WITH FAIREST AND RAREST FLOWERS

Memorial Day was fittingly observed in Northville last Friday and the exercises were planned to pay a just tribute of respect to the memory of those who gave their lives for their country and also to acknowledge in grateful remembrance those who offered themselves when the flag of their beloved country had been assailed. The day was most ideal for a public service. The sun shone brightly all day, but there was a cool and invigorating breeze and Northville people turned out in large numbers to honor their dead heroes and their hero-citizens who were permitted to return to us. The forenoon hours were given over to perfecting plans for the afternoon, decorating the graves in the Yerkes, Thayer, Oakwood and Rural Hill cemeteries and there was scarcely a mound that was not garlanded with fairest flowers and above a good many a bright new flag fluttered in the May breeze above the floral offerings. People came from afar to render this kindly service to loved ones who have made the long homeward journey, and many were the reunions that were held in these silent cities of our dead.

The Alseium theatre was comfortably filled when the hour arrived for the afternoon services, although the attendance was not as large as in some former years. The audience arose and stood at attention while the members of the American Legion and W. R. C. marched down the aisles to places of honor. The band played the "Star Spangled Banner" while the audience remained standing. Rev. F. P. Knowles offered the invocation and asked God's richest blessing upon the community, the state and the nation. Benjamin Stewart sang a solo and A. V. Barber read Lincoln's Gettysburg address.

Lisle Alexander, as commander of Lloyd H. Green Post, presided and as he called the meeting to order stated that the plans for the proper observance of the day were made by members of the Post owing to the inability of the members of the Grand Army of the Republic to longer continue that service. He referred feelingly to the fact that but one veteran of the great Civil war was able to be present at the exercises—L. C. Mead, who occupied a chair on the stage. George Goodell and Frank Woodmansee were unable to be present for the first time since the organization of Allan M. Harmon Post.

Hon. Eugene Sharp of Detroit was the speaker of the day and he gave a very interesting and inspiring address. Following the address the audience sang "America" and the procession then formed in front of the theatre and marched to Oakwood cemetery in the following order:

Northville Municipal Band
Northville Commandery, K. 1
World War Veterans.
School-Children
W. R. C.
Boy Scouts
Citizens

The procession marched to the grave of Allen M. Harmon in Oakwood cemetery where suitable exercises were held and at their conclusion the procession returned and marched to Rural Hill cemetery where services were held at the grave of Lloyd H. Green. As the procession passed over the bridge leading to Rural Hill cemetery flowers were strewn upon the waters in honor of those who lost their lives in the service of the navy. The procession returned to the business portion of the village where ranks were broken. At 5:30 members of the Legion and a few invited guests partook of a bountiful dinner served by the ladies of the Relief Corps. Thus another Memorial Day became a tender memory and the boys in blue and the boys of the great world war were bound just a little closer together, the spirit of comradeship among the living was a little closer cemented and a grateful nation had again acknowledged its great debt of gratitude for its heroic defenders.

Oh, cherish the flag with the stars of gold
And the myriad stars of blue.
Those stars of blue who were there to give;
Their very lives they offered to give
So all that you hold dear might live.
Yes, if need be, to die for you.

And our hearts can add yet another star,
One that's stained with a blood-like red.
It stands for the blind and the crippled lad
Who were fighting there in your stead.
They took the wounds and the bullets
And the suffering all for you.
Oh, cherish the flag with its stars of gold
And its stars of red and blue.

Oh, cherish the flag with the stars of blue
And the pitiful stars of gold.
The gold ones gave and they gave and gave,
And all that a man could give they gave.
These stars shine down on a martyr's grave.

KNIGHTS AND LADIES HAVE PLEASANT-OUTING.

In spite of the rain Tuesday morning more than forty members of Northville Commandery, Knights Templar, with their ladies, attended the meeting of the Grand Commandery at Saginaw, and the outing proved a very enjoyable one. The local commandery had its own private car attached to a special run by the Detroit Sir Knights and the journey both to and from the sawdust city was greatly enjoyed. Saginaw Sir Knights and the citizens of the city did everything possible to make the meeting a success.

