..Our Annual Sale.. of Cotton Waists and Overblouses

This season our cotton waists are more attractive than ever. The reason is quickly evident when you know that the popular overblouse style predominates and that most of the blouses have a touch of color. Several of those shown are in tan, while others are embroidered in blues or browns. Cotton overblouses will be worn this year with sport sweaters and vests. One or two will be a pleasing addition to your wardrobe. These blouses are exceptional values. They are now on sale; make your selections early. See display in our west window.

The 1924 Gingham are in and contain almost an entire change of styles from other years. The best grades of Toile du Dords, 32-inch wide, are priced at 35c yard.

We want you to see our line of Peter Pan Gingham also.

..Alseium Theatre.. SATURDAY NIGHT, MARCH 15 "TO THE LAST MAN"

Ellen wiped the tears from her eyes, and as she knelt there she swept to her breast a fragrant spreading bough of pure needles. "I'll go to him," she whispered. "I'll tell him of—of my—my love. I'll tell him to take me away—away to the end of the world—away from here—before it's too late."

It was a solemn, beautiful moment. But the last spoken words lingered hauntingly. "Too late?" she whispered.

SUNDAY NIGHT, MARCH 16
ALICE BRADY, in
"THE LEOPARDESS"

A severe storm at sea with one of the most beautiful yachts ever seen in motion pictures at the mercy of the waves, is but one of the many thrilling episodes in "The Leopardess." This is an intensely dramatic picture filled with thrills.

TUESDAY NIGHT, MARCH 18
"MR. BILLINGS SPENDS HIS DIME"
A Scream all the way through.

THURSDAY NIGHT, MARCH 20
GLORIA SWANSON, in
"ZAZA"

"Zaza" is the character Gloria Swanson has always wanted to play. And when her big chance came, she really didn't play it—she lived it. That's why it's one of the outstanding performances of the year.

A LARGE VOTE POLLED AT MONDAY'S ELECTION.

The present village council was given a fine endorsement by the electors of this village at Monday's election, all the old officers being re-elected by good majorities. One year ago there were but 264 votes polled as compared with 542 this year, indicating that the people are being more and more interested in municipal affairs. The size of the vote was quite a surprise to those who had been watching the contest from the side lines. Up until noon only about 230 votes had been polled, but during the afternoon hours electors turned out in large numbers and when the polls closed at five o'clock there had been 301 votes polled in precinct No. 1 and 241 in precinct No. 2. The following is the result of the election, the names of the candidates on the workingmen's ticket appearing first:

For President—	
Charles A. Dolph	315
Alexander K. MacRae	237
For Trustees—	
Fred B. Vanatta	326
Mark R. Seeley	203
Charles L. Blackburn	287
John Schults	256
Fred P. Simmons	294
George Baker	228
For Clerk—	
Thomas E. Murdock	371
For Treasurer—	
Carrie E. Litsenberger	367
For Assessor—	
Charles A. Sessions	343
Conrad Langfield	195

Now that election is over let us all rally to the support of our village officials and support them in every way they do looking toward the improving and rebuilding of the community.

OBITUARY—MRS. WM. H. AMBLER

Funeral services for Mrs. William H. Ambler were held at her late home on Saturday afternoon last and were attended by a large number of relatives, old friends and neighbors. The floral tributes were profuse and beautiful, expressive of the esteem in which the deceased was held by the people of this community. Death came to Mrs. Ambler on Wednesday evening as she reached her home from a visit to one of her neighbors and the news of her sudden and unexpected passing caused a great deal of sorrow among those who knew her well and loved her dearly. Her life was a daily expression of the highest type of Christian womanhood and she delighted in rendering thoughtful and kindly service to those about her.

The deceased was born in Detroit on December 15th, 1846, and grew to womanhood in that city. She was married to Frank A. Miller and soon after their marriage Mr. and Mrs. Miller moved to this village where Mr. Miller was engaged in the meat market business for upwards of 25 years, until his death nine years ago. Two years later she became the wife of William H. Ambler, with whom she spent the closing years of her life most happily. In his great sorrow and loneliness Mr. Ambler has the sympathy of the people of this community. Besides her husband she is survived by one brother, Edward L. Ambler and two sisters, Mrs. Adeline Totten of Detroit and Mrs. L. M. Hills of this place.

LOCAL BOWLERS WERE IN CHICAGO

The American Bowling Congress met in Chicago this year and it brought about 10,000 bowlers to the Windy City. Among the 10,000 bowlers were the "Country Five" of this vicinity. The team consisted of James Woolley and Harry German of Northville, John Clark and Eugene Grafe of Farmington and Chester Sheere of Redford. These five master bowlers are considered to be some pin splitters and it usually takes a crack team to beat them but in Chicago it was different. They were not up to their usual clip and were a disappointed set. Not only to themselves but as one of the boys said, "to the many hundred spectators who came from the far East and West to see them bowl." Even the mayor of Chicago and the governor of Illinois were missing from the spectators when the boys finished in the bowling auditorium. However, one admiring feature of the boys on their return is that they offer no alibis but simply smile and turn the conversation to Muscle Shoals and the bright prospect for another big Wayne County Fair at Northville.

Northville's boys' basket ball team left for Ypsilanti yesterday afternoon where they will take part in the district tournament. Twenty-four teams played last night.

DEDICATED NEW CHOIR LOFT.

The new enlarged choir loft at the M. E. church was dedicated with appropriate services Sunday morning, and a good sized audience was present to hear the inspiring message presented by District Superintendent Leeson. The work of enlarging the loft was done under the direction of the Globe Furniture company of this village and that fact is a sufficient guarantee of its beauty and adaptability. The handsome grained oak panels add greatly to the attractiveness of the pulpit and chancel and the society is to be congratulated upon the completion of this improvement.

The choir led the congregation in singing the opening hymn and Rev. William Richards offered the opening prayer. Mrs. Lee Hickok sang a solo, "Jesus and Shall it Ever Be," and the choir rendered an anthem, "Like as the Hart." Dr. Leeson gave the dedicatory prayer and after the morning announcements and the offering he was presented as the speaker of the morning. His text was especially appropriate for the occasion, being Heb. 6:12—"For God is not unrighteous to forget your work and labor of love, which ye have showed toward His name, in that ye have ministered," because the work of planning for the improvement of the church and the effort put forth to raise the funds to meet the expenses of the improvements was indeed a labor of love. Dr. Leeson said it always was a consolation to know and to feel that God appreciates our efforts in every worthy cause. Naturally all enjoy and appreciate a word of praise for faithful service performed, but we are so human that we very often withhold our praise no matter how much it may be deserved. He admonished his hearers to faint not in their labors of service to the community or the church, but with steadfast purpose push forward and render a service that shall be well pleasing in His sight, with the assurance that He would not forget.

The evening program by the choir was a musical treat to the public. The church was nearly filled, many coming from a distance. The anthems and quartets were well rendered and the old-fashioned hymns were heartily sung by the congregation.

