SATURDAY NIGHT, JUNE 28

"CAMEO KIRBY"

Depicting the brave days of the forties when men were bold  
and women fair. Pistols for two and coffee for one was a com-  
mon breakfast order

SUNDAY NIGHT, JUNE 29

"THE SHADOWS OF THE EAST"

A picture story of magnificent splendor.

TUESDAY NIGHT, JULY 1

"THE KINGDOM WITHIN"

A wonderful story full of pep from start to finish.

THURSDAY NIGHT, JULY 3

One of the outstanding pictures of the year. You will like  
it better than "The White Sister"

"WHEN WINTER COMES"

Mightier than the book.

FRIDAY NIGHT, JULY 4

"HIS CHILDREN'S CHILDREN"

### HELD SERVICES IN THE GREAT OUT-OF-DOORS.

After services at their church Sunday morning the pastor, Rev. Eli J. Forsythe and a large number of the members of the Fort Street Congregational church of Detroit, motored out to Eastlawn Sanatorium and enjoyed a picnic dinner in the grove. By three o'clock they had been joined by a large number of Northville people and a very interesting and uplifting service was held out in the open air. Dr. A. B. Wickham had erected a spacious platform at the edge of the grove and at the foot of the natural amphitheatre and the people gathered about the hill sides to enjoy the program of the afternoon, which was in charge of Dr. Forsythe. Royal Forsythe led the audience in congregational singing and number of familiar hymns were sung. The church choir rendered two anthems and members of the choir sang solos greatly to the enjoyment of the large company present. Rev. F. P. Knowles offered the opening prayer. Rev. William Richards read the scripture lesson, and Rev. A. K. MacRae offered the invocation, closing with the Lord's prayer in which all joined.

Dr. Forsythe gave the address of the afternoon and he was given close and interested attention.

The place selected for the erection of a platform was an ideal spot for an out-of-doors service and it is hoped other meetings will be held there during the summer months.

### ALSEIUM THEATRE IS A CREDIT TO NORTHVILLE.

But few towns the size of Northville can boast of a better equipped theatre than the Alseium, and the recent repairs and improvements have made the local play house very attractive. During the past week 400 new chairs have been placed on the main floor, and the new seats are of the latest pattern and are very comfortable. The walls and ceiling of the theatre were recently newly decorated and they are very neat in appearance. The walls are in tan with panels of pink and gilt moulding enclosing the panels. Manager Thompson is to be congratulated upon the appearance of his theatre and he is to be commended for the enterprise he has displayed in his efforts to provide Northville an up-to-date and an attractive play house.

### WERE GUESTS OF PRESIDENT MCKENNEY.

At the annual commencement exercises at the Normal College at Ypsilanti on Monday David Gage of this village was given a seat of honor on the platform, and at the conclusion of the program he was introduced to the audience as having been a student at the Seminary in 1856 and at the Normal College in 1860.

Mr. Gage and Superintendent Arthur J. Helfrich were the invited guests of President Charles McKenney and at the commencement dinner they were seated at the speaker's table. Mr. Gage was called upon for remarks and he responded in a manner that brought forth hearty applause from the large company present.

### THE LADIES WON, OF COURSE.

The members of the C. A. Dolph Bible class of the Methodist Sunday school were delightfully entertained at the home of Mr. and Mrs. C. E. Smock on the Seven Mile road, last Thursday evening. Numerous games were played and the honors were easily won by the ladies, the men of the company evidently having forgotten how to play some of the games of their youth. Ice cream and cake were served as refreshments and the outing will be long remembered by all who were privileged to be present.

### BIG CROWD AT GRENNAN FARM.

A big crowd gathered at the Grennan farm at Waterford last Sunday and spent the day in a very enjoyable manner. During the forenoon there was a ball game, at noon a picnic dinner was served the visitors in the grove on the farm, Mr. Grennan furnishing the feast and providing all the accommodations necessary to make his guests comfortable. After the feast polo games afforded the amusement of the afternoon.

### TEMPLARS PARTY A SUCCESSE.

The family party and ball given at Cenequa Shores at Walled Lake on Wednesday under the auspices of Northville Commandery, Knights Templar, was a decided success in spite of the fact that the early morning rain, doubtless, kept many from visiting the lake for the afternoon. In the evening a large crowd gathered for the dance and the program was greatly enjoyed.

### FRIDAY NIGHT'S STORM WAS A RAPID FIRE ONE.

After a day of intense heat and great humidity a storm broke over Michigan Friday night and this community came in for its share of the rapid fire lightning and a heavy down pour of rain. A strong wind which twisted branches from trees and made the timid ones wonder what was to follow, preceded the rain and lightning. Fortunately not much damage was done in any section of the state. In Northville the belfry of the Lutheran church was damaged, but fortunately the building was not set on fire by the lightning. A large tree on Dunlap street in front of the Robert Thompson residence was blown over, and in other portions of the village great limbs were broken off from handsome trees.

The rain continued to fall for several hours and everything received a wonderful soaking. The wind damaged telephone and electric light lines to some extent. The Bovee residence on east Main street was struck during the storm and as the fluid played hide and seek throughout the house Mrs. Bovee was burned quite badly.

### DETROIT LADIES PLEASANTLY ENTERTAINED HERE.

Last Thursday forenoon 33 members of the Woman's Bible class of the Grand River M. E. church came to Northville to spend the day with Mesdames E. H. Partridge and A. B. Wickham. Upon their arrival the visitors were escorted to the home of Mrs. Partridge on Dunlap street, where a pot-luck luncheon was enjoyed at noon. A delightful social hour followed the luncheon and then the merry company of ladies proceeded to Eastlawn Sanatorium where they were entertained by Mrs. Wickham, being shown about the beautiful grounds and through the spacious buildings.

The ladies were charmed and delighted with Northville's wonderful hills and with the manner in which they had been entertained by their old friends and former classmates. As they took their departure on the 5:30 car they promised to come again, and expressed regret that they could not have prolonged their delightful outing.

### EXCHANGE CLUB ELECTED OFFI- CERS.

The Northville Exchange club elected officers for the ensuing six months' term at the luncheon on Wednesday noon. The luncheon was one of the best of the season, with strawberry shortcake for the "closing number." The following officers were chosen: President, C. A. Ponsford; vice-president, E. L. Smith; secretary, William Richards; treasurer, L. A. Babbitt; members board of control, N. C. Schrader and C. R. Hutton, delegate to the national convention of Exchange Clubs at Nashville, Tenn. William Richards.

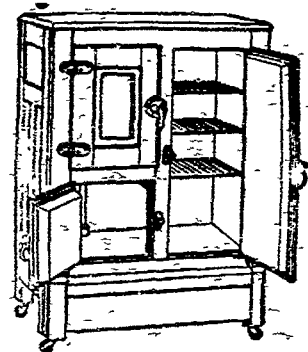

The organization is in a splendid condition. The interest in the weekly meetings is always good, nearly every member being present at each meeting. The club has a good balance in its treasury and its members are harmoniously united for the good of the community.

