### FRANK A. DITTMAR BURIED SATURDAY.

The remains of Frank A. Dittmar, who passed away April 21st, at 1 s. home on the E. J. Simmons farm on the Base Line road, were taken from the vault last Saturday afternoon and services were held at the grave in Rural Hill cemetery. Rev. Nagle of Plymouth conducted the services and spoke with much feeling. C. R. Van Vaikenburgh sang.

Mr. Dittmar was 43 years of age and his illness and death seemed doubly sad. He was afflicted with scarlet fever and because of the nature of the disease many who would gladly have rendered service in his behalf were prevented from doing so, and the members of his family were compelled to bear their great sorrow without that comforting assistance that the people of this community are always so willing to bestow in any hour of affliction. With his family Mr. Dittmar came to Northville nearly a year ago and during his short residence here had made many friends and his death brought great sorrow to all who enjoyed his acquaintance. Owing to the quarantine being in effect his remains were taken from the home and placed in the vault in Oakwood cemetery.

He leaves to mourn his death a loving and devoted wife and three children, an aged father and a sister, one brother having preceded him in death last December. The tenderest sympathy of the people of this community goes out to the grief-stricken family at the passing of the beloved husband and father.

### WALL AND ROACH DISCHARGED.

Last Friday afternoon the case of the People vs. Peter Wall and Barney Roach, who were arrested charged with being drunk and disorderly, was dismissed in Justice G. H. Baker's court upon recommendation of the assistant prosecuting attorney. There was no evidence that the members of the party who had gathered at Wall's house were disorderly, though there was plenty of evidence that they had plenty of booze. The prosecutor gave the defendants a timely warning to clean up the place or they would be taken into custody on a warrant with teeth in it sufficient to hold them. Two other fellows arrested at the same time pleaded guilty to the charge lodged against them.

### TWO AUTOS COLLIDE ON NOVI ROAD.

Two automobiles driven by parties from Milford collided on the Novi road Sunday night, near the Pere Marquette crossing. Fortunately no one was injured, but the machines were badly damaged, one of them being in bad condition. In one of the rigs there was a jug of cider when the accident occurred, but the occupants of the car removed the jug before the local officers, who were called to the scene of the wreck, arrived. Of course no one knew how the jug and its contents came to be sitting a few feet away from the wreck a silent witness to the carelessness of some careless driver. The parties agreed to settle the damage among themselves Monday morning after they had reached home.

### BODY OF BABY FOUND ON RUBBISH PILE.

Last week Wednesday night Henry Hills, who had occasion to go to a rubbish pile beside the road near the Barnhart farm, discovered a suspicious looking box and upon making an investigation he found the body of a little babe wrapped in a downy pillow. A piece of tin had been placed over the box and in spite of the heavy rains the contents of the box were dry. Mr. Hills immediately reported his gruesome find to the county officers and Deputy Sheriff Frank Schram and County Coroner Farmer of Pontiac visited the scene and took the little body to Pontiac. After his investigation the coroner stated that no inquest would be held.

### THIS IS CLEAN-UP WEEK.

This is clean-up week in Northville and every one is urged to co-operate with the village health department in making a success of the movement. A little care now may prevent sickness when warm weather comes. While the people are cleaning their yards the village ought to fill some of the mud holes in our streets about town. Some of these holes have been in existence for the past two or three years and they were not made by the digging of the sewer either. A few loads of gravel well distributed about town in these unsightly places would add greatly to the appearance of our village.

### HER SUFFERINGS ARE OVER.

Mrs. Wm. Matheson, who had been an inmate of the home at Lapeer for 25 years, died at that institution last Thursday night and her remains were brought to the home of her son, Roy, in this village on Saturday. Funeral services were held Sunday afternoon being conducted by Rev. A. K. MacRae and interment took place in the Novi cemetery.

Mr. and Mrs. Matheson were residents of Novi when she was afflicted so badly that it was necessary to care for her outside her home. She was born in London, England, upwards of 50 years ago and she came to Canada with her parents when about five years of age. The family settled at Tillson, where Mr. and Mrs. Matheson were married 32 years ago. To the union three children were born—Roy Matheson, Mrs. Eva Hanna and Mrs. Elsie VanSickle. Mr. and Mrs. Matheson spent a few years after their marriage in northwestern Canada, where they conducted a mission and did Christian service work among the Indians. She was a devoted Christian woman and as long as her health would permit was active in every movement for the uplift of the community she called home.

While her death was not unexpected by the members of her family, yet her passing brought its weight of sorrow, and the grief-stricken husband and children feel keenly the loss they have sustained.

### TO-HOLD SAFETY MEETING.

On Wednesday evening next, the 28th, there will be a public meeting at the Alseium theatre in this village to which all are cordially invited. The meeting is being planned as a part of the safety drive now being conducted in Wayne county. An interesting program will be given under the direction of H. O. Rounds, E. P. Davis and Charles Baker of Detroit, members of the public safety bureau of the Detroit police department, to be followed by a motion picture, the new Detroit police film "The Spirit of Carelessness."

Mr. Rounds was for many years in chautauqua work and is an entertainer of exceptional ability as well as a skilled musician. Mr. Davis is a high class pianist and accompanist for the Detroit police orchestra, one of the best musical organizations in the city, and Mr. Baker is a cornet soloist of note in his home city. There will be community singing and the admission will be free. Let's fill the house to its doors.

### FORD SALES PASS 750,000 MARK.

May has opened with a bigger demand for Ford products than any month so far this year, the Ford Motor company announced Saturday. Ford retail sales in the United States during the first 10 days of May averaged 8,357 daily, exceeding the last 10-day period of the record breaking sales month of April and indicating the continued upward trend of the market.

Figures just compiled show a total of 757,523 Ford units retailed to customers from January 1st to and including May 10th, of which Ford car and truck deliveries alone show a gain of 102,158 over the same period a year ago.

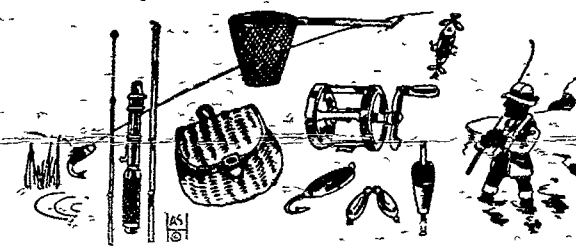

With the increase already attained this month and with the present outlook for business the company anticipates a new high sales figure in May.

### LOCAL MASONS ENJOY A TREAT.

The officers and members of Kismet Lodge, F. & A. M., of Highland Park paid a fraternal visit to Northville Lodge on Monday evening and after partaking of a bountiful dinner they exemplified the second degree to a class of seven candidates, and the work was done in a most creditable manner. The degree was given in what is termed the "long form" and a number of very attractive features were added, which made the work most impressive. Highland Park was represented by upwards of 50 Masons while Northville Lodge had a good representation present.

### FRIENDS ASSIST IN CELEBRATING ANNIVERSARY.

Mr. and Mrs. Gust Barnhart were given a very pleasant surprise by about fifty of their friends who gathered at their home last Sunday to assist in celebrating the twenty-fifth anniversary of their marriage. Mr. and Mrs. Barnhart were presented a number of pretty pieces of silverware and the gathering was a most enjoyable one. Their friends wish them many more years of happy wedded life.

## STATE NEWS IN BRIEF

Detroit—Veterans of Foreign Wars of the United States will conduct an annual poppy day campaign in memory of soldiers who died in service.

Kalamazoo—The Kalamazoo Association of Michigan Alumnae has announced the raising of \$6,349 of its \$15,000 quota for the \$1,070,000 women's building at the University of Michigan.

Ruth—Albert Sajetski, 46 years old, was killed instantly when he fell 35 feet to the bottom of a dry well on his farm here, fighting on his head. He is believed to have been overcome by gas emitted from the well.

Lansing—The remains of Dr. W. J. Beal, professor at the Michigan agricultural college and at the time of his death the oldest living alumnus of the University of Michigan, has been laid to rest at Mt Hope cemetery here.

Grand Rapids—The contract for the construction of the \$700,000 exchange building of the Michigan Bell Telephone company here has been let. Excavation has begun, and the construction will consume more than 10 months.

Capebush—A dynamite cap with which he was playing and not a shot fired, from ambush, as he had declared, caused serious injuries to Louis Wold, 11 years old, son of Mar tin Wold, living northwest of Thompsonville.

