## ALSEIUM THEATRE

SATURDAY NIGHT, NOVEMBER 24

CHARLES JONES, in  
"WEST OF CHICAGO."

The theme of the story can be summed up in the words, "when rogues meet let honest men beware." The scenes are laid along the Mexican border.

Some of the outstanding points are Charles Jones' daring leap from a horse to a moving train and his laughter-provoking portrayal of a ghost, which sends some wrong-doers helter skelter up a dark road.

SUNDAY NIGHT, NOVEMBER 25

ALICE BRADY, in  
"MISSING MILLIONS."

New York reviewers speak in terms of the highest praise of star and photoplay.

### DESIGNATES THURSDAY, NOVEMBER 29 AS THANKSGIVING.

Following the example of President Coolidge, Governor Alex J. Crippsbeck has designated Thursday, November 29th, as Thanksgiving and he asks that the people of Michigan join in a proper observance of the day.

"For the Lord is good, His mercy everlasting"—so we have endeavored to display to the world His ideal as our ideal and that we have mercy unbounded. Our destiny is service to humanity. Let us not be swayed from our purpose.

"Our continued social peace and our amazing prosperity, educational, agricultural and business development, are due to the mercies of the Lord because we have always been thankful unto Him.

"But, because our crops have been good and our industrial conditions satisfactory, let us not forget the necessity of careful living, let us not spend our bounty in extravagance, let us never be wasteful of that which has been provided. Let us conserve so that no matter what the emergency we will always be able to provide freely for those not so fortunate as ourselves."

### GEO. D. FERGUSON RETURNS TO NORTHVILLE.

Geo. D. Ferguson, who moved to South Lyon two or three years ago to engage in the farm-implement business, has sold his interests there and purchased the stock and business of H. S. Doer of this village. Mr. Ferguson will carry a full and complete line of farm tools and implements and he will appreciate the patronage of his old friends in this section. The Record is glad to welcome him back to Northville. Mr. Doer will conduct a similar business at Plymouth, his home town. He has been engaged in business for the past five or six years and during that time has made many friends among the farmers of this section.

### J. H. STEERS IN FLORIDA.

A card received from J. H. Steers, who with his daughter, Mrs. Power, is spending the winter at St. Petersburg, Florida, asked to have his Record sent to 709 Fourth avenue, Apartment 1, where they expect to remain until May 1st.

He writes that St. Petersburg is a nice place to spend the winter. There is a park here where croquet, quoits, checkers, chess, dominoes, etc., are played every day. Very few birds, flowers or lawns here like one sees in California. The climate here is delightful. Business is mostly on one street, with wide walks and hundreds of benches with backs on the walks, ends to the street, and they are well patronized.

### EARLE WILL NOT START A NEW CHURCH.

Horatio S. Earle who created considerable excitement in Detroit church circles by withdrawing his membership from a church with which he had been associated for many years as a protest against too much politics in the pulpit, has decided not to establish a new church in the city. After attending services at St. Mark's Methodist church Sunday evening, Mr. Earle stated: "My purpose has been achieved and this is the end. I've made preachers everywhere think about the issue I raised and I know the country-wide discussion of my protest will have effective results. That's what I started out to do and now my task is done."

### OPENING NUMBER PLEASED.

The opening number of the High school entertainment course, given Monday evening, pleased the large audience present. The High school orchestra made its initial appearance for the year and rendered a number of selections, which were enjoyed.

Enough season tickets have been sold to insure the financial success of the course, and thus has Northville scored another community success. Now the next big community effort will be the community Christmas exercises which will take place on the streets on Monday night, December 24th.

### DINNER OPENS OAKLAND'S FARM BUREAU DRIVE.

The Oakland county farm bureau for membership is now on and canvassers are to visit every township in the county. On Tuesday noon 150 representative farmers enjoyed a dinner at the First Congregational church in Pontiac, which was addressed by Clark L. Brody, M. L. Noon, A. Bentall and others.

On Tuesday and Wednesday of next week Detroit's wonderful Cass Technical High school will be dedicated.

### BCSY WEEK-END PLANNED AT UNIVERSITY OF MICHIGAN.

Saturday will be a home coming day at the University of Michigan. Chief among the events of the week-end will be the football game between Michigan and the University of Minnesota—the last game of the 1923 season.

In the morning the annual fall games of the lower classes will take place on Ferry Field, bringing together for the first time this year the freshmen and sophomores.

The annual appearance of the block "M" (composed of yellow and blue flags in the football stands, decorated sorority and fraternity houses, and many week-end house parties) will all be features of the closing of the grid season.

A record crowd is expected to pour into town Friday night and Saturday morning. All available seats for the game have been sold for several weeks and a heavy demand for standing room has been experienced. Many Northville people will attend the game tomorrow.

### NORTHVILLE SCHOOL NOTES.

Some idea of what it takes to put across a High school annual may be gleaned from the High school annual report for the past year.

A total of \$856.50 was taken in cash. This includes advertising, sale of books, Senior portraits, etc. Of this amount \$243.21 was paid the printer, \$246.82 to the engraver, \$223.30 to the photographer (Senior portraits and pictures), expenses, \$7.50. The Junior class received a total of \$66.09 profit and the Sophomore class received a total of \$64.08 as their share. The total profit made from the book amounted to \$136.07. We consider this a very fine showing as most school publications have considerable difficulty in paying for a publication of this kind without raising the money from entertainments, etc. Northville High school appreciates the support given by the business men and the people of this community to the various enterprises fostered by the school.

