NORTHVILLE PLAYING SNAPPY BALL.

The Northville High school baseball team won from the Monroe Hi team Tuesday by a score of 8 to 3. Monroe took the lead in the first inning which was passed back and forth until the sixth inning when Coach Miller's men bunched four hits with a base on balls and scored four runs.

H. German, Jr., had control and everything that goes to make effective pitching. Sixteen of the twenty-one men who faced him struck out. Hall and German led the batting attack with three hits each out of four times at the plate.

Summary. Hits off German, 5; hits off Dansby, 11; base on ball, off German, 1; off Dansby, 8. Struck out by German, 16; Dansby, 7.

The local boys have won three out of the four games played. In those games the following men have led the batting attack with the average of 500 or better:

E. Riley 647
H. German 600
C. Hall 500
J. Wood 500
H. Helrich 500

H. German, Jr., has a record of 48 strike-outs in four seven-inning games.

C. O. THOMAS DIED IN DETROIT.

News of the death of C. O. Thomas was received by Northville friends last Saturday forenoon. Mr. Thomas died at his home in Detroit, having arrived from the south where Mr. and Mrs. Thomas had spent the winter just a few days before death claimed him.

Mr. Thomas came here from Caro where he was engaged in business for a number of years, having established the lighting plant in that city. During his residence here he made many friends to whom the news of his death brought great sorrow. Quiet and unassuming in manner, a gentleman always, he made friends easily and the number of his friends are only limited by the circle of his acquaintances. Mrs. Thomas has the sincere sympathy of many Northville friends. Funeral services were held Monday afternoon. Northville friends sent some beautiful flowers as an expression of their sorrow and sympathy.

NORTHVILLE BOY IN HAWAIIAN ISLANDS.

Elmer Avery, who recently enlisted in the Coast Artillery Corps of our army, arrived in Honolulu on the United States Army Transport Grant on March 25th. The boat made the trip from San Francisco in six days and twenty hours. The 55th Artillery Regimental crack band met the boat according to the usual army custom. The enlisted personnel on the transport were transferred to the United States Army tug "Cuba" and taken to Fort Kamehameha at the entrance to Pearl Harbor. They will be quartered there until they are assigned to organizations. Private Avery has been assigned to the 64th Artillery at Ft. Shafter. He is the son of W. W. Avery, who resides at Northville.

SENIORS EXPRESS THEIR APPRECIATION.

At this time we wish to express our thanks and sincere appreciation to the townspeople, the school board, teachers and members of the High school, for the splendid co-operation we have received during the past two years. We realize that if it had not been for them we would not have been able to reach our goal. We also wish to extend to the Juniors our best wishes for the realization of their plans and hope that they also may have the kind support that we have received.

SENIOR CLASS OF '24

ELECTED BOARD OF DIRECTORS.

At an meeting of the stockholders of the Bell Furnace & Manufacturing Co., held on Wednesday evening, articles of incorporation and by-laws were adopted and the following were elected as members of the board of directors: L. J. Kay, E. H. Lapham, J. A. Huff, N. C. Schrader, E. L. Smith, R. R. Brown, C. H. Bryan.

FORESTER AID NOTES.

Regular meeting of the Forester Aid next Tuesday night. All members are urged to be present. Cards and refreshments.

Sunday, May 10th will be observed as Mother's Day.

The Junior play to be given next Wednesday night gives promise of being one of the most enjoyable entertainments of the school year. The cast selected is an especially good one and all the parts will be given in a creditable manner.

COUNTY SEVENTH AND EIGHTH GRADE EXAMINATIONS.

The seventh and eighth grade examinations for Wayne county, this year will be held Thursday and Friday, May 15th and 16th, in the High school buildings at Dearborn, Wayne. Plymouth, Northville, Redford, Belleville, Flat Rock and Wyandotte, beginning at 8:30 o'clock each day.

Pupils will be required to furnish pencils and legal cap paper and should be instructed by each teacher how to fold the paper properly when the subject is finished. The following is the program of the examination:

Thursday, May 15. Seventh Grade. a. m.—Orthography and spelling, penmanship, reading. P. M.—Physiology and geography.

Friday, May 16. Eighth grade. a. m.—Arithmetic, grammar. P. M.—History, civics, agriculture.

An average standing of 75% and not less than 60% in any subject is required.

TO PRESENT CUP FOR SCHOLARSHIP.

A gold cup will be presented to the class having the best school average each month by the new organization of the H-Y, which is planning to make scholarship in Walled Lake schools. G. H. Kimball, Jr., who was the organizer of the H-Y in Walled Lake, plans to have the club present the gold cup to the highest class each month. The class that first receives the cup five times wins it for all time.

Other prizes will be given to the classes next in standing. Mr. Kimball thinks that this method will not only produce a higher class average, but also promote school spirit. Pontiac Press.

OVER EIGHTY THOUSAND VOTES CAST.

According to the official canvass there were cast at the recent primary, 82,500 votes in Wayne county, of which 18,000 were Democrats. The total registration is a little better than 300,000. Something like 73% of the legal voters stayed at home. The total women vote in both parties was less than 10,000, out of a registration of more than 100,000. The Coolidge plurality in Wayne county was a little more than 16,000, while Ford defeated Ferris by two to one in the Democratic primary.

NORTHVILLE LOST TO LONDON.

Monday afternoon's rain prevented the first game of the series arranged for between the London league team and the Foresters' team of this place. The visitors arrived in Northville on Sunday direct from their training quarters at Three Rivers and were in the pink of condition. Tuesday's game took place as scheduled and was an easy victory for the league. The score was 16 to 4.

The Londoners left soon after the game for Saginaw where they opened the season on Wednesday with the sawdust outfit.

LEGION TO GIVE SHOW.

The American Legion show, "Legion Frolics" will be played at the Alseium theatre on Wednesday evening May 14th. This will be the biggest and best show yet put on by the Legion. There will be a chorus of 20 men with soloists, also a typical Legion beauty chorus and plenty of comedy, song and dance with other added specialties. Tickets will be on sale at the Northville Drug Co's store, Saturday, May 10, at 9:00 a. m. All seats will be reserved.

TO GIVE PEDRO PARTY.

Wayameya Council Daughters of Pocahontas, of Northville, will give a pedro party at Forester hall, on Wednesday evening, May 7th, starting after the arrival of the 8:20 car. Lunch will be served. Everybody welcome. Members are requested to be present at 6:30.

FORD BUYS MORE COAL LAND.

The Ford Motor company of Detroit, has purchased 3,700 acres of coal land in Fayette county, Pennsylvania, and Monongalia, W. Va., from the Davidson-Connelville Coal company, according to a press dispatch from Uniontown, Pennsylvania.

DEATH OF FRANK SMITH.

At his home west of Farmington Frank Smith, son of C. F. Smith, passed away Wednesday, April 23rd of pneumonia.

Deceased leaves a wife and two children.

Funeral services will be held Saturday morning from St. Mary's church.—Farmington Enterprise.

Wixom Whisperings.

A Baraca class has been organized in the Sabbath school for young men. Mrs. H. Hubbell and Mrs. Howard Johnson spent last Thursday at Pontiac.

Fred Pearsall was at Holly last week to attend a Sunday school convention.

Scott Kitson and family of Wilkeson spent the week-end at Bernard Kitson's.

Mrs. Alice Bennett has returned home after spending the winter in Pontiac.

F. E. Pearsall entertained his Sabbath school class at his home last Friday evening.

Mrs. Pairs of Walled Lake was the guest of her daughter, Mrs. William Groves last Thursday.

Mrs. Ovid McDonald (Leona Whipple) and little son have returned to their home at Sable.

The Misses Florence Lee and Agnes Starnan of Pontiac, spent Saturday with their parents.

Mrs. Martha Furnish spent the week-end in Detroit, the guest of her daughter, Miss Hilgob Furnish.

Mrs. Delos Lehman and little son, DePerrier, spent last week with the former's sister in Milford.

Mr. and Mrs. Adelman VanLeuven and daughter, Naomi of Milford were Sunday guests at the Gullick home.

Mrs. Sarah Chapman has been spending several weeks with her brother, John Porter and daughters.

Mr. and Mrs. J. B. Chambers went to Jackson Monday to attend the funeral of the latter's brother, Henry Rauben.

Mr. and Mrs. Deputy of Grand Rapids were recent visitors at H. Hubbell's. Forrest Hubbell is visiting relatives at Belmont.

The VanWagoner family have moved from the Stephens house to the Peter Croft farm house west of town, better known as the Johns' farm.

Mr. and Mrs. R. D. Stepiens will make some extensive repairs on their home here, and then will move here from their farm south of town.

Mrs. Berne Richter and daughter, Latoria and Mrs. Sarah Patten and Miss Maude Patten spent Saturday afternoon at Farmington and Northville.

Miss Lucie Bairn, who teaches at Redford was home for the week-end. Gladys Harmon from Dundee and Mildred Hatfield from Westland were also here.

Mrs. Mar Severance and son Vernon and Mrs. Nettie Martin spent Sunday with the latter's aunt at Birmingham. They were en route to the latter's home at Northville.

Mrs. John Gordon of Pontiac recently underwent a serious operation at the City hospital. She is improving. Her many Wixom friends hope she may regain her health.

Mrs. Scott Armstrong passed away at her home southeast of town Saturday morning. Mrs. Armstrong has been in poor health for some time. Besides her husband she leaves four children, three daughters and one son, and four grandchildren. Funeral services were held Tuesday afternoon, with burial at Milford.

