MRS. ANNA NOBLE DIED SATURDAY.

Mrs. Anna Noble, widow of the late Capt. E. A. Noble, died at her home on Rogers street last Saturday afternoon, after a short illness. The death of Mr. Noble was a great affliction to her and while she was not ill, her friends noticed that she was gradually failing, in fact she complained of being very lonely and greatly distressed at times.

Mrs. Noble was born in Detroit nearly 75 years ago, her parents being among the early pioneers who came from New York state and settled in Michigan. The house in which she was born stood on grounds opposite of the present site of the Griswold House and she grew to womanhood in that section of the city. She was familiar with the early history and development of the city and often she would talk most entertainingly of the incidents and happenings of the early days.

Funeral services were held at her late home Tuesday afternoon, being conducted by Rev. F. P. Knowles. Interment took place in Rural Hill cemetery. Mrs. Noble was a devoted wife and friend and her passing is sincerely mourned by many Northville people who enjoyed her acquaintance.

OBSERVED AMERICAN LEGION SUNDAY.

Sunday was a beautiful spring day, just the kind all have been waiting for. It was the day set apart by the chaplains of the United States Army to be observed as American Legion Sunday, being the Sunday nearest the day when America entered the great World War. Members of Lloyd H. Green Post, American Legion, of this place, attended services at the Methodist church at 10:30, and together with members of the G. A. R. they were given seats of honor, the members of the W. R. C. being seated just behind them. The services throughout were in keeping with the occasion and the large audience present was a splendid compliment to "our boys" who offered themselves in the great conflict. A large choir led the congregation in singing familiar hymns and gave two anthems in a very pleasing manner. Rev. William Richards read for the scripture lesson a portion of Isaiah's prophecy, and he took for the subject of his very able and interesting discourse "Swords," pointing in a clear and understanding manner how the sword has been used in the cause of right and liberty and for the advancement of civilization.

WILLIAM GORTON DOES NOT LIKE EARTHQUAKES.

In a letter received from William Gorton, who is a resident of San Jose, Calif. he states they are having lovely weather out there, and it is having the effect of making him "lazy." He stated that he had his first experience with an earthquake a few days ago and it was a good stiff one too, and made all sit up and take notice. Mr. Gorton declared he does not care to be around when there is another. He said nothing has ever made him feel so small and helpless. You know, writes Mr. Gorton, the newspapers here never say anything about such matters or happenings out here. It has been a great spring in the west and Mr. Gorton states that his health has been exceptionally good since going to California. He desires to be remembered to all old friends here.

MEMBERS OF EXCHANGE CLUB ENTERTAINED THEIR LADIES.

More than thirty members of the Northville Exchange club entertained their ladies with a dinner at Hotel Tullier and a theatre party at the Garrick afterwards. The merry company went to the city in autos and at 6:30 sat down to a bountiful dinner at the Tullier, one of the private dining rooms having been reserved for the Northville party. At the Garrick theatre they had the pleasure of seeing Raymond Hitchcock in "The Old Soak"—a poor play well presented. The outing was greatly enjoyed in spite of the fact that the homeward journey was made, part way, at least, in a heavy down pour of rain.

MRS. ELIZABETH HATTON DIED THURSDAY.

Mrs. Elizabeth Hatton died at the home of Mr. and Mrs. D. Westcott in this village last Thursday afternoon, after an illness of several weeks. Funeral services were held at the Westcott home on Saturday afternoon at two o'clock and interment took place at the Farmington cemetery. Rev. A. B. Beresford, pastor of the Universalist church at Farmington, had charge of the services.

JOHN E. PARKER DIES AFTER A WEEK'S ILLNESS.