Work! Earn! Save!

One of the first things we all have to learn is that work is a necessity. We have to work in order to earn something with which to supply the necessities of life.

But that is not all. Saving is just as much a necessity as working and earning. When our working and earning days stop, expenses go on just the same. If we have saved consistently during our earning day, there will be something with which to meet expenses when we stop working.

Work, Earn and Save. It will make for independence in old age as well as in youth.

GETTING IDEAS FOR NEW COUNTY INFIRMARY.

Members of the Delegation of supervisors who are part of the county infirmity building committee returned Sunday morning from their week's trip to eastern cities where they inspected county infirmaries, contagious disease hospitals and tubercular sanatoriums, with a view to gaining ideas on what should be incorporated in the new building the first units of which are to be commenced on the county farm the coming summer.

The delegation was composed of Supervisors Luther D. Allen, Seymour D. Adams, James Lawson, J. C. Salmer and Alfred Gale and Wills M. Brewer, chairman of the board of county auditors. They visited Syracuse, Albany, White Plains, Troy, Farmingdale, Birmingham, Bath, Lockport and Buffalo, N. Y., and New York City.

"We certainly had an interesting experience," said Mr. Brewer this morning. "I believe every man on the committee returned with a much better idea of what should be included in a county infirmity, contagious disease hospital and tuberculosis hospital than he could have had previously. The committee's much better conclusion to pass upon plans for the new buildings to be built on the county farm for which the people voted a one mill tax last spring."—Pontiac Daily Press

TOO MUCH BOOZE.

Two fellows from Lansing came to grief on the Seven Mile road early Sunday morning. When their auto went into the ditch and ran into Frank Lauray's refreshment stand. The fact that the car did not turn over indicated that the driver was asleep when the accident occurred and that the car left the roadway with its own accord. Both of the fellows were injured, one of them quite seriously, and he was taken to the Sessions hospital for medical attention. While the officers were investigating the wreck they discovered two five gallon jugs of "white mule," a short distance from the wreck. It is believed the fellows had been drinking but were conscious of the fact that the booze would not check up well with the wreck and they had sense enough to take the two jugs out of the car before the officers arrived.

Will some fellows ever realize that booze and gasoline will not mix very well.

INCOME TAX BILL HAS BECOME LAW

PRESIDENT'S SIGNATURE MAKES REVENUE ACT EFFECTIVE IN THIRTY DAYS

REDUCES INCOME LEVIES 25%

Cuts Tax on Autos and Accessories, Also on Theatre Tickets and "Luxury" Items.

Washington—The tax reduction bill has been signed by President Coolidge. Although the legislation does not accord with his stand for the Mellon plan, the president affixed his signature because he believed it represents an improvement over the existing law.

It reduces the levy of the federal government on almost every tax payer and especially benefits the man or woman with a small taxable income.

Effect of the measure is immediate in that it reduces by 25 per cent taxes on last year's incomes payable this year. More than a score of excise and miscellaneous taxes are repealed within 30 days, and the new scale of income and surtaxes affects incomes and revenues dating from last January 1.

The provision for a 25 per cent reduction in income taxes payable this year, contained in the new revenue law, may be put into effect by the tax payer immediately. Persons paying on the installment plan may cut their second payment, due June 15, by one-half and the last two installments by one-fourth each. Those who paid the full tax on March 15 will receive as soon as is possible a refund of one-fourth from the treasury without making application for it.

The following changes are ordered in the income taxes.

A 25 per cent reduction on taxes payable this year.

General revision of both the normal and surtax rate amounting to a 50 per cent cut on taxes levied against incomes of \$8,000 and under.

An additional reduction of 25 per cent may be made on earned incomes. For purposes of this reduction all incomes of \$5,000 and under are defined as earned. The cut may be made only on incomes up to \$10,000.

Exemption for heads of families with incomes of \$5,000 and over is increased from \$2,000 to \$2,500, the same as now allowed heads of families with incomes of \$5,000 and under. No change is made in the present law with an exemption of \$1,000 for single persons.

