EVERYTHING IS NOW IN READINESS FOR FAIR WEEK

Bushel of wheat
Bushel of rye
All who ain't ready
Holler!

Next week will be Northville Fair Week—an event for which many of our citizens have been working and planning and looking forward to for weeks and months. To most of us this annual event has become to be regarded as a community reunion at which we are to meet and greet old friends and to form new acquaintances. These friendships thus renewed and these new friendships formed are what makes our fair a success, in spite of all the splendid display of livestock, grains, fruits, poultry, vegetables or fancy needle work which the people bring from near and far to add to the interest of the exhibition. We must have all these things to make a fair of course, but no one would care to attend each year the first day and the last if it were not for the fact that the annual gathering affords them an opportunity to meet and greet old friends and acquaintances.

If the weather permits we believe next week's fair will be the largest and most interesting one yet given by the society. Officers and committees have worked hard and faithfully and they are assured that all available space will be filled, in fact more space could be used to splendid advantage if it could be provided. The programs for the several days will be crowded pretty full and if you see all the interesting things and hear all the interesting things to be offered you will be busy indeed, but the days are long and you can come early and stay as late as you desire.

The week will be one of real enjoyment to those who delight to hear good band music because we are not only to have our own band for five days, but we are also to have the Redford band, the Ford Motor Company's band, the Cass Tech band of Detroit and the Grotto drum corps. The race program will also afford great pleasure to those who enjoy racing, and to a great many people there is no finer sport, in spite of the fact that but few horses are seen upon our highways any more. And the base ball fans will have their "fill" this year with eight teams to contest in a base ball tournament for which \$800.00 in prizes are being offered. The free attractions to be given on the platform in front of the grandstand each afternoon and night are all of a high class and will greatly please.

The American Fireworks Co. of Chicago has charge of the fireworks display to be given four nights and this feature will delight old and young.

The Ford Motor Company's exhibit will be both interesting and unique and the swings and rides will provide amusement for all. The various departments will be filled to overflowing and the displays will be worthy of a careful inspection and the poultry exhibit will fully sustain the reputation the Northville Fair has gained in former years. The art department and the boys and girls club displays will be of special interest this year.

Wednesday will be Ford day and children's day, Thursday will be Plymouth day, Friday Redford and Farmington day, Saturday Detroit day. The base ball tournament will open Tuesday afternoon with Franklin and North Farmington as the contenders for the Red honors. See announcements elsewhere for the remainder of the schedule.

Up to and including Saturday night of this week you can purchase three tickets of admission for only \$1.00. This plan will save you 50 cents if you attend three days and of course you will. The tickets can be used by any one when presented at the gates.

CHILDREN'S DAY AT NORTHVILLE FAIR.

To enable all the children to visit the Ford exhibit at the Northville Fair next week and to enjoy the other interesting displays, Wednesday has been designated children's day and all children under 12 years of age will be admitted to the grounds free. Take the children and turn them loose. They will enjoy every minute of the day. Wednesday is Ford day this year.

PRESBYTERIAN CHURCH SECURES NEW PASTOR.

At a meeting of the Presbyterian church and society held last week Thursday night a unanimous call was extended to Rev. Frank Knowles to become pastor. Rev. Knowles had occupied the pulpit of the local church for the two previous Sundays will make a very favorable impression upon all who hear him. He entered upon his labors last Sunday, delivering two interesting and helpful discourses.

Mr. Knowles comes to Northville well equipped, both as a minister and a citizen of the community. He received his training at Alma College and at Auburn seminary and was ordained by the Saginaw Presbytery, and for two years served a mission church. He was with the church at Iron Mountain for nine years at Houghton seven years, and just recently closed his pastorate at Monroe, where he had been stationed for a period of seven years. While at Monroe he was active and helpful in all the activities of the community and during the exciting days of the war he was ready and willing to assist at the various public gatherings held throughout the country in the interest of the Red Cross, bond issues, community funds, etc. He is a fluent and interesting speaker and we believe he will receive a hearty welcome in Northville.

Mr. and Mrs. Knowles have two children, a daughter who is teaching in the public schools at Meridian, N. Y., and a son who will be a senior in the Northville High school. They expect to move to Northville soon and to occupy the manse on Main street.

MICHIGAN DRUM CORPS WON AT MILWAUKEE.

At the national encampment of the Grand Army of the Republic held at Milwaukee recently, the Michigan file and drum corps won first prize, a handsome silver cup presented by the newspapers of that city. There were more than fifteen corps represented, but Michigan easily won the honors of the meet. The Michigan corps was organized ten years and is composed of musicians who served in the great Civil war, the oldest member being 82 years old and the youngest 76. They played a number of war time tunes in the presence of an immense crowd of people at Juvenile Park, but the tune that brought forth the greatest applause was "The Girl I Left Behind Me."

Frank Perrin of this village is a member of the corps and was present at the encampment. A picture of the champion corps printed in the Wisconsin News shows Mr. Perrin right in the front row of handsome men who represented Michigan.

The citizens of Milwaukee entertained the aged veterans in a royal manner and nothing was left undone that could in any way add to their pleasure or comfort.

OBITUARY.

Edgar Lyke, whose death occurred at Harper hospital, Detroit, September 12th, was born in Northville in 1849.

In August, 1873 he was united in marriage to Miss Fannie Reeves of Deerfield, Michigan, and to this union were born seven children, five of whom are living.

He leaves to mourn his death his widow, who lives with her daughter, Mrs. William Cornelius in Detroit, Albert Lyke of Canton, Ohio, Fred and Ernie Lyke of Northville, Arthur Lyke of Topeka, Kansas and five grandchildren.

Funeral services were held last Friday afternoon at Schrader Brothers' chapel and were conducted by Rev. William Richards. Among the people of Northville with whom his whole life had been spent Mr. Lyke had many friends who extend to the bereaved family their heartfelt sympathy.

DO YOU KNOW COWS?

Exhibit at Northville Fair will Show Value of Records.

The value of records will be the subject of a practical demonstration at the Northville Wayne County Fair. Cows from the Wayne County Cow Testing association on which complete yearly records have been kept will be on exhibition.

The public is invited to visit the exhibit and enter the "Free for All" judging contest which will be held continuously. Look the cows over and make your placings from a producing standpoint; then learn from the records how near you came to placing them correctly.

AUCTION ADVERTISING IN THE RECORD PAYS

STATE NEWS IN BRIEF

Traverse City—Leelanau county has been freed of bovine tuberculosis, Dr. A. W. Ebert, county agent, announced here.

Saginaw—The twenty-fifth annual reunion of the Duffield brigade, Spanish American war veterans, was held here last week.