### NORTHVILLE TO HAVE COM- MUNITY PLAY GROUND.

Northville is to have a community play ground this summer, provided the parents of this community will co-operate by having their children attend. The enterprise is being supervision and directed by A. K. Miller, Northville's efficient physical director. The hours will be from one to five and from six until dark. Adult classes will be conducted in the evening. There will be games, efficiency tests, athletics and swimming lessons. All who desire to take part are requested to meet at the school grounds on Monday, June 30th, at one o'clock. It is believed that supervised and well directed play during the summer months will prove beneficial to all who take part, and all children are urged to avail themselves of this opportunity.

### ALUMNI BANQUET TO-NIGHT.

The annual reunion and banquet of the Northville High School Alumni association will be held this afternoon and evening and the affair gives promise of being a very enjoyable affair. A good program has been prepared following the dinner at 6:00 and Dr. Chester B. Emerson, pastor of North Woodward Avenue Congregational church has been secured as the speaker. Music and toasts will also be features of the program.

### Now Is a Good Time to Get Your Refrigerator

Our stock of Refrigerators includes the various popular sizes—finished inside and out in the best manner. The food chamber is extra large in every one and can be easily kept clean. The ice compartment is roomy and the drain attachment is conveniently arranged. We ask you to inspect this splendid line of Refrigerators before buying.

**JAS. A. HUFF HARDWARE**

## Time Is Money!

There are at least two times when time is money—while you are working for money and while money in the way of savings, is working for you.

Many a man has missed his opportunity for a good investment simply because he didn't have the ready cash when the chance came. The time to prepare for such opportunities is **Now**. We invite you to open an account at our bank, where your money will be safe until you need it.

Why not start an account today? One dollar will open an account here.

We Pay 4% on Savings Accounts.

**The Northville State Savings Bank**

NORTHVILLE, MICH.

## THE TWINS

### BEECH-NUT and LONGEVITY

**STICK** to BEECH-NUT Chewing Tobacco and live to a ripe old age.

Insurance statistics show that chewers have better teeth, stronger digestions and sounder nervous systems than any other type of tobacco users.

Chief Justice White and Mr. Justice Harlan chewed even in the Supreme Court room, and died in harness and full vigor at 76 and 78 years respectively.

Wherever men are hard at work with head or hand—on or at the bench—on legislative and factory floors—or in the great big outdoors—BEECH-NUT Chewing Tobacco is steadying judgment, sustaining energy and arresting fatigue.

Over 250 million packages sold in a single year. Judged best everywhere. Far more than 10c. deserves.

*L. L. Lorillard Company*  
INCORPORATED

## THIS IS OXFORD TIME

These days call for Oxfords and we are pleased to be able to announce that we are prepared to supply all with comfort-giving, serviceable Oxfords. We can fit the little feet as well and the larger and older ones, and fit them with the very newest and latest creation in Summer Footwear.

The styles this season are especially attractive and we invite you to pay this store a visit before making your selections.

Shoes Exclusively.

**JOHN McCULLY**

Northville. Exclusive Shoe Dealer.

## FOR SUMMER EATING

When you are tired of eating fried, broiled, roasted and boiled meats, and the family doesn't care much about eating a heavy meal, come to us for some delicious—

Canned Fish—Salmon, Tuna, Sardines

Shrimp, Crabs, etc. They will make an appetizing meal and a most welcome change.

Choice Fruits and Vegetables. Home grown Strawberries are now in the market. Have you selected your Pine Apples for canning yet?

Large, fresh assortment of Breakfast Foods to tempt your morning appetite.

Just Phone 113.

NORTHVILLE, MICH.

### Wixom Whisperings

Mr. and Mrs. B. L. Clark were at Milford, Tuesday.

Mrs. Howard Johnson has gone to Grand Rapids to visit relatives.

Mr. and Mrs. R. B. Cummings of Detroit were Wixom visitors, Sunday.

Mr. and Mrs. Donald Ford of Detroit spent Sunday at the Wagnitz home.

J. G. Madison and son, Frank and family of Detroit, spent Sunday at Grass Lake.

Mrs. Sarah Pattan and Miss Maude Pattan were visiting relatives at Milford Saturday.

Miss Gladys Harmon entertained her Sunday school class at her home Friday afternoon.

Orla Rice and family of Detroit were guests Sunday of the former's mother, Mrs. M. W. Schermerhorn.

Mrs. Sarah Pattan's house is having a new coat of paint. John Chamberlain is doing the work.

Mrs. da Roberts of Jackson has been visiting her sisters, Mrs. B. L. Clark and Mrs. Richard Timlin.

Mr. and Mrs. Bernard Kitson and daughters and Mr. and Mrs. Charles Cash and son spent the week-end with relatives in Lansing.

James Taylor, who resides west of town, has been in very poor health for some time, is now staying at the home of Carl Oldenburg.

Mrs. H. P. Gillock was able to come down from her daughter's home in Milford, where she has been staying for several weeks, on account of a broken ankle, and spend Sunday at her home here.

Mrs. F. A. Brass, Mrs. B. L. Clark and Mr. and Mrs. J. B. Chambers spent Saturday at Plymouth.

Mr. and Mrs. Clare Hopkins and Miss Mildred Hopkins of Pontiac were visitors Sunday at A. C. Hopkins.

Mrs. R. D. Stephens is having some repair work done to her house in town. Elmer Parks has rented the house and expects to move there soon.

### Novi News.

Mrs. Jennie Bloomer is spending some time weeks in Flint.

Mrs. L. Woodworth and grandson, Homer Kent, spent a part of the week in Detroit.

Mrs. Ross Kenner had her hand injured by getting it caught in her electric winder.

Mrs. O. L. Lyon and son, Russell, visited the former's parents, Mr. and Mrs. D. Donelson, last week.

Mr. and Mrs. Fred Briggs of Detroit spent Monday evening with the latter's parents, Mr. and Mrs. James Taylor.

Mrs. Thompson and children returned Monday from Pontiac, where they were called by the death of a niece. Rev. Thompson returned a few days earlier.

Mr. and Mrs. John Sabo received the sad news of the death of their only daughter not quite 18 years old, recently, in Hungary.

Russell Taylor is much improved in health. He has been having stomach trouble for some time and an X-ray showed a stricture of the esophagus necessitating several treatments by a specialist in Detroit.

### SALEM SAYINGS.

Clyde Carey of near Farmington is spending several days with his parents, Mr. and Mrs. George Carey.

Mr. and Mrs. C. J. Lyon, Mr. and Mrs. Will Wick of Detroit were Sunday callers at C. O. Hammond's.

Mr. and Mrs. Frank Carey and family of Ann Arbor spent the week-end with the former's parents, Mr. and Mrs. George Carey.

Mr. and Mrs. Earl Hetchler of Pontiac and Frank Hetchler of Rochester were Sunday guests of Mr. and Mrs. C. O. Hammond and family.

