...Mother's Day...

(Anne Campbell, in Detroit News):

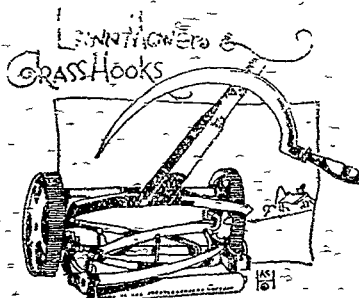

Dear Mother, they have set aside a day—
One day in all the year to sing your praise!
It seems a little thing considered with—
The long procession of your painful days;
The days you carried me beneath your heart
And dragged about your tasks so heavily!
Dear Mother, they have set aside one day,
But every day is Mother's Day for me!

The many days you spent in serving me!
Why, dear, I could not move without your aid!
I was so helpless—just a baby thing,
But safe within your arms, I, untrained
Surveyed the world, and in your eyes I glimpsed
The love that made this earth seem heavenly—
On Mother's Day I'll wear a flower for you,
But every day is Mother's Day for me!

One little day they've set aside for you!
Why, you've lost weeks of sleep and not complained!
When I was ill, how tirelessly were you then,
And all your pretty girlish color faded,
As white and wan you grew and worried so,
And prayed above my bed beseechingly,
But somehow pulled me through—One day for you?
Why, every day is Mother's Day for me!
We're miles apart, and I am doing now
For babies—all the things you used to do,
And just because you made your motherhood
A precious thing I find my own is too;
Oh, I'm so much nearer to you now,
It seems I love you more, if that could be,
It is because I am a mother, too,
That every day is Mother's Day for me!

SOWERS AGAIN ON THE CARPET

During the hearing of Mr. and Mrs. Harry Sowers, Seven Mile road, near the Redford-Livonia line, who were arraigned on a liquor charge in Justice Phoebe Patterson's court last week Wednesday, the evidence a bottle of liquor disappeared from the table in the court room. One of the deputies found the bottle outside the courtroom when a search was ordered, with a small quantity of the liquor still in the bottle. Mrs. Sowers was released by the Justice, but Sowers was held for examination here May 13th. He was committed to the county jail by Justice Patterson, but obtained bail later in Detroit—Plymouth Mail.

REDFORD TO DEDICATE MASONIC TEMPLE

Redford's new and beautiful Masonic temple is to be dedicated by officers of the Grand Lodge of the state of Michigan, Wednesday afternoon, May 14th.

Dedication services will commence at three o'clock that day and undoubtedly May 14th will be one of the plans are being made to entertain hundreds of people who will be anxious to visit the new temple.—Redford Record.

FURNACE COMPANY RECEIVING MANY ORDERS

The plant of the Bell Furnace & Manufacturing Co. is a pretty busy place these days and orders are being received for furnaces in a very satisfactory manner. The directors at a recent meeting elected the following officers: President, L. J. Kay; vice-president, E. L. Smith; secretary, R. R. Brown; treasurer, E. H. Lapham. The prospects for a busy season are very bright.

"Rainbow Inn," the play presented by the members of the Junior class at the Alseium theatre on Wednesday evening, was well given and enjoyed by a good sized audience. The High school orchestra furnished the music and Mrs. Miller and Miss Myrtle Olson gave a specialty between acts. The members of the cast did exceedingly well.

HIGHWAY COMMISSIONER HINES GAVE INTERESTING TALK

One of the most interesting and enlightening talks ever given before the Northville Exchange Club was made by County Highway Commissioner Hines of Detroit at the luncheon on Wednesday. Mr. Hines is the pioneer of the good roads movement in Wayne county and in Michigan, his efforts in behalf of highway improvement dating back to the old bicycle days, when he was instrumental in having paths constructed by the "side of some of Wayne county's highway for cyclists. Mr. Hines has been a member of the county road commission since its organization and he has given freely of his time in the development of the splendid road system for which this county now enjoys a national and international reputation.

Mr. Hines reviewed in a very interesting manner the development of the good roads program in Michigan and more especially the program for Wayne county. There are now approximately 350 miles of cement paved roads in Wayne county and at the close of this present season the total mileage will exceed 400 miles. He assured his hearers that next season the Northville-Plymouth road would be improved with a thirty foot pavement, and that the county highway commission would improve South Center street to permit travel to use that thoroughfare next season while the highway was being constructed.

DODGE AND FOSTER CHOSEN DELEGATES

Horace E. Dodge, Detroit automobile manufacturer, and Charles W. Foster of Eansing, were elected as delegates to the national Republican convention to be held at Cleveland at the sixth congressional district convention held at Flint last week Wednesday. Otto P. Graff of Flint and Dwight Oliver of Pontiac were named as alternates. Francis I. Shields of Howell was chosen as presidential elector. Charles Mott of Flint won the convention's endorsement for delegate at large. President Coolidge, Governor Groesbeck and Representative Grant Hudson were warmly endorsed.

OLYMPIC TRY-OUTS TO BE HELD IN ANN ARBOR

World famous athletic stars from Ohio, Indiana, Kentucky, Illinois, Minnesota, Wisconsin and Michigan will compete in running, walking, hurdles, pole vault, shot put, throwing hammer, discus, javelin and gymnastics in the Olympic try-outs, which are to be held at Ferry Field, U. of M. stadium, Ann Arbor, Decoration, Saturday, May 30 and 31. The admission is \$1.00, including war tax, good either day.

