NORTHVILLE'S CHAUTAUQUA CLOSING TODAY.

Northville's community chautauqua will close today, when two delightful musical programs will be presented and a lecture will be given by C. C. Mitchell. The musical program will be presented by the Melody Masters, an organization composed of three gentlemen, each one being an artist in his particular line. It would be difficult to conceive of a program of greater variety and more genuine merit than that given by this unusual combination. It is seldom that three men of such varied experience and marked ability are brought together in a single organization. There will be the best music, artistically presented, to marvel at; there will be clean fun and humor to laugh at; there will be splendid ensemble numbers to enjoy, and impersonations in both speaking and singing, such as you have never heard before. Trumpet solos and xylophone solos by Mr. Allen; selections on novelty instruments, wig and grease paint, character impersonations by Mr. LeBarge, tenor solos and impersonations of female singers such as Geraldine Farrar, Melba, and Schumann-Heink, by Mr. Paine.

This evening at the conclusion of the lecture given by the Melody Masters Mr. Mitchell will give his unique and popular lecture, "The Millionaire of U.S."

C. C. Mitchell is not a meteor but a fixed star in the chautauqua sky. He is a man's man, thinks and talks in terms of men; he knows life in its hustle and humdrum, lights and shadows. He is a man of faith, vision and hope. He is a democratic, broad in sympathies, but not a sentimentalist; a scholar, but not a dogmatist; a humorist, but not a clown; a prophet, but not a weather vane. His lecture, "The Millionaire of U.S.," is a study in pictures and panoramas, motives and millions—the world's oldest drama modernized and popularized—dug out of the dusty vaults of antiquity and put on the streets of our modern life. There is nothing else like it on the platform. This able address has called forth the praise of the public, the pulpit and the press. We quote some of the more brief press comments: "Remarkable for its wit, humor and directness of attack."—Evening Herald Fall River Mass. "A master of contrasts and of the oratorical ribe shot—the epigram."—The News, Parkersburg, W. Va. If you have thus far neglected to enjoy the splendid programs given do not fail to be present this afternoon and evening.

NOVI'S SCHOOL ELECTION BROUGHT OUT A LARGE VOTE.

The school election in Novi township on Monday created a great deal of activity for the supporters of the candidates for trustees. A large vote was polled, the total being 459. Of this number Floyd J. Chapman, received 265, Grand Patron 261, George R. Simmons 195 and James Erwin 192.

While the contest was spirited and the number of people going to the polls to cast their ballots was large, yet there was a good feeling manifested throughout the contest. The supporters of Messrs. Simmons and Erwin were favorable to the plan of establishing a township unit high school and while they regret their defeat, yet they are not discouraged and will continue the agitation until Novi has a school system of some kind as good or better than its neighbors.

The matter of additional taxes was the one big determining factor in the contest. For many years taxes have been steadily increasing and they have reached a point where some declare the brakes must be set and set firmly.

TWO NORTHVILLE BOYS TO VISIT ALASKA.

Lyle Howell having decided on Monday not to avail himself of the opportunity of a trip to Alaska with the Buchanan party, Waldo Elliott was invited to take his place. He made hurried arrangements to go and went to Detroit and joined the excursionists Tuesday morning. They left Detroit at nine o'clock in two special cars over the Michigan Central railway. From Chicago they made the journey to Seattle in Pullmans. Besides Waldo Northville will be represented by Milton Schnute. John VanAken of Detroit, who is known to many Northville people, is also a member of the party. The Record has been promised an occasional letter from the sightseers.

Mr. and Mrs. G. H. Cook of Clarenceville spent last Tuesday at the Cavell home.

ONE WOMAN AND SEVEN MEN ATTEND SCHOOL MEETING.

There were just eight persons in attendance at the annual school meeting held at the High school auditorium on Monday evening—one woman and seven men. The other residents of the district, doubtless, had forgotten all about the affair. At any rate they did not manifest any interest in the biggest institution and enterprise we have—our public schools.

In the absence of Secretary C. H. Bryan, Mrs. E. H. Lapham read the minutes of the last meeting and they were approved. C. L. Dubuar and D. P. Yerkes, Sr., were unanimously chosen to succeed themselves as trustees, Messrs W. D. Stark and C. A. Dolph officiating as tellers.

The annual report submitted by the secretary gave the total receipts of the year as \$55,886.35 and the expenditures at \$54,446.86. Of this latter item \$27,529.50, was for teachers' wages. The total indebtedness of the district is now \$67,500.

President Yerkes reported that the board had decided to re-decorate some of the lower rooms this vacation time and to have the brick work in the gym cleaned.

MOTOR BUS FEEDERS PLANNED FOR D. U. R.

The D. U. R. will enter the interurban motor freight and express business in Michigan in addition to operating its interurban electric properties. An application for the privilege was filed last Monday with the Michigan Public Utilities Commission under the name "The Detroit-United Railway Trucking Co." The application states that it is the intention of the D. U. R. to operate freight and express busses as feeders for its interurban lines, and explains that the routes are to extend in all directions along the company's lines between Detroit, Port Huron, Flint, Jackson and Toledo and to spread beyond the ends of the lines.

