### EDWARD C. HOLMES DIED IN NOV MONDAY.

Edward C. Holmes, for many years a farmer and stock buyer in Novi township, died at his home Monday morning, after an illness of about three months. But few men in Novi township were better acquainted than was Mr. Holmes because his activities as a buyer of live stock brought him in almost daily touch with a great many people. He was fair and honorable in his dealings and enjoyed the confidence of those with whom he had business relations for many years.

The deceased was born in Commerce township January 6th, 1850, and thus his whole life had been spent in the community where he resided when the death messenger came. His wife died sixteen years ago, but he had five children to comfort him in his declining years. They are Sidney Holmes, Mrs. Myra Everett, Mrs. Geo. Glason, Charles Holmes and William Holmes.

Funeral services were held at his late home on Wednesday forenoon and were conducted by Rev. S. A. Dyer of Farmington. Burial took place at the Walled Lake cemetery.

### TO FORM SAFETY DRIVERS' CLUB.

At Wednesday's meeting of the Exchange club Executive Secretary Goldie of the Detroit Safety Council, was the speaker and he gave a very interesting talk regarding safety in the factory, in the home and upon the streets, speaking more especially of the automobile traffic. He explained the purpose of the present safety drive being conducted in Wayne county and urged all to become interested in the movement. Deputy Sheriff Van Schoock of Belleville, who has charge of the safety movement in the county, outside of the city, also told the club members of the plans for organizing in every community safety drivers' clubs for the purpose of having in each section a group of people who will assist in making our streets and highways safe.

At the meeting of the club next Wednesday noon a club of that character will be formed.

### PERRIN-ANDERSON.

Elmer E. Perrin and Miss Christine Anderson were united in marriage at the home of Mr. Perrin on South Center street Wednesday morning. Rev. F. P. Knowles of the Presbyterian church performing the ceremony in the presence of a few relatives of the contracting parties. Mr. and Mrs. Perrin left immediately after the ceremony for Detroit and they will spend a few days at Niagara Falls, Buffalo and Cleveland before returning to Northville, where they will reside. Mr. Perrin is one of Northville's progressive and enterprising young business men and many friends in this community will wish his great happiness. He has a pretty home all furnished for his bride and both bride and groom are to be congratulated upon their good fortune.

### FORMER PASTOR GAVE INSPIRING SERMON.

Rev. James E. Jacklin, a former pastor of the Methodist church, conducted the service Sunday morning for Mr. Richards. His subject was the "Marks of a Christian," and he used Paul's assertion that he bore the marks of Christ in his body. Some of the marks which he pointed out were right conduct in one's dealings and attitudes, alliance with all good causes, whether religious, political or material, the faith that at the very heart of all things is God and that one must love not effusively but substantially and for the welfare of one's brother man. Such tests tell whether folks really are Christians.

### NORTHVILLE HAS NO BETTER BOOSTER.

James Huff, assistant manager of the Bell Furnace & Mfg. Co. of Northville, was in town Wednesday and made a brief call on local business men of old acquaintance. Mr. Huff conducts a hardware business and was president of the Northville Fair association for four years and makes himself generally busy in the welfare of his town.—Milford Times

No one in Northville gives more of his time willingly and without reserve to the community than does Mr. Huff and this has been characteristic of him for many years. He is never too busy to render a service in behalf of the community he delights to call his home.

Mrs. W. H. White, Sr., underwent an operation at Harper hospital, Detroit, last week and is getting along nicely at the present time.

### DIED WHILE BEING RUSHED TO PHYSICIAN.

Elmer J. Seger, a resident of Salem township, died while he was being brought to a physician in this village last Thursday night. He has suffered bad heart attacks for some time past, and when he was again afflicted asked to be taken to his doctor, and Ed Young endeavored to render that service, but the unfortunate man died before he reached the village. The remains were taken to Schrader Brothers' funeral chapel where they were prepared for burial.

The deceased was born in Redford township May 19th, 1866 and his whole life had been spent in this section of the state. Burial took place at the Thayer cemetery on Sunday afternoon, Rev. Stroh officiating at the funeral, which was held at the home of the deceased in Salem, where he had lived alone since the death of his wife some years ago.

Justice G. H. Baker conducted an inquest and after hearing the testimony presented and viewing the remains the jury returned a verdict that death was due to natural causes.

### CLEAN-UP WEEK NEXT WEEK.

The village council and the village health department has designated next week—from Monday morning until Friday night—as clean-up week in Northville and the co-operation of all citizens is urged. Rubbish placed in boxes or barrels at the curbs will be carted away free of charge. This does not mean your ashes—but rubbish, such as accumulates about the home during the year, and especially the winter months. Let's do a thorough job of cleaning this year. Remove everything that is unsightly about your premises. If you have an old ram shack of a building that is of no use, tear it down and clean up the ground it occupies. Clean the front yard and the back yard, the cellar and the garret. Place all the rubbish at the curb to be carted away by the village.

### UNCOVERED A BAD NEST.

At the request of Mrs. Peter Keller officers visited the home of Peter Wall, last Thursday night and uncovered a bad nest of booze fighters. Besides Wall, who has been under suspicion for a long time, officers found Keller, Baragy Roach and Claude Van Valkenburg, all of whom were placed under arrest charged with being drunk and disorderly. Keller and Van Valkenburg pleaded guilty when arraigned, while Wall and Roach demanded a trial by jury. The date for the trial was set for Monday afternoon, but it was postponed until this afternoon.

Owing to the needs of his family Keller was permitted to go his way. On the testimony of Van Valkenburg officers visited Chas. McGee's home in Redford and secured 65 quarts of booze in the garage on the premises. McGee was turned over to the Redford police officers.

### LEGION. FROLICS TO BE REPEATFO.

Owing to the fact that a great many people were disappointed in being unable to secure tickets for the first performance of the Legion Frolics, given at the Alseium Theatre on Wednesday evening, the entertainment will be repeated this Friday evening at eight o'clock.