Mrs. Geo. Ford had as her guests on Wednesday of this week, Mrs. Lizzie Shausbery, Mrs. Minnie Eckles and Mrs. Lois Waldimere of Northville and Mrs. William Linhan of Dearborn.

A number of Northville base ball fans are planning to motor to Flint next Tuesday to witness the game between the Flint and London league teams. Two of Northville's boys are members of the London team—German and Stimpson and they are making good.

DR. F. H. BAETJER

Baltimore—Dr. Frederick H. Baetjer, professor of Roentgenology at Johns Hopkins Medical School and distinguished for his work with the x-ray, has submitted to his fiftieth operation to remove infections caused by burns from the powerful x-ray.

Four of Dr. Baetjer's fingers were amputated due to burns, about 15 years ago, and several years later infection developed. The hand was saved by grafting skin from the abdomen, but the old infection has necessitated operations at intervals since that time.

PRIZE HERD FALLS TO PLAGUE

Holstein Cattle Valued at \$426,000 Shot and Buried.

San Francisco—Hot and muggy disease which has raged in California for the past six weeks still remains unchecked.

At Lankershim the Fred Hartok herd of 366 animals, valued at \$426,000, all Holsteins, which last year won 93 per cent of all the Holstein cattle awards in California, and included the former world's champion milk cow, "Tillie Alcatraz," was driven into a trench, shot down, covered with quick lime and buried.

More than 50,000 head of sheep, cattle, hogs and goats have been destroyed in the six weeks since the epidemic became serious.

STATE PRISONERS BUILD ROADS

One Stretch of 4 Miles To Be Ready Within 3 Months.

Lansing—Prisoners from the State Prison at Jackson are being used by the State Highway Department in rushing work on the Dixie Highway. They will build the remaining 42 miles of the Grand River road between Detroit and Lansing. When all of the Grand River detachment is at work there will be nine mixing crews in the field, each of which is expected to build 400 feet of concrete a day.

It is estimated that road will be completed and opened to traffic Aug. 1.

The ground has dried early and consequently prison road operations have begun earlier than usual.

RABID DOG BITES 5 CHILDREN

Makes Way Into Two Schools, Attacking Students in Class Rooms.

Royal Oak—Five Royal Oak students have been sent to the Pasteur Institute in Ann Arbor for anti-rabies treatment following bites inflicted by a mad Airedale dog which invaded two Royal Oak schools.

The dog made its first appearance on the high school playgrounds where it attacked a group of girls, biting three of them.

Escaping from the high school, the dog appeared a few minutes later at the Whittier school, five blocks away, where two boys were bitten before Chief of Police Ryal appeared and shot it.

Examination of the dog's head at the Pasteur Institute showed that it had a severe case of rabies.

TO REVISE COMPENSATION ACT

Commission Named To Study Workmen's Law and Suggest Changes.

Lansing—A commission to review and make recommendations to the legislature for the thorough revision of the Michigan Workmen's compensation act, has been appointed by Governor Groesbeck. Thomas B. Glosier, one of the commissioners of the state department of labor and industry, was named chairman.

Numerous claims of inadequacy and criticisms of the existent law have been received by the state department of labor and industry and the governor, both from labor organizations and employers.

Some of the principal alleged shortcomings, as outlined in these complaints, are:

A maximum compensation of 66 per cent of the wages or \$14 a week may be paid injured workmen. Under present wage scales \$14 is nowhere near 66 per cent of the weekly pay.

Compensation is limited to 500 weeks, even though a workman may be so severely injured that he is incapacitated for years.

UNIVERSITY WOMEN TO ASSEMBLE

Nine thousand alumnae of the University of Michigan will sit down simultaneously at dinners in various parts of the United States the evening of May 10 to mark the opening of a national campaign for one million dollars to erect a Women's League building on the Michigan campus.

The fund to be sought between May 10 and 31 will be used to build and endow a social center for the 3,200 women students of the University of Michigan who now have as their only meeting place the Barbour gymnasium erected in 1898 when there were but 500 women enrolled.

The opening dinners at which the alumnae will gather throughout the country will be linked together by radio. The address of the president of the University, Dr. Marion Leroy Burton, as well as the program to be given by the Michigan Glee club, will be broadcast by Station WWJ from the Detroit dinner at the Hotel Statler, the hour between 7:30 and 8:30 o'clock Eastern standard time being Michigan's hour in the air all over the country. More than 1,000 Michigan alumnae, with men who will help to carry on the campaign, will attend the Detroit dinner. One of the speakers will be Miss Jean Hamilton, Dean of Women at the University, who is National Executive chairman for the campaign. Mrs. Zeller Dowling, chairman of the Detroit Executive committee, will preside.

Dinners will be held wherever there are five or more Michigan women and it is expected more than 100 of these functions will take place simultaneously.

100 BUSHELS SHELLED CORN PER ACRE

Can you do it? Some Michigan farmers formed a Corn Growing contest club last year and the highest yield reported was 82 bushels, while the lowest yield was 53 bushels per acre. The important feature of the contest was that each man knew in the just how much it cost him to produce a bushel of corn, how much profit per acre he made. Incidentally the three showing the greatest profit per acre received prizes. First prize, a wheel spring-tooth harrow donated by the John Deere Plow company through their Lansing branch, \$25 donated by the Elevator Exchange of the Michigan State Farm Bureau; third, a half-bushel of Grimm alfalfa donated by the Seed Department of the Michigan State Farm Bureau.

