of Detroit will entertain with Dancing, Singing, Pantomimes, Character, Monologues. See Baby Bernadette in her dancing act. Twelve (12) numbers. Don't miss it.

Tickets on sale at Northville Drug Co. Saturday Morning.

URGENT AN AROUSED PUBLIC OPINION.

Harry W. Holmes, of New York City, who addressed the union meeting at the Presbyterian church Sunday evening, urged upon his hearers the necessity of arousing public opinion in support of the Eighteenth amendment if it is not to be regarded as a mere scrap of paper, and the provisions of the Volstead act a joke. People seem to have formed the idea that with the adoption of the amendment the open saloons had been driven from America and that nothing further need be done, but to sit back and permit the officers to enforce the law. Without an aroused public opinion to support the officers in their efforts at law enforcement there is but little that will be accomplished, Mr. Holmes declared. There are but 1,500 Federal prohibition officers engaged in the attempt that is now being made to enforce the law, and how can such a small number of men handle a proposition of such proportions?

He urged the people to return to the old days when every boy and girl was taught the evil influence of alcoholic beverages and when men and women were willing to make some personal sacrifice in the battle that was being waged against the open saloon. He said his special compliments to the men of wealth and influence in all communities who keep a stock of liquor in their cellar for their own personal use, and asked how these men could expect other men to observe the laws of the land if they were not willing to abide by them. Mr. Holmes also declared that where officers really tried to enforce the present liquor law but little trouble was experienced in its enforcement. But in too many instances officers pass the responsibility on to some one else and close their eyes to their duty and their gath'ring office.

President C. A. Dolph presided and in his opening remarks stated that he believed the present village council had done all they could to enforce the present laws. He expressed his belief that Northville was a law-abiding community and cited the fact that but very few of our people ever have occasion to go to court to settle their difficulties. There was, however, an element here that was determined to override the expressed wishes of the people and were openly violating the present prohibition laws. It is a difficult task to catch these fellows, and he urged the co-operation of the people to bring these violators to justice.

Rev. William Richards read the scripture lesson of the evening and Rev. A. K. MacRae offered prayer. The male quartet sang "Give Us A Stainless Flag."

FORD INDUSTRIES EMPLOY 162,792.

Henry Ford employs 162,792 men in his major industries. It was announced Monday by the Ford Motor company.

Of this number, 121,214 are employed in manufacturing plants in the United States, with the Highland Park plant leading a total of 68,285 being employed there. Employees in foreign lands total 11,023, and 24,323 are employed in American branches.

An increase of 14,000 more men at the River Rouge plant over last year is reported. There are 41,810 employed there as compared with 28,000 in January 1923. More than 12,000 are employed in the foundry alone.

On the D. T. & I. railroad, 2,525 are employed; in the coal mines there are 2,282, at the Ford trade school 720 and at the Henry Ford hospital, 790.

YPSILANTI VOTES FORD SITE FOR POWER DAM.

At a special election at Ypsilanti Monday the voters approved the selling of the waterworks plant site for a dam on the Huron River and a tract of municipally-owned land to the Ford Motor Co., for \$30,000. The vote was 1,638 to 112.

Nothing definite is known as to the plans of the Ford Co., but it is understood that it will erect a woolen mill for manufacturing of upholstering cloth. The mill probably will be located about three miles south of the city.

ALBERT HALL GOES TO MILFORD.

Albert Hall, who recently gave up his position with the Michigan Bell Telephone Company at this place, has arranged to take over the management of the Milford Telephone Company and will enter upon his new duties to-day. The Milford exchange has about 500 subscribers and Mr. Hall has an option to purchase the plant and business within a year if everything proves satisfactory.

AMERICAN LEGION IN MEMBERSHIP DRIVE.

In keeping with all other American Legion Posts throughout the state Lloyd H. Green Post of Northville is engaged in a membership campaign, which will be continued until February 22nd. It is the desire of the officers and members of the local post to have the names of all ex-service men enrolled on their list membership, and there are a good many reasons why all the "buddies" should belong to the Legion. The organization is rendering a distinct and helpful service to its members and to those who are dependent upon its members, and in this work of humanity every man ought to have a part.

President Charles A. Dolph has issued the following proclamation endorsing the membership drive:

"WHEREAS, 200 young men and women of this city served in the World War as members of the armed forces of the United States government, offering their all to the country in time of need, and

"WHEREAS, those who have returned home have taken their place in the community's life in such a manner as to win the admiration of all, and

"WHEREAS, the American Legion has been organized as the one fraternal society which welcomes to its ranks every man or woman who served honorably with the colors, and

"WHEREAS, further, the American Legion is a notable force for patriotic service and sentiment, and

"WHEREAS, the American Legion has been of invaluable service to the ill and disabled,

"THEREFORE, I, Chas. A. Dolph, Mayor of the City of Northville, do hereby recognize and call public attention to the membership campaign which the American Legion is now conducting in our city, with particular reference to the drive scheduled from Lincoln's Birthday, February 12th, to Washington's Birthday, February 22nd, and I do suggest to our citizens that they give every assistance to this program, and I urge that every eligible veteran associate himself with the American Legion."

FOR BETTER MAILING WEEK.

The week of February 18th to 25th has been designated by Postmaster General Harry S. New as "Better Mailing Week." It is estimated that it costs the people of the United States the large sum of \$1,740,000 because of the careless addressing of mail matter, both letters and newspaper.

There is every evidence that the mailers of incompletely addressed matter believe that to the postal service nothing is impossible. The implied compliment is appreciated but it must be remembered that this no longer is the age of the town pump and that our cities have grown so that no longer can a mail distributor be expected to know "everybody in town." Mail inadequately addressed and requiring directory service of course means delay. Often it must be returned to the sender for a new address. For the lack of a return address nearly 20,000,000 of these are sent annually to the Dead Letter Office.

No matter which course these letters take it means loss of money. Directory service and the Dead Letter Office are costly to the Postal Service. Delay and non-delivery are more often than not, costly to the mailer.

FATHER AND SON BANQUET A HUMMER.

The second annual father and son community banquet was held at the High school gym last night and as we went to press everything indicated that the gathering would be the biggest thing of its kind ever held in Northville—225 tickets having been sold.

We can say but little about the affair this week. It is enough to inform the doubters that when they say "It can't be done," Northville usually goes ahead and performs the task. And that was just what happened last night.

ELECTORS TAKE NOTICE.

Owing to the unsafe condition of the village hall the caucuses called for Monday and Tuesday nights of next week will be held at the office of the Lovewell Farms Company and not at the village hall as indicated in the official notices.

Mrs. Grace I. Lord of Farmington, widow of W. E. Lord, who published the Farmington Enterprise for a number of years, died Tuesday night in Harper hospital, Detroit of pneumonia.

Up-to-Date Hardware Service

When you want good hardware, come to us. We handle only the best—and we sell at reasonable prices.

Perhaps you didn't know that we also have an automobile accessory department.

We carry a fine line of advertised accessories—a companion line to our high grade hardware.

We also sell Gargoyle Mobiloils. Drive around and let us tell you about the scientifically correct grade of Gargoyle Mobiloils for your car.

You can also get a copy of "Correct Lubrication"—a booklet every motorist needs.

GARGOYLE, Once Used, Always Used

HOW YOU SAVE

Most homes use the electric sweeper. A prime reason is its economy. Here is an estimate of the money it saves in the course of a year:

312 hours of sweeping, dusting, beating rugs and other incidental work, at, say 30 cents an hour	\$93.60
Avoids the frequent replacement of brooms, dust pans, dust cloths, brushes, etc.	\$10.00
Prevents wear on rugs and carpets due to imbedded grit which cannot be removed by broom, say	\$5.00
Total saving in 12 months	\$108.60

To say nothing of the saving of priceless health and strength.

