A Big Fox Special—Alexander Dumas' Great Story

"MONTE CRISTO."

### MRS. GEORGE MERRITT DIES AS RESULT OF ACCIDENT.

Mr. and Mrs. George Merritt were the victims of a serious automobile accident Saturday night while on their way home from the village. They were accompanied by Mrs. Clifford Smith and little son of Detroit, and Miss Carrie Angell, all three of whom were more or less bruised except the child. Mr. Merritt had turned the car from the right side of the road to enter the Angell yard when a big Buick car crashed into his machine, carrying both cars and their occupants, across the pavement and into the ditch.

Mrs. Merritt was unconscious when people who were attracted by the accident reached the wrecked car and it was at once evident that Mr. Merritt had suffered a severe injury to his left leg and arm. Mrs. Smith was bruised about her arms and legs. Miss Angell received but a few slight bruises while the little lad escaped injury, although he was found hanging out the car door of the wrecked car.

The injured ones were rushed to the Detroit Sanatorium where first aid was rendered by Dr. Walker and his staff and afterward Mr. and Mrs. Merritt were brought to the home of Mrs. Flora Larkins in this village. Everything possible was done to revive Mrs. Merritt, but she remained unconscious and passed away soon after midnight Tuesday morning.

Mrs. Merritt's funeral took place at the Baptist church yesterday afternoon.

Mr. Merritt's condition is regarded as very serious and members of his family are very much concerned regarding him.

There were three men in the Buick car and they were residents of Royal Oak. All were badly shaken up and cut with flying glass.

### HARVEST FESTIVAL PROVED A SUCCESS.

The harvest festival held at the M. E. church in this village last week Thursday night proved both an intellectual treat and a very happy social gathering. The pulpit and platform were banked high with fruit, vegetables, flowers, autumn leaves, ripened corn and pumpkins, whose varied colors and shadings made a most delightful picture. The program of the evening was opened by the choir and congregation singing that old familiar Thanksgiving hymn, "Come Ye Thankful People Come," and at its conclusion Rev. Frank P. Knowles offered the invocation. The responsive reading was led by the pastor, Rev. Wm. Richards, and Rev. D. D. Nagle read the scripture lesson. The choir sang an anthem, "Break Forth Into Joy," and the speaker of the evening, Rev. W. C. S. Pellows of Detroit, was introduced by the pastor, who took occasion to tell the large congregation something of the speaker's early life and how when a young man he was influenced to give his heart to God and to dedicate his life to the Master's service. As a young man he was a member of the Richard's household. Mr. Pellows expressed his pleasure at being present to take part in the festival and he gave his hearers a message they will long remember, stressing as his thought, "God's Kingdom." He compared it with the other kingdoms that men have established, and declared that when all earthly kingdoms have perished or been destroyed God's kingdom would be the eternal because it was being established in the lives and the hearts of His followers.

The choir led the congregation in singing "Eternal Source of Every Joy," and Rev. A. K. MacRae pronounced the benediction.

At the conclusion of the services the people gathered in the League room of the church where the fruits, vegetables and flowers were sold at auction. The auctioneer who had been engaged for the occasion failed to appear and Rev. MacRae was pressed into service and no one could have done better, in fact but few could have done as well. He sold apples for \$5 a half-bushel and eggs for \$1 a dozen, and who could have been expected to have done better. All the articles sold well and Mr. MacRae kept the crowd in good humor until the last cake and the chicken was sold to Richard Kilgus. The proceeds from the sale amounted to nearly \$50 and the affair afforded the people of the church and congregation a most enjoyable evening's entertainment.

The Westminster Guild will meet at the home of Miss Frances Yerkes next Monday evening, with Hazel Bishop assisting.

### MRS. ROSANNA BALL DIED SATURDAY NIGHT.

After having been in "the valley of the shadows" for several hours, during which time she was only partly conscious, Mrs. Rosanna Ball passed peacefully away at her home in this village Saturday night, at the advanced age of 90 years and two months. She had been in feeble health for the past few years, but she never complained, but rather bore her affliction cheerfully and with a calm resignation. Truly His God and staff comforted her and her faith in His grace sustained her through all the years of her life. Her faith in the promises of her Master was sublime, and by her daily life she endeavored to exemplify His teachings. She died as she had lived these many years—firm in the faith, gentle in spirit, a true Christian woman, and the influence of her life will be their inspiration upon those with whom she had been closely associated as long as memory shall last. With her life filled with kindly deeds, and Christian service, she approached the evening of life rich in many womanly graces, leaving behind many friends and acquaintances who will deeply regret her departure.

The deceased was born in New York state August 17, 1833, and at the age of twenty years was united in marriage to C. J. Ball. After coming to Michigan Mr. and Mrs. Ball were engaged in business in Newport, Monroe county for many years before coming to Northville in 1888. They built the brick store building now occupied by E. H. Partridge on North Center street and were engaged in business there for a few years. Mr. Ball died eight years ago. To this union two children were born—a daughter, the former Mrs. Neal, who preceded her mother to the grave eighteen years ago, and one son, Charles H. Ball of Detroit.

An only sister, Mrs. M. Shew who is past eighty years of age, attended the funeral services. In early childhood she became interested in the church and its activities and this interest was maintained until failing health compelled her to give up her labors. She was president of the Ladies' Aid society of the Northville Methodist church for many years.

Mrs. Ball had not been confined to her bed until Wednesday preceding her death. During her declining years she was kindly cared for by Mr. and Mrs. E. S. Neal, and an only daughter could not have been more devoted or considerate than was Mrs. Neal, who gave her almost constant care for many months. Master Warner Neal was also most devoted and he was willing and anxious to grant grandma's every wish.

