### BALL GAME MONDAY NEXT—A REAL OPEYER FOR NORTHVILLE

The Detroit Tigers had their big day with Cleveland in their opening ball game at Detroit for 1924. Just so it will be with Northville when the Forester ball team will meet the London leaguers here next Monday.

The special interest about the coming game is that Earl Stimpson and Loyde German of this village and Ernie Licht of Redford have signed contracts with the London, Ont., club. That means, of course, that those boys will be opponents to our boys on next Monday and Tuesday.

George Hicks and Harry German have for the past ten years been in communication with Manager "Jack" Beatty of the London club. Beatty has consented to come to Northville with his team for the two days before the opening of the Michigan-Ontario league at Saginaw. So with the London leaguers will be Stimpson, German and Licht holding down the outfield. From what we know of those boys, we will have to admit that London has a real outfield and further they always appeared pretty mean to a pitcher when in batting form.

But, Northville always has a team on the diamond to meet any occasion and the fans know that Monday and Tuesday will see Northville's representative ball team ready to meet the leaguers.

The London team is now at Three Rivers in training and will come to our city on Sunday night and remain until after the two games here, then go on to Saginaw for their opener in the Mont league.

Monday's game will start at 4:00 o'clock while the Tuesday's game will start at 3:00 o'clock.

### PRESBYTERIAN CHOR PRESENTS "BETHANY" MOST CREDIBLE

"Bethany," a sacred cantata, the music of which was written by W. Rhys Herbert, was presented in a most creditable manner by the members of the Presbyterian choir at the evening service on Easter Sunday. Miss Catherine Curtis presided at the piano and played the accompaniment in a most exact and painstaking manner, as well as the introductory musical selections. Her work added greatly to the success with which the cantata was presented. The members of the choir were Marguerite Taft, Edith Van Valkenburgh, Katherine Stewart, Ida Rose Cavell, Don P. Yerkes, Sr., Benjamin Stewart, C. H. Van Valkenburgh and C. H. Bryan, the solo parts being taken by Mesdames Taft, Van Valkenburgh, Miss Cavell, Mr. Van Valkenburgh and Mr. Bryan. The cantata was the story of Jesus' visit to the home of Lazarus and his sisters, Mary and Martha, and his subsequent visit to the tomb of Lazarus. The music was especially appealing and the story as told in solos and choruses made a profound impression upon the large audience gathered to enjoy the evening's program. All who took part did exceedingly well and the members of the choir are to be commended for their contribution to the impressive and inspiring services of Easter.

### SENIORS ARRIVED HOME FRIDAY FORENOON

The Northville Seniors and their teacher, Mrs. Larkins, arrived home last Friday forenoon full of overflowing with enthusiasm regarding their visit to Washington and other eastern cities. They were delightfully entertained while in Washington and with well informed guides visited many of the historic places and buildings about the city. On Tuesday evening Congressman Grant M. Hudson and his daughter came to the hotel and enjoyed dinner with the Northville party. In Philadelphia they visited the old State House and other historic places, spent a few hours at Atlantic City and in Baltimore.

The outing was not only one of great enjoyment for the young people, but also was one of great intellectual value, and the young people came home with a more profound regard and a better understanding of our great government and what it should mean to all good citizens.

Mrs. A. Kerr of Northville was the house guest Saturday to Sunday of Mr. and Mrs. F. Buers. Sunday dinner guests at the Buers home were: Mrs. S. A. Knowles, Mr. and Mrs. W. Davidson of Detroit, Mrs. Geo. Maker of Kenosha, Wis., and afternoon callers: Mr. and Mrs. S. G. Hartman, Mr. and Mrs. F. Lauch and Mr. and Mrs. Youngs of Redford.—South Lyon Herald.

### SATURDAY WILL BE TAG DAY.

Saturday will be observed as Salvation Army tag day in Northville, when our people will be offered an opportunity to purchase tags to assist in Northville's quota, which has been placed at \$400.00—twenty cents for every inhabitant. It is expected that a number of Salvation Army lassies will come out from Detroit to assist Northville girls who will be asked to help in the drive.

All are familiar with the wonderful work of the Salvation Army and all will be glad to help in this very worthy cause. The Army operates in Michigan two rescue homes, one woman's hospital, one children's home, three fresh air camps, 38 local relief corps centers, 1 free medical dispensary, 14 free employment bureaus, 2 men's industrial homes, 2 working men's hotels. In these various institutions unfortunate are cared for and no questions are asked. A number of towns in this section have held or are soon to hold similar drives and Northville people cannot afford to be behind its neighbors in this work of helpful service.

### EASTER APPROPRIATELY OBSERVED.

Beginning with the Good Friday services, held at the M. E. church on Friday afternoon and evening, the sweet and blessed Easter Festival was appropriately observed in this village. In fact the observance of the Easter season was more general by the people of this community than in any previous year, because a larger number of people attended the services. All of the churches of the village were filled to capacity at both services on Sunday and the programs presented were inspiring and interesting.

Weather conditions were most unpleasant, with rain in the morning, followed by snow flurries, and an occasional period of clouds and sunshine. But in spite of the inclemency of the weather Northville people availed themselves of the opportunity to worship together and to pay their homage to the Risen Lord. Easter lilies and other flowers were used in the decorations and in all of the village churches the services were helpful and uplifting.

