## SKIING BROUGHT A GREAT CROWD

DETROIT RIDERS WIN FIRST  
TOURNEY AGAINST STARS OF  
NORTHWEST.

Before a crowd of spectators numbering more than 4,000, members of the Detroit Ski club, contending with expert skiers from Chicago, St. Paul, Ann Arbor and Ishpeming Sunday at Northville staged Detroit's first ski jumping tournament. Honors of the occasion went to Detroit. The first prize was taken by Henry Hall, local jumper, 265 points. Clarence Hall, also of Detroit, won the long standing jump, with a leap of 114 feet.

Those who took part in the contest were: Henry Hall, Detroit, holder of the world's distance record of 229 feet; Carl Hall, Detroit, holder of the Queen's cup for most graceful riding; Lars Haugen, St. Paul, four times national champion and winner of the meet at Chicago last week; Carl Norman, of the Chicago club; Carl Taleen, Ishpeming star; Charles Hevis, Ann Arbor; Knut Bakkeled, a Norwegian skier who recently arrived in this country, and Clarence Hall and Arthur Hall, Detroit, both younger brothers of the champion.

Conditions at Northville on Sunday were ideal for a test of the new sport. The trestle, 50 feet in height, with a nine foot take-off, had been iced during the past week, the steep slope of the landing hill packed with hard crisp snow, and the inequalities of the runway across the valley smoothed out. The contestants had little left to desire in the way of equipment, and a sunny sky and a northward-facing hill, shielded from the light west wind provided weather ideal for both team and the spectators.

The riding of the Hall brothers and Lars Haugen was a notable example of speed and form, while a large number of spills by less skillful performers indicated the perils of the sport and the long training by which expertness is attained. Much longer leaps could be made from higher trestle, which would permit the rider to gain a greater momentum before taking off. For a slide that had never before been tried out, however, the one at Northville is excellent, the contestants declared. Its correct construction is shown by the fact that none of the spills can be blamed on the slide and that none of them resulted in even the slightest injury.

The complete score:  
Score by points (determined on a basis distance and form): Henry Hall, first prize, 265 points; Lars Haugen, second prize, 252 points; Clarence Hall, third, 247 points; Carl Nilsen, fourth, 245 points; Carl Hall, fifth, 210 points; Knut Bakkeled, sixth, 198 points.

Distances on two jumps in competition for prizes: Henry Hall, 113—116; Lars Haugen, 107—109; Clarence Hall, 102—109; Carl Nilsen, 100—106; Carl Hall, 114—109; (fell on first jump); Knut Bakkeled, 85—82; Carl Norman, 80—84; Charles Hevis, 85—82; (falls); Carl Taleen, 85—83 (falls); Arthur Hall, 95.

Long standing jump: Clarence Hall, 114 feet; Carl Hall, 113 feet; Carl Norman, 98 feet. Henry Hall, cleared 218 feet in this event, setting the long mark of the meet, but fell—Detroit News.

### LONG YEARS OF SERVICE.

At the annual meeting of the Globe Furniture & Manufacturing company of this village which was held last week, there were present four directors of the company who have spent long years of service for the organization. Spencer Clark headed the list for the length of time he has served, having been associated with the old and the new Globe companies for a period of 51 years, then comes Archie Morris with a record of 37, Charles A. Dolph who has served 36 and then A. L. Gott who has been a director for 20 years. Not many manufacturing concerns can equal this record for faithful and continuous service on the part of its directors and employees. These gentlemen have not only served as directors for all these years but they have been actively engaged by the company during all that time.

Mr. and Mrs. E. H. Partridge and Mr. and Mrs. Stevens attended the pure food show in Detroit Monday night.

G. H. Wells, manager of the telephone exchange at Milford, died suddenly at his home in that village, last week. He had been ill but a few days.

### FATHER AND SON BANQUET.

Tickets for the father and son banquet will be placed on sale next Monday. The number of tickets to be sold must be limited to 250 on account of the ability of those who are to serve the banquet to provide dishes and other "equipment" for the tables, and there can be no tickets sold after Monday night, February 11th. Friends who are interested in the success of this affair will please spread this news among their friends and urge them to secure their tickets early. The tickets will sell for \$1.25 for two—every man attending the banquet must be accompanied by a boy, either his own son or else he must borrow one from his neighbor for the occasion. The committee in charge of this affair has agreed to pay the seniors the \$1.25 for two tickets, so no one is making any money from the sale of the tickets.

This is distinctly a community affair. It is for the fathers and sons of this community, and the dinner is to be served by the seniors. Thus when you patronize the banquet by buying tickets or offer to assist the young people in serving the spread you are rendering a real community service.

Mark the date—Thursday, February 14th, at 7:00 p. m. sharp, at the High school gym. The guests will meet in the auditorium where wraps may be laid aside.

### STATE CONVENTION WELL ATTENDED.

Upwards of 400 gathered in Jackson on Monday for the semi-annual meeting of the Affiliated Exchange clubs of Michigan, and the gathering was a most enjoyable one. The Exchange club of Jackson and the citizens of the city generally united in making the meeting an event which will long be remembered by all who were present. Many cities and villages of the state were represented by good sized delegations and good fellowship and real fun helped to fill the day and evening to overflowing. W. J. Fitzgerald of Monroe was elected second vice-president and Monroe was chosen as the place for holding the June meeting. Messrs. Wm. Richards and E. E. Brown were present as delegates from the Northville club.

### MARY LOUISE WITHEE DIED IN BIRMINGHAM.

Mary Louise Withee, 64 years old, wife of Milton J. Withee of Birmingham, who founded the Detroit Laundry Co. 20 years ago, was buried Monday in Northville cemetery, following funeral services at her home. She died Friday. Besides her husband, there are two sons, M. Spencer Withee of Birmingham, and George F. Withee, 162, Euclid avenue west—Detroit News.

Mrs. Withee will be remembered by many of the older residents as a member of the Sage family, who were citizens of Northville many years ago.

### ALBERT WILSON BOUND OVER TO CIRCUIT COURT.

Albert Wilson, who was arrested last week for selling and possessing booze, was arranged before Justice Patterson at Plymouth Tuesday afternoon. Wilson appeared as his own counsel and endeavored to convince the court that the fellows he sold booze were not telling the truth, but his efforts as an expounder of the law failed and he was bound over to the circuit court for trial. He gave a bond in the sum of \$1,000 for his appearance.

### PLYMOUTH MAN WON CORN CONTEST.

At the Northville Wayne County Fair last fall the association offered a prize of \$25 in cash for the best yield of corn in Wayne county during the season. The corn contest created a great deal of interest among the farmers of the county and the display was a most exceptional one. J. M. Swegeles of Plymouth won the prize offered by the fair, his yield being 85.31 bushels per acre.

### SAFETY MEETING TO-NIGHT.

Tonight at the M. E. church will be held a safety meeting to which the general public is invited. The chief safety engineer of the Michigan Central railway system will be present and give an interesting tale and there will be other entertaining features. These meetings are being held at the request of Sheriff George A. Walters who is desirous of having all the people understand the provisions of our present traffic laws.

C. A. Ponsford's big January clearance sale will close Saturday. They still have a good many extraordinary bargains throughout the store.

