INSPECTED GRAND RIVER HIGHWAY.

Last Thursday a delegation of Northville citizens joined with residents of Novi and inspected the new Grand River highway from Farmington to New Hudson. As special guests of the occasion President Frank H. Alfred of the Pere Marquette railway and a number of his assistants had been invited and they arrived shortly after one o'clock on a special train from the north. Members of the Alfred party were taken in automobiles and a drive was made over the new road to the prison camp near New Hudson, where the large company of men were served a bountiful lunch.

After all had been served and while the guests were still seated at the long tables, Chief Engineer M. W. Cochran who has had charge of the Grand River project explained briefly the progress that had been made in the construction of the highway by the state. On July 23rd, last the first blow was started in the Grand River road improvement and Mr. Cochran assured his hearers that at the present time they had practically completed ten miles of the road. After work was started some time was required, of course, to establish camps and to properly organize the work to have everything about the job function in a satisfactory manner. President Alfred was called upon and he expressed his pleasure at being present and to take part in a gathering of that kind. He commended Governor Groesbeck and the highway department officials highly for the interest shown in highway construction about the state and especially in the plan of employing prison labor on the various projects. He regarded the movement as a splendid thing for the state and for the men as well because they were being taught how to work with their hands, while enjoying the freedom of the great outdoors. He complimented Mr. Cochran and Frank Egan, who has had charge of the actual construction work.

As the men filed out from the bountiful feast, which had been prepared by the regular crew of the dining room, they were met by A. L. Hill and L. B. Flint, who passed out cigars and delicious snow-apples, and invited all to "help themselves," and the invitation was accepted. Cars were again taken to Farmington over the new road was enjoyed, a detour being necessary just east of Novi village.

It is the desire of Novi people, as it is also the men in charge of the Grand River improvement, to have the highway go over the Pere Marquette tracks at the crossing in Novi, at the depot.

The men who have had charge of the Grand River improvement work have made a lot of friends among the people of Novi, who rejoice in the good record they have made since active work was commenced. To construct ten miles of concrete highway in practically ninety working days is a record all who have been connected with the project have reason to take pride in.

RED CROSS ROLL CALL NEXT WEEK.

Next week will be observed as Red Cross roll call week in Northville, and the people of this community are urged to co-operate with the local committee in making the affair a success. Ladies will make a house-to-house canvass as usual, but if it is more convenient for any one to leave their dollar at the local banks they may do so.

Just remember that all that is required in this roll call is a heart and a dollar. One-tenth of the amount raised will remain here for local purposes. Never was a cause more just or worthy than the Red Cross organization is your personal representative wherever misfortune or disaster appears. You were represented in the great Japanese disaster if you were a member of this organization, and what a wonderful work you do—through your representatives. Everybody was proud of the record made in that great disaster, and the relief offered was made possible because the National Red Cross was properly organized and financed.

Just put a dollar on the shelf so it will be easily reached when the roll is being called next week. You will never miss it, but it will help wonderfully in the great work of relief as conducted by the Red Cross.

Mr. and Mrs. W. H. Ellis of Indian Garden, Walloon Lake, were callers on the Misses Sloan last Saturday afternoon.

NORTHVILLE WON SUBURBAN LEAGUE CHAMPIONSHIP.

By winning four games and tying one, Northville won the football championship of the Suburban League for 1923. A beautiful silver trophy cup will be awarded to the victors at the next league meeting.

The scores of the games are as follows: Northville 16, Plymouth 0; Northville 20, Farmington 6; Northville 7, Redford 6; Northville 20, Dearborn 0; Northville 12, Wayne 12.

The following boys have represented Northville in these games: C. Hall, I. E. H. Lyke, I. A. Seierance, C. C. LeFevre, C. E. Yerkes, C. G. Fry, R. T. W. Markham, R. E. E. Riley, (captain) G. B. J. Wood, I. H. B. Knowles, R. H. G. Crouch, E. B. Substures, R. White, D. Koff, E. Kohler.

In the game at Wayne last Friday both teams showed weak defenses and neither was able to stop their opponents once they got within 20 yards of the goal. At the end of the first half the score was 6 and 6. Both teams scored again in the third period and both failed to make the extra point. Late in the fourth period the Northville team began to show better form and twice carried the ball over the goal line only to be called back for off side penalties. The game ended with Northville in possession of the ball within Wayne's 20 yard stripe. Final score Northville 12, Wayne 12.

DRY CONFERENCE HELD IN DETROIT WEDNESDAY NIGHT.

At the request of Sheriff George A. Walters a conference of village and township officers of Wayne county was held in Detroit on Wednesday night, at which officers from all the towns of the county outside of Detroit were present, for the purpose of putting into effect the program proposed by Governor Groesbeck to make Wayne county dry. A plan for cooperation between the sheriff's office and the officers representing the townships and villages of the county was proposed and met with a ready response.

Attorney General Andrew B. Dougherty of Michigan, county prosecutor Paul W. Voorhies and Harry B. Jackson, director of the state department of public safety, were present at the conference to enlighten the gathered officials on what legal procedure can be taken against the vendors and manufacturers of illicit liquor.

WILL USE THE PADLOCK.

