SOMETHING DIFFERENT AT THE METHODIST CHURCH

The Special Evangelistic Campaign conducted at the Methodist church by Dr. Eli J. Forsythe of Detroit, are now in full swing and the interest and attendance is increasing with each service. Dr. Forsythe presents a helpful, practical, every day gospel, and presents it in a manner that a child can understand.

He is speaking afternoon and evenings, except on Saturdays.

This noon at 12:00 he will address a business men's luncheon at the church. All the men of the community are invited from 12 to 1:00.

Royal Forsythe is the song leader and he certainly makes the people sing. All will greatly enjoy that feature of the services.

Dr. Forsythe's subject for next Sunday morning will be "The Humanities of Life." At 2:30 he will address a meeting for men only on the theme "How the Devil Gets a Man." His evening subject will be "The Tragedies of The Home." This will be a union service—come early if you want a seat.

You are urged to attend these services—all of them if you can, but do not fail to "get in" on some of them.

This special campaign is a great treat for Northville people.

Come and assist in making the campaign a success.

WAS A CREDIT TO OUR SCHOOLS.

Well we told you so. The Record of last week urged everybody to attend the presentation of "Pocahontas" to be given at the Alseium theatre on Wednesday evening by the music department of our schools, and while all did not heed our advice a good-sized crowd was present, and all thoroughly enjoyed the entertainment. The parts were well assigned and all did exceedingly well, so well, in fact, that it proved to be one of the most entertaining and interesting entertainments ever given by the Northville schools. Miss Irene Olson, as supervisor of music, and Miss Aletha Yerkes, as teacher of public speaking, directed the piece and they are deserving of a great deal of praise for their painstaking efforts. It required a lot of time in preparation, but the teachers and their pupils were loyal and worked diligently to make the affair a success.

The members of the cast were attractively costumed and the piece was given in a most creditable manner. The solo parts were well given and the chorus work was especially pleasing.

Between acts the male quartet sang two numbers, which delighted all.

The baby clinic conducted by the Red Cross will be held, as usual on Tuesday, March 25th, in the High school building. Free to all children of pre-school age.

NEW FURNACE COMPANY FORMING.

A new company formed in this village to take over the property and business of the American Bell & Foundry Co., and to continue the manufacture of furnaces in Northville. John E. Barker of Howell has associated himself with a number of local business men in the plan and already three-fourths of the required stock has been subscribed. Mr. Barker, E. L. Smith, E. H. Lapham, J. A. Huff and R. R. Brown have been chosen trustees to represent the stockholders of the new company in the transfer of the property and in the management of the business until the new company can be incorporated.

It is the plan of the new company to push the furnace business with enthusiasm and vigor. The Bell and Foundry furnaces enjoy a splendid reputation among those who have them installed in their homes and places of business and it is believed that a large business can be established here and employment given to a number of men if this department of the business is pushed to its capacity.

Mr. Barker comes to Northville highly recommended as a gentleman and a citizen and The Record is glad to welcome him to the business circles of Northville.

MRS. SIMMONS TENDERED FARE- WELL DINNER.

On Thursday of last week a farewell dinner for Mrs. Ella Simmons was given by members of her club.

Mrs. Harry Fuller opened her home for the benefit of the enthusiastic members. They began to arrive at eleven o'clock and soon the hall was crowded. The room was overflowing with neighbors, who expressed appreciation of the plants, flowers and artistically arranged rare vases which brightened their vision, while they chatted and laughed as good fellows do on such occasions.

Soon covers were laid for thirty guests but before sitting down to the good cheer Mrs. Simmons was presented with a beautiful silver-plated plate from the club.

After listening to her appreciative response the hostesses seated all around the guest of honor and everybody felt amply rewarded for their interest in the event.

Mrs. Simmons' family expect to be settled in their new home at Plymouth this coming week.

MRS. ADDIE MCKAHN DIED TUESDAY NIGHT.

Mrs. Addie McKahn died at her home on Dunlap street on Tuesday evening shortly after eight o'clock after a few weeks' illness, although she had been in poor health for several years.

Mrs. Addie Hagadorn-McKahn was born in New Hudson, November 29, 1858. On November 29, 1877 she was united in marriage to Robert McKahn, who passed away January 1, 1914, leaving beside the widow one son, Claude J. who died May 29, 1919.

Mr. and Mrs. McKahn came to Northville thirty years ago. They were both very devoted members of the Presbyterian church. Mrs. McKahn always being an active member as long as her health permitted.

She leaves to mourn her death one granddaughter, Vance McKahn and a host of friends she had won by her quiet and unassuming manner.

The funeral will be held Friday at 2:00 p. m. at the Presbyterian church.

DEMOLOY OBSERVED DEVOTIONAL DAY.

Last Sunday morning upwards of thirty members of Fellowship Chapter, Order DeMolay, of this village gathered at the Masonic lodge rooms and marched in a body to the M. E. church in observance of "Devotional Day," a day set apart by the Grand Chapter. The splendid company of young men comprising the local chapter were given seats of honor and they had the privilege of hearing Dr. Eli J. Forsythe of Detroit, who has often addressed the DeMolay Chapter of his home city. Dr. Forsythe was familiar with the aims and purposes of the order and he admonished the young men to uphold the principles they have taken their solemn oaths to defend—our schools, the home, the Holy Bible and an unstained flag.

A large choir led the congregation in singing and rendered an anthem.

Northville is certainly fortunate to have the services of the Red Cross as a part of their health campaign children of the Kindergarten and First grade, with consent of parents, have been given toxin to make them immune from diphtheria, the treatment lasting a lifetime. This service was free and Dr. W. N. Nelson, a local physician, gave the "shots."

SERVICE

The farmer paused, open-mouthed, in front of the fire station. "Dye have many fires in this town?" he asked.