The trucking subsidiary will be capitalized at \$500,000. The first busses will be of standard design, but they will be followed by busses with de-accelerator bodies that can be lifted off the chassis and deposited on a freight car. At their destination they can be transferred to other without re-loading.

TEACHERS ALL SECURED FOR NEXT YEAR.

The teachers for the village school for the coming year have all been secured and there will be but two new ones—physical director and supervisor of music and art. The following is the list of those who will direct our school, beginning with the first week in September.

EAST LAWN SANATORIUM TO BE DEDICATED SUNDAY.

The people of this community are cordially invited to attend the services of dedication to be held at the East Lawn Sanatorium (the remodeled Scotten home on the hill) on Sunday afternoon at three o'clock. Dr. Eli J. Forsythe of Detroit, a speaker of marked ability, will have charge of the services, and it is hoped Northville people will avail themselves of this opportunity to hear him. Dr. A. B. Wickham, who purchased the property, informs The Record that he expects to open the institution next week. A great deal of work has been done about the premises and there is still much to be done to perfect the plans of Dr. Wickham, but enough has been completed to put the home in condition to receive those who are seeking a nice quiet place where they may receive expert treatment.

Mr. and Mrs. E. M. Bogart of Grand Rapids visited Northville relatives Wednesday and Thursday.

A few handbills printed at this office and scattered about the little villages in this vicinity helped to bring about fifteen hundred base ball fans to the House of David ball game three days later. Of course, that is not as quick results as a radio.

A 25 YEAR GUARANTEE

To most women it may seem of little consequence that the EASY Electric Washer has a copper tub, the bottom of which is made of 24-ounce copper and the body of 22-ounce copper. Yet it is because of this superior type of construction that the Easy's copper tub carries a guarantee of 25 years.

Attention is called to this point, of course, merely as an illustration of the fact that, in every detail of its construction, the EASY is built to give a lifetime of service.

We invite comparison of the EASY with any other electric washer on the market. From the standpoint of durability as well as efficiency we sincerely believe it has no equal.

STATE NEWS IN BRIEF

Brown City—Announcement was made at the offices of the Federal Reserve board that the Brown City Savings Bank, has been admitted to the reserve system.

Grand Rapids—William Young, 60 years old, an engineer for the fire department, was stricken with paralysis while he was fighting a fire and died while being rushed to a hospital.

Alma—Otis, the 8-year-old child of Mr. and Mrs. James Hanes, of Seville Township, was killed when thrown from a moving machine on which he was riding. The wheel passed over the child's neck.

Vern Lett, 23 years old, of Boyne City, was killed when the steering gear of the car his father was driving broke and the machine crashed into a tree at the city limits. His father escaped with slight injuries.

Boyne City—Vern Lett, 23 years old, of this city, was killed when the steering gear of the car his father was driving broke and the machine crashed into a tree at the city limits. His father escaped with slight injuries.

Lansing—W. G. Fitzpatrick, attorney for the Detroit United Railway, filed application with the Michigan Public Utilities commission for permission to do a general freight hauling business with motor trucks and trailers.

Freeport—Farmers here are picking a quarter crop of strawberries on account of the dry weather. There is little incentive to pick these, since they are bringing but 75 cents to \$1 for 6-quart cases. Pickers are receiving 40 cent a crate and the crates cost 28 cents each.

Ann Arbor—Approximately 500 students, or about 5 per cent of the total enrollment, have been dropped from the University of Michigan because of poor scholarship, according to estimates made since the June examinations. The exact number will not be known for some time.

Ironwood—The late labor shortage in the hematite iron mining region here is causing much uneasiness on the part of mining superintendents along the entire range. The most severe shortage is in the underground workers, but even the surface gangs are short thousands of men.

Dundee—The Detroit Edison company has purchased the lighting and power business of the Dundee power company, and will erect a high tension line from Monroe to Dundee, connecting there with the village of Milton. Power at the present time is obtained from a dam across the River Raisin.

Kalamazoo—Judge Glenn R. Fahng has been appointed public administrator for Kalamazoo county in accordance with the terms of the recent statute providing for such an officer to take charge of estates left by persons without known heirs or known next of kin eligible to take out letters of administration.

Lansing—Appointment of Frank D. Fitzgerald, former deputy secretary of state, as business manager of the state highway department was announced by Highway Commissioner Frank Rogers. Fitzgerald will succeed Levi H. Neilson, whose resignation as deputy commissioner was announced simultaneously with the appointment.

Flint—Michigan Odd Fellows have been assured a permanent summer camp at Lobdell lake near Fenton, where W. K. King and W. W. Watson have donated a tract of land for the purpose. The Odd Fellows are planning a large picnic at the lake which will mark the formal acceptance of the tract. Lobdell lake is considered one of the finest bodies of water in the southern part of Genesee county.

Manistee—Another steamer has been added to those making Manistee their home port. The Berkeley formerly running between Norfolk, Va., and New York, has been purchased by the Pere Marquette lines according to announcement made by Gus Kitzinger, president and general manager.

A crew has been sent for the new boat. She is built of steel and compares favorably with the Nevada now in use by the company.