Ferndale—Coming in contact with an electric current, of 4,600 volts, while adjusting an outdoor radio aerial, Lloyd Kridler, 35 years old of this city, was killed almost instantly.

Charlevoix—Falling into a small blaze in a pile of rubbish started by his father, the three-year-old son of Mr. and Mrs. A. B. Sneller, merchants at Arwod, near here, was burned to death.

Grand Rapids—Not more than 10 of the surviving members of the famous first regiment, Michigan Engineers and Mechanics, were able to attend its 55th annual reunion at the Hotel Parkland.

Saginaw—The state public utilities commission issued an order, authorizing the Saginaw Transit company to renege and take over the property formerly owned by the Saginaw-Bay City Railway company.

Albion—The Dyer cemetery, started in 1847 and where 40 people have since been buried, will be restored by North Albion residents. The last burial was in 1907 and the acre of cemetery has since become overgrown with bushes.

Grand Rapids—Dr. Guy L. Connor, of Detroit, was elected president of the Michigan State Medical society at its 103rd annual conference in this city. Dr. Connor has been a member of the house of delegates. In his election, the society broke precedent and elected him unanimously from the floor.

Battle Creek—Aided by a gift of \$3,157 from Cobeck county war chest fund, Roosevelt American Legion Memorial Hospital will be able to carry on its work through the official gift fund of the institution. An announcement of the gift to the state hospital was made by the business manager, E. H. Welsh.

Ann Arbor—Phelps Ferris, son of Senator Woodbridge N. Ferris, has been relieved of his position as member of the Island State Park commission. Governor Groesbeck announced the appointment of former State Senator Charles A. Sink, of Ann Arbor, as a member of the commission to take the place of young Ferris.

Lansing—Illness has been unknown among the 600 men in the prison road camps maintained by the state since their establishment, according to reports to the state health department. Not a single case has developed where a man was unable to work. This condition is said to be due to the rigid health rules maintained by the state department.

Platte River—The Michigan Trust company, as receiver for Manistee & Northwestern R. R. Co., asked the interstate commerce commission for authority to abandon its Honor branch extending from Platte river, to Empire Junction, a distance of 16 miles. The application stated that the branch served only the village of Honor, which has a population of 150, and was not earning maintenance costs.

Hastings—Russell Corey, 7-year-old son of Mrs. Bertha Corey, living near Nashville, narrowly escaped death when he fell down a 65 foot well on his mother's farm. He was playing with his brother, when he raised a plank to look down the dark shaft. He slipped and slid in feet first. There was 10 feet of water in the well, and coming to the surface, he grasped the steel pump shaft and climbed to the top.

Oxford—The executive committee of the State Association of Farmers' clubs has decided to hold its thirty-first annual convention in Lansing, December 4 and 5. The committee is composed of Lee Noble, Oxford, president; W. A. Cutler, Grass Lake, vice president; Mrs. I. R. Johnson, Peshawar, secretary-treasurer; Mrs. J. S. Brown, Howell; G. A. Millsbaugh, Oxford; Edgar Burk, St. Johns, and W. J. Brookings, Ovid.

Lansing—Deputy Secretary of State Elbert V. Chilson has returned from Chicago where he attended a conference of secretaries of state from all mid-western states held for the purpose of discussing uniform traffic laws. The Lansing official was named a member of two important committees, being placed on the committee for drafting uniform laws for automobile light regulation, and on the one appointed for uniform automobile signals.

Lansing—The state has a cash balance of \$26,383,170.93, the monthly report of State Treasurer Frank M. Gorman, issued recently, revealed. Remaining in the various funds of the state is \$25,497,156.33. Disbursements for the month of August from all the funds amounted to \$4,338,126.58. For the year up to September 1, the disbursements totalled \$12,051,103.06. The secretary of state's office made the biggest deposit with the state during the month, contributing nearly a million dollars to the cost balance.

Grand Rapids—George W. Cook, of Flint, was elected president of the Michigan State Bar association, succeeding George E. Nichols, of Ionia.

Cadillac—The death by apoplexy in Seattle, of Aaron F. Anderson, one of the prominent early lumbermen of this city, was reported here. Mr. Anderson left Cadillac about 14 years ago.

Detroit—Captain Walter E. Campbell, president and general manager of the Detroit and Windsor Ferry company, and one of the most widely known sailors on the great lakes, died at his home on Peche Island.

Grand Rapids—The United States destroyer "Chauncey," which piled up with other destroyers off Santa Barbara, California, was christened by Dorothy May Todd of this city, then a girl 15 years old, at the launching five years ago.

Albion—On her way home from church, Mrs. Isabelle O'Gible, 84 years old, deaf and with poor sight, literally walked into the side of a Michigan Central passenger train at a crossing here and received injuries from which she died.

Kalamazoo—After living about nine weeks with a fractured neck, Eben Cronkhite, Lawton farmer died at the home of a daughter here. His neck was broken when a \$5 horse he had just brought home kicked him as he was attempting to nail a new shoe on his hog.

Albion—Mrs. E. J. Mallory, wife of the Albion postmaster, has received a personal letter of appreciation from Mrs. Warren G. Harding, wife of the late president, in reply to a communication of sympathy sent at the time of the Harding memorial services held here August 10.

Charlevoix—Mrs. Ellen Jane Smith, widow of the late Captain Timothy Smith, sailor and merchant, died here. Mrs. Smith resided on Beaver Island and also on Hog Island during a part of the time that King Strong and his pirates held full sway over the islanders. She moved to Charlevoix nearly 50 years ago.

Allegan—At a meeting of the Allegan County Milk Producers Association at Otsego, attended by 2000 people, it was decided to build a condenser in that city. Otsego has agreed to furnish the building for the co-operative venture and the association will install the equipment, which will cost \$75,000.

Grand Rapids—Leaders of Michigan in the work with the foreign born will meet here September 27 and 28 under auspices of the Michigan State Council on Immigrant Education. About 400 representatives are expected from boards of education, boards of commerce and civic committees on Americanization.

Petoskey—The Leisner business block here was practically destroyed by fire last week, entailing a loss of between \$50,000 and \$75,000. Warren Ferris, a World War veteran, donned a gas mask and entered one of the smoke filled stores. He was able to save \$1,000 in cash. The fire started during working hours, and all employees were driven out.

Houghton—A deal completed for purchase by Ford Motor company of a location known as Pequaming, in Baraga county, Upper Peninsula, including saw mill, railroad, towing out and water equipment, lumber, logs, logging equipment. The purchase includes 400,000 acres of land, having between two and three million feet of standing hardwood and hemlock timber.