Wixom seems to be having its share of sickness. Clara Anna, little daughter of Mr. and Mrs. Richard Banfield is very seriously ill with the same trouble the little boy, Herman, had. She is under the care of a trained nurse. Clarence, one of the little sons of Mr. and Mrs. Fred Wagnitz, is very sick with pneumonia and peritonitis. Thomas Sparks was taken very sick last Saturday and still continues very ill.

STATE NEWS IN BRIEF

Lansing—Vernon C. Alf, 13 years old, who was injured when he fell from a scaffold on the new library building at M. A. C died at a local hospital.

Ypsilanti—Taking the places of 13 rural schools, the new \$175,000 Lincoln school, six miles south of Ypsilanti, has been dedicated. The school has a capacity for 550 pupils.

Detroit—Use of unrefined salt as a means of preventing goitre was recommended by Dr. R. M. Glin, commissioner of health for Michigan, at the meeting of the Wayne County Medical society.

Port Huron—A recount of the votes in the local election on a proposed \$100,000 water bond issue indicated that it had carried by three votes. Original returns showed it had been defeated by nine votes.

Kalamazoo—Following a meeting of the executive board of Kalamazoo college, C. M. Harmon, Detroit, chairman, announced work will be started within a fortnight on a \$165,000 women's dormitory at the Baptist school.

Pontiac—Reduction of school taxes in Pontiac, instead of the increase expected, was fore shadowed, when the budget of the district was made known, totaling \$703,100. This is a cut of about \$50,000 from last year's figure.

Allegan—Over exertion resulting from preparations he had made for the funeral of Joseph McKorker, 78 years old, a lifelong friend and comrade in Civil War days, caused the sudden death of Louis Bollinger, 75 years old, commander of the local G. A. R. post.

St. Joseph—When S. Steen, who conducts a novelty store on North Front street, went down to the furnace room of the vacant building next door, from which he was getting heat, he found John Scherofsky, 35 years old the janitor, dead on the basement floor. He had been dead for some time.

Jackson—Students from the University of Michigan summer school will visit the Michigan state prison and Consumers Power company plant here in August, according to arrangements being made by the university officials. The trip will be but one of a dozen excursions being arranged for the students.

Midland—Frank Waskevitch, 16 years old a student in Midland Central High School, was seriously injured when a runaway team of horses knocked him from his bicycle a few miles north of Midland. The team passed over him and he suffered a broken jaw and it was the glancing blow that fractured his skull.

Ann Arbor—Everett Lyon, residing on the Dexter road about three miles west of Ann Arbor, was burned seriously about the arms and legs when a five gallon can of kerosene he was using to start a fire on his chicken brooder exploded. The explosion blew the bottom of the can spinning Lyon with flaming oil.

Lansing—Homer Rutledge, state fire marshal has notified his office, prohibiting the sale of fire crackers or explosive toys to give dealers a chance to dispose of stocks on hand. The order, as it now stands will allow the dealers to sell their stocks until July 5, but warns against replenishing stocks as after that date the ban will be absolute.

Lansing—Lansing is experiencing one of the greatest building booms in its history. More homes and small business houses than ever before are being erected, figures in the city building inspection office indicate. One day 23 permits were issued for the construction of residences, and 10 permits were issued for other kinds of buildings, setting a record for one day.

Grand Rapids—Attempts to poison sparrows which he declared were driving away the song birds he sought to attract to his yard, caused Game Warden Charles F. Merrifield to arrest John Devries, 48-year-old bird student, who was fined \$40 and costs in police court. The complaint was based on a State law, which had never been invoked here previously, prohibiting the placing of poison to kill birds.

Manistee—Charging that one-half of the state's wealth is tied up in tax exempt holdings, Nathan F. Simpson, member of the state tax commission, told members of the board of supervisors that one of the biggest problems of the day for people of Michigan is the correction of "certain iniquities existing in the present tax laws." Simpson said he knew of one man in Michigan who holds more than \$40,000,000 worth of tax exempt securities.

Lansing—An increase of nearly \$40,000,000 was recommended in the tentative valuations of telephone and telegraph companies, railroads and other public utilities operating in the state, fixed by the state tax commission. The new valuations, which are subject to review, total \$352,747,100, as compared with assessed valuations of \$313,097,750 last year. The final assessed valuations will be established about May 10. The money derived from the tax on these properties is diverted to the primary school fund.

Lansing—State headquarters of the Michigan Federation of Women's clubs have been opened here.

Pontiac—Plans were announced by the Pontiac lodge of Elks, for construction of a new lodge temple to cost \$100,000.

Albion—A dramatic institute, under sponsorship of the Albion Community Recreation Association, was begun here April 14 and will last three weeks.

Paw Paw—This village, which was without a justice of the peace all winter, now has four, two having returned from vacations in the South and two more having been elected.

Flint—Thirty-four passengers, including women and children, escaped injury when a Detroit bound D. U. R. passenger car derailed at Flint city limits. Passengers were transferred to another car.

Grand Rapids—W. E. Rice Brockett, 4 years old, who went to a candy store to spend a penny, was found drowned in the Grand Canal. The boy stopped along the bank to play and slipped in.

Monroe—Frank L. Rigenfritz, 62 years old, vice president of the J. E. Rigenfritz Sons Nursery company, of this city, died suddenly at Toledo, while attending the noon-day luncheon of the Toledo Exchange club.

Grand Rapids—Mrs. Rachel Young, 22 years old, for 80 years a resident of Courtland township, Kent county, died. She was a native of England but became a Kent county school teacher when only 14 years old.

Albion—The formal dedication of the new \$100,000 James W. Sheldon Memorial hospital in this city will occur April 25, when many visiting dignitaries will be here. Patients will be received for the first time on May 1.

Port Huron—Homebrew makers are logging the city's sewers with mash. The public works department has sent out a request that homebrewers refrain from dumping their mash in the sewer but instead bury it in the back yard.

Caro—A check for \$2652.87 has been received by the treasurer of Tuscola county from the state to pay a two year old debt on bounties for noxious birds and animals. Tuscola county supervisors have discontinued this practice.

Allegan—After supposing for five days that it had defeated a daylight saving proposal, Allegan learned that the proposition carried by a margin of only two votes. An error discovered by the board of canvassers showed affirmative votes numbered 502 and the negative 500.

Lansing—In a report submitted to Gov. Grosbeck, Charles A. Peterson is the fire warden estimate of the total damage done by forest fires in the state during 1923. County fire wardens report a total of \$571,811 exclusive of damage where no damage occurred except to your growth and the soil.

Pontiac—Edward J. von O. Pörsch, expert driver for the Oakland Motor Car company, has returned from Los Angeles where he has been in a hospital three weeks as the result of the use of a spigot. Pörsch was driving a 2000 cc. auto when he was struck when he was hit in the head and when he was hit in the head and when he was hit in the head.

Grand Rapids—Distributing companies of Grand Rapids, report that the whole milk prices by 1 cent, in line the prices to the grocery stores at 3 cents a quart and 5 cents a pint. The price of milk delivered to restaurants continues at 12 cents a quart and 7 cents a pint. The chain store milk price war is said to be respectable.

Iron Mountain—The county plan of laying wolf bounties has been so successful in Delta county that the board of supervisors has decided to continue it through the summer. A better record was made than under the state trapping system. Since Oct. 1 when the county plan became effective, 62 wolves were slain. A bounty of \$10 is paid.

Kalamazoo—Because a 17-year old girl at the wheel of an automobile became excited when she saw a car approaching, 4 persons lost their lives. The dead are: Miss Goldie Trombley, 17 years old, driver of the car; Mrs. Elizabeth Trombley, of Comstock, her mother. Charles Sitworth, of Kalamazoo, Frank Trombley, 8 years old, son of Mrs. Elizabeth Trombley. The automobile stalled on the crossing and was buried with its occupants beneath the front truck of the interurban car.

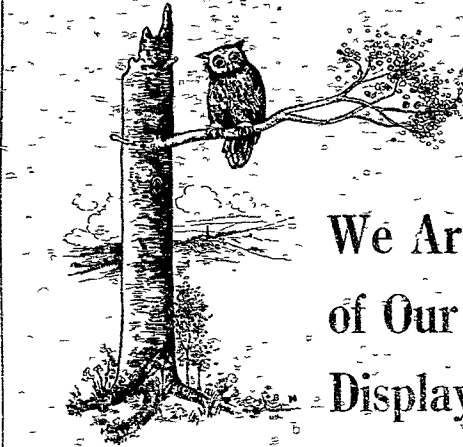

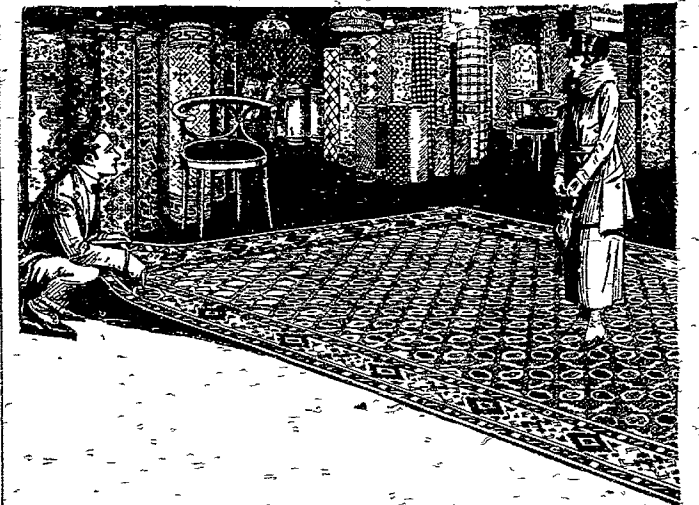

Grand Rapids—Twelve-year-old Violet Randall, over whom physicians have labored for several weeks to conquer one of the strangest diseases known to medical science, is dead from hemorrhage of the brain. About two months ago the girl became afflicted with a slow seepage of blood which seemed to come from every pore in her body. She was removed to the municipal hospital, where relatives and nurses submitted to periodical blood transfusions in an attempt to save her life.