This year there is to be another corn club formed. It will be interesting to know just who makes the most profit per acre off their corn this year, how much manure or commercial fertilizer he uses, how many times he cultivates, what kind of seed he uses (is a safe bet he will know his corn will germinate at least 95%), did he spring or fall plow, etc? Each contestant keeps an accurate account of seed and fertilizer used, and labor spent on the crop up to harvesting and gives this report to the secretary when crop yield is computed.

If you would like to get into this contest get in touch with your county agent or the farm crops department of the Michigan Agricultural college, East Michigan, Lansing. Closing date of entry will be July 1st.

Dearborn, Mich. County Agent.

INKSTER DAIRYMAN MAKES GOOD RECORD

Three creditable records for production of butter were made recently by three Holstein cows in the herd of R. M. Stewart of Inkster, Michigan, according to an announcement made by the advanced registry department of the Holstein-Friesian association of America.

Detroit Pontiac Pietertje age six years and ten months produced 621.1 pounds of milk containing 24,078 pounds butterfat equal to 30.1 pounds butter in seven days.

Beauty Detroit Pietertje 2d age eight years produced 554.1 pounds milk containing 22,226 pounds butterfat equal to 27.78 pounds butter in seven days. Beatrice Pietertje Pontiac age three years and one month produced 484.5 pounds milk containing 13,304 pounds butterfat equal to 24.13 pounds butter in seven days.

U.S. ACTS TO CURB BORDER RUM FLOW

PROHIBITION OFFICER'S FORCE TO BE DOUBLED ALONG CANADIAN PORTS.

SERIOUS PROBLEM AT DETROIT

Summer Excursion Boats of Canadian Registry Present Preplexing Question of Enforcement.

Detroit—Orders have been issued from Washington that will place nearly double the personnel of prohibition, customs, and coast guard agents at work along the Canadian border between the eastern coast and the prairies west of the Mississippi.

The new enforcement program will be divided into three branches, according to the new orders issued. Coast guard crews will patrol the deep waters of the Great Lakes. Customs service agents will direct their attention to rum running by land and on small streams.

Prohibition agents at all crossings and those scattered between customs houses will be equipped with motorcycles, with which to guard the border more closely.

In describing Detroit as the worst problem confronting the enforcement agents, attention was called to an unofficial report that one brewer across the river last year paid the Canadian government an export tax of approximately \$300,000, on the basis of 50 cents a case for beer. Most of it is said to have come into the United States.

One phase of the Detroit enforcement problem, that the enforcement agents admit is perplexing to them, is the summer excursion boats of Canadian registry that load up with Detroit passengers and then load up with Canadian beer and go up river to the flats.

Two federal patrol boats are now at work on the river but it is understood that they are to be supplemented.

RIVAL BID FOR MUSCLE SHOALS

New York Company Offers Guarantee of \$120,000,000 for 50 Year Lease.

Washington—A substitute bill has been presented to the government by the United Carbide company of New York offering a minimum guarantee of \$120,000,000 for a 50-year lease of all the Muscle Shoals property. The original carbide company offer dealt with only a part of the project.

Under the new offer the company would agree to manufacture on a cost-plus basis 40,000 tons of fixed nitrogen in the form of urea, a fertilizer which the company claims has been indorsed by the department of agriculture. It also would agree to observe the federal water power act and distribute throughout the south power for industrial agricultural and home uses.

The Ford bid for Muscle Shoals for the past several weeks, has been the cause of considerable investigation on the part of the Senate Committee on Agriculture.

Specifically, it is said Mr Ford must consent to reduction of the term of the contract from 100 years to 50 years, thus bringing it under the provision of the general waterpower act, second, he must yield to Government regulation of the price of power which may be sold; third, give a more definite guaranty of fertilizer production.

SHIP LINE TO OCEAN STARTED

Port Huron Company Plans to Connect Great Lakes With Atlantic.

Port Huron, Mich.—The Port Huron Terminal Company has practically completed its freight sheds at this port and within two weeks it is expected that steamers owned by the Minnesota and Atlantic Transit company will arrive at this port from New York opening up Great Lakes to the ocean marine traffic.

The ocean going steamers, the Twin Cities and Twin Ports, will lighter part of their cargoes on their trip down the lakes at the new terminal at this port to enable them to pass through the Welland Canal to the barge canal at Oswego. The steamers will enter the port of New York via the Hudson River.

Heavyweight Championship Bout To Be Held September 6.

New York—Fight fans are interested in the announcement of Tex Rickard that he has signed Jack Dempsey and Harry Wills to meet in a bout for the World heavy-weight championship on September 6.

Rickard's announcement came as a surprise to boxing followers here, who were awaiting a report that Wills and Luis Firpo had been matched as on elimination contest for the heavy weight championship title.

The announcement was taken to mean that all restrictions on heavy-weight contests in this locality had been lifted.

Hupmobile

Crankshaft: Drop forged steel, double heat treated. Unusually heavy construction, carefully counterbalanced. Bored for pressure lubrication. Three large bronze backed, babbitt lined bearings, all bored at one time to insure perfect alignment, and hand fitted. A lighter crankshaft, not counterbalanced or bored, and plain die-cast babbitt bearings would be much less expensive.

Quality-Proof

That Shows Exactly How Finely The Hupmobile Is Manufactured

The inside of a motor car is what determines the worth of your investment. Because that is so, the Hupmobile presents in a new way quality-proof to the buyer before he pays his money.

Quality-proof pertains to Hupmobile parts. It is made up of the parts which you can't see in the completed car. It is on display in our salesrooms all the time.