Last week Wednesday afternoon, John E. Parker, who came here from Howell a few weeks ago to become the manager of the Bell Furnace & Foundry Co., was compelled to leave his work at the office and retire to his home because of illness. He at first thought he was suffering from a cold or an attack of flu, but by Thursday he was very ill, and his affliction was pronounced measles on Friday Saturday and Sunday he seemed to improve, but again on Monday he was taken suddenly worse and a specialist was summoned from Detroit, who pronounced the malady black measles. Of course he failed rapidly as the hours passed and early Thursday morning death claimed him.

Mr. Parker came to Northville a comparative stranger, his only acquaintance here being Elmer L. Smith, with whom he was associated in business at Howell some years ago. He came highly endorsed by people who knew him, however, and he was cordially received by the business men and citizens of the village. He seemed to be just the man to direct the affairs of the new furnace company and he entered upon his new duties as manager with a spirit of enthusiasm and energy that gave great promise. While active and aggressive, yet he was conservative in his plans for the future and he was fast winning his way into the confidence and esteem of all who came to know him. His death is a distinct loss to the community, and the sympathy of all goes out in a very special manner to the devoted wife, who because of the nature of the disease, was compelled to bear her sorrow without that comfort and assistance Northville people always so generously offer when affliction and sorrow come.

KNIGHTS TEMPLAR MADE MERRY.

Members of Northville Commandery, Knights Templar, held one of the most enjoyable gatherings of the year in this village on Tuesday evening, when the newly elected officers were installed, the ladies of the Sir Knights being the special guests. A bountiful dinner was served to upwards of 200 people at 7:00 and the work of the evening was taken up soon after the feast had been partaken of. A. H. Thom of Detroit, instructor general, officiated as installing officer and he was assisted by Eminent Commander Henry Otis of Detroit Commandery, No. 1.

Sir Knights and ladies were present from Plymouth, Milford, South Lyon, Farmington and Redford.

O. E. S. OBSERVED FAMILY NIGHT.

Members of Orient Chapter, O. E. S., observed family night last Friday evening and the gathering proved one of the most enjoyable affairs of the year. Fathers and mothers and children gathered and spent the evening in a very happy manner. A bountiful pot-luck supper was enjoyed at 6:30 and after some time had been spent in visiting the meeting was called to order and a very interesting program was given under the direction of Mrs. Hugh Babbitt. There were vocal and instrumental solos, recitations, etc., and costume dancing by Lillian Cassie each number being greeted with generous applause.

GERMAN AND STIMPSON IN TRAINING AT THREE RIVERS.

The Hamilton, Ont., base ball team, member of the "mint" league, is at Three Rivers, Mich., in training for the opening of the season. Earl Stimpson of this village will start with the Hamilton in center field and "Dutch" German is being tried out for right field. In a practice game, last Friday German smashed three over the right field fence and on Saturday banged one into the score board. German looks good, though Ernest Licht, may be used in the opener. Stimpson is in good form and is hitting a merry clip thus far.

WILL OBSERVE GOOD FRIDAY.

Northville people have a real treat in store for this afternoon and evening, when Rev. W. L. Jones of Bay City, will speak at the Good Friday services to be held at the Methodist church at 2:00 and 7:30. At the afternoon service his theme will be "The Trial and Condemnation of Jesus," and for evening, "The Capture of Jerusalem and its Place in Divine Prophecy." Special music will be provided for both services.

Mrs. Maude Bennett is visiting Mr. and Mrs. Bert Rea at Kenton, Ohio.

IF WE COULD ONLY BE SURE

If we could be absolutely sure of what each day would bring us, if we could know for a surety that every day would find us able to earn enough to supply the necessities of that day, if we could be sure that unforeseen demands upon our resources would never arise,—then saving would not be so important.

But it's because of this certain uncertainty that we must save.

"INNOCENT EYES" COMING TO SHUBERT-DETROIT.