Flint—One hour after the jury had been given the case in the suit of Odessa Densmore, three-year orphan, whose parents were killed in an automobile accident near Atlas three years ago when their machine was crushed by an on-rushing interurban, against the Detroit United railway for \$10,000 damages, the foreman, William Edgecomb, of Flint township, announced the verdict of the jury awarding the entire amount to the girl, who, besides the loss of her parents, suffered a broken leg and may be permanently injured.

OAKLAND SUPERVISORS ADOPT STOP ORDINANCE.

An ordinance requiring all motor vehicles to come to a full stop when approaching improved highways was adopted at the Saturday session of the Oakland County board of supervisors. Before the ordinance becomes operative it will have to be approved by the governor and notice given to the public.

The roads listed are:

State trunk line No. 10 known as the Dixie highway or Saginaw road; at the intersection of the Rochester-Royal Oak road and state trunk No. 39 known as Auburn avenue, state trunk line No. 18 known as the Grand River avenue; Southfield road from Birmingham to county line, John R. road through Royal Oak and Troy townships; Royal Oak-Liverville road known as Thumb road; Dodge road at its intersection with the Pontiac-Rochester road and at its junction with state trunk line No. 36, the Pontiac-Ontonagon road, the gravel road leading from Clarkston to state trunk line No. 36, when approaching trunk line No. 36 and or approaching Baldwin avenue, while traveling south on Franklin road on reaching the Orchard Lake-Bloomfield Center road, when approaching from any direction the intersection of the Franklin road and Maple avenue, when approaching on the turnpike between Farmington and West Bloomfield townships the Walled Lake road, when traveling the Elizabeth Lake road where it intersects the Milford road, when approaching from any direction the north and south east and west roads on Highland village, on approaching on any improved highway the Orchard Lake road from Pontiac to the Grand River road, at the intersection of the Big Bayou and Dodge roads, and at the intersection of Baldwin avenue and the Clarkston road.

For violations of the ordinance a penalty of not to exceed \$100 fine and not to exceed 90 days in jail are provided at the discretion of the court. The provisions of the ordinance do not govern crossings where a traffic officer is stationed and who is in charge of directing traffic.

"THE GINGHAM GIRL" AT THE GARRICK.

"The Gingham Girl," the musical comedy success for which the theatregoers of Detroit and vicinity have been waiting for a long time, will come to the Garrick theatre next Monday, May 5th, for a brief engagement.

Although "The Gingham Girl" was first produced in New York early last season, the original company has not been able to visit many cities since then. It ran on Broadway an entire year, then went to Chicago, where it remained five months, and during the last five months it has been delighting Philadelphia and Boston. Outside of those four cities Detroit will be the first to see "The Gingham Girl" with its New York cast.

No musical comedy presented in the last few years has won as much praise as "The Gingham Girl." The performance is a rare treat from beginning to the final number. It has a charming story, an interesting plot, almost constant laughter, a score of delightful melodies and some of the best dancing seen in a long time. And there is not a line or situation in the entire show which will cause a blush.

Daniel Kusell who wrote the book of "The Gingham Girl," Albert Von-Tiller composed the music, Neville Fleeson supplied the lyrics and in the Broadway cast are Eddie Buzzell, Jane Richardson, Midgie Miller, Russell Mack, Rex Carter, Julia Ralph, Walter Jones, Edna Dare, Olive Reeves-Smith, Joyce Fair, Jack Mosser and special dancing features by Tracy and Hay, Stanton and Lydiate and the famous Dancing Debutantes. Matinees will be given Wednesday and Saturday.

In Turkish Theaters.

In the Turkish theaters the female roles are nearly always played by Armenian actresses, as Turkish women are forbidden by law from taking any part in a theatrical performance.

House Passes \$2,700,000 Forest Bill.

Washington—Expenditure of \$2,700,000 annually by the secretary of agriculture for protection and reforestation of timber lands would be authorized under a bill passed by the house.

More Money For Congressmen.

Washington—Increase in salaries of senators and congressmen from \$7,500 to \$10,000 a year is proposed in a bill introduced in the house by Representative (Clerk Democrat) of New York.

Fruit of Three Flavors Found.

Washington—A new fruit that tastes like a combination of banana, pineapple and strawberry, has been discovered by Dr. Wilson Popehoe, explorer for the Department of Agriculture. The chiroe is found in Guatemala and will grow anywhere, according to Dr. Popehoe.

Barbana Peel Causes Baby's Death.

New York—An eight-month-old baby was killed when the mother, Mrs. Sarah Lapayover, slipped on a banana peel as she started down a stairway and dropped the child over the balustrade to the floor below. The baby died in a hospital a few minutes later. The woman was not injured.

Skin From Thigh Patches Windpipe.

Philadelphia—One of the most delicate and most unusual operations known to surgery was performed in the Hahnemann hospital here when a man's windpipe was patched with skin grafted from his thigh. The operation is the first in this country and the third of its type on record, physicians said.

Radio Messages Printed As Received.

London—Seven hundred miles from the nearest land station passengers aboard the Olympic on a recent trip sent wireless messages that were actually printed on transmitting machines here at the rate of 90 words a minute. The printing was perfect. There was no human aid between the sending and receiving machines.

Michigan Third In Sugar Crops.

Washington—Final reports of the 1923 United States sugar beet crop show that 7,006,000 short tons of beets were harvested and 6,595,000 tons were sliced for sugar. The 1922 sugar beet crop was worth at least \$58,800,000 to growers, the department says. Colorado factories used 1,540,000 tons of beets in 1923, Utah 1,095,000 tons and Michigan 815,000 tons.

Grave Gives Up Fingerprints.

Elizabeth, N. J.—Seeking evidence to run down the slayer of Mrs. Maude Bauer, detectives from New York entered a vault in a cemetery here, opened Mrs. Bauer's coffin and took fingerprints of her hand. The fingerprints will be compared with marks found on the automobile of Harry Hoffman, in jail on Staten Island, New York, in connection with the woman's death.

Canada to Return Stolen U. S. Autos.

Washington—The United States and Canada have made effective a new arrangement by which stolen property of residents of one country seized by the custom authorities of the other, may be returned to its legal owner. One immediate effect of the arrangement will be to release a large number of automobiles stolen from American citizens and smuggled across the border.

Trucks Roar Cures Child.

Schenectady, N. Y.—Richard Herman, three years old, is able to walk and talk for the first time in two years. Two years ago he fell down a flight of steps, and when found was paralyzed and unable to speak. Specialists, unable to effect a cure, decided to send him to the country. When placed in the rear of a truck to make the trip, the driver suddenly started the motor. The fright cured Richard of his paralysis and dumbness.

Freight Goes Into Ditch, Kills 3.

Blufffield, W. Va.—Three persons were killed and two others seriously injured when a Norfolk & Western freight train left the rails on the North Fork branch of the road. The train of thirteen cars of coal, drawn by two engines, was rounding a curve on a sharp grade when both engines suddenly left the rails and rolled into the ditch. The coal cars were entirely wrecked and piled upon one another in a narrow hollow along the tracks.

Izzy Einstein Is Robbed On Train.

New York—Izzy Einstein, famous prohibition enforcement sleuth, returning from a series of dry raids in Detroit, was robbed while asleep in his Pullman berth. One pair of tortoise shell glasses and a fountain pen constitute his loss. Einstein went to bed with his clothes on, he said, and was awakened several times during the night from what he thought was the joggling of the train, but when he awoke he found his pen and glasses gone.

The Northville Record.

E. B. BROWN, Publisher.

An Independent Newspaper published every Friday morning at Northville, Michigan, and entered at the Northville postoffice as Second-Class matter.

NORTHVILLE, MICH., MAY 2, 1924.

OBITUARY.

Elizabeth Pilbeam was the second daughter of Edward and Susanna Pilbeam, and was born at Ridgeway, Michigan, November 10, 1862. At the age of sixteen she became a teacher and labored in that capacity until February 7, 1884 when she and John C. Hutton were united in marriage. Living happily together for about four and one-half years when the angel of death came to their home and claimed the young husband after which she resumed a teacher's responsibilities.

The deceased was an unusually brilliant, broad-minded woman—reading only the best of literature and clinging thereto. She was survived by one sister, Mrs. Nellie Westcott of Northville.

Mr. Patton's relatives were all very dear to her and mourn her passing death which occurred April 10th. Burial was at Farmington, Rev. Berestford officiating.

OBITUARY.

Mrs. Margery E. Bird died at Pontiac, April 23rd, 1924. The deceased was a former resident of this place, having resided here with her husband, until his death, which occurred twenty-five years ago. Since that time she has lived with her relatives.

Margery Elsie Newsome was born at Milford, January 7, 1837. She taught school at the age of sixteen years, and was married at the age of twenty-three to Richard C. Bird. After living at various places they went into the window shade business in Chicago and continued at this until failing health caused them to retire and take up their residence in Northville. She leaves to mourn her death one brother, George H. Newsome of Pontiac, several nieces and nephews, and a host of friends. She was a Christian woman, and loyal to those who knew her.

