Is the price of those large checker board Blankets—blues, pinks, buffs and greys—\$2.89

We have them for more and also for less.

The earthquake in Japan and the mystery surrounding the conditions of the raw silks and the silk industry generally has caused a sharp advance in all silks, especially in Silk Hosiery. We were fortunate in having a very heavy stock on hand. As our business is merchandising, not speculation, we shall sell them out at the originally intended prices. No advance until we have to buy more at the new prices.

Why not take care of your Christmas wants as well as your personal wants right now.

COMEDY

FAIR STARTS OFF WITH A RUSH

Monday morning everything was astir early at the fair grounds and as the morning hours wore away the activity increased and by noon hundreds of people were busy arranging their displays, building booths, putting up tents, receiving entries, unloading stock and exhibits. Women yielded with the men in their eagerness and interest in making the seventh annual fair a success and they labored late into the night arranging their various exhibits. Never has so many entries been made on the first day as there were this year, and by Monday night apprentices were hustling to provide more show room for the entries that were pouring in upon them. Monday night found many of the stands "all set" for the week's festivities, but none of the displays were complete. In fact some were only completed by Tuesday night. Against the hustle and hurry everybody was happy and good natured and all seemed bent upon having a good time and were willing to overlook any inconvenience to which they were subjected in the rush and hurry of the day. Busy men and women gave up their business and their household cares to prepare and to arrange the numerous displays and by Tuesday night about everything was in proper place and the number of entries ran into the hundreds. North Farmington won the opening game in the base ball tournament Tuesday afternoon. The Northville band made its appearance on the grounds Tuesday forenoon and gave a delightful program during the day, playing both from the stand and about the grounds. Northville is proud of its band and has a right to be.

All day Tuesday exhibitors in all of the live stock departments, in the poultry and pet stock departments, available space had been taken. The same was true in the speed department, many horsemen who telegraphed or phoned for stalls had to be refused.

The display in the vegetables and fruit department never looked so well. County Agent Carr, Mr. and Mrs. E. J. VerDuyn and Harry Backman worked as rapidly as possible all day Monday and Tuesday in arranging their displays. Carl Schowitz and P. E. Bradley rendered valued assistance in arranging the vegetable display. Do not fail to see these displays, especially the vegetable show under the tent which can be reached from the fruit department.

As usual the woman's department is full to overflowing and the whole building is filled with a most wonderful exhibit. Each department is larger and the exhibits are more extensive. The antique department has grown with the rest. C. C. Wedow of Walled Lake has a most interesting exhibit of heirlooms.

A large tent is literally packed with automobiles of many of the newest and latest models and the Chevrolet display is under a separate tent. The boys and girls poultry clubs of the county have a good display of poultry and the pig clubs also have a good exhibit.

E. A. Fuller and G. E. Richardson in charge of the poultry department, have a wonderful show as usual and the dog show under the supervision of Fred Moffatt is a most interesting exhibit. The horse, cattle, sheep and hogs exhibits are larger and better than any previous year.

The concession and amusements were "all set" and ready for business by Tuesday noon and did a good business during the afternoon and evening.

The Ford exhibit is one of the most interesting on the grounds and no one should fail to visit the large tent under which it is displayed.

Friday and Saturday will be wonderful days, each one filled to its fullest with events and attractions.

Wednesday was Ford and children's day and the occasion attracted a good crowd and the visitors were most enthusiastic in their praise of the splendid displays, a great many declaring some departments exceeded the show at the state fair. We do not believe that any county fair in the state can compete with the display of fruit, vegetables, live stock or poultry. Men who have attended fairs this fall in the banner counties of the state declared that Northville was leading them all this year. The Ford Motor company's band of High-

land Park made its appearance on the grounds soon after ten o'clock and contributed generously to the pleasure of the people by giving many selections throughout the morning and afternoon.

The baby show and the better baby contest attracted many people as usual and there was a wonderful company of smiling babies exhibited in both these attractions.

Thursday was a big day—Plymouth day and our neighbors came over in large numbers, presenting a very attractive procession. Friday and Saturday will be big days, with fireworks each night. If you have not attended the fair do not fail to do so today or tomorrow. Better go both days so you will be certain to see everything.

NATIONAL EXCHANGE CLUBS HELD BIG MEETING

Springfield, Mass., Sept. 26.—The annual meeting of the National Exchange Clubs being held here is a great success. There are five hundred delegates registered, and many of them are accompanied by their wives. The ladies are being royally entertained at the exclusive clubs of the city. The delegates and visitors were given a forty mile auto ride Monday and were taken through the business, industrial and residential sections of this beautiful city. There are now 231 clubs in the United States and reports submitted by the national officers indicate that the organization is in a most prosperous condition and each club is meeting a real local need—rendering service to its members and to the community, given a practical demonstration of its motto "Unity for Service." The goal for the coming year is 400 active, aggressive clubs. Florida and California were represented by real life delegates and Long Beach and Miami made strong bids for the next convention, but the race seems to be between Nashville, Tenn., and Davenport, Iowa.

J. W. Fitzgerald of Monroe is here, as are also Mr. and Mrs. C. A. Dolph of Northville. The convention will close Wednesday.

THIEVES COME TO GRIEF

Frank A. Schilling, 1611 Abbott street; Harry and Sophus Nelson, 2063 Lafayette avenue, Detroit, were arrested at their home Monday afternoon charged with the larceny of a gun from the Lee Hardware store here Sunday. They were arraigned before a Pontiac justice where they pleaded guilty. Harry Nelson was fined \$25 and costs and the other two \$15 each.

On Sunday the three entered the store ostensibly for the purpose of securing a hunter's license. While Mr. Lee was making out the license Harry Nelson abstracted the Winchester from the show window. Shortly after they left Mr. Lee noticed that the gun was missing and immediately work was started on rounding up the three. In the application for the license Schilling gave his Detroit address. With that the deputies Meyers and Wilson went to that city and learned that Schilling had given a correct address, but was not at home. Deputy Norman Lee later arrested the men and secured the gun—Farmington Enterprise.