Funeral services were held from the family home on Tuesday afternoon, and the remains were laid to rest in the Neal vault in Rural Hill cemetery. Mrs. Charles Bowen of Detroit and Mrs. Ray Davis of Lansing, friends of the family, sang at the funeral the songs Mrs. Ball had selected before her death—"Safe in the Arms of Jesus," "Lead Kindly Light," and "Asleep in Jesus." The Bible selections read by her pastor, Rev. William Richards, she had also selected. Rev. I. Walker of Grass Lake, a former pastor, assisted in the service and offered prayer.

Mrs. Ball's life in this community has been a benediction and her passing has brought universal sorrow. Let us hope that in the bright and better land she is enjoying the fellowship of those whom she has "loved long since and lost awhile."

### LIVED TO A RIPE OLD AGE.

Mrs. Sophia Brookman Nacker, died at the home of her son, Charles, at Salem on Wednesday of last week, aged 87 years and one month. She was born in Meckleburg, Germany, September 9th, 1836, and was the mother of four children—Lewis B. Nacker, who passed away May 15th, 1923, and three living children, Chas. Nacker of Salem, Casline Nacker of Chicago, and Mrs. I. H. Strong of Livonia Center. Besides her children she is survived by one brother, Henry Brookman of Harbor Springs and two grandchildren.

She was a kind and loving mother and her greatest joy was in making others happy. Her home was an inspiration to all who came in the circle of its influence, and her children mourn the loss of a devoted mother and her friends a faithful friend.

Mrs. Fred M. Warner and Mrs. Glenn Green of Farmington were callers at the Neal home on Tuesday. The little two-months old babe of Mr. and Mrs. Claude Finney died Tuesday morning. Funeral services were held yesterday afternoon.

## Fall Needs

An Oil-Heating Stove is just what you want for your home. It saves its cost many times over in prevention of illness and economy in its use of fuel. No Smoke, No Smell, No Trouble. Purchase an Oil Heating Stove now, and add comfort and healthiness to your home.

These are a few of the many useful tools for the home at this time of the year.

They are not only handy to have, but are also useful to lend or borrow. If you have them for your own, you don't have to borrow and if you want to accommodate your neighbor you have them to lend—anyhow, we have them to sell, and they are good.

### SMALLPOX THREATENS STATE

Big Increase in Disease Alarms Health Heads.

Lansing—There is danger of a state-wide epidemic of smallpox this winter unless immediate preventive steps are taken by local health officers, officials of the health departments believe.

So far during the first eight months of the year, there have been more cases of the disease over the state than were reported during the entire 12 months of 1922, and health officers point out that "smallpox" weather, the early winter months, is yet to come.

So far this month 74 cases have been reported, as compared with 16 for the similar period last year and with 46, the average for the same period over the last 10 years. All last year 1,200 cases were reported. This year 1,210 had been reported by October 1.

Not only have the cases been more numerous, but they also have been more serious, department figures show. All over the country the mortality rate of those who contract the disease has shown a marked increase.

Health authorities attribute the increase in the number of cases to the fact that a large proportion of the population is not vaccinated.

The only preventive step to be recommended, says the department, is widespread vaccination.

### URGES FEDERAL SUPERVISION

Failure of State Banks to Enter Reserve System Investigated.

Washington—Par collection of checks and the placing of all banking under federal supervision were among the measures urged Thursday before the joint congressional committee investigating failure of state banks to enter the federal reserve system.

J. H. Tregoe, of New York, secretary-treasurer of the National Association of Credit Men, advocated both proposals, while W. W. Orr, assistant secretary of the association, stressed the desire for par collection in his testimony.

Declaring banking was one of the functions belonging to the federal government, Tregoe said his association advocated the operation of the banking business under national law.

### NEW FARM LOAN WILL BE ISSUED

Bond Issue Planned to Help Meet Present Demands.

Washington—Announcement was made by the Federal farm loan board that federal land banks would make a combined offering of \$47,000,000 in federal farm loan bonds.

Chairman Cooper of the board expressed the belief that the amount realized from sale of the bonds with fund on hand, would be sufficient to meet the call upon the banks for the remainder of the year.

"In view of the constantly growing strength of the federal land banks and the advanced rate," he said, "the farm loan board believes this offering will prove especially attractive. The advance in the bond rate will not involve an advance in the rate to borrowers."

### BUILDING BOOM KEEPING UP

Stump Falls To Materialize—Other Lines Show Decrease.

Washington—Industrial employment conditions at the end of September were almost exactly the same as August 30, on the face of surveys made by the department of labor.

Out of 65 large cities, the department's agents reported that employment had increased in 23 during September and decreased in 36. Viewing the situation in still another way, it was said the five out of 14 basic industries had increased the number of workers employed, while the balance showed small decreases.

## Moving Your Coal

The 24 steam railroads operating in Michigan are already well advanced in their yearly task of bringing in the coal that will keep Michigan warm and working through the winter.

We are better prepared for this job than ever before.

Our repair shops contain only current work; there is no accumulation of crippled rolling stock. Our construction operations have been purposely pushed to release all equipment for this emergency. For four months we have been accumulating our own coal supplies until they are now at their highest point in history—79% of our entire storage requirements filled.

Best of all, we are swinging into use the record-breaking addition of 175 new locomotives, and 21,344 new freight cars, all bought during 1923. More improvements and additions are planned if you will back us by giving your support.

From the gateways, and the junction points, where we receive your coal, we are promptly carrying it on to you. Unload promptly and release our car for us to use in serving your neighbor's needs.

Are we doing this job as you want it done? We ask your criticism or approval.

**Michigan Railroad Association**  
Railway Exchange Bldg., Detroit, Mich.

**BUILDING**

**THE ADVANTAGE**

The advantage of joining us lies in the definiteness of the goal. Money in the bank brings you interest. Your equity here brings you large dividends on your savings. Let us explain.