"Pretty often," replied a fireman. "Ever try to see how quick you can turn out?" said the inquirer. Just then the fire alarm was sounded and in a moment the men rushed to their posts, the doors flew open and the horses were galloping down the street.

"Gosh!" said the farmer. "There ain't many fellers who would go to such a lot of trouble to show a feller what they can do!"

In some stores, customers would be equally surprised if a salesman went to considerable trouble in an endeavor to please them, but when you visit this store, you need not be surprised at the efforts we make to please you, because that's one of our principal store policies. We aim to please every visitor, whether they make a purchase or not. We are always glad to render all the assistance possible in making best selection. Buy hardware and housewares here, where shopping is a pleasure and where quality is sure to be good.

Lansing—An investigation into charges that state lands are being shorn of their evergreen growth and that the state forest conservation policy is endangered by the Christmas tree traffic has been ordered by Governor Groesbeck.

Ithaca—The civil service commission has certified to the postmaster general the name of Floyd J. Gibbs as eligible for appointment as postmaster at Ithaca, Gratiot County. He was the only candidate at the examination held for the position.

Read City—An announcement was made by the comptroller of the currency that a charter has been issued to the First City National bank here which has been converted from the Commercial Savings bank of the same place. Its capital is \$25,000. C. W. Clark is president and E. J. Warm, cashier.

NORTHVILLE, MICH., MAR. 21, 1924.

WILL EXPRESS PREFERENCE FOR PRESIDENT.

On Monday, April 7th, in addition of electing township officers the electors of Michigan will again be given an opportunity to express their preference for their candidate for president of the United States. Ballots will be provided for that purpose at all polling places. This is an important matter and ought not to be overlooked.

TO HAVE SPRING OPENING.

Schrader Brothers will have a formal opening of their remodeled and enlarged furniture store on Friday and Saturday of next week, the 28th and 29th, when they cordially invite the people of this community to visit their stores and inspect the large assortment of new spring goods. Northville people may well feel proud of the splendidly appointed store, because but very few towns the size of Northville have anything to compare with it in completeness and accessibility.

Suitable souvenirs will be given those who call at the store and it is the desire of Messrs. Schrader to make the occasion an event of mutual community interest. Naturally they are proud of their store and of the very large stock of furniture they have purchased for spring trade and they desire that their friends and patrons shall have an opportunity to make a personal inspection.

THE REAL ITEMS OF LIFE LECTURES.

Dr. E. J. Forsythe is in the midst of his campaign in Northville. This movement is unlike anything of a religious nature before attempted here.

The first thing that may be said of the Forsythe campaign here is that it is up to the minute in its presentation and objective.

Psychology and the quantity are being used to synthesize terms and they have been the attention of a very large percentage of our American people both inside and outside the church and to this statement may be added that these subjects are occupying the attention of thinking people generally.

This is the first time that a religious campaign has been conducted in Northville. The religious activity is fast proving itself obsolete. The heroic in the world is cooking for the heroic in religion and Dr. Forsythe has asserted that the person who is unwilling to assume a risk cannot possibly be an up-to-date Christian.

Of Dr. Forsythe's personality, little need be said to people who have withstanding striking distance of Detroit.

Prominent in his pastorate, well known by reason of his efforts in the evangelistic field, Dr. Forsythe is platform work among clubs and sales organizations, and noted of his effectiveness in the arena of life.

In coming to Northville he comes through an honest desire of bringing a truth and thrilling message to the community and under the auspices of the church, thought and life of Northville.

In no way can a person in Northville give to the man more than he is actually, the recipient of his own work and city.

Our people generally will, no doubt respond to the opportunity to get every possible help from this series of addresses and the campaign throughout.

Note the interesting subjects for the afternoons this week coming:

Tuesday, 2:30 p. m.—"Key to Personal Power"

Wednesday 2:30 p. m.—"Self-Healing Taught"

Thursday 2:30 p. m.—"Fear—Worry—Nerves Overcome"

Friday 2:30 p. m.—"How to be Popular"

Friday noon luncheon for men

When Good Fellows Get Together.

Royal Forsythe, an adept with young people, is having afternoon booster meetings for young people of the community. He has been very successful among the schools throughout the state.

Dr. Forsythe, Royal Forsythe and Mr. Wright were at the High school on Tuesday morning. They will appear again Thursday morning. It was a lesson in group psychology to see the magnificent response our school faculty and students gave to the party.

Dr. Forsythe has interviewed and advised hundreds of young people by character analysis and psychology. Many of our young people will avail themselves of this splendid opportunity to get in close touch with a specialist in vocational and personal advancement.

Sunday afternoon 2:30—for men only. "How the Devil Gets a Man"

Sunday evening—"Tragedies of the Home"

PRESBYTERIAN CHURCH NOTES.

The annual meeting of the Westminster Guild will be held next Monday evening, March 24th, at the home of Miss Marion Power, Mrs. Arthur Power presiding as hostess. The girls are requested to take the 7:30 car.

ST. PAUL'S LUTHERAN CHURCH.

No services will be held next Sunday, as the congregation will take part in the dedication services of the enlarged and remodeled Lutheran church at Plymouth.

Three services will be held in the morning, in the afternoon and in the evening. Tonight the Young People's society will meet for its social evening. Guests are cordially invited.

Don't forget the Lenten services on Wednesday evenings at 8:00 o'clock.

BAPTIST CHURCH NOTES.

Prayer meeting will be held tonight (Friday). Let's get started at 7:00 sharp and close early so we can attend the revival at the M. E. church.

All who can so are urged to attend these meetings.

At the 11:00 a. m. service, give us a pleasant evening Thursday. This lecture course was bought before we knew the date of the M. E. church revival and to cancel it now would be almost impossible.

We hope any number that will come during the meeting will not detract from them.

The congregation total is about due but will wait until about the 10th of April. Let us look forward to another good time.

Our ladies are requested to meet at the parsonage next Wednesday at 2:30. Bring your thimbles.

