NEW D. C. R. RATES BECAME EFFECTIVE YESTERDAY.

Under authorization of the Michigan Public Utilities Commission, interurban fares on the Orchard Lake division on January 10 advanced to two and a half cents per mile where such transportation is paid for singly.

However for the benefit of regular riders the Detroit United Railway at the same time inaugurates a sixty-day trial period with a series of commuters' tickets that will permit such riders to travel between two given points at practically the same average rate as has existed.

These commuters' tickets are issued in three forms as follows:

Twenty rides to be used in 20 days on local or express cars by the purchaser only.

Thirty rides to be used in 60 days on local or express cars by the purchaser or members of his family when traveling together.

Fifty rides to be used in six months on any passenger car, limited to one person, good for the holder thereof and party.

These commuters' tickets will generally be sold at waiting rooms but they will not be sold by conductors on the cars. They will also be sold at some additional places.

The commuters' ticket sale is purely experimental and their continuance depends wholly upon an increased amount of riding. Under the order of the commission the company has not only a right to issue commuters' tickets but it has a right to make special arrangements with municipalities providing rates offered one community must be offered another, if officially asked for providing the cases are substantially the same. But says the order "the existence of the competition of other means of transportation and relative extent or severity thereof shall be deemed to affect the similarity of conditions."

SOUR MAY BE SWEETENED.

Tuesday night the members of the Northville, Belleville and Redford patrols made a raid upon Sour's house and garage on the Seven Mile road, near Five Points and secured a quantity of liquor. Sour thought he was foxy enough to throw the officers off his tracks by transferring his stock of booze to the garage on the lot adjoining his residence; but in that he was fooled, because a search was made of his house and both garages. In the latter garage was found four gallons of moonshine, three quarts of bottled whiskey, one quart of Gordon gin, one gallon of common, better known as "nigger" gin.

Sour and the fellow next door in whose garage the liquor was found were placed under arrest and taken to the county jail.

Sour's place has been the "underground" station between Detroit and Northville for some time. Not many nights ago officers trailed Albert Wilson or this village to Sour's place and Wilson only reached Sour's garage a few feet ahead of the deputies.

POPULAR WALLED LAFF GIRL MARRIES.

An announcement of unusual interest is that of the marriage of Cecil C. Rhodes, son of Mr. and Mrs. Charles Rhodes of Owosso, and Miss Ruth Louise Ward, daughter of Mr. and Mrs. Frederick Ward of Walled Lake, which was quietly solemnized last Saturday afternoon at the Congregational church by Rev. Bartlett.

Mr. Rhodes graduated with the class of '22 at the University of Michigan and he now holds a responsible position with the Burroughs Adding Machine company of Detroit. The bride has been employed in the millinery department at the Crowley-Milner store and the happy couple will reside in Detroit. Many friends will join in wishing them happiness and prosperity.

FORMER NORTHVILLE BOY DIED IN SAN FRANCISCO.

The death of John Gardner, better known to many people here as Johnnie Gardner, occurred January 4th, on his 31st birthday, in the Southern Pacific hospital at San Francisco, Calif. He was the grandson of the late John Gardner, who presented the "town clock" to the village and a brother of Mrs. Nellie Gardner Hewitt of Greenville, Mich.

He had been in the employ of the Southern Pacific Railway Co. at Oakland, California, for many years. He was a bachelor, and had many friends in this community, where he was born and reared to manhood. A man of high principle, esteemed by all who knew him here and by a host of acquaintances on the Pacific coast.

The case of Henry and Etta Garfield was postponed for two weeks in Justice Jefferies' court in Detroit Monday. The defendants' attorney asked for more time, giving as his reason for making the request that he was not ready to proceed with the case.