### NOVI NEWS.

Novi, as yet, has not put on a lecture course for this winter, but at least "pep" is put into this line of entertainment—we can have something worth while here as well as in other places. Remember the date, November 28th, next Wednesday evening at the Baptist church. Admission free. Our people have a rare treat coming for next Wednesday evening, November 28th, having secured Prof. Mumford of the M. A. C. who will talk on "Social Community Work." We are very fortunate in securing him for this occasion as he is a forceful and eloquent speaker, and all will feel well repaid for having had the opportunity to hear him. Prof. Mumford has been heard by several in this community who speak very highly of him.

### BUY CHRISTMAS SEALS.

Almost every letter and package mailed next month in the state of Michigan can be Christmas Sealed, says the Michigan Tuberculosis Association in speaking for itself and county organization. Forty-two million Christmas seals have passed through the Lansing office of the association in preparation for what is expected to be the largest Christmas seal sale in the history of the state. Five cents per capita is the goal that has been set for the 1923 sale. "Buy Christmas Seals, Give Health," is the slogan of the coming campaign. A Christmas seal adds a Christmas touch to letters and packages and helps fight tuberculosis.

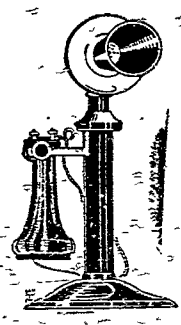

### MILFORD TEACHER KILLED.

Miss Ellen Turner of Milford, a teacher in the consolidated school in VanBuren township, Wayne county, was instantly killed at a rail road crossing near French Landing, when a Walsh flyer struck the automobile. Miss Turner and her companion, Miss Francis Richardson, were driving. Both young ladies were killed instantly. Miss Turner's remains were taken to her home at Milford where funeral services were held. Burial took place in the Commerce cemetery. She was the daughter of Mrs. Avis Turner.

### TO HAVE BIRTHDAY PARTY.

Northville Lodge, F. & A. M., was instituted in December, 1865, and it is proposed to observe the 58th anniversary with a birthday party on the evening of Friday, December 14th. Members and their families are urged to attend the gathering. A program will be given and the affair promises to be one of real enjoyment.

### Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

Meaning of Word "Bonanza."  
"Bonanza" is a Spanish word meaning "fair weather" or a "favoring wind." It is used in mining districts to signify an abundance of precious metal or rich ore. The miners of Comstock Lode, a wonderful gold and silver mine in Nevada, which yielded \$340,000,000 worth of ore in thirty years, first used "bonanza" in this way. The word is now also used to signify any good fortune or successful enterprise.

### WAYNE COUNTY ROADS.

Another season has passed and Wayne county, through its board of county road commissioners, announces to the world that it has established another record in the building of modern highways. It is a record of which every citizen of Wayne county should be proud, for it was Wayne county that showed the world some years ago that the best and most durable and economical road, a concrete highway, could be built successfully.

In the building season just concluded the county constructed a total of 57,161 square yards of concrete pavings, of a thickness of nine inches. This equals 49 miles of concrete road 20 feet in width and the widening of 66 miles of old concrete roads. Where more surface was necessary to care for the traffic. Incidentally, it was Wayne county that proved to the highway world that concrete roads could be most successfully widened, though some engineers did not believe this to be a fact.

The present road commission has been directing highway affairs for the foremost county in America in road building since 1910. It is composed of Edward N. Hines, chairman, who is director and past president of the Detroit Automobile club, John S. Haggerty of Detroit, and William F. Butler of Trenton.

Wayne County Road Commission was organized in 1906. Mr. Hines has been chairman continuously since that time. Henry Ford and the late Cass R. Benton served with him through 1907. From that year to 1910, Mr. Haggerty and the late Wm. Mumford of Wayne were the commissioners. In that year, Mr. Butler came on the commission and it has been intact for 13 years. In those 13 years the greater part of Wayne county's magnificent concrete highway system was laid down.—Detroit Motor News

### FORD DOMESTIC OUTPUT, 39,177 CARS AND TRUCKS.

The Ford Motor Co's domestic production for the week ended Tuesday, November 23, totaled 39,177 cars and trucks, the Ford News announces. Fordson tractor plant output was 1,807.

The Lincoln division of the company produced 115 cars during the week ended Tuesday.

### FORD MAY BUILD IN POLAND.

During a visit of the Polish General Joseph Haller to the plant of the Ford Motor company, Warsaw, was received

by Henry Ford, industrial conditions in Poland were discussed. Mr. Ford inquired whether there is water power in the country and was told that there is plenty. While no official statement has been made, it is reported that the Ford Motor company intends establishing a branch plant in Poland.

### PADLOCK LAW IS BRINGING RESULTS.

The state, federal and local campaign to enforce prohibition in Detroit and Wayne county is showing results, according to Attorney General Andrew B. Dougherty.

Fear that the padlock law will be invoked has caused many property owners to clean up, the attorney general said. He stated that last week a man was sent out by the Detroit police department to visit 53 places where it was believed drinks formerly could be bought and he was unable to secure liquor in any of the places.

