Admission, 10c, 20c and 25c.

NORTHVILLE GIRL MARRIED AT PLYMOUTH.

A very pretty wedding took place last Saturday afternoon, July 21, at the home of Mr. and Mrs. George Wislitz, of North Mill street, when Miss Edith L. Miller and William C. Joy, both of Detroit, were united in marriage. Rev. H. E. Sayles read the beautiful ring ceremony, and pronounced them husband and wife. They received many hearty congratulations. Miss Miller was gown'd in dainty blue crepe. The house colors were pink and white, and the house and table were very pretty in their decorations. After the ceremony, a dainty luncheon was served. Those present from out of town were: Sidney Joy, father of the groom, Mr. and Mrs. Clarence Joy, brother of the groom, of Detroit; J. D. Miller, father of the bride; Miss Helen Miller, her sister; Mr. and Mrs. Howard Bewerfetz, the latter a sister of the bride of Northville; Miss Alice Hazzler, an associate teacher, for a number of years with Mrs. Joy at Highland Park.

Mrs. Joy is a niece of Mrs. Wislitz, who arranged the wedding for her. Their many friends wish them a long life of happiness. Mr. Joy is connected with the Bakers and Confection Supply company of Detroit. For eleven years, Mrs. Joy has taught in the Millard school at Highland Park. They left at once for their new home in Detroit. All furnished and waiting for them.

The bride is the daughter of Joseph Miller of this village, and has many friends here who will extend heartiest congratulations.

AUTO RACES ATTRACTED GOOD CROWD.

The auto races which took place at the Northville Fair grounds last Saturday afternoon attracted a good sized crowd and afforded a good program of sport. Bruce Mills of Detroit won the first event in the Ford stock car class, and Hoffman of Detroit won the three mile race with a Maxwell.

The 25 mile race was run in 32 1/2 minutes and created a good deal of interest. Five cars started in this event but only two finished the race.

In the trials for the 25 mile race, the drivers turned the half-mile in 36, 39, 36, 37, 33 and 40 seconds respectively and that was regarded as quite remarkable speed for a half-mile course.

P. M. DEPOT ENTERED AND MAIL STOLEN.

Friday morning last, after the Pere Marquette owl train from Detroit had brought the mail to Northville and it had been placed in the depot, some one forced an entrance to the station and rifled the mail sacks. The lock pouch containing the first-class mail was cut open and many of the letters were opened and left on the floor. Some of the parcel post packages were broken open and the contents removed and taken away.

Robbing the mail sacks from this train seems to have become a popular pastime for somebody, as a similar robbery took place only a few months ago.

CENTER LINE WINS 9-1.

For the second time the Detroit Automatic team was defeated by the Center Line base ball team Sunday by a score of 9 to 1. Two weeks ago Center Line shut out the same team to a tune of 9-0. So the Detroit team came last Sunday with a loaded team, thinking that they would take home most of the bacon, but this did not seem to bother the home boys any. The German brothers, Barry, Jr., and Loye, made up the Center Line battery. The two brothers showed they were doing great work when they held the Detroit team to four hits. Center Line expects to play the Detroit Indians next Sunday.

SENDING MAIL BY D. U. R.

Beginning on Tuesday mail from the local postoffice is now being dispatched to Detroit by the D. U. R. car reaching here at 5:30. All mail that accumulates in the office after the forenoon train for Detroit leaves will be handled in this manner, both first-class and parcel post that can be "sacked." This will materially improve Northville's mail service and Postmaster Tinham, who retired from his duties on Wednesday, is to be commended for his efforts to have this plan adopted by the postoffice authorities.

Mr. and Mrs. Julius Tait, Mrs. Bassett and Mr. and Mrs. W. H. Tousey motored to Lansing last Friday to attend the Farmers Day program at the M. A. C.

WALDO ELLIOTT WRITES WHILE ENROUTE TO ALASKA.

Mr. and Mrs. W. H. Elliott received a letter from their son, Waldo, who is with the Buchanan party, written on board ship on July 19th, in which he stated:

"We are on the Steamship Princess Charlotte bound for Alaska. We boarded the ship last night about 9:00 o'clock while we were in Vancouver. We were busy sight-seeing. Yesterday morning the people of New Westminster furnished us with a special car, which took us over to New Westminster, from there they took us in autos, out into the green timber where we saw the lumberjacks felling great fur trees—some of them were about 5 feet in diameter. Then they took us to the colony farm where we had luncheon. The colony farm is owned by the Dominion government and is some kind of a pilot farm. They have a very fine bunch of dairy cattle there—all Holsteins. From there we went to the Fraser Mills, which is the largest lumber mill in the world. There we saw them saw up the logs; how they sorted them, finished them for flooring, ceiling, etc. They also make shingles, lathe, finished doors; also they make veneer panels of which I have some samples which I will bring home. It has our menu for the banquet we attended last night and has 'dope' about the mill, printed on it. This banquet was given by the Kiwanis and Gyro clubs and the city council. It was a dandy and when we were through they gave us a watch fob with a little silver lacrosse stick with 'New Westminster' on it. They then took us to Green's Park, where we saw a lacrosse game between two New Westminster teams, the professionals and the Senior Amateurs. The professionals are lacrosse champions of the world. The amateurs have a very good team, but the Pros beat them abysmally 7-4. Its a combination of all games, something like soccer, basket ball, hockey, etc.—can't describe it."

Well I'm sure having a good time and hope you are getting along O. K. Must close for we stop soon where I can post this."

GOOD ROADS TEAM WON, 8 TO 1.

A number of Northville base ball fans accompanied the Foresters' team to Wayne last Sunday to witness the game with the Good Roads team of that place and they were privileged to see a pretty good game—a better game than the one-sided score would indicate. Up until the fifth inning the score was one to nothing in favor of Northville, but after that the Wayne ball tosser seemed to be invincible and struck out his opponents with ease. The game closed with the score 8 to 1, with the good roads machinery in fine running order, while the visitors found the "going" pretty hard.

On September 9th Wayne will come to Northville for a return game, each team having one game and the score in each case was 8 to 1. The "rubber" game will be worth coming a long way to see.

WORK TO START SOON ON NEW DAM.

During the past few weeks engineers have been engaged in taking soundings in the Ford flats where it is proposed to construct Northville's new power dam, and as soon as this work is completed it is expected work will start in earnest. Mr. Ford was in Northville Saturday and gave instructions to start work on the dam as soon as possible and to rush the work to completion with all speed. The new dam will be constructed along Griswold street and its embankments will form a sort of horseshoe as they are built up from the basin for his storage of water.

ADDED HANDSOME DISPLAY CASES.

During the past week W. H. Elliott & Son have added to the equipment of their confectionery and cigar department two handsome display cases for the display of candies, cigars and tobaccos. Last week a handsome oak wall case was added to the equipment of the store and the new furniture makes a great improvement in the appearance of the place.

Messrs. Elliott are progressive and believe that nothing is too good for Northville people and they have about as neat and attractive a place of business as one could hope to find.

Howard Balch of Portland, Maine, visited his mother, Mrs. Pearl Balch, a few days this week. He is employed by the Stout Milling Co. of Detroit and has charge of the company's eastern sales.

FORD INTERESTS COMPLETE DAM AT FLAT ROCK.

The latest power project of Henry Ford to reach completion is the new dam at Flat Rock on the Huron river. This work of engineering is unique in that it serves a three-fold purpose.

In the first place, it is a power dam; then it serves as a bridge for highway traffic and at the same time it is also a bridge for the Ford railroad, the D. T. & I.

Power generated at Flat Rock will be used for a lamp factory, to make head and tail lights for automobiles. The number of horse power generated is 700. Construction of the factory was recently started.