## Railroading in Winter

Especially in Michigan, Railroad transportation is subject to sudden periods of extreme cold and heavy snow. Such weather lowers the efficiency of steam-driven machinery, imposes severe hardships on men, and makes necessary abnormal expenditures for fuel, wages and special equipment.

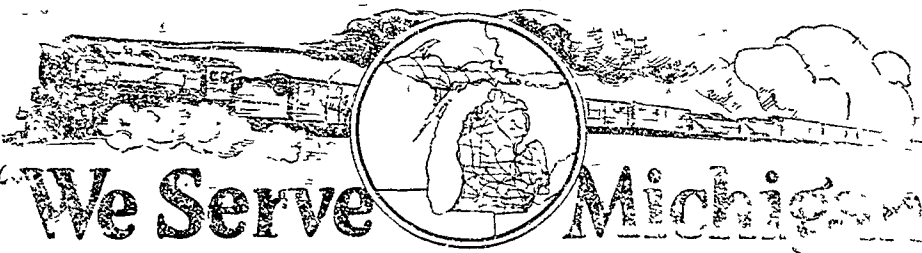

To vanquish these obstacles—to accept and deliver freight and passengers in the teeth of a midwinter blizzard, when necessary—is an annual battle for each of Michigan's 24 steam Railroads.

Even in a comparatively open winter, the Railroads must always be equipped and ready. On certain northern runs, a snow plow precedes every train throughout the winter, regardless of weather.

Winter railroading in Michigan is seldom possible at a profit. Often it can be accomplished only by large financial loss. Yet, despite the handicaps of climate, the cars move, and Michigan continues warm, well fed and prosperous.

Do you appreciate the foresight, determination and fortitude which, year in and year out, make Railroad transportation so sound a reliance. The Railroads will be pleased and helped to know that you do.

## OUTLAWS SEIZE MISSIONARIES

TIBETAN BRIGANDS INVEIST CITY  
—AMERICAN LIVES ARE  
PERILED

### CHINESE OFFICIALS FLEE CITY

Consuls Report Towns Are Looted—  
U. S. Couple Wounded—Fifty  
Chinese Killed.

Peking—The American consuls at both Yunnanfu and Chungking have telegraphed to Peking their anxiety regarding 10 Americans at Batang, on the Tibetan border of Szechwan province, where a large army of Tibetan invaders is investing the city which is on the verge of starvation.

Further American missionaries arriving at Yunnanfu, en route to Batang, were detained, according to word received by the consuls on December 13, reporting that all the villages around Batang were being looted and destroyed with the city surrounded. The magistrate, garrison commander, postmaster and other officials fled from the city.

The consul at Chungking reports that missionaries in Batang have received a letter from the Tibetan leader saying that no foreigners will be harmed when the city capitulates but little confidence is placed in such a promise owing to the murder of Dr. Shelton, an American a year ago and two British missionaries last summer.

The Americans imperiled include M. H. Duncan, wife and son, and William Hardy, wife and three sons, all of the foreign Christian mission, and J. Russell Morse and wife of the United Christian mission.

The details of the brigand attack upon the American mission at Tsao yang, Hupeh province on December 26, say that Bernard Hoff was wounded in the thigh and arm and that Mrs. Hoff was wounded in the breast. Both are in serious condition.

Mrs. Juline Kilen is still a captive of the bandits who crossed into Honan province.

Missionaries report that the Chinese military lost 50 killed and many wounded in an encounter with the outlaws prior to the Tsao yang attack.

All the members of the Augusta synod mission in western Honan have assembled at Hualuchow station where, according to Gustav Carlberg, the foreign commissioner has telegraphed all to seek safety.

## SENATORS DEBATE RED PLOT

Lodge and Borah Oppose Each Other  
On Recognition.

Washington—Russia was debated at length in the senate with Senator Lodge of Massachusetts, speaking against recognition of the Soviet government, and Senator Borah, Idaho, urging that steps toward recognition be started.

In a carefully prepared address, Senator Lodge declared there were "interlocking directorates" between the Soviet government, the Communist party and the Internationale with designs inimical to the American form of government.

Quoting extensively from public records and documents to show the interlocking of the Soviet government and the Communist, International, Senator Lodge also brought additional evidence to the support of Secretary Hughes' contention that officials of the Soviet government are a party, through the Communist International to revolutionary propaganda in the United States aimed at the overthrow of the American government.

Evidence was presented to show that the same group of men, chief among them Lenin, Trotsky, Zinoviev, Bukharin, Kalinin and Kamenev control the Russian government and play a predominant role in the congresses and conferences of the Communist International.

## TAX REHEARING GRANTED STATE

Corporation Levy Ruling Again to Go  
Before Supreme Court.

Lansing—Further argument on the corporation tax law will be heard January 15 by the state supreme court as a result of the court's decision granting a rehearing in a tax case decided by it two or three months ago.

A rehearing was asked by the state in order that several points not clear in the court's former decision could be clarified. The decision was made in the case of the Johnson Newton company, of Detroit, against the secretary of state.

It was a test case to determine whether corporations should file their tax returns under the law as passed by the 1921 legislature or under the original act as amended by the 1923 session of the legislature.

The 1921 act provided that the minimum levy should be \$50 and the maximum \$10,000. As amended by the 1923 act, the minimum levy is \$10 and the maximum \$50,000.

The 1923 amendment was not given immediate effect, and automatically became effective August 30, 1923.

The corporation returns are made of January 1, payable during the months of July and August.

Green, recently called to the pastorate of the local church, will personally conduct the meetings, and everyone is welcome regardless of creed or belief. Come and assist in making the meetings a success.

### Hadn't Started Yet.

The village lady Bountiful met an old farm laborer on his way to work and was surprised that her greeting was wasted. "Jones," she said reprovingly, "you might at least raise your hat to me." "I beg your pardon, m'lady," said the peasant, "but my poor wife ain't been dead ten days and I ain't started 'eckin' it the wimmen yet."

## Do You WEAR Out Clothes or WASH Them Out?

Clothes are more often worn out on the scrub board and through the wringer than through ordinary wear. That's why we say that Federal-washed clothes will wear longer.

At Federal Laundry we use no scrub boards, no wringers, no chemicals. Your clothes are washed in softest water with mild, pure soap. Then the water is gently whirled out of them in our modern centrifugal extractor. And they are dried and ironed with the greatest care.

You may send your washing to Federal with absolute confidence.

Won't Keep Still.  
One trouble with the "stall, small voice" is that it has an emphatic way of refusing to keep still.

Will Interest Readers of The Record

Those having the misfortune to suffer from backache, urinary disorders, gravel, dropsical swellings, rheumatic pains, or other kidney and bladder disorders, will read with gratification this encouraging statement by a Northville man.

A Woodmansee, retired farmer, Grace avenue, says: "I took Doan's Kidney-Pills and they proved so beneficial that I recommend them to anyone suffering from kidney complaint. I had a bad spell with my kidneys. They weren't acting regularly and at times, the secretions passed too frequently, then again were scanty and painful. Backache had me all bent over for several days and there was a deep-seated pain across the center of my back. I had a tired, drowsy feeling all the time, so I inquired at the drug store for a good kidney medicine and they told me to try Doan's. They proved to do just as represented and soon cured me up in good shape."

## Forecasting A Tremendous Spring Demand

739,626

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

## The Northville Record.

E. E. BROWN, Publisher.

An Independent Newspaper published every Friday morning at Northville, Michigan, and entered at the Northville postoffice as Second-Class matter.

