### JOE VINCE SHOT HIS NEIGHBOR.

Mistaken for a mad dog, which had been terrorizing the residents of the Hungarian colony in the northwest part of Novi township, James Trayoner, was shot in the leg and painfully injured at 7:30 o'clock Friday evening, by a shot gun in the hands of Joseph Vince, 34-year-old Hungarian.

Trayoner, who had been walking along the road near the Vince farm, discovered that he was not seriously injured, and was able to remove all but one of the shots. An X-ray examination is expected to reveal his condition today.

Under Sheriff Frank Schram and Deputy Varne Schron, L. J. Dryer and Fred MacFarland brought Vince back to jail that night, but were satisfied that the shooting was accidental. Vince was released Saturday morning by C. B. Underwood, assistant prosecutor, after he had agreed to pay Trayoner's doctor's bills.

Throughout the questioning Vince protested his grief over the accident and declared he had no reason for shooting the son of a neighbor with whom he had always been on the best of terms. He declared that in the darkness he thought Trayoner was a mad dog, he was searching for a Pontiac Press.

Immediately after the shooting young Trayoner was rushed to the office of Dr. L. W. Snow in this village where his wounds were dressed. It is said that Vince shot twice, the first one wasting itself in the air, but the second took effect in Trayoner's breast and leg.

The mad dog story is not taken seriously but it is not believed that Vince intended to shoot his neighbor.

### FIRST DISTRICT MEETING.

The Detroit meeting of the Michigan State Teachers' association will be held October 25th and 26th. Every Wayne county teacher should enroll and attend these meetings. As this is an institute, schools may be closed without the loss of time or salary. For rural teachers, we particularly recommend the following:

Friday, at 9:00 o'clock.  
Northern High school auditorium. Rural department meeting. Speakers: State superintendent, Will C. Wood of California, Eddie Rickenbacker, world war aviation hero.

Friday at 2:00 p. m.  
Cass Tech High school auditorium. General meeting, or rural section meeting, room 217, Cass High school.

### CAPTAIN DENNISTON HONORED BY WARDENS' ASSOCIATION.

Supt. Edw. Denniston of the Detroit House of Correction and the Prison Farm, west of Plymouth, returned home a few days ago from his trip, with others, to attend a convention of the National Wardens' association at Boston, and to inspect state prisons and reformatories in the east. The Captain was absent three weeks and relates some wonderful experiences and insights into prison management, some of which he characterized as good and others bad. But he failed to observe anything in prison farms that excelled that of his own. Mr. Denniston was elected second vice-president of the association which numbers some four hundred members in the United States. The next meeting of the association takes place in Salt Lake City.—Plymouth Mail.

### W. C. T. U. CONVENTION.

Next week, on Thursday and Friday the 18th and 19th of October, the annual convention will take place in the Methodist Episcopal church, Northville being the place of honor for the occasion.

A very interesting program will be given consisting of a gold medal contest to which the public is invited. The public will be instructed with full details later.

N. C. Schrader is driving a handsome new Studebaker sedan.

Scott Armstrong has moved from Wallen Lake to Milford, where he will reside.

### NEW PASTOR WAS INSTALLED.

As mentioned in last week's Record Rev. Frank P. Knowles was duly installed as pastor of the Presbyterian church of this village last Thursday night in the presence of a good sized congregation. A number of visiting pastors were present to assist in the impressive ceremonies. Rev. M. E. Anderson of the Immanuel Presbyterian church of Detroit, presided and announced the program of the evening. Rev. William Richards of the Methodist church gave the invocation. A quartet composed of Mrs. Ray VanValkenburgh, Miss Ida Rose Cavell and Messrs. Ray VanValkenburgh and Carl Bryan rendered an anthem and Mr. Bryan sang a solo as their contribution to the ceremonies of installation. Rev. M. E. Morgan, pastor of the Fort Street Presbyterian church, delivered the sermon and brought a message that appealed to all. The charge to the pastor was given by Rev. J. D. Jeffrey of the Second Presbyterian church, and our own Rev. W. T. Jaquess gave the charge to the people, whom he had served as pastor for many years, and by whom he is held in highest esteem.

Rev. Anderson gave the closing prayer and pronounced the benediction. At the conclusion of the installation ceremonies the company was invited to retire to the church parlors where a reception was tendered Rev. and Mrs. Knowles and son, Bruce, and the visiting pastors. Members of the session and officials of the church with their wives were in the receiving line. After hearty greetings had been extended refreshments consisting of cake, ice cream and coffee were served.

### A. M. ECKLES DIED IN DETROIT.

Northville friends and acquaintances were pained to learn of the death of Albert M. Eckles of Plymouth, which occurred at Harper hospital in Detroit, early Thursday morning of last week. Mr. Eckles was a member of Union Chapter, R. A. M., and Northville Commandery, Knights Templar, and was held in high esteem by all who enjoyed his acquaintance. He was taken ill with typhoid fever at his home and when his condition became alarming he was rushed to the hospital with the hope that the change might prove beneficial. Funeral services were held at his late home Saturday afternoon. The Commandery acted as escort at the burial.

The deceased was born in Livonia township, February 14th, 1861, and spent his entire life in and about this immediate vicinity. April 18th, 1886, he was united in marriage to Alice Mott, who passed away September 22nd 1913. To this union five children were born four of whom are living—Roy Eckles of South Lyon, Mrs. Sylvester Shear of Redford, Mrs. Harry Brown and Mrs. Paul Lee of Plymouth. On August 16th, 1920, he was united in marriage to Mrs. Lucy Cork of Northville. Besides his widow and the children he leaves three brothers and three sisters and many other relatives.

