

If the pope corrected the French impression and it is considered certain that he did—the matter probably will be permitted to drop before the French chamber of deputies tries into the affair this week.

IMMIGRATION RECORD IS MADE

Old World Citizens Entering U. S. At Detroit Number 500.

Detroit—The Old World poured more than 500 of her children through the gates of Detroit alone on Sunday, the first day of the new fiscal year, and through the ports of the Atlantic seacoast and at other points thousands of others came.

According to Dr. P. L. Pisani, chief immigration officer, this is the largest number of immigrants that ever entered Detroit in a single day.

Ninety-five per cent of the newcomers are from the British empire, but France, Lithuania and other countries also are represented.

Armenia and Africa, Greece and Turkey had hundreds of applicants but their quota was so small that none of them was admitted at Detroit.

Many of the British immigrants had been waiting across the border for many weeks because the British quota for the year just passed was filled two months ago.

The quota for Great Britain for the coming year is 77,642, and no more than a fifth of this number can come over in any one month.

FIRE RISK RATE TO BE SLASHED

Reduction of Ten Per Cent Covers Entire State.

Lansing—A flat reduction of 10 per cent on all fire insurance rates in the State, amounting to about \$4,000,000, to take effect Sept. 1, was expected to be announced following a meeting of the Michigan Insurance Anti-Discrimination Commission.

The Michigan Inspection Bureau, which fixes rates for all fire insurance companies operating in the State, is understood to have decided on the cut, and it submitted to the commission.

Passage of a new insurance law in the 1923 Legislature, which gives the State strong powers in determining risks and figuring rates, is thought to be one of the reasons for the decision to lower rates. The law will go into effect Sept. 1, and beginning that date, all rate schedules must be filed with the State for inspection.

It is also understood that a settlement will be reached on the 50 cases of insurance discrimination in which the commission found the Michigan Inspection Bureau guilty last year and levied a fine.

Speed Cop Gets Laugh.

Sardusky, O.—J. L. Schade, a deputy sheriff working as a speed officer on the Bettsville-Tiffin road, declares there are others more unloved than the proverbial fat man. While he was riding along on his motorcycle, Schade discovered that he was out of "gas." "Every fellow that came along," he said, "halted, but only long enough to see who I was. As soon as they found out that it was the motor cop they 'stepped on 'er,' and gave me the laugh."

Keeping Cool In Hot Weather

In the hot summer days an Electric Fan will bring cool, invigorating breezes into the home—the office—the shop.

For a small outlay you can buy a fan that will last you a life-time and costs but a trifle to use. Sizes and types for every requirement.

THE DETROIT EDISON COMPANY

With the Melody Masters at Chautauqua

THE character impersonations of J. A. LeDargé form an important part of the program of the Melody Masters appearing on the third day of the Chautauqua. Everyone will enjoy Uncle Hiram, Antonio the Italian fiddler, Mike Murphy, the Dutchman and other characters.

CHAUTAUQUA ENTERTAINERS

SCENE FROM "HAPPINESS THROUGH SACRIFICE"

The first day of the Chautauqua brings the Emerson Winters Company in a remarkably pleasing program of songs, sketches, musical monologues, humorous readings, whistling solos, etc. Emerson Winters has a wholesome personality and smile that wins his audiences immediately. Alice Sire Winters is a whistler who is unrivaled on the Chautauqua platform. Her whistling solos in which she imitates nearly every kind of a bird so true to nature that the birds themselves frequently answer her calls, are most pleasing. Another feature of their program is a two-act play, "Happiness Through Sacrifice," written especially for them and presaged with stage hangings and special properties.

CARTOONIST AT CHAUTAUQUA

G. E. WEAVER, CRAYON ARTIST

CRAYON pictures of genuine artistic merit, cartoons—both comic and serious—will be seen at the Chautauqua tent on the first night when G. E. Weaver, popular crayon artist, presents his program following a prelude by the Emerson Winters Co. Everyone will enjoy Mr. Weaver's cartoons. Don't miss them.

STATE NEWS IN BRIEF

Blanchard—Arrangements are under way to equip the local school with a twelfth grade this year.

Kalamazoo—Announcement has been made of the appointment of Walter A. Terpenning, of the faculty of the University of Michigan, to a place on the faculty of Western State Normal, Kalamazoo.

Manistiquie—Contact with a live electric light wire snuffed out the life of Joseph Bruckinayer, as he was working on top of a telephone pole. The swinging wire that touched his arm was carrying 2300 volts.

Flint—Rebuilding of the Dixie highway south of this city was started when 20 trustees from Jackson prison began the construction of three camps in which the 150 convict laborers who will be sent here will be housed.

Sandusky—Excavation work has been started on the Colgrove highway from Sandusky to the shore. This road is known as M-46 and crosses Tuscola county by way of Richville through Indianfield, Wells and Kingston.

Battle Creek—The first duplex wireless telephone in the world by which uninterrupted conversation may be put to practical use, now is in operation between the Battle Creek and Jackson plants of the Consumers Power company.

Bay City—Mary Harbourn, of Bangor school number 2, was the highest of the eighth grade graduates at the recent examinations and has been awarded the trip to the state fair. Frank A. Reynolds, of the same school is alternate.

Ann Arbor—The University of Michigan has received an anonymous gift of \$100,000 to conduct archeological research work in the Near East. It was announced from the president's office. The amount is payable over a period of two years.

Lansing—Michigan's state tax levy for 1923 will be approximately \$16,000,000, according to estimates made by Governor Groesbeck, after receiving a report from Auditor General Fuller showing that the total of appropriations bearing tax clauses amounts to \$17,300,000.

Standish—Harold Haas, 8-year-old son of Frank Haas, farmer, residing three miles southeast of Standish, was run over by a roller on his father's farm and killed. A bolt of lightning frightened the horses, causing them to run away, throwing the boy in front of the heavy roller.

Card—Tuscola county farmers will conduct a potato demonstration to compare crops from certified seed in yield and freedom from disease. J. W. Sims, county agent, has obtained 25 bushels of certified Petoskey Russet seed potatoes from the Petoskey Growers' exchange for the test.

Battle Creek—Five hundred persons witnessed the wedding of Miss Harriet Grandin, daughter of Mr. and Mrs. Frank Grandin, now of New Rochelle, N. Y., to John Halladay, son of Mr. and Mrs. Frank D. Halladay, this city. The wedding took place at the First Congregational church.

Lansing—A report submitted to the State Administrative Board by the Accounting Division shows that the State has tentatively authorized highway work which exceeds by \$111,597 the money it will have available this year, including the \$5,000,000 bond issue recently authorized but not yet sold.