### PRISONERS ARE RE-CLAIMING MEN.

William H. Venn, probation officer for the Wayne county circuit courts, was the speaker at the Exchange club luncheon on Wednesday noon, and he gave a very interesting talk regarding the work of re-claiming and re-making men, taking for his theme—"Can any good thing come out of prisons?" He reviewed the history of prisons and, more especially of their conduct and management during the past twenty-five years, and brought the cheering message that many men were being re-claimed; and that only about five per cent of the men who are paroled violate the confidence society has placed in them. He expressed the belief that it was far cheaper to educate the prisoners of our state to become self-sustaining when they are released than it is to make our penal institutions self-sustaining. He stated that present day conditions are producing a new lot of criminals of the burglar and bandit type which might well receive the attention of the general public, for nearly all of these are young men, from fourteen to twenty or twenty-four years of age.

### BAD FIRE AT PLYMOUTH.

The Chevrolet garage at Plymouth, owned by Messrs. Allison and Bachelder, and the cement building adjoining were destroyed by fire Sunday forenoon, causing a loss of several thousand dollars. Owing to the wind it was feared the fire might get beyond control of the local fire department and calls were made for help from Northville. Walled Lake and Ann Arbor. There were a number of cars stored in the cement building and on the second floor of the garage building that could not be saved, but about all of the contents of the buildings on the ground floors were taken out. Twelve new cars and six used cars were destroyed in the fire.

The fire attracted a great crowd of people and fortunately with so many willing workers and a favorable wind the fire was held to the two buildings.

Brief funeral services for John E. Parker were held at Schrader Brothers' funeral chapel last Friday afternoon, being conducted by Rev. Wm. Richards, who spoke feelingly of the deceased and the sad circumstances surrounding his death. The remains were taken to Howell and placed in the vault. Burial will take place later.

## JAPS TO BOYCOTT CALIFORNIA GOODS

FEELING AGAINST EXCLUSION ACT OF U. S. CONGRESS RUNS HIGH.

### AMBASSADOR DENIES THREAT

Hanburi in Formal Note Says That "Grave Consequences" Meaning Was Misconstrued.

Tokio—The Japan Printing Association, at a general meeting held here, voted to place a boycott on all goods from the state of California.

The senate's action has aroused much public feeling here. Labor elements, hardest hit by the American ruling, are preparing demonstration against the exclusion. The Japan federation of labor and the government workmen's association are planning joint mass meetings in both Tokyo and Osaka.

Washington—Formal denial that he had intended to "threaten" the United States when he told Secretary Hughes that "grave consequences" would follow the passage of the Japanese exclusion act in congress has been made by Masanao Hamahara, Japanese ambassador to the United States.

This was disclosed when the state department made public an exchange of letters between the ambassador and Secretary Hughes, in which Japan's representative said his use of the phrase had been misconstrued in the senate, and Mr. Hughes assured him in reply that the state department understood his meaning even if the senate did not.

Hamahara's letter of explanation was written the day after the senate had unanimously voted the Japanese exclusion provision into the immigration bill.

This action by the senate followed some hours of debate in which the Japanese ambassador was roundly criticized by the Republicans and Democrats alike for what was termed his "insulting" letter.

### ENDS BAN ON CO-OP STOCK MEN

Wallace Orders Kansas Packers to Stop Discrimination

Washington—Secretary Wallace has signed an order under the packers and stockyards act against 56 co-operative firms, members of the Kansas City Livestock exchange, and 30 firms of traders operating on the Kansas City Market, requiring them to cease discriminating against the Producers' Commission association, in purchase of cattle. The Producers' association is a co-operative organization.

Practically all buying of cattle from the Producers' association by commission men and traders ceased last September, a statement by the department of agriculture said and upon complaint, Secretary Wallace issued a notice of investigation.

Extensive hearings were held and more than 100 witnesses were examined.

The exchange at Kansas City must extend provisions of its clearing houses to the producers' organization as well as the benefits of blanket insurance the order sets forth.

### TEAPOT DOME INQUIRY ENDS

Senate Oil Committee Hears Last of Witnesses This Week

Washington—The present week is expected to see the end of the activities of the senate oil committee which for months has poured out sensational charges.

When the last of the witnesses has been heard the committee's doors will be closed and the investigators prepare their report to the senate recommendations of the committee of future oil scandals.

The committee will not totally pass out of existence. It is a permanent committee of the senate—the public lands committee. It will, however, be dormant so far as the oil investigation is concerned.

Meanwhile it will keep a watchful eye on the progress of the cases resulting from its activities now pending in the courts.

### LEVIATHAN DAMAGED BY FIRE

Giant U. S. Liner Swept by Flames While in Port

London—The giant liner Leviathan, largest of the U. S. fleet of passenger ships, was severely damaged by fire while lying at its dock at Southampton. The passengers had all left before the fire was discovered.

Fire swept the upper deck and bridge and raged unchecked for an hour and a half. Three brigades of firemen finally extinguished the flames.

The smoking room was badly damaged. Water caused most of the damage on the lower deck.

After an investigation, ship officers attributed the cause of the fire to the fusing of wires in an electric heater.

### TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1897, for the week corresponding to this week.

A. O. Coleburn is suffering with the grip.

Miss Irene Green was home from Ypsilanti Sunday.

Funeral services were held Thursday. He leaves a wife and four children.

Charles Duguid died on Sunday at his home in the village. He had been a sufferer with cancer for more than a year. Deceased leaves a widow and several children by a former wife.

A number of the L. O. T. M. friends of Mrs. S. Eddy gave her a surprise party at the home of Mrs. Alice Whitaker, Monday evening.

She was presented with a gold ring as a reminder of the many warm friends she is about to leave to go to her new home in Pontiac.

Mrs. L. E. Hartwick, who has been suffering with a growth, passed away this morning. She was operated on yesterday at a Detroit hospital and came through the operation all right.

Towards midnight a change came and at two o'clock this morning she passed peacefully away.

HERE'S A CHANCE FOR DEAN GRISWOLD.