Rev. Mrs. Otto Keller of Detroit, missionary to Kisumu, British East Africa, will preach Sunday, June 29, giving her farewell address in the Congregational church at 10 o'clock and at Worden at 12 o'clock. Both Rev. Mr. and Mrs. Keller and son, Milton, are returning to Africa where they have been laboring the last ten years. They expect to sail July 9th. Come and hear Mrs. Keller.

### STATE FIGHTING SMALL POX.

The State Board of Health is doing all within its power to stamp out small pox about the state is evinced by the appeal of Commissioner R. M. Olin is making to all local health officers in Michigan. Hemorrhagic or "black small pox" is prevalent in several places in the state and the people are urged to be very careful. Dr. Olin recommends to all health officers that they insist upon a 100% vaccination, which is regarded as the only possible safeguard.

Conditions in Detroit are very much improved, but there are still many cases in the city.

### No Matches Needed

By setting a small clock, that can be attached to any coil or tank water heater, it will shut off the gas when the contents have been heated. No matches are needed, when this control is used, for the timer lights the burner from a pilot flame.

### THE RIVER ROUGE WILL DRIVE MANY WHEELS.

(Continued from last week.)

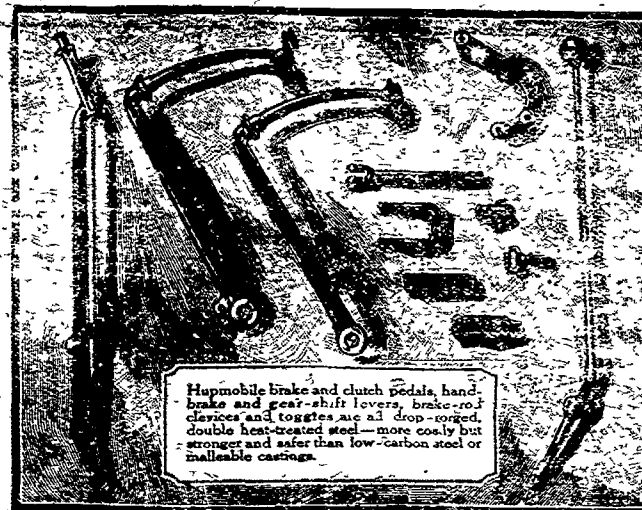

What then is he driving at on his little river and why? I came off with some clues but also with the feeling that "neither he nor I nor nobody knew." Had he been a whittler in a village store, he could not have looked to have more time on his hands the morning of my interview, nor have given more tactful replies to a stranger's queries as to trout streams in those parts. But in the next three days what he said became imbedded in a matrix of impressions from his workshops—from the studendous Highland Park factory across the city, the great Rouge works down stream, the converted flour mill sites up river—of things said in books by his interpreters, but more especially in parables of experience by men on the job—by a one-armed guide at Highland Park, and a young go-getter at the Rouge, by the production man who in sixty days' time got tractors off to England during the war, by an office man who showed me over the Ford houses at Dearborn, and by a young engineer on Mr. Ford's experimental staff who took me out to Nankin Mills and Plymouth and had caught their gleam, by superintendents and foremen and men on the floor at Northville, by his fellow editor and by the rule-of-thumb county contractor who is building his dams after a fashion all their own. They were his manner of speech—his sign language, giving illustration and context to the thoughts he had thrown out in his fragmentary interview like a boy emptying his bag of marbles; half boastfully, half depreciatingly, but bashtfully, keeping his secret as to which were the shooters among the peewees and clouds and agets. And so I shall fill in the chunks of that interview from these sources, although mosaics of this sort have the danger of imposing the writer's pattern, as Dean Marquis points out, throwing light on the inconsistencies of Ford's biographers and on the dissolving views from his own more sensitive impressions of five years at Ford's (when he left the ministry to take charge of the Welfare Department at Highland Park). "If only Henry Ford were properly assembled!" he exclaims, and finds an "inexplicable and ironical contradiction" in a "genius in the use of methods for the assembly of the parts of a machine," whose "mind has never been organized." This may well be the key to the contradiction between Ford's broad public policies and his racial asperity, his spontaneous generosity and the stories of convulsions within the Ford organization.

But it may be the key also to Ford's inveterate non-conformity. He takes hold of things from the inside but comes at them always with the fresh eyes of an outsider. As a youth on his father's farm he was a mechanic at heart, itching to be about his bent; thereafter he became a "sodbuster" in the machine shops and engine rooms of the city. He is a farmer, still, in the manufacturing business, with a farmer's notions of one man control, his contempt for offices, charted organizations and rules. On the one hand, he violated all the inveterate customs of the shop crafts; on the other hand, he set the employers of Detroit by the ears by cutting his payroll loose from the old hutching-posts. The builder of the biggest factory and the biggest fortune of his time, he at sixty sets about shredding factories into scattered plants and challenges the centralization of wealth in the cities and the bankers' notions of capital.

And at sixty he turns back to village and countryside with his outlandish manufacturer's ideas of organizing for production, eliminating waste, distributing power, a very besom of insurgency against the scheme of farm life and labor he knew as a boy. "Any small part entering into a finished manufactured product," said Ford to me, "means a great deal of work. To make it in quantity calls for a lot of men. It is better to carry the part from the point where it can be made easier and cheaper to the big plant where it is needed, than it is to transport the men."

Thus Ford first of all as an urban manufacturer, explained why he favors the development of the sparsely country factory as an economy and an easement to the transit and housing problems of the biggest congregate plant extant.

The principle is one upon which Ford acted when his management upse traditional machine shop practice. At the start of the Ford company a car was put together at a spot on the floor, and workmen brought to it the parts as they were needed in the same way that you build a house on a lot. The change came when they began taking the work to the men instead of the men to the work. Until today, with tools and men in the sequence of the operation, with every part moving on work slides, overhead chains or moving platforms, all assembling is done in mechanically driven lines so that a man "shall never have to take more than one step, if possibly it can be avoided, and that no man need even stoop over."

Hupmobile brake and clutch pedals, hand-brake and gear-shift levers, brake-rof devices and toggles are all drop-forged, double heat-treated steel—more costly but stronger and safer than low-carbon steel or malleable castings.

## Prove These Facts Yourself

Check Up on the Things that Make Motor Car Value

Hundreds of Hupmobile Parts Displays are in our dealers' hands. In these displays are the major units of Hupmobile construction.

So that there, before your own eyes, are the facts. Hupmobile only asks you to check these parts.

For these constitute the first and only practical, cold-steel basis for comparison.

They prove, beyond the shadow of a doubt, that value is as finely built into the Hupmobile as in any car, regardless of price.

We say this—that until and unless you find a car that equals the Hupmobile in quality of materials and fineness of workmanship, you are getting less than your money's worth in automobile value, however pretty the other car may look.

Come in and make your own check. What you see here will convince you that no other car at anywhere near its price equals Hupmobile in the essentials that go to make a car good. Our Parts Display will prove that the Hupmobile is the car for you.

