### A BAD SUNDAY FIRE.

Sunday forenoon, while Julius Tait and family were absent from their home, situated on the Salem road, smoke was discovered issuing from the barn roof. Neighbors who discovered the fire gave the alarm and rushed to the premises as quickly as possible, but they were prevented from entering the building on account of the dense smoke and intense heat. Many willing workers responded to the call for help and many drove out from the village, but all efforts to subdue the flames among the outbuildings proved futile. Fortunately the house was saved from destruction, although the roof was on fire a number of times. When the call reached the village the local firemen at once responded with the new fire engine and by means of the chemical. The crew of fire fighters from the Sanitorium with their chemical also responded and both did good service in preventing the house from burning.

The barn was full of hay and it is believed that the fire was caused from spontaneous combustion. All adjoining buildings, silo, granary, henhouse and all were burned to the ground and so intense was the heat that the grass near the buildings took fire and neighbors were compelled to plow furrows to prevent the blaze from spreading.

But Young and others were at the Young farm across the road just a little while before smoke was discovered coming out of the barn roof. It is reported that Mr. Tait had \$5,000 insurance on buildings and contents. Mr. Tait and family reached home about one o'clock and were very grateful to all who had worked heroically to save their house from the flames.

While doing his chores early Sunday morning F. D. Butler and his hired man thought they could smell smoke from burning grass or hay, but they did not think the smoke originated so near by. They were of the opinion that some one had started a grass fire some distance away and that the smoke and its odor were being carried by the wind.

### F. S. NEAL APPOINTED NORTHVILLE'S POSTMASTER.

F. S. Neal received from the First Assistant Postmaster General at Washington on Thursday morning his appointment as acting postmaster at this place and he will enter upon his new duties on the first of August—next Wednesday. Mr. Neal had the good fortune to receive the highest rating among those who took the civil service examination in March for the postmastership, and also to have secured the endorsement of a great many of the business firms and citizens of this village besides numerous county and state officials, as well as men who have long been active in county and state politics.

By business experience and training Mr. Neal is exceptionally well qualified for the duties of postmaster and he is to be congratulated upon his good fortune. For many years as publisher of this paper, and since laying aside the editorial pen and scissors, he has given a great deal of time to matters pertaining to the welfare and upbuilding of this village and he has shown a willingness to render any service within his power for the benefit of the community he has been proud to call his home for many years.

Congressman Hudson decided soon after his election to be guided largely by the certification of the civil service commission in postoffice matters and his endorsement of Mr. Neal is in keeping with the policy he had adopted, and which he is seeking to carry out.

W. L. Tinham will retire after having served this community for eight years in a faithful and obliging manner and many friends will join The Record in the hope that he will remain in Northville, where he enjoys the confidence and esteem of all who come within the circle of his acquaintance.

### NORTHVILLE-DETROIT PICNIC POSTPONED.

The Record received a letter from Dr. W. A. Hart Wednesday morning stating that the Northville-Detroit picnic had been postponed until next year. This action was necessary because so many Detroit people, who were former residents of Northville, are either away on vacations or have their vacation planned. Northville friends will please make a note of this postponement.

Clifford Stillwell underwent an operation in a Detroit hospital Wednesday for appendicitis. He is reported as doing nicely.

### REV. F. A. BRASS DIED WEDNESDAY MORNING.

The people of this community learned with deep regret of the death of Rev. F. A. Brass, which occurred at his home at Walled Lake early Wednesday morning, after an illness of many weeks. More than a year ago he gave up his active ministry and retired in the quiet village where his last days were spent, among old friends and acquaintances with whom he had been associated for many years.

His life was a busy one, having held pastorates in a number of Michigan towns and he was greatly beloved by all who came within the

circle of his acquaintance. To his work as pastor and minister he gave all that he had and let us hope that in the Father's house of many mansions he is enjoying eternal happiness and repose. He is survived by his wife, to whom the tenderest sympathy of many friends is extended in her great sorrow.

Funeral services will be held on Saturday at two o'clock at the Baptist church at Walled Lake and interment will take place at Wixom.

Mr. Brass was pastor of the Northville Baptist church for a few years and his friends in this village are numbered only by his acquaintances. Northville Lodge, F. & A. M., will conduct the burial services. Members are requested to meet at the Masonic hall in this village at 12.45 Saturday afternoon.

### NORTHVILLE FORESTERS 11, YPSILANTI ARBOR 5.

The game last Sunday composed of Ypsilanti and Ann Arbor students from the Normal and University between the Forester team of this place was won by the local boys. The Northville team took the lead from the start and was never in danger. The visitors were able to get five runs through errors while the locals were piling up eleven runs.

The losing team were rather disgruntled throughout the game, mostly because they could not understand why they could not solve the Northville pitcher. They were bent on taking their soreness out on the umpire which made it disagreeable to all. It is rather a characteristic feature of most college players. In other words they attempted to bulldoze the game through without playing ability.