"Innocent Eyes" new Winter Garden musical show, comes to the Shubert-Detroit opera house Sunday night, April 20th. For the first time in the history of the Winter Garden, one of the elaborate musical revues produced by the Messrs. Shubert for that famous temple of folly will play Detroit before opening in New York. "Innocent Eyes," the newest and biggest of all Winter Garden shows, will soon finish a record-breaking run in Chicago, and beginning Sunday night, April 20th, will play an engagement at the Shubert-Detroit opera house, en route to New York. The attraction travels via a twelve-car special train, and carries a company of 150. Mistinguett, celebrated Parisian star, Cecil Lean, Clo Mayfield, Edyth Baker, Vannessit, and Lew Hearn are featured in the cast. Mistinguett is best known as the originator of the Apache dance and the song hit, "Mon Home." She is hailed abroad as the greatest revue artist since Gaby Deslys, and in the picture supplements all over the world she has gained fame as the actress with "the million dollar legs," an expression based on the fact that she has them insured for that amount with Lloyds of London.

For her American debut in "Innocent Eyes" Mistinguett brought over thirty-three wardrobe trunks, containing her costumes, furs, hats, lingerie shippers, fans, mesh bags, and swaggy staffs which she displays in the various scenes. Her outstanding skit in the revue is "En Donue," a Paris riverfront episode in which two Apaches fight for her love.

There is also an alluring ensemble of 100 new Winter Garden beauties, including a dozen French artist models and mannequins brought over from the Casino de Paris with Mistinguett.

The story of the show concerns a

reformer who inherits the Moulin Rouge, and who is soon converted to the gay night life of Paris. There are two acts and sixteen colorful scenes. The book is by Harold Atteridge, with lyrics by Atteridge and Ted Seymour, and music by Sigmund Romberg and Jean Schwartz. The entire production is under the personal supervision of Mr. J. J. Shubert.

Seats are now selling at the Shubert Detroit opera house for all performances, including the popular price matinees Wednesday and Saturday. On account of the heavy advanced demand, it is advisable to buy tickets now.

ATTACK ON MELLON FOOLISH.

Most foolish activity is the attack made on Mr. Mellon, Secretary of the Treasury. Those that attack him should thank him for his service to the Government.

No longer a young man, overworked with gigantic interests of his own that needed his attention and that nobody else could attend to, he dropped his own business and took up the financial affairs of the United States.

He did this at a time when as everybody knows, the best brain in the country was needed to manage United States finances.

He has managed finances well, has made possible reduction in taxation, has cut down by hundreds of millions yearly the national debt.

He is giving to the public, for the salary of a junior clerk, the service of one of the ablest business and financial minds in the United States. He should be thanked, not nagged.

The above was written by no less an authority on national and public affairs than Arthur Brisbane, one of the clearest thinkers among American newspaper men to-day. In spite of this well deserved compliment to Mr. Mellon, Michigan's millionaire senator—who by the way would never have been considered for the job if he had not been rich—has been doing all he could for the past few months to discredit the secretary of the treasury.

First through a series of newspaper articles in which Mr. Mellon had much the better of the argument, finally by forcing an investigation of the internal revenue and other departments under the direction of the secretary of the treasury. Having been defeated in intelligent argument by Mr. Mellon, Senator Couzens trained his guns upon him to satisfy a personal grudge. President Coolidge very properly called Couzens' blustering tactics, but whether Michigan's senator will have sense enough to quit remains to be seen.

One thing is certain, and that is that the many thousands of voters in Michigan who voted for Mr. Coolidge and thus expressed their desire that he be nominated for the presidency, cannot support Couzens in his campaign for senator this fall. If we are to have Coolidge for President we do not want any more senators or congressmen at Washington who will support the policies proposed by Mr. Coolidge. We certainly have had enough of men like Couzens. Let them retire to private life.

Hupmobile construction is an open book. Its details can be seen by one and all in our salesroom.

Here our Parts Display gives real quality proof. And the quality you can see is decidedly exceptional for cars of Hupmobile class.