Grand Rapids—The tentative itinerary adopted by the tour committee of the Michigan State Horticultural association provides for a trip of more than 300 miles by fruit men August 7, 8 and 9. The tour will include some of the best tree and small fruit farms in Kent, Ottawa, Muskegon and Ionia counties. Several air and ice cooled storage plants will be visited.

Lansing—Failure of officials at M. A. C. to furnish detailed, explicit information as to the arrangement whereby certain county agents, having charge of agricultural college extension work are paid part of their salaries by the local farm bureaus of the counties may result in the cutting off of state funds for extension work until such information is furnished the state administrative board.

Manistee—The first Sunday school convention in this county in several years was held at Wellston last week. J. H. Engle, secretary of the Michigan Sunday school council, was the principal speaker. Dr. W. J. Atkinson, pastor of the Methodist Episcopal church, is president of the county organization, formed to promote the convention, and Miss Ruth Richmond, Onkama, is secretary.

Saginaw—Saginaw went back to the street car form of civic transportation voting a franchise by three to one, to a company to be organized with a majority of the directors local men and which must be in the field within a few months. Almost two years ago, August 10, 1921, street cars ceased to operate in this city and since that time the Saginaw-Bay City railway company has gone into bankruptcy, the cars have stayed in the barn and the rails have rusted on two previous occasions the franchise has failed to pass.

NOVI CITIZENS SHOULD VOTE FOR MESSRS. ERWIN AND SIMMONS FOR SCHOOL TRUSTEES.

On Monday, next, July 9th, there will be held in this township the annual school election, just as there will be in many other townships of the county and state. But the issue which is now the all-absorbing topic of conversation among the people of the township is quite different than will present itself in other townships in this section. The people of Novi have endeavored to secure a better school facilities and the matter has been a live issue here for more than 2 years. Two members of the present board—George R. Simmons and James N. Erwin, who are favorable to the proposed school, and who have served the township and district faithfully, are being opposed by Floyd Chapman and Grant Putnam, who are being supported by the opponents of the new school project and are therefore regarded as being opposed to the plan to establish a central high school in this village. All four of these gentlemen are excellent citizens, but if Messrs. Erwin and Simmons are defeated it will be taken as an indication that the people of the township are opposed to pressing the matter of a new school farther, and thus the issue is being closely drawn, notwithstanding that all four men are conducting a clean and aggressive campaign.

Those who are in favor of the proposed plan naturally feel that the time is now ripe to go ahead with the project so that by the time Grand River improvements have been made the people of this section can say to those who are seeking homes outside of Detroit that Novi affords their boys and girls as good schools as can be found in any of the sections surrounding the big city, and which are now being built up largely by people who prefer such communities to the crowded city. If the matter falls it will be necessary to rebuild or remodel some of the school buildings of the township and under the present school law these must be remodeled according to certain plans and specifications which must be approved by the superintendent of public instruction. This will entail considerable expense, which the supporters of the new school project declare might just as well be saved, because sooner or later it will be necessary to have a centralized high school in keeping with its neighbors and in keeping also with the best thought in school building today.

Some people living along the Base Line road are opposing this proposed school and of course are opposing the election of Messrs. Erwin and Simmons, but it does not seem probable that the people of the township will permit these men who are only nominally residents of the township and whose interest are all centered in communities outside the district, to longer delay the consummation of this project which will mean so much to the boys and girls of the township.

All this talk with reference to the illegality of the election held at the time the bonds were voted is the nearest trash, circulated merely to mislead the people and to cloud the issue. The bonds have been approved and election passed upon by one of the best posted men in the bonding business today.

Had not Mr. Simmons, secretary of the board desired to be more than fair in his treatment of the opposition there would have been no candidates nominated by the opposition. He called the leaders of the opposition on the phone and notified them of the forthcoming election in time for them to file their nominating petition. Had they not been notified they would, doubtless, have forgotten all about the matter until too late.

A CITIZEN AND TAX PAYER—Advertisement.

Safe Rule to Observe.

It is a good and safe rule to sojourn in every place as if you meant to spend your life there, never omitting an opportunity of doing a kindness, or speaking a true word, or making a friend.—John Ruskin.

New York's Famous Park.

New York, in 1896, bought the 843 acres of barren rocks and stagnant swamps which is now Central park, at an average price of \$7,300 an acre. Millions for development have been spent since then.

Loss to Be Remembered.

O thou who hast still a father and mother, thank God for it in the day when thy soul is full of tears, and needs a bosom wherein to shed them.—Jean Paul.

Packing Furniture.

When packing furniture for moving, old stockings will be found invaluable for wrapping legs of chairs and tables. They will not tear or leave exposed places for scratching, as paper does.

Some of Us Know It.

A certain lecture is worth all the sermons in the world for teaching the virtue of patience and long suffering.—Washington Irving.

Maple Tree's Sap Production.

The average maple tree yields enough sap to produce between five and ten pounds of sugar.

ELECTRICAL CONVENIENCES!

Why not have your home equipped with some of our convenient, labor-saving Electrical Appliances—

Electric Stoves for cooking—just the ideal kitchen stove for warm weather. No extra expense necessary to install them. Just connect them with a lamp socket and turn the button. They are economical and you can cook and bake with them to perfection.

Then we have Electric Plates, Toasters, Broilers, etc. They save fuel and will give you splendid service during the whole year.

Electric Water Heaters—just the thing for summer. No need of starting the furnace fire to warm water for your bath. Let us install one of these electric heaters and you can have all the hot water you need by simply turning on the current. Call and let us tell you about them.

Everything Electrical—Prices Reasonable.

The Ladies' Mission band of the Baptist church will meet with Mrs. Milo Chapman on Thursday, July 12, for an afternoon meeting.

Detroit—The three-block-stop system is being tried out on two Detroit street car lines this week it was decided at a conference of all city department heads with Mayor Frank E. Doremus Thursday. The three-block-stop system, its sponsors contend, will speed up service and reduce the number of accidents.

The Wayne County good roads team will meet the Foresters on the home grounds on Sunday afternoon. Ryerson of Ypsilanti will pitch for the visitors. The game ought to be a lively one.

CHAUTAUQUA OFFERS A MOST EXCELLENT PROGRAM

In a Great Variety of Music, Entertainment and Lectures.

Interest in our Chautauqua, the dates of which are next Wednesday, Thursday and Friday, is increasing. Publicity matter which has been distributed has created much comment because of the unusually strong program that has been provided and early indications are that the Chautauqua tent will be crowded to capacity at every session.

The program on the first day brings to us the well known Emerson Whistlers Co., unique entertainers in character impersonations, songs, dances, whistling solos, bird warbling numbers, and a two-act play. This day also brings G. E. Weaver, lighting sketch artist.