Manistee—Manistee county was relieved of its timber some time ago, but apparently that does not prevent it from still being a part of the "wilds" for Stanley Axum, farmer in the Pine Creek neighborhood, is out after his second bear, having just trapped one weighing over 400 pounds. Several of the shaggy coated bruns are said to be roaming the vicinity, which is principally a fishing and hunting resort and pine slashing.

Iron Mountain—Few men can boast of a longer service record with one company than Philip M. Sullivan, Esq., engineer on the Peninsular division of the Northwestern road, who completed his fifty-fourth year of railroading. Sullivan has seen many changes since he started as brakeman on the Chicago to Rockford passenger run in 1869. Engineer Sullivan drove the first train equipped with air west of the Allegheny mountains, in 1872.

Lansing—Claim of Representative James A. Richards, of the Second Calhoun county district, to continued membership in the state house of representatives will have to be decided by the house members, state officials declared. Representative Richards recently discovered he has never been a citizen of the United States. He came to Michigan many years ago from Canada and believed his father had taken out citizenship papers.

Caro—Tuscola county road commissioners have sold \$102,000 of road bonds for the building of Covert act roads in the county. Bonds amounting to \$18,620 remain to be sold to cover the cost of the 1923 building program. This money is being raised for the Almer-Fairgrove township road; Bradyville road, Dayton, Columbia corners road; the Willis township road reaching to East Dayton. Detroit Trust company and the Gleaners' organization were purchasers of the bonds. Tuscola county receives a premium of \$314 on this sale.

Fair ALL Next Week

NOW FOR THE FAIR

Look up the base ball schedule and be on hand to help your favorite team win. Better still, come Tuesday and stay all the week and cheer for all the eight teams which will play in the tournament.

Remember there will be plenty of eating places on the grounds. Northville always feeds her guests well.

Wednesday representatives of all the boys' and girls' clubs of the county will be present to take part in the stock judging contests.

The boys and girls poultry show will be under a separate tent again this year. After you have visited the big show do not overlook the exhibit to be made by the boys and girls of Wayne county.

All available space about the grounds and buildings has been spoken for and the superintendents and officers are striving hard to find room for all the exhibits.

Wednesday will be Ford day and children's day. All children under 12 years of age will be admitted to the grounds free.

That all the children may have an opportunity to spend at least one day at the fair to see the wonderful Ford exhibit and all the other interesting displays the fair management has designated Wednesday as children's day and all children under 12 years old will be admitted to the grounds free. Bring the children and turn them loose. They will take care of themselves.

Fair visitors will certainly have a feast of good band music. On Wednesday the celebrated Ford band will be here, on Friday the Redford band will accompany the Redford Farmington delegation and on Saturday the Cass Tech school band of Detroit and the Grotto drum corps will be present. These organizations will give concerts in addition to those given by our own home band, which has been engaged for five days.

The race program will consist of six events and there are already a good many horses on the grounds, assuring good fields in each class.

In the alive stock department every available stall and pen will be full and in some cases there will have to be some "doubling up" to accommodate all the prize animals that will be brought for show.

The swings and merry-go-rounds will delight the kiddies and the older ones, as well. Grandfathers and grandmothers are permitted to ride 'em at fair time, you know.

Make it a gala week. Bring the family and give the good wife and the kiddies a real holiday.

You can reserve seats in the uncovered grand stand for the whole week if you care to do so. Apply to J. A. Huff.

When the gates open next Monday the grounds and everything about the buildings will be in fine condition. Everything is being cleaned and all rubbish carted away or burned and the grounds have never presented a more attractive appearance than they do this year.

Exhibitors are urged to have everything in place by Monday night if possible. All that cannot be entered Monday will be received Tuesday forenoon.

Tuesday afternoon the first game of the base ball tournament will take place when Franklin and North Farmington will meet. The Northville band will be on hand all day and all the free acts will be given in the afternoon.

Wednesday will be the biggest Wednesday ever seen at a county fair. It is first of all Ford day and secondly children's day because it is desired that all the children be given an opportunity to see the Ford exhibits which will be shown under immense tents.

Our good friends, over at Plymouth are planning to turn out in large numbers on Thursday, Plymouth day. They will be given a royal welcome.

Northville ladies are urged to remember the baked goods departments, and the flower show, and of course they will not forget the department for the display of needle work as the Northville fairs has always been an extensive one.

Bring anything you have that will add to the interest of the antique department.

The auto show promises to be a very attractive one. Many dealers will display their latest models under a big tent provided by the fair management.

U. S. Sells Seven Ships.

Washington—The United States shipping board announced the sale of seven combination cargo and passenger ships to the Poffler company, of San Francisco. The ships are to be used in a round-the-world service for five years, touching at San Francisco, Japan, China, Philippines, Singapore, India, Egypt, Mediterranean ports, New York City and Panama.

Blows Out 200-ft. Flame With T. N. T.

Washington—Puffing out a flame 200 feet high in an oil well fire with T. N. T. sounds spectacular and impossible, but it's just as easy and as practical as blowing out a candle with the human breath, says Dr. Charles A. Munroe, chief explosive chemist of the Bureau of Mines. Dr. Munroe, who suggested the use of T. N. T. to extinguish a big oil well fire recently at Corsicana, Tex., says this scientific method of fire control has been used before with success.

Owley Given Decoration.

Paris—Commander Alvin M. Owley, of the American Legion, was officially informed of the French government's decision to make him a commander of the Legion of Honor. He will receive the decoration at the hands of Gen. Degoutie, French commander in the Ruhr, at Dusseldorf Thursday. Announcement of the honor was made by Deputy Bertrand at a luncheon given in the Eiffel Tower restaurant to Commander Owley and the visiting Legion party.

Housework Made Easy

Formerly, Electricity in the home was considered only in relation to lighting. In the modern home it is a general servant as well—efficient, faithful, low-waged. It cooks, sweeps, dusts, washes, irons and performs many another household task. It saves labor and lends leisure.

For the proper performance of these services "convenience outlets" (small sockets in wall or floor) should be provided, in kitchen, laundry, dining room, living room, wherever you may want to use an electric appliance. The cost is trifling compared with the benefits received.

Have a talk with your electrical contractor; or, if you prefer, speak with us. We shall be glad to advise.

NORTHVILLE, MICH., SEPT. 21, 1923

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1897, for the week corresponding to this week.

Harrison Yerkes is seriously ill. Frank Crandall has gone to Jonesville, Ill., to work.

Mrs. M. S. Nickles is seriously ill with appendicitis.

Mrs. F. S. Neal is visiting at Mackinaw and Newberry.

Mrs. Caroline Phillips of Detroit, is visiting Mrs. Emily Swift.