The miscellaneous and excise taxes repealed and the amount of revenue involved are:

Telegraph and telephone messages \$34,000,000; beverages, \$10,000,000; candy, \$13,000,000; knives, dirks, daggers, etc., \$30,000; liveries, etc., \$140,000; hunting, shooting and riding garments, \$180,000; yachts and motor boats (sale), \$319,000; carpets, rugs, trunks, purses, etc., \$1,800,000; drafts and promissory notes, \$1,500,000; theaters, shows, circuses (floor space) \$1,600,000.

In addition numerous other excise taxes are reduced. Theater tickets 75 cents and under are exempted and noble tickets the chassis of which sell for \$1.00 or less and bodies for \$200 or less are exempted from the 3 per cent tax while the 5 per cent levy on auto tires, parts and accessories, is cut in half.

Articles selling for \$30 or less and watches selling for \$60 or less are exempted from the five per cent jewelry tax, as are also surgical and musical instruments, eyeglasses, spectacles, silver plated flat tableware and silver ware for use in religious services.

Taxes on playing cards was increased from eight to 10 cents a pack. The same brackets of amounts to which the estate tax is applied in the present law are retained, but the rates are increased so the maximum is 40 percent of amounts of \$10,000, 900 and over instead of 25 per cent.

The normal tax rates on individual incomes are two per cent on incomes of \$4,000 and under; four per cent on incomes between \$4,000 and \$8,000, and six per cent on incomes above that amount. The surtax rates range from one per cent on incomes between \$10,000 and \$14,000 to 40 per cent on incomes of over \$500,000.

NEW LIGHT ON FRANKS SLAYERS

Confessed Murderers of Boy Linked With Other Crimes.

Chicago—Nathan Leopold, Jr., and Richard Loeb, the "push button kids," slayers of Robert Franks, 14-year-old school boy, have been accused with the slaying of Freeman Louis Tracey, whose body was found in the Chicago river recently.

Charles Ream, a chauffeur, also identified Richard Loeb as one of the two men who last fall kidnapped him and drove to a lonely spot on a prairie and performed an operation on him. Leopold, he said, rode in the car. Facts brought to light also connect Leopold and Loeb with the mysterious death of Melvin L. Wolf, 24, who left his home April 7, to mail a letter and never returned. Many days later his body was fished from the lake.

TWO YOUTHS ADMIT FRANKS SLAYING

NATHAN LEOPOLD AND RICHARD LOEB, 19 YEAR OLD COLLEGE YOUTHS ADMIT MURDER.

BOTH SONS OF MILLIONAIRES

Said They Wanted to Study Reaction On Human Being Dying Under Certain Circumstances.

Chicago—Nathan R. Leopold, Jr., 19-year-old student at the University of Chicago, former student at the University of Michigan, son of the millionaire owner of the Marcell Steamship company and a big box factory, and Richard Loeb, also 19, son of the 11 flooring co. president of Sears, Roebuck & Co. and nephew of Jacob Leeb, former president of the Chicago school board, have confessed they deliberately planned the murder of Robert Franks, the 14-year-old son of Jacob Franks, a retired millionaire.

The youthful murderers admit they planned the deed last November, working out every detail until they thought they had established an "air-tight alibi" and that there would be no slip in their scheme.

The murderers desired to note the reactions, sexual, mental, and physical of a human being under certain conditions. In addition they wanted the \$10,000 ransom, although both have always been liberally supplied with funds.

Going into details of the crime, they said they picked up the Franks boy on his way home from the Harvard school, dragged him into an automobile and struck him over the head with a chisel, wrapped in tape. This chisel was found by a janitor and proved an important clue in the investigation. The blows on the head silenced him, but they stuffed a rag into his mouth and wrapped him in a robe.

Gag Causes Death

They admit they set out deliberately to kill the boy—and they did. The gag in his mouth choked him to death. They knew he was dead five minutes after they had him in the car, but this did not worry them. They intended to kill him in all events, but not until they had subjected him to some weird experiments. Later, if the gag had not killed him they intended to finish him with ether.

