SATURDAY NIGHT, FEBRUARY 9
"ONLY 38"

Is a woman old at thirty-eight? Must she be deaf to the voice of romance?—blind to the sparkle of a pretty dress? This mother was—until Youth whispered gayly in her ear urging her on. Then—

SUNDAY NIGHT, FEBRUARY 10
"THE WOMAN WITH FOUR FACES"

One of the most thrilling dramas ever shown on the screen is "The Woman With Four Faces," featuring Betty Compson and Richard Dix.

TUESDAY NIGHT, FEBRUARY 12
"THE CHILDREN OF JAZZ"

Three of the many features in this thrilling picture: An airplane escapade followed by the wreck of the plane which is tossed by turbulent waters on the shore of a small southern island. The chase of a schooner by aeroplane; parachute descent to the deck of the ship and the ensuing fight between Ted Carter, Clyde Dunbar, Richard Forestall and the mutinous crew of the vessel.

THURSDAY NIGHT, FEBRUARY 14
THOMAS MEIGHAN, in
"HOMEWARD BOUND"

Thrilling rescues at sea, terrific storms, said to equal in realism nature in her angriest mood, and unusually appealing love theme—these are the principal features of "Homeward Bound," a new Paramount picture, starring Thomas Meighan.

MRS. ORRIN S. HULETT DIED IN DETROIT.

Many Northville and Novi friends were greatly shocked when the news of the death of Mrs. Orrin S. Hulett became current Monday. Mrs. Hulett was taken to Harper hospital, Detroit, for observation and treatment a week or so before, but her friends had no intimation that her condition was serious until the sad news came. In Novi township where she had resided for a number of years she was held in highest esteem by all who came within the circle of her acquaintance and she was greatly admired for her many womanly graces.

Besides her husband, to whom sincere sympathy of the entire community is extended, she is survived by four children—John B. Hulett, Max Hulett, Gerald Hulett and Mrs. Helen Searl. Funeral services were held from the First Universal church in Detroit Wednesday afternoon and the remains were brought here and placed in the vault in Oakwood cemetery.

PADLOCK ORDER CLOSES PLYMOUTH POOL ROOM.

Judge George P. Codd Thursday ordered a padlock for a year on premises at 955 North Mill street, Plymouth pool room and barber shop, occupied by Lee McDonald, 927 North Mill street. The building is owned by Albin Smith—Eugene A. Walling, assistant prosecuting attorney, introduced evidence to show that liquor was sold at the place.

McDonald was acquitted by a jury in Judge DeWitt H. Merriam's court Wednesday of a charge of violating the prohibition law when it was shown that George W. Springer, chief of police of Plymouth, had raided McDonald's home when his warrant only called for search of premises at 905 and 915 North Mill street—Detroit News.

McDonald's place has long been regarded by the officers as second only to Wilson's place in Northville.

MEETINGS WERE HELPFUL AND INTERESTING.

The special series of evangelistic meetings closed at the Presbyterian church last Sunday night when a good sized crowd was present to hear the final message by Rev G. W. Simon of Lansing, who occupied the pulpit all of last week. His manner of conducting meetings of this kind and his method of presenting the gospel message was so unlike the usual evangelistic campaign that the meetings created no excitement in the community, but as a result of the meetings a great deal of interest was created among the members of the church and congregation and many were inspired with new zeal for the church and his cause. Mr. Simon will bear with him the best wishes of many Northville people who enjoyed his discourses and his fellowship.

NORTHVILLE HAS SOME BOWLER.

You know Ambrose Fritz? Well, would you look by looking at him that he was a top-notch bowler. In fact that he is in a class all by himself. Not that he is not a good looking fellow, but few bowlers ever have the good fortune to make the score he tallied on the boards last Friday. He rolled a perfect score, and that means that he made 12 strikes in a row. It was the first time in the history of Northville that such a score had ever been "cut out" for the bowling fans and Fritz ought to feel pretty good over his success. Such a score is not often made by any one. Mr. Fritz was bowling with Bert Moshmer, who bowled 214 which is considered a very good score in itself—much above the average.

GOOD GOVERNMENT MEETING SUNDAY NIGHT.

There will be a union meeting at the Presbyterian church on Sunday night, the theme of which will be good government. President C. A. Dolph will preside and Harry W. Holmes of New York City will be the speaker. Mr. Holmes is coming to Detroit with other speakers to attend the services to be held in that city during the morning and afternoon and he was secured for Northville for the evening.

All citizens are interested, or should be, in the subject of good government, and all are cordially invited to attend this service. There will be good music and the village pastors will take part in the services.

There will be a Valentine box social at the Thayer school house on next Thursday evening, the 14th. All are cordially invited to attend with well filled boxes, of course.

FATHER AND SON BANQUET THURSDAY NIGHT.

The second annual father and son community banquet will be held at the High school gym on Thursday evening next. Tickets for the affair are now on sale and can be procured at J. A. Huff's, C. R. Horton's, Northville Drug company's store and at Kigour's clothing store. The number of tickets must be limited to 350 owing to room and the ability of those who are to serve the dinner to prepare for the guests. The tickets are selling for \$1.25 for two—father and son or man and boy—and every man must have a boy as his companion at the feast. Additional tickets will cost 65 cents.

The members of the Senior class, with the assistance of Mrs. Flora Laskins and their mothers, will serve the dinner and it will be a good substantial one and there will be plenty for all. The dinner will be ready at 6:45 and the guests will be expected to be at their places at the tables at 7:00 promptly. The High school orchestra will play while the fathers and sons are finding their places at the tables and Rev. William Richards will offer the invocation. Before the guests are seated they will sing "America," and give a cheer of two, just to sharpen their appetites. The male quartet will sing and Harry M. Crooks, L. L. D., president of Alma college, will deliver the address of the evening.

Every father is urged to buy tickets for himself and his sons and every man in the community who it not fortunate enough to have a son is urged to "borrow" a boy for the occasion. It will be a merry gathering, helpful and inspiring alike to fathers and sons.

There will be no tickets sold after next Monday night. Please bear this fact in mind and tell your neighbors to secure their tickets early.

OBITUARY.

After a long illness Mrs. Bertha Sonnenberg passed away at the early age of forty-two years, at her residence on High street, on Thursday morning, January 31st.

She leaves six children who are practically orphans, the father having preceded her in death. Four boys, Vere, Harold, Neil and Richard, and two girls, Leola and Theo.

