HANDKERCHIEFS

Christmas is just three weeks away. On Saturday, December first we shall place on display an entirely New Line of Snow Flake Handkerchiefs, direct from the importers. Not an old number in the lot. Our Handkerchief line has a reputation that we have built from handling only the highest grade Handkerchiefs. We have had many inquiries and phone calls during the past week from customers who know our line asking if our Holiday Handkerchiefs were in. They are here now—all new—just as much care used in selecting the nickle ones as there was in selecting the \$2.00 numbers.

SATURDAY NIGHT, DECEMBER 1

"THE RUSTLE OF SILK."

This picture had a wonderful run in Detroit theatres. See it here Saturday.

SUNDAY NIGHT, DECEMBER 2

CHARLES JONES, in

"THE FOOTLIGHT RANGER"

There is comedy, a great deal of it. The kind that tickles youngsters and pleases older folks. It is the clean type of comedy that everyone is better for having seen. There is exciting adventure, which makes you sit forward and grip the seat ahead of you.

PHYSICAL TRAINING DEMONSTRATION DELIGHTED LARGE CROWD.

Three years ago the Northville schools did not possess a single thing with which the pupils, either large or small, could amuse themselves about the building. There were no swings, nor was there any equipment in the splendid gym. Through the efforts of the parent-teachers' association a movement was started at that time and as a result of that effort this department of our school has grown until now few towns of this size can duplicate the physical training demonstration given last Thursday night. Every foot of available space in the gym was occupied and a great many were forced to stand during the presentation of the very interesting program. The demonstration was under the direction of A. K. Miller, boys' physical director, and Miss Miller, girls' physical director, the former being employed full-time and the latter but half a day each day. Other teachers cooperated with them, of course, and the affair was one of the most enjoyable ever held under the auspices of our schools.

Miss Mia Rose Cavell, in a voice that could be distinctly heard in spite of the immense crowd, gave a very interesting talk upon the theme of "Benefits of Having Physical Training," and she presented her case in a very convincing manner. Following her talk the children of the kindergarten gave a dance of the fairies and all who took part really resembled fairies with their pretty dresses of varied colors and their quaint bonnets. The first grade pupils gave "Lobby Loo" and "Round and Round the Village." The second grade danced "Pop Goes the Weasel," and the third and fourth grade children danced the minute with a grace that would have reflected credit upon older ones. The figure march by the fifth and sixth grade girls was one of the most pleasing numbers of the program, and was roundly applauded, the several figures and formations being made with an alertness and precision that was most remarkable. The fifth and sixth grade boys gave a number of "stunts," greatly to the delight of everyone, while the seventh and eighth grade girls gave "Newcomb."

The second part of the program was opened with a calisthenics drill by some of the boys from the High school and they did splendidly. The high school girls followed with an Indian club exercise, and then followed tumbling and pyramids on the mats by a special class of boys. A group of boys gave a military march, while a group of girls followed with dancing. With Mr. Miller a number of boys performed on the parallel bars and followed by a number of stunts on the "elephant." A few of the teachers gave an exhibition in clogging in "blackface" and they were cheered so enthusiastically that they were compelled to repeat.

During the presentation of the program Miss Larkins principal of the High school, presented Mrs. Miller a handsome bouquet of roses on behalf of the girls of the High school, who desired to thus give expression of their appreciation for the interest she had manifested in their behalf.

NORTHVILLE TO HOLD SKI TOURNAMENT.

Hall Brothers of Detroit have leased the A. C. Belden Hill on South Center street and are busily engaged in the erection of a slide for sking. The slide will be constructed of wood and will be 45 feet high with a 100-foot run-way. Next season, everything goes with this winter, a steel slide 65 feet in height will be erected. Messrs. Hall have been interested in this invigorating sport for years and Henry Hall holds the world's championship record having made 229 feet at Revelstoke, B. C., in February 1921. The season before he was at Steamboat Springs, Col., where he covered a distance of 203 feet, defeating at that time a number of top-liners.

In addition to providing a place where those who love to ski may find suitable accommodations it is planned by Messrs. Hall to construct a toboggan and a coasting hill where people may gather to enjoy the sport of coasting.

The date for the opening tournament will be announced within a few days if weather conditions are favorable, and it is believed that with its ideal location this enterprise will become very popular with those who enjoy winter sports. Messrs. Hall have been looking for a suitable place for their enterprise for the past few years and they believe that the Belden Hill is the ideal spot.

EDWIN WHITE FOUND DEAD IN BED.

The news of the sudden and unexpected death of Edwin White, which became current about the village at seven o'clock Friday morning, caused universal sorrow among the people of this community, by whom the deceased was held in high esteem. He had not been feeling well for a few days, but he had not failed to go to his store except on Thursday. He did not regard his condition as serious, however, and about six o'clock his daughter, Bertha, visited his room and gave him a glass of water and he seemed to settle down for a peaceful sleep. About 6:30 Harold White visited his father's room to ascertain if there was anything he desired, but received no response. Making a further examination he found Mr. White had peacefully passed away, the end coming while he slept. A physician was hurriedly summoned, but the tired body was still in death.

Mr. White came to Northville in 1909 and purchased the stock of dry goods in the T. G. Store, which he continued to operate. He was a careful and conservative business man, a good judge of merchandise and a good salesman. Under his direction the store enjoyed a profitable business and was regarded as a reliable business establishment by the people of this section. He was honorable and trustworthy and all regret his passing.