Ordinarily, when a man buys a car, he buys it more or less on faith. The parts that determine whether there is to be lasting satisfaction or quick dissatisfaction are hidden away in the

chassis. They never see daylight until trouble comes. In the case of the Hupmobile, the facts are of a different sort. The buyer is perfectly safe if he goes no farther than Hupmobile's reputation. That tells him of a car which thousands believe to have no equal at any price or in any class.

Buy your next car more intelligently. Come and see Our Parts Display—a liberal education in what makes real motor car value.

The usual features will be included in the program, only this year it is contemplated there will be more participation by the older boys in the county who have accomplished something worth while along agricultural lines.

"NO, NO, NANETTE," A MUSICAL NOVELTY, AT THE GARRICK

A week of song and dance and laughter will usher in the Easter holidays at the Garrick theatre where, beginning Monday night, H. H. Frazee will present his new production, "No, No, Nanette." The performance will be the first on any stage, and with such a lavish hand has Mr. Frazee prepared this new musical comedy for popular approval that the roster of well known names to be found in the cast and among its authors sounds like a "who's who" of a comedy. Edward Boyce, whose wizard touch galvanized "Kid Boots," Irene "Sally," "Oh Boy," other notable successes into lasting popularity, is the master-mind which has conceived and directed the entire production, and with the material Mr. Frazee has so lavishly placed in his hands, it can scarcely be doubted that Mr. Boyce will add one more popular hit to his fine record. Many favorites long popular here, are also in the cast, including Anna Wheaton, "Skeets" Gallagher, June Day, Georgia O'Ramey, Frances X. Donegan, Phyllis Cleveland, Jack Barker, Bernice McCabe, Jean Holt, Edna Whistler and a large ensemble of beautiful girls, as clever as they are good to look upon and gowned with the smartness and good taste characteristic of every Frazee offering.

IMMIGRATION BILL PUTS BAN ON JAPS

HOUSE PASSES RESTRICTIVE MEASURE OVER PROTEST OF NIPPONESE.

VOTE DECISIVE, 322 TO 71

Note From Japan Had Warned That Exclusion Would Result in "Grave Consequences."

Washington—Carrying a Japanese exclusion provision against which the Japanese government has protested vigorously, the Johnson immigration bill passed the House, 322 to 71. No effort was made to eliminate the Japanese section, which provoked only brief and perfunctory discussion.

There was nothing to indicate that any of the opposition votes were directed at the Asiatic policy, but rather against the provision fixing the 1890 census as the basis of the two per cent quota, which was adopted.

The existing law, which expires on June 30, fixed the quota at three per cent on the 1910 census and had no provision relating to Japanese immigration which for years has been regarded by the "gentlemen's agreement" with Japan. Secretary Hughes has urged that the American government continue to recognize this agreement and the Japanese be placed on the same quota basis as the nationals of other countries.

Ambassador Hanabara, of Japan, had a few days previously, protested vigorously against excluding Japanese immigration. His letter to Secretary Hughes reiterated Japan's formal protest against the exclusion of that country from nations entitled to a definite quota, and warned of "grave consequences" which enactment of the measure "would inevitably bring."

The note, gave for the first time in concrete form the terms of the Gentlemen's Agreement of 1907, asserted formally that Japan had scrupulously observed that covenant and declared the honor of the Japanese government was being attacked by those who contended to the contrary.

FLYER FALLS OVER FOUR MILES

Selfridge Aviator Breaks Record in Parachute Drops.

Mt. Clemens, Mich.—Jumping off a Delahand plane at a height of 22,400 feet, or more than four miles, Sgt. Dewey Webb of Selfridge Field broke the record for a parachute jump by an enlisted man in an ordinary Army plane. A wrenched back was the penalty of his feat. The plane was piloted by Sergeant Geo. Pomeroy.

Because of the cold, rarefied air, and his heavy clothing, Webb climbed out on the fuselage of the plane with great difficulty when the plane had reached its maximum height.

He stood upright on the fuselage of the plane, and then fell off. He was too encumbered to jump.

