HAROLD ENSING DIED LAST FRIDAY.

The news of the death of Harold Ensing, which occurred at the Holland city hospital last Friday, was received with universal regret and sorrow by the people of this section. From Northville he was taken to the home of a friend, at Leslie, a few weeks ago, but when he realized he could not get well he asked to be taken to his home in Holland. From the Holland Sentinel of last Saturday we take the following:

"Harold Ensing, World War veteran and former Holland High school athlete, died late Friday afternoon at the Holland hospital. Mr. Ensing has a large number of friends in Holland among the younger set and was very popular here in the days when Cappy Cappon was a star on the Holland High school football team. Ensing was a popular athlete at the local institute. He didn't graduate from Holland High school, however, the family having moved to Owosso while young Ensing was in school. He finished his course in that city, receiving his diploma from the Owosso High school."

During the war he enlisted in the tank service of the American army. He was the only one from Holland in the tank corps. He went through strenuous training for this difficult and hazardous service but the war ended before he had an opportunity to put his training into practice. He was connected with the Pennsylvania troops of the tank corps.

Later Mr. Ensing went to the Ypsilanti State Normal college of which he is a graduate. During the past year he has been serving as a coach of the Northville High school."

Mr. Ensing is survived by his mother, Mrs. J. Ensing, and one sister, Mrs. Joe Kramer, both of Holland. Funeral services were held at the Trinity Reformed church Monday afternoon at two o'clock, Rev. C. F. Dame officiating. A military escort attended the services and accompanied the remains to the cemetery where full military honors were paid.

Mr. Ensing has many friends in Northville who will extend to the dear mother their heartfelt sympathy in her great sorrow.

HARRY H. GERMAN, JR., SHUTS OUT DETROIT TEAM 8-0.

Many spectators witnessed a very good game last Sunday when the Center Line base ball team shut out the Detroit Automatic team on their grounds to a tune of 8 to 0. Center Line being the first team to defeat this Detroit team this year. The Detroit team showed good base ball playing up to the sixth inning when they held the home boys to two runs. The Center Line hitters began to get warmed up just at that time and in the next three innings six runners crossed home plate, each meaning a run. While John Jawaski was catching a first-class game behind the bat Harry H. German, Jr., the new Center Line twirler, was on the mound mowing them down. German pitched a perfect game up to the eighth inning when the Detroit team made their first and last hit of the game. The Center Line twirler ending up with 17 strike-outs to his credit, and put great interest into the Center Line base ball fans.

Center Line has a reorganized club and is showing some speed.

FORESTERS INSTALL OFFICERS.

At a meeting of Court Northville, Foresters of America, held last Friday night, the following officers were installed for the ensuing year:

Chief Ranger—W. H. Safford.
Sub Chief Raiger—Guy Martin.
Fin. Secy.—William Lay.
Rec Secy.—Harvey White.
Sr. Warden—A. Stilwell.
Jr. Warden—Perry Austin.
Sr. Beadle—Thomas Higgins.
Jr. Beadle—H. VanValkenburgh.
Lecturer—Lester D. Stage, Sr.
D. G. C. R.—Charles Crase.

The Foresters are already beginning to talk plans for the state convention of the order to be held here in 1925, because the event will mean a great deal to the community. It is not often that a town the size of Northville is able to secure a state meeting of a great society, and for that reason the officers and members of Court Northville desire to begin planning early so their visitors will not regret their coming.

Mrs. L. L. Brooks is enjoying a visit from Mrs. A. J. Shutt and daughter, Mr. and Mrs. Edey and daughter, Barbara Bell of Glencoe, Ill., who arrived in Northville Tuesday to spend a week. Mesdames, Shutt and Brooks are sisters.

EAST LAWN SANATORIUM DEDICATED.

The dedicatory services held at East Lawn Sanatorium on Sunday afternoon were most impressive and were attended by a good sized crowd composed of Detroit and Northville people. Members of the Fort Street Congregational church motored to Northville after the morning services and enjoyed a picnic dinner beneath the broad spreading trees near the sanatorium. The services were held in the open air, seats having been provided to accommodate all who were present. Dr. Eli J. Forsythe, pastor of the Fort street church, had charge of the exercises and he was assisted by Rev. W. T. Jaquess and Rev. William Richards. Dr. Jaquess offered the opening prayer and Mr. Richards extended greetings on behalf of the people of this community. The church choir rendered an anthem and Harold B. Parkins and Miss Helen Strong each contributed solo numbers to the musical part of the program.

Dr. Forsythe stated in his remarks that a service of this character was both unique and unusual because men often neglect to ask God's blessing and benediction upon their undertakings. He spoke with deep feeling as he told of the work that it was proposed to do at this institution and praised Dr. and Mrs. Wickham highly for their devotion to those high principles of life so greatly needed in the world today. He admonished his hearers to so shape their lives that they too might render a service to humanity in the every day cares and duties they are called upon to perform.

Dr. Wickham was called upon and told briefly of his hopes and ambitions and of the years he had spent in planning for just such an institution as he had established here. He related how he had looked about for a suitable place for the institution and how he was directed to Northville and to Broadview, the W. E. Scott home. During his remarks he paid a fine compliment to Mr. Scott for the great care and effort he had taken to make the place beautiful. Mr. Wickham assured all that he desired their co-operation and support in his efforts to establish here an institution where people might find rest and health.

The exercises were closed by the company singing an old familiar hymn and the dedicatory prayer by Dr. Forsythe.

THE SPIRIT OF '76—NORTHVILLE 3: WINDSOR 1.

The contest Sunday afternoon between the Northville Foresters and the Windsor Reds proved to be a very interesting game of ball. The score stood one to nothing in favor of the Canadian boys up to the eighth inning. The last half of the eighth our local players got in a few extra hits and were able to score three runs while the opponents from across the river were unable to do more than they had done. Jascha for Northville, pitched a tight-up game and was never in danger. He also had good support but Northville was not capable of getting the usual number of runs owing to the good pitching of the Canadian twirler. The game was free from errors on either side and the spectators were well satisfied from first to last.

CHAUTAUQUA COMMITTEE LOST HEAVILY.

Northville's Community Chautauqua closed last Friday afternoon, after three enjoyable days and nights. Northville has had ten seasons of chautauqua and but a very few years the local committee has had to "dig down" to shake up the amount of the guarantee.

On Thursday afternoon the Thrasher Sisters very kindly consented to go to the Sanitorium and give a concert for the patients and on Friday afternoon the Medley Masters gave a concert to the children at the children's unit.

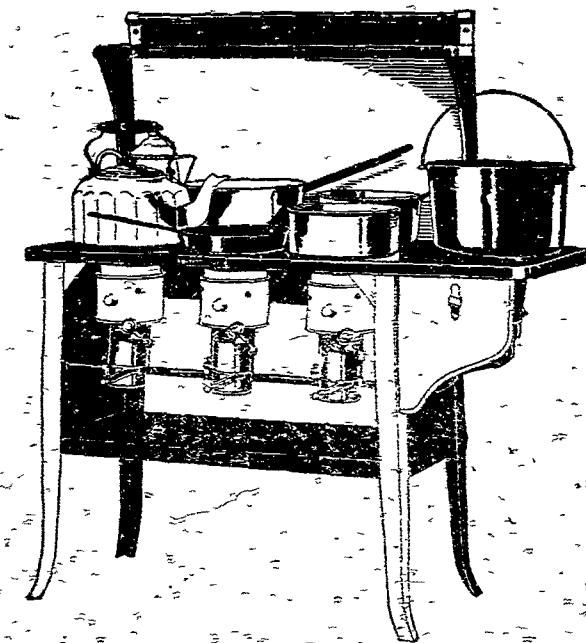

WILL OBSERVE PLYMOUTH DAY.