Our young people will meet as usual Sunday evening at 6:30. We expect "Mother Mac" home before then and she will give a report of some meetings she has been attending.

MEETINGS ARE INCREASING IN INTEREST.

The special meetings being held at the M. E. church are increasing in interest and attendance. Dr. E. J. Forsythe is in charge and he is being assisted in the music by his son, A. Royal Forsythe as song leader and by Martin as pianist.

Sunday evening the church was filled and the large audience listened with close attention and deep interest to the message given by Dr. Forsythe. He is a convincing and interesting speaker and has a peculiarly happy way of driving home his message.

Today at noon there will be a business men's luncheon, served by the ladies of the church, to which the men of Northville are invited.

Water tax must be paid on or before April 2nd. Don't fail.

An old-time dance to be given at Northville hall on Wednesday, March 26th, by the Walled-Lake Rebekah Lodge. Everyone cordially invited. A good time is sure to be had. Music by Root's orchestra of Pontiac.

WHAT WOULD YOU BUILD IF MATERIALS WERE FREE?

Would you erect a palace or a hotel—Would it be well made or slovenly built—Would it be rude or well proportioned?

What about the foundations—would they be sound—substantial—roomy and accessible or the reverse?

Would your frame be strong enough to weather an eighty mile gale? Would you have it level—plum—square or haphazard?

Would you have the interior arrangements comfortable—convenient—attractive or ugly and jumble of rooms, closets and alcoves?

Solomon was given the choice of materials. "Jehovah God said to this young man—Ask what I shall give you. He made his choice. The result is a vivid story.

You may be 20 or perhaps 60 but you have the ability to choose your materials for that house not made with hands eternal in the heavens.

GO TO CHURCH SOMEWHERE EVERY SUNDAY.

Every religion must prove its claim for consideration by its ability to meet the needs of every age and of every people. The religion of Jesus of Nazareth stands forth pre-eminent and challenged among the religions of the world because of its power to transform the lives of men. No other religion has a Calvary and a risen and ascended Christ as an Intercessor for all who have faith in Him.

BERGDOLL, DRAFT DODGER, TO RETURN

LEGION'S TERMS FOR SURRENDER ARE ACCEPTED—WILL SERVE HIS SENTENCE.

PICKS SHIP ON WHICH TO SAIL

Veterans' Invitation Explained As "Stand for Law and Order"—"To Make Clean Breast."

New York—Grover Cleveland Bergdall, convicted during the war as a draft evader, has agreed to return to America to serve his sentence in a federal prison, it has been announced here by Norman Haggood, Bergdall will return at the invitation of the American Legion, which, through John Quinn, national commander, issued a statement, declaring the legion had been accused of attempting to kidnap Bergdall and it was time to show the world that the organization stood for "law and order."

The legion's offer was made by Leighton H. Blood, a member of the organization who said he went to Germany to carry out a plan mapped out by Garland W. Powell, national director of the legion's Americanism commission and Lemuel Bolles, national adjutant.

Blood said he was violating no confidence in giving a summary of the terms to Bergdall.

"Bergdall must come back. He must serve his sentence. The American Legion is not so much interested in Bergdall as in the men who helped him escape from America. Let's bring Bergdall back and have him make a clean breast and tell who the enemies in our own camp are. Then let him do his bit in prison. After that give him his money and let him go his way."

Mr. Haggood said Bergdall had sold his automobiles and other property in Germany and even selected the ship on which he wished to return to America.

Bergdall has earned the appellation of America's most notorious draft evader. Every move he made to evade army service added to his notoriety and to his car was there, was a cunning that took him safely beyond the reach of the United States government.

He fled through security through his sensational escape from two army guards on May 21, 1919. He was on his way from his mother's home in Philadelphia, and had stopped on his way to the hills of Maryland, where he was supposed to have hidden a pot of gold. He had desired to deposit it in a bank for safety, and for interest.

"When he escaped Bergdall was not really at the army station at Governor's Island where he was awaiting apprehension."

Probably is a German paperhanger should be worth his weight in marks.

Atmospheric Test.
To test the effect of atmospheric conditions at high altitudes, three men were recently locked in a cylinder 15 feet long and 9 feet in diameter, and the air within was gradually rarified until it was equal to that at a height of 27,000 feet, and the temperature was 22 degrees below zero.

CLAIMS AGAINST MEXICO HEAVY

LOSSES THROUGH REVOLUTIONS BY U. S. CITIZENS AMOUNTS TO \$100,000,000.

PROVIDE FOR COMMISSIONERS

Americans to Claim Damages Under Conventions Made Last Summer By C. S. Warren.

Washington—Claims in excess of \$100,000,000 against the present Mexican government for damages suffered during the various revolutions and uprisings since 1833 will be filed with the state department at Washington by American firms and individuals shortly after the commission to be appointed under the special and general treaties now in force between the two countries has started to function.

The conventions or treaties under which claims for damages to American property or individuals may be filed were negotiated for this government last summer in Mexico City by Charles B. Warren, of Detroit, now ambassador to Mexico, and John Barton Payne.

The terms of the treaties provide for the appointment of one commissioner by the United States, one by the Mexican government and a third by mutual agreement. If the latter is not chosen within two months after the other two he is to be selected by the president of the permanent court of arbitration at The Hague.

That other countries intend to take action similar to that of the United States in trying to recover losses of their citizens has already been indicated by the claim of \$5,000,000 filed by the Mexican subsidiary of the Royal Dutch company on account of damages incurred during the late De La Huerta uprising.

Under the general treaty, which was ratified in Washington on March 1, all claims will be adjusted on the basis of the recent revolutions. These not only include claims against Mexico but also those against the United States by citizens of Mexico. The specific provisions for the collection and payment of these claims in general follow the provisions of the 1911 treaty.

The national bankers point out that it is finally decided that Mexico could pay to American citizens \$100,000,000—the collection of these claims would be a difficult proposition. A view of the present depletion of the Mexican treasury.