The pastor took his audience over the ground with Augustus Toplady and Charles Wesley, being familiar with the places the authors composed the hymns "Jesus Lover of My Soul," and "Rock of Ages." Dr. Lykes' "Abide with Me" was more interesting as the son-in-law of this famous author was Rev. Wm. Richards' pastor who came into the church under his ministry.

The hymn sung heartily by the congregation and at the singing of the last verse the lights were out with just the lighted cross, which gave a greater effect to the hymn. The day closed with the evening as a special benediction.

MRS. MARK ROBINSON DIED AFTER LONG ILLNESS.

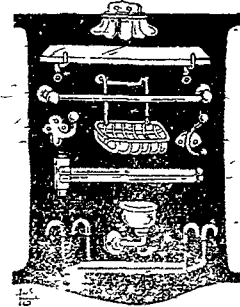

After many weeks and months of patient suffering Mrs. Mark Robinson died at her home in this village last Friday morning, aged 51 years and nine months. During her long illness she was sustained and comforted by her sublime faith in the Master and in His saving grace and she died as she had lived—a true and devoted Christian woman.

Alice Howe was born in Davisburg, Mich., May 21, 1872, and on June 25, 1890, she was united in marriage to Mark Robinson of Lakefield. Thirteen years ago Mr. and Mrs. Robinson became residents of Northville where Mrs. Robinson soon won a large circle of friends. For a number of years past she had been a faithful and devoted member of the Baptist church and she delighted to render service in His name.

Besides her husband and an adopted daughter she leaves to mourn her death five sisters, one brother and a number of other relatives. Funeral services were held at her late home Monday forenoon at 11:00, being conducted by her pastor, Rev. A. K. MacRae. Interment took place at Fenton, Schrader Brothers' ambulance bearing her remains to her last resting place near the old home.

Miss Mary Sarnes conducted a demonstration at the Truett Beauty Shop in this village Tuesday afternoon and evening, using several of Northville's young ladies as living models to show the European and American styles now in vogue for dressing the hair. She gave an informal talk to the ladies present regarding hair dressing and facial treatment.

Profitable Store Lighting

Storekeepers sometimes wonder why they are not doing more business.

The reason, in some cases—perhaps most—is that competing stores are better lighted and therefore more attractive to buyers.

Everybody prefers to deal in a brightly lighted store—you do yourself. Nobody likes to buy in a poorly lighted store.

If you are not doing the amount of business that you consider you have a right to expect, ask us to inspect your lighting. Perhaps the reason why is there. No charge is made for this service.

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1897, for the week corresponding to this week.

W. I. Ely of Gladstone was here this week.

Earl Whitaker has been on the sick list.

Born to Mr. and Mrs. Harry Mooney February 27, a boy.

Miss Jennie Bailey visited on Sunday with Milford friends.

Harry Harmon of Northville is visiting friends at Novi for a few days.

Miss Nettie Brigham of Flint is visiting her mother, Mrs. Alice Whitaker.

Will Thoron and Miss Della Banks of Novi are to be married next Wednesday.

Ja. Bennett of Novi has been assisting at Harmon's livery barn in the absence of J. Holmes.

George B. Yeakes of Detroit has just been elected chairman of the city board of estimators.

Henry Yanalak of Salem has a span of four carriage horses which he purchased at the Rattenbury barn last week.

Wm. Degginger, son of Mrs. Lyman Mestredt died of consumption at his mother's home on Northside, Friday of last week.

W. L. Becker, the jeweler, is now occupying a portion of the space formerly used by Holmes, Dancer & Co. as a carpet room.

John Hazen, aged 60 years, committed suicide by hanging himself in his barn near Novi Monday afternoon.

He leaves a widow and several children.

A. M. Harmon, W. R. C. observed its 8th birthday Wednesday afternoon March 8, by a social meeting at the home of Mrs. Mary Ambler. About thirty ladies were in attendance.

The thoughtful people of Northville donated a large quantity of magazines and books last week for the sick boys in Cuba. Mrs. W. G. Harmon forwarded the big box to the boys.

Wednesday afternoon Miss Bessie Coffey entertained friends in honor of her guest, Mrs. F. S. Harmon of Michigan. Twenty-two were present.

Progressive euchre was played. "Lovers" (Pa) Duff News.

Edwin Whipple of Lyon township was buried in the Forest cemetery Monday afternoon.

He had lived near North Lyon for more than half a century and was a son of Israel Whipple, one of the early settlers of Lyon township and cousin of Addison and Edwin Whipple of Northville.

Remains of the Grand River electric railway and Mr. Russell of the D. P. & N. were here Tuesday to meet the village council street committee relative to a franchise. The Grand River road will doubtless come up the base line to Center street and up Center to the hotel. The main street route was also adopted.

Saturday night's blizzard was a corker. It caused the worst difficulties ever known in this section.

Dr. Blanchard while going to Farmington Sunday became stuck in a snow bank and neighbors with shovels finally rescued him and his horse but the carriage was left in the huge banks in the middle of the road.

After an illness of several weeks V. Ely died at his home Saturday morning.

Interment was at Farmington on Tuesday. He leaves eight children, Chas. Ely, Mrs. C. Lapham, Mrs. J. W. Hatton, Mrs. J. Armstrong of Farmington, William of Gladstone and Alfred, Jessie and Mrs. Paulger of Northville. His wife, Mary J. Lee died some seven years ago.

INA CLAIRE IN "GROUNDS FOR DIVORCE."

A production deluxe can reasonably be looked for in the forthcoming appearance of Ina Claire in "Grounds for Divorce," the attraction announced at the Garrick theatre for one week beginning next Sunday evening.

In the first place, the star herself is associated with pieces that have had the most meticulous presentation and, for another, the co-sponsor of her new vehicle is the Charles Frohman company, the organization responsible for one of the most superb of recent productions, "The Swan." The play, like "The Swan," is from a Hungarian source, though this time not by Molnar, but a younger contemporary called Ernest Vajda, whose name already means much on the Continent, and whose "Kate Morgana" is shortly to be done in New York by the Theatre Guild. Vajda's comedy, which was recently done in Budapest with Lili Darnas the great Hungarian idol in the role now to be played by Ina Claire, has been adapted by Guy Bolton, himself an American playwright, who needs no introduction to our readers. The presentation is in collaboration with Mr. Lee Shubert.

NOVI BAPTIST CHURCH.

Next Sunday morning at the Baptist church, Novi, the pastor will speak on the subject "The Overcomers." He is well aware of the fact that there will be plenty of temptations in the way of some people getting to church that day, the question is, "Shall we be overcome by them, or shall we be the overcomers?"

The following Sunday, the 23rd, is "Attendance Sunday" when it is earnestly hoped every member of the church and congregation will be on hand and make it the largest and best service of many a day. Further particulars next week.

Sunday school, B. Y. P. and evening services each Sunday as usual.

Cottage prayer meetings have been started to be held on Thursday nights each week excepting the regular monthly covenant and bus meeting which will be held at the church. This week we meet with Mr. and Mrs. E. M. Root.

The republicans of Novi township will hold a caucus at the town hall on Saturday afternoon, March 15th, at two o'clock for the purpose of placing in nomination candidates for township offices.