The condition of his health was such that he was compelled to conserve his strength as much as possible and in consequence he did not take an active part in community affairs as he would otherwise have enjoyed doing, but he was interested in every movement for the upbuilding of the village and by example and precept he was a good citizen. The deceased was one of a family of nine boys and one girl, two brothers dying in infancy. He was born in England in 1854, and grew to manhood in the community in which he was born. He received his education in the public schools of his home town and his father being engaged in the dry goods business he gained a good general knowledge of the business. He did not remain long in the store, however, after leaving school because it was said of him that he was shy and bashful and did not enjoy waiting on the trade. After leaving the store he went to Glasgow, where he spent five years at the machinist trade and during his spare time he took up mechanical and free hand drawing until he became quite an expert with the brush and pencil and during the latter years of his life he found great enjoyment in painting pictures, many of which adorn his store.

In 1879 he was united in marriage to Alice Sands, the beloved wife and mother who died September 26th, 1920. After his marriage he engaged in business for a short time in England, coming to America in 1882 when he settled in Chicago, but after a few months' residence there he came to Grand Rapids where he was employed for a number of years as window decorator for some of the city's large department stores afterwards engaging in business for himself. Disposing of his interest there he came to Northville.

Mr. White is survived by four children—J. Edwin White of Grand Rapids, F. William White of Detroit, Bertha S. White and Harold G. White of this village, who have been associated with him in the store and who have made his home life comfortable and enjoyable.

Funeral services were held at the home Sunday afternoon at 3.00 and were conducted by Rev. William Richards, who spoke feelingly of the departed. The floral tributes were profuse, giving expression of the love and esteem of those who knew him. The remains were taken to Grand Rapids late Sunday afternoon and interment took place in the family lot in that city Monday.

40,226 FORDS PRODUCED DURING WEEK OF NOVEMBER 20.

Domestic production of the Ford Motor Co. for the week ending Tuesday, November 20, was 40,226 cars and trucks. During the same period 1,713 Fordson tractors were turned out.

Production at the Lincoln division of the company for the week ending Tuesday was 134 cars.

The annual inspection of Northville Commandery, Knights Templar, will be held this year on the evening of December 13th, when the Order of the Temple will be conferred.

THANKSGIVING

Each and every one of us have a lot to be thankful for, and while Thanksgiving Day is nationally designated as a time for giving thanks, we believe in giving thanks throughout each year to the many patrons of this store, who deserve much credit for the success of our business. The large patronage we enjoy and our hundreds of permanent customers who come again and again is a gratifying evidence that we are thankful for our many efforts in providing good merchandise at lowest prices for our endeavors to please and satisfy.

In our display of Xmas holiday goods we are sure there is something you can use.

You Need Them Now

YOU NEED A LANTERN IF YOU LIVE IN THE COUNTRY, AND YOU WILL OFTEN FIND THEM VERY CONVENIENT IF YOU LIVE IN TOWN. NO ONE SHOULD WALK OR DRIVE ALONG A COUNTRY HIGHWAY NOW-DAYS WITHOUT A LANTERN AT NIGHT. THEY WILL PROTECT YOU FROM THE AUTO TRAFFIC WITH WHICH OUR ROADS ARE NOW CROWDED. WE HAVE THE KIND THAT GIVE THE BIG LIGHT.

FOR CHRISTMAS GIFTS YOU WILL FIND HERE A GREAT ARRAY OF PRACTICAL AND USEFUL GIFTS IN ALUMINUM WARE, GLASS BAKING DISHES, ELECTRIC APPLIANCES FOR THE HOME, KNIVES, RAZORS, VACUUM BOTTLES, PERCOLATORS, ETC.

You Can Get It At Lyke's.

FRED W. LYKE

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

Detroit at 5:05 a. m., 6:00 a. m., 7:00 a. m., 8:30 a. m.; every two hours to 4:30 p. m., hourly to 7:30 p. m., 9:30 p. m. Also 11:15 p. m. Leave Wayne for Northville at 5:05 a. m., 6:09 a. m. and 7:36 a. m. 9:40 a. m.; every two hours to 3:40 p. m.; hourly to 6:40 p. m.; also 8:40 p. m., 10:17 p. m., 12:19 a. m.

THE CAT AND THE CANARY.

Somewhere in the distance a bell tolls. It brings a shudder to the little group gathered in the shadowy library of the old mansion—a house "intended for twenty years save by a caretaker who is a West-Indian negro neophyte." The group represents the sole heirs of Caleb West and they are here at midnight to hear, to the minute 20 years after his death, the first reading of his eccentric will. It is then that the bell tolls as it did on the night Caleb West passed on and, as Mammy Pleasant the voodooist declares is sepulchral tones, it means that one of the little company will be dead before morning.

That is the beginning of "The Cat and the Canary," coming to the Garlick theatre next Sunday night, and then things begin to happen with remarkable rapidity.

"The Cat and the Canary" has had two seasons in New York and one in Chicago. The company visiting here is the one which played for thirty-six weeks at the Princess theatre, Chicago. It is a play of deep mystery.

CORRECTING AN ERROR.

A certain newspaper attempted to correct a typographical error in the following manner: "We wish to apologize for the way we disgraced the beautiful wedding last week. Through an error of the typesetter, we were made to say, 'The roses were pink.' What we should have said was, 'The noses were pink.'"

RECORD LIVERS PAY-TRY ONE.**TWICE PROVEN**

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Northville evidence—doubly proven.