COAST GUARD IS

Pass Passes Bill to A-D Pro 13. Intercom-rt

Washington—The passage of the bill for the Coast Guard to be enlarged to 34,000 men to enable the Coast Guard to take part in the war against Germany, was approved by the House today.

The House voted 305 to 49 to pass the bill. It gives the way for transfer of 20 destroyers and two mine sweepers from the Navy to the Coast Guard, the building of more than 300 motor boats and the increasing of the personnel by about 4,000 men.

The argument advanced by the Navy, rather than the Coast Guard, to augment the Coast Guard was economic.

Fifty-five of the indictments are against S. C. Young, dry worker and paid leader of the Ku Klux Klan and of recent liquor raids conducted in the county which, it is said, led to the clash between Klan and anti-Klan factions.

German Reichstag Dissolved.

Berlin—President Ebert today signed a decree dissolving the German reichstag and setting May 11 as the date for the elections. The decision was taken after a meeting with the party leaders yesterday. Claims Nail Driving Title.

Winchenden—She's a pretty girl, and she can drive 1,750 nails without once hitting her thumb with the hammer. Miss Mary Bernier's technique is the envy of many of the men workers at the Mason toy shop. She drives about 14,000 nails a day as she assembles 700 toys, each toy requiring 20 nails, and now she's ready to meet any woman anywhere, with a 10 ounce hammer, in competition.

CONFIRMED PROOF

Residents of Northville Cannot Doubt What Has Been Twice Proved.

In gratitude for relief from aches and pains of bad backs, from distressing kidney ailments—thousands have publicly recommended Doan's Kidney Pills. Residents of Northville, who so afflicted years ago, now say the results were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Northville kidney sufferers. Ask your neighbor. Mrs. J. N. Elliott, Wing street, Northville, says: "Doan's Kidney Pills are a family remedy for kidney disorders and backache and I am glad to speak a good word for them publicly or otherwise, since I know they are a remedy of merit. A few Doan's now and then keep my kidneys in good working order and give me the best of satisfaction. Too much can't be said in praise of Doan's Kidney Pills."

The above statement was given September 20, 1916 and on April 20, 1920, Mrs. Elliott added: "I gladly confirm my former statement in praise of Doan's. The good they did me has lasted and my faith in them has remained firm."

REICHTSAG IS ORDERED OUT

Germany to Hold General Election in 60 Days.

Berlin—The German Republic today faces new general elections, following the order of President Friedrich Ebert dissolving the Reichstag, which came into existence nearly four years ago. There was no disorder as Chancellor Marx read the decree which brought to an end the life of the German Parliament.

Under the provisions of the constitution, Chancellor Marx's cabinet continues to function, as do also the foreign relations committee, the Reichstag supervising committee and other necessary government commissions, until after the general elections. These must be held within 60 days, when the new Reichstag will assemble and elect a new government.

The date of the election has not been chosen, as much depends on the attitude of the Inter-Allied Rhineland Commission concerning elections in the occupied territory, where campaigning and similar political activity is prohibited by decree.

The question of dissolution was brought to a head by the insistence of the Socialists and Nationalists under their constitutional rights to urge amendments to the Special Powers Act, which gave the government authority to control, without preliminary hindrances.

The Special Powers Act consists of 72 ordinances, most of which are objected to by the opposition because of tax and financial reforms and abolition of trial by jury, and the eight hour law.

COLLAPSE OF FRANCE AVERTED

Loan by U. S. Bankers Saves Financial Situation in France.

Paris—France has overcome, at least temporarily, the threatened collapse of her national currency.

Announcement that important credits have been established in foreign banking centers to defend the franc from international speculators has been made here.

Advancing a credit of more than \$100,000,000 to the Bank of France for stabilization of the franc was interpreted in international banking circles as portending an end of the reparations tangle, the approach of a workable agreement between France and Germany and the start of an economic revival in Europe.

The credit probably would not have been granted had the bankers not been certain that France intends to accept the report of the experts' commission now investigating the financial capacity of Germany, with a view of settlement of the reparations tangle.

SENATE SPURNS FARM AID BILL

Loan Measure Loses by Non Partisan Vote, 41 to 32.

Washington—In a division which reflected the non-partisan cleavage that has been evident throughout the prolonged and intense debate of recent days, the senate by a vote of 41 to 32 has defeated the Norbeck-Burness bill, first of the special farm relief measures to be taken up at this session of congress.

Briefly, the purpose of the bill was to appropriate \$50,000,000 for loans to the "one crop" wheat farmers, so they could diversify by raising cattle, sheep, hogs and chickens.

Loans would be limited to \$1,000 a farmer, and would be granted only to farmers without any credit.

Earthquakes Make Light Keeper Quit Seattle, Wash.—Because Akun Island was shaken by 81 earthquakes in 53 days, George Ross has resigned as Government light keeper. Ross declares that since September earthquakes have been rumbling through his island like thunder in the summer skies. Akun Island lies in the Aleutian chain, and its light in summer guides ships through Umanak Pass, en route to Nome. In winter it is dark on account of ice floes in Bering Sea.

Republican Caucus.

There was a good attendance at the republican caucus held at the town hall on Saturday afternoon last, when the following nominations were made: Supervisor, John W. Cleaver; clerk, Earl Banks; treasurer, Charles Hamilton; highway commissioner, Fred Congdon; justice of the peace, Benjamin Bentley and Chas. Keddie; member of board of review, Frank Durfee.

Constables—Ira L. Powers, Charles Holmes, Charles Hamilton, Milo L. Chapman.

Democratic Caucus.