Grand Rapids—A man climbing to the roof of a four-story apartment house to retrieve a baseball which had lodged in the gutter, William S. Jordan, Jr., son of W. S. Jordan, became dizzy and fell. He was instantly killed on the pavement.

Alpena—Walter Mistak, 17 years old, was drowned in Thunder Bay River in company with other boys he was playing on the boom at Old Sorting Gap when he lost his balance and fell off the log. The body was found four hours later.

Grand Rapids—Invoking the mandates of a new ordinance, the city commission has denied applications of 16 aliens for pool room or soft drink licenses. The new regulation bars aliens from operating such places within the city.

Bay City—Although the Bay county board of auditors authorized the city board of health to vaccinate all school children and agreed that the county would foot the bill, it is reported they now decline to pay the bill presented by the physicians, amounting to \$4,400.

Grand Rapids—Lee Cox, 36 years old, employed at the United States Plaster Co., mill had his left arm torn off at the shoulder and his right broken when he was pulled into the elevator machinery when his left arm was caught by a rope hanging on a shaft.

Lansing—Lansing will have a third junior high school at the beginning of the fall term in 1925 according to an announcement of the board of education. The new school, to be named the Walter H. French junior high school in honor of Professor French who before his death was connected with M. A. C.

Iron Mountain—This village, founded 32 years ago by M. Perron has been sold by him to Frank Martozek, Keweenaw, Minn. Included in the sale are a hotel, store and several homes, including the house in which the Perron family have resided. The village covers about 15 acres, and is surrounded by prosperous and fertile farms.

Lansing—Michigan's highway department won the right to relocate M-16, the Grand River road between Detroit and Lansing when the state supreme court turned down a request of residents of Okemos, asking a writ to keep the road where it is. The highway department plans to locate the new road a half mile north, eliminating a dangerous curve.

Lansing—The State Prison Commission has recommended to the State Administrative Board the establishment of a plant for production of cheap bedroom furniture as a new industry at the State House of Correction at Marquette. The population there is now more than 500 men, it was said, and is steadily increasing. It may be necessary later to establish a stone crusher there to provide stone for highways.

Venoniminee—The population of the city of Venoniminee, as of May 1, 1924, is 11,008, according to a census just completed by a local newspaper. When the government census of 1920 gave Venoniminee a count of 8,907, a loss of 1,609 in the previous 10 years, the question arose as to the reliability of the federal figures, as the school census of that year and the 1920 presidential registration list indicated a larger population.

Albion—The death of Mrs. John G. Murray, brought the toll of deaths in an automobile accident at Homer to two. Mr. and Mrs. Murray, with their daughter, Doris, 15 years old, and son, Dell, 6 years old, were hit at the Ellis dale street crossing of the Air Line division of the Michigan Central railroad, by a lone switch engine, which was running backwards. The daughter, Doris, was killed instantly. A fractured skull caused the death of Mrs. Murray within a few hours. Mr. Murray has broken ribs and a bruised

## METROPOLITAN PLAN BEING LIVED UP TO

Metropolitan supervision of the development of Detroit and adjacent municipalities was one step nearer realization Tuesday when representatives of more than 20 municipalities in southeast Michigan met the Board of Commerce and organized a committee to direct future understandings.

Control of the committee has been vested in communities outside of Detroit, at the request of the city's spokesmen, who declared themselves anxious to avoid any semblance of Detroit domination in the metropolitan plan.

Clarence E. Wilcox, former corporation counsel, is chairman, M. Hubert Brien, legal advisor of the Board of Commerce, metropolitan committee, is vice-chairman and Robert W. Adams, of the Board of Commerce, "Detroit" staff, is secretary of the temporary organization.

It was suggested by these officials that in the permanent organization Detroit's desire to let the smaller communities take the lead find expression.

This idea was voiced in the naming of a committee of seven on organization, the understanding being that it will map a proposal to make to the entire organization about July 1. This committee includes Mr. Wilcox, representing Detroit; A. L. Moore of Pontiac, representing Oakland county; Franklin Moore, former state representative and candidate for lieutenant-governor, representing St. Clair county; Clarence E. Gittens, mayor of Highland Park; James R. Pollock, sanitary engineer of Flint; Charles A. Dolph, Northville, and George H. Sandenburgh, Ann Arbor civil engineer—Detroit Free Press.

## NORTHVILLE SCHOOL NOTES

The High School annual will soon be off the press. The book this year will be better than ever and everyone should secure their ticket at once.

Commencement exercises will be held Wednesday, June 13th, at the High School. President McKenny of the State Normal College has been selected for the speaker.

The class of 24 is composed of 25 students. Class night will be held this year on Wednesday, June 14th. An excellent program is being prepared. Prior to the exercises the Junior class will banquet the Senior class in the gymnasium. The class exercises will be held in the auditorium of the High School to which the public is cordially invited.

Examinations prepared under the supervision of the state are being held this week. There is a great deal of agitation for state examinations at the present time and Northville is one of the schools participating. The object of the examinations is to reveal the weak and strong points of the various subjects and will enable the teacher to judge just what should be covered during the year's work.

## STARR-HERMAN WEDDING AT ANN ARBOR

Rev. Carl H. Elliott performed the ceremony at a quiet wedding this afternoon at four, when Miss Frances Elizabeth Herman, daughter of Mr. and Mrs. Henry Herman, Manchester, and Richard Carlton Starr were united in marriage.

The wedding took place at the home of the bride's cousins, Mr. and Mrs. E. A. Blum, 1105 Packard street, Ann Arbor. Miss Helen Schoof and Chas. Bean, both of Detroit, attended. Mr. Bean is a cousin of the bride.

Both Mr. and Mrs. Starr are connected with the Daily Ypsilanti Press. They will make their home in Ypsilanti—Ypsilanti Record, May 17th.

The happy young man in this case is the son of Mr. and Mrs. George Starr of this place and numerous friends here will extend congratulations.

## OAKLAND COUNTY LAKES TO BE CLOSED TO FISHING

In compliance with the request of Oakland county sportsmen, John Baird, director of the state department of conservation, has issued an order closing all Oakland county lakes and streams to fishermen between April 1st and June 15th. The order which must be published 30 days before it is invoked, will not become effective until April 1st, 1925. Meanwhile anglers may catch perch and pike in Oakland county waters. After June 16th bass and gills may also be taken.

## LIVELY SONG AND DANCE SHOW IS TRIAL HONEYMOON

One of the liveliest song and dance shows that has been presented in this city is due at the Shubert-Detroit opera house, Detroit, on Sunday night, May 25th, when Joseph M. Gaites presents his brand new entertainment, "A Trial Honeymoon" for a limited engagement.

This new musical comedy is the work of Harold Orlob, the young composer who became famous overnight by writing the score of "Hitchy Zoo," which served Raymond Hitchcock so long and well, following it with the music for "Listen Lester." Mr. Orlob emphasizes his versatility and talent in "A Trial Honeymoon" however for he has not only done the score but the lyrics and book of the show as well.

The play is farcical in character, although not of the slapstick order, and it has a well-defined story that is clean cut but not too full of details to render the intersection of a score of tunes and numbers awkward or ill-timed.

Roy Cavanaugh's Syncopated Orchestra has been engaged as an added musical treat and Mr. Orlob himself will conduct.

Varities of Tomatoes.  
In crossing different varieties of tomatoes to obtain fruit one parent must be red, to obtain pink tomatoes, one parent must be pink and the other pink or yellow, and to produce yellow fruit both parents must be yellow.

Title of Shiek.  
The title of shiek which is so often met with in present-day fiction is a class rank among Arabs, implying a chieftain, the head of a village or tribe or even an eminent man. The correct pronunciation is "sheik," according to Webster's dictionary.

## Property Owners Are Urged To Make Sewer Connections

Under the provisions of our present Sewer Ordinance all homes and business places of the Village, public buildings, etc., must be connected with the sewer system within two years from the time of the completion of the sewer. If this work is to be accomplished within the time provided by ordinance it will be necessary for the property owners of the village to make their applications and see that the work is done.

It is to the mutual advantage of the village and the property owners to have this work done as early in the season as possible, so that our streets may have time to settle before winter sets in and to permit the village street department to improve some of our streets during the summer.

It would be a waste of funds to do a great deal of street work before these sewer connections are made. The sooner ALL property owners connect their premises with the village sewer system the sooner can our streets be put in their former good condition.