Come in and talk with us about this.

A MAN SIZE JOB.

Charles G. Dawes, Owen D. Young and Henry M. Robinson, the American members of the committee appointed by the Allied Reparations Commission to investigate German finances with a view to arriving at a settlement of the reparations tangle, are undoubtedly tackling the biggest job in the world today.

Citizens of the United States, after reading opening statement of Mr. Dawes in Paris as chairman of this committee, should be thankful that in these days of complicated political problems a common, everyday American could stand up before a group of European diplomats and cut right to root of present trouble as Dawes did in his remarks.

Mr. Dawes' opening statement should be read in every school house in the United States, so that the younger generation could hear a bit of real hard-boiled American reasoning that would be comparable to statements issued by our great national leaders who have made American history since the Revolution.

It is well for the American people to keep in mind the fact that men like Dawes, Young, and Robinson are characters who can develop only in a free country, unhampered by the rule of thumb laid down by too much aristocracy and official red tape. They are men who have come up from the ranks. They are men who have worked their own way. They are men to whom money merely from the standpoint of representing wealth means nothing. They are men who out of courtesy or deference to the royalty of Europe, might doff their hats, but so far as being awed or impressed by foreign diplomats or rulers with pow-wow decorations on their coats all that means nothing to them.

And as a Frenchman says about Dawes, "He is one whom you cannot do."

"THE FOOL" AT THE GARRICK.

Press, public and pulpit of Detroit have united in praising "The Fool" as the greatest drama ever shown in the city.

It is playing the Garrick Theatre and begins a second week Sunday night with strong indications that the engagement will have to be extended to a third week, in order to accommodate the throngs.

Ever since the opening night last Sunday the Garrick has been playing to capacity audiences. By special arrangement the management of the Theatre and Wallace Decker, manager of "The Fool" for the Selwyns, the producers, have effected a plan to give preference to out-of-town orders for seats which may be reserved by mail or by telephone owing to the fact that during the past week thousands of persons outside of Detroit saw this drama.

That "The Fool" is a great play is admitted by everyone. That it is the sort of a play that aids in making this a better world to live in will be attested to by everyone who sees it. The story, that of a young minister who is ousted from his pulpit because of his outspoken condemnation of his congregation, is virile and gripping. Thrilling climaxes mark each of the four acts which are elaborately staged.

GOOD THING FOR MICHIGAN.

A number of the teachers in the public schools of Oakland County joined in the preparation of the following decalogue for their students and all the schools in the state will be asked to join in the movement. This decalogue of "dos and don'ts" might well be adopted in Michigan if you will read them carefully you will find they can well be adopted by parents in every community.

- 1—Thou shalt not allow thy child unrestricted use of thy automobile.
- 2—Thou shalt not permit thy child to go joy riding.
- 3—Thou shalt not let thy child perform the ultra-modern in dancing.
- 4—Thou shalt not permit thy child to smoke.
- 5—Thou shalt establish a standard of modesty and simplicity in thy daughter's dress.
- 6—Thou shalt make thy child to study regularly at home and not let diverting entertainment precede school days to interfere therewith.
- 7—Thou shalt not give thy child an over-supply of spending money.
- 8—Thou shalt inculcate in thy child a respect for property—one's own and other people's.
- 9—Thy child shall dance not later than 11:30 p. m.

MILFORD GETS DETROIT-FACTORY

The Schneider Manufacturing Co., has definitely decided to move their plant and business to Milford. This decision is stated in a letter to H. J. Reid, president of the Milford Board of Commerce, and another to C. I. Gilbert of the Farmers Bank. The company expects to begin a new building on land near the Pere Marquette depot as soon as weather conditions permit. The building will have side walls of concrete blocks one story high—Milford Times.

Will He?

The man who knows better must be expected to do better.

SENATE VOTES TO OUST DENBY

REQUEST FOR RESIGNATION BE CAUSE OF OIL LEASES WINS BY 47 TO 34 VOT.

PRESIDENT DEFIES DEMAND

Declares Resolution Usurps An Exclusive Executive Function—Denby Will Not Resign.

Washington—President Coolidge has flatly refused to dismiss Secretary of the Navy Denby at the behest of the senate.

By a vote of 47 to 34, the senate has declared its sense of that body that the president immediately should call for the resignation of Denby because of leases of the former secretary of the interior, made to E. L. Doheny and Harry F. Sinclair.

President Coolidge has issued a formal statement announcing that he would ignore the senate resolution which he pronounced an invasion of exclusively executive function. He said that as soon as he is advised by his special counsel, Strawn and Pomerehne, concerning the legality of the leases he will not hesitate to call for the resignation of any official whose conduct in this matter in any way warrants such action on his part.

President Coolidge reached this decision following a conference with Weeks and Denby had determined that he would not resign unless the president should pronounce this retention embarrassing and it was with gratification that he learned of the refusal of the executive to bow to the will of the senate.

The president's statement was read to Senator Robinson, Democrat, Arkansas, minority leader of the senate and author of resolution adopted.

COMMISSIONER IS POWERLESS

Upper Peninsula Rail Row Must Be Settled by States.

Washington—The states of Michigan and Wisconsin will have to make their own provisions for a renewal of train service across their common boundary and the Interstate Commerce commission has announced its inability to help in this matter.

The question before the commission was a complaint filed by the railroad commission of the two states against the Chicago and Northwestern and the Minneapolis, St. Paul and Sault Ste. Marie railroads, in which it was set forth that passenger trains were discontinued between Sault Ste. Marie, Mich., in 1918 and between Sault Ste. Marie, Mich. and Wakefield, Mich. in 1922.

The state commissions have investigated and found the present service inadequate. Each of them was complaining ordering service renewed on its own side of the boundary but the railroads involved held up this action by pleading that the federal commission has exclusive jurisdiction when a state line is crossed.

The Interstate Commerce Commission's decision is that, in the absence of specific legislation in the federal law only unmistakable evidence to confer power on it would warrant its assumption of such power by a construction of the statute and it finds that the jurisdiction to regulate the operation of passenger trains was not vested in it.

CHARGES FARM COMBINE PLOT

Implement Manufacturers and Dealers Are Involved.

Washington—A complaint charging principal agricultural machine manufacturers and some 500 local implement dealers in Atlantic coast states with conspiracy to restrain trade by cutting off machine supplies to farmers' co-operative associations has been issued by the trade commission.

Reciting the grounds for its action, the commission said that retail dealers in agricultural implements located in all the territory between New England on the north and South Carolina had combined for more than seven years to boycott any manufacturer who sold to co-operative enterprises.

They were further said to have fixed prices and profit margins in the sale of the implements, while the manufacturers named were said to have "continuously assisted the local dealers' associations in carrying out their purposes, and to have contributed money for this purpose."

FILIPINOS ASK FOR LIBERTY

Head of Mission Declares Islands Are Ready for Independence.

Washington—The special mission seeking independence for the Philippines has presented its plea to the senate insular committee.

Manuel Roxas, speaker of the Filipino assembly and head of the mission, declared there was ample evidence that "we are a homogeneous people, with the same customs and habits possessed of a strong sense of nationality."

Asked about the Japanese population of the islands, he said it had decreased in the past decade, and asserted there was no fear by Filipinos of "either industrial, or military invasion."