The four Thrasher Sisters, a quartet of young ladies playing violin, cello, piano and cornet in both solo and ensemble, and offering soprano solos, dialect readings and other features, with Dr. Alexander Cairns, famous Irish wit and humorist, made a most attractive combination for the second day.

Dr. C. C. Mitchell, known as "The Bombardier in a Nutshell" is the orator of the third day.

The Melody Masters, one of the most versatile companies on the Chautauqua platform, with a brass trio, vocal trio, vocal solos, wig and grease-paint impersonations; music on novelty instruments such as the one string broom, fiddle and lute; novelty numbers on banjo and guitar; xylophone solos, etc., make up the programs of this most pleasing aggregation.

MISS HAZEL NEVISON DIES.

The many friends of Miss Hazel Nevison were greatly shocked to learn of her death which occurred Sunday after a brief illness. She possessed a genial and sunny disposition and all who enjoyed her acquaintance held her in high esteem. The sympathy of the entire community is extended to her bereaved parents and sister in their great sorrow. A suitable obituary will be published next week.

MADE IN NORTHVILLE SHOW WORTH WHILE.

Under a tent 30x90 feet in size, on North Center street are being shown this week the products of Northville, and the display is a very creditable one, judged from every viewpoint. All day Tuesday the business firms of the village were busy arranging their displays and when night arrived everything was in readiness and the displays were very tastefully arranged. Very few towns the size of Northville can show a more diversified line of products than are being displayed here during made in Northville week. It will not permit of an extended notice of this display but we trust all the people of this section will take the time to visit the tent and to inspect the several displays. It will be time well spent.

The display will continue up and including Saturday night.

GREAT CROWDS ATTEND NORTHVILLE CELEBRATION.

What Northville does, she does well was again demonstrated in the success which attended the celebration in this village on Wednesday. The streets and business places and many of the residences of the village were elaborately decorated with flags, bunting and streamers and the colors of Old Glory made a pretty picture. The Fourth dawned bright and beautiful and our people were astir early, some were astir all the night before, all bent upon having a perfectly delightful time. Many family reunions were held about the village and all entered into the spirit of the day with enthusiasm.

The street sports and band concert occupied the morning hours and were enjoyed by a good sized crowd. Nothing occurred during the day or evening to mar the pleasure of the merry makers and the crowd was good natured, orderly and all seemed to enjoy themselves to the limit.

Northville's new fire engine arrived the night before and was given a "try out" greatly to the delight of all, while the electric siren added its "voice" to the noisemaking. All events were given and great interest was manifested by the crowd in the outcome.

The automobile parade while not as extensive as it ought to have been, because but few Northville people seemed to take any interest in the affair, was given and the decorated cars headed by the band and the new fire truck bearing members of the council paraded around the track at the fair grounds. Guy Tait's Dodge touring car was awarded first prize and F. B. Simmons' Studebaker, an errand of The King's Daughters, was given second prize.

The races were good and there were good fields of starters in each of the three events. Burt Davis won the 2:24 pace, Billy Brook the 2:22 trot and Lloyd Seymour the free-for-all. Northville lost to Detroit in the ball game, the score being 11 to 7. The street dance in the evening proved one of the most enjoyable affairs of its kind ever given here and hundreds of people took part in the fun. The band furnished the jance program and gave Northville people a lot of good music throughout the day.

The Wayne County good roads team will meet the Foresters on the home grounds on Sunday afternoon. Ryerson of Ypsilanti will pitch for the visitors. The game ought to be a lively one.

THE SCHOOL PROBLEM AND ITS SOLUTION

Messrs. Chapman and Putnam Discuss Novi School Matters

Elsewhere in this edition are to be found the destructive criticisms of the proposal as outlined by the Progressive Club of Novi township. Within this article we shall attempt to outline our ideas of what would be the best to take the place of this other program.

We earnestly ask the thinking voters of Novi township to lay aside all previous opinions and prejudices and opinions in order that their minds may be entirely free for a careful reading and consideration of our counter proposals.

We hold that no true argument can be based upon sarcasm, prejudice or misstatement; that criticism is not completed when the opposition is shown to be in the wrong, but that some distinctly better proposal must be evolved to take the place of the one destroyed.

From reports that we have been able to obtain, we are confident that the proposal made by our friends of the present school board have been shown to be unwise, inconsistent and unworkable.

They are unwise, in the extreme emphasis that they have placed upon the high school in preference in the grades. They are inconsistent in that only those things favoring their viewpoint have been taken from the reports that they have submitted, and these have been errors in those reports as we have else where shown.

And it has already been shown to be unworkable and unworkable in its call upon the farmers of Novi township for a building, to cost at least \$135,000, and a maintenance cost of from \$30,000 upwards yearly. A total tax (state, county, township, and school district) of around \$50 per thousand dollars valuation is not only unnecessary, but absolutely destructive of the rural homes in Novi township.

Now, it is incumbent upon us, not only to prove these destructive criticisms as we have done, but to go a step farther and make some constructive criticisms with a concrete plan which shall not have these objections.

We have nine (9) districts in Novi township of good, fair, and indifferent district schools. We wish to take time here to show that it is not so much the expensive building and equipment as it is the personality of the teacher. This we have contended right along and think should be given serious consideration.

In these schools with a good teacher, their grades are marked as excellent generally, when they go to the neighboring high schools. We have been told by superintendents in charge of these schools that they can gauge a teacher's ability by the class of pupils they send out. But mark you, none of them can tell the class of building that they came from by the scholarship of the pupil.

We are not arguing for a combination of the present poorly equipped building, but rather we are contending that the plan suggested by our friends has placed a wrong emphasis upon the things of least importance—the building and the equipment. You can all think of many examples of good students coming from poor school buildings, and of poor scholars coming from good buildings, but it is extremely rare for a good teacher to send out poorly equipped students or for a poor teacher to send forth very many well equipped boys and girls.

Therefore let us place the emphasis upon the teacher rather than upon the external things. It was the mother-love and not the rough walls of the old log cabin that made it home for us and so is the real teacher spirit and not so much the building that will give Novi township a decent system of schools.

If we are going to spend \$135,000 upon our boys and girls, is it not more sensible to spend a comparatively smaller amount upon housing and equipment and then spend all that is necessary to get the very best there is in the way of effective teachers?

Novi township with its original nine districts can be re-divided into three or four larger districts each having a centrally located and well-equipped modern building capable of handling two, three or four rooms. A maximum of \$10,000 each will give us these buildings. They can be so arranged geographically that they will be easily accessible to all of the pupils and thus do away with one of the greatest objections to the other plan—the expense; and inconvenience of the school bus as well as the long school days it forces upon the little children.

Then go out into the state and get the very best that is obtainable in teachers, cut out the fads and fancies and get back to the essentials.

