ANNUAL BANQUET A BIG SUCCESS

Northville's second annual community father and son banquet, which was held at the High school gym last Thursday night, was a most enjoyable gathering and its success reflected credit upon the whole community. There were nearly 300 men and boys present and it was a happy, good natured crowd. The guests gathered in the auditorium and at the appointed hour all marched to the gym where they soon found their places at long tables which had been very attractively spread by the members of the Senior class and their willing helpers. Flowers graced each table and the banquet room was a bower of beauty. Flags had been draped around the balcony and the sight which met the gaze of the banqueters as they marched into the gym was an inspiration. The High school orchestra played a march while the guests were finding their places. Rev. William Richards offered the invocation and the merry company joined in a hearty cheer, being led by Harry White, cheer leader for the High school.

The girls of the Senior class were ably assisted by their mothers and a number of Northville women and the teachers of the school in serving the guests and the repast was a most bountiful one, and all were urged to have a second helping. The following is the menu served.

Olives	Pickles
Fresh Baked Ham	
Brown Gravy	
Mashed Potatoes	French Peas
Cabbage Salad	Fruit Salad
Buttered Rolls	
Apple Pie	Cheese
Coffee	Tea
	Milk

The speaker, Harry M. Crooks, L. D., president of Alma College, was late in arriving, owing to poor train connections, and his absence forced some changes in the program, but the large crowd was good natured and all remained to the finish of the very interesting program prepared. The audience joined in singing "America" and gave a locomotive cheer for father and son. The male quartet sang a number and they were compelled to respond to a number of encores, the crowd being determined not to let them go. All present are deeply indebted to Messrs. James N. VanDyne, Wayne VanDyne, Carl Bryan and C. R. VanValkenburgh for their contributions to the program. Rev. F. P. Knowles, through whose efforts Dr. Crooks was secured as speaker, was pressed into service and he very kindly consented to peak and gave an address that held the closest attention of the men and boys. He urged clean living, the cultivation of good habits and admonished the boys and young men to keep themselves clean. He advised against the use of tobacco and cigarettes and presented the opinions of some very able men to prove their undetermined influences. Dr. Crooks arrived before Mr. Knowles had finished his splendid appeal.

Dr. Crooks was then introduced and he declared he was glad to feel that he had finally arrived somewhere. He had missed his train at Saginaw and by taking a bus and changing at Flint he was able to reach Pontiac and finally to get to Northville via the D. U. R. Every bus and car and train he had taken during the afternoon was late. By relating an amusing story or two he soon had this audience in an appreciative frame of mind and for more than an hour he discussed many of the great and grave problems affecting the lives of men and boys, the nation and the world. He declared that he did not believe the young people of today were any worse than their parents were thirty, forty or fifty years ago. The trouble was, we were measuring them today by a wrong standard, because we are living in a different age and under different conditions. In spite of these changed conditions, however, the speaker said that the needful thing these days was to cling to the old idea of honesty, integrity and uprightness of character. Without these no one can win any measure of success.

The quartet led the audience in the closing song which had been arranged to meet local conditions.

The gathering was a fine affair and the young people of the High school did themselves proud in supplying and serving the feast. As a result of the united effort the Senior's Washington fund was increased to the amount about \$175.00, Northville's fathers and sons enjoyed a

TWO VILLAGE TICKETS NAMED

"WORKINGMEN'S" TICKET.
It required less than thirty minutes to nominate the candidates for Village officers at the Workingmen's caucus on Monday night. The caucus was called to order at the village building and an adjournment was taken to the office of E. L. Smith. N. C. Schrader was elected chairman, E. E. Brown secretary and B. G. Filkins and Earl Montgomery were appointed tellers. The following candidates were nominated, the rules being suspended in nearly every case.
For President—Charles A. Dolph
For Trustees—Fred E. Vanatta, Fred P. Simmons, Charles L. Blackburn
For Clerk—Thomas E. Mordock
For Treasurer—Miss Carrie Litsenberger
For Assessor—Charles A. Sessions
The old committee consisting of N. C. Schrader, F. W. Lyke, Mrs. Ed Sessions and Mrs. F. S. Neal, was appointed for the ensuing year.

"PEOPLE'S PARTY" TICKET.
The people's caucus was held on Tuesday evening and in spite of the storm a goodly number of electors were present. An adjournment was taken from the village building to the office of the Lovewell Farms Co. G. H. Baker was chosen chairman and A. K. MacRae secretary. John McCully and S. W. Knapp were appointed tellers. After the officers had been duly sworn the following ticket was placed in nomination.
For President—Alexander K. MacRae
For Trustees—Mark R. Seeley, John C. Schoultz, George H. Baker.

It was unanimously voted to leave the other places on the ticket blank, and in consequence of that action, T. E. Mordock, for clerk, Carrie Litsenberger, for treasurer, and Charles A. Sessions, for assessor, will have no opposition.

The following were appointed members of the committee for the ensuing year: S. W. Knapp, chairman, John McCully, George Hotaling, Minnie Hotaling, Emma Knapp.

FAIR DATES SELECTED.

At the February meeting of the directors of the Northville Wayne County Fair the dates for holding the eight annual exhibition were selected—September 23, 24, 25, 26, 27, being the days chosen. Plans for the fair were discussed and it was the sentiment of all that every effort be put forth to make the fair for 1924 the biggest and the best one yet staged by the association. Plans for new buildings and for improving some of those already erected were discussed and a building program will be decided upon as soon as seasonable weather arrives.