Someday, some one may catch an Atlantic ocean salmon in Orchard Lake out Oakland county way. The chances are, of course, that someone will, but the fact is that in 1873 the State Fish Commission planted 500 salmon in the lake, dropped 250 into Lord's Lake in the same county and put an additional 500 in Walled Lake.

That the salmon did not thrive is apparent but the state department of conservation has no record of what happened to them and so there is still a vague possibility that some member of the species is still swimming in the shallow waters about Detroit and may have fished time after time.

### WHY RAISE MORE TAXES?

Farmers throughout the country have been complaining of high taxes for some years past, and in spite of the increasing demands that are constantly being made upon all classes of property owners, there are those who are determined that the people of Michigan shall be burdened with an income tax.

At the recent town meeting more than 40,000 signatures were secured in the various polling places of the state to petitions asking that the matter of an income tax law be submitted to a vote of the people of Michigan.

The members of the Michigan Farm Bureau are pushing this proposition with the notion that an income tax will be the means of reducing taxes on farms and other real estate holdings.

But will the new legislation have any effect on the amount of taxes to be paid by the average property owner? We do not believe it will.

The more taxes that are raised the more plans there will be proposed to spend the money. We do not believe that any plan should be adopted looking for a scheme to raise more money for taxes but we do believe that a lot of good common sense plans could be adopted that would greatly reduce the expenses of the state and the county.

If the farmers of Michigan think for one moment that an income tax will reduce the taxes on well-farmed lands to any extent we believe they will be disappointed.

Instead of urging more plans and schemes to raise more taxes let us urge some plans that will curb public expenditures. If the plan does not prove satisfactory after a few years trial some other plan can be adopted.

But to adopt an amendment to our state constitution providing for an income tax will, we believe, add just that much additional burden upon the farmers and real estate owners of the state.

EASTERN MICHIGAN IS TOLD TO WAKE-UP.

Eastern Michigan is overlooking a fine opportunity for development of the tourist business in this part of the state, a business that is meaningfully \$40,000,000 to western Michigan and might be of immense value in this section.

Secretary Charles W. Haensel of the Saginaw Board of Commerce told the Caravan club of that city at a recent luncheon.

"I believe that we are missing a great big opportunity to make heads of money out of what nature has placed at our doors," said Mr. Haensel.

"During the last year it is estimated that visitors to this state spent in Michigan, exclusive of Detroit, \$50,000,000. That is a reasonably large amount of new capital coming into the state. It affects manufacturers, merchants, wholesalers and even professional men."

The figure in the amount is that of the \$50,000,000 about \$40,000,000 was spent in western Michigan, merely because western Michigan is organized and is advertising.

We are missing a splendid

business opportunity and we should take steps at once to take advantage of it.—Michigan Manufacturer.

Harry R. O'Brien says that such incidents give only a suggestion of what's wrong with our city produce marketplaces!

The farmer is too often shoved from the stall by the politician—the profiteering city retailer gets his place. He is pushed from the curb, even by the odorous foreigner. City marketplaces are becoming dens of dirt and politics!

A few cities—mighty few—are supporting real farmers' markets. Farmers have cooperated to own their markets in others, and so beat the game. Mr. O'Brien tells

you the whole story in the series beginning next week. What's doing now in the Northwest Wheat States? How's New England taking the cotton situation? Do acid soils really need lime? ## There Are A Good Many Reasons For Buying Coal Now

Demand for fuel is not so great as it is in winter time, consequently delivery can be made on any kind you prefer. Coal men in making their purchases, order in quantities which they deem sufficient to take care of the demand, but at times the quantity is not large enough. So when mid-winter comes it is necessary to order again and in many cases quality coal cannot be obtained and the customer gets an inferior article through no fault of the dealer.

Spring and summer delivery cannot only be made on a better grade of coal, but all of the inconvenience to the customer of winter delivery, such as being unable to wet down the fuel to keep down the dust, and the annoyance of waiting for coal when you are down to your last half-ton, can be avoided.

## GENERAL H. G. GIBSON

Washington—Brig-Gen Horatio Gates Gibson, retired, who was the oldest graduate of West Point and the last surviving officer of the Army that fought in Mexico in 1847-1848, died at his home here in his 97th year.

Born at Baltimore, May 22, 1827, he was appointed to the Military Academy from York, Pa., was graduated in 1847, served in the Mexican, Civil and Indian wars, and retired in 1891.

## BANK STOCK HOLDERS MUST PAY

Grand Rapids Court Awards \$180,884 for Payment to Depositors.

Grand Rapids—A decree awarding the Michigan Trust company, assignee of the Farmers & Merchants bank, a judgment of \$180,884 against Frank J. Cook, its former cashier, and eight other stockholders, has been signed by Circuit Judge Willis B. Perkins.

The order makes each of the defendants jointly and individually liable for this sum, which represents the difference between the liquidated assets available for dividends to creditors and the total amount of the claims. The bank became financially involved about three years ago when it closed its doors.

The stockholders against whom this judgment is rendered are, in addition to Cook, his father Abraham F. Cook, George Bowditch, Dick Van Dyke, J. C. Amy, John McEwan, Francis M. Dregge, Clara McEwan and Clara Amy I. Patterson.

## ALIEN QUOTA IS CUT IN HALF

Immigration Bill Will Reduce Influx of Foreigners—Bars Japanese.

Washington—The new immigration bill, containing the Japanese exclusion provision, provides that 22 per cent of the 1390 census be made the basis of immigration apportionment.

This reduces by 50 per cent the present quota of European settlers who will be admitted to this country. Under this provision, immigration from Europe will be reduced to 169,000 annually compared with the 350,000 now coming in on a basis of 3 per cent of the foreign population in 1910.