**LOSE LIVES IN FOREST FIRE**

**WOODSMEN FIGHTING FLAMES OVERCOME, FALL INTO PATH OF INFERNO**

**ESCAPE BY RACE ON HAND CAR**

Situation Serious in Marquette County—Partridges Through Village Streets.

Marquette—Cut off as they fought to check forest fires sweeping towards Big Bay, last Monday, five men, all employees of the Lake Independence Lumber company, of Big Bay, were hurried to death.

Forest fires broke out anew in various parts of the upper peninsula. Strong winds made them particularly dangerous in the Big Bay district and gangs of men were hurriedly organized to fight off the flames before they swept into the valuable lumber stores at the settlement. The five victims were in one of these gangs.

Word of the death of the men was brought into Big Bay by a sixth member of the party who escaped by running a handcar along a logging spur through smoke and flames. His clothes were almost burned from his back, but he managed to reach the settlement.

Telephone and telegraph communication with Big Bay and this city was cut off Monday night as the fires burned away poles.

Fires became serious in Marquette county for the first time Monday. The fire which trapped the men had been burning for several days near M-35 on the new Baraga county trunk line, but had not been serious until Monday when, fanned by strong winds, it swept through slanting into the more heavily wooded country.

Forest fires broke out anew last Sunday at Gremland and Rockland. They are not considered dangerous to the settlements, however. A heavy pall of smoke, the worst in years, hangs over Cadillac.

**MICHIGAN BEAN CROP LARGE**

Despite Losses from Heavy Rains—Yield Averages 11 Bu. Per Acre.

Lansing—In spite of the damage to the Michigan bean crop caused by the heavy rains of a few weeks ago, which caught many farmers in the midst of harvesting operations, beans promise to rank third as a cash crop in Michigan this year. Only corn and hay will have a greater aggregate value, predicts Vernie H. Church, agricultural statistician.

Latest estimates place the Michigan bean crop at 6,243,000 bushels, or an average yield of 11 bushels from each of the 568,000 acres planted.

At a price of \$5.2 hundredweight, the Michigan crop would be worth nearly \$18,000,000.

The September estimate was 6,596,000 bushels. Thus it appears that the crop has fallen off only 250,000 bushels because of the rains. A greater percentage of cull beans will be a marketable, however.

Pickage is averaging about 8 per cent, whereas it would have averaged only 3 per cent or less with continued favorable weather, said Mr. Church.

Michigan is producing nearly half of the total bean crop in the United States this year and between 65 and 70 per cent of the white beans, according to figures given out by Mr. Church.

The total bean crop in the United States is placed at 12,902,000 bushels. Wisconsin, 154,000 bushels; Colorado, 1,360,000 bushels; California, 2,302,000 bushels; Idaho 990,000 bushels, and New Mexico, 276,000 bushels.

**WALTON LOSES COURT CONTEST**

Motion to Prevent Grand Jury Probe Ruled Out of Order.

Oklahoma City, Okla.—A motion by attorneys for Governor J. C. Walton to discharge a grand jury called to investigate alleged misuse of state funds by the governor was stricken from the records and the grand jury was convened here Monday.

This is the grand jury that was prohibited from meeting previously by one of the governor's martial law edicts.

The governor's motion declared that the grand jury was under the domination of the Ku Klux Klan and that it had been called for the direct purpose of indicting him.

Judge George W. Clark issued this signed order in striking the motion from the records.

"It is the first case of the kind that has ever been called to my attention and if this sort of a motion would be proper in this court, in my judgment, any bootlegger who had been violating the law and desires that there should not be a grand jury to investigate his acts might interpose the same motion and be entitled to consideration. The motion will be stricken from the records of the court."

**"WHISPERING WIRES" AT THE GARRICK.**

"Whispering Wires," hailed as the great American thrillodrama, comes to the Garrick Theatre, Sunday evening, October 21st, direct from a year's run in New York and three months in Chicago. The play is under the direction of the Messrs Shubert, and is a fifty-fifty combination of thrills and laughter.

Many playgoers have read the story under the same title as the play, which was written by Henry Leverage, and which appeared in The Saturday Evening Post as a serial and later in book form. Kate L. McLaurin sensed its value as a drama, being herself a writer of detective and adventure stories, and two veteran directors—J. C. Huffman and John Harwood—staged it.

**WAYNE HAS LARGEST BUDGET.**

Wayne county's budget for the fiscal year ending November 30, 1924, is \$3,467,857.24, the largest in the county's history. The tax budget is \$4,714,635.35, an increase of \$442,282.92 over the current fiscal year. A tax rate of \$1.987 per \$1,000 is in prospect.

**Attacked by Lion.**

A British railway engineer, named Kane, engaged on the construction of the new Uasin-Gishu line, was returning to the construction camp when he walked into a lair of a lioness with two cubs. Before he could fire the lioness leaped on him and severely mauled him. Then the beast fled.

**GOING IT TOO HARD**

Overwork, worry, overeating and lack of exercise and sleep are responsible for much kidney trouble. If your back aches and the kidneys seem weak, rest up and use Doan's Kidney Pills.

Dell Westcott, a Butler avenue Northville, says: "I have used Doan's Kidney Pills on different occasions when suffering from disordered kidneys and they proved to do just as represented in my case. My work is hard on the kidneys, owing to being so much on my feet without any rest whatever and this put my kidneys out of order. I had to lay off work for days at a time, as my back was lame and painful and now and then, I became dizzy-headed. Doan's were recommended to me, so I went to the Northville Drug Co. and got two boxes. After using Doan's the trouble left entirely."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Dell Westcott had. Foster-Milburn Co., Mfrs. Buffalo, N. Y.

**Auction!**

**Do You WEAR Out Clothes or WASH Them Out?**

Clothes are more often worn out on the scrub board, and through the wringer than through ordinary wear. That's why we say that Federal-washed clothes will wear longer.