The special attractions have been secured and they will prove of great interest to all visitors. The fireworks displays will surpass anything ever shown in Northville and all the free attractions are very highly recommended.

Just mark these dates on your calendar and make your plans to make an exhibition in some of the many departments.

DR. A. A. HOLCOMB COMES TO NORTHVILLE.

Dr. A. A. Holcomb, who has been located at Walled Lake for the past few months, and who was previously associated with his father at Northville, in the practice of medicine and surgery, has rented the Henry residence on Main street and has moved his office there. His family will also occupy part of the residence. Dr. Holcomb graduated from the Northville High school and after graduation attended the Chicago College of Medicine and Surgery and completed his course at that well known institution with the class of 1916. He is well and favorably known to the people of this section and in coming to Northville it will seem like "coming home."

these floor coverings against wear. It makes them proof against spilled liquids, hot or cold—even against hot greases.

And Valspar does more than beautify. A coat of this tough, durable varnish gives Linoleum, Congoleum or Oilcloth a sturdy, protective surface that greatly prolongs its life. It fortifies floors and furniture—wood-work of all kinds, indoors and out. A Valsparred surface firmly resists water, weather and "accidents."

Window Lighting and Better Business

One of the greatest chain-store companies, noted for their well-designed, brightly lighted show windows, declare:

"We value our show windows for advertising purposes at millions of dollars a year in sales. Without proper lighting our windows would be worth only a fraction of their present value."

Yet many show windows are not only a source of sales, but actually discourage customers from entering the store.

The cost of good window lighting is only a trifle. The thing is to know how to do it. This we will tell you how to accomplish, without charge. Ask us to call.

CRUSH INITIATIVE—KILL A NATION.

Lenine is dead in Russia after a brief but stormy career as ruler of that country.

In England a labor government is to guide the destinies of that great nation.

What the outcome of Lenine's teachings will be no one can say. What the change of control in England will produce, no one can forecast. This much is certain, however, and has been proved by past experience. When a reformer or radical agitator starts out to rule the world he finds certain established rules and practices developed because of the inborn traits of human nature and he cannot do just as he pleases.

A government that chafes and kills ambition in the individual will not progress. A government that encourages initiative with its reward for energy will progress. Lenine's policy wrecked Russia and a similar policy in England would wreck that nation.

Neither labor nor capital can be dictator to the extent of crushing individual activity, without bringing about its own downfall.

LABOR CABINET FACES CRISIS

WALKOUT OF DOCK HANDS
SHUTS OFF ALL FOREIGN
TRADE—FOOD STOCK LOW.

PEACE CONFERENCE FAILS

Workers Reject Compromise Wage
Boost, Precipitating National
Struggle.

London—Nearly 200,000 men engaged in handling British foreign trade here struck and tied up every port in Great Britain. This labor blockade of the entire country may possibly result in disaster to the socialist government. Foodstuffs worth \$6,500,000 are unloaded daily from ships. Should the strike continue, in two weeks a shortage of food will compel the government to use non-union labor to get at the stores in the loaded shipping or see that the British people get rations.

Of the men who walked out 60,000 were dock workers and the others stevedores, warehousemen, heavy workers and smaller numbers of others. Many of the stevedores and others were forced to work because there is no work for them.

Both the dock workers and the employers have held separate meetings, met with the minister of labor but no agreement has been reached. The dock workers are demanding two shillings a day more pay and the guarantee of a full week's work. The employers offered an increase of one shilling and the appointment of a joint committee to consider the problem of casual labor. This was refused.

A survey of the imported foodstuffs on hand shows that there is only a two weeks' supply of chilled meat as compared with a normal surplus of four weeks. An official of one of the leading cold storage companies asserted that it would soon be necessary to ration meat unless the ships could be unloaded.

Stocks of wheat and flour also are low, especially in Liverpool, the buyers having held back owing to the rise in prices. Most of the smaller mills will close down within a week.

LAND GRANT PROBE IS ASKED

Northern Pacific's Right To Acquire
Acreage Questioned.

Washington—Congress has been asked by Secretaries Work and Wallace to investigate the right of the Northern Pacific Railway company to acquire approximately 3,000,000 acres of government land in Idaho, Montana and Washington under the terms of old land grant.

The cabinet officers desire the inquiry for the purpose of considering legislation to meet the respective rights of the railway company and the government. Their request was referred to the chairman of the senate and house public lands committees.

The land in question is mainly located within national forest areas and the railway company is asserting its claims under the provisions of grants made by congress July 2, 1864 and May 31, 1870, known as the Northern Pacific land grant, for the purpose of aiding the railway company in the construction of its lines from Wisconsin to the Pacific coast.

Secretary Wallace, under whose direction the national forests are administered, contends that congress has authority to save most if not all of this national forest acreage to the government.

ROAD ABANDONS UPSTATE LINE

Fifteen Mile Branch in Benzie County
to Suspend Operation.

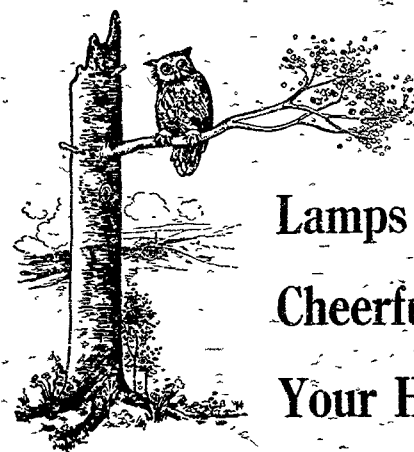

Washington D. C.—Acting on an application by the Michigan Trust company as receiver of the Manistee and Northeastern railroad, the interstate commerce commission has issued a certificate authorizing abandonment of a branch line of that railroad extending from the main line at Platte River to Empire Junction.