MAYOR DOREMUS OF DETROIT COMING SATURDAY

Northville will be honored Saturday by receiving a personal visit from Mayor Doremus of Detroit, who will be accompanied by a number of other officials from the city. In the afternoon the mayor will give an address from the grand stand and this will be a treat because he is a fluent and interesting speaker. In addition to this added attraction the Cass Tech school band of the city will also be the special guests of the fair management and a trumpeter and soloist will add their contributions to the splendid musical program of the day.

It was through the efforts of M. N. Johnson and W. H. Maybury that Mayor Doremus was induced to pay Northville a visit at this time and owing to the fact that he has been ill for the past few weeks his coming will be all the more appreciated by our people.

Two young people were united in marriage at the Methodist parsonage on Saturday afternoon; the pastor, Rev. Wm. Richards, coming from the conference to perform the ceremony. The contracting parties were Jay Bliss and Miss Ida Rossow of Plymouth. They were accompanied by Mrs. Asa Bliss, of this place and Ralph Beeman of Owosso.

SHERWIN-WILLIAMS PRODUCTS

Paint and Your Pocketbook

Decay causes losses of thousands of dollars annually. These losses are caused by weather acting upon unpainted surfaces. Weather is a destructive agent. Repairs are expensive. They are usually neglected because they are not apparent—seldom are they looked for. Good Paint, properly applied before decay attacks your home, prevents depreciation in property values—make expensive repairs unnecessary. Painting is a good investment—it pays dividends in increased property values, minimum repair bills, and increased life of buildings.

Sherwin-Williams PAINTS AND VARNISHES

are highest quality protective finishes for your home—they have a permanent beauty an unusually long life.

Fair ALL This Week

Week's News in Brief

Malta Rocked by Quake.
London—A severe earthquake shock rocked the island of Malta, according to a message received here. The message gave no details.

Villa's Assassin Draws 20 Years.
Parral, Chihuahua—Jesus Salas, self-confessed assassin of Pancho Villa the Mexican bandit, was sentenced to 20 years in prison at the conclusion of his trial here.

Explorer Buried at Sea.
New York—Paul J. Rainey, noted explorer, died at sea following a stroke, apparently of paralysis, and buried in the sea, according to a radiogram received by his brother, Roy Rainey.

Sky Writer Killed.
Nashville, Tenn.—De Reece Shepherson, aviator, was burned to death here when his airplane caught fire in the landing field after he had written an advertisement in the sky, 4,000 feet above Nashville.

World Scientists Gather.
Liverpool—Three thousand five hundred delegates, representing every shade of scientific thought met in the opening session of the annual meeting of the British Association for the Advancement of Science.

Air Speed Record Made.
Mineola, N. Y.—A new world's speed record of 244.15 miles an hour was established here by Lieutenant Harold G. Brown, U. S. Navy, in a Navy Curtiss racer, flying over a one kilometer course at Mitchel field.

Flight Surgeon Killed.
Dayton, O.—Major E. L. Napier, flight surgeon at McCook field, was killed instantly when his plane crashed to the center of McCook field from an altitude of 1,600 feet. It is believed that a broken wing was responsible for the crash.

Action Delayed by Chile.
Washington—The Chilean government has asked and obtained a 60-day extension in the time for submitting its side of the Peruvian-Chilean boundary dispute to President Coolidge, who will act as arbitrator. It was announced here. Peru consented to the extension.

Russian Officers Now Laborers.
Ellensburg, Wash.—Sixteen highly educated Russians—lawyers, doctors and army officers under the czar's regime—are among 45 laborers at Uman, near here. One of the laborers is a count. Several were officers under Gen. Kolchak. From Siberia they moved to China, later to the Philippines and then to the United States.

Emergency Fleet Head Named.
Washington—Election of Edward P. Farley, chairman of the Shipping board, to be president of the emergency fleet corporation was announced with the statement that the action involved no change in the status of the two vice-presidents, Joseph E. Sheedy and W. B. Keene, in charge of the operating and traffic departments, respectively.

American Warships Leave Japan.
Tokyo—Admiral Anderson, commanding the United States Asiatic fleet, notified the Japanese government that the American fleet which had been doing relief work will depart with the exception of one gunboat and destroyer. The relief work for the great disaster victims is so well in hand that the American fleet is no longer needed, it was stated.

Leaking Faucet Heard Over Radio.
Los Angeles—The radio broadcasting station here recently received the following appeal from Cuba: "For Heaven's sake, turn off that faucet. I hear the dripping of water every time you put on a program and tune in." Investigation followed, and within sound-registering distance of the transmitter was found a defective tap with a steady drip, drip, drip.

Queen Accepts Salary Cut.
The Hange—Queen Wilhelmina and Dowager Queen Emma have decided that if the reduction in the salaries of state officials contemplated for 1924 is made effective, they will share in the cut. Both have written to the minister of finance, stating that in the event of the reduction, they will relinquish a part of their revenues from the state, in proportion to the other decreases.

Cat Inglets on Taking Bath.
San Francisco, Calif.—Cats are proverbially known for their aversion to water, and anyone who has tried to give a cat a bath usually has sad memories of the occasion. However, there is a cat in San Francisco that has completely upset this rule. It belongs to Mrs. Renee Vidale, and was presented to her by Mrs. Harry von Sobbern, wife of the sculptor. When Mr. and Mrs. Vidale attempt to take a bath they have to lock the cat out of the bathroom.

GOV. J. C. WALTON

—Klaboma City, Okla.—Governor J. C. Walton, who has declared martial law throughout the state, in his war on the Ku Klux Klan and mob fighting.

STORM WRECKS FOUR BALLOONS

International Contest Marred By Fatal Accidents.

Brussels—The Gordon-Bennett Cup classic, the annual balloon race for aeronauts of all countries, which started here Sunday in terrific gusts of wind and driving rain, has already cost three lives. Of the 17 entrants assembled for the race, 13 so far as is known are in the air.

One of the balloons, reported to be the Swiss, Geneva, was struck by lightning, and Lieutenants von Gruening and Wheren were killed. The Spanish balloon, Poplar, caught fire and its pilot, Penaranda, was killed and his assistant Gomez injured. The American contestant, Saint Louis, with which Captain H. E. Honeywell hoped to capture the trophy, was unable to withstand the pressure of the anchor rope when hit by a half gale and burst before the start.