The Flat Rock dam will also be used as a sub or "booster" station in the electrification of the D. T. & I., the main generating plant being at River Rouge.

The Huron and Rouge rivers are being extensively developed in accordance with the Ford power policies. At Northville, on the Little Rouge, is a waterpower plant that employs 300 men, making motor valves.

A new factory 50x100 feet, and a larger power dam which will back up a lake of 15 acres will be built at Northville.

Another Rouge dam on the Ford estate supplies electric light and power for his residence, barns and laboratory.

Factory for Women.

A little known development is the Phoenix, on the lower Rouge, where a beautiful factory surrounded by flower beds has been built. Breaker boxes and small hardware are here made by 40 women, for whom every conceivable convenience has been provided. They are paid at regular Ford rates.

One mile below Phoenix is another dam that furnishes power to make machine cutters. The Rouge River is used four times in five miles, each time to run a small factory.

Last winter the Michigan legislature passed what is called the Ford Waterpower Bill. This permits private corporations to condemn 25% of water power sites where the other 75% has already been acquired by the developing company.

This legislation cleared the way for the erection of a \$5,000,000 woolen and automobile fabric factory at Ypsilanti, where Ford had acquired or obtained options on 98% of the site, but with a reluctant majority of 27 blocked further progress.

Public interest is safeguarded in this measure by the provision that the state shall retain title to all lands so condemned and leave them to private corporations. Control of the bases is vested in the State Administrative Board.

Other Rivers Used.

Other Ford water powers now in use or construction are located at Minneapolis, Minn.; Hampton, O. and Green Island, N. Y. At Hamilton, O., on the Miami River 3,000 horse power has been developed and employed in making wheels and wheel parts. This plant will also be connected up with other plants on the D. T. & I. system.

At Green Island, near Troy, the Hudson is made to furnish power for the manufacture of pistons and piston rings. A total of 8,000 horsepower is developed here and plans call for the ultimate employment of 1,200 men.

Ford officials state that these plants are only a beginning. It is Ford's intention, they say, to build a factory on every small waterpower site he can obtain in Michigan. The object will be to give winter employment at city wages to men from the farms in the surrounding territory.

\$100,000,000 to Invest.

When the Ford Waterpower bill was up in the legislature Senator Andrew B. Glaspeie of Oxford, who had been in conference with Ford representatives, said of the results expected from that measure:

"I am not speaking without authority when I say this. This bill means not only the establishment of a \$5,000,000 enterprise at Ypsilanti, but the beginning of a series of Ford enterprises throughout the state which will require the investment of \$100,000,000 and give employment to farmers and their sons and helpers during the winter when they are idle on the farms."

Ford officials corroborate this statement and indicate that Mr. Ford plans not only to generate waterpower for the factories which he proposes to build near the power plants, but also to offer a surplus to other manufacturers. He will try to induce other plants to locate near his sites by the promise of cheap power and thus build up new industrial communities away from urban congestion.

Ford scouts are now touring the state and other states inspecting potential waterpower and making reports to the multi-millionaire manufacturer.—Detroit News.

Redford—Redford now has a rifle club and a range has been secured on the George Currie farm in Southfield township.

Trade in Northville.

WAYNE LIST \$202,146 AUTOS.

According to the report of the motor division of the secretary of state's department, during the fiscal year ending June 30, 1923, \$9,321,927 or above \$2,000,000 more than for the previous year, one-half of the amount to be apportioned back to the counties for highway purposes.

During the year 638,836 passenger cars and 71,488 trucks were licensed, as compared with 486,409 passenger cars and 57,000 trucks the preceding year. Wayne heads the list with 202,146 passenger cars, 25,723 trucks, the total license fees being \$3,201,176. Kent was second with 35,509 passenger cars and 4,276 trucks with fees of \$521,333. Genesee ranked third, Oakland fourth, and Ingham fifth. Financial Record.

The Hudson Coal Co., operating a number of mines in Pennsylvania, discharged one of their employees a few days ago because he loaded unclean coal. And because this fellow disobeyed the rules of the company 4,000 other miners went on a sympathy strike. Yet the labor unions complain they do not have the sympathy of the public.

THE CLARK GROCERY

NORTHVILLE, MICH.

Week's News in Brief

Liner Crew Fined.
London—Seventy-eight members of the crew of the White Star liner Adriatic were fined Saturday on charges of conspiracy to impede the ship's voyage from New York.

Col. Harvey To Return To Britain.
Washington—George Harvey, American Ambassador to Great Britain, who has been on leave in this country for several weeks, will return to London in a few weeks, it was said at the State Department.

Lands 220-lb. Sturgeon.
Brookville, Ont.—The capture of a sturgeon weighing 220 pounds, one of the largest ever landed in this section of the St. Lawrence, is reported from Ogden's Island, where a fisherman named Leclair brought it ashore.

Consul Dies on Auto Trip.
Utica, N. Y.—Major Fred R. Robinson, 49 years old, American consul at Saltillo, Mexico, fell dead of heart disease at a hotel when on an automobile trip from Mexico to Boston. His wife and two children were with him.

Cuts Ear Off While Shaving.
Richmond, Ind.—Ode Parker of this city struck at a fly which was annoying him while he was shaving. He showed it off with his right hand, in which he held a razor, and nearly severed his ear from his head. Seven stitches were taken to hold it back in place.

Farmers To Fight Price Collapse.
Winona, Minn.—Concerted action by farmers to bolster up the wheat price was sought here at a conference of representatives of five hard wheat producing states. The suggestion of Gov. Jonathan Davis of Kansas that the farmers urge a "sellers' strike" was considered.

Smithsonian "Wonder Book" Out.
Washington—"A Book of Wonders" of the scientific world has just come off the government printing presses. It is the annual report of the Smithsonian Institution, in which the newest lore of the laboratories, the observations and the fields is compressed between two covers for the non-technical reader.

"Daddy" 45 Times.
Santa Ana, Calif.—Eighty-eight years old, Romulo Delis, a Mexican farm hand, is today the proud father of a bouncing eight-pound baby girl. The child is the Mexican's 45th, according to Dr. C. D. Bell, assemblyman from this district, who has known Delis 35 years and says he has been married four times.

Rail Workers Refuse Terms.
Neuss, Rhenish, Prussia—The German temporary police here acted as distributors for letters sent by the Rhineland high commission to the idle railway workers, offering them 20 per cent higher wages than they received under the German regime if they would work on the lines running to France. According to German information none of the workers accepted the offer.

Turtle Is 150 Years Old.
Washington—A turtle left in the Tonga Islands by Capt. James Cook, English mariner, in 1773, was found there recently by Capt. E. T. Pollock, governor of American Samoa, says a report to the Navy Department. Despite the established proclivity of the species towards records for longevity, the turtle exhibited signs of extreme age, Capt. Pollock said, adding that it was "blind and when walking creaks like an ox cart."

Removes Pasteur Memorial.
Strasbourg—After a monument of the great scientist Louis Pasteur was put up, the city authorities declared they would not permit such an ugly monument to spoil the beauty of the city; but it was too late to cancel the unveiling ceremonies. President Millerand himself officiated at the unveiling. The next day workmen began to remove the monument by order of city government.

Britain Yields to U. S. Demand.
Washington—Continued delay in forwarding the British reply to Secretary Hughes' ship liquor-rum running treaty plan, coupled with other recent developments in England, have created renewed hope among officials here that the British attitude may not have in the end to be as uncompromising on the 12-mile search and seizure phase of the proposal as Lord Curzon's recent statement in the house of commons suggested.

Fears European Strife.
New York—The tangled European situation bodes evil for this country and for the world generally, Henry T. Allen, former major-general in charge of the American Army of Occupation on the Rhine, said on his arrival yesterday on the White Star liner Baltic from Liverpool. Questioned as to the outlook in Europe, he said that it was black, and asserted that the situation was leading rapidly to profounder misery for the entire world.