At the democratic caucus held Monday afternoon, there was an effort made to nominate the same men, or some of them at least, that were named at the republican caucus, but the leaders of the movement lacked a few votes, and could not put the scheme across. The following nominations were made: Supervisor, Ruel W. Lambert; clerk, M. J. McEwen; treasurer, Ford S. Brooks; justice of the peace, Burton Leavenworth, E. J. Verduyn; highway commissioner, Leroy Gansow; member of board of review, Delos Leavenworth, constables Ford Brooks, Stephen Hicks, Rex Angell, Fred Shiffitt.

Mr. and Mrs. Jay Leavenworth have moved to Howell where they have purchased a farm. Many friends in Novi will wish them success and happiness in their new home.

FARMINGTON WON FIRST PLACE.

At the basket ball tournament held at Ypsilanti last week Thursday, Friday and Saturday the Farmington boys were fortunate enough to win first place, defeating Holly in the finals on Saturday. Northville's team drew a "by" for Thursday night and were assigned to play the Yale team on Friday, but the players from the town did not appear, and the game was forfeited to Northville. Friday night Northville was defeated by Milan by a close score, our boys leading their opponents until the last quarter.

The members of the home team enjoyed the tournament greatly, and a goodly number of Northville people were on the side lines on Friday night to cheer our boys in their game with Milan. The members of the girls' team with their coach went over to Ypsilanti Friday forenoon to enjoy the sport of the tournament.

THERE'LL BE SOME STRAIGHT SHOOTING.

On Saturday night Judge Sharp of Detroit will come to Northville with our other husky bowlers for a three game battle with the American Legion Bowling team of this village. Judge Sharp served during the late war in command of the 120th Machine Gun Battalion, Co. C, of which organization some Northville boys were members, and he will be glad to meet his old comrades. The Northville team will be composed of James Dickerson, Herman Teshka, Richard Kilgour, Fred Reiger, William Foss and Earl Montgomery. Judge Sharp has named his team Sharp's Shooters and the Northville boys will be known as the Snoot 'em Straight, and a fat contest may be looked for.

Walled Lake Warbles.

Alice Bentley was a charming hostess to a number of her little friends last Saturday afternoon, the occasion being her seventh birthday anniversary.

The men of the Methodist church gave their annual supper last Friday evening and the affair was all that could have been desired. The menu consisted of oyster stew, escalloped potatoes, sandwiches, coffee and cake. After the feast an interesting program was given. They say that the Methodist men of Walled Lake are great cooks, and who can doubt it?

Commerce township caucuses were held here Saturday afternoon.

Mrs. F. S. Nook entertained a few of her father's old friends last week Tuesday, the occasion being his birthday. James M. Hoyt is the son of Dr. and Mrs. J. M. Hoyt old Walled Lake residents and he has lived in this community since 1847. The guests were Messrs. Arthur and Horace Jones and Frank R. Erwin. After a fine dinner the old friends spent a few hours in a most delightful manner, recalling incidents and events of the long ago. Mr. Hoyt is enjoying excellent health. He has been a member of the Masonic fraternity for 54 years.

Walled Lake's first mothers and daughters banquet, given at the High school gym last Thursday night proved one of the largest and most enjoyable gatherings ever held in this community. The affair was given under the auspices of the two young women's classes of the two local Sunday schools—the True Blues and the Philatheas, and the dinner was served

by the ladies aid society of the Methodist church, the men of the community serving the guests. The tables were handsomely decorated with green and white and potted hyacinths in bloom added their beauty and fragrance. Ten of the girls of the fourth and fifth grades gave a Japanese drill. Twenty-two men volunteered for this service and they did their work to the great delight of the ladies. After the supper a program was given. First the reading "OK, Baines Cuddle" was an address of welcome by Miss Doon, given in her pleasing manner. Edith Bentley. Miss Helen Rose, Mrs. Cowell of Pontiac then gave a fine address on "Mothers and Daughters," where she is attending college, then gave a toast to mothers. Prayer by Mrs. A. J. Church. There were 198 tickets sold, guests being toast to daughters. Solos were sung by Miss Marjorie Stuart and Miss

It Is Real Economy

It is real economy to use our Special Blended Coffee at 28c and 35c because you get more for your money than you do if you buy any other brand. And besides you get a better coffee than you can get elsewhere for a lot more money. Thus you save in the price and you also save in the amount of coffee required to produce a fine rich cup of coffee. You can easily prove this if you care to do so and with little trouble. Take a pound of our coffee—either one—and see how long it will last in your family. Then compare the time with the time in which you usually consume a pound of coffee you have been in the habit of paying more for. If you will apply this simple test, you will become a permanent customer of this store. In making this test you will demonstrate how you can save some money too.

Choice Canned and Bottled Goods

This is the season of the year when fresh fruit and vegetables are hard to secure, but you really will not miss them if you have a few cans of our Vegetables and Fruits on your shelves. A resident of Farmington township, who just recently passed beyond and left an estate of \$41,000 to the First Church of Christ, Scientist, of Boston. It was reported to this office on Wednesday that some thoughtless person in this town shot and killed a Cardinal the first of the week. AUCTION ADVERTISING IN THE RECORD PAYS

IT WOULD BE A WISE CHOICE.

Former State Senator Charles A. Sink, prominently mentioned in political circles in the state as the republican candidate for lieutenant governor, when asked recently regarding this matter would make no definite statement, although he admitted that state republican leaders have been urging him to enter the race.

Following the death of Senator Walter J. Hayes of Detroit mentioned as the republican candidate, state republicans began casting around to find a suitable man who would accept the nomination. Mr. Sink had been urged to take the field even before Senator Hayes was considered. He refused in favor of Mr. Hayes, who was an avowed candidate and a close friend of Mr. Sink.

Mr. Sink has been prominent in local and state politics for a number of years and has filled many positions. He served several terms on common council and is just finishing his twelfth year as a member of the Ann Arbor board of education.

He has been prominently connected with educational activities and is a former president of the state association of school superintendents and school board members. He served three years as executive secretary of the League of Michigan Municipalities following this and while serving in that capacity managed the annual conventions of the league held at Battle Creek, Grand Rapids and Flint.