The funeral services for Mrs. Ella Spencer, mention of whose death was made last week, were held at her late home last Friday afternoon and were conducted by Rev. S. D. Ely of Farmington. Mrs. Spencer was 73 years of age and her whole life had been spent in Oakland county, having been born at North Farmington. Mr. Spencer died about 30 years ago.

Mrs. Spencer was held in high esteem by all who enjoyed her acquaintance and many friends here feel they have sustained a great personal loss by her death.

WALLED LAKE WARBLERS.

Mr. and Mrs. C. C. Wadsworth has as guests during the past week Mr. and Mrs. Allen B. Rush of Port Huron, newly wed.

The Roach boys entertained the members of their class of the Baptist Sunday school, together with their teacher, Edward Coe, at their home last Friday night. The evening was pleasantly passed by this fine "bunch" of boys.

Walled Lake Masons are making needed repairs and improvements on the old school building and will soon have the structure in readiness for lodge meetings. At a "bee" last week the building was re-shingled.

Miss V. Volger, who was taken to Detroit for medical attention, is improving nicely and she is expected home this week.

Fifty years ago last week Tuesday, March 4th, 1874, A. O. Bowen and Miss Edith Pittenger were united in marriage and after a short honeymoon spent with relatives in Livingston county, they returned to the farm home and have resided there ever since. The happy event of their fiftieth anniversary was celebrated by a company of relatives and friends who gathered at the old homestead.

PASTER VACATION TOURS.

E. G. Potter of the Highland Park schools, for some years has been conducting Easter vacation tours for teachers. This year the tours will start March 28th and April 17th each continuing for eight days, and will include Washington, Philadelphia and other eastern points.

Reports are most satisfactory from teachers who have taken these trips. Information may be secured by addressing E. G. Potter, Highland Park schools.

Two Gamaliels.

There were two Bible characters by the name of Gamaliel, the better known was Gamaliel, son of Simeon. He has been called a prince of peace. A member of the Sanhedrin, the Jewish council, he was a righteous judge, saving the apostles from condemnation for preaching the word of Christ when all the people cried out for their death.

America's Marvels
NATURAL AND OTHERWISE

By T. T. Maxey

THE AMERICAN SPHINX

Set high above the shimmering waters of the picturesque Rock river on the shoulder of a huge bluff near Oregon, Illinois, ninety-nine miles (by rail) from Chicago, and looking out over a country that is indeed good to look upon, is the colossal statue of the Indian Chief, Blackhawk—the largest concrete monument in America. It is not in all the world—the American Sphinx. This statue is the enduring tribute of the sculptor, Lorado Taft, to the American Indian. It depicts the famous chief standing erect with folded arms, garbed in a long flowing robe or blanket, which folds gracefully about the figure, gazing silently and in far-off attitude over the fertile valley which the members of his tribe were about to roam.

The attention-inviting location and pleasing proportions of this mute figure lend to its bigness a nobleness of poise that is in complete accord with the courage displayed in the countenance of this splendid warrior.

This American sphinx rises from a huge concrete pedestal which rests upon the solid rock of the river bluff and weighs something like 300 tons. In its construction approximately 400 barrels of cement and 4,000 pounds of twisted reinforcing steel rods were used.

The subject was so unique and the construction so unusual that peculiar methods were of necessity called into play. These methods and their applications excited extraordinary attention. In order to insure the preservation of correct proportions—a working model six feet in height was made. This model was then enlarged seven times. Then a mold was built over it. Afterward the model inside of the mold was dismantled and removed. Then the mold was filled with concrete. Pink granite dust or screenings was mixed with the concrete. This process gave to the finished figure a granite-like appearance. This mass was next allowed to set. After the setting process had terminated, the mold was razed and carried away and to there emerged and stood in all its glory an everlasting memorial to the passing of the Red Man—the American Sphinx. Fun!—Mrs. R. C. Durant, mother of W. C. Durant, the automobile manufacturer, died here recently at the age of 91 years. She was a daughter of the late Henry H. Crapo, former Governor of Michigan.

Ecorse—While walking along the tracks watching a group of boys engaged in a snowball fight, John O'Dell, 40 years old, 4427 Third street, Ecorse, was instantly killed when struck by a passenger train on the Michigan Central tracks here.

Ionia—The Stevens Thomason Mason chapter of the Daughters of the American Revolution celebrated its fiftieth anniversary recently, with Mrs. Victor L. Seydel, of Grand Rapids, grand regent, as the guest of honor and speaker.

Azalia—Harold B. Noble, a teacher in the public schools at South Lockwood, who was killed by a New York Central passenger train at Monroe, while attempting to cross the tracks in an automobile, was buried from his home here last week.

Len Mountain—The proposal of the village of Kingsford adjoining the Ford plant here, to build a combined trade junior and senior high school at a cost of \$25,000, has met with an offer from Leary Ford to donate nine acres of his land for the school site.

Grand Rapids—The annual meeting of the Michigan League of Home Dairies was held here recently. Three speakers from Chicago addressed the convention, John Alexander, on "Merchandising," R. B. Harbison, on "The News Print Outlook," and B. A. Adams on "Competition."

East Lansing—At the annual meeting of the Michigan Association of Nurserymen, held at the State Agricultural college, East Lansing, B. J. Mahan, of Detroit, was elected association president. Other officers are: Vice president, William Nienitz, Monroe, secretary-treasurer, C. A. Krill, Kalamazoo.

Lansing—The state administrative board referred to a committee claims from counties for back counties on noxious animals and birds amounting to about \$99,000. The claims date back as far as 1919, and there is no appropriation for their payment. The board probably will make a definite ruling regarding them.

ANNIVERSARY OF FIRST HOUSE IN FARMINGTON OBSERVED.

The one hundredth anniversary of the completion of the first house erected in Farmington was celebrated with a banquet at the Methodist community hall in that village last Friday night which was attended by more than 300 people. The house was erected and occupied for many years by Arthur Power, one of the first men to settle in that section. A very enjoyable program of music and addresses was given, but among the most interesting numbers was the review of the history of Farmington township given by Nathan Power, grandson of Arthur Power, who is president of Farmington's centennial committee. He related how a group of stalwart Quakers of Farmington, New York, started out from their native town on February 1st, 1824, with sleighs drawn by ox teams, and of their long pilgrimage to Oakland County, how the early pioneers were compelled to fell trees along the way to allow their vehicles to pass, and how on the 8th of March the first log hut was completed for occupancy. The new settlement was called Farmington after the old home in New York state. Mr. Power also told how other pioneers came to the new settlement within the next few years, and how the first church, school house, store, tavern and grist mill were built.

Mrs. and Mrs. J. B. Cook of this place attended the banquet, Arthur Power being her great grandfather.

OAKLAND FARM BUREAU IN MEMBERSHIP DRIVE.

A follow up drive will be carried out by the Oakland County Farm Bureau as the result of the meeting held Saturday afternoon by the board of delegates of the local organization in the Farm Bureau office in the postoffice building. A membership of at least twice the present one, which numbers about 330, is the goal sought.