Both houses adopted this scheme of restriction in the face of protests from the supporters of Italy, Rumania and other European nations affected adversely which were couched in terms which seemed to indicate that the bill was a threat to the peace of the world.

## REAPPORTIONMENT ON BALLOT

Wayne County Invokes Referendum to Get Equal Representation.

Detroit—The ways and means committee of the board of county supervisors has authorized the printing of petitions to place the reapportionment amendment on the ballot at the November election.

The measure, if passed, would take no power from the legislature, but in case the legislature failed to reapportion representatives would empower the secretary of state to do so.

The counties which would be affected by the amendment are Wayne, Genesee and Iroquois. At present Wayne county has 33 per cent of the state's population, pays 42 per cent of the entire state tax, and has legislative representation of only 14 per cent.

## PRISON AWAITS DRY VIOLATORS

U. S. Court Would Stiffen Sentences of Prohibition Law Offenders.

Detroit—A new policy of more rigid prosecution of liquor cases has been announced by United States District Attorney Delos C. Smith.

The new policy according to Smith, will be to ask for \$1,000 fines and short prison terms for first offenders, and \$2,000 fines and five-year terms in prison for second or more frequent offenders.

Heretofore, it has been usual practice in federal court, as well as in circuit and recorder's court to punish offenders of the Volstead act and the state prohibition law with fines. In federal court, the fines have usually been \$500 to \$1,000. Seldom have prison sentences been imposed.

## WHEAT MARKETING BILL INTRODUCED

PROPOSED AS SUBSTITUTE FOR McNARY-HAUGEN PLAN OF EXPORTING GRAIN.

## VOIGT OF WISCONSIN, SPOONS

Would Provide for Incorporation of \$50,000,000 Government Company to Buy Surplus Crop.

Washington—Representative Voigt of Wisconsin, Republican, introduced a bill for the creation of a corporation to sell wheat surplus crops, similar to the plan proposed in the McNary-Haugen measure.

Under the bill, sponsored by the Wisconsin representative, a corporation with a capital of \$50,000,000 to be subscribed by the government as against the \$200,000,000 fund called for in the McNary-Haugen measure would be set up to buy all kinds of wheat until the price of No. 1 northern spring wheat at Minneapolis reached \$1.65 a bushel.

Grain purchased would be sold abroad but if the price reached \$1.75 the corporation would have authority to sell in the domestic market.

A charge of 15 per cent would be made by the corporation against each bushel of wheat bought from farmers who would be reimbursed in the event a profit was made by the corporation in proportion to the amount left after deduction of losses on exports and expenses for handling the grain.

## POINCARÉ O. K.'S DAWES PLAN

Reparations Report Is Accepted As Basis for Parley.

Paris—Acceptance by the French government of the Dawes report as basis for a new reparations settlement has been formally registered with the French government on the form of a letter from Premier Poincaré to Louis Barthou, president of the mission.

Poincaré in his letter stated that he desires the commission to proceed with the preliminary negotiations for paying the reparations. This is necessary so the allied governments can get together and settle such questions as affecting the plan as dependence thereon.

The premier makes no reservation in his acceptance but points out that the French government supports it in understanding that all the details of the realization of the guarantee of the experts proposed will be effected before the allies are called upon to give up the pledges they now hold.

## LAST CURTAIN RUNG BY DUSE

Famous Italian Actress Succumbs to Influenza.

Pittsburgh—The favored role of Mme. Fearna Duse in the Italian States was her last role to ever be played. She died of influenza at a hotel where she had been confined for two weeks and a death of influenza.

## NEW ARMY BILL PASSES SENATE

Provides for Protecting Reservists From Pay Loss While in Service.

Washington—An "omnibus" military bill, designed to correct a number of inaccuracies or inadequacies in present laws has been passed by the senate. It provides among other things for

Permitting the purchase of secret apparatus by the secretary of war without public advertisement of specifications.

Protecting government employees from loss of pay when called for training as reservists.

## COUNTY CONVENTIONS HELD

Republicans and Democrats Elect Delegates to State Meeting.

Lansing—Democrats throughout the state held county conventions Wednesday to elect delegates to the state convention at Flint May 15. On Thursday, Republicans held conventions in all counties at which were elected delegates to their party's convention at Grand Rapids, May 7.

The state conventions of both parties elected delegates-at-large, and alternates and also nominated 15 candidates for presidential electors.

Has Big Job. Perhaps the core in the hand of the Statue of Liberty is to aid her in her search for a New Yorker who never breaks the prohibition amendment.

**The Northville Record.**

E. E. BROWN, Publisher.

An Independent Newspaper published every Friday morning at Northville, Michigan, and entered at the Northville postoffice as Second-Class matter.

NORTHVILLE, MICH., APR. 25, 1924.

**"THE KING" IS PINCHED AGAIN.**

Albert Wilson, king of the booze runners, was arrested again on Monday forenoon when members of the Northville patrol, Officers Safford and Trofey, accompanied by two special deputies from Plymouth, raided the Wilson place on the north side and found a quantity of liquor—five gallons of moonshine, three quarts of whiskey and one gallon of wine. Officers were compelled to force the outer door, the place having been provided with two doors, front and back, with double locks on each door, but before the inner door was forced by the searchers Wilson volunteered to "open up in the name of the law." Wilson was testifying three gentlemen friends from Plymouth when the officers reached the inner chamber of his citadel.