At Federal Laundry we use no scrub boards, no wringers, no chemicals. Your clothes are washed in softest water with mild pure soap. Then the water is gently whirled out of them in our modern centrifugal extractor. And they are dried and ironed with the greatest care.

You may send your washing to Federal with absolute confidence.

WHY NOT TRY A 25c LINER IN THE RECORD?

The Coupe for Four is finished in rich blue and black, striped in red. Silk velours upholstery, leather, dome light, visor, rear view mirror, etc., are standard equipment.

**What Would You Expect to Pay for a Car So Fine?**

Here is a Coupe of rare beauty. It has a luxurious Fisher body—complete to the smallest detail.

It has a brand new, six-cylinder engine—smoother and more powerful, and carrying a 15,000 mile performance guarantee.

It has Four-wheel Brakes—simple, tried and true. Its controls are centralized on the steering wheel—exclusive, and remarkably convenient.

It shows a road performance, under every condition, that amazes the most critical drivers.

What would you expect to pay for this thoroughly fine car? Your guess, if based on previous values, will be wrong—for the price is only \$1545 f. o. b. factory.

The Sedan and Business Coupe are just as fine and complete as the Coupe for Four. At \$1395, and \$1195, respectively, f. o. b. factory, their values are just as convincing. Be fair with yourself and your family. See the True Blue Oakland before you buy.

Prices Open Models f. o. b. Pontiac  
Touring Car, \$945 Roadster, \$945 Sport Touring, \$1095 Sport Roadster, \$1095

LOCAL

Saturday night's rain was most refreshing. Watch for the big Dollar-Day edition of The Record next week—16 pages.

Redford Masons had their first gathering in the new Masonic Temple Monday night, following a lodge meeting in the old temple.

Now that the base ball championship has been decided it is believed that a number of Northville men will soon return to normalcy.

Mr. and Mrs. Harry T. Blake and children left this week for Detroit, where they will remain during the winter months. They are located at 4846 Hillsboro.

A. A. Stilson, the painter, who suffered a stroke some weeks ago, was taken to the home of his daughter at South Lyon the first of the week, where he will be cared for.

Messrs. C. R. Ely, E. B. Cayell, John Walker, James A. Hult, E. L. Smith, W. L. Tinnam and Bert Clark left the first of the week for Northville lodge at Mt. Morris, where they will spend ten days fishing and bird shooting.

Mrs. W. H. Elliott and her sister, Mrs. Charles Farrell of Gladwin, left the first of the week for Jersey City, to visit their brother, whom they have not seen in a number of years. They will visit a number of places of interest while in the east.

The Record next week will consist of 16 pages and if you are in the habit of borrowing your neighbor's copy do not ask for it next week, but call and get a copy. Your neighbor will want his copy for reference next week.

Just bear in mind that Wednesday, October 31st, will be observed as Dollar Day in Northville. Tell your friends about the affair, and plan to take advantage of the many special offerings which will be made by the merchants and business firms of this village. More than 25 first will offer special bargains for that day.

Cass Sheffield Hough, son of Mr. and Mrs. J. C. Hough of this place, who is attending the University of Michigan, has been elected president of the Junior class, of which he is a member. This is quite an honor for the young man, and attests his popularity among his classmates—Plymouth Mail.

Mrs. Carl Bryan, Mrs. George Tenkes, D. P. Yerkes, sr., B. A. Wheeler, C. R. Van Valkenburg and Rev. F. P. Knowles attended a conference and dinner in Detroit on Monday evening, at which plans for the forthcoming evangelist campaign to be conducted among the churches of the Detroit Presbytery were outlined and discussed.

Miss Jessie Allen, daughter of the late Gordon Allen, who conducted a tailor shop here some years ago, died at the home of Mrs. L. A. Lyon at Kego Harbor Saturday night, October 13, aged 40 years. Funeral services were held Tuesday forenoon, and burial took place at Woodmere cemetery in Detroit. Mrs. Allen and a brother of the deceased, Gordon Allen, reside in this village.

Miss A. C. Palden had the misfortune to fall down stairs at her home last Friday morning and to sustain severe injuries. Her arm was broken at the wrist, both bones being fractured, and she was badly bruised about the head and body. She arose early and when attempting to turn on the light at the top of the stairs lost her balance and fell headlong down the flight of stairs.

A Northville boy, Cleon Dey, is one of the successful candidates for the Alma College Men's Glee Club this year. Under the direction of Prof. J. W. Ewer, the club has a membership of twenty-two and has already begun rehearsals for the repertoire which it will be ready to present on an extensive trip in the spring. Last year, Prof. Beausang, the club made a trip through the northern part of the state during spring vacation. Two rehearsals are being required a week instead of one as has formerly been the custom.

Northville met defeat on Sunday afternoon in the ball game with the fast Greenan Cakes of Detroit, the final score being five to three. Northville's pitcher, Arnold Jaska, held the "Cakes" for six hitless innings. In the seventh they scored four runs and in the eighth one. Northville received two tallies in the fifth and one in the ninth. The game was a good one and was the first of a series of three games. The second will be played on the home grounds next Sunday afternoon and the result may be different.

Many Northville friends will extend their sincere sympathy to Mr. and Mrs. Charles Mundy because of the death of their little son, which occurred last Thursday at the home of Mrs. Mundy's parents in Plymouth. Mrs. Mundy and the children came from Phoenix, Arizona, early in the summer to visit her parents and soon after her arrival home the child was taken ill and gradually failed until death claimed him. Funeral services were held at Schrader Brothers' funeral home in Plymouth on Friday afternoon. Mr. Mundy came some days before the little one passed away

Wednesday, October 31st, will be Dollar Day in Northville.

Mrs. Ida Clark visited Saturday until Tuesday with Detroit relatives. There were a few articles of needle work left in the art department at the fair and they may be secured at the home of Mrs. F. S. Harmon.