It was only after he had taken a sheer drop of several hundred feet that he opened one of the two parachutes strapped to his back. The second he never opened. As the parachute opened, his descent was checked so suddenly that his back was wrenched.

For 25 minutes he fell, drifting 15 to 16 miles. He landed near Unica falling first. The wind drove the parachute into a tree and then dragged into a fence corner, where Webb, stunned, regained consciousness after a few minutes and found himself ill.

Meanwhile, Sgt. Pomeroy and Lieut. Ruben Moffett, in another plane, were following the course of the parachute to be on hand when Webb landed.

WHY SUFFER SO?

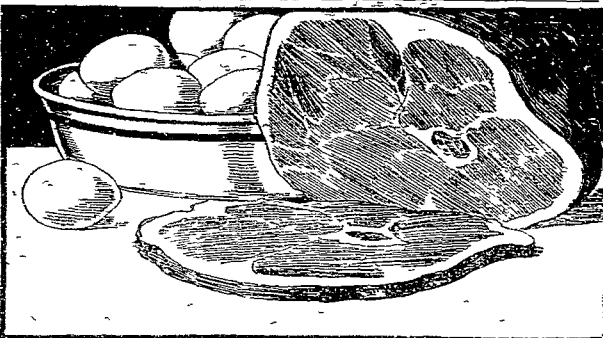

Get Back Your Health as Other Northville Folks Have Done.

Too many people suffer lame, aching backs, distressing kidney disorders and rheumatic aches and pains. Often this is due to faulty kidney action and there's danger of hardened arteries, dropsy, gravel or Bright's disease. Don't let weak kidneys wear you out. Use Doan's Pills before it's too late. Doan's are a stimulant diuretic to the kidneys. Doan's have helped thousands. They should help you. Here is one of many Northville cases:

Mrs. W. S. Dickerson, Verkes street, says: "Whenever there is need of a kidney medicine in our family, we use Doan's Pills. I know Doan's are effective for kidney disorder and they keep my kidneys in good order."

After four years, Mrs. Dickerson said: "I haven't needed Doan's Pills for some time, but my opinion of the remedy has undergone no change."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Dickerson had. Foster-Milburn Co., Mfrs. Buffalo, N. Y.

THE CROSS

A Symbol of Hope on Humanity's Eastern Sky

Life does not end with the event which we call death. The Cross indicates that the doorway into the great adventure may not be altogether to our liking.

Christ was the only one who could take away the sting of death and prevent it from gaining a victory.

Until Christ came—lived among men—died as others do and rose again, there was only a vague hope in men's hearts. Their query was "If a man die, shall he live again."

No matter how bad folks may be or how worldly wise they never quite convince themselves that death ends all. When they do their ideals are way below par.

Easter reminds us that all men have their mission—are tempted—tried—suffer injustice—tread in Gethsemane—are forced up Calvary's hill. They may have Christ for their helper if they will accept.

As a result all the electors were disenfranchised.

In the future motorists must know the State law and city ordinances in regard to the operation of motor vehicles. Drivers are also submitted to a test in the operation of a car. They must prove that they know how to handle a car, driving with an experienced operator from the police department.

Easter Lilies

By Mabel W. Phillips

THE Easter lilies of His temple,
Where a hundred soft lights glow,
Pouring through the stained glass
in windows,
Over lilies pure as snow,
He is walking midst the silence,
Listening blossoms bow their heads
To His voice so low and gentle
That a benediction sheds.

In the dim aisles of His temple,
When the lights have ceased to glow,
He still lingers midst the fragrance
Gently pacing to and fro,
Hark! the anthem of the angels
Wakes the dawn, for Christ is near
Vibrant is each tender flower,
For the night is reft of fear.

In the hushed aisles of His temple
As the organ music grows
He is standing midst the lilies,
See the light that on them flows,
Safe they rest upon His bosom
Eternally through eternity
Stooping with the lamb held gently
Even thus He stoops to me.