The Plymouth Chamber of Commerce has accepted an invitation to attend the coming Northville-Wayne County Fair on Thursday of fair week. Last year hundreds of Plymouthites attended the fair on Plymouth Day, and a monster parade was one of the big features of the day. Plymouth Mail.

Fair visitors will remember with a great deal of pleasure the splendid demonstration Plymouth people made on Plymouth Day last year and they will be warmly welcomed again at the forthcoming fair.

George Farmer has been appointed postmaster at Redford.

Novi News.

Mrs. Groner of Northville spent last week with Novi friends.

Bernice and Cecile Walter spent last week among friends at Mason.

Rev. and Mrs. Osborn are now nicely settled in the new Baptist parsonage.

Mrs. Lester Woodruff, who was taken suddenly very ill last Thursday, is able to sit up.

Dr. A. T. Holcomb is having some repairs and improvements on his house—a new office, etc.

Mrs. Lizzie Coates is having some improvements made on her home in the village preparatory to taking possession soon.

Mrs. and Mrs. Ed Kocher, Mr. and Mrs. Clark of Plymouth; Mr. and Mrs. Mrs. Jack Tufford and Miss Mae Ellis of Detroit, spent last Sunday with Mr. and Mrs. L. E. Coates.

Sister Helena of St. Joseph's convent of Toronto, Canada, is visiting SUNDAY at the home of Delos Leavenworth and friends for two weeks.

A large number of ladies of the Mission band attended the meeting at the pleasant home of Mr. and Mrs. Chapman last Thursday and all were given a number of good refreshments. Refreshments were served on the beautiful shady lawn under the trees with the new apparatus.

Mr. and Mrs. A. J. Holmes and son, Carl, of Richmond and Mrs. Leura Richardson of Vicksburg spent last week visiting old friends and neighbors in this community.

Mr. Holmes is a brother of E. C. Holmes and Mrs. Frances Dandison. They left for their homes Friday.

The work of grading and laying of cement has begun on Grand River through Novi, and the road east will be closed, necessitating a detour. When the road is completed Novi will be proud to be in line with other places. A great improvement has been made by widening the road south on Northville Drive from Novi village. Do not forget—Novi is on the map now.

Rev. and Mrs. F. L. Osborn of the Baptist church will take a three weeks' vacation beginning one week from next Sunday. They expect to attend the State B. Y. P. U. convention and Baptist Summer Assembly held at Kalamazoo and then visit relatives in and around Albion. Sunday morning the pastor will speak on "The Greatness of God's Love." The Saturday school will meet as usual. The church and congregation, as many as desire, will move to Northville in the afternoon where baptismal services will be held in the Baptist church at 3:30 o'clock.

(Last week's letter) Miss Mary Munro has a riding pony.

Mr. and Mrs. Ray Hard of Farmington spent the Fourth at the Beckwith home.

Mrs. Nehie Beckwith of Clio's visiting at the home of her brother-in-law, E. Beckwith.

Mr. and Mrs. F. E. Clark, Mrs. Jessie Clark and Miss Camilla Riesner were Pontiac callers Monday.

Mrs. C. D. Geer of Plymouth is

Phone 92. NORTHLAKE.

A 25 YEAR GUARANTEE

To most women it may seem of little consequence that the EASY Electric Washer has a copper tub, the bottom of which is made of 24-ounce copper and the body of 22-ounce copper. Yet it is because of this superior type of construction that the Easy's copper tub carries a guarantee of 25 years.

Attention is called to this point, of course, merely as an illustration of the fact that, in every detail of its construction, the EASY is built to give a lifetime of service.

We invite comparison of the EASY with any other electric washer on the market. From the standpoint of durability as well as efficiency we sincerely believe it has no equal.

**DETROIT GIRL DROWNS IN WALLED LAKE.**

Miss Helen Abbott, 17-year-old daughter of Mr. and Mrs. Stockton E. Abbott, 466 West Forest avenue, Detroit, and summer residents at that place, was drowned off the south shore of Walled Lake Friday afternoon.

Miss Abbott, who was regarded as an excellent swimmer, was giving diving instructions to a girl friend Alvina Cashmer, when she complained of a pain in her heart. She rested in a row-boat a short time and then resumed diving. Suddenly she cried out that her heart was hurting her again and appealed for help. Miss Cashmer grasped her hand but was unable to get the stricken girl into the boat. With a final scream, Miss Abbott released her grip and went down.

The body was quickly recovered and three doctors worked two hours in a vain effort to resuscitate her.

It is believed that her heart trouble, by her long time in the water before the final dive, contributed to her death by drowning. The body of the unfortunate girl

was brought to Schrader Brothers' funeral chapel and prepared for burial. The remains were taken to Detroit Saturday morning.

FORD IS STILL BEHIND ORDERS.

A total of 1,050,185 automotive products were built by the various divisions of the Ford Motor company during the first six months of the present year, according to figures just compiled.

The output for the half year was

Ford cars and trucks, domestic, and foreign, 941,245; Canada, 46,871; Fordson tractors, 53,557; and Lincoln cars, 3,512.

A new monthly record for production was established by the domestic assembly plants in June with a total of 175,040 Ford cars and trucks exceeding the output of May by nearly 5,000.

New production marks have been set up almost daily since January,

but there hasn't been a time when manufacture even approximated the demand.

With production increasing in an endeavor to meet the demand, it is

expected that the company will finish the year with a total of approximately 1,800,000 Ford cars and trucks for domestic use alone.

This is the opinion expressed by officials in view of the present prosperous conditions, the increasing number of orders and the outlook for even better times prevailing during the coming months.

In bringing up production efforts all along have been devoted to building better.

"THE GOLD DIGGERS" AT THE GARRICK.

"The Gold Diggers," the brilliant Avery Hopwood comedy, produced originally by David Belasco, will be the offering of the Bonstelle company at the Garrick next week.

It is supposed to deal with the lives of chorus girls on end-of-stage,

their ideas of life and their good and bad faults. As a matter of fact and under present-day conditions, it might concern any group of girls angling for ease and comfort, and perhaps a husband. The scene is laid in Jerry Lazar's apartment in New York City and relates the activi-

ties of a group of chorus favorites, when they get up in the morning, when they stay up till morning, and the morning after.

Jerry is an experienced member of a Broadway musical hit with a big personal following, and has taken under her wing Violet Dayne, an amateur in the ranks. Violet is the timid type and one of the young men falls madly in love with her, and is threatened with disinheritance by his uncle, Stephen Lee, who finally meets Jerry, believing her to be his niece to be.

Jerry tries to discourage the attentions of Stephen, even assuming impersonation, and is dumbfounded when Stephen confesses that he loves her and does not believe all the mac-tals he has heard regarding chorus girls. Jerry then confesses as to her identity, and meanwhile the affair of Violet and Stephen's nephew has been moving along nicely.

There are several romances in "The Gold Diggers," but it is Hopwood's "mirroring" of life, his brilliant dialogue and clever situations that make of it one of the most fascinating stories he has yet written for the stage.

BIG SPECIAL OFFER! ONLY

\$ 150

**PER WEEK
AND YOU GET
*this famous***

**ABC
ELECTRIC WASHER**

Only \$115 FULL AND COMPLETE CASH PRICE

Special Features of the ABC Oscillator Washing Machines

RECORD LINERS—THE BEST RESULT GETTERS.