### NOVI WOMAN DIES IN PONTIAC.

Mrs. Clara Biery, aged 66 years, a life-long resident of Novi township, died Saturday at the home of her daughter, Mrs. S. M. Thurber, 212 Mechanic street, from a complication of diseases after an illness of more than two years.

Mrs. Biery was born June 22, 1857, in Livonia township, Wayne county. She is survived by her husband, Chas. Biery, and the following sons and daughters, Mrs. Elma Thurber, Pontiac; Floyd of Lyon township; George of Drayton Plains; Albert of Vincennes, Ind.; Fred and Leo of Saginaw, and Elroy of Detroit.

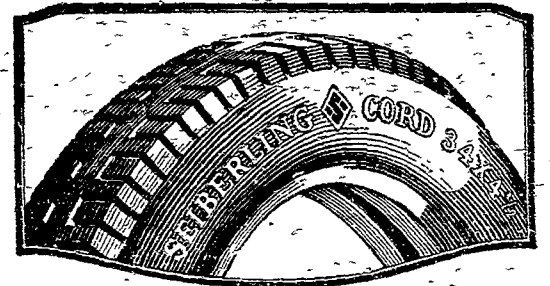

The funeral was held Monday afternoon at 1 o'clock at the home of F. D. Thurber, 333 East Park street. Rev. M. Osborn of Novi, conducted the services. Burial was in Novi cemetery.—Pontiac Press.

### AUTO RACES SATURDAY AFTERNOON.

On Saturday afternoon there will be five auto racing events at the Northville Fair grounds, given under the auspices of the Detroit Speedway company. The program will start at 3:00 promptly and will consist of a free-for-all, stock Ford cars only to compete; special match races; time trials; five miles event; 25 miles event.

The admission to the grounds will be 50c and war tax, to the grandstand 25c, and box seats will be 50c.

The promoters of the races promise some lively sport and some very fast miles.

DETROIT FLIERS  
BURN IN CRASH

AERIAL PHOTOGRAPHERS FALL  
AND DIE IN EXPLOSION  
WHICH FOLLOWS

## STRAPS PREVENT THEIR RESCUE

Plane Flying Low to Take Pictures,  
Drops Two Hundred Feet  
To the Ground.

Windsor, Ont.—Strapped in the seats of their airplane and fully conscious, Howard K. Neal and Eugene Reukert, both Detroit commercial photographers, were burned to death Saturday, when the airplane in which they were flying nose-dived and fell 200 feet to the ground and burst into flames on the farm of James Cahill, seven miles southwest of Windsor on the Huron line road.

The two men left Packard Field, Roseville, Mich., in their plane presumably to obtain a number of photographs. Flying over the Huron line district, the plane was noticed by spectators to be experiencing difficulty. The motor began misfiring, and Reukert, the pilot, was seen to be making strenuous efforts to right his machine.

The plane dropped down to a point about 100 feet above the ground, eye witnesses say, and descended again to about 200 feet, where it hovered for a moment on even keel.

The next minute the plane nose pointed up, hesitated a moment, and the machine dropped to the earth, striking some telephone wires, and a tree in its descent. The machine struck nose foremost against a stump and almost immediately caught fire.

Francis E. Henderson, Detroit, who witnessed the accident, failed in attempts to liberate one of the fliers.

Henderson clutched at the flier's coat in an effort to drag him from the plane, the flimsy fabric of which was then burning fiercely, but the flier was strapped to his seat, and Henderson was forced to retire in the face of the raging flames that sprouted from the gasoline tank, which exploded at that moment.

Both men were burned beyond recognition and the airplane reduced to a heap of smoldering wreckage and twisted wires.

## AMBUSHERS SLAY EX-BANDIT

Former Rebel Chief To Be Given  
Military Burial.

Mexico City—Francisco Villa, former rebel chieftain, was killed in ambush near Parral, in the state of Chihuahua, it was confirmed by the department of the interior. President Obregon it was announced, has ordered that full military honors be rendered at the funeral.

The official announcement gave few details, stating only that Villa, with his personal secretary, Colonel Miguel Trillo, and an escort had been ambushed while en route from Villa's ranch at Canutillo to Parral.

About half a dozen men comprised the band of assassins. They fired upon Villa and his men from a house they were passing and are reported to have made their escape.

Three members of the band responsible for the death of Villa, his secretary, Miguel Trillo, and two bodyguards, were captured by a detachment of federal soldiers a short distance from Parral, according to information received at Juarez.

## BRITAIN URGES KUHR SOLUTION

Suggests Commission Be Appointed  
to Confer on German Debt.

London—England's draft of the note to Germany dispatched to the Allied governments—France, Belgium, Italy, Japan and the United States—awaits their reply, but only the reply of France is causing any apprehension.

The government is desirous that the United States participate in the settlement and anxious for an American to head the proposed commission to inquire into Germany's capacity to pay.