The United States army S-6 glided into the Belgian village of Bruxelles when she was taking off, and damaged the Belgian so badly that she had to be emptied of gas for safety. Because of the atmospheric conditions, the United States navy A-6699, with Lieutenant Lawrence in command, had a narrow escape from colliding with others waiting for the start, but, hastily dropping her ballast, she soared high enough to get into the air currents and sail away.

REJECTS U. S. SHIP SALE PLAN

Lasker-Farley Proposal for Disposing of Vessels Illegal.

Washington—Attorney General Daugherty advised President Coolidge that the Lasker-Farley plan for solving the merchant marine problem is not legal, thus once more throwing into the laps of government officials the task of formulating a shipping policy.

Under the shipping act, the attorney general held the government vessels may be disposed of only for cash or credits and their transfer, as proposed by the Lasker-Farley plan, to corporations organized under state laws would be unlawful.

The intention of congress, he declared, limits disposition of the fleet to actual sales and not transfers of title. Receipt of cash, or credit extending not over 15 years, is an express limitation of law, the opinion added.

Many complications in the Lasker-Farley plan were cited by Mr. Daugherty. Among these were loss of legal title to the proposed corporations, loss of direction of the fleet by responsible federal officials, loss of the government's immunity from suits, and possible imposition of state taxes and state regulation upon government property.

U. S. GAS EXPERTS DIE IN BLAST

Killed in Effort to Stop Gasoline Wastage.

Washington—The three experts of the United States bureau of standards, who lost their lives in a laboratory explosion, and the six others who were injured, had just completed experiments which are expected to save 500,000,000 gallons of gasoline a year.

In their study of exaporation, bureau officials said the laboratory force had discovered methods for preventing huge waste from this cause, and had prepared full charts of great economic value.

The experiments had been proceeding for several months, it was said, and had just reached the stage of a final report on the findings.

Another task recently undertaken by the victims of the explosion, which was the most serious in the history of the bureau, was the testing of the engines of the Navy albatross ZR-1.

As You Make It

House hold work is hard and never-ending; or, it is easy, pleasant and quickly dispatched—as you choose to make it.

The Electric Washer gives freedom from the toil and stress of wash-day; the Electric Ironer cuts out half the time and labor of the old way; the Electric Dish-Washer cleans, rinses and dries in five minutes; the Electric Vacuum Cleaner keeps the house neat and clean with slight effort.

If you are building a new house, or planning improvements in your present abode, be sure to have plenty of "convenience outlets" (sockets in wall or floor) for the proper use of such appliances. Call upon us for further information—glad to advise you.

THE DETROIT EDISON COMPANY

TEN REASONS WHY YOU SHOULD OWN APARTMENTS IN THE COMPARTMENT MAUSOLEUM OF YOUR COMMUNITY

1st—Because it is keeping with the progress of the times.

2nd—A Mausoleum is a beautiful resting place for loved ones and is a sane, practical, up-to-date mode of interment.

3rd—It is a place where fathers, mothers, brothers, sisters, husbands and wives can lie side by side through the long night of sleep not an arm's length apart, each in a little room perfectly dry, where neither water, nor damp nor mould enters.

4th—It being endowed in perpetuity, this place, so sacred to you, will not be desecrated by alien hands as is too often the case in abandoned cemeteries.

5th—The Mausoleum will be endowed with a fund large enough to provide for perpetual maintenance. Consequently there will be no assessment.

6th—The Mausoleum will be strongly constructed, each compartment hermetically sealed, making it as secure as the pyramids of Egypt or the catacombs of Rome.

7th—Our Mausoleums eliminate the horrors of the grave and the possibility of gnats and the dissecting tables.

8th—All such provisions should be made while you are in health, thus avoiding the pained up expense incident to death and burial.

9th—The cost is much less than a lot, monument and other cemetery expenses. (You may have a monument in the Mausoleum when for dignity, durability and magnificence is unsurpassed.)

10th—It is the modern and "Better Way," and you cannot afford to let the opportunity go by to make such provisions.

Remember, we old build for those who purchase—no extras. We are calling upon the people as fast as possible and I would suggest if you are interested enough in a Mausoleum to look over our plans and specifications without any obligation on your part. Please notify the

TO WIDEN WOODWARD AVENUE.

The first formal steps toward the start of the wider Woodward avenue project, following the visit here last Thursday of Governor Alex J. Groesbeck were taken when the George W. Smith Co., of Detroit, was awarded the contract for the grading of the west side of the improvement between Pontiac and Detroit. Pontiac Press

IMPORTANT CHANGES IN STATE GAME LAWS.

Several important additions and changes were made by the last state legislature in the game and fish laws of Michigan. Contrary to general belief there has been no open season declared on male Chinese ring-necked pheasants. Their hunting is still prohibited. The open season on ruffed grouse, commonly called partridge, has been changed in the upper peninsula to October 15 to November 9th, inclusive. The season in the lower peninsula remains from October 15th to November 20th, inclusive. Bob White, or quail remain protected indefinitely, but are still classed as game birds. The season on Sora Rail opens September 16th, instead of September 1st. Cotton tailed rabbits may now be hunted from October 15th until January 14th, and for squirrel from October 15th to 31st, inclusive.

M. E. CHURCH DEDICATION AT TECUMSEH.

The following, from the Tecumseh Herald, relative to the recent dedication of the re-modeled M. E. church at that place, will be of interest to Northville people:

"The real credit of the wonderful accomplishment in putting this church into such splendid condition in such a short time and doing it with the solid backing of the entire congregation as well as of the entire community lies with the big hearted, big minded pastor, Rev. H. J. B. Marsh. It is to him who so silently, yet forcefully has accomplished so much credit belongs, for he has aligned all the forces of this institution into one great harmonious unit all pulling for the best interests of the church and all delighted at such a splendid accomplishment. The entire community is with this affable, broad-minded preacher and with him they have worked strenuously for that which in the last few days has been crowned with such splendid success. May he and the church prosper greatly in the days yet to come."