Iron Mountain—Twice reported dead, Charles Christanelli, gave his mother and friends a joyful surprise, when he arrived at his home in Vulcan for an extended visit with his mother. He has been away from Vulcan 12 years. Christanelli did not write home during that time and when newspapers in California twice reported him dead, his mother believed it was true. On the first occasion the papers reported he had been killed in an accident and the second time they said he died from sickness.

Lansing—Orders have been issued by officials of the state administrative board to the highway department to permit no more road building machinery of any kind to be taken from the supply station at Charlotte, except by the state. The order not only cuts off access the road building contractors have had to the state owned machinery, but will prevent country highway commissions from obtaining state supplies. It is the purpose of the state to use this machinery at the various prison camps to be established around the state.

State Fair Publicity Committee

JOS. E. BROWN C. G. OLMSTED F. P. SMITH
Clifford G. Olmsted of Midland, chairman; Fred P. Smith of Romeo and Joseph E. Brown of Kalamazoo compose the publicity committee of the \$5,000,000 Michigan State Fair, which will be held in Detroit, August 31 to September 9. Theirs is the task to keep their fingers on the pulse of the activities of the great state organization and acquaint the people of the state, through the courtesy of the newspapers, with the interesting details of the mighty exposition. They have a fertile field for work, however, for never before, according to all indications, did Michigan see such an immense and brilliant exposition as it will this year.

Do You Know These Facts About the State Fair?

The Michigan State Fair, the Nation's greatest educational exposition, held at Detroit each Fall, will be held this year from August 31 to September 9. Here are some facts about it given by Secretary Manager George W. Dickinson.

A \$5,000,000 Fair. A million this year for improvements and additions.

Half a million persons to attend.

Racing horses and racing automobiles to smash records.

The greatest fireworks exhibition, including daylight displays and accompanied by five elephants with native Hindu drivers.

The greatest dog show. Champion police dogs to show how they catch criminals. A cat show, a model for all others.

One hundred thousand dollars in premiums for live stock and agricultural exhibits.

What officials believe to be the finest carnival company in the country to put on 22 attractive and clean shows on the "Midway" where the carnival spirit reigns.

Great special features of national reputation with visitors prominent from coast to coast.

Babies from one to three years, including twins, triplets, may be entered in the baby show.

Lectures, tests and expert judging for the benefit of the farmers.

A big organization is working to do everything possible to make a farmer's visit profitable and to furnish entertainment of the highest order for every woman and child.

Give your family a vacation—attend the Michigan State Fair.

SEATE TO ANSWER PHONE PETITION.

Briefs in answer to the Michigan State Telephone company's petition to annul the public utilities commission order, issued in August, 1922, lowering telephone rates in cities not affected by the Michigan State-Citizen's merger will probably be filed with the supreme court, this week, by the state.

Answers were virtually completed, in Wayne county three days to conduct culling demonstrations on the farms where certified egg production is to be carried on. It is impossible to cull all the flocks each year for a wanting it done but there is no reason why anyone cannot learn to do it successfully themselves. We hope to see a good crowd at each place.

This is the schedule:

Thursday, July 13th
At 9:30 a. m.—R. J. Anderson, South of New Boston, on Huron River drive.

At 1:00 p. m.—Fred Miller's—Center, Sumpter township.

At 3:00 p. m.—J. H. McKenna, two miles south, 1/2 mile east of Belleville.

Friday, July 20th
At 9:30 a. m.—T. Clark's, two miles east of Belleville.

At 1:00 p. m.—Burr & Moore's, three miles west of Wayne on Michigan avenue.

At 3:00 p. m.—Geo. Hasselbach's, one-quarter mile north of Michigan avenue on L. road.

Saturday, July 21st
At 9:30 a. m.—C. R. Rude's, Michigan Agricultural college, will be read, west of Oak school.

At 1:00 p. m.—W. Pott's, one-half mile north of Seven Mile road, four miles west of Reardon.

At 3:00 p. m.—E. J. Burr's, two miles southeast of Plymouth.

County Agent.

Another new production sign spot was set up by the Ford Motor company during the week ending Tuesday, July 3.

It was last Saturday, June 26, when the domestic assembly plants established a new daily record by turning out 6,584 completed cars and trucks.

This is 67 better than the previous high mark of June 13 when the day's production was 6,517.

The domestic output for the week ending Tuesday, the Ford News announces, was 40,253 Ford cars and 171 cars at the Lincoln division of the company.—Detroit Free Press.

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1897 for the week corresponding to this week

Mr. and Mrs. Hathaway spent the Fourth at Milan.

Caroline Hill has been granted a pension of \$8.00.

Rogers street residents want the street name changed to "Dewey" street.

Married—By Rev. Ward July 2, Bart McFarlin to Miss Belle Allen, of this place.

A new stone walk is being laid in front of the Bloodgood stores on Main street.

Mrs. George Hudson and Miss Maude Hudson of Saginaw were in town Sunday.

Mr. and Mrs. B. Brigham of Flint, visited Mrs. Alice Whitaker part of the week.

C. R. Van Valkenburgh has accepted a position with the Wilson Chemical Co., of Lyons, Pa.

Mr. and Mrs. Andrew Harmon were called to hear Howell Saturday by the death of an intimate friend.