Miss W. S. Dickerson, Lakes street, Northville gave the following statement September 20, 1910:

"When ever there is need of a kidney medicine in our family, we use Doan's Kidney Pills, for we have always found them all they are claimed to be. Personally, I know Doan's are effective for kidney disorder and a remedy worth recommending to anyone who is in need of something for their kidneys. I use Doan's now and then and I accept my witness."

On April 10, 1911, Mrs. Dickerson said:

"I have not had occasion to use Doan's Kidney Pills in quite a long time but I still remember the relief I received."

"I feel at all times that I am a better person because of Doan's."

On April 10, 1911, Mrs. Dickerson said:

"I have not had occasion to use Doan's Kidney Pills in quite a long time but I still remember the relief I received."

NATIONAL GLEANER CONVENTION

The fourteenth biennial session of the Ancient Order of Gleaners, is scheduled for December 5th, 6th, and 7th, at Detroit, Michigan. The Hotel Statler has turned over its splendid convention hall for use on this occasion, and in addition to the regular convention, the thirtieth anniversary home coming will be celebrated.

On the opening day, December 5th, the delegates and visitors will, thru special invitation, be taken to the great Ford factory, where guides will show them through the world's largest automobile factory. A visit to the National Gleaner Temple, at the corner of Woodward and Palmer avenues, has also been arranged.

Wednesday evening will be devoted to special memorial services, in memory of the 115 Gleaner members who have passed on during the past two years. This is to be followed by special drills to be put on by teams from outside states and a "get-acquainted meeting."

Thursday business sessions. On Thursday evening, December 6th, will occur the thirtieth anniversary banquet, in the beautiful banquet room at the Statler Hotel. Men of national and state reputation will break bread with the delegates and visiting Gleaners.

Splendid musical program readings, etc. will be presented and the committee in charge promises that there will be something doing every moment during the convention. The Gleaners close the biennial term with assets of \$1,923,391.30 and the reports show that benefits have been distributed to members exceeding \$8,000,000. One million dollars having been distributed among widows and orphans of deceased members during the past two years.

FEATURE SEMI-CENTENNIAL OF PUBLIC HEALTH.

This year marks the semi-centennial of "Public Health Organized" in Michigan. Being the fact in mind and that it was back in 1873 that the first State Board of Health was formed, an interesting program has been projected for the third annual conference of health officers and public health workers. The conference will be held in Lansing on December 12-14, under the auspices of the Michigan department of health and the American Public Health Association. Reminiscences will be the keynote of the meeting Friday morning, December 14, which will be addressed by older and former heads of the staff. A special address of health improvement in recent years will be afforded at this time.

Prominent among the speakers listed for the occasion are Dr. W. S. Rind in state health commissioner of North Carolina, and Dr. George E. Vincent, president of the Rockefeller Foundation. Dr. Rind is a former president of the American public health association and is one of the most efficient health officers in the United States. Dr. Vincent is recognized as one of the most brilliant speakers on public health in the country. Anyone who is conversant with the world wide work which is being conducted by the Rockefeller Foundation, cannot fail to realize the tremendous capacity and vision of organization of this organization.

294 MILES PAVED ROAD THIS YEAR.

In spite of the highway finance struggle, the re-organization of the state highway department and the late start on construction approximately 60% more paved roads were built by the state this year than last. Virtually complete figures for the 1922 building season, compiled today by the highway department, show:

In the 1922 season 128 miles of pavement were laid. So far this year 204 miles have been constructed, and there will probably be a few miles added when final reports on odd jobs are received.

On gravel surface roads the state has fallen behind. In 1922 the total of all types was 572 miles as compared with 465 miles to date this season. Last year about 80 miles were graded outside of completed roads. This year the mileage is considerably higher, work is still going on and will continue throughout the winter, to get trunk lines in shape for paving early in the spring.

MICHIGAN APPLES NEED DISTRIBUTION.

(By the Associated Press)

Michigan should prepared to give its large apple crops more even distribution by erecting public cold storages with capacity for at least 2,000,000 bushels of fruit, Professor Roy E. Marshall of the horticultural department, M. A. C., asserted Thursday in his address before the fifty-third annual convention of the Michigan State Horticultural society at Grand Rapids.

"These storages should be located at five or ten fruit producing centers," the pomologist declared. "This would mean having five to ten cold storages with 50,000 to 150,000 barrels capacity each."

Try Northville first.

STATE PIG LITTER-WEIGHT ENDS.

Sixteen pig litters reached the ton weight goal set in Michigan's first "ton litter" contest, which was declared closed last week by V. A. Freeman, secretary of the Michigan ton litter club and extension specialist at the Michigan Agricultural college.

First place for the state went to V. J. Brown & Son, of Jonesville, Hillsdale county, whose litter of ten Poland China totaled 2,840 pounds at the close of the 180 day period. A litter of twelve Duroc Jerseys, entered by H. M. McIlwain, of Bath, Canton county, was second, at 2,756 pounds; while third place went to a Poland-China-Duroc Jersey cross bred litter of twelve pigs, at a total weight of 2,636 pounds.

WALLED LAKE WABLES.

There will be a Thanksgiving party at the Pioneer Inn tonight, the 30th, and a hard time party on the evening of December 1st.

Beautiful Thoughts

Fully to understand a grand and beautiful thought requires perhaps as much time as to conceive it.—Joubert.