BE WISE.

There's Comfort In Our Rockers

For real genuine comfort it is hard to beat one of our Rockers. They "just fit" that's all, and they add greatly to the furnishings of your home also.

We have a good assortment of Rockers, in a variety of woods and finishes, plain seats and upholstered. In fact our display of Rockers is worthy of your inspection, whether you expect to buy just now or not. You will be surprised at the extent of our display.

As Spring approaches you will need Furniture and Floor Coverings. We invite you to inspect our stock before making your selections.

SCHRADER BROTHERS

Furniture Dealers—Funeral Directors.

DRY FEET

Are essential if you would have good health and avoid colds. We have a supply of Rubbers for every shoe in this community and we shall be glad to fit you out.

Women are finding the "Zippers" are most comfortable. They look well and are just the thing for snow or slush.

Do not fail to bring the children here when they need Footwear of any kind—shoes or rubbers, because we like to fit them out. The little feet need care to have them properly fitted and we strive to render that service to our little friends.

Shoes and Rubbers for All.

NORTHVILLE, MICH., FEB. 15, 1924.

VOICE OF WIFE TRAVELS 1,000 MILES.

How would you like to be tuning in on the radio and then suddenly hear the voice—

Well, to tell the story another way, Floyd C. Evans, director of music in the Waterbury schools, sat near the radio at a friend's home a few evenings ago, listening to the announcements of the night's program.

The loud speaker was behaving splendidly. Uncle W. P. had already concluded his bedtime stories. Now and then could be heard the sonorous pronouncement of W. E. A. F., as once fingers twisted the antenna dial. Once a jazz orchestra pictured a sentence from a speech on the Mellon-tax plan. The dial was turned further and soft hum of symphonic instruments drifted into the room. One other turn and—

The listeners were alert, and Mr. Evans most alert of them all. "Station WHAS, Louisville, Ky." announced the broadcaster from the far-off southern city. All was silent in the room.

"The next number on our program will be a solo by Mrs. Floyd C. Evans," continued the announcer. "Mrs. C. H. Blackman, accompanist."

Mr. Evans sat back and the voice of his wife came to him over a distance of nearly 1,000 miles.

Mrs. Evans, like her husband, is a musician. She has been visiting her sister, Mrs. Blackman, also a musician, in Louisville, Ky. While in that city, they were engaged to contribute to the program of the Louisville broadcasting station. Mrs. Evans has since returned.

Mrs. Evans sang "The Star" by Rogers, and later was heard in a trio. The concert was picked up by a number of local radio enthusiasts.

The above was taken from the Waterbury, Conn. Republican of January 30th. Mr. and Mrs. Evans were recent guests at the Fulkins and C. A. Dolph homes in this village.

CALVIN COOLIDGE IS PRESIDENT.

In the statement dealing with the orders from the United States senate relative to the removal of Secretary of Navy Edwin Denby, President Coolidge said the members of that body to understand that he was president.

Mr. Coolidge does not propose to be sampled into a snap judgment or to act with undue haste until he has considered all the facts in the case. He very truthfully told the senators he was President and he was alone accountable to the people who had placed him in that high office.

"I do not propose to sacrifice any innocent man for my own welfare," wrote the President "nor do I propose to return in office any unfit man."

I shall try to maintain the functions of the government unimpaired to act upon the evidence and the law as I find it, and to deal thoroughly and summarily with every kind of wrong doing."

As the facts as they shall be disclosed by impartial and fair minded investigators indicate that Edwin Denby is guilty of fraud or wrong doing he will be asked to step down and out. That is certain, but the President's view or fair play will not permit him to be bluffed or bulldozed by the members of the United States senate.

THAT WAS SOME SIGHT.

While chasing about town Monday afternoon trying to get a "lead" on some startling news a representative of The Record chanced to visit Schrader Brothers' furniture store.

As we entered the store we heard a voice from above exclaim "What's wanted" and we decided to investigate the regions from which the voice came.

As we reached the top of the stairs we were amazed to see N. C. Schrader, B. G. Fulkins, Earl Montgomery and Ray Casterline on their knees finishing a handsome new oak floor that the carpenters had laid last week.

We regretted that we did not have a kodak in our inside pocket so we could present to our readers the picture, and it surely would have been some photograph.

The public may not believe this story, but if we could have presented the real picture there would have been no chance for argument. Few people will believe that these fellows ever get on their knees for anything, but we caught them in the act.

They were really and truly at work, too, with bits of burian in each hand rubbing the stain off the floor.

BAKE SALE.

The Women's Home Missionary society of the M. E. church, will have a bake sale, including candy, at Fred Lyke's store on Saturday, Feb. 16th, commencing at 10 o'clock.

Dance at the Novi Town Hall Wednesday evening, February 20th. Good Music.

PRESBYTERIAN CHURCH NOTES.

Sunday morning the pastor will take for his theme "Comradship," and in the evening "Making the Best of Our Lives," both services having special reference to father-and-son week.

The fathers and sons of the village are invited to these services. Sunday school at the usual hour.

All members of the Woman's Union are urged to be present at the church parlors on Monday afternoon next at three o'clock for a sacrificial hour.

METHODIST CHURCH NOTES.

Father & Son Go To Church Sunday. Next Sunday the pastor welcomes every father and son to worship at 10:30. The morning sermon will be "A Father's Visit To His Boy."

The Sunday school will meet at 12:00. The Epworth League will meet at 6:30.

In the evening at 7:30 Professor Welch of Detroit will speak on "Boys." This will be an interesting service for all who are interested.

A meeting of special interest in behalf of the W. H. M. S. will be held at the home of Mrs. Chas. Fulkins on Danlap St., next Tuesday at the usual hour.

Mrs. Ballard of Detroit will be present to give a talk on the Study Course. All members and other ladies are invited to the hospitality of Mrs. Fulkins' home.

ST. PAUL'S LUTHERAN CHURCH. Next Sunday German service at 10:30 a. m. Theme of sermon, "The Fifth Petition of the Lord's Prayer."

Last Sunday evening the first "social evening" was held at the residence of Fred Foss. Snowdrifts prevented out-of-town members to attend.

These "social evenings" will be held once a month. Milton Schulte, son of Henry Schulte, was called to Detroit last Monday to receive the third prize in the essay contest held among the members of last year's "Alaska excursion." The essay was on the trip to Alaska.

The prizes were awarded at the father and sons banquet held at the Chamber of Commerce the prizes being offered by the different companies, over which the trip was made.

George Buchanan and Richard Fowler, under whose leadership the trip was made introduced the "On to Alaska Boys" to the assemblage. The prizes, which were awarded to 12 of the 45 boys, ranged from \$20.00 to \$5.00. Northville is proud of you, Milton.

BAPTIST CHURCH NOTES. Keep on mind next Sunday. The morning service will be a father and son service and the subject of the sermon will be "Dad."

The evening service will be conducted by our young people and the sermon will be delivered by one of our youngest members, Miss Ruth Biery, who is a sophomore in our high school. Old and young will be benefited by this service. Special musical program.

The sewing circle met at the home of Mr. and Mrs. Harry Musolf last Tuesday and spent a very pleasant evening. Dainty Valentine lunch was served by the hostess. Several of the husbands were present.

Owing to the sudden death of the family, the preaching pastor the meetings to be held there, and at which Mr. Mac Rae was to assist were postponed and Mr. Mac Rae is turned home.

This evening a number of our young people will assist in the revival meeting at Walled Lake.

Rev. Joe Payne is having a very successful time in Flint. Church not large enough to hold the crowd.