STATE NEWS IN BRIEF

Muskegon—Derk J. Butt, 84 years old, who has lived here 36 years, died here last week. He was born in the Netherlands.

Traverse City—The northern Michigan cannery factories are handling the first pickings of the cherry crop. Only a few cherries are coming in yet, but the season is not fairly under way.

Bay City—Miss Blanche M. West, of Port Huron, will be Michigan's woman member of the associate national committee under the plan recently established by Republican party leaders.

Ionia—Only nine votes were cast at the school district election here last week although the district has a budget of \$140,000 and a building fund of \$276,000. A school janitor, two board members and six members of the election board voted.

Watervliet—The silver fox industry of southwestern Michigan is to be increased this summer by the establishment of a 25-acre farm in Watervliet township. The proprietors have purchased 10 pairs of zones for delivery in October. The farm will be laid out for 50 pens.

Petoskey—The tourist season in upper Michigan is fast getting into swing. The car ferry at Mackinaw City is carrying an average of 150 cars a day across the straits to the Upper Peninsula, and it is estimated that the number will exceed 15,000 this season. Last year the total was 9,000.

Kalamazoo—William Mears, of this city, a veteran of the twenty-fifth Michigan volunteer infantry, returned from Pebble Bend, Ky., where 60 years ago he participated in one of the fiercest battles of the Civil War, and where last week he met Mrs. Laura Sublett, whom, when she was a girl nine years old, he saved from death during the fighting.

Lansing—A request for the release of part of the Michigan Agricultural college appropriation for immediate use was received by the state administrative board from the state board of agriculture. It asked \$150,000 for a power house, \$50,000 for the purchase of farm land and \$35,000 for greenhouses. The request was referred to committee.

Lansing—State engineers have begun searching for thousands of dollars worth of road machinery that in the last two or three years has been rented out to road contractors by the highway department. While much of the machinery has been turned back to the states there is a vast amount of it that cannot be located, according to the check of state road property made at the Charlotte supply station.

Ypsilanti—John Carlson, 54 years old, and William Carlson, 58 years old, were killed instantly here, when hit by a fast passenger train running west. The two men were on their way to go fishing together with a nephew, Roy Hubbard, walking west on the Michigan Central tracks. They noticed a freight train coming east and failed to hear the fast train running west on the tracks on which they were walking.

Albion—Max Luedemann, 45 years old, a section man, was killed almost instantly when he came in contact with the third rail on the Michigan railway line near the Bath mills crossing, three miles east of this city. Luedemann was engaged in putting in a new tie and is thought to have touched his shovel to the rail. His body then fell over the other two rails and 500-volts of electricity passed through his body.

Marquette—Three employees of the Marquette County Road commission were drowned, one and one-half miles west of Champion, when the truck in which they were riding, crashed through a fence and turning over in a pond of water four feet in depth. The driver lost control of the truck when a mouse jumped upon the shoulder of one of the men in the front seat who, frightened, jolted the driver, causing him to let go of the wheel.

Lansing—John Baird, director of conservation, has asked the state administrative board for permission to improve the state fish hatcheries by providing ponds suitable for raising spawn. The plan back of the request is that the state may develop Michigan spawn and plant the lakes and streams with home grown fish. At present most of the spawn used by the conservation department is purchased from eastern markets. The request is being considered by an administrative board committee.

Rockland—The unemployment situation, made serious in Rockland by the closing of the copper mines, has been alleviated to a large extent this year by the highway work being done on the Bruce Crossing road and by the big program of repair work on the railroads in this part of Ontonagon county. There also is much concrete work to be done on the culverts and drainage ditches where the highway dips into the deep valley of the Ontonagon river. The new bridge across the river also affords employment to many.

WILL ASK FOR MORE FUNDS FOR HIGHWAYS.

The Wayne County Road Commission is about to ask the board of supervisors to increase the road tax from one-half mill to a mill. The increased money would be used for widening existing road pavements.

The tremendous increase of traffic yearly makes it imperative that a wider roadway be built hereafter and that those already built be widened as fast as practicable.

Another thing that the board is doing, and which meets with much favor from drivers is the building of curbs alongside the paved roads. Such curbs have been built on a portion of a widened road running north from Michigan avenue at Canton Center and the Plymouth road extension from the Greenfield-Redford Town Line through to Grand River being so treated.

The Commission seems to be awake to the growing needs of this community and are endeavoring to build the proper kind and width of pavement to care for the immense traffic that daily traverses the paved roads of the county—Redford Record.

RECORD LINERS PAY TRY ONE.

Record Liners Cost But little.

NOTICE TO DESTROY NOXIOUS WEEDS.

To all Owners, Possessors or Occupiers of Lands, or to any person or persons, firm or corporation, having charge of any lands in this state. Notice is hereby given that all Noxious Weeds growing on any lands anywhere within the Township of Northville, Wayne County, state of Michigan, or within the limits of any highway passing by or through such lands, must be cut down and destroyed on or before the 27th day of July, A.D. 1923.

Failure to comply with this notice on or before the date mentioned or within ten days thereafter shall make the parties so failing liable for the costs of cutting and destroying such weeds to be levied and collected against the property in the same manner as other taxes are levied and collected, and shall be levied upon the land until paid in full.

If any owner, possessor or occupier of land, or any person or persons, firm or corporation having charge of lands in this state shall knowingly suffer any Canada thistle, milkweed, wild carrots or other noxious weeds to grow thereon, or shall suffer the seeds to ripen, so as to cause or endanger the spread thereof, he or they shall, on conviction in any court of competent jurisdiction be liable to a fine of ten dollars, together with costs of prosecution, for every such offense, and he or they shall pay the cost of cutting and destroying such weeds.

Dated, this 9th day of July, 1923.
JOSEPH MONTGOMERY,
Commissioner of Highways of the Township of Northville, Wayne County, Michigan.

I'll Never Milk by Hand Again

Fred Steben Dairies
Two Men's Work
with The Blue Ribbon
Electric Milker

That's what Fred Steben said after he had milked his cows the first time with The Blue Ribbon Electric Milker. Fred said the same thing again after he had been using the Blue Ribbon in six months. Little wonder that he should be so enthusiastic about it! He has saved the cost of one hired hand.

You know how it works out you have to keep an extra man to help milk and if you could milk all alone you could easily get along without that man. Just do your own figuring. How long will it take for that hired man's wages to pay for a Blue Ribbon Electric Milker? Not long, because the milker complete is very low priced.

Scientists have marveled at the mechanical perfection and accuracy. Machinery experts have marveled at the simplicity. You will marvel at the money saved by this electric milker.

You can milk your cows tonight with The Blue Ribbon Electric Milker.

There is no delay in putting the milker to work. The minute it arrives at your farm it is ready to start milking. Just plug the connection into any light socket and stand by and watch electricity do the milking. Just ask for a demonstration, and when you see for yourself, you'll say the same thing that Fred Steben said, "I'll never milk by hand again."

Mrs. W. R. Buzzell and Miss Edna are spending some time in Detroit.

Mrs. A. E. Rockwell of Detroit has been visiting Northville relatives.

Dr. M. A. Patterson has purchased the F. D. Adams residence, corner Wing and Main streets.

Peter Welch of New York city is visiting his uncle, Joseph Welch.

Mrs. Fred Ginn, who has been seriously ill, is somewhat better.

Miss Mary Sterling of Redlands, Calif., is visiting at R. H. Purdy's.

Mrs. Blair of Pontiac was a recent guest of her sister, Mrs. Alice Whitaker.

John Moore of Washington state was calling on old friends here last week.