Sheriff George A. Walters has decided to use the padlock process on a number of road houses and booze dispensing places about the county, and among the places he expects to lock up is the Paris cafe on Grand River. The proprietor of the place secured an injunction restraining the sheriff from using the padlock, and the matter will be aired in court.

If the padlock process becomes general throughout the county a good many places will be locked up for a year.

ARMISTICE DAY BALL THIS EVENING.

Arrangements are now all complete for the Armistice Day ball to be given by Lloyd H. Green Post, American Legion, at the high school gym this evening. Already a good many tickets have been sold and everything indicates there will be a good attendance. Fuzel's orchestra of Detroit will furnish music for dancing, and the public is invited to join in the good time.

SUFFERED A BROKEN HIP.

Mrs. O. N. Barnhart of this place is in a hospital in Pontiac suffering from a broken hip caused by a fall on the cement walk at their new home near Farmington. Being unable to help herself she was found an hour after the accident by Teddy, their intelligent Collie dog. He alarmed the neighbors and brought help. Mrs. Barnhart is slowly improving.

M. E. SUNDAY SCHOOL OFFICERS.

The following officers were elected for the Methodist Sunday school for the conference year:

FRANCE WANTS HER DEBTS DISCUSSED

INTERNATIONAL CONFERENCE ON REPARATIONS MAY BE OBSTRUCTED.

AMERICA WILL REFUSE, BELIEF

Demand of Premier Poincare Directly Opposite Stand Taken By Secretary Hughes.

Paris—The phantom reparations peace ship is foundering in the swirl of international politics on its first trial trip, observers believed here Sunday, following the stand taken by Premier Poincare in notifying Washington that no international conference or experts can be held unless the French war debt to the United States and other allied war debts are discussed.

Impartial newspaper and political observers saw in this stand a definite obstruction to the conference proposal, since the United States has maintained that war debts cannot be discussed.

The United States takes the position, according to word reaching here, that the French war debt and others are separate matters having nothing to do with reparations.

The French government lent this money during the war and received promises of payment, it is contended. Revision of the promises should be taken care of by the American debt funding commission, especially organized by congress.

The French government position is if the United States will not lower the war debt of France she cannot expect France to lower the war debt owed by Germany to her.

The French premier told Ambassador Jusserand in Washington to explain to the American government "clearly and loyally" that:

1. The French would accept no international conference unless it took up all war debts.

2. The French government would accept at this time no negotiations of any sort which bring in the question of occupation of the Rhin, which France intends to maintain.

MONARCHISTS DEMAND POWER

Mailed List Dictatorship Insisted Upon By Autocrats

Berlin—The ultra reactionary organs are clamoring for the retirement of both President Ebert and Chancellor Stresemann, and demand a mailed list dictatorship. Although the Bavarian rumblings have a suggestion of stage thunder, Military Dictator Von Kahr's continued flouting of the central government refuses a seriously disturbing element into the situation confronting Chancellor Stresemann, who, however, is hopeful that with the disappearance of the socialists from his ministry the Bavarian autocrats will be obliged to concede to the federal government a more generous measure of consideration.

Central government officials try to diminish the Bavarian troop concentrations on the Thuringian border and the Fascist's threatened advance on Berlin by calling it a typical Hitler bluff and say they are informed that the units there constitute what they term the "tag-army" of Hitler's youthful guard, composed of elements which would not be tolerated by von Kahr in a mail dictatorship.

The Bavarian arms however are described by Reich officials as maturing up with the Separatists in the Rhine and although the Bavarians are in possession of better arms and equipment.

U. S. UPHOLDS BRANCH BANKS

Denies State Has Right to Regulate National Institutions.

Washington—The right of state to exercise any control over national banks, especially as to branches, as involved in a case brought by the First National bank of St. Louis against the state of Missouri, was challenged today by the government in a brief filed in the supreme court.

A number of states opposed to branch banking have joined Missouri in defending the jurisdiction of states in such matters, while the federal government has intervened to assert exclusive jurisdiction over national banks.

Declaring that states have no jurisdiction over national banks, the federal government asserted in its brief that national banks can exercise all powers and transact all business permitted by congress, irrespective of state laws.

Where Bananas Grow

New Orleans, La.—The ordinary fruit banana is grown chiefly in Jamaica, Costa Rica and other parts of tropical America. Some attempt has been made to grow them in California, Louisiana and in other states with warm climates, but this is more or less of an experiment because the plant cannot endure the slightest frost. As a novelty, a few banana plants have borne fruit in colder climates, but under special protection.

CORNERSTONE LAID BY MASONS

George Washington Memorial Monument Ceremony Impressive

Alexandria, Va.—George Washington, master Mason and first president of the United States, was honored Thursday as few men have ever been honored before him.

In the presence of his twenty-ninth successor, President Calvin Coolidge, the chief justice of the supreme court and thousands of masons from all quarters of the globe, the cornerstone of Masonry's greatest shrine, a memorial to Washington, was laid on Shouters Hill here.

Dreams of Masons throughout the world came true as President Coolidge sealed the cornerstone of the \$4,000,000 national Masonic Memorial to Washington on Shouters Hill.

Scarcely if ever in Masonic history has there been a greater gathering than that here Thursday. Every grand master, or his accredited representative, was present. Fully 30,000 Masons joined with the president in honoring Washington.