INTERVENTION BY U.S. LOOMS

GOVERNMENT LIKELY TO TAKE ACTION TO AVERT STRIKE SEPTEMBER 1

FUEL COMMISSION TAKES HAND

Failure of Operators and Miners to Agree on Wage Scale Rouses Board.

New York—Government intervention looms in the coal crisis, brought about by breakdown of the wage agreement negotiations between leaders of anthracite operators and miners at Atlantic City.

The United States Coal commission, under the chairmanship of John Hays Hammond, went into conference here to study the serious situation following the collapse of the Atlantic City negotiations.

Operators and miners look to Washington to prevent a strike in the anthracite coal fields September 1.

With negotiations completely broken off as a result of the failure of the operators to concede full union recognition, it was admitted that the breach between the operators and miners is such that it can be bridged only by the most powerful pressure.

Both sides quote the Federal Coal commission's report to sustain the position they have taken. The operators point to the plain declaration of the report in favor of an open shop.

The miners point to that section of the report declaring that the wage contract should provide proper penalties on both sides for its violation.

FARMERS ASK ALIEN BAN LIFTED

Minnesota Seeking Russian Help Raps Law Barring Immigrants.

Washington—An attack on present immigration restrictions was launched from a new quarter Sunday. The Minnesota Farm-bureau federation petitioned President Harding and Secretary Davis, Wallace and Hoover to arrange for the immediate immigration for this country of thousands of farm laborers.

Contending that serious labor troubles confront the American farmer because of the attraction of high wages in industry, the petition asks that 40,000 Russians, trained farmers and laborers, now in Jugoslavia and desirous of emigrating to America, be permitted to come here.

Shifting of the basis of the quota law from 1910 to 1830 to change the trend of immigration from southern Europe to northern countries and encourage immigration from farmer stock, also was urged.

Prevailing restrictions have been vigorously challenged for some time by leading industrialists on the ground that they are causing a grave shortage of common labor in the nation's factories, boosting wages, and through them, the cost of living.

FRANCE TO PAY U.S. MILLIONS

Interest on War Supplies Notes Comes Due Soon.

Washington—Announcement is made by the treasury department that \$10,000,000 in interest will be paid to this government by the French government on obligations given the war department in connection with the purchase of war supplies by France. The obligations have no connection with the French war debt growing out of loans made by the United States.

Upon conclusion of the war, the war department sold \$400,000,000 worth of surplus war materials to France, which gave notes for the supplies. The notes are held by the treasury department.

Poland has just paid down more than \$1,000,000 on 7,554 foreign type freight cars which it purchased last winter, partly on cash and partly on credit. The remainder, totalling over \$3,000,000, will be paid at the end of six years.

No payment was made, however, on either the principal or the interest of the nearly \$200,000,000 advanced Poland shortly after the armistice.

Pope Greets American Sailors.

Rome—Pope Pius received more than 100 American sailors in the Consistorial hall. The men, accompanied by a dozen officers, were presented by Monsignor Mooney, spiritual director of the American college.

Takes Turtle for Ride, Sorry.

Butler, Pa.—When George Ardler, motor truck driver for a Pittsburgh concern, passed through Butler county he had never met the old fashioned turtle known as a snapper. He saw one of the queer creatures at the side of the road and stopped and took it into the cab of his truck. The snapper enjoyed the ride for a while, and then started to explore the floor of the cab. Taking a notion for fresh meat he fastened his beak in Ardler's ankle and held on.

More Dresses For Saturday

A large number for women, misses and children have been fitted out at our Special Dress Sales during the past few weeks. We shall offer some more for Saturday and they will be offered at attractive prices. Come in and see them.

NORTHVILLE, MICH., AUG. 3, 1934

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1897, for the week corresponding to this week.

E. J. Cox visited in Lapeer over Sunday.

Abe Rooney has accepted a position at Tecumseh.

Charles Olm is spending the week at Walled Lake.

W. C. Leonard and family have moved to Detroit.

Joe Leadbeater of Egreeland was home over Sunday.

Mr. and Mrs. Carl Daines of Detroit are visiting here.

B. and F. Freydt are receiving a visit from their mother.

Miss Nellie Leadbeater left Saturday to visit Midland relatives.

Mrs. Electa Furman is visiting her daughter, Mrs. Charles Seaton.

Prof. J. B. Gilbert has rented Mrs. Lake's house on Dunlap street.

Misses Mae Starkweather and Ethel Johnson visited in Detroit last week.

Mrs. Alice Ditch and daughter have returned from their visit at Farmington.

Miss Agnes Valerius of Detroit, is spending the week with Mrs. John Scherer.

Miss Alpha Holbrook of Jersey City, is the guest of her cousin, Mrs. James McFarlin.

Earl Whitaker has returned from a three weeks' visit with his sister at Flint and Lapeer.

W. L. Becker has purchased W. H. Ambel's house on Yerkes street and has moved there.

Louise Hutton has been acting as telephone operator this week during Mr. Stilson's absence.

Mr. and Mrs. M. G. B. Swift and daughters, "Mabel" and "Anna of Fall River, Mass.," are visiting Northville relatives.

Josiah Nicodemus, for some 18 years a well known resident at this place, died suddenly Sunday afternoon of heart trouble. He was 64 years of age.

Mrs. J. Dubuay with her daughters, Mrs. B. A. Wheeler, Mrs. Horton and Mrs. C. L. Dubuay and granddaughter, Miss Edith Williams, are enjoying an outing at Bay View.

Beal & Daines captured a \$3,000 job Wednesday—the seating of the new Wonderland theatre. This will be when finished, one of the handsomest houses in this country.

Mrs. Mae Smock, who underwent an operation at St. Mary's hospital, Detroit several weeks ago, was brought home this week. Hopes are entertained for her ultimate recovery.

After a very satisfactory and successful management of the South Lapeer bank since it opened last spring, Harry German resumed Saturday as cashier to take charge of a new bank at Belleville.

Henry DeKay, a well known farmer living west of town, died at the home of his brother, Elmer, Saturday. A severe attack of epilepsy was the cause of his death. He was born in New York state in 1863, but had been a resident of Michigan since infancy. Mr. DeKay was unmarried.

Electric Railroad. It is surely coming from Wayne to Northville. Work on the Plymouth power house has commenced and cars will be running to that place by September.

From Wayne to Northville the new road will run due north to Cady's corners, thence to Tonquish, Newburg, Plymouth, Mead's Mills and Northville, a distance of fourteen miles.

GRAND RIVER HIGHWAY IMPROVEMENT.

The advance machinery on the Grand River paving job has crossed the town line road on its way to Redford. It is breaking up and removing the old concrete and excavating for the new.

The Road Commission is hastening the work as fast as possible and will employ two of the large sized mixers. The grading and removing of the old bed is immediately followed by the gutter layers and they by the concrete gang.

The D. U. R. promises to relay the car tracks in the 24 foot space left in the center and to keep up and go as far as the road work goes this year.

We understand that the Commission hopes to complete the south side pavement to Redford and the north side to the Town Line road before freezing weather compels a cessation of work.—Redford Record.

Mr. and Mrs. Ted Hodges and baby of Redford called on Mr. and Mrs. C. B. Turnbull last Sunday.

Northville Fair, Sept. 25-26-27-28-29.

LUTHERAN CHURCH NOTES.

Next Sunday services will be conducted in German, at 10:30. Holy communion will also be celebrated, confessional service beginning at 10:00 a. m.

Next Thursday the Ladies' Aid will meet at Mrs. E. Teshka's. Lady guests are cordially invited.