James Stinson, telephone operator, has been seriously ill with appendicitis this week.

Misses Mable and Genevieve Clark left Thursday for a visit at Clarkson, Mich., and Toledo, Ohio.

Miss Kilbourne has been engaged as principal of the Wyandotte city schools for the coming year.

Edie Johnson is exhibiting an alligator's egg which Frank L. is sent him this week from Tampa.

Mrs. W. G. Lapham and son, Jared, left this week for Martha's Vineyard, Mass., for an extended outing.

Ernest Roe of Plymouth, well known in Northville, was married to Miss Edith Birch Wednesday evening.

Grant Withers of Chicago is in town on a brief visit. He is taking evangelistic training in the Moody institute.

Died at the home of his son, B. S. Webber, in Norwell, July 2nd, John Webber, aged 68 years. He was a former resident of Northville.

Earl Whitaker returned to Flint with his sister, Mrs. Brigham, for a visit, and will also spend some time with his other cousin, Mrs. Webber, at Lapeer.

F. R. Beal has sold his 100-acre farm opposite D. F. Griswold's place to F. D. Eatherly, president of the Union National Bank of Detroit. Mr. Eatherly will commence the erection of a \$10,000 residence on the site this fall.

Mrs. Frank N. Clark left Tuesday for Omaha to attend the exposition. Mr. Clark, left Wednesday for the same place in charge of the U. S. fish commission car which has a load of the fiery tribe for exhibition at the exposition.

Mrs. Mary Allen, Mrs. John Ambler, Misses May Van, Nina Clark and Grace Lowden left Tuesday for New York state. Mesdames Allen and Ambler will visit relatives there and the Misses Van, Clark, and Lowden will attend a convention.

ST. PAUL'S CHURCH HAS PERMANENT PASTOR.

Last Sunday was a day of rejoicing for the members of St. Paul's Lutheran church, their new pastor, the Rev.

C. E. Eissfeldt being installed in the morning service. Rev. Krahulek, institution missionary of Detroit, preached the installation sermon and performed the installation according to the rites of the Lutheran church, being assisted by the Rev. Peters of Detroit, who during the last year has served the congregation. The church was beautifully decorated with ferns and flowers and the congregation was well represented. Rev. Eissfeldt comes from Fair Haven, Mich., where he has served for the last four years. He was born in Milwaukee, Wis., some 60 years ago and entered the ministry in 1877. The prospects for building up a strong Lutheran congregation in Northville are very encouraging and Rev. Eissfeldt already feels "at home" in our beautiful village. Services will be held alternately in English and German at 10:30 a. m. every Sunday. Rev. Eissfeldt has rented the cottage of Ray Richardson on Dunlap street. Since he is the first local Lutheran pastor the congregation is as yet without a parsonage.

To get the best results use American Lubricants and American Certified quality gasoline. Edw. Sessions, Agent. Phone 223-J. 1w1c

PRESBYTERIAN CHURCH NOTES.

Rev. John T. Charlton of Port Huron will preach both morning and evening next Sunday and it is hoped there will be a good attendance at both services.

Sunday school at the usual hour. Evening service at 7:30.

METHODIST CHURCH NOTES.

It is encouraging to see the interest in our Sunday morning congregations. Of course we can say it's possible for it to be better. Next Sunday morning will take us on the sea coast and on the bosom of the oceans. These meditations with "God out of Doors" will give us inspiring motives. Our sermon will be "This Great and Wide Sea." Time, 10:30. Richard Kilgour will sing the solo. The Sabbath school for all at 12:00, when the date of the 15th looks for picnic will be fixed for August. Our evening service will be at 7:30 with a message for all needs.

BAPTIST CHURCH NOTES.

The picnic is a very important subject in church and Sunday school now. We are going to Cooley and Long Lakes on Wednesday, July 25th. Cars will leave the church at 8:30 a. m. One feature on the program will be a base ball game played in the water. Don't miss the Sunday morning sermon. The subject is "Smoke Screens". Adam raised the first in the Garden of Eden and people everywhere have been raising them ever since. Come and see if you are raising one.

The pulpit furniture is being reupholstered at the Globe Furniture factory and the foundry is japping the registers.

The attendance at both morning and evening services continues to be good and has not yet been made to suffer by the hot weather.

Supt. Turnbull is boosting the Sunday school and his efforts are being rewarded.

EXCHANGE CLUB ENTERTAINED AT MEADOWBROOK.

The members of the Northville Exchange Club were very pleasantly entertained at Meadowbrook Golf club on Monday, 25th, guests of Robert F. Brown. The members gathered at noon and enjoyed a bountiful luncheon which was served at one long table on the screened porch. After the very appetizing repast had been partaken of some business matters pertaining to the club were discussed and then the guests, as many as could remain for the afternoon, enjoyed a round of golf upon the splendid Meadowbrook course.

The luncheon was all that could have been desired and the outing was thoroughly enjoyed. All present were very grateful to Mr. Brown for his generous hospitality.

Died at the home of his son, B. S. Webber, in Norwell, July 2nd, John Webber, aged 68 years. He was a former resident of Northville.

Earl Whitaker returned to Flint with his sister, Mrs. Brigham, for a visit, and will also spend some time with his other cousin, Mrs. Webber, at Lapeer.

F. R. Beal has sold his 100-acre farm opposite D. F. Griswold's place to F. D. Eatherly, president of the Union National Bank of Detroit. Mr. Eatherly will commence the erection of a \$10,000 residence on the site this fall.

Mrs. Frank N. Clark left Tuesday for Omaha to attend the exposition.

Mr. Clark, left Wednesday for the same place in charge of the U. S. fish commission car which has a load of the fiery tribe for exhibition at the exposition.

Mrs. Mary Allen, Mrs. John Ambler, Misses May Van, Nina Clark and Grace Lowden left Tuesday for New York state. Mesdames Allen and Ambler will visit relatives there and the Misses Van, Clark, and Lowden will attend a convention.

ST. PAUL'S CHURCH HAS PERMANENT PASTOR.

Last Sunday was a day of rejoicing for the members of St. Paul's Lutheran church, their new pastor, the Rev. C. E. Eissfeldt being installed in the morning service. Rev. Krahulek, institution missionary of Detroit, preached the installation sermon and performed the installation according to the rites of the Lutheran church, being assisted by the Rev. LOCAL

Mrs. Floyd Jackson of Detroit, is spending the week with Mrs. F. S. Neal.

Mr. and Mrs. R. R. Brown are enjoying a visit from Mr. Brown's mother.

Miss Bertha White is spending July with her brother and his family at Torch Lake.

Miss Edna Armstrong of Highland is visiting at the home of Miss Lillian Lyke this week.

Mrs. Flora Larkins and Mr. and Mrs. Roy Larkins were Ann Arbor visitors Monday.

Mr. and Mrs. D. B. Bunn spent Sunday and Monday with the Schraders and Cavells of Mil.

Horton's drug store has a very attractive sign which was placed in position Wednesday.

Milton Hall of Detroit, spent two days this week visiting his mother, Mrs. George Pickell.

The Thompsons and Hinckleys are enjoying an outing at the Thompson cottage at Walled Lake.

Arline Richardson is spending the week in Detroit, with her uncle and aunt, Mr. and Mrs. C. F. Murphy.

The Misses Priestly, Waterman and VanSickle of the local telephone exchange, spent a few days this week at Niagara Falls.

Mrs. Edward Roxburg and baby daughter of Georgia, visited her grandmother, Mrs. Jane Sessions, on Sunday.