The show is snappy and full of fun and merriment and you will enjoy the "frolic." The songs are well given; the chorus is above the average and the end men are all that you would expect.

Get your tickets early this morning so you will not be disappointed again.

### MOTORCYCLE RACES FOR NORTHVILLE.

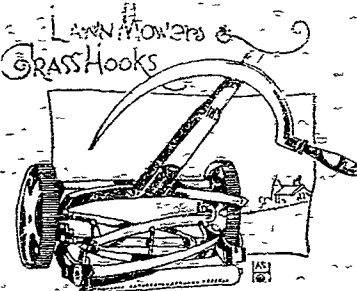

The ten mile Michigan state championship motorcycle race will be staged at the fair grounds in this village on Friday afternoon, May 30th. In addition to this classic there will be eight other races and the total number of entries now exceeds forty, insuring a large field of flyers in the several events. In addition to the races there will be motorcycle broad jump and a motorcycle polo game, which will create a great deal of merriment and not a little excitement. The first race will start at 2:30.

Mother's Day was fittingly observed in all the churches of Northville last Sunday. In spite of the rain good congregations gathered at all of the churches and the services throughout were in keeping with the occasion. The floral decorations were profuse and beautiful.

### LOCAL UNIVERSITY WOMEN WILL HELP THE LEAGUE FUND.

Ten of Northville's University of Michigan women met at the parlors of the Presbyterian church last Saturday in keeping with the plans adopted and enjoyed a six o'clock dinner. During the serving of the very bountiful repast plans for helping to swell the fund for the erection of the Woman's League building at Ann Arbor were discussed and ways and means of raising the funds were considered. The women graduates of the institution have been asked to contribute or raise the sum of \$207.00 each, which amount will entitle them to a life membership. One-half of this amount was pledged at the meeting and during the next three years—that being the period allowed for the payment of the pledges—the little group of Northville women hope to raise the balance of their quota.

Through the kindness of Waldo Elliott a radio set was placed in the parlors and the address given by President Marion LeRoy Burton of the University at a dinner of university women held at the Hotel Statler in Detroit was broadcast. An audience of more than 1,000 greeted the popular president as he arose to speak and his address met with enthusiastic applause.

The Michigan League building is our most pressing need not for the women only but for the University as a whole, and that need is bound up with the whole tangled problem of changing social and moral standards.

We needn't stop here to discuss the wisdom of these changes," Dr. Burton said. "They are upon us. It only behooves a wise generation to make ample provision in material ways for wholesome social life. The Michigan League building is indispensable in such a program."

"Women today learn to work in groups," he continued. "One of our most serious obligations in all education lies here. Michigan women have capabilities of the highest order as evidenced by their achievements in many fields of endeavor but one-half of our women graduates are unknown to us and the other half are not well known to one another. We have lost notably in prestige just because of these conditions. Can they not be traced to a loss of group life for our women during student days?"

Women have an unquestioned place in the University when their own group life, training and equipment command respect and merit. The women need a Michigan League building precisely as the men need a hall for their group life.

The life of our women students has little to do with the world's problems. Harsh and sprawling you cannot create and maintain wholesome goals and standards with 1,200 women living in 27 different places and no adequate central focus for their life.

**AMERICAN LEGION WILL DIRECT MEMORIAL DAY ACTIVITIES.**

With plans for Memorial Day are being made by the American Legion in Northville. The day 200 Centennial Day is being celebrated.

We shall offer to cooperate with all other organizations and committees to make this Memorial Day worthy of its solemn purposes," said the commander. "The dead of all wars are equally the objects of our affection and avenging especially on that day."

In the five years since the veterans of the Great War came home we have had several of our comrades answer the final roll-call. With the G. A. R. and the Spanish American war veterans we shall honor these men who gave their lives for their country.

All over the state the American Legion is growing as never before. "This is the organization's answer to the repeated reports, circulated by its opponents, that it was declining in power and membership. From all accounts the Legion in Michigan will show a most substantial gain in membership in 1924 over the 1923 figures."

Our own Post will do its share by conducting in May an intensive drive for members. We invite every veteran in this community to join with us in the observance of Memorial Day, and to join our ranks so that he may be 100% active in all the proper activities of the Legion.

"The Legion intends keeping up its fight for the proper treatment of disabled and deceased veterans. There is no official state or national, whom the Legion is allied to tackle in its demand that better care be provided for these men."

### DEMOLAY BOYS ROYALLY ENTERTAINED AT GRAND RAPIDS.

Northville's delegation of young men, members of Fellowship Chapter, Order DeMolay, returned home Saturday night and Sunday from the annual convention of the order held in Grand Rapids last Friday and Saturday, all enthusiastic in their praise of Grand Rapids citizens in general, but especially the boys of the DeMolay and the members of the Masonic fraternity who contributed so much to make the gathering a success. More than one thousand young men from various parts of the state attended the two days meeting and it would be difficult indeed to gather anywhere a finer looking crowd of young fellows than Grand Rapids people had the pleasure of entertaining. Friday afternoon was given over to registering the visiting members and assigning them to hotels or private homes about the city. The Grand Chapter convened at 2 p. m. when an interesting program was given, consisting of an address of welcome, an appropriate response. At 5:30 the merry company gathered at the ball room in the Handsome Masonic temple, where a banquet was served. At the conclusion of the bountiful repast a very interesting program was given consisting of instrumental and vocal music, community singing and "yells." The address of the evening was given by A. P. Johnson of Grand Rapids, one of Michigan's most able and convincing speakers. His subject was "What Is There For Me To Do," and his remarks made a deep impression on the young men seated about the banquet tables. In the evening at 7:30 there was a degree work.

Saturday forenoon was given over to group meetings for the various officers and free entertainment at the Majestic Theatre. At noon a banquet was served with good music and some inspiring addresses. George King Phillips gave a talk on his visit to the shrine of DeMolay. In the afternoon the members of the convention gathered for a photograph and then marched from the temple to the city hall where they were cordially greeted by Mayor Swartout. In the afternoon the election of officers took place and Lansing was chosen as the place of meeting next year.