BAPTIST CHURCH NOTES.

The pastor's youngest son, Robert H. MacRae, will have charge of the Sunday services the next two Sundays. The pastor and wife will take a vacation and will spend part of the time visiting friends of former fields and at Cooley and Long Lakes.

Wm. H. White will have charge of the prayer meetings during the pastor's absence. The attendance at our prayer meetings is excellent. They are different because they are informal gatherings where everyone feels at home.

Rev. Mr. Shinn of Novi assisted at the services Sunday evening.

Three ladies were baptized Sunday morning.

Fill the church the next two Sundays. It is much easier to peak to people than to empty benches. The speaker is a boy in his teens. Encourage him.

METHODIST CHURCH NOTES.

During the month of August instead of the pastor taking a regular vacation the pulpit will be kept open with sermon every Sunday morning.

Throughout the month, the pastor will be free for the evening. The evening services will be closed until the first Sunday in September.

The sermon for next Sunday morning at 10:30 will be "Strive to Enter."

There are a few of this type who are striving to enter the Christian life. Thus the Master's command "Strive."

This (Friday) evening at 7:30 we have our last quarterly conference to finish up the business of the church.

All officials of the church are requested to be present with their reports. Dr. Addis Leeson will preside. At this meeting also decides the pastor's remaining or removing.

Whatever requests are made in this direction are to be made openly in a frank way. So everybody of the officials and membership are requested to be present and have their say there, not after the meeting or "undercurrent" at the annual conference.

The apostle Paul says, "Let everything be done decently and in order" and in the fear of God.

Sunday school will meet at the close of the Sunday morning service at 12:30.

Next Wednesday, the 8th, all the Sunday school will have their annual picnic at Walled Lake. Everybody will meet at the church at 2 o'clock in the afternoon where autos will be provided to take the children and parents of the children. We will be glad for the parents to come with us.

WALLED LAKE WARBLERS.

The ladies of the Methodist church will hold a mid-summer bazaar next week.

Mrs. Lincoln Benjamin died at her home west of town Tuesday night after an illness of long duration, aged 60 years. Besides her husband she leaves two sons, Orla and Allen of this place, and one daughter Mrs. Roy Regan of Milford. Funeral services were held at the family home on Thursday afternoon.

PICNIC POSTPONED ONE YEAR.

Northville people to whom notices were sent regarding the Northville-Detroit picnic will please take notice that the affair has been postponed for one year. The gathering was announced for Saturday—tomorrow.

Yes, we shall have no picnic this year.

LOCAL.

Mrs. M. L. Parker of Detroit has been the guest of her cousins, Mr. and Mrs. W. H. Tousey the past week.

Mrs. T. J. Tigner, Mrs. W. E. Sailor and daughter of DeRidder, Louisiana, spent a part of last week in Northville, visiting their brother, Merrill Sweet, at the Lansing home.

Northville business men defeated the Plymouth business men in the ball game on the home grounds Tuesday afternoon, the score being 7 to 6. The intense heat kept many away from the contest, doubtless.

Mrs. Myron Taylor has been confined to her home by illness this week.

Miss Laura Trufant assisted by the Misses Barbara Blackburn and Ida Rose Cavell gave a very pretty party Monday afternoon to the Primary class at the Presbyterian church parlors.

The tables were beautifully decorated with flowers and most attractive place cards, while the favors were dainty baskets of pink and blue filled with candies. They were most generously served with ice cream and cake. There were 45 who enjoyed the function.

L. O. T. M. NOTICE.

A basket picnic to Walled Lake (at Mrs. Burch's) Tuesday, August 7th. Autos will meet at Elliott's at 8:30. Trip 25 cents each. Let's all go.

Northville Fair, Sept. 25-26-27-28-29.

SWEET CORN DAYS.

The yellow bandum days are here. The happiest of the year. When we can chew it off the cob. Ode, "No, three, four ear.

FIRST BAPTIST CHURCH

Corner Wing and Randolph.

Away from the noise of traffic but centrally located. Beautiful outside and in. The old time gospel presented in a pleasing and up-to-date manner.

LET US SHOW YOU THAT YOU ARE WELCOME.

LOCAL.

The interior of the Masonic Lodge rooms are being renovated and redecorated.

Miss Hazel VanSickle attended a meeting of the Employees' association of the Michigan State Telephone Co. at Ann Arbor, Monday.

The Ladies' Auxiliary of the Salem Congregational church will hold an ice cream social on the lawn at the home of Charles Payne, in Salem, on Friday evening, August 17th. Ice cream and cake will be served. Ladies please bring cake.

The Taylor family reunion was held at the home of Mr. and Mrs. Clay Calkins in this village last Friday. There were 117 present; guests being here from Petoskey, Detroit, Alma, Ann Arbor, New Hudson and Northville.

A bountiful dinner was served to which all did ample justice.

Farmers living along the Pepper road, just outside of Detroit made a rally and "peppered" some chicken thieves a few days ago, driving the fellows away after they had cleaned one farmer's hen house of about 40 chickens.

The old shot gun comes in mighty handy once in a while. Northville's DeMolay ball team was defeated at Lansing last Saturday in a game that required eleven innings, the final score being 8 to 7, in favor of Lansing.

When Lansing played here some weeks ago it required eleven innings to determine the result of the contest also. After the game the visitors were entertained at dinner.

Last Sunday evening the members of St. Paul's Lutheran church gave their new pastor, Rev. C. Eissfeldt, a social reception at H. Schutte's country place. The pastors, Gugel and Claus, from Detroit, with their families, and Rev. Krahnke, city missionary, and Rev. Lorenz, from Arenzville, were present. Words of welcome were addressed by these gentlemen to Rev. Eissfeldt, who responded, expressing the hope that he would find a warm place in the homes and hearts of his new parishioners.

The company was entertained by music rendered by impromptu orchestra and by an elaborate lunch, served by the ladies of the congregation. All members are determined to assist their pastor in making St. Paul's Lutheran congregation a success.

THE TENANT HOUSE OF SEVEN DEVILS

Mary of Magdala had been possessed of seven demons—a perfect devil as it were—and of very little value to herself.

The strength and vitality absorbed by the devils within was restored to Mary so that her faith was again in operation.

Did you ever consider how many devils are in your make-up? Are you as free as you think you are? What about fear—jealousy—hatred—hot temper—meanness—and all the others?

These devils within are like grit in axle or bearings—they take power that is more valuable in other directions. You get rid of the Power, leak as quickly as possible.

Mary once disqualified for usefulness is now restored. She shows how grateful she is by giving substantial aid to Christ in His program of saving others.

Your fellow men need all help they can get from you. How can you help if an evil power is your master? Bring your assortment of devils to the One who can and will restore.

C. A. DOLPH BIBLE CLASS

METHODIST SUNDAY SCHOOL

First Presbyterian Church

Vacation days are here, and we would fain forget all things that trouble and oppress, and as we wander here and there in search of nature's beauty spots or pick our tresses on shores of crystal lakes and banks of careless wandering creeks so many things remind us of the One who walked and taught beside the sea of Galilee and climbed the mountain's silent steep to talk alone with God. The eternal loneliness of hill and dale, of lake and stream proclaim to us that God is good. Each fragrant rose and twining vine, each waving branch and woodland flower is but His pleasure smiling down upon the earth. Flowers blossom unseen of man, yet they are contented because God sees and cares, and far removed from human ear the royal minstrels of the air pour forth their praise to Him who notes every sparrow's fall. So then let us, though far away from pealing bell and organ melody, remember that God sees and cares, knows each secret thought, hears every whispered prayer.

NO SERVICES DURING AUGUST

THE FRIENDLY CHURCH

Ford Day

At the Northville Fair

Wednesday, September 26th.