FAIR NOTES.

Mayor Frank Doremus of Detroit will be the guest of the fair on Saturday afternoon.

Saturday afternoon will occur the "rubber" base ball game when the championship of the fair will be decided between the Reds and the Blues. The Cass Tech school band is composed of more than 40 members— young men and boys and they can play wonderfully.

The Detroit Grouto will be here Saturday afternoon with its drum corps.

The exhibits never have been more attractive or larger.

The Ford exhibit is something not one should miss.

It required twelve innings to determine the result in the ball game between Redford and Livonia on Wednesday forenoon, Redford winning. In the afternoon Northville and Five Points played the first game for the Blues, and Northville won.

Try Northville first.

METHODIST CHURCH NOTES.

The pastor has returned for another year and will preach both morning and evening next Sunday. The Sunday school will meet at the usual hour—12:00, noon.

Morning service at 10:30 and evening at 7:30.

PRESBYTERIAN CHURCH NOTES.

The young people of the church, to the number of 26, enjoyed a very delightful social hour last Sunday night at 6:30. Light refreshments were served. All young people of the congregation are urged to attend the meeting Sunday night.

The usual services will take place on Sunday. Sunday school will convene after the morning service. The attendance at last Sunday's services was large, but we want to see more there next Sunday.

ST. PAUL'S LUTHERAN CHURCH

Carl F. Essfeldt, pastor, residence Dunlap street between Wing and High Services every Sunday 10:30 a. m. the first and third Sunday in German, the second and fourth in English. Sunday school at 11:45 a. m. Religious instruction Saturday, 9 to 11:30 a. m.

Rev. Essfeldt being booked to preach in New Haven next Sunday there will be no service next Sunday.

Last Sunday the infant son of Mr. and Mrs. Harry Musolf was baptised at St. Paul's Lutheran church. Mr. Walter Fox and Mrs. Clara Baughman being sponsors.

BAPTIST CHURCH NOTES.

At the Baptist association, which met at Ypsilanti last week, our church was one of the churches that invited the association to meet with them next year. Of course they accepted our invitation.

Last Friday and Saturday some of the men of our congregation met at the parsonage to make benches and tables. Behold the results at the Baptist dining hall on the fair grounds Sunday evening. Come again friends.

Many folks would be good for something if they were not suffering from spiritual indigestion. The pastor will talk about it Sunday morning. Another problem the church should deal with is half-baked folks. Come Sunday night and hear about this kind of folks. This is a pair of "folks" talks for folks who are not afraid of the truth.

Do you even go to prayer meeting? Come to ours next Thursday. You will enjoy and be benefited by it.

POST OFFICE NEWS.

The post office lobby has lately been equipped with a nicely painted and commodious wire basket, supplied by the department at Washington, a regular 1924 model as it were and scraps and parts of papers and circulars are no longer littering the floor.

R. F. No. 2 out of Northville has a near perfect road-system. There is only one mile that is bad out of the total and there is a promise that even this mile will soon be put in proper shape for the fall and winter months. Now if the people on Route No. 1 would get busy in some places that, too, would be a fine drive. The most of it now is in fair shape and some of it, as for instance the South Lyon road, is in splendid condition.

The post office department is again asking that Rural boxes be painted white and lettered with the owner's name and the signal painted red. The majority of the Northville patrons have complied with the request of the postmaster general, but there are some boxes that are sorely in need of attention along this line.

Mr. and Mrs. Fred Williams and Mr. Harry Hanna of Detroit, were visitors at the home of Mr. and Mrs. John Hanna of this village over Sunday.

A Specialist.
Young Doctor (introducing his only patient to a friend)—"Mr. B. and my practice."—Fliegende Blätter.

Sure to Come.
"Mos' all men got a moment o' remorse comin' some time," said Charcoal Eph, ruminatively, "but you'll got t' admit hit usually come affah 'o' git sump'n to your hurt feelings."—Richmond Times-Dispatch.

The Adventure of Work.
We are in grave danger in these days of dividing life into two utterly unrelated portions, and the true function of play as something that is essentially creative and life-renewing in the fullest sense is being forgotten. The best work must ever have in it the spirit of play; that is, the spirit of adventure. Great work, as another writer has said, is play itself.—Cape Argus.

Magic Word.
A Whittier mother was teaching her little son to say Amen at the end of his prayers, and the child suddenly asked: "Mother, what does Amen mean?" "Amen means the end, my dear," the mother explained. "A few days later the little one was disobedient and the mother gave him a severe lecture. She felt he ought to have a whipping and talked on and on, to serve herself for the ordeal of administering the spanking. Imagine her surprise when suddenly the child began crying "Amen, mother, Amen."

LINER COLUMN.

Have you thought of weather-stripping your windows and doors, in order that you may have a comfortable, evenly ventilated and heated house, and in order that you may stop a large and unnecessary waste? Call D. R. Blakeslee, Northville, 30.

THE AMERICAN LEGION CHILDREN'S BILLET.

The playground of the American Legion is an organization, within the Legion, known as the Forty-and-Eight. It takes its name from the French cars which were made to accommodate forty men or eight horses.

At the various American Legion meetings and conventions the members of the Forty-and-Eight society hold separate gatherings and enjoy much fun, by means of their unique forms of imitation and droll entertainment, reminiscent of life in France.

Recently, the American Legion Children's Billet committee, which conducts child welfare work for the orphans of men who gave their lives in the service of the country, was interviewed by Mike Murray, Grandee chief degare, or grand chief of train, who is the leading Forty-and-Eight in the state, with a view of ascertaining what the Forty-and-Eight can do for the orphaned children. He said that the members of his organization were not satisfied to exist just for fun, but wished to make a contribution to some worthy cause.

An arrangement was immediately entered into whereby this organization will stand for a certain number of kiddies at the Children's Billet, and will add very materially to the funds of the Legion for carrying on this worthy work.

The beautiful new home being erected at Otten Lake for the orphaned children is rapidly nearing completion, and will be dedicated the latter part of October.

A REMNANT OF THE PAST.