The Foresters' ball team will play the officers team at the House of Correction farm Saturday afternoon. All fans are invited to witness the game.

A U. S. Civil service examination will be held in the High School building Nov. 10th, next for the appointment of a clerk in the Northville postoffice.

Mrs. John Lang of Essex, Ont., and Mrs. John Kirker of Detroit, sisters of Mrs. Frank P. Knowles, spent last Friday with Rev. and Mrs. Knowles at the Presbyterian manse.

The Northville Woman's club will observe art day at its meeting this afternoon, when Reginald Poland will give a lecture on the subject of "Art of the Netherlands."

Dr. F. A. Perry, state director of boys' work for the American Legion, will give an address at the Baptist church on Sunday evening. Plans are being made to have this a union service. Dr. Perry is a fluent and interesting speaker and he will bear a message all will enjoy.

Thomas Dermody died in Detroit the first of the week and his remains were brought to Northville for burial in Rural Hill cemetery. He leaves several children, his wife having died about a year ago. He was an honorable, hardworking fellow and though he was sorely afflicted, he did not complain.

Among those who attended the funeral of Mrs. Rosanna Ball on Tuesday were Mrs. C. E. Bowen and children, Mrs. Frater, Mr. and Mrs. B. F. Bashby, Mrs. Grandy and Miss Beam of Detroit; Mr. and Mrs. Roy Davis of Lansing; Mrs. Guy Pearsley of Pontiac; Mrs. Shaw and Mrs. Fred Knapp of Monroe; Mrs. Crook and Miss Ziegler of Wayne; Mrs. Hazel Ball-Tubbies of Chicago, and William Ekington of Orion.

Last Friday morning, Mr. Carl Strautz, a well known resident of Northville, passed away after having been sick with heart trouble for a year. Mr. Strautz was born in Burow, Germany, the 12th of January, 1860. In 1884 he was united in marriage with Miss Marie Neison. In 1889 the young couple emigrated to America and made Northville their home. The deceased leaves the mourning widow, two sons, William and Frederick and one daughter, Mrs. Emma Lips of Grand Rapids. The funeral took place last Sunday afternoon at St. Paul's Lutheran church being conducted by the pastor, Rev. Carl F. Essfeldt. Mr. Strautz reached an age of 63 years and 9 months. Burial was at Rural Hill.

WHO PAYS THE PENALTY

If you select the wrong Electric Washer?

You alone must pay the penalty if in buying an electric washer, you fail to select the one which saves the most work. That is why we emphasize the fact that every woman owes it to herself to compare the labor-saving features of the EASY with those of other electric washers before making a final choice.

We make it very convenient to do this—by offering to loan an EASY to any housewife in order that she may test it with her own family washing. Phone us today, so that we may send an EASY to your home in time for use on your next wash day. We make no charge for this service.

**APPROPRIATE FOR GUEST BEDROOM**

A taffeta of satin bedspread like the one illustrated is very easily made and is very appropriate for the guest bedroom. Any pastel shade is pretty and the lamp shades and window draperies should be of the same material. The room in the sketch was developed in rose with mahogany furniture and a gray rug.

October 31st will be Dollar Day in Northville.

**RECORD LINERS PAY—TRY ONE**

**NORTHVILLE EXPECTS EVERY BALD-HEADED MAN TO DO HIS DUTY**

Northville has an opportunity to secure the Consolidated Hair Brush & Mirror company, providing T. E. Murdock, H. S. Doerr, Ray Richardson, Floyd Northrop and a number of other representatives do their duty. The location of this factory will mean much to the community and the opportunity ought not to be permitted to slip by unnoticed. General Manager Gump has expressed his desire to locate his factory here, and has offered all our bald headed men an opportunity to get in on the ground floor of the proposition.

**PUSHING GRAND RIVER WORK**

Grading on M-16, the Detroit-Lansing highway, was started Friday between Webberville and Fowlerville. It is planned to use prison labor on M-16 and other important projects for grading work throughout the winter if possible, so that the road would be ready for paving in the spring. Grading is also to be started shortly on the same route near Okemos. It is planned to eliminate a long curve there and re-locate the road to run north of Okemos. Objection to the re-location, similar to those raised by Ionia county on M-16 between Grand Rapids and Lansing, have been voiced by Ingham county, but it is expected that they will be overcome.

Paving between Novi and Farmington and between the Howell pavement and Fowlerville will be completed this fall and the remainder of the M-16 is to be surfaced next year.

October 31st will be Dollar Day in Northville.

Try Northville first.

**OKLAHOMA STATE SWEPT BY FLOOD**

**RANCHLANDS ALONG CANADIAN RIVER ARE INUNDATE—FARMERS FLEE**

**TORRENT SEVEN MILES WIDE**

**Business Section of Capital City Endangered—Six Inches of Rainfall in 3 Days**

Oklahoma City, Ok.—Western Oklahoma, with hundreds of acres along the North Canadian and South Canadian rivers inundated, and higher ground converted into seeping mud dotted with pools of water, has been in the midst of the state's worst flood. Bridges along the Cimarron and Red rivers also being threatened. Communication with nearly 30 northwestern Oklahoma and western Texas towns has been cut, telephone officials stated. Woodward and Blair, Oklahoma, are completely isolated, and other towns are without telephone facilities. Some of them were without train service for more than three days. Airplane mail service to Blair has been authorized.

Fifty miles west of Oklahoma City persons were rescued in boats from the upper stories of their homes near Geary, where the North Canadian extends for several miles beyond its banks.

Farmers, leaving their property and stock, have hurriedly departed and the river is reported running in deep brown torrents over a seven-mile expanse of ordinarily dry land.