Five places have been padlocked thus far and eight more are slated for hearing soon. Property owners fear that they will be hit. Mr. Dougherty said he has stepped in and compelled the operators of places where liquor was being sold to clean up or get out. The moral effect of the drive alone has done much toward making Wayne drier than it was, and as the campaign continues, there will be further improvements, the attorney general believes.

### THE RED-CROSS ROLL CALL.

No one with any understanding of the work of the Red Cross or appreciation of the service it is able to perform will feel like failing to answer its roll call. In a thousand ways the Red Cross is busy 365 days a year ministering to a suffering and needy humanity. At home and abroad wherever there is a call for human aid to succor the distressed, the Red Cross is present with its assistance. It is not possible for individual citizens in person to render the help the Red Cross gives nor is it practicable for the individual citizen to lend his aid directly. The ubiquitous nature of the Red Cross the fact that it is everywhere present, makes it possible for it to act in behalf of the citizens of the country collectively and to do for each and all of us a work we cannot do ourselves. The Red Cross is the universal hand of charity. As such it deserves and should have the active support and co-operation of all good citizens who have in their hearts that respond in sympathy to the call of the unfortunate and distressed in every land.

**LIVONIA CONSTABLE ASSAULTED JUSTICE ARTHUR E. GORDON.**  
 The Detroit Free Press of Tuesday morning contained the following regarding an assault committed upon Judge Arthur E. Gordon, who is well known to many Northville people.  
 Justice of the Peace Arthur E. Gordon was knocked down and beaten over the head by either the butt of a revolver or a bill in his private office Monday afternoon at 4:30 o'clock by Constable Louis Smidt of Livonia township.  
 His head badly lacerated, Gordon was taken to Receiving hospital for

Peace L. Eugene Smidt. Several suchs were taken in his scalp. He was taken to his home, where it was said he will have to remain for several days.  
 At his home Gordon said that he was preparing to leave his office in the county building for the day when Smidt entered. Smidt renewed his plea for the granting of a writ of replevin, which earlier in the day had been refused after the plaintiff had told the justice, according to Gordon that Smidt had "tried to hold him up for \$20," a sum considerably more than authorized constable fees.

Angered by the persistent refusal of the justice to accede to his demands Gordon says Smidt drew either a bill or a revolver and hit him over the head several times, knocking him down. He said the attack was too sudden for him to get to the weapon that Smidt was using.  
 According to guards who were attracted by the noise of the altercation Smidt ran out of a side door of the building.  
 Gordon said that he had not yet asked for a warrant charging Smidt with assault and battery, but that

his first action, as soon as he was able to get back to his work, would be to consult with Paul W. Voorhies, Wayne County prosecutor.  
 Smidt has made himself conspicuous several times recently, his most notable exploit being the engineering of several raids on county road houses which he alleged were being neglected by the sheriff's office. In these raids he secured the search warrants himself and had the help of state police.  
 There was a question as to the authority of a constable in making such raids, but investigation disclosed that the warrants on which the raids were made were regularly drawn and legal of execution by a constable or any other public officer.

**Novi News.**

Grandma Rice is a very little better. Mrs. Pat Gaffney is in a very critical condition with no hopes for her recovery.  
 Gleba Salow is confined to his bed and suffers much from pain in his head and chest.

Born to Dr. and Mrs. August Holcomb on Nov. 16th a 10 1/2 pound son, Jack Augustine.

Several from here attended the District Sunday school convention at Walden Lake M. E. Church last Friday afternoon and evening.

Thursday night being a "New" night at the evangelistic meetings in the Northville Baptist church quite a number drove over and were much impressed by the cowboy evangelist Joe Payne and the Bible message he gave to the people.

Thanksgiving will be the subject of the sermon next Sunday morning at the Baptist church at 10:30 a. m. Special music will also be a feature. The information given by Dr. Gleiss on world conditions last Sunday night was simply great.

Those who were at the Baptist church Sunday evening were much interested in the splendid talk given by Dr. Gleiss of Detroit on his recent trip to Europe. He spoke quite extensively on the conditions in many of the foreign countries and their great need of having the Gospel sent to them. The call is most urgent for more missionaries and teachers to carry the light of the gospel to them.

The Women's Mission Circle will serve a chicken supper in the parlors of the Baptist church on Friday evening, November 23rd, from 6:30 till 8:00 are served. Menu: Fried chicken, mashed potato gravy, cabbage salad, fruit salad, cranberry sauce, tomato cheese, buttered rolls, pumpkin pie, coffee, 50 cents for adults. There will also be a short program, come and enjoy a social evening with us.

**ZION NATIONAL PARK**

Zion National Park is in the extreme southwestern part of Utah. Zion Canyon, its dominating feature, bisects the park from north to south. This canyon is fifteen miles long, varies in width from 50 to 2,500 feet and its walls range from 500 to 2,000 feet high. Crooked as a snake's trail, topped with many splendid and enormous domes and peaks and glow with color, this canyon is one of the striking scenic spectacles of Western America.

Zion is oft referred to as the "Rainbow of the Desert"—its color scheme being a mixture of grays and reds and browns and yellows which shift into entirely new and unexpected combinations of varying degrees of intensity as the sunrise, sunset and sunset come and go.