In the midst of the convention activities the following sentiment regarding Mother's Day was presented:

"Brothers let us pause for a moment from the activities of the convention and think of Sunday, May 11, which is being observed as Mother's Day in the state of Michigan."

All DeMolays this day should be as dear as the mothers of our childhood. Let us all be the teaching of respect and courtesy to our mothers. Too little do we realize the great sacrifices made by our mothers for us; too many hard ships and tears of worry spent on us in order that we might grow up into men who would help make this world better. Each mother in a small degree has carried out and taught to us the seven cardinal principles of our order and it is to her that we should owe our good character. Let us all be so wonderful in deed.

Let us as we stand here tonight, convention night, that great day of kindness and good appreciation that which will be for more appreciated and loved. It would bring far more joy to her heart would be the earnest striving of each one of us to carry out the seven cardinal virtues of DeMolay that we might repay in a small degree the many trials and tribulations she has undergone for us."

The order is growing by leaps and bounds throughout Michigan and a fine lot of young men are being enrolled as members.

## Profit to the Buyer

It Is Bound Up in the Finer Quality of Hupmobile Parts

Hupmobile could not use materials less fine—and still be Hupmobile.

For the very heart and soul of Hupmobile success is the way it stands up—year after year—at astonishing low cost.

Let it try to cheapen any of its finely built parts and it would at once lose that superiority. So in the end, it would not profit the buyer.

The motor car question, as we see it, comes down to this:

The buyer can pay the Hupmobile price, safe in the assurance that a higher price cannot bring him anything higher than the Hupmobile in honest quality.

Or, he can pay less and content himself with less than Hupmobile quality and satisfaction.

It will cost you nothing but the time you put in, to come in and see Hupmobile quality with your own eyes, as shown by our Parts Display.

## SENATE TAX BILL PASSED 69 TO 15

PROVIDES FOR REDUCTION OF  
25 PER CENT ON INCOMES  
PAYABLE THIS YEAR.

MELLON PLAN IS IGNORED

Conference to Adjust Differences of  
House and Senate Bills—  
G. O. P. Leaders Ask Veto.

Washington—Stripped almost of every vestige of the Mellon plan and clothed in the Democratic program, the tax reduction bill was passed by the Senate, 69 to 15.

As a result, it went to conference for adjustment of differences with the House with its life at stake. Republican organization leaders in the Senate frankly admitted they would recommend veto of the measure by President Coolidge if it was transformed by the conference.

Important provisions in which the House and Senate are in practical agreement are:

A cut of 25 per cent on all income taxes payable this year.

Reduction of 25 per cent on earned incomes. The House set \$20,000 as the maximum to which this cut could be applied, and the Senate reduced it to \$10,000.

Reductions in many of the miscellaneous and excise taxes and repeal of a number of them. The excise rate changes effective 30 days after enactment of the bill.

These excise taxes ordered repealed by both the House and Senate and the amount of revenue involved are:

Telegraph and telephone messages, \$4,000,000; beverages, \$10,000,000; candy, \$13,000,000; knives, dirks and daggers, \$30,000; liveries, \$14,000; hunting, shooting and riding gear, \$180,000; yachts and motor boats (sale), \$319,000; carpets, rugs etc., \$1,800,000; theatres, circuses shows (door tax), \$1,600,000; drafts and promissory notes, \$215,000.

Both the Senate and the House agreed to the following excise tax reductions:

Exempt theater admission of 50 cents and under from 10 per cent tax loss of revenue, \$33,000,000; cut in half five per cent tax on automobile tires and tubes, loss of revenue, \$21,600,000; exempted automobile trucks, chassis of which sell for less than \$1,000, loss of revenue, \$5,000,000; cut in half tax on produce exchange sales, loss of revenue, \$4,000,000.

The contest in the conference on the income tax schedule is principally a fight to put a party label on the provision. These rates vary only slightly, but the Democrats obtained credit for the schedule adopted by the Senate while the House plan was adopted by a strictly Republican vote.

The normal rates in the Senate bill are two per cent on incomes under \$4,000, four per cent on incomes between \$4,000 and \$8,000, and six per cent above \$8,000. The House provided similar rates except five per cent on incomes between \$4,000 and \$8,000.

On surtaxes, the House voted for a flat 25 per cent cut in existing rates, making the maximum 37 1/2 per cent on incomes more than \$200,000. The minimum rate would be made 11 1/2 per cent on incomes of \$10,000.

### PARISH SCHOOL VOTE ORDERED

Supreme Court Rules Bill Must Be Put on Ballot.

Lansing—The anti-parochial school amendment requiring children to attend the public schools from the ages of 5 to 16, will go on the election ballot next November, as a result of the supreme court's ruling.

By a vote of 5 to 3, the court granted James Hamilton a writ of mandamus to compel Secretary of State DeLand to put the proposed amendment on the ballot.

The majority opinion knocks out the Farrier law passed at the last regular session. The Farrier law would require filing of affidavits to show standing of organizations initiating new legislation before the state would accept petitions.

Although the amendment, if passed, will abolish all private and denominational schools, it is particularly aimed to do away with parochial schools of the state. A similar amendment was defeated some few years ago.

### BOY SHOT DEAD AT EXPOSITION

Was Inspecting Machine Gun Exhibit At State Industrial Show.

Detroit—Abe Ravitz, 13 years old, was shot in the right hip by a bullet from a machine gun while inspecting the exhibit of Battery F, 132nd Artillery regiment, Michigan National Guard, at the Michigan Industrial Exposition, at Convention hall, and died ten minutes later while being rushed to a hospital.

Sergeant Fred Armstrong, who was in charge of the exhibit, says the gun was not loaded and said he believed one of the boys in the party near the gun might have slipped a bullet into the gun belt, and that this bullet slipped into the breach when the trigger was pulled several times.

### LEGHORNS LEAD STATE EGG-LAYING CONTEST.

The halfway point in this year's International Egg Laying contest at the Michigan Agricultural college finds White Leghorns well in the lead among the different breeds, and Michigan pens topping the competition in all breeds.