Ed. Mooney has enlisted with the new 35th regiment and will be one of Capt. Haines' corporals in C. D.

Last year at this time binder twine was worth 7 1/2 cents a pound. Today the prices range from 15 to 18 cents.

The Crocker and Will Barley have enlisted in the 35th regimental band as cornet players and leave today for Island Lake.

The marriage of Miss Nellie Root to Charles C. Wedow, both of Novi, occurred June 24th. They will make their home in Saginaw.

Two dozen ladies gave Mrs. George Clark a surprise party Wednesday afternoon in honor of her sister, Mrs. Mary Merrill of Massachusetts.

Ester VanZile writes home from Cal form a that she is having a glorious time and thinks nothing of picking oranges as large as her hat-crown.

The German Lutheran church was dedicated last Sunday with impressive ceremonies. Music was furnished by the Opera House orchestra and the Ladies aid served a sumptuous dinner at noon under a huge canvas adjoining the edifice.

Almond D. Brown of Novi, passed away Sunday after an illness of only a few weeks. He is survived by his wife, Louisa Estlin Brown, and three children, Mrs. Mary Ambler of Northville, Mrs. Alma Gibson of Wixom, and Seymour Brown at home.

Rev. J. S. Boyden of Kalamazoo conducted the funeral services on Tuesday afternoon.

Wm. Platt Johnson, a prosperous farmer living just east of Mead's Mills, suffered severe loss by fire Sunday morning when his four large barns with their entire contents including four horses, 300 bushels of oats, 25 tons of hay, a new mowder etc., were consumed. The fact that the roofs of the four barns all fell in at the same time goes to prove the theory of incendiaries. The loss is heavy.

Hoyt Woodman of Woodman & Cray and H. Clay Calkins, cutter for the some firm were bringing in a cutter along the Griswold road Tuesday, when near the W. H. Yerkes place the steer made a break for the river embankment and over it went despite the pulling of the two gentlemen at the other end of the rope.

avoided a wetting by finally letting go of the rope. The animal was fished out none the worse for its bath.

Two uniquely arranged show windows are those in T. G.'s store this week. The west one contains a life size "Uncle Sam" with a spare drum and a rifle by his side the prize bicycle. Power did the arranging.

The east window contains the Goddess of Liberty and beside her a Cuban girl bound with chains while by their side is the American flag and a large cannon. Messrs. Hazen and Bennett are the artists.

EDISON BUYS DUNDÉE LINE.

The Detroit Edison company, Detroit, has bought the business of the Dundee, Mich., power company, the Dundee Hydraulic Power company.

A high tension line will be erected from Monroe to Dundee, connecting there with the town of Milan.

This is an improvement that Dundee has long desired and the people of that progressive community are to be congratulated upon the fact that the Edison interests have decided to take over the light and power plant at that place.

Alma—The Synod of Michigan, Thursday, voted to contribute \$25,000 towards the People's church to be built by the Methodists, Baptists, Congregationalists and Presbyterians at Michigan Agricultural college.

CIRCUS COMING TO TOWN.

Campbell Bros. trained wild animal show will exhibit afternoon and night at Northville, Monday, July 16th, under sun-proof tents. This is the show that you have been waiting for. Campbell Bros. show that has pleased the public from California to Cape Cod. Many new feature acts have been added this year, you will see Lucy the most intelligent performing elephant on the American continent.

Ferocious African jungle lions in a large steel arena with their trainer, educated shetland ponies and dogs, monkeys, bears and the prize-winning most beautiful mule in the world. Among the arena acts there are daring acrobats, acrobats, gymnasts, trapeze artists, wire-walkers and funny clowns. Don't forget the day and date. Come to town early and witness the grand free exhibition on the show grounds before each performance. Show at 2 and 8 p. m. rain or shine.

This show visited Northville last summer and gave good satisfaction.

NORTHVILLE & WAYNE GOOD ROADS.

The Northville Foresters, after playing two poor games of ball and losing both on the third and fourth of July, finally rallied themselves together and defeated the strong Wayne County good foods team last Sunday.

They not only defeated the visitors, but they did it decidedly so, winning by the score of six to one. Our local boys secured themselves nine hits while their opponents could only scrape up three and one of them should have been easily handled.

It was the largest Sunday attendance this season. Many came from Wayne and vicinity in hopes that their team, which has been defeated but once this year, might again be cheered to victory but there was no chance in this game. In fact, when the Foresters play the ball that they are capable of playing it takes a high-class semi-pro ball team to defeat them.

The Canadian Reds of Windsor are scheduled for a game here next Sunday, and on the 29th our boys go to Waverly.

BAPTIST CHURCH NOTES.

Painters are at work on the church.

Mr. McEwen's excellent work at the organ is a big feature at our preaching services.

The interest and attendance at prayer meetings continues to be very good. Be present next Thursday and bring your Bible.

We were glad to have Rev. and Mrs. Burnett of Salem with us Sunday. Mr. Bennett took part in the service, but as he was on his vacation did not want to preach.