W. A. Purdy of Manchester, Vt., is visiting his son, R. H. Purdy.

The Northville band is playing at the Plymouth Fair this week.

Charles Guello of Mansfield, O., is the guest of his nephew, George Alworth.

Bert Hill, of the 32nd, formerly of Northville, but now of Belleville, was here Monday.

Mark Peck of Flint, called on his uncle and aunt, Mr. and Mrs. Luther Lapham, Monday.

Albert Ward and wife of New Hudson visited at David Dunham's over the week-end. They came a-wheel.

Lillian Carson gave a 5:00 o'clock tea to ten of her friends on Wednesday, the occasion being her 10th birthday.

Mr. and Mrs. G. W. Whipple lost their two-year-old daughter, Hazel, by death last Tuesday. The little one was ill only three days.

A dozen ladies helped Mrs. Mary Ambler celebrate her fifteenth wedding anniversary Tuesday evening, and a very pleasant evening was spent by all those present.

Miss Nina Clark, who has been employed at the Record office for a year, was united in marriage to Rollin H. Beal Wednesday by Rev. Phelps. Mr. and Mrs. Beal have already moved to Detroit to 817 Humboldt avenue.

Charles Noble died in Chicago on Tuesday and his funeral was held at Newburg yesterday. He was well known in this village and moved from here to Chicago five years ago. He is survived by his son, Alfred.

Charles L. Ferguson of Livonia fell under a train at Plymouth Wednesday and was grabbed by Claude Burgess, who was standing near, and pulled from under the wheels but too late to prevent both his legs from being crushed. He died at a Detroit hospital on Thursday.

Claude Burgess entertained a party of young men Tuesday evening in a right royal way. It was a farewell meeting for many who are soon to leave Northville. The boys were: Northrop, Long, Johnson, Blackburn, Buchner, Phelps, Root, Woodman, Knapp, Whitaker, Thompson, Smith, Lewis and Phillips.

The Woman's Union of the Presbyterian church will serve luncheon at the fair next week. Fair visitors last year will remember the delicious lunches and hot coffee served and will want some more of them. When hungry look them up. 10w1c

Theme of sermon next Sunday, "The Resurrection of the Youth of Nain."

The Mission festival last Sunday was well attended. Attendance and Mission offerings were larger and more encouraging than ever before.

Quite a number of fellow-Lutherans from Plymouth, Clarencville and Detroit were present.

BAPTIST CHURCH NOTES.

An interesting and well attended young peoples' meeting was held in the church parlors last Sunday evening before the church service.

The plan is to organize a young peoples society on the near future and a meeting for that purpose will be held soon.

Young peoples meeting will be held in the church parlors next Sunday at 7 p. m.

Time of prayer meeting has been changed from 7:30 p. m. to 8 p. m.

Subjects of sermons next Sunday will be as follows: 10:30 a. m., "The Preaching of the Cross" and 7:30 p. m., "The Home." At the evening service, R. H. MacRae will read "It takes a heap of living to make a house a home."

Mrs. Henry, our new organist, will have charge of the singing at Sunday School next Sunday. Let us have a record attendance.

METHODIST CHURCH NOTES.

Next Sunday morning the speaker will be Edwin Faxon Osborn, educator and lecturer, well known throughout the country for his remarkable popular addresses to half a million teachers and pupils in the schools and colleges of many states.

has been engaged to take the place of the pastor during conference, to occupy the pulpit at 10:30.

This week being especially set apart in behalf of emphasizing the importance of the Constitution of the United States his address on "Personal Liberty" will be very acceptable. Anthem by the choir and solo by Miss Filkins.

The Sunday school will meet at 12:00 noon to which all are invited to stay.

There will be no evening services. This will give those an opportunity to hear Bishop Blake of Paris, France at the Conference church, which is Central church, Detroit.

WAYNE CLUBS WIN MONORS.

The Dairy judging team from the vicinity of Plymouth and Northville, recently received notice from the State Boys' and Girls' Club department, that they were second in the judging contest at the State Fair.

There were eighteen teams representing as many counties, competing in this contest. The team was composed of the following members: Starr Northrop, Rex Stuart and Herbert Miller. The first named member, having made third highest individual score, has been chosen a member of a team which will represent Michigan at the National Dairy show at Syracuse, N. Y., next month.

Another honor was won by the Cherry Hill Hot Lunch demonstration team, which was awarded first place on its demonstration. This entitles them to a free trip to M. A. C. for club work next June. Members composing the team were Luella West and Melvin Hawker. They were trained by their local leader, Miss Mary Jameson.

Poultry clubs from Sand Hill and French Landing also made a creditable showing. These two clubs led only represented by excellent demonstration teams, but also won a total of \$95 in premiums on birds which they exhibited. These two clubs led respectively by Mrs. Louis Isabel of Wyandotte and Miss Genevieve Clark of Belleville, have for several years been prominent in state contests.

Club members of the county are now centering their interest on the county fair which will be held at Northville September 25-29.

J. W. WAGNER, County Club Agent.

SOMEBODY BETTER RESIGN.

Chief Croul of the Detroit police force has repeatedly stated that the prohibition law could not be enforced, some of the judges presiding over the courts in Detroit have also declared it was impossible to convict rum runners and bootleggers, and now comes Sheriff George Walters who admits that his office is powerless to combat the growing evil and no one but federal officers can clean up the country.

In its present condition of robbery and murder Detroit is simply reaping the whirlwind of its former misdeeds and its tolerance of law breaking in general. You cannot wink at the violation of one or two important laws and expect people to obey all the rest to the letter. Detroit people have not made many very great efforts to stop the rum runners or the bootleggers from plying their trade, and why should not the things now have their inning with the rest of the country. A highwayman is more of a gentleman than a bootlegger, because while he may take your purse or your watch, or both, he does not tempt you to drink something that will ruin your happiness and blast your life, and perhaps cause death.

The courts have read into the present prohibition laws a lot of things that were never intended to be there by the framers of our statutes, until it is next to impossible to have a case tried on its merits. If the police officers and the judges of the city of Detroit desired to do so they could control the booze situation fifty per cent within thirty days, but they do not want. They had rather pass the responsibility on to federal authorities. If this is not so why is it possible for the federal court to convict so large a per cent of the fellows who are arrested for rum running?

For the good of the city a whole lot of officers ought to resign or be removed from office, and if Sheriff Walters is not able to meet the conditions which the laws place upon him he ought to step down and out and give some able man an opportunity to enforce the laws of the state. In his campaign for the office he made great promises. If he is unable to keep them, let him resign.

WATER USERS TAKE NOTICE.