CATHOLIC NOTES.

Mass is said every Sunday at 9 a. m., in the Library on Wing St. Confessions are heard before Mass.

The men and boys of the parish receive Holy Communion, every second Sunday of the month, the ladies and girls do likewise on the fourth Sunday of every month.

Instructions in Christian Doctrine are given the children after Mass on Sunday. The teachers are the Misses Elizabeth Ruffenberg and Catherine Wilcox. Attendance reports are sent to parents or guardians every month.

The pastor, Fr. J. G. Schuler, lives at 39 Cady St. (the Nevison home) Telephone 170-W.

NOTES.

The task of the first resident pastor of a church is not always a pleasant one, which only emphasizes the welcome found by the pastor in the congeniality of his brother clergymen of Northville and many of its citizens whom he has met.

The plans for the new church and rectory have been held up by the weather-man. The little difficulty in regard to the new site will be straightened out by the time the weather-man is ready.

The parishioners are to be commended for the untiring efforts they are putting forth in encouraging the plans to erect for themselves a suitable place where they can worship their God in accordance with the dictates of their conscience.

(This appreciation goes for all others who have helped):

Rt. Rev. Bishop Gallagher has appointed the following trustees for the year 1924: Thos. McArdle, E. J. VerDyne, Thos. Gleason, Chas. Lafeyre and A. S. Healy.

Mr. and Mrs. A. S. Healy enjoyed a full house at the banquet party given for the benefit of the church Wednesday evening, February 6th.

"Living-up to your religion will help to explain away many misunderstandings of your neighbor."

KING'S DAUGHTER TO MEET NEXT TUESDAY.

The regular evening meeting of the King's Daughter will be held at the home of Mrs. Calia Richardson on Tuesday evening at 7:00 o'clock.

At the last meeting the ladies seemed desirous to achieve a more definite work. It was voted on that they do a quantity of sewing for the Children's Aid Society of Detroit and others that comes to their attention.

They also voted to sell carnations for Mother's Day for the purpose of replenishing their floral fund.

O. E. S. BAIL.

Remember the date of the big O. E. S. bail Feb. 29th, at 8:30 o'clock in the High School Gym. The committee in charge are putting forth every effort to make this the best party ever given by Orient Chapter.

Mr. Perkins has secured extra pieces of the best talent to assist his efficient organization for this occasion.

All members of the Chapter, kindly remember that invitations are not issued to the members, but any member desiring invitations, for friends, communicate with Mrs. Mary Alexander.

Some Youthful Prodigies. Macaulay was a historian at eight. Tennyson a poet at early Byron wrote verses at ten, and Bacon was a philosopher at the same age. Mozart made his debut as composer and musician at six.

WINNING A HOME AGAINST HEAVY ODDS

Those men and women who came to the bleak New England shores in 1620 surely faced hard conditions in securing a place to live.

The hardy folks of the East who broke into the wilderness of Kentucky and made a new civilization in the great middle west had hard going to make a home for themselves.

New York State people who came into this section in 1824 to build a home in the virgin forests that covered this fair vale did not have any soft snap.

The Hebrew people were in the land of promise. They had been forty years making up their minds that the step should be taken. They were ready to take possession of their inheritance.

The will to possess means hard knocks—sweat—disagreeable days—discouragement—trouble.

Human-kind everywhere—at all times—under all circumstances MUST HAVE A CAUSE—a goal—an objective.

Only as folks have a task worthy of their mettle are they able to do their best—succeed—win.

C. A. DOLPH BIBLE CLASS

METHODIST SUNDAY SCHOOL

First Presbyterian Church

"The church is charged with the responsibility of the most precious possession in the world. If we had all the diamonds and jewels on one beam of a scale to weigh against the soul of one lad, he would outweigh them all. That is what the Bible says in not obscure words."

What an awful responsibility. Where is ours as members of a Christian church. It ought to keep us awake nights of we have left one thing undone for the good of the youth of Northville.

The pastor will talk especially to Fathers and Sons Sunday morning. We hope every Father and Son in Northville will go to church somewhere this Sunday.

Morning Worship—10:30 o'clock.

Sunday School—12:00 o'clock (noon).

Christian Endeavor—6:30 o'clock p. m.

Evening Service—7:30 o'clock.

LOCAL

Miss Jennie Gillis of Morenci is visiting Mrs. Gillis and family.

Mrs. H. J. B. Marsh of Tecumseh is the guest of Mr. and Mrs. J. W. Kator. The Foresters will initiate a class of members on Friday evening next, the 22nd.

Mrs. Wallace Snyder of Toledo spent Sunday at the Gillis home in this village.

Basket ball at Plymouth this evening—boys' and girls' games. Go early if you desire a seat.

The local Ford plant was closed for a short time on Tuesday owing to trouble in their power plant.

Mrs. Kattie Webber of Detroit, spent Sunday with her cousin, Mrs. Maude Bennett, and other Northville relatives.

Mr. and Mrs. James N. Ashby were called to Frankfort last Saturday owing to the illness of Mrs. Ashby's mother.

Attend the caucuses next Monday and Tuesday night to assist in placing in nomination good men for village officers.

Mrs. Ed. Flarety was taken to Harper hospital, Detroit, the first of the week for an operation, and her condition is considered critical.

Plymouth will be 100 years old as a settlement next summer and the Mail is urging the people over there to celebrate the unusual event.

Secretary Denby's republican friends in Michigan will do well to recall the fact that they elected Mr. Ferris United States senator.

Mrs. Barrett of Midland is spending the week with Mr. and Mrs. Frank Morse, being accompanied by the little daughter of the late Harry Morse.

Regular meeting of Orient Chapter, O. E. S. No. 77, this Friday evening, February 15th, at 7:30 followed by a social meeting. Refreshments will be served by the committee in charge.

The Royal Neighbors will hold their regular meeting on Monday evening February 17th. There will be musical program and refreshments. Every member try and be present.

Waldo Elliott and Milton Schmitt attended a banquet rendered the Buchanan boys in Detroit on Monday night, the banquet being composed of young men who enjoyed the trip to Alaska last summer.

Miss Margaret Reynolds, of Glen Bassett and Bert Clark of Detroit, Miss Blanche Clark of Ann Arbor and Mr. and Mrs. Jas. Sessions and son Robert of Five Points, were Sunday guests of Mr. and Mrs. James Clark.

R. A. Brooks spent last week in Grand Rapids in attendance at the annual meeting of the Michigan Retail Lumber Dealers' association. He reports everybody very enthusiastic over building prospects for 1924.

The Wm. Wrigley, Jr. Company spent more than one million dollars for advertising Wrigley products during 1923 with the result that the company did the largest year's business in its history.

Rev. A. K. MacRae went to Flushing on Monday to assist in special meetings for three nights.

A number of the members of Lloyd H. Green Post, American Legion, will attend a district convention at Holly today, Friday.

Mr. and Mrs. Ed Sessions and Mr. and Mrs. J. A. Crapman left last week for Florida where they will spend a few weeks. They are making the trip by automobile and expect to spend a few days in Washington while en route.

The ninth annual birthday anniversary celebrated by the members of the Westminster Guild of the Presbyterian church on Monday evening, proved one of the most enjoyable functions of the season, and upwards of seventy ladies enjoyed the bountiful dinner prepared by the very capable committee in charge of the affair.

The Alesium Theatre was filled to its capacity on Wednesday night on the occasion of the visit of the Cornubian chorus of Detroit to Northville. The program presented was a most enjoyable one and every number given was well received by the large audience.