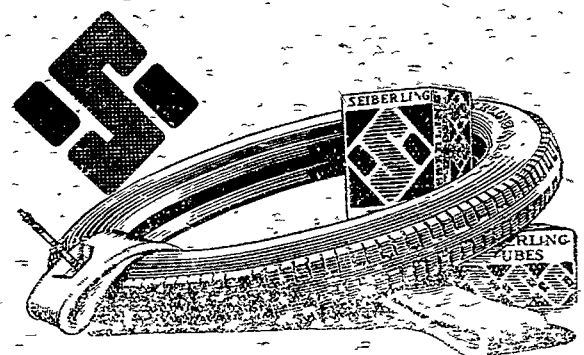

Birds of a feather truly flock together, for Joe Martin, who furnished bonds for the Garfields, was in court the same day and upon a similar charge.

A Striking Value—at \$295

Considering the improved appearance of the new Ford Touring Car, one would naturally expect a proportionate advance in price.

Larger scale production, however, has made it possible to incorporate this new type touring car a number of decided improvements without in-

creasing its cost to the purchaser. A comparison extending over a long period of years will reveal the fact that the present price is actually the lowest at which the five-passenger open car has ever been sold.

The Ford Touring Car stands today, as it always has, a most remarkable value in the motor car field.

MICHIGAN COW GREAT PRODUCER

Only three other junior 4-year-old Holstein cows in the United States have exceeded the seven-day production record of Eco-Sylv Belle Pietje of the Carl E. Schmidt herd at Oscoda. Under the constant supervision of the Michigan Agricultural college, this cow recently produced in one week 33,014 pounds, butterfat equal to 41,267 pounds butter according to the advanced registry department of the Holstein-Friesian Association of America. Among the three other cows with higher records as Michigan's champion producer in this class, Wandanere Belle Hengerveld, whose record is 42,65 pounds butter. This cow is owned by E. L. R. Pelletier of Pontiac.

Eco-Sylv Belle Pietje dropped her second calf at the time of her last freshening. She is a large cow, weighing 1,900 pounds shortly before freshening a few weeks ago. Her sire is Avon Pontiac Echo and her dam, Belle Model Pietje 3rd. Albert E. Jenkins, manager of the Schmidt herd, states that she is being continued on strictly official test under the supervision of the state college representatives and is producing over 100 pounds milk and around 42 pounds butter daily.

"THE LOVE CHILD" AT THE GAR- RICK.

Henri Bataille's drama, "L'Enfant d'Amour" as adapted to the American stage by Martin Brown and renamed "The Love Child" will come to the Garrick next Sunday, January 13th, for a weeks engagement. In New York it is recommended itself that it remained at the Geo. M. Colman theatre for several months. Jan. B. Beecher and Lee Baker will appear in the principal roles. The supporting company includes Kennerly Ingham, Eleanor Williams, Helen Baxter, W. Carter, Bird, Grace Kennard, Lenita Lane, Grace F. Lind, Roy Walling and Harry Biggs.

To say that "The Love Child" is a characteristically French drama would be inaccurate notwithstanding the fact that the theme in the play is kin to many which have occupied the attention of Gallic dramatists. It is a story from the past, and the colors and paints most of M. Bataille's work, and is frank in dealing with the complex, unsmilingly its principal characters. In a total sense it is no more objectionable than Dumas' "Camille" over which audiences have wept the world over. In its setting, it is a story of a young man's life, and it is one of the most attractive and enjoyable.

MUST PREVENT CHILD DISEASES.

"Parents who think their child is better off once they have the run of children's diseases 'over with,' are often a sadder and wiser lot of people after their youngsters have either died of some ailment or incurred permanent disability as an aftermath to scarlet fever, measles, whooping cough or the mumps. Many people have the mistaken idea that sickness makes children tougher and more able to withstand disease later in life." Thus spoke Dr. R. M. Ohn, state health commissioner, in commenting on a talk delivered by Dr. James E. Davis of the Detroit College of Medicine and Surgery, before staff members of the Michigan Department of Health.