During the past week the village has employed a man to go about town for the purpose of checking up on all water users and to ascertain just how many families there are who are renting. This was done because property owners must see to it that water bills are paid. If, for any reason, all users of water have not been called upon or have not reported to the superintendent, they should do so at once.

It is against the village ordinance to tap the water mains by any person without first having received a permit to do so. Some have done this without permission and any further attempts to do so will get the offending parties into trouble.

Attend the fair next week, but in your rush and hustle do not forget to pay your water bills. All bills MUST be paid by October 1st, or water will be shut off.

CHASE THE MINISTER OUT OF TOWN

What is he good for? Why have him among us? Who asked him to be here anyway?

Some folks have asked these questions and have really meant it. Were they justified?

The Christian minister is an important value in any town. To him is assigned the task of presenting the best ways of living this present life and prepare for that other room of life.

The minister is usually a cheery man—given to hopeful and helpful views of life—and can always be depended upon to promote high ideals.

The minister has added to property values in the communities he has served by reason of the plans he has suggested for civic improvement.

What is your idea of a successful minister? What qualities interfere with his success? What five living ministers would you select for examples to yourself or others?

Timothy was a good minister. Paul says and affirms it because of his experience. He served his generation faithfully—did his work quietly—won the esteem of his time.

If you like the minister tell him so once in a while. If you can't work with him in all things don't kick over the traces. You get tangled up and make no friends.

MINERS RATIFY NEW PAY SCALE

WORK TO BE RESUMED IMMEDIATELY, DECISION OF UNION CONVENTION.

PINCHOT TO WITNESS SIGNING

Agreement Embraces 10 Per Cent Wage Boost, 8 Hour Day and Recognition.

Scranton, Pa.--The anthracite mine workers in convention late Monday ratified the new wage agreement entered into between representatives of the United Mine Workers and the coal operators, and voted to return to work immediately.

Anthracite mining has been suspended since September 1 when the old wage contract expired.

James A. Gorman, secretary of the joint conference which negotiated the agreement, announced that the operators and miners' representatives would go to Governor Pinchot's home at Milford, Pa., for the signing.

More than 500 delegates, representing local unions in the three United Mine Workers' districts of the anthracite region, took part in the convention. Their action ratifying the new agreement came with comparatively little opposition, although several voiced objections to the fact that under the 10 per cent flat wage increase provided for all workers, day laborers were receiving the lowest rates of pay, will be given a smaller increase than contract miners.

The agreement embraces the four major points of the settlement plan submitted by Governor Pinchot when he called the miners and operators to meet in Harrisburg.

These are the 10 per cent wage increase, the eight-hour day, recognition of the union and recognition of the principles of collective bargaining.

Outside of the effect of the wage increase, the operation of the eight-hour day formed the principal subject of discussion.

FIRE DESTROYS BERKELEY, CAL.

Thousands Made Homeless as Flames Sweep Residence District.

Berkeley, Cal.--Six hundred buildings were destroyed and damage of \$10,000,000 done by the fire which wiped out 35 entire Berkeley blocks late Monday. It is shown in figures compiled by the mayor's office. It is estimated 2,400 persons lost their homes.

All the street car lines were paralyzed as soon as the fire started.

The University of California was threatened from two sides at once north and west. The flames were at one time sweeping directly on the campus.

All east and north Berkeley was on the march.

Half of the faculty of the University of California was rendered homeless.

A quarter-mile square extending from Cedar to Shasta streets to the east of Euclid avenue was in ashes in this sector about 90 homes were consumed. Another area south of Cedar street and west of Euclid avenue was razed and 40 homes destroyed. Homes in another area extending to Spring street were burned.

BIG STEEL RATE HIT BY STATE

Michigan Will Make An Aggressive Fight Against Regulation.

Lansing--Michigan plans to take an aggressive stand to protect lake port cities from the possible loss of shipping facilities, due to the water taken from the lakes by the Chicago drainage canal, and to mitigate the alleged exorbitant costs to farmers and other users of steel products as result of the Pittsburgh plus system.

Michigan will be represented December 12, when testimony on the Pittsburgh plus system of pricing steel products will be taken by the federal trades council. According to Deputy Atty-Gen. Retan, most of the farm implements are manufactured within 150 miles of Chicago.

Michigan farmers are compelled to pay as much for steel products as farmers in far distant states. He estimated that the system costs farmers in this state \$12.50 for the average tractor and corresponding amounts for other implements, aggregating hundreds of thousands of dollars a year.

The plan puts an extra charge of \$3 on an average priced automobile, he estimated.

New Currency Design O. K'd.

Washington--Secretary Mellon's approval of the new designs for paper money, under consideration for more than a year, was announced at the treasury department and many brand new bills of distinctive type and marking soon will be in circulation. The new designs at first will affect only United States notes, silver certificates and federal reserve notes in denominations up to \$100, with the exception of the "unpopular" two-dollar note.

OKLAHOMA HAS MARTIAL LAW

GOVERNOR WALTON ISSUES EDICT IN WAR ON KLAN AND MOB FLOGGINGS.

CENSORSHIP OF NEWSPAPERS

General Orders Embodying the Regulations Under Martial Law Issued.

Oklahoma City, Okla.--Martial law for the entire state of Oklahoma was declared at midnight Saturday in Gov. J. C. Walton's war on the Ku Klux Klan and mob floggers. The executive was in conference with advisers at his home and a new martial law order was issued before the night passed.

It was understood the governor contemplated placing all the state under the rule of the military, occupying with troops such counties as he considers hostile to his actions. Muskogee and Oklahoma City, it was believed, would be the first to fall under martial law.

Machine guns were mounted around the city hall, the police station and the county courthouse.

General orders embodying the regulations under which the state capital will live during the suspension of civil authority, were issued by Lieutenant Colonel W. S. Key, in command of local troops.

Streets and highways of Oklahoma county must be cleared between midnight and 5 a.m., according to the orders. Perhaps whose employment makes it necessary for them to be abroad during the interval between these hours must obtain passes. Carrying of firearms is forbidden, unless by permission of the commanding officer.

Sale of firearms and ammunition prohibited.

Public assemblies called for the purpose of creating opposition to the enforcement of martial law are banned as is also publication of articles having a tendency to incite to riot or violence, or obstruction of the military.

With the exception of Oklahoma City, the entire state awaited the first evidences of the coming of military rule.

Only newspapers that by editorials and news stories incite "masked marauders to insurrection against constituted authority" will be subject to censorship, Gov. Walton said in a telegram to the Baltimore Evening Sun.

PLANS WORLD CRIME BUREAU

Leading Nations to Combine for Protection Against Felons.

Washington--The United States, in co-operation with the principal European nations, is planning the establishment of an international system for the location and identification of criminals and fugitives.