After stripping the victim and thrusting his nude body into the car, they burned the blanket in which he had been wrapped.

At this point fate stepped into the gruesome picture. In his haste to dispose of the body and get back to the city to complete his alibi, Leopold dropped his glasses. These were of peculiar construction and were readily traced, and this was the first tangible clue detectives had to work upon.

The final breakdown came when their alibi, though proof up to that point was suddenly punctured.

Both boys insisted they were using Leopold's Willys Knight car. The car, like the peculiar glasses, proved the downfall of the murderers. After they had insisted they had been out in it all afternoon and night, Sven Franz and, chauffeur for the Leopold family, was called in England as responsible for the seven cars belonging to the Leopold family and he said the Willys Knight owned by Nathan Leopold was in the garage all day from 1 o'clock in the afternoon until 10 o'clock that night. This testimony led to the boys' confession.

SCHOOL RUINS GIVE UP 23 DEAD

Fire Sweeps California Institution; Matron Among Dead.

Los Angeles—Twenty-three bodies including two adults, have been recovered from the ruins of the Hope development school for subnormal girls at Playa Del Rey, on the beach 18 miles from here, which was destroyed by fire. Nineteen girls and two firemen were severely injured.

The fire is believed to have originated on the top floor of a three-story wooden dormitory, where 15 girls were housed. Playing with matches is thought responsible.

The structure was razed to the ground and Matron J. C. Thomas was among those who perished. The dead children ranged in age from 4 to 16 years.

The 19 children were injured when they were either thrown from the building by rescuers or jumped. The firemen were severely burned when struck by a high tension electric wire.

Population of 12,940,000 For Mid-West Chicago—By 1950 there will be a population of 12,940,000 in the territory embracing Chicago and the northern halves of Illinois and Indiana. North-west Ohio, Southern Michigan and Southeastern Wisconsin, which is known as "the workshop of America," according to estimates of the power survey committee of the Great Lakes section of the National Electric Light association, made public recently. This district in 1920 had a population of 8,000,000 people.

The Dogmatic. Those who refuse the long drudgery of thought, and think with the heart rather than the head, are ever most fiercely dogmatic.—Bayne.

Remember Last Winter

You will remember that when cold weather came last Fall your coal bin was empty and you were compelled to buy the kind of fuel your dealer was able to secure for you. You declared then you would never be caught again—that you would fill your bins early another season.

Well, now is a good time to keep that promise. We have stove size hard coal and we expect to be able to secure more, but we cannot fill your bins with this fuel and let it lay in our yards all summer.

Let us put part of your supply in now. But our advice to you is not to wait until Fall and then expect your dealer to fill your bins with hard coal. It can't be done.

PIN ON YOUR POSIES.

If you are hunking me a heap, Come out an' tell me so; If you're my friend, no use to keep It hid—want to know I? Don't wait until I'm dead an' gone, To say how fine I be. Don't wait to put your posies on My grave—instead o' me— I want to know just how you feel— Don't go an' pass me by. I want to know your friendship's real Right now—before I die. I want to feel your hearty grasp. An' know your feelings fine. An' get that something in your class That says you're bread o' mine.

I want to read it in your eyes, An' see it in your smile. Without sham, pretense or disguise In real heart-warming style. Don't wait until I'm dead an' gone Beside my grave to say. An' weeping put your posies on Just give 'em to me NOW.

SCHOOL PICNIC AT TRENTON.

Tomorrow at Elizabeth Park, Trenton, will occur the annual Wayne county school picnic and eighth-grade commencement exercises. In the morning there will be a program of field events under the direction of L. M. Yost, director of physical education in the Detroit schools, and at noon a basket picnic dinner will be enjoyed. At one o'clock Prof. M. S. Pittman of the Ypsilanti Normal College will address the class and this will be followed by a ball game between the Trenton and Belleville High school teams.

All the people of the county are invited to attend.