W. C. Eckard of Paw Paw, Van Buren county agricultural agent, holds high honors among all entrants for the first half of the year. Eckard not only has the high pen in the contest, Leghorns with a total of 1,282 eggs for the six months; but he also has the second high pen, another group of ten Leghorns with a production mark of 1,180 eggs for the same period.

L. F. Heasley of Dorris, Michigan, owns the third place pen. Mr. Heasley's Leghorns have a mark of 1,173 eggs, only seven behind Eckard's second placers.

High pen among White Wyandottes is entered by the Evergreen Poultry Farm of Greenville (1,042 eggs for the six months). The Milan Hatchery of Milan, stands first in Rhode Island Reds (1,015 eggs for the ten birds in the six months period). J. V. Sheap of Owosso, tops the Rocks. C. M. Beckwith of Orionville, is first in Anconas; and Lindsley Brothers of Saline, lead in miscellaneous breeds. There are 109 pens of ten birds each in the International test, which is now in its second year. Total production for the first half of this year exceeds last year's record by more than 3,000 eggs.

### "GIVE AND TAKE" AT GARRICK THEATRE.

To the Garrick theatre beginning Sunday, May 18, and for the week, with matinees on Wednesday and Saturday, come two of America's representative and most distinguished character comedians in the personages of Louis Mann and George Sidney co-starring in Aaron Hoffman's clever comedy creation, which the author chooses to style "Give and Take." This play with its theme of capital against labor has enjoyed long and extended runs at two New York theatres—the Central and Forty-Ninth Street theatre—a most successful stay at the Adelphi theatre, Philadelphia, and comes to Detroit almost directly from a four months' phenomenal engagement at the LaSalle theatre, Chicago. Local theatre-goers are promised in this engagement a genuine comedy treat. Hoffman has to his credit many laughable successes, being pleasantly remembered by his "Welcome Stranger" in which George Sidney was seen as a star two years ago, while as co-author with Louis Shipman in "Friendly Enemies" starring Louis Mann this clever author gained much fame and strengthened his bank account by huge royalties. However, it is said that in "Give and Take" he has done his best work and given to both Mr. Mann and Mr. Sidney parts which are exactly suited to their individual and particular talents.

### RECOMMEND SOY BEANS FOR SPRING HAY CROP.

Soy beans are being recognized as one of the best "short-season" hay crops available for Michigan farmers, specialists at the Michigan Agricultural college recommending them to those who must plant this spring and secure a satisfactory crop soon.

An instance where soy beans are one of the best crops the farmer can plant," says H. C. Rather, extension man in farm crops at M. A. C., "is the case where clover seedlings have failed to come through the winter. Under these circumstances soy fits in splendidly."

Planted at, or just after, corn planting time, soy beans will give a good yield of high protein hay, comparable to alfalfa in the feeding value. If the land is reasonably free of weeds, a more satisfactory crop will be secured by drying the seed in 28 inch rows, using about 35 pounds of seed per acre and giving the crop about the same cultivation you would give navy beans.

### OAKLAND COUNTY TO BUILD NEW INFIRMARY.

The special building committee of the board of supervisors of which Isaac Bond of Farmington, is a member, will visit eastern cities for the purpose of inspecting infirmaries with a view to getting ideas for the construction of a new county infirmary at Pontiac, authorized by Oakland county electors in April. It is the purpose of the board to build this year. The date of the junketing trip has not yet been fixed.—Farmington Enterprise.

### The Aristocrat

She was evidently a lady of importance. First the usher had to arrange the chairs in the box and when this stir had attracted the attention of the house she made her grand entry. A little later another usher entered the box and handed her a message. So she looked around. There was no doubt about it, the eyes of the audience were on her. Whereupon she proceeded to adjust her lorgnette and read the message. It said: "Please remove your hat."

## It's easier to keep youth than to regain it

Human nature is sometimes hard to understand.

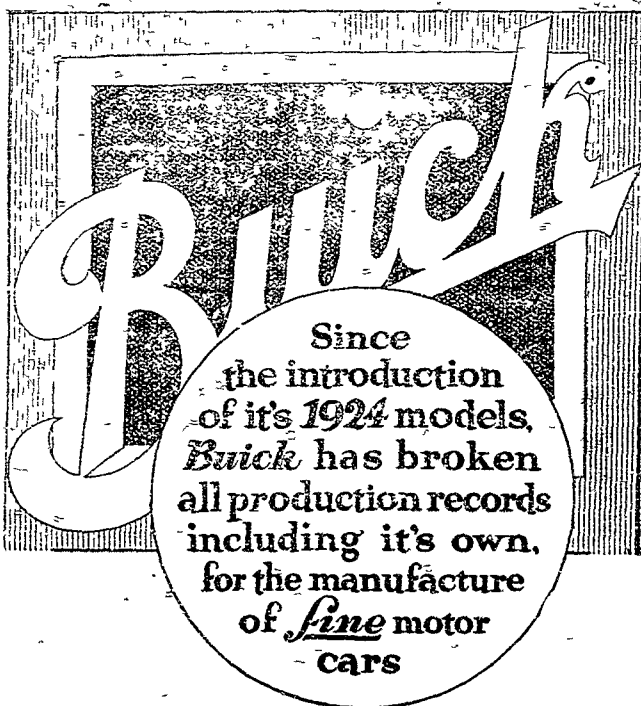

For instance, why do women spend the first half of their life doing their own washing and ironing, wasting youth and beauty in the hardest work a woman has to do?

—And then spend the remaining years trying to regain what should have been preserved?

Why not send your washing to a good laundry, which will do this work for you carefully and at reasonable prices? Just try.

Leave your bundles at the Northville Fashion Shop, North Center Street. We gather work twice a week—Tuesday and Fridays.