This region was first known to white men when entered by Mormons who were taking stock of their holdings in 1858. The Mormons colonized here and Brigham Young, their leader and prophet, termed the place "Little Zion"—a sacred place for his people where they might find protection if need be from the Indians who never entered its sacred precincts. The Indians called Zion Canyon, Mu-kun-tu-weap (Valley of Many Waters). Zion was little known, however, because of its inaccessibility, until Uncle Sam preserved it for the enjoyment of his people in 1909 by proclaiming it a national park.

The great walls of the templed peaks, extending from the high plateaus to the depths of the canyon, display about 10,000 feet of sandstone strata which has been painted by the brush of time in every shade of pink, gray, brown and yellow, striped sometimes with darker colors, covered sometimes with a layer of white. Shadowed by green trees and canopied by a deep blue sky, this scene presents a color scheme of marvelous beauty.

While visualizing such a startling panorama in a desert world, remember that the walls of this canyon have been fashioned by the erosions of centuries into an endless maze of huge forms—arches, domes, towers, spires, alcoves and natural bridges of many styles and sizes and your mind will undoubtedly reach the conclusion that Zion is an out of the ordinary place.

One of the show places produced by nature in building the formation which we know as Utah, Zion presents an unusual appeal.

**The Law and the Railroads**

Railroad recovery in Michigan—the "Better Service" you hear about and enjoy—is being provided you despite the severe handicaps imposed by a multitude of special laws.

Such laws have established certain governmental bodies entirely separate and without co-ordination. These bodies fix our rates for carrying freight and passengers—pass judgment on all of our security issues and other financing—specify the working hours of our employes and the wages we must pay them—limit our profits, when there ARE profits, to a small and definite maximum—have full jurisdiction over our tax assessments—restrict rigidly our methods of competition—hedge about, with a multitude of restrictions, every department of our operations.

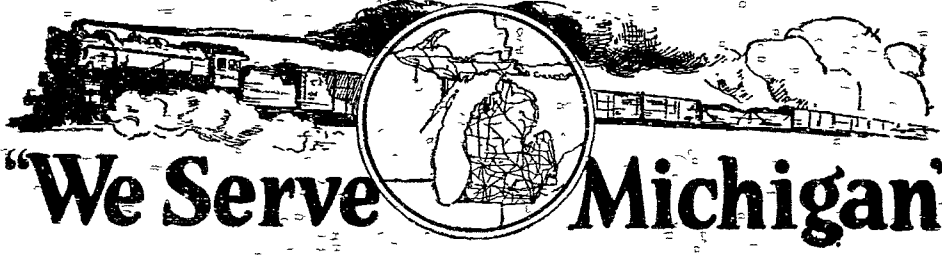

Michigan's 24 steam railroads honestly try to obey every one of these laws. We do not even ask for a lightening of this load. But we do maintain that this present burden should NOT be INCREASED.

We are furnishing you today the best transportation you have ever had. With conditions unchanged, we can see our way clear to still further improving our service.

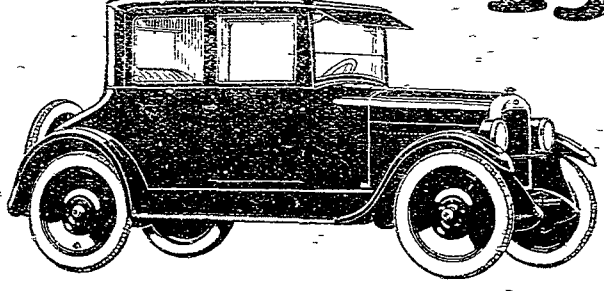

Give us a square deal—an honest chance.

And let this Association know you consider this a reasonable request.

The Northville Record. E. E. BROWN, Publisher.

An Independent Newspaper published every Friday morning at Northville, Michigan, and entered at the Northville postoffice as Second-Class matter.

NORTHVILLE, MICH., NOV. 23, 1923.

TWENTY-FIVE YEARS AGO

Items taken from The Record file of 1897, for the week corresponding to this week.

Prof. I. B. Gilbert spent the weekend in Ohio. Rev. Seth Reed of Gaylord was in town Thursday. Charles Northrop was out from Detroit on Sunday. Fred Blow was the guest of Roy Larkins last week. Mrs. Rowe of Lansing, visited her son, Hart Rowe, Sunday. A. H. Kohler has placed a furnace in his store and residence. Miss Knapp of Harrow, Ont., is the guest of Miss Maggie Blackburn. Mrs. O. N. Barnhart spent the weekend in Owasco with her son, Albert. Walter Randall and wife have returned from a visit at Birmingham. Charles and Alex Christensen are attending Cleary business college at Ypsilanti.

Miss Lizzie Emery of Detroit, is visiting her cousins, Misses Jessie and Edith Clark.

C. C. Yerkes and Ed Merritt are at their Union Lake club house hunting and fishing this week.

Mrs. W. R. Buzzell writes from California that she is well pleased with the country there.

Schram & Lockhart have sold out their pump and windmill business to Carpenter, Yerkes & Harmon.

George Walters, who was with the 34th regiment in Cuba, is among relatives here this week. He worked on the Record in 1893 and '94.

Guidon Power and wife were entertained at the home of Mr. and Mrs. J. B. Clark Tuesday, the occasion being Mr. Power's 73rd birthday.

Dr. and Mrs. Murdoch, Mrs. William Murdoch and Mrs. Tom Murdoch were at Ypsilanti last night to help celebrate the 25th wedding anniversary of Mrs. Murdoch's sister, Mrs. Booth.