The funeral services were conducted at the home on Saturday at 2:00 by her pastor, Rev. Wm. Richards. The remains were placed in the Oak Hill cemetery vault awaiting interment later in Rural Hill.

BASKET BALL TONIGHT.

Local basket ball fans will have a real feast set before them at the High school gym this evening, when the Northville boys and girls will play the High school teams from Saline and the Northville Independents. The Saline Independents will battle with the Saline Independents. Saline defeated the Ypsilanti Independent team last Friday night at Ypsilanti and are regarded as a fast and snappy bunch. Admission for the three games will be 25 cents. Every Northville fan is expected to be on the side lines promptly at 7:30.

HALE BROTHERS IN VERMONT.

Henry Hall, world champion distance ski jumper, Carl Hall, holder of the Queen's cup for the most graceful rider, and Clarence Hall, all of Detroit, are in Vermont, where they are taking part in a number of tournaments. On February 14th they will participate in the national ski tournament at Battleboro.

Soon after their return from the east the brothers will stage another tournament at Balden hill in this village.

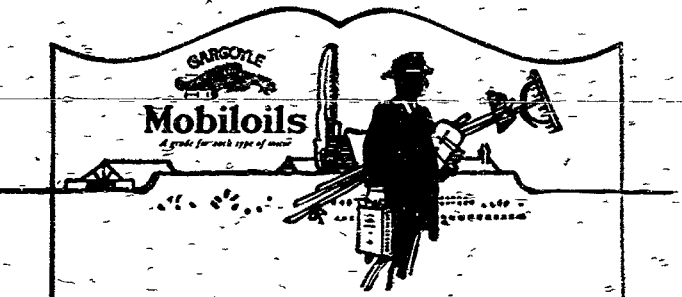

JOHN MATTHEWS DIED IN ROYAL OAK.

John Matthews a former resident of Northville, died at the home of his daughter, Mrs. Fred Galpin, in Royal Oak on Saturday last, aged 74 years. He was born in Sandusky, Ohio, March 7th, 1849. Besides Mrs. Galpin he leaves another daughter, Mrs. Ralph Willis. Funeral services were held at the home of Mr. and Mrs. Galpin on Monday and the remains were brought to Northville and placed in the vault. Burial will take place later in Rural Hill cemetery.

EASTERN STAR TO GIVE BALL.

Friday evening, February 29th, is the date selected for the annual ball to be given by Orient Chapter, O. E. S., which will take place at the High school gym. Peter Perkins' orchestra will furnish music and dancing will begin at 8:30.

Mrs. L. E. McRoberts is confined to her home on Dunlap street.

HOW YOU SAVE

Most homes use the electric sweeper. A prime reason is its economy. Here is an estimate of the money it saves in the course of a year:

312 hours of sweeping, dusting, beating rugs and other incidental work, at, say 30 cents an hour.....	\$93.60
Avoids the frequent replacement of brooms, dust pans, dust cloths, brushes, etc.....	\$10.00
Prevents wear on rugs and carpets due to imbedded grit which cannot be removed by broom, say.....	\$5.00
Total saving in 12 months.....	\$108.60

To say nothing of the saving of priceless health and strength.

Come in and talk with us about this.

RUHR RETURN INSISTED UPON

EXPERTS DECIDE RESTORATION OF PRODUCTION RESOURCES NEEDED.

THREE CONCLUSIONS REACHED

Currency on a Gold Basis Must Be Established to Supplant the Rentenmark.

Berlin—The first recommendation of the committee of international experts studying Germany's ability to pay reparations will be for the immediate return of economic control of the Rhineland and the Ruhr to Germany.

After their brief stay in Germany unless there is a great change in the impressions of the experts, they will insist that Germany will never be able to meet the reparations claims until it is able to unite its productive resources to carry a loan.

A tactical military occupation is not being considered by the committee. It makes no difference whether the return of economic control of the Ruhr to Germany means a withdrawal of the French troops or not, but the committee will insist that the German railways, German factories and German mines be returned to the management of Germany.

All details of the committee's recommendations are far from completion, but real progress has been made.

They have confirmed themselves in their conclusions that three things are necessary for the restoration of Germany's ability to pay reparations:

1. A currency on a gold basis to supplant temporarily the stable emergency currency known as the Rentenmark.

2. Balancing of the German budget with the Germans paying taxes equivalent at least to those paid by the most heavily taxed citizens of the allied countries.

3. A return of economic control of the railways and all sources of production to German hands.

PREDICT DOWN OF RUM SHIPS

Coast Guard to End Smuggling With Appropriation Provided.

Washington—Congress will sign the death warrant of rum running when it passes the bill appropriating more than \$13,000,000 for new coast guard vessels which have been asked by President Coolidge, prohibition officials declared.

With the 20 destroyers, two mine sweepers, 223 "cabin cruisers" motor boats and 100 "glory" motor boats, which the appropriation would provide, the coast guard can make rum smuggling so difficult and discouraging that it will rapidly dwindle to the vanishing point, they said.

The command of the coast guard has worked out a plan of operation which they believe will achieve this.

The plan provides that the 20 destroyers will be disposed along the 12-mile limit to prevent rum boats from venturing within what is now considered the safety zone.

INTERURBANS CLASH HEAD ON

Trains Collide At High Speed On Curve Killing Twelve.

Indianapolis—12 persons were killed and 45 others were injured in a head-on collision of two cars on the Union Traction line, 20 miles northeast of Indianapolis.

The interurbans crashed on a curve just outside Ingalls, Ind. Both cars were running at a high rate of speed and both had trailers.

The injured were brought to a hospital here on a special car and in ambulances. Not one person of the scores in the cars escaped without bruises.

Many were so severely shocked or injured they were unable to tell a coherent story of the wreck.

Crews of both trains and the dispatcher have been ordered held by Coroner Jesse Helbert, who has begun an investigation into the wreck.

Old Treasury Messenger Dies.

Washington—Richard Green is dead. Age and illness have had their way with the proud frame and sturdy will of the Negro, who, for more than 50 years, has served faithfully a long line of Treasury secretaries as their confidential messenger. Appointed to the department in 1871, Green has traveled throughout the United States and in Europe and South America with various secretaries. His height and bearing have attracted the admiration of many visitors.

Claims Linseed Oil, Metropolis.

Minneapolis—In the midst of a territory now being grown in large measure to flax, Minneapolis has risen to the largest production city of linseed oil and meal in the United States, with the possible exception of New York. Since Sept. 1, up to the first of the year more than 6,000,000 bushels of flax were unloaded at the linseed mills here, comprising the bulk of the last northwest crop and from which about 100,000 tons of meal will be manufactured, according to reports.