W. R. C. NOTES.

This has been the month of surprises in our Com. On the first regular meeting this month the Corps gave a little prize at the close of the meeting, saying before the presentation of a P. A. President's badge of the stirring president, Maude Parmenter, and also giving her a beautiful strand of pearl beads as a token of the esteem and appreciation of her work for a number of years past.

On Monday evening a goodly number of the W. R. C. ladies walked into the home of Mrs. Robert Thompson taking the family by a most complete surprise, and after a jolly social time, with music and refreshments Mrs. Thompson was presented with a much coveted record for her photograph with an appropriate set of rhymes written by one of the members and read to her at the presentation. When Mrs. Thompson was moving into their newly acquired home near Northville, she was met by her neighbors and friends.

NORTHVILLE SCHOOL NOTES.

James Ely treated the Eighth grade pupils to oranges one day last week, which were gathered from his grove in California.

The Eighth grade boasts of three visitors last month—namely, Miss Helen Miller, W. A. Ely and Miss Orrie Conner.

President Charles McKenney of the State Normal college has been engaged to deliver the commencement address this year. President McKenney is a forceful speaker and well worth hearing. The date is Wednesday, June 18th.

Seventy business men have taken out adds in the High school annual, which will be on sale about the first of June. Be sure and secure your ticket now as the annuals will be limited in number.

The Senior class brought home from Washington a branch of the ivy vine that covers a portion of Mt. Vernon. The history of this vine dates back to the time when Washington lived there and the branch is a part that came from the original. It has been planted in front of the school house and its growth will be watched with interest.

Sunday morning at the usual hour of service a speaker from Detroit will present the needs of the Near East Relief. Sunday school will convene at 12:00.

BAPTIST CHURCH NOTES.

A new order of service has been adopted for both morning and evening service. It was used last Sunday for the first time.

This, Friday, evening folks who can sing are invited to meet the pastor at the church. This means especially the young folks.

The ladies of the church gave Mrs. Robert Thompson a farewell surprise party. It was a real surprise.

"Sacrament of the Lord's Supper" will be observed Sunday morning.

The Missionary society will meet at the home of Mrs. Wm. Robinson, next Wednesday.

PRESBYTERIAN CHURCH NOTES.

Although the pastor announced he would speak especially to the men on Sunday morning, his subject being "A Man's Job," it is expected the women will listen in.

Spring is here. The evening subject will be "Lessons From Birds and Flowers."

Two new classes were organized in the Sunday school last Sunday—a place for all.

Beginning next Thursday there will be a study of the conversation of Jesus. Come and sit with us at the Master's feet and learn the lessons of life.

ST. PAUL'S LUTHERAN CHURCH.

Services next Sunday forenoon in German. Theme of sermon: "The 7th Petition, Deliver us from Evil."

Sunday school at 11:30 o'clock.

Tonight the Y. P. S. will hold its monthly business meeting. All members are requested to attend.

Next Thursday the Ladies' aid will hold its monthly meeting at the residence of Mrs. Howard Greer.

Last week Pastor Essfeldt took part in the Southern District Conference, of which he is chairman.

On May 15th the Y. P. S. will give an entertainment at the auditorium of the Plymouth High school, under the auspices of the Lutheran Young Society of Plymouth, repeating the program of the entertainment they gave in the Altheim theatre on March 1st. So leave your chance to spend another enjoyable evening. Don't forget, May 15th at the Plymouth High school.

CATHOLIC NOTES.

Beginning next Sunday, May 4th, the hour for Sunday services will be changed from 9 to 8:30 a. m.

The basement for the new church is finished and work on the upper structure will begin soon. Bids for the brick factory will be given out within a few days. In our dealings thus far we appreciate the new friendships we have made and we hereby manifest our gratitude for the many courtesies extended to us.

The capacity of the library was taxed to the utmost by the crowd that attended the Pedro party Thursday evening April 24th. Mr. and Mrs. P. A. Mundy as well as all others who participated in making this a success are to be congratulated.

"Live and Let Live," is the slogan of American religious freedom. Live your religion well, and let the other man live his. Everyone has a right to his religious opinion as long as he is sincere in it.

BETTER GET TO WORK.

Much of the investigations by congress is trivial and political in its nature. If there is reason to suspect wrong doing investigation should be made and the guilty, if guilty is found, should be punished; but congress has something else to do besides sparring for political advantage while the business of the country is neglected. Neither should any one be punished before being convicted.—Exchange

THE DISEASE THAT KILLED A STATE

The fine old Hebrew state was on the toboggan. Few listened to the words of the prophets. Nearly all were careless about the wrongs that were committed.

The habit of injustice had fastened itself upon a large section of Hebrew society. The poor were robbed. Dealings with one another were on the basis of deceit.

Forbidden pleasures were indulged in by the luxury-loving section of the Hebrew state until the very heart of the nation was affected. Good judgment had fled.

The forces of decay had worked havoc to the Hebrew people and they were unable to withstand the onslaught of the Assyrian host. Exile was their pay for the folly of preceding years.

Can this nation of ours, made up of so many varied elements, survive if its vitality is injured or destroyed? Are we in good health nationally when there are so many murders, suicides and general law violation?

No one can destroy America except Americans. If we have the will to be good, we shall be able to continue our course in the world. If America is destroyed what broom will be used to sweep her out of the way?

GAS EXPLOSION ENTOMBS MINERS

ONE HUNDRED FOURTEEN MEN TRAPPED UNDERGROUND IN COAL SHAFT.

NO HOPE HELD FOR RESCUE

Rescue Crews Work Night and Day—Superintendents Son Among Those Found Dead.

Pittsburg—In an explosion of poisonous gas in the Benwood mine here, 114 miners were entombed Monday. Rescue crews found two of the miners alive but they died a few minutes later.

One of the dead miners was identified as George Holliday, Jr., son of the superintendent of the mine.

Only a faint hope was held out by officials of the mine rescue crew for the trapped men. If any of them escaped being killed outright and had time to barricade themselves in rooms filled with fresh air, some of the trapped miners might be found alive, they declared.

J. M. Scott, president of the corporation, declared that while the mine was an old working, no evidence of gas had been found until two months ago. A small explosion occurred then, he said, but an air shaft was sunk immediately and work had progressed without difficulty for 60 days. Mr. Scott was unable to assign any cause for the explosion.

A temporary morgue was established at the mouth of the mine to care for the bodies when they were brought to the surface. Physicians and nurses stood ready to render assistance to any who might be rescued alive.

MCCRAY CONVICTED FOR FRAUD

Indiana Governor Found Guilty of Illegal Use of Mails.

Indianapolis—Governor Warren T. McCray, was found guilty of using the mails in furtherance of a scheme to defraud, by a jury in federal court after less than 15 minutes' deliberation.

In denying bond to the governor and ordering him taken to jail, Judge Anderson declared he "had never seen so many felonies committed by one individual."

"Here is a man," said Federal Judge Anderson, "who devised a scheme to defraud and carried it on almost entirely by use of the mails. He has testified that he wrote 2,500 letters, and if so, he is guilty of violating the statutes 2,500 times. He is guilty of forging hundreds of fraudulent notes. He is guilty of obtaining money under false pretenses. He has violated not only the written laws but the laws of his own conscience as well."

The penalty provided by statute may be a fine of not to exceed \$1,000 or imprisonment for not more than five years, or both, within the discretion of the court.

C. F. MURPHY HONORED IN DEATH

Tens of Thousands Pay Respects At Bier of Tammany Leader.

New York—Charles F. Murphy, grand chieftain of Tammany Hall, and for many years a powerful factor in Democratic councils of the state and nation, was honored in death as few men have ever been honored in this city.

Tens of thousands paid their respects at the bier of the dead leader, who on Monday was taken to his last resting place, following a sudden death last week from acute indigestion.

The taciturn genius who had ruled the destinies of Tammany Hall for 22 years as successor to the late Richard Croker, was born on June 20, 1858.

A product of the East Side's picturesque "gas house district," he had first with fists and then with brains fought his way from the stockhold ward of politics to the quarterdeck of party fame and financial fortune. In a span of 66 years he had been poor man's son, ward keeper, bartender, saloon keeper, office holder, financier and finally local director and national advisor to his party.

BITE OF MAD DOG KILLS BOY

Rabies Develops On Child Following Bite 3 Months Ago.

Detroit—Bernard Vighosky, 4 years old, died of hydrophobia in Herman Klefer Hospital. He is the third victim of hydrophobia since the first of the year, Henry F. Vaughan, health commissioner, said.

The child was bitten by a dog three months ago, but his parents thought the infection inconsequential and made no report of it, Dr. Vaughan said. By the time the disease had been diagnosed it had progressed beyond help.

Pasteur treatments would have saved the boy, Dr. Vaughan said, in commenting on the necessity of reporting dog bites immediately.

WHY NOT?

Several years ago the state tax commission covered the state with a small army of assessing officials and raised the valuation to a point said to be the cash value of all real estate. It was possible and lawful at that time to do this why not now send out the same officers and lower the assessment on all real estate to its present cash value? Why do this? Because the efforts so far made to help the farmers have been more or less abortive and it is a well known fact that few if any farms in Michigan

would sell at their present assessed value. It is also well known that in former years the taxes on farm property were only an incidental expense, whereas as present they have become a serious burden. It is very different in the large cities and manufacturing centers where real estate rents are at the high point. Without a careful survey of the situation it looks as though an assessment on real estate as applied to farms, at present cash value, would reduce the taxes on the farm 30 to 40%—Jonesville Independent.