Strictly Masonic services throughout the ceremony, all members wearing their lambskin aprons and white gloves. Right Worshipful Charles H. Callahan, deputy grand master of Virginia, presided in the absence of James H. Price, supreme head of Masonry in Virginia.

The same trowel used by Washington in laying the cornerstone of the United States capitol, spread the cement over the initial stone in the new monument to the first American.

SETS PRECEDENT BY DECISION

Utilities Commission Loses Fight to Control Auto Lines

Detroit—Judge Arthur J. Tuttle signed an order restraining the Michigan public utilities commission from enforcing against interstate motor bus or truck lines the new state law providing for licensing and regulation of the companies.

The law is the Act 243 passed by the last Michigan legislature.

The decision is regarded of wide importance as it constitutes a precedent against all motor transportation companies doing an interstate business may demand exemption from the provisions of the law which, as resulted by the decision, may be applied only to transportation companies doing a strictly interstate business.

It was argued that enforcement of Act 249 against interstate shippers by the public utilities commission would be usurpation of the prerogatives of the interstate commerce commission.

EX-CROWN PRINCE RETURNS

Cabinet Expects Him to Live Quietly On His Old Estate.

Berlin—The German cabinet has agreed "in principle" that the former Crown Prince may return to Germany to live. The Crown Prince agreed to give notice to the government when, if ever, he decides to return. government officials revealed.

It was stated, however, he did not intend to return "immediately."

The idea of the cabinet was that the former heir to the German throne could live unmolested and quietly in Germany much as the former King of Saxony lives in Silesia.

The Socialist members of the cabinet agreed to this.

War Files 200 Miles Long

Washington, D. C.—More than 200 miles of shelving would be required to file the documents of the World War which have a claim to be preserved as valuable sources of material for history, according to the annual report of the Carnegie endowment for international peace just issued. How many more hundreds of miles of documentary files were produced to be destroyed, as merely routine matter it would be idle to imagine.

Royal Oak—Congressman Grant M. Hudson, of the sixth district, A. C. Graham, Detroit enforcement worker, and Mrs. E. L. Calkins, state president of the W. C. T. KLAN EDITOR KILLS LAWYER

ATLANTA ATTORNEY MURDERED
IN OWN OFFICE—KILLER
HELD WITHOUT BAIL

S IDENTIFIED BY EMPLOYE

Slayer, Said by Po. To Be Head of
C. of the
K. K. K. Klan.

Atlanta, Ga.—P. E. Cox, publicity man for the Ku Klux Klan, Monday shot and killed W. S. Coburn, Atlanta attorney and counsel for the faction fighting Imperial Wizard H. W. Evans and other officials of the order. Cox is held at police headquarters without bond, under a charge of murder.

He was identified by newspaper men as the publicity agent for the Ku Klux Klan and police said he is the editor of the *Knight Hawk*, official organ of the Imperial Palace of the Ku Klux Klan. Cox stated, "what I did has no connection with the Ku Klux Klan."

W. T. Rogers, an employee in the office of Coburn, said that Cox is a publicity man for the Klan and the editor of the *Knight Hawk*.

The dead lawyer was leading counsel last week in the court battle precipitated by David Rittenhouse and others of Pennsylvania, when they filed a petition asking for a receiver for the Klan.

The receivership was denied by Judge John D. Humphries after a hearing lasting several days.

An attorney for Emperor Simmons, Coburn had already filed a petition asking for an injunction against Dr. Evans and the Klan to prevent the formation of a woman's order of the Ku Klux Klan.

FRANCE FEARS NOBS IN PEKIN

Paris Government Blamed for Dis-
tress by Unpaid Employees.

Peking—Great uneasiness pervades Pekin owing to the inability of President Tiao Kan to make any progress toward the financial rehabilitation of the nation. All the unpaid employees are growing increasingly insistent in their demands for their wages.

The foreign-trained, metropolitan police have had no pay for six months and their families are suffering, while the military police, guarding the city, in many cases are one year in arrears.

Staff, cabinet and other administrative officers have not been paid for nine months and they are demanding their money, while the teachers in the national university and all high schools, who have not been paid since April, threaten to strike.

The French legation has notified all French nationals to be ready to come into the legation at a moment's notice, but the other legations see no immediate danger.

"The principal anxiety appears to be among the French, owing to their position."

The government is seeking to obtain the \$4,000,000 salt surplus withheld by French banks in order to compel China to pay the hoover indemnity in gold francs.

The unpaid troops who have knowledge of this action thus are inflamed against the French.

JUGO SLAVS SEND ULTIMATUM

Note Demands Apology for Military
Attache Attack.

Belgrade—Jugo Slavs presented an ultimatum to Bulgaria in the form of a stern note demanding profound apologies within 48 hours for the wounding of Lieut. Col. Kerstich, the Jugo Slav military attache at the Sofia legation.

The note contains three specific demands which are reminiscent of Italy's demands against Greece in connection with the Janna affair. The demands follow:

One, Bulgaria must apologize for violation of Jugo Slav territory as represented by the legation.

Two, the Bulgarian minister of war must apologize personally to Lieutenant Colonel Kerstich.

Three, military honors with a salute to the Jugo Slav flag at the legation.