AKRON, OHIO BANS STREET CARS

Mayor Rybolt Secures Motor Buses and Automobiles.

Akron, O.—Akron is without street car service but its citizens were not compelled to walk, as Mayor D. C. Rybolt arranged to motorize the city with several hundred buses and automobiles.

Street car service ended in compliance with a city ordinance requiring the Northern Ohio Traction & Light Co. to cease operation when its 25 year franchise expired, unless it continued to operate at a five cent fare and free transfers. Approximately 1,600 carmen are idle.

More than 500 buses and automobiles were available to care for the 125,000 persons who daily rode on the street cars.

Under the ordinance the company must remove its tracks, trolley wires, poles and other equipment from the streets within six months.

The company first demanded a seven cent fare or four tickets for 25 cents.

Later it agreed to accept a six cent fare, pending an agreement on a new franchise which was rejected by city.

SLASH IN TAXES IS APPROVED

House Committee Reports Mellon Bill Without Change.

Washington—The Mellon tax bill has been reported to the House with but material change in the house ways and means committee has approved the surtax and income tax schedules recommended by the treasury secretary.

Acceptance of the Mellon income taxes places the treasury bill before the house, with only the following changes of importance, rejection of a proposed joint tax on community property; limitation of the reductions for earned incomes; restriction of the repeal of taxes on these admissions; modification of the proposed board of tax appeals, and special reduction in taxes to apply on those payable this year.

Under the Mellon rates the normal taxes would be reduced from 4 to 3 per cent, on incomes under \$4,000; and from 8 to 6 per cent on incomes above that amount.

No changes would be made in the exemptions for personal income tax payers.

GREEK PREMIER IS STRICKEN

Venizelos Ordered Into Retirement on Account of Illness.

Athens—Illness robbed Greece of the services of her foremost statesman—Eleutherios Venizelos.

Venizelos suffered a nervous breakdown, and has been ordered by his physician to go to the country and remain quiet for at least a fortnight. The special cabinet council was summoned to select a vice-president to act for Premier Venizelos while the latter is in temporary retirement, regaining his health.

The cabinet crisis undoubtedly will prolong the absence of King George, and probably will interfere with the proposed national plebiscite upon the future of the Hellenic dynasty and the future form of government.

U. S. Average Tax in 1922.

Washington—An average of \$63.37 for every man, woman and child in the United States was collected in taxes in 1922 by the National, state, county and city governments and all other civil divisions having power to levy and collect taxes. Taxes, collected in that year, amounted to \$7,433,031,000 the Census Bureau announced here recently. Taxes collected by the Federal Government in the fiscal year, beginning July 1, 1922, amounted to \$3,204,133,000.

DETROIT MEN PLAN NEW CITY.

The Detroit News of Sunday con-
tained the following regarding the
ambitious plan proposed by a number
of Detroit capitalists for the establish-
ment and building of a new city to be
known as Grayton.

The Plymouth Road Development
Corporation is making plans for the
creation of a new residential and in-
dustrial community between Detroit
and Plymouth to be known as Gray-
ton, and which will involve a develop-
ment of about 3,500 acres. Marketing
and improvement of this land by sell-
ing agencies will involve expenditures
in excess of \$6,000,000, it is said.

The Robert Herndon Co. has been
designated as selling agents for the
first block of property to be marketed
in lots. This first unit contains 386
acres and is at the junction of Tele-
graph Road and the Pere Marquette
railway main line to Grand Rapids
and Chicago.

It is planned to establish through
this development, one of the finest
commuter centers in the country. It
will be served by the Pere Marquette
directly into its Third street station.
The stockholders and directors of the
Plymouth Road Development Corpora-
tion include: Paul R. Gray, David
Gray, the Gray Estate, Joseph Mack,
Luman W. Goodenough, William R.
Kales, Fred J. Fisher, Bert J. Craig,
W. A. Ryan, H. B. Coffin, Roy D.
Chapin, H. H. Emmons, William I.
Carpenter, J. W. Anderson, Frank L.
Klingensmith, John Boudé, D. M.
Ferry, Jr., C. C. Wingham, Paul W.
Vothies, Henry L. Lyster, Henry M.
Bodman, Julian H. Harris and E. S.
Nichols.

The property to be developed ex-
tends between Plymouth and School-
craft Roads, from Telegraph Road
west to the limits of Plymouth town-
ship, with the tracks of the Pere Mar-
quette through the center of it. The
site of the proposed village of Gray-
ton is contained in the first unit to be
marketed by the Robert Herndon
Syndicate. The commuter station
at Telegraph Road (plans of which
are now being prepared by architects)
will form the nucleus of the new com-
munity. From other independent real
estate firms, thus far, have taken con-
tracts to dispose of other sections of
the tract for development.

11½ Miles from City Hall.

The initial development is 11½
miles from the Detroit city hall and
will provide facilities for a rapid and
orderly community growth. It is
expected that Detroit city water will
be extended to the property.

Warner and Warner, engineers, are
laying out the acreage for an ideal
development based on plans prepared
after an intensive study of commuter
centers in the east, including the
famous Forest Hills of Hetty Green on
Long Island, New York, Chicago,
Philadelphia and other cities were
studied in this respect.

The Grayton property already is
served by four trains daily over the
Pere Marquette into Detroit. The line
now is being double tracked and the
railroad officials have stated that this
will be increased as the population of
the area makes it necessary. Eight
minute service to the Ford River
Rouge plant now is available.

This property is accessible also for
motor car or bus services over either
Plymouth, Schoolcraft and Telegraph
Roads, or over Grand River, Warren
or Michigan avenues. Plymouth
Road is to be paved from Detroit
through to Ann Arbor next summer,
as is Telegraph Road between Mich-
igan and Grand River avenues. It is
adjacent to River Rouge park, of 1,200
acres, Detroit's largest park, and several
public and private golf clubs. It
is rolling, well drained, and of ex-
ceptional fertility.

Novi News.

Until further notice, the Sunday
morning service at the Baptist church
will begin at 11:00 o'clock instead of
10:30. Services will be shortened so
that the Sunday school can begin at

will be discontinued for the present,
but the monthly covenant and busi-
ness meeting will be held as usual on
the last Thursday night preceding
the first Sunday of each month. The
B. Y. P. U. members are planning to

BURGLARS VISIT SOUTH LYON.