METHODIST CHURCH NOTES.

Sunday school at 10:30 with a special lesson and address by the Wesley Mafe Quartette consisting of Rev. Clark, Lesh, Evelyn, Lee, Supply and Richard Kilgour. The morning sermon will be given by the pastor, Rev. W. E. Evans. The Sabbath school will be at 12:00 with a welcome to everybody to stay. The Epworth League is at 8:30. W. H. Roy Clark leader. Topic: "The Cross of Christ."

The evening and mid-week meetings are invited. We all join with our brethren, the Baptists. Brother Joe Payne has a clean gospel message for everybody, in our common everyday language that a child can understand. Let us all rally. Our choir will help us to the music the coming week beside this week.

Thanksgiving Day is next Thursday, Nov. 29th. The union services of the churches will be in the Methodist Episcopal church at 10:00 in the morning in place of the evening as has been the custom. Rev. A. K. McRae will preach the sermon. Let us all come and give thanks at the request of our president and governor. Special music.

As arranged the class composed of young married and senior folk met for an evening of good fellowship. The members of the committee Misses Gladys Black, Iris Balch and Amy Sessions arranged for the banquet and planned a gracious time for all present. Twenty-four sat down to a sumptuous meal, after which there was response to toasts, the pastor being the toastmaster. Richard Kilgour spoke on "Music." George Alton spoke on "Our Church and Town." Miss Gladys Black on "Strengthening the Class" and Glen Charter "When Shall we Meet Again." Fun in all the remarks showed that religion puts joy into life rather than taking it away. Committees for our next meeting were formed. For banquet, Marjorie Lanning, Elsie Brossow and Marjorie Nancy Music and entertainment, Richard Kilgour, Amy Sessions and George Alton.

ST. PAUL'S LUTHERAN CHURCH. Services every Sunday 10:30 a. m. German service, the first and third Sunday. English service, the second and fourth Sunday of the month. Sunday school, 11:30 a. m. Religious instructions, Saturday at 9 to 11:30 a. m. Theme of sermon next Sunday "The Deceitful Hope of the World and the Infallible Hope of God's Children." Thanksgiving service will be held Nov. 29th at 10:30 a. m.

Proves One Thing.

Jud Tunkins says a man who laughs at his own jokes at least proves he has a patient and cheerful disposition.

PRESBYTERIAN CHURCH NOTES.

The Westminster Guild will meet at the parlors of the church on Monday, afternoon and evening next. The committee has promised "something different" for supper. All are requested to bring dishes.

BAPTIST CHURCH NOTES.

Last Sunday the Sunday school went over the top in attendance and the collection. This is the second time in a month the school has gone over the top in collection.

About 25 were present at prayer meeting last Thursday.

The revival meetings are well attended and interest is good. Mr. Payne is a forceful and interesting speaker and his audiences often applaud him and laugh out at his witticisms.

At the rate the audiences are growing, the church will be too small by Sunday. Mr. Payne will speak to the young people Sunday evening at Christian Endeavor meeting.

We appreciate the real interest and help of Rev. W. Richards and the M. E. church during the revival meetings.

We also appreciate the help rendered by delegations from the Baptist churches at Novi and Wixom. The pastors, Revs. Osborn and Thibault, came with their people and did much to make the services interesting.

W. R. C. NOTES.

Regular meeting of the order will be held Wednesday evening, November 28th. As it is the eve of Thanksgiving and many will be away for this festive time, let as many as can arrange, of those who remain at home, be at the hall promptly at 7:30.

CENTRAL CASH MEAT MARKET. S. D. MOASE, Proprietor. Center Street

Rev. W. E. Evans of South Lyon gave an interesting sermon at the Presbyterian church Sunday morning while Rev. F. P. Knowles preached in the city. This service was in keeping with the evangelistic plan as outlined by the General Assembly and in which all of the various state synods are to take part.

Carl Van Valkenburgh of Center Line attended the Masonic meeting on Wednesday evening and visited his parents, Emery Van Valkenburgh, and wife. Center Line is soon to have a post office of its very own and Carl is to be postmaster. The community is now served from the Warren office by an R. E. D. route.

In keeping with the plan to make this week educational week throughout the country, Superintendent Helfrich gave a very interesting talk at the Exchange club luncheon on Wednesday noon, in which he presented facts and figures showing the growth and the expansion of the Northville schools during the past three years. The Record will publish some of these interesting facts soon.

One of the most active students in campus affairs at Alma college is a Northville boy, Cligon DeWitt, a freshman at the college. Early in the semester he was selected to be assistant yellmaster, and in all probability will be the successful candidate for the place next year, although the position is usually held for an upper classman. Cligon is also a member of the band, one of the popular and strong organizations on the campus.

Women Are All the Same. It is a funny thing, but while you can divide men into men and artists, women are all the same; they're all artists of a kind and women as well; any woman is better than a mediocre man, but no woman is as good as a clever man. From "Last Week," by Nora D. Vines.

To Remove Tattoos. Tattoo marks are said to be removable by the application of a paste of salicylic acid and glycerin. A compress is applied over the paste, and the whole is secured with sticking-plaster. After about eight days the paste is taken off, the dead skin removed, and the application of the paste repeated as a rule three times.