Dr. Davis said that kidneys do not fully develop in children until the age of six. Should a child encounter illness before that age, the development of the kidneys is seriously impaired. Disease is bad enough under any consideration, but when it comes before the kidneys have attained their full powers of resistance, little but damage can result—a stunting of future life.

The normally developed kidney has seven times the amount of tissue that is necessary to do the work of the body. But with the onset of each disease, some of the extra tissue is lost never to be regained, in fighting the disease. "If too much sickness is encountered in early life the result is inevitable. Some time sooner or later kidney trouble will appear, resulting from illness of years ago. Chronic nephritis and Bright's disease are leading causes of death in adult life.

CITIZEN'S ARMY TO END REVOLT

CIVILIANS VOLUNTEERING BY THOUSANDS FOR PRESIDENT OBREGON'S RELIEF.

FOOD SHORTAGE HITS REBELS

Secretary Hughes Against Private Sale of Munition to Aid Revolutionists.

Washington—Thousands of civilians are volunteering for the army of President Obregon to put down the De la Huerta rebellion, a statement made public by the Mexican embassy here Sunday declared. All the volunteers were said to have had previous military training.

In the state of Oaxaca volunteers are being organized and equipped to move with regular federal forces against the rebels under General Garcia Vigil and "Ayotote," the embassy statement said.

The rebels are short of food, ammunition and in a precarious condition. The recruiting campaign in the northern part of the republic has convinced the government that its citizens are loyal. As fast as the volunteers can be equipped they are being organized.

Already the government has large bodies under training and shortly will be able to move them against the rebels. Others of the loyal volunteer forces will be used as garrisons.

Shipment of arms from the United States to the De la Huerta revolutionary group in Mexico are being discouraged by the administration as against the policy of the American government.

Secretary Hughes says. Although there is no embargo on the shipment of war materials to Mexico, such shipments are being discouraged. The state department does not look upon them with favor and they are against this government's policy. Moreover, private concerns making such shipments do so entirely at their own risk.

COLD WAVE SWEEPS COUNTRY

Railroads Entering Detroit Hardest Hit By Severe Weather

Detroit—Railroads entering Detroit were hit most heavily, trains being reported from one to seven hours late, particularly out of Chicago.

Sunday night the cold weather area was moving south and eastward with dropping temperatures being reported from cities along the Atlantic coast and in the Ohio river valley, while from Chicago and the northwest, the path of the cold spell reports of rising temperatures were received.

Chicago reported a total of eight persons frozen to death in the city, and five in neighboring towns.

New York city and the east shivered Sunday, but not as violently as it had been led to expect it would. Although the lowest temperature recorded officially in New York was nine degrees above zero, a stiff north wind made the cold more penetrating and the deaths of three men and a woman in New York city and vicinity were attributed directly to exposure.

The intensity and extent of the cold wave in the east may be imagined from the fact that at Pensacola, Fla. it was seven degrees above zero while Paul Smiths, N. Y., in the Upper Adirondacks reported 19 below.

Reports from all parts of the United States stated extremely cold weather.

GREEK LEADER WANTS TO QUIT

Venezelos Urges Liberals To Choose Another Party Head.

Athens—Liberals meeting here for the purpose of reelecting Venezelos as the party's leader received a letter from the former premier urging his partisans to choose another chief.

He threatened to resign the presidency of the assembly to which he was chosen last Saturday and "return into exile," unless his wishes in this respect were observed.

The meeting, however, refused to proceed with the election and sent General Dalglis to interview Venezelos.

The general returned with the promise of Venezelos that the latter would appear before the Liberals when he regained his health, to explain his reasons for declining to accept the leadership of the party.

EMBARGO PLACED ON MUNITIONS

President Coolidge Bars Arms Sale to Revolutionists.

Washington—The United States has declared an arms embargo to prevent purchase of war materials in this country by the Mexican revolutionists.

A proclamation putting the embargo into effect was signed Monday by President Coolidge.