Wednesday of fair week, September 26th, has been designated as Ford Day by the management of the Northville Wayne County Fair and plans are being made to make the affair an eventful gathering in honor of this Universal Car and its distinguished maker. The following prizes are being offered:

In all cases of accidents or sickness, FIRSTAID is necessary. "FIRSTAID" is the name given to a complete line of emergency and sick room needs, most of which should always have a place in your medicine cabinet.

FIRSTAID ANTISEPTIC ABSORBENT COTTON, the quality that your doctor uses and recommends, in the new convenient, patented package, making it very economical in use, and keeping all the unused parts clean and sterile.

FIRSTAID MEDICATED PLASTERS: Kidney, Belladonna, Belladonna and Capsicum—and the special FIRSTAID QUICK ACTING PLASTER, larger than the usual plaster, and made to act on the affected parts with the least possible delay. The demand for this plaster proves its enormous success, and we strongly recommend it.

FIRSTAID GAUZE BANDAGES in all necessary sizes, thoroughly sterilized, and of superior quality and conveniently packed.

FIRSTAID CLINICAL THERMO-METERS—Every fever thermometer bearing the Firstaid name has passed the Massachusetts State Examination, which means that they are up to a standard of correctness, that prevents errors which are sometimes made when a thermometer registers incorrectly. When it becomes necessary to use a Fever Thermometer it is imperative that it should be correct because health and sometimes a life depends on it.

YOUR RETAIL STORE SELLS ONLY FIRSTAID CLINICAL THERMOMETERS AND GUARANTEES THEM.

ADHESIVE TAPE is used for hundreds of purposes in addition to its medical and surgical use. It is as fine a quality as can be made, both as regards the fabric and the adhesive medication.

FIRSTAID Hospital and Sick Room Supplies, also include bed pans, urinals, health belts, suspensories, etc., etc. FIRSTAID Products can only be obtained at

C. R. HORTON

NORTHVILLE, MICHIGAN.

LOCAL

Miss Pearl Hodge of Pontiac is spending a week with Mrs. C. B. Turnbull.

C. L. Blackburn is enjoying a vacation from his duties in the office of the county clerk.

Dr. J. A. Miller of Farmington caught a five-pound pike in Walled Lake one night last week.

H. King and daughter, Mrs. Carrie Monahan of Ann Arbor, visited at R. M. Terrill's Friday and Saturday.

Supt. A. J. Helfrich was among the number to receive degrees at the Normal College at Ypsilanti on Thursday.

Mrs. James Laraway of Grand Rapids, is here caring for her sister, Mrs. Mark Robinson, who is seriously ill.

Mrs. E. A. Keeney and daughter, Isadore, returned home Sunday from a visit with relatives and friends in Iowa.

Mr. and Mrs. J. H. Baiden and son, of Plainwell have been guests at the home of A. C. Baiden during the past week.

Mr. and Mrs. F. Gary of Detroit, J. Vulliamy and Louis David of Strathmore called on R. M. Terrill and family Sunday.

Messrs. and Mesdames M. N. Johnson and Leroy Stewart returned home Tuesday from their motor tour through the east.

Mr. and Mrs. Lamb and family of Detroit, Mr. and Mrs. Hall of Denton were Sunday callers at the home of Mrs. Anne Noble.

Scott Montgomery left Wednesday night for Daytona Beach, Florida, where he has accepted a position to play in an orchestra and band.

Mrs. May Emery and Miss Elizabeth Emery of Detroit visited at the home of the former's sister, Mrs. Spencer Clark, Tuesday and Wednesday.

Mr. and Mrs. Glenn Richardson and family, Mrs. Fange Bennett and Mr. and Mrs. John Schultze are spending the week at the Northville lodge at Mio.

Redford's new consolidated school will require the services of 60 teachers next year and a lot more room than its present building will supply.

Mr. and Mrs. J. Helfrich and Dora will leave today for Capac to visit relatives and friends. They will spend the remainder of the summer at Capac and Columbiaville.

John McCully started excavating for the basement of a new residence he will erect on North Center street, at the corner of Randolph, this season.

Mrs. S. L. Brown left Monday for Cleveland, Ohio, to visit Miss Cora Banks for a few days. The ladies will visit Niagara Falls before Mrs. Brown returns.

Mr. and Mrs. J. A. Helfrich and son, Howard, of Columbiaville, spent the week-end at the home of Mr. and Mrs. A. J. Helfrich, returning to their home Sunday afternoon.

Over at Farmington recently two doctors and one undertaker enjoyed a fish dinner together. That's getting pretty chummy for the health of the community, don't you think?

Mrs. Charles Yerkes is improving the appearance of her residence on the Base Line road. New porches are being added and the house is being treated to new paint, making a decided improvement in its appearance.

Henry Ford was 60 years of age on Monday—July 30th. and judging from all reports he was "hitting" all cylinders and rattling along in "high". Here's hoping he may enjoy many more birthdays and increase his speed with his years.

The former teachers, pupils and friends of school district No. 3, Livonia township, will hold their reunion at the school house on Saturday, August 11th. A pot-luck dinner will be enjoyed, but all are requested to bring dishes.

Rev. and Mrs. H. E. Sayles, well known to many Northville people, are feeling pretty happy these days all on account of a little grandson who arrived at the home of Mr. and Mrs. Harry B. Sayles of West Palm Beach, Florida, a few days ago.

On Wednesday, July the 18th, Master Gordon Hogle, son of Mr. and Mrs. Ralph Hogle, celebrated his 3rd birthday anniversary. Mrs. Hogle gave a dinner party and invited his cousins, Bobbie Hogle and Lucile Simmons. His grandmother, Mrs. Chas. Ely, and cousin, Charles Ely, were also present.—Farmington Enterprise

The Record is in receipt of the official program of the Cheyenne Frontier Days, an annual celebration held at Cheyenne, Wyoming, last week. It is regarded as the world's greatest round-up of cowboys, cowgirls, Indians, thoroughbred and wild horses, cattle and bucking broncos and is attended by large crowds each day.

Mr. and Mrs. H. A. Bradley, who have resided in Plymouth for 25 years, where Mr. Bradley has been employed by the Daisy Mfg. Co., have moved to this village. In mentioning their departure from Plymouth the Mail stated that Mr. and Mrs. Bradley have made many friends in Plymouth during their residence there, who will regret their removal from the village, but wish them success and prosperity in their new home.

T. G. Richardson is building two bungalows in this village.

F. S. Neal assumed his new duties as postmaster on Wednesday.

Born to Mr. and Mrs. Ralph Forman on August 2, a son, Lewis Frederick.

A postcard received from the Cochran, mailed at Fargo, North Dakota, July 29th, stated they were all well and having a delightful time.

Miss Martha Horton is attending the summer school at the University of Colorado, being held at Boulder, Colo. She will be absent several weeks.

Mr. and Mrs. Delbert Cohee and son, Mr. and Mrs. Harley Cohee and Mrs. Frank Hadden, all of Atlas, were visitors at the Baptist parsonage, Sunday.

Mr. and Mrs. J. E. Naps of Detroit and Mrs. Kenneth Groom and little son of Mt. Clemens, were week-end guests at the home of Mrs. E. J. Tremper.

Mrs. J. W. Lay and Mrs. Arthur Stillwell are enjoying a visit with Mrs. Stillwell's mother at Aylmer, Canada. They motored through and will remain a week or so.

George D. Ferguson of South Lyon has sold a half-interest in his implement business to F. E. Frasier of Flint and the business will be conducted under the firm name of the Farmers' Hardware Supply Co.

Reginald Hills had the misfortune to break an axle of his Ford touring car on the Seven Mile road Sunday Monday forenoon while the machine was being towed to this village. It took fire and was completely destroyed.