### NORTHVILLE MAN GETS JAPAN POST.

Washington, D. C. October 6.—Secretary of Commerce Hoover, Saturday announced the appointment of Don C. Bliss of Northville, Mich., as clerk to the commercial attaché at Tokio, Japan. Bliss will sail immediately for his new post. Before coming to the bureau of foreign and domestic commerce in August, 1922, he was for three years associated with the Guaranty Trust company of New York. Mr. Bliss was superintendent of the Northville schools some fifteen years ago and left here to accept a position in the schools of New Jersey.

### H. C. DEFEATED ELOISE.

The House of Correction defeated the strong Eloise ball team 7 to 4 last Sunday. Eloise playing hard for the game till the finish, getting two two base hits, one three base hit and one home run. But the officers were not far behind, getting three two base hits and two three-base hits. Lyman pitched a hard game but Cameron's base stealing and Arch Long's heavy hitting could not be stopped by the strong Eloise team, while H. Crossman for the officers pitched a strong, consistent game.

### OBITUARY.

George Gifford passed away after a long illness at his home in Bealtown on October 2nd. A short service was conducted by the Rev. Wm. Richards at the residence on Thursday morning previous to the regular funeral and interment at Williamston. The family leaving on the train at Plymouth.

## PROBE ON KLAN WAR STARTED

FEDERAL JUDGE INSTRUCTS  
GRAND JURY TO SIFT RULE  
BY GOV. WALTON.

### OPENS WAY TO IMPEACHMENT

State Continues Nominally Under Mar-  
tial Law—Investigate Other  
Departments.

Tulsa, Okla.—The United States government waded into the Oklahoma mud when Federal Judge J. L. Williams charged the grand jury of the eastern district of the state to investigate "a condition of the chief executive of the state usurping power on one hand and mobs on the other."

"Citizens are guaranteed right of trial by jury and representation by counsel," Judge Williams declared. "Their persons and property are to be protected from unlawful search and seizure. No court, no governor, no officer, no congress, or no legislature can take these rights away."

"If no governor, or legislature can do it, it follows that no private citizen or no assembly of private citizens can do it. Any such assembly is nothing but a mob."

"We have here a condition of the chief executive of the state usurping power on one hand and mobs on the other. Now especially it is important the grand jury should do their duty and see that persons are protected in all of their constitutional rights."

The session, summoned by Governor J. C. Walton, two days after a call had been issued by a majority of the members of the house for an impeachment session on October 1, opened the way for the impeachment fight.

Governor Walton, who on the previous occasion, guided the actions of the Oklahoma national guard in driving legislators from the state capitol, has announced that he is ready to face the attack and that he welcomes the opportunity to defend his official conduct in every detail.

Although the call specified that the legislature was to consider anti-Klan legislation it is expected the impeachment fight will come first. House members have indicated, however, that certain of their own number will receive initial attention.

It is also expected that several departments of the state government in addition to the executive will be investigated.

The state continued nominally under martial law, but with the exception of a few attaches of military courts in Shawnee and Sulphur, not a member of the Oklahoma national guard was on duty.

### HIGHWAY TAX BOOST URGED

Wayne County Commission Recommends Addition for New Roads.

Detroit.—Recommendation of an additional tax of one mill per \$1,000 on the equalized assessed valuation in Wayne County was made by Edward N. Hines, chairman of the Wayne County Road Commission, in submitting his department's budget for 1924 to the board of supervisors. The commission asked \$4,584,666 for the coming year.

Expansion of the present road program throughout the county is the plan the commission submitted to the supervisory board. Construction of new roads, according to the estimate, will require \$3,256,300, while the bridge and grade crossing details will necessitate \$981,866. Cost of maintaining the present roads is estimated at \$346,500.

Widening of all the main traffic arteries leading into the city is included in the prospectus for 1924, with particular attention given to Michigan and Grand River avenues.

The plans provide for a new 66-foot right of way paralleling the D. U. R. tracks from Dearborn to the county line.

This with the old pavement and a private right of way two rods wide will make the thoroughfare approximately 165 feet wide.

### LABOR UNSEATS 'RED' DELEGATE

Editor Dunne Expelled by Large Vote At Portland.

Portland.—The American Federation of Labor in convention here revoked the credentials of William F. Dunne, of the Butte (Mont.) central Labor council, as a delegate in a spirited session during which Dunne was characterized as a "traitor to organized labor" on account of his alleged activities as a communist. The vote as announced was 27,338, yes; and 130 no.

The demand for the ouster was made by Matthew Woll, vice-president of the federation. William Green, secretary-treasurer of the United Mine Workers of America, followed Woll in denouncing Dunne whom he said had proven conclusively that "he is among us and against us," "who is a communist, who circulated the devitalizing doctrine that emanates from a foreign country."

### WOODMAN DECLARES STATE TREASURER NOT TO BLAME

In The Record of September 21st, we criticized the state treasurer for having withheld the primary school funds. Last week we received the following letter from Hoyt Woodman, deputy state treasurer, which we gladly publish in full:

STATE OF MICHIGAN  
Treasurer's Department  
Lansing.

Sept. 25, 1923.  
The Northville Record,  
Northville, Mich.

My Dear Mr. Brown: In your issue of The Record of September 21st, you criticize the State Treasurer very severely for the delay in the payment of the primary school money.

As a former Northville boy it is rather embarrassing for me to have this department criticized by my own home paper and I feel impelled to set you right on a few points as it is quite evident from your article that you have a mistaken idea as to how the primary school funds are handled.