The note also demands pursuit of those guilty of making the attack and indemnity. The latter point will be laid before the Hague court.

MICHIGAN GAINS INCOME FAME

Two Wolverines Listed As Among
Nation's Heavy Taxpayers.

Washington—Five persons in the United States reported net incomes of \$3,000,000 to \$4,000,000 in 1921 and two of them were in Michigan.

The other three resided in New York state, and in New York state also lived the one person in the United States whose net income exceeded \$5,000,000.

These facts were found in a volume of statistics published recently by the treasury department, showing income tax returns for the calendar year 1921.

NORTHVILLE TO HAVE SUITABLE MEMORIAL.

The progressive spirit of Northville is again demonstrated in the sale of the Mausoleum to be constructed in Rural Hill cemetery. The original plan being already over-subscribed and an additional sixteen Crypts will be built in to accommodate those who have not yet been called upon or have deferred their selection for various reasons.

The management states positively that these will close Friday, the 16th of Nov. and wishes to express their appreciation for the splendid treatment and the cordial reception accorded them in making the arrangements, and assure those interested that the memorial will meet the expectations of the most critical and discharge those sacred obligations in a satisfactory manner both to the individual and the community. Those who desire burial places should notify the Flowers Mausoleum Co., general delivery Northville, Mich., and a representative will call upon them.

TO PAY BOUNTIES NOW.

County Clerk Cryderman, of Oakland county, recently said: "I had received notice from the state that it is now ready to pay bounty and which have been accumulating since May 1, 1922, and were unpaid because the state was without funds. I have instructions to pay these claims now, and am anxious to have them brought in at once because I must report on them on or before December 1. Bounties are paid on woodchucks and crows up to August 29 of this year, at which time the law was repealed. There are also a few rat orders outstanding."

Do You WEAR Out Clothes

or WASH Them Out?

Clothes are more often worn out on the scrub-board and through the wringer than through ordinary wear. That's why we say that Federal-washed clothes will wear longer.

At Federal Laundry we use no scrub boards, no wringers, no chemicals. Your clothes are washed in softest water with mild, pure soap. Then the water is gently whirled out of them in our modern centrifugal extractor. And they are dried and ironed with the greatest care.

You may send your washing to Federal with absolute confidence.

SONGS THAT TIME WILL NEVER DIM

They are the songs which express patriotism, faith, hope, longing, filial devotion, and above all the supremacy of Divine Good Will.

What an honor to have written "My Country 'Tis of Thee," "Rock of Ages," "Sun of My Soul," "Nearer My God To Thee." It is some achievement to make America sing or hum or whistle some tune that expresses joy and satisfaction.

The highest type of melody was expressed in the old Hebrew songs. Special victories or deliverances on happy occasions was the moment for some new song for the Children of Israel.

The Psalms tell of the hopes and longings of the nation—they tell of the golden age yet to be—of errors into which the people had fallen and of their sorrow for sins committed.

The singing individual—the singing community—the singing church—are all powerful factors in keeping truth in the hearts of people.

You can have the singing spirit even tho you do not have much of a voice. Keep the song material coming into life and its effect will surely be seen.

C. A. DOLPH BIBLE CLASS

METHODIST SUNDAY SCHOOL

First Presbyterian Church

The Christian church is found in the vanguard of every movement toward the uplifting of humanity and the progress of the world. Where the voice of Christianity is heard, there civilization is at its lowest level. There men cast off restraint and ignorance and superstition prevails. The very commercial life of our nation depends upon the teachings of Christianity. Without the recognition of the sermon on the Mount all semblance of law and order fails. The church stands back of an co-operates in everything that has for its purpose the upbuilding of the moral and worth while social life of our community. It invites your co-operation. It has a right to expect it.

Silence is said to be golden, but the proverb is faulty when applied to church activities. When the sermon has helped you, tell the pastor about it. When the music is pleasing speak to the organist about it and let the Sunday school superintendent know that you appreciate his work.

Mr. and Mrs. Martin Potts have gone to Florida to spend the winter. Have you purchased tickets for the High school entertainment course yet?

Miss Carrie Simmons very pleasantly entertained the first 500 club Tuesday evening.

Misses Athalie and Corette Hough of Plymouth called on Northville relatives, last Sunday.

Dr. Turner reports the arrival of a baby girl at the home of Mr. and Mrs. Chas. Lutes on November 2nd.

E. C. Murdock is confined to his home by illness. In some way he came poisoned and he has been a great sufferer.

Officers of the Pere Marquette railway plan to expend eleven million dollars in improving the system. Perhaps Northville's overhead bridge will be given some attention before the time is all expended.

Mr. and Mrs. George Ford had as dinner guests Thursday evening of last week, Mr. and Mrs. George N. Baker of Detroit, Rev. William Richards and daughter Marion and Mrs. Ida Jackson of this place.

The K. K. K. held a meeting at the Alseum Theatre on Monday evening which was addressed by an officer representing the national organization. There were upwards of 125 men present, the meeting being arranged by Detroit members of the organization.

Mrs. Helen Ball left the first of the week for San Antonio, Texas, to visit her son, Forest Ball, who is in a hospital in that city. After a visit there for a few weeks she will proceed to Redondo Beach, Calif., where she will spend the winter, at least with her son, Ross Ball and wife.