He was taken to Plymouth and arraigned before Justice Patterson. He stood mute and his hearing was set for next Tuesday, the 29th. Bonds in the sum of \$1,000 were furnished by George Wright, who resides on the Plymouth road. This makes the third time Wilson has been arrested—once by the federal authorities, and once by local officers, the case now pending against him in circuit court, and for the first time he showed "the white feather" on Monday. He told the officers he was through, that he was "all in" financially, and that he was going to sell his place and leave Northville. It certainly will be a good riddance if he keeps his promise to seek other pastures.

When he was arrested in January he was warned by local officers to quit his business or to suffer the consequences, but the money came so easy and the profits were so large that he could not forsake the business. Local officers are to be commended for keeping after him until he was driven out of business in Northville at last.

**WOMEN AT U. OF M. TO HELP FUND DRIVE.**

Undergraduate women at the University of Michigan are to have an active part in raising the \$1,000,000 fund for a Women's League building, according to plans completed for a campaign on the campus next week.

The student campaign is scheduled for April 29 to May 9 and closes on May 10. The first week of the campaign is being set for that date so that the results of the student's undertaking may be announced at the opening dinner of the national alumnae campaign to be held in Detroit and other cities and towns throughout the country on May 10.

Miss Anna Lloyd, of the national campaign executive committee, is director of the student campaign and Miss Natalie Murphy, secretary to Dr. Marion LeRoy Burton, president of the University's assistance director. A central committee has been appointed composed of 12 women students representing the dormitories, the sororities, the board of directors of the Women's League and the league houses. This committee will have selected 144 team captains, one of whom is expected to interview 10 women students during the campaign. The students will be asked to give an individual share of \$50 payable over a period of five years.

The student campaign will be opened by a women's mass meeting in Sarah Caswell Angell hall in Ann Arbor on April 29, at which Dr. Burton, who is honorary chairman for the campaign, will speak.

**Novi News.**

Mr. and Mrs. Howard Killworth of Tacoma, Wash., spent one night and day visiting their old friends, Mr. and Mrs. Franz Power of South Lyon. They went to Flint and purchased a new Buick car which they will drive home. Their many Novi friends wish them a pleasant journey and trust they will reach their home in safety.

A box social was held at the West Novi school house on Monday evening. A very large crowd was present considering the bad night. L. W. Lovevill of South Lyon sold the boxes and created a lot of fun. After all expenses were paid the proceeds were \$25. In addition to the fine suppers served from the well filled baskets, ice cream and cake were served. A good program interspersed with music was given. Miss Papineau, the teacher, is deserving of a great deal of praise for her efforts. One box sold for \$3.00.

Mrs. Mary Webster and Mr. and Mrs. Parks of Pontiac spent Easter with Mrs. Lottie Taylor. Mrs. Webster is a sister of Mrs. Taylor.

Cherry blossoms, tinkling music and a savory chop suey supper. All these, the Presbyterian ladies will have ready for you in the church parlors, Tuesday evening, April 29th.

**BAPTIST CHURCH NOTES.**

Twenty-five people attended the sunrise service held in the church parlors last Sunday morning. The service was led by Mary Jordan, who proved herself a capable leader, although she is only twelve years old.

Four adults received the right hand of fellowship Sunday morning. The men of the congregation are having occasional gatherings that are growing in interest and attendance. Don't forget the prayer meeting next Thursday.

The Festival entertainment will give you a pleasant evening at the Alseum tonight.

Read our ad and attend both services next Sunday.

**PRESBYTERIAN CHURCH NOTES.**

Easter Sunday was a wonderfully happy day at this church. All the services of the day were largely attended and all were enjoyed. Upwards of twenty people were received into the church at the morning service, the Sunday school gave a very interesting program and the choir gave a program in the evening that will always be remembered with pleasure.

Why not have just as large an attendance next Sunday?

On Sunday morning the pastor will take for his theme "The Challenge of the Church to the Men," and in the evening he will discuss "The Heroism of Principle." Subject for the Thursday evening meeting will be "The Study of Men."

**METHODIST CHURCH NOTES.**

No services at this church Sunday. If nothing prevents Hon. L. D. Dickson, who was to have filled the pulpit, will be present and speak in behalf of the Near East relief movement Sunday, May 1st.

**GOOD FRIDAY SERVICES WERE WELL ATTENDED.**

The Good Friday services held at the M. E. church under the auspices of The King's Daughters were well attended and were most interesting. The stores of the village closed at noon and by two o'clock the church was comfortably filled. Rev. Wm. Richards presented President Charles A. Dolph as chairman of the meeting and he announced the program with brief and appropriate remarks. Rev. F. P. Knowles offered prayer and Rev. A. K. MacRae read the scripture lesson. The choir sang an anthem and the address of the afternoon was given by Rev. W. L. Jones of Bay City, who selected for his subject "The Trial and Condemnation of Jesus." Mr. Jones also addressed the evening meeting.

**LOCAL.**

The first week of May will be observed throughout the country as paint-up and clean-up week. If there is anything about the premises that is unsightly this will be a good time to clean it up.

Northville's base ball season will open next Monday when the London, Ontario, league team will meet the Forsters at 10 o'clock. The two teams will also play on Tuesday afternoon at three o'clock. The Forsters will have a good team in the field and the fans may expect a good game.

Gay C. Franks will leave today for New York City and on Tuesday noon will sail for Europe. After spending a few weeks in Paris studying he will make a tour of the continent for pleasure. His many Northville friends will wish him a pleasant and profitable journey and a safe return.

**Walled Lake Warbles.**

George Hawkins of Detroit, who had a summer home on the lake here, was killed last Friday night while responding to a call on a fire truck.

**Wm. S. McNally, Attorney, Northville. COMMISSIONER'S NOTICE.**

**LISTEN TO THE VOICE IN YOUR HEART**

What does your heart speak most? Is it hate—disgust—fear? Is it indifference to the highest and best? Does it speak kindness—joy—helpfulness? Listen.