W. H. HART, FARMINGTON

## Special Sale Dresses

For Saturday

**Overland**  
INC.

ULIE TIBBITS

WHY NOT TRY A 25c LINER IN THE RECORD?

**The Northville Record.**

E. E. BROWN, Publisher.

An Independent Newspaper published every Friday morning at Northville, Michigan, and entered at the Northville postoffice as Second-Class matter.

NORTHVILLE, MICH., JUNE 27, 1924.

**OVER-WORKED JUDGES.**

Every now and then some one tells us how hard our judges have to work and how they are breaking their health under the great weight of their responsibilities. In Detroit there are five judges on the bench in the recorder's court and for the week ending last Saturday the five "over-worked" officials actually spent a total of 138 hours, an average of less than five hours a day for the week. This occurred in the dynamic city where the recorder's court is crowded to overflowing with cases waiting to be disposed of.

**NORTHVILLE NEEDS SOME EXTENSIONS.**

The Plymouth & Northville Gas Co. have just completed the installation of an additional gas bench, which gives them the capacity to furnish all the gas that consumers may desire. An addition to the plant is contemplated by the company in the near future, which will give them more capacity to meet the future needs in the growth of the two villages which they are now serving—Plymouth and Northville. A number of new customers await the company here in Northville just as soon as some needed extensions can be made.

**CHARLES BOWEN HEADS BRICK MANUFACTURERS.**

Charles A. Bowen, for the last two years assistant to the president of the Common Brick Manufacturers' Association of America, with headquarters at Cleveland, has returned to Detroit to become associated with the Detroit Common Brick Manufacturers' Association. Previous to going to Cleveland Mr. Bowen was for years active in associational work in Detroit, having been for seven years with the Builders' & Traders' Exchange as secretary.

In 1917 he became secretary of the National Retail Lumber Dealers' Association, and during the war represented the association at Washington.

Mr. Bowen plans to conduct an educational campaign in Detroit in behalf of a more general use of common brick in local building and construction work. He has a wide acquaintance in the Detroit building field—Michigan Record and Manufacturer.

Mr. Bowen's Northville friends will be pleased to learn of his promotion and this splendid recognition of his faithful services.

**THOMPSON-KARL WEDDING.**

The home of Mr. and Mrs. Robert Thompson of North township was the scene of a pretty wedding ceremony on Tuesday afternoon at 6:30, when Irene E. Thompson became the wife of George E. Karl. Rev. A. K. MacRae of this village performed the ceremony in the presence of about 50 relatives and friends. The impressive service being used.

The home was beautifully decorated with flowers and greenery. The bride was most charming in a dress of white crepe and wore a crown of white roses. The groom was wearing a white tuxedo and was accompanied by his brother, Vernon Karl. Immediately following the ceremony a reception was tendered the young people who received the hearty good wishes of the assembled guests. A beautiful repast followed the reception. The young people received numerous pretty and useful gifts.

Mr. and Mrs. Karl are graduates of the local high school and many Northville friends will extend hearty congratulations. They will be at home to their friends after the first of August at 4245 Sixteenth street, Detroit.

**CROQUET TOURNAMENT.**

A croquet match between the Eastlawn Sazatorium and the Methodist church was played on the court of Eastlawn Wednesday evening. The visiting team was defeated in the first game. Three games are to be played. Two games are to be won out of three for honors.

Members of the Methodist team are Roy Clark, Lee Shipley and Rev. Wm. Richards. The Eastlawn team are Henry Ross, Albert Berger and Alfred Blake.

The next match will be next Tuesday evening at the court of Roy Clark's residence at 6:00 o'clock. The opening game took two hours for play.

Big doings, Lake Orion. Balloon ascension and forty amusements, July 4th. 50wlc.

Village water taxes must be paid before July 1st. Do not delay this matter. 50wlc.

**ST. PAUL'S LUTHERAN CHURCH.**

Next Sunday English services at 10:30 a. m. Theme of sermon, "The great supper." Holy communion will be celebrated; confessional services at 10 a. m.

Tuesday evening the quarterly business meeting will be held at 7:30. All male members are requested to attend, as important questions are up for discussion.

**PRESBYTERIAN CHURCH NOTES.**

Sunday evening will be young people's night in honor of the fourteen Presbyterian young people who are members of the High school graduating class. Young people's meeting at 8:30 will be led by Mrs. E. S. Beard and Miss Ida Rose Cavell will sing. At 7:30 the pastor will speak especially to the young people, taking for his subject "The Essential Thing for Character in Life." The Presbyterian juniors will usher. Following the evening service there will be an informal welcome to the seniors in the parlors of the church. The Presbyterian young people of Plymouth will be our guests.

Sunday morning the pastor's theme will be "Working Out Salvation." The subject for Thursday evening will be "Jesus and Mary Magdalene." The public is cordially invited to attend all the services of this church.

**BAPTIST CHURCH NOTES.**

Sunday morning the pastor will speak about something we are all after—Success.

Sunday evening service will be illustrated with a large picture. The work of a man who knew what life was. The picture is his illustration of a great text. See this picture and of a great text. If you are not open to conviction it may make you angry, but it will make you think.

The heat last Thursday evening did not prevent a live prayer meeting, attended by old and young. Be present next Thursday.

The committee in charge of the Children's Day service which was held last Sunday, deserve much credit for the fine program and decorations.

The young folks, as well as some of the old young folks, are again enjoying games of croquet on the church lawn.

Plans are under way for the next congregation social.

Did you read our ad?

**METHODIST CHURCH NOTES.**

Morning worship at 10:30. The subject will be "Behaving Without Seeing." A good congregation greeted the pastor last Sabbath. Now friends, let us keep it up through the summer months as far as possible.

"Summeritis" is a ban disease, but a "Spiritual" tone is a sure cure. The choir will be in its place, and empty pews are not encouraging, much less the pastor.

The Sunday school is for all. The teachers are willing to give their time to parents interested in their children. Send them along folks. We have a young superintendent in Brother Floyd Salow. But he is fitting into the harness well.

The Epworth League is closed for the summer.

The evening service will be short and helpful. The subject is "Stars in God's Firmament." Come to refreshment and rest and abide in the Master. Time, 7:30.

Mid-week service on Thursday, at 7:30.

**BASE BALL AT PRISON FARM.**

The home of the Michigan State Prison at Joliet, Ill., was the scene of a game of baseball between the Michigan State Prison team and the Northville team. The game was played on the prison grounds and was won by the Northville team.

Next Sunday, June 29th, the House of Correction will play Marine Corps of Detroit at the farm grounds. This game was scheduled two weeks ago but was postponed on account of wet grounds.

**BRAND-GREGORY.**

Miss Mary Louise Gregory, daughter of Mrs. Fred E. Gregory of Northville, was united in marriage Saturday, June 21st, to Mr. Henry F. Brand. Mrs. Harold E. Storey was matron of honor, Misses Evelyn Dudman and Marian Gregory were bridesmaids. Little May Elizabeth Chamberlain and Frances Jean Weaver acted as flower girls. Richard S. Brand assisted his brother as best man—Dearborn Press.