Applications for sewer connections should be made to the Village Clerk, and it is hoped that a great many will have this work done just as soon as possible.

Mrs. Alice Beal-Clemis of Bellaire passed away at her home last Sunday of meningitis. She was a former Northville girl and one of its fairest daughters. She was brought to the home of her mother, Mrs. J. Beal, Monday and buried in the Rural Hill cemetery on Wednesday.

The Globe Company's factory was totally destroyed by fire last Sunday morning. The factory building, including the machine shop and electric plant, the iron foundry and bell foundry was set on fire at three o'clock Sunday morning as the result of a gas struck by lightning. Those buildings and contents, except some patterns and a few tools were totally destroyed. Loss \$50,000, insurance \$25,500. The offices, finishing building and refrigerator factory were uninjured. Such is brief is the story of Northville's Sunday morning calamity.

Supervisor Washington E. Irish of Clarkston inherited his brother's pants in one of the "most unusual" will filed in probate court. The will of his brother, William Irish of Independence township, who died February 8th, leaving a \$5,200 estate, was admitted to probate yesterday by Judge Ross Stockwell although it was only in the shape of a memorandum. The brother addressed the memorandum to his brothers, Thomas, John and Washington Irish, who were left the bulk of the estate.

In leaving his pants to Supervisor Irish the brother wrote: "They may fit him but I don't think they will any other member of the family." A pair of shoes were also left him.

In great detail the brother provided for his property should be distributed to various members of the family including nephews and nieces and their children. —Port Press

Mr. and Mrs. E. A. Mewry and daughter, Ruth, were at Pontiac Friday evening to attend the rural carriers' banquet.

The Wixom Farmers' club met last Wednesday at the home of Mrs. Ida Fuller and daughter. About sixty were present. The handicraft club, consisting of about a dozen boys, with their leader, Harold Rocker, were present and had on exhibition their work which they had completed the past winter. Mr. Snyder of the I. A. C. was present to judge their work and also gave a talk of the Boys club work. Kenneth Rocker was given first prize. He won a Abrams second and third. There was a tie between Arthur Ramsay and George Tuck. A very pleasant time was enjoyed. It is present. The June meeting will be held with Mr. and Mrs. Frank Rice at Novi.

## Novi News

E. J. Vardun has sold his farm to Detroit parties.

School closes this week Friday with a picnic at Walled Lake.

Mrs. George Coleman entertained her sister from Bad Axe last week.

Mr. and Mrs. Trier of Detroit have moved on the Maple Whipple farm.

Mr. and Mrs. John Simms of Canada are coming to join their sister, Mrs. George Kiling.

Mr. Vorehan has sold his place on Grand River to L. S. and L. S. and Mr. and Mrs. Greek of Commerce who have moved on the place.

Mr. and Mrs. I. A. Bourne are sold their place on Grand River to Mr. Cummings of Detroit, who expects to move his family there the last of June. Mr. and Mrs. Bourne will move to Northville, where they have purchased an home.

Wm. Maire has subdivided his property in Novi village on the Walled Lake road north of the school house. It is called "Cherry Grove" subdivision. This is the first property in the village to be platted. These lots are now on sale.

The school in West Novi closed on Monday and Tuesday and a pot-luck dinner and picnic was enjoyed by the scholars, teacher, and some of the residents of the district. The gathering took place in the yard about the old Gage homestead across from the school house and the children had a merry time. Six swings and other amusement afforded a lot of fun. The dinner was a bountiful one. Miss Papineau has been engaged to teach the school for another year, a fact all the people of the district will be glad to learn. She is a very successful teacher and has accomplished a great deal for her school during the past year.

## WIXOM BOYS' PROJECT WAS MOST SUCCESSFUL

One of the most successful farm boys' projects ever contemplated in Michigan, in the words of State Club Leader B. A. Turner, has just been finished by the Wixom Farm Boys' club. Every boy in the club, which has 12 members, completed the five articles required in the handicraft project. First place went to Kenneth Rocker, at a combined meeting of the club with the Wixom Farmers' club on Wednesday.

The club has held regular meetings every two weeks during the past winter. An old summer kitchen on the Rocky home was used for a meeting place, and very simple tools were used. Among the articles made by the boys were bench hooks, bread boards, necktie racks, broom holders, sleeve ironing boards and bird houses. Mr. Turner acted as judge at the meeting.

That he had told of the work of the club all over the state was another statement made by the state club leader. This was not first project carried out by the club. Handicraft projects are worked on in the winter while pig and potato projects occupy the time of the boys during the summer. Mr. Turner believes that at least a part of the success of their club, which has been greater than that attained by the many organizations is due to the fact that the leaders are young fellows, with zeal and enthusiasm.

Rocky, Heala Holden are the young men who have been in charge. Both will go to the M. A. C. next year and both expect to work their way through college. The club is composed of the following members: Albert Ramsey, Sidney Ramsey, Heala Holden, Arthur Perry, Heala Holden, Arthur Perry, Arthur Perry, Grant Buffinger and George Tuck of Milford.

A pot-luck dinner was served at the meeting Wednesday, which was held at the home of Mrs. G. H. Fuller. A discussion and study of the work of the boys was the theme of the Farmers' club for the day. A program followed by dinner at which time the boys' club put on a skit which was the feature of the entertainment. Mr. Turner was also on the program for a talk, in which he told of the work of the boys' club over the state and what relation they had to the department of agriculture.

GRADUATION  
Presents

At no other time in the life of a boy or young woman is a substantial gift so appropriate and no occasion merits a token of approval and encouragement more.

The proud day of graduation for your boy offers a suitable time for the gift of a watch or a chain or ring (a gift that will last).

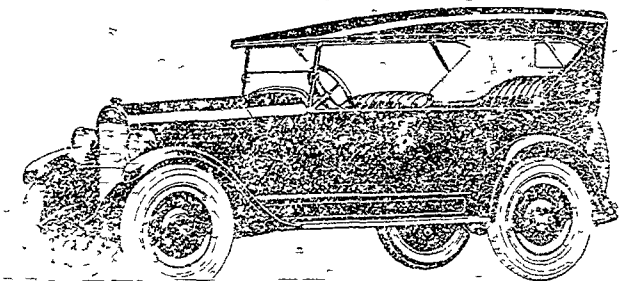

For a young woman, a wrist watch or some ivory is most appreciated, but whatever the amount you can afford to invest, some selection from our Jewelry Stock will please best and carry the most endearing remembrance.

**THE APPLE TREE.**

Selected—Edgar A. Guest  
When an apple tree is ready for the world to come and eat.  
There isn't a structure in the land that's "got it beat."  
There's nothing man has builded with the beauty or the charm  
That can touch the simple grandeur of the monarch of the farm.  
There's never any picture from a human being's brush  
That has ever caught the redness of a single apple's blush.

When an apple tree in blossom it is glorious to see,  
But that's just a hint at the springtime of better things to be.  
That is just a fairy promise from the great magician's wand  
Of the wonders and the splendors that are waiting just beyond  
The distant edge of summer, just a forecast of the treat  
When the apple tree is ready for the world to come and eat.

**Walled Lake Warbles.**

The ladies of the Baptist church held an all-day meeting yesterday and dinner was served at the church. Memorial Day will be fittingly observed here a week from Friday.

The Knights Templar will hold ascension day services in this village Sunday afternoon.

The members of the Advanced class of the M. E. Sunday school held their regular social and business meeting at the home of Rev. and Mrs. F. A. Blake on Tuesday evening.

**MARVIN BOGART OF WIXOM RECEIVES HANDSOME GIFT.**

Marvin Bogart of Wixom was given the biggest surprise of his life last Friday when Henry Eoid visited him at his home there and presented him with a handsome new Ford sedan. Mr. Bogart suffered severe injuries last summer when he fell from an apple tree and one of his hips was badly injured and until just recently he has been confined to his home as a result. He is now learning to drive the new car and he will soon be able to go and come as he pleases. He appreciates the gift highly and is extremely grateful to Mr. Eoid for his kindness.

**THE BONSTELE COMPANY AGAIN.**

"It Happened" a new play by Emma Bearce Brunner a writer of note and the author of "The Great New York" has been selected for the opening play by the Bonstelle company for their fifteen annual season at the Civic Theatre beginning next Sunday night.