Strange Ideas Regarding the Moon. Mitau, the moon, was a five cat, according to the belief of some Australians, which fell in love with some one else's wife, and was driven away to wander ever since. In China the old man of the moon is known as Yuesha, and holds in his hands the reins of marriage among mortals. The future husband and wife are tied together with an invisible silken cord, which is only severed at death.

TO GIVE BAZAAR AND SUPPER. You remember the bazaar and supper given by the Westminster Guild of the Presbyterian church last year and the year before! You will recall the many pretty things offered from the attractive booths which made such acceptable Christmas gifts. Well, on the afternoon and evening of Friday, December 7th, another bazaar and supper will be given by the Guild at the Foresters' hall to which all are cordially invited. A lot of pretty things in needlework will be offered for sale and from the "parcel post" booth you will be able to secure pretty gifts at a very nominal sum. Supper will be served at 5:00 until all have been cared for. Christmas is not far away and this is your opportunity to buy gifts that will please.

BOOB METHODS OF WITNESSING

What kind of a witness would you make—good or bad? Would you answers be direct—truthful and clear or the opposite?

Have you ever been in the witness chair—with lawyers studying your expressions—jurors measuring you—all eyes focused on you? It is some task.

A witness is there to tell what he knows about the case in question—Gueses—surmises—inferences—will not do at all. Facts only are wanted.

The Great Court of the World is in session. Witnesses for the Man of Nazareth are entering and leaving the witness box. What kind of witnesses do they all prove to be?

You are one of the witnesses to the goodness of the Great Architect of the Universe. Every hour shows whether your testimony is for or against Him. He knows it. You know it.

C. A. DOLPH BIBLE CLASS METHODIST SUNDAY SCHOOL

First Presbyterian Church

The Gospel of Christ will never be outrun by any generation. It meets the needs of every age, and nothing in the ages to come will ever place an uncrossable barrier between the gospel and its task. Laws and institutions formed by men cannot of themselves, right the wrongs of the world. They are futile unless behind them stand men whose lives are actuated by the spirit of the Prophet of Nazareth. "God matched His plan against humanity." It is still the sovereign remedy for sin. We invite you to go to church this next Sunday. The church has a message to deliver—it is for you.

At 10:30 a. m. - Morning Worship. Good music, inspiring hymns and a helpful sermon. Come early and hear the organ numbers by Miss Curtis. Sunday School Hour at 12:00 o'clock—noon. Christian Endeavor Social and Devotional Hour at 6:00 p. m. Youth address to the quest for the gold at the foot of the rainbow. It is there if you know where to look for it. There is no better place to start looking than in church.

Evening Preaching Service at 7:30 o'clock. If you have no church home we invite you here. OUR WELCOME IS REAL. COME AND SEE.

The bazaar arranged by the Ladies Aid of St. Paul's Lutheran church was quite a success. The ladies offered a great variety of beautiful goods, and the interior of the school hall, having been remodeled, offered a cozy sight. Supper was served by the ladies. The "parcel post office" proved quite an attraction for young and old and by 9 o'clock everything offered was sold.

The Ladies Aid extends its thanks to all their friends who helped in making this, their first effort, a grand success.

Dr. T. H. Turner has moved his office to his new building on South Center street and is now busy getting settled. The new quarters are very conveniently arranged and Dr. Turner is to be commended for his enterprise in providing his patrons such pleasant quarters in which they can be much better served than in the location he was forced to accept when the building he had occupied for so many years was torn down. The new location is only a step from the intersection of Main and Center sts.

Miss Gertrude Peet of Ypsilanti, who is home on a furlough from her work as teacher in a girls' missionary school in Persia, gave an interesting account of her work at the Presbyterian church Sunday night. Persia has almost as large an area as the eastern half of the United States with a few of the extreme southern states cut off and in all of that vast territory the mission school is the only twelfth grade school maintained. The government has schools for the younger children, but none for the more advanced ones. At the close of the services she exhibited a number of articles of lace and in brass that were made by the natives, the work all being done by hand, and it was really wonderful.

## Household Work Without Labor

A home where electrical appliances are used is a home from which the usual hard and tiring labor of housework is banished.

Electricity is the housewife's cheapest and most efficient servant. It will do the week's washing with speed and thoroughness, at a cost for current of about 4 cents—and no labor.

Your ironing, your sweeping, or your dish-washing will be done at a cost for current of from 1/2 cent to 1 1/2 cents an hour—and no labor.

## WALTON OUSTED BY UNANIMOUS VOTE

VERDICT OF SENATE 41-0 GREETS BY CHEERS—POWER OF PARDON ABUSED

### NEW TRIAL IS DERIED BY COURT

Action Comes Suddenly After Last Witness Is Examined—Trapp, Now Governor

Oklahoma City, Okla., Nov. 22.—F. C. Walton, fifth governor of Oklahoma, was removed from office by unanimous vote of the state senate court of impeachment, after his trial on charges of corruption in office, neglect of duty, moral turpitude and general incompetence, growing out of his martial law war to drive the Ku-Klux Klan out of Oklahoma.

A formal verdict was returned after the executive had been found guilty of 11 of the 16 charges presented. The vote on the first charge presented was 41-0. This verdict was greeted with cheers from the gallery.

Six of the original 23 charges concerning the impeachment bill were dismissed by order of the court.