In 1919, Mr. Sink was elected from this district to be house of representatives and in 1921 to the state senate. While in legislature, although serving but one year, he was recognized as one of the leaders and served on several important committees. He was chairman of the senate committee on education and was largely responsible for the constructive educational program which was launched during his term. He also was a member of the finance committee of the senate, an important position seldom held by a first timer. Mr. Sink is at present a member of the Mackinaw Island park commission, having received that appointment some time ago from the governor.

He has a wide state acquaintance and his friends in this city are urging him to accept the nomination. They concede that if Mr. Sink decides to enter the race, he will be a formidable candidate—Ann Arbor Times-News.

HOLLY COUPLE WED 40 YEARS.

A family gathering celebrating the fortieth wedding anniversary of Mr. and Mrs. William Bunn, arranged by their daughter, Mrs. William Wheeler, was held at the Wheeler home, Tuesday, March 19th. It was a surprise to the honored couple and a very pleasant one for all concerned. All of Mr. and Mrs. Bunn's children and their families were present, including besides the host, Mr. and Mrs. Wheeler, Mr. and Mrs. Clayton Bunn and family of Fowlerville, Mr. and Mrs. Dayton Bunn of Northville, Mrs. Dula Taylor and family of New Hudson, and Mr. and Mrs. Wm Bunn and family of Romeo. The feature of the gathering was a sumptuous dinner served at noon.

William Bunn and Miss Stella King were united in marriage at the home of the latter in Brighton, March 5th, 1884. Mr. Bunn was a resident of Wilford and Mr. and Mrs. Bunn lived there for some time following their marriage. Later they moved to Romeo and it was from that place that they came to Holly a year or so ago, when Mr. Bunn and Mr. Wheeler purchased the Ford garage. Although their residence here covers but a short period, Mr. and Mrs. Bunn have won high esteem in the community—Holly Advertiser.

"FLASHES OF ACTION."

"Flashes of Action," the official moving picture of the World War will be exhibited for the first time in Northville at the Aseum theatre on Monday, March 31, under the auspices of Lloyd H. Green, Post of the American Legion.

The scenes in "Flashes of Action" were taken under fire by photographers of the United States Signal corps, who were with the troops from the training camps to the trenches. The film is five reels in length and includes the best of the millions of feet of film ground out by the army camera men during the war. Nearly every division is shown.

"Flashes of Action" has attracted capacity crowds in all the large cities. Following a record-breaking attendance in New York, the owner of a syndicate of theatres said, "The popularity of this film convinces me that we are now far enough away from the World War to sit down and coolly see what modern warfare is."

Legionaires who have seen the picture say: "Don't miss 'Flashes of Action'—you will see yourself, perhaps, or your son, your brother or your neighbor's son go over the top."

As Good as a Circus

By ANTHONY REIMERT

(© 1924, Western Newspaper Union.)

"Fit you? Sure it fit you!" said Barney the tailor. "It fit you like de paper on de wall."

Big Dick, the Only Original American Giant, surveyed the eight feet of his height, as much as he could see of it in Barney's mirror, thoughtfully.

"You see," he said, blushing, "I gotta take a girl to the beach next week on my off day. And I wouldn't like for to look like a cheap skate."

"Sure, do it so," agreed Barney. "If you suit de peoples take you for Mr. Pierpont Morgan."

"And it won't shrink," demanded the Only Original.

"Shrink?" cried Barney in horror. "Y, do suit wouldn't lose one ampere in a million years, it's so well shrunk already."

Satisfied, Big Dick bent low and made his exit from the tailor's shop, followed by the admiring gazes of the crowd as his figure stalked along the street in the direction of the circus.

Hardly had he left when Tiny Tim the dwarf thrust his two feet of humanity through the doorway.

"Say, I heard you make a suit for my friend Big Dick," he began.

"Sure, and it fit him like de paper on de wall," said Barney.

"Could you rush me a suit?" asked Tiny Tim, and a blush spread across his face. "I'm going to take a girl to the beach next Thursday, and I wouldn't like for to look like a cheap skate."

"Sure, I make you a good run," answered Barney.

Tiny Tim was duly fitted, and surveyed himself in the tailor's mirror.

"It seems kinder loose," he said. "You're sure it won't stretch, Barney?"

"Stretch?" cried Barney in horror. "Do suit won't stretch one millionth of an inch in a thousand years."

Barney went home. Next morning, as he was about to come to his shop he received a telephone call from his assistant.

"Say that big stiff and the little one were down here with chairs to me for you, half an hour ago," he said.

"They tried to just up the shop and the police reserves were sent for. I beat it just in time."

"What's the matter?" demanded Barney.

"I don't know just what's wrong except that the big stiff and his suit had shrunk and he couldn't take his girl to the beach."

"Y, he must have been out in a shower in it," said Barney.

"And the little one was yelling that his suit had stretched."

"Well, rat, does he expect of a worsted if he gets caught in the rain?" demanded Barney angrily. "Ain't they got no sense, them circus folks?"

He dared not go down to his shop for several hours, but remained mournfully at home, trying to find out how he could stretch his fire insurance policy to cover damages by a mob. In the end, coming to the conclusion that it was impossible, he made a detour down to the shop, and to his joy discovered that the mob had gone.

Except for a cracked window there was nothing amiss. A few bales of cloth had been mislaid, but Barney soon got them back into place.

"Well, dey ain't done much damage," suggested Barney.

"No I guess they gone off happy after all."

"How's do?"

"I don't know, but the little fellow he said something to the big fellow, and both of 'em grinned and went away."

Barney grinned and thought he had seen the last of them. The circus was leaving next morning, anyway. But that evening, as he was about to close, quite late, to his horror he saw the two appear in his doorway.

"Hey, beat it!" he yelled, snatching up his goose.