Remember you are helping your community when you buy a ticket for the High school entertainment course. If there should be a surplus after expenses are paid it will be turned over to the Seniors for their Washington fund but the enterprise is not planned as a money making proposition.

F. J. Cochran writes The Record to have his paper sent to 1455 N. Holliston Avenue, Pasadena, Calif. Mr. and Mrs. Cochran and daughter left Northville last summer and made the journey through the northwest and then down the coast to Los Angeles, Calif., with no definite plans as to their permanent location. It is evident they have chosen beautiful Pasadena as their home place.

Members of the Senior class of the High school are selling tickets for the school entertainment course this week, and every loyal Northville booster ought to buy one or more tickets. There will be three numbers in the course and the tickets are being sold for \$1.00, or single admissions will be 50 cents. Besides affording the community three delightful entertainments the course will assist in sending the Seniors to Washington, D. C. next summer after school closes.

A party of twenty-nine men left Northville Wednesday night in a special Pullman car attached to the north bound Pere Marquette train for the upper peninsula where they will enjoy a couple of weeks' deer hunting. The party is composed of men from Redford Farmington South Lyon, Plymouth and Northville, the Northville men being S. A. Lovewell, Fred Fly, Howard Boullard, G. E. Richardson, W. H. Stark and George Bueston.

At the Exchange Club meeting on Wednesday, Exchange Club, R. Ely, who was soon to leave for Rochester, Minn., was presented with a handsome traveling bag as an expression of the esteem of the members. President J. A. Huff making the presentation in a few well chosen remarks. L. A. Bablitt gave a very interesting bit of early Northville history, telling of many of the activities of the residents of the village when he was a young man.

Mrs. Carl R. Ely planned a very enjoyable surprise party on Mr. Ely last Thursday night, when a number of his friends were invited to his home to spend the evening with cards. Mr. Ely attended a meeting of the township board after supper and his absence from home afforded all an opportunity to reach the Ely home before he was aware of their coming. After a few games of 500 had been played refreshments were served. Mr. and Mrs. Ely left this week for Rochester, Minn., where he will receive medical treatment. He will be absent a number of weeks.

Mr. and Mrs. A. J. Helfrich and daughter, Doris, and Mr. and Mrs. E. E. Brown and daughter, Avis, spent Saturday afternoon and Sunday with Mr. Helfrich's parents Mr. and Mrs. John Helfrich, at Columbiaville, making the journey in Mr. Helfrich's Essex. Columbiaville is an attractive village which was famous for many years because of the large holdings of a Mr. Peters who established a woolen mill there years ago and practically built the town, erecting many stores, residences, the High school building, grist mill, elevator, etc. The mill is still in operation and is enjoying a good business in the manufacture of cloth for automobile companies.

Next Monday will be Armistice Day but peace in Europe seems like a long ways off.

There will be a regular meeting of Northville Lodge, F. & A. M., on Monday evening next.

N. C. Schrader and E. L. Smith went to New Baltimore on Monday to enjoy duck hunting.

The officers of Northville Commandery, K. T., enjoyed a get-together on Tuesday evening.

For the first time in a great many years, Charles A. Sessions did not join the deer hunters this fall.

The Westminister Guild will meet with Mrs. Carl Bryan next Monday evening at the usual hour, Mrs. A. J. Helfrich assisting.

B. Nickels, who purchased the F. E. Vanatta residence on Rogers street some weeks ago, has opened a welding shop in the rear of the Simpson Scale company's building and will do general welding, specializing in auto parts and farm machinery of all kinds.

It is altogether fitting that the Red Cross roll call should be held the week of Armistice Day, least we forget the splendid service this organization rendered during the great World War. The National Red Cross stands ready to render a larger service in peace than it did in war, but it needs your help to do the task.

The entertainment given at the Alseum theatre last Friday night was greatly enjoyed, although the attendance was not as large as it ought to have been. The Holland Royal Bell ringers gave a program that pleased old and young and should they return they will be welcomed by a much larger audience we are sure.

The members of Northville's hunting party who left here Wednesday night, expect to attend the annual banquet of the Northwestern Sportsmen's Association to be held at Sault Ste. Marie this evening, an event which is attended by many hunters from Minnesota, Wisconsin and Northern Michigan. They will proceed to their camps in Houghton county Saturday forenoon.

KEEP THIS DATE IN MIND.

Wednesday evening, December 5th, the Ladies of the November Circle of the Woman's Union of the Presbyterian church will give a home tale entertainment at the Alseum theatre, where Northville's best talent will take part. Just keep the date in mind. You will hear more about this affair later.

Wise Spending The Better Half of Thrift

Thrift is commonly regarded as meaning merely the saving, or hoarding, of money. The fact is that thrift is primarily a spending problem, the answer to the questions, what to buy, when to buy, and where to buy it.

There is only one answer to the last of these. Buy what you need from local business men, your friends and neighbors. They will give you better service, and values at least equal to those offered anywhere else.

And then the dollars you spend will stay at home and pay taxes, improve roads, and build schools.

Spending money at home

is wise spending.

WHO PAYS THE PENALTY

If you select

the wrong Electric Washer?