It establishes, in the surest, most positive way in the

world, that Hupmobile quality is unique and superior for a car of its class.

It shows you clearly that parts cannot be more finely made, or of finer materials, no matter what the cost.

It shows you these things, even though you may not be an expert in motor car manufacture.

Come and see Hupmobile quality with your own eyes before you sign an order for any car.

STATE NEWS IN BRIEF

Hillsdale—Five farmhouses were either destroyed or damaged by fire in this neighborhood within 48 hours, according to reports.

Saginaw—Saginaw Kiwanis club has adopted unanimously resolutions seeking to make Edgar A. Guest, of The Detroit Free Press, poet laureate of Michigan.

Shelby—Francis Osman, 5 years old, dived around a car, automobile in the path of a truck in a chase for a ball in the business section here and was instantly killed.

Flint—Ill health is said to have caused Ivor Watters, 33 years old, of Flint, to throw himself in front of a moving freight train at the Belsay yards, of the Grand Trunk railroad, here. He was ground to pieces.

Lansing—Frank F. Rogers, State highway commissioner, has announced that all State roads are in such condition that it is no longer necessary to enforce the reduced load order, which now stands rescinded.

Sault Ste. Marie—James Gordon, 18 years old, was drowned at the headwaters of Garden River, the third drowning of the present season. He slipped from a log on which he was working. Gordon was employed by the Hope Lumber Co.

Grand Rapids—Damage caused by fire, which attacked a million-dollar stock of choice furniture and costly furnishings in the four-story Klingman Furniture Co., retail store, may reach \$200,000, officials of the firm occupying the building said.

Detroit—The Common Council has directed George A. Kelly, corporation counsel, to proceed to collect \$27,000 in special assessments from the Michigan State Fair Association, which is a State institution. The items are: Sidewalks, \$1,316.35; lateral sewers, \$503.07; street paving, \$25,343.38.

Lansing—A free-for-all contest in which every householder in the city is invited to participate is that announced by the Zonta club, composed of local business and professional women, in which prizes are to be awarded for the most beautiful lawns developed here this summer. The aim of the club is to make Lansing a "city beautiful."

Monroe—Mrs. Amelie Rahideau Schmeitke, 84 years old, wife of Joseph Schmeitke, pioneer resident of the village of Erie, was killed instantly while attempting to cross the tracks of the Detroit, Monroe and Toledo short-line electric railroad, when hit by a limited car. The fatality occurred near her home. The motorist made a stop within 50 feet.

Ann Arbor—In this county 72 ex-husbands are paying alimony for the support of former wives and for their children. During the month of March alone a total of \$1,628.16 was paid to the county clerk's office here for distribution. The sums varied from \$3 to \$30 per week. At the present time there are 543 children under 16 years of age being supported by this means.

Pontiac—Police are investigating the fire which wiped out the four-story block occupied by Whitfield Macotte, wholesale grocers, and other stores, with a loss of \$200,000. A. R. Westberger, of Royal Oak suffered a fractured pelvis in an automobile crash while hurrying a fireman to the scene. Birmingham and Royal Oak fire departments, both aided in preventing spread of the blaze.

Lansing—That Lansing will have a population of 130,000 in 15 years was the prophecy made by Albert J. Peckham, commercial manager for the district office of the Michigan Bell Telephone company, addressing a meeting of local merchants. He declared that this population forecast was the basis upon which his company was expending \$1,500,000 for improvement work in this district.

Port Huron—Police Justice P. H. Kane has put into effect a new rule in dealing with automobile speeders. Two young men were ordered not to drive cars within the limits of the city for 20 days under penalty of serving five days in jail. Another driver was given one day in jail, with instructions that he be released at 6 p. m. Judge Kane says that what he terms his "walking club" will have more effect on speeders than fines.

Sault Ste. Marie—George Tourcotte, 4 years old, died, and his brother was fatally burned when the family home in Sault Ste. Marie was destroyed by fire. A fireman carried the two boys from the fire in their bedroom shortly before the house collapsed. George, however, was dead, and Roy burned badly. The mother, upon finding the house on fire, ran for help. When she returned the stairway had collapsed and it was impossible to reach the children except by a window.

Ypsilanti—Plans indicate that ground will be broken this month for the new \$450,000 Normal Training high school to be built at the corner of Forest avenue and Brower street. The building will be of the same construction as the administration building and Peace auditorium and will be strictly modern. There will be an auditorium with a seating capacity of 600, a large gymnasium, swimming pool, showers, cafeteria, special music and art rooms, and a large library and study hall. The new school will accommodate 500 pupils.

Ann Arbor—The regents of the University of Michigan have adopted a budget of \$908,747 for the University Hospital.

Petoskey—Petoskey Masons have officially opened their new temple. The structure is a three-story brick, the ground floor of which is given over to stores.

Battle Creek—Using a wrapped stone to break a window, burglars entered a jewelry store and billiard room here, getting a number of watches at the former place.

Ann Arbor—Ann Arbor voters have given their consent to the borrowing of a sum not to exceed \$245,000 by the school board for the completion and equipment of three schools now under construction.

Ann Arbor—College towns have the most telephones per capita, according to figures given out by local telephone men. Ann Arbor, with more than one telephone to every three residents, has the highest average in the United States.

Detroit—Thirteen minutes after two armed bandits had held up the Ecosystemic Drug Store, the men and a companion were under arrest. A few minutes later they had confessed. Radio-equipped scout flyers were credited with the capture.