Mr. and Mrs. J. A. Helfrich and son, Howard, of Columbiaville were guests of Supt. A. J. Helfrich over the weekend.

Mr. and Mrs. M. N. Johnson and Mr. and Mrs. Lenor Stewart are on a motor trip through New York and other eastern states.

It is reported that Dr. A. Babbitt and C. W. Wilber have purchased 51 acres of land on the north side of the Gus School farm on the Seven Mile road.

Mrs. A. J. Helfrich and daughter, Doris, spent a couple of days last week with Ypsilanti friends. Mr. Helfrich is attending summer school there.

A ball team composed of students attending the summer school at the University of Michigan will meet the Foresters on the home grounds on Sunday afternoon at 3:30.

Mr. and Mrs. N. C. Schrader and children and Dr. and Mrs. E. B. Cavell and children have been spending two weeks at the Northville Lodge at Mil.

All D. U. R. motorists and conductors have been granted an increase of pay amounting to six cents per hour, the increase taking effect as of May 1st last.

Mrs. Frank Hartshorn and Mrs. Agnes W. Shafer left Monday for a week's stay in New York City. Later they will join Mr. Hartshorn at his parents' home in Newburg, N. Y.

The attention of dairymen is called to the announcement of Becker & Becker, distributors for the Blue Ribbon electric milking machines, which appears in today's paper.

Grand circuit races will be held at Devonshire track, Windsor, August 2nd to 8th, the men behind the enterprise being those affiliated with the old Detroit Driving Club for many years.

Mr. and Mrs. W. H. McKerregan, who have been residents of Bay City for many years, where Mr. McKerregan has been engaged in the hardware business, have moved to Waterford, where they own two small farms.

The Northville Foresters will contest at three fair tournaments this fall. They are dated for the Northville, Milford and Howell fairs. Also, have a good chance to cross the Detroit river and stage a game or so at the Leamington big fair.

Miss Louella Riley was taken to Grace hospital in Detroit Monday night where she underwent an operation for appendicitis soon after midnight. Her condition is very favorable now, a fact all will be glad to know.

Mr. and Mrs. H. A. Miller and children of Redford, who were motoring through to the Pacific coast, met

a serious accident on a country road in western Minnesota, which came near costing Mr. Miller his life. Mrs. Miller was only slightly injured and the children escaped injury.

E. H. Gray, head of the United States Steel corporation, has announced that the 12-hour working day will be abolished by the company within six weeks. Everybody will applaud the action of the steel trust in this matter. Now let some one start in motion a movement so that the farmers and their wives can adjust their work to a ten-hour a day and everything will be lovely.

The Record enters upon its 54th year with this issue and "we" feel as spry as a sixteen-year-old. As an editor said when the physician informed him that he had but a few hours to live—the future looks bright, and the paper was never upon a more firm or prosperous foundation than it is today. We have striven to keep the paper and the office equipment abreast of the times and the community it represents and we enter upon the new year with confidence and hope for the future.

A large "flock" of airplanes passed over Northville Monday forenoon.

Mrs. F. D. Murray of Three Rivers is spending the week with her sister, Mrs. Don Ball.

Mr. and Mrs. C. A. Dolpa went to Cleveland, Ohio, Friday night to visit Mr. and Mrs. M. J. Murphy for a few days.

Miss Anna Smith is visiting Mr. and Mrs. James Dubuar at their home in New York state, and she will remain several weeks.

J. W. Lothrop of Farmington, who has large property holdings along Grand River, was married July 15 to Miss Daisy LaFortune of Detroit, the ceremony being performed by Rev. F. A. Osborn of Novi.

Mr. and Mrs. H. H. Thomas, Mr. and Mrs. James Rhoades and baby, Kenk of Ionia, were guests of Mr. and Mrs. Olen Pepper over Saturday night enroute to Detroit and Belle Isle.

Some one forced an entrance to the D. U. R. freight house Monday night and stole some fast auto tires, tobacco and cigars and a quantity of groceries. The thief or thieves left no clue.

Mrs. C. H. Young, Miss Geraldine Young, Bud Young, Frank Perkins and Gordon Crouch attended the funeral of Harold Eising at Holland on Monday afternoon, motoring to that city after midnight Monday morning.

The Oakland County Horticultural society will offer a silver cup in the fruit judging contest to be conducted at the Northville Fair this fall. The society would be pleased to receive a similar cup from some society of individual for vegetable judging also.

On Wednesday afternoon next the members of the Northville Exchange club with members of their families will enjoy a picnic at Walled Lake. They will gather at the Huff cottage any time during the afternoon, and at about five a picnic supper will be enjoyed. All are urged to bring well-filled baskets and to come prepared to have a good time.

Dr. and Mrs. A. B. Wickham are moving into their remodeled home, East View Sanatorium, this week. A number of cottages which have been used by Dr. Wickham in Detroit, have been moved to the grounds and these will be placed in convenient locations. The house has been remodeled and enlarged and presents a most inviting and home-like appearance. It will make an ideal place for rest and to rebuild shattered nerves and weakened bodies.

Saturday, August 4th, at four o'clock is the date set for the Detroit Northville picnic and the affair will be held at the High school gym were is village, where tables and chairs will be procured without a lot of trouble.

Northville citizens are urged to mark this date on their calendars and to plan to attend and join their neighbors in extending a cordial welcome to those former citizens of the village who are now residents of Detroit.

Northville-Detroit Picnic

NORTHVILLE HIGH SCHOOL GYM

Saturday Afternoon, Aug. 4th

at 4:00 o'clock

There are a good many former residents of Northville who are now residing in Detroit. Last year some of these held a reunion here, but the attendance was poor, and it was voted to try again this year.

Northville people are urged to attend this affair and to bring their baskets and enjoy a picnic supper with their old friends and former neighbors. It will take no longer to have supper at the school house than at home if there are those who feel they cannot stay longer than to take supper.

This invitation is meant for every family in Northville and the surrounding country, and it is sincerely hoped that the attendance this year will be large. It will do you good to meet your Detroit friends and your Northville neighbors.

THE VALUE OF MICHIGAN DAIRY FOR 1922 IS \$70,000,000.

T. H. Broughton, director of the Bureau of Dairying of the state department of agriculture, has just completed compiling figures on the milk produced in Michigan in 1922.

His figures show that the total milk produced in Michigan in 1922 was 3,495,627,169 pounds, or an increase of 391,929,079 pounds over the 1921 production. His figures show the amount of milk used for each dairy purpose and indicates that there was an increase in the amount of milk consumed for every purpose except cheese manufacture.

There was a marked increase in the quantity of creamery butter manufactured from Michigan milk although the dairy butter dropped off. There was a marked reduction in the manufacture of brick cream cheese and farm made cheese although an increase in the amount of cottage cheese was reported. An increase of nearly 100% in the amount of milk evaporated in the state is shown from 1921 to 1922. The amount of milk used for direct consumption and that used on the farms for staff and swine feeding was also much larger in 1922 than in 1921.

Michigan is fortunate in being able to obtain these figures so accurately," says Mr. Broughton, who is authority for the statement that Michigan is the only state which has a system whereby they can check up on the milk used for every purpose by every creamery and milk dealer in the state. This is made possible through the state's licensing system which requires total reports from handlers and distributors of dairy products before licenses may be granted.

GROESBECK PLANS 100-FT. HIGHWAY

A 100-foot right of way on trunk line M-16, from Detroit through Lansing to Grand Rapids, with a 40-foot paved roadway is the plan of Governor Groesbeck for that important highway artery. Some paving work will be done on the route this year between New Hudson and Farmington, near Okemos, and perhaps near Portland, and several curves will be taken out, but no project will be undertaken until the state has acquired the desired right of way. The state already has secured the land for the 100-foot right of way over most of the distance between Lansing and Detroit.