You alone must pay the penalty if in buying an electric washer, you fail to select the one which saves the most work. This is why we emphasize the fact that every woman owes it to herself to compare the labor-saving features of the EASY with those of other electric washers before making a final choice.

We make it very convenient to do this—by offering to loan an EASY to any housewife in order that she may test it with her own family washing.

Phone us today, so that we may send an EASY to your home in time for use on your next wash day. We make no charge for this service.

Week's News in Brief

Mt. Etna Erupts Many Times.

Naples—Fourteen times in the last eight hundred years has Mount Etna, the snow-capped volcano on the east coast of Sicily, burst into violent eruption.

Many Made Homeless.

Mari Copo, Cal.—One hundred persons were homeless or without lodgings, as the result of fire which swept the business district and a portion of the residence section of this city recently. Loss was estimated at \$250,000.

Terms Are Accepted.

Düsseldorf—The conference of the industrial chiefs of the Ruhr with the French has adjourned and Hugo Stinnes, acting with full powers from Chancellor Stresemann, accepted almost every demand of the French and Belgians.

Masons Pick Charleston, S. C.

Washington—The supreme council, thirty-third degree Ancient and Accepted Scottish Rite, southern jurisdiction will hold its next meeting in Charleston, S. C. the next week of next September. The council was in session here last week.

Oldest Mexican War Veteran Honored.

Washington—President Coolidge has written a letter of congratulations to Maria Sudder, of Cromwell, Iowa, who, on October 10, celebrated the 101st anniversary of her birth, and who believes he is the oldest living veteran of the Mexican war.

Bunker Hill Battle Plan Sold.

London—The plan used by the British forces at the battle of Bunker Hill was sold at a London auction room for £195. The purchaser was not an American. The map is about eight inches square and bears the signature of Major General Sir Henry Clinton.

Yukon Now Reached By Wireless.

Ottawa—Completion of the wireless station at Mayo-Yukon Territory, the last link in the Dominion's radio communications, was announced recently by Charles Stewart, minister of the interior. The Mayo Station is the connecting link between Dawson and the rest of Canada. Mayo is 120 miles southeast of Dawson City.

Many Rebels Slain.

Rio de Janeiro, Brazil—Hundreds of lives have been sacrificed already in the so-called "election fraud" revolt that has swept the rich cattle state of Rio Grande do Sul for eight months and the ever-spreading warfare threatens to drag the state into ruin along with the nation, according to Senator Soares Dos Santos who arrived here.

Hawaii Imports Eggs By Millions.

Honolulu—Hawaii has ceased to figure its egg consumption by the dozen or even by gross lots. It now figures it by the million. During the 12 months ending June 30, 1923, the islands received from the mainland approximately 18,000,000 eggs. There are no figures available to show the number of eggs produced in Hawaii during that period.

Ducks Mistake Pavement for Pond.

Champaign, Ill.—Presumably mistaking a wet concrete pavement for a body of water, more than 100 wild ducks broke their necks after diving from a great height near here. They were found by tourists strewn along the roadside. The pavement was wet from a drizzling rain and lighted occasionally by the moon shining through the broken clouds.

Urges Harding Memorial Park.

New York—Improvement of East Potomac Park in Washington, and its dedication as a memorial to the late President Harding, was urged in a letter from Acting Mayor Hubert to President Coolidge made public. The late chief executive, Mr. Hubert said, visited the park week ends and there played golf or watched the children play about the grounds.

"Lightning Man" Struck.

Portland, Ore.—James Ely, farmer of Maricopa, who was unconscious for six weeks in 1916 after being struck by lightning has been hit again, but this time he suffered only a slight headache. Ely is known as the "Lightning Man" among his neighbors, because of his ability to foretell electrical storms many hours before they break. He says he has possessed this power ever since he was struck seven years ago.

Cree Indians To Kill Buffalo.

Ottawa—Early buffalo hunting scenes are being staged in the Wainwright Park, Alberta, where 2,000 buffalo are being slaughtered to reduce the herd. One hundred and fifty Cree Indians, in native costume, are hunting the buffalo with pointless arrows. The buffalo are being shot by men placed in concealment as they are driven past by the Cree. The whole proceedings are being filmed. The heads, hides and meat will be sold.

Holly—The attempt of Ross Risher, 15 years old, St. Charles, Mich., student of Adolphian Academy, to plunge the village into darkness as a Halloween prank by cutting a power feed wire leading to the village cost him his life.

REDUCED RAILROAD RATES TO STOCK SHOW.

All railroads entering Chicago have granted special excursion rates as an inducement for their patrons to visit the great International Live Stock Exposition at Chicago, December 1st to 8th, and benefit by its many educational advantages.

A fare of one and one-half of the regular rates, from every state in the Union, issued on the "Certificate Plan," has also been granted to members and dependents in their families, who attend the Second National Boys' and Girls' club congress which will be held in connection with the International Live Stock exposition. These special tickets will be sold as early as November 24th in far-distant states and will be honored for return passage up to and including December 11th.

These low round trip rates are expected to attract to Chicago the first week in December, hundreds of thousands of visitors, who will grasp this unrivaled opportunity to combine a season of pleasure and profit at the greatest agricultural show in the world with a trip to enjoy the many attractions of the metropolis.

"THE COVERED WAGON"

Screen Version of Emerson Hough's Story now Showing at the New Detroit Opera House.