In grading for the new pavement through this village several rods of the old original plank road was uncovered, and the planks in the road were taken out in a more or less rotted condition. A glance at the "History of Livingston county" reveals the fact that the construction of the plank road from Detroit to Lansing was commenced in 1849 and was completed between the two cities in 1853.

The writer drove over the old plank road from New Hudson many times and also over the same road when it was gradually changed from a plank road to a gravel thrufare, the work of graveling commencing at the west end and gradually working toward Detroit, the last few miles into the city continuing over the plank until a few years ago. The toll gates were gradually wiped out from the west and finally the matter was taken into the courts and the old charter declared forfeited and the company was disbanded from taking further toll and all gates were abandoned.—Fowlerville Review.

TO THE LADIES.

You are invited to call and learn of the many useful and desirable articles now on display. Beautiful gifts in pretty boxes from 25c up. The most extensive line of hand-painted baskets in Michigan. You will be surprised at our exclusive stock and varied assortment in young and old.

THE GIFT SHOP, Milford, Mich.

WATER USERS TAKE NOTICE.

During the past week the village has employed a man to go about town for the purpose of checking up on all water users and to ascertain just how many families there are who are renting. This was done because property owners must see to it that water bills are paid. If, for any reason, all users of water have not been called upon or have not reported to the superintendent, they should do so at once.

It is against the village ordinance to tap the water mains by any person without first having received a permit to do so. Some have done this without permission and any further attempts to do so will get the offending parties into trouble.

Attend the fair next week, but in your rush and hustle do not forget to pay your water bills. All bills MUST be paid by October 1st, or water will be shut off.

SUPT. OF WATER WORKS.

Record Liners Cost But Little.

STATE OF MICHIGAN, County of Wayne, ss. At a session of the Probate court for said county of Wayne, held at the Probate court room in the city of Detroit, on the nineteenth day of September in the year one thousand nine hundred and twenty-three.

Present, Edward Command, Judge of Probate.

In the matter of the estate of JOHN S. TURNBULL, deceased. Clifford B. Turnbull, administrator of said estate, having rendered to this court his final administration account and filed therewith his petition praying that the residue of said estate be assigned to the persons entitled hereto.

It is ordered, that the twenty-third day of Oct. next, at ten o'clock in the forenoon at said court room be appointed for examining and allowing said account and hearing said petition.

And it is further ordered, that a copy of this order be published three successive weeks previous to said time of hearing, in the Northville Record, a newspaper printed and circulating in said county of Wayne. (A true copy.)

EDWARD COMMAND, Judge of Probate.

EDMUND R. DOWDNEY, 11-13. Deputy Probate Register.

A MILLION DOLLAR PERSONALITY

You own a personality—that something you call I—that indestructible entity that survives after this earthly career.

What we are in this world is due to the way we present our personality to our fellow creatures. The difference is shown in all walks of life.

The wonderful personalities of Jackie Coogan—Baby Peggy—Doug Fairbanks—Mary Pickford—Charlie Chaplin have turned floods of gold toward them and a host of others.

The personality of Columbus kept him true to his faith that there was another land—he won fame as a continent discoverer.

Abraham Lincoln had a wonderful personality and he trained among these Kentucky hills and Illinois towns and his life has been deeply engraved upon history.

John, the Baptist—Mary, the mother of Christ—Peter—Paul—Luke—all these New Testament worthies have influenced the world mightily—their personality stands as a beacon.

History swings upon the personality of some one man or woman. They typify the outstanding allurements of their day.

How much are you getting out of your own personality? Why don't you get better results? What excuse is there for your failure to do your best?

C. R. HORTON

LOCAL

Have you heard about it? This is fair week.

Northville fair is next week—the last fair of the season.

Harold Bloom will attend the U. of M. this year, taking a course in forestry.

Owing to the fair there was no meeting of the Exchange club this week.

T. A. Garfield of Coldwater came to attend the fair and to visit relatives and old friends.

Mrs. Nellie Berry and baby of Monroe are visiting at the home of Mr. and Mrs. Bruno Freydl.

W. Guy Taft left Sunday night on a business trip to Boston, New York and other eastern cities.

Eugene Baker of Hunting, Ind., was a week-end visitor of his brothers, Alford and George Baker.

Mr. and Mrs. Leo Desautels are spending a few weeks at the home of Mr. and Mrs. H. A. Desautels.

Mr. and Mrs. John LaRue and children of Ypsilanti were guests of Mr. and Mrs. M. R. Seeley, Sunday.

Mr. and Mrs. Myron Taylor are entertaining Mr. Taylor's brother and wife from Lima, who came to spend the week and to attend the fair.

Mr. and Mrs. L. A. Babbitt enjoyed an auto trip through Ohio last week, visiting a number of cities and towns while absent.

Mr. and Mrs. O. F. McDonald of Sanford have been guests of Northville friends for the past two weeks.

If you discover that The Record is not fully up to standard this week, just remember this a fair week in Northville.

Owing to fair week the Library building will be open on Saturday from 8:30 to 9:00 p. m. It will not be open in the afternoon.

Mrs. Leo Lawrence of this village and Mrs. G. A. Smith of Plymouth recently attended a luncheon at the new Detroit Yacht club, as guests of Mrs. A. Liddy of Detroit.

Oakland county has gone "over" the top to use the old war-day's expression, by raising \$6,000 for the Japanese relief fund. The quota for the county was \$4,000—Milford Times.

Rev. A. K. MacRae was called to Flushing last Monday to officiate at the wedding of the youngest daughter of Dr. and Mrs. George R. Wright of that place. Mrs. MacRae accompanied him.

The funeral of Mrs. Hay was held at the home of her son, Ralph, Tuesday afternoon at two o'clock.

The services were conducted by Rev. Wm. Richards and interment took place in Rural Hill cemetery.

Miss Mable Olson, who is a student at the Normal college of Ypsilanti, spent Sunday and Monday with her sister, Miss Irene Olsen, supervisor of music and drawing in our High school.

The Foresters are giving dances at their hall each evening for the remainder of the week. Perkins' orchestra is furnishing music for dancing, and the public is cordially invited. Dancing will start at 9:00.

Postmaster F. S. Neal attended conference of postmasters and postal employees in Detroit Saturday.