Then, until Novi has a considerably greater population than at present, pay the expenses of our boys and girls to the neighboring high schools as we are doing today.

Under this scheme, we have cut the building and equipment cost to 1-3 of the other plan, and the teaching and other upkeep by as much; our boys and girls are being housed near home and lastly, and most important they are receiving the very best of instruction. Everyone will be much more benefited than under the other type of expensive experimentation. Wayne county as well as others in the state has many examples of the two, three and four room district schools that are turning out excellent products.

Now, ladies and gentlemen, voters

of Novi township, get out and vote. You have the choice of two plans. Which one will be decided by the way in which you vote. If you wish the expensive, and top-heavy Novi village High School, then vote to return the present members of the board. But, if you are able to see that we can do justice to our boys and girls without this burden that they are asking us to pay in the way of confiscatory taxation; if you don't believe in sending your youngsters away to school early in the morning and have them come back late at night; if you realize that even the high estimates given for the construction and the yearly upkeep are the minimum, will never be any less, but will in all probability, grow larger year by year as has been the experience of Walled Lake, then get out and vote for the two men who will carry these ideas into effect.

Vote for Mr. Grant Putnam, and Floyd J. Chapman, for the new members of the Novi school board.

FRANK HAMILTON.

Advertisement.

WALLED LAKE SCHOOL DISTRICT HAD TO COME BACK FOR MORE

In the various articles that have been written it has been said that Walled Lake has spent \$23,590 during this year. But the facts are that upon top of this they have been forced to borrow \$10,000 more. What about it?

WALLED LAKE PAYS NOTHING UPON THE PRINCIPAL OF THEIR INDEBTEDNESS FOR THE FIRST FIVE YEARS.

The tax rate of Walled Lake was for the year \$22.71. If she were paying upon her bonds this would increase the rate from \$5 to \$10 more on the thousand dollar valuation.

It is freely admitted by the members of the Walled Lake school board that with the increased cost of teachers, janitors, drivers and other incidentals, as well as the adding of the other school bus that there will be a considerable increase in the rate.

If they were paying on their bonds, do you think that \$30 per thousand dollars valuation would be overestimating it? We think that this amount is very conservative.

Walled Lake school district is spreading a tax this coming year running from \$29 to \$30 per thousand dollars valuation.

FRANK DUREFEN

SIMMONS-SMITH.

Stanley C. Simmons, youngest son of Mr. and Mrs. E. J. Simmons, and Miss Lucille G. Smith, youngest daughter of Mr. and Mrs. Ben Smith, of Redford, were united in marriage at the Baptist parsonage last Wednesday evening. After visiting friends they left early Monday morning to drive through to Shreveport, La., where Mr. Simmons will manage a branch factory of the Star Wire Novelty Co. of Detroit, where he has been employed for the past year. They will stop a few days at Cincinnati, Ohio, to visit Mr. and Mrs. Harry Simmons, who also manages a factory for the same company. Mrs. Simmons is a graduate of the N. H. S. and for the past five years has taught school, the last three being at Redford. Their many friends wish them a long and prosperous married life and success in their new business enterprise.

The Presbyterian Church

The record left by the Priest and Levite of the Jericho road, serves only as an example of neglected opportunity. While that of the Good Samaritan, constantly reminds us that out where men from the battle of life as where we shall exemplify the ideals that we teach in the temple.

Regular services Sunday, July 8.

10:30 a. m. Morning Worship.

I was glad when they said unto me: let us go into the house of the Lord.

Inspiring hymns, beautiful organ selections and an uplifting sermon. Come and you will be glad.

12 o'clock (noon), Sunday School service. It is never too late to begin to go to Sunday school.

7:30 p. m. Evening Worship.

Sun of my soul, thou Savior dear, it is not night if Thou be near.

Dr. Jaquess will preach at both services.

You are welcome at the friendly church.

The World's Most Wonderful Mother

Mary of Nazareth in Judea—the royal family of David—was that person. She was one of a great company of mothers who share in the glory and the tragedy of motherhood.

Mary—the humble village girl and wife of a small town carpenter—destined to be known to the end of time. Only one woman in all eternity could have the honor of being the mother of the Christ.

Mary was supremely attractive. Angels could talk to her and she hear them. God could give her a great task.

Mary's son—divinely announced—specifically named—devoutly expected has become the World's Saviour—the one who came to show folks what God was like.

Who influenced you most during the impressionable years? Who believes in you and keeps thinking that you have a bright and useful future? YOUR MOTHER.

C. R. HORTON

NORTHVILLE,

MICHIGAN.

LOCAL

C. F. Murphy and wife of Detroit, spent Sunday at the T. G. Richardson home.

Mr. and Mrs. C. F. Murphy spent the Fourth with Mr. and Mrs. T. G. Richardson.

Miss Margaret Weiler of Flint, spent the week-end with Mr. and Mrs. Chas. Scholtz.

Chautauqua time is vacation time and that time will soon be here. Are you planning for it?

Mrs. Clayton Nogar and baby of Dundee are spending the week with Mrs. Seymour Brown.

The annual Harger family reunion was held at Pine Shores, near Orchard Lake, last Saturday.

The inquest to determine the cause of the death of Robert Lanning was held yesterday afternoon.

F. J. Cochran and daughter, Marion, spent the week-end with relatives and friends at Jackson and Parma.

D. R. Coburn of the M. A. C. is assisting in the veterinary profession with Dr. Cavell for the summer.

Mr. and Mrs. A. B. Cook of Jackson, Tenn., are visiting Northville relatives and friends for a few weeks.

Have you seen the Chautauqua program folder with all the good things the assembly brings to us this year?

At a recent meeting of the Highland Park Exchange Club Dr. W. A. Hart was chosen a member of the advisory board.

Mr. and Mrs. R. B. Dusenberry of Detroit were guests of Mrs. Charles Yerkes over Friday night. They came to attend the alumni banquet.

Mr. and Mrs. Ed Sessions and daughter, Ruth, spent a few days during the past week with relatives and friends at Hubbardston and Maple Rapids.

How Woodman came over from Lansing last Friday to attend the reunion of his old school mates and to enjoy the banquet in the evening.

Mr. and Mrs. T. J. Knap of Highland Park came to Northville Friday afternoon to visit Mr. and Mrs. John Knapp and to attend the alumni banquet.

Dr. and Mrs. W. A. Hart of Highland Park motored to Northville last Friday night to attend the alumni banquet. They brought the speaker of the evening, James Schemberhorn, with them.

Mr. and Mrs. S. A. Lovewell and sons, Mr. and Mrs. D. C. Hinkley and H. G. Marburger are spending the week at Mio, fishing and recreating.

Begin now to plan your work so as to have leisure time to enjoy every program during the three days of the Chautauqua.