CARELESS DRIVERS, BEWARE!

With a Sat. Drivers' can be seen in Northville, Plymouth, Redford, Wayne, and all the other towns in the county careless drivers will do well to watch their step otherwise they are sure to come to grief. This will be especially true of those who deliberately drive at a break neck speed past school houses and other public places where children and people usually congregate. Northville has a few such drivers and they will be invited to visit the superintendent of safety if they do not change their practice. No one desires to cause any one trouble or annoyance, but the time has come for a clean up on some of these fellows and unless this warning is heeded a few of our citizens will be given an opportunity to explain why they always seem to be in such a hurry when driving up and down Main street.

METHODIST CHURCH NOTES.

"The King" will be our subject for next Sunday's worship. A description of a British coronation will be given by the pastor with its gorgeous display of royalty peers and peeresses. This will mark the contrast with the humility of "The King" who is the true King of us all.

We are glad to have with us Howard Stark. We loaned him to Romeo where he has been his outstanding figure in our church there. He will take the young mens' class. Now boys rally around Howard. Time, 12:00, noon.

In the evening the pastor has a special message for everyone who "hath ears to hear let him hear," as the Master says. Time, 7:30. It was certainly an uplift when Miss June Filkins rendered the solo last Sunday evening "O Love That Will Not Let Me Go." Our choir gives forth its best in the evenings as well as the mornings. Come let us worship. You are cordially invited.

It is well worth knowing that Brother Ed Sessions has extensively added to his hospital with a corridor of rooms each side, with a ward and operating rooms. This to me is a part of christian service established in our midst and the place is worthy of the name of "Pleasant Home Hospital." Let our people not fail to visit our sick parishioners and speak a friendly word to any of the general public which I am sure would be appreciated.

The ladies of the Methodist church will meet for a social time at Mrs. Charles Thornton's on Wednesday afternoon at 2:30. All the ladies and their friends bear this in mind.

NOTICE.

I will pay a reward of five dollars for information leading to the arrest and conviction of persons trespassing on and taking asparagus from my garden. DR. J. M. BURGESS. 46w2p.

ST. PAUL'S LUTHERAN CHURCH.

Next Sunday Festival of Pentecost will be celebrated—service in English. The contract for building the new parsonage was awarded to Fry & Boullat. The school house will be moved back of the church building and the parsonage will be built south of the church.

Mrs. Eissfeldt is on the way to recovery.

BAPTIST CHURCH NOTES.

Was you at prayer meeting last Thursday? Be there next Thursday. The rummage sale was a success. The Children's Day exercises will be held on Sunday, the 26th. A good program is being prepared.

Next Monday evening the Baptist Brotherhood will hold its regular monthly business meeting. The social nature will be a mock trial. One of the members is said to have gone to court in church and will be tried for "crime." All men are invited. The sermons for next Sunday will be of interest to everyone. The evening sermon will be illustrated in an unusual way. The stereopticon will not be used. See the ad.

PRESBYTERIAN CHURCH NOTES.

The most joyous day of the year—Children's Day exercises Sunday morning at 10:30, taking the place of both the morning worship and Sunday school. The offering will be for Sabbath school missionary work in the United States.

The Y. P. S. C. E. at 6:30 will discuss the important question of Christian courtesy. 1 Peter 3:8-13, Rom. 12:10.

The pastor will speak in the evening at 7:30 on one of God's great gifts to man.

The Woman's Union will meet in the parlors of the church on Wednesday at 2:30 p. m. Mrs. John Hoxens, one of the synodical secretaries, will be the speaker of the day. All the women of the church and congregation should hear her.

CELEBRATED EIGHTH WEDDING ANNIVERSARY.

Last Sunday was the eighth anniversary of the marriage of Mr. and Mrs. C. B. Turnbull and the affair was pleasantly celebrated at their home on 3rd street. A bountiful dinner was served and was enjoyed by the following guests: Mrs. Emma McGroth and daughters, May Mary and Dorothy; Mr. and Mrs. Glenford Haviland and sons, Delbert and Max of Pontiac; Miss Clara Beard, Lloyd Turnbull, Clifford Sinden and Ernest Kelly of Northville. Mr. and Mrs. Turnbull received a number of very pretty gifts. After the splendid dinner had been served the guests spent the afternoon pleasantly visiting.