Neither the state treasurer nor anyone connected with his department have ever offered any excuses for the delay, for two very good reasons—in the first place the warrants in payment of the primary school funds to the various counties are not issued by the state treasurer but by the auditor general and are not issued to the various city and township treasurers but to the county treasurers who usually deposit these warrants in their local banks to their credit. These warrants are then forwarded usually by the local banks to their correspondent banks in Detroit, who in turn forward them to this department and we then issue a state check, usually on one of our Detroit banks in which we have an active account, in payment therefor. Secondly—the state treasurer has no control whatever over the time these warrants are forwarded to the county treasurers.

The state administrative board, of which the state treasurer is only one member out of seven, directed the superintendent of public instruction and the auditor general to forward the vouchers on September 21st.

I cannot believe that you would intentionally criticize any state official unjustly and I trust you will give this article the same prominence in your paper that you did your criticism.

Very truly yours,  
HOYT WOODMAN,  
Deputy State Treasurer.

We feel that he had very good authority for making the criticism he did, basing our opinion upon the following circular letter mailed from the office of the department of public instruction at Lansing, and signed by T. E. Johnson, superintendent. The letter was addressed to L. A. Babbitt, treasurer of the Northville schools, and it is fair to assume that many other treasurers received similar letters. Mr. Johnson puts the matter clearly up to the state treasurer, as will be seen by a careful reading of his letter.

STATE OF MICHIGAN  
Department of Public Instruction  
Lansing  
September 14, 1923.

My Dear Fellow-Workers:  
I have had a good many inquiries as to the reason why the primary school fund was late in being distributed this year.

The state treasurer was unwilling to deposit so much money in the banks without adequate bonds. The banks were not willing as a rule to give such bonds for less than sixty days hence the delay. It was felt that it was better to have the money safe even if it involved a little delay than to leave it unprotected for that length of time.

Cordially yours,  
T. E. JOHNSON.

### HARD COAL PRICES BOOSTED

Public Made To Pay for Award By Governor Pinchot

New York—Anthracite coal consumers this week got their bill for the wage increase Governor Pinchot granted the hard-coal miners a month back to end their strike. It averages 75 cents a ton.

At the anthracite mines egg stove and nut sizes are selling at \$5.50 to \$10. The consumer will pay this plus the cost of freight and delivery to his bins, which will vary according to distance, retail margins and other factors.

Philadelphia retailers are asking \$15.50 for domestic sizes and \$12.50 for foreign. Retail increases range from 30 to 40 and 75 cents in Cleveland and Chicago to \$1 in New England and Baltimore and in the east dealers are offering premiums of a dollar and more to get delivery.

Five and a half million tons was the production loss in the four weeks suspension of the hard coal mines.

Governor Pinchot's statement that his strike settlement should not increase prices to the consumer is proved wrong inside a month. He admitted at the time that his prediction was based on hope and not fact.

The dealer has no other choice when the price at the mines is advanced than to pass it on. Otherwise he wouldn't long be a dealer. With mine wages advanced 75 cents a ton, the producer who doesn't add that to his selling cost won't long be a producer. The way to reduce prices is hardly to start by raising wages, an economic fact that even Governor Pinchot can't make wrong.

### RUSSIA BREAKS WITH FINLAND

Demands Million and a Half Gold Marks Compensation.

Stockholm—A serious dispute has arisen between Soviet Russia and Finland in consequence of the recent assassinations of Mm. Lavroff and Leshnev, Russian members of the Karelian frontier commission.

The Russian representative at Helsingfors has delivered a sharp note to Finland demanding the appointment of a mixed commission to investigate the assassinations; punishment of the murderers in accordance with Russian law, as the commissioners were slain on Russian territory and the deposit by Finland of 1,500,000 gold marks as a guarantee for compensation.

Pending a settlement Russia has broken off her relations with Finland.

The Soviet government holds Finland responsible for the reason that the assassins, according to Russian reports, came from Finland and returned to the country after the murders which occurred, about a mile within the Russian-Karelian frontier.

### WHEAT MARKET CURE PROMISED

The Co-operative Idea on National Scale is Adopted.

Chicago—Lifting the wheat farmer from his present slough of financial difficulties and low prices to the level of the cotton and tobacco growers by the same means that lifted them—co-operative marketing on a national scale—was decided upon by representatives of co-operative agencies and agriculture societies, called into conference.

Immediate survey of the six principal wheat-growing states with the view of working through present facilities here they exist and creating them where they do not, was voted by the conference, which resolved itself into a permanent committee with former Governor Frank O. Lowden as chairman.

### Divorce Decree Every 12 Minutes.

Chicago—The mills of Justice grind slowly, but this does not apply to that branch of the court here handling divorce cases, which has more practice than the courts of any other community of the country. Government figures show that more divorces are granted in Cook county than in any other county in the United States. In Chicago a divorce is granted every twelve and a half minutes on the average that the courts are in session.

### OH—OH, DOCTOR!

Since Harry Leon Wilson wrote the great succession of laughing novels, "Bunker Bean," "Ruggles of Red Gap," and "Merton of the Movies," people are expecting him to create a new clever character in American life every year. This year it is Rufus Billop, the sanitarium pest in "Oh, Doctor!" who became the strangest go-getter you ever heard of. And already "the Billop touch," which is a Wilson master touch, has become immortal.

NORTHVILLE, MICH., OCT. 12, 1923

### AS OUR NEIGHBORS VIEWED THE FAIR

The Northville fair, which was held last week, was attended by about everybody in Plymouth and vicinity. The fair this year was splendid in every particular. The free entertainments, the races, ball games and the many exhibits could not have been better. The officials of the fair association are certainly to be congratulated for the wonderful success which has attended their efforts.