NORTHVILLE, MICH., FEB. 1, 1924.

### GEO. M. HENRY HAS POSITION WITH ELLIOTT & SON.

Geo. M. Henry, who resigned his position with the Smith store last fall and who recently was employed as manager of the Wolf grocery and meat market at Plymouth, has accepted a position in the grocery store of W. H. Elliott & Son, food merchants, and he has entered upon his new duties. Mr. Henry has had a wide experience in the grocery business and his many friends in this community who will be glad to know that he is to remain in Northville. He will be glad to meet his old friends at the Elliott store.

### ALBERT HALL RETIRES FROM TELEPHONE MANAGEMENT.

Albert Hall, who has been commercial manager of the local telephone exchange for the past few years, severed his connection with the Michigan Bell Telephone company yesterday and Roy E. Crowe of Jackson has been assigned to the Northville office. Mr. Hall has not fully decided just what his future course will be, though he may conclude to remain in Northville. Under his management the local exchange has enjoyed a wonderful growth and the local plant has been greatly enlarged.

Mr. Crowe has been associated with the Jackson office for some time and comes highly recommended as a telephone man and as a citizen.

### SIDNEY D. BORDEN DIED IN WASHINGTON, D. C.

The body of Sidney DeLos Borden, who died Monday evening in Washington, D. C., was taken to Ypsilanti for interment Wednesday. The deceased was a brother of Frank L. Borden and Mrs. F. R. Olmsted of this city, and Ralph B. Borden of Key West, Fla.

Mr. and Mrs. Olmsted accompanied the remains to Ypsilanti, where they were met by Mr. and Mrs. Frank Borden, and returned to the family home. The Rev. C. S. Burns, pastor of the First Baptist church of Ypsilanti, conducted the services.

Mr. Borden, who was 34 at the time of death, was the son of the late Rev. J. S. Borden of this city. He was graduated from Central high school, and from the University of Michigan in 1912. Later he took a post graduate course in Columbia University, New York, and taught chemistry four years in the Battle Creek high school—Kalamazoo Gazette, January 24th.

### PRESBYTERIAN CHURCH NOTES.

The special evangelistic meetings being continued this week and will close Sunday night. The attendance has been good and the interest has been most gratifying. Rev. G. W. Simon arrived in Northville Sunday afternoon and has given a helpful and inspiring message each evening. He will speak tonight and on Sunday, these being our services on Saturday night.

All campaigns of this kind cost something and on Sunday a special offering will be taken both morning and evening for the purpose of meeting the expenses. Dr. Simon does not receive one penny for his services from the amount which will be raised. But it is necessary to pay for printing and other incidental expenses. It is hoped the offering will be liberal.

You are urged to attend both services on Sunday. You will enjoy the practical, helpful sermons as given by Rev. Simon. There is nothing sensational in the manner in which he presents the great truths and his language is so plain and sincere that children can readily catch his meaning.

### FAMILY NIGHT AT THE METHODIST CHURCH.

The members of the Dolph Bible class were responsible for supper to which all of a hundred and twenty-five sat down to partake. It was a sumptuous feast under the direction of Mrs. Warren VanDyne. Her helpers were host and hostesses at the tables, with select couples from the Bible class to see that all were ably provided with the good things.

After the supper a good variety program followed. A community sing with familiar hymns, with Roy Clark at the piano, was enjoyed by all. The pastor sang a solo, "The Lost Chord" by Sullivan, Mrs. Charles Dolph accompanying at the piano. A beautiful picture of "Yosemite Park" followed by an educational picture of "Making Cut Glass" was operated by Allen Buckley on the moving picture machine to the delight of all.

Then followed the address of the class teacher, Charles Dolph, speaking on the topic "What can you do to boost your church?" This was an address of righteous admonition and our lethargy could not help being aroused, and our spirits stimulated for greater tasks in the Kingdom of God.

The class then went into business

session to elect their officers. Dr. A. B. Wickham was then made president, with Mrs. Fred Secord, secretary, and Charles Smock, treasurer. A collection was taken for the films and every one returned to their homes better for the fellowship.

### METHODIST CHURCH NOTES.

Our Sunday morning message will be "Pure Religion" and this will be supported with good music by the choir. The Sunday school will be at 12:00 noon. The Epworth League will be led by Marjorie Hancy on "Youth and Employment." In the evening we will worship at the Presbyterian church, who are interested in their evangelistic campaign. Let us all be out to this service. The prayer meeting will be on Thursday next at 7:30.

### BAPTIST CHURCH NOTES.

Sunday evening we will have an illustrated sermon, "The Stream of Life." This is an exceptionally fine lecture showing the course of a man's life.

The G. G. class will sell you all the baked beans you want on Saturday, February 2, at the Palace Meat Market.

We missed you last Sunday. You know who you are. Rev. and Mrs. A. K. MacRae were called to Flint to appear as witnesses in an accident case now before the circuit court.

### ST. PAUL'S LUTHERAN CHURCH.

Next Sunday German service at 10:30 a. m. Theme of sermon, "The Fourth Petition." Sunday school at 11:30 o'clock.

A beautiful altar crucifix of burnished brass has been presented to the church by Wm. Barcy of Detroit, who himself designed and made the crucifix.

The monthly meeting of the Young People's society will not be held tonight, but next Friday evening, February 5th.

The Ladies aid at their last meeting decided to buy black drapery for altar and pulpit to be used during Lent and at funerals.

### BAPTIST CHURCH NOTES.

On Sunday evening we will have a beautiful illustrated story read by R. H. MacRae. This set of slides was engaged some time ago and we did not know when we could get them. Now they are here we feel we must use them but hope they will in no way detract from the union service in the Presbyterian church.

On February 17th, Miss Ruth Perry will conduct the evening service. Keep this date in mind. You will hear more about it later.

Our young people's society is proving a great help to our young folks. It is a real young people's society, not a lot of old folks and a few young ones. This society holds its devotional services every Sunday evening at 6:30 in the church parlors.

Jonah has been discussed by all ages since the Bible has been in print and probably before. He was not an interesting character and his tribe has not died out. Hear about him next Sunday at the morning service.

The most important service of our church is the prayer meeting and we are glad that so many seem to consider it such. Remember this meeting is held every Thursday in the church parlors.

### MUSIC MAKERS NEXT WEDNESDAY.

The second number of the High school entertainment course will be given at the High school auditorium next Wednesday evening, beginning promptly at 7:30. The Music Makers is the name of the quartet that will appear and they will present an interesting and varied program of vocal and instrumental numbers, readings, etc. They are styled "players, singers and funsters" by those who have heard them, and the brass quartet work is a feature that appeals to all. The very highest type of music is chosen for this quartet work, including such selections as "The Soldiers' Chorus" from Gounod's "Faust," Wagner's "Bridal Chorus," the "Priests' March" from Aethalia and Schubert's "March Militaire." The manner in which the instruments are handled shows true artistry, and will please the most discriminating musical taste.

### TO PRESENT HOME TALENT PLAY.

The members of the W. M. B. class of the Walled Lake M. E. church will present a comedy drama entitled "The Path Across the Hill" at the consolidated High school building on Friday evening of next week, the 8th. The cast selected is an especially good one and the members are hard at work under the direction of Mrs. Ira Carnes. There are three acts in the piece and the time is the present and the story is laid in an eastern village. There will be many hearty laughs and all will enjoy the performance.