Preliminary plans for the international criminal detection system, it was learned, have been completed by Assistant Attorney General Rush L. Holland, who has just returned from an extensive European trip, and the state department is expected soon to open formal negotiations for a definite agreement of international co-operation.

Exchange of information regarding crimes and criminals, including fingerprints, measurements and other identification data between the nations entering the agreement is contemplated.

Extradition of criminals will be conducted formally by the state department as in the past, but the new plan for exchange of information between heads of the national crime detection agencies is expected to be of great assistance to all of the nations involved.

Under the plan much time would be saved in advising foreign governments of crimes here and of criminals wanted who flee to foreign countries, with corresponding advantages to foreign police seeking fugitives in this country.

Also in the direct system for exchange of fingerprints and other criminal identification matter the police authorities would be saved much time by avoiding the necessity of dealing with large numbers of minor police officials.

BERLIN SPEECH PEEVES FRENCH

Stresemann Proposal of Ruhr Evacuation Declared Impossible.

Paris--French newspapers declared Thursday that Chancellor Stresemann's proposal that the Franco-Belgian troops evacuate the Ruhr could not be accepted by France. They added that the reparations situation had not been changed at all by the German chancellor's speech, replying to Premier Poincare's speech of last week.

Foreign office officials believe that Chancellor Stresemann is attempting to use passive resistance for diplomatic bartering before "it dies out of its own accord."

It was formally stated that France will not consider evacuation from the Ruhr until paid.

Ten Reasons Why You Should Own Apartments in the Compartment Mausoleum of Your Community

1st. Because it is in keeping with the progress of the times.

2nd. A Mausoleum is a beautiful resting place for loved ones, and it is a sane, practical, up-to-date mode of interment.

3rd. It is a place where fathers, mothers, brothers, sisters, husbands and wives can lie side by side through the long night of sleep not an arm's length apart, each in a little room perfectly dry, where neither water nor damp nor mould entereth.

4th. It being endowed in perpetuity, this place, so sacred to you, will not be desecrated by alien hands as is too often the case in abandoned cemeteries.

5th. The Mausoleum will be endowed with a fund large enough to provide for perpetual maintenance. Consequently there will be no assessment.

6th. The Mausoleum will be strongly constructed, each compartment hermetically sealed, making it as secure as the pyramids of Egypt or the catacombs of Rome.

7th. Our Mausoleums eliminate the horrors of the grave and the possibility of ghosts and the dissection tables.

8th. All such provisions should be made while you are in health, thus avoiding the piled up expense incident to death and burial.

9th. The cost is much less than a lot, monument and other cemetery expenses. (Yet you have a monument, in the Mausoleum, which for dignity, durability, and magnificence is unsurpassed.)

10th. It is the modern and "Better Way," and you cannot afford to let the opportunity go by to make such provisions.

Remember, we only build for those who purchase--no extras. We are calling upon the people as fast as possible and I would suggest if you are interested enough in a Mausoleum to look over our plans and specifications without any obligation on your part. Please notify the

FORD PRODUCTION STILL BREAKING RECORDS.

Domestic production of the Ford Motor Co., swinging back into stride following the change to the new types, rose to 40,979 cars and trucks for the week ending Tuesday, September 11. The Ford News announces. This exceeds the previous week's output by 7,514. Fordson tractor production for the six-day period was 1,736. At the Lincoln division of the company, 196 cars were produced during the week ending Tuesday.

MARTIN'S CASE RAILED.

Sheriff's deputies under John McLeod, deputy, raided Joe Martin's case, Grand River avenue and the Town Line road, Saturday night and arrested Martin on a charge of violating the prohibition law. Thirty-four bottles of beer, a gallon jug and three quarts of whiskey and a quart of coloring were confiscated. Ten patrons who were in the case were ordered out by the deputies. Detroit News.

It is believed that much of the booze that has been sold in this village has been secured from Martin's place.

"HOW COME" SEAT SALE OPENS.

Seat sale for "Home Come," the all-star musical comedy of seventy-five colored artists, mostly girls, will go on sale Thursday morning at the Shubert-Michigan.

"How Come" is considered the leading colored musical show of the season and has been endorsed by all the leading critics as the fastest and swiftest dancing show ever attempted.

When "How Come" comes to Detroit next week, local theatergoers will have a chance to hear some of the latest song hits by Mr. Ben Haris, who is also the producer of the show.

Besides the regular matinee Wednesday and Saturday, a special matinee show will be given Friday, September 25th, at 11:45 p. m. The cast is headed by Eddie Hunter who is ably assisted by Geo. W. Cooper, Andy Davis, Alberta Hunter, Nona Chester, R. A. Wilson and the famous "Cr. de Chorus of 36."

OBITUARY.

Mrs. Carrie Buerr of Salem passed on to be with her Lord and Master, Sept. 10 at 3 a. m. at her home in Salem, where she had been a resident for 41 years. She was born in Blankensee, Germany, Sept. 29, 1856. In the year 1872 she came to America and in 1876 was united in marriage to Christian F. Buerr, in the city of Detroit, who preceded her in death 20 years ago.

Mrs. Buerr is survived by her eight children: Chas. Buerr, Mrs. Panko, Mrs. Wagonshultz, Mrs. Harry Birch, of Plymouth, and Miss Marie Buerr, Messrs. Frank, Fred and Albert Buerr, of Salem, also one brother Fred C. Seidelberg, Lansing, and three sisters, Mrs. Wm. Ringle of Farmington, Mrs. Bertha Groth of Plymouth, Mrs. Albert Groth of Salem and Mrs. Anna Charles of LaGrange, Ind.

Mrs. Buerr was first taken sick in the early summer and took to her bed one month ago. She was a faithful friend and neighbor, a true wife and mother, one who was loved by her Lord and Saviour and found comfort and peace

in Him in her hours of deep afflictions. Her loss is mourned by a host of neighbors, friends, relatives and her devoted children.

Funeral services were held in the home Wednesday Sept. 12 at 2 o'clock, Rev. Lucia Stroh of the Congregational church of Salem officiating. Mrs. Herschel Munn and Mrs. Louise Wittich rendered a very fitting duet. Interment took place in the Thayer cemetery.

BAPTISTS MET AT YESLANTI.