Burglars-Friday night tried to force
four safes in South Lyon, but without
much success.

They entered the office of the United
Lumber and Supply Co., the Odell-
Wardly garage, the Walter Marshall
Elevator company and the Giddings-
Nugent Hardware store.

Attempts to blow the safe in the
office of the lumber company were
unavailing, and the thieves ransacked
the office but failed to find anything
of value.—Pontiac Press

MIDDLE WEST HIT BY SEVERE STORM

MANY CITIES ISOLATED AS RAIN
SLEET, SNOW TIES UP RAIL
AND WIRE SERVICE

DISTRESS CALL SENT BY RADIO

Tornado Sweeps Southern Indiana—
Chicago was Storm's Center—
Five States Suffer Most.

Detroit—Telephone communication
between Detroit and Chicago was en-
tirely cut off by a sleet storm and
blizzard. Chicago was almost cut off
from the rest of the country, an offi-
cial of the telephone company said.
Many wires were down within a ra-
dius of 20 to 40 miles about the city.

Very little trouble was reported by
either the telephone or telegraph com-
panies within the state of Michigan.
Some wires gave way under the strain
of the storm, but others were able to
take care of the work.

The telephone company officials re-
ceived reports of heavy snows far the
north in the state, but the storm's cen-
ter seemed to be in and about Chicago.

Many Detroit radio listeners picked
up distress calls sent out by WPAI
at Waukegan, Wis., which reported a
train stalled in the snow near Green
Bay, with the passengers suffering
from cold and hunger.

The train dispatcher at Green Bay
was unable to reach Chicago and ap-
pealed to the radio station at Wau-
kegan to summon help.

Minnesota, Wisconsin, the Dakotas
and Nebraska were the worst
sufferers. Minneapolis, St. Paul and
other cities in Minnesota were com-
pletely cut off.

Rain and sleet were responsible for
most of the trouble. Wires sagged
and many broke under the weight of
the ice and pressure of the gale.

Property damage which it is estimat-
ed will reach several hundred thou-
sands of dollars was caused by a tor-
nado which swept across southern In-
diana.

The tornado, which was followed
by hail and rain, swept a path approxi-
mately a mile wide, creating destruc-
tion in the outskirts of Evansville,
Fort Branch, seven miles north and at
Hauptstadt, 17 miles north.

COURT ORDERS SKILOH-OSTER

Cult Attorneys Agree to Loss of Cor-
poration Rights in Suit.

Dansing—Acquiescing in the state's
suit for a judgment in Ouster against
the corporation of the Israelite House
of David at Benton Harbor, formed
in 1903, the cult attorneys have abrupt-
ly terminated the first episode of what
is expected to prove a long drawn out
legal tussle in circuit court here.

By agreeing to the ouster, which
means that the House of David no
longer has any corporate rights in the
state, on the grounds of non-usage, the
cult attorneys cleared the way for the
next move by the state—namely a pe-
tition for appointment by the court
of a receiver to wind up the affairs of
the Davidites.

It is the contention of H. T. Dew
hirst and William J. Barnard, attor-
neys for the Israelites, that since 1907,
when a voluntary association was found-
ed, the corporation has not been used.
The attorneys claim that even if a
judgment in ouster is issued, the state
is powerless to proceed to take posses-
sion of the colony, as all of its corpor-
ate property was deeded in September,
1907, to the fugitive Benjamin Purnell
and his wife, Mary.

It was testified, they have never be-
come members of the voluntary asso-
ciation over which they are supreme
in all things; spiritual and temporal.

CONVICTS SHOOT DOWN GUARD

Flee Prison, Make Last Stand in Straw
Stack During Blizzard

Jefferson City, Mo.—Death from the
guns of a posse of prison guards ended
the lives of the three convicts who es-
caped from the Missouri penitentiary
after killing James Hart, a guard.

In the midst of one of the winter's
fiercest blizzards they made their last
stand in a stack of straw on a farm
five miles southeast of here. After
firing the three remaining shots in
their revolver at the guards who were
surrounding them, they fell riddled
with bullets from a dozen or more
guns. They died instantly.

Ten or more guards trailed them
across a bridge of the Moreau river
into a barn on the farm, which belongs
to George Scheppers, and thence on-
ward to the straw stack several yards
from the barn.

Old Paper Makes Building Material.

Stockholm—A new building mate-
rial made from waste paper and de-
signed for ceilings and wall linings
has been perfected by a Swedish en-
gineer, and production on a large
scale soon will be undertaken. The
raw materials are ordinary waste
paper such as accumulates in cities,
clay and sulphate lye, the cheapness
of which warrants an inexpensive pro-
duct. The covering is fire-proof and
durable; can be applied by unskilled
labor, will take paper, paint or stain.

NORTHVILLE, MICH., FEB. 8, 1924

VILLAGE BUILDING IS BECOMING UNSAFE**WHAT IS TO BE DONE TO PROVIDE A SUITABLE COMMUNITY BUILDING FOR NORTHVILLE'S NEEDS.**

The president and members of the village council are considering the necessity of removing the fire truck and apparatus from the present village building owing to the present unsafe condition of the structure. The walls of the building have been cracked for some time and they are now showing signs of bulging, making the structure a dangerous place for public gatherings, for housing the fire fighting equipment of the village and for the lodging of prisoners.

With the condemnation of the old building the village will be confronted with the problem of providing a suitable place for its needs and for the needs of the community. The matter of providing a new building suitable for Northville's needs has been discussed for a number of years and now that we are face to face with a condition that must be met, why not solve the problem in a big community way—a way that will meet the needs of the whole community.

The lot upon which the present building now stands is not of sufficient size to warrant the erection of a new building on the present site, and if it is decided to build what sort of a structure shall we erect? To the Record it seems that the time is now ripe for the erection of a community building one that will meet all the needs of the village and township, for years to come. A few weeks ago Supervisor W. H. Yerkes made the suggestion to a group of men that the village and township join forces in the erection of a suitable building to meet the needs of the community. The suggestion was a good one, but can we not join all the forces of the community, provide a building that will meet all community needs, as well as one that will merely care for the village and township?

Why not start a movement for the erection of a community memorial building by enlisting the efforts of all the people of the village and township? The American Legion needs larger and better quarters and the members have a snug balance on hand for the purpose of providing a suitable structure some day; the Foresters need larger and better quarters as do also the Modern Woodmen, the W. R. C. and all other societies now using the present Foresters' hall, the several Masonic bodies of this village need more room in which to serve their banquets and large lodge functions; the community at large needs a suitable place down town for the purpose of holding community activities instead of having to go to the High school building and disturbing classes as is frequently the case now. Cannot all these organizations and interests join forces with the village and township and as a result of this united effort provide a memorial building that will meet all the needs of the community?