Rev. Horace E. Sayles and wife were called to Hillsdale, last Saturday, on account of the death of Mr. Sayles' mother. The funeral occurred Sunday. Mr. Sayles has the sympathy of the members of the church and congregation in the loss of his mother—Plymouth Mail.

W. H. Elliott had the pleasure of attending the father and son banquet at the Board of Commerce building in Detroit on Monday night at which the "Buchanan boys" were the honored guests, his son, Waldo, being among those who enjoyed the Alaska trip last summer.

Northville High school basket ball teams had a "run away" with the teams from Saline last Friday night, winning both games by a large score. The game between the Saline Independents and the Northville Independents was "different," however. The contest was snappy, but our boys were outplayed from the start because their opponents were better trained and displayed better teamwork.

STATE NEWS IN BRIEF

Ludington—William F. Lake, 95 years old, dean of Ludington residents, died here recently. He leaves four children, 22 grandchildren and great-grandchildren.

Deckerville—The Flanders Co. canning plant, Deckerville's only manufacturing industry, was destroyed by fire recently with a loss of \$50,000, fully covered by insurance.

Albion—The resignation of Dr. Samuel Dickie as a member of the board of trustees of Albion College has been accepted by the board at a meeting held at Detroit recently.

Ann Arbor—H. J. Andrews of the forestry department of Iowa State college, Ames, Ia., will take charge of the land economic survey of Michigan under the department of conservation next spring. It has been learned here.

Pontiac—Thomas B. McNulty, 76 years old, is all at his home in Michigan as the result of a broken hip caused by a fall on an icy pavement. He claims that this is the first time in his life that he was ever attended by a physician.

Lansing—Dr. James T. Legear, 66 years old, former pastor of the Mt. Hope Methodist Church, died suddenly at his home here. He was the founder of the Lansing Ministerial Association, and formerly held pastorates in Kalamazoo and Mansfield.

Port Huron—At a session of the forty-fifth convention of the Michigan Engineering society, held here, J. M. Pennett, Detroit, forester of the Wayne county road commission, declared Michigan ranked second among the states in the planting of trees and shrubs along highways.

Grand Rapids—Reversing its former position, the city commission has approved the plans of the State Highway Department providing for a fixed bridge across Grand River at the bridge road ferry in Ottawa County thus permitting the event to be conducted on two paved roads between Grand Rapids and Grand Haven. The bridge, to be built in 1924, will cost \$25,000.

Detroit—A report filed with the auditor general at Lansing shows that the state will collect \$526,651 in tax from the estate of John F. Dodge, Detroit, an automobile manufacturer. The collection which is the largest in the history of the state will go into the primary school fund. The person, held as a juror, at \$1,241.25. The value of real property is comparatively small.

Lansing—The state advisory board has called a halt on the alleged practice of local officials participating in state highway construction bids. On motion of Highway Commissioner Frank Rogers, it was decided to draft and adopt a resolution prohibiting county officials from being parties to bids in their own counties, or state officials from being connected with any bid for state construction.

Lansing—The purchase of 10,000 large iron signs, for use on state trunk highways has been authorized by the state advisory board. It is the plan of the highway department to post direction signs at corners, huge circular warning signs at railroad crossings and mileage signs designating the distance to important points on the route at intervals. The signs will cost in the neighborhood of \$13,000.

Ann Arbor—The state highway department and the University of Michigan are to collaborate to determine the best types of surface for state trunk lines. The administrative board, at the request of Highway Commissioner Frank Rogers, has set aside \$2,000 for a highway experimental fund. Various materials, Rogers said, will be tested in the university laboratories for maintenance, wearing qualities and tractability.

Grand Rapids—Grand Rapids has been assured of a permanent art gallery as a result of the approval by the directors of the Grand Rapids Art Association of plans for the erection of a fireproof addition to its building to provide suitable galleries. The association's permanent collection will be housed in a gallery 30 by 50 ft.; a central gallery, 25 by 44 feet, will permit monthly exhibitions and a smaller gallery will accommodate etchings and prints.

Monroe—According to word received here by the county road commission, W. W. Lavers, Dearborn, a district state highway engineer, has been placed in charge of the counties of Wayne, Macomb, Oakland and Monroe. Monroe county heretofore was under charge of District State Highway Engineer E. G. Williams, of Ann Arbor, who now will oversee work on state trunk line roads in Lenawee, Hillsdale, Jackson and Washtenaw counties.

East Lansing—Professor W. G. Putnam, extension specialist, will become director of the Michigan Agricultural college experiment station in the upper peninsula, April 1, it was announced at the agricultural college here. The position of director was created in a reorganization of the station started when L. L. McMillan, former superintendent of the station, resigned. Putnam will take active charge of experimental research work intended to develop the agricultural resources of all that part of Michigan.

WASHINGTON

the Nation's Pilot to Freedom and Supremacy!

Possessing a vision of a great lasting nation and a flawless faith in the ability of the Colonies to triumph and develop, George Washington truly earned that unique place in American history accorded to him by "Light Horse Harry" Lee at the time of his death—

"First in war, first in peace, and first in the hearts of his countrymen."

George Washington developed as responsibilities multiplied. Difficult problems constantly came before him—the whole future of the Colonies rested upon him. Always he served with a distinction that set him high above other men of his day.

To Washington the patriot, the warrior, the first President of the United States, the statesman, the private citizen, America pays the highest tribute of honor and reverence. His most ambitious vision of a powerful nation has been far surpassed by the country whose founding and early years he guided so well.

This bank will be closed all day Friday, February 22nd, in observance of Washington's Birthday

Lapham State Savings Bank

Member Federal Reserve System.

WEATHER FAILS TO STOP FARM CROWDS

Adverse weather conditions and snow-blocked roads failed to prevent thousands of Michigan farmers from gathering at East Lansing from February 4 to 8 for the annual Farmers Week and Horsewives Congress at the Michigan Agricultural college. The attendance figure was placed above the record for similar conferences of the college, but exceeded expectations of the committee in charge. A view of the storm, which swept the state early in the week.

Registration at the meetings of more than 30 state agricultural associations and groups held during the week equaled the average of previous years and in many cases ran ahead of the best former ranks. The Michigan State Farm Bureau and the Michigan Improved Livestock Breeders and Feeders association in particular drew hundreds to their conferences.

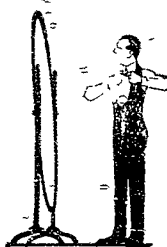

One group especially noticeable during the week's events was the delegation of more than 500 boys and girls who judged in the various classes open to students in Smith-Hughes vocational schools. In local schools of the state.

Interest in the extensive agricultural exhibits on display in different MAC buildings during the week was general. Farmers found abundant material for entertainment and information in these exhibits and evidenced a desire to study out the messages carried in the different graphic displays.

Michigan's rural folk were gathered to learn the latest development in scientific agricultural methods and practices, and they took intelligent advantage of the opportunities offered in the Farmers Week features.

WHY NOT TRY A 25c LINER IN THE RECORD?

T. V. O'CONNOR

Buffalo, N. Y.—T. V. O'Connor, of this city who has recently been appointed chairman of the United States shipping board by President Coolidge, was former head of International Longshoremen's Union.

CALL ON ALLIES TO PAY DEBT

Funding Commission Plans to Exert Pressure on Debtors.

Washington—Definite pressure upon foreign nations to force payment of their debts to the United States may be exerted soon by the American debt commission.

Funding of the \$9,000,000 debt recently approved by congress, stands as a notice to debtor nations that the United States expects them to pay.