Among the familiar faces to be seen with the company this season are: Mrs. Watson, Katherine Alexander and Walter Smith. Walter Young is no stranger to a Bonstelle organization, having played with her several seasons in other cities and among the other members are May Hone, Virginia Storey, Ellen Gray, Edna R. Wolfe, William Winkler, Lesie, Van, and W. A. Adams. T. Rye will have charge of the technical department while Stephen Vastolozzi handles the lighting.

**P. R. C. NOTES.**

The W. R. C. ladies are requested to meet at Foresters hall on Sunday May 25th at 10:15 sharp, to go from there to the Presbyterian church for Memorial services.

Officers to meet the 27th, at hall for work at 1:30.

Ladies to meet at Mrs. Della Brooks' Thursday the 29th, to arrange flowers for Memorial Day.

Please keep these notices in mind and be prompt.

**MEMORIAL DAY SERVICES SUNDAY MORNING.**

The people of this section are urged to attend the union memorial services to be held at the Presbyterian church on Sunday morning at the usual hour of worship. All the patriotic societies of the village will attend and it is desired that they be given a cordial welcome by the townspeople. Rev. F. P. Knowles will deliver the sermon and he will be assisted in the services by the other pastors.

**TO OBSERVE ASCENSION DAY.**

Members of Northville Commandery Knights Templar will attend ascension day services at Walled-Lake Sunday afternoon at 3:00. Sir Knights are requested to meet at the Walled Lake Masonic hall at 2:45 sharp.

**METHODIST CHURCH NOTES.**

We will unite in the union memorial services at the Presbyterian church, Sunday morning. The pastor will speak in the evening at the usual hour of worship.

Sunday school will meet as usual.

**PRESBYTERIAN CHURCH NOTES.**

The members of the G. A. R., W. R. C. and American Legion will attend services at this church Sunday morning in observance of Memorial Sunday. There will be special music and an interesting message by the pastor. All are cordially invited to join in the service.

The pastor will take for the subject of the evening's service "The Other Man."

What do you think of Jeremiah? Was he a patriot or a traitor? Come and discuss this subject at the Sunday school hour.

We are planning for appropriate exercises on children's day, June 8th. Parents desiring to have their children baptized at that time will please confer with the pastor.

The ladies of the church will enjoy a social tea at the parlors next Wednesday afternoon. All the ladies of the village are invited.

**BAPTIST CHURCH NOTES.**

The official board will give fifteen dollars in prizes to those who have the best set of notes on the pastor's sermons. The contest starts the first Sunday in June and closes the last Sunday in November and the prizes will be awarded at the Christmas entertainment. Special note books have been made for the purpose and can be had from the pastor. All members of the congregation may try for one of these prizes.

The ladies of the church will hold an important meeting at the home of Mrs. Bissell next Wednesday afternoon.

Will someone please explain why some church members can go any place on Thursday but to prayer meeting? The parable of the grain of mustard seed will be the subject next Thursday. The spiritual life of our church depends largely on the prayer meeting. Be out next Thursday.

The pastor has received some more good old time song sheets. Be out Sunday, evening and join in the song service. Who are the local folks whose picture will be shown? Come and see.

**LOCAL.**

**SAFETY OR SORROW**

That is the motto of every campaign for safety conditions on the road—at home or in the factory.

Just now Wayne county is making a special effort to stop street accidents and killings by autos. Pedestrians and drivers alike need to be careful.

Jeremiah—the prophet of old—was a campaigner for safe conditions in Judeah. He too flung out the challenge—safety or sorrow—that the people might preserve their national life.

Selfishness sent the great Hebrew tribes to the national graveyard. It will send any nation the same way. Individual selfishness is the root cause of many troubles that men experience. It is so on the road. It is so in life.

For this world and for the next which is the best thing to do—be safe or sorry? Let us all join the Safe Drivers Club for the Highways of today.

## Remember Last Winter

You will remember that when cold weather came last Fall your coal bin was empty and you were compelled to buy the kind of fuel your dealer was able to secure for you. You declared then you would never be caught again—that you would fill your bins early another season.

Well, now is a good time to keep that promise. We have stove size hard coal and we expect to be able to secure more, but we cannot fill your bins with this fuel and let it lay in our yards all summer.

Let us put part of your supply in now. But our advice to you is not to wait until Fall and then expect your dealer to fill your bins with hard coal. It can't be done.

Ypsilanti—Frank C. Peacha, 17 years old, is dead, as a result of a gun shot wound in his leg, suffered when his rifle accidentally discharged, severing an artery. The gun fell from a farm implement on which the boy was riding and the jar discharged it.

### Speed Auto Travels 129 Miles an Hour.

Indianapolis—Rene Thomas, a Frenchman, winner of the 1914 international 500-mile race at the Indianapolis Motor Speedway, recently traveled 129.3 miles an hour in the Geneva (Switzerland) speed trials. He was driving a special 12-cylinder racing Delage.

### Woodpecker Sounds "Get Up" Alarm.

Mansfield, O.—Mansfield has a new alarm clock which awakens residents at 4 a. m. A red-headed woodpecker each morning at 4 begins his daily attempt to bore a hole through a metal box on a telephone pole. The terminal box is hollow and increases the sound of the woodpecker's efforts.

### Dead Woman Held Up in Church Seat.

London—When a physician attending services at St. Mary's Church, Stoke Newington, noticed a woman suddenly pale, he went to her pew and found she was dead. The congregation was not informed until after the service, the doctor holding her in an upright position until the services closed.

### Foreign Fly Threatens U. S. Pines.

Washington—Ravages of the European sawfly threaten the complete defoliation of the pine trees of the United States. The pine nurseries and estates of New England and some of the North Atlantic States already have been attacked by the pest. The sawfly has been one of the greatest forest depredators in Europe.

### Lone Robber Gets \$20,000 Payroll.

Gainesville, Fla.—A lone robber entered the office of the American Railway Express company at High Springs, near here, and escaped with the payroll intended for the Atlantic Coast Line shippers, estimated at between \$16,000 and \$20,000. J. T. Penleton, company agent, said the man drove away in a small touring car.

### Bible Being Written in Long Hand.

Portland, Me.—A copy of the Bible to be written in long hand is being compiled by the Bible Society of Maine. The pages are being written by more than 1,500 persons ranging in age from six and a half years to 90. The book will contain 3,500 pages of about the size of an ordinary newspaper and will weigh 80 pounds. It will be used for exhibition purposes.

### Dodge Fortune Is \$39,390,806.

Detroit—An accounting of the estate of the late Horace Dodge, multimillionaire motor car manufacturer, who died Dec. 10, 1920, has been filed in Probate Court by Howard B. Bloomer, executor, and showed a balance May 1, of \$39,390,806.43. The holdings of the estate comprise stocks, bonds, mortgages, notes, contracts and property, real and personal. One item listed was a holding of Liberty bonds valued at \$1,513,006.

### Dog Drives Off Bull, Saves Master.

Spearfish, S. D.—Milton Doods, a farmer, is feeding his dog all the delicacies of the table, for to its bravery he owes his life. Doods was attacked by a vicious bull, which struck him as he was fleeing and before he could reach the shelter of a wagon standing in the pasture. The dog bit the bull so viciously on the heels that the animal was driven off just as Doods pulled himself under the wagon.

### Furnigate 500 Passengers Daily.

Phoenix, Ariz.—Arizona's "sawdust trails" are daily disinfecting an average of 500 railroad passengers from California and Lower California to make sure they do not carry foot and mouth disease germs into this state. Disinfection stations are maintained in seven Arizona cities. The passengers are given implements to clean the "germ dust" from their shoes, and then walk over the "sawdust trail," which is saturated with a disinfectant.

## FEDERAL SURVEY SHOWS LABOR CONDITIONS IN MICHIGAN ARE GOOD

Washington—Labor conditions in Michigan continue good, according to a report of the Department of Labor.

A general survey just completed shows there are plenty of workers available in all lines throughout the state, with the exception of the farming industry. A serious shortage of this class of help is developing, especially in Upper Michigan on the east side of the lake. The automobile industry is running on a somewhat curtailed production basis.

Several lumber camps have closed down for the season, but the workers released have all been absorbed in other industries. Building and road work is active throughout the state and the large surplus of common labor previously reported is rapidly being absorbed.

## CONGRESS TO ADJOURN BY JUNE 7

House and Senate Leaders Aim to End Session Before Conventions.