## Bible Thoughts for the Week

### Sunday.

BE KIND TO THE ERRING.—Brethren, if a man be overtaken in a fault, ye which are spiritual, restore such an one in the spirit of meekness; considering thyself, lest thou also be tempted.—Gal. 6:1.

### Monday.

TASTE AND SEE.—O taste and see that the Lord is good.—Ps. 34:8.

### Tuesday.

PERSONAL SELF GOVERNMENT.—He that hath no rule over his own spirit is like a city that is broken down, and without walls.—Prov. 25:28.

### Wednesday.

THE GOODNESS OF GOD.—Thou openest thine hand, and satisfiest the desire of every living thing.—Ps. 145:16.

### Thursday.

CURSING OR BLESSING.—Cursed be the man that trusteth in man, and maketh flesh his arm, and whose heart departeth from the Lord.

### Friday.

TRUST IN THE LORD.—Blessed is the man that trusteth in the Lord; and whose hope the Lord is.—Jer. 17:5, 7.

### Saturday.

THE JOYFUL REWARD.—Well done good and faithful servant; thou hast been faithful over a few things, I will make thee ruler over many things: enter thou into the joy of thy Lord.—Matt. 25:23.

### The Oscillator.

There is nothing more pitiable in the world than an irresolute man, oscillating between two feelings, who could willingly unite the two, and who does not perceive that nothing can unite them.—Goethe.

### Walks Back.

It is no uncommon thing for a poor Chinese coolie to spend his last "cash" for a speed automobile ride which leaves him stranded many miles from home, to which he trudges back com- placently.

## MORAL CEMENT WHICH HOLDS SOCIETY TOGETHER

Law is a rule of action. Law is commonsense applied to the relationships of life. Law obeyed builds up society.

As the population increases life become more and more intricate, and the problem of adjustment more and more difficult.

All the rights of all the people can be guarded if all the folks will take the time and the trouble to use the ten commandments.

The Mosaic code given on Sinai has not been surpassed nor superseded. All students of Blackstone are standing upon these divine pronouncements.

One God—no profanity—a holy day—honor for parents—respect for life—regard for sex—for property—for truth—and a proper value of your own soul is the cement of human society.

Boiled down the ten commandments are stated in that matchless sentence of Christ which we call the Golden Rule.

Spread the cement of brotherly love a little more freely and this and all other communities will be a better place.

## First Presbyterian Church

God made Saul king, and Saul, because he tried to get along without God, made his kingship a miserable failure. As with Saul, so must it be with every human being who endeavors to govern his own life without acknowledge his allegiance to Him who has given to all men not only mortal life, but also the hope and assurance of inheriting a crown of everlasting life, if they will first crown Him King of their lives.

Hear Dr. Simon tonight and at both services Sunday. He brings a vital message.

There are many things perhaps, that you can do without and still enjoy life; but you cannot afford to forget God. Some day you will need Him above everything else.

## Michigan Happenings

The highway committee of the State Administrative Board has tentatively agreed to go through with plans for paving M-16 from Detroit to Grand Rapids, and will probably give considerable mileage to the West Michigan Pike. Further than that the condition of the State's finances will govern. The Administrative Board authorized the issuance of \$3,000,000 in highway bonds, bringing the total issue to \$33,050,000. This leaves \$11,950,000 in the potential \$50,000,000 fund, to be spent this year.

The total cost of the Junior Hop of the University of Michigan to the 1,400 students and guests who will attend the function, February 8, is estimated at \$140,000. This is considered a conservative figure, as it allows each junior and his partner but \$200 for wardrobe expenses, railroad fare, taxi hire, meals and incidentals during the week-end in Ann Arbor. The dance, itself, will cost approximately \$4,000, \$1,900 for music, the same amount for decorations being two of the largest items.

Detroiters will have an opportunity to study astronomy under tutelage of a University of Michigan professor, starting in February, it has been announced. Professor Ralph H. Curtis, assistant director of the university observatory, will offer a course in elementary astronomy at Detroit Central High School. This is the first time the extension division of the university has included astronomy on its list of subjects.

The Ingham county road commission has approved the relocation of M-16, a Grand River road, on the line planned by the state highway commission survey. The highway passes through Okemos, but the new route will take it north of the village, eliminating sharp turns and shortening the road about 800 feet. There was opposition against the change, but the measure has been passed by a two to one vote.

H. W. Gowdy, of Union Pier, took his place as a member of the state board of agriculture at its January meeting at Lansing. Gowdy, who was named a member of the board last April, succeeds Jason Woodman, of Hawthorne. The new member is a fruit grower of Berrien county and was a member of the Michigan house in the 1919-21 session.

Eugene A. McCarthy, Robert Bogg and John Szabolowski, all of Grand Rapids; William Flannery, of Saginaw, and Edward Heubecker, of Beal City, students of Cincinnati seminaries, and Ceslaus Lipinski, of Cheboygan, attending a seminary at Montreal, will be ordained into the Catholic priesthood in Grand Rapids early in February.

A definite policy regarding pensions for aged state employees is to be adopted soon, the state administrative board indicated, having referred a request for a \$50 a month pension for a retired employee to a committee with instructions to submit a complete list of old employees and recommendations regarding pensions.

Miss Theodora Poole, 12 years old, the winner of the National Safety Essay Contest, returned to her home in Lansing from Washington last week, where she had been presented with her certificate by President Coolidge.

Battle Creek is believed to have established a record for Eagle Scouts among cities of its size, the forty-fifth and forty-sixth Eagles just having qualified. They are Raymond Payberg, troop 11 and Richard Wales, troop 5.

Dr. E. H. Campbell, of the Newberry State Hospital, will succeed Dr. James D. Munson who has tendered his resignation, effective July 1, as superintendent of the Traverse City Hospital where he has served 38 years.

For the first time in the history of Bay City, bay water has been made available for the entire city by starting the new 10,000,000-gallon municipal pump in the \$2,000,000 waterworks plant on the bay shore.

For more than a half century H. W. Martin, pioneer business man, now retired, has lived on the same plot of ground in Owosso, settling there 60 years ago.

The American Legion has been given an appropriation of \$25,000 by the state administrative board to complete its billet at Otter Lake.

The third death in the family of Mr. and Mrs. James North of Marshall, since September last, occurred recently when Herman North, 24 years old, a son, was killed by a Grand Trunk train while walking on the track from his home in Pennfield Township to his work in Battle Creek.

After an illness of two weeks, State Senator Walter J. Hayes, president of the American State Bank of Detroit, died at his home in Grosse Pointe last week.

Sheriff Dwight Barker's habit of making a nightly inspection of the jail exterior before he retired for the night probably prevented a jail delivery at Paw Paw recently. Returning from a late night call out into the country, the officer walked around the jail building. Just beneath the cells occupied by Ira Burdoff and John Miller, both charged with forgery, he heard a slight grating sound and scratching. In a moment he clearly detected the vibrant rasping of file across the steel bars.

Diphtheria, smallpox and measles are on the war path, case reports to the Michigan department of health disclose. Whereas the first two weeks of January, 1923, saw 407 cases of diphtheria reported this year the figure is 444. The average of this time interval for the last 10 years is 219. Smallpox still continues high, as the 223 cases reported up to January 15 reveal. Last year the same time interval had 114 cases reported, as compared with 154, average for the last 10 years.