The campaign will be continued through two of three members working in each township. "It is encouraging that the farmers are interested enough to get out and work and donate their time to the cause," said George H. Kinnball, Jr., of the local office Monday morning. The drive will officially begin next Monday.

A home demonstrator will be secured by the organization just as soon as possible. It is definitely understood that she will have charge of the girls' club work in the county. Such projects as sewing clubs and canning clubs are carried out under the guidance of this office.

Due to lack of funds it was decided not to employ a county agent at the present time. It was decided, however, that steps should be taken immediately to arouse interest, and show the absolute necessity of having one in the near future, for the good of the county.—Pontiac Press

DOG TRAVELS 3,000 MILES.

Fiction is outdone by fact in the devotion of a Collie dog that was lost somewhere in Iowa, followed his master's auto to Wolcott, Indiana, and not finding the owner, returned from Indiana to his home at Silverton, Oregon. The faithful Collie literally traversed three states searching for his owner, and arriving at Indiana too late to overtake him, took the long hike back across seven states to the Pacific coast. He arrived in Silverton, Oregon February 15, having traveled nearly three thousand miles, flanks worn thin, tail-bush worn to the quick and feet rubbed raw by his long race to reach home.

The owner C. F. Brazier, a restaurant man motored to Iowa to visit relatives, carrying his Collie puppy along in his motor car.

The dog was lost in Iowa and the owner, advertised extensively but could not recover him. When he entered the restaurant in his home town he gave a jocular yelp and made a leap for his astonished owner.

How he peregrinated nearly three thousand miles over highways and bridges across rivers, streets and roads in cities is a mystery. The Collie will be presented with a silver medal by the Oregon Humane society.

Two Small Boys.

Two small boys were among a party taken out for a day into the country for the first time in their lives. After eating their sandwiches they wandered into a large field, and one, strutting into the corner, discovered to his surprise three or four empty condensed milk tins. "Oh-oh, Billy," he cried to his pal, "come here quick, I've found a cow's nest!"

Heart Failure.

Sudden, violent burden will kill an automobile motor. Heart failure is frequently caused in the same manner. Such things as football, mountain climbing and even golf may prove too severe for a heart unaccustomed to unusual strain. The sensible thing to do is to have a thorough-going physical examination about once annually and keep posted on the condition of the heart.

Increasing the
Value of Telephone
Service

The Michigan Bell Telephone Company always is building—always expanding its service in order to efficiently serve the growing needs of Michigan.

Last year the Michigan Bell Telephone Company's expansion was one of the greatest in Michigan's telephone history—and that program is being continued.

108,984 miles of new telephone wires were installed during 1923; 98,501 miles to give additional local service; 10,483 miles of toll and long distance wires.

1,110,369 miles of wire now connect the telephones of this Company's subscribers.

96,805 new telephones were connected with the switchboards of this Company, for a net gain of 36,117, during 1923; 49,636 were added through the purchase of another company, both factors greatly increasing the value of the service to every telephone user in Michigan.

More than 437,000 telephones are served by this Company over its own switchboards; its connecting companies in Michigan serve 112,049 more; 14,000, 000 others can be reached elsewhere in the country. \$10,320,380 represents the total increase of telephone plant made by this Company in Michigan last year.

And an organization of 10,279 loyal telephone workers now serves Michigan. It is their unanimous desire to give the people of our state the highest possible grade of telephone service.

NORTHVILLE, MICH., MAR. 14, 1924

POSSESSES TWO OLD NEWS PAPERS.

Mrs. Jennie White of this village, is the proud possessor of two very old newspapers, one of them being the *Wester County Gazette*, published at Kingston, New York, on January 4th, 1880, and the other the *Boston News Letter*, which contains an account of the "First Steam Railroad Passenger Train in America." The *Gazette* contains numerous announcements of merchants and business firms. The newspaper announced that "wrapping and banner paper was for sale at the printing office and that they would pay cash for rags." John Schoonmaker, Jr., of Rochester, advertised for sale "The one-half of a saw mill, with a convenient place for building lying in the town of Rochester." By the mill is an inexhaustible quantity of pine wood, also "A stout, healthy, active, negro wench."

SPECIAL EVANGELISTIC CAMPAIGN TO OPEN SUNDAY.

A special evangelistic campaign will open at the M. E. church in this village next Sunday night and will continue for a period of four weeks under the very able leadership of Rev. Eli J. Forsythe, pastor, lecturer, teacher, of Detroit. Dr. Forsythe will be assisted in the services by his son, A. Royal Forsythe, who will lead the singing, and a large chorus will be an interesting part of each service.

Northville is particularly fortunate in being able to secure the services of Dr. Forsythe at this time, and it is hoped and believed that his coming will prove of great value to the community. He is a forceful and eloquent speaker, broad minded in his interpretation of the scriptures and he does not believe a great deal about denominational lines. At present he is pastor of the First Street Congregational church but for some years he was a Methodist minister and an evangelist of national reputation. Up above all he is a Christian gentleman, a man of broad, noble and high character.

The church people of Northville, who are of various denominations, will do well to rally about Dr. Forsythe and to encourage him in the presentation of the inspiring messages he will bring.

A REAL TREAT COMING.

Northville people have a real treat coming when the fun is at the High school present the opera "Pocahontas" at the Assembly hall on Wednesday evening next. Under the direction of Miss Irene O'Connell, supervisor of music in drama and Miss Althea Stokes, the song department, the cast has worked hard and the opera will be presented in a manner that will reflect credit upon all who take part and upon the school. Special cognitions have been provided for the piece, which is staged in a very attractive manner. The music is catchy, the several characters are portrayed in a pleasing manner and the choruses will delight all.

It has required a lot of hard work to present the piece and to procure the costumes and to meet other necessary expenses has required the expenditure of a goodly sum of money, and it is hoped the public will reward the enterprise a liberal patronage.

From the proceeds of the entertainment it is hoped to purchase a new piano for the Junior High school, something that is greatly needed. Admission will be 50 cents and 35 cents, with no extra charge for reserved seats. Seats may be procured at the Northville Drug Co's store after Saturday morning.

Northville people always patronize us home talent entertainments loyally and all who witness this comic opera will feel themselves well repaid. Read the announcement in another column of today's Record, giving the members of the cast and choruses.

Don't forget the J-hop to be given at the High school gym on April 4th. If you do you'll miss a real treat. —Adv 35wlc

PRESBYTERIAN CHURCH NOTES.

There will be the usual services at this church Sunday, except in the evening. Morning worship at 10:30, Sunday school following. Young people will meet at 6:30. In the evening we will unite in the special service at the Methodist church. Let's turn out in large numbers to these special services.

ST. PAUL'S LUTHERAN CHURCH.

Next Sunday German services at 10:30 a. m. Theme of sermon, "The Sixth Petition." The dedication of the enlarged and remodeled Lutheran church at Plymouth will take place Sunday, March 23rd, not next Sunday, as previously announced.

Next Wednesday at 8:00 p. m. Lent service will be held at St. Paul's Lutheran church in German.