The names of Elihu Root and F. M. House are suggested for the chairmanship of the commission.

It is semi-officially stated that the note follows the plan outlined in Premier Stanley Baldwin's recent speech in the house of commons.

Unofficially, it is said that the document is firm in tone, and suggests that Germany cease passive resistance and begin to think about paying up, but all such forecasts are unauthorized.

## Typhoid Claims Fewer Victims.

New York—Control of typhoid fever has made such progress that in 1922 the death rate for this disease was the lowest ever recorded, according to the Metropolitan Life Insurance Co. Based on statistics from one-seventh of the total population of the United States and Canada, the death rate in the year mentioned was 5.6 per 100,000 of population. In 1911 the rate was 22.8 per 100,000. These figures are particularly cheering to the American public.

## Week's News in Brief

Turks—Court Martial Greek Women.  
London—A dispatch from Constantinople says 150 Greek women are to be tried by court martial on charges of high treason and espionage.

Italian Leads World's Surgeons.  
London—The International Surgical society elected Professor Giordano, of Venice, Italy, as its president. The seventh triennial congress of the society will be held in Rome, in 1926.

Prince Opens Convention.  
London—The sixth triennial congress of the International Surgical society was opened by the Prince of Wales at the Royal Society of Medicine with 745 surgeons representing 23 nations in attendance.

Gen. Wood Gets New Cabinet.  
Manila, P. I.—Sub-secretaries of various cabinet officers who resigned in a body as a protest against alleged interference by Governor General Leonard Wood in conduct of their offices, met and agreed to serve.

Gambling Banned in Italy.  
Rome—No gambling game of any kind will be permitted in Italy after Aug. 1. This order has been issued by Gen. DeBono, director-general of police, in a circular letter addressed to all the prefects in the kingdom.

Boy Drowns in Fish Bowl.  
Los Angeles, Calif.—Ramas Hoffer, one-year-old son of Jacob Hoffer, wealthy vineyardist of this city, drowned in a goldfish bowl in his home here. The child's mother found him head first in the bowl, which contained about four inches of water.

California Bars I. W. W.  
Sacramento, Calif.—California's war against the I. W. W., and its activities passed to a new stage following the issuance by Superior Judge Charles O. Busick, of Sacramento county of a sweeping temporary injunction prohibiting virtually all activities of the organization and affiliated bodies in this state.

Former Empress Reported Dying.  
Brussels—Former Empress Charlotte of Mexico, a melancholy heroine of one of the adventurous episodes of the nineteenth century history, is dying at her chateau at DeBouchout, near Brussels. She is 83 years old. Her husband, Emperor Maximilian of Mexico, was shot dead in her presence at Queretaro, Mexico, June 19, 1867.

Magnus Johnson, Win.  
St. Paul—Minnesota's representation in the United States Senate has been turned over to the Farmer-Labor Party as the result of another political transition which the state went through in the special Senatorial election. Magnus Johnson of Kimball, a "real dirt" farmer, gained the post vacated by the recent death of Senator Knute Nelson.

Suspend Wage Law for Women.  
Los Angeles—A temporary injunction restraining the state of Arizona from enforcing the minimum wage law for women which is \$16 a week, was granted by Federal Judge Ross, Bledsoe and Sawtelle, sitting en banc here. The injunction was granted pending a ruling on the minimum wage law for women in the United States supreme court.

Twelve Hour Day Unlikely Soon.  
New York—Reports that the 12-hour day in the steel industry will be abandoned within six weeks are premature, according to Dow Jones and company, financial news agency. Estimates that about 30,000 men will be required to effect a shift to the eight-hour day render such a move unlikely in the present condition of the labor market, it is pointed out.

Japan Upholds U. S. Stand.  
Lausanne—Japan has definitely ranged herself by the side of the United States in insisting upon maintenance of the "open door" in the Near East. This is what conference circles deduced from Ambassador

Official's somewhat unexpected statement announcing Japan's decision not to sign the special protocol of the treaty dealing with concessions.

Wildcat Attacks Boy.  
Suffern, N. Y.—A wildcat entered a window in the mountain log cabin of Sam Green. Green, his wife and three sons were aroused from their slumbers about midnight by the noise of the animal. Before they were fully awake the wildcat crouched and sprang at one of the boys, tearing his night clothes nearly off his body and leaving many scratches from its sharp claws before it could be killed.

Mule and Horse to Go.  
Cincinnati—Old Dobbin and his companion in labor, the mule, likely are to receive a knock-out blow in Cincinnati when stockholders of the Cincinnati Horse and Mule Exchange meet to consider plans to dissolve the corporation. The Horse and Mule Exchange is a landmark here, having been established 50 years ago. Almost universal use of the automobile and trucks in the city, causing a decrease in demand for animals of this class is assigned for closing or the exchange.