Postmaster General Harry S. New of Washington, was present and addressed the meeting.

One of our readers made this suggestion to The Record this week and we pass it along. The windows be lighted when the stores are closed in the evening. The party believes it would not only be a big improvement to the streets, but a vast amount of good advertising would be secured.

A motorist passing along Plymouth road discovered a car on fire in Benton's woods and hurrying to this village gave the alarm. An investigation by the officers revealed the fact that the car was a big Chandler and everything indicated that it had been set on fire and abandoned by some one.

Mrs. C. B. Turnbull recently entertained a large company of relatives at a birthday dinner given in honor of Mr. Turnbull and their little daughter, whose birthdays come within a few days.

The splendid dinner and the merry company of friends made the occasion one long to be remembered by all present.

Last Sunday afternoon at three o'clock, Rev. A. K. MacRae of this village united in marriage Miss Mildred Spencer, daughter of Mr. and Mrs. Sam Spencer and Robert Hunt, son of Mr. and Mrs. George Hunt of Novi.

The young people were attended by Mr. and Mrs. George Cook of Detroit, and left immediately after the ceremony for a short wedding trip.

Mr. and Mrs. Hunt are popular young people and many friends will extend congratulations.

William Courtney, one of the most popular of American stars, will begin a week's engagement at the Garrick theatre, Detroit, Sunday night in Oliver White's successful comedy, "Dangerous People."

This attraction comes from its three months' run at the Cort theatre, Chicago, with the original cast and production intact. The exceptionally attractive cast includes in addition to Mr. Courtney, Virginia Hammond, Frances Howard, George Parsons and Pierre Watkins.

The village schools closed Tuesday afternoon for the remainder of the week.

Miss Louise Mahne of Strathmore was a visitor at the Lutheran parsonage last Sunday.

Northville Commandery, Knights Templar took part in the field day at Pontiac last Wednesday.

Fredk Hedge had the misfortune to drive his car into the approach to the bridge on Plymouth road and received severe injuries to his side.

A passing truck threw a stone weighing more than half a pound through one of the large windows of the Red Arrow Restaurant a few days ago.

Rev. William Richards has been re-elected, as pastor of the Methodist church of this village for another year, a fact many friends will be glad to learn.

Mrs. G. L. Weston of Kansas City and Mrs. A. J. Robinson of Marshall, are guests of Mrs. G. W. Perkins. They will remain in Northville a week to attend the fair.

Mr. and Mrs. W. H. White of South Bend, Ind., will soon become residents of Plymouth. They will reside in Northville, and their friends here will be glad to welcome them.

Mr. and Mrs. Paul Phame and little son of Flint were week-end guests of H. A. Boyden and family. They became acquainted while both families were residents of St. Cloud, Minn.

During last Thursday night's storm water ran into Charles Johnston's yard on South Center street, causing the wall to his new residence to cave in. Upwards of twelve feet of the wall tumbled into the cellar.

Worth Pondering Over.

A leaf hits the ground and dies, a seed takes root and grows. Which are you, leaf or seed?—Exchange.

Uselessness.

About the most useless worry we know is the anxiety of the bald headed man about whether or not he looks funny to people who are topped off with hair.—Richmond Times-Dispatch.

Land of Rubber.

A traveler can ride for seven hours by railway train, or more than 800 miles, between Singapore and Penang, in the Federated Malay States, and not once lose sight of the rubber plantations.

Power of Hydrogen Atoms.

Energy set free by the transmutation of the hydrogen atoms contained in a tumblerful of water would be sufficient to drive the most powerful steamship afloat from America to Europe and back.

Much Good in Laughter.

Always laugh when you can. It is cheap medicine. Thackeray said: "A good laugh is sunshine in the house." Merriment is the sunny side of existence. Laughter is a constructive force which buoys up your spirits and helps you to achieve results.

SHOOT TO KILL ORDER GIVEN

LEGISLATORS ARE WARNED NOT TO PERSIST IN EXTRA SESSION MOVE.

WALTON WELCOMES COURT TEST

Majority of Law Makers Gather in Capitol Despite Governor's Proclamation.

Oklahoma City, Okla. — Adjutant General B. H. Markham Monday night was ordered by Governor J. C. Walton to "use all force of arms, even shooting to kill if necessary," to prevent the session of the lower house of the Oklahoma legislature.

All citizen soldiers of the state between the ages of 21 and 45 were directed in the order to hold themselves in readiness "with such arms as they possess or can obtain to come to the assistance of the sovereign state of Oklahoma when ordered to do so by the governor."

The troops are ordered to shoot to kill if that is necessary to prevent the assembly, Governor Walton told newspaper men. "I hope, however, that no such excessive measures will be necessary."

With issuance of the military order, all doubt was removed as to the executive's determination to prevent the house session to consider his impeachment.

Walton declared he would welcome a court test and has urged the legislators to seek an injunction.

Some legislators said they felt that the governor would not carry out his threat to prevent the session, but their optimism was not borne out by Walton's attitude.

These men urge that the governor permit the house to meet and then to test the legality of the session in the courts.

This procedure has been urged upon the executive by several advisers; it is understood. That the question will have to be finally fought out in the courts is the only point upon which both sides agree.

A majority of the members of the lower house were gathered in Oklahoma City Monday night, waiting the hour when they expect to face guns and bayonets in their attempt to convene.

That house members will go peacefully to the state house and attempt to assemble, offering no resistance in case their way is blocked, was the declaration of Representative W. D. McBee, who is in charge of the session plans.

TAX DECREASE HELD CERTAIN

Lightening of Levy to Result From Estimated Surplus.

Washington — The government's ledger will show a surplus of \$400,000,000 this fiscal year as a result of a steadily increasing income and the administration's economy progress, officials estimated Monday. This figure is double that of previous surplus estimated and practically assures a reduction of federal taxes by the next congress.

What form tax reduction will take is not yet officially known. Treasury department experts are studying the question, but have not yet submitted their conclusions to Secretary Mellon.

Strong pressure will be exerted in both house and senate for lowering the rates on moderate incomes. Advocates of this plan are gaining new support, and indications are that, unless this is done, they will oppose efforts of the administration to reduce surtax rates on large incomes.