Easter Brings Message of Assurance

ARCHAEOLOGISTS exploring the 2,400-year-old tomb of King Tut-Ankh-Amen are impressed with the evidences of the ancient ruler's belief in immortality. Every thing in the sepulcher proclaims his expectation of a future life. Ancient Egypt believed as firmly as does modern Christianity that for the soul there is no death.

Indeed, the memory of man sinneth not back to the time when he did not look forward to a hereafter and express his belief in some way. This belief, apparently, is inborn in human consciousness, a characteristic of all the ages of the race.

The doctrine of the resurrection is not new. The pagan before the Christian era glimpsed the truth. Nature proclaimed it to him in the bursting of the buds and the song of the birds in the springtime. In the seasons he read a confirmation of his belief.

But the Christian, fortunately, has something more than the pleasing symbols of nature to fortify and strengthen his belief in immortality. The materialist may read his fate in the processes of the natural world, but the Christian finds his assurance in the well-authenticated personally conveyed message from the Creator Himself.

Before Christ men merely speculated on the future, prompted by their beliefs and wishes. When He broke the bonds of death and became "the first fruits of them that sleep," He threw a flood of light upon the gates of eternity that forever solved the mystery and illumined the way to the future for all mankind.

Easter, the anniversary of the resurrection of the Son of God, brings a message of assurance and victory to every soul. It cheers with the proclamation that all are citizens of the eternal. It enables men to look across the grave and hurl defiance at death. With the proper understanding of this divine message, the capability of men becomes unlimited; for they know that this life is only the beginning.

Without the courage that this day inspires, life would not be worth the living.

The Message of Easter

By Rachel Ann Neiswander

LIFE is a gift eternal,
How do I know 'tis so?
Because I have planted a tiny seed,
Then watched a flower grow.
I have seen the leaves come tumbling down.

Then spring, and a budding tree,
Oh, God's outdoors so big and wide,
Has told its secrets to me.

Now at this glad Easter
When the world is bursting with song,
Let us face life with high endeavor,
Let us bury the old year's wrong.

Let us take from it only the lessons,
The good, that comes sitting through
Let us cherish the hope that is given
And cling to the paths that are true.

The new record for one year's production is 10,607 lbs. milk and 669 38 lbs butterfat. The former State record holder in this case was Corinne of Roycroft, who set the mark in 1912.

STARK BROS.,

NORTHVILLE.

THE SHOEMEN.

SENIORS HAVING BIG TIME THIS WEEK.

Members of the Senior class of the Northville High school, accompanied by Mrs. Larkins, principal, left Northville last Saturday forenoon for Washington and other points of interest in the east. They took the Pere Marquette train here and changed to their Pullman in Detroit, leaving the city at 1:30. A large crowd gathered at the station to cheer them as they took the train and a good many young people from the school marched from the school grounds, where the members of the class gathered, to the station, singing songs and giving their school yells. It was indeed a happy, merry crowd, and the seniors will not soon forget their farewell.

The trip through Ohio was uneventful, but every mile checked off by the fast moving train increased the eagerness of the members of the merry party. They enjoyed dinner on the train. Sunday morning found them at Harper's Ferry, Va., at seven o'clock and ready for the breakfast that had been prepared for them, and which was partaken of on top of a near-by mountain. They arrived at Washington at about 11:00—about the time Northville people were returning from church or suffering for Sunday school.

Monday morning The Record received some "wireless" messages from the tourists.

Edmund and Bill fell out of their berth, while the others were rounding a sharp curve in the mountains. At first they thought they were riding the elephant—at the recent school circus.

Carlos snored so that it was almost impossible for the rest of the crowd to get any sleep the first night out. The second night he was given a sleeping potion and the other members of the party enjoyed a good night's rest.

Ada ate such a hearty dinner the first night out that the train stopped before reaching Cincinnati to take on additional supplies.