A musical comedy, to be followed by tumbling and athletic acts will be given at the Salem town hall on Monday evening next.

It is now proposed to electrically light Grand River road in Farmington township from the Wayne county line to Farmington, it being the only section of the road from Detroit to Farmington Junction not now lighted at night.—Farmington Enterprise.

Village water taxes must be paid before July 1st. Do not delay this matter. 50wlc.

Monstrous celebration, Lake Orion, July 4th. Bathing, boating, fishing, dancing and amusements. 50wlc.

**LINER COLUMN.**

Wanted: For Sale, For Rent, Lost and Found, etc. Rate, 25c per insertion, cash.

**WANTED.**

WANTED—Light trucking and moving. Local and long distance. E. L. Larned. Phone 7106 F-13. 43-44-c.

E. W. VAN DYNE—Would like to get some small jobs of carpenter work to do. Residence on Cady street, near North Center. 50wlp.

**SAY IT WITH YOUR LIFE**

This familiar slogan has been adopted to a present day lesson.

You believe in the good and show it out in daily life on most occasions.

You believe in your country—its laws—its institutions—its ideals and will protect them with your life.

Our definite task then is to link our behavior seven days a week with religion and get the best results possible.

The Hebrew people are illustrative in many particulars. They were freemen—slaves; prosperous—poor; leaders—captives; admirable in many ways—worthless many times. Modern folks live about that—on the main track today—on the siding tomorrow.

You have problems—good, bad, indifferent—and they are constantly recurring. You give your life to solving them. What progress is yours right now?

## Convenience Outlets

When planning a new home, or considering changes in your present residence, it will be well to remember that much of the comfort of a home depends on the facilities for switching on the current in the different places where you may desire to use it.

Convenience outlets (small sockets in the wall or floor) should be provided in every room, living room and kitchen, in order that you may conveniently utilize the different electrical appliances that make modern housework so easy and pleasant a task.

Convenience outlets add nothing to your electric bill when not in use and very little when in use. Speak to your electrical contractor about this.

THE DETROIT EDISON COMPANY

## TEN INVOLVED IN TRAIN HOLDUP

Three Who Aided Robbers Sought; \$10,000 Gems Recovered.

Chicago—Federal agents were preparing to go before the grand jury immediately with evidence in connection with the holdup a week ago of a Chicago, Milwaukee & St. Paul mail train near Chicago by robbers who obtained more than \$200,000 in cash and securities.

It was asserted by postal inspectors that confessions have been obtained from three of four men charged with actual participation in the train robbery.

It has been reported that indictments would be sought against 10 persons, two others besides those alleged to have actually participated in the holdup being involved as accessories.

Jewelry valued at about \$10,000 said to have been part of the robbery loot, was recovered from Walsh Newton, postal inspectors have revealed. It was also reported that additional jewelry had been found in the rifled mail pouches which the robbers discarded near Joliet, Ill.

## FIRE SCHOOL TO FREE PEOPLE

Youthful Culprit Confesses Guilt in Blaze Costing 21 Lives.

Los Angeles, Cal.—Because she wanted the girl inmates of the Hope Development School for Subnormal Children, at Playa del Rey, near here, to be free so "they could have a good time like other girls," one of the inmates, 14 years old, set fire to the building May 31, which resulted in the loss of 24 lives.

This announcement was made by District Attorney Asa Keyes. The girl came to his office voluntarily with the announcement that she "had something to say." Keyes said: "Her name is Josephine Bertholme and she is an inmate of the juvenile hall here."

Her statement told how she pulled out a sack of kindling wood, placed it under the rafters and set fire to it. She returned to her room, she said, and got into bed and was thinking of her plan to free the other girls when she heard the "matron scream." The building's on fire; come children, come with me.

## D. S. R. WANTS TO BUY BUS LINES

Will Ask Detroit Voters Approval of Plan to Acquire System.

Detroit—The Department of Street Railways will submit an ordinance for the purchase of the equipment of the Detroit Motorbus company to the voters at the fall election, Ross Schram, assistant general manager of the department, said during a hearing before the council. He stated that a report recommending the purchase of the bus company's system was being prepared and would be submitted to the acting mayor within a few weeks.

Under the present city charter the department does not have to go to the people in order to buy the company's system, but it is considered a better plan to have the public cast a vote upon the proposal. The department could go ahead with the approval of the council, and buy the company out or condemn the company's holdings, Corporation Council George A. Kelly states.

## Indian School to Get \$93,000.

Washington, D. C.—Expenditures for the education of Indians during the fiscal year of 1925 will total \$5,571,864, or an increase of \$327,639 over the fiscal year of 1924. It was announced at the interior department. The largest increase in the appropriations for 1925 is \$100,000 to pay the tuition of Indian children in the public schools of western states. The amount allotted for the school at Mount Pleasant, Mich., will be increased \$2,000.00.

## NIGHT RAIDERS STORM KENTUCKY

"RIDERS" DESTROY CROPS WORTH THOUSANDS, GROWERS ARM TO OPPOSE.

## WOMAN IS SHOT DOWN BY BAND

Raiders Attempt to Force Farmers to Join Various Marketing Associations.

Glasgow, Ky.—Raiders of tobacco beds—called "night riders" in Kentucky—are making certain sections of western Kentucky hideous. To add to their raids, in which thousands of dollars worth of tobacco plant beds have been ruined; a gang of the night marauders has shot a woman.

Metcalfe county has been the scene of the most recent outbreaks, although other counties in the same section have suffered. Scores of farmers have armed themselves and declare they will shoot on sight any men they see approaching their plant beds with apparent intent to destroy them.

In some cases the raiders have fired volleys from their weapons, while tearing up the plant beds, adding to the terror in which some of the growers hold them. So far none of the sufferers has shot any of the raiders. The state government has taken no action although Governor Augustus E. Wilson, during the extensive "tobacco war" of 17 years ago, offered a free and full pardon to any man who killed a night rider. The raiders stop few signs after Wilson's pronouncement.

Several stories are told of the attack on Mrs. Kidd. One is that a band of night riders halted in front of the Kidd home and called for Mr. Kidd. Mrs. Kidd, however, went to the door and was fired upon immediately. Another version is that she was shot while attempting to close the kitchen door of her home against the intruders. Mrs. Kidd was wounded by shotgun fire, a physician said.

According to word from that area the plan of the raiders seems to be to force the tobacco growers to join a cooperative association, and while some of the victims have not been members of such an association, members of the pool itself have had their beds destroyed. Officials of all pooling concerns have called on their members to do nothing against the law to help keep the law and order, and that if growers do not see fit to become members of pools, that is their own affair, although all have been invited.

## STATE FIGHTS INSANITY PLEA

Illinois Officials Build Proof to Convict Leopold and Loeb.

Chicago—Alarmed by the "insanity defense" being built up to save Nathan Leopold and Richard Loeb from the gallows, the state's attorneys of office has taken definite steps to tear down the insanity barrier.