The court then adjourned until Monday, when a hearing will be held which Governor Walton's counsel filed in the afternoon after the verdict was announced.

The governor's removal, although not formally ordered until after a verdict had been returned on each charge, was made certain this afternoon, when the court found him guilty of abusing his pardon and parole authority, the first charge to be voted upon.

Forty-one senators, lacking only one of the total membership of the body, voted for conviction. Senator Jack Barber, who has consistently voted in the governor's favor through out the 16 days of the trial, was absent.

The articles of impeachment were filed by the lower house of the state legislature which less than two months ago the executive had dismissed by martial law.

By the removal of Governor Walton, Lieutenant Governor M. E. Trapp became governor. Trapp has been lieutenant governor during two four year administrations and has been acting governor since October 23.

### FARMER LOANS UP IN MILLION

Wheat Growers Fail To Use Government's Credit Facilities

Washington—Approximately \$35,000,000 has been loaned by the federal intermediate credit banks to aid the farmers in financing the production and marketing of this year's crops.

Farm loan board officials, in announcing the figures, said they failed to show that the wheat growers had taken advantage of the government's latest credit facilities, although appeals for financial assistance recently have come from the wheat areas. Of the loans made direct to farmer organizations only \$2,343,896 was lent on wheat loan board officials said.

There was no explanation of this at the farm loan board headquarters, and Commissioner Cooper declared that the credit banks had taken care of all applications for wheat loans.

The board's figures disclosed that \$24,600,000 of the total amount advanced was on the form of loans made directly to co-operative and other farmer organizations. The remainder went to agricultural credit corporations and to banks which resold discounted agricultural paper with the credit banks.

Included in the loans to other organizations were advances of \$12,652,335 on cotton; \$5,335,134 on tobacco; \$1,390,000 on rice; \$752,464 on rice; \$59,000 on broom corn; \$1,307,273 on canned fruit; \$193,822 on wool and \$25,560 on red top seed.

### RUM ORGY PERILS MANY, KILLS 2

Hospitals and Jail Crowded With Poison Victims

Philadelphia, Pa.—Two men are dead from poison liquor, eight others are in a serious condition in Hahnemann hospital, and it is thought will die, while 40 more are under treatment there as result of a record-breaking week-end drinking orgy which resulted in more than 300 arrests.

James Fisher, 73 years old, arrested in West Philadelphia on a charge of intoxication, committed suicide in his cell.

Practically all police districts added to the total of stupefied victims rescued from the street but at two stations the cells became so crowded that it was necessary to take other prisoners to different districts near by. All the hospitals received a quota of those suffering from alcoholism and those who had drunk diluted and colored denatured alcohol.

At one time four police patrol wagons arrived simultaneously with unconscious men.

Dr. Frederick Moberly and Dr. John Nash, of Hahnemann hospital said that every one of 50 patients treated was within a hair's breadth of death when taken to the receiving ward.

### Walled Lake Warbles.

The November meeting of the Wixom Farmers Club, held last week Wednesday at the pleasant home of Mr. and Mrs. C. C. Wedow of this place, was one of the most enjoyable gatherings of the year and was attended by about 50 persons. A very interesting program had been arranged for the occasion and Mr. and Mrs. Wedow left nothing undone that would in any way add to the pleasure of their guests. The morning hours were spent in visiting and renewing acquaintances and at noon a beautiful pot-luck dinner was served, the good things brought making a feast all greatly enjoyed. The program for the day was one of more than ordinary interest and many took part in the discussions and in the presentation of ideas. David Gage of Lansing was present and gave a very interesting talk on how legislation is handled at the capital city. Mesdames E. M. Root and Frank Rice of Novi township also took part as did Mr. Pears, all of Wixom. Thomas Hartland, Mr. Wedow and others, representatives from Grinnell Brothers, music dealers of Detroit, were present and gave a number of piano selections greatly to the delight of the large company. An exhibit of corn and potatoes added to the interest of the meeting.

C. C. Wedow was in charge of the day's activities and the meeting was a success.

### Good Many People Throughout the South are Wondering

Why here as one reason anyway. In South Carolina there was expended for the maintenance of rural schools the sum of \$10,034,049 for white children and only \$1,119,142 for colored children during the years 1922-23.

Judging from the manner in which the various forces are now being lined up for the opening of Congress, it looks as though about every body will have a special lobby at Washington except the people. The labor unions, the railroads, the good roads enthusiasts, the American Legion, the supporters of the river and harbors port canal, the public building outfit and numerous other factions, have preferred plans to be on hand and to labor in season and out of season for the passage of legislation of special benefit to themselves. But who is to represent the people?

### WILL HOLD GERMAN TERRITORY

Plan To Discharge Ruhr

Severe Penalty.

The French government has announced that it will not evacuate the occupied territories until the Versailles treaty is fully executed and his government is guaranteed against any prospect of aggression, saying:

"We are resolved not to evacuate the occupied territories before all clauses of the Versailles treaty are executed, and we are solidly protected against any new possibilities of aggression."

The foreign office later explained that the French order was issued in the Rhineland alone as "occupied territory."

He did not mean the Ruhr valley, it was officially stated. The Rhineland is being occupied "in virtue of the treaty."

D. S. General Degoutte, French commander in chief, signed an order imposing five years' imprisonment and 100,000 gold marks (\$25,000) fine upon any industrialist who attempts to discharge all or any portion of his workmen.