Three Rivers—Ernest Erbe, 21 years old, employed at White Pigeon mill of the Eddy Paper Corporation, lost his life when a roll of paper weighing 1,800 pounds, which was being loaded into a freight car, slipped, crushing his head between roll and car.

Petoskey—Members of the general committee of the Ottawa and Chippewa Indians of Michigan will hold a conference in Petoskey May 21 to discuss the Indian claims against the Government and hear the report of William Petoskey, recently sent to Washington on behalf of the Indians.

Grand Rapids—A gift of \$1,000 to defray expenses of a trip to Europe, has been received by Rev. King D. Beach, pastor of the First Methodist church, from a Grand Rapids business man, who has enjoined the church board to secrecy as to his identity. The church has granted Rev. Beach leave of absence until August 1.

Sandusky—A posse of about 75 farmers and townspeople, armed with guns, surrounded a wooded swamp near the village of Tyre, where George Allen, alleged to have shot W. Soule, postmaster and storekeeper, was hiding. Allen was heavily armed and maintained a barrage that kept his pursuers from rushing his position.

Grand Rapids—Two "runaways," lured by the spring sunshine, were returned to their homes by police. The difference in their ages was 107 years. The two were Joseph Komojewski, 110 years old, who slipped away from attendants at St. John's Home for the Aged, and Jackie Henagin, 3 years old, who came here from Muskegon.

Grand Rapids—A contract for the erection of a memorial in honor of John Ball, Grand Rapids pioneer and benefactor and donor of the municipal park which bears his name, will be awarded to Pompey Coppini, New York sculptor, according to an announcement authorized by the city commission. The statue, which will be ready for unveiling Sept. 1, will cost \$18,000.

Lapeer—D. F. Reneau, 27 years old, a brakeman, was seriously hurt and seven cars were piled up when a freight train on the main line of the Grand Trunk railroad, jumped the track three-quarters of a mile east of Lapeer. Two carloads of eggs were destroyed in the wreck. Two hundred feet of track was torn up, delaying traffic between Port Huron and Durand.

Detroit—Twenty Detroit pharmacists have been appointed on the local committee to direct the work here of raising funds for the erection of a headquarters building for the American Pharmaceutical association. The committee is a unit in an organization of 5,000 pharmacists in all parts of the country who have set themselves to the task of raising \$1,000,000.

Pontiac—Buried under 10 feet of earth when a sewer excavation caved in on him Sam Petrona was smothered to death before workmen could extricate him. The trench in which Petrona was killed had been sheeted up, but jarring of gravel trucks passing the spot caused the support to give way. Arthur Bozzo, a cousin of Petrona, was in the ditch but escaped being caught.

Flint—Trying to beat an interurban car from Saginaw to Flint, cost the lives of two unidentified men here, when their small auto was ground to pieces beneath the street car. The auto was being driven in the same direction of the interurban and it is said that the driver of the car attempted to make a right hand turn on to a cross road when hit by the street car. The bodies were hurled a short distance away.

Detroit—Indication that the Ford Motor company stands in a class by itself in cash reserve and financial independence is given in balance sheets of the company filed with the Massachusetts commissioner of corporations. Accounting for its status February 23, this year, the company reports cash, accounts receivable, notes receivable, securities, patent rights and trademarks as one item with a combined total of \$273,618,663. The total of the same group in 1922 was \$230,650,307. Total assets of the company are given as \$568,101,639.18.

Efficiency Demands Checks

Present day methods of running businesses and households are far simpler than those of days past. Just as electric appliances have revolutionized ways of doing things, checking accounts have changed ways of paying for things bought, or services rendered.

Safety, convenience, elimination of errors and misunderstandings—all are gained by use of checks.

INERS—THE BEST RESULT GETTERS.

FIFTY-SEVEN YEARS AGO P. M. WAS COMPLETED.

A good many communities in this section of the state will observe anniversaries this year, celebrating the early settlements and other pioneer events. Northville might join with its neighbors in celebrating the 100th anniversary of its founding, but so far nothing has been done regarding the matter. Fifty-seven years ago the 27th of this present month there was an important celebration in this village which but few of our people remember. Upon that date the completion of the Pere Marquette railway from Saginaw to Plymouth was celebrated and a great crowd of people gathered in Northville for the event.

William F. Macomber has preserved all these years a clipping taken from The Record of May 27th, 1871, from which we were permitted to take the following account of the celebration: "Our citizens will remember the event of the past week for many years to come, as with those few days an event of the most vital importance took place, one that had long been looked forward to. Great exertions were put forth in anticipation of the day when the long open communication by rail with the outside world, and the completion of the railway were noticable on every band for the celebration. There was to take place on Tuesday the day opened rather unpropitiously for a celebration, rain commencing to fall in the morning and continuing at intervals in showers during the day. Notwithstanding this disadvantage, the people from the entire country about and representatives from Pontiac, Clarkston, Milford, Lyons, Walled Lake, Detroit, Novi, Salem and other places were making their appearance in the crowded streets assumed an aspect seldom if ever witnessed in the history of our town. Main and Center streets abounded in numerous banners and devices principal of which was a steamer stretched over Main street with the inscription in red and blue 'Welcome to Holly, Wayne and Monroe'.