Five feet higher than any previous record, the North Canadian is gathering force, and rushing toward Oklahoma City sweeping bridges, homes, farm buildings and debris of all sorts along with it.

More than six inches of rainfall in three days has visited a vast territory in the river's watershed, and the end is not yet in sight.

At El Reno, farther down stream from the scene of worst damage, and but 30 miles above Oklahoma City, the North Canadian is said to be running three miles wide and four feet higher than last June, when the state's most costly flood occurred. Information from El Reno reported a steady rise in the stream.

**URGES SEA-CUT TO AID FARMER**

Ex Governor Harding Sees Waterway Opening Many New Markets.

Kansas City—Development of the St. Lawrence waterway to eliminate long freight hauls for the farmers' exportable crops, was advocated Thursday as the "economic solution" of the agricultural problem, by W. L. Harding, former governor of Iowa.

"The farmers' problem cannot be cured by price fixing, restricted acreage or proposed legislative remedies," asserted Harding, in an interview. He is here for the International Farm congress.

"We must create new markets for the farmers' crops—the capitalization of the St. Lawrence would enable the western farmer to load his products for export on ocean-going vessels at Great Lakes ports and save the long rail hauls to the coast."

This would mean less freight charges and less demand for railroad equipment. "It would also be a saving to the public, and contribute toward solution of the national transportation problem."

Harding said the farmer was pulling himself out of the hole, and aside from liberal credits and assistance in finding new markets for his crop, would be better off without government interference.

"Anything the government will do will just muddy the waters," he said. "The farmer is getting back on his feet—the one-crop farmer is going in for diversification of crops."

**APPROVES WAR INDEMNITY PLAN**

Britain Agrees With Allies On Reparations for Germany.

Paris—The British government's acceptance of the suggestion of the Belgian foreign office for a reference of the Belgian reparation plan to the interallied reparation commission as the basis of a concrete plan in the impending negotiations for a settlement of the question of German reparations, was announced by the foreign office.

This completes the general accord by all the allies—Italy having given her assent to the proposal—and the reparation commission will proceed officially to study the Belgian plan with a view to ascertain whether it can be used as the basis for a solution of the problem of reparations when the negotiations concerning them are resumed.

The Belgian document has been unofficially before the reparation commission for some weeks.

The French, British and Italian members of the commission have been conversant with its contents, but up to the present there has been no official discussion or an exchange of views on it.

**ASK FOR ADDITIONAL DEPUTIES**

The Exchange club held its luncheon on Wednesday at the Exchange Hotel, and the meeting was one of the largest of the season, twenty-four members and a number of guests being present. Sheriff George Walters was the guest of honor and he made some remarks at the conclusion of the repast. He explained why he had asked the Wayne county board of supervisors for additional twenty deputies for work throughout the county outside of the city of Detroit, whose special duties would be to patrol the highways of the county. He stated that he regarded human life just as valuable upon the highways of the county as he did upon the streets of the city, but at the present time there was no provision for this protection, and because of that fact he had asked for these additional deputies. He also explained in detail some of the difficulties under which the sheriff's office is compelled to work, and told how difficult it was to secure evidence with which to secure a conviction. Every technicality known to the shrewd attorneys was thrown about the defendant and these were sustained by the courts in many cases. He told of the road house, evil and related how high school students of the city frequented some of the most notorious resorts of the county.

At the conclusion of his talk a resolution was presented and adopted asking the board of supervisors to take favorable action on the sheriff's request, and to make provisions for the twenty additional deputies as recommended.

**Heat From Kerosene and Coal**

It has been pointed out that kerosene contains a greater quantity of heating energy than coal when the comparison is made upon the basis of weight. One pound of kerosene contains about 19,000 heat units, whereas one pound of high-grade coal shows about 15,000. The cost of the various fuels for heating purposes depends largely upon the relative supply.

**Northville To Observe Dollar Day**

During the past few years the business firms and merchants of a number of cities and towns in Michigan have observed Dollar Day when each firm offered some special bargain for the day at \$1.00. Northville business men have expressed a desire to observe such an event here and it has finally been decided to hold a Dollar Day in this village, on Wednesday, October 31st, when every firm and business place, so far as possible, will feature something special for \$1.00. It is the desire, of course, to have every business place represented and it is believed such will be the case in Northville.

Just keep the date in mind and watch for bills and announcements telling you all about the big event.  
Remember the date—Wednesday, October 31.

## W. A. PARMENTER

Phone 144-J. NORTHVILLE.

### OAKLAND HIGHWAY COMMISSIONERS ASK FOR LESS.

Can it be possible? The Oakland county highway commissioners have asked the supervisors for less money. A bill was appropriated for their department last year. The Press says: "That a mill and a quarter be raised on last year's county valuation of \$127,301,477 for construction of roads in Oakland county in the coming year, was asked by the county road commissioners in their eleventh annual report read to the board of supervisors yesterday afternoon by Chairman G. Ross Thompson. If this amount is included in the annual budget it will make available one half a mill or \$63,650 for the county's share of completion of the Grand River avenue and Saginaw main trunk roads and three-quarters of a mill or \$94,476 for maintenance of county roads. The report was referred to the county road committee and will be considered later in the season. The tax last year was one and a half mills.

Funds used on road work in the county are disbursed from three funds: Covert road, county road and maintenance funds. The condition of these funds was shown in yesterday's report to be as follows: The balance in the hands of the county treasurer Sept 16 1922, in the Covert Road construction fund was \$219,793.95. Receipts for the year totaled \$133,388.62 and the disbursements totaled \$221,698.24 leaving a balance on hand Sept 15 1923 of \$281,237.33.

### M. A. C. BOY WINS AT NATIONAL DAIRY SHOW.

A Michigan boy, Charles D. Miller, of Eaton Rapids, won first honors in dairy cattle judging for college students at the National Dairy show in Syracuse, New York, last week. Miller was a member of the Michigan Agricultural college judging team which placed seventh among the 29 college teams entered.