The 50-cent-a-day gasoline stove which has been attracting attention at Carpenter, Yerkes & Harmon's window for a week past got down to \$1.10 Monday and was quickly gobbled up by H. Bennett. The stove was worth about \$1.

## CAUGHT SOME LARGE FISH

The Schraeder-Carey party returned home Monday afternoon from Northville lodge at 415, where they spent two weeks. They brought home with them a fine trout, trout and pike.

Dr. Cavell had the good fortune to land a rainbow trout, that weighed four pounds and 12 ounces, the next to the largest one caught this season and was awarded second prize.

Mrs. Cavell caught a pike weighing eleven pounds and Mrs. Schraeder landed one weighing eight.

Using a meat cleaver found in the kitchen, Sheriff George A. Walters and his deputies broke up what they alleged was \$5,000 worth of furniture and gambling equipment in the Grand River Inn, at Grand River and Meyers road, Friday night. According to the officers, the place is operated by W. J. "Doc" Brady.

The sheriff and his deputies were returning from a call to Grand River and Schoolcraft road, where a hold-up was reported. As they passed the Inn, the sheriff said the rattle of chips was heard. Breaking open a bolted door, they found about 40 men and 15 women.

Being without a search warrant, they had no authority to make arrests or seize the equipment, so they destroyed it, the officers reported.

## FORD HAS MADE EIGHT MILLION CARS.

The Ford Motor Co. is now on its way toward the 9,000,000 motor, it became known Saturday when it was announced that motor No. 8,000,000 went off the assembly line at the Highland Park plant Wednesday night July 11, establishing a new million production record.

Motor No. 7,000,000 was turned out Jan. 17 of this year, so the company produced the last million motors in six days less than six months.

Production at the start of that period was around 4,500 motors a day, and on the increasing schedule in effect since has been brought up to more than 7,000. The average for the period was slightly above 6,711 a day for the 149 working days, or an average of more than 166,670 a month.

CARD OF THANKS—We desire to thank our friends and neighbors for their kindness in responding so quickly to our assistance at the time of our recent fire. Especially do we want to thank the Northville and the Sanatorium fire departments and their help, the operators on duty in the telephone office, and all others who assisted in any way. Mr. and Mrs. Julius A. Tait. p

## CARD OF THANKS—Mr. and Mrs. Paul Gaffney and family wish to thank their relatives, friends and neighbors for the sympathy and kindness shown them in their recent bereavement, and the for the beautiful floral offerings. Also Mr. Vanvalkenburgh for his beautiful singing, and special thanks to Rev. Wm. Richards for his comforting words. p

## CARD OF THANKS—The officers and members of this Post desire to express their appreciation of the opportunity afforded them by the Exchange Club to secure the amount necessary to meet the quota assigned for the American Legion children's billet. The \$260 received enabled us to meet our quota promptly and to be the first Post in the state to do so. Northville never fails in its acts of mercy and our ability to contribute toward the care and support of the children of our comrades is another indication that our people are always willing to give of their abundance to those who are less fortunate. Lloyd H. Green, Post, American Legion, Northville. c

## CARD OF THANKS—I wish to thank the neighbors and friends for the flowers, magazines and fruit sent me during my illness in the hospital, and after returning home Mrs. W. H. Roberts. p

## IN-MEMORIAM.

In loving memory of our dear Mildred Elliott, who passed away two years ago today, July 29th, 1921, at the age of 32 years.

We miss you from our home, dear Mildred, and our hearts are sad with pain.

Oh, this world would be a heaven could we hear your voice again.

Days are sad without you, dear And nothing seems just right.

How we miss your smiling face. We miss you everywhere.

Though you're gone never to be forgotten. Her loving Mother, Father and Waldo. c

Remember the bake sale to be given on August 4th at the Palace Market by the ladies of the Baptist church. Supply your Sunday needs. 2-w1c.

## LOCAL.

Mr. and Mrs. A. C. Harmon of Detroit spent yesterday with Northville friends.

Mrs. Huram Holmes of Detroit, a former Northville resident, had the misfortune to break one of her arms, recently.

Messrs. H. R. Richardson and F. A. Northrop joined the Holstein cattle breeders of the county on Wednesday and spent the day visiting a number of the best herds in Wayne county.

A fine improvement is being made in the cement pavement near Hotel Ambler. A large tile storm drain has been placed to carry off the excess water after rains and the space between the sidewalk and the street is being cemented.

Northville's DeMolay-base ball team will go to Lansing on Saturday for a game with the DeMolay team of that city. Lansing came here some weeks ago and the game was a very close and snappy one. Our boys expect to bring home the "bacon" this time, however.

## ELEVATOR EXCHANGE HAS SUCCESSFUL YEAR.

The extent and success of the co-operative marketing movement in Michigan was effectively illustrated by the recent annual meeting of the Michigan Elevator exchange, the central marketing agency for 105 local farmers' co-operative elevators doing business for over 25,000 farmers.