On Tuesday and Wednesday of this week the Wayne Association of Baptist churches met at Ypsilanti and the gathering was one of unusual profit and enjoyment. C. L. Berry of Walled Lake was moderator of the association and presided at the various sessions. The following took part in the two days program:

Some of the main speakers were: Dr. J. E. Smith, state promotional director, Lansing; Rev. George W. Lawrence, director of rural church work of the state staff, and Rev. Morgan L. Williams, director of religious education; Dr. C. S. Knight, of Pontiac, who conducted the devotional period with which each session opens; Ray Howard president of the Association B. Y. P. U., of Farmington; Dr. E. C. Crozier, of Assam, one of the Baptist mission stations of India; Rev. F. L. Curry, of Lansing; Rev. C. L. Hawkins, of Royal Oak; Rev. John Melgahn, of Hillsdale College.

Pastors of churches who had a part in the program are Rev. E. I. Osborn, of Novi; Rev. F. E. Sayles, of Plymouth; Rev. W. H. Ranch, Clarkston; Rev. E. W. Ambrose, Howell; Rev. Carl L. Kenagy, Pontiac; Rev. James F. Goodman, Brighton; Dr. Howard H. Chapman, Ann Arbor. A number of Northville people attended the meeting.

M. A. C. TO OPEN FOR SIXTY-SIXTH YEAR.

The Michigan Agricultural college will open its doors to the young men and women of the state on Wednesday, September 24th, for the sixty-sixth consecutive year since the state college was founded in 1887. Registration for freshmen will be held on September 24th and for upper classes on September 15th.

Advance registration figures available at the office of the college registrar this week indicate that the attendance this year will equal or exceed the best previous mark in the history of the school. More than 1,700 regular four-year students, in addition to several hundred special winter agricultural course and summer school students, were enrolled during the past year, and an even larger attendance is looked for this fall.

The agricultural course, the oldest at M. A. C., and the one from which the college takes its name, is expected as usual to draw a large proportion of the students, as is the engineering division. These two courses accounted for more than 1,000 of last year's enrollment. Home economics, forestry, veterinary medicine and applied science courses have also had many advance registrations. The applied science division, first established two years ago, is expected to show the largest percentage increase, while reports show that more girls than ever will elect work under the home economics branch of the institution.

A number of minor changes in the college faculty have been announced for the year, while Miss Jean Krueger new dean of home economics, and Harrison R. Hunt, newly appointed professor of zoology, will take office with the opening of the college year.

FORD PICES UP A WHOLE TOWN.

Purchase of property in Baraga county involving practically a whole town is announced by the Ford Motor company. The town is Pequamping, formerly owned by Charles Hebard & Sons Inc. The price was not disclosed. The transfer gives the Ford company the following: A double-hand sawmill, a lath and shingle mill, 46,000 acres of land, 3,000,000 feet of logs ready to cut, 30,000,000 feet of manufactured lumber, 105 dwellings of Pequamping, electric light and water pump plants, the tugs Daniel L. Hebard and Jay C. Morse, the general store, a telephone line to L'Anse, a school house, amusement places and two churches. The deal also includes a standard gauge logging railroad. The tract of 46,000 acres will produce over 400,000,000 feet of timber, it is estimated. The addition of this property gives the Ford company approximately 175,000 acres in L'Anse township, and makes it the largest taxpayer in Baraga county. Michigan Investor.

TO EXTEND LIGHTS ON GRAND RIVER.

At a meeting of the Redford township board, held in the village hall Friday evening, a petition was presented, asking that lights be placed on Grand River from the westerly limits of the village to the westerly township line. This petition was favorably acted upon and the township board instructed Supervisor Cooley and Clerk Miller to enter into a contract with the Detroit Edison Co.,

for the lighting of this section of Grand River. Supervisor Cooley was appointed as a committee to confer with the lighting company. He reports the Detroit Edison will not guarantee to install this service at once, but that the company will begin the preliminary work as soon as possible and that the lights will be turned on about the first of January. Redford Record.

Venetian Grand Canal.

The Grand canal is the name given to the principal canal and main water thoroughfare of Venice. It is nearly two miles in length, is in shape like the letter "S," and divides the city into two nearly equal parts. The "Canalazzo," as it is called in Italian, is spanned by the Rialto, and is lined with palaces which, although appearing stained and battered in the daytime, loom up grandly in the moonlight.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

GAYLORD MILLER SALTZGABER

Milwaukee—Gaylord M. Saltzgaber, who was former United States commissioner of pensions as the new commander-in-chief of the Grand Army of the Republic, having just been elected at the annual reunion in Milwaukee.

CROSSES OCEAN IN SMALL BOAT

Trans-Atlantic Record Created for Small Craft.

New York—Alain J. Gerbault, international tennis star, crossed the ocean single handed in a 30-foot racing cutter, built 30 years ago.

Gerbault started from Cannes, Totten, L. I., after traveling 1,500 miles his voyage at the foot of the Pacific, on April 5 of this year, and miles of ocean in 142 days.

An examination of the past history of sailing shows that Gerbault created a record for a trans-Atlantic voyage in small craft. In the summer of 1918 Capt. Thomas Drake, an Englishman, of Gravesend, near London, in the Sir Francis, sailed 25,000 miles in a 32 foot boat and was assisted by a five horsepower engine.

During Gerbault's four and a half month voyage he met three hurricanes, when the wind blew 65 miles an hour, and huge seas engulfed the tiny vessel, wrecking the gear.

Gerbault was often without sleep for three and four days at a time. When he arrived he had not closed his eyes for 80 hours.

RELIEF MOUNTS TO SIX MILLION

Amount Exceeds Quota Asked for By a Million and a Quarter.

Washington—The American Red Cross relief fund for Japanese earthquake and fire sufferers Thursday exceeded by a million and a quarter dollars the original \$5,000,000 asked for. The total reported was \$6,255,000, with donations coming in steadily.

In a letter made public by the Red Cross, General Pershing, who at one time served as military attaché in Japan, called upon every one in the United States, who could do so, to contribute something to the fund, declaring the best the country could do would bring but a small measure of amelioration of the terrible conditions.

"This disaster is a world tragedy and all civilized countries are rallying to the assistance of their stricken associates," said General Pershing. "The United States must not be surpassed in this service of mercy."

COAL FACTIONS HIT IN REPORT

Study of Conditions to Stabilize Industry Urged.

Washington—Operation of the national coal industry so as to insure a dependable supply of fuel to the public; adequate wages to the miners and a reasonable return to the operators is possible, the coal commission declared in a report submitted to President Coolidge. Thirty-seven specific recommendations were made with a view of establishing the equitable interest of each party.

Alleged derelictions by both miners and operators were condemned by the commission, one recommendation being that the two groups join in the study of ways and means of stabilizing the industry to prevent unemployment and uneven production.

The suggestion also was made that the operators perfect an organization among themselves as effective as that of the miners, "both as a defensive and a co-operative measure."

Washington Elm Dead.