The church lawn is becoming popular as a play ground for old and young. Croquet and other games are indulged in almost every evening when the weather permits.

Next Sunday, at Sunday school, the place of our picnic will be decided. Committees have been appointed and are at work and a good time is looked forward to. The date is Wednesday, the 25th of July.

METHODIST CHURCH NOTES.

Next Sunday morning we will meditate on "God's Gardens." We have been interested in His creation and His abundant giving. The whole creation is a veritable garden. Come next Sunday and let us see what it further teaches us. The time is 10:30.

Our musical part of the service is fresh as at any time of the year. The solo by Miss June Filkins last Sunday was a benediction on us all, to say nothing of the worshipful manner Mrs. Tinsman makes the organ appeal to us. All impress the presence of the Divine with us.

Our Sunday school, it is true, has dropped, but not to proportions expected. Just a word to parents. Plan your Sunday program, after your children have had their religious education. "Be not deceived, God is not mocked, whatsoever a man soweth that shall he also reap;" if you sow sin you will reap sorrow. If you sow religious instruction you will reap blessings.

The evening service will have a message worth while at 7:30. Let this service be a benediction to the day.

Election of lay delegates to the conference next Thursday. At the close Epworth League business meeting.

HANCE-MASTERS.

George E. Hance of this place, and Miss Anna Masters of Northville, were quietly married in Detroit, Saturday, June 30th. They were accompanied by Miss Dorothy Stillman and Russell Hollaway. The young couple are staying for the present with the groom's sister, Mrs. Clarence Pelley on Starkweather avenue. They will make their home in Plymouth—Plymouth Mail.

LAST WORDS OF TWO MEN

"The greatest conflict is over; all is done."

To live is Christ, but to die is gain."

"I must die—abandoned of God and men."

The way you die depends on how you live. Our aim is not to teach you how to die but how to so live that death and the hereafter will have no terror for you. If you live right you will die right. A very important feature in right living is faith in God and in self. The subject of the sermon Sunday morning will be

"Our Sycamore Trees"

This is a practical sermon on faith. This subject of the evening sermon will be

"The Man Who Made a Bad Speculation."

There are many more like him. Are you one of them? Come and see.

Good music at both services.

DETROIT MARKET GARDENERS TO TOUR WAYNE COUNTY.

First Annual Trip to Study Methods of Various Growers to be Made July 19th.

Market gardeners in the Detroit area are planning to know first hand how the other fellow is accomplishing his results. Accordingly, a trip has been planned to visit some of the successful growers on Thursday, July 19th. The start will be made at 9 a. m. at Tom Brown's greenhouse on Grand River; basket dinner at State park near Plymouth at noon and more visits in afternoon.

All are invited to make the whole trip or as much of it as is convenient. Many of the growers attended a similar trip at Toledo last year which was very interesting and instructive. It is impossible to describe the things of interest at each particular stop but each one will be worth your time.

This is the schedule:

Thursday, July 20th

9:30 a. m.—Tom Brown's.

9:45 a. m.—Grandy Bros.

10:30 a. m.—Henry Mass.

11:15 a. m.—Levi Clemens.

12:00 p. m.—Basket dinner at State park, Plymouth.

1:15 p. m.—H. S. Shattuck.

2:00 p. m.—W. Birch.

2:45 p. m.—Frank Houk.

3:30 p. m.—House of Correction Farm.

FARMERS' PARADE.

LIVESTOCK PARADE TO FEATURE

Aristocracy of the livestock world, including champions in the horse, cattle, sheep swine, and poultry fields, will pass in review before the thousands of farmers who will gather at the Michigan Agricultural college on July 27 for the sixth annual summer Farmers' Parade.

The livestock parade, a feature of the general meeting program, takes on the form of a short course in judging and selecting high-class animals, specialists discussing the merits of each individual as it is led past the reviewing stand.

Many blue ribbon winners at state and national shows are included in the M. A. C. herds this year, and the Farmers' Day showing will be one of the best ever staged in the state, according to R. H. Hudson, superintendent of the college farm, who is in charge of the parade.

NOVI NEWS.

Sunday, July 8th, Mrs. Oren S. Hulett had the pleasure of celebrating her birthday—we do not know which one, but that does not matter. To assist in the happy event all her children and grandchildren gathered at the old home and made merry. A bountiful dinner was enjoyed and the day was spent only as a happy family can pass a day together. Mrs. Hulett was kindly remembered with numerous gifts and she was "showered" with love and best wishes.

If you enjoy a good musical entertainment and an interesting and entertaining lecture you will not miss the Chautauqua this afternoon and evening. If you have not attended this season you have missed more than you realize.

As an expression of appreciation for the services rendered by the members of the American Legion in connection with the Empire Amusement company's enterprise last week, and to show their interest in the cause to be benefited, the members of the Northville Exchange club at their meeting on Wednesday voted to pay the quota assessed to Lloyd H. Green Post for the establishment and support of the Legion's children's bilet, amounting to approximately \$265.

Northville will be the first community to have met and paid its quota for this very worthy cause.

SIMON PETER'S CEMENT

HIGHWAY TO ETERNITY

"Thou art the Christ, the Son of the Living God" said this impetuous, changeable, quick thinking fisherman of Galilee.