When these loans were made it was distinctly understood that the borrowing nations would pay interest promptly so that American taxpayers might be relieved of it.

It was understood to be the duty of some members of the debt commission that no definite action will be taken by this government until the result of the reparations meeting in Paris and Berlin take definite form.

France and other debtors take the stand that they cannot pay the United States until they obtain settlements with Germany.

The total indebtedness with interest is over \$11,000,000,000. Great Britain has funded her \$4,600,000,000 debt. All debtors have been offered the same terms as Great Britain and Finland—10% amortization of the loans over 62 years, and reduction of interest to a nominal figure.

FEDERALS MOVE INTO VERA CRUZ

Stronghold of Rebels Retaken Without Any Opposition.

Vera-Cruz—The federal troops of General Eugenio Martinez re-occupied Vera Cruz without resistance. The vanguard of the forces took over the city after the rebels had evacuated.

Virtually no resistance was encountered by the federal army during its advance eastwards from Cortobado notwithstanding that at several points along the line there are great natural defense positions which the rebels might have used had they desired to offer battle.

According to General Hector Alameda, chief of staff for General Martinez, the whereabouts of the rebel bands remaining between Cortobado and Vera Cruz is known, and preparations are being made to disperse them.

The largest of these bands which is said not to exceed several hundred men is commanded by Pedro Gonzalez.

It made its appearance in the vicinity of Soledad, but did not attempt to attack the federals.

JAPAN APPEALS FOR EQUALITY

Urges U. S. to Treat Nipponese Like Other Races.

Tokyo—Viewing with apparent anxiety the "increasing restrictions upon Japanese residents in the United States and the proposals now before congress for further exclusion of Japanese," Foreign Minister K. Matsui appealed to the United States to bear Japan's cherished desire "to be treated on the same footing with other independent nations."

The desire of the Japanese foreign minister for new negotiations with the United States government relative to the question of the emigration of Japanese to the United States, is assumed to be based on the movement in congress to restrict sharply by law the entrance of Japanese into the United States rather than to be a reflection of any refusal by the Washington government to talk matters over in a diplomatic way.

Auto Does Not Eliminate Horses.

San Francisco—In this age of motors there still is a consistent demand for horses, according to an announcement made here by the Horse Association of America. The statement says that the horse, man's servant and companion for countless generations, is continuing to adapt itself to conditions as they arise. "Market demands," adds the association, "are for the very heavy draft horses, or for the heaviest type of wagon horses and mules."

SIX FIRST-CLASS FUNERALS AT FENTON.

For some time there has been a little dissension among the members of Fenton Board of Commerce, Exchange Club, Civic League, Village Council, etc., and last week a joint meeting was held, at which time a rather unique ceremony was pulled off, which resulted in "burying the hatchet." Just as the meeting was called to order an announcement came that 6 people had just been killed on the Flint-Fenton road. The lights were then turned off for an instant and when they were turned on again, there stood the village undertaker in charge of six bodies which were labeled: Town Knockout, Malice, Jealousy, Hatred, Vengeance and Gloom. One of the ministers was on hand to preach the funeral sermon, and "everybody present had a good time."—Holly Herald.

Record Liners Lost But Little.

REGISTRATION NOTICE.

To the Qualified Electors of the Village of Northville, (Precinct No. 1) State of Michigan.

Notice is hereby given that in conformity with Act No. 126, Public Acts of 1917, the undersigned Village Clerk will, upon any date except Sunday and a legal holiday, or the day of any regular or special election or official primary election, receive for registration the name of any legal voter in said Village who has not already registered who may apply to me personally for such registration, or who may make application for registration by mail or messenger, as provided by Act No. 7, Public Acts of 1919, except that I can receive no names for registration during the time intervening between the Second Saturday before any general or special election or official primary election and the day of such election.

March 1, 1924—Last Day for General Registration for Election March 10.

All electors not already registered and intending to vote at said election should make application to me on or before the 1st day of March, A. D. 1924.

Notice is further hereby given that I will be at the Village Hall, Northville, State of Michigan, on

FEBRUARY 16, and FEBRUARY 23

1924, from 8 o'clock a. m. to 3 o'clock p. m. on each of said days for the purpose of reviewing the Registration and Registering such of the qualified electors in said Village as shall appear and apply therefor.

REGISTRATION OF ABSENTEE BY MAIL.

If any person whose name is not registered shall appear and claim the right to vote at any election, and shall, under oath, state that he or she is a resident of such precinct and has resided in the Village TWENTY DAYS next preceding such election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the constitution, and that, owing to the sickness or bodily infirmity of himself or herself, or some member of his or her family or owing to his or her absence from the village on public or business of his or her own business, and without intent to avoid or delay his or her registration, he or she was unable to make application for registration on the last day provided by law for the registering of electors preceding such election, then the name of such person shall be registered and he or she shall then be permitted to vote at such election. If such applicant shall in said manner, willfully make any false statement, he or she shall be deemed guilty of perjury and upon conviction, be subject to the pains and penalties thereof.

Registration by Mail or Messenger.

Under Act No. 7, Public Acts of 1919, the privilege of Absent Voters is extended to include registration. Upon compliance with this act registration can be secured by mail without personal appearance. An affidavit similar to the following must be made:

I, _____, being duly sworn, deposes and says that he is a duly qualified elector of the _____ Ward or precinct of the Village of _____, in the _____ county of _____, and State of Michigan; that he is not now registered as an elector there, and that he makes the affidavit for the purpose of procuring his registration as an elector in accordance with the statute.

Taken, subscribed and sworn to before me this _____ A. D. 1924.

Notary of Justice.

The time limit for registration by mail or messenger is the same as where personal application is made. Therefore the affidavit of an elector desiring to register by mail or messenger must be received by the Village Clerk not later than the SECOND Saturday preceding the Election.

NOTE—A blank form for making application for registration can be had by addressing the Village Clerk and giving name of Village above named.

Provisions in Case of Removal to Another Precinct.

Any registered and qualified voter who has Removed from One Precinct of a Village to another election precinct of the same Village shall have the right, on any day previous to election day, on application to the Village Clerk, to have his or her name transferred from the registration book of the precinct from which he or she then Resides. Such elector shall have the right to have such transfer made on Election Day by obtaining from the board of inspectors of election of the precinct from which he or she has Removed a Certificate of Transfer and presenting the said certificate to the Board of Election Inspectors of the Precinct in which he or she then Resides.

Dated, February 1st, 1924

Plumbers, Northville and Plymouth.

SEVENTH AND EIGHTH GRADE COUNTY EXAMINATIONS.

The county examinations for the seventh and eighth grades this year will be held May 15th and 16th. The places where these examinations will be given will be announced in a later letter, but very likely will be the same as last year.

Seventh grade pupils will be required to write on subjects of Spelling, Orthography, Penmanship, Reading, Physiology and Geography. Applicants for the eighth grade diploma will write on the subjects of Arithmetic, Grammar, U-S History, Civil Government and Agriculture, and must rewrite on such seventh grade subjects as were below satisfactory last year.

Pupils to be eligible to write the seventh grade examinations must have completed the regular seventh grade as outlined in the State Course of Study. This includes the seventh grade work in Arithmetic and Grammar as well as the six subjects on which they will be required to write.

The seventh grade Reading will be based upon Longfellow's "Evangeline." It is advisable to have both seventh and eighth grades study this classic together. It will make the class more interesting.