Governor Groesbeck believes that it will be acquired for the rest of the route so that during the summer of 1924 the state, with a new state highway building department to do the work, can go ahead and pave long stretches. He believes that by the end of 1924 the entire route from Detroit to Grand Rapids largely will be under concrete.

Many Have Appendicis
Don't Know It.

Much so-called stomach trouble is really chronic appendicitis. This can often be relieved by simple glycerine, buckthorn bark, etc., as mixed in Adlerika. Most medicines act only on lower bowel but Adlerika acts on BOTH upper and lower bowel and removes all gasses and poisons. Bring out matey you never thought was in your system. Excellent for obstinate constipation. C. F. Horner, Druggist, Northville.

GERMANS ACCEPT LUSITANIA LOSS**SHOULDER COMPLETE RESPONSIBILITY BEFORE MIXED CLAIMS BODY****TAKE ALL BLAME FOR DISASTER**

Sinking of the Great Liner Caused United States to Enter World War.

Washington—The German government has admitted to the United States that it accepts full liability for the U-boat sinking of the great liner Lusitania, the incident largely responsible for American entrance into the World War, it has been authoritatively stated here.

Admission of full liability has been made by the German representatives before the mixed claims commission meeting here to adjust all American war claims against the former enemy country.

The German admission carries with it not only the shouldering of ultimate responsibility, but by this act Germany also admits liability for all damage in loss of life, etc., in sending the ship to the bottom of the sea.

The Lusitania case is now directly before the mixed claims commission. When this case was brought up, the German representative arose and admitted the full liability of his government for the sinking.

GOAL BUSINESS PUBLIC AFFAIR

U. S. Warned That Anthracite Mines Are in Need of Supervision.

Washington—That a limited natural monopoly-like anthracite can not continue to be treated as if it were not affected by a public interest is the fundamental conclusion of the United States Coal Commission, under the chairmanship of John Hay Hammond.

As a result of its fact finding inquiry the Commission sets forth in a preliminary report its conviction that coal is quite as much a public necessity as gas, street railway service, or any other service or commodity that has been brought under public regulation.

There should be no secrets from the public in regard to mining costs, profits, salaries, wages of corporate relations. In banks, insurance companies and railroads, the guiding principle is no longer the rule, profit to owners—but maximum service to the public.

The time has certainly come to establish the same rule in the anthracite co. as in the electric co.

The Commission does not recommend abolition of existing property rights; nor government ownership either by purchase at present value or by expropriation.

It believes "the public interest may be adequately safeguarded by the creation of a governmental authority with power to require financial and operating reports, to prescribe uniform methods of cost accounting, and determine the condition on which coal may be shipped in interstate commerce."

FRANCE YIELDS TO ENGLAND

Agrees to German Plan With Reservations—Treaty Secret.

London—France has privately agreed to co-operate in England's reparations plan—provided certain conditions are met—it was reported in diplomatic circles.

France is understood to have promised support of the British note to Germany if it includes:

First—a declaration against passive resistance and sabotage.

Second—provisions that the inquiry into German's affairs be conducted exclusively by the allied powers.

Third—provision that the authority of the reparations commission be maintained.

France is also believed to have suggested that the allied supreme council be reconstituted.

These proposals are said to be at variance with the plan the British cabinet had in mind.

It had been the intention to include all neutral countries in the proposed commission to examine Germany's condition.

The "ultimate British plan" provides for a thorough overhauling of Germany's finances; stabilization of the mark; full guarantees for reparations; an international loan for Germany supported by England and the United States.

Dated, June 16th, 1923.

ERNEST MILLER.

50-1 Commissioner.

Walled Lake Warbles.

The Walled Lake fire department will give a benefit show at the new school building this evening, when Cliff Nichols and his original Clever Knickerbockers of Detroit will present "A Day in Happy Land." R. W. Paquette of Detroit will sing and there will be a special moving picture program. Miss Gertrude Cox is assisting in W. H. Hutton's store.

At the annual school meeting John Campbell was chosen to succeed himself as trustee and John Mitchell was elected to succeed Glen Buffmyer.

W. D. Lake supervisor of Troy township, Oakland county, was killed Saturday night when his coupe collided with the projecting arm of a concrete mixer on the Romeo road.

Wind did considerable damage in this section during Saturday night's storm. Trees were blown down and in some cases highways were blocked by the debris. A garage at the home of A. B. McNichols was completely destroyed.

Mr. and Mrs. Walter Stevenson are parents of a little son, born at Providence hospital, Detroit, on Saturday.

MRS. WALLACE REID SEEKS A ROUSE PUBLIC.

"Why wait for the inevitable moral law which governs all things to take its toll of human life and misery? Are we so stupid that we cannot draw a lesson from that sad experience of past generations?"

These are the questions which Mrs. Wallace Reid puts squarely up to every thinking man and woman in the country, as she starts upon her world campaign against the "narcotic evil" with the issuance of her great picture message, "Human Wreckage," which opened July 15th at Adams theatre, Detroit.

"Plutiful conditions exist. Accounts of them are printed in the daily papers. The majority of the people read these stories and turn away to pleasanter news. But a problem of this size does not permit itself to be slighted. Those who think that, as bystanders, they can watch the struggle from a distance, will some day find that they are directly affected by the conditions if not produced."

"I, myself, was once indifferent to the vital question. Yet I, perhaps more forcibly than anybody in the world, have had the truth brought home to me. Since the crisis in my own life, I have visited the hospitals and talked to thousands of unfortunate. If I could forget them now I would be inhuman indeed."

"With my picture, 'Human Wreckage,' I hope to be of some benefit to other families who are threatened by the scorching, withering breath of the Beast. I hope to carry my convictions to the citizens of this country, eloquently enough to remove the inertia which now surrounds them. I want the people to wake up."

"In the past, evil conditions have brought terrible lessons to the people who have allowed them to exist. It is my hope that nations, lesser can be avoided by prompt action."

FARM BUREAU WILL HAVE ANNUAL PICNIC.

Preliminary plans for the annual picnic of the Oakland County Farm Bureau are now being made. The picnic will be held August 11th, but the place has not been selected. J. W. Coverdale of Chicago, of the National Farm Bureau Federation, will be the speaker of the day.—Pontiac Press.

The Cynic Says.

Two kinds of women are hard to understand. Blondes and brunettes.

COMMISSIONER'S NOTICE.

In the matter of the estate of LUCY J. GERMAN, deceased.

I, the undersigned, having been appointed by the probate court for the county of Wayne, state of Michigan, Commissioner, to receive, examine and adjust all claims and demands of all persons against said deceased, do hereby give notice that the Lapham State Savings Bank, Northville, Mich., in said county, on Wednesday, the 15th day of August, A. D. 1923, and on Monday, the 15th day of October, A. D. 1923, at 11:00 o'clock A. M. of each of said days, for the purpose of examining and allowing said claims, and that four months from June 15th, A. D. 1923, were allowed by said court for creditors to present their claims to me or examination and allowance.

Dated, June 16th, 1923.

ERNEST MILLER.

Commissioner.

HAYING TOOLS.

Only Few Aliens in London. London—Asked offhand as to how many aliens live in London, the majority would answer: "Can't say exactly but it's something tremendous." As a matter of fact it is nothing of the kind. The total working population of London consists of nearly 4,500,000, and if you add half million to the feminine side you get the exact excess of the masculine population over the feminine. Among the 4,500,000 there are little more than 100,000 of alien nationality.