The line to be abandoned is 15.5 miles long, and located entirely in Benzie county. The Michigan public utilities commission previously had held public hearings on the application and its chairman advises the federal commission that he can see no reason why the application should not be granted.

On the facts presented the federal commission finds that public convenience and necessity permit abandonment of the tracks.

Girl Saved in Air Leap.

Houston, Texas—Rosalee Gordon, Houston chorus girl, was saved from death when an attempted parachute leap from an aeroplane failed. The drop was to have been one of a series of aerial acrobatics staged before 5,000 spectators at Ellington Flying Field here recently. In making the jump from the plane, Miss Gordon's parachute became entangled on the plane and held her suspended 20 feet below the plane, which was more than a mile from the earth.

PAID NORTHVILLE SCHOOLS A FINE COMPLIMENT.

F. C. Fisher, deputy county school commissioner, recently made a visit of inspection to the Northville public schools and a few days afterward returned his report to Secretary C. H. Bryan. In a letter accompanying the report Mr. Fisher wrote Mr. Bryan as follows:

"While the report enclosed is formal and mainly for use in the smaller schools, I thought you might be interested in having it for your files.

"I cannot refrain from congratulating you and the other members of the board on your school. In my judgement it is well organized, well equipped and surely serving Northville in a splendid manner. You of course know my personal admiration for your superintendent but a superintendent cannot run a school system without a strong staff of teachers and a school board and public sentiment back of it all. I think Northville must have all this and I am very happy to let you know how pleased I am to note such a situation. May the time soon come when every community in the county and even the state may have such a splendid combination of school board, superintendent and teachers as are in Northville."

MONITOR INSURANCE CO. HELD ANNUAL MEETING.

The annual meeting of the Monitor Insurance company was held at the armory at Pontiac on Monday with a good attendance of policy holders. During the past year the losses paid by the Monitor company totaled \$75,463 or slightly less than the losses paid in 1922 which were \$75,189, says the Press. Secretary H. M. Bogart has prepared a chair which shows the company's annual paid losses back to 1916. The figures are as follows:

1921	75,189
1922	75,189
1923	75,189
1924	75,189

The income for 1923 was \$114,192.12, contrasted with \$97,991.61 in 1922. Dividends for 1923 were \$106,432.24 and in 1922 they were \$112,404.10. The balance on hand December 31, 1923 was \$22,871.76 as compared with \$15,201.88 in 1922. Liabilities at the end of 1923 totaled \$1,667.41 and in 1922 \$3,093. The number of policy holders in 1923 was 3,956 as compared with 4,420 in 1922. The total amount of property at risk in 1923 was \$17,074,097, as compared with \$15,576,705 in 1922. Losses during 1923 were 117 in number and totaled \$76,541.10 while in 1922 there were 109 fires and fires were \$78,252.45. Realty in 1923 was insured for \$1,255,775 and personal property for \$4,765,645. No borrowed money was outstanding on December 31, 1923. Only one assignment was made during the year for the \$5 for each \$1,000 of insurance carried.

The election of officers resulted as follows: President Frank J. Malcom, vice president W. H. Williams, secretary-treasurer Harry M. Bogart, director, Joseph Brooks.

Mass is said every Sunday at 9 a. m. in the Library on Wing street. Confessions are heard before mass.

The men and boys of the parish receive Holy Communion every second Sunday of the month; the ladies and girls do likewise on the fourth Sunday of every month.

Instructions in Christian doctrine are given the children after mass on Sunday. The teachers are the Misses Elizabeth Riffenberg and Catherine Wilcox. Attendance reports are sent to parents or guardians every month.

The pastor, Fr. J. G. Schuler, lives at 29 Cadz street. (the Nevison home) Telephone 170-W.

The sleigh-ride party to Novi last Thursday evening was greatly enjoyed by all. Mr. and Mrs. Geo. Gleason of Novi were the hosts. The patronage of the Novi people was the source of much encouragement.

Suggestions have been made to have Lenten devotions in one of the homes of the parishioners. Whatever arrangements are made will be published later. Lent begins on Ash Wednesday, March 5, and ends on Easter Sunday, April 20.

Read your Bible, and read it every day. Your prayer book will tell you that there is a special blessing from above upon all those who will read their Bible at least fifteen minutes each day.

DOG OWNERS, TAKE NOTICE! All dogs not carrying license tags after February 25th, will be taken care of by the local authorities. Secure licenses from the township treasurer at the Lapham State Savings Bank. F. R. LANNING, Township Treasurer.

Far From It. "I often see my wife standing at the stove like an ancient high priestess," remarked an Old Roman. "And this rite of frying eggs is no trivial one, I do."

NORTHVILLE SCHOOL NOTES.

We, the Seniors, wish to express our sincere gratitude to each and every one who so cheerfully and willingly contributed in any way toward making the Father and Son banquet so complete a success. This was a big undertaking for a few high school people and without the splendid support of the townspeople would have been impossible. Especially do we thank those who assumed the excellent management of the affair, our mothers and friends for their co-operation and the Exchange club for their generous support.