The Northville fair closed Saturday after five days' exhibition of more than ordinary merit. The attendance was large on each day due to the fact that the association has established the reputation of putting on a good show. Every feature of the fair was first-class. The amusement attractions were better than usually found at small fairs and the horse races and ball games held the attention of many.

The Farmington equestrians with their fine riding horses made a good show. Roy Robinson took first prize in the jumping contest—Farmington Enterprise.

### AMERICAN LEGION TO GIVE BALL

The officers and members of Lloyd H. Green Post, American Legion, of this village have decided to give an Armistice day ball at the High school gym on the evening of November 9th. The Legion dances in the past have been most enjoyable and successful events and it is the desire of those in charge of the ball this year to have it eclipse all previous efforts.

Just remember the date and keep the event in mind. Friday evening, November 9th.

### A. A. HEAD PRESENTS PLATFORM

Thomas P. Henry of Detroit, the recently chosen president of the American Automobile association, announces as his aim for the association's prime objective "the development of a completed system of national highways, and a staunch opposition to all legislation hostile to the motor car and its owner."

### KING'S DAUGHTERS' SPREAD

The King's Daughters will hold their fall spread Tuesday, October 16 at 5:30, at the home of Mrs. Adolph Balden. Please bring the usual dishes. A good attendance is desired as the reports of the convention will be given.

### NORTHVILLE SCHOOL NOTES.

Last Friday afternoon Northville High school headed defeat to its old football rival, Farmington, to the tune of 20 to 6. The visitors were outplayed in every department of the game until the last few minutes of play when they were able thru the aid of a forward pass, and a few line smashes to cross the Northville goal line. The defense of the home team was especially brilliant. Time after time they broke the line and tossed their opponents for losses of five or more yards. They also showed a good defense against the forward pass. On offense the locals showed considerable ability in completing forward passes and running the ends. They were able to keep the ball in their opponents' territory most of the time. Every member of the team deserves a great deal of credit for it was good team co-operation that won the game. The line-up was as follows: Left end C. Hall; left tackle H. Lyke; left guard Severance; center LeFevre; right guard D. Yerkes; right tackle R. White; right end Markham; quarterback Riley; left half Wood; right half Fry; fullback Crouch. Substitutes Knowles for Fry, Fry for White. This is the third victory of the season for Northville. The boys have defeated Plymouth 16 to 0, and Belleville 32 to 6. Today they are playing at Birmingham. Watch for the result, and follow the team. They are strong contenders for the League cup. Let's co-operate and help the boys bring the cup to Northville this season. The very fine work of Coach Miller, ably assisted by Mr. Winn, in the coaching of the team has much to do with the success of our team.

The Belleville board of education inspected the Northville High school last Monday. That village expects to erect a modern building as soon as the bond issue carries.

At the next teachers' meeting Miss Dorothy Dubuar will give a report on the subject of silent reading in the grades.

Parents are requested to notice report cards carefully in order that they may be kept informed of the progress of their children.

Friday has been declared "freak day" in the High school. This is an annual custom which has long been established in the school.

The Northville school is growing rapidly. One year ago today the total enrollment was 501 pupils. Today the total enrollment is 553 representing a gain of 52 pupils over last year.

### PRESBYTERIAN CHURCH NOTES.

Communion of the Lord's supper will be observed next Sunday morning, following the regular services. Our Sunday school is growing and renewed interest is manifested by both teachers and scholars. There is room for others, and class for all.

### METHODIST CHURCH NOTES.

We will look for a good assembly on Sunday next. It cheered our hearts to see the church filled last Sabbath. "Not unto us O Lord, not unto us, but to Thy Name give the glory." Those unable to answer the call for the rally, we will be able to see in our next Sunday services, we hope. The choir will render the anthem. Sermon subject for the morning, "The Wife and the Branches." The Sunday school will meet at 12. The Epworth League at 6:30 with Leslie Fraser, leader. The evening service at 7:30 with the second sermon on "Finding a Man." Prayer meeting at 7:30 next week in the League room. Watch for November the 11th special.

### ST. PAUL'S LUTHERAN CHURCH.

North end of High street. Services Sunday at 10:30 a. m. First and third Sunday in German; second and fourth Sunday in English. Sunday school 11:45 a. m. Religious instruction, Saturday, 9 to 11:30 a. m. Next Sunday English services. Theme of sermon, "The Smitten Rock in the Wilderness." The East and South Michigan District of the Lutheran Missouri Synod holds its annual minister's and teachers' conference at Utica this week. Rev. Eisteldt of Northville is chairman of the conference. Rev. Riethmeyer of Pontiac is secretary.

Next week a young people's society of the Saint Paul's Lutheran church will be organized. All young people, connected with the Lutheran church are cordially requested to join.

The Ladies Aid of St. Paul's Lutheran church will meet next Thursday at the home of Mrs. Wm. Kreuger on Base Line road.

### BAPTIST CHURCH NOTES.

The G. G. guild had one of their good times last Tuesday evening at the home of their president, Miss Marguerite Warner. After the business meeting games were enjoyed and then light refreshments were served.

Last Friday evening the members of the congregation met at the parsonage to wish a pleasant journey to several of our members who are going to spend the winter in Florida. Those who went this year are Mr. and Mrs. W. H. Corbin, Mr. and Mrs. John Crommer and daughter and Ed Lockwood and daughter, Ella. It was said at the gathering that others expect to go west.

The prayer meetings continue to be well attended and interest is good. The Christian Endeavor meets every Sunday evening in the church parlors at 6:30.