Where pupils of the eighth grade did their seventh grade work last year in a graded district and regularly completed Geography, Physiology, etc., in the seventh grade they may be credited in these subjects, provided they file with the School Commissioner a statement from the superintendent of the graded district that these subjects were completed, giving the final standing.

NO USE OF HIS ARMS, YET WROTE MUSIC.

William H. Penney died at his home in Royal Oak one day last week, aged 73 years. There was nothing unusual about his passing, but there were many things very unusual and strange about what he accomplished during the past twenty years, during which time he had no use of his arms owing to a stroke of paralysis he suffered in one of his infirmities and the fact that he could not use his arms or hands. He was a writer of music and had the penmanship himself, as the Orion Review has stated, was attached to the end of the pencil and a cloth was wrapped around it. This he took in his teeth and proceeded to write letters, music, or whatever it was necessary.

Not only did he write music, but he prospered after his own business almost up to the time of his death. Say relatives. He accumulated considerable property, and there was much business today. Mr. Penney took care of it unassisted, and was as handy as the majority of business men in spite of the fact that he could not use his hands.

One of the pieces of music composed by the dead man was a new tune for the song "America." One post of the American Legion considered using this tune instead of the usual one, of English origin. He also wrote new music to the words of the song "Abide With Me."

BIG BLUFF DEAL NO BLUFF AT ALL.

There has been a deep mystery regarding who was securing options on many hundreds of acres of land in the Big Bluff country near Milford. No one knows yet for what purpose the land is to be used but the farmers who gave options on their farms are receiving their money. The Times of last week said:

"The actual transfer of real estate in the Big Bluff property deal have been taking place at the Farmers State Savings bank today. Up to closing time this Thursday, the process of paying over the money in exchange for the deeds had not been completed but the details have all been adjusted, the deeds are all signed and the money is in the bank. If the work is not completed this afternoon, it doubtless will be finished tomorrow. The use to which the land is to be put has not yet been announced."

Novi News.

Mr. and Mrs. Franz-Powers and daughters Marion, and Mrs. Helect all of South Lyon, were very pleasantly entertained at the home of Mr. and Mrs. H. D. Stephen, last Tuesday.

The Novi Grange met at the pleasant home of Mr. and Mrs. E. M. Root on Tuesday, February 12th for a pot-luck dinner which was served to 25 members and friends. Installation of officers followed. Mr. and Mrs. Donnet and Elizabeth were present. Rev. Mussel, the noted grange lecturer was present as was also Mr. and Mrs. Chas. Wedow and Mrs. Fish of Walled Lake. Application for new members were written.

South Lyon—The F. & A. M. Lodge No. 229, of South Lyon has purchased the building on Lake street, formerly occupied by the Farmers' Implement & Supply Co., and will convert it into a Masonic temple. Alterations will commence at once and when completed the Lodge will move their equipment to the place.—Herald.

TROOPS CALLED OUT IN HERRIN

CHICAGO AND ILLINOIS UNITS
RAISE TOTAL TO 1700
IN ARMS.

SHERIFF IS HELD FOR MURDER

Military Rule Over Mine Town Seen—
Rioting Result of Clash Between Leaders.

Herrin, Ill.—Adjutant General George Black has issued an order for the raising of the 132nd infantry, of the Illinois state militia, a Chicago unit, and the 180th infantry, composed of troops from southern Illinois, to proceed at once to this city.

They will bring the total number of state troops in Herrin and the whole of Williamson county to 1,700.

Sheriff George Galligan, now under a rest charged with the murder of Constable Caesar Cagle, kidnapped two officers and spirited them away to Marphosboro, in an adjacent county. Galligan said he took the men away for their own safety after they had charged a meeting of the Knights of the Flame, a Circle, an anti-Klan organization at Rome hall last week.

The shooting, as the result of this clash, resulted in the death of Cagle and the serious wounding of John Layman, one of Galligan's deputies.

Although there was no overt act, that martial law would be declared, it is expected the military would adopt such a measure. Williamson county, according to reputable people interviewed, is divided into three classes or factions. The Ku Klux Klan, or dry; the Knights of the Flaming Circle, anti-Klan, of wet; and a third group who have kept aloof from it all.

Young and his forces are admitted to Ku Klux Klan and dry they said while the Knights of the Flaming Circle are either wet or opposed to the Klan. Consequently, residents said there is constant strife between the two.

TIGHTER ALIEN LAW ENACTED

Further Curtailment of Immigration Seen in Bill Being Drafted

Washington—That immigration is still further restricted by Congress in a law to be enacted before June 30 is now virtual. A foregone conclusion.

The bill drafted by the House committee on immigration is designed to curtail still further the total number of aliens, and particularly those from southern and eastern Europe, while excluding entirely Japanese and other ineligible to American citizenship.

It is estimated that the total quota of immigrants admitted under this proposed law would be 168,837 compared with 357,803 under the existing law. At present, about 150,000 non-quota aliens, chiefly from Canada and Mexico, are admitted annually making a total immigration of 522,000 in the last fiscal year.

The non-quota class would be enlarged under the committee bill by skilled laborers especially admitted by the secretary of labor and by the parents and children of naturalized citizens, so that the total number of immigrants might be 350,000 or more under the existing law. The number of immigrants from each country admitted each year is restricted to 3 per cent of the number of foreign born persons of that nationality resident in the United States in 1910.

The committee bill proposes to reduce the quota of each country to 2 per cent of the residents in 1890.

RUHR RAIL BLOCKADE LIFTED

France Announces Accord With England On German Roads.

Paris—The French government announced a complete accord with England on the question of railroads under the Franco-Belgian regime and the German roads within the British zone at Cologne which have been working at cross purposes for the past year.

Henceforth, it will be possible to take a train direct from the Ruhr to Cologne through the British zone without a long, expensive detour around the limas of the British occupied territory.

Technical experts signed an accord covering detailed arrangements of routing trains through and guaranteeing service in case of a strike.

The articles of the accord will definitely release the Ruhr from the disastrous blockade caused by the non-cooperation of the British zone on the transportation of freight, according to the French.

Plans School on Brink of Volcano.

Honolulu—A recreation center and summer school almost on the brink of Kilauea on the island of Hawaii, the largest continuously active volcano in the world will be provided for members of the Hawaii Education Association through plans now under consideration. The site is near the trail which leads to a large, apparently bottomless pit known as the Devil's Throat, from which steam arises constantly, and which will make an unique setting.

Just a Few Specials For Spring

Do You WEAR Out Clothes or WASH Them Out?

Clothes are more often worn out on the scrub board and through the wringer than through ordinary wear. That's why we say that Federal-washed clothes will wear longer.

At Federal Laundry we use no scrub boards, no wringers, no chamois. Your clothes are washed in softest water with mild, pure soap. Then the water is gently whirled out of them in our modern centrifugal extractors. And they are dried and folded with the greatest care.

You may send your washing to Federal with absolute confidence.

Items Of Interest in World's News

Oregon Only Ruler to Honor Lenin.
Moscow—President Oregon of Mexico, was the only ruler to send a direct message of sympathy in Nicolai Lenin's death.

New York's Black-Faced Skyscraper.
New York—New York's skyline is to be pierced by the latest in skyscrapers—a black-faced structure. Built of black-faced brick, it is to be trimmed in golden-colored stone, the black and gold combination producing a rich decorative effect.

Noted Elk's Leader, Dead.
Birmingham, Ala.—Judge Basil M. Allen, 65, past grand exalted ruler of the Benevolent and Protective Order of Elks, died here recently. He was a native of Carolina county, Va., and received his education at Virginia Polytechnic Institute.