More than a dozen friends and associates of the two young intellectuals, who murdered 11-year-old Robert Frank, "just for the fun of it," were notified to appear for questioning. They will be quizzed concerning the habits of Leopold and Loeb, in the hope they can establish the sanity of the youthful slayers.

An increasing number of alienists called in by Clarence Darrow, chief counsel for the defense, are examining the two boys in the county jail. An array of sensitive instruments, used in testing mental activities, is constantly being used in the examination.

According to Darrow, each of the physicians are prepared to testify before a jury that the boys were of unsound mind and irresponsible for their crimes.

Recognizing that the defense will be built around the plea of sanity, aides of State Attorney Robert E. Crowe are preparing to refute testimony of the alienists by showing that Leopold and Loeb were normal in their habits preceding the murder.

The trial, expected to be greatest contest of its kind in Illinois' court records, is to open August 4.

## JAPAN DEMANDS DEATHS PROBE

Mysterious Slaying of 3 Nippons Stir Tokyo to Action.

Los Angeles—Complete investigation of the mysterious deaths of three Japanese which have baffled Los Angeles authorities is demanded by the Japanese government, through U. Oyama, Japanese consul general at San Francisco.

The shot-riddled bodies of two Japanese were found on a lonely seashore road close to Port MacArthur fortifications and the mangled corpse of a third Japanese was discovered beneath a bridge near Pasadena.

Police said robbery was not the motive in any of the killings. Five large diamond rings were found on one of the men, believed to be K. Ignarashi, Los Angeles cafe owner, formerly residing in Chicago. Watches and money were found in the clothes of the others, all well dressed.

## Give the Children Good Milk

After a hard day at play your boy or girl needs plenty of good nourishing food.

Of all strength and health-giving foods milk ranks first.

Essentials to be fulfilled in cow's milk are: freshness; it should not be skimmed or in any way falsified; it should be pasteurized to free the milk from all bacteria.

### REGULATIONS COVERING THE SALE OF FIREWORKS IN MICHIGAN.

I, Harry H. Jackson, State Fire Marshal and Commissioner of Public Safety, by virtue of the authority vested in me by Section 5 of Act Number 178 of Public Acts of 1915 as amended, hereby amend Section 12 of the regulations heretofore made by me, (as last amended February 20, 1934) to read as follows:—

Except as hereinafter provided, no person, firm, or corporation shall after this date sell, offer for sale or place on display within the State of Michigan any blank cartridges, toy pistol, toy cannon, toy cane or toy gun in which explosives are used, the type of balloon which requires fire underneath to propel the same, firecrackers, torpedos, or any fireworks containing any explosive or inflammable compound or any tablets or other device commonly used and sold as fireworks containing nitrates, chlorates, oxalates, sulphides of lead, barium, antimony, arsenic, mercury, nitroglycerine, phosphorus or any compound containing any of the same or other modern explosives.

Provided, that the council of any city or village, or the township board of any township may, upon application in writing, grant a permit for the public display of fireworks by municipalities, fair associations or amusement parks, when handled by a competent operator. After such permit shall have been granted, sales of fireworks for such display may be made for that purpose only.

Provided further, that this regulation shall not prohibit the sale within this state of any firecrackers, torpedos or other fireworks purchased by a resident dealer of this state prior to February 20, 1934, upon condition, however, that such resident dealer shall, within sixty days from the date of this order submit to the State Fire Marshal a list of such merchandise so purchased and when and from whom purchased.

Whenever any of the provisions of this section are violated, the State Fire Marshal or his deputy or any assistant, or the Mayor, Chief of Police or the Chief of the Fire Department of any town or city or the Supervisor of any township within the State of Michigan, is hereby given authority and is hereby directed to confiscate and destroy all such fireworks offered for sale on display or in use within the State of Michigan. Dated, this 16th day of April, 1934.

HARRY H. JACKSON, State Fire Marshal.

### WEED NOTICE.

To owners, Possessors, or Occupiers of land, or any person or persons, firm or corporation having charge of any lands in this State:

Notice is hereby given that all noxious weeds growing on any land in the township of Northville, county of Wayne, or within the limits of any highway passing by or through such lands must be cut down and destroyed on or before the 10th of July, A. D. nineteen hundred and twenty-four.

Failure to comply with this notice on or before the date mentioned or within ten days thereafter shall make the parties so failing liable for the costs of cutting same and an additional levy of ten per centum of such cost, to be levied and collected against the property in the same manner as other taxes are levied and collected.

Dated, June 23rd, 1934.  
JOSEPH MONTGOMERY, Commissioner of Highways of the Township of Northville, Wayne county

### STATE NEWS IN BRIEF

Middleville—Mrs. Harriet Campbell, 81 years old, a resident here for 50 years, was found dead of heart failure in an easy chair in her home when a son, Charles, forced his way into the home when he found the doors locked.

Saginaw—George W. Baxter, 60 years old, publisher of the Saginaw Press, a weekly newspaper, and previously publisher of a semi-weekly in Boyne City, and daily newspapers in Kendallville, Ind. and Dowagiac, Mich., died here recently. He installed many of the early linotype machines in Michigan newspaper offices.

Iron Mountain—A "syndicate" of iron mountain sportsmen will experiment in crossing breeds of rabbits this summer, in an effort to develop a giant wild rabbit. Blooded Belgian hares have been purchased for the experiment. The offspring will be set loose in the woods of the county as soon as they reach a size that will insure ability to shift for themselves.

Lansing—Charles W. Seymour, chief of police at Highland Park, was elected president of the Michigan Association of Chiefs of Police organized here for the purpose of working for simplification of laws, thus allowing police officers to more effectively enforce the law without having their prisoners set free through technicalities. The organization is to meet annually at Lansing.

Adrian—The Adrian street railway, one of the oldest street railway lines in the country, is to suspend operation on or before July 1. It was announced after a conference between representatives of the company and the city commission. The line began operation in 1889 and is said to be the oldest electrically operated one in Michigan and the fifth oldest in the United States.

Ludington—Sale of a controlling interest in 47,000 acres of timber land in Hodgins and Whitman townships, Algoma district, Ontario, containing 350,000,000 estimated feet, principally birch and maple, to J. E. Bennett of Free Soil, and Dirk Schurer of Gaylord, has been announced here. The new owners will erect a mill at Northland, 20 miles north of Sault Ste. Marie, Mich.

Kalamazoo—Permission to abandon the Kalamazoo, Lake Shore & Chicago railway, known as the Fruit Belt line, has been granted by the interstate commerce commission. The company has operated the old route of the Michigan Central railroad between this city and Lawton. Operation of motor buses cut so deeply into the passenger business of the road that passenger trains were abandoned about a year ago.

Grand Rapids—Disappearance last December of Arthur Payne, 60 years old, a printer, was solved when Chester Courser, engineer at the Rowe hotel, found the body floating in the East Side canal near the hotel boiler plant. The body was identified by Mrs. Payne. Payne was believed to have been despondent as the result of a son, Earl, 19 years old, junior college engineering student, committing suicide by inhaling ether.