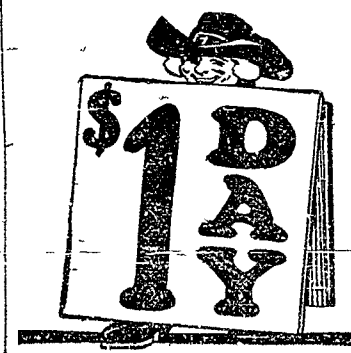

The subject of the Sunday morning sermon will be "A Sure Foundation." We all build our own foundation and our success in life depends wholly on how we have built. The subject of the evening service will be "Autumn Leaves." This sermon will be illustrated with beautiful stereopticon views, spot light and radio-ways.

Pay your water bills before the 15th. 12a2c

## THE JEW, AWAY-MARK ALONG THIRTY-FIVE CENTURIES

Nations, like individuals, are specialists and must emphasize their peculiar ability if they would make the most of themselves.

The outstanding task of the Jewish people was to be a witness for God among the nations. Persistently—patiently—sometimes partially—but always they kept alive faith in the God who spoke to Abraham and to Moses.

The Greek nation was a specialist in art and philosophy and has been a witness for beauty and culture for many centuries.

Rome knew the science of government and achieved mastery of wide dominions. The Roman has been a witness for law and order and efficiency for hundreds of years.

Italy of the Renaissance supplied painting and sculpture of such beauty that the world accepted them as leaders.

The Jew—trained by slavery—school in the desert—advanced in Canaan—scattered to the four winds of earth—still venerates the Faith in One God—one creator—one Jehovah.

The Jew—homeless—because of rebellion—harassed—hated—hunted—beaten—held in derision—has achieved marvellous results. The Psalms—the Epic of Job—the Prophets—the Revelation—all tell of Faith in God.

## C. A. DOLPH BIBLE CLASS

METHODIST SUNDAY SCHOOL

## First Presbyterian Church

No man can live all to himself. Co-operation is the watchword of success in every relation of human life. To succeed you must share with others. God never gives to any man a task; but that He furnishes the equipment necessary to perform it. We cannot blame our failures on God—to do so, is to imply that we are ready, but that God is lacking.

Regular Services Sunday, October 14th

At 10:30 a. m.—Morning Worship.

Followed by the communion of the Lord's Supper. It is hoped and expected that each and every member will be present.

At 12:00 o'clock (noon)—Sunday School Hour.

If you know of any boys and girls who do not attend Sunday school, invite them to come this Sunday. A reaping time is a fine thing to look forward to.

At 6:00 p. m.—Christian Endeavor and Social and Devotional Hour.

A great deal of interest is being shown by our young people in this part of the church work. Let the good work go on.

At 7:30 p. m.—Evening Worship.

The pastor is anxious to get acquainted with the people of Northville. Stay and shake hands. You are cordially invited to all the services of this church. The Male quartet will sing this Sunday.

## THE FRIENDLY CHURCH

## If You Stand or Fall

Depends wholly on your foundation. What kind of a foundation have you built? Will it stand the trials of life? Will it stand persecution and temptation? If it is the right kind it will, if it is not the right kind you will fall. There is only one sure foundation.

The subject of the sermon Sunday morning will be

### "A SURE FOUNDATION"

Hear the sermon and judge for yourself if this is a sure foundation or not.

### "AUTUMN LEAVES"

Will be the subject of the evening sermon. This sermon will be illustrated with beautiful dissolving stereopticon views as well as the spot light and a fade-a-way. This will be something entirely new in sermon illustrating.

Hartland is to have a school fair October 13 and 19.

Mrs. S. A. Brown spent the week-end with her brother at Milford.

Mrs. M. R. Seeley spent the week-end with Mr. and Mrs. John LaRue of Ypsilanti.

Gary C. Filkins will give an organ recital at Lapeer on Wednesday evening of next week.

The University Press club of Michigan will hold a three-day conference at Ann Arbor on October 18, 19 and 20th.

Edwin White went to Grand Rapids last Saturday to visit his sons and their relatives and friends for a few days.

E. A. Kenney and Osmund Yerkes left Sunday by automobile for Iowa, where they will spend a few days with the former's parents.

Rev. and Mrs. Frank P. Knowles are moving into the Presbyterian parsonage this week and are now permanently located in Northville.

Miss Martha Horton is attending the University of Texas at Austin, Texas.

She attended the summer school at the University of Colorado.

The American Federation of Labor in national convention at Portland, Oregon, refused to be led into the Red camp by some of the radical delegates.

In connection with the W. C. T. U. convention to be held here on Thursday and Friday of next week there will be a grand gold medal contest on Friday evening.

Mr. and Mrs. W. F. Bourne of West Palmouth, Mass., are guests of Dr. and Mrs. W. M. Nelson. They are the parents of Mrs. Nelson and came to see their little grandson. They will remain a few weeks.

Messrs. and Mesdames W. H. Corrin, John Crommer and Ray Cole left Tuesday by automobile for Florida, where they will spend the winter. They took along complete camping outfits and expect to camp along the way while enroute.

Mrs. Leo Lawrence left Monday morning for Grand Rapids to attend the annual meeting of the Grand Chapter, O. E. S., which was held in that city Wednesday and Thursday. She visited relatives at Lansing while enroute to the Furniture city.

Mrs. Charles Hilmut, mother of Mrs. Frank J. Boye, of Salem, died at the home of her daughter, Mrs. Quackenbush in Ypsilanti, Sunday morning. Funeral services were held at Ypsilanti Tuesday morning at ten o'clock. A suitable obituary will be published in The Record later.