Washington—The Democratic and Republican organizations in the House and Senate are endeavoring to effect the adjournment of Congress by June 7. This was information given President Coolidge by a group of House leaders who expressed confidence the legislative program would be in shape to permit a getaway by that date, despite increasing talk particularly in the Senate, that this year's session possibly will be extended. In a White House conference, Rep. Finis J. Garrett, of Tennessee, the Democratic leader, and Rep. John N. Garner, of Texas, ranking Democrat on the Ways and Means Committee, agreed to do their utmost to bring about adjournment before the June political conventions.

## STATE GETS COMMERCE BRANCH

Detroit Office Will Furnish Data on Export Trade.

Washington—Detroit is assured of a branch office of the Department of Commerce, the House and Senate Conference Committee having ratified a \$15,000 appropriation for a Detroit office. It will be opened as soon as the money becomes available. What the office will mean to Detroit's export trade, only the future can tell. Its purpose will be to stimulate the sale of Michigan products abroad by disseminating information that Government agents collect in all parts of the world concerning markets, and to inform manufacturers how to meet the markets. It will specialize on goods manufactured in Michigan.

## DRYS WAR ON RUM IN WAYNE

Speakers Cover County Urging That Volstead Act Be Enforced.

Detroit—The expression "he drank himself to death," should include "he drank his sons and daughters to death," according to the new educational campaign through Michigan by Michigan Anti-Saloon league under the direction of R. N. Holsapple, state superintendent.

Wayne county is being thoroughly covered by a traveling force of special speakers urging that the Volstead law be observed and enforced.

The services are part of the regular year-round work of the league, which maintains a regular force of speakers who travel about the state staging intensive "drives" in individual counties.

## DETROIT TAX RATE IS LOWERED

Assessed Valuation of Property is Increased to \$300,000,000.

Detroit—The tax rate for Detroit this year will be at least \$1 per \$1,000 of assessed valuation below last year's rate. Assessed valuations will be approximately \$300,000,000.

Last year every property holder was taxed for city purposes \$22.46 per \$1,000 of assessed valuation. This year's rate will be approximately \$21.38 per \$1,000.

The exceptionally large increase in assessed valuation is due to the enormous building program of the year, and the opening of new subdivisions.

## SENATOR WHEELER EXONERATED

Senate Committee Absolves Him From Guilt in "Oil Indictment."

Washington—A report, exonerating Senator Burton K. Wheeler, (Dem.), Montana, "from any and all violation" of the statutes under which he was indicted at Great Falls, Mont., has been submitted to the Senate by Senator William E. Borah, chairman of the special committee which investigated the charges against him.

The report, signed by four of the five committee members, was confined to the question of Mr. Wheeler's guilt or innocence.

Coolidge Headquarters at Cleveland. Cleveland, O.—Coolidge National pre-convention headquarters, transferred from Chicago, has been opened here in Hotel Cleveland.

X-Rays From Glowworms. Professor Murakami, a Japanese geologist, has reported some curious results obtained by him during the summer while experimenting with the light of glowworms. He observed with 300 glow worms at Kyoto, and he says that the light which they emitted, when filtered through cardboard or copper plates, showed the properties of X-rays, or Becquerel's fluorescence rays.

**D'Annunzio Gets Title of Prince.**  
Rome—Gabriele d'Annunzio, romantic poet-warrior of Italy, has been made a prince. King Victor Emanuel bestowed upon him the title of Prince Montenevoso.

**Wayside Inn Has 300 Acres Added.**  
Sudbury, Mass.—Henry Ford has added 300 acres of land to his Wayside Inn holdings when he bought the estate of John F. Pearmain in Sudbury and Framingham.

**British Abandon Singapore Base Plans.**  
London—The British government has decided not to proceed with establishment of a naval base at Singapore. It has been announced in the house of commons.

**Horses Displaced By Auto Engines.**  
Mexico City—Puebla, third city in Mexico, is catching up with the march of progress. Ford engines have just been installed in the former horse cars of its street railways.

**Wilbur's Nomination is Approved.**  
Washington—The election of Curtis D. Wilbur, chief justice of the Supreme Court of California, to succeed Edwin Denby as secretary of the navy has been approved by the Senate in an executive session of less than 10 minutes.

**Wind Blows Train Off Bridge.**  
Delhi, India—More than 50 persons were drowned and an equal number seriously injured, near Bareilly, when a crowded passenger train, crossing a long bridge over a river, was swept from the falls into the water below by a sudden wind squall.

**Record Kick Still Stands.**  
Annapolis, Md.—Curtis D. Wilbur, new Secretary of the Navy, is the champion kicker of the Navy. As midshipman in 1863 he made a record which has never been beaten by kicking a tambourine on a line passed over a pulley, at a height of nine feet, one inch.

**Noted News Writer Died.**  
Indianapolis—Wm. H. Blodgett, prominent as a political writer, and a member of the editorial staff of the Indianapolis News for nearly 40 years, died at his home here recently after a brief illness. He was 68 years old. He was born on a boat, but lived in Indiana the greater part of his life.

**Hotel Guest Finds Pearls in Oysters.**  
Palmer, Mass.—W. L. Wilkoff, traveling salesman, decided he would eat a half dozen raw oysters for breakfast and had them sent in the shell to his table in the hotel dining room. He gasped as he opened the first one. In it were 19 pearls, some perfectly formed and very beautiful. It is not uncommon to find two or three in a single oyster, but 19 is believed to be a record.

**State Opposes Lake Level Cut.**  
Washington—Michigan's delegation in the House has unanimously passed a resolution opposing the House Rivers and Harbors Committee that the state is opposed to the diversion of water from the Great Lakes for any purpose. The committee has before it the bill to authorize Chicago to withdraw 10,000 cubic feet of water a second from Lake Michigan for sewage dilution.

**Death Record by Burns Large.**  
New York—A study of deaths from accidental causes recently made by the Metropolitan Life Insurance company discloses that fatalities are greater among men than among women in all classes of violent deaths except one—burns. Statistics show that 6,400 persons were burned to death in continental United States in a period of 12 months. More than three-fifths of the deaths from burns under 15.

**N. Y. Paper Stops Sunday Editions.**  
New York—Withdrawal of its Sunday editions has been announced on the front page of the New York Telegram and Evening Mail, by Frank Munsey, who recently consolidated the two papers, after buying the Telegram. The Telegram, now appearing under the combined title of the Telegram and Evening Mail, has been New York's only afternoon paper to be published on Sunday.

**Twenty Trees Start Great Industry.**  
San Francisco, Calif.—In the last five years California has produced on the average more than 8,000,000 boxes of naval oranges a year. All this golden harvest of luscious fruit was started with less than 20 trees which the department of agriculture brought to this country from Brazil. That scientific experiment was made in 1870 and two of those original trees are still alive. One is in Washington, D. C., and the other in California.

**Barometer, 300 Years Old, Correct.**  
Paris—A hermetically sealed bottle filled with what looks like a mixture of red sand and yellowish liquid and known to be at least 300 years old, is attracting the attention of French scientists and is reputed to be the only infallible weather prophet in existence. When it is going to rain the solid particles gather in round clusters. When snow is coming, white flakes appear, while if hail is on the way the whole mixture becomes viscous.

### U. S. AMBASSADOR TO JAPAN RESIGNS

CYRUS E. WOODS QUILTS POST ON ACCOUNT OF ILLNESS OF WIFE'S MOTHER.

MOVE REPORTED NOT POLITICAL

News of Retirement Withheld Several Weeks Because of Immigration Bill Before Congress.

Washington—Ambassador Cyrus E. Woods has resigned his post at Tokyo and will return to the United States from Japan as soon as the President and Secretary Hughes find it convenient to release him.

The ambassador tendered his resignation to the president about May 1. The health of his mother-in-law, Mrs. Marchand, who has been with him in Tokyo, and who went through the ordeal of the earthquake disaster, prompted his decision to terminate a brilliant diplomatic career.

As Ambassador Wood's resignation was submitted prior to the Japanese exclusion issue being raised in congress with the resultant delicate situation between Washington and Tokyo, it was declared in the most emphatic terms that the immigration bill now before President Coolidge had nothing whatever to do with his retirement.

In confirming the fact that Ambassador Woods had resigned his post, White House officials were careful to insist that the circumstances had no political significance whatever. There would be very sincere regret, it was said, in the highest administration quarters if any such interpretation were placed on Mr. Wood's resignation, as all of the facts in the case are in conflict with any such view.