TAX ROLL OVER TWO MILLION.

The tax roll for the village of Northville has passed the two million mark, an increase over 1923 amounting to upwards of \$150,000. The real estate is assessed at \$1,636,190 and the personal property assessment amounts to \$416,781. The total assessed valuation is now \$2,052,971.00. Village Assessor C. A. Sessions turned the tax roll over to the village treasurer the first of the week. Village taxes will be about \$22 on each thousand dollars valuation.

Entertaining.

I've been reading a good deal about this "new game of Mah-Jongg," said old Riey Rezzidew of Petun's. "And according to the papers it has got such a hold in the cities that some people stay up all night long, the night to play it." "H'm," musingly replied the proprietor of the Right Place store. "Must be considerable like checkers."

No Kerosene.

When fire sweeps through the woods, one feels that at last there is something that can do justice to a hornet's nest.

The Board of Review for the township of Northville will meet on Tuesday, Wednesday and Thursday, June 10th, 11th and 12th, 1924, at the village council rooms over Kilgour's store. In view of this fact all property owners are urged to attend these meetings of the board of review.

A meeting will also be held at the above designated place on Tuesday, June 17th, 1924. Elected, Northville, Mich., May 29th, 1924. W. H. Yess, Supervisor. 46w2c.

IN A STRANGE LAND AND HOMESICK

Such was the state of the Hebrew people. They had been carried away to Babylon. They were deprived of the milk and honey land they really loved.

Ezekiel, the prophet, went among the people and spoke sympathetically to them and helped them to endure their troubles.

Have you ever been homesick? Among strangers—no familiar face in the crowd about you—no hope of seeing any one of your kintfolk for a long while. Well, it's some feeling.

The experiences of life have a value—give a new view point—teach one to avoid the bad and keep the good.

The Hebrew people came out of the Babylonian country more appreciative of the beauties of Judea than ever before.

Home is a better place to most people after a temporary absence—what a great place it is when you have wandered far.

DETROITERS CAUGHT IN WALLED LAKE RAID.

Six Detroit men were arrested in a dance hall and an alleged blind pig at Walled Lake early Sunday during a raid by James S. Butler, sheriff of Oakland county, and 15 deputies.

Five other youths found at the dance hall, were detained in custody for an hour, and six young couples were ordered out with instructions to go home at once. Sheriff Butler reported.

Leeds Ludlow, 22 years old, 1423 Cherry street, and his 19-year-old brother, Richard, were arrested at a cottage when the raiders seized a quantity of whiskey and wine. The Ludlows are charged with violating the state prohibition law. Butler said the cottage has been operated as a blind pig for a long time, catering chiefly to patrons from the dance hall.

The four others are held at the Oakland county jail at Pontiac on charges of disorderly conduct. Butler said they were intoxicated. They identified themselves as Frank Sockin, 19 years old, 4567 Pennsylvania avenue, Frederick Shure, 22, Seven-Mile road and Gratiot avenue; Richard Banker, 19, 4414 Pennsylvania avenue and Albert Sterzinger, 20, 9331 Graves avenue—Detroit News.

Hupmobile

Counter Shaft Gear is drop-forged, chrome nickel steel, double heat-treated, unusually heavy, and mounted on two special roller bearings. Many cars have simply a case-hardened gear of low-carbon steel mounted on plain bushings.

Hupmobile Shows You How To Get The Facts That Count

Before you lay down hard-earned money for an automobile—a Hupmobile or another—possess yourself of vital facts.

For the first time in motor car annals, Hupmobile has shown the way to get at facts that count.

Facts that will tell you quickly and clearly why one car is better than another—why fair exteriors may conceal inherent weaknesses—why many things are of less importance than processes of manufacture—why a couple of hundred dollars more is not extravagance but a necessary expenditure.