**92 New Threats Against Service**

It may surprise you to know that the present Congress of the United States has already before it for consideration no less than ninety-two bills, each proposing to further restrict Railroad activities.

So wide is the scope of this proposed legislation, and so serious are many of its threats, that the Railroads have been forced to shape their affairs accordingly, as mariners take in sail when storm clouds the horizon.

Michigan's 24 steam railroads are today holding in suspense plans for the expenditure of large sums of money, pending legislative action on these ninety-two bills.

These expenditures, if released, would go into labor and materials—into Prosperity and Better Service.

Is it wise or just to thus threaten and impede the efforts of any honest business?

How would you welcome ninety-two additional threats against your independence of action in the pursuit in which you are yourself engaged?

We invite any thought on this matter which you care to express.

There Are A Good Many Reasons For Buying Coal Now

Demand for fuel is not so great as it is in winter time, consequently delivery can be made on any kind you prefer. Coal men in making their purchases, order in quantities which they deem sufficient to take care of the demand, but at times the quantity is not large enough. So when mid-winter comes it is necessary to order again and in many cases quality coal cannot be obtained and the customer gets an inferior article through no fault of the dealer.

Spring and summer delivery cannot only be made on a better grade of coal, but all of the inconvenience to the customer of winter delivery, such as being unable to wet down the fuel to keep down the dust, and the annoyance of waiting for coal when you are down to your last half ton, can be avoided.

HARRY K. THAW

Philadelphia—Harry Thaw, jubilant over a jury's verdict declaring him sane, says he has no definite plans for the future, but does hope "to drop out of the limelight." Thaw has been in the public eye since he shot and killed Stanford White on the Madison Square roof garden 13 years ago.

Thaw's freedom, despite the verdict of the jury, is not yet a reality. The Pittsburgh millionaire, by direction of Judge Monaghan, was continued in custody of the Pennsylvania hospital for mental and nervous diseases under the original order of commitment. This means, it was said, that Thaw must await at the institution final judgment of the court in the case.

The jury which found Thaw sane was a "working man's jury." It was headed by Joseph Plunkett, a 73-year-old machinist and two of its members were Negroes.

It was the tenth time Thaw had been in court on a sanity test. He was found sane on two previous occasions, "once in the first trial, for the murder of Stanford White and again in 1915. Seven tribunals on as many different occasions had declared him insane.

BONUS BILL PASSES SENATE

Insurance Measure for Veterans of World War Gets 67 to 17 Vote.

Washington—The Senate, following the example of the House, passed the soldier bonus bill by 67 to 17, a majority sufficient to carry it over a presidential veto. The bill then went to a conference for adjustment of minor differences with the House after which it was sent to the White House. The vote in the house was 365 to 54.

Under the terms of the bill the basic rate of compensation is \$1.25 per day for home service and \$1.25 for overseas service, with maximums of \$500 for home service and \$625 for overseas service. The first 60 days of service are excluded from the computation. Enlisted men of the army, navy and marine corps and officers up to and including captains in the army and marine corps and lieutenants in the navy, are embraced within its scope.

Those entitled to \$50 or less receive cash. Others receive no cash but are given 20-year endowment insurance certificates, the face value of which is the adjusted service credit plus 35 per cent plus interest at 4 per cent compounded annually.

The cost of the bonus under the insurance plan is expected to be somewhere between \$2,202,467,420, the figures given by the actuary of the veterans' bureau, and \$3,631,047,691, the amount claimed by the treasury actuary.

HONDURANS KILL U. S. SAILORS

Were Recently Landed to Protect American Consulate.

Washington—Advises received here report that several American sailors have been killed at Tegucigalpa, the capital of Honduras. No details of the case have been given out.

A force of 167 sailors and nine officers from the cruiser Milwaukee at Amapala, has been at Tegucigalpa, the Honduran capital, for several weeks to protect the legation and American life and property generally as a result of revolutionary troubles. The landing force from the Milwaukee was dispatched to the Honduran capital under command of Commander L. D. Cansey, at the request of Secretary Charles E. Hughes, after the Honduran ministry had proved itself incapable of maintaining order. The American legation and consulate in Tegucigalpa have, several times, been fired upon by armed mobs, composed chiefly of drunken soldiers mobilized to defend that city from the attack of united revolutionary forces.

Philippines Urge For Independence.
Tokio—Mannel Guezon, president of the Philippine senate, Senator Sergio Osmeña and Rep. Clara Recto, are en route to America to urge congress to grant the Islands Independence. Guezon has expressed strong belief that the "majority in both houses of congress favor Philippine Independence," and he hopes that "the Independence bill will be passed during this session. The recent stand of President Coolidge fails to dampen the ardor of the Filipinos.

CHILD LABOR BILL PASSES IN HOUSE

WOULD PROHIBIT EMPLOYMENT OF CHILDREN UNDER 18 YEARS OF AGE.

COURT KILLED PREVIOUS LAW

New Measure Directed At Southern States Which Have No Child Labor Laws in Effect.

Washington—The proposed constitutional amendment to prohibit child labor in the United States was approved by the house of representatives. The vote was 297 to 69.

The resolution carrying the amendment was sent to the senate where its fate is uncertain.

The amendment, made necessary according to its advocates, by the decision of the United States supreme court holding the federal child labor laws unconstitutional, gives congress power to enact legislation to limit, regulate or prohibit the employment of children under 18 years of age.

If the amendment gets through congress, the affirmative action of 36 states will be required before the prohibitive legislation could be enacted. The amendment could not be ratified for at least two years because less than one-third of the state legislatures will meet this year.

The legislation is directed at eleven states, southern and western, which have no effective child labor laws.

Women's organizations were at the forefront in the fight for the amendment and it was urged strongly by the American Federation of Labor. Opposition came largely from manufacturers who employ child labor extensively.

FORDS LAUNCH NEW FREIGHTER

Is Second of Fleet of Ships Built for Carrying Ore.

Detroit—The Ford Motor Company's second steel freighter, the Benson Ford has been launched at the shipyards of the Great Lakes Engineering Works, Ecorse. The ship is named after Henry Ford's grand son Benson, second son of Edsel B. Ford.

The new vessel will go into service about July 15, joining the Henry Ford II, which was launched about two months ago, and will carry iron ore from the Ford mines in northern Michigan to the great blast furnaces at the River Rouge plant of the company here. On trips from Detroit the boats will carry Ford coal to the upper peninsula.

The Benson Ford, which will be one of the largest lake freighters as of standard type lake, bulk freight steamers, design, 612 feet over all, with a 62-foot beam and a cargo carrying capacity of 13,000 tons.

MELLON DEFENDS ENGRAVING

No Irregularities in Bureau, Says Treasury Chief.

Washington—Secretary Mellon has advised President Coolidge that the treasury had completed its inquiry into charges of irregularities in the bureau of engraving and had found them baseless.

The charges, made by Charles B. Brewer, department of justice attorney, and which were accompanied by wholesale dismissals in the bureau by President Harding, contained no element of fact, Mr. Mellon asserted. He informed the chief executive that he was enabled as a result of the investigation to confirm the integrity of the government's securities. Contained in the report to the president, a document of magazine size, were specific replies to every assertion made by Brewer in his repeated assaults on the treasury and by these Secretary Mellon said, "The utter falsity of every charge was established. In addition, the treasury chief vigorously assailed Brewer personally.

FARM RELIEF BILL APPROVED

Agricultural Committee Reports Out McNary-Haugen Plan.

Washington—The McNary-Haugen agricultural relief bill has been favorably reported to the house by the agriculture committee. The vote in the committee was 14 to 6. All other substitute bills, were rejected. The bill provides for the establishment of a corporation to stabilize prices in the United States through the purchase and exportation of surplus wheat, corn, cotton, wool, sheep and hogs.

Couzens Replies He Will Run Again.
Baltimore—"I have never had any inclination to quit in a fight, and as it looks like a fight I expect to be a candidate for re-election," said Senator James Couzens. The Senator made this declaration following the county conventions in Michigan in which his name was deliberately ignored while all other party leaders were endorsed. This action in Michigan is considered announcement of a definite break between Couzens and Gov. Alex. J. Groesbeck.

Conclusive Evidence.
At the inquest on a traveler found dead on the bank of a river in Queensland a witness testified as follows: "I passed the camp in the morning going to work. I noticed the bottle of whisky was full. I thought the man was asleep. When I returned in the evening and the bottle of whisky was still full, I knew the man was dead."

Abiding Faith.

We Bake for Your Neighbors

WHY NOT FOR YOU?

With the approach of the summer season why not let us do your baking? We are baking for many of your neighbors, and they are satisfied with the quality of our goods and many of them declare they can buy their Baked Goods here cheaper than they can buy the material and pay for the fuel required to do their baking. If your neighbors are satisfied, and they are, because our sales are increasing each week, why don't you give the product of our ovens a trial. If you will we are very sure you will also become a regular customer.

We use only the very best of materials in our baking—the best flour and all other ingredients used in producing our Baked Goods and we know they are made under very favorable sanitary conditions. Whether it is bread, buns, rolls or pastry we invite you to give our goods a trial.