Soldiers' bonus supporters are heartened by the certain prospect of a big treasury surplus, as they figure it will stimulate the campaign both for a bonus and tax reduction. Bonus supporters do not anticipate that the tax reduction program will militate against them.

CIVIL WAR IN GERMANY RUMOR

Declaring Passive Resistance in Ruhr Off, Is Cause.

Berlin — The government's proclamation that it is giving up passive resistance in the Ruhr, which was accepted Monday night by the Rhine land and Ruhr political chiefs and industrialists, including Hugo Stinnes, and labor unions and which appeared Wednesday night, signed by President Ebert and Chancellor Stresemann, was followed by a rumor that General Ludendorff has asked 40,000 troops to follow him to Berlin.

Civil war is being threatened on many sides. As the hour for the proclamation nears, the threat of war rumbles throughout the nation.

"We prepare for civil war," says a headline in a Munich paper published by Adolf Hitler, commander of the fascisti gray shirts, known as the Bavarian "Mussolini."

The Bavarian railroad workers' union Monday was sent a secret order that in case of a monarchist revolution the railroaders must obey the Bavarian monarchists and not the national government.

A military move against Berlin is now more feared than Bavarian separation.

4 Wheel Brakes on the Brand New Oakland

The finest light six is now also the safest! Four-wheel brakes are on the 1924 Oakland!

Think of it! The only six selling for less than \$1000 which gives you this safety feature.

Oakland's four-wheel brakes are the result of years of patient research and exhaustive tests on the part of Oakland and General Motors. They are sound, practical, simple—and unusually safe!

Come in and drive behind these four-wheel brakes. Test them yourself—their great superiority will instantly impress you.

The True Blue Oakland also has a brand new engine—smoother, quieter and more powerful.

The beautiful new blue bodies, built by Fisher, are wider, and more luxuriously upholstered. Disc steel wheels are standard, at no added cost.

See this new car at our special showing! Note the lower prices.

AMERICAN LEGION HELD DISTRICT CONVENTION

Sixth district American Legion members, in session at Pontiac last week Wednesday afternoon went on record unanimously in favor of the proposed adjusted compensation bill, now before the house of congress, and urged their representative to do all in his power to bring about the passage of the measure. Sentiment of the delegates was expressed in a resolution, a copy of which will be forwarded to Grant M. Hudson, congressman from this district.

Adoption of this resolution was the outstanding feature of the convention held in Cook-Hudson post rooms on Auburn avenue, at which between 150 to 200 delegates were in attendance. A large number of delegates to the session of the Woman's auxiliary of the organization was also present. "Whereas it is the opinion of the

great majority of electors in this state, as evident by their own action in regard to the adjusted compensation bill, that the federal government should carry no longer, but pass the five-fold compensation act, in order that some fair adjustment may be made with the men who spent their time in the service in defense of their country and its honor, and

Whereas the Sixth District of the American Legion, in due session assembled, feels that its congressmen should do all in their power to promote and further the passage of this bill: Therefore, be it resolved that this Sixth District of the American Legion in the department of Michigan, go on record, unanimously in favor of adjusted compensation, and respectfully urge you, our representative, to do all in your power to bring about the passage of the before mentioned Adjusted Compensation Act."

Action was taken to start a movement for the designation of Monday, November 12, as the day on which arms as celebrations might be held, instead of Sunday, November 11, the actual date of the event. The executive committee for this district was instructed to communicate with Governor Alex. J. Groesbeck and express the sentiment of the sixth district leg on members in favor of holding the observance on Monday—Pontiac Press.

Observation Supreme.

CIVIL WAR ON IN BULGARIA

COMMUNISTS AND AGRARIANS FIGHT TO OVERTHROW SOFIA GOVERNMENT

PEASANTS MARCH ON CAPITOL

Two Hundred Revolutionaries Killed in Attempt To Form New Republic.

Sofia—With Reds attempting to establish a soviet republic in southern Bulgaria, 200 Communist leaders have been executed and communism has been declared illegal by the Bulgarian government.

Agrarians are reported to be taking part in the effort to overthrow the government.

A number of riots have been staged and though the movement seems to lack organization it is strong.

Railway lines in the southern region have been destroyed.

Authorities have rushed increasingly large numbers of forces into the region.

The general strike in Sofia has failed and the Zankoff government at Sofia is disarming the army and sending the soldiers home to prevent them from joining the revolutionary movement in Bulgaria.

It is reported that 500,000 peasants are supporting the red revolt.

One hundred thousand peasants, a majority of whom are armed and fairly well organized, are marching on Sofia in an attempt to overthrow the government.

Two regiments have been dispatched against the oncoming peasants, who are reported to have halted in the face of rifle fire.

Bulgar towns along the Jugo-Slav frontier are showing special activity. Although it is asserted in Sofia that the movement is purely agrarian the communists have taken a hand in the controversy and are directing a general strike.

The communists near the town of Kazanlik attempted to proclaim a soviet republic, but government troops quelled the movement.

The inter-allied military control commission has decided to allow the Bulgarian authorities the right to organize a temporary civil militia to suppress outbreaks.

PASSIVE RESISTANCE END NEAR

United States May Be Again Called Into European Councils.

Washington—With Germany on the verge of a revolution as final capitulation in the Ruhr is decided on, it was believed here that events may so shape themselves in the near future as to lead the voice of the United States to be heard again in European councils.

That Germany to all intents and purposes has been beaten in the Ruhr and that an official and formal announcement of the abandonment of passive resistance is only a question of days, are regarded in official and diplomatic quarters here as certain.

The following forecasts, it is believed in official circles here, may accurately describe the trend of European affairs at present and in the near future.

Germany has capitulated, has decided that she must give up passive resistance in the Ruhr.

Certain conversations, it is understood in French quarters here, are now proceeding between France and Germany in order to bridge over the transition period between the present and the moment of formal announcement of the ending of passive resistance to make all arrangements for the development and to prepare the people of Germany and France for what is coming.

U. S. CONTROL OF MINES URGED

Interstate Commerce Commission To Be Given Power To Handle.