Reports presented at the annual meeting show that during the past year the Elevator exchange had handled 4,450 cars of grain and had done a total business of \$4,150,000 for its member elevators. During this period it distributed \$8,000 in patronage dividends and still showed a surplus of \$17,868.12, which was a gain of about \$10,000 over the surplus on hand at the beginning of the year.

The meeting afforded an excellent example of the representative manner in which farmers' co-operative marketing association affiliated with the Michigan State Farm Bureau are controlled. One properly authorized delegate from each member elevator was allowed to vote for directors of the central exchange and regarding resolutions presented for their consideration.

## HINDRANCES

Some are of our own making. Some we can't help but he who does not overcome them is a weakling or a coward. Hear a sermon on the subject Sunday morning. This sermon is a series of Character Sketches that will interest you.

Sunday School after morning service. You will enjoy it.

Life has two highways and we are on one or the other. You will hear about them Sunday evening in a short to the point sermon the subject of which is

## PRYING A MAN LOOSE FROM HIS JOB

Some folks are very easily separated from their job. It takes a small inducement to get them to quit. Others stick because of easy money and no call to think hard.

Matthew was a tax gatherer and customs collector—a despised occupation in Palestine in A. D. 28—a square of chagrin and disgust to every Jew.

On a never to be forgotten day Jesus—the Christ, came by Matthew's place of business near the docks on Lake Galilee and spoke to him.

Matthew left his ledger and his credits that meant so much in the way of riches and joined with the Young Teacher to help save the world.

We are setting at the seat of custom—that occupation by which we make a living. The call "Follow Me" is as distinct there as asseverative as unavoidable as it was at the Custom House of Matthew.

You may be lifted from the petty round to a task that is as big as the need of the world.

METHODIST SUNDAY SCHOOL

First Presbyterian Church

I have been driven to my knees many times by the overwhelming conviction that I had no where to go. Abraham Lincoln, a great man, who, when the storms of adversity threatened, was not ashamed to kneel for shelter, said: "The Rock That is Higher Than I." God never fails any man who puts his trust in Him.

R. J. Service, D. D., of Detroit, will speak from the pulpit of this church morning and evening, Sunday, July 29th. It is up to you as to what kind of an impression he carries away with him; concerning the Presbyterian Church of Northville

To most women it may seem of little consequence that the EASY Electric Washer has a copper tub, the bottom of which is made of 24-ounce copper and the body of 22-ounce copper. Yet it is because of this superior type of construction that the Easy's copper tub carries a guarantee of 25 years.

Attention is called to this point, of course, merely as an illustration of the fact that, in every detail of its construction, the EASY is built to give a lifetime of service.

We invite comparison of the EASY with any other electric washer on the market. From the standpoint of durability as well as efficiency we sincerely believe it has no equal.

**NORTHVILLE TO-PLAY AT HOWELL FAIR.**

The Livingston county fair announces a strong line-up for their base ball program during fair week, August 28-31.

The four teams selected to play are Holly, Stockbridge, Northville and Williamston. Northville meets Stockbridge on Wednesday; Holly vs. Williamston on Thursday; and the winners meet in the play-off on Friday.

Holly and Stockbridge have been meeting at the Howell fair for some years. This year both Northville and Williamston have exceptionally strong teams and a high-class of sport is in store for the lover of base ball.

**25,000 BLOOMS TO MISS GORDON FROM W. C. T. U.**

A bouquet of 25,000 flowers, each representing a new flower, was presented Monday to Miss Anna A. Gordon, world and national president of the Woman's National Christian Temperance union.

The flowers represented new members who have joined lately. The bouquet included pine cones from Maine, wild roses from Iowa, moccasin flowers from Minnesota and almost all varieties of southern California flowers.

California led with 7,264 new members; Iowa, 2,395; Illinois, 2,090; Indiana, 1,191; Minnesota, 1,163; and other states with high enrollments still are sending in returns.

**AT THE GARRICK NEXT WEEK.**

"The Bird of Paradise," the play of a woman's soul by Richard Walton Tully, and which for several seasons was a reigning success, will be the offering of the Bonstelle company at the Garrick theatre, this week.

It is doubtful if Mr. Tully will ever write another success that will equal "The Bird of Paradise," a play that touches, delicately and vividly upon all the emotions—superstitions, hate, love, passion and which incidentally introduced to the public at large the haunting Hawaiian melodies.

"The Bird of Paradise" is a play of many emotions and to lend the essential atmosphere, Miss Bonstelle is bringing to Detroit Mr. Frank Cooley, who was with the play many seasons and a group of Hawaiian singers and dancers. Miss Bonstelle will be offered a role entirely different as Luana, which made the success of such well known people as Jessye Barrissale, Leonore Chico, June Janin and Carolina Monterey.