Saturday afternoon, when near the golf club house, on the Seven Mile road a truck being driven by Robert Pickell, was run into by another truck going in the opposite direction and Mr. and Mrs. Pickell and Kenneth VanValkenburgh, who was with them, were badly shaken up. Kenneth was thrown through the windshield but fortunately he was not seriously injured.

The annual state convention of The King's Daughters and Sons was held in Ypsilanti last week. The following Northville ladies attended: Mesdames Ed Sessions, B. C. Stark, F. S. Neal, E. C. ## Doing and Believing

If we could persuade even half of those people who are convinced of the value of a savings account, but have none, to open their accounts here today, we should be handing out pass-books all night.

It is simply a matter of getting them to do something about it.

How about yourself? You have always wanted to open an account, but have invariably put it off. Come in today and open your account.

## WHO PAYS THE PENALTY

If you select  
the wrong Electric Washer?

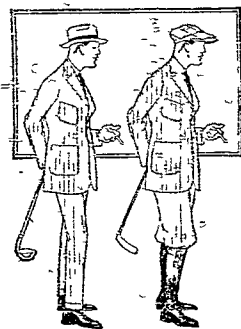

You alone must pay the penalty if, in buying an electric washer, you fail to select the one which saves the most work. That is why we emphasize the fact that every woman owes it to herself to compare the labor-saving features of the EASY with those of other electric washers before making a final choice.

We make it very convenient to do this—by offering to loan an EASY to any housewife in order that she may test it with her own family washing.

Phone us today, so that we may send an EASY to your home in time for use on your next wash day. We make no charge for this service.

The Four Piece Suit  
Idea Has Come To Stay

It is economical and practical and fits admirably into the spirit of American Life.

We're a business nation with a love for outdoor life—so what is more appropriate than a Business Suit that serves both purposes.

The Four Piece Suit is simply a Business Suit with an extra pair of Knickers for out-door wear.

We have many models too—especially designed for two-fold uses.

## DON'T WASTE TIME

It's a waste of time to experiment with liniments and plasters when you have a dull, throbbing backache or sharp, stabbing twinges. Get after the cause! Help the kidneys with Doan's Kidney Pills. Read this.

Mrs. S. Litsenberger, Dunlap street, Northville, says: "I had been feeling miserable for quite awhile. At first, I didn't know what the trouble was until my kidneys began to show signs of disordered and in various ways I could tell they were at fault. My back had a steady dull pain just over my kidneys and several nights I could hardly get a wink of sleep, owing to this dull aching in my back. I had dizzy spells when black spots came before my eyes. I tried different remedies, but only got temporary relief. Finally I was finally advised to try Doan's Kidney Pills. I began using them and two boxes of Doan's rid me of the trouble."

## FACTS ABOUT A MAUSOLEUM AS COMPARED WITH GRAVING BURIAL.

The burial in the ground does not appeal to anyone who has seen solid rock riven assunder by the action of water seeping through a microscopic crevice or has seen the same thing accomplished by the steady, slow growth of a tree's roots, where the tiny tendrils enter and gradually forge apart walls of stone that seem immovable, will realize that no coffin or casket will ever be perfectly gas and water tight as long as it is constructed of two pieces fitted together and held by screws.

Water will get in, gases will form and the deadly germs of disease will come out into the surrounding earth.

The modern mausoleums, are built of reinforced concrete and stone, the walls are 16 inches thick and as adamant, the outside is stone.

The inside walls are finished in white marble and individual marble slabs covering the opening of each compartment; on these marble slabs are engraved the names of the deceased and such data as to dates of birth and death usually appear upon tombstones.

The partitions separating the compartments or crypts are of the same construction as the main walls of the building and when the casket is placed in the compartment the opening of the door is sealed with a solid piece of this same concrete, making the chamber more thoroughly air and gas tight than if it were hewn in solid rock.

By means of devices, patented and owned by this company, the general sanitary conditions of the modern mausoleum are as perfect as those of a residence.

The building is traversed by a wide central chamber or hall and splendidly lighted; this room is dry and clean, at all times, and furnishes ideal accommodations as a place for the burial services.

We have set before you as clearly and completely as possible the opportunity that has been quickly embraced in every community where it has been offered.

There is no need to question as to what the thinking man or woman will do, it has been proven too often to admit of question.

Anyone wishing to go further in the matter can do so by addressing the Flowers Mausoleum Company, Northville, Michigan, and a representative will call and explain the project in detail. Remember we build for only those who order—no extras.

## WIXOM MAN RE-ELECTED PRESIDENT.

Election of officers for the coming year, 1923-1924 was the closing item of business of the thirty-fifth annual convention of Oakland County Sunday School convention, held Friday and Saturday in Farmington Methodist church.

F. E. Pearsall of Wixom was re-elected president. Fred Cowan of Birmingham was elected vice-president.

Mrs. George H. Kimball, Jr., of Waterford, was re-elected secretary and E. A. Mowrey of Wixom was re-elected treasurer.

The superintendents of the five administrative departments of the association were chosen as follows: Children's, Mrs. Charles Jones, R. F. D. 7, Pontiac; education, Earl Grainger, Royal Oak; administration, W. D. Jacobs, Pontiac; adult, George Fleming, Pontiac; and young people, Geo. H. Kimball, Jr., Waterford.

The convention, officers consider was one of the most successful in the history of the association. More than 250 delegates attended and Oxford Methodist Sunday school won the banner for having sent the largest delegation of any Sunday school in the county.

The convention was brought to a close Saturday evening with an illustrated lecture on the life of Christ, by Rev. Sidney D. Eva, pastor of the convention church, Pontiac Press.