Washington—Government supervision of the coal industry was proposed in the final report of the United States Coal commission created by congress more than a year ago, to recommend a solution of the vexatious problems in that industry which have been clogging the progress of American business for years.

The commission would set up machinery for the governmental control of the coal business through a new division of the interstate commerce commission which now regulates the railroads.

The proposed agency, besides being given authority to obtain facts relative to costs, profits, investments and wages under the legislation suggested by the commission, would possess broad regulatory powers through license issued to operators, wholesalers and middlemen.

Consolidations of bituminous coal companies would be encouraged, but financing arrangements would be subject to governmental approval.

The coal commission ceased to exist Saturday by limitation of the act creating it.

Transportation Facilities

In a recent statement it was announced there were 55,250 passenger cars owned and in use by the American railways, the seating capacity being about 2,270,000 while there are 9,500,000 motor cars owned in the country, with a seating capacity of 47,000,000.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

STATE NEWS IN BRIEF

Fremont—Mrs. N. T. Wile, 66 years old, died suddenly just after she had prepared dinner for a family reunion. Children and grandchildren were present.

Lansing—Merton Davis, 54 years old, farm hand employed by Charles Skiegman, near Pottersville, was killed instantly when he fell from the top of a 20-foot ladder to the barn floor.

Grand Rapids—Coming in contact with a high tension wire in a downtown manhole when attempting to repair an electric conduit, Jesse Stevens, 50 years old, was shocked to death.

Lansing—Announcement by Secretary of State Charles DeLand of his candidacy for the Republican nomination for Governor in next year's primary is expected in the next few weeks.

Lansing—Maurice W. Cochran, who sometime ago was hired by the state to take charge of the grading work on M-16, now is directing all construction work being done by prison labor on state highways.

Kalamazoo—Authority was granted to the Western State Normal school at Kalamazoo to improve the barracks at that place so they can be used by the students this fall. Superintendent of Public Instruction, Thomas Johnson, stated that if the building could be placed in condition to use, it would provide room for about 150 students.

Lansing—Judge Harry J. Dingsman, of Detroit, was re-elected presiding circuit judge of Michigan at the thirty-second annual convention of the Association of Judges of Michigan, in session here. Judge Guy M. Chester, of Hillsdale, was elected president; Judge George W. Sample, of Ann Arbor, vice-president, and Judge LeLand W. Carr, re-elected secretary-treasurer.

Grand Rapids—Superintendent of Police A. A. Carroll, has enlisted the support of Superintendent of Police, William P. Rutledge, of Detroit, president of the International Association of Chiefs of Police, U. S. Representative Carl E. Mapes and Postmaster General Harry S. New, in his campaign to obtain national legislation restricting interstate shipment of pocket weapons.

Hastings—The new \$125,000 Penobscot hospital, said to be one of the finest of its kind in Michigan, outside of Grand Rapids and Kalamazoo, has been opened. The building was erected through donations made by merchants of the city. The new structure is of concrete and hollow tile brick, 60' by 130' feet in size, and is four stories high. It has 16 private rooms and 4 wards, 2 of 4-bed size and 4 of 2-bed size.

Bay City—Wendell Evans, youthful caddy at the links of the Bay City Country Club, won the city golf title from a large field by defeating Fred D. Johnson, veteran of several state matches, in the final match last week. Evans had previously defeated several of the ranking players of the city. Two other youngsters, Eugene Hand, 14, and Al Windlate, 16, placed near the top, the latter being low medalist in the tourney.

Lansing—The state of Michigan recently paid a debt contracted nearly 39 years ago. Early in 1914, Peter Szemga, employed by the I. Stephenson company, of Detroit, was killed. His wife, on behalf of herself and her two children, entered a claim from Poland, where she was living. The Michigan department of labor and industry recognized the claim, after nearly 10 years of litigation carried on by an insurance company.

Lansing—Numerous protests are being filed with the department of conservation by northern Michigan sportsmen's clubs against the state making additional plantings of fish in certain northern streams. This unusual condition developed as the result of the enactment of a law last winter by the legislature, which prevents land owners controlling both sides of a stream stocked by the state, from fishing in the stream if the public is denied fishing rights.

Harbor Springs—Will S. Purple, soul saving sheriff of Emmet County for nine years, advocate of jail reforms and consistent supporter of the Golden Rule in his relations with criminals, is dead. Shot in the head and through the body, he was instantly killed in a gun duel with Joseph Grosskopf, 35, on Grosskopf's farm near here. Grosskopf lies near death in the Petoskey hospital wounded, in the chest, abdomen, shoulder and left hand by bullets from the sheriff's gun.

Mr. Clemens—The Michigan grand lodge, Knights of Pythias, in golden jubilee session here elected the following officers: Grand chancellor, Fred D. Vos, of Grand Rapids; grand vice chancellor, Ray O. Brundage, of Kalamazoo; prelate, William C. Wetmore, of Jonesville; K. R. S. Will E. Hampton, Ann Arbor; master of exchequer, Harvey N. Clement Greenville; master at arms, H. E. Vroman, Wyandotte; inner guard, Thomas P. McKinnie, South Haven; outer guard, A. L. Fitch, Charlevoix. Many delegates attended the session.

NOVI NEWS.

Mr. Ed. Beckwith and sister spent the past ten days, visiting at Flint and Ohio.

Rev. and Mrs. F. Osborn attended the Wayne Association at Ypsilanti last week.

Mr. and Mrs. Loren Leavenworth have moved in the Charley Austin house on Walled Lake road.

Mr. and Mrs. J. O. Munro and children were callers at the home of Allen Greer of Plymouth, Sunday.

Mrs. Nettie Leavenworth, James Leavenworth and boys, Mr. and Mrs. John Moorey were Carleton visitors Sunday.

DIED FROM INJURIES.

Charles Landau, who suffered a broken back in an auto accident August 19th, near Walled Lake, passed away September 19th at the hospital in Pontiac. The deceased was 49 years old and leaves six children, an aged mother, four brothers and one sister. Funeral Friday at 2:30 p. m. from Salem Evangelical church, Farmington. Interment at Livonia center—Farmington Enterprise.