Competing against 37 of the best college student judges in the country (there were three men on each team), Miller stood first with both Jersey and Holstein cattle and ranked high enough in the other breeds to lead the entire contest for the ewe-stakes award.

While M. A. C. teams have stood high before in the national competition, this is the first time that the premier honors among individuals have been brought back to the state. The Michigan club boys judging team also won high laurels at the big show, finishing third among 20 teams from states scattered all over the country. Illinois and Connecticut won first and second places, respectively.

The Michigan team was composed of James Gallup, of Gaagstra, Iron county; Starr Northrop, Northville, Wayne county; Roland Stein, Ann Arbor, Washtenaw county; and Glenn Livermore, Romeo, Macomb county. A fitting team at the same show was composed of Wayne Clark of Sand Creek, Lenawee; and Harland Andrews of Adrian, Lenawee county.

The boys were sent to Syracuse by the Michigan State Fair association, having won the right to represent the state by virtue of victories in the club boys judging work at the last state fair. They were accompanied to the National show by Nevils Pearson, assistant state club leader under the M. A. C. extension division, who supervised training for the judging work.

### SCHOOL BUILDING SOLD AT AUCTION.

The school building and equipment in District No. 7, Fr., of Plymouth township, was sold at auction, last Saturday afternoon. The school building, which is a stone structure, was purchased by Don Packard for \$1,300. The school building stands upon a corner of the Packard farm. The equipment was sold to bidders from several nearby districts. The school library was divided between District No. 4, Plymouth and District No. 3, Northville.

School District No. 7, Fr., of Plymouth township, has been disbanded, and the territory divided among nearby districts. Wayne county took from this district several hundreds of acres of land on which to build the new training school for sub-normal children and several farms were purchased by the City of Detroit for the House of Correction farms, thus leaving such a small taxable area that the few families remaining could not maintain a school.—Plymouth Mail.

## STATE NEWS IN BRIEF

**Manistee**—The Manistee county board of supervisors voted 22 to 2 in favor of holding a special election to submit a bond issue sufficient to pay the county's share of the cost of building 11 through the county here next year.

**Monroe**—The supervisors have authorized the clerk to enter into a contract with federal and state authorities to test cattle in Monroe county for tuberculosis trouble. The sum of \$3,250 was fixed for 1924 and a like amount in 1925.

**Flint**—Flint's Community Fund budget for 1924 has been fixed at \$225,000 with 16 charitable and semi-charitable organizations, including several sectarian societies, participating. A campaign to raise the funds will be started late this month.

**Grand Rapids**—Walter Grant, of Albion, was elected president of the Michigan Professional Photographers at the concluding session here of the semi-annual convention. Charles Hoppe, of Detroit, was elected vice president. The next convention will be held in Flint.

**Pontiac**—Charles Rockwell, former member of the board of education and retired business man, was appointed to the city commission, to fill the vacancy caused by resignation of Rev. Russell H. Bready, transferred to a Detroit church. Rockwell was the unanimous choice.

**Grand Rapids**—Judge C. N. Dickenson, Grand Haven, and William E. Rice, Grand Rapids, have been selected president and secretary respectively of the Twenty-first Michigan Infantry, which was ordered out at Ionia, September 12, 1862, and returned in June, 1865.

**Ann Arbor**—Dean John R. Eminger, of the literary college, represented the University of Michigan at the memorial services in Kalamazoo for Dean Clark D. Williams, who was killed in the Japanese earthquake. Dean Eminger presented resolutions of sympathy from this university.

**Sault Ste. Marie**—Four-year-old Andrew Brubaker led his blind father safely out of their burning home here recently as the flames crackled all around them. The fire was discovered by the child, who rushed to his father, grabbed his hand, and the two groped their way through the smoke to the door.

**Grand Rapids**—Addressing the Lions Club here, Dr. Frederick A. Perry, of Detroit, director of boys' work of the American Legion, asked the State to give a million dollars for the orphans of World War veterans. "If the State will give us \$1,000,000 we will take care of all the destitute children of Michigan's veterans in the best possible way for 10 years," he said.

**Lansing**—The state administrative board has authorized John Baird, state conservation commissioner, to expend \$2,700 for a new pond at the fish hatchery in Benton Harbor, and \$400 for improvements at the Hastings hatchery. It accepted a bid of \$8,500 for the construction of a hatchery at Bay City and instructed Baird to spend not more than \$7,000 for equipment.

**Traverse City**—Because of the urgent necessity of giving attention to the potato harvest, the Board of Supervisors at the opening session of their annual meeting adjourned for two weeks. Virtually all of the rural schools in Northern Michigan have been closed for one or two weeks that the pupils could assist in the harvest. The supply of labor has been far short of the demand.

**Grand Rapids**—The city rate for the county's share of the 1924 state tax payable in the winter, will be \$2,368 per \$1,000 valuation as compared with \$3.25 last winter, it was indicated in a statement received from Auditor General O. B. Fuller showing Kent County's apportionment of the state tax. The city rate for the county tax last winter was \$3.137, and it is expected to drop this winter to \$2.660 or thereabouts.

**Flint**—Two-year-old Evelyn Wischof, who, with her sister Marie, 4 years old, ate poison tablets several weeks ago which they mistook for candy, will live, physicians stated. The physicians say the nation-wide publicity given their efforts to save the child is responsible. Of all the telegrams and letters of suggestions received, the prescription wired by a Chicago specialist was used several days ago. The child began to respond to the treatment soon afterward, and today was pronounced virtually out of danger.