On the rock quality of this confession of faith the church is built. The church is powerful in proportion as they walk on this substantial roadway.

How splendid that folks of the Simon Peter brand—inconsistent—impulsive—cowardly—sometimes—lovable—always—are the type selected as living stones in that building not made with hands.

You people who read these words could do a world of good if you would consent to be used as freely as Simon Peter, the Galilean fisherman.

What a challenge to us all—the life of this man—ordinariness—raised to a place of power—changeableness to a rock—cowardliness to leadership.

Study Simon Peter—anchor to the infinite—expose yourself to the best—be a factor for advancement.

The ninth annual good roads tour
of the Michigan Pikes association, to
have been known as the Champlain's
tour, and scheduled for July
3-23, has been indefinitely postponed.
The tour has been called off, accord-
ing to Captain W. S. Gilbraith, presi-
dent, due to existing conditions.

The chemical analysis of the liquor
taken from Henry Carfield's place by
members of the sheriff's staff was
found to contain no poison and Gar-
field was permitted to come home.
Garfield promised the officers that he
would not permit the sale of liquor
at his place in the future but
whether he keeps his promise or not
remains to be seen. If this den of
iniquity cannot be closed by any
other method it is about time the
people of this community exerted
themselves in an effort to clean out
the place.

Mayo Brothers, and Mrs. Ely and G.
R. Ely left with him at once.

HAZEL NEVISON'S DEATH
CAUSED GREAT SORROW

In the death of Miss Hazel M. Nev-
ison on July 2nd, Northville suffered
a sudden and real bereavement.

Miss Nevison's life has been lived
amongst us, her school days were
passed here and her friends were
numbered by the score.

She was born in Romeo, Michigan
November 15th, 1892, shortly before
the family moved to Northville. She
was graduated from the Northville
high school in the class of 1909.

Her death last week was a shock
and the sadness of it spread a pall
of mourning and dismay over all.
Few young people of the community
have been more loved and admired
for her gentleness and absolute un-
selfishness, together with a sincere
desire to please and to do for others,
endearing her to her many friends and
associates.

Her explicit faith that "at even-
tide there shall be light" when "sor-
row and sighing shall be no more"
was a constant solace through a long
brave struggle against ill health that
she might live to accomplish the
many things that seemed to her worth
while.

The consolation of this assurance
is with those to whom she was most
dear and is shared by all who knew
her.

\$1,500--"Father Was Right"

That is just what you will say in less than one
year from this date.

I am selling five acre LITTLE FARMS for
\$1,500 on time. I again repeat, that in less than
one year these same farms or others no better
will be selling for \$2,500 in this section on the
Northville-Nowi road.

There are only three of these little farms left,
so after all are sold prepare to pay the resale
prices.

I am, right now, negotiating with the Hannan
Realty Co. of Detroit, for sale of the 40 acres
near these little farms and you know what that
means when they begin to subdivide.

Believe me, you will pay more for a lot than
you pay me for an acre.

Get busy--will furnish correct information.

BALLOONIST FOUND DEAD IN LAKE ERIE

AERONAUT LASHED TO BASKET
RECOVERED BY FISHING TUG—
OTHER NOT LOCATED.

TRAGEDY END OF BALLOON RACE

Two Army Lieutenants Believed to
Have Cut Basket Free to
Save Seives.

Port Stanley, Ont.—Clad only in underwear, the body of Lieutenant Louis J. Roth was found by a fishing tug in Lake Erie 14 miles south of here, lashed to the basket of the naval balloon A-6689, wrecked Thursday night in a terrific storm.

No trace of the body of Lieutenant T. B. Null, Lieutenant Roth's aid, has yet been found, but the discovery of Lieutenant Roth's body is conceded by searchers a certain indication that Null also perished.

With a naval life preserver about his waist and stripped to his union suit, Lieutenant Roth's body was found tied by balloon rope to the almost submerged basket which, it is believed, was cut loose from the bag.

The discovery was made by Captain George Wilson of the fishing tug Onajag. The body was removed here to await instructions from the bureau of aeronautics, U. S. Navy, at Washington, D. C.

Identification was rendered positive by a ring carrying a red jewel setting which was upon the left hand of the dead man, and by the initials L. J. R. etched upon the underwear.

The Onajag was not among the fleet of boats searching for the body, but was en route to fishing grounds when the body and balloon basket were found. The search previously had been centered upon the district about 25 miles southwest of here in the vicinity of which the wrecked balloon was found Saturday morning.

Indications are that the men cut loose from the bag when it struck the water, and relied upon the buoyancy of the basket and their life preservers to keep them afloat until rescuers arrived.

The huge storm waves for which the shallow Lake Erie is notorious, are believed to have turned the basket over and over and to have slowly drowned the man lashed to its side.

TURK VICTORY SEEN IN PARLEY

Western Powers Agree To Cut Debt
Out of Treaty.

Lausanne—An accord has been reached between the Turks and Western Powers, and peace probably will be signed this week.

This the Near East Peace Conference, in continuous session more than three months, has had a successful outcome. For a considerable period the settlement hung in the balance on the question of the Ottoman debt, concessions, and the evacuation of Constantinople and other Turkish territory by foreign troops.