Christmas Seals Helped to Make These Kids Happy**TWO KIDDIES AT A SUMMER CAMP**

Every summer hundreds of undernourished and sickly children enjoy the hospitality of summer camps scattered throughout the state. At these camps the kiddies are given an opportunity to play, eat and sleep in the open air, to eat the right kind of food and to get the proper amount of beautiful exercise.

Summer camps are a part of the work carried on with Christmas seal sale funds. Every penny that is spent for seals is a contribution to the health and general welfare of hundreds of children. Every seal that is used becomes a weapon in the hands of skilled tuberculosis fighters.

Buy Christmas seals and help make trail children strong.

Unsightly Cords

Cords stretched up to lighting fixtures are unsightly and inconvenient; and there is no need to bother with them. Use "convenience outlets" instead. They will cost you very little (nothing at all when not in use) and they are a wonderful comfort in the home.

Convenience outlets are small sockets placed inconspicuously in wall or floor and supply current to floor lamp or irons, to toasters or percolators; in short to any electrical household appliance.

Come in and Let Us Tell you about them.

Plumbers, Northville and Plymouth

If the Pilgrim Fathers had cause for Thanksgiving, surely the people of today have reason for Thanksgiving and rejoicing.

They were thankful for the little they had. Are we thankful for the great things we have?

We are truly grateful for the increasing patronage that has been afforded this store during the past twelve months—for the good will of our increasing number of customers—and we rejoice that we have been able to serve them in a manner that has merited their good favor.

This store was never so well stocked to serve the people of this section with food as it is today. If you are not a regular patron of this store we invite you to call and to see for yourself how easily and satisfactorily you can be served here.

Thankful for all past favors, we shall strive to serve you in a bigger and better way during the coming year.

Dr. Claude S. Larned and wife of Battle Creek, Mrs. Esther Allen and Mrs. Florence Almstead of Marshall were weekend visitors at E. L. Larned's home.

E. B. Arms of South Lyon has just been awarded the contract to build a 10-cow dairy barn and other out buildings at the Detroit House of Correction farm.

George M. Henry has accepted a position as manager of the new grocery and meat market being opened in the new Houston block at Plymouth by Wolfe Brothers.

A letter received from C. W. Perkins stated they had arrived at Jacksonville, Florida, safely and that the journey was a delightful one. They will now proceed to Miami.

Guy C. Perkins will give one of his popular organ recitals at the Central Methodist church in Detroit on Monday evening, December 3rd. He will be assisted by Mr. Kendrick, tenor.

Mrs. James LaFaw and Geo. Wilson of Grand Rapids, sisters of Mrs. Mark Robinson came to Northville Saturday and spent Sunday at the Robinson home. Mrs. Robinson is still very ill.

Mr. and Mrs. W. M. Tousey and son, Harold, left Northville the first of the week by auto for the south. They will visit at Washington, D. C. where Harold will remain while Mr. and Mrs. Tousey will proceed to Florida to remain until spring.

A town team of pick-up players and a team from the Sanitorium enjoyed a game of football Sunday. The score was 33 to 6 in favor of Northville and there were a lot of fellows who could scarcely get about Monday morning because of the strenuous exercise.

Miss Beth Ponsford, daughter of C. A. Ponsford who underwent an operation for appendicitis at Harper hospital, Detroit one day last week is getting along nicely, a fact her many friends in Northville will be glad to hear.

Next week Wednesday night the home talent play "The Neighbors" will be presented at the Aseum theatre. If you enjoy a good laugh you will want to see this play, and if you enjoy good music you will want to hear the splendid program to be presented before the performance. So buy your reserved seats now.

All members of Northville Lodge, B. & A. M., with their families, have been invited to attend a birthday party at the lodge rooms on Friday evening, Dec. 14th. The ladies will bring boxes containing lunch and the committee will furnish coffee and ice cream. An interesting program is being prepared for the event and a large attendance is expected.

Friends of St. John's Episcopal church are invited to the service which will be in the evening at 7:30 a. they are invited to hear the rector's address. During these Sunday evenings the rector will take as his discourse a series of addresses, "My Experiences in the Mission Field," and the first of these will be delivered next Sunday evening.

W. H. Hutton and Charles Bingham, proprietor of the Pioneer Inn at Walled Lake were Northville business visitors on Monday afternoon. Mr. Bingham recently came to Walled Lake and took over the hotel. He was formerly located at Harrison where he conducted a hotel for a number of years, and many people in this section have been his guests while on hunting and fishing trips in Clare and surrounding counties.

A few people who profess to be friends of Henry Ford have called a conference to be held in Dearborn on December 12th, at which gathering it is planned to call a national convention for the purpose of nominating Mr. Ford for president on an independent ticket with no platform. We believe these people are doing Mr. Ford a great injustice instead of a kindness. He is greatly needed in the position he now occupies—as one of America's greatest manufacturers more than he ever will be as president.

Tickets for "The Neighbors," the home talent play to be presented at the Aseum Theatre next Wednesday night by the ladies of the November circle of the Presbyterian church, are now on sale. No extra charge for reserved seats. Read the announcement regarding the play in to-day's Record. The cast of characters comprises some of Northville's best talent and the program to be given will prove more than ordinary interest.

Mrs. Agnes Killeit is spending the winter at Palm Beach, Florida. She expects to remain until May. J. R. and Mrs. S. A. Lovell and sons and Mr. and Mrs. E. L. Smith spent Thanksgiving with relatives at South Lyon. The Student club of Detroit plans to spend the week-end with Cecil Wickham at East Lawn Sanatorium. Football and basket ball and a big bonfire tonight are among the features planned for the outing.