Why not inaugurate a campaign and secure subscriptions to a fund to be used toward the erection of a memorial building of sufficient proportions to meet our requirements—all the community requirements. After all subscriptions have been received that can be secured, bond the village for a certain amount and the township for a stipulated sum, making the combined amount of the subscriptions and the sale of bonds sufficient to erect a building that will be a credit to the community as a whole and one that will meet every community requirement. We believe there are a lot of people who would willingly subscribe toward a memorial fund to be used for this purpose. Not only would those who are living here now be glad to assist in this worthy undertaking but many of those who have moved away have interest enough in the old home town to contribute something toward such a fund.

If anyone has a better plan The Record would be glad to give their suggestions and ideas publicly. In any event we believe the time is ripe for some such a combination of interests and efforts. What say you?

PRESBYTERIAN CHURCH NOTES.

The usual services will be held Sunday morning. In the evening the other churches of the village will unite with us.

The ninth annual birthday party of the Westminster Guild will be held at the church parlors on Monday evening, February 11th, at 6:30. Dinner will be 75 cents a plate.

The Woman's Union will meet at the church on Wednesday afternoon next at 2:30.

ST. PAUL'S LUTHERAN CHURCH.

Next Sunday English service, 10:30 a. m. Theme of sermon, "Your Baptism."

Tonight the Young People's society will meet for its monthly meeting and to practice for the coming entertainment, to be given March 3rd.

The Ladies' aid will meet next Thursday afternoon at the residence of Mrs. Anna Mesner.

Sunday evening a social evening of the congregation will be held at the residence of Fred Foss.

Carl Miller, who has been ailing for some time, has been taken to Harper hospital, Detroit.

METHODIST CHURCH NOTES.

Go to Church Until Easter.

Next Sunday our service will be for the older folks and we look for a full church. "At Eventide It Shall be Light" will be the sermon. Come and worship.

The Sunday school will be at 12:00 noon. We are very sorry ill-health prevents our faithful superintendent, W. D. Stark, from fulfilling his duties. He has labored faithfully in the capacity and we all love him. We are thankful for new blood in Floyd Salow, who is ably filling the office. Let us rally around him and give him all encouragement.

In the evening at 7:30 we will unite with the "Law Enforcement Service" in the Presbyterian church.

BAPTIST CHURCH NOTES.

A conference of representatives of Baptist churches of this part of the state was held in the church yesterday. Matters of great importance to the denomination were discussed.

Remember Sunday evening the 17th, that is the Sunday Vespers Bury will conduct the service. Bury will be announced next week.

Christian Endeavor will meet next Sunday evening as usual. Owen Horsfall will lead.

Prayer meeting Thursday evening as usual.

The pastor will be out of town most of next week, Monday, Tuesday and Wednesday, assisting in revival meetings at Plushing and Friday will speak at Walled Lake.

Sunday morning sermon will be helpful to all. See the subject in our ad.

Union meeting at the Presbyterian church Sunday evening. Friends of Joe J. Payne will be glad to hear that he is having successful meetings in Flint. Will be there all next week.

ADD FATHER & SON BANQUET.

It is to be regretted that all the mothers of Northville cannot enjoy the "feed" with the fathers and sons, but that is impossible. As a compromise to the women, however, the committee will arrange to seat the balcony and the ladies are cordially invited to be present at 7:45 to enjoy the program. Dr. Crooks' coming to Northville is a distinct compliment to the community and the ladies will thus be given an opportunity to hear him.

AUCTION SALE, FEBRUARY 21.

Wm. J. Miller will have an auction sale at his farm one and a half miles west of Novi, on the Grand River road, on Thursday, February 21, commencing at ten o'clock. A hot lunch will be served at noon. L. W. Lovell will conduct the sale.

WHERE DID YOU FIRST KNOW DEFEAT? IN MY HEART

Out of the heart are the issues of life. In the heart is the battle ground where victory comes or defeat. The impossibles—the Can't Be Done's—the I dare not's and the I'm afraid's are all born in the heart. Most failures come because we think defeat.

It is a dark day when one's own heart discredits him. Then we see only giants—only floods of fear—only the unfavorable.

The Hebrew people had been in the wilderness more than 3 years. They had an established order. They had their great ten laws. They came up to the border of a new possession.

The Promised Land was all to the good. Their twelve agents said so—but ten of them were pessimists and drew such delightful pictures that folks voted to remain in the wilderness.

How much good causes are delayed—hindered—blocked by the folks who have let defeat occupy their hearts.

A deputy collector of internal revenue will be at the office of T. R. Carrington on February 15th and 16th, for the purpose of assisting taxpayers in filling their current income tax returns for the year 1923. The deputy will be glad to render whatever service he can to assist the taxpayers in this regard.

Rev. G. H. Whitney of Plymouth, a retired Methodist minister, died in Florida last week Monday, aged 67 years. With his wife he had gone south early in the winter, but was taken ill enroute and never recovered. The remains were brought to his home in Plymouth and funeral services were held on Friday with burial at Birmingham.

Northville boys defeated the Dearborn High school team at Dearborn last Friday night in a very interesting and well played game, the score being 15 to 12. Northville girls lost to the team of 31 to 37, the referee engaged by Dearborn being too great a handicap. She was a Dearborn product, but now claims Ypsilanti as her abiding place. Her decisions were unfair and unjust and she put many of Northville's players out of the game without cause. Dearborn girls were heard to remark after the game "Gee, we never can lose when she referees." There is a time coming, however, and it is only a few weeks away when the Dearborn girls will be defeated by Northville. Watch for the cat.

Dexter Green is ill at his home. Don't forget the story telling for the children at the library this Saturday afternoon at 1:30.

Mrs. Charles Preston was called to Owosso the first of the week on account of the illness of her daughter. Deputy Inspector Charles A. H. Thom paid an official visit to Northville Commandery, Knights Templar, on Tuesday evening. A dinner was enjoyed before the meeting.

Mr. and Mrs. Leon Green visited Mr. and Mrs. John Green at Northville Monday evening. In returning home the car skidded and broke a wheel off the car—Farmington Enterprise.