Our net proceeds were \$175. This amount added to our treasury brings us very near the goal needed to take us to Washington, a trip which we deem worthy of our effort and on which we feel certain our friends will be proud to have us secure.

IN MEMORIAM.

In memory of Elizabeth Ostrand who departed this life February 23d, 1922.

L. O. T. M. CONTEST NETS HANDSOME SUM.

For-Get-Me-Not Hive, No. 169, held a very enjoyable meeting on Monday evening, February 11th, with an attendance of 60 members.

There was a large class of candidates initiated, being those secured during the contest which has been held for the past three months. The members were divided into two lots, Mrs. Grace Watts being captain of the Busy Bees and Barbara Wade, captain of B. Wade's Workers. The captains topped off the meeting with a program of songs, dances and instrumental selections. The Busy Bees band caused much merriment and all those with an ear for music were attracted by the winning personality as well as their musical genius.

Tuesday afternoon, February 19th, an adjourned meeting was held at the home of Alvena Elliott to enable the captains to turn over the money made during the contest to the Hive, which amounted to \$425. The most being made by the B. Wade's Workers which leaves the Busy Bees to serve a banquet to the winners. At the close of the business meeting a great surprise awaited the two captains, as Madeline Lauray, in behalf of Mrs. Lillian Beiford, presented each with a beautiful bouquet of carnations as a token of love and everlasting friendship.

We take this time to thank Mr. Taylor for music rendered at different times. Also the public and to all who in any way helped to make our contest a success. The two quilts given by B. Wade's workers were won by Mrs. Jennie Switzer and Mrs. Minnie Wagner. We have had the co-operation of every member. Fraternism is the outstanding feature of Americanism today and without co-operation there can be no fraternalism. A MACEBEE.

If you enjoy dancing you certainly will miss a treat if you do not attend the O. E. S. ball next Friday night, the 29th. You will meet a lot of your friends there. 32-1c

MANUFACTURING YOUR OWN GOD

This business has few dull periods and the product is as varied as the people themselves.

The GOD you acknowledge—the One you have enshrined within—what sort is HE. Is HE one who sits on a throne—far distant—watchful to trap and punish you for misdeeds?

Or do you own a GOD that is kindly—neighborly—helpful—who cares for each individual soul.

The MAKER of this world of ours, in the midst of a universe of vast extent whose power and ability are supreme is a BROTHER to man.

This CREATOR gives man a chance to build a character that will be worthy to walk on streets of gold, in a city four square and adorned with all that a rich imagination can picture.

The words and acts of many folks indicate that they have a very meager sort of a GOD—one who is mean and hateful and delights to make men do pitty deeds and think twisted and knarled thoughts.

The Hebrew nation were the first to think of JEHOVAH GOD as the Father of all—as patient with HIS creatures—as delighted when they won against evil—as sorry when they were lured to sin—as joyful when they were living and working together happily.

Inventory your Gods and see what one you ARE REALLY SERVING.

LOCAL

Don P. Yerkes, Jr., is spending a few days in the eastern states.

C. W. Wilber has again been nominated for president by the people of Farmington.

Joseph Revitzer has purchased one of the new residences recently erected by the Laagfields in Orchard Heights. Members of Orient Chapter, O. E. S., enjoyed a pleasant social time after the regular business of the chapter last Friday night.

Dr. T. H. Turner, who has been in a Detroit hospital for the past few weeks, is expected home next week. He is getting along nicely.

The Record has received from the Detroit News a copy of a very interesting book, "The Story of Detroit," which we prize very highly.

Attorney C. C. Yerkes retained the last week from Ann Arbor and his many friends will be glad to learn that he is very much better. In their games with Redford last Friday night the Farmington High school basketball team won the boys' game and lost the girls' contest.

The heaviest snow fall of the season visited this section Tuesday afternoon and night. By the way what has become of Northville's snow plow?

Mr. and Mrs. Frank D. Clark of Novi were Northville visitors Monday. Mrs. Clark is recovering rapidly from the effects of her serious injury.

Farmington High school basketball teams come to Northville tonight for games with the Northville teams. They will be accompanied by a large crowd of rooters.

Mrs. Henry Ballard and Mrs. B. S. Frost of Detroit, took part in the Woman's Missionary work last Tuesday afternoon at the home of Mrs. Charles Filkins.

If you have not already registered, or if you have moved from one precinct to another during the past year, you will do well to attend to the matter before the first of March.

Mrs. E. J. Cobb entertained her daughter, Mrs. Henry Ballard of Detroit, Mrs. B. S. Frost, Mrs. W. H. Burleigh, Mrs. H. H. Voss and Mrs. F. S. Neal at luncheon Tuesday noon of this week.

Monday evening Rev. and Mrs. F. R. Knowlton attended a family dinner party at the home of Mrs. Knowlton, brother, J. W. Richardson, in Detroit. All the brothers and sisters of the family were present.

Miss Catherine Cuitass entertained a number of young people at her home on Saturday night at a Valentine party, games and dancing accompanying the entertainment of the evening. A dainty buffet lunch was served.

The members of Northville's boys' basketball team witnessed the game between Michigan and Indiana at the Post field house at Ann Arbor on Monday night. Indiana won by one point. Coach Miller accompanied the young men.