Dr. L. A. Ketchum left Wednesday for a visit to her old home at Glendive, Montana, where she will spend several weeks with relatives and friends. She contemplates a visit to Yellowstone National Park before returning to Northville.

Mr. and Mrs. R. C. Yerkes returned to Northville last week from an extended stay in Arizona. The change in climate proved most beneficial to Mr. Yerkes, a fact his many friends will be pleased to learn. They expect to return west in the fall.

Charles H. Ely of Farmington, father of C. R. Ely of this place, returned home last Friday from Rochester, Minn., where he went with his son. He stated to a representative of The Record on Monday that the physicians in charge of Mr. Ely's case, told him he ought to go home and rest assured that everything was coming out all right, and that Carl will be able to come home within a few weeks as well as ever.

E. J. Verduyn, of Novi, superintendent of the horticultural department of the Northville Fair, was in the village on Tuesday and when asked what the prospects were for a good fruit display this fall, he declared we will have a better and bigger show than last year. When one recalls the fine display of last year it would seem that Mr. Verduyn has tackled a pretty big job. But he is capable of putting the idea across.

Now the Easy has Three Vacuum Cups

The new model EASY is a 3-cup washer, differing in this respect from all previous models.

The importance of this new feature cannot be overemphasized, for it has direct bearing upon the efficiency and speed with which it washes the clothes.

Just as the old model EASY with two vacuum cups had a distinct advantage over washers having only one cup, so the new model EASY with three vacuum cups is eminently superior to machines having only two cups.

Before buying an electric washer, make it a point to see the exhibit of the New Model EASY in our store—on phone for a free home demonstration. You will then be posted on the latest development in electric washers.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

RAIN FAILS TO STOP FARMERS' DAY CROWDS.

In spite of a drizzling rain, which started early in the morning and kept up practically all day, thousands of farmers gathered at East Lansing on Friday, July 27, for the annual M. A. C. Farmers' Day. Official figures on attendance, given out by Chairman E. B. Hill after a careful check, place the crowd at between 5,500 and 6,000, a new figure for similar gatherings in this state.

O. E. Bradute, president of the American Farm Bureau, delivered a strong plea for organization among farmers in order that they might act with power in solving the major problems which confront them at present. Transportation and marketing fields were mentioned by the bureau executive as among the most important. Bradute also spoke of the close cooperation which must exist between cooperative farm groups and the agricultural and extension forces of state agricultural colleges and the federal government.

Inspection of crops, experimental plants, a livestock parade in which dozens of blue ribbon winners from the M. A. C. herds took part, conferences, a concert by the Red Motor Car company band, and other features marked the day. President R. S. Shaw presided at the afternoon meeting, which was moved to the college gymnasium because of the rain. Eben Mumford, of M. A. C., seconded

Mr. Bradute on the speaking program, delivering an inspiring address on vital factors in rural life.

Novi News.

Work is progressing on the cement road east of Novi.

Miss Benadine VerDuyn is visiting friends and relatives in Detroit.

Rev. and Mrs. Frank Osborn left last week Tuesday for their summer vacation.

Mr. and Mrs. Ross Kenner and children have moved into their new home on Grand River.

Mrs. Lizzie Coates is now occupying her home recently purchased of John Green on Grand River.

Mr. and Mrs. E. J. VerDuyn were called to Windsor last Friday by the illness of the former's sister.

Mr. and Mrs. George Larimer are the proud parents of a baby daughter. Mrs. Lorine was formerly Miss Lena Barant.

Mrs. Clem. Gage and Stephen Gage and son, David, of Saginaw, spent a few days during the past week with Mrs. R. D. Stephens.

Mr. and Mrs. Clyde Putnam and Mrs. Grant Putnam visited Mrs. Marion Chapman at Pontiac Sunday. The party motored to Elizabeth Lake where a fine dinner was enjoyed.

Mrs. Frank D. Clark will entertain the Baptist Mission Band at her home on Thursday, August 9th. Miss Jessie Clark and Mrs. Edna Hills

assisting. All members are urged to be present at this gathering.

On Friday evening, August 10th, there will be an entertainment given by Mrs. Minnie Gillett and Mrs. Melba Spinney, consisting of several fine musical numbers, readings, recitations, etc. There will also be some numbers by home talent and this will be an enjoyable evening at the Novi Baptist church. These ladies come well recommended, having put on these entertainments at other places, and those having the affair in charge are hoping for a full house. The admission is within the reach of all, so you can have enough to spare for your ice cream. Children over 1 year to 12 years, 11 cts. Adults over 12 and under 99 years, 25c. No one excluded on age limit. Everybody welcome—young folks, old young folks, little folks and big folks. Novi Baptist church, Friday evening, August 10th, at 8 o'clock. Under the auspices of the Blue Team of the Women's Mission circle.

THE GARRICK NEXT WEEK.

"Six Cylinder Love" a farce taken from a story by William Anthony McGuire, and one of the happiest vehicles to visit Detroit last season, will be the offering of the Bonstelle Company at the Garrick next week.

It will be Neil Martin's week as he will play the role originally interpreted by Ernest Truex. The Sterlings buy a second-hand car shortly

after their marriage, and in order to buy same mortgage their home. Of course the car necessitates belonging to a country club and entertaining friends lavishly. Ere long a second mortgage is necessary, and while waiting for the proper details to be attended to, Gilbert Sterling helps himself from the cash drawer of his employer. His embezzlement is discovered and the employer denounces him before his friends, who turn the cold shoulder and refer to him as "a good old wagon, but done broke down."

TO HOLD ANNUAL REUNION AT PLYMOUTH.

The 43rd annual reunion of the Sixteenth Michigan Volunteer Infantry will be held in Plymouth, on Thursday, August 16th. The business meeting will take place at the village hall at 1:30 o'clock, and a banquet will be served the veterans at the Methodist church dining room at 6:00 o'clock, p. m. Charles Pitcher of this village, is president of the organization, and has charge of the local arrangements for the reunion—Plymouth Mail.

New Body Designs
Greater Beauty
Greater Comfort

Increased Power
Finer Performance
Greater Smoothness
Greater Economy
Longer Life

The New Hupmobile

We feel sure that every Hupmobile owner, or even observer, will agree with us that in order to dominate its field, the Hupmobile has only to improve upon its own past.

In this new Hupmobile, that triumph has been accomplished in every important essential—with results in performance so brilliant that they validate more strongly than ever its legitimate right to be called the best car of its class in the world.

We direct the attention of Hupmobile owners in particular to these results, which they can absolutely count upon in the new Hupmobile:—

Noted as the Hupmobile has always been for settling down instantly to smooth, steady straight-ahead going, this new Hupmobile has a coasting, skimming quality that surpasses any Hupmobile which has preceded it.

Prized as the Hupmobile has always been for smooth operation, this new Hupmobile is even more free from noticeable vibration.

Celebrated as the Hupmobile has always been for snapping away in the

flash of a second, this new Hupmobile is even quicker on the trigger than any Hupmobile before it.

Easy-riding as the Hupmobile has always been, this new Hupmobile—in front and rear alike—outdoes all of its predecessors in bump-absorbent spring action and restful riding.

Comfortable as the Hupmobile has always been, this new Hupmobile is more roomy and affords greater convenience to driver and passengers alike.

These magnificently improved performance qualities are produced by the engineering and other changes detailed below

The new Series R-12 Hupmobile embodies improvements in motor, clutch, and transmission, in addition to a longer chassis; and new body models throughout.

The net results of the engineering improvements are longer life, still smoother operation, better engine operating balance, an increase of power, and pronounced increase in acceleration and economy.