Arti Red Chief and Aids Doomed.
Moscow—General Pepelchayev, former commander of the Siberian White army, and 20 of his followers, have been sentenced to death by the military tribunal at Chita for their counter-revolutionary activities in Siberia after Kolchak's defeat.

Canned Beans Kill Eleven.
Albany, Ore.—Bringing the total number of deaths to 11, as a result of eating home canned beans, containing a deadly botulism poison, Paul Gerbig and his 3-year-old daughter, Margaret, died recently after suffering intense pain for several days.

Bullet Aimed at Steer Hits Butcher.
Cumberland, Md.—A hard-headed steer almost was the death of William Sechrist, a butcher. Sechrist aimed his rifle to hit the animal between the eyes. The bullet, however, glanced from its head, reversed its course, and pierced the butcher's cheek.

Florida Has Best Lighted Bridge.
Tampa, Fla.—Gandy bridge, at Tampa, Fla., will be, it is said, the best lighted bridge in the world. All the lighting will be indirect, being placed on concrete poles 36 feet high and spaced 230 feet apart. There will be no shadows. Wires will all be concealed.

Canary Sings Wedding March.
Smyrna, N. Y.—While a pet canary chirped, sang and tilled the wedding march, a young couple was married here the other day. The bride was Miss Pearl I. Cannon and the bridegroom Howard E. Robinson, both of Clayton. The canary was owned by the officiating minister.

Michigan Auto Racer Killed.
Los Angeles—Jimmy Craft, auto mobile racer of Detroit, was killed, and Norris Shears, Los Angeles driver, seriously injured, when Shears' car crashed into Craft's machine on a turn during a race here recently. The race was the feature sport event of a dirt track racing program at Ascot Speedway.

Many Miles of National Highways.
Washington—Eight thousand eight hundred and twenty miles of road of all types were completed with federal aid during the fiscal year which ended June 30, 1923. This added to the mileage completed prior to the fiscal year, brought the total of completed projects up to 26,536 miles or more than enough to encircle the earth.

Detroit Leads in City Improvements.
Washington—Detroit, with \$1276 spent the most per capita on permanent city improvements of any city in the United States during 1923, figures just revealed by the Census Bureau show. It was third in its school expenditures with \$23,319,000. New York was first with \$167,264,000, Chicago second with \$39,031,000 and Philadelphia fourth with \$22,349,600.

Poland Honors U. S. Engineer.
Schuettady, N. Y.—E. F. W. Alexander, consulting engineer of the General Electric, and consulting engineer of the Radio Corporation of America, has been awarded the Order of the Polonia Restituta by the Polish government. It was announced here. The award was for his services in connection with the building of Poland's new radio station near War saw.

German's Auto Average 1 to 400.
Berlin—Germany with a population of about 60,000,000 has a total of 152,329 passenger automobiles and trucks the former numbering 100,329. This is an average of one motor vehicle for each 400 of population. The United States with an approximate population of 110,000,000 has a total of nearly 15,000,000 motor vehicles or an average of one for about each seven of population.

Prohibition Closes Workhouse.
Providence, R. I.—With the completion of the new wing at the State Prison and the opening there of the Reformatory for men, the State Work house has passed out of existence in Rhode Island after a life of 52 years, during which time more than 30,000 persons were confined there. It was the "home" of drunkards and vagrants, but with the advent of prohibition its usefulness passed.

PRESIDENT CHARLES A. DOLPH TALKS OF VILLAGE AFFAIRS.

The present council has handled as big a volume of business as any set of men have had to care for in many years.

The sewer system has been completed and it is working splendidly and also 200 connections have been made. This system is proving a great convenience to our people and the total expense per family will be small for the privilege it affords.

The water system has been modified and its scope enlarged so that every bit of water produced by the springs comes into the reservoir. The supply is constantly at the high point of several years ago. To assure adequate supply of water the Saddle Springs were bought and any shortage of flow from the Hill and Thompson springs is cared for by the pumping station. During the summer of 1923 no one was deprived of all the water needed for house or sprinkling purposes. It was the first season that this has happened in a dozen years or more.

Extensions to the water system have been made in various parts of town so that all have access to the mains. In the past two years a total of 3400 feet of main have been laid. For all the water improvements of the two years approximately \$29,000 has been spent and it has all been financed out of current income supplemented by a small loan and some addition to taxes. The council can very well be proud of its work in this direction alone.

The fire fighting equipment of the village has been vastly improved by the addition of a new fire engine, new hose and an alarm system. This equipment was very badly needed as every one knew, and none more keenly than the councilmen. How to get it and pay for it was the question. That was done without undue strain upon the taxpayers from whom all money flows.

Not all the things required have been done but the money was spent where it was most needed and where it would accomplish best results. The council has acted as a unit on all expenditures and used the wisest judgement of which they were capable. Until the streets are in a more settled condition from the tearing process of sewer laying and and house connections no good work can be done. This coming year ought to give a chance to do constructive work. Several streets will undoubtedly have to be paved before good results are to be had. There is a heavy automobile traffic over Randolph and Griswold streets and it is bound to increase.

We as taxpayers must look for continued expense on the streets—the water system—the sewers as well as the ordinary expenses which are always to be met. We cannot hope that this work can be handled on the old basis and no one really expects it. The aim and purpose of this council and all others should be to do business for and on behalf of the city as promptly and efficiently as they would in their own affairs.

You will soon have a chance to read over the money transactions for the year now closing and we are looking for your approval. Criticize where you find it necessary to do so, praise it where you think it won't swell the heads of your chosen representatives. Before you talk get the facts, then bring on your best ideas and together we can have the best town for the best folks on earth.

Respectfully submitted,
CHAS. A. DOLPH
Village President.

Record Liners Lost But Little.

RELATIVE TO DISPLAY OF THE UNITED STATE FLAG AT ELEC- TIONS.

To the several township boards, common councils or commissions of the several cities and villages.

Your attention is respectfully called to Act 300, page 472-473 relative to the U. S. flag being provided for all election precincts on polling places which reads as follows:

Section 1. Chapter seven of act number two hundred three of the public acts of nineteen hundred seventeen, entitled "An act to provide for the holding of elections, to prescribe the manner of conducting and to regulate elections, to prevent fraud and deception in the conducting of elections and to guard against abuses of the elective franchise," is hereby amended by adding thereto a new section to stand as section fourteen-a and to read as follows:

Section 14-A. The boards of the several townships, and the common

councils or commissions of the various cities and villages shall, at the expense of their respective townships, cities and villages, procure for each polling place therein a flag of the United States made of "class A" bunting, together with a staff and necessary appliances for displaying the same, and shall deliver them in proper time to the several boards of election inspectors whose duty it shall be to cause the flag to be displayed at or in each polling place during the progress of elections. Immediately thereafter the election inspectors shall return the flags, which shall be used only for the purpose herein mentioned, to the respective clerks who are charged with the proper care and custody thereof.

Approved May 25, 1923.

Kept Under Pressure.
A cork 200 feet below the surface of the water will not rise again, owing to pressure of water.

You'll Need Coal

During the next few months you will need a good supply of COAL and we are in a position to serve you.

It will be to your mutual advantage to keep your bins reasonably well filled, because a continued cold spell such as we usually get at this time of year will make the fuel situation most acute.

Do not permit your bin to get where you are compelled to scrape the bottom.

We take this opportunity to again thank one and all for the patronage of the past year and to express the hope that we may be permitted to serve you during 1924.

ELY COAL & ICE CO.

C. R. Ely, Proprietor