If you are interested in having a Chautauqua in Northville in the future—urge your neighbors and friends to buy season tickets for this season.

Beginning Saturday, tomorrow, this office will be closed all day on Saturdays during July and August. Patrons of the office will please make note of this fact.

Northville's Community Chautauqua will open next week. Tickets are now on sale. Adult tickets are \$1.50 for the season of six entertainments and children's tickets are 75 cents.

Mrs. C. H. Paul of Dayton, Ohio, came to Northville last Thursday to visit her parents, Mr. and Mrs. B. A. Wheeler, and to attend the alumni banquet. Mr. Paul came Tuesday and spent the Fourth.

Mrs. E. A. Keeney, who was called to Chicago last week by the illness of her daughter, is visiting relatives and friends in Iowa, Isadore having sufficiently recovered to make the journey to the home of her grandparents.

Miss Julia Holton of St. Johns is spending the summer with her uncle and aunt, Mr. and Mrs. Archie Morris. Miss Helen Holton is attending the summer school at Ypsilanti and will spend the week-ends here. Miss Holton was a former Northville teacher.

Dorothy Freydl, daughter of Mr. and Mrs. Felix Freydl of this place, and Richard Goodspeed of Northville, were married in Detroit, Wednesday, June 27th. They will make their home with the bride's parents on Penniman avenue. The young couple have the best wishes of their many friends for a happy and prosperous wedded life.—Plymouth Mail.

Mrs. J. R. Meyers of Philadelphia, Pa., Mr. and Mrs. C. S. Raymond and Mrs. Hubbell of West Branch spent last week at the home of Mr. and Mrs. Lester Cook. On Friday the ladies of the party accompanied by Mrs. Cook went to Detroit and spent two very enjoyable days at the Hotel Statler and in visiting places of interest and attending the theatres.

The J. U. girls of the Presbyterian Sunday school, accompanied by their teacher, Mrs. J. R. Truitt, met with Ays Brown last Thursday night, the gathering being planned as a farewell to Marion Cochran, who is soon to leave with her parents for California for an indefinite stay, and for Beth Ponsford, who is enjoying an outing in the west. In behalf of the class Ida Rose Cavell presented Marion with a very handsome silver pencil with the admonition to write often. The girls enjoyed a marshmallow roast and ice cream and cake were served.

Mr. and Mrs. D. B. Bunn spent last week at Glen lake.

Mr. and Mrs. Frank L. Brown spent Saturday and Sunday with Mr. and Mrs. George Mosher at Royal Oak.

Mrs. Harry Elliott left Monday for Dayton, Ohio, where she will spend a few days with relatives and friends.

Mr. and Mrs. A. G. Newman have returned to Northville and will spend the balance of the summer here.

Alvin Schnute and Lyle Lovewell will leave next Tuesday with the Buchanan party of boys for a visit to Alaska.

Mr. and Mrs. Clarence Sarata of Jackson spent the week with their parents, Mr. and Mrs. L. Brown of Northville.

The ball team from the House of David defeated Northville on the home grounds Tuesday afternoon to the score of 7 to 4.

Miss A. W. Silverton and Harry Mulligan of Scotland, Ont., Can., are spending their vacation with Mr. and Mrs. C. Welby Taylor.

Mr. and Mrs. W. J. Fitzgerald of Monroe visited Northville Tuesday night on their way home from the celebration at Ypsilanti.

C. T. Madison of Detroit called on Northville friends yesterday. He is enjoying a vacation from his duties in the P. M. offices in the city.

Morris Daily and A. W. Mathewson opened their new restaurant to the public Tuesday night. They have a very neat and attractive place.

Mrs. Wm. Wood of Oxford was called to this city Saturday by the serious illness of her mother, Mrs. Marian Johnson of Lake street.

Charles Thornton, former resident of this place, has returned to Northville village and has accepted the position as manager of the local condenser.

A game preserve will soon be established at Meadowbrook Golf Club grounds and all kinds of birds and some game will be protected there.

Mrs. Ida Cook, Miss Cela Roberts and Mrs. George Ford motored to Albion Saturday and attended the Epworth League convention that night and Sunday.

Mr. and Mrs. Henry Severance of Flint spent Saturday night and Sunday with their uncle and aunt, Mr. and Mrs. W. H. White. They were on their home from a week's visit at Niagara Falls.

Mrs. Elora Larkins, Mr. and Mrs. Roy Larkins and Mrs. E. E. Brown and daughter, Avis, motored over to Albion and Highland Sunday afternoon and called upon Mrs. Field, a former Northville resident.

The Ladies' air of the Methodist church will meet at the home of Mrs. Shoof on the Fishery road next Tuesday at 2:30. The ladies are requested to meet at the D. U. R. waiting room at 2:00 where autos will convey them to the home.

Northville's municipal band gave a concert at the Detroit House of Correction farm last Sunday afternoon, their services having been tendered by the president and village council. A choice program was given out of doors and in the recreation building and all enjoyed the affair greatly.

METHODIST CHURCH NOTES.

Next Sunday we will meditate on "Life Abundant." We saw the wonders of the first creation last Sunday, and on Sunday morning we will realize the wonders of present day creations. Time, 10:30. Sunday school at 12:00—noon. In the evening at 7:30 we will talk on "Rest." What is rest? Election of delegates July 19th, at 7:30.

BAPTIST CHURCH NOTES.

Rubber runners have been placed in the church. This is a big improvement. They were paid for by the Farther Lights class. The parsonage has been connected with the sewer system.

Plans are being made to make services during the month of August unusually interesting. The program will be published in the near future. One of our oldest members says he does not remember when the evening congregations were as large as they are now. If you are not a member of any congregation in Northville, we invite you to meet with us next Sunday.

Mrs. Roy Ambler and little son of Pasadena, Cal., are spending the summer with Mr. and Mrs. W. E. Ambler. Mr. Ambler is building a new store for his drug business and is enjoying a fine trade.

\$1,500—"Father Was Right"

That is just what you will say in less than one year from this date.

I am selling five acre LITTLE FARMS for \$1,500 on time. I again repeat, that in less than one year these same farms or others no better will be selling for \$2,500 in this section on the Northville-Nowi road.

There are only three of these little farms left, so after all are sold prepare to pay the resale prices.

I am, right now, negotiating with the Hanhan Realty Co. of Detroit, for sale of the 40 acres near these little farms and you know what that means when they begin to subdivide.

Believe me, you will pay more for a lot than you pay me for an acre.

Get busy—will furnish correct information.

Clothes may be ordered here for all occasions and at prices ranging from \$25 to \$60, with a wide display at the popular prices of

Every Suit ALL-WOOL and strictly Made to Measure.