Heavier crankshaft, counter-balanced, with bearing areas 20 per cent greater. Light-weight alloy pistons and connecting rods.

Maximum increase in power, about 10 per cent.

New two-plate clutch affords silent gear changes at all speeds.

Transmission gears high carbon alloy steel, oil-treated and tempered—larger, heavier, longer-lived.

Wheelbase lengthened to 115 inches. Length of front springs increased to 37 3/8 inches; the rear springs are increased 5 inches, to 56 1/2 inches.

Frame now 6 inches deep. Five heavy cross members.

Spring shackle bolts increased 50 per cent in bearing surface.

Radiator 2 1/2 inches higher, improving both appearance and cooling efficiency.

Newest style full crown fenders.

Drum headlights on all models—nickel-plated on the special types.

Touring Car—Finish, new Hupmobile blue, striped in lighter blue. Top clear vision type, with no rear upright bow. Each storm curtain has rigid metal frame which prevents the curtain light becoming scratched or cracked, makes curtains

fit even more closely, and their installation much easier and quicker.

Roadster—Body entirely new. A fast, smart, rakish runabout.

Special Touring and Roadster—Steel wheels, nickel-plated radiator, headlights and cowl lights; scuff plates.

Sedan—A graceful sweeping curve marks the line where body and cowl meet; rear body corners gently rounded, windows reduced in height, and made wider. Upholstery very durable gray cloth, body hardware bright nickel. Equipment includes rear view mirror.

Coupe—Four Passenger—Gracefully rounded curves instead of bevels and corners. Upholstery, body hardware and equipment same as Sedan.

Coupe—Two Passenger—Roof slightly lower, space under rear deck increased.

Driving the New Series R-12 or riding in it is a real revelation. See it Now

PRESIDENT IS SERIOUSLY ILL

PHYSICIANS ATTENDING CHIEF EXECUTIVE DECLARE HIS CONDITION GRAVE

VICTORY DEPENDS ON STRENGTH

Mrs. Harding Changes From Patient To Nurse—Panama Trip Also Cancelled.

President's Headquarters, Palace Hotel, San Francisco—Gravely ill with broncho-pneumonia, President Harding battles for his life.

The five executives attending the chief executive told it is known that they used the word "fight" advisedly when the last statement from the sick chamber was issued, adding, however, that Mr. Harding was "well adapted" from a temperamental standpoint to make the "fight" a strong one. Just before this statement was made, Brigadier General Charles E. Sawyer, the president's personal physician, told newspaper men much depended on the defensive strength of the patient. If he could summon strength to resist the attack upon him, General Sawyer said, there would be a victorious issue.

The development of pneumonia was one thing which Brigadier General Sawyer had said less than two hours earlier that he feared, almost above all else, as a complication.

The bulletin issued at 9:10 p. m. (12:10 p. m. Detroit time) read as follows:

"Definite, central patches of broncho-pneumonia in the right lung are indicated clinically and by the x-ray. Nourishment is being taken regularly and the abdominal symptoms are less noticeable."

"While his condition is grave, he is temperamentally well adapted to make a strong fight against the infection."

(Signed) C. E. SAWYER, M. D.

"RAY LYMAN WILBUR, M. D.

"C. M. COOPER, M. D.

"J. T. BOONE, M. D.

"HUBERT WORK, M. D."

Mrs. Harding, who has been on the sick list, has cheerfully assumed the burdens of the sick room still smiling, displaying a courage that has won for her the admiration of every member of the presidential party.

The return to the Atlantic coast by way of the Panama Canal, Porto Rico and the Virgin Islands, which was the original plan, virtually ceased to be a matter of consideration during the day, although official announcement of its abandonment was temporarily withheld.

ALLIES IN RUHR SEND REPLY

French and Belgium Answer England. On Reparations Parley.

London—French and Belgian replies to the British reparations communication has been delivered to the foreign office.

Comte de St. Aulaire, and Baron Monchaux, respectively French and Belgian ambassadors, left written, but not identical documents with Lord Curzon.

The Italian ambassador saw the British foreign secretary but submitted no note.

The light of publicity seems likely soon to be thrown on the present reparations negotiation through an airing in the house of commons, which is to adjourn Thursday.

It is anticipated, Prime Minister Baldwin will outline the British policy.

The fact that the German government weathered the threatening week-end with its forecast of possible chaos to be brought about by the communists has caused British observers in the German capital to believe that Chancellor Cuno can hang on for another two months even with conditions continually growing worse, says another dispatch from Berlin.

The chancellor's resignation before the outcome of the present Allied negotiation preparatory to answering Germany's latest reparations offer is not expected, the message adds.

OFFER CONTROL IN COAL PRICES

Bituminous Operators and Fuel Commission Make Agreement.

Washington—Bituminous coal operators gave assurance to the federal coal commission that through an emergency organization, they will meet the fuel needs of the country in the event of an anthracite strike.

Furthermore, they offered to agree to a price control arrangement similar to that placed in effect by Secretary of Commerce Hoover last year in order that there may be no profiteering.

On top of this the operators proposed that a permanent plan be worked out by which information relative to costs of production, wages and earnings of operators, might be gathered by either the department of commerce or the interior department.

In proposing a voluntary arrangement along this line, the operators reversed the policy pursued when they refused to report costs to the federal trade commission and carried on a successful fight in the courts against it.

STATE NEWS IN BRIEF

Big Rapids—Mrs. Wells Smith, retiring president of the board of education, died last week after a long illness.

Lansing—Governor Groesbeck recently appointed Claire R. Black, Port Huron, judge of probate for St. Clair county, to succeed George L. Brown, deceased.

Conklin—Charles L. Bean celebrated the twenty-fifth anniversary of his appointment as postmaster here. Mr. Bean has been appointed by five successive presidents and has seen the birth of the rural free-delivery, parcel post and postal savings.

Grand Rapids—The second annual Kent county farm boys' camp will open August 27 at Barlow lake and will continue five days. Accommodation for 40 boys is being arranged. F. J. Walsh, of Cedar Springs, is chairman of the camp committee operating under the county Y-M-C-A.

Mt. Pleasant—The berry and fruit crop in Isabella county is said to be exceptionally large this year. The crop of wild huckleberries has been the largest in the history of the county, according to pickers who have come from all parts of the state. The cultivated fruit also promises a bumper crop.

Ann Arbor—Professor Edward Erikson, assistant professor of structural engineering in the University of Michigan, will leave Michigan September 15 to take a teaching position at Purdue university, Lafayette, Ind. In his new position he will be head of the structural department of the civil engineering college.

Cheboygan—Miss Anna R. Banks, county boys' and girls' club leader, is to conduct a club camp school of instruction for county club members in the state park at Indian River on the bank of Burt lake, August 6 to 10. Experts from the M. & C. will demonstrate special work, including that done by poultry and live stock clubs.

Albion—Mrs. Mary E. McDonald, head of the hospital at Elkhart, Ind. and former superintendent of the Albion city hospital, has been named jointly by the city council and city hospital board, as head of the Sheldon Memorial hospital now in the course of construction here. It is expected the hospital will be finished about January 1.

Lansing—State Superintendent of Public Instruction Thomas E. Johnson, announced he had appointed A. F. Westphall, member of the faculty of the state college of mines at Houghton, as assistant superintendent of public instruction. Westphall will succeed Floyd A. Rowe, who resigned effective September 1, to accept a position as director of athletics in Cleveland public schools.

Bay City—Word was received here of the death of Mrs. Frank Ayers, at a hospital in Detroit. About a month ago Ayers, who was engineer of the "Cannon Ball" flyer of the Michigan Central, was killed in a wreck at Grayling. Mrs. Ayers was ill at the time and was brought to the city in a specially fitted Michigan Central car from Detroit. She returned for treatment following the funeral.