No formal announcement was made of Mr. Woods' resignation because of the delicacy of the situation arising from congressional determination to disregard the wishes of the president and Secretary Hughes in the matter of Japanese exclusion by legislative action instead of through international agreement.

### BANK ROBBERS GET \$30,000

Detroit Bank Is Scene of Daring And Profitable Holdup.

Detroit—Two bank robbers, whose identities police say they know, were being sought by every available detective in Detroit following the \$30,000 robbery of the West End branch of the Bank of Detroit, 7960 West Fort Street. One of the robbers was a physical giant, the other was described as being about 5 feet tall.

The holdup took place just as the bank was being opened for business at 9 o'clock. H. R. Taggart, a bookkeeper, was withdrawing a key from the front door when the two gunmen leaped on him and shoved him with such violence that he was hurled into the lobby of the bank, fat on his face. Taggart was dragged behind a counter and hidden there. The gunmen hid themselves behind another counter. In a few minutes Joseph L. Kania, a teller, entered. Apparently unaware of the presence of the thugs or the absence of Taggart, Kania started to open a safe, the time lock of which had been set for 8:30 o'clock.

The gunmen permitted Kania to proceed until August Kukahn and Verna Moore appeared. Both are employed in the bank.

Upon the entrance of Miss Moore and Kukahn the robbers leaped to their feet. The small gunman flourished a revolver in either hand and covered Kukahn while the other commanded Miss Moore to keep quiet and covered Kania.

Cursing and flourishing his revolver threateningly, the big man held the clerks at bay while the small man forced Kania to open the compartments of the safe. An unusually large amount of currency was on hand because nearby factory employees are accustomed to cash their pay checks in the bank Saturday.

The robbers escaped in an automobile.

### DETROIT GAS RATE TIED UP

Court Order Halts Award Made By Arbitration Board.

Detroit—The Detroit City Gas company has been restrained from charging restaurants the increased rate awarded by the board of arbitration several weeks ago, by a temporary injunction granted by Judge Clyde I. Webster in circuit court. The restaurant association sought the injunction, claiming that the city council acted illegally when it overrode the veto of Acting Mayor Joseph A. Martin and approved the board's award.

Under the ruling of Judge Webster the contract entered into between the gas company and the city, through the action of the council, constitutes a franchise. The city charter provides that no franchise shall be awarded to a public utilities except by a three-fifths vote of the people. Judge Webster is of the opinion, however, that an election is unnecessary in this case, but that the council can legally enter into a "day-to-day" agreement with the company by passing an ordinance.

### CROW HUNTERS ANXIOUS TO GO.

Members of the Oakland County Sportsmen's association are awaiting with interest the contest to be waged the week of May 26 to 31 with the idea of exterminating as many crows in the county as it is possible in the six day period. Emory W. Clark, Detroit banker, has offered the association \$500 to be paid in a bounty

on crows and the local association has announced it will offer 15 cents a head for every crow killed during "crow week" the bounty to be paid as long as the money lasts. Rules for the contest have not been definitely fixed but will be announced in the course of the coming week.

The crow is considered one of the most harmful of birds because of the

manner in which it feeds on the eggs of smaller birds and kills the newly hatched birds.—Pontiac Press.

**Attitude Makes 'Em Flight.**  
One New York physician says that business men who occupy offices on the upper floors of the great skyscrapers get flighty after a few years, and unless making a change, become mildly insane.

## The Song of the Builders

ON every hand is heard the rattle of the builder's hammer and the rasp of his saw. Overnight, it seems, buildings rise—new streets appear.

And the thousands of new homes and great buildings increase the problems of the public service companies.

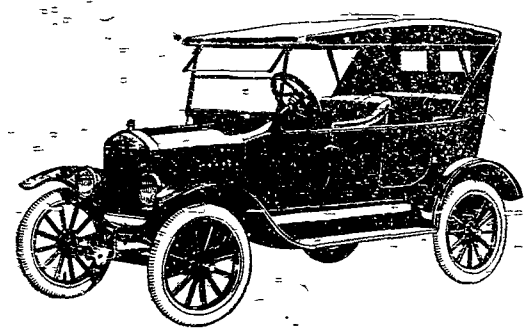

This Company attempts to foresee the great growth of service demand and extends its plant into new districts as rapidly as possible, in an effort to most efficiently serve the people of Michigan.

However, sudden unforeseen population and industrial growth frequently make it impossible to furnish utility service at all points immediately upon demand. Hundreds of new telephones are wanted. The Telephone Company's problem is the same as that of the water, sewer, gas, electric, street, and school services.

But Telephone Plant expansion is breaking all records. Thousands of new instruments are being installed, miles of new circuits are being built and additional exchange facilities are being provided to meet the call for service.

Everything possible is being done to provide service for all who desire it.

## Field's Prepared Salad Dressing

We have the exclusive sale of Field's Salad Dressings for this locality. A representative of the Detroit Pure Food Co. gave a demonstration at our store last Saturday and many called during the day to taste and to sample these preparations.

There is more to making a good Salad Dressing than simply knowing what materials to use. Many try but few succeed. And that is why prepared Salad Dressings are so often used.

Do you know that some Salad Dressings contain cornstarch, gum arabic, gelatin or corn oil? These are put up for the purpose of making a dressing that will not separate when cold. Field's Delicious Salad Dressings are absolutely pure, they contain no "filler" or adulterant.

Four Kinds—Field's Delicious Salad Dressings are prepared in the following manner:

Mayonnaise, Olive  
Thousand Islands, Russian  
Put up in half-pint, pint, quart and gallon jars.

In serving a luncheon or dinner you know how much depends upon the quality of the Salad Dressing.

Mr. and Mrs. E. B. Perini returned home Saturday from their wedding journey and at once began house-keeping in their pleasant home on South Center street.

Dr. and Mrs. Larned of Battle Creek spent Sunday with Mr. and Mrs. E. C. Langfield on the latter's farm. They attended camp night at the University of Michigan on Saturday evening.

The village cemetery is being cleared and beautified for the summer. Flowers have already been placed upon many of the graves in both our silent cities and the number will increase during the coming week.

Work on the Flowers' mausoleum which is being erected at Rural Hill cemetery is progressing nicely and the building will be a handsome structure when completed. It is being built of Bedford stone and the workmanship is in keeping with all the other work being done by the Flowers' company.

Do you enjoy lawn and golf for the old fashioned game? It is a fine chance for you to play the game this summer. A court has been saved off at the school grounds and A. H. Miller, athletic director, is anxious that Northville people avail themselves of this good sport and spend exercise.

Last Saturday a new electric meeting pot was placed on our linotype machine. Every piece of machinery about this office is now operated by electricity except our paper cutter.

The electric pots are a great improvement over the old style gasoline or gas heaters, the heat being more easily regulated and the results much more satisfactory.

The basket party given at the Presbyterian church parlors last Friday night proved a most enjoyable affair and the baskets sold at a good figure—in fact they all sold at three figures, and one of the reasons why they commanded such good prices was because Frank E. Hills very kindly officiated as auctioneer. He made the gentlemen feel they would surely starve to death if they did not buy a basket and some of the fellows were so carried away that they brought three Community singing and visiting with a piano solo by Avis Brown afforded an enjoyable entertainment.

Rev. Wm. Richards is spending a few days this week in New York City en route there to meet Mrs. Richards, a sister who comes from England on the White Star Line Olympic to visit for a few months. Mrs. Richards' promoters have made this possible for Rev. Richards who are unable to meet the boat. He will spend a short time at Strungfeld on his way stopping to take in the great General Conference of the Methodist Episcopal church which is represented by all the leaders of Methodism throughout the world. This is an opportunity to recuperate on the hills of Massachusetts and the Atlantic sea coast.

Mr. and Mrs. C. S. Filkins received a letter from their son, Guy C. Filkins written in Paris, France, a week ago last Sunday. He is feeling well and enjoyed the voyage over greatly.

Mrs. Floyd Morse of Maple Rapids spent last week with her father, W. H. White. While here she visited her mother who is in Harper hospital, Detroit. Mrs. Morse returned home Sunday.

Lemuel Power, aged 44 years, died at his home in North Farmington last Saturday, after a short illness of pneumonia. Funeral services were held Tuesday and were conducted by the Masons.