**MARKET GARDENERS HAVE AN INSTRUCTIVE TRIP.**

Twenty-five gardeners made the trip the 19th visiting eight places of unusual interest. Mr. Brown grows vegetables in large quantities under glass and Stakeins have rotating bit roses and ferns. Some day when you want to go sightseeing, go to these places. Maas Brothers and H. S. Shattuck do a good job of general vegetable growing—their first tomatoes and sweet corn had just been placed on the market.

Levi Clemens is spraying his Early Irish Cobblers for leaf hopper, flea beetle and potato bugs with Bordeaux and arsenate of lead, using a power sprayer. The effect of the spray is very evident—the sprayed showing a heavy green foliage—the unsprayed yellow and withering.

The House of Correction Farm has 25 acres of certified Irish Cobblers and is doing eradication work with Bordeaux with same results as at Mr. Clemens'.

Frank Hawk has a fine lot of melons on which dusting experiments have been attempted but each time the dust has been applied it rained so no effect were visible.

Winfield Birch showed the men several acres of tomatoes trained to individual stems, all under overhead irrigation. The crowd also enjoyed a liberal supply of Vernon's Ginger Ale from Mr. Birch's basement.

**FLINT MOTORIST LOSES AUTO ACCIDENT APPEAL.**

Lester Matt, Flint, theatrical manager, lost his appeal to the state supreme court from the judgment for \$2,000 rendered against him in a lower court in favor of Mrs. Alma Anderson, Bay City.

In an opinion handed down late Thursday the supreme court held that the verdict for Mrs. Anderson was correct. The woman sued Matt for injuries received by her as a result of the collision between an automobile in which she was riding and one driven by Matt. The mishap occurred Sunday, May 8, 1921, about one mile west of Frankenmuth. One man named Hohse was killed.

Matt contended that the accident was due to the fact that he could not see because of the cloud of dust raised by a machine which had passed his car at a high rate of speed just prior to the accident. He claimed that he was driving at not more than 25 miles an hour and that he was on the right side of the road. Several witnesses testified that his car was traveling in the neighborhood of 45 miles an hour.

**HONORING THE FLAG.**

A bright paragraph in the Los Angeles Times says: "More education is needed among the people and that one of the crying educational wants is how to properly drape the American flag on the automobile on July 4." True, too true, about the need of education, but the paragraph also needs education on the matter of the flag and honor due it. The American flag should never be draped on an automobile in any manner whatever. It is not a matter of how, but of doing it at all. The flag should be draped on nothing except an altar and a bier. Otherwise it should hang free, either from a pole or by suspension. Using the flag as

drapery is strictly against the rules for its use. Bunting should be used for drapery and the Star-Spangled Banner only as a freely flying or hanging flag.

We learned a great deal about the courtesy of the flag during the war, but we have either forgotten much of it or else the lesson did not go clear round. It is full time the people of the United States learned to treat the national emblem as a flag and nothing else. It isn't just red white and blue colors. The French have these colors also. It is a special combination of them in the national flag of the greatest nation the world ever knew, intellectually, morally, socially, politically, financially and industrially. Let us realize that the flag stands for all that, as well as for the sacrifices, the blood, the treasure, the sorrow and the joys which gave it birth and made it what it is, and always honor it and use it as a flag, not as a piece of drapery.

## QUAKE SHAKES CALIFORNIANS

SOUTHERN COUNTIES OF STATE  
FEEL SHOCK—MANY  
BUILDINGS TOPPLED

### EXTENDS TO THE ARIZONA LINE

Sleepers Crushed in Debris—Buildings on Streets Running East and West Suffer Most.

Los Angeles—The entire tier of Southern California was rocked by an earthquake of from 11 seconds to 20 seconds' duration. San Bernardino, where the greatest damage was caused, felt a second, heavy tremor.

Three sleeping men were injured seriously at San Bernardino when roofs fell in. Much damage was caused to property, buildings on streets running east and west being the chief sufferers.

Santa Barbara was the extreme northern point from which earthquake reports were received, and San Diego the farthest south. The shocks extended eastward across the Imperial Valley nearly to the Arizona line.

No serious damage was done here. Long Beach, Glendale, Eagle Rock, Riverside, Monrovia, Pomona, Santa Ana, Ontario, Anaheim, San Jacinto, Menet, Ventura, Redlands, El Centro, Arrowhead Springs, Mojave and Needles were other places where the sharp shocks were felt.

In San Bernardino, the Hall of Records, a building in the court house group, was badly damaged, tons of rock being torn loose from the walls.

Telephone and telegraph communication in the vicinity of Los Angeles was disturbed for several minutes, beginning about 15 minutes before the earthquake shocks were felt, according to telephone company employees.

The opinion was expressed that the interference was due to earth currents, but it was added that whatever connection they had with the shocks was problematical.

### BETTER POTATO TOUR PLANNED

August Campaign to Cover Eleven Counties of State.