The following former members of the Westminster Guild attended the birthday dinner held at the Presbyterian church last week Monday night: Mrs. J. E. Webber, Royal Oak; Beatrice Whetzel Hamilton, Detroit; Clara Bristol, Detroit; Jennie Westlake, Detroit; Mrs. Spencer Reaney, Farmington; Gladys Heaney Clark, Farmington; Margaret Yerkes, Holden; Detroit; Viola McCully, Loomis; Dearborn; Marie Beil, Dearborn.

The Record received a brief note from T. G. Richardson, who is enjoying life at his winter home at Clermont, Florida, in which he stated they were all well. Enclosed in the letter was a bill of lading for a box of choice oranges which followed the letter. The fruit was very choice and we would like very much to go to Florida to assist in harvesting the rest of the crop. But we are detained at home shoveling coal and carrying out the ashes.

Engineer C. W. Hubbell of Detroit visited Northville last Saturday upon invitation of the village authorities and made an inspection of the village building. After looking over the structure carefully he recommended that the bell be removed and the tower be taken down and that no more public meetings be held in the building. With the bell removed and the tower taken down he thought the building might stand for some time. His recommendation will be observed.

A party of ten Legionnaires went to Holly Friday afternoon to attend the sixth district meeting of the American Legion, the sixth district comprising all the Legion Posts in the sixth congressional district. Nearly one hundred vets and members of the Auxiliary attended the meeting. The afternoon was taken up by a business session which was followed by a fine dinner served by the ladies of the Holly Auxiliary. In the evening fine talks of vital interest to the Legion at the present time were given by Mrs. Pelham, president of the Auxiliary of Michigan, and by Col. A. H. Gannser, past commander of the Department of Michigan. The next meeting in the early spring will be held at Flint. The local Post expects to send a good delegation to the Flint meeting and try to secure the following meeting for Northville.

Basketball tonight.

Mr. and Mrs. L. A. Babbitt spent a few days during the past week at Cincinnati, Ohio.

It is believed that Grand River highway improvements will be completed to Lansing by next July.

Mrs. A. J. Helfrich and daughter, Doris, are spending the week at the home of the former's father at Capac. Northville lost both basketball games to Plymouth last Friday night. A large crowd accompanied our teams, but the local teams could not win, although the score in the boys' game was very close.

A. J. Helfrich spent the week-end with relatives at Capac and Columbusville. Between Lapeer and Columbusville he encountered deep snow drifts and had to be pulled out of the big ones.

Mr. and Mrs. W. A. Crane and son, Reginald, and Mrs. Arthur Crane, spent Wednesday night and Thursday with Mr. and Mrs. Floyd Sharer. Harry Shafer accompanied them home for a few days visit.

Rev. Wm. Richards attended a meeting of Methodist ministers of the Ann Arbor district at Ann Arbor last week Tuesday. There were fifty pastors present and the special which called them together was evangelism and world service.

It was a very great pleasure for Rev. Wm. Richards to be the guest of the Congregational ministers of the Detroit association at the Y. M. C. A. on Monday. He states others have their problems to solve as well as the Methodists. It was a very happy fellowship.

Sigma Phi fraternity at Iowa State College, Ames, Iowa, on Tuesday, February 12th, won the interfraternity track meet by a large number of points, thus winning another cup, the third consecutive year. Lyle Kestel of this place, who was honored as a member in the above mentioned fraternity, succeeded in putting the 16 pound shot 32 feet, six inches.

The hard times party given by the Pastime Dancing club on Wednesday revealed a great deal of "poverty" in this community in spite of the fact that a good many of the guests were compelled to dress in rags and bags to make a presentable appearance. The strong arm of the law resorted out and brought before the "box of justice" a good many of the men, who had shown their contempt for the orders of the court. Judge Keene and Officer Schrader were relentless in their demands, being deaf to the pleadings of those who were arraigned. Under such conditions no one expected to receive "justice" but many pleaded for mercy. A good crowd was present and there were heaps of fun.

MANY SKI CHAMPIONS HERE SATURDAY AFTERNOON.

Lars Haugen, national senior champion ski jumper, finished seventh in a field of seven starters Sunday in the Detroit-Northville Ski Club's second tournament of the season at Balders hill slide. Northville's Four Hall brothers of Detroit, Walter Hilgen of Minneapolis, and Rolf Mangseth of Coeur d'Alene, Minn., were ahead of Haugen. Henry Hall won the event.

Henry Hall besides winning the tournament, made the longest standing jump of the day, when he leaped 114 feet. Haugen did not compete in this event. The skiers all were in good form considering they had spent 24 hours on the train, arriving Sunday morning from Battleboro, Vt., where the national tournament was held Friday.

Clarence Hall, who took fourth at Brattleboro, finished second here and Carl Hall was third. Mangseth, fifth in the regular events and fourth in the long standing jump, is a 16-year-old boy, the national champion boy jumper.

Lars Haugen left Monday morning for Colorado where he intends to compete in a series of tournaments. The Halls will leave this week for Quebec to compete in the annual winter sports events in that city. Sunday's results:

Regular events: Henry Hall, 251 points; Clarence Hall, 246 points; Carl Hall, 243 points; Walter Hilgen, 233 points; Rolf Mangseth, 234 points; George Hall, 222 points; Lars Haugen, 210 points.

Long standing jump: Henry Hall, 114 feet; Carl Hall, 112 feet; Walter Hilgen, 107½ feet; Rolf Mangseth, 103 feet.—Detroit News.