Both sides were forced to give way in a measure at the end. As to the Ottoman debt, the Powers agreed with the Turks that all reference to the debt should be removed from the treaty.

This is a great victory for the Turks, because it means they do not go on official record as confirming the obligations of the debt.

The Powers, however, will make a declaration before the conference that the debt contracts can not be modified except by mutual agreement between Turkey and the bondholders.

VOLSTEAD CURB RULED INVALID

Physicians Not Limited in Prescribing Liquor for Patients.

Helena, Mont.—Congress, having conferred upon physicians the discretionary right of prescribing liquor, cannot regulate the amount a physician may prescribe, the United States federal district judge for Montana held in substance in a decision.

With reference to the maximum amount of liquor which the prohibition enforcement law states may be prescribed to any one patient, Judge Bourquin declared portions of the law unconstitutional, for the reason that patients are not alike and diseases dissimilar, the dosage cannot be fixed arbitrarily.

The court decision holds as invalid and unconstitutional those portions of the Volstead act which limit the number of whisky prescriptions a physician may write and the quantity of whisky which he may prescribe for any one person in a given period.

Finds Old Silver Dollar.

Millersburg, O.—A United States silver dollar, bearing the date of 1795, of which series only a small number were minted, has been found in the possession of Napoleon Kelfter, aged 82, here. A guardian was appointed for the old man, who lives alone, and the coin was found in a jar which contained several thousand dollars, which he had secreted. Kelfter's father was one of the early settlers of Holmes county and earned the dollar cutting grain.

STEEL CHIEFS TO END 12-HOUR DAY

ANNOUNCEMENT MADE BY HARDING IN TACOMA, WASH.
—SPEECH BEFORE SAILING

IMPORTANT INDUSTRIAL STEP

Gary, Schwab and Other Manufacturers Promise To Make Change as Labor Supply Increases.

Tacoma, Wash.—President Harding announced here that he had received a promise from Judge E. H. Gary, chairman of the United States Steel corporation, Charles M. Schwab, and a dozen other big steel manufacturers that the 12-hour day in the steel industry would be abolished as soon as there was a surplus of labor.

The president made the announcement during his speech in Tacoma stadium just before sailing for Alaska. He also made public at the same time copies of letters passed between himself and Judge Gary.

"It is very gratifying," said the president, "to be able to announce progress."

"I have received a joint communication from a large majority of steel manufacturers of America in which they have undertaken to abolish the 12-hour day in the American steel industry at the earliest moment that the additional labor shall be available."

"I wish to congratulate the steel industry on this important step. It will heal a sore in American industrial life which has been the cause of infinite bitterness and strength for over a generation."

"It is an example that I trust the few other continuous processes in industry which still maintain the 12-hour day may rapidly follow."

U. S. INSURANCE ON CROPS SEEN

Plan Will Guarantee Farmer Against Damage Sustained.

Washington—General crop insurance is feasible and is urgently needed for the protection of American agriculture, in the opinion of officials of the department of agriculture, who have been making a study of the subject.

In view of the progress made by insurance in other fields, these officials say, it is hard to believe that adequate crop insurance facilities will long remain undeveloped.

The government's agricultural experts have been preparing data for the senate committee appointed in the last session of congress, to investigate and report on the practicability of extending the scope of crop insurance.

Crop insurance, the government's agricultural officials believe, should cover actual damage sustained, but not theoretical losses resulting from failure to reap expected profits.

What the farmer really needs is not an insurance contract, which will guarantee him profits when nature fails him, they contend, but one guaranteeing protection against crop damage so severe as to endanger his financial safety.

WHIPPING BOSS FOUND GUILTY

Convicted of Slaying Prisoner in
Convict Camp.

Lake City, Fla.—Thomas Walter Walter Higginbotham, was found guilty of murder of Martin Tabert, of North Dakota, in the second degree by a jury here. The verdict carries a sentence of 20 years. The jury was out one hour and 20 minutes.

The former whipping boss was accused of having caused the death of Tabert as the result of a beating administered while the North Dakotan was serving a term in the Putnam Lumber Co. convict leased camp.

During the trial the state charged Higginbotham with having whipped Tabert so severely that it brought about traumatic pneumonia, which resulted in death four days later.

ATTEMPT TO CROSS U.S. FAILS

Flier Compelled to Land When His
Engine Goes "Dead."

St. Joseph, Mo.—Lieut. R. L. Maughan, attempting a coast to coast daylight flight, was forced down at 12:03 p. m., central time, at Avenue City, 10 miles northeast of here last Monday, when his engine "went dead." In the descent the machine's landing gear was broken.

The aviator was not injured, but his aeroplane was so badly damaged that Maughan said he would be unable to continue his flight.

Maughan said he would make another start from New York in a week or ten days. Maughan covered approximately 1,130 miles of his purposed 2,640-mile flight.

MADE IN NORTHVILLE EXHIBIT ATTRACTED MANY VISITORS.