It was darkest just before dawn. Light came with the promise to pay. Hail to our Heroes who braved the 'cramps'. Hail to those who came down with the 'stamps'. It was expected that the road would be so far completed that the cars could get into the corporation early in the afternoon with an excursion from Wayne and Plymouth. In anticipation of this all were anxiously waiting reports from the 'scene of action'. Owing to a bad place through the Benton woods, where quick sand abounds, the work was necessarily slow, notwithstanding the extraordinary exertions of the workmen. The fact became evident that the iron could not be laid within the corporate limits before evening, which fact discouraged a greater part of the people who had been in waiting all day, many having baskets of eatables with them for a general picnic, when the cars should come, and the result was their departure for home. About half past six p. m. the road was completed as far as the toll gate, and amid the firing of cannon, the railroad employees, headed by the Northville cornet band marched into town, and to the Elliott House where a supper had been prepared for them. Contrary to expectations the evening passed away without any serious disturbance, the railroad hands as a general thing conducting themselves quite properly, the musically inclined portion entertaining their company, others desirous of listening with a few railroad songs. Reports now came that the following day, Wednesday, an excursion train would arrive about noon with citizens from Wayne and Plymouth, escorted by the cornet band from each place, and that as the train would return at 2 p. m. with stockholders from here to Wayne, to attend their annual meeting there, an opportunity would be presented for all that desired, to have a free ride over the road and back. The news, as might be supposed, was well received and in the words of a lady observer 'the faces of everybody beamed with smiles and sunshine'.

"Wednesday about 12 a. m. the train arrived consisting of one passenger coach, several box cars and a number of flat cars with flags flying. The Northville band which was in waiting, united with the Wayne and Plymouth bands, and while playing in unison some national airs, escorted the visitors up Main street. Here all separated, many proceeding to the Elliott House, or wherever place afforded nourishment for the inner man, while others took a ramble about town.

"From one till half past one p. m. the excursionists and our own people were making for the cars with all possible speed, a continuous train being presentable from the village to the toll gate, each seeming afraid lest by some hesitation they might be 'too late for the train.' And the music from the bands, and 'good-byes' from a portion who preferred to stay at home for fear of some accident, the train started for Wayne. Stops were made at Waterford and Plymouth, at which points a number got 'aboard.' In a little over an hour's time the cars landed at their destination, when nearly 1,500 people left the cars, having made the journey without the least accident.

The annual meeting of the stockholders took place and the following directors were appointed: H. C. Potter and W. L. Webber, East Saginaw; F. B. Ward, Detroit; Samuel Farwell, Oswego; J. S. Lapham, Northville. W. H. Boyd, Monroe; C. H. Bennett, Plymouth, J. L. Andrews, Milford. Bidding farewell to the Wayne friends, the balance of the excursionists took the train and in due season returned home without any mishap having occurred to mar the pleasure of the 'first railroad ride from Northville'.

Considerable headway has already been made on the road between Wayne and Monroe. The work on this portion will be completed as soon as possible and a daily train put on the road from here to Monroe.

Wixom Whisperings.

Mr. and Mrs. B. D. Burch of Detroit were calling on friends Tuesday afternoon.

Genevieve Benton who is staying with Mrs. Mark Severance, was hurt quite badly last Tuesday evening, by being struck by an auto.

The mumps have made their appearance in town and quite a number of the school children are ill.

Benjamin Kison was sick several days last week and unable to be at the elevator.

Mrs. Nettie Martin visited her sister at Northville last Saturday.

F. E. Pearsall's house and the Rattenbury store are receiving a new coat of paint.

Mr. and Mrs. Bernard Kison were at Pontiac Tuesday.

Mr. and Mrs. J. W. Clapp and son, Donald, of Pontiac, were Wixom callers last Wednesday.

Dr. Harry Sibley of Pontiac was called here last Tuesday to see little Clara Anna Bapfield.

The Church Helpers held their regular monthly meeting at the Church parlors Wednesday afternoon. Miss Jennie Davis of Detroit spent the week end with Miss Lucile Bawn.

Vernon Severance has recently purchased of Mrs. R. B. Cummings the five acres just west of the Pearsall (Wixom) house.

Mr. and Mrs. W. W. Ball of Milford spent Sunday afternoon at Mrs. Sarah Patlan's.

The Smith residence just west of town has been sold to Mrs. R. D. Stephens.

Mr. and Mrs. Walter Johnson of Flint were guests at the Oldenburg and Sparks' homes, Sunday.

We are glad to report that all of the sick ones seem to be improving. The men in the neighborhood made a 'Bee' on Wednesday to assist Richard Banfield with his spring crops. The Church Helpers served dinner to the men at the church parlors.

Sunday visitors at W. M. Chambers' were Mr. and Mrs. John Chamber, Mr. and Mrs. George Morris of Detroit and Mr. and Mrs. John Ruggles of Milford.

Mr. and Mrs. Chas. Harmon, Mr. and Mrs. E. A. Mowry and daughter and Mr. and Mrs. F. E. Pearsall were at Pontiac Tuesday evening to hear Dr. Pierce the great Sunday school lecturer.

Mrs. Ella Proud Allen died at her home in Detroit, on April 27th. Funeral services were held at Pontiac last week Wednesday. Mrs. Allen was a sister to the late Charles Proud.

Mr. and Mrs. F. E. Pearsall, Mr. and Mrs. Chas. Harmon, and Rev. and Mrs. H. J. Thibaut were at West Highland last Wednesday evening, to the special meetings, which were being held by Joe Payne, the cowboy evangelist.

The Franklin home talent will present their play, entitled, 'Bashful Mr. Bobbs,' a three-act comedy, at the Wixom Community Hall on Friday evening, May 9. The Michigan Melody Makers will furnish music for the occasion. Admission 20c and 35c.