All this is very ancient and yet so very up-to-date. The heart needs ears and eyes sometimes to be most effective.

Old Israel did not want to hear what their heart was saying. They were so interested in material gain—luxurious living—physical well being—that they did not wish to be bothered.

Amos and Hosea were men of big hearts. They did not want their nation to fall—so they cried against wrong and oppression—were "damned reformers" as monitory ones like to express it.

What if you smother your heart voice—will it be well with you—are you headed in the right direction?

Some of the things in your heart would make you gasp if they were really given a voice—Hatred, murder—envy—lust—deceit—Crookedness and many other things. The daily papers tell what you might do if in the right set of circumstances.

Frank Dittmar died at his home on the Simmons farm on the Base Line road Monday night. Owing to the nature of his illness and because of other members of the family are ill, the remains were placed in the vault in Oakwood cemetery on Wednesday afternoon. Funeral services will be held later. He was afflicted with scarlet fever and other complications arose.

The moving picture rights to "The Coast of Folly" by Coningsby Dawson have been sold to Famous Players and will be one of the big fall productions. It is rumored that no less a star than Gloria Swanson will create the role of the heroine, the reckless, high-spirited Joyce Gathaway.

"The Coast of Folly," published early in January by Cosmopolitan Book Corporation, became a best seller the first week and has remained on best selling lists ever since.

The Globe Furniture & Manufacturing Co. of this village recently received a large order for furniture from Hoffman Lodge, F. & A. M. of Madletown, N. Y.

The Masonic temple in that city was recently wrecked by fire and the order is to return the rebuilt temple, and calls for solid oak furniture, upholstered in genuine leather. The committee in charge of the work wanted a first-class outfit and naturally they came to Northville, after making diligent inquiry from societies and churches that have been served by the Globe company.

Mr. and Mrs. Simmons have the best wishes of all for a happy and long wedded life.

A number of Detroit families have moved to this village during the past few years, but this week Northville is losing one of its best families to the big city. Mr. and Mrs. W. A. Parmenter are moving to Detroit, where they have purchased a home, and where they expect to make their future home. Mr. Parmenter will come to Northville as occasion requires to attend to his business interests here. Many friends here will wish them success and happiness in their new home.

The driver of the Sanatorium ambulance has made a practice of driving down through the village at terrific speed and "tooting" his horn as he flew over the pavement. Thursday morning he came down Main street at his usual speed and the horn awoke all the citizens along the highway—it was a wonder it did not awaken the dead body he was conveying to the city. Nightwatch Stage gathered one of the fellows in and it cost him \$15. The other one was permitted to proceed to Detroit with the promise he would appear later. There is no sense in driving with such speed and still less sense in "tooting" the alarm as if one was running to a fire and desired to arouse all the people of the community.

All the charm of the Orient will greet you at chop suey supper, served in the Presbyterian church parlors, next Tuesday evening. 41-1c

## MRS. LIZZIE COATES WRITES FROM CALIFORNIA.

748 So. Flower St. Los Angeles, Calif. 3-24-1924

Mr. E. E. Brown, Editor Record:

I want to thank you for sending me the Record. Have missed two copies. Am always glad when it comes though do not see much of "Novi doings." This has been a delightful winter though in many places in California colder than is usually the case here. Had a very nice trip out, leaving home Jan 1st, and arriving in Mojave at 5:40 p.m. Jan 4. Besides, old Michigan we came through Illinois, Missouri, Kansas, Oklahoma, Texas, New Mexico and Arizona, reaching Needles Calif., Friday around 11 o'clock. Saw more or less snow in every state until we were within a few hours ride from the California line. Have always heard that Needles was a "hot place" but did not find it so that day as a cold raw wind was blowing, but the tourists were soon "warmed" welcomed as we stopped for about 30 minutes, being surrounded by a band of Indians selling beads, baskets, etc. We thought to snap some of them and asking one to let us take her picture we were most emphatically denied that privilege, by a "shake of the head" and with a "muttering" entirely foreign to us, the faces of some of them quickly hidden. Next time we took a picture we did not ask if we might do so.

Enjoyed very much the excellent meals put out by the Santa Fe at places all along the line from Chicago. Stopped 30 minutes at each place at meal time and it was a lively crowd who left our train to get in first at either the dining room or lunch room adjoining. The Santa Fe Company arranged for this it being known as the Harvey plan and extends all along the Santa Fe railroad from the Great Lakes to the Pacific coast and Gulf of Mexico. The ride over the mammoth bridges over the Mississippi and Missouri rivers was very interesting but when crossing the Colorado river we wondered if the writer of the song, "Where the Suter Colorado winds its way," saw it as we did. Its waters were so thick and muddy, almost copper colored in places but interesting regardless of that. The winter has been ideal—beats snow and ice. Scarcely a day has passed while on the desert that the sun has not been shining. No rain to speak of, though we have seen a few sand storms. Interesting to see the clouds of sand blowing over and that gets to be less of a novelty. The scenery when riding along the canyons, mountains and valleys is certainly beautiful. When on the trip to San Diego