Mr. and Mrs. Louis Balko were surprised Tuesday afternoon by the members of the Lutheran Ladies' Aid and other friends, having gathered to celebrate the "silver wedding" of Mr. and Mrs. Balko. The ladies spent an enjoyable afternoon. An elaborate supper was served. The ladies presented them with a half-dozen silver knives and forks.

Charles Miller, who had an auction on his farm last Wednesday, will move to Northville the first of April. Wm. Kreeger of Base Line road, will move to Plymouth next Saturday. Fred Kreeger, father of Wm. will take possession of the farm vacated by Wm.

CATHOLIC NOTES.

The time for the weekly Lenten services has been changed from Tuesday to Thursday evening at 8 o'clock. They will be held at the home of Mr. and Mrs. Arthur Mitchell on Oak street, just below the school house. A good crowd attended the opening of Lent on Wednesday morning, March 13, at the Mitchell home. The blessing of the ashes was followed by high mass. The distribution of the ashes with the scriptural words, "Remember, O man, that thou art dust and to dust shalt thou return" is very indicative of the spirit of Lent the season of sackcloth and ashes. That same evening the large rooms of the house were filled to overflowing for the sermon and benediction.

Blaise Algen and Miss Susan Wells were united in marriage by the pastor at the Holy Ghost Catholic church on Tuesday, March 12th at 9 a. m. The brides were Miss Peter and Marie Wells. Their bridesmaids were Misses Edith and Mary Wells. A large number of the members of the parish in a laudable act to give to the Lord what one has saved by acts of self-denial during Lent.

"Religious indifference" will be the general theme for the sermon for Sunday morning at 9 o'clock during Lent. At Sunday the sermon will be, "The Cause of Religious Indifference." The question box system will be held Thursday evening. Do not forget the St. Patrick's party tomorrow night. See ad in today's Record.

BAPTIST CHURCH NOTES.

Prayer meeting will be held this week on Friday (tonight). The change of day is owing to the second number of our lectures and so when comes on Thursday. The company we were to have had met with an accident and the entire day and number were changed. Everyone will enjoy "Aladdin."

The Y P S C E had a social Wednesday evening in the church parlors. About fifty were present and if you don't think they had a good time just ask anyone who was present.

A story hour for boys and girls under twelve, is held in the church parlors Sunday afternoon at four o'clock. Miss Ruth Biery is in charge. The room was well filled with little folks last Sunday afternoon.

The sermon Sunday morning will be of interest to everyone. The text is "A Word in Season to Him that is Weary."

We will unite with the M. E. church for the evening service.

Board meeting at the parsonage on Monday evening.

The pastor's class has a good time Tuesday afternoon in the church parlors. Games and stunts were the big feature—likewise the eats.

A MASTER CRAFTSMAN AS SHEPHERD, WARRIOR AND KING.

David, the shepherd lad, was a courageous defender of the flocks that were under his care. Amid the silence of the pastures he learned those lessons which were so valuable to him in later life.

David, the sweet singer, the poet, was able to charm Saul in his ugly moods and dispel the gloom of his darker hours. He led the music of his beloved nation.

David, as King, welded the tribes into a unit of such power and glory that it always referred to as the golden age of Israel.

David, the man, did many foolish and wrong things. He was true to the principles of right and justice most of the time. When he did go wrong he made a real job of it. David was human but the main direction of life was Godward and he was commended for that splendid quality.

Come and study this interesting career of one who went from a sheep cote to a king's palace. Can you match him in worth to the cause of religion?

SENATORS KILL FARM LOAN BILL

MEASURE TO APPROPRIATE
FUNDS FOR AGRICULTURE RE-
LIEF VOTED DOWN.

BALLOT LOSES BY 34 TO 26 VOTE

Plan Branded As Communist—First
Record Vote of Session On a
Farm Relief Measure.

Washington—The senate has refused by a vote of 34 to 26 to approve an appropriation of \$5,000,000 to be loaned to farmers to finance purchases of fertilizers. It was the first record vote of the session upon a farm relief measure.

The vote was taken upon an amendment offered by Senator Harris, Georgia, to the Norbeck-Burness bill after an all-day debate.

Pending measures proposing relief of farmers in definite localities have been attacked in the senate by Senator King, Utah, as communistic.

Senator King said he sympathized with agriculture and appreciated its importance, but he contended the situation in the northwest had been grossly exaggerated.

He predicted the measure before the senate—the Norbeck-Burness diversification bill—would be of no material value and would prove a "snare and a delusion to those supporting it."

Senator Norris, Nebraska, chairman of the agricultural committee, argued that the government was largely responsible for prevailing distress among wheat farmers and should regard their situation as outside usual limitations.

DENBY RETIRES FROM CABINET

Naval Secretary Reverts to Former
Rank As Major in Reserves.

Washington—Edwin Denby, of Detroit, has retired from his post as Secretary of the Navy in President Calvin Coolidge's Cabinet, amid the tributes of his associates.

Mr. Denby's successor has not been chosen, and until an appointment is made, Theodore Roosevelt, assistant secretary, will be in charge as Acting Secretary.

Mr. Denby devoted his last day to departmental business, requiring his personal attention and to, saying farewells. He will return to Detroit soon and is expected to announce then his plans for the future.

High officers of the Navy and Marine Corps were present when he was sworn in as a major in the Marine Reserve Corps. The oath was administered by Gen. Lejeune.

The retiring secretary's desk was decorated profusely with flowers sent by his friends and admirers to grace it on his last day as head of the Navy Department.

As his last official act, he received and greeted the naval attaches from the embassies and legations in Washington, who came in full uniform.

Supreme Court Declares States Can
Regulate Hours of Employment.

Washington—States may legally limit the hours of work of women in certain industries and prohibit their employment after certain hours at night, the supreme court has declared in a decision sustaining the constitutionality of a New York labor law.

The case was brought by Joseph Radice, a restaurant-keeper in Buffalo, who was convicted of having permitted a waitress to work after 10 o'clock at night, in violation of the act of 1917.

Pointing that there was good reason for believing that the New York legislature had correctly concluded that the injurious consequences of night employment were more pronounced upon women than upon men, the supreme court, in an opinion delivered by Justice Sutherland, held that the law, under attack was not an undue and arbitrary interference with the liberty of contract between adults in the matter of employment.

STATE RIFLE RANGE IS URGED

National Guard and Other Branches
Request Appropriation.

Washington, D. C.—A rifle range for Michigan military organizations, to replace the old Mack avenue range in Detroit, sold by the government, has been requested of Michigan congressmen by Colonel William J. Laurence, of Detroit. Colonel Laurence told the congressmen he spoke for the National Guard, army officers, officers of the air service and the naval reserves, in advocating appropriation of \$185,000 to construct a range at Rochester, Mich.

Colonel Laurence advocated either a separate bill to provide the authorization and funds for the rifle range, or a rider to be attached to a war department appropriation bill to include the project.

The military and reserve organizations in the vicinity of Detroit are in sore need of a place wherein to perfect their marksmanship. Colonel Laurence told the congressmen, and advocated quick action.