The action was decided on after a series of conferences between the president and officials of the several departments. It is the second act of the American government within a few days to back up the fortunes of the Obregon government at Mexico City.

IN THOSE "GOOD" OLD DAYS.

Speaking about the difference in celebrating New Years now and fifty years ago in Birmingham, there is some difference. George H. Mitchell tells about how he with A. Whitehead, Stewart Opdyke, John Alber, McAlister Randall and Eben Parker, some 50 years ago, lived Jim Beattie's big open barouche, on New Years day and made calls, as was the fashionable thing to do at that time. All the girls kept open house and on arriving at the home of the lady to be honored.

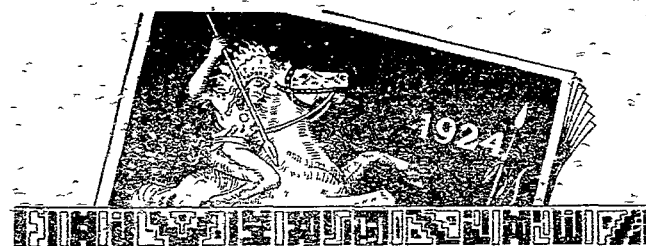

"Happy New Year's" were sung out to everybody, but it sounded more like "Penneyeah" along in the afternoon.

The doors were open at all homes and cake and wine were served and the next step was soon made and the same celebration was repeated," said Mr. Mitchell this week. "At night all went to the National Hall New Year's dance, which began at six

o'clock p. m., and was kept up till seven the next morning. Bar open all night, and everybody trying to get-prim full. Remember one morning about five o'clock of hearing one hard drinker complaining to Jim Beattie's bar. "Say, Jim, we'll tell snorter. I come here pretty full and wanted to get ruller, had more'n 100 drinks and got darn my skin I am perfectly sober?" Fact! It was a common joke that after 12 midnight Jim sold half and half—half whiskey and half pump-water, and many said some of the time it was clear at ten a drink"—Birmingham Eccentric.

Worthy Ambition.

More length of years is a questionable blessing and may even be a positive liability to the individual and community. Vigorous health adds both comfort and joy to old age and makes longevity a worthy ambition.

Keep your system in fighting trim!

YOUR liver, kidneys, and other organs are engaged in a constant battle against infection and body poisons. When they are sluggish these poisons "back up" and collect in the blood. Headaches, backaches, constipation, dizziness, biliousness, foul breath, and coated tongue are the danger signs. Don't neglect them. Drive out the poisons. Help the fighting organs—the kidneys, liver, bowels and pores of the skin. Keep them healthy and active with

METHODIST CHURCH NOTES.
36 To Church Month.

Let us pray for a revival. Not a worked-up one, that kind of a revival does not last long. A revival of religion does not come up—it comes down. How many people in the church go on sinning in the face of the best preaching. Don't be good on the first day of the year and then quit, although it shows what you can do when you try.

Come to church next Sunday and every Sunday. A hearse is a poor thing to come to church in. Why wait? The pastor preaches on a live message next Sunday "The Holy Spirit." Remember the time 10:30.

In the evening the pastor will give the travelogue on "Porto Rico." You will enjoy the pictures equally as you did the Philippine Islands. The time is 7:30. Don't forget the Sabbath school at 12:00. We are sorry that our superintendent is so indisposed. We hope for his presence soon and a speedy recovery.

The Epworth League is at 6:30 with Mrs. Richards as leader. Topic, "Youth and the Family."

Prayer meetings Thursday at 7:30. The regular monthly business meeting of the W. H. M. S. will be on Wednesday, January 16th, at the home of Mrs. George Groth at the usual hour.

BAPTIST CHURCH NOTES.

Last Monday we held our annual meeting and home-coming. A fine dinner was served and everyone had a good time. The reports of all departments of the church were excellent.