MAY SERVE MEAL
FROM TEA WAGON

The tea wagon has long been considered almost a necessity as a labor-saver in serving but with the new drop-leaf style it may be used to serve an entire meal. In a small apartment, where the living room also does service as dining room, a roomy tea wagon, such as the one illustrated, would make a dining table almost unnecessary. How delightful to have one's breakfast by a sunny window and one's dinner before a crackling wood fire by just wheeling the handy tea cart to a different part of the room.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

PROPOSER OF NEW SCHOOL PRESENTS ARGUMENT AND DEFENDS PROPOSITION.

Frank D. Clark, well known fruit farmer and secretary of the Novi Progressive Club, an organization which is working actively in support of the proposed construction of a township unit consolidated school in Novi township, takes issue with statements made by Frank Hamilton, another Novi township fruit farmer, in an interview in the Daily Press of June 27.

Speaking for himself and for the Novi Progressive Club, Mr. Clark said: "Mr. Hamilton states that it would cost \$112.15 per pupil a year to operate a consolidated school in Novi township, and he estimates our attendance at 130. As a matter of fact, the school attendance in the district in 1922-23, was 232 including pupils for whom tuition was paid in schools outside of the township. Dividing \$21,500, our estimated consolidated school expenses for a year, by 232, the cost would be \$92.67, a difference of \$20.48 a pupil a year. The difference is not great, but it is worth considering."

He implies an additional cost of \$25 a pupil a year for transportation, which has already been taken care of in the estimate of \$21,500 operating expenses for each year.

Questions Tuition Proposal.
"If the Walnut Lake and other consolidated schools are going to cost as much as Mr. Hamilton says they are, why have we not taken care of our pupils to attend their schools at a tuition of \$25 a year?"

Walnut Lake's bond issue was for \$350,000 but the school cost \$50,000, which leaves an indebtedness above the original bond issue, which is being taken care of before any principal is being paid on the bonds. This year Walnut Lake paid about \$6,000 interest and principal. If we grant Mr. Hamilton's estimate of \$27.71 a thousand tax, when they start paying their bonds, Novi could raise the same amount with a tax rate of \$15 a thousand because of our high valuation.

Mr. Hamilton says Walnut Lake pays \$800 a year for insurance. We are informed that in their expenses was included an item of \$1,500 which paid the insurance for three years.

As to their estimate on incidentals, we are of the opinion that \$1,000 would buy enough sweeping compound and cleaner to last several years.

"Walnut Lake is not going to put another bus into service because the distance traveled is so great but because the present busses are overcrowded. When it is considered that Walnut Lake's school is located near one corner of the district, it can be seen that the transportation problem can not be taken care of as easily as it could be in Novi where the school would be in the center of the district."

Five Busses Adequate.
"We still maintain that five busses would be adequate, and that they can be operated for our estimate of \$6,500 a year. We were mistaken in saying that such equipment at such cost would take care of 50 pupils. The correct number is 250, which is still a larger number than we would have to transport. The bus depreciation has already been taken care of at the rate of \$3 1-3 per cent a year in our estimate. It would be absurd to estimate the cost of two hours bus service a day at more than \$6 50 a bus a day. Walnut Lake included 20 per cent a year depreciation on their busses and their cost for transportation is 13 cents a pupil each day."

"Much has been said about taxpayers in Northville school district, where there is a high school available, having to pay high taxes because of a fractional district, part of which is in Wayne county, being in the Novi unit district. Northville's school district valuation, according to the Michigan Teachers' association bulletin is \$1,600,000 and their tax rate for school purposes is \$14 a thousand. This rate on the valuation raises \$22,400. Novi could raise the same sum with her valuation at the tax rate of only \$11 94 a thousand, \$205 less than Northville's rate."

"We are facing the question of whether Novi will have a modern school and become a community in which there will be a future, or whether we shall stand still, have the old time worn one-room district schools with small tax rate and smaller educational and community advantages. Opponents of the proposed school are sincere in their objections, but feel confident that they would in time admit their mistake if the school were to be built and they could see its advantages."—Pontiac Press.

NOTICE OF ANNUAL SCHOOL MEETING—NOVI TOWNSHIP SCHOOL UNIT.

The annual meeting of the Novi Township Unit School District of the township of Novi, Oakland county, Michigan, for the election of two trustees for a term of three years, and for the transaction of such other business as may lawfully come before said meeting, will be held at the Town Hall, Novi, Monday, July 9th, 1923, from 10 00 a. m. to 5 00 p. m. Central Standard Time. The business session will be held from 3:00 to 5:00 p. m.

Dated, Novi, June 25th, 1923
GEORGE R. SIMMONS, Secretary

C. C. Yerkes, Attorney, Northville.

STATE OF MICHIGAN, County of Wayne, ss. At a session of the Probate court for said county of Wayne held at the Probate court room in the city of Detroit, on the twentieth day of June in the year one thousand nine hundred and twenty-three.

Present, Henry S. Hulbert, Judge of Probate.

In the matter of the estate of ANTHONY H. KOHLER, deceased.

An instrument in writing purporting to be the last will and testament of said deceased having been delivered into this court for probate.

It is ordered, that the twenty-fifth day of July next, at ten o'clock in the forenoon at said court room be appointed for proving said instrument.

And it is further ordered, that a copy of this order be published, three successive weeks previous to said time of hearing, in the Northville Record, a newspaper printed and circulating in said county of Wayne.
(true copy)
HENRY S. HULBERT, Judge of Probate.
EDMUND R. DOWNEY, Deputy Probate Register.

WHAT NOVI MUST DO THIS YEAR UNDER THE OLD SCHOOL SYSTEM.

Pay eight teachers, the same number that would be required in the proposed new school.

Heat seven buildings.
Already 35 pupils have applied for tuition to foreign schools which will cost \$2,100.

Besides this the East Novi school where over twenty attended last year, must be provided for. Either a building and another teacher provided or tuition paid and transportation furnished to schools outside our district.

We will receive no state aid, while under the plan for the new school we would receive all told three thousand dollars.

Something About Valuation.

The State Teachers' association gives us the following figures: Northville High school district, assessed valuation \$1,600,000, bonded indebtedness, \$70,000.

Farmington High school district, \$1,509,000 valuation.

Walnut Lake, \$1,039,222. New Hudson, \$771,691. While Novi district has an assessed valuation of over \$1,576,000. Can we afford a school?

Yes.
Our nation was founded on the principle that all men are born equal. Let us give them an equal chance to get a high school education. They all need it in this day and age.

If you believe in these principles do not fail to cast your ballot Monday, July 9th, for George R. Simmons and James Erwin.
—Advt.
THE NOVI PROGRESSIVE CLUB.