TROLLEY CAR NOT GONE YET

Every so often some wiseacres, who think that all the public highways should be given up to motor-driven vehicles, or who want to put some omnibus scheme over on the people, give voice to the theory that the day of the mechanically driven trolley car has passed away. Once in a while some of the people who honestly hold to this theory get a chance to put it into practice. A recent experience of this kind was had in Akron, Ohio. There the street railway franchise had expired, the company was not earning enough income, and the public got mad because it wanted its fares advanced a penny or two. A motor bus system was organized to take over the entire duty of the street car company. The public found, after experiment, that the trackless vehicles were not dependable in adverse weather and that they did not furnish the flexibility of loading that the motor cars afforded. Wherefore the public has made a new deal with the trolley cars. The experience was almost identical with that of the city of Saginaw, in this state.

As a general rule no method of transportation will wholly supplant another. The motor car has driven out the horse. The electric car operated even on an urban scale, did not drive out the steam railway service. The motor bus will not drive out the street railway service. There is need of all the facilities, each operating in its own field. Cities are growing and all the facilities are needed to take up the demands of growth. Michigan Manufacturer.

IT WAS A HAPPY DREAM, ANYWAY

From time to time the report is circulated that the Pere Marquette railway is considering the installation of a "suburban train" service between Detroit and Plymouth. Says Frank H. Alfred, president of the Pere Marquette railway: "As a matter of fact, this rumor has been repeatedly denied by me. There has been little thought given to the project. Aside from the important fact that the present population in the section referred to would not warrant the tremendous expense involved, the Detroit terminal facilities are at present too limited to permit such a program. To install suburban service between Detroit and Plymouth would require the construction of additional tracks, and this has not even been considered at this time."

FAMOUS BAND AT EXPOSITION

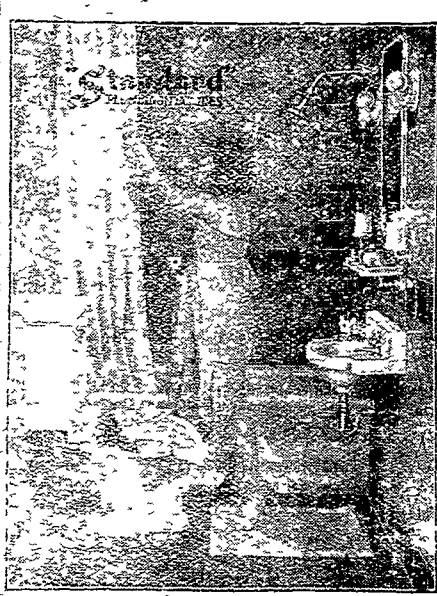

Earl Frazer Newberry, and his Famous Exposition Band are coming up from Florida Beaches to play at the Michigan Industrial Exposition in Convention hall, Detroit, May 7 to 10. There are fifty pieces in the band, and it is accompanied by six famous soloists.

SYMPHONY LAWN

Reflects the good taste of the writer

I'm Going to Write Him a Letter

I'll write it on my very nicest paper, too, so he will know I wanted him to think a lot of it.

It's funny what a difference it makes as to the kind of writing paper you use. One of my acquaintances always seems to use what is the handiest—her letters look like her, for she is not overly particular about little things.

Not that I am too "fussy," but I have learned that first impressions are lasting, and I want all my letters to create good first impressions.

SYMPHONY LAWN

Seems to me to so plainly bespeak good taste and refinement that I use it for everything.

Not the same size always, to be sure, but it comes in all sorts of sizes—nice, dainty little folded sheets of small correspondence cards with the envelopes that fit for my short notes, invitations, acceptances, or regrets, and larger sizes for my regular letter writing.

And in the larger sizes you can get such pretty envelopes, with such odd, attractive shaped flaps, which I think add so much to the appearance of my letter when it is received.

In a letter from Rev. E. V. Belles of Kenton, Ohio, renewing his subscription to The Record he desired to be remembered to all old friends here.

Married on Monday evening at the M. E. parsonage by the Rev. William Richards, Lee Heinrich of Waterford and Edith Morgan of Northville. They were accompanied by Doris Banta and Seth Benton of Northville. The ring ceremony was performed, and the happy couple will make their residence in Northville.

There were 34 men present at the Exchange Club luncheon on Wednesday noon, and an hour of splendid fellowship was enjoyed.

There were a number of guests—W. E. Scott, John LaRue, Sam Wilkinson, Edward J. Outley of the Detroit Edison Co. of Detroit, and H. A. Cook of Harrison, N. J., representing the Edison Lamp Works of the General Electric Co.

Mr. Wood gave a very interesting address on the subject of proper lighting and by means of charts and drawings illustrated the value of the proper distribution of light in stores, offices, and manufacturing establishments.

The Detroit Edison Company has a department that is giving special attention to the subject of lighting and any one interested in the subject will find that representatives of the company will be glad to confer with them relative to the matter.

BRUCE CATON DIED TUESDAY NIGHT.

Bruce Caton, who went to Eastland Sanatorium about a month ago for treatment after several weeks' illness, died Tuesday night about midnight.

The remains were taken to Seader Brothers' undertaking rooms where they were prepared for burial. Burial services will be held at the M. E. church this afternoon at 2:30 o'clock.

Mr. Caton was manager of the A. & P. store in the village some time ago and while thus engaged was stricken and underwent an operation for appendicitis at a Detroit hospital.

Owing to his general physical condition he did not improve but gradually failed. He is survived by his wife and three daughters, who have the sympathy of all in their great sorrow.

He was an honorable and upright man and during his business career in Northville made many friends.

PRESIDENT DOLPH EXPRESSES HIS APPRECIATION.

To the good folks who helped to make Monday a memorable day, I tender my heartiest thanks and on behalf of my fellow candidates, desire to express my sincerest appreciation for the vote of confidence.

In view of the forces at work in the community to belittle and undermine the constructive work done by the present council the victory at the polls Monday is all the more gratifying.

Your representatives will go into the new year with the hope of giving value received and submit an account of stewardship that will be acceptable to the majority of villagers.

Broken Neck "Nothing" to Farmer.

Evening Shade, Ark.—Superstitious friends of Joe Johnson, young Blytheville, Ark., farmer, are attributing his recovery after having broken his neck to the place where the automobile in which Joe was riding turned over in front of a cemetery. "It's nothing," said Johnson, stoically, kept to gether by brace and a cast. All that's bothering him now is the physicians decree that he will have to wear a brace for a long time, perhaps for years.

MANY ENTOMBED IN MINE BLAST

FIRE, ADDING TO HORROR, PREVENTS WORK OF RESCUE OF 172 MINERS.

EXPLOSION FILLS PIT WITH GAS

Rescuers Abandon Hope of Finding Any Workers Alive—Thirty Bodies Recovered.

Castle Gate, Utah—Fire broke out in the mine No. 22, where 172 men were entombed by a series of explosions last week. The force of the explosions were so terrific that the belief has been expressed by rescue workers that the men were blown to pieces by the first blast.

Rescuers who broke through the debris at the entrance were hurried back to the surface by a dense cloud of heavy smoke which belched from the mouth of the shaft. It was rolled into a thick pall over the town. With this development, any vestige of hope that any of the entombed men could remain alive was given up. It is doubtful if even the bodies can ever be located. If the fire can be extinguished, it will be a relief, as it could leave nothing but ashes.