Step into the Hupmobile salesroom and ask to see the Parts Display.

On these boards, you will find displayed all the principal parts of the Hupmobile. Each is ticketed with a card that tells plainly and concisely in black type how it is made and what it is made of.

Each card also describes in red type the lesser materials and processes often used for similar parts in other cars. Come in and see this object lesson in invisible value and invisible costs.

COURT REOPENS PACKERS CASE

Agreement of "Big 5" to Sell Subsidiary Companies Set Aside.

Washington—A decision that may have the effect of reopening the whole field of litigation involved in the Big Five packers' consent decree case has been handed down by the District of Columbia court of appeals. Reversing a lower court ruling, the court of appeals upheld the right of the California co-operative canneries to intervene in the case.

Under the consent decree entered into between the packers and Attorney General Palmer in 1920, the packing companies were to divest themselves of various collateral properties, including their stockyards and grocery distribution agencies. The California canneries, in asking to be heard, declared they were vitally interested because Armour & Co. had contracted with them to market 52 per cent of their future output. If the decree were permitted to stand, the business of the canneries, they insisted, would be materially injured.

ASK BONUS FUND OF \$127,817,898

First Year Costs Include \$1,888,500 For Administration.

Washington—A request from the veterans' bureau for an appropriation of \$127,817,898 to defray the costs of the soldier bonus until July 1, 1925, has been transmitted to congress by President Coolidge. Of the total, \$1,888,500 would be for administrative expenses.

The request included \$100,000,000, the maximum authorized under the bonus law to be appropriated for the calendar year 1925, for the annual premium to be provided for the payment of the face value of adjusted service certificates.

The total appropriation sought from congress is in addition to \$3,600,000 requested by the war department and \$450,000 asked by the navy department for assisting in the administration of the adjusted compensation act.

HOUSE O.K.'S NAVY INCREASE

Program of \$111,000,000 Includes Six New Gun Boats.

Washington—The house has passed a bill designed to bring the American navy up to the 553 ratio fixed by the Washington arms conference. The vote was 166 to 135.

As sent to the Senate, the measure would authorize construction of eight scout cruisers, six river gunboats and extensive improvements to six battle ships at a total estimated cost of \$111,000,000.

The measure was introduced by Chairman Butler, of the naval committee, at the request of the navy department.

"DEATH RAY" RIDICULED BY U. S.

Has No Practical Military War Use Officials Say.

Washington—Experiments conducted by officials of the Chemical Warfare Service of the army have indicated that the so-called "death ray," now being exploited in Europe, has no practical military use, declares the war department.

Officials expressed considerable interest in the French and English experiments, but said that government scientists under the direction of the war department had already exhausted the possibilities of the deadly light ray.

TORNADO SWEEPS GULF STATES

Just across the Base Line road from Meadowbrook Golf club Arthur Smith of Detroit as prominent real estate dealer in that city, is also building a handsome home. The garage is now under construction and the house will be erected soon. Mr. Smith has developed a number of subdivisions in the city and he now contemplates giving his attention to suburban property and has chosen the Northville section as the scene of some of his operations.

NEXT WEEK AT THE GARRICK.

Arthur Goodrich's great laughing success, "So This Is London," one of George M. Cohan's most successful production ventures, will be the offering of the Bonstelle company at the Garrick next week, beginning Monday night.

This play first bore the title of "How Very American" and lovers of George Cohan's snappy style of dialogue and "laugh a minute" action will find much to admire in "So This Is London" as it is typically Cohanesque. It is a delightful satire, which is always bright and never bitter and is full of merry touches that come with an air of genuine inspiration.

The worst dirt is in
your rug—not on it

Why Royal gets the
dangerous embedded dirt
as well as surface litter

ALONG the entire 14-inch nozzle the powerful suction of the Royal Electric Cleaner is applied directly to the rug surface. This is done by two things, (1) the scientific nozzle design, (2) the patented Royal adjustment screw. The rug is lifted, the nap opened up, and the germ-laden embedded dirt that cuts your rugs, as well as the surface litter, such as threads, lint, etc., is sucked into the bag.