Raymond Watts, who has been a student at the Ferris Institute at Big Rapids since last fall, returned home the last of last week, having completed his work there for this year. He is now employed at C. R. Horton's drug store.

C. R. VanValkenburg was in Lansing Wednesday and Thursday in attendance at the meeting of the Grand Chapter, Royal Arch Masons of Michigan. He is high priest of Union Chapter of this village and is a very capable and efficient officer.

Carl VanValkenburgh of Center Line attended the Masonic meeting on Monday evening and remained overnight with his parents, Mr. and Mrs. Emory VanValkenburgh. Carl says George Lucie is coming and horses are being erected in that section by the hundreds.

A few days ago while Mrs. Henry Musloff and baby were returning to Detroit from Windsor they were on a train that collided with another in the Detroit river tunnel. Fortunately the baby was thrown from Mrs. Musloff's arms. It was reported that eight persons were killed as a result of the collision although nothing was said regarding the accident in the Detroit newspapers.

### TO THE SOCIAL TPA.

The Ladies of the May circle of the Presbyterian church will give a social tea at the church parlors on Wednesday afternoon, to which all the ladies of the church and the community are cordially invited. Come and let's spend a pleasant afternoon together.

### BUY A HAPPY OR TWO.

On Monday next the members of Lloyd H. Green Post, American Legion, will offer poppies for sale as a benefit for the children's ballet. They can be secured at Kilgour's and White's stores or from members of the Legion. This is a most worthy cause and the public is urged to buy the poppies liberally.

## FIVE WAYNE COUNTY GIRLS AND BOYS WIN M. A. C. SCHOLARSHIP IN CLUB WORK.

One of the choice prizes in Boys' and Girls' club work in Michigan is a Michigan Agricultural college scholarship, awarded to state champions for the best work in their various projects.

In a four year course these scholarships are worth about \$50 in fees refunded the first year. If the student maintains the high standard of scholarship, the scholarship extends over a second year. Short course students also are refunded incidental fees for two years amounting to about \$25.

Four of the 36 scholarships awarded to girls and boys in Michigan were won during the year of 1923 by Wayne county club members. They are as follows:

Cooking—Albert and Wilson, Sumpter township.

Poultry—Russell Price, VanBuren township and Alfie E. E. Out, Canton township.

Dairy Calf—Glen Vacomber, Plymouth township.

A scholarship is also awarded the girl or boy doing the best all-around club work in the county. This place for 1923 was won by Miss Geraldine Case of Flat Rock.

## County Round-Up to be Held at Wayne

County club champions for the year 1923 will be announced Saturday, May 24th, when club members, leaders and friends will meet at the M. E. church at Wayne for their Annual County Girls' and Boys' Club round-up. Three hundred and twenty-five Wayne county girls and boys have been enrolled in club work during the past year. The work carried on by these club members has included projects in canning, cooking, clothing, hot school lunches, live stock, potatoes and handicraft. County champions will later compete for state honors.

The program for the day will begin at the church at 10:30 o'clock. Club members, leaders and friends are cordially invited.

## M. A. C. TO HAVE NEW PRESIDENT

Dr. L. I. Butterfield, president of the Massachusetts Agricultural College for the past 15 years, will take over the executive duties as the new president of the M. A. C. on Sept. 1, 1924, according to announcement made at the Massachusetts 1st week and 1st conference of the State Board of Agricultural Education.

Dr. Butterfield, 40, as he is affectionately termed by old friends in the state, is a native of Michigan and a graduate of the college to which he now comes as president. His father, and grandfather ahead of him were leaders in Michigan agricultural affairs.

Receiving his degree at M. A. C. in 1911 as the honor student of his class, Dr. Butterfield served for four years as editor of the college paper. In 1915, he became superintendent of Farmers' Institutes for Michigan, organizing a statewide system, and serving at the same time as field secretary for the Michigan Agricultural College.

Dr. Butterfield, elected in 1923 to succeed the presidency of Rhode Island State College and since that time so many national and international positions have been accorded him that space will not permit their listing. His program, "What's Who in American Agriculture," reads the biography of the world-famous Dr. Butterfield is.

## CERTIFIED POTATOES PROVE THEIR WORTH

Protraction tests carried on in many counties of the state last year, comparing certified potatoes with the usual bin run stock, give the certified tubers a big yield margin over their rivals.

In Kalkaska County, thirteen farmers planted certified seed along with equal amounts of bin run seed in adjoining plots. The average for the 13 tests showed an increase of 27.4 bushels in favor of the certified stock.

In Allegan county, similar tests gave the certified tubers a 25.8 bushels increase, while in Benzie county the increase ran 40 bushels per acre in favor of the pedigreed stock.

"These results were obtained without particular attention being given to the crop in the way of improved cultural methods or spraying," says J. W. Weston, potato specialist with the M. A. C. extension staff. "Many similar tests were carried on in Michigan and other states, and all reveal the superior producing ability of good certified seed."

County agricultural agents have been buying up scores of certified seed for their growers, and large acreages of the blue ribbon stock will be planted in the state this year.

Lansing—Marking half a century's existence, the annual meeting of the Michigan Pioneer and Historical society to be held here May 21-22-23 will bring several prominent speakers to the capital to observe the anniversary.

### The Better Way To Buy a Motor Car

Most persons dislike mechanical details. But how a motor car is engineered and built, and what it is built of, are both extremely important.

That is why automobile buyers today are discounting glib selling talk and demanding assurance that a car will stand up and give low-cost service.

There is only one way you can get such assurance. You must see for yourself how it is engineered and built—and of what it is built.

The Hupmobile Parts Display gives you the Hupmobile story at a glance. It is interesting—and enlightening. You should by all means see it. Come in soon.

Hupmobile's brake and clutch pedals are good examples of the safety built into the Hupmobile. They are drop-forged, double heat-treated steel, also the hand-brake and gear-shift levers, brake-rod clevises and toggles—much stronger and safer than the less costly low carbon steel or malleable castings often used.

## SOLDIER BONUS BILL MADE LAW

SENATE AND HOUSE OVERRIDE PRESIDENT'S VETO AND PASS MEASURE.

### ENDS LONG LEGISLATIVE FIGHT

Veterans of World War Up to Rank of Captain Will Get 20-Year Paid Up Insurance Policies.

Washington—Beaten by his own party leaders, President Coolidge lost his first major encounter with congress when the senate, overriding his veto by a vote of 59 to 26, enacted into law the insurance bonus bill, thus ending one of the longest, hardest fought legislative battles in years.

The house of representatives previously had overridden the veto by a vote of 313 to 78.

It is estimated that 3,038,283 veterans will be entitled to the insurance policies provided by the soldier bonus bill, while \$39,583 will be paid cash of \$50 or less. The bill also provides for payment to dependents of deceased veterans of the amount of adjusted service compensation to which they would have been entitled.

Adjusted service compensation is figured on the basis of \$1 a day for home service and \$1.25 a day for overseas service. The first 60 days can not be counted. Also a maximum of 500 days would be allowed.

All veterans up to and including the rank of captain in the army and marine corps and lieutenant in the navy are eligible for the bonus.

It is estimated that the average insurance policy would be valued at \$962, while the maximum value of the policies would be about \$1,300 for overseas service and \$1,200 for home service.

The value of the policies would be the equivalent of the amount which the adjusted service credit plus 25 per cent would purchase at regular insurance prices based on 4 per cent interest compounded annually.

Loans may be made on the policies up to 90 per cent of their current face value any time after two years from the date of issuance. Thus, on a \$1,000 policy at the end of two years a loan of \$57.93 could be made. On this same policy at the end of 19 years a loan of \$331.21 would be possible. The loans may be made at any national or state bank.

Service between April 5, 1917, and July 1, 1919, may be counted in computing the adjusted service credit, although enlistment must have been made before November 11, 1918.

Application blanks soon will be distributed throughout the country through service organizations and the post offices. Although administration of the bill will center in the veteran's bureau, the veteran will have to send his application to the war department if his service was with the army and to the navy department if service with the navy or marine corps.

If the veteran served in both the army and navy, the application should be sent to the department under which he last served.

Women who served as women in the navy and marine corps also were included in the bill as eligible to receive its benefits.

The bill stipulates that no one shall be entitled to its benefits for membership in the reserve officers' service as a civilian officer or for training corps or the students' army training corps.

### RAIL RATE BILL PASSES SENATE

Long and Short Haul Dispute Ends After 20-Year Fight.