The treasurer reported that over \$7,100 had been spent last year and that after cash on hand was deducted there was an indebtedness of a little over \$1,800. It was also reported that over \$1,000 in cash and pledges have been received for the recreation fund.

The following officers were elected: Deacon W. R. Robinson, clerk, W. H. White, trustee, C. Nielsen, treasurer, and R. Lang. The Ladies Aid selected the following officers: President, Mrs. Flora Larkins, vice-president Mrs. Roy Matheson, secretary, Mrs. Cussie McFadden, treasurer, Mrs. L. F. Eaton. A budget of \$4,000 was adopted for the coming year. The recreation fund was not included in the budget. Our young people have taken the matter in hand. Miss Fay Christ was appointed chorister.

Thanks for another check through the mail. These unexpected gifts have come in very useful and we assure the kind friends that they will be used where it will count most.

Our young peoples' meetings which are held at 6:30 Sunday evenings are a great help to the young folks. In the future the one of our younger members will take charge of the evening church service assisted by several of the other young folks.

Don't forget the Sabbath school which will be shown to men only on Tuesday and to ladies only on Wednesday. See our church ad for particulars.

The subject of the sermons for Sunday should appeal to all. Read them in the ad.

ST. PAUL'S LUTHERAN CHURCH.

Next Sunday English services, 10:30 a. m. Theme of sermon, "Thou Shalt Defend thy Neighbor, speak well of him, and put the best construction on Everything."

The Ladies' aid, which had to be postponed, will be held next Thursday at the residence of Mrs. L. Miller.

Last Monday evening St. Paul's Lutheran church held its annual meeting. Herman Kreeger was re-elected as trustee and financial secretary and Henry Schnute as elder; Emil Trshka was elected as secretary.

Next Friday evening at the social meeting of the Young Peoples' society a debate will take place.

The young people have begun practicing for an entertainment to be given the latter part of February.

AS WE GROW OLD

The Kidneys Should Receive Help. Northville People Recommend Doan's Pills.

The constant strain of busy life is hard on the kidneys, and if later year.

The kidneys cry for help. Old backs often ache, day in, day out;

Urinary ills frequently add their weight of woe.

Give the help the kidneys need. Aid the kidneys with Doan's Pills. Northville people endorse this remedy.

Ask your neighbor. Mrs. S. Clark, 22 Main street, Northville, says: "My back had been this misery in my back. I couldn't do my housework properly, owing to this misery in my back. I couldn't be on my feet for any length of time and had to sit down. I was dizzy by spells, too. I knew my kidneys weren't acting regularly. A friend suggested I try Doan's Pills so I sent to the Northville Drug Co. and got a box. Doan's soon rid me of the trouble, so I gladly recommend this medicine to those requiring a good kidney medicine."

Famine and Fear As National Schoolmasters

Dried up pastures drove the family of Jacob into Egypt for corn, where the boy Joseph, the former slave, was guardian of the grain.

Pharaoh welcomed the new comers because of Joseph and they were given the rich border lands of Goshen for their new home.

A change of rulers came—Jacob and Joseph and Pharaoh were dead. Fear clutched at the hearts of the new rulers because the Hebrews were much too numerous.

Slavery—persecution—hard labor came to this shepherd folk because they were thought undesirable.

God had promised a great future for the Children of Abraham and he meant to do as he agreed—deliverance was on its way.

Famine drove them to learn many things of the Egyptian civilization. Fear made their enemies press heavy woes upon them. The Hebrews were in the school of hard knocks.

What elements make America a "chosen" people?

The statements of Northville's strong and growing banks appear in this issue and they are interesting reading because they indicate the prosperity of this section. Compared to a year ago both banks show a most praiseworthy growth, in spite of the fact that the statements were called for on the last day of December after Christmas and tax time.

Married, January 9th, at the home of the bride, near Farmington, Moreen C. Lapham, daughter of Mr. and Mrs. James Lapham and James T. Fry, son of Mr. and Mrs. F. A. Fry of this place. The marriage took place in the presence of the immediate families and a few friends. The young couple will make their home with the parents of the bride.