Word has been received here of the death of Watson A. Sibley at his home in Muskegon. He was a son of Alonzo Sibley and was born near Wixom at Sibley's Corners, May 17th, 1844. He was a brother of Judson Sibley. He has been a druggist in Muskegon which city has been his home since 1867. He leaves a wife, three daughters and one son, all residing in Muskegon.

Happiness and Morality. The more we reflect, the more we find that happiness is exclusively a product of the moral life. Material conditions undoubtedly contribute to it, as rain and fine weather increase the fertility of the soil itself.—Jean Finot.

An Effective Combination. We all need love in our lives, and praise when deserved; yes, and discipline, too. 'How is it that you are so well brought up?' we asked a little girl the other day—the only child of doting parents. Her eyes twinkled and with a demure smile she answered: 'Love and spanks.'—Boston Transcript.

Who Shall Educate Your Youth, Uncle Sam or The Pope of Rome?

The above will be Rev. F. F. DeLong's subject at a mass meeting to be held next Sunday, May 11th, at Farmington, at 3:00 p. m., Eastern Standard time. If the weather is fair the meeting will be held on the grounds of the Town Hall. If stormy, meeting will be held in the hall.

Some facts concerning the speaker. He was born and educated in the Roman Catholic church but for more than twenty years has been a Baptist minister and lecturer. He has held meetings in all parts of this country having spoken for weeks in Chicago, Grand Rapids, Lansing, Flint and many other large cities. Last Sunday he addressed seven thousand people in the little village of Gaines, Mich. This was his second meeting in Gaines within a few weeks.

We recommend him to you as a man of sterling qualities, eloquent, humorous, witty and courageous. He treats all classes of people kindly and courteously but fearlessly and mercilessly exposes hypocrisy and un-Americanism no matter where found.

Come and invite your friends. He will have with him a beautiful little red school house built on a truck.

MELLON TAX PLAN LOSES IN SENATE

DEMOCRATS AND G.O.P. RADICALS PUT THROUGH SUBSTITUTE SIMMONS MEASURE

RATES ON SMALL INCOMES CUT

Bill as Passed by Senate Differs Only in Slight Detail from Longworth House Bill

Washington—A coalition of Democrats and radical Republicans defeated the Mellon income tax rates in the senate and put through the normal and surplus rate on incomes proposed by the Democrats. The new tax reduction proposal, known as the Simmons measure, was introduced by the senate and will pass a tax reduction bill carrying lower rates on small incomes and higher rates on large incomes than Mr. Mellon proposed.

The Simmons, or Democratic, surtaxes with a maximum of 40 per cent were adopted by a vote of 40 to 40. The normal tax rates of 2, 4 and 6 per cent were by a vote of 41 to 41. The Simmons rates, as approved so nearly approximate the Longworth rates of the house bill that there is not likely to be much difficulty in reconciling the differences in conference. The Simmons rates are somewhat below the Longworth rates on incomes below \$50,000 and slightly higher above that point.

While the Simmons maximum is 40 per cent as compared with a maximum of 37.12 per cent in the Longworth plan, the 40 per cent rate does not apply except above \$50,000. In the case of incomes just above \$20,000 at which point the Longworth rates reach their maximum a rate of 33 per cent applies under the Simmons schedule as against 37.12 per cent under the Longworth plan. The Simmons normal tax rate as adopted is two per cent on income up to \$4,000 four per cent on income between \$4,000 and \$8,000 and six per cent on income above \$8,000. The normal rates under the Longworth plan are three per cent on income up to \$4,000, four per cent on income between \$4,000 and \$8,000 and six per cent on income above \$8,000.

NEW POSTAL BILL REPORTED

Substitute Finance Proposes \$320 a Year Pay for Post Workers

Washington—A bill to raise the pay of postal clerks and carriers is recommended by a bill favorably reported by the senate post office committee is a measure for the measure printed by the committee conference.

No change was made in the amount of rural carriers' pay. The committee recommended an increase of 3 cents a day for the delivery of letters. This would be a bonus to the carrier. The standard rate of 10 cents a day and 10 cents a week for the delivery of letters would be increased to 13 cents a day and 13 cents a week. The standard rate of 10 cents a day and 10 cents a week for the delivery of letters would be increased to 13 cents a day and 13 cents a week.

FORD CLOSES KENTUCKY MINES

Attempt of Organizers to Unionize Works Results in Shut-down

Williamson, W. Va.—According to word reaching this city the extensive mining operations in the Pond Creek district of Kentucky, belonging to Henry Ford, have been shut down and will remain inactive until organizers of the United Mine Workers of America leave the district. The Pond Creek district, one of the largest mining centers in this section is on the Kentucky side of the Tug river and was purchased by Ford a few years ago. The mines have always operated on a non-union basis, though the scale of wages was as high as that paid union miners.

Several weeks ago union organizers appeared in the district and opened their campaign to organize the coal diggers and other mine employees.

LIVING LONGER

The difficulty nowadays of getting competent domestic help, the expense and the worry of servants, are causing many women to do their own home work.

There is danger in this condition—danger of premature aging, of loss of health and strength, of shortened life. The obvious and only remedy is the use of electricity for doing the heavier household tasks.

Washing (both clothes and dishes), ironing, sweeping, dusting, can be done by electricity in one-third of the usual time and at a cost of but two or three cents an hour.

MOTHERS' DAY PROCLAMATION

By the Governor

Custom has decreed that once each year a day shall be set apart from all others especially for observance as Mothers' Day. The plan was brought forth so that every person might give more than ordinary attention to Mother, so that we might show to her our deepest appreciation of her sacrifice, devotion, guidance and loving care.