Cambridge, Mass.—The Washington elm is dead. The official demise of the famed tree beneath which Washington took command of the continental army was announced by Dr. C. S. Sargeant, director of the Arnold Arboretum of Harvard University, in a letter to Mayor Edward W. Quinn of Cambridge. "All signs of life have now gone from the Washington elm," Dr. Sargeant wrote, "and there is no longer any chance of keeping it alive until the autumn."

Northville School Notes.

Edwin Paxson Osborn will speak to the High school students on Monday morning at 8:30.

The first football game of the season will be played here this week Friday with Belleville. Coach Miller is giving the members of the team the workout of their lives. Each night during practice the players are given a thorough course in physical training which includes arm exercises, tumbling and all sorts of stunts including a turn around the half-mile track followed by a shower at the gymnasium. The prospects are bright for a good game Friday and it is hoped a large number of people will turn out to encourage the team. Jack Dunn one of the University of Michigan's great players will referee this game.

All courses in physical training under the direction of Coach Miller and wife are progressing nicely and are being enjoyed by the students. The playground is supervised at recess periods by Mr. Miller.

The famous student council election is over with the following results: President, Chester Alger; business manager, Ada Ely; Boys' athletic manager, Carlos Hall; Girls' athletic manager, Helen VanAtta; commissioner of buildings and grounds, James Wood; and Ida Rose Carvell. The first meeting was held Tuesday for the purpose of organization followed by a regular meeting Wednesday morning at eight o'clock.

The Senior class has organized with the following officers: President, Ada Ely; vice-president, Helen VanAtta; secretary-treasurer, Starr Northrop. Class advisors for the present year are as follows: Freshmen, Miss Moore; Sophomore, Frances Yerkes; Junior, Miss Whipple; Senior, Mrs. Larkins.

The enrollment in the High school at the present time numbers 138 students as follows: Freshmen, 40; Sophomore, 48; Junior, 30; Senior, 25. Including the Junior High school we have 210 pupils enrolled.

Of the High school pupils, 30, or 21.7% are non-residents.

The first meeting of the "Four Square League" was held at Plymouth last Monday night for the purpose of election of officers and other business that pertained to the athletic affairs for the present year. The result of the election was as follows: Pres., A. J. Heitrich, Northville; sec-treas., Coach DeLong of Wayne. When the League was organized several years ago it comprised the four schools of Northville, Plymouth, Wayne and Dearborn, hence the name Four Square League, was considered very appropriate. Since that time Redford and Farmington have been admitted to membership. It was decided at the meeting that the old name should be replaced by "The Suburban High School League." Football and basketball schedules were also made out for the present year.

The cannon in front of the school is undergoing extensive cleansing preparatory to its being shined by the village. The base will be painted a dull black to harmonize with the brass.

STATE TREASURER OVER ZEALOUS.

The delay in mailing vouchers for the state primary school funds has been discussed frequently of late in dispatches from Lansing. The real motive behind the delay on the part of the state treasurer has just been uncovered, however. He has given as his reason for putting hundreds of school districts to the necessity of borrowing money to meet their first month's pay roll that he was unwilling to deposit so much money in the banks without adequate bonds.

After the state treasurer has issued his vouchers and mailed them to the township and city treasurers the banks of the state are not responsible for these funds. The treasurers of the cities, townships and the school districts are all under bond and it is their duty to protect these funds from loss, and not the duty of the state treasurer. At a rule the people of Michigan have a great deal of confidence in their local banks and it would seem that the state treasurer was just a little over zealous regarding a matter that really did not concern him at all. He ought to have mailed his vouchers out soon after July 1st and not have held them up for weeks. People are willing to applaud efficiency and watchfulness on the part of their public officials, but they do not take kindly when they meddle with something that other officials, equally as efficient and watchful, are competent to manage.

CLOSING THE GAPS.

For the immediate future, the State Highway Department will devote its chief efforts to closing the gaps now existing in the through routes of travel throughout the state. Stretches of these routes not yet paved are being given preference in the expenditure of the \$5,000,000 allotted by the administrative board.

"THE BAT" AT THE GARRICK THEATRE.

"The world's greatest show—bigger, better and brighter than ever," was a slogan adopted and made famous by America's greatest tent showman. It is one that can be truthfully and justly taken over by Wagenhals & Kemper for their production of "The Bat," which they present the coming week at the Garrick Theatre.

"The Bat" has earned the title of the world's greatest show by smashing every known record for a dramatic production on four continents and in seven different countries. It has been played with equal success in eleven languages and has delighted one president, two kings and five queens, along with plenty of other royalty mixed in with 9,000,000 persons who have seen this Mary Roberts Rinehart and Avery Hopwood masterpiece, to date, with no signs of the play's popularity diminishing. It is "bigger" than ever because since it played over two years in New York, a year each in London and Chicago and a season each in Boston and Philadelphia, "The Bat" has shattered over 3,000 other records throughout United States and Canada. It is "better" than ever for Wagenhals & Kemper are sending a special cast for this engagement. The cast coming here is the one that will play New York, Philadelphia, Chicago and Boston later this season for return engagements. It is "brighter" for the simple reason that a brand new production has been provided in view of the metropolitan return engagements.

The cast includes five of the members of the famous special "Big Cities" Company with five other augmentations.

REAL LANDSCAPE AND ORCHARD PLANTING.

William Schroeder, who has been furnishing trees and shrubs to the public for the last 19 seasons, has increased his business so as to demand a Dearborn nursery cellar for better satisfaction. One has been built here of 1,800 square feet, from specification, of Wm. H. Gifford, a noted nursery specialist. In this cellar the stock can be kept in perfect condition for planting. Mr. Schroeder will maintain his office at the cellar and can be found there to take orders for your fall planting. He will also make an exhibit at the Northville Fair and will be pleased to meet all who are interested in nursery stock or shrubbery of any kind.

Walled Lake Warbles.

The Methodist ladies met at the church yesterday for their regular monthly meeting.

Rev. Robert Davies of Bentley will preach at the Baptist church next Sunday, morning and evening.

Members of the True Blue class were delightfully entertained by their teacher Mrs. J. A. Develaux, at her home on Monday evening. A luncheon was served and the evening spent in a very pleasant manner.

Walled Lake's new Masonic Lodge is making rapid strides. At a recent meeting the following officers were chosen: Worshipful master, Ira Carnes; senior warden, W. H. Hutton; junior warden, Phillip Miller; secretary, George Groll; treasurer, Clarence Chafy; senior deacon, Robert Rhodes; junior deacon, Frank Nook; tyler, Thomp. Parks; stewards, Elmer McQuoror and Rex Allen, captain of the degree team, Frank Tuttle.

DANCE SATURDAY NIGHT.