East Lansing—An extensive automobile tour in the interests of better potatoes for Michigan will swing through the northern counties of the state during August, starting at Elmira Aug. 13 and ending at Gaylord Aug. 25.

Potato growers' associations, local county agricultural agents, and other groups are co-operating with extension specialists from Michigan Agricultural College in arranging the tour.

"Three main points will be stressed," says J. W. Weston, of the M. A. C. staff. "An effort will be made to acquaint growers with the value of certified seed, with insect pests, and with potato diseases. The importance of proper cultural methods will be brought out, and finally, the losses sustained annually through careless handling and poor storage will be emphasized."

Actual demonstrations on various phases of potato work will be given at all fields visited in an effort to make the tour as educational as possible.

The junket will start in Antrim County, passing through Kalkaska, Wexford, Oshtemo, Mecosta, Alpena, Presque Isle, Cheboygan, Emmet, and Charlevoix counties, and ending in Otsego.

A stop at Cadillac Aug. 15 for the annual meeting of the Michigan Potato Growers' Exchange will be among the features of the tour.

### DEMAND RECALL OF GEN. WOOD

Both House of Filipino Legislature  
Vote Jointly on Resolution.

Manila—Immediate recall of Governor General Leonard Wood was demanded in a resolution unanimously adopted at a joint meeting of both houses of the legislature here. The resolution was addressed to President Harding.

All of the parties participated in the action endorsing the stand taken by the cabinet when its members resigned recently.

Governor Wood is in the province of Samar making an inspection of health conditions there.

The split between Governor General Leonard Wood and Manuel Quezon, which resulted in the resignation of all leading officials of the Philippine government, has developed into a local political partisan embroilment with the Democrats party supporting Governor Wood and the Collectivists party opposing him, according to political leaders here.

Bergdoll to Return to U. S.  
Washington—Grover C. Bergdoll, millionaire draft dodger, now living in Switzerland, is expected to return to the United States at the importunities of his mother who left several days ago to visit her son.

### STATE HORT. SOCIETY PLANS ANNUAL TOUR.

Members of the Michigan State Horticultural society will hold their annual tour from August 7 to 9 this year, according to announcement of T. A. Farrand, of East Lansing, secretary of the society.

The tour will start at the M. A. C. Graham experiment station at Grand Rapids, and will cover portions of Kent, Ottawa and Ionia counties. Orchards, truck gardens, greenhouses, and packing plants will be included in the list of inspection stops arranged on the tour itinerary.

### MICHIGAN IN THE LEAD.

The last bulletin of the Child Welfare League of America, in commenting upon the work in behalf of the children of deceased and disabled service men undertaken by the American Legion throughout the country, announces the fact that Michigan is the only state which has gotten under way in this worthy cause.

This is a matter of congratulation for the Legion and the Legion's Auxiliary in Michigan, and is evidence that these organizations are thoroughly awake and able not only to function as bodies, but that they are also branching out to be of service to the community and to the state as well. In Michigan plans are moving rapidly forward. Already the contract for the first of a series of cottages to be erected has been let, and soon the children who are at present being housed in various places will all be gathered at Otter Lake, where the Legion has acquired a beautiful tract of land fronting on three lakes, and where additional cottages will be erected as needed.

A campaign for maintenance funds is on throughout the state, and Dr. Frederick A. Perry, who is in charge of the work, says that within a short time every post and auxiliary in the state will be cooperating in this effort.

### ADOPT SIZZLING RESOLUTIONS.

If resolutions adopted by the delegates to the Elevator Exchange meeting may be taken as an indication of farmer sentiment throughout the state, it appears that Michigan farmers are far from being "dumb driven cattle" but are taking a very active and intelligent interest in recent political developments regarding the control of M. A. C.—especially its county agents and extension system. Resolutions adopted declared that co-operative marketing is one of the most important factors in bringing relief to agriculture and that the Michigan Agricultural college through its extension and markets department has achieved great success in establishing the various commodity marketing services such as the Michigan Elevator Exchange and pledged the support of the Exchange in protecting the college in this work from the interference of politicians or other hostile interests.

The delegates resented the idea, sponsored by the State Administrative board, of taking the control of the county agents away from the farmers of their respective counties and placing it entirely in the hands of the M. A. C. Dean of Agriculture. They urged the board of agriculture to steadfastly maintain all the rights and duties of their respective offices given them by the constitution of the state of Michigan and to oppose any attempt of interference in the performance of such duties.

The Michigan State Farm Bureau was congratulated on the increased efficiency of all of its departments and was promised the united support of the local elevators.

### NOTICE TO DESTROY NOXIOUS WEEDS.

To all Owners, Possessors or Occupiers of Lands, or to any person or persons, firm or corporation having charge of any lands in this state:

Notice is hereby given that all Noxious Weeds growing on any lands anywhere within the Township of Northville, Wayne county, state of Michigan, or within the limits of any highway passing by or through such lands, must be cut down and destroyed on or before the 27th day of July, A. D. 1922.