several weeks ago we were intensely interested to see the beautiful orange and lemon groves, laden with the ripe fruit, also many hundreds of acres of English walnut groves but at that time the trees looking being free from leaves. Passed by the St. Mary olive groves—said to be the largest in the world. For about one hundred miles of the way we drove along the ocean beach and indeed the great Pacific looked good to us, and at sunset it was beautiful. Drove around Point Loma when at the extreme, 500 feet above the sea where we were so near the edge of the cliff that we could truly feel down to the waters below as viewed the old Spanish light house where we bought post cards, folders, etc. Saw the towers through which the great steamers and the battleships passed during the war as well as going through there now. Spent some time in the cemetery on Point Loma where is erected a large monument towering at least 45 feet above the others and dedicated to many of the soldiers who gave up their lives while in the performance of duty. Many of Uncle Sam's lads are buried there as also are many who lost their lives in that awful disaster last fall when those vessels were anchored near San Francisco. Took pictures of several of the graves—also of the Bennington monument. We drove near to Fort Rosecrans on the Point. Was much interested in the U. S. Naval training station and the U. S. Aviation field. Wonderful building covering many acres and almost countless numbers of planes in the field. Visited the Marriage place of "Ramona" heroine of the book written by Helen Hunt Jackson. It is indeed a beautiful place and is well worth one's while to visit it. Besides the large court which is a beauty spot of itself, inside can be seen many quaint things of older days and on this historic spot Father Junipero Serra first set up the cross, built the first of the many missions and started the civilization of California. We saw the old Plaza and monument where Gen. Fremont first planted the U. S. flag in California. (Took picture of flag staff on the spot) and many other things of interest. The old Estudillo house covers nearly a city block and was originally built in 1825, and restored to usefulness in 1900 and it is a very romantic place. The walls are adobe from 3 to 4 feet thick and the rafters fastened with strips of rawhide. The museum rooms are filled with paintings and curios many of them hundreds of years old and all that remains of the

work of some of the Indians of long ago.

(To be continued next week).

## SMITH-GUSTIN.

Saturday evening, April 25th, 1924, a very pleasant wedding occurred at the home of Mr. and Mrs. John Gustin on Mill street, when their daughter, Mabel, was married to Clarence Smith of Northville. The ring ceremony was used by the bride's pastor, Rev. H. E. Sayles.

The bride was gowned in beautiful white chiffon, and carried a bouquet of roses and carnations. Her sister, Alice, who was bridesmaid, was gowned in light blue chiffon, and carried a beautiful bouquet of mixed flowers. Mr. Smith and Mr. Arnold, who was best man, were dressed in dark suits. Only a few friends and the family were in attendance. The friends wish them much joy and a happy life.—Plymouth Mail

## LEGION TO HOLD CONVENTION AT YPSILANTI.

A convention of the second district of American Legion and Legion Auxiliary will be held in Ypsilanti April 29. This is the first time a district convention has been held in Ypsilanti and a large attendance is desired. All the posts and units located in the second congressional district are eligible to this convention. There will be installation of district officers, and transaction of special business. Posts and units will meet in separate sessions. A joint banquet will be served in the evening, followed by a joint meeting. Delegates are expected from Monroe, Ann Arbor, Jackson, Milan, Saline, Manchester, Concord, Springport, Parma, Brooklyn, Chelsea and Dexter.—Ypsilanti Record.

## DEMOLOY ANNUAL STATE CON-CLAVE.

Delegates from 54 chapters of the order of DeMolay will gather on Grand Rapids May 9-10 for the annual state convocation. It is expected that upwards of 1,000 delegates will attend. State Master counsellor will have charge of the proceedings. Mayor Elvin Swarthout will give the address of welcome. Knights Templar of DeMolay commandery of Grand Rapids will greet the boys and an address will be given by Eminent Commander Fred H. Locke. Other prominent Masons to speak are Harold Ross, Henry and Arthur H. Vandenberg, of Grand Rapids and Charles Conover of Colquhoun.

A number of the members of Fellow ship Chapter of this village are planning to attend this meeting.

## ALL DOGS EVER QUARANTINED.

"I may do epidemic" in the city of Detroit during which several persons have been bitten has caused state authorities to place under quarantine every canine in Wayne county. This quarantine order, which shall be in force between April 1 and July 1 follows:

"Notice is hereby given that all dogs owned or kept in the county of Wayne state of Michigan, unless properly vaccinated against rabies within the year by a qualified veterinarian shall be kept securely chained or otherwise properly confined on the premises of their owner or keeper, or if allowed to run at large shall be securely muzzled to prevent the attack of dogs from biting any other animal or person.

A penalty of a fine or jail sentence as included in the order signed by the Commissioner of Agriculture, Director Bureau of Animal Industry and State Veterinarian.

## LONDON TEAM PLAYING WELL.

From the Three Rivers Daily Commercial we take the following, which will be read with interest by "Dutch" German's friends here:

"In the seven inning practice game at the Morsemen park Wednesday the Londoners so called regulars were defeated by the Yannisians 8 to 4. The game was featured by the hitting of German, Licht and McKee, the fielding of left gardner Earl Stimpson and the pitching of "Nick" Merriab. Nick had the regulars eating out of his hand and held them hitless for four innings. Nick worked the corners in mid season style held down the team led by Manager Beatty while his mates went out and got 8 runs out of seven blows, four of which were doubles, off pitcher LaCroix a right handed boxman from the northland. Stimpson for the Yannis hauled down seven chances, many of them difficult, without a slip."

## Hupmobile

Countershaft with Roller Bearings: These bearings are the high-duty roller type, made of chrome nickel steel—the only, long-wearing metal in all our roller, taper and annular bearings. Common practice uses plain bushings at this point.

## Worth Money to You

Facts That May Save You Hundreds Of Dollars On Your Next Car

Here is a transmission countershaft mounted in high duty roller bearings. No repair expense concealed in that quality Hupmobile construction.

Here is another countershaft. It is mounted in a brass bushing. Eventually it will wear; the bushing will be replaced; the repair bill—the position is difficult of access—will be called exorbitant.