Groceries, Vegetables

No other store Northville offers a larger or more attractive assortment of Choice Groceries or Fresh Vegetables than you will find here every day. We do not seek to buy CHEAP GOODS, but we do buy THE BEST, and offer them to our customers at prices that are fair and just to our patrons and ourselves. If you are not a regular customer of this store we invite you to become one—that you may enjoy the service we are able to render all who trade here.

The trout fishing season opened in Michigan yesterday.

A real summer night crowd was in Northville Saturday evening.

Mr. and Mrs. Floyd Northrop spent Sunday with relatives at Flint.

William Scott, who has spent the winter in the south, arrived home Sunday.

Three children have died from hydrophobia in Detroit since the first of the year.

Mr. and Mrs. M. J. Murphy have rented the Farmer residence on West Main street.

Northville merchants report trade to be very good in spite of the unfavorable weather conditions.

Mr. and Mrs. S. L. Crosby arrived home from Florida last Friday. They enjoyed the winter in the southland greatly.

Messrs. Mike Sassanelli and Thomas Raymond have purchased the Dailey restaurant on Main street and they took possession yesterday.

Dr. W. M. Nelson, Dr. Paul R. Alexander and C. R. Horton left Wednesday for Nanton, Mich., where they will enjoy a few days trout fishing.

Roy M. Clark presided at the organ at the Presbyterian church on Sunday in the absence of Miss Catherine Curfuss, who was visiting in Chicago.

Mr. and Mrs. Byron Finney of Ann Arbor, were Sunday callers at A. B. McCullough's. Mrs. Finney is an old schoolmate of Mrs. McCullough.

The third annual athletic meet for the grammar schools of Oakland county will be held at Royal Oak on Thursday, May 22, under the auspices of the Oakland county Y. M. C. A.

Mrs. Harriet Teeple, aged 76 years, died at the home of her son, Herbert Teeple, at South Lyon Sunday, after an illness of three years from cancer. Burial took place at Milford, her former home.

Ray Casterline underwent an operation for appendicitis at Harper hospital in Detroit last Saturday forenoon. He is getting along nicely. A fast his many friends in this community will be pleased to learn.

The members of the Senior class of the Northville High school will give their annual prom at the gymnasium Friday evening. Patterson's orchestra of 24 pieces of Detroit will furnish the music.

Mr. and Mrs. T. G. Richardson arrived home from Clermont, Fla. last Saturday. Their sojourn in the south has proven of great benefit to Mr. Richardson and T. G. is looking just as young and spry as ever.

R. G. Soldan, who for the past five years has filled the position of assistant cashier at the Farmington State Savings bank, has resigned to take effect May 1st. Mr. Soldan goes to Marietta, where he has purchased a Ford agency.

Guests entertained Easter Sunday at the home of Mr. and Mrs. E. O. Hutton were Mr. and Mrs. George Milne and son, Alexander, Mr. and Mrs. A. C. Balglen, George Grinnell and Miss Mildred Stanley, all of Northville. Farmington Enterprise.

Greene Snow left Wednesday for Sioux Falls, South Dakota, having accepted an offer to catch for the Sioux Falls team this season in the Tri-State league. His going will be a big loss to the Hottel team—Hottel Advertiser.

Northville's High school basketball team motored to Detroit Tuesday afternoon and defeated the High school team of that city to the tune of 3 to 1. Our boys also defeated Wayne last Friday afternoon, making so many scores the official scorer called for assistance.

One of the tennant houses on the Starkweather farm west of the village, occupied by Mr. Larson, was destroyed by fire Saturday forenoon. All the furniture was removed from the house with the exception of the kitchen stove. People responded quickly when the alarm was turned in and a great crowd was soon at the scene of the fire.

Dr. T. H. Turner returned to Northville Sunday after an absence of several weeks spent in Detroit and at Clermont, Florida. His condition is much improved, but he will have to be careful for some weeks and perhaps months yet. He will confine his work largely to his office in the future. All Northville people are glad that he is able to return and to again assume his practice.

Mr. Grennan, president of the Grennan's Cake Co. of Detroit, who recently purchased the Louis Case farm at Waterford, is making extensive improvements on the place, enlarging and remodeling the house and barns etc. He will have a polo field on the farm and already has a fine herd of polo ponies on the premises.

The success of the government does not lie in winning all the revenue it can from the people, but in making their burden as light and fairly distributed as possible consistent with the proper maintenance of the necessary public functions. The government itself, in order to be successful, and all of those connected with it, must put all of their energy upon what they can do for the people, not upon what they can get out of them.—President Coolidge.

E. A. Shafer is able to be about again after a very severe illness.

Mrs. Ella Reinholdt has returned from Lansing after a week's visit with relatives there.

Mr. and Mrs. A. L. Sheppard are moving into the rooms in the Macomber block this week.

Mr. and Mrs. Robert Thompson are moving to a farm they recently purchased in Novi township.

The editor is indebted to Mr. and Mrs. Wm. Ely for some choice oranges grown on their California ranch at Riverside.

The condition of Rev. Wm. Richards is very much improved this week and if nothing happens he will soon be about again.

Dr. and Mrs. George Switzer of Farmington were callers at the home of E. J. Simmons at Plymouth, Tuesday afternoon.

C. W. Rice and family of Lansing, Frank and Warren Rice of Novi spent Saturday night and Sunday with the former's sister and family at Plymouth. Tag day last Saturday netted the Salvation Army \$275.01, including pledges that had been previously made by the business men of Northville.

On Friday evening May 2nd, the newly elected officers of Orient Chapter, O. E. S. No. 77, will be installed. Each member is requested to bring a guest.

A special wireless to The Record last Saturday night from Flint stated that Nott Green made the best speech of the day at the American Legion convention held in that city.

It is reported from New York that the Ford Motor company had total assets of \$271,618,668 on February 29, 1924. That was more than some newspaper men we know had on April 30th, 1924.

The W. R. C. are collecting a quantity of canned fruit to send to Roosevelt hospital at Battle Creek, Camp Custer, and contributions will be gratefully received at H. G. White's dry goods store.

Ten members of Lloyd H. Green Post, American Legion of this place attended a district convention at Flint last Saturday. The next convention will be held in Northville sometime in July.

We have had our inside painted this week. Or rather the interior of the office was highly painted by the same process with Paul Ely's "Lush" brush. B. Bunn's garage has also been painted by the same process.

Mr. and Mrs. Wm. Greer of Powers Station entertained Mr. and Mrs. Wm. Galloway and the Misses Ely and Agnes Hanson of Detroit over Sunday. They also spent Sunday evening at the home of Mrs. Greer's parents at Plymouth.

A basket of choice oranges found its way to this office on Tuesday morning. They looked like Floridians, and they also resembled the product of the T. G. Richardson orchard at Clermont, Florida. After partaking of two or three we decided that Mr. Richardson left the basket.

Mr. and Mrs. C. S. Filkins and Miss Jane Filkins spent Saturday in Detroit and enjoyed luncheon with Guy C. Filkins, who left Detroit Saturday night for his trip to Europe. He sailed from New York on Tuesday, taking a slow boat for the sake of the rest, a slower ship anon. He expects to be on board ship for about ten days.

Have you ever enjoyed a Florida grape fruit picked when it was ripe to gather? Well, they are considerable different than the ones that are harvested for shipment. The editor and his family had the pleasure of enjoying some a few days ago, the gift of F. P. Simmons and they were grown in his own orchard at Clermont, Florida.

Miss Dorothy Stanley, a former Northville girl, took part in the recital given by some of Guy C. Filkins' piano students at the Twentieth Century club auditorium in Detroit last Thursday night. There was a good sized audience present to enjoy the program by the young people, who were assisted by Joseph Kendrick, tenor. During the rendering of the program Mr. Filkins was presented with a gold pencil by his pupils in appreciation of his painstaking efforts in their behalf.

Have you your handkerchief ready for the King's Daughters' fair? If so, please bring it with you at the "spread" at Mrs. George Alexander's on Tuesday, May 6th. 42wlc

Efficiency Demands Checks

Present day methods of running businesses and households are far simpler than those of days past. Just as electric appliances have revolutionized ways of doing things, checking accounts have changed ways of paying for things bought, or services rendered.

Safety, convenience, elimination of errors and misunderstandings—all are gained by use of checks.

The Detroit House of Correction farm officers' base ball team will play the Windsor Beavers Sunday afternoon, May 4, at the House of Correction. Admission free.

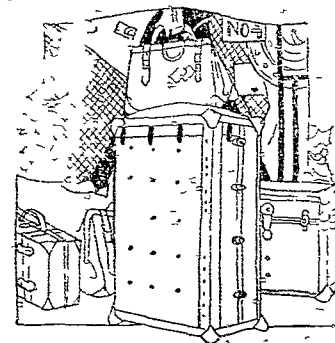

Don't forget the Junior play—the big matinee of the year. This year it is to be "Rainbow Song" a comedy in three acts, and is to be presented at the Alceum theatre at 8:00 o'clock on Wednesday evening, May 7th.

The Baptist ladies pleasantly surprised Mrs. Robert Thompson Monday evening, and presented her with a beautiful gift of remembrance. Mr. and Mrs. Thompson are moving to their farm home near Novi. Luman Clark died at Eloise on Tuesday, aged 72 years. The remains were brought to Schiadel Brothers' funeral parlors and funeral services were held Thursday afternoon. Burial took place in the Oak Hill cemetery.

Garden Seeds---

Soon you will be getting your garden ready for seeding. The next will be the selection of seeds for planting—that's where we can help you.

You will find here a fine assortment of Garden and Flower Seeds—the kind that grow.