Washington—The Gooding bill, restricting the interstate commerce commission in its application of the long and short haul clause of the interstate commerce act, was passed by the senate 54 to 23.

The bill is the first important one on railroad questions to be passed at this session by the senate and concludes a fight carried on more than 20 years by the intermountain rate territories.

The interstate commerce commission has for years maintained its power to permit a common carrier to charge less for a long haul than for a short haul included in the long haul when the carrier has shown after public hearing that such authority is necessary for the maintenance of its service. The measure passed by the senate would permit "departures" only in the cases of circuitous routes, in the making of export and import rates and with regard to block express rates.

### COURTS SUPREME, SAY JUDGES

Rule That President Cannot Pardon Man Imprisoned for Contempt.

Chicago—"President Coolidge is not empowered to extend clemency to persons imprisoned for contempt of court," Federal Judges Carpenter and Wilkerson declared in reversing the president's pardon of Phillip L. Grossman, Chicago saloonkeeper.

The action of the court established a precedent, as it is the first time in the history of the judiciary that such a decision has been handed down.

### COOLIDGE AND TAXES.

President Coolidge clearly recognizes the demand upon the part of the people of the United States for lower taxes. Lower taxes can only come by reducing and keeping down the expenses of government. Every citizen will be benefited by lower taxes, which will help reduce the cost of building homes and business places, the cost of rent, and make it easier to acquire a home or other real property. When the tax burden is reduced upon manufacturing corporations, then the product of such corporations can be sold at lower price, thus helping to reduce the cost of living. The war brought on an era of extravagant spending upon the part of the government and upon the part of individuals. The government has greatly reduced its expense; it has paid off something like four billions of the government debt; it is in a position to lower government taxes twenty-five per cent unless some new legislation adds a tremendous tax burden to the already overburdened people. This will not be done if the President has his way. New expenditures can be taken up when the debt is further reduced and the finances of the country are in position to bear the same. There are many foolish notions about taxes. Some people think if you put increased taxes upon one class of citizens or one class of business, the balance of the people will escape taxation. Ben Franklin said, "Goods will not sell for less than they cost." When the manufacturer has his taxes boosted, he puts the cost upon the product and thus the consumer pays the tax. There is only one source from which the government obtains money, either directly or indirectly, and that is from the people. Because the tax is collected from some particular class is no sign that all of the people do not have to pay it eventually. The only way they can get out of paying it is to reduce the amount of the tax. Lower taxes will benefit all of the people.

### SHOULD NOT INTERFERE.

This item from the Bangor Advance refers to an editorial in a recent issue of the Charlotte Republican:

Over in Charlotte, some week ago a man prominent in the social life of the town, made the statement in a public address that he and his family had made the resolution not to allow their Sunday motoring to interfere with punctual church attendance. Such a resolution contains food for thought for all of us.

It is true that the automobile has both helped and hindered punctual church attendance. Like the radio, the subject has been up for discussion many times, and arguments pro and con have been set forth. It is not our province to enter this part of the discussion at present.

With the coming of the spring time, however, the temptation for many of us is to heed the call of the open road, often to the detriment of regular church attendance. For those who are closely confined during the week, a possible reasonable excuse exists. The Advance does not care to enter into this argument either.

But the resolution of the Charlotte man is a good one, and one which may possibly give others thought on the subject and we are passing it along to you at this time for that purpose. A general acceptance of the idea would certainly work for the encouragement of our local pastors and would doubtless work for general community good as well as probably benefiting the individuals who practice it.

### WALLED LAKE WARBLES.

Everyone who has graduated from Albion college or who has attended school there for any length of time, and is now residing within the limits of Oakland county is expected to be present at a big Albion reunion, Saturday evening, May 24, at 8:30 at the Women's Club house, in Royal Oak. Acting President Frederic S. Goodrich, who for the past 30 years has been connected with the college as head of the department of English Bible and Prof. Phil Harold Hembit of the department of English literature, have been secured by the committee to bring messages to the gathering. Mrs. Rose Gregory-Houchens, of Birmingham, who was graduated in 1882, and is believed to be the oldest living graduate in Oakland county, will also give a talk. Murray Fox, a stellar light on Albion's football eleven a few years back, will also have something to say.

### CROHN OPENS STRAW SEASON FOR PONTIAC

The straw hat season in Pontiac was officially opened Saturday by S. S. Crohn, local realtor, who drove down Saginaw street wearing his last year's straw. The season was officially opened Friday but wintry blasts that have prevailed up to today were no incentive for exchanging the winter's felt for the summer headpiece. Now that Mr. Crohn has opened the season however more straws will probably appear at once. Straw hats have been shown by local merchants for several weeks. —Pontiac Press

### NORTHVILLE HAS UP-TO-DATE LAUNDRY

Earl Clifford of Detroit, an experienced laundryman, has accepted a position as superintendent of the Home Service Laundry of this village, and T. M. Gillespie, the owner, will now have more time to attend to business on the outside.

The laundry was a busy place Tuesday afternoon when a representative of The Record called and great stacks of clothes were being put through the tubs and the electric ironers with which the plant is now well equipped. Mr. Gillespie expects soon to establish an agency at Walled Lake and another at Novi and will make regular pick-ups and deliveries to accommodate the people of that section.

### FORMED SAFE DRIVERS' CLUB

At the Wednesday noon meeting of the Exchange club a Safe Drivers' club was organized as a nucleus for a larger organization in Northville and 21 men paid their membership fee of \$1.00. It is hoped to form similar clubs in all the towns and villages outside of the city and already twelve clubs have been organized. The membership fee will be used locally for advertising and for propaganda to arouse interest among motorists and the general public relative to safety—safety in the home, the shop, on the highway, in the factory or garage, safety everywhere where life and limb are in danger.

Both men and women are eligible and boys and girls of fourteen years of age and over may also join. At the close of the safety meeting to be held at the Museum theatre next Wednesday night an opportunity will be given for all to join the club.

At Wednesday's meeting the following officers were elected: President, C. R. Eli; vice-president, Dr. A. B. Wickham; secretary, C. D. Kilgour; treasurer, Harold White.

### G. M. C. BUILDING ROADS ON LAND NEAR MILFORD

The contract for the building of concrete and gravel roads on the property located in the vicinity of "The Bluffs" west of Milford which was recently purchased by the General Motors Corporation for automobile testing purposes has been let to The Handyside Construction Company of Detroit and work has already commenced with W. J. Lehner of Mt. Clemens, engineer in charge.

About 100 men will be employed and it is estimated that six months will be required to complete the stretch of concrete and gravel roads. Besides two miles of concrete road and six miles of gravel road numerous other building operations will be in progress. The General Motors have also let the contract for the building of a garage, 60x200 feet with a capacity of 40 cars. Later it is expected that contract will be let for the erection of homes for the Company's executives and employees. It is believed that when the work is completed the General Motors will have the finest and best equipped track of land devoted to automobile road testing.

Milford—Mrs. Charles Ogden, who was operated on for tumor at the Milford hospital last Tuesday, died suddenly Sunday afternoon at 4:30 o'clock. Mrs. Ogden was a Milford girl, and spent practically her entire life in this vicinity.

### NORTHVILLE'S DEMOLAY CHAPTER HONORED

The Grand Master Councilor of the Grand Chapter, Order of DeMolay, recently elected at the state convention at Grand Rapids, has announced his appointive officers and in making his selections he conferred a great honor upon Fellowship Chapter of this village. Master Councilor Alton Trumbull of Plymouth was appointed sixth preceptor of the Grand Chapter of Michigan. Mr. Trumbull is a worthy young man and his appointment is a distinct personal honor as well as a worthy compliment to the local chapter.

### KNIGHTS' TEMPLARS ACTIVE

The Knights Templar will hold at the fair grounds next Tuesday night at 7:15 sharp, and a good attendance is desired. A large number of the Sir Knights have signed their intention of attending the Grand Commandary meeting at Saginaw on June 3rd. A special car will be attached to the P. M. train and stops will be made at Plymouth, Northville, Novi and Milford. All Sir Knights are requested to take their ladies with them. No expenses except for meals. All are urged to attend the ascension day services at Walled Lake Sunday afternoon at 3:00.

The F. A. Benedict Sons Co. has a fine display of flowering and decorative plants, garden plants, etc. A visit to their greenhouse will cause one to believe that summer is not far away after all.