"Mrs. Larkins was heard repeating to herself in her sleep Saturday night, 'There was a school teacher who lived in her shoe—she had so many soles—she didn't know what to do, so she took them to Washington to a briefing—and when she would sleep the youngsters were shouting.'"

"Howard Helfrich has been hard to manage thus far. To every effort that has been made to interest him in the many wonderful things and places we have visited, he has had one answer. 'Yes, but you should see Columbiaville.'"

"Fink" Ely was determined to go in swimming in the Potomac, but he was finally persuaded to wait until he reached home before taking his annual spring plunge.

"Chester Alger observed" more than he expected to as he tried to reach the rear platform on the observation car.

The Record sent to the train a generous supply of candy, some stamped envelopes, writing paper and a lead pencil, and with them was enclosed a note from the editor expressing the hope that the boxes of candy would help to keep all the members of the party "sweet" until they reached home again. It is evident that the candy had the desired effect, judging from the following letter received Tuesday morning, postmarked Harper's Ferry.

Somehow in Ohio, 5:50 p.m. April 12, 1924.

Dear Mr. Brown: Our trip is all we expected and more than that. We left Detroit at 1:35 and a few short stops along the way. Passed thru Arkon during dinner hour but it was dark and we could not see much of the city. The farming process is already begun in Ohio—nearly every farmer was drilling his oats and the grass was real green. It seemed strange to note the advance in season in so short a distance from home. We did not have dinner until 7:30 and the lovely boxes of candy just kept our dispositions from spoiling. We certainly enjoyed your generous treat. With the train moving at 60 miles per hour our pencil does not always track. Birmingham has got some good looking girls. Starr Northrop.

God bless you and keep your old house. For further information inquire of me. The soup spilled in my lap. E. Y.

The candy was lovely. We sure enjoyed it. Ruth Atchison.

The scene from the observation car was immense. Hazel Sowles.

How dreadful it is to be simply starved and have dinner just hours away! But the candy saved our lives and made it possible for us to live until we were called to the diner.

Dear Northville friends.

Just notice the heading of this letter. Does not that look real?

If we could only tell you all we have seen in the last thirty hours it would fill a good sized book.

The weather here is perfect. We could not have had a better one to take this trip.

The Japanese cherry trees in Potomac Park are a sight to behold, all in full bloom making a solid mass of blossoms all the way around the park. Mr. Graves says he has never seen them so beautiful before.

During breakfast at Harper's Ferry on Sunday a.m. we listened to a very interesting history of the place. We were in the old building where Brown was captured.

Sunday p.m. we stood on the steps of Arlington building where Lee paced the steps all night trying to decide whether he should join the Union or Confederate forces. We were so thrilled we almost felt we could see him there.

Arlington cemetery is such a beautiful spot and so sacred a place to visit that words are all inadequate to describe.

Tomorrow we expect to meet Mr. Coolidge and after that we go to Mt. Vernon.

With best regards to all home folks. We are your Northville Seniors.

A Reflection.

Fortune will hardly give us money when we spend so much time thinking of what we wouldn't do for people if we were rich.

From Saturday, April 19, to Saturday, April 26

Fourteen Years Ago we opened our doors to do a Dry Goods business in Northville. After fourteen years we think that every resident of this community knows of our store and our method of doing business.

That portion of patronage that you have extended to us is greatly appreciated and we take this occasion to thank you for it. We feel that we merit your trade and confidence purely from the system we have applied in our business building—Straight-Line Merchandising.

If we were to put our business creed into words it would read something like this: "We believe in and like the business we are engaged in. We believe that high-classed merchandise offered at all times to the buying public, with prompt and courteous service is appreciated by all people." Thus our motto "SERVICE FIRST." Wood Heavier Than Water. Wood is heavier than water. It is the air trapped in the many cells that makes it appear lighter. When wood has been in water for some time this air escapes, the wood is waterlogged and will not float.