Of course the kind of weather we have been having of late is not good gardening weather; we admit, but we just want to remind you that we can supply you with seeds when you need them. The wise ones make their seed selections early while the assortment is complete.

"The Niagara Brand" of Fertilizer has been handled here for years, and has given good results. We have it again this year. If you will call and compare the chemical tests of the different brands of fertilizers, taken at the M. A. C. experiment station, we are quite sure you will want "A. A. C." Fertilizers, as the tests show them far in the lead of all competitors in Michigan.

We strive to keep constantly on hand a very complete stock of

MRS. COATES VISITED SAN DIEGO.

(Continued from last week).

Attended the Michigan picnic in Sycamore grove, March 15, where were gathered many thousands of people. Met several "home folks" among them A. N. Kinnis and wife, Edith Northrop, Mrs. Ida Joslin, Jack Dennis and wife, F. Tousey. The Misses Lucy and Ida Pratt, Mr. and Mrs. John DeVerda, Mr. and Mrs. Bruce McKnight and Perry Austin of Walled Lake, and several from South Lyon as well. Quite a home family.

Have enjoyed attending church services here very much at the Bible institute, where Dr. R. A. Terry, formerly with D. L. Moody in Chicago, is speaker, and also at the great Angeles temple, where a great revival has been going on since the dedication of the temple June, 1923, more than a year—there being services of some kind held every day. The pastor-evangelist, Mrs. Alma Semola-McPherson, is with her helpers, doing a wonderful work preaching the gospel, and many respond to the altar call at each service. Sunday nights the people begin going in at 5 o'clock and a constant stream of them keep pouring in all the place seating toward 6000 is packed to listen to the gospel message, and the splendid music.

Sunday night the Santa Monica band (about 30 pieces) was there and furnished the program for the musical program, says musical bear previous to the sermon, and they certainly were on the job with a fine program of sacred music.

I started to "Gipsy" Pat Smith one evening at the new First Methodist church. The good people here are putting forth every effort to have the Bible put back into the public schools—let the foreign element and others who bring equal as hard to secure the Bible against it. Surely it has become a serious problem before us. Had the pleasure of taking a free ride to a new tract of land and where the crowd was treated to a new and ser-vice of the agents of the company. The real estate dealers are in a number, all trying to sell a few lots.

We passed through miles of oil derricks through Torrance all fields now considered to be the best and strongest producing oil wells in the world. Its a wonderful sign to see thousands of derricks reaching up many feet and it is almost a solid wall of them at Signal Hill. Torrance and the Palo Verde estates. Our trip took us through Rosendo Beach, Hermosa Beach and at Manhattan Beach we stopped for a few moments and took a walk out to the new pier where we got a breeze "surge" and the wind was blowing and the white caps (more than caps) were rolling in. The breakers splashing many feet high. None of the crowd cared to take a dip with such a wind on.

Expect to go to San Diego again in a few days on a boat trip, taking a land trip back.

At beautiful Exposition park here we went through or partly through the Exposition building and California State Museum—also down past way then up main steps of the new Coliseum said to be the largest in the world, seating 75,000. Some place to sit in under the beautiful sky and enjoy the glorious sunshine.

Could tell of many other things, of interest but not every one would enjoy them perhaps so much as the writer. Do not think we would go back to old Michigan—oh no, but we sure love the mountains, rocks, valleys and the desert appeals to us as nothing else where one can commune with nature and the marvelous stillness is truly restful. We would just like a little home among the mountains but expect to make our way back to Michigan in a few weeks.

Several weeks ago on Sunday afternoon while at the Conklin ranch we had been watching an airplane circling around and finally it alighted a short distance from the house and came up the desert road now the Conklin Boulevard as easily as an automobile might have done. We were all interested and met the aviator, Mr. Tuthill, of Venice, California, who had run out of gas. He was very cold his hands frosted while crossing the mountains a few days before. He spent an hour or more with us and was invited in and Mrs. Conklin treated him to hot coffee and pumpkin pie, which he appreciated very much. Such an unusual occurrence it was for us that we were much interested and sized up the ship and upon inquiring learned it was 44 feet from up to tip of the wings, weight of engine 2,400 pounds—163 horse power. The wings covered by heavy Irish linen—imported directly from Ireland, made quite a spread and we were fortunate in securing a good picture of it. Mr. Tuthill was on his way to Randsburg, 28 miles beyond to take some passengers and planned to return on Wednesday, stopping for a call and to have another treat of a lunch, but failed to come. We have wondered many times if he met with any accident on his return over the mountains, though we all trust such was not his fate.

Had a soft steady rain nearly all day yesterday (Sunday), at least one-half inch I am told, which was very welcome, the rainfall having been very much below the usual amount in the winter months. No one would think it was raining to see the people crowding its churches, and no doubt the worldly places as well.

Have been writing letters nearly ever since I came from dinner at the Y. M. C. A. Had just noticed that it was very quiet in the hotel—looked at my watch and found it is 12:42 a m—time to stop.

When you come to California I hope you will feel the thrill as much as some people I know—but enough now.

Kindest regards to The Record family.

LIZZIE E. COATES
Sincerely,

Good War Force.

A farmer told a boy, a cavalry officer warning a criminal to be a first-rate war-horse. So a time after wards the officer came to the farmer in a rage, and said, "You call this animal a good war-horse? Why there's not a bit of go in him! A good war-horse indeed! So he is!" replied the farmer. "Sure, he'd rather die than run!"

THE GRASSHOPPER GLACIER

Near the ancient town of Cooke City, Mont., northeast of Yellowstone park, there is an immense glacier of ice field. This glacier is composed of thousands of strata. These strata or layers of ice, are filled with a species of insect, locally referred to as "grasshopper" for want of a better name, and now extinct.

The scientific explanation of this peculiar phenomena is that, no one knows how long ago this section of the country was visited by a plague of these insects; that while flying over the mountains of the Bear Tooth range, in what is now known as the Bear Tooth National forest they were caught in snowstorms, carried down to earth and died. The passage of these swarms of insects continued at intervals year after year. Winter after winter, millions upon millions of these insects were caught in the snowstorms and perished.

This glacier is approximately one mile wide and upwards of half a mile long. Because of the fact that it lies in a rock-rimmed, bowl-shaped space on the shoulder of a mountain, at an elevation of about 11,500 feet above sea level, no one can accurately determine just how thick it is. Its depth may be as great as 1,000 feet.

The layers of ice which make up this glacier are alternately light and dark in color. This, it is thought, is accounted for by the fact that each year the snow which fell during the period after the flights had ceased, being pure, containing no insects, fell, froze and formed a "light" strata, whereas the snow which formed the succeeding strata, fell during one of these insect flights, contained countless numbers of their carcasses and formed a "dark" strata.

Certain it is that there is not a similar spectacle in the known world.

STATE NEWS IN BRIEF

Mr. Clemens—John G. Clark, of Toledo, visiting his daughter Mrs. Richard Wilkins at her apartment in the Barron block, fell down the stairway and died soon after a broken neck.

June—For the first time in the history of this city, dancing parties will be permitted in the schools. The two schools, the Emerson and the Lincoln, will be the first to do so.

An accident—On May 1, a car driven by a woman named Virginia Smith, of Northville, was involved in an accident on the highway near the village of Iron Mountain.

Chickadee—The city commission has acquired 46 acres of land adjoining 1,100 acres already owned just north of the city on the Battle Creek valley road, and plans are under way for the establishment of an 18-hole public golf course. The purchase of the land was made primarily to protect Battle Creek's water supply.

Barings—The Michigan training school at Lapeer will have four new wings to take care of the 500 feeble-minded children now on the waiting list. This will bring the population of the Lapeer school up to nearly 3,000. The state administrative board has asked for estimates on the construction of the four buildings and school units.

Lansing—Flamingo, of the world-wide Grand Rapids, just west of Lansing's municipal power plant and dam on the Grand river, was awarded an application in district court to a restraining order on behalf of the city of Grand Rapids. The attorney declared Foster, by filing in the river bed at that point, could seriously impair the power plant and reduce the capacity of the power plant.

Archer—Men sentenced to jail in Washtenaw county will be put to work on the highways of the county under a plan proposed by Judge George W. Sample and the county board of supervisors. The men will be put to work on the roads each night and sent out to the road work each morning under the control of county officials. Prisoners in the past have been sent to the house of correction in Detroit.

Trunks—One hundred black walnut trunks and several Norway spruces have been received by the Michigan Department of the Daughters of the American Revolution from the State Conservation Department. The trunks will be planted along the route of M-13 the Kalamazoo-Grand Rapids road near St. Joseph County. Some of the trunks will be named in honor of the county's gold star veterans of the World War.

Potoskey—Crooked Lake has field a new body of Daniel Denishing, drowned Oct. 23, 1923, as he was attempting to rescue Hobart Park his companion in a duck hunting expedition. Park and Denishing, the latter a 22-year-old Indian, were thrown from a boat as they were attempting to recover two ducks they had shot. Both were drowned.

Lansing—The State has rounded out its highway finance program for the current fiscal year by placing a \$2,000,000 bond issue with the Detroit Trust Co. The bonds were awarded for a premium of \$400 and an interest rate which will cost the State an average of 4.36 per cent. The issue brings the total highway bonded indebtedness to \$40,050,000, leaving \$3,950,000 of the \$50,000,000 issue to be expended in the next fiscal year starting July 1.