"It's all right," they cried together. "We come to pay you for the window and both our girls is going to marry us."

"Say, rat's the matter and dem suits?" demanded Barney. "They fits you like de paper on de wall."

"Sure they does," answered Big Dick. "We was both under sore at first, but then we decided to change. This is the suit you made for him and that suit Tim's wearing is the one you made for me."

Tolstoy's Opinion of Women. In a recently published volume of reminiscences, Alexander Borisovich Goldenweiser, a Russian pianist who was an intimate friend of Tolstoy, says that one day the great writer who was perhaps the greatest feminist of the century, remarked to him:

"If you won't repeat it, I'll tell you confidentially; women are generally so evil that there is scarcely any difference between a good woman and a bad one."

Mr. Goldenweiser apparently does not explain this extraordinary remark, which may have been made in a mood of levity or perhaps when Tolstoy was suffering from indigestion.—Kansas City Star.

For One.

The speaker waxed eloquent, and after his peroration on women's rights he said: "When they take our girls as they threaten, away from the co educational college, what will follow? What will follow I repeat?"

And a loud masculine voice in the audience replied, "I will."—Brown Bull.

SPRING OPENING

Friday and Saturday

March 28 and 29

During the past few months we have spent a great deal of time and devoted considerable effort in remodeling and enlarging our store the better to enable us to display our new Spring lines of Furniture, Rugs and Floor Coverings. The work of remodeling with the dirt and litter incident to such work, inconvenienced some of our customers, but we are very sure they will overlook any of our shortcomings during the rebuilding.

We are again nicely settled, our New Spring Stock has arrived, and we are anxious to have the people of this community visit this store with its large and varied assortment of Furniture, Rugs, Floor Coverings, Window Shades, Mattresses and Refrigerators. We feel proud of this store and the splendid stock we have gathered for the inspection of the public and we have decided to set apart two days—Friday and Saturday, March 28 and 29—as Special Spring Opening Days.

We not only very cordially invite you to visit our store on these two days, but we urge you to do so, because we are anxious that you shall see the improvements we have made in our show rooms and that you shall have an opportunity to inspect our very complete assortment of goods.

We have added some new lines and we have also enlarged many others, until we have as complete an assortment of Furniture as you will find in any city. If you will accept this invitation you will have an opportunity of inspecting the quality of the goods we are offering and if you will do so we shall feel well repaid. We do not ask you to buy now unless you are fully satisfied, but we do ask you to come and look through our stocks and satisfy yourself that we have no cheap shoddy merchandise to offer you.

You can make a personal inspection of our large assortment of Rugs and determine for yourself their quality, the material used in their manufacture, and the workmanship employed in their making. You will find this a much better and safer plan than to make your selections from catalogues or photographs.

You can inspect our very complete assortment of Dining Room and Bed Room Furniture in the full suites or in the single pieces, examine the various woods and finishes and satisfy yourself as to their quality.