STORY HOUR SATURDAY.

The children of Northville are reminded of the story hour which will be given at the Library building on Saturday afternoon at 1:30. Miss Squier will give her puppet show in connection with the story hour.

COFFEE DEMONSTRATION SATURDAY.

There will be a demonstration of Kara-van coffee and National Biscuit Company's cookies at the store of E. H. Partridge on Saturday, to which the public is invited. A cup of hot coffee and some fresh cookies will warm and cheer you up. Just step in any time.

Take your friends with you to the O. E. S. ball to be given next Friday night at the High school gym. 32-1c

LUTHERANS WORKING FOR GERMAN RELIEF.

Local St. Paul's Church Participates Energetically.

The 3400 congregations of the Evangelical Synod of Missouri, Ohio and other states, located in every section of this country and Canada, are being approached this month with the urgent request to take up a special collection for German relief purposes. St. Paul's church, C. Hassfeldt, pastor of this community, has decided to take part in this charitable endeavor and will urge its members to contribute generously.

The need in Germany, especially the children, is so appalling that the mind can hardly grasp the significance of the figures involved. Secretary Hoover announces that 20,000,000 people in Germany are facing starvation. The Quakers report 7,000,000 children to be in immediate danger of contracting tuberculosis because of prolonged undernourishment. 3,000,000 are said to be without underclothing and shoes. Food, fuel, clothes, everything is wanting in innumerable homes. Salvation lies only in such aid as is extended from the outside from America especially.

The Missouri Synod, comprising about a third of all the Lutherans in America, has been doing relief work through the American Lutheran board of Relief in Europe, whose headquarters are in New York City. It is this board which has issued the appeal for special offering now and for regular contributions until the time of need is over. The Rev. F. Protenhauer, D. D. of Chicago, president of the Missouri Synod, heartily endorses the appeal and writes: "Speedy help is necessary because the starving and freezing people who need aid must be taken care of quickly if anything at all is to be done for them." The Rev. Prof. George Meiser, D. D. of Concordia Seminary, St. Louis, Mo., exchange professor at the recently organized Lutheran Theological Seminary, Berlin-Zehlendorf, writes: "I urgently appeal to all brethren for immediate help in Germany's distress. Thousands are dying from cold and starvation. Send at once money, food, clothing."

The funds raised in this national campaign will be administered by the church board which is in direct touch with the situation across the seas through special local sub-committees. In addition to assisting thousands of individuals, many institutions, hospitals, orphanages, deaconess homes and other charitable projects are receiving regular subsidies.

The Lovewells are enjoying California.

S. A. Lovewell writing from 1894 East Colorado street, Pasadena Cal., under date of February 19th, stated they had enjoyed some wonderful drives while out in the land of sunshine. Yesterday he went 30 miles up and over the San Bernardino mountains, 9000 feet up, and fifteen miles on the ridge. They had been having snow and ice but it was nearly all gone. He had planned to go farther and stay over night, but the guide advised not to do so, so he started back. Just before he started the descent a storm came up and he was first above the clouds and before he had traveled two miles there was eight inches of snow. We reached the valley all right and there it was raining. Six miles further toward home there had been no rain and the sun was shining and it was necessary for us to shed our overcoats. The weather here is great—about 75 above during the day and 50 at night. All business is very active and they claim its not anything uncommon. Living, I figure, is about 25% cheaper not counting fuel.

In his letter Mr. Lovewell enclosed a picture of the Lovewell party crossing a river in Arizona, going across on the apron of the great Gillispie dam. This road is closed at night. Water came up to the running boards. Paul and Lyle are in school and they are delighted with the country and the climate.

Mr. Lovewell stated The Record was appreciated very much but they did not envy us the storms and the cold weather back here.

MICHIGAN HOUSEWIVES CLAIM OWN BUILDING.

Michigan housewives took over a building destined to be more distinctly their own than any other structure in the state when the beautiful new half-million dollar Michigan Agricultural college home economics building was formally opened on February 5, during the annual Farmers week at the college.

Hundreds of women from all sections of the state attended the opening ceremonies and viewed with approval the ultra-modern facilities which have been provided for future teaching and experimental work in home economics fields at the state college.

Everything from model living apartments and children's nurseries to laboratories for experimentation and

teaching in correct diet and nutrition is included in the new building. The structure is literally the "last word" in home economics buildings and proved a revelation to those who inspected it for the first time.

The parlors of this building also served as headquarters for the annual Housewives congress, held in conjunction with the Farmers Week, the women in attendance having their own program of meetings and their own home economics exhibits.

O. E. S. BALL.

Remember the date of the big O. E. S. Ball, Feb. 24th, at 8:30 o'clock, in the high school gym. The committees in charge are putting forth every effort to make this the best party ever given by our Chapter.

Mr. Perkins has secured extra pieces of the best talent to assist his efficient organization for this occasion.

All members of the Chapter, kindly remember that invitations are not issued to the members but any member, desiring invitations, for friends, communicate with Mrs. Mary Alexander.

REGISTRATION NOTICE.

To the Qualified Electors of the Village of Northville, (Precinct No. 1) State of Michigan:

Notice is hereby given that in conformity with Act 226, Public Acts of 1917, the undersigned Village Clerk will upon any day except Sunday and a legal holiday, or the day of any regular or special election or official primary election, receive for registration the name of any legal voter in said Village not already registered who may apply to me personally or by messenger, as provided by Act 7, Public Acts of 1919, except that I can receive no names for registration during the time intervening between the Second Saturday before any general or special election or official primary election and the day of such election.