Mr. and Mrs. George Knok, who reside in Livonia township in the vicinity of Pike's Peak, recently celebrated their fiftieth wedding anniversary, and among the guests present to enjoy the affair were Mr. and Mrs. Henry Ford. They were old neighbors 17 years gone by of the Knoks.

C. A. Sessions, who is serving on court jury, was excused from jury on Tuesday, owing to the fact that many of the jurors residing in the outlying districts could not reach the city in time for the opening of court, being delayed on account of a sleep storm.

At the meeting of the Northville Exchange club Wednesday noon, William Richards gave a report of the state convention recently held at Jackson. Dr. Paul Alexander gave an interesting talk on the subject of nutrition and E. E. Brown paid a fitting tribute to the memory of former president Woodrow Wilson, reading the eulogy given by Senator Lodge, and sketching briefly the outstanding events in his busy life, making the application that as Mr. Wilson's life was one of service to principles and causes he deemed worthy and just, so each individual ought to be ready and willing to render such service in the towns in which they live—that their lives might be a blessing and a benediction to the communities they delighted to call home.

SAVE YOUR OLD PAPERS

The members of the Northville High school football team are gathering old papers for the purpose of raising funds to purchase new uniforms for next fall. Friends of the school are urged to save their newspapers and all other refuse papers and they will be called for.

OBITUARY

John R. Davis, the mayor of Petoskey, died Monday. He was a former resident of Northville, leaving here about 45 years ago and locating in the then little back woods village where he became prominent in the development of the present beautiful city of Petoskey. He leaves two daughters, Flora and Lida and was also an uncle of Mrs. F. S. Harmon and Miss Della Simonds of Northville. He was one of the few surviving members of Petoskey Post, G. A. R.

AN ATTRACTIVE SHOW ROOM

Schrader Brothers are busily engaged this week re-arranging their stock of furniture and home furnishings. Their new basement show room is a most attractive one and they have their display of rocking chairs there. The room is brilliantly lighted with ceiling lights and the steel ceiling and side walls have been tastefully decorated. The wide stairway leading to the basement affords an easy access to the room and the public will find this a room they will enjoy visiting. The stock is being re-arranged on the second floor and when that job has been completed the goods displayed on the main floor will be changed about with the idea of displaying full bedroom and dining room suites. Their new stock is beginning to arrive and the rooms will be filled to overflowing when all the attractive pieces of furniture are on display.

LINCOLN'S

GLORIOUS HERITAGE

From the obscurity of a backwoods cabin in Kentucky to the White House—Lincoln's rise over the handicaps of the pioneer and over disappointments and discouragements ever will stand as the great example to the truly ambitious.

It is not alone Lincoln the martyr President we honor. Lincoln, the man of human sympathy, of patience, of truth, of justice, will live forever in the memory of our people.

Lincoln left an undying heritage—an inspiration to every man and woman, boy or girl.

The determination to succeed will prevail today, too. And in the struggle to get ahead there is no bigger aid than a growing bank account.

Rabbit Fur Used for Making Cloth.

Kirkland, Wash.—Experiments are proving successful in the mixing of rabbit fur with wool in the manufacture of cloth. The amalgamation ratio is about one-third rabbit hair to two-thirds wool, with the result that a warm furry feeling cloth is produced. Tests as to strength have proved it may be used wherever woolen cloth is practicable. For warm clothing of aviators, seamen and motorists this new fur woolen is adaptable.

Indians Facing Extinction.

Buenos Aires—The Indians of Argentina are facing the absolute certainty of extinction within the next few years, when the last tribe must be swallowed up by the ever-increasing Spanish population, or fall before the bullet and the sword. The government will not recognize them as people, apart and gradually is breaking their remaining tribal barriers, forcing them to adopt civilization, virtually as slaves of huge land-owners, or live the lives of outcasts.

REGISTRATION NOTICE.

To the Qualified Electors of the Village of Northville, (Precinct No. 1) State of Michigan:

Notice is hereby given that in conformity with Act 126, Public Acts of 1917, the undersigned Village Clerk, will, upon any date except Sunday and a legal holiday, or the day of any regular or special election or official primary election, receive for registration the name of any legal voter in said Village not already registered who may apply to me personally for such registration, or who may make application for registration by mail or messenger, as provided by Act 126, Public Acts of 1917, except that I can receive no names for registration during the time intervening between the Second Saturday before any general or special election or official primary election and the day of such election.

March 1, 1924—Last Day for General Registration for Election March 10.

All electors not already registered and intending to vote at said election, should make application to me on or before the 1st day of March, A. D. 1924.

Notice is further hereby given that I will be at the Village Hall, Northville, state of Michigan, on

FEBRUARY 16, and FEBRUARY 23, 1924, from 8 o'clock a. m. to 8 o'clock p. m. on each of said days for the purpose of reviewing the Registration and Registering such of the qualified electors in said Village as shall appear and apply therefor.

REGISTRATION OF ABSENTEE BY OATH.

If any person whose name is not registered shall appear and claim the right to vote at any election or shall, under oath, state that he or she is a resident of such precinct and has resided in the Village TWENTY DAYS next preceding such election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the constitution; and that, owing to the sickness or bodily infirmity of himself or herself, or some member of his or her family or owing to his or her absence from the village on public or business of his or her own business, and without intent to avoid or delay his or her registration, he or she was unable to make application for registration on the last day provided by law for the registering of electors preceding such election, then the name of such person shall be registered and he or she shall then be permitted to vote at such election. If such applicant shall in said manner, wilfully make any false statement, he or she shall be deemed guilty of perjury, and upon conviction, he subject to the pains and penalties thereof.

Registration by Mail or Messenger

Under Act No. 7, Public Acts of 1919, the privilege of Absent Voters is extended to include registration. Upon compliance with this act registration can be secured by mail without personal appearance. An affidavit similar to the following must be made:

I, _____, being duly sworn, depose and says that he is a duly qualified elector of the Village of _____ Ward or Precinct of the Village of _____, in the county of _____, in the State of Michigan, that he is not now registered as an elector therein, and that he makes the affidavit for the purpose of procuring his registration as an elector in accordance with the statute.

Taken, subscribed and sworn to before me this _____ A. D., 1924.

Signed _____, Notary or Justice.

The time limit for registration by mail or messenger is the same as where personal application is made. Therefore the affidavit of an elector desiring to register by mail or messenger must be received by the Village Clerk not later than the SECOND Saturday preceding the Election.

NOTE—A blank form for making application for registration can be had by addressing the Village Clerk and giving name of Village above named.

Provisions in Case of Removal to Another Precinct.