The preamble of the French order says that in view of the fact that "some industrialists" have menaced the population in the occupied territory with untold suffering by the cessation of work on November 30, the occupational authorities must take upon themselves the task of guaranteeing order and maintaining the life of the population.

It is expressly stated in the proclamation that any industrialist belonging to any association of industrialists is forbidden to discharge workmen by the association's decisions.

The province's Herr Stines and associates from carrying out their plans without severe penalties.

French Like Horseflesh  
Washington—Consumption of horse meat as an article of daily diet is increasing in France, the Department of Commerce is informed and the annual slaughter of horses is estimated at about 120,000 head. Of this number about 100,000 are of French origin, while the greater portion of the balance is imported from Great Britain. The advantages claimed for horse meat are its comparative cheapness and nutritive qualities. Its sale is universal.

If you suffer from backache—From urinary disorders—Any curable disease of the kidneys, Use a resolute kidney remedy.

Doan's Kidney Pills have been tested by thousands.

Northville people testify. Ask your neighbor.

James W. Kator, retired farmer Main street, Northville, says: "I have always had the best of satisfaction through the use of Doan's Kidney Pills, as they have always relieved me from suffering from attack of kidney trouble. Now and then, I over-indulge myself with whisky and get on trouble with my back. My back ached considerably, just over my kidneys, and my kidneys didn't act regularly, either. Doan's, which I got from the Northville Drug Co., have always corrected this trouble. I recommend Doan's at every opportunity." Get it at all dealers. Eastern M. Main Co., Buffalo, N. Y.

**Court Kills Pro-Labor Law**  
San Francisco—A decision by the United States Circuit Court of Appeals has declared void the California law forbidding employers to exact pledges from employees not to join labor unions.

**Belgium Seeks to Revise Treaty**  
Paris—Brussels advices announce Belgium is seeking a conference to revise the Treaty of 1839 as it concerns the River Scheidt, as the Belgians wish the Antwerp ships free from Dutch regulation.

**Gas War Reopens in South Dakota**  
Mitchell, S. D.—Governor W. H. McMaster has renewed his war on gasoline prices. In the face of an increase of two cents a gallon, announced by the Standard Oil Company, bringing the retail price to 17-1/2 cents, McMaster ordered the state highway supply depot to sell gas at 16 cents.

**Reds Refuse to Join Transit Meet**  
Geneva, Switzerland—Soviet Russia has officially declined an invitation to participate in the international conference on transit and communications opening here Thursday because the conference is the outgrowth of the treaty of Versailles, which the Moscow government has always refused to recognize.

**Lived Lives as Mutes; Can Speak**  
Helena, Mont.—Born of deaf-mute parents but normal in every way, Marie and Mabel Womack, 8 and 6 years old respectively, children of Mr. and Mrs. Carl Womack, of near La Grange, Lee county did not know until three days ago that human beings could converse by any means other than the sign language.

**Ships Will Test Lakes to Ocean Lane**  
Port Arthur, Ont.—Direct from Port Arthur to Liverpool, four steamers loaded with wheat sailed on the way to the high seas. This is the first time in the history of the local port that tramp vessels have attempted to make the trip down the Great Lakes to the seaboard, thence across the Atlantic to Europe without breaking bulk, a line men stated.

**Dead Man Plots Train Two Hours**  
Paris—The boat train carrying the Berengaria passengers from Cherbourg to Paris was piloted for two hours by a dead engineer. The engineer was killed when he put his head out of the cab window when the train was entering a tunnel near Conches. The train stopped automatically at Bonneville, where the fireman discovered that the engineer was dead.

**Python Refuses Food 8 Months**  
Philadelphia—A huge python at the Philadelphia Zoo has gone eight months without food, because it will eat nothing but a live animal. Keepers have refrained from feeding the serpent through fear that the Society for the Prevention of Cruelty to Animals might object. This fear has been dispelled and next week the python will be fed a live pig, weighing 50 pounds.

**Falls 1,000 Feet, Lives**  
Honolulu—After falling 1,000 feet from the top of Pal, a rocky cliff near here, over which thousands of Oahuans met death in the early history of Hawaii, as they fled from the invading army of the king of Hawaii, John Andrews, a water tender, stationed on the U. S. S. Seagull, was rescued from a narrow ledge on which his body lodged. Rescuers ascended 500 feet up the precipitous declivity with ropes. The task required four hours.

**Eclipse of Sun and Moon.**  
An eclipse of the sun can only occur at the time of new moon and the moon can only be eclipsed when it is full.

**Reforming a Fool.**  
As a matter of brutal fact, the best way to reform a fool is to rob him until he is compelled to do better, in order to live. I'm not a fool, and tell him he is imposed on, and he will continue in his folly. Scrap him and he will adopt more sensible ways, as a matter of necessity.—L. W. Howe's Monthly

**Yourex SILVERSEAL**

**HELEN PATTERN**

A remarkable and exquisite pattern, flawless in design and craftsmanship.

Silverseal is solid silver where it wears—an exclusive Fine Art method absolutely guaranteed.

The Knives, Forks and Spoons cannot wear black as others must and do.

Let us show you demonstration pieces and you will be convinced of the superiority of the Helen Pattern in Yourex Silverseal.