There you have invisible value contrasted with invisible costs.

The Hupmobile Parts

Display—on view at our salesroom—enables you to draw these money-saving comparisons, right down the line.

Possessed of these facts, your course is clear.

If any car, no matter what its principle of design may be, no matter what its price—can show parts and processes equal to the Hupmobile and match it in performance, reliability, durability and economy—then, and then only, are you warranted in investing money in the other car.

### EASTER AT THE METHODIST CHURCH.

The day started with services at the Detroit Sanatorium. The auditorium took a veritable picture with its renovated appearance and the altar was decked with every flower that the hothouses produced, intermingled with ferns of all kinds, surrounding the beautiful cross, the emblem of our Christian faith. The doctors granted permission to all the patients to take part in the service with the nurses and a great audience came to worship the Risen Christ at nine in the morning. The pastor preached on "The Life Beyond."

At 10:30 a very precious service was entered into when the organ pealed forth its music under the able management of Mrs. John Tinham, who never fails to make this part of our worship felt. Miss June Filkins was at her best in the rendering of "He Is Risen." This was soon followed with the beautiful anthem "Victorious Morn" efficiently rendered by the full choir under the leadership of Richard Kilgour. After the sermon "If In This Life Only" by the pastor we surrounded the Lord's table. Five times was the altar filled with gracious remembrance of Him who said "Do This In Remembrance of Me."

The evening brought the climax. A wonderful program of Easter music was ably rendered to a hundred and fifty people. Some Detroit cars made a casual stop at the church with young people who expressed "Northville certainly has people who can sing." Mrs. Lee Hickok sang the solo "Weep Not And Sorrow Not" very feelingly. With the other anthems given by the choir the day closed, to become a pleasant memory.

### PERMITS TO BE OBTAINED FROM ROAD COMMISSION FOR TREES, POLES, ETC.

The Board of Wayne County Road Commissioners is carrying out an extensive plan of planting and maintaining trees along county and state roads within Wayne county. This work is of unlimited value in that it enhances the appearance of the roads and increases the worth of the abutting property. It is generally conceded that property which is beautified by trees or shrubs is more desirable than mere barren land.

Act 2, Section 1, P. A. 1921, states that it is unlawful to cut, destroy, or otherwise injure any shade or ornamental tree or shrub growing within the limits of any public highway within the state of Michigan without the consent of the authorities having jurisdiction over such road. It shall also be unlawful to affix to any such tree or shrub, any picture, announcement, notice or advertisement, or to negligently permit any animal to break down or injure the same.

In cases where trimming or removing of above mentioned trees, or shrubs on county roads is necessary, application should be filed at the office of the Board of Wayne County Road Commissioners, 1103 Real Estate Exchange Building, Detroit. In the case of tank line or Federal Aid roads application should be sent to the State Highway Department, Lansing. All such applications will be given full consideration and if a warrantable a permit will be issued.

It is also necessary to obtain a permit from the Board of Wayne County Road Commissioners for the placing of any pole or poles, conduits, sewers, sidewalks, pipe lines, drainage structures, buildings, or anything whatever either above or below the ground within the limits of any county, state or Federal aid road within Wayne county.

The defacing with paint, white wash or other materials, of trees, poles, conduits, pavement, etc., or the erection of advertising signs within the limits of a county state or federal aid road within Wayne county cannot be permitted.

The policy of the County Road Commissioners is to maintain the improved roads in a safe and adequate manner to accommodate the traveling public at all times and incidentally provide roads which are sufficiently shaded by trees, and are well kept and pleasing in appearance.

Complete information regarding the issuing of permits can be obtained at the office of the Board of Wayne County Road Commissioners, also specifications covering the various items for which permits are issued.

### MOSCOW ART THEATRE, AT THE GARRICK.

It is doubtful if local interest in theatrical affairs has ever been aroused to the high expectation than awaits the advent of the Moscow Art Theatre, which will open an engagement at the Garrick theatre, Detroit, Sunday night, April 27th.

Reports of the great excellence of the players and the most unusual quality of the repertory they offer have come to this city and in consequence playgoers here are keenly alive to this exalted program which has been prepared for them.

It was Morris Gest who first induced these supreme artists to come to America. Their reception in New

York last season was sensational. Superlative were the criticisms accorded the artists by the writers of the "Metropolitan" dailies while the praise of the public was evinced by the serious crowded houses which greeted every performance. This condition obtained in New York for months and when Mr. Gest sent the Moscow Art theatre on a short tour, because of the insistent demands from other cities, the same conditions prevailed. Their second visit to America was made subsequent to a tour of the principal art centers of Europe, Prague, Berlin and Paris and this winter a repetition of last year's successes has heralded every presentation.

### TO HOLD CARNIVAL.

Detroit Teachers' college will celebrate the Annual Rural Carnival on May 2 from 7:30 to 10 m. The college, situated at Grand River and West Grand Boulevard, will feature a continuous dance, with Rus White's orchestra. To supplement the dance, a play "Marrying Money" will be given by the college students. To Alumni of the college and also to the general public, the club extends an invitation to be entertained and at the same time aid 175 young women in raising funds for an educational trip to the Michigan Agricultural college at Lansing.

The worst dirt is in  
your rug—not on it

Why Royal gets the  
dangerous embedded dirt  
as well as surface litter

ALONG the entire 14-inch nozzle the powerful suction of the Royal Electric Cleaner is applied directly to the rug surface. This is done by two things, (1) the scientific nozzle design, (2) the patented Royal adjustment screw. The rug is lifted, the nap opened up, and the germ-laden embedded dirt that cuts your rugs, as well as the surface litter, such as threads, lint, etc., is sucked into the bag.