Flint—Mayor David R. Cuthbertson was recalled to a special election by a majority of 327 votes. There were 14,281 votes cast with 8,304 favoring the recall and 5,977 voting to retain the mayor. In a statement made immediately after the final returns of the election were communicated to him, Mayor Cuthbertson declared he would use his right to become a candidate for re-election at the election which now is necessary.

Lansing—Pending the strike decision of the conductors and motormen of the Michigan Electric Railway Co. in several Michigan cities, Mayor Alfred H. Doughty, of Lansing, has reached an agreement with John F. Collins, general manager of the company, whereby the latter has promised that wages of the local men will not be cut out will remain the same as last year. The employees had asked for an increase beginning June 1, but the company posted a notice of a decrease instead.

Detroit—Raymond Sickora, 13 years old, of Lincoln Park, was drowned in the Detroit river at Elizabeth Island, where he was attending a picnic of Ecorse school No. 3, of which he was a pupil. He had been playing ball with his schoolmates, and fell into the water while chasing a ball. Another boy jumped into the river in an attempt to rescue him, and in turn was rescued by Albert Yaeger, of Ecorse, who tried in vain to save Sickora. The body was recovered after a search of an hour.

Sault Ste. Marie—The five-year-old son of William Barnett pulled the trigger of a rifle which was lying on a bed in a lumber camp building at Strong's. In another camp building two houses away the owner of the gun, George Sheppard, 54 years old, of Newberry, was struck by the bullet and instantly killed, the shot having gone through the two buildings. Sheppard was a visitor at the camp and had laid his gun on the bed in one building while he was inspecting the camp. His body was brought to the Soo by Sheriff Arza Swart.

If you wish to buy, see us; we sell the cheapest. We also do all kinds of Upholstering, Repairing, Refinishing and Recaning of Furniture.

We Call for and Deliver.

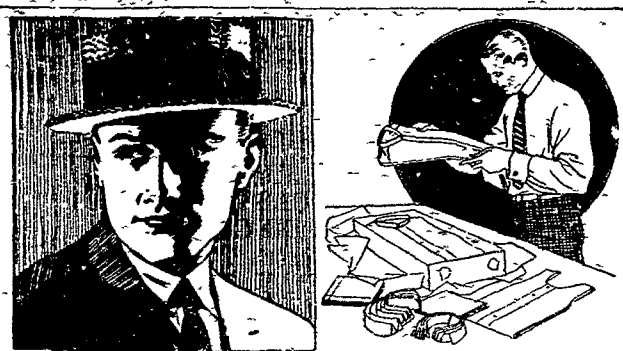

**SUTTON & McCULLOUGH.**

**Only at the Top.**  
Some of our eastern visitors seem to have made up their minds at home not to be impressed by the wonders of California. A suspicious old lady from New Jersey had literally "turned up her nose" at everything she saw in the state, but found it difficult in the presence of the big trees of the Calaveras grove. However, she did the best she could. "Aren't they high!" her niece exclaimed. "Only at the top," said the old lady.

**Who's Who**  
When one hears that "everyone is a little crazy" he mentally takes stock of his eccentricities and wonders which is the one.  
**Troubled Waters**  
Old Coonskin—"So yer had er quarrel wid yer squaw yesterday. I suppose yer mighty glad it's over." Chief Yellow Pelt—"I heap hope so. Me no go near wigwam while hell storm is ragin'."

**BOOMING HUDSON FOR SENATOR.**  
A number of prominent republicans and party leaders from various sections of the state, headed by Hon. J. W. Fordney of Saginaw and Hon. Albert E. Sleeper, former governor, of Bad Axe, have issued a letter to the voters of Michigan in which they urge the candidacy of Hon. Grant Hudson for United States senator to succeed Senator Couzens. Among other things the letter states:  
"We sincerely believe that Mr. Hudson possesses all of those qualities for which the republicans of Michigan are today so earnestly seeking. Probably no man in Michigan has a wider personal acquaintance than Mr. Hudson. In every public position held by him—Member of the Legislature, Member of the Michigan Industrial Accident Board and Member of Congress, he has made good in the fullest sense of the word. He has been a successful farmer and business man. His ability as an executive has been clearly demonstrated by his successful management of several state-wide organizations. That he is a republican has never been questioned. That his republicanism is of the kind we so much need today, is shown by his record in Congress. Mr. Hudson's personal popularity was clearly shown in the primary contest two years ago when he ran against two exceptionally strong men and lacked only a few hundred of having as many votes as both his opponents combined."

**BOOZE PEDDLERS GIVEN PRISON SENTENCES IN OAKLAND.**  
Run runners and booze peddlars over in Oakland county are beginning to realize that they are not to be let off with a fine of a hundred dollars or so. Monday morning a number of fellows who had been convicted of violating the prohibition law were brought before Judge Glenn C. Gillespie who handed out prison sentences instead of a friendly slap on the wrist. Vincent Messina of Royal Oak, who stood trial and was convicted last week, drew five months in jail without a fine.  
August Friedland of Pontiac said he sold whisky because out of work and it was "either that or starve." He told the court he bought whisky at \$8 a gallon and retailed it at \$2 a pint. Four months in jail was the sentence for him.  
Jesse Shaftuck of Oxford said he was selling whisky to make enough to undergo an operation. The court considered four months in jail a fair right for the penalty for his offense.  
Eugene Clements, colored, was given four months in jail for a first conviction for selling liquor.  
These things happened over in Oakland county, not in Wayne. Over here they permit booze peddlars who have been arrested two or three times to go with a small fine and of course they go right back home and start business again.

## HOLSTEIN FIELD DAY AT MOUNT CLEMENS.

On July 1st, the Macomb County Holstein association, assisted by the State Holstein association, will conduct a sort of Field Day at the farm of the Detroit Creamery company, at Mount Clemens.  
At this meeting Bob Haeger, a very angustrious man as well as at present one of the leading judges of dairy cattle of the United States, will give a demonstration of judging. There will be plenty of material available as the herd of the Creamery company amounts to about 300 head. This day will be especially attractive to youngsters, particularly those engaged in club work, and especially so to those who will later in the season take part in judging contests.

Professor Reed has been invited, so has C. M. Long from the National Holstein association and Jim Hayes (Extemporaneous DeLuxe).

Big basket luncheon at noon—inspection of the Detroit Creamery dairy equipment, etc. Judging demonstrations by Haeger and talks on dairy topics will make a really worth-while day. Come and bring your friends.

## A BOLD HOLD UP REPORTED AT WALLED LAKE.

According to a report reaching the office of Sheriff James S. Butler Sunday, "Happy" Hosen, leader of the orchestra at the Walled Lake dance hall, was held up and robbed of \$140, at midnight Saturday just after the dance had closed. He is said to have just received his pay from the owner of the hall when a husky individual, wearing a dark suit, gray cap, and about 160 pounds in weight, stepped up and said "let's have that cash friend." Because "Happy" was a reluctant to part with his hard-earned dough, the stranger is said to have charged him three times about the legs, knocking him to the floor. The "happy" was unsuccessful in his attempt to get up, and the stranger told him to "shut up or I'll shoot you full of lead." No weapon, however, was seen, according to the report—Pon-tiac Press.