H. S. DOERR
Northville.

**How to Make Money**

We read a lot, nowadays, about how the pig, the cow and the chicken not only make individual farmers, but whole counties, prosperous. There's still another big money maker, as more than 800,000 good farmers know. And that's—

O, YOU BACHELORS! Listen to This and Rejoice!

When you send your laundry to FEDERAL, you can throw away your mending kit, needles and thread, thimbles and buttons. You won't need them any more. We have Repair-Department which

Darn Your Socks
Mends Torn Garments

Replace Lost Buttons
without extra charge

This is just one of the little ways in
which we try to please our customers

FRANCE TO MAKE GERMANY PAY

FRENCH PREMIER IN SPEECH
SHOWS WHAT PARIS WILL
REPLY TO LONDON

WILL CONTINUE TO HOLD RUHR

Treaty's Execution To the Letter and
No Nonsense, Stand Taken

By Poincaré.

Paris, France.—In this little town, the point nearest Paris held by the Germans in their World War dash for the French capital, Premier Poincaré gave what is considered his preliminary answer to Great Britain's reparations attitude enunciated last week in both houses of Parliament.

His real answer, of course, will be in reply to the note that Great Britain will propose as a joint Allied reply to Germany.

France, he asserted, stands unalterably for the complete execution of the peace treaty of Versailles and the full payment by Germany of 132,000,000,000 gold marks, the sum fixed at the London conference.

France, he added, opposes the appointment of an international finance commission to reconsider Germany's debt and suspend the reparations commission.

M. Poincaré said France was through making concessions to Germany. She was tired of temporizing, he said.

The Premier's strongly worded address, carefully refrained from mentioning the speech of Stanley Baldwin, the British Prime Minister, in the House of Commons last week.

M. Poincaré chose for his pronouncement this town where the Germans executed hostages placed civilians in the line of the French fire and burned part of the town in reprisal against alleged civil resistance. The Premier based his conclusions on France's legal rights under the treaty "signed by 28 nations and which can not be considered after four years as an amateur fossil."

M. Poincaré professed to have no hatred and no spirit for revenge for the devastation, the traces of which were visible from where he spoke.

"We should like no longer to talk of devastation or to think of it," he declared.

"We should like to forget even to forgive."

EUROPE IS MAIN U. S. MARKET

Commerce Department So States in
Trade Survey.

Washington.—The six industrial countries of western Europe, Great Britain, Germany, France, the Netherlands, Italy and Belgium, continue to be the predominant market for American agricultural products, despite the general post-war damage done to United States trade in the European market, the department of commerce announced Monday.

Proportionately to their total imports from the United States, these countries are buying more agricultural products from the United States than they did before the war, an analysis of world trade in agricultural products issued by the department showed.

Before the war, the proportion of agricultural products in the total American exports to these countries was 68 per cent. In 1922 the proportion rose to 77 per cent and stood at 72 per cent.

Because of fluctuations in price levels, the department stated, it is impossible to compare the actual quantities of products shipped in recent years with the corresponding trade before the war.

The value of agricultural exports in the last three years, the analysis stated, has been much greater than the average annual value before the war.

STATE EXPENSES HAVE RAISED

Finances Show Boost of Eleven
Million Over Previous 2-year Period.

Lansing.—The state spent \$85,482,782 during the fiscal year of 1922-23, which ended July 1, according to a report completed by Auditor General C. B. Fuller.

In 1921-22 the total expenditures were \$84,428,514, but more than \$23,000,000 of that amount was paid out to ex-service men under the soldier bonus amendment. The actual disbursements, the report shows, exclusive of soldier bonus and petty cash payments, which are in reality charged twice, once to the petty cash account and once to the general fund, were, for state expenses and administration, \$75,071,868 for 1922-23, and \$63,285,907 for 1921-22, an increase of \$11,785,899.

The actual amount of money paid out by the taxpayers, however, it is pointed out, was about \$3,000,000 less. The state tax was about \$17,300,000 in 1922 and was in excess of \$26,000,000 in 1921. The increase in state expenditures was largely due to increased business in the few departments, which expand with the growth of business, and are maintained by the fees collected.

Week's News in Brief

Tornado Kills Two.
Granite, Okla.—Two persons were killed and several injured when a tornado struck this city. Considerable property loss was reported.

Newlyweds Drowned in Lake.
Summit, N. J.—Richard Sexton, a Summit, and his bride of 19 days were drowned when their canoe overturned in Indian lake in the Adirondacks.

Red Sox Sale Confirmed.
Boston.—The Boston American league baseball club has been sold to a syndicate of Columbus, Ohio, men by Harry H. Fraze, owner of the club since 1916.

Manitoba Hit By Severe Storm.
Brandon.—The worst hail and wind storm for 40 years swept the district of Kenway, west of here, last week mowing down crops over an area 12 miles long and from two to three miles wide, according to a dispatch received here.

Longfellow's "Way-side Inn" Sold.
Sudbury, Mass.—"The Way-side Inn," immortalized by the poet Longfellow, has become the property of Henry Ford, Detroit automobile manufacturer, has been announced. The inn had been operated continuously since 1856. It is reported it will be converted into an historical museum.

Earthquake Hits French City.
Biarritz, France.—An earthquake of some severity, lasting about 15 seconds, was felt notably at Perpignan, Bayonne and Auch. No loss of life was reported, and the damage was not important. At Auch, the shock occurring at 6:40 a. m., lasted several seconds and rattled the furniture in the houses.

"Static" Causes Explosion.
Dayton, O.—Static was given as the cause for the destruction of an observation balloon over McCook field during an electrical and rain storm. The balloon was being used to make radio tests. As the storm broke, the operators began pulling in the balloon when it collapsed and exploded. No one was in the balloon.

Clews House, Throws Bills Out.
Spencerville, O.—A lapse of memory cost Mrs. A. C. Harter, 86 years old, \$10. Mrs. Harter, one of the pioneers of Spencerville, had placed her savings between the rug and some papers in one of the rooms of her home. The woman had, assisting her, gathered up the papers without noticing the money, which was all in bills. They were destroyed before she was able to save them.

Austria Bars Archduke.
Budapest.—Recently Archduke Joseph of Hapsburg, who is living in Hungary at present, applied for a visa allowing him to enter Austrian territory. He intended to participate in an automobile race from Vienna to Budapest. His request was refused. The cause of this refusal is a law passed recently forbidding members of the former reigning house of Hapsburg to enter the Austrian republic.

Treasury Bills Meet Deficit.
Berlin.—Germany has met a daily deficit of \$5,000,000 during the last 10 days of June by issuing treasury bills, it was revealed in a statement published by the finance ministry. Only one fiftieth of the government's expenditures could be met by ordinary receipts such as taxes. The remaining forty-nine fiftieths have been raised by increasing discounted treasury bills to 7,661,650,000 paper marks.

Mexico Gets Trade Experts.
Berlin.—Recently the Mexican government invited and received the services of eight executives of different branches of industry to teach Mexican factory workers and tradesmen German methods of efficiency. Now the Mexican government has ordered the Mexican embassy in Berlin to procure two experts in the dye industry, two experienced electrical engineers and one expert of the smelting industry.

Captures Sea Monster.
Buenos Ayres.—The famed "old man of the sea"—or something extremely like him—has been discovered. A hideous marine monster, fish, but with almost a human head, was captured by the crew of the bark Duque De Aosta off the Brazilian coast. The creature's head has a well defined nose, ears and gaping mouth, its general appearance being that of an old man. On spike projects from the monster's forehead.