**COUNTY SAFETY DRIVE NOW IN FULL SWING.**

Wayne county's thirty-day safety campaign was open at Flat Rock last evening and will be pushed with much vigor and enthusiasm. The drive is under the personal supervision of Leon J. VanSoick, a member of Sheriff George A. Walters' staff, and who has been assigned to this work permanently. The county has been divided into four sections, and each section will hold a seven-day celebration with all the safety leaders of the other sections participating in the ceremonies. The county has been divided as follows:

First Section—Dearborn, Wayne, Romulus, Flat Rock, Rockwood, Belleville, Detroit, New Boston, Sheldon, Willow and Wixom.

Second Section—Plymouth, Northville and Newburg.

Third Section—Farmington, Highland Park, Grosse Pointe, Grosse Pointe Park, Grosse Pointe Farms, Grosse Pointe Shores, Redford, Stratmore and Greenfield.

Section Four—River Rouge, Ecorse, Springwells, Trenton, Suber, River View, Lincoln Park and Grosse Ile.

Northville's week, or rather, the week assigned for the celebration in section two, will be from May 23rd to May 30th, and it is hoped all citizens will co-operate in the movement. President Chas. A. Dolph, who is chairman of the local committee, has appointed E. L. Smith, A. C. Schrader, C. R. Elz, W. J. Thompson and E. E. Brown to assist in directing the drive in this community.

The slogan selected for this year is "S O S—Safety or Sorrow," and the number of accidents and deaths that are being reported every week throughout the city and country districts make it imperative that the public become aroused over this great loss in life. The county drives will be followed by a big safety pageant to be held in Detroit on June 15th. Many of the accidents that occur around the suburbs are the result of automobiles being driven carelessly upon the part of those who cross our streets on a daily basis. A spirit of co-operation will prevent a large number of accidents and deaths.

**BASE BALL SEASON TO OPEN TODAY.**

On Sunday next the base ball season will be formally opened at Northville when the Pioneers team will meet the Windsor Beavers. A week from Sunday Northville will play at Wayne. Local ball fans are promised a good team this season and they will appreciate the support and co-operation of the public.

All the old time fans are urged to be in their places Sunday afternoon at three o'clock.

**W. C. T. U. NOTES.**

The W. C. T. U. met at the home of Mrs. John F. Brown at Denlap street on Wednesday at 2:30. A good attendance was reported and all the members met in person. Mrs. Brown was present and Mrs. Brown is expected to be present at the next meeting.

**LOCAL.**

It rained some here Tuesday but all through the eastern states they had a flood. Northville is a pretty good place after all.

Robert Perry and Miss Lenore Westlake of Redford were united in marriage by Rev. A. K. MacRae at the Baptist parsonage in this village last Saturday night.

Mrs. Charles Cadwell left Northville Tuesday for Pasadena, Calif., where she expects to make her future home. She will be located at the present at 477 Highland avenue.

Mr. and Mrs. George Hunt (Ida Morris), who have been spending the winter in California, expect to leave for Michigan next Monday, coming by way of Yellowstone Park.

Messrs. C. R. VanValkenburg and C. R. Horton were in Detroit Monday night when Mr. Horton received the past masters' degree, being one of a class of twenty-four among whom were many grand lodge officers.

Next Monday afternoon Kismet Lodge of Highland Park will pay a fraternal visit to Northville Lodge, F. & A. M. There will be work in the afternoon at 4:30, dinner at 6:30, and then more work to follow. The visitors will confer the second degree in long form.

"The White Sister," the picture which will be shown at the Alseum theatre on Sunday and Monday night, is a wonderful portrayal of loyalty and devotion. Mr. Thompson is to be commended for securing pictures of this character for his patrons, though they are pretty expensive for small town play houses.

**PRESBYTERIAN CHURCH NOTES.**

The Detroit council of churches are putting on a "Go-to-Church" campaign with the slogan—"The Church First—God's Great Outdoors Affair." Mr. A. C. Graham will speak in our pulpit Sunday morning at 10:30. In the evening at 7:30 the pastor will speak. Subject, "Jeremiah, a Character Study."

The Sunday school orchestra will be organized to assist with the music.

Thursday evening study, Jesus and the Young Ruler.

**BAPTIST CHURCH NOTES.**

The Baptist get-together meeting last Friday evening was a big success in every way. The ladies were in charge and of course gave us a fine program and the refreshments were likewise good. It was a mothers' and daughters' program but every man in the room enjoyed it. These monthly get-together meetings are growing in attendance and interest. The Wayne Association Missionary rally which was held in the church Thursday was an inspiration to all of us.

The subject of the prayer meeting next Thursday will be "The Parable of the Mustard Seed." Read Matt. 13.

**ST. PAUL'S LUTHERAN CHURCH.**

Next Sunday German service at 10:30 a. m. Theme of sermon—"The Conclusion of the Lord's Prayer." Tonight, (Friday) social evening of P. P. society.

Next Tuesday Pastor Eissfeldt will leave for Frankfort, to attend the annual convention of the Michigan district of the Lutheran Missouri synod. Wm. Miller will also attend as lay delegate of the congregation. There will be no services on May 25th. The Lutheran Missouri synod now comprises 27 districts in the United States, Canada and South America and numbers 1,042,000 souls. It was founded by 22 pastors and 12 congregations 77 years ago.

**METHODIST CHURCH NOTES.**

The Woman's Missionary society will meet with Mrs. Safford next Wednesday afternoon at 2:00.

Next Sunday morning we are to have with us the Rev. Herbert Rood of Chicago. Mr. Rood is a powerful speaker and everybody will be interested if they will listen to him. It is the Anti-Saloon League held day. Saloonkeepers will be taken for the cause.

In the evening at 7:30 there will be a wonderful tug by girls and picture given by Floyd Lanning. Floyd is one of the promising young men of our church and will be quite capable to take the audience through South America with seventy-eight beautiful color slides showing the cities as well as the splendid country. Let all be present and enjoy an educational time.

The pastor will be able to resume his on his God-willing the following Sunday. I want to express my deep gratitude to a multitude of friends who so kindly thought of me during the days of sorrow. There are no numbers to make individual gifts. I only trust I describe it. The kind expressions of the various societies in our community will long be remembered. The fraternal evidence of the Baptist church with flowers and Brother Knowles for his kind offer to supply a service in my church. God bless you all. Above all am thankful for a good Providence in restoration.