The rain of last Friday and Saturday interfered with the exhibit of Northville products made in connection with the observance of made in Northville week, and in consequence the "show" was somewhat broken up during those two days. The display opened Monday night and during the following three days a large number of people visited the big tent and viewed with a good deal of pleasure the products of Northville's factories and enterprises. Many were agreeably surprised as The Record suggested they would be at the extent of the articles made in this village and all were enthusiastic over the display.

As one entered the big tent there was located on the right a very wonderful plaster place of the Detroit Tuberculosis Sanatorium grounds and buildings, showing in miniature and in detail all the buildings in the sanatorium groups, together with trees, drives, and woodlands. The place was made by the past care of the institution and it was really a work of art. In addition to this there were shown eggs and many baskets was done at the institution and the quality of the article shown was of a very high order.

Passing on the next display was a very handsome booth in which were shown the products of the Northville Chemical Co., which were arranged in a most attractive and artistic manner. The display embraced all the various lines made by this well known company and many were heard to remark that they did not realize that Northville possessed an enterprise of this kind. Messrs. E. C. and Conrad Langfield worked faithfully in arranging their exhibit and they are to be commended for the enterprise shown.

The C. R. Ely Coal & Ice Co. had an attractive display in a booth very uniquely arranged with trees trimmed with cotton to imitate snow and a cake of ice formed the center of the picture. In the center of the ice was frozen a fly and the display received many compliments.

The American Bell & Foundry Co. displayed three sets of the well known furnaces—the Bell and Harmon—and they were carefully inspected by those who were interested in the heating question. These furnaces have enjoyed a good reputation for real service for many years and many of them are in use in this section and in every home where they have been installed they have given universal satisfaction.

W. F. Cole & Son, Howard, made a very attractive display of fish and frog spears and Ford valve lifters. Very few people knew that these articles were being made in Northville.

The Northville Milling & Lumber Co. made an attractive display of the products of the Northville mills, showing several grades of flour, granary corn meal, pyramidal flour, etc., all exhibited in attractive sacks and the manner in which the display was arranged made it one of the popular exhibits in the tent. The products of the Northville mills are all of superior quality and they have good the test of years of use by the people of the community.

W. H. Elliott & Son had a very attractive display of baked goods in cases and their special brands of coffee, both in the green berry and in the roasted. Messrs. Elliott have met with wonderful success during the past three years and their good fortune can be largely attributed to the fact that they aim to offer their patrons only the best brands of goods to be obtained. Their coffee business has grown by leaps and bounds and they are blending and roasting a large amount of coffee every week.

Mrs. James F. and C. Moffitt had a wonderful display of artificial flowers consisting of roses and sweet peas and their exhibit was a revelation to all visitors.

Mrs. Floyd Shafer also made a most attractive display of flowers, showing a number of baskets of roses. Many people had known that Mrs. Shafer did this kind of work, but very few realized that she could so nearly imitate the real article. So natural did the roses appear that one almost found themselves trying to "smell" their fragrance.

Secord & Gerbstadt made a display of the products of their bakery in an attractive case—one such as they use in their store to display their stock each day. This store is doing a good business and the products of its oven are fast winning public favor.

James Wood made an exhibition of stuffed birds and a large collection of eggs, all properly labeled and named. The specimens of birds shown would indicate that Mr. Wood understood his business.

The Record made an attractive display of printed samples of work done at this office and we feel very confident that the exhibit would measure up pretty well with any country newspaper office in the state. In the exhibit there were two volumes of newspaper files—1900 and 1903—and they were perused with a good deal of interest by many visitors.

The Superior Churn & Manufacturing Co. made an extensive display of their products, showing an electric churn, washing machine, root-cutter, sanitary toilet seat and a mail box. Every one visiting the tent stopped to look at the display over and many were heard to say "Well, I did not know these things were made in Northville." The articles shown, taken from regular stock, indicated the kind of workmanship the company puts upon its products and they aroused a great deal of interest.

The Deep Springs Water Co. had an exhibit of Northville water in bottles and they also exhibited Deep Springs ginger ale and Mr. and Mrs. W. D. Stark were kept pretty busy serving the public with the cold and sparkling beverage. Northville water is used in the manufacture of the ginger ale and a very choice beverage is produced.

Nearly every one in this community and many of the visitors were familiar with the fact that the Globe Furniture Company made chairs, but they did not realize that they also made tables, auto springs and cushions, folding chairs, and overstuffed furniture. Among the articles shown was a baptismal font in walnut, and the workmanship upon that piece caused many to stop and make a critical inspection, with the expression it was wonderful, and so it was. But that particular piece, so far as workmanship is concerned is but a sample of the kind of work that the Globe company has been doing for years. The display of overstuffed furniture, consisting of two chairs and a couch, was made in Schrader Brothers' window and attracted a great deal of attention during the week.

The Simpson Scale & Electric Co. had an exhibit that attracted a great deal of attention and in which were shown a coffee mill, a food chopper and a combination food chopper and coffee mill, two sets of platform scales and a butcher's scale. The display was greatly admired because of the attractiveness of the articles shown and they clearly demonstrated that the Simpson Scale Co. produced as good scales as can be found in the market.

The exhibit as a whole was a very creditable one in which every citizen of this community might well take pride.