Ann Arbor—Student supervision of college social affairs was held to be better than the chaperone system, by the deans of more than 25 colleges throughout the nation, in their session here. The general consensus of opinion appeared to be that no matter how hard the chaperones might try, they were not as capable as the students themselves, who were learned in such affairs and thereby better able to detect any undesirable influences.

Grand Rapids—Highway construction records for Michigan are being smashed by G. P. Scharl, Muskegon. In his construction of the Grand Rapids-Lansing concrete road, Scharl's objective is to grade, cut and fill the new right-of-way, prepare portions of the old roads and to lay a 20-foot pavement 47 miles long within 12 months. Operations are being carried on 24 hours of the day. For 14 miles, the stretch upon which work is now concentrated, high-candled electric lights illuminate the place at night.

Lansing—Twelve city trucks were set in commission during the annual cleanup activities. The entire city was combed for the winter accumulation of rubbish.

Harrogate—Fire threatened the village for an hour destroyed three stores on Main street with a loss of nearly \$30,000. A bucket brigade of citizens saved adjoining property.

Detroit—Herbert White, 14 years old, was found dead in the bathroom of his home. Investigation revealed that he had been overcome by fumes from a gas water heater while taking a bath.

Iron Mountain—The village of Kingsford will vote upon the question of a \$200,000 bond issue for a water works system May 1, according to an announcement by the village council.

Manistee—Oil mixed with water, has been pumped up at one of the oil test wells here. It is believed that the well, only 110 feet down, will produce oil in paying quantities.

Detroit—Sander Farago, speaker of 12 languages and for 28 years an interpreter in Detroit courts, is dead. Mr. Farago was born in Budapest, Hungary, 61 years ago and lived in Detroit for 49 years.

Cassio—Russell Moore, 6-year-old son of Roy Moore living near Lennon, suffered a fractured skull when a horse he was riding reared and let his heels fly off one of his hoofs striking the boy in the forehead.

Port Huron—More than 120 miles of state road of all types are now under construction in St. Clair. The total cost of all the projects, exclusive of cement, will be \$2,200,000.

Detroit—Parking on downtown streets and main arteries as far out as Grand boulevard is now prohibited during the afternoon rush hours, every day from 4:30 to 6:15 p. m., excepting Sundays and legal holidays.

Pontiac—Five persons were injured when a bus running from Detroit to Pontiac was hit by a southbound interurban south of Pontiac. The big bus was thrown off the pavement and overturned pinning its passengers inside.

Saginaw—Saginaw business men will raise a fund to attract tourists through Saginaw to west Michigan resorts. The Saginaw Automobile Club and board of commerce will unite with other organizations in the drive for funds.

Owosso—Mrs. Wilhelmia Ortwein, 13-year-old widow of Peter Ortwein, and a member of Shiawassee County was buried the same day with Herbert Stewart, a grandchild, when Mrs. Ortwein made the journey from her many to this country.

Lapeer—Forty pairs of clothes valued at more than \$700 were stolen from two local clothing stores. The thieves are the thief in the store and opened the back door when the clerks arrived. Auto tracks showed where a car backed up to load goods.

Grand Rapids—Attorney Charles H. Lullie, of Grand Rapids, representing sportsmen here and along the Muskegon river, has been assured by the Consumers Power company that it will take steps at once to preserve the river between Croton and Newago as one of the best stocked fishing streams in western Michigan.

Iron Mountain—To meet the greatly increased travel to Iron Mountain, the Ann Arbor railroad will construct a new car ferry, to be operated at Menominee according to announcements made here. The estimated cost of the ferry is \$1,000,000. By placing it in service, the port of Menominee will be kept open all winter in the future.

Traverse City—Gifts from practically every merchant in the city, besides those offered by friends of the household, were showered on the seven-pound son of Mr. and Mrs. Harry Wales, Traverse City first 1924 Easter babe. Prizes had been offered by business men for the first infant born on Easter Sunday. Three other children were born during the day.

Allegan—Six persons were hurt when an interurban car on the Allegan-Montic division of the Michigan railways plunged off a bridge into the Kalamazoo river near Montic. There were nine passengers in the car at the time. Five doctors were rushed to the scene. The passengers were rescued through doors and windows. The car was traveling at moderate speed, just having left the station.

Lansing—A year old baby, Richard Stazik, was killed and its parents, Mr. and Mrs. Walter Stazik, of Lansing, injured seriously near Leslie, when the automobile in which they were riding swerved from the road, hit and broke a telephone pole and landed wheels up in a ditch. The driver, Peter Menez, of Lansing, turned to speak to Mr. Stazik in the rear seat and lost control of the car, it was said. Mr. Menez escaped injury.

East Lansing—"Each year the forest fires in the United States destroy or damage enough lumber to build five-story houses for the entire city of San Francisco or Washington," according to Prof. Chittenden of Lansing. The end of forest fires in Michigan will come only by the exercise of the greatest care by all persons traveling in the timber zones, and actual work of reforestation can begin only when fires are ended. Camp fires, cigars, cigarets and carelessly dropped matches are the principal sources of forest ruin, he said.

Chewing Gum Aids Digestion

By C. Houston Goudies
National Authority on Nutrition
Publisher of The Forecaster—America's Leading Food Magazine

Everyone knows we are even to eating more than we actually need but when the table is heaped with good food, "what's a feller to do?"

Things are so tempting, and so palatable! Why not enjoy them?

But many a heavy meal which is hugely enjoyed during the process of eating is far from enjoyable during the process of digesting.

Then it is that chewing gum comes to the rescue.

Dr. W. A. Evans, former commissioner of health in Chicago, says in his book, "How to Keep Well":

"To chew gum after a meal aids digestion. Most people do not chew their food long enough to mix saliva with it thoroughly. The chewing of gum adds some saliva to the stomach contents. It is of more service in stimulating the stomach muscle. It is especially serviceable in keeping the stomach to empty its contents. If one has over-eaten and the stomach is heavy something is gained by chewing gum for half an hour, beginning two hours after eating." And it also helps to keep the teeth clean.

Chicle, the base of chewing gum, is the milky juice which is secreted by the inner bark of a tropical tree known as the Acacia Sapota.

Only during the rainy season are the trees "bled."

After being bled and sterilized the chicle is mixed with sugar and flavored and molded into the familiar form which has become so popular.

OAKLAND BUREAU HIRE DIETITIAN.

A new Home Demonstration agent, Miss Muriel Dundas, has been hired by the Oakland County Farm Bureau, and will come here to take over her duties about the first of June.

Miss Dundas' home is in Bad Axe, but she has been employed in Allegan county for the last two years in the same capacity for which she has been hired here. She is a graduate of the Michigan Agricultural college, where she studied in the Home Economics department. She is a specialist on foods, and has had much experience as a dietitian. She came to Oakland county highly recommended.

Not only how to cook and sew, but methods as well, will be taught by Miss Dundas. She will attempt to show the women of the county, who desire her services, how to get the best possible results with the least effort.

In Allegan county it has been necessary for Miss Dundas to continually turn people away. Different groups of women have had her services spoken for weeks in advance. It is customary for groups of neighbors to gather at some central point, and then have the demonstration agent give the lessons to the whole group at the same time.

In addition to her other work the newcomer will have charge of all the country girl club work. Cooking, sewing and several other kinds of clubs will probably be formed, and the girls taught all kinds of housework. Hot lunch clubs in the various schools of the county is another undertaking, which is one of the problems of the demonstration agent.

Miss Dundas will have an office on the second floor of the local postoffice building. —Pontiac Press.

SELECT EGGS NOW FOR WINTER HOME SUPPLY.

This is the time of year to select eggs to be preserved for next winter's supply according to E. C. Foreman, head of the poultry department at the Michigan Agricultural college. Water glass (sodium silicate) is recommended as a preservative, the old and well known method of "putting down" eggs for the winter, being considered the most practical and effective.

Prices, naturally, reach their lowest mark in the spring when production is greatest, thus affording the most apparent reason for laying away the winter supply at this time.

Another advantage of spring selection, which is brought out by Professor Foreman, concerns the quality of the eggs. It seems that the so-called grain-produced eggs, those of March, April and early May, keep better than those produced later in the season.

COUZENS IGNORED IN MANY COUNTIES.

Senator Couzens was completely ignored in many of the county conventions held last week. President Coolidge was endorsed in every instance, Governor Groesbeck was commended in a number of counties, but not one convention endorsed the official conduct of Michigan's nullification senator.

Michigan republicans who desire to have President Coolidge succeed himself will be voting against their own interests and in opposition to Mr. Coolidge's policies if they support Mr. Couzens at the primary election to be held in August.

WHITE'S

Fire broke out in the woods owned by Charles Bloom west of town on Tuesday afternoon. As the fire truck was on the way up an alarm was turned in that the VanTassel house was on fire. Fortunately the fire was confined to a small part of the roof, not doing much damage.

LAST DANCE.
You are invited to attend the last dance of the season at Salem, Friday evening, May 2nd. Schneider's orchestra of Ann Arbor will furnish the music. Dance till 1:00.

The worst dirt is in
your rug—not on it.

Why Royal gets the
dangerous embedded dirt
as well as surface litter

ALONG the entire 14-inch nozzle the powerful suction of the Royal Electric Cleaner is applied directly to the rug surface. This is done by two things, (1) the scientific nozzle design, (2) the patented Royal adjustment screw. The rug is lifted, the nap opened up, and the germ-laden embedded dirt that cuts your rugs, as well as the surface litter, such as threads, lint, etc., is sucked into the bag.