American history and word-history is replete with striking evidence of our gallantry and heroism in conflict, whenever called upon to bear the brunt of battle and make the sacrifice for the betterment of ideals and humanity in general, the United States as a people, has never been lacking of found wanting. But a greater side of our life—the struggle of a nation within itself—has been sung but little. It is a story of the late Emerson Hough to immortalize this feature of American advancement and development and he had so much in the master story, "The Covered Wagon." But the master pen of Hough has been driven to greater heights of entralling appeal in the marvelous motion picture that has been made from his great story. The mighty and supremely superior screen version of "The Covered Wagon" is now being presented at the New Detroit Opera House, Detroit, twice daily, afternoons at 2:30 and nights at 8:30.

Harold Hetherman, critic of the Detroit News says: "The Covered Wagon" is a picture that will linger in the memory of every red-blooded American who sees it. Quite properly "The Covered Wagon" has been dedicated to Theodore Roosevelt, a great American who would have gloried in seeing it."

An orchestra of 20 selected musicians will play the special score arranged for the production by Hugo Reisenfeld.

Mad orders will be filled in the exact order of their receipt.

PIG LITTERS FIGHT FOR WEIGHT HONORS.

With fourteen pig litters already reported in as having reached the goal of one weight, set at the beginning of a Michigan "ton litter" contest which started last spring, interest in the race for high honors is reported very keen as the contest nears its close.

A new litter of ten pigs reported at the end of the 180 day period allowed for growth after the litters are born, and changes in the final standings which may be brought about by these late reports, are being watched carefully by farmers who are now standing high.

A Poland China litter of ten pigs leads the contest at the present time with a total weight of 2,840½ lbs. on the day they were 180 days old. They are owned by V. J. Brown and Son, of Jonesville, Hillsdale County. Second place is held by a Duroc Jersey litter of twelve pigs owned by Hugh McIlwain of Bath, Chilton County. This litter weighed 2,756 pounds when checked in.

A crossbred litter of twelve pigs from a Duroc sow and a Poland boar led the contest for some time at a weight of 2,636 pounds. Hugh H. Smith, of Leonidas, St. Joseph County, is their owner.

Five of the fourteen litters to reach the ton goal are Chester Whites. One is a Berkshire while all the others are of Poland China or Duroc Jersey breeding.

There is great rivalry among the owners of different breeds as to which breed will have the honor of topping the contest when all entries are reported in. Says A. Freeman, V. A. C. extension specialist who is secretary of the Ton Litter Club: "It will take a mighty good litter to replace the Poland Chinas now leading. But the race may be turned before the books are closed."

"SHOW CAUSE" ORDER ISSUED STATE BOARD.

The state supreme court Monday issued an order directing the state administrative board and the auditor general to show cause why a mandamus should not issue compelling them to release the legislative appropriation for extension work at the Michigan agricultural college. The state has until November 8 to file an answer to the charge of the state board of agriculture that the administrative board is exceeding its authority in withholding the funds. The case will probably be argued Nov. 13.

Muskegon—Muskegon county is going to see if the working of liquor law violators on the city streets and rural highways will not decrease the violations.

CHANCE TO HELP IN NOBLE WORK

Buy Christmas Seals and Save Victims of Tuberculosis.

Members of the Michigan State Grange who attended the State Grange convention at Grand Rapids last week were given the opportunity to hear Miss Louise Getty, well known worker for the Michigan Tuberculosis association, talk on the problem of tuberculosis as related to the Grange when the woman of state wide prominence spoke to an enthusiastic audience of convention members.

Miss Getty was formerly worthy Grand Matron of the Eastern Star in Michigan, ardent war worker and at one time was county school commissioner of Kalamazoo county.

Miss Getty especially emphasized the need for a large sale of Christmas seals this year. "All work of the Michigan Tuberculosis association and its affiliated organizations in the various counties is financed by Christmas seals," said Miss Getty. "Pennies and dollars spent for Christmas seals make possible the Modern Health Crusade, a movement that reached almost 100,000 school children last year. They make possible the follow-up care that is given patients discharged from tuberculosis sanatoriums and their help in discovering the disease before it has reached a dangerous stage."

The 1923 goal for the Christmas seal sale has been set on a five cents per capita basis. That means that \$180,000 will have to be raised in the state. Those interested in the work are confident that the public will respond generously when the time comes.

OAKLAND FARM BUREAU TO MAKE A DRIVE.

Preliminary plans are now being made by officers of the Oakland County Farm Bureau for the second three-year membership drive, to be conducted during the current month by agents of the Michigan State Farm Bureau.

Dates have not yet been set, but the eight men teams which are to conduct it being engaged with similar campaigns in Saginaw and Midland counties. It is believed that the actual drive, which is to be preceded by a banquet for the workers will be started next week.

The county farm bureau officials have guaranteed to supply one driver for each of the 16 state men who are to do the work, and already have enrolled nearly the required number. The drivers will not only take the state men over the county territory, but aid them in solicitation of memberships.

Details of the banquet which is to be given for the solicitors and their drivers before the drive is started, have not yet been completed.