WHY NOT TRY A 25c LINER IN THE RECORD?

FOUR SOULS WITH BUT A SINGLE THOUGHT.

B. J. Thompson, the fence builder-poet of Oakland county, and three of his pals came to grief Monday afternoon when they were arrested by Northville officers and placed in the village jail for being drunk. Besides Thompson the officers picked up Barney Roach, Claude VanValkenburgh and Bill Thomas, and it is said that the poet and Thomas were so drunk they could scarcely navigate with the quartet was a gallon of "white mule."

The fellows had been over in Salem township and made such nuisances of themselves that their presence was reported to Deputy Sheriff Boyle, who immediately started after them, but before he could reach them they had crossed the county line into Northville township. Local officers were called and no time was lost in gathering them in.

Roach and VanValkenburgh were released on bonds and their hearing was set for Tuesday afternoon. Thompson as at first pleaded not guilty, but afterwards asked that he be permitted to change his plea to guilty and he was fined \$30.00. No one came to rescue Thompson and after he had languished in the village jail for a few hours he decided he would make a clean breast of the whole transaction and he told the officers where they had been and where they secured their supply of liquor. This fact was communicated to Deputy Sheriff Boyle and the Washtenaw county officers and a search warrant was secured and the local officers and representatives of the sheriff's office at Ann Arbor visited the premises of a fellow by the name of VanVorce at Dutch Hill, where a quantity of liquor was found together with a great array of bottles and jugs in which, judging from appearances, liquor had been transported.

While the officers were at the premises making their search Roach and VanValkenburgh came back after more booze and they were placed under arrest for transporting intoxicating liquor and taken to the county jail at Ann Arbor. Thompson was taken over to the university city on Wednesday as a witness.

BASE BALL AT PRISON FARM.

The House of Correction lost the game Friday but won the double header Sunday. The game Friday with the Baker Shamrocks was good and exciting all the last. The Shamrocks taking the lead in the 5th inning and keeping it. The officers played good ball but could not overtake them with the score ending 7 to 5 for the Shamrocks.

The Hamilton Merchants late Saturday called and postponed the game for Sunday on account of sickness, so not to disappoint the many fans who attend our games at the Prison farm the officers played a double header. The first game with Salem which was close and a fight to the finish with the score 3 to 2 for the Officers. Rowland of Salem pitched a good game but could not hold the officer's heavy hitters and fast team work, while A. Jaska for the Officers pitched his usual steady game.

The second game Sunday with the G. A. club of Detroit was an easy victory for the officers with the score 11 to 2 for the officers. Owing to the late starting of the game it was called at the end of the 7th inning.

For next Sunday, June 8th, Manager Hunter of the House of Correction team, has succeeded in booking the U. S. Marine Corps of Detroit. This club is only playing the best clubs in the city and strong clubs or the near-by villages, so the officers think they are lucky in getting them to come to the farm grounds. Fans are promised another fast and exciting game.

NORTHVILLE WON STATE HONORS

At the track meet held at the M. A. C. last week Friday and Saturday Northville carried off the state honors in one event at least—the javelin throw, when James Wood made a distance of 162 feet and ten inches. He was awarded a gold medal for his effort and it is believed that he not only established a new state record, but a national one among high schools.

Northville won fifth place in the meet having 9½ points at the close of the contest. As this is the first year in which the Northville schools have taken any interest in track and field events the record made at Lansing is very encouraging.

NOVI NEWS.

Rev. R. J. Thompson, who was recently called to the pastorate of the Baptist church of this place, is on the field and the family is now nicely located in the parsonage. Let us all assist in making his pastorate pleasant and profitable for the church and the whole community.

On Sunday morning at the usual hour there will be special children's day exercises given at the Baptist church. An interesting program is being prepared by the committee in charge of the affair and the children will, of course, take a prominent part in the exercises. Remember the time—10:30.

Martyrs or Vice.