**LEGION MINSTRELS PLEASED LARGE CROWD.**

The minstrel show and frolic given under the auspices of the American Legion at the Alseum theatre on Wednesday night drew a capacity crowd and all present were pleased. The music was catchy, the solos were well given and the choruses went off with a dash and spirit that was very pleasing, while the work of the orchestra was given generous applause. The performance will be repeated tonight.

**YOU CANNOT STEAL FIRST BASE**

The batter knows he must "hit where they ain't" or beat a throw from the field to the first baseman.

The first base in human life is dependence on God. You cannot steal it. You must earn by daily practice.

Rezekiah, the King and Isaiah, the prophet, those worthy men of ancient Hebrew fame, were well acquainted with the rules of the game.

Again and again it had been proven to the Hebrews that God meant what He said—that He wanted them to believe in Him—that He was anxious to have one people who would trust their affairs to His guidance wholly.

Some of the "brushers" whom the nation tried out as leaders were failures and weakened the faith of the people that they lost their penant and chance.

Isiah scouted for men who would help the nation to keep in the race—who could try to get to first base—who would do team work—who knew how to have faith and to use it.

Come and have a part in the story of two brilliant men.

## There Are A Good Many Reasons For Buying Coal Now

Demand for fuel is not so great as it is in winter time, consequently delivery can be made on any kind you prefer. Coal men in making their purchases, order in quantities which they deem sufficient to take care of the demand, but at times the quantity is not large enough. So when mid-winter comes it is necessary to order again and in many cases quality coal cannot be obtained and the customer gets an inferior article through no fault of the dealer.

Spring and summer delivery cannot only be made on a better grade of coal, but all of the inconvenience to the customer of winter delivery, such as being unable to wet down the fuel to keep down the dust, and the annoyance of waiting for coal when you are down to your last half ton, can be avoided.

### LOST FLIERS ARE FOUND

Plane Wrecked—But Men Unhurt When They Hit Mountain in Fog.

Cordova, Alaska—Miraculously escaping death after crashing against a mountain peak in a fog and completely wrecking the former bag plane Seattle, one of four United States army globe encircling air cruises, Major Frederick J. Martin and his mechanic, Staff Sergeant Alva L. Harvey, reported at Port Moller, 100 miles west of Chignik, Alaska, on the Alaska Peninsula, according to a wireless message received here.

The two American aviators, who escaped unhurt from their splintered plane on the mountainside, were forced down shortly before noon April 20. They rescued a few of their records and food rations from the debris and started on a long tramp down the mountainside toward the north Pacific ocean shore line. The discovery of Major Martin's location ended an intensive search of every agency at the command of the government.

### INTERURBAN CAR KILLS TWO

Four Others Seriously Injured When Auto Is Smashed.

Marine City, Mich.—Two persons were killed instantly and four others suffered serious injuries when a D. U. R. limited, crashed into an automobile at Smith's crossing near here. The dead are Henry Osterland, 40 years old, of Starville, and Minnie Osterland, his wife, 33 years old.

The injured Lawrence Osterland, their 15-year-old son, badly crushed; Norma Laboon, 27 years old, neighbor of the Osterlands, badly crushed; Viola Hill, 15 years old, hurled 20 feet onto the pavement; Evelyn Hill, 12 years old, badly crushed. Laboon, at the wheel of the machine apparently failed to hear the interurban's whistle. One eye witness said they were blinded by the lights of an approaching automobile and failed to notice the interurban headlight.

### BOY RESCUED FROM QUICKSAND

Was Slowly Sinking Into Pocket of Abandoned Sewer Ditch.

Trot—Barred in quicksand to his knees for more than half an hour and slowly sinking, 7-year-old Donald Poulton of Ferndale, a suburb of Detroit, was rescued from death in a sewer a short distance from his home. Two women in the neighborhood heard screams and investigated. When their combined efforts failed to pull the boy from his position they scooped the sand out with their hands and dragged him to safety.

Work on the trench was abandoned by workers several days ago when they ran into the quicksand pocket which extends along LeRoy street, west of Woodward for almost a hundred feet.

### CALIFORNIA IS FOR COOLIDGE

President Beats Johnson in Own State With 66,000 Plurality.

San Francisco—Returns from the Presidential preference primary in California gave President Coolidge a plurality of nearly 60,000 over Hiram Johnson, defeating the senator in his home state.

William G. McAdoo received an overwhelming majority for the state's indorsement as the Democratic candidate. A "no preference" delegation which opposed him received about a tenth of the Democratic vote.

### New York 20th Century Kills Eight.

Amsterdam, N. Y.—The Twentieth Century Limited, New York to Buffalo, on the New York Central railroad, struck an automobile at a crossing east of this city, killing eight persons. John M. S. Acee of Amsterdam, clothing store proprietor, his wife, three children and sister-in-law were among those killed. Two other occupants of the automobile, whose identity could not be ascertained, died in a local hospital from injuries.

## POINCARÉ LOSES TO SOCIALISTS

PARTY OF FRENCH PREMIER IS BEATEN IN GENERAL ELECTION

### CHANGE OF POLICY FORECAST

British Anticipate That Defeat of Militarists Will Result in the Acceptance of Dawes Plan.

Paris—A complete change of French policy toward German occupation, reparations and international debts looms as a possibility after defeat of the Poincaré parties in the French general elections.

According to International News dispatches the French people, evidently are tired of Poincaré's aggressive policies which have kept Europe stirred up for four years.

During his tenure, Poincaré has built up the most powerful military establishment in Europe, principally in the air. It has been part of his programme to keep French troops in the Ruhr to guarantee indemnity payments, to refuse to make immediate provision for the payment of war costs and to negotiate military agreements with various powers surrounding Germany.

Such agreements have been concluded with Belgium, Poland, Rumania and Czechoslovakia.