Any registered and qualified voter who has removed from One Precinct of a Village to another election precinct of the same Village shall have the right, on any day previous to election day, on application to the Village Clerk, to have his or her name transferred from the registration book of the precinct from which he or she then resides. Such elector shall have the right to have such transfer made on Election Day by obtaining from the board of inspectors of election of the precinct from which he or she has removed a Certificate of Transfer and presenting the said certificate to the Board of Election Inspectors of the Precinct in which he or she then resides.

C. J. Crawford, Oakland county drain commissioner, read a paper at the state convention of county drain commissioners at Lansing Tuesday. Mr. Crawford's topic was "My Impression of Act No. 313." The law in question is a complete revision of the drain laws for 1923. W. W. Surraight, L. C. Jarrendt and Maurice Baldwin, other members of the Oakland county drain commission, accompanied Crawford to the convention.

The public is reminded of the home talent play to be presented by members of the W. M. B. class of the M. E. Church at the High school auditorium this evening.

Monday evening, February 18th, has been selected as the date for the next conference of the Pontiac Council of Religious Education and it is expected that all of the Sunday schools of the county will be represented at the meeting. A pot-luck supper will be served at 6:30 and the conference will follow.

SUPREME COURT DECISION UP HOLDS COLLEGE BOARD.

Some endorsement of the State Board of Agriculture as the constitutional body solely charged with directing the affairs of the Michigan

Agricultural college and defeat for Gov. Groesbeck and the State Administrative Board were included in a decision handed down February 2 by the State Supreme Court, thus closing the controversy which has raged since July, 1923, between the State Administrative Board and the State Board of Agriculture.

By this decision the Administrative Board is compelled to release \$150,000 in agricultural extension funds, which it has been withholding in an effort to force the College Board to meet its demands, which, in effect, were virtual surrender of the Agricultural College and its state-wide educational system to the Administrative Board headed by the governor. This, the college board held to be contrary to the provisions of the State Constitution and the farmers threw the matter to the courts, with resulting vindication.

BAPTISTS OUT AFTER \$950,000 FOR WORK.

Michigan Baptists have started a drive to \$950,000 for missionary and current expenses of the year. This sum will provide for all denominational projects for the year, in the opinion of Dr. H. C. You'll Need Coal

During the next few months you will need a good supply of COAL and we are in a position to serve you.

It will be to your mutual advantage to keep your bins reasonably well filled, because a continued cold spell—such as we usually get at this time of year—will make the fuel situation most acute.

Do not permit your bin to get where you are compelled to scrape the bottom.

We take this opportunity to again thank one and all for the patronage of the past year and to express the hope that we may be permitted to serve you during 1924.

"THE FOOL" AT THE GARRICK.

A splendid opportunity is offered to the theatre patrons of this section to see the outstanding dramatic success of the American state "The Fool" which opens a limited engagement at

the Garrick theatre, Detroit, on Sunday, February 10th. There will be popular priced matinees on Wednesday and the usual matinees on Saturday.

By special arrangements with the

Selwyns, the producers and Channing Pollock, the author, the Garrick theatre has obtained this great play at the termination of its Chicago engagement at the Selwyn theatre where, for six months it has been playing to capacity

audiences and where seats were eagerly sought after weeks in advance. Not only have the critics and the public acclaimed "The Fool" as a really good play but in New York, Chicago, Boston and Philadelphia it has been the topic or sermon by Protestant ministers, Catholic priests, Jewish rabbis and Christian Scientists. Many clergymen have announced from their pulpits that they would rather have their congregations see "The Fool" than to hear a sermon.

While "The Fool" conveys a great lesson it also affords splendid entertainment of the sort that appeals to both old and young. Its four acts bristle with dramatic situations and throughout the story there is interwoven a romance of rare charm and beauty.

MAKING GREAT PLANS FOR J-HOP.

Miss Aletha Yerkes will attend the 1923 J-Hop, the premier social event of the University of Michigan, that will be held February 8th in the combined gymnasiums of the campus. Attendance at this ball is considered one of the highest social honors that can be conferred upon a guest by the University.

The J-Hop is a giant ball toward which the efforts of the entire junior class of the University are bent many months before in an effort to make it surpass any other event of its kind in the country. More than 850 couples, gathered from every corner of the United States, attend.

The two combined gymnasiums where the ball will be held are entirely transformed for the event. A novel form of decoration, never before used on such a large scale, will be tried at this year's hop. Each of the gymnasiums where the dance will be held will be transformed into gigantic Eskimo villages for the occasion.

Constructed about the sides of the ballroom will be the igloos of the Eskimos, built realistically and with light shining from their doors. Above them, and from the edge of a balcony that surmounts the room, dripping ice will be placed. Still above this a cold dark blue sky will be the sky and a frozen north.

FRENCH STUDENTS TO PRESENT PLAY.

The "Le Medecin Malgre Lui" will be the title of the play to be given by the Cercle Francais. The Cercle is composed of honor students from the French department. The cast includes William Randall, Anna A. von Estler, A. Keris, Ann Arbor, Horbert N. Sewell, Ann Arbor, Charles H. Hognan, Coldwater, Philip J. Prenevost, Iron Mountain, Donald E. Snyder, Detroit, Evelyn Smith, Ann Arbor, Elwood Fayfield, Buffalo, N. Y., Emmanuel N. Karay, Detroit.

The above item was taken from the Sunday Free Press and as Miss Smith is the daughter of Prof. and Mrs. J. Henry Smith, who have many friends in this section, many Record readers will be glad to hear of her success. Miss Smith is a junior on the campus and is to be the guest this week-end at the Delta Tau Upsilon fraternity, attending the J-Hop Friday evening, Michigan opera Saturday afternoon formal dinner dance Saturday evening and open house on Sunday.