March 1, 1924—Last Day for General Registration for Election March 10.

All electors not already registered and intending to vote at said election, should make application to me on or before the last day of March, A. D. 1924.

Notice is further hereby given that I will be at the Village Hall, Northville, state of Michigan on

Walled Lake Warbles.

H. N. Pringle and J. H. Jeannottee have purchased Frank Moss' interest in the pool hall.

The ladies of the M. E. church met at the church yesterday and dinner was served at noon.

Mrs. A. J. Church was the guest of her son-in-law several days during the past week.

The ladies of the Nov. Aid society held their meeting at the home of Mrs. F. A. Blake on Wednesday. Dinner was served and the meeting was an enjoyable one.

A special meeting of the board of delegates of the Oakland County Farm Bureau will be held at 11 o'clock next Saturday in the county office, at Pontiac. A decision will be made as to what work to carry on during the coming year.

Walled Lake basketball teams defeated the teams from Kego Harbor last Friday night—the boys 31 to 14 and the girls 27 to 7.

L. J. Bailey and son have opened a shop in the old creamery building and are manufacturing cabinets for radios and expect to build up a large business.

Mr. and Mrs. Wm. Hoyt had as their guests during the past week Mr. and Mrs. Barnard Lasky of Detroit.

The special meetings at the Baptist church are being continued this week with a good interest being manifested.

The Walled Lake Home Telephone company is distributing new directories to its patrons. The list of patrons is printed in large clear type and the new book is very attractive. W. H. Graves, who was one of the first to erect a cottage at Walled Lake, died recently at his home in Leslie. He was a traveling salesman and spent his summers here at the lake with his family for the past fifteen years or more.

DATES SELECTED FOR MICHIGAN SHORT-SHIRT RACES.

Saginaw and Flint were the only other cities allotted two weeks of racing. The schedule follows:

June 23-28, Mt. Clemens; Saginaw July 1-5, Flint; July 7-12, Port Huron; July 14-19, Kalamazoo; July 21-26, St. John; July 28 to August 1, Lansing; August 4-9, Ionia; August 11-16, Grand Rapids; August 18-23, Bay City; August 25-30, Detroit; September 1-5, Saginaw; September 8-13, Flint; August 15-20, Charlotte; August 22-27, Fowlerville; August 29 to Sept. 4, Mt. Clemens; October 6-11, Mt. Clemens.

A. W. Taylor, Mt. Clemens, Bert

Eckert, Lansing; T. F. Morris, Saginaw, were elected president, vice-president and secretary, respectively.

MAKE IT WORTH WHILE

The man who boosts his home town does not do it primarily because he gets direct financial returns from that boosting. There has to be a lot of self-sacrifice and unselfishness about the boosting game, in the very nature of it.

However, there is no question that boosting needs to be made more popular.

If a booster is made the object of levity of slurs—if he is accused of being merely a publicity-seeker with no actual concern for the welfare of the city—it means that the community will gradually lose its boosters. If, on the other hand, the booster receives the moral and business support of those who believe in boosting, it means that the town will surely drive ahead.

Boosting should be made less of a thankless task. If a knocker and a booster are asking for your business all other things being equal, do you give it to the knocker or the booster?

If you give the business to the knocker, you are boosting the knocking game. If you give it to the booster you are boosting the boosting game. That is about all there is to it. The logic is inescapable.

When this principle soaks in when the citizens of a community more generally act on this principle—the community will go ahead faster than ever.

The above was taken from an exchange, and while we do not know its author, it fits the nail so squarely that it is worth while presenting the article to record readers. We have right here in Northville as every community has, men who are so busy with their own affairs that they never have time to devote one single hour to any movement having for its purpose the upbuilding of the community or the cultivation of the community spirit. Yet it very often occurs that these individuals, while not willing to render any sort of service in behalf of the community in which they are making their living, stand back and find fault with those who are willing to devote themselves and contribute their money for the public good. Northville has a lot of enterprising, progressive men who are always ready and willing to give their time in behalf of any project that has for its object the upbuilding of the community. These men have made the fair, the auto club, the Fourth of July celebrations, the father and son banquets great successes, because they were willing to render service that makes for success, while the fault-finders have stood back and grumbled and found fault. The grumblers have never shown a disposition to "lead off" in any of these splendid community undertakings.

Without this spirit of service and community helpfulness the father and son banquet held last Thursday night would not have been held, nor would it have been such a splendid success. These things do not just happen. They require some planning and behind them there must be some organized, directing force, and the man who criticizes and finds fault because some one else is willing to go ahead and do something while he sits back with folded hands ought to be ashamed of himself.

There are many projects in Northville that need some one to direct them, and the fault finders can very easily find a lot to do if they care to exert themselves. No one has a monopoly on community service, but some seem to be more willing to work at the job than others. Let's have more boosting and less knocking.

DISARM MEET IS HELD AT ROME

Experts from 15 Nations Take Up Naval Reduction Question.

Rome—Naval experts from 15 nations have met here under auspices of the League of Nations to discuss naval disarmament. If an accord can be reached, a general international conference will be convoked to extend the Washington conference to powers not represented at Washington.

Admiral Thaon, of the Italian navy, presided at the preliminary meeting. Premier Mussolini was not expected to take an active part.