## ARE "RATTLING" RIGHT ALONG.

The Ford Motor Co. has produced its 10,000,000th automobile.  
The production has created several millionaires, some, perhaps, who can count his wealth into millions.  
Aside from the wealth gained thru production, this myriad of cars rolls revenue into the pockets of the farmers in oils, rubber and metals.  
It's a hen-ry that lays golden eggs for an army of accessory dealers.  
These ten million cars have created ten thousand new industries and business firms employing hundreds of thousands of men who feed treble that many wives and children.  
Good old "Lizzie" may your kind increase on the face of the earth—Dearborn Press.

## YOU SAID SOMETHING, MR. SMITH.

"It may be worth considering that a great deal of 'investigating' of unhappy situations in Washington would be eliminated if more 'investigation' of the folks that made the situations was done before they were sent to Washington."—Hal. H. Smith, candidate for United States senator from Michigan.

### MRS. JOHN O. KNAPP DIED IN DE- TROIT.

The people of this community were  
greatly shocked on Tuesday after-  
noon when the news of the death of  
Mrs. John O. Knapp became current  
about the village. She died about  
noon in the Highland Park hospital,  
to which institution she was taken a  
few weeks ago. When she was taken  
to the hospital members of her family  
did not realize her condition was  
serious, but thought the change would  
prove beneficial. Complications arose  
after she had been in the city a few  
days and for the week before her  
passing away she had gradually  
failed. Her remains were brought to  
Schrader Brothers' funeral chapel  
here in the afternoon and prepared  
for burial.

Mrs. Knapp's death is a distinct  
loss to this community and all who  
enjoyed her acquaintance feel that  
they have lost a true and devoted  
friend. She represented in her daily  
life the highest ideals of Christian  
womanhood, and her happiest mo-  
ments were those spent in serving  
others; in doing some kindly deed that  
would bring joy and comfort to those  
about her.

Mrs. Knapp served this township  
as treasurer for two terms and she  
was an efficient and obliging official.  
At the time of her death she was the  
treasurer of the Presbyterian church  
and in every position of trust and re-  
sponsibility she was placed she did  
her duty faithfully. Her home life  
was most happy and to the bereaved  
husband the tenderest sympathy of  
the people of this section is extended.  
In the Presbyterian church and the  
Woman's Union she was a tireless  
worker and she found great delight  
and happiness in laboring in the vine-  
yard of her Lord. The words of  
Henry VanDyke seem most appro-  
priate as indicating the thought and  
the ambition of Mrs. Knapp.

"Let me but do my work from day to  
day,  
In field or forest, at the desk or loom,  
In roaring market place or tranquil  
room."

Let me but find it in my heart to say,  
When vagrant wishes beckon me  
astray,

"This is my work, my blessing, not  
my doom."

Of all who live, I am the one by whom  
This work can best be done, in the  
right way."

Then shall I see it not too great nor  
small,  
To suit my spirit and to prove my  
powers.

Then shall I cheerfully greet the labor-  
ing hours,  
And cheerful turn, when the long  
shadows fall.

At eventide, to play and love and rest,  
Because I know for me my work is  
best."

Funeral services were held at her  
late home on Thursday afternoon and  
interment took place in Rural Hill  
cemetery.

### WALLED LAKE WARBLERS.

On Monday next, Miss Beatrice Fox  
who has been teaching in the Walled  
Lake schools, and Harry Avey of this  
place will be married at the home of  
the bride's parents at Newago. They  
will reside in Walled Lake, a fact  
their many friends will be pleased to  
learn.

Walled Lake Rebekah Lodge held  
its regular meeting at Novi last even-  
ing when officers were elected for the  
ensuing year.

The Methodists held an all-day  
meeting at the church yesterday and  
enjoyed dinner there at noon.

Walled Lake is a pretty busy place  
these days. A great many cottages  
about the lake are occupied.

At Monroe one day last week three  
men were instantly killed in an auto  
accident when a car ran into a bridge.  
One of the unfortunate fellows was  
"identified" as Frank Freydl and it  
so happened that Frank had driven  
to the scene of the accident and he  
heard the men who had gathered tell  
one another that one of the fellows in  
the smash was "Freydl, the battery  
man." When Frank returned to his  
shop a number of his friends and ac-  
quaintance had gathered and were ex-  
pressing their sorrow when he drove  
his car in the midst of them.

### DISPORTANT NOTICE.

On account of having been unex-  
pectedly called to Northern Michigan  
for work the last of this week, I shall  
have to postpone the meeting sched-  
uled for Northville for Friday night.  
Inasmuch as I cannot personally  
answer some of the unfounded reports  
that are being circulated regarding  
myself and my work at this time, I  
consider it just to the public who  
have so nobly supported me to submit  
the following:

Wolcottville, Ind., Nov. 25, 1917.  
In view of the facts that reports  
have been circulated concerning our  
pastor, Rev. F. F. DeLong, for the ex-  
press purpose of injuring him in his  
ministerial and patriotic work, we, the  
undersigned deacons of the Baptist  
church of which Rev. DeLong is pas-  
tor, hereby brand all such reports as  
absolutely false.

Rev. DeLong has done great work  
in our church and community and now  
enjoys the respect of all our best citi-  
zens. Signed, Irvin Myers, Clark  
Pierce, B. F. Dawalt, Board of Dea-  
cons.

In a letter written in April, 1924,  
the present pastor of the Walcottville  
Baptist church wrote to a woman in  
Durand, Mich.: "Rev. DeLong is  
highly respected in this community  
and is always welcome to my pulpit.  
He did great work while pastor  
here." Very truly yours,  
F. F. DeLong

### CLARKSTON BOY WINS STATE FAIR TRIP.

Kenneth Stevens of Clarkston will  
be Oakland county's representative in  
the state fair boys' school this sum-  
mer, having received the highest  
standing in the eighth grade exam-  
inations and agricultural test. His  
alternate is Joseph R. Horton of  
Davisburg. The boys will attend the  
state fair school for ten days, camp-  
ing on the grounds.

Village water taxes must be paid be-  
fore July 1st. Do not delay this mat-  
ter. 50wlc

Plymouth school census showed the  
number of children of school age in  
that district to be 1015, a gain of 175  
over last year.

Record Liners Cost But Little

### The Wise Man

Opportunity knocking at the front  
door has given way to the wolf in  
many a man's life because he allowed  
disease to creep in through the back  
door. The wise man looks first to the  
health of himself and family and after  
that to the less difficult matter of mak-  
ing a living.

### Can Hear Feather Fall

The noise made by the fall of a  
feather can be heard by means of that  
wonderful invention, the microphone,  
which is so marvelously attuned that  
with its aid one can hear a tiny bit  
of tissue paper quite distinctly as it  
alights on a table.