Former Premier David Lloyd George of England, has been one of the most severe critics of Premier Poincaré and his policies. According to the British statesman, Poincaré is the head of a powerful militarist group which is endangering the peace of Europe.

Communists and Socialists in France have made similar accusations against Poincaré. They claim he has adopted the same policy that the Kaiser maintained before the world war when he built up the biggest and strongest army the world has ever seen.

Important diplomatic results, the British believe, will result from the French landslide. The new French government will probably accept the Dawes report, only holding out for the minimum reparations figure for France, which M. Poincaré has demanded, but ending trouble about sanctions and evacuation of the Ruhr.

### 17 DEAD IN GERMAN RED RIOTS

Outbreak Comes at Unveiling of Statue to Moltke.

Halle, Germany—Fifteen German communists and two policemen were killed and more than 100 wounded in rioting which broke out in connection with the unveiling of a statue of Field Marshal Von Moltke.

Fifty-two communists are in hospitals in a serious condition. The exact number of communist wounded can not be ascertained as many of them were carried away by friends and treated at their homes.

Seventy thousand monarchist supporters marched in review before General Ludendorff, Prince Oscar, nephew of the former Kaiser, and other royalists at the Halle race track.

### DETROIT CARMEN DELAY STRIKE

Appeal to Court to Force Arbitration of Wage Increase.

Detroit—There will be no strike of street railway employees, at least until after next Monday, it was decided at a mass meeting of between 2,500 and 3,000 of the 3,900 D. S. R. platform workers.

The meeting voted complete approval of the action of their union officers in instituting mandamus proceedings in circuit court to compel the street railway commission to arbitrate issues in dispute. These include recognition of union officers as representatives of the men and demands for a 14 per cent increase in wages.

### ROBBERS MAKE \$25,000 HAUL

Safe of Jewelry Store Cracked While Hundreds Pass.

Detroit—Diamonds, other jewelry and money to the value of between \$25,000 and \$30,000 were taken from the store of the L. Black Optical Co., 1012 Woodward avenue, by safe-crackers who blew the door from one safe and pried their way into another. Entrance to the place apparently was made through a skylight.

Hundreds of people passed the place, in the very heart of the city, while the safe-crackers were at work.

### LANGLEY CONVICTED BY JURY

Congressman Found Guilty of Liquor Conspiracy.

Covington, Ky.—A jury in federal court here found Representative John W. Langley, Kentucky, guilty of conspiracy in connection with a whisky transaction in 1921. The jury returned its verdict after deliberating three hours and 40 minutes.

Milton Lipschultz, Philadelphia, defendant with Langley, also was found guilty.

### Walled Lake Warbles.

It is estimated that there are upwards of 50 cottages and houses in course of construction in this vicinity. The grounds about the new school building are being graded and will be seeded. A flag pole will be erected and sidewalks constructed, making the grounds most attractive when all the contemplated improvements have been completed.

The Independent Club of the Walled Lake Rehekah Lodge will give a dance at Casino Shores on Friday evening—tonight, to which the public is invited.

The members of the W. M. B. class held their regular monthly meeting at the home of their teacher, Mrs. A. J. Church, last week and the reports submitted indicated that the class was in a very flourishing condition financially. It was decided to re-decorate the church and a committee consisting of Mrs. Clarence Chaffy, Mrs. Lloyd Cox, Charles Hutton and E. V. Mercer was appointed to have charge of the work.

Seventh and eighth grade examinations are being held in the schools of Oakland county this week—Thursday and Friday. Examinations are being held in the following places: Farmington, South Lyon, Walled Lake, Milford, Holly, Orionville, Birmingham High school, and in the basement of Central Methodist church, opposite the postoffice, in Pontiac. Orthography, spelling, penmanship and reading will be the subjects in which the seventh graders will be examined on Thursday forenoon. Physiology and geography will come in the afternoon. The eighth graders will have arithmetic and grammar on Friday morning and history, civics and agriculture in the afternoon.

### THE TRUTH IS OUT AT LAST.

An up-state editor, just in receipt of a "case of truth serum" on advertising account, must have taken an overdose of the stuff last week, judging from the following items taken at random from the local columns of his paper.

John Cove our groceryman is doing poor business. His store is dirty and dusty. How can he do much? The Reverend Sty preached last Sunday night on charity. The sermon was punk.

Dave Canky died at his home here Tuesday. The doctor gave it out heart failure. Whiskey killed him.

Mrs. Bill Sykes is suing her husband for divorce. She charges extreme cruelty, when, as a matter of fact, Bill snored so she could not stand it any longer. It would seem that Bill talks enough during his waking hours without keeping up the everlasting racket all night.

A gentleman friend from Detroit called on Helen Simpkins for the week-end. What any fellow can see in that silly painted face bobbed hair maiden is more that we can tell.

### MILLIONS OF FISH PLACED IN LAKES.

Millions of young perch from the Drayton Plains fish hatchery have been planted in lakes of Oakland county the past week. Two hundred and eighty cans of perch were emptied in Lakeville, Oakland, Otter, Cass, Walled and Pine lakes and 200 more can were ready to be conveyed to other lakes. John M. King, Ira Carnes, Frank Wood and D. R. Wilson superintended the fish planting, and cans having been conveyed from the hatchery to the lakes in a truck donated by the General Motors Truck company. Mr. King and J. Guy Newton were in charge of the distribution today.

In addition to all the season's output of fish from the Drayton Plains hatchery, the Oakland County Sportsmen's association is endeavoring to get 6,000,000 walleyed pike from Grayling to be planted in the county lakes—Pontiac Press.

### Perspiration.

In hot weather the human body makes an extraordinary effort to adapt itself to conditions and must strain placed upon it. Violent overheating or great physical effort for a few hours causes the body to throw off some four liters of fluid in other words, the perspiration secreted in a brief while is greater than the entire blood supply to the body.