A gift of \$2,000 has been made to the University of Michigan by Dr. William J. Mayo, head of Mayo Brothers Hospital at Rochester, Minn., to be known as the Mayo Lectureship in Surgery. With it the university will bring prominent surgeons to address the medical students in the school of medicine, according to the terms of the gift agreement. Dr. Mayo graduated from the University of Michigan during the Eighties.

Dean Maximo Kelaj, of the University of the Philippines, Manila, will teach in the political science department of the University of Michigan beginning next semester. President M. L. Burton announced recently. Dean Kelaj comes to Ann Arbor on the exchange professorship plan. Professor J. R. Hayden, of the political science department, having lectured in the Philippines last year.

James J. Corcoran, of Escanaba, the oldest employee in point of continuous service on the Peninsular division of the Northwestern railway, has been placed on the company's pension list after more than a half-century of service. He became a locomotive engineer in 1879, and was the first man to operate a coal burning locomotive on the Peninsular division.

The state administrative board authorized the release of \$50,000 of a \$100,000 appropriation for a women's infirmary at the Kalamazoo state hospital. According to Superintendent of Public Instruction Thomas E. Johnson, the plans for the structure virtually are completed and it is planned to expend \$50,000 now, and the rest later, perhaps next year.

Charles Gagnon, 73 years old, of Escanaba, lays claim to the distinction of being the oldest professional skater in the world. He learned to skate when eight years old and has not missed a winter since until he was 50. Gagnon was a speedster. Since then he has contented himself with giving exhibitions of trick skating and instructing in ice rinks.

Dog licenses put \$310,000 in the state treasury, figures compiled by the auditor general's office here show. As only \$54,000 had to be paid out by counties to refund for damage to stock and property done by dogs, it is estimated that licensing of the genus canis proved profitable to the extent of 474 per cent.

Eight thousand five hundred men and women were inscribed on the list of Michigan notaries public with the close of 1923, a review of the notarial commissions for the year shows. That number does not represent all new commissions. Michigan today has an army of notaries that runs far into the five figures.

Park Commissioner George Phoenix, of Saginaw, has announced his decision to place \$100,000 in his budget for the equipment of a first class tourist camp in Saginaw. A section of Rust park has been set aside and the Saginaw Automobile club, sponsor of the plan, is co-operating with Commissioner Phoenix.

A complete tabulation showing the collection of state taxes for the year 1922 and the number and amount of delinquents by various counties has just been prepared by the auditor general's office. It shows that there still is \$1,362,912.41 in taxes to be collected by the state from the counties.

Funeral services were held last week for Dr. Peter Onontyoh, veteran Indian doctor of Allegan, who died suddenly at his home in Plainwell. Dr. Onontyoh was descended from a line of Mohawk Indian chiefs and was educated as a physician in Toronto, coming to Plainwell 35 years ago.

The old Detroit-Chicago turnpike, known as M-23, has put forth its claim to being one of the famous roads of the world. It claims to be the longest continuous road in the world. From Detroit to Chicago, for 300 miles, this road winds but never turns.

Mrs. Henrietta Avery, one of Benton Harbor's pioneers, has paved the way for modern Y. M. C. A. and Y. W. C. A. buildings in the twin cities of Benton Harbor and St. Joseph by donating a building site and \$200,000 in cash.

DISASTER.

## WATER RETARDS RESCUE WORK

Relatives of Dead Wait in Bitter  
Cold for News of Loved Ones—  
Gas Explosion Cause

Shanktown Pa.—The bodies of 31 men who lost their lives in an explosion of gas in the Lancashire mine of the Barnes and Tucker Coal company here, have been recovered. The bodies of five other miners have been located by rescue crews and four more men are believed entombed.

Rescue workers who explored the main heading to the face of the mine experienced considerable trouble in reaching the bodies of the victims because of water in the mine.

The women and children stood in the bitter cold and blinding snow, waiting vainly for some news from the workings of the fate of their husbands or fathers. Red Cross nurses and the Salvation Army workers, under Colonel Arthur Hopkins, general secretary for western Pennsylvania, hastened here from Johnstown when news of the tragedy reached that city.

Johnson City, Ill.—Thirty-seven are dead, six were seriously injured and eight others badly hurt about the head and body as a result of an explosion in the McIntock mine of the Cramer Coal company here.

The disaster occurred on the mine's main working level, 250 feet below the ground. At the time 398 miners were engaged in work in a section of the level which was not affected.

The clothing of 15 of them was all torn off and their hair singed but they were not seriously hurt.

The men near the entrances escaped easily but entries number 9, 10, 11 and 12 located in the depths of the colliery where the actual explosion took place, were fartherest from a means of escape and the men there suffered the full terror of the terrific blast.

## IMMIGRATION CUT FAVORED

Further Reduction in Slavic Quotas  
Proposed by Committee.

Washington—Drastic reduction of the number of immigrants eligible to enter this country from southern and western Europe with some increase in the number from the so-called Nordic races will be proposed to the house by the committee on immigration.

This measure will fix all quotas upon a basis of the 1920 census, allowing the admission of two per cent; instead of basing them on the 1910 census and allowing the admission of three per cent as provided for in the present law according to an authoritative report here.

Russia, for example, would be cut from 21,613 the present quota; to approximately 2,000, it is declared. And there would be only a handful of admissible from Greece, Lithuania, Hungary and other countries.

No quotas on the other hand, have been fixed for Canada, Mexico, Cuba or adjacent islands or from the Central and South American countries.

The committee also has voted to strike out the original two per cent allowance for the relatives of immigrants, in favor of a substitute plan restricting admission of this class of immigrants to the immediate families.

## ITALIAN ARMY CUT PLANNED

Premier Mussolini's Reduction of  
Forces Due to Neutrality Pact.

Rome—Premier Benito Mussolini has decided to reduce the Italian army.

The deficit of 2,500,000,000 lira, which prevailed when the Fascists came into power, is rapidly disappearing under the economies originated by Mussolini.

Mussolini told the Fascist conferences that the neutrality pact with Yugoslavia and the probable agreement with Greece for neutralization of the Corinth channel and the surrender of the Dodecanese islands to Greece will make the eastern frontier of Italy safe from attack.

The northern border is protected by Swiss neutrality. The French frontier is the only one open to attack. The safety of the other borders makes it possible to cut down the army and save military expenses.

The premier is prepared to announce that he intends to use the voluntary militia for garrison forces, making this organization national instead of a Fascist force.

## Farm Acreage Covers Sixth of U. S.

Washington—More than one-sixth of the entire land area of the country was used in growing farm crops last year. The Department of Agriculture calculates the total acreage of all crops at 372,829,000, or 582,608 square miles. Farm crops produced not merely those sold, had a hypothetical total value of \$9,470,976,000 in 1923, or almost a billion dollars more than in 1922. Texas continues to hold first place in acreage and value of all crops grown.

## NIKOLAI LENIN

Moscow—Nicolai Lenin, who has been premier of Russia during the Bolshevik regime, died at his villa at Gorky last week.

## RELIEF FOR DISABLED VETERANS

Senate Committee Plans Banning of  
"Red Tapes" in Hospitalization.