In the rush and swirl of present day affairs and business one is inclined to forget for the moment the determination of Mother that we should have the blessings of life that she did not enjoy, and that to bring about the realization of her ambition it deprived her of the very happiness she sought to bestow upon us. It has been this motherhood ideal that has raised the standard of American citizenship to its present exalted plane.

In every home, no matter how elegant or humble, that same mother devotion and sacrifice has always existed and always will. If mother love ruled the world there would be no conflicts, no destruction of human life because of greed, no sorrow because of unrighteous designs.

Every day should be Mothers' Day with possibly a little greater manifestation upon Mothers' Day of our appreciation because of her sacrifice and devotion.

And let absent sons and daughters take this occasion to visit the mother in the old home, or, where such a visit is impossible, let them send a message of cheer and greeting.

LEGION TO STAGE A REAL PROLOGUE

On Wednesday evening next at the Alseum Theatre the members of the

Lloyd H. Green Post, American Legion, will present an entertainment that will delight all who are fortunate enough to secure their tickets early. The Legion has given an entertainment each year and the Alseum has not been large enough to accommodate all who desired to attend. The first night and this year will, doubtless, be no exception.

The first part of the entertainment will be in black face and a whole lot of the best singers in town will do a burnt cork complexion, while the second part will be a side splitting musical comedy entitled "The Corner Drug Store." You may think you can imagine the fun that centers about a corner drug store, but your imagination will fail you in this. You must see this piece presented by the Legion to fully appreciate all the situations.

There will be snappy choruses well rendered, solos, side splitting jokes and a "frolic" you will not soon forget. Get your tickets early.

Northville School Notes.

The Northville High school has again been honored by the University of Michigan in being placed on its accredited list. Only schools that meet the rigid requirements of the University are recognized. Many factors are taken into consideration in the inspection of the school. A few are hereby enumerated: Qualifications of every teacher, success of graduates at the U of M—standard of work done by the school, proper equipment, sanitary conditions, correct course of study, and the general tone of the school system. A survey made by the University of Michigan shows that the graduates of the Northville High school are able to do satisfactory work at that institution.

Acting in co-operation with the superintendent of schools of Northville the Michigan Dept. of Health is sending letters to the fathers and mothers of Northville telling them of the new iodine salt for the prevention of goitre. The statement is made that nearly 50% of school children in Michigan are subject to goitre due to the lack of iodine in the food and water. The use of this iodine salt which is now on the market will prevent goitre and greatly help those presently afflicted.

Thursday of this week a general interclass tournament and track meet was held at the fair grounds. The meet was held in preparation for the big field meet which will be held at Northville on June 6 in which all of the schools of the County League will take part. This will be a big day for Northville as all of the schools of Plymouth, Northville, Farmington, Redford, Wayne and Dearborn will be closed for the event. Over one hundred athletes from these various schools will take part. We are expecting over two thousand spectators.

The eighth grade civics class accompanied by Mrs. Cooke spent Thursday in Detroit observing the workings of the court. Mr. Safford took the group around to the various places of interest and the class received instructions in a practical way. We are very much indebted to Mr. Safford for his kindness and help.

The botany and zoology classes accompanied by Mrs. Cooke recently made a field trip to Milford for the purpose of visiting and observing the Heron nesting. This is the only place in Michigan where these birds make their nest. The birds stand

four feet high and forty-two to fifty inches wing spread. There are about 180 nests in these woods.

Novi News.

Master George Mairs celebrated his 12th birthday last Monday. He received a number of pretty gifts from relatives and friends.

Miss Zella Myers of Royal Oak and Miss Helen Traynor of Ferndale were guests of Miss Papineau over the week-end. Miss Papineau gave a party in honor of her guests on Saturday night, fifteen guests being present. The Michigan Melody Makers furnished music for the happy affair. Games were played and a dainty lunch was served. A very pleasant evening was spent by the young people.

Miss Josephine Papineau, teacher of the West Novi school, is deserving of a great deal of praise for her efforts in providing the school with a number of needed articles. During the past few months they have added a handsome new eight foot flag, a large picture, a pencil sharpener, a foot ball, and a volley ball. The money for these was raised by the children of the school, under the direction of their efficient teacher, selling lead pencils.

Mr. and Mrs. R. D. Stephens have sold their 200 acre farm in Lyon township to Detroit parties, and have purchased the H. A. Smith home in Wyom., where they will soon move. They have many warm friends in Novi and Lyon townships, who wish them success and happiness in their new home. Mr. Stephens has been a very successful farmer. He owned and raised the only pure bred Atwood American Merino sheep in the United States and has been in the sheep industry for the past 50 years.

The members of the Extension club, under the direction of Prof. M. S. Pittman of Ypsilanti, held their last meeting of the year at Walled Lake last Saturday, and Miss Josephine Papineau of this place was chairman of the meeting. Class was held during the morning as usual and the afternoon was given over to a program. The pot-luck luncheon served at the High school consisted of fried chicken, potato salad, sandwiches, cake, cookies, fruit, chocolate. The following program was given:

Piano Duet, Blanche Sturman and Verna Bogart.

Piano Solo, Marion Hamilton.

Horn Solo, "The Rosary," Josephine Papineau.

Song, Blanche Sturman.

Poem, Esther Peters.

Talk to class, Prof. M. M. Putman.

Song, "Yes, We Love Dr. Pittman," written and led by J. Papineau.