**Lansing**—A bill of complaint, charging that Wisconsin has refused to settle amicably the Michigan-Wisconsin boundary line dispute, has been filed with the United States Supreme Court by Atty. Gen. Andrew B. Dougherty. If the Michigan suit is successful, the notorious town of Harley, Wis., known as the wettest town in the United States, will become a Michigan municipality, and a comparatively large territory, said to contain valuable forest and mineral tracts, and a number of islands, would be transferred from Wisconsin to Michigan.

## A Suit For Your Boy

Whether for School or Dress wear you will see just the Suit you want at the price you can afford to pay. It may be a little more than you planned but the extra service and the better appearance of the Suit will more than make up the extra dollar or so you pay.

## Increased Driving Comfort Provided in Buick "Fours"

In adjusting the position of the driving seat, in lowering the steering column and in bringing the shift lever and emergency brake within the easiest possible reach of the driver's hand, Buick has provided additional comfort and satisfaction in the new four-cylinder models. Ease of handling is also an outstanding feature of the new Buick "four". In heavy traffic the abundant power of the famous valve-in-head engine and the quickness with which the car responds to every control enable it to glide in and out of traffic with the utmost facility, while Buick four-wheel brakes assure perfect braking and safety under all conditions.

### GEORGE GOODELL EIGHTY YEARS OLD TUESDAY

George Goodell observed his eightieth birthday at his home in this village on Tuesday, and the day was spent quietly with his good wife, a daughter and a number of grandchildren. No attempt was made to observe the day any differently than every day is passed at the Goodell home, but a few friends learning of the happy event sent letters and post-cards and made some slight gifts as an expression of their esteem for the aged veteran, who is approaching the evening of life and who is making the journey down the western slope happy and untroubled. A representative of The Record called Tuesday evening and found Mr. and Mrs. Goodell seated in comfortable chairs, Mr. Goodell enjoying his evening "smoke" and scanning in memory the eighty years he had lived, and Mrs. Goodell was engaged in reading a book. The visitor was assured his host was feel-

ing fine, and that he expected to be here next year and then another year and with a hopeful outlook he expressed himself as believing that he would remain a good many years in his earthly home, before having to answer the last roll call. When a lad of four years old he came to Detroit with his parents from Otsego county, New York, where he was born. The family spent their first night in Michigan at the old Parker Tavern—they did not call them hotels in those days—at the corner of Third and Grand River, and on the following day started with oxen and cart to make their way through the almost unbroken forest to a piece of land one mile west of Novi village, which became the Goodell home. There were no roads, just trails, with trees blazed along the way to direct the travelers. One whole week was required to make the journey to the little home in the wilderness. A log house was built and

the family established a home in the woods in that community. Mr. Goodell grew to manhood and when the great Civil war came and a call was sent forth for men he was the first one to offer himself as a member of Company I, Twenty-second Michigan volunteer infantry, the enlistment taking place at a mass meeting held in Novi. He served three years in the war, taking part in seventeen battles. He was wounded and taken prisoner and spent fourteen months in Andersonville prison, during which time he suffered the tortures of hell from his wounds. Returning home he took up the threads of life where he left them and continued to reside in Novi township until about eight years ago, when he moved to Northville, to spend the remaining years of his life, and for one of his years he is enjoying splendid health. He attributes his good physical condition to the fact that he walks a mile or more each day, and he does this in spite of weather conditions. Mr. Goodell is a good citizen, a true friend and an esteemed comrade, and if the wishes of friends can avail he will be with us for many, many years.

least one more touchdown had it not been for fumbles. They stopped every attempt of their opponents to gain by the aerial route, handled punts perfectly, and stopped every running play that got by the line. Today the team is playing Redford, Wednesday, October 24th. Dearborn will come to Northville. It is expected that this game will decide the League championship. Here is your opportunity to see what will probably be the best game played in the league this season. Dearborn won the championship last season and will battle to hold it. Northville has a fast hard fighting team which will fight to the finish. Remember the date, Wednesday, October 24th. Also remember that the winner is practically certain of league cup.

Mark Robinson was called to Lansing on Tuesday to attend the funeral of his sister, Mrs. C. H. Ballard. Two weeks before he was called there to attend the funeral of Mr. Ballard, the two dying just two weeks apart.

Record Liners Cost But Little

### NORTHVILLE WON FROM BIRMINGHAM

Last Friday afternoon Northville invaded Birmingham and defeated their football team by a 6 to 0 score. Early in the game Birmingham got the ball on a fumble and carried it to within ten yards of the goal line where they were held for downs and the ball went over to Northville. Wood punted to midfield. This was their last scoring chance, for Northville clearly outplayed them during the remainder of the game. In the second quarter the N. H. S. boys scored on a cleverly executed forward pass. On this play every Northville man outplayed his opponent and the play, as all plays do it perfectly executed, resulted in a touchdown. Fumbles and numerous penalties kept them from scoring in the second half. The line did some exceptionally fine work both on offense and defense. It was the stubborn resistance of the line that kept their opponents from scoring in the first quarter. It was not an uncommon sight to see seven Northville linemen close in on an opponent and stop him five yards behind his line. On offense they opened holes in the line thru which the backs carried the ball for long gains. The backfield men also deserve a great deal of credit. They gained ground constantly on offense and would have scored at

# A Complete Line of KIMBALL, America's Favorite Piano

THE KIMBALL has been accorded every indication of public and professional recognition for its fine musical qualities. This sweeping verdict of approval has continued nearly half a century, during which time the immense output of a great factory has never been equal to the increasing demands of the music loving public for this Famous Instrument.

Hundreds of Great Artists and Musicians have not only used and enthusiastically endorsed KIMBALL Instruments, but purchased them for their personal use.

You, too, will endorse them, because you can get the same Piano made in the same way as the instruments personally chosen by many of the world's greatest authorities on musical instruments.

REV. SAYLES of Plymouth, will make a very interesting talk at 8:00 p. m. sharp on MUSIC. Everybody Come. Souvenirs will be given the Ladies.