Washington—The slashing of "red tape" from the care of America's disabled World war veterans, by a complete revision of all relief laws, will be recommended to congress by the special senate committee, which has investigated the United States veterans' bureau, has been announced here.

The committee will submit its recommendations to the senate in the form of a revised code of laws for operation of the veterans' bureau. If enacted into law, the committee's proposals will completely liberalize the government's attitude towards disabled veterans.

The new code will practically reorganize the present system of awarding relief, and effect hundreds of changes, some of major character, in the rules governing the hospitalization and rehabilitation of veterans.

The major changes, already agreed upon by the committee, include:  
1—Elimination of all "red tape" from the hospitalization of veterans.

2—Shifting the burden of proof from the veteran to the government on practically all claims for compensation.

3—Authorizing "contact" officers to safeguard the rights of veterans who claim compensation.

4—Increasing the amount of compensation to disabled veterans under certain circumstances.

5—Reductions of compensation where veterans are able to earn salaries from outside sources.

## DEBT DELAY BY FRANCE FLAYED

Demand Paris Adjust Obligations  
Made by Senator Borah.

Washington—Failure of the French government to take steps to adjust its four billion dollars war debt to the United States drew fire recently in the senate from Senator Borah, Idaho.

"There is every indication," he said, "that the French government is declining, not only to meet the interest payments, but has made no effort to adjust the debt as a creditor, acting in good faith, naturally would desire to make."

"While this debt is technically due the United States government, in reality it is due to the taxpayers of the United States, and we ought to be just as insistent that there be an adjustment as we were in bringing the taxpayers of the country to the frame of mind where they were willing that the loan be made."

The Idaho senator said that, while France was unwilling to come to a settlement with the United States, it was loaning large sums to governments in Europe, particularly Poland and Czechoslovakia.

Describing France as the greatest military power Europe has ever known Senator Borah said the American taxpayers were meeting the cost of her army of 750,000 men, as surely as if it were their own.

## EUROPE GETS BULK OF EXPORTS

Only Eighty Per Cent Sent to Other  
Countries From U. S.

Washington—The department of commerce has made public preliminary figures in its investigation of marketing of United States agricultural exports, showing that upwards of 80 per cent of the exports go to Europe and 10 per cent of the balance to North American countries, leaving only 10 per cent to be distributed to the rest of the world.

The figures also showed that 80 per cent of the American exports to Europe are made up of farm products and barely 20 per cent consist of manufactures, forest and mineral products.

Cotton ranks first in exports, being normally 50 per cent of the totals, animal products are next and grains constitute 15 per cent of the total.

Viewing the future, the report indicated that northwestern Europe would remain a great food-importing area, with a prospect that Asia would enter the markets.

Canada for years to come, the report said, would have a large cereal surplus to export.

Ypsilanti's new hotel company declared a dividend of two per cent on January 1st. The project shows a nice profit for every month during 1923 except the first two months of its operation.

The Baptist Women's Missionary circle will have an all-day meeting at the home of Mrs. L. E. Eaton on S. Rogers street, Wednesday, February 6th. All who are interested are cordially invited at 10 o'clock and please bring thimbles. Members will serve lunch.

Tickets for the father and son community banquet will be placed on sale next Monday. They may be secured at J. A. Huff's, C. R. Horton's, Kilgour's and at the Northville Drug Co's store. The tickets are limited to 350 this year. No tickets will be sold after February 11th.

A country bowling tournament in which a number of teams from surrounding cities and towns will take part, opened at the Northville alley on Wednesday. Harry S. German is in charge of the meet and its success is already assured, judging from the number of teams entered.

During the past week we have had some real winter weather with snow and zero temperatures. Last Saturday scores of autos froze about town Sunday was bright and sunny but cold. It became warmer Monday and Tuesday night it rained leaving the streets and walks a glare of ice.

August Bradley died at his home in Bealton last Sunday morning after a few days' illness. His remains were taken to the Schrader Brothers' funeral home at Plymouth and then to Detroit where burial took place. He was about 70 years of age and is survived by his wife and two daughters.

The news bureau of the Ferris Institute of Big Rapids sends The Record the following news items regarding two of Northville's popular young people: Merritt Young of Northville has been elected vice-president of the Commercial Department of the Ferris Institute. Geraldine Young is treasurer of the Masonic and Eastern Star club at the Ferris Institute.

There was a good sized crowd at the Alseum theatre on Wednesday night to enjoy the picture and entertainment given by The King's Daughters. The picture was an exceptionally good one and those who took part in the specialties between reels did exceedingly well—Mrs. A. Zimmer, Mrs. A. K. Miller, Ida Rose Cavell and Wayne VanDyne, and each responded to the hearty encore given.

Mrs. Jewett Cranson just received a letter from one of the supervisors at Traverse City, asking her for one of her uncle's pictures, Judge J. G. Ramsdell, that is to be enlarged and hung in the court house with other past judges of that city. Judge Ramsdell was born near Northville and received his early education here. Later going to Traverse City in the early sixties as one of its pioneers.

On Monday evening about 150 people gathered at Foresters' hall to attend the card party and bazaar given by Mrs. Wade's Workers of the L. G. T. M. There were thirty tables, making the gathering one of the largest card parties ever given in that hall where many gatherings take place. After the merry company had enjoyed cards there were a few dances to add variety and spice to the delightful affair. "The Workers" certainly planned the affair admirably and their guests were royally entertained.

Officers are scouring the country in the south part of the county in an effort to locate a brute who committed a brutal assault upon a Detroit woman near Inkster on Monday night. The fellow went to the city and employed the woman as a housekeeper, telling her he had a farm home near Inkster. When he reached a lonely place in the road he assaulted her in a most inhuman and brutal manner, and then drove away in his auto, leaving his victim and her little five-year-old girl to seek help and shelter as best they could. A passing motorist took the unfortunate to Eloise.

## AN INTERESTING TALK ON FORESTRY.

At the Wednesday meeting of the Northville Exchange club James A. Duhaur, who is connected in a prominent way with the New York state school of forestry, gave a very interesting talk on the subject of forestry, tracing the work of the forestry movement from its earliest conception in America. He viewed the work that has so far been accomplished in the various states and gave an outline of the legislation that is now being discussed and which will soon be pressed upon the attention of Congress to regulate and promote the movement throughout the country.

C. L. Duhaur was also the guest of the club at luncheon and he was given a hearty welcome in keeping with the plan adopted by the club some months ago to have as its guests some of the older business men of the community.

## As Opposed To Security!

Can you afford the big gamble that those unprotected securities, mortgages, contracts or other valuable papers represent?

Every hour you put off placing them where they will be safe, you are taking chances. Fancy what it would mean to lose them, or have them stolen from your desk, drawer, or closet shelf, or office cupboard!

Our Safe Deposit boxes were designed to keep just such valuables secure.

Use one—the cost is trifling—and know your valuables are safe!

## BEER EXPORTING TO U. S. HALTED

DOMINION GOVERNMENT'S EDICT CLOSES PORT OF PETITE COTE, ONTARIO.

### SMUGGLING OPERATIONS END

Huge Stocks at River Front Tied Up by Ottawa Order—Runners Seek Modification.

Ottawa—Possibilities that Canadian breweries may have to discontinue their exportation of beer to Detroit from Petite Cote, Ont., for some time to come have been revealed following the issuance of an order from the Dominion government at Ottawa that Petite Cote is not officially recognized as a port and that shipments of beer in future must be cleared from Sandwich.