On Monday evening next Judge Ben Landsley of Denver will give an address at the M. E. church in Farmington. Admission will be \$1.00. A number of Northville people will, doubtless, avail themselves of this opportunity to hear the eminent orator.

M. H. Hunt, who is the oldest living member of the National Episcopate Association and a resident of the 1st Branch for over 65 years, has made his 19 annual trip to Crystal River, Florida. He left for the south October 24th—Record.

Russell Catherman of Farmington, was the star in the game with Kalamazoo, in which Alma, winning by a 33 to 0 score established her final right to the M. I. A. A. championship.

Catherman was responsible for three of the six touchdowns made during the game. Farmington Enterprise.

The special meetings being conducted by Evangelist Joe J. Payne, are increasing in interest and the attendance has been unusually large this week. On Sunday evening Mr. Payne will speak from the subject, "From Saddle to Pulpit," being a story of his life. He is a pleasing and convincing speaker and presents a real message.

Mrs. Lizzie Harger was the guest of Mr. and Mrs. C. H. Kousck of Plymouth at a dinner given on Monday evening in honor of the fiftieth wedding anniversary of Mr. and Mrs. J. R. Rauck. On Tuesday the bride and groom motored over to Wixom and visited the church where they were married and the old home in which they started housekeeping.

Stewart Montgomery having completed two new houses this summer will soon leave for Florida to remain until spring. Of course Mrs. Montgomery will accompany him, and so it being in the south where he has a good position with an orchestra and laid two new houses erected are very attractive and all present plans are to visit another handsome home.

He is expected on the coast in a few days. Ladies of help of him in the neighborhood to be presented at the Aseum next Wednesday by Northville talent. Grandma with her cap, pet rags, Miss Diantha Abel with her dining and Mrs. Trot with her Buffalo bag are just real folks, after all, striving to render a service of love to a motherless boy. There will be many laughs and perhaps a tear or two. Get your tickets early.

FOREST FIRES LOSS MOUNTS

Damage To Hardwood In Otter Lake District Is \$200,000.

Houghton—Damage to timber from forest fires in the Otter Lake district, south of Houghton, is greater than first supposed, according to an authentic survey by experienced cruisers. The damage to hardwood alone is conservatively estimated at \$200,000.

In the case of forest fires it usually is found that the loss is greatly overestimated, but in this instance the loss is much greater than was first supposed. The report of the cruisers shows that the fire, west and southwest of Otter Lake, covered an area of 50 square miles of virgin timber. Fully fifty per cent of the hemlock in the area is destroyed and the hardwood timber is damaged to the extent of from five to 10 per cent.

If this hardwood timber could be recovered at once the loss would be slight, but, as much as most of it is inaccessible and will have to stand for several years, the loss will run into a great many thousands of dollars, which has been estimated to be at least \$200,000.

There never has been a forest fire in the Upper Peninsula just like this one, experienced cruisers say.

Usually, hardwood timber is reasonably safe during forest fires and this is the first instance in many years where any large amount of standing hardwood timber has been destroyed.

STATE FIGHTS PHONE COMPANY

Utilities Commission Files Brief In Suit To Enforce New Schedule

Lansing—To let as much as possible at as little cost to itself as is necessary is the policy of the Michigan State Telephone company and its parent organization, the American Telephone & Telegraph company. The Michigan public utilities commission charged in a brief filed with the state supreme court in the telephone rate case hanging fire for many months. The brief, prepared by William V. Potter, chairman of the utilities commission and filed with the court to urge commission by the state supreme court in the telephone rate case hanging fire for many months. The brief, prepared by William V. Potter, chairman of the utilities commission and filed with the court to urge commission by the state supreme court in the telephone rate case hanging fire for many months.

The telephone company filed in the United States district court seeking to restrain the enforcement of the new rates. The brief, prepared by William V. Potter, chairman of the utilities commission and filed with the court to urge commission by the state supreme court in the telephone rate case hanging fire for many months.

50 CENT WHEAT TAX U.S.D.

Farmer's Union Seeks Satisfaction of Cotton Prices Also.

Omaha, Neb.—Declaring that as long as high prices of necessities prevailed as a result of duties for production of American manufactured goods it is right to raise or equalize the tariff on farm products. The Farmers' Union asked in a resolution adopted that the tariff on wheat be increased 50 cents a bushel.

Existing conditions of agriculture would justify congress fully in enacting legislation that would temporarily stabilize wheat and cotton prices, it was declared.

Such legislation was favored by the convention's resolutions committee on the ground it would enable the growers of these two products to pay the interest charges and taxes, and leave them something "for replacement of worn out machinery and supplies."

Cleveland Juniors Meets Motorists. Washington—The Juniors of the Cleveland Juniors met at the Washington Hotel and discussed the motorist's problem.

LEGISLATURE MEETS DECEMBER 4TH

Governor Alex J. Groesbeck has called for a special session of the legislature to convene December 4th, for the purpose of reappointment of senators to representative districts. While this is the only matter mentioned in the call, other issues may be placed before the body through special messages after the reappointment question is settled. In that case it is expected the gasoline tax may be revised, while the Detroit increase in bond limits, and other matters may be brought up. In reappointing it is expected Wayne will secure from 14 to 18 or 20 in the house and from 5 to 7 in the senate.

'T' WAS A POPULAR PLACE.