Northville will observe father and son week with a community banquet at the High School gym which will be served by the members of the Senior class. The date will be some time during the week of February 10-17. Every man in Northville will be expected to be present with a boy—either his own son, or his neighbor's. Vote later.

The Juniors and Seniors of Northville High school will hold a fair at the gym on Tuesday evening, to which the public is cordially invited. There will be an active program with booths from which various articles will be sold for sale and there will be numerous games and entertaining features. Admission is 10c, 5c for children and 25c for adults. The proceeds will be for the purchase of new books for the library.

NORTHVILLE WON TWO TIMES.

Northville's High school basketball team defeated the boys and girls teams of the Central M. E. Church of Pontiac last Friday night at the local gym, outplaying their opponents easily. The Pontiac visitors were good sportsmen and took their defeat gracefully. The visitors submitted the following report of the game to their home paper, the Pontiac Press:

Northville High school boys and girls basketball teams, Friday night, in the Northville gymnasium, handed out a double defeat to the two teams from Central Methodist Church, Pontiac.

Pontiac girls lost before the boys' team, 10-12. The Central boys team suffered a 21-32 beating at the hands of the speedy school lads.

Those who witnessed a game between the Northville girls and a passing game without a foul. So well executed were the passes that the Central Church girls were seldom in possession of the leather. A slippery floor added to the woes of the Pontiac girls.

Central's boys' team fought an almost even battle with the Northville team in the first half, keeping the count at 8 to 6, but with a change in lineup at the start of the second half the villagers ran away from the churchmen, piling up a total of 12 points against their 6.

There'll be fun for everyone at the Junior-Senior fair next Tuesday night at the High School gym. 26wlc

Grand Rapids—The biggest furniture market in point of number of units shown, was held here at the twenty-second Semi-annual Furniture Exhibition.

Charlotte—Charlotte taxes are a little higher this winter than they were a year ago, due to a 3 cent increase in road and school levies. The rate is \$32.45 a \$1,000. This is said to be lower than that of most cities in this part of the state.

Alpena—The business of Alpena County in the county treasurer's office for 1923 was more than \$500,000, almost double that of 1913. The inheritance taxes paid during the past year was the largest in the history of the county amounting to nearly \$5,000.

Grand Haven—Grand Haven officials are making a determined effort to have repairs made to the harbor here. They will meet with Gilbert Van B. Wilke, of the United States engineering department, at Grand Rapids, Jan. 25. The water level in the harbor is so low at present that boats are having difficulty navigating.

Lansing—Walter H. French, 50 years old, professor of agricultural education at the Michigan Agricultural College, former deputy superintendent of public instruction and prominent Mason, suddenly collapsed while addressing a Masonic New Year's eve dinner and party. Death was due to a stroke of apoplexy.

Asportation from the hot water obscured his vision. Mr. Anderson said he felt his work to aid a fellow workman place a cover on a vat.

Holland—Specialists from the extension department of the Michigan Agricultural Department are cooperating with local officials for the dairy drive in Ottawa County, Jan. 21 to 31. The two standards of farming which will be stressed are dairying and increased acreage in alfalfa. Meetings will be held at 54 places in the county.

Monroe—Records in the office of William C. Cron, county clerk of Monroe County show that there were 2,281 marriage licenses issued here during 1923, as compared with 1,581 in 1922. The increase was largely due to the new law which went into effect in Ohio, July 15, requiring both men and women, to be 21 years old before a marriage license could be issued.

Fremont—Several hundred farmers attended dairy and alfalfa meetings staged in Neway County recently. Clair Taylor, county agent, says that the meetings produced more results than any ever held in this county. Enough farmers signed cards to form two more co-acting associations in the county. Michigan Agricultural College experts attended all the meetings and gave lectures.