The memberships to be solicited will be for the years 1924, 1925 and 1926.—Pontiac Press

THE JUMEL MANSION

The Robert Morris house, more recently called the Jumel Mansion, located near One Hundred and Sixtieth street and Amsterdam avenue, in the city of New York, is one of the most famous of all the historic buildings in that greatest of all American cities. Well preserved, it is a splendid specimen of Georgian architecture.

As history goes, Colonel Robert Morris of the Forty-seventh British regiment and a comrade-in-arms of General George Washington, purchased the property and erected this mansion which he subsequently presented to his bride, in 1762.

General Washington, occupied the place in 1776 while 3,000 volunteer soldiers camped in the neighborhood. During a battle which resulted in the capture of Fort Mifflin, this house was the center of operations. In 1777 it served as the headquarters of the British army. In 1778 it was occupied by General Baron Von Knyphausen and his German following as Hessian headquarters.

Following the close of the Revolutionary war this building was abandoned by Baron Von Knyphausen. In 1790, it was purchased by John Jay, a prominent statesman and one of the signers of the Declaration of Independence.

In 1810 Stephen Jumel, a French wine merchant of fame and fortune, purchased this mansion, restored it to its condition in the time of Washington. Jumel died in 1882. The following year, Mrs. Jumel married the illustrious Aaron Burr who, in 1801, was elected vice president of the United States and who shot and killed the celebrated Alexander Hamilton in a duel which was the outgrowth of a political feud, at Weehawken, New Jersey. In 1804, subsequently, Attorney General, who studied law in Burr's office and who married a niece of Mrs. Jumel, occupied this house for 30 years.

In 1903 the property was purchased by the city and in 1907 the Society of the Daughters of the American Revolution acquired the use of the house for a museum of historical relics and furnishings of the Revolutionary period. In the council chamber, a large octagonal room at the rear of the broad hall, General Washington, it is said, received visits from the sachems of the five Iroquois tribes who came to offer their allegiance to the cause of liberty. Want to Reach 100?

Want to live a long time? Ostriches are regular octogenarians, as most of them live to be from 70 to 90 years of age, while individuals that reach the century mark occasionally occur, says Nature Magazine of Washington. These novel speedsters of the sandy plains eat grass and grain in generous amounts, and for dessert consume pebbles, glass or even iron or any other scraps of metal they can get hold of. This foreign material aids them to digest their food in the same way that grit is essential in the diet of the ordinary hen.

Bad for Nighthawks.

In Spanish cities at eleven o'clock at night the doors of all rooming houses are closed and locked. After that hour one can get in only by calling the guard or watchman of his particular block. This is an old Spanish custom which holds over to the present day in nearly all the cities of Spain. The watchman carries a lantern and the keys of all the houses under his charge.

ONE CENT SALE!

Next Thursday, Friday and Saturday, Nov. 15, 16, 17

WHAT IS A ONE-CENT SALE? It is a sale where you buy an item at the regular price, then another item of the same kind for 1c. As an illustration: The standard price of Arbutus Complexion Cream is 50c. You buy a jar at this price and by paying 1c more, or 51c you get two jars. Every article in this sale is a high-class standard piece of merchandise, just the same as we sell you every day at regular prices and have sold you for years.

A NEW WAY OF ADVERTISING. This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full-size package of high standard merchandise for 1c. It costs money to get customers. The loss when on this sale will be well spent if the goods please you.

NOVI NEWS.

The Novi Baptist Mission Band dinner which was announced for November 8 was postponed until November 15.

Mrs. Dorothy Witt died at the home of her son, William Witt, near Witom, on Tuesday, aged 74 years and nine months. She was born in Germany, but had been a resident of this section for a good many years. Besides her son she has one daughter, Mrs. Carl Salow. Funeral services were held at her late home Thursday forenoon and burial took place at Clarenceville.

YOU'LL LAUGH AT "SIX CYLINDER LOVE"

If you enjoy a good hearty laugh you should not fail to witness the presentation of "Six Cylinder Love," which will be given at the High school auditorium as the opening number of the school entertainment course on Monday evening, November 19th. The play is woven about an automobile, and when the story opens the innocent machine is owned by Mr. and Mrs. Burton, who have enjoyed it to such an extent with their family and friends, that they have mortgaged their home and lost all their money, and are forced to sell the automobile for cash in order to meet expenses. An enter-

prising salesman, who originally had made the sale to Mr. Burton, cleverly engineers the forced sale to a newly married couple next door, who are perfectly enraptured with their purchase.

It develops that the "friends" who had enjoyed the car with the Burtons and consistently snubbed the newlyweds, become boon companions of theirs after the car is in their possession. A gay round of motor parties, meals "Out," and dancing all night at road houses follow. Young husband becomes more and more involved until his employer discovers that he has used funds from the office to meet the bills. The splendid climax of the play comes when young

Sterling realizes what he is doing and denounced the whole business, and the story ends happily for all.

Famous Literary Club.

The Literary club, also known as "Johnson's club," was founded by Samuel Johnson and Sir Joshua Reynolds in London in 1764. Boswell, Burke and Goldsmith were among the first members.

Value of Sentimentality.
We often hear it said that sentiment is nothing more than a species of maudlin self-flattery, but be sure this is a cynical view of it. Whenever we sentimentalize we plow up the moral soil within us.—Henry Waterson.