DON'T WASTE TIME

It's a waste of time to experiment with moments and plasters when you have a dull throbbing headache or aching, aching twinges. Get after the cause. Help the kidneys with Doan's Backache Pills. Read this: "I had been feeling miserable for quite awhile. At first I didn't know what the trouble was, but my kidneys began to show signs of trouble and in various ways I could tell they were at fault. My back had a pain, dull pain just over the kidneys, a severe pain. I could hardly get a wink of sleep. I tried to this day to get a backache, but I was not able to. I tried different remedies but only got temporary relief. I was finally advised to try Doan's Backache Pills. I began using them and two boxes of Doan's Backache Pills cured me of the trouble." Forecasting A Tremendous Spring Demand

739,626

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

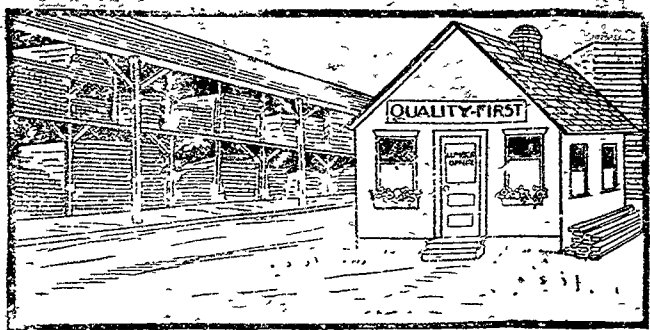

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand, during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

EX-PRESIDENT WOODROW WILSON DIED SUNDAY MORNING.

Like every other community throughout the length and breadth of America, Northville people learned of the death of Ex-President Woodrow Wilson, which occurred at his home in Washington, Sunday morning at 11:15, with deep regret. His last illness was short, although he had been in feeble health for many months. Mr. Wilson, let us hope, found in the sweet sleep of death that peace for which he "gave the last full measure of devotion" in his efforts to bring a war-torn world to a condition where all men might dwell together in harmony and peace.

MRS. BELLE McCULLY SELLS MILLINERY STOCK.

Mrs. Belle McCully, who has conducted a millinery store in Northville for several years past, sold her stock last week to Miss Clara Beard of the Northville Fashion Shop. Mrs. McCully will assist Mr. McCully in the shoe store, his business having grown to such an extent that he requires extra help. Miss Beard will appreciate the patronage of Mrs. McCully's old patrons and she will strive to serve them in a manner that will prove mutually satisfactory. For the approaching spring season she will offer the ladies of Northville a larger and more extensive assortment of millinery and ready-to-wear garments than she has ever shown before, having already made her selections in many lines. Miss Beard spent some time during the past week in the millinery markets and selected an assortment of millinery goods that will delight the ladies of this section.

PICK MICHIGAN CORN KING FOR PAST YEAR.

Charles Laughlin of Dansville, Ingham county, is Michigan's corn king for 1923, according to announcement made at Lansing this week in connection with the crops program of the annual M. A. C. Farmers Week. With a record of 82 bushels per acre, or about 175 "bushels" Laughlin led his nearest competitor by more than ten bushels to the acre. Seven other state farmers turned in very creditable records and were listed as finishing the year's contest. J. M. Sweglus of Plymouth, who won first place in the corn contest at the Northville Wayne County Fair last fall did not compete at the M. A. C. His yield per acre was 35.31 bushels.

IN TRYING TO GET HUDSON'S COAT, HE LOST HIS OWN.

An Associated Press dispatch from New York under date of the 5th, stated that Representative Grant M. Hudson of Lansing, Mich., and Rep. Joan Philip Hill of Maryland are on the outs. It happened at the Saturday discussion of the National Republican club with prohibition as the theme.

The congressman from Michigan had the floor. The congressman from Maryland started to heckle. He got up in his seat and interrupted the Michiganander with the suggestion that the Eighteenth Amendment was "put over" while the American soldiers were overseas.

"That's a falsehood," snapped back Mr. Hudson. "It was not over five months before we entered the war in April 1917 because the House of Representatives was elected in the preceding fall, and the issue was thoroughly understood in every Congress district."

"I was on trying to get his goat," Mr. Hill stated afterward.

FORMER NORTHVILLE MAN BURIED AT WASHINGTON.

A Washington, D. C. dispatch of Wednesday to the Detroit Free Press contained the following: "Irving Peeples Tate, who was born in Northville, Mich., December 22nd, 1863, and who died at his home in this city Sunday, was buried yesterday afternoon in the congressional cemetery in Washington. Educated in Massachusetts, he came to Washington about 30 years ago and was thereafter an employee of the bureau of engraving and printing here."

NOVI NEWS.

The Novi school is having a "mumps" time. Mr. and Mrs. Frank Clark were Pontiac visitors Saturday. Mrs. Ed Grace entertained her sister, Mrs. H. Young of Walled Lake, on Tuesday. Mr. and Mrs. Beckwith, Mrs. Bourn and Mrs. J. O. Munro and daughter, Mary, were Pontiac callers Saturday. Last March the ladies of the Women's Home Missionary society of the Baptist church entered upon a contest, the opposing sides being under the leadership of Mrs. Lizzie Coates and Mrs. Mho Chapman. As a result of the efforts put forth by the ladies the contest has netted the society the handsome sum of \$343.53, with Mrs. Chapman's side considerably in the lead. The losing side, it was agreed, must serve a chicken dinner to the visitors and the happy event will take place at the home of Mrs. Earl Banks next Thursday. It is said that a large number of Novi chickens are sleeping with one eye open this week in anticipation of being called home.

Lansing—Edward Frensdorff of Hudson, and James K. Balch of Kalamazoo, will probably fight it out for the Democratic nomination for governor in the August primary, party state leaders announce.

DON'T HAVE GOITRE.

Michigan Lady Tells of Relief From a Lintment. Mrs. Ernest Dowd, Sressey, Michigan, says she is willing to write any one how she was relieved of goitre by Sorbol-Quadruple, a colorless lintment.

Why Your Electric Light Bills Go Up and Down

In Winter you depend upon artificial lighting nearly three times as many hours in each 24 as in summer.

In June the average use of electric light, in a residence, is 2 hours and 35 minutes a day.

In December the average use of electric light, in a residence, is 6 hours and 50 minutes a day.

This is perfectly natural. As the summer days lengthen, the "electric light hours" become shorter. So on until January when the days grow shorter and the "electric light hours" grow longer.

There are other reasons, too, why your bills in fall and winter are larger than in the spring and summer, good reasons that show it is simply the result of the season's changes; your more extensive use of electric light, and not the fault of the electric light company at all.

When summer is over, vacations are over. Everybody is home again; more rooms are occupied; more light is needed.

Long evenings—late bedtimes. The outside cold keeps us indoors. The soft, cozy glow of electric light makes reading a pleasure. More people stay home on this account. The newspapers, magazines, study or a good book, music and games pass the evening all too quickly. It is bedtime before one knows it!

More entertaining is done—parties at home for the grown-ups and little folks. Sometimes the house fairly radiates with the good cheer of electric light.

Think this all over carefully and you will see why your winter electric light bills can reasonably triple those of summer.