Sheriff Butler of Oakland county, accompanied by a number of deputies, made a raid on a Comfort Inn, situated at the west end of Elizabeth Lake, and found a quantity of liquor. Besides the booze the sheriff's force found a list of names of 52 Pontiac men who were customers in good standing of the place. Two men in charge of the place were placed under arrest and every one of the 52 members of the club will be subpoenaed at the hearing. Dozens of a number of Pontiac men will take a vacation day before the hearing takes place.

Congress will convene next Monday, and may the Lord help the country at the time of President Harding's death there was a good deal said about trying to adopt some plan to relieve the president from some of his burdens and worries. Congress was President Harding's greatest worry and will be a menace to the administration of President Coolidge. A great many members of both the house and senate are out of step with the best thought and aspirations of the people, and seem to care for nothing except to get through some petty legislation in the interest of some group. If congress would receive the President's message and then adjourn for an indefinite period the country would be a great deal better off.

STATE OF MICHIGAN County of Wayne, ss At a session of the Probate Court for said county of Wayne, held at the Probate Court room in the city of Detroit, on the twenty-fourth day of November in the year one thousand nine hundred and twenty-three.

Present—Edward Command, Judge of Probate.

In the matter of the estate of EDWIN WHITE deceased.

An instrument in writing purporting to be the last will and testament of said deceased having been delivered into this court for probate. It is ordered, that the second day of January next, at ten o'clock in the forenoon at said court room be appointed for proving said instrument. And it is further ordered, that a copy of this order be published three successive weeks previous to said time of hearing, in the Northville Record, a newspaper printed and circulating in said county of Wayne (A true copy)

ROYALISTS PLAN A COUP D'ETAT

MASS TROOPS FOR ATTACK AS
NEW CHANCELLOR STRIVES
TO FORM GOVERNMENT.

REICHTAG MAY BE DISSOLVED

President Ebert Fights Party Fees
to 'Save Republic'—New
Elections Certain

Berlin.—The Dr. Heinrich Brüning, president of the Reichstag, has just announced that he will ask the Reichstag to dissolve itself and call for new elections.

President Brüning's appeal to the Reichstag, the main propaganda chief whose forgetfulness in the New York subway led to the discovery of documents on the German negotiations in Mexico during the war, was dictated by advice from Munich that the monarchists were gathering the full strength of all their fighting troops including the former Hitler men, and are co-operating with Admiral von Tirpitz and General von Der Goltz in the north in a plan to launch an attack against the republic, which they hope will have the support of every monarchist and nationalist element.

The monarchists are prepared to take full advantage of the political chaos in Berlin and make possible a successful revolt.

President Ebert, however, is determined to accept any group of ministers. Dr. Brüning persuades to accept portfolios and to carry him through before the Reichstag.

It is practically impossible that he will receive a vote of confidence, so it can be regarded as certain that the Reichstag will be dissolved immediately after the presentation of the cabinet and new elections called.

The fight between President Ebert and the monarchists is of more than political significance. Ebert, Ebert believes that he is fighting for the existence of the republic. But he is unable to impress the monarchists with the necessity for a united front against the monarchist attack. To most party affairs four are more important than the republic.

PLANS FOR PROTEST

Senator Wood Plans to Introduce It At
Special Session

Detroit.—The Michigan State senate for Wayne County will be asked in the senatorial re-apportionment bill to be introduced by Senator Arthur E. Wood when the special session of the legislature called by Governor Groesbeck opens in Lansing December 4.

Four of the ten proposed districts will be assigned to suburban municipalities of Wayne county, freeing them from the suspicion of Detroit domination under the terms of the Wood bill, details of which were revealed by the senator Monday.

The measure is drafted with the idea of removing dissatisfaction with reapportionment plans offered at the legislative session on Senator Wood's bill.

The measure is drafted with the idea of removing dissatisfaction with reapportionment plans offered at the legislative session on Senator Wood's bill.

With the apportionment on a straight population basis, the only problem involved is the obtaining of the proper balance between the districts.

The 32 senatorial seats will be apportioned among a population of 3,668,412, according to the last federal census, the ratio of representation being 14,637.

GRAIN RUST CONFERENCE HELD

Eradication of Barberry Bush Seen As
Solution of Problem.

Minneapolis.—Governor R. A. Nestos of North Dakota was elected president of the Conference for the Prevention of Grain Rust at the annual meeting held here. Ralph Budd, president of the Great Northern railroad, and W. S. Hill of the South Dakota Farm Bureau Federation, were named vice presidents.

The Conference reaffirmed its faith in barberry eradication as the solution of the problem of black stem rust which has cost the farmers of the north central area an estimated average of \$50,000,000 a year in damage to small grains. Resolutions were adopted pledging further public co-operation in the war on the common barberry bush and urging Congress and the interested states to continue their support of the movement.

The agricultural interests of thirteen north central states were represented at the meeting. The delegates from Michigan included L. R. Taft of the state department of agriculture, Dr. G. H. Coons of the Michigan Agricultural College, and Walter F. Reddy, state leader of the federal barberry eradication forces.

PRISONERS INJURED AS TRUCK GOES INTO DITCH.

The driver and eight House of Correction prisoners were injured, one perhaps fatally, when a bus in which they were riding to Detroit from the institution's farm near Northville, overturned in a ditch at Ridge and Five Mile roads Saturday afternoon. The truck swerved into the ditch after it had collided with a light truck driven by Frank Rossow, Route No. 2, Northville, a farmer.

Thirteen prisoners, who were returning to Detroit to be granted liberty at the expiration of their sentences, were in the truck. Four of the more seriously injured were taken to Receiving hospital.