Soviet Russia is represented by Admiral Behrers. This is the first disarmament conference in which Russia has taken part since the Soviet government was established at Moscow.

Turkey refused to join the conference, because the Lausanne treaty had not yet been officially ratified by the powers.

Germany and the United States are not represented. Germany has no navy, and the United States already is bound by the original agreements reached at Washington.

Several South American countries have delegates here.

HONDURAS RELATIONS ENDED

Action by Washington Brought About by Political Mixup.

Washington—Diplomatic relations between the United States and the government of Honduras have been severed by the state department.

The step was taken because of the failure of three political factions in Honduras to reach an agreement under which constitutional government can be restored by peaceful means.

Constitutional government ceased to exist in Honduras at midnight January 31, no majority for any of the three candidates for the presidency have been recorded, either at the polls or by congressional action. The Honduras constitution provided no means of continuing the constitutional power in this emergency.

President Gutierrez since has in formed Minister Morales that he proposes to retain de facto power for a long enough period to permit new elections to be held.

The Washington government assented, but the two leaders opposing Gutierrez refused to do so, and each proclaimed himself provisional president.

GERMAN ENVOY TO U. S. RESIGNS

Failed to Order Embassy Flag Half Mast at Death of Wilson.

Washington—Dr. Otto Wiedfeldt, German ambassador to the United States, has sent his resignation to Berlin, and has asked to be relieved as soon as possible, according to reliable information obtained here in diplomatic quarters.

Dr. Wiedfeldt came in for much criticism in the German press recently because of his failure to order the embassy flag in Washington half masted out of respect for ex-President Wilson.

It is also understood that the ambassador, for some months, has been desirous of returning to private life, in which he held a responsible post with the Krupp concern.

Reports in diplomatic circles are that Dr. Wilhelm Solf, former minister of colonies, probably will be named as Wiedfeldt's successor.

Warns Aliens Will Flood U. S.

WAYNE COUNTY HAS BIG HIGH- WAY PROGRAM FOR 1924.

According to an outline of the plans and projects for 1924 recently made by Edward N. Hines, chairman of the board of county road commissioners for Wayne county, a big program has been mapped out for Wayne county for the coming season. The board will have funds available for highway improvements amounting to about \$4,000,000, and the members of the board expect to make greater progress than in any year in the history of the commission.

The 1925 program is made possible by the favorable action of the board of supervisors in its October session when a one-mill county tax on all property in Wayne county was voted for roads. This will bring in approximately \$2,448,000. To this will be added one-half the license fees paid by Wayne county motorists to the secretary of state, which is estimated at \$1,500,000, making in round figures, \$4,000,000.

In the matter of wider right-of-way it is the plan of the board to widen such main arteries of travel as Grand River, from the Detroit limits to the county line, providing for a right-of-way varying from 100 to 150 feet in width. Michigan avenue right-of-way will be widened from Dearborn to Wayne from 66 feet to 135 feet thereby providing sufficient room to build a 40-foot road on either side of the D. U. R. private right-of-way, making an ultimate paved width of 80 feet for this most important thoroughfare in Wayne county.

condemnation proceedings have been started on the River road between Wyandotte and Trenton for widening right-of-way to 106 feet, and from Trenton to Rockwood the right-of-way will be similarly widened, making room for widening the old concrete road to 40 feet, which provides four lanes of travel. A new right-of-way is being acquired for the extension of Fort street southerly back of Wyandotte, Sibley and Trenton, connecting with West road and extending southwesterly to Rockwood.

It is expected that nearly \$1,000,000 will be invested in 1924 for new rights-of-way for future widening, it being considered that money put into wider right-of-way is one of the best investments that Wayne county can make, as the real estate along these main arteries of travel will never again be obtained as cheaply as it can be today.

Among the numerous projects proposed in this section of the county will be the completion of the Plymouth road which will be paved with concrete the entire distance from Detroit to Plymouth. This road enters Detroit in the northwest section on Coon avenue. When completed beyond Plymouth to Ann Arbor it will furnish a new and important artery of travel between Detroit and cities to the west. It will be 20 feet wide, nine inches thick built on a 30-foot grade.

Grand River road from Division road to Redford will be completed by centering the D. U. R. tracks and building a 24-foot concrete road on either side, similar to the construction done on this road during 1923, when the work was carried from the old Detroit limits to Division road.

Ann Arbor road from Plymouth to the county line, towards Ann Arbor will be completely graded. This road goes through a very rough territory in Wayne county, many heavy cuts and fills being encountered. This grade will be completed in 1924 and the paving in 1925.

MOTORCYCLE RACES TO BE STAGED HERE.

GREAT CROWDS SEEING "THE FOOL."

The splendid reception that Detroit has accorded Channing Pollock's drama "The Fool" has resulted in arrangements being effected to hold this play at the Garrick theatre for a third week. Although two other dramas in recent years have played Detroit for three continuous weeks neither of them have created as much discussion as "The Fool." Both were also much lighter forms of entertainment.

Primarily the success of "The Fool" is because it is a great play, a whole some play that affords entertainment to everyone. Secondly the manner in which "The Fool" has been endorsed by the clergy and been brought to the attention of fraternal and business organizations had an important bearing on bringing to the Garrick theatre a class of people who but seldom visit a playhouse.

During the past two weeks the Garrick has been crowded every evening also at the Wednesday and Saturday matinees, the latter attracting great numbers of people from cities and towns within fifty miles of Detroit. Seats for the third week