## To Observe Dollar Day

During the past few years the business firms and merchants of a number of cities and towns in Michigan have observed Dollar Day when each firm offered some special bargain for the day at \$1.00. Northville business men have expressed a desire to observe such an event here and it has finally been decided to hold a Dollar Day in this village on Wednesday, October 31st, when every firm and business place, so far as possible, will feature something special for \$1.00. It is the desire, of course, to have every business place represented and it is believed such will be the case in Northville.

Just keep the date in mind and watch for bills and announcements telling you all about the big event.

Remember the date—Wednesday, October 31.

## Do You WEAR Out Clothes or WASH Them Out?

Clothes are more often worn out on the scrub board and through the wringer than through ordinary wear. That's why we say that Federal-washed clothes will wear longer.

At Federal Laundry we use no scrub boards, no wringers, no chemicals. Your clothes are washed in softest water with mild, pure soap. Then the water is gently wrung out of them in our modern centrifugal extractor. And they are dried and ironed with the greatest care.

You may send your washing to Federal with absolute confidence.

## GERMANY HAS NEW MINISTRY

CHANCELLOR STRESEMANN  
OPENS WAR ON BOTH COM-  
MUNISTS AND MONARCHISTS.

### FORMER KAISER DENIES PLOT.

German Mines Have Resumed Pro-  
duction in Ruhr District Ending  
Passive Resistance.

London—Chancellor Stresemann appeared before the reichstag in Berlin Saturday and told the German parliament his reorganized cabinet will ask for unprecedented powers. Stresemann warned the reichstag it will be asked to renounce its rights as a law-making body for a long time. The speech was interpreted as paving the way for the long expected Stresemann dictatorship of the German reich.

Stresemann admitted the failure of passive resistance to France-Belgian occupation of the Ruhr. The government could not have continued resistance one day longer, he said, explaining his decision to give up the struggle.

Chancellor Stresemann Sunday declared war on both the communists and monarchists and called on the rest of Germany to unite against the forces sowing seeds of strife and bloodshed. He outlined his policies, which obviously have the approval of members of the reichstag.

Chancellor Stresemann is determined to steer Germany through the most difficult period in history, no matter what the cost. He is prepared to put down any revolt, right or left, by extreme measures.

The salvation of the coalition has made this possible, as Chancellor Stresemann will have the socialists as well as the bourgeois parties behind any measures he cares to take for the preservation of the republic and the reconstruction of Germany.

German mines have resumed production throughout the Ruhr. The resumption was taken as acceptance by the miners of Chancellor Stresemann's order to cease passive resistance to the Franco-Belgian occupation.

William Hohenzollern, former German kaiser, Sunday denied through Princess Hermine that he and the former crown prince were the "master minds" of the reported coup of the Nationalists to take advantage of the crisis in the fatherland and assume control of the government.

### STATE DEATH RATE INCREASES

United States Census Figures Show  
Jump of 23 Per Cent.

Detroit—The death rate in Michigan has increased 23 per cent in the last year, according to U. S. census figures made public Sunday.

The number of deaths the first quarter in 1922 was 12,461; in 1923, 14,393. The crude annual death rate per 1,000 population for the first three months of 1923 is 15.2, distributed as follows: January, 14.0; February, 17.4; March, 14.4. In 1922 the death rate was 13.0, distributed as follows: January, 12.0; February, 13.1; March, 14.0. Birth figures for the first three months of 1923 indicate slightly lower birth rates than for the corresponding three months of 1922.

For the states compared the birth rate was 22.4 for the first three months in 1923, as against 23.6 in 1922.

The highest birth rate for the three months is shown for North Carolina (27.6) and the lowest for Vermont (15.3).

The highest death rate for the first three months in 1923 is shown for Maine (19.3) and the lowest for Idaho (7.9).

### TURK REPUBLIC BEING FORMED

Constitution Provides for Four or Five  
Years for President.

Constantinople—The new Turkish constitution will provide that Turkey be proclaimed a republic, with a president elected for four or five years.

The national assembly will have legislative power only, the executive power being entrusted to a cabinet responsible to the assembly.

A council of state will fulfill the functions usually cared for by a parliamentary upper house. The members of this council will be appointed by the president of the republic.

### Mexico Seeks Fugitives Return.

Mexico City—Senor Aspe, counselor of the department of foreign relations, says that no formal request has been made to Washington for the extradition of Mexican fugitives from the United States, but that the department is preparing to make a request for nine former government officials who absconded with government funds. Most of these served under former administrations. They were customs collectors, postal officials and stamp and revenue officers.

### HENRY FORD WORKS HIS OLD THRESHER.

Threshing on the Jim Gleason farm moved forward rapidly Friday, while Henry Ford operated the threshing machine, which he first used in 1882. With Ford running the machine and Gleason feeding the bundles a large pile of straw and 780 bushels of oats testified to the fact that the automobile manufacturer understands farm machinery as well as motor cars.

Ford's work in the Gleason oat field resulted from the desire of the Detroit manufacturer to operate the machine which he has said gave him his first idea regarding the building of automobiles 41 years ago. At that time John Gleason, brother of Jim, purchased the first combined separator and clover huller seen in this section of the United States.

Henry Ford was interested in the machine from the time it arrived and as soon as it was unloaded assisted in setting it up. He was the first person to run the new machine after it was put in order.

Some years ago Ford decided he would like to see the machine which he had operated many years ago. He remembered it had a number plate with the figures "345" on it, and this was the only mark of identification using his meager information, with the aid of manufacturers he traced the machine and finally found it junked on a farm in Pennsylvania. The number plate, so necessary for its identification, was in use as a patch

of the kitchen stove in the farm house.