Customs officials in Windsor refused to divulge any information other than to admit that the order had been received and is to be enforced. Said which is situated about two miles west of Windsor and is an official port.

The port of Sandwich contains no railway facilities to aid in the shipping of beer, whereas at Petite Cote, convenient railway sidings have been installed.

Under present conditions it is impossible for the beer to be brought to Sandwich and cleared. The ice in the Detroit river renders it impossible also for the smugglers to operate from Petite Cote to Detroit but this condition would be remedied with the clearing of the river.

Run runners, it is said, are viewing the government order philosophically, and are trusting that the representations they intend making will result in the order being modified.

It has been reported that practically all of the breweries have shut down on their shipments as a result of the order, and are awaiting what is hoped will be a modification of the ruling before putting through any shipments to Petite Cote.

### BAN ON BRANCH BANKS UPHOLD

Supreme Court Says State Can Prohibit National Subsidiaries

Washington—The right of a state to prevent national banks without its borders from establishing branch banking establishments has been upheld by the supreme court, which at the same time ruled that the same prohibition was contained in the federal statutes themselves.

The court's decision, which settles a controversy that has shaken the banking world for many months, was handed down in the case of the First National bank of St. Louis.

The bank had demurred from a Missouri state law prohibiting it from establishing branches and, losing in the lower federal court, had appealed. The decision of the lower court was affirmed.

Eighteen states had joined Missouri in maintaining the right of the state governments to prevent national banks from indulging in branch banking.

The court not only upheld that right but held that the St. Louis bank case had been properly brought and that the Missouri law was not in conflict with federal statutes.

### EARNED INCOME TAX CUT VOTED

Committee Adopts Measure for 25 Per Cent Slash.

Washington—The house ways and means committee have adopted the recommendation of Secretary Mellon to allow a special 25 per cent reduction in the tax on incomes which are "earned."

All taxable incomes under \$5,000 were defined as earned, for the purpose of this reduction, which \$20,000 was set as the maximum amount of incomes on which the reduction could be taken.

Treasury estimates show that about 13,000,000 taxpayers have incomes of less than \$5,000 and automatically could deduct from their tax, when computed, 25 per cent of its total.

Thus, the father of two children who now pays a tax of \$28 on an income of \$4,000, would pay only \$21 this figure not taking into account any normal income tax reductions—a proposition still before the committee.

### MORO UPRISING CONTINUES

Fanatics War—On Constabulary Results in 54 Deaths.

Madrid—Fifty-four colorums, religious fanatics who recently ran amuck, were killed, 19 wounded and 13 captured in a second battle within a week between constabulary under Colonel C. H. Dowers and the colorums. This clash occurred on the mainland of Surigao, near Places, where 100 colorums have been entrenched.

Although the situation is officially minimized it is extremely serious. The constabulary are withholding all details, but it is known that the colorum activities have been spreading as far north as Batangas, although heretofore no disorders have been reported.

### ANOTHER SCORE FOR DECENCY.

In spite of the efforts of Garfield, Dyer, Wilson and their pals to make Northville a headquarters for rum runners and booze peddlars the forces of decency in this community are slowly but surely making their influence felt.

Dwyer was forced out of the Exchange Hotel. Garfield's place was raided and he's under bond to appear in circuit court for trial.

Wilson, the king-of-the-gang, was taken to the county jail Monday night and kept until the following forenoon, and now under bonds for his appearance in circuit court.

Officers secured damaging evidence against the proprietors of the "Red Brick" one night last week, but because they desired to see Wilson in court and not last the run of this place as nest of the last of the law, he was cleared out under its proprietors do a little clearing themselves.

In all future raids the occupants of the buildings will be taken to the county jail, and their names will be listed with the booze.

It is, doubtless, impossible to control the selling and peddling of liquor, so long as men of respectability and prominence buy the stuff, but it is possible, when the proper effort is made, to catch such roxy fellows as Wilson, Garfield and their like. For many months Wilson operated his place in open defiance of law, and yet no concerted action was taken to place him under arrest. In less than four weeks after our officers determined that he should not be permitted to maintain a place where booze was being offered for sale, he was placed under arrest and his stock of liquor confiscated.

Now that the people realize what can be done, they will insist that these places be closed and that they be closed permanently. There is no middle ground.

### MORE THAN 100 MEN TO ADDRESS

More than one hundred different speakers are scheduled to address the various conferences and meetings which will be held in connection with Farmers Week at V. A. C. from February 4th to 9th according to announcement of the program made here this week by A. M. Berridge, chairman of the college committee in charge of arrangements for the big gathering.

Experts on almost every line of agricultural and home economics work are included in the list. Less than a dozen will appear before the "general" meetings attended by all the guests at Farmers Week; the others being included in the numerous special association meetings and conference programs.

Those attending Farmers Week will be able to select from a wide variety of subjects in their attendance at meetings. There may be as many as a dozen different conferences going on at the same time, and the visitor will be given the opportunity of choosing the material that interests him most.

Prominent among the speakers on the general program are: Dr. Hugh Cabot, dean of the school of medicine at the University of Michigan who will talk on "Germs, What They Can Do For Us and To Us"; Eugene Davenport, former dean of agricultural speaker and writer; Verne Branch, director of Municipal Markets in Detroit; Dr. R. S. Shaw, acting-president of M. A. C.; L. J. Tabor, Master of the National Grange, of Columbus, Ohio; and H. R. Smith, Livestock Commissioner, Chicago.

Music, movies and other entertainment features will play a prominent part in the general programs.

### STAGE SET FOR BIG FARMERS WEEK MEET.

With exhibits in place, livestock groomed for company, and final details of speaking programs completed, the stage is all set at the Michigan Agricultural college for the annual Farmers Week and Housewives congress, to be held this year from February 4-8.

Featuring special horticultural, crops, and poultry shows as major attractions, the exhibits this year are said to be more extensive and interesting than any ever prepared at the college. Practically every phase of agriculture and rural life is to be covered in some of the many exhibit booths.

More than 30 different state agricultural associations and groups will hold regularly scheduled meetings during the week.

Milford—Miss Mary Gallagher, 84 years old, aunt of Rt. Rev. Bishop Michael G. Gallagher, of Detroit, died at her residence, Milford, Monday morning after a brief illness. Death was due to pneumonia.

### LEGION IN MEMBERSHIP DRIVE.

"We're on a recruiting drive. We want every veteran in town in the American Legion. And first of all we want back in the fold every ex-service man who has ever been a Legionnaire," said Lisle H. Alexander, local Legion commander today.

"The accomplishments of the Legion in Michigan merit the support of every veteran," he continued. "The Legion in this state, without any exaggeration, has done more for the disabled and needy veteran than has been accomplished in any other commonwealth."

"The Legion's latest victory was an assurance, after a fight, that Michigan tubercular veterans would be treated so far as possible in Michigan hospitals. But if the veterans of the World War are ever to receive their just dues we must have a strong veteran organization. That means that every veteran should get into the Legion."

"We want a bigger membership so that we can insist on our buddies obtaining fair treatment. We want

no more of them dependent upon charity, and no more of them assigned to poor houses or soldiers' homes."

"Besides all that the Legion is a real man's organization and its members have the time of their lives renewing the comradeship of the war days. As the war gets farther away we look back to it as a time when we had our greatest experiences and made our best friends. The Legion counts that comradeship."