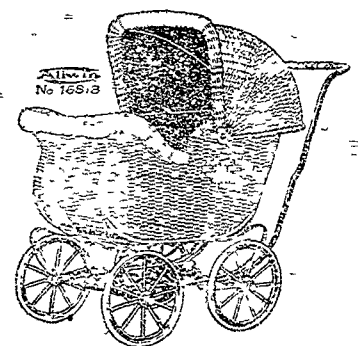

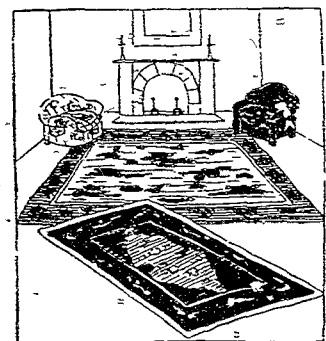

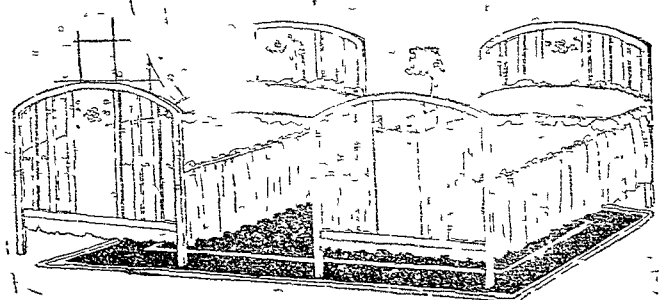

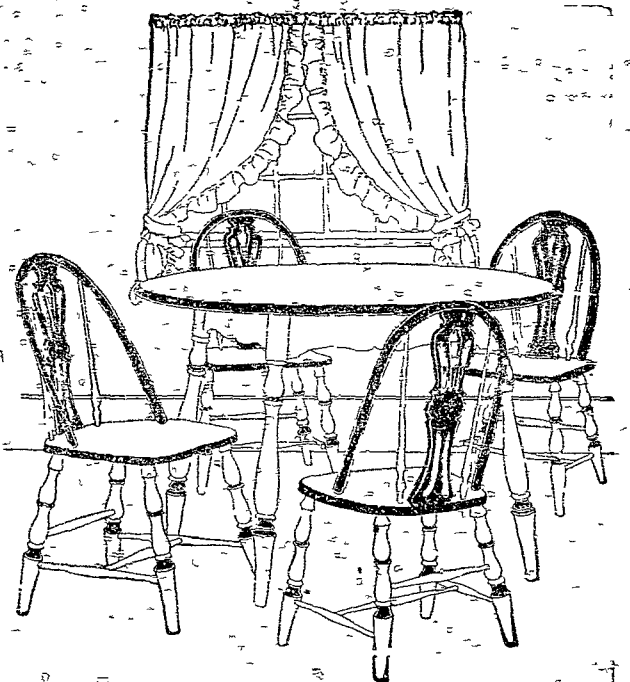

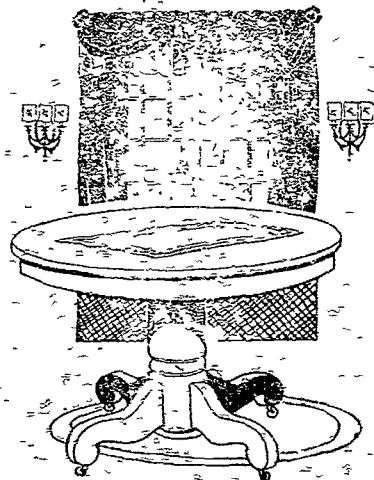

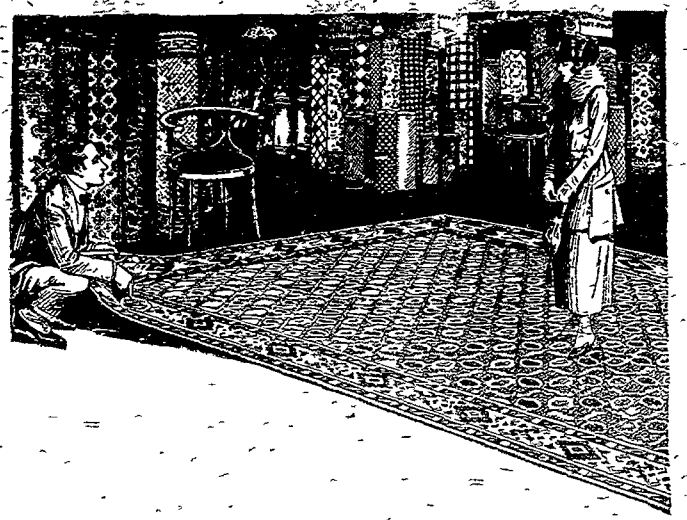

You will enjoy spending a half-hour or more in our Chair Department where we have a great array of Chairs from which you may select one to meet your particular fancy or needs.

We ask your co-operation in making these Spring Opening Days an occasion of mutual benefit and pleasure. Invite your friends to come with you.

Souvenirs will be presented to all who visit us during these days, and all will be given a cordial welcome.

NOVI CHURCH NEWS.

Attendance Sunday will be observed at the Baptist church next Sunday, March 23. This means that every member of the church and congregation are urged to be present at the hour of morning worship which begins promptly at 11 o'clock. Let's all be on hand and join in the opening song. Come praying that the Divine presence may be fully realized by all, and that every member may be encouraged to put forth his best effort in the Master's work in the days that are before us. Everyone is asked to remain for the Sunday school service if possible to do so. The usual evening service will also be held.

NORTHVILLE SCHOOL NOTES.

Owing to an injured ankle received in a basket ball game sometime ago, Charles Paddock has been compelled to postpone some of his lecture engagements. Northville unfortunately will be unable to have him as scheduled. Mr. Paddock is now in training for the Olympic games and we have been informed that we can have him next year. A number of equal worth will be secured in place of the Paddock lecture.

The Senior class is more enthusiastic than ever over the Washington trip. The class leaves here April 15th, for Washington and will return one week later.

Miss Myrtle Olson has been engaged to teach the Third and Fourth grades. Mrs. Dickerson and Mrs. Franklin have been acting as substitutes in the grades.

A grade teachers' meeting was held Tuesday at 4 o'clock at which time Miss Church of the American Red Cross and the Merrill Palmer school talked about the subject of nutrition. It is planned to have nutrition taught one day per week in connection with the regular lesson in hygiene and physiology.

Superintendent Holbrook has been giving the Stanford achievement test in the Fourth, Fifth and Sixth grades this week. This is a test which measures the accomplishment of a child during his entire school career. It will enable the teacher to classify the pupils according to ability. The test will determine whether a child's real age coincides with his educational age. It is perfectly possible for a child ten years of age to have an educational age of 12 years. The test will reveal any such instances and make it possible to classify the child in his proper group.

Mr. Camp spent Wednesday at the school making the class pictures for the annual.

After the spring vacation a golf survey will be made by Miss Lawrence the school nurse.

N. A. CLAPP DIED IN NEW YORK LAST SUNDAY.

There were many expressions of sorrow and regret in Northville on Tuesday when the news of the death of N. A. Clapp became current about the village. Death claimed this aged and esteemed citizen on Sunday last at Ellington, N. Y., where he has made his home for the past few months. After leaving Northville he resided for a time at Pontiac and from that city he went to his old home in Ellington, where his last days were spent with relatives. The remains were brought to Michigan and burial took place at Milford on Tuesday.

The deceased was born at Ellington on October 9, 1847, and in March 1885, he came to Michigan, settling in Lyon township Oakland county. In January, 1874, he was united in marriage to Hattie E. Johnson, also a native of Ellington, and who died in this village. Mr. Clapp's father was born in Connecticut, and an uncle and grandfather served seven years in the Revolutionary war.

Soon after coming to Michigan Mr. Clapp became interested in the breeding of Shorthorn cattle and he was president of the Michigan Shorthorn Breeders' association for a number of years. Later he gave his attention to fruit growing and became an authority in both horticultural and agricultural subjects, lecturing before farmers' institutes in all sections of the state. For a number of years he was a regular contributor to many of the best horticultural journals published in America.

Mr. Clapp was a man of high ideals, and was the possessor of a sunny and genial disposition. The many floral tributes which graced the casket at his funeral expressed the high esteem in which he was held by those who enjoyed his acquaintance. Among the beautiful pieces was one from the Wixom Farmers' club, of which organization the deceased was a member for a number of years and in the success of which he manifested a great interest.

Ham for the Funeral.

The old farmer was slowly but surely dying. Lying in an apparently unconscious state he suddenly opened his eyes and addressing his ancient spouse said: "Mary, that ham smells very good. I almost think I could eat some." Whereat Mary doubly replied, "There get on with the dying. That ham is for the funeral."