The farmer wanted \$10 for the machine, which Ford paid, presented the farmer with an automobile in addition to the asked purchase price. The machine was shipped to the Ford factory here, put into condition and a few days ago sent to the Gleason farm where it was first put in operation by the future automobile manufacturer.

When darkness came that night, Ford stopped the engine and said he would be back the next day, when he moved down the road a little way to help John Ford with his car.

### M. A. C. FARM COURSES TO OPEN ON OCTOBER 29.

A sixteen-weeks' course in general agriculture, the first of a series of a dozen which will be given at the Michigan Agricultural College during the coming winter in conjunction with the regular "short course" work at the college, will open on October 29 and run until March 6 this year, according to announcement made here this week by E. B. Hill, director of special winter courses at M. A. C. This course in general agriculture is designed for men and women who are actually farming, or who expect to become farmers, farm foremen, or farm managers," said Mr. Hill in discussing the work. "Running 16 weeks in each of two years, it affords a broad training and excellent education in modern agricultural practice."

For the man who cannot afford the time to take the full four-year course at the college, this course offers an opportunity for a well-rounded agricultural education.

It is easily the most popular of our special winter courses.

An eight weeks, two-year course in general agriculture will open on January 7, while special courses on different branches of agriculture will be given during January, February and March. Catalog and general information on these courses may be had from E. B. Hill, director of special winter courses, East Lansing.

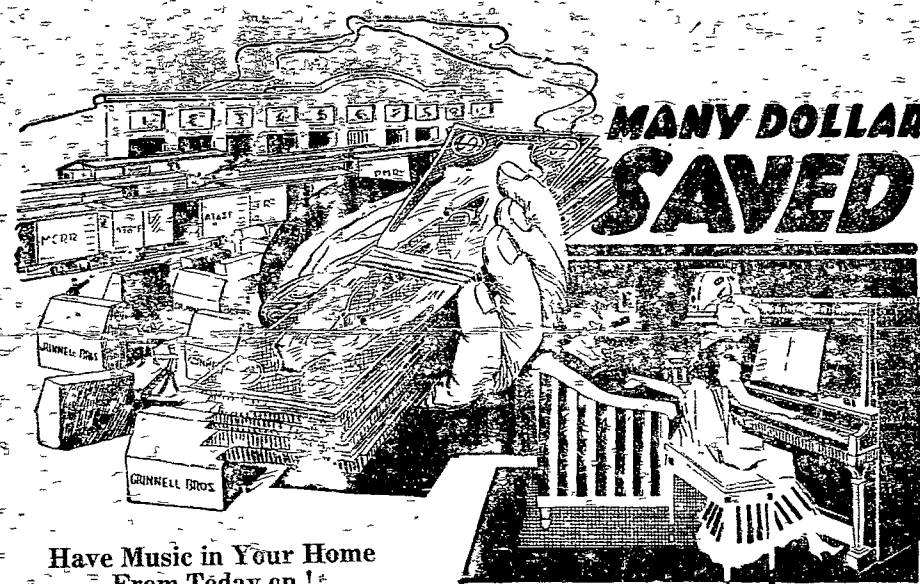

### AMERICAN CHILD HEALTH ASSO- CIATION MEETS.

The annual meeting of the American Child Health association will be held in Detroit on October 13, 16 and 17. The meeting offers an unusual opportunity to Michigan people as much as the meetings are seldom held in any other than the eastern or western portions of the country. Particular emphasis will be placed upon the preschool child and on health education.

Listed among the speakers are the Honorable Herbert Hoover, Dr. Geo. B. Vincent, Dr. Mary Riggs Noble and Dr. Haven Emerson.

## ANNUAL HOUSEWIVES' CONFERENCE TO BE HELD AT WAYNE.

The second annual "Housewives' Conference for Wayne county" will be held at the Methodist church, Wayne on Friday, October 19th. Household efficiency will be the keynote of the program which will begin promptly at ten o'clock and which should be of interest to every woman in the county. We have been very fortunate to have secured for this program Mrs. Frank Rosenblatt, Director of the Home Economics Department of the First National and Central Savings Bank of Detroit. Mrs. Rosenblatt's work in Detroit in assisting housewives to live better and spend less has given her a national reputation and the opportunity to hear her is one that will not come often to Wayne county women.

"The Relation of Household Equipment to Homemaking" will be the subject of a talk by Miss Adele Koch, Assistant State Leader of Home

Economic Work for Michigan. Of special interest will be the talks on and demonstrations with household equipment given by women who are using these articles in their homes daily.

Other home and community problems will be discussed by Miss Lois Barrington, county public health nurse, Mrs. Edith Wagar, member executive committee, state farm bureau, Ralph Carr, county agricultural agent, J. W. Wagner, county club agent. While this meeting is planned primarily for the women, the men are also cordially invited.

Lunch at noon will be served by the ladies of the church for 40c per plate. In order that the committee may know how many to plan for, those who wish lunch should notify Bernice Woodworth, home demonstration agent, Dearborn, box 548 or Mrs. H. N. Biddlecombe, Wayne. Do this as early as possible so you will not be disappointed.

BERNICE WOODWORTH,  
Home Demonstration Agent.

a play, entitled "The Rainy Afternoon," which will afford a lot of amusement.

Last Sunday was observed as rally day at the Methodist church. There were special services at the morning hour of worship and the Sunday school gave an interesting program, with music by the primary classes.

Several Oakland county lakes are about to disappear from the map. Petitions were filed with the supervisors Monday for the naming of "Wolverine" lake, to take the place of Mays, Pork Barrel, Bickins, Bradley, Taylor and Spring lakes, in Commerce township. It was revealed that a dam constructed at the mouth of the string of lakes had raised the water and converted them all into one.