The prisoners were in a city bus going east on Five Mile road, Joseph Bennett, 1085 Holcomb avenue, the driver, declared. He signed to the farmer's truck which was going north on the Ridge road, a dirt road but

Rosow did not see him. Bennett maintains, in an attempt to avoid a collision Bennett swerved his car to the left of the road. When the car crashed, the city truck slid into a telephone pole, then overturned. Bennett suffered several cuts and a wrenched side.

Rosow admitted to Edward Denniston, superintendent of the House of Correction, that he did not hear Bennett's signal or see the city truck according to a statement by Denniston. The front of Rosow's car struck the side of the bus, Denniston said. Rosow and his son, who was with the father escaped injury.

Every pane of glass in the bus was smashed. The bus a large and heavy one supplied to the House of Correction for the transportation of prisoners by the city department of motor transport.

The injured prisoners were taken up by an empty bus which was following and taken first to Plymouth where

Doctors Kimball and Patterson drew open their offices to them. Dr. Kimball

Financial Invention Needed

A device having been invented for pulling automobiles out of ditches, it is suggested that a more powerful machine be used to pull out the car of the injured prisoners.

SILAS CLARK DIED SUDDENLY FRIDAY NIGHT.

Silas Clark, a well known resident of Novi, and who resided in Northville for upwards of twenty years, died at his home in Novi township last Friday night after an illness of but a short duration. He was not feeling well and came to Northville early in the evening for some medical attention. Returning home his condition was not alarming to his family until just a few moments before death came.

Silas Clark was one of nine children, six girls and three boys, of Jas. and Nancy Patton-Clark. He was born January 30th, 1859, in Novi township. His boyhood was spent on the farm, and on April 10th, 1883, he married Flora Spencer, daughter of Harry Spencer of Novi. One son, Harry S., was born to them October 30, 1884. He made his first home at Northville where he was an employee at the Globe works for nearly twenty years, then bought the farm where he has since lived. While not a member of any church, the principles he upheld, his clean morals, unflinching tenderness in his home life, and loving kindness to neighbors and friends are all mute evidences of his strong Christian character. His sudden and unexpected death came at his home Friday evening, November 23rd, after an illness of but a few minutes.

He is survived by his widow, son Harry, granddaughter, Jewel, two brothers, Philo and Stephen of Novi, and two sisters, Mrs. Mortimer Phelps of West Bloomfield and Mrs. Elizabeth Moore of Northville.

Funeral services were held at his late home on Monday afternoon, being conducted by Rev. William Richards. Interment took place at the Novi cemetery.

D. T. R. ASKS FOR HIGHER FARES.

Detroit United Railways in a petition filed with the Michigan Public Utilities Commission, asks for an increase in passenger rates on all its lines to two and a half cents a mile. In its financial statement included in the application for higher rates the company's figures show that on the present two-cent fare basis it has lost during the first nine months of this year \$1,049,759. This application follows completion of the valuation of the D. T. R. property made by an appraisal firm for the utilities commission. Its valuation is there fixed at \$26,681,320, and the company maintains that in the order fixing the value of the property it is entitled to 2% depreciation and a 7% return on the property. The date for hearing this application will probably be fixed for December 17.

The company contends it was not the intention of the legislature in enacting the motor bus common carrier law that permits for bus lines should be granted over routes which did not need such service in addition to existing interurban service. It contends that on its eight direct and subsidiary lines its facilities in tracks and equipment and everything connected therewith necessary to operate these railroads, were and are adequate to provide for the transportation of all passengers along and adjacent to the lines of the D. T. R.—Michigan Investor.

NOVI NEWS.

Mr. and Mrs. Edward Kober of Detroit visited Novi friends Sunday. Rev. and Mrs. Osborn entertained friends from Ann Arbor Sunday.

Lester Woodruff spent part of last week at the northern part of the state. Prof. Leonard and family of Detroit visited at the home of Rev. and Mrs. L. Sepp, recently.

Mrs. P. J. Gaffney whose car was mentioned last week passed early Wednesday morning and the car was taken to Detroit for repair.

The chicken pie supper at the Baptist church last Friday evening was well patronized regardless of the stormy and unpleasant weather. The proceeds went to the ladies of the church.

WIXOM WHISPERS.

Evangelist Joe J. Payne, the cowboy evangelist who is now conducting special meetings at Northville with great success has been engaged to come to Wixom for a series of meetings at the Baptist church here. He is a convincing speaker, is not sensational, and he has a message that all should hear.

Mrs. Furman, who fell some weeks ago and broke both her wrists, is getting along nicely.

A. O. Bowen was 50 years old on November 15th, and his family gathered to help him celebrate the event. A Thanksgiving social was held at the school building on Tuesday night, when a good program was given.

Remember the bazaar and chicken pie supper to be given at the Foresters hall on Friday afternoon and evening of next week—the 7th. A lot of pretty things will be offered for sale and a bountiful supper will be served from 5:30 on.

HAVE YOU DONE YOUR DUTY?

Have you renewed your membership to the Red Cross for the coming year? Did you greet the women of Northville who called upon you cheerfully or did you make them feel like beggars? Do you realize they were performing a labor of love for you? No matter how badly you might desire to help when some great calamity strikes a city or a people, you could do but little individually. But your dollar along side of your neighbors' dollars help to make a fund that is available at once for every worthy need and the American Red Cross is the only organization that is properly organized to render service when it is most needed—immediately, not after a number of hours or days have passed.