Hundreds of relatives of the entombed miners took up their watch at the portals soon after the news of the disaster spread about the camp. Rescuers have entirely fenced the area necessary for work of rescuers to prevent the horde of clamorous watchers from paralyzing activities.

It is almost impossible, officials admitted, that anyone could live in the tunnels. Gas that would cause almost instantaneous death has been pouring from the entrance, and with every inch closed there was no chance for the entombed men to barricade themselves from the fatal air vapor.

So dangerous was the vicinity of the explosion that even rescuers did not dare approach the tunnel without gas masks.

Thirty bodies all badly mangled and burned, making identification impossible have been recovered. The rescue party not having reached the lower level, where the majority of the 172 men are entombed.

The bodies of the recovered men indicated the first belief that a fire caused by the explosion was raging within the mine. Continued flow of gas has led the officials to believe the explosions which caused the mine to fill with gas, some where deep in the underground passages, and there may be no cessation of the deadly fumes—perhaps even an increase—until masked rescuers can find and shut off the supply.

N. Y. CENTRAL HEAD IS KILLED

President Alfred H. Smith Thrown From Horse—Neck Broken.

New York—Alfred H. Smith, president of the New York Central railroad, was killed when he was thrown from a horse in Central park. Mr. Smith was taken to the Fifth Avenue hospital where he died of a broken neck. He was 62 years old.

Besides being president and director of the New York Central Lines, he was an officer and director of each of the many affiliated and subsidiary railroads in that system. He was a director of the Fifth Avenue bank in this city and of large financial institutions in Chicago.

Mr. Smith was riding along a boulevard. He stopped his horse suddenly to allow other riders to pass him and was pitched over the animal's head to the ground.

Mr. Smith entered the service of the Lake Shore and Michigan Southern railroad as messenger boy in 1879.

Nominations of Archbishops Gives America Four

Rome—Archbishop Patrick J. Hayes of New York and Archbishop George W. McCloskey of Chicago have been nominated as cardinals. The consistory will be held March 24.

The elevation of Archbishops Hayes and McCloskey to the sacred college of the Roman Catholic Church will give the United States four cardinals. The others are William, Cardinal O'Connor, of Boston now in Rome, and Dennis, Cardinal Dougherty, of Philadelphia.

Archbishop Hayes will be the third archbishop of New York to attain the rank of cardinal. The first was the late John McCloskey, elevated May 6, 1864. The next was the late Cardinal Farley, who received the red hat Nov. 27, 1911.

Woman Burned While Bathing.

Kamazoo—Miss Jennie de Lieu, head of the infant sales department in the city's largest department store, was badly burned by an electric curling iron while taking a bath recently. She had raised her dripping hands to turn off the current when the moisture of her body grounded the current through the water in the tub. Her life probably was saved because she was hurried against the towel rack, breaking the connection on the wall.

Our initial production will be 15,000 daily capacity and we expect to increase this to 30,000 within a year. This is a gigantic business and should prove very profitable, as hollow building tile is an absolute essential from the standpoint of building.

The consumer pays a \$20.00 freight rate on every thousand standard building tile which comes from Ohio, Indiana or Pennsylvania.

In Detroit, Northville, Plymouth and Pontiac, there are millions and millions of hollow tile used annually in the construction of homes, schools, churches, factories, office buildings, etc. No building tile is manufactured in this section. It all comes from Ohio, Indiana or Pennsylvania. Architects, contractors and builders are using hollow tile more and more because it

The Company owns 149 acres of land on which it is estimated there are 9,000,000 tons of solid clay, which would give us sufficient clay for 100 years. It is difficult to find a safe and profitable place to make your money earn you money. This business will be conservatively managed. Our superintendent was formerly connected with the Cleveland Builders Supply Company of Cleveland, Ohio, for thirteen years in charge of one of their hollow tile plants. He knows the business.

Hollow tile manufacturers of Ohio, Indiana and Pennsylvania have been very successful and if these manufacturers can make money shipping their product to Michigan, how much more money we ought to be able to make manufacturing this product here. There are millions and millions and millions of hollow tile used and none made in this section.

An authorized representative of the Company will call and explain this business to you thoroughly, if you will write us.

GERMANS DELAY EXPERTS' PLAN

Foreign Control of Finances' Opposition May Block Settlement.

Paris—The work of the reparations commission's expert committees is being seriously delayed by German objections to foreign supervision over German finances under the experts' plan.

The basis of this plan is that the Germans must bear taxes proportionate to those borne by the French and British. The U. S. surplus would then be sufficient. It is estimated, to provide large reparations payments.

However, unless there is some kind of foreign supervision to insure proportionate taxes really being collected, the Germans, it is feared, might attempt to keep the budget surplus as small as possible so that France and the other Allies should have to bear a disproportionate share of the burden.

The experts pointed out that Germany has accepted even more drastic control than that proposed for Germany. The U. S. plan is also about to be accepted. The U. S. plan is also about to be accepted. The U. S. plan is also about to be accepted.

FILIPINOS ARE DENIED LIBERTY

Independence Will Not Be Granted At the Present Time

Washington—The United States will not at the present time grant independence to the Philippines. President Coolidge has just sent a letter to Manuel Roxas, chief of the Philippine Independence movement.

At the same time the president said that this government has full confidence in the administration of the islands by Governor General Leonard Wood.

After describing the present situation of the Philippines and what the United States has done for the islands, President Coolidge declared a fair appraisal of all these considerations and of others which suggest themselves without requiring enumeration, will, I am sure, justify the frank statement that the government of the United States would not feel that it has performed its full duty by the Filipino people, or discharged all of its obligations to civilization if it should yield at this time to your aspiration for national independence.

POWDER BLAST WRECKS SCHOOL

Several Students Injured as Result of Explosion.

Stenboville, O.—Nine persons were injured, five of them seriously, when three pounds of gun powder exploded in the laboratory of the Toronto, O., high school during an experiment in chemistry class.

The explosion, it was stated by school officials, was caused by an electric spark which ignited the gun powder during an experiment with electricity.

There were about 25 students in the laboratory at the time. The explosion wrecked the laboratory and threw the remainder of the school into a panic.

Exterminates Coyotes.
Salt Lake City—Government hunters, after two years hard work with traps and poison, have exterminated successfully every coyote on Antelope Island, in Great Salt Lake and now sheep, cattle and buffalo herds may roam about without danger. Antelope Island, which is 15 miles long and seven miles wide, rises like a jewel in Utah's "Dead Sea." With all the coyotes gone it is a virtual paradise for the stockman and the cattle.

CRAFT KNOWS NO PARTY

Homer S. Cummings, former chairman of the Democratic national committee, said the other day in an address before the National Democratic club.

We are, but at the beginning of these nauseating discoveries. There is not a Republican in America who, in his conscience, is stronger than his patriotism, nor should be ashamed.

All of which is true enough and needs only the addition of the Democratic.

Craft knows no party.