Mt. Pleasant—A survey of the enrollment records of the summer session at Central normal show that almost all the counties in the state, 64 to be exact, have representatives at the Central Michigan educational institution. Isabella county leads with 270 students. Saginaw is second with 119, and Grafton third with 114. Montcalm, Midland, Osceola, Shawassee and Bay all top the half hundred mark.

Lansing—According to information received from the federal government by the state conservation department, \$246,500 will be available for forest fire protection in Michigan this year. The federal government will advance \$21,500. The last legislature appropriated \$225,000 a year. The total is about twice as much as was spent last year. The money will be used to extend the fire-fighting and patrolling organization and perhaps to erect some new fire towers.

Monroe—Convict McCabe, Number 12048, was the first prisoner to escape from the highway camp on the north end of the Dixie highway near Monroe. McCabe was assigned to drive a motor truck, hauling material for the work on the road. With his machine loaded he started out toward South Rockford, with instructions to report to the guard at his destination. When he did not return an investigation revealed the deserted government truck parked at the side of the road.

Lansing—Henry Ford Tuesday filed an application with the Michigan public utilities commission asking a right to run his line, the Toledo & Ironton railway, direct from Raisinville through Dundee into Lenawee county, where it will connect again with its own line. He proposes to build about 25 miles of new track almost directly through sections of Monroe and Lenawee counties. Engineers of the commission figure that it will save better than an hour in running time for his trains and help maintain better service.

2. John R. Street.
3. Woodward Avenue.
4. Second Avenue.
5. Third Avenue.
6. Hamilton Avenue.

POP GEERS 72 AND GOING A MER- RY CLIP.

Pop Geers, who is 72 years old, and
still an active reinsman, opened the
Grand Circuit trotting and pacing
meeting at Deerpark Park, at Wind-
sore, Thursday.

The old man, who is an institution
in harness racing, might well be
termed the world's marvel.

Polse, nerve, yes, even strength—
are required to drive spirited animals.
Pop Geers has all these things and,
add to them, a great well of experi-
ence he has gained in decades of
racing.

Many recall the horse-and-buggy
days when the "old gentleman", of
the family, usually in his sixties, was
given the old mare to go to town.
He did not or was not allowed to
drive a young horse. "Something
might happen." The "old gentleman"
simply sat in the seat and let the old
mare jog him over familiar roads into
the village.

No such conditions are marking the
old age of Edward F. Geers, who was
born on January 25, 1851, in the town
of Leabon, Wilson county, Tenn. Pop
Geers still drives faster, more spirited
animals than many youths would
capable of holding the reins on. And he
drives with a strong hand, with a
keen mind for the quirks of the track,
and with a superior knowledge of
what is the horse's mind that speeds
before him.

OBITUARY.

Frank A. Brass was born at
Dyplain, Clinton county, Michigan, on
March 8th, 1850. He was married to
Miss Amanda Dunsen in 1871, and to
this union one son was born. His
wife and companion was called to the
better world in 1887. He was con-
verted at the age of 26 years and felt
the call to the ministry soon after,
but did not take up the active work
until the year of 1897. In 1893 he
was married to Mrs. Horense Eliza-
beth Barry.

His pastoral work has all been done
in Michigan, excepting one and one-
half years in Indiana. He began his
first work at Bushwell, Montcalm
county, serving three churches for
four years, then moved to Carson
City, alternating every Sunday morn-
ing and evening with the Crystal Lake
church, which was an eleven mile
drive. He served two churches in
Indiana then came to Gobleville, Van-
Buren county. He was with that
church four years when his health
began to fail. He felt the need of
rest for a year at least, but for only
three months did he rest, when he
came to the Novi church from there
to Walled Lake where he bought his
auto and a boat, and by keeping out
of doors all he could, he seemed for
a time to be better.

He moved from Walled Lake to
the Northville church which he served
for nearly four years, going from
there to the Wixom church. After
four years with the Wixom church
he resigned and that summer he did
supply work, then came again to the
Walled Lake church for the second
time where he worked so faithfully
with his people, and they with him,
until he failed at two different times
in the pulpit and realized the time
had come when he must give up the
work he so dearly loved, but he still
went on with funerals and weddings
as he was called upon by the dear
people who loved him so well and
who have ministered to his physical
needs in his last days, so faithfully.

He went home to the Glory World
to meet the dear Savior and loved ones
who had gone before in the early
morning hours on July 25th. He had
lived the allotted time, three score
years and ten, three years, four
months and seventeen days.

He leaves to mourn, his wife, one
sister and brother, his son and three
step-daughters, who were always so
dear to him, and he to them, besides
a host of neighbors and friends.

Funeral services were held last
Saturday and were conducted by Rev.
E. E. Sayles at the Walled Lake
church. Burial took place at Wixom
and Northville Lodge, F. & A. M., by

special request conducted the burial
services at the grave, being assisted
by members of Commerce Lodge.

THE P. M. OVERHEAD E. R. BRIDGE ONCE MORE.

The following letter to Attorney C.
C. Yerkes and the Northville Auto
club, is of further interest, coming
as it does from the Public Utilities
Commission under date of July 26:
Mr. C. C. Yerkes, Attorney,
Northville, Michigan.

Dear Sir: I have your favor of
the 23rd inst., enclosing copy of let-
ter sent to Mr. Frank Alfred, of the
Pere Marquette Railroad company.
I am very sorry this matter has
been held up so long. We might
have made an order requiring the
Pere Marquette to stand all the ex-
pense of the construction of this
bridge but they would simply have
gone into court with it the same as
they did in the Grand Blanc case.
That case was taken into the supreme
court a year ago and went over from
term to term, and I supposed had been
submitted, but when I inquired of one
of the justices of the supreme about
it, he advised me that the brief had
not yet been filed by the Attorney
General's department, but that the
case had been submitted and heard
the brief. I immediately took the
matter up with the Attorney General's
department and insisted on getting
out the brief.

In preparing the brief I convinced
myself more than ever before that
the railroad company is liable for the
cost of maintaining this bridge at all
times; and I am in hopes an opinion
will be handed down in this case be-
fore very long. In the meantime we
are helpless so far as your case is
concerned and we have others before
us in the same condition.

As soon as this matter is disposed
of in case the courts should sustain
our position in this matter, it is
likely the railroads will carry out our
orders, where the facts are similar
as in this case of yours.

Very truly yours,
MICHIGAN PUBLIC
UTILITIES COMMISSION.

By Sherman T. Handy, Commissioner

AND THE PUBLIC PAYS.

Of course the conference between
the mine operators and the miner's
union which has been in progress at
Atlantic City for the past few weeks
failed. Can you imagine a more de-
lightful place in which to hold a con-
ference on the coal situation than at
that popular resort city? The con-
ference was a failure before it started,
and those in attendance knew it would
be. So long as the operators and
miners can keep up their quarrel both
sides of the controversy will benefit
to the expense of the public and what
do they care for the public? And
in the meantime the jobbers and
wholesalers will shake the public
down for every dollar they think they
can get for coal. We believe the
coal situation just now is of more
importance to the American people
than "their foreign relations" or any
other relations and the present ad-
ministration at Washington will make
a big mistake if they do not do some-
thing to prevent the public from being
squeezed again this winter.

NOVI BOARD OF COMMERCE TO HOLD ANNUAL MEETING.

The Novi Board of Commerce will
hold its annual meeting on Tuesday
evening, August 7th, at 8:00 sharp, at
the Novi Town Hall for the purpose
of electing new officers for the com-
ing year and for the transaction of
any other business that may be
brought before the Board. Let us
all turn out for that night and have
a good time. A free lunch will be
served.

FRANK DEER,
2wlc President