100 R. CARS WILL BRING GIANT CIRCUS.

Arriving aboard 100 double-length railroad cars forming trains more than one and one-third miles long, and made ever greater than in 1922 by the addition of many big, new foreign acts, Ringling Brothers and Barnum & Bailey combined, will exhibit at Pontiac, Monday, July 9th.

Those who read the daily papers or who keep in touch with the movie news reels need not be reminded of the shipload of acts and animals recently imported by the Greatest Show on earth. The remarkable cargo included two companies of baby elephants now joined with the forty adults of the mammoth herd. There were also 150 more performing horses accompanied by Europe's greatest trainer, and many wild animals, some of which have been added to the scores upon scores of trained jungle beasts, while others have become part of the marvelous menagerie.

More than a million persons saw the famous new circus of 1922 during the weeks that it exhibited in Madison Square Garden, New York. Now this marvellous exhibition is figuring the country around five trains. It is a circus bigger than the Ringling Brothers and Barnum & Bailey show of last season. It is ten times larger than any other circus now on tour.

Big as is this wonder circus of 1923—with its more than thirty trained wild animal displays, its steel arenas, fully 200 wonderfully schooled horses, 100 men and women performers, 100 clowns and scores of features—the price of admission is no more than before. And though the trained animal numbers and the immense horse show were circuses in themselves while touring Europe, they are not offered as separate attractions by the Ringling Brothers and Barnum & Bailey combined shows. Instead all are on one gigantic program. Everything is in one mammoth main tent. One ticket admits to all these and to see tremendous double menagerie. There are more than a thousand animals in the zoo of this circus and these include entire families of hippopotami and giraffes. Another remarkable zoological feature is an armored rhinoceros, the only one known to exist and alone worth \$50,000.

TYPES WERE MIXED.

In the article published last week over the signature of the Novi Progressive Club relative to the estimate of cost of the proposed new school, the types got badly mixed in the closing line of the article. The correct figures are \$1,569 78—not as published \$156,978. The interest rate ought to have been given as 4 1/2 per cent instead of 4 as published.

COMMISSIONER'S NOTICE.

In the matter of the estate of LUCY J. GERMAN, deceased.
I, the undersigned, having been appointed by the probate court for the county of Wayne, state of Michigan, Commissioner, to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that I will meet at the Lapham State Savings Bank, Northville, Mich., in said county, on Wednesday, the 15th day of August, A. D. 1923, and on Monday, the 15th day of October, A. D. 1923, at 11:00 o'clock A. M. of each of said days, for the purpose of examining and allowing said claims, and that four months from June 15th, A. D. 1923, were allowed by said court for creditors to present their claims to me or examination and allowance.
Dated, June 15th, 1923.
ERNEST MILLER, Commissioner.

Northville Chautauqua
July 11, 12, 13.

OPENS NEXT WEDNESDAY

Two Programs Daily—Afternoon and Evening

First Day—The Emerson Winters Co., will furnish music and entertainment of a high order, and in addition they will present a splendid one-act play, "Happiness Through Sacrifice," a charming story well acted, which will appeal to every one. In the evening following the musical prelude by the Winters Company, G. E. Weaver, cartoonist and crayon artist, will present a program of sketches.

Second Day—The Four Thrasher Sisters, an orchestral quartet, composed of four members of the same musical family, will give the full afternoon program and the evening prelude. They have been very popular on Chautauqua programs for a number of seasons. Dr. Alexander Cairns will be the speaker of the evening and he has a personality and a style exclusively his own.

Third Day—The Melody Masters, composed of three gentlemen who are artists in their particular lines, will present the musical program for the afternoon and the evening prelude. Dr. C. C. Mitchell, author and lecturer, will deliver his popular lecture "The Millionaire of Uz" in the evening. The lecture is unique and exceedingly interesting—full of humor, sense and vision.

THE CLARK GROCERY

NORTHVILLE, MICH.

THE AMERICAN LEGION—CHILDREN'S BILLET.

The home life at the American Legion—Children's billet is as near that of the home as it is possible to make it. Of course, in a large family there are always duties to be performed and lessons to be learned; as well as pleasures to be enjoyed. And that is true in the American Legion family also. The institutional features are eliminated insofar as possible, and yet some general rules have to be observed. The children arise in the morning and retire at night at a fixed time, and meals, rest and recreation are also carried out on a general schedule, without being so rigid as to be uncomfortable, or to require the thought of discipline to be constantly in the minds of the children.

One of the pleasant features of the day's work is an hour, devoted to nature study at first hand. These studies are supplemented by hikes into the fields and woods where the particular bird or plant being studied is seen in its natural state.

Every child committed to the care of the Legion will be developed in all that goes to make ideal citizens.

BEWARE OF PINK KIMONOS.

A pale, pink kimono, spelled out prison sentence for Carl Lahr, 21 years old, of Newburg, Mich., and Lloyd Hamilton, 19 years old of Plymouth, Mich., Wednesday. The youths were each condemned to two years in the Detroit House of Correction by Judge Arthur J. Tuttle in Federal Court.

Three months ago the depot at Novi was broken into and three sacks of mail were stolen. The stolen mail bags contained three love letters, a pair of spectacles and a flimsy, pink kimono. All the articles stolen with the exception of the kimono were found near the station. The boys had thrown them away.

"The kimono was the only thing worth keeping," Hamilton explained in court Wednesday. "Lahr and I had planned on giving the kimono to a girl friend, but the police got us before we carried out our intention. You know we had an argument over which of our girl friends was to receive it. When a chap thinks of girls his goose is cooked."

Their automobile was boiling and needed water when they arrived at Novi the youths explained. Being near the railroad station, they decided to break in and obtain water. Seeing the mail bags, and believing they contained valuable packages, they took them, Hamilton said.—Detroit News.

UNIFORM TRAFFIC RULES.

A uniform traffic code to regulate the operation of motor vehicles in all cities and towns and to supersede many local ordinances which have differed in various localities and caused confusion to drivers, will go into effect in Michigan August 29. The act establishing the code was adopted by the recent legislature under the sponsorship of Rep. Milton A. Palmer of Detroit. It has the endorsement of the State Police and police officers throughout the state.

Some provisions of the code are:

Drivers should give suitable arm signals when stopping or turning.

Vehicles on state trunk lines shall have the right away over vehicles on intersecting roads.

When two trunk lines intersect the vehicle on the right of the driver shall have the right of way.

Left turns shall be made as near the center of the corner as possible.

The Public Utilities Commission may designate "dangerous corners" throughout the state and require erection of suitable warning signs.

It shall be unlawful to park vehicles on the traveled track or paved surface of a highway outside village or city limits.

Penalties provided for violation of the code are not more than \$100 fine nor more than 90 days in jail.—Ex.

NEW FORD PLANT AT PLYMOUTH WILL SOON START.