One says it would be better to say "I am a Republican," both parties, and "I am a Democrat."

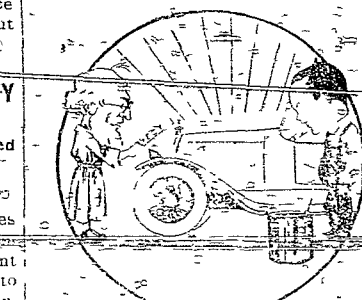

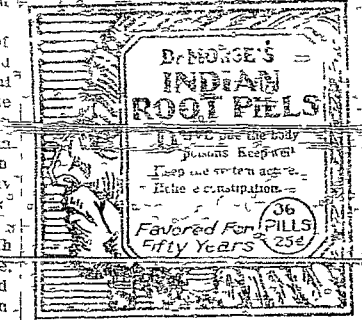

REPORT ON DEATH

A report on the death of a man who was killed by a car on the Wayne road, near the intersection of the Wayne road and the Detroit road, was filed with the court on February 14, by Judge Cross, in the case of the school district No. 1, vs. the township.

Several persons who are serving children to the Wayne High School, neglected to notify the school board before the fourth Monday of June, requesting payment of tuition, as provided in the school law. The matter came up at the annual meeting and enough money was finally voted by the board to take care of the payment.

The law provides that a board may pay the tuition up to \$50, even though the parents do not notify them, if there are sufficient funds. Two of the board, the director and treasurer, refused to pay, holding that because the board was not notified in June, the tuition should be paid by the parents. Judge Cross decided that inasmuch as there were sufficient funds on hand, the board must pay the \$50 for each child.

John Power, an old resident of Farmington, died last Friday at his home on Shawnee street. Services were held at the home Saturday and burial was in Detroit. He leaves his wife and one son, Percy O. Daniel.

HOME, SWEET HOME

Say "Good-bye" to every dollar you pay for rent. Why not put that money into a cottage of your own and hang up a sign "Home Sweet Home?"

Don't be frightened by newspaper headlines and the college professors' figures about the scarcity of lumber and building materials. We are pretty good authorities on that subject, and we want you to talk with us before you put on building that cottage any longer, for we've got some ideas under our hat that will help you out.

ANNOUNCE SPRING EVENTS.

Dates for major spring events which precede the annual commencement have been announced by the Student Council, at the U. of M. "Swing Out," which is the event that officially the series of pre-graduation activities and which is the first occasion on

which all University seniors appear in cap and gown, has been set for May 6. Spring games between the Freshmen and Sophomore classes are scheduled for May 9 and 10, while Cap night will be observed on May 17. Commencement will be held June 16.

SHOWS WHAT A CO-OPERATION

Members of the Northville Lodge, No. 1, are showing what a co-operation they can make in providing a building worthy of the town and one that is a credit to the community.

The lodge shows clearly what can be accomplished when a few men work together in harmony for any worthy cause.

Early in 1921 a new Masons' lodge was formed in Northville. It was organized as a lodge of the 10th degree, and its purpose was to provide a building for the lodge and for the use of the members.

The lodge was not satisfied with the building that it had and decided to build a new one. The new lodge was not satisfied with the building that it had and decided to build a new one.

BIDS FOR HOME EXCEED ESTIMATES

The lowest bid for the construction of a home for feeble-minded persons at Northville, submitted to the Wayne County board of supervisors, was \$143,288.

It was announced Wednesday by William Gutman, chairman of the board of supervisors, that the board of supervisors recently appropriated \$1,300,000 for the work.

The bid was made by William E. Wood Co.

Mr. Gutman laid the high bids to the fact that the plans on which the appropriation was estimated did not call for the immediate construction of 25 dormitories.

The construction of the dormitories, he said, was taken into consideration by the bidders.

The project calls for a main hospital building, school, assembly and administration building, industrial schools for girls and boys, a laundry and power plant.

Other bidders and their bids were F. H. Goddard Co., \$1,549,609; William E. Lehigh, \$1,596,663; Corrick Bros., \$1,796,472 - Detroit News.

SERIOUS CHARGE REDUCED TO ASSAULT AND BATTERY

Last Friday night Morris Dailey of this village was placed under arrest upon a warrant issued by a Redford justice of the peace, charged with committing a criminal assault upon one Rosalyn Cox of Farmington, who had accompanied Dailey to the Plymouth Gardens a resort on Warren Avenue.

Dailey was taken to Redford and after being arraigned and pleading not guilty was released under bond and his hearing was set for Tuesday afternoon.

Tuesday afternoon the hearing was held at Redford and after receiving the testimony of the complainant and prosecuting attorney, recommended that the charge be reduced to simple assault and battery.

Miss Cox told an entirely different story when being examined by the prosecuting attorney, and she related to the justice at the time the warrant was issued that Dailey's arrest.

MAQUERADE DANCE AT SALEM

On Monday evening there will be a masquerade dance at the Salem town hall, when four silver prizes will be given for the prettiest costumed lady or gentleman and the most comic costume worn by either lady or gentleman.

Schneider's orchestra of Ann Arbor will furnish music for dancing. The public is cordially invited.

ROYAL NEIGHBORS TO GIVE PARTY

The Royal Neighbors will give a card party at Foresters hall on Monday evening next, the 17th. There will be a "grab bag" and refreshments after the card games. Members are requested to come early and to bring donations for the "grab bag."

Mesdames Clara Hicks and Anna Dixon, chairmen of the arrangements desire the co-operation of every member of the Royal Neighbors in making the affair a pleasant social success.

Friday, April 4th, is the date selected for the annual J-hop to be given at the High school gym. There'll be good music. Adv 25wlc

BOOST FOR NORTHVILLE

On the comic page of the Detroit Times there has appeared from time to time during the past few weeks a cartoon of Northville.

Tuesday's cartoon contained the following minus words, of course. A delegation of "leading citizens" are represented as calling at the home of Mr. Nebb.

Mr. Nebb watches the approach of the delegation and declares "Well, what's this coming? It looks like an old settler's picnic. I wonder what they're coming here for? Nothing cheerful I'll bet-there can't be much cheer left in a flock like that."

The cartoonist portrays the leader of the delegation addressing Mr. Nebb as follows: "Mr. Nebb, we are representatives of the Chamber of Commerce of Northville and we are delighted to call upon you with the purpose of interesting you to locate permanently in our beautiful little city."

Northville has many natural advantages and we need men with brain energy like you to develop them.

The soil is so rich here that in any ordinary summer you can raise two crops of anything-but century plants.

The climate is so healthy and the water so good that we took the words 'typhoid' and 'pneumonia' from our dictionary.

We're thinking of changing the name of the town Northville to Opportunity, opportunity don't only knock once at your door-never you'd think it was a woodpecker.

To the hearty invitation extended by the delegation Mr. Nebb replies as follows: "My good friends. The interests I have in my home city are of such proportion that it would almost be impossible to give them up entirely, but I'm going to turn this little estate into a beauty spot that I may spend a portion of each year in your beautiful city, which I have already learned to love-and I trust I will be privileged to associate both commercially and socially with this magnificent body of gentlemen."