Failure to comply with this notice on or before the date mentioned or within ten days thereafter, shall make the parties so failing liable for the costs of cutting and destroying such weeds, to be levied and collected against the property in the same manner as other taxes are levied and collected, and shall be a lien upon the land until paid in full.

If any owner, possessor, or occupier of land, or any person or persons, firm or corporation having charge of lands in this state shall knowingly suffer any Canada thistles, milkweed wild carrots or other noxious weeds to grow thereon or shall suffer the seeds to ripen, so as to cause or endanger the spread thereof, he or they shall, on conviction in any court of competent jurisdiction be liable to a fine of ten dollars, together with costs of prosecution, for every such offense and he or they shall pay the cost of cutting and destroying such weeds.

Dated, this 9th day of July, 1922.  
JOSEPH MONTGOMERY,  
Commissioner of Highways of the Township of Northville, Wayne county, Michigan.

### NORTHVILLE FORESTERS AT WAYNE SUNDAY

The Forester ball club of Northville goes to Wayne Sunday to play the good roads team of Wayne county. The latter team was beaten here a short time ago, six to one, but have great confidence in defeating our boys on their grounds.

A week from Sunday the annual battle with the Franklin team will take place here. Franklin always comes with about two hundred ardent fans with them who either glory immensely in victory or fall hardly crushed in defeat. Last year the Foresters lost the first game to Franklin but won the next two games. As strange as it may seem, there were three conspicuous deputies at Franklin last fall to handle some one. It must have been the home folk there as the local boys have never had an occasion for the work of sheriffs or deputies. Maybe Franklin will bring their quota of sheriffs over for the game here.

### ADD BRASS NOTICE. TENDED COMPLIMENTARY

Last Friday night F. J. Cochran was tendered a complimentary dinner at the Exchange Hotel by about forty of his North friends, who gathered to express the appreciation of his services in the recent school election held in that township, in which the proposal for a township unit high school was defeated. A splendid dinner was prepared by the hotel management and after the feast an impromptu program of speeches was enjoyed. The affair was planned by Messrs. Frank Hamilton and Frank Hills and was a very enjoyable gathering.

### WHO WAS THE CULPRIT?

If you had used a certain little box in which to put the money for the milk man when you were out of tickets, and had kept the little box in a certain place for three or four years and never had it disturbed, would it not provoke you just a little bit to discover that sometime during Tuesday night while honest folk were asleep some sneak thief stole the little box and its contents? Well Miss Grace Tremper had that experience this week and she is wondering who the culprit was who took the money and the box.

### LOCAL

Mr. and Mrs. Bullock of South Lyon, were in town Tuesday.

Mrs. A. Healey has been confined to her home on account of the past week.

Mrs. Augusta Smith has accepted a position as stenographer in a real estate office at Orion.

Little Charles LaFever spent several days last week with Mr. and Mrs. Lyle Johnson in Detroit.

Mrs. Lillian Belford and daughter, Margaret of South Lyon, visited Northville relatives Saturday.

Mrs. W. J. Beck of Hot Springs, South Dakota, daughter of Rev. and Mrs. Essfeldt, is visiting with her parents.

Mr. and Mrs. Bert Wood entertained thirty-five ladies of the Maccabee lodge, Monday, at their cottage at Grass Lake, near Highland.

If any one should desire a perfectly good flash light one that has been slightly used they can doubtless drive a pretty good bargain by applying to Dr. W. G. Johnson.

Mrs. Cora Macomber has just returned from a trip to Rochester, Geneva, and other cities in New York state. She was accompanied by Mr. and Mrs. Grandy and Miss Beam of Detroit.

Mrs. Mary Marvin returned home Monday from Dundee, being accompanied by her grandson, Roy Cavell. She visited for two weeks with relatives and friends at Azalia, Dundee, Britton. While absent she visited Toledo.

Friends of Capt. E. D. Denniston of the Detroit House of Correction Prison Farm, will be pleased to learn that he has been appointed acting superintendent of the Detroit House of Correction, and for the present he will divide his time between the two institutions. This is a fine compliment to his ability and efficiency as a prison official.

B. A. Hodge, who resides on the Base Line road, in the first house east of the Meadowbrook Golf Club, has the editor's thanks for some very handsome gladiolus blooms which he brought to this office Wednesday. Mr. Hodge is specializing in "glads" this season and has many varieties in his garden, which he will be pleased to show all who call.

William Miller, who resides in Novi township, met with a serious accident on Grand River a few days ago in which the car he was driving was completely wrecked and he received injuries to his side which kept him confined to his home for a few days. One of his sons escaped injury while the other was unconscious when taken from the wreckage, but fortunately was not seriously injured. A big car travelling at a lively rate of speed ran into Mr. Miller's car as he was crossing Grand River avenue.