Machinery is fast being put into place at the new Ford plant in Northville, and it will be only a matter of a short time now when the plant will be in operation. The new factory will be given over to the making of laps, which are used in great quantities at the Ford plants. When the plant is in operation eighty men will be given employment. It will be a most welcome addition to the industrial life of the village.

Work on the dam for the new Ford plant at Waterford is also well under way. The dam including the portals and wings will be 300 feet long. One hundred and twenty acres of land will be under water, and it will resemble quite a little lake. The dam will develop 220 horse power. A new road is being built from the Waterford road, a distance of 1,200 feet to the dam. The factory, which will be 60x150 feet in size, will be constructed of concrete. When this plant is in operation it will give employment to 250 men.—Plymouth Mail.

LYNCH SAYS BONDS IN NOT ONLY ISSUE

Continuance of Novi System at
Stake—Challenges Anti Stand.

Touching on the issue involved in the contested school issue in Novi township which has caused much discussion recently James H. Lynch, attorney for the proponents of the school bond issue, made the following statement, Tuesday:

"Referring again to the Novi school district matter, the impression which one would obtain from a casual survey of the litigation and the arguments, is that the contest is to prevent the bond issue of \$135,000, but that is not the entire truth.

"It is true that the litigation aims at preventing issuance of the \$135,000 bond issue, but back of it and furnishing the mainspring for the agitation and the litigation is the determination on the part of certain individuals to destroy the township school district system.

"Of course, if the bond issue is defeated, then there would be no money available to carry out the plan of the township district, if they succeeded in defeating the present bond issue; they figure this will so cripple the school district that the project will be abandoned.

Unwilling to Compromise.

"At first the contention was made that the \$135,000 was excessive, but that was not the real reason. At the conclusion of one of our hearings in the courts on one of the phases of the litigation, conversations were had as to whether or not some sum less than \$135,000 could be agreed upon. This was brought about through the instrumentality of John W. Lathrop, who was the owner of a considerable amount of property in Novi and who was anxious that the school matter be adjusted and progress made in school affairs. The result of the conversation was that I wrote the school board, urging them to call a meeting inviting the principal persons who are opposed to the bond issue for the purpose of ascertaining whether or not these parties could agree upon any particular amount less than \$135,000, end the litigation and proceed with construction. Following upon this conversation, the board did call a meeting and Mr. Lathrop exerted himself. I am informed, toward inducing the parties to meet for conference on this subject, but when the time of meeting arrived there was but one of these who were fighting the bond issue who appeared and Mr. Lathrop abandoned his efforts looking toward conclusion. It demonstrated positively that those who are actively engaged in the litigation are not fighting the bond issue alone. They propose to destroy the township school district system and that thought appears at different times in the interview of Mr. Yerkes. It is to this particular matter that I wish to call attention.

Back to Old System

"There were, as I recall it, prior to the formation of the township district, large school districts in the township of Novi; the total number of scholars enrolled during the last school year were as follows:

Novi village	69
West Novi	31
Bassett and East Novi, fractional	22 each
Duffee fractional and Stone fractional	18 each
Graswood	15
Rogers	13

"This is a total of 209, or, excluding the Novi village, 140 divided between eight districts, or an average of slightly less than 18 pupils to the school. To teach this average of 18 pupils, the entire school organization must be kept up and the result is a great waste of moneys. One of the school districts in Novi has been closed for some years, in another district the proper school authorities have condemned the building. The school districts, as they at present exist, comprise practically the same boundaries that were established over 50 years ago. As a matter of fact, so far as improvement in the course of study is concerned, the school districts and as they stood 50 years ago.

An Advanced System

"It may be that the township school system is not the proper one; it may be that the consolidated school is the proper one or it may not be; but one thing is apparent to every person who has paid any attention to school affairs, that the present school district arrangement such as existed in Novi prior to the township school district is intolerable, is a waste of money and fails to give the children the proper educational facilities of today. The township school system has been worked advantageously in many places and while it has some defects, as all systems have, in the main it has many great advantages and so far as the ordinary district school system is concerned, it stands far ahead. If the present school system is defeated, then the people of Novi must go back to the old district system; they must take a step that no other township or community that I have heard of has taken, namely that of going back to a system so old and so defective as

to be condemned by all school men who take an interest in school affairs.

"I trust the people of Novi will not be misled as to the real issue. Let me repeat, the issue is not a question of bond or not, the real issue is whether or not Novi proposes to maintain a higher standard of education or whether it proposes to go back to the obsolete discarded methods of the past.

Results Justify Cost

"I am aware that education costs money; I am very well aware that improved schools cost more money than the older forms, but I am also convinced that greater results are obtained. I am convinced that there is a large waste of money and inferior education given under the district school system. The question resolves itself then as to whether or not the people are willing to pay a little more and have a good system of education, than pay a small amount and receive relatively less in return.

"When I read the statements of individuals in regard to the taxation it has a very familiar ring. There are people who seem to think that the question of saving money is the principal thing, but the glory of this state has been that from its very inception it has been dedicated to the cause of free, popular education. The same arguments made by Mr. Yerkes I recall as a boy having heard when they passed the law for free education in this state and abolished the old rate bill. It is the only law that will always be heard under such circumstances.

"Let me repeat, the contest in Novi is not a matter of dollars and cents, it is a matter of principle, the cause of improved methods of education, is at stake and I trust Novi will not scan backwards."—Pontiac Press Advertisement.

OAKLAND COUNTY'S VALUATION PLACED AT \$146,880,000.

At a figure just \$332,000 greater than the total assessment rolls as they were submitted by the assessing officers, the board of supervisors Saturday morning fixed a new valuation for Oakland county at \$146,880,392. The only townships that received increases from the figures their supervisors had reported were Highland, Milford, Oakland, Oxford, Rose, Springfield and Waterford. Their rolls were reported at below what the equalization committee believed should be and were increased to a figure the committee believed more equitable. The figures do not yet come up to the equality arrived at by the state tax commission and reported to the state board of equalization a year ago.

Royal Oak City showed the greatest increase in valuation for the year. Its valuation has grown from \$5,749,847 in 1922 to \$12,278,118 in 1923. Royal Oak township also shows a healthy increase, its figures for 1922 being \$15,927,400 and in 1923, \$21,076,348. Pontiac city's valuation has grown from \$40,709,901 in 1922 to \$44,117,088 in 1923.—Pontiac Press.

WILL POLICE TOWNSHIP ROADS.

The Dearborn township board, at its last meeting, voted to employ two motorcycle traffic officers to patrol township highways. Speeding on Warren avenue, East Town Line, Michigan avenue, Oakwood boulevard and Telegraph road must be stopped, say the officials, and the patrolmen will receive orders to prefer charges against anyone found violating the state law.—Dearborn Press.