### WALLED LAKE BUSINESS MEN ENJOY DINNER.

On Tuesday evening Walled Lake business men to the number of about fifty, accompanied by their wives, enjoyed a get-together dinner at the new Consolidated High school gym, and the affair proved one of unusual pleasure and fellowship. The suggestion for holding the dinner came from Miss Fox of the domestic department of the school and the invitation was extended by Superintendent Upton. Miss Fox and the young ladies of the Senior class of the school thought it would be a fine thing to serve a community dinner, inasmuch as the pupils of the school had been disappointed, owing to illness among some of the number, in carrying out some other plans of a public nature, and the dinner proved the wisdom of their thinking.

About eight o'clock dinner was announced and the merry company marched to their places about the handsomely decorated tables, to the strains of a march rendered by Miss Loring. Ira Carnes, who officiated as toastmaster in a very creditable manner, asked Rev. F. A. Blake of the M. E. church to offer the invocation. The young ladies of the Senior class served the guests in a manner that contributed greatly to the pleasure of the gathering and the following menu was heartily partaken of.

Raisins. Celery.  
Cream of Tomato Soup.  
Wafers.  
Escaloped Potatoes. Roast Beef.  
Lima Beans.  
Waldorf Salad.  
Rolls.  
Ice Cream and Cake.  
Coffee.

During the serving of the dinner community singing was enjoyed under the direction of Miss Pettinger and the large company sang a number of familiar songs, and all seemed to enjoy the novelty. Not all of the places at the tables were filled, a fact those who remained at home will always have cause to regret, but those present entered heartily into the spirit of good fellowship which permeated the meeting.

Mr. Carnes called upon a number for remarks, and used Mr. Upton as the "opener" of the program. Mr. Upton explained the purpose of the meeting and expressed the wish that the gathering might inspire all to a realization of the value of co-operation for the general good of the community and the schools.

C. F. Rose was next introduced and after relating an amusing story, he told of the proposed extension of Dexter Boulevard from the city to the gates of Walled Lake. John Mitchell, president of the board of education, was then called upon and he urged all to co-operate with the teachers of the school in an effort to get the most for boys and girls, and also expressed the thought that Walled Lake people did not appreciate what was at their very doors in the matter of expansion and building.

Clarence Chaffy, cashier of the People's Bank, made a few appropriate remarks, and he was followed by H. G. Roach, who also urged the get-together spirit, and expressed the thought that after traveling about to a considerable extent he was pleased to call Walled Lake home. J. M. Hoyt, one of our pioneer citizens, and who once owned the land where the school building now stands, responded with some good stories, and he was followed by Ernest Taylor and E. V. Mercer who responded briefly to the invitation to contribute something to the program. Charles Hutton favored the company with a vocal solo and all were so well pleased that he was compelled to respond with a second number. Mrs. Riley gave two readings and she was followed by Miss Mary Moore, who gave two humorous selections. J. A. Huff and E. E. Brown of Northville, followed with appropriate remarks relative to the value of community co-operation, Mr. Brown paying a fine compliment to Walled Lake for the manifestation of community co-operation which culminated in the erection of our new school building. He urged all to work together in harmony for the upbuilding of the community.

The singing of "America" closed the very enjoyable program and good bye and good night was said. All left with the feeling that the gathering had been an inspiration and with the hope that it might result in greater things for this community.

### GIVEN FINE AND FIVE MONTHS IN JAIL.

John Campbell, manager of the Birchwood Inn, South Woodward avenue, was sentenced to serve five months in the Oakland county jail when he appeared before Judge Covert in Pontiac Monday morning. Campbell was found guilty of violation of the prohibition law by a jury in Judge Covert's court last week.

A fine of \$100 was also levied against Campbell, Judge Covert stating that this amount would partially reimburse the county for the expense of the trial. In the event the fine is not paid Campbell will be required to serve an extra month.

## Bible Thoughts for the Week

**Sunday.**  
INFINITE WISDOM AND KNOWLEDGE—O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out! For who hath known the mind of the Lord? or who hath been his counsellor?—Romans 11:33, 34.

**Monday.**  
A NEEDED PRAYER—WHI thou not revive us again: that thy people may rejoice in thee—Psalm 53:6.

**Tuesday.**  
PRESERVED FROM EVIL—The Lord shall preserve thee from all evil: he shall preserve thy soul.—Psalm 121:7.

**Wednesday.**  
OMNIPOTENT—I can do all things through Christ which strengtheneth me.—Philippians 4:13.

**Thursday.**  
POWER AND MAJESTY—Bless the Lord, O my soul: O Lord my God, thou art very great, thou art clothed with honor and majesty.—Psalm 54:1.

**Friday.**  
HONESTY IS BEST—A false balance is an abomination to the Lord: but a just weight is his delight.—Proverbs 11:1.

**Saturday.**  
THE WINDOWS OF HEAVEN—Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith saith the Lord of hosts: if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it.—Malachi 3:10.

**Highest Bridge.**  
It is claimed that the suspension bridge over the Snake river, near Twin Falls, in southern Idaho, is the highest in this country, if not in the world. The actual measurement is 345 feet from the floor of the bridge to the stream, and the length of the span is 688 feet. As a result of its extreme height, the bridge is of interest because, although materials had to be hauled a great distance, the structure was completed in four months.

**Wasting Time.**  
"Some of these politicians does waste a heap of time," said Uncle Eben. "One of 'em stopped an' lectured to me for two hours, same as if I had to be persuaded to vote for Republican ticket."

## "THE WHITE SISTER"

The supreme masterpiece of the screen. Half a year on Broadway at \$2.00 prices. Vesuvius helped make it; now an earthquake couldn't stop it.

Spectacle, thrills, action, drama, beauty, romance. Scenes taken in Italy at the time of the Vesuvius eruption.

Nothing on stage or screen to compare with it. Pathos, suspense, spectacular magnificence, a gorgeous finale. They sin who tell us love can die.

Universally acclaimed the supreme effort of the greatest actress the screen has produced. A love story that will live forever.

You dare not breathe during its tense moments lest you dispel the charm that has been woven about you. A tremendous success—as genuine as deserved. Never was there a more engrossing love story. Filmed in the heart of Italy.

The upheaval of Vesuvius matches the upheaval in Angela's heart.