Do you realize that peace is creating as many needs as the World War that attracted thousands of willing women to the Red Cross work-rooms? Twenty-eight chapters in Michigan are engaged in production work to meet continuous calls from a world that is always in travail somewhere.

Last month Christmas seals were glad for men serving in Guam, Alaska, Samoa and the Philippines. Detroit, Battle Creek, Grand Rapids and Kalamazoo volunteers are making kimono for Japanese refugees. Motor service still is being given at the call of Red Cross public health nurses or home service. Canteen corps are making jellies and cooking foods for hospital patients. Several groups are making bed jackets, sweaters and other articles for disabled men in government hospitals. Fifty-one unpaid workers assisted Detroit chapter in its work last month, giving 506 hours of service. Fourteen of them made 261 garments, thirteen manufactured 3,700 surgical dressings, sixteen made jelly, five responded to motor corps calls and one volunteer transcribed 96 pages of Braille for blind ex-service men.

When you consider these facts do you not feel just a little bit ashamed at the manner in which you greeted—o, ignored—the women of Northville who called upon you for your little dollar? And especially when you instructed "as some" did—that it was a scheme of graft anyway? If the Red Cross work is graft, then it is graft to buy Christmas seals. No greater labor of love has ever been rendered than is being given freely by the rank and file of the great Red Cross organization, and less than ten percent of all the money collected is required to meet all expenses, for salaries of officers, workers, etc. Is there any other organization that you know anything about that can boast a record similar to this? All bills and accounts of the American Red Cross are audited and properly passed upon, and the president of the United States is, by virtue of his office, president of the organization.

Do not let another day pass until you have renewed your membership and secured the little button—no other badge stands for so much.

THE BIGGEST "TRUST."

Oliver J. Quare, editor of the Herald at St. Peter, Minn., says the biggest trust in North is the country newspaper. It trusts everybody, gets cussed for trusting, mistrusted for cussing, and it is busy for trusting gets cussed for trusting.

WIXOM WHISPERS.

On Thursday evening of next week the 6th the Rocky Mountain Warblers singing quartet will give an unusual program at the Wixom community hall.

BUY CHRISTMAS SEALS.

Beginning this week—Saturday and continuing for ten days, except next Friday, Northville ladies will be in the stores and banks of the village for the purpose of giving you an opportunity to buy your Christmas seals. This is a movement in which all will want to have a part and you can buy as many seals as you can afford—every one sold helps just that much. While doing your shopping buy some seals for your Christmas packages.

Kenneth Higgins and Francis Fritz, young men of Rev. Richards' last pastorate at Cass C. B., were visitors at the parsonage last Saturday. They are now attending the University at Ann Arbor.

Look at the Methodist church notes for this week and observe the "treat" for the public.

ALBION COLLEGE LOSES ITS BASKETBALL STAR.

Basket ball hopes of Albion college took a heavy blow when Lester G. Harger, Farmington, captain of the team for the coming season, broke his arm while playing with the football squad. The injury will keep him out of play all winter. Harger, who plays football, base ball and basketball and runs track, was one of the star forwards of the M. I. A. A.

MISS SCHULLING APPEARS IN WAGERIAN OPERAS.

Fulfilling the promise made to her last spring, when her voice so impressed Eduard Moerike, conductor of the Wagnerian opera that he sent her to his home in Berlin for the summer, Miss Marguerite Schulling, Detroit mezzo-soprano, has been assigned the difficult role of Erda in "Das Rheingold" and made her debut in that opera in her home city Monday evening, when the company began a week's engagement in the Shubert-Detroit opera house—Detroit News.

Miss Schulling has many friends in Northville who rejoice at her good fortune and at the advancement she has made.

You will enjoy the musical program to be presented at the Alseum theatre next Wednesday by some of Northville's best talent. The girls' High school glee club will make its first appearance, the male quartet will sing and there will be a number of solo numbers, besides selections by the High school orchestra.

The Origin of Cowboys.

The word cowboy caused to designate herdsmen on the ranches of the Far West was first applied to British marauders and Tories who plundered the people east of the Hudson river during the occupation of New York.

First Presbyterian Church

This season of the year should remind us of the heroism and hardships of our forefathers who came to this continent that they and their children's children might be free to worship God unhindered and without oppression. In the primitive forests they erected an altar to their creator and laid upon it their heart's devotion. They gathered around it to thank Him not only for bountiful harvests but for every blessing of life. Upon the ideals of those pioneers our system of government was founded. They have brought our beloved land in safety through every storm and crisis of all the years. For those ideals were given of God and as grateful people we cannot do less than thank Him for them all. With there be any vacant pews in any church in Northville this Sabbath? We trust not.

At 10:30 a. m.—Morning Worship.

Sunday School Hour at 12:00 o'clock—noon.

There will be a special program given by the Sunday school at his time entitled, "The Forgotten Children of the Southwest."

At 6:00 p. m.—Christian Endeavor Social and Devotional Hour. There will be no evening service in this church. We will meet with the congregation of the Baptist church, in their evangelistic service.

YOU ARE CORDIALLY INVITED TO ALL THE SERVICES OF THIS CHURCH

THE FRIENDLY CHURCH

"FROM SADDLE TO PULPIT"

will be the subject of Evangelist Joe J. Payne's sermon Sunday evening. This will be the story of his life.

He will speak Sunday morning and his sermon will be of special interests to the old folks. All are welcome.

Special music at all services.

Big union choir, led by Mr. MaeRoe, Sunday evening.