"Our next meeting will be held at 8:00 p. m. on Tuesday evening, Feb. 5th, at 'The Dug Out' and we'll be glad to welcome there every veteran of the World War. This coming season we're going to have some programs that will make every buddy mighty glad he's a Legionnaire. The Legion all over Michigan is having its best and strongest year, and we want our town to achieve the same fine records as Michigan's other cities."

### "RED LIGHT ANNIE" AT THE GARRICK.

"Red Light Annie," a melodramatic tragedy of the underworld, comes to

the Garrick Sunday night for a week's engagement. In the titular role will appear Mary Ryan who is favorably remembered through her appearance in Detroit in recent seasons in "The House of Glass" and other plays. As its name implies "Red Light Annie," deals with a character and a condition which is characteristic of every large city and, judging by the wave of reform that is sweeping the country at the present time, the smaller towns and even the villages are not entirely free of this aspect of life which society looks at a glance. But to cover up a fault is not to eradicate it and while "Red Light Annie" does not seek to point ways and means to free communities of their unconventional spots, it does reveal the condition which exists and that is all the dramatist can do.

### OAKLAND REPUBLICANS TO ENJOY BANQUET.

Even better arrangements have been made this year for holding the annual Lincoln Republican club banquet than ever before. Completion of the addi-

tion to the First Methodist church during the past year, has made available an auditorium large enough to accommodate the crowd and with many more conveniences than could be provided at the armory where the banquets have been held in the past. The banquet is to be held at 6:00 o'clock the evening of February 11. There will be a reception in the church auditorium for the visitors and state and national officers from 4 until 6 o'clock, a feature which has been omitted in recent years for lack of a place in which to hold it. This social reunion preceding the banquet was one of the big features in former years and was always held in the lobby of the old Hotel Hodges. Tickets will be distributed next week.—Pontiac Press.

### Walled Lake Warbles.

The Walled Lake Ice Co. is now putting up its supply of fine ice for next season. They have a new ice cutting machine and are harvesting a fine crop.

Asa Root and wife of Cass City, who were called here to attend the funeral of Mrs. John Root, Eugene Root and wife and Mrs. C. C. Wedow motored to Flint last week Wednesday to visit the formers' son and family, returning the same day.

Mrs. E. V. Mercer entertained the members of the Embroidery club at her home on Wednesday afternoon.

The ladies of the Baptist church held their meeting at the home of Mrs. Wm. Groves at Wixom yesterday and enjoyed the outing greatly.

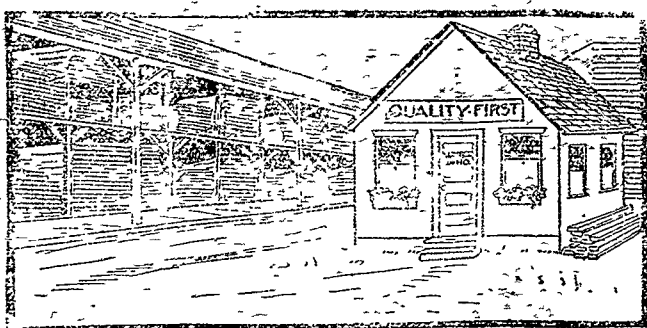

Mr. and Mrs. Ormsby of Clarkston, who are well known to many Walled Lake people, had the misfortune to suffer the loss of their home by fire a few days ago. They have been spending the week with Mrs. Ormsby's sister, Mrs. Julia Chaffy.

### WORLD'S RECORD SET BY W. A. C. DAIRY COW.

Bravura 4th, a two-year-old Brown Swiss cow owned by the Michigan Agricultural college, has just established a world's production record for her age and breed, according to announcement made at the college this week.

With a mark of 17,054.5 pounds of milk and 712.2 pounds butterfat, the new champion topped all other year records ever recorded officially in her class.

### FIN FOR SOME—PAIN FOR OTHERS.

Yes, I enjoy the basket ball games—but would enjoy them much more if one thing was stopped—the throwing of heated pennies on the floor, for some fat, old co put his hand on. For shame, boys to do that. Can't you give without causing pain? Look back—on your own backhood, would you not have been as eager as they to earn for yourself a few pennies?

Play the game boys, throw and pennies, but don't spoil it by causing some one a badly burned hand. A Fan.

### THESE DEBS OF INIQUITY MUST GO.

Last Saturday morning's mail brought a letter to the editor's desk from a subscriber in an adjoining city in which he gave expression to the following message:

"I wish to compliment and endorse the firm stand you have taken through the press to clean up the places of filth and iniquity that unfortunately seem to have gained such a foothold in fair Northville. You are giving a community service that will be far reaching in its benefits. It can not help but be a stimulus to the people of this community to be able to see in print just what such plans mean."

### Walled Lake Warbles.

Walled Lake Masons are a lively bunch, and they are going to have a real club house of their own, having recently purchased the old school building, which will be remodeled for lodge purposes. To create further interest in the order the members have formed a Craftsman Club and at a recent meeting directors and officers were elected as follows: Directors, Frank Tuttle, P. J. Miller, W. H. Hutton, Ira Carnes, Robert Rhodes, George Groll and D. L. Bentley, as officers. President, George Groll, secretary, W. H. Hutton and treasurer, Ira Carnes.

One of the most enjoyable affairs of the winter season took place at the Methodist church a few evenings ago when the W. M. B. class enjoyed a banquet which was enjoyed by about 50 members, the gathering being planned to celebrate the conclusion of the membership contest under the leadership of Mrs. Lee Phillips who was captain of the "Winners" and Miss Beatrice Fox, who led the "Foxhounds." The dinner served was a bountiful one and after all had re-

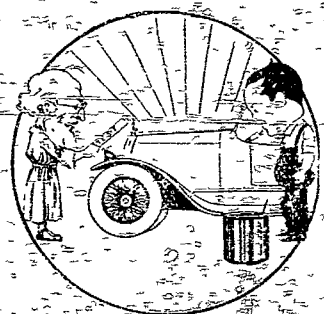

Remarks of "Wonderful," "The best I ever saw," "It seems impossible," are sentiments expressed by every audience after witnessing the performance given by Robinson, mystifier supreme, who will be the one big sensation of the season at the Alseum theatre for one day only, Sunday, February 3. The rapid succession in which Robinson, mystifier supreme, presents his magic not only mystifies but startles and makes the heart race and everyone is bewilderingly lost for a solution. Robinson, mystifier supreme, presents unquestionably the most marvelous exhibition of slight-of-hand ever conceived. This added attraction in addition to the regular show, will be given Sunday only.

galed themselves the program of the evening was given, Ira Carnes being introduced as toastmaster by Miss Fox. Mr. Carnes is always right at home, whether at a banquet or at a basket ball game and he kept the guests in excellent humor. He presented Rev. F. A. Blake, pastor of the church; Rev. J. W. Green, pastor of the Baptist church; W. H. Hutton, Sunday school superintendent; Mrs. A. J. Church, teacher of the class, and the contest leaders, all of whom responded with short impromptu speeches. Readings by Mrs. Ray Riley and Elsworth Blake were enjoyed as were the songs by Miss Marjorie Stearns and Mrs. A. J. Church, star which all joined in singing from the new singing books recently purchased by the Sunday school. The motto of the class is