Married 54 Years, No Quarrel.
Sierra Madre, Calif.—Fifty-four years of wedded life and not one single quarrel. That is the record of Mr. and Mrs. C. C. Bergen of this city who recently celebrated their 54th wedding anniversary with a party and reception. "Happiness above everything is our motto," and that is the way we intend to live for the rest of our lives." Mr. Bergen is a veteran of several wars. He served in the Civil War, Indian Revolution, Sioux War, witnessed the massacre of '68

FORD EXHIBIT UNINTENTIONALLY OVERLOOKED.

In our review of the exhibits made by the various industries of Northville under the heading "Northville in the Fair," we neglected to mention the display of valves made by the Ford Motor company. The exhibit did not occupy a great deal of space but without these valves thousands upon thousands of Ford cars and tractors could not be operated. The valves were shown in their finished state and attracted a great deal of attention. We regret that in our rush this portion of the display was overlooked.

"YES, WE HAVE NO BANANAS."

Howard Stark, manager of the local store of the Atlantic & Pacific Tea Co., threw back his auburn locks as a lady entered the store late yesterday afternoon. The fair customer asked for a dozen bananas. Mr. Stark, with his usual pleasing smile, jumped for the bunch of yellow beauties.

He jumped back with as much, or more haste, when he discovered a full-grown and much alive tarantula peacefully resting on the banana stalk. He was compelled to inform the lady that it would be necessary for her to look elsewhere for bananas. Mr. Stark afterwards captured the poisonous spider and now has it on exhibition at the store. Romeo Observer.

COMPLETE PLANS FOR M. A. C. FARMERS DAY.

With final details of the program announced, the stage is set for the sixteenth annual Farmers Day at M. A. C. to be held on Friday, July 27th.

Dr. E. M. Munford, one of the best known and most talented speakers on agricultural subjects in the state, has been added to the speakers program for the afternoon meeting along with O. E. Bradgate, president of the American Farm Bureau Federation. President R. S. Shaw of M. A. C. will preside; there will be a full-dressed band concert, and the annual livestock "style review" and other features will mark the program.

Livestock in the college herds is receiving a final grooming for the day in order to be all "dressed up" for the visitors. Special exhibit booths, each covering some timely agricultural subjects, are being erected on the campus near the meeting ground, and arrangements are being made to have experts from the various farm departments at M. A. C. on the job at these booths to answer questions and be ready for conferences.

The extensive acreage of experimental plots is being mapped out so that guides can lead parties on inspection trips during the day. There are more than 150 acres of farm crops test plots alone on the college farm, but the guide system will make it possible to take in most of the sections easily.

Hundreds of automobiles from all parts of the state are expected to drive in for the day, and special parking accommodations have been provided on the college campus.

CARELESS DRIVING COST MAN HIS LIFE.

The life of Jesse Sluck of Hamtramck was snatched out Saturday night on the Plymouth road shortly after eight o'clock as the result of careless driving by his companion, Anna Gray of Detroit, who was at the wheel. The men were motoring from Northville to Plymouth and from all reports that could be gathered from the people along the way they were driving like the wind. Just past the Benton driveway Gray turned out to pass a car and as he did so another car appeared from the south. In his efforts to dodge the approaching car he evidently endeavored to steer his car, an almost new Nash, to the right side of the road. There is a loose gravel on the road bed at that point and losing control of the car owing to the speed at which he was going, the car took to the ditch beside the road. About thirty feet from the road the right fender of the car impaled into the side of the embankment and a few feet further collided with a tree, binding the car on its side. The crash attracted the attention of a number of people and news of the accident spread rapidly. Gray was brought to the office of Dr. D. B. Henry where his cuts and bruises were dressed and the men who gathered lifted the car sufficiently to permit Sluck's lifeless body to be removed from under the wreckage.

Justice G. H. Baker was summoned and a jury was impaneled to view the remains and the wreckage. Gray, who returned to the scene of the wreck after his injuries had been dressed, was questioned and he claimed the wreck was caused by his effort to avoid hitting the truck approaching from the south. Of course he denied he was careless or that he was driving at a rapid rate of speed. He was taken to his home in the city and the dead man's wife was informed of his misfortune. The body of the unfortunate man was taken to Schrader Brothers' funeral chapel and prepared for burial and relatives came for it Sunday morning. Gray had only cut about his neck and shoulders.

HOELESTEIN MEETS TO TOUR COUNTRY.

Breder's, Price, Feltrop and Organization meet, Wednesday, July 26.

The country roads and the interest of Holsteinists are to be held this summer in all the principal dairy counties. Wayne county is to be toured on Wednesday, July 26th. Officers of the state and national association are to visit the county on that date and help in a brief program at noon. It is planned to perfect our organization to promote the interests of the Holstein breed. The start will be made promptly at 9 a.m. at Buena Vista farm and basket dinner at F. M. Stewart's at noon.

This is the schedule: 9:00 a.m.—Buena Vista farm, one-quarter mile west of Plymouth. 9:35 a.m.—Wm. Werner, two miles north west of Plymouth. 10:30 a.m.—J. M. Swegles, corner Warren avenue and Lilly road. 11:45 a.m.—Petey C. Hix, three miles south of Plymouth. 12:00 p.m.—Basket dinner at 9 a.m. Stewart's, two miles north of Inkster. 1:00 p.m.—Mark Lathers, two miles north, one-half mile east of Inkster. 1:45 p.m.—Maurice Bird, one mile west of Inkster. 3:30 p.m.—RAEFL GARR, County Ag. Agent.

WAYNE COUNTY BOYS AND GIRLS VISIT M. A. C.

Wayne county was well represented at the M. A. C. during Boys' and Girls' Club Week, July 9-13, having eleven champions present, two of whom were from Northville—Harry Lyke and Starr Northern.

This club week is very interesting as well as beneficial, every boy and girl should try to win the honors in their club so as to attend. If you are not in a club ask some one who is or has been and see if they can't advise to join.

The program for the week was as follows:

Monday, July 9th—Arrival of leaders and members, registration and the assignment of rooms. In the evening we had what they called a "get acquainted party" which brought all the boys and girls from all the different counties in contact with each other.

Tuesday, July 10—We had assembly in the morning from 8 to 9, and from 9 to 11 we were down in the dining hall about the campus which were of great interest to all of us. From 11 to 12 we had a meeting which was called a civil organization. It was a meeting which no one could afford to miss, on practice of parliamentary law. Although we may not use it now, it will always be worth remembering. From 1 to 4 we had other classes in stock raising, while the girls had classes in cooking and sewing. From 4 to 6 was a period which I believe we all enjoyed the most, and that was swimming.

Tuesday evening we all would have enjoyed a picnic, but on account of the rain, we had an indoor picnic in the steak judging ring, which served quite as well, for we all had a jolly time.

Wednesday and Thursday we had classes as we did on Tuesday except for the field meet on Thursday afternoon. In the evening we all enjoyed a fine banquet.

Friday morning was regular assembly, after that a trip to the capitol and then we motored back to Northville.

I would advise any boy or girl, who is looking forward to an outing, to join a club and go to the M. A. C. next July.

HARRY LYKE

Northville Fair, Sept. 25-26-27-28-29

DRIVE-IN.

Without consulting with any of the village officials, representatives of the state highway department were in the village by way of the Bass Line, North Center and Main street, because of that fact. To attempt to send all this traffic on a back-street, over a bridge that is unsafe and a road that is rough, seems unwise to most of us.

Unprofitable Occupation.
