## Save the Water

Consider Your Neighbors'  
Needs

If all users of Village Water will observe reasonable hours for sprinkling there will be plenty of water for all; but if YOU use your hose extravagantly a strict schedule for sprinkling will have to be enforced.

While you are sprinkling the streets to keep down the dust, just think that perhaps your neighbors in other parts of town have no water in their homes.

Some homes have been without a sufficient water supply during the past week, especially is this true at night—early in the evening.

### HORTICULTURAL TOUR ATTRACTED MANY.

After having spent Tuesday in Washtenaw county, visiting the orchards of the Watkins farm near Manchester, and holding an interesting meeting at Ann Arbor the Michigan horticultural tour motored into Oakland county Wednesday morning and the first stop was at the orchard of F. P. Simmons & Son, in Novi township. There were about 75 autos in the "parade" and all were well filled with horticulturalists and farmers, four states being represented in the company that gathered upon the lawn. Messrs. Simmons had supplied a liberal supply of lemonade and the guests refreshed themselves and then made a visit to the plum orchard, lack of time preventing them from making an inspection of the whole splendid orchard, consisting of plums, pears, peaches and apples.

The visitors were greatly impressed by what they saw during their short visit at Fruit Ridge and they were generous in their praise of the hospitality extended. From the Simmons' farm the tourists visited the John Lathrop apple orchard, D. B. Butthor orchard and the orchard on the G. H. Hestead farm. Dinner was enjoyed at Orchard Lake and the afternoon was spent in the orchards of James Gouzens, Edward S. George and the Sly farm, west of Birmingham.

Those in charge of the tour declared this year's outing was one of the most enjoyable ever held and that no section of the state possesses finer orchards than does Oak and county.

### FORESTERS WIN DOUBLE-HEADER.

The Foresters gathered in both games played on the local grounds Sunday afternoon, and the fans were given a real treat. The first game was with the Washtenaw farmers of Salem and at the end of seven innings the score was 5 to 4 in favor of the home team.

	1	2	3	4	5	6	7
Foresters	3	0	0	0	0	2	6
Visitors	2	0	0	2	0	0	0

Then followed the game with the Pontiac Dry Cleaners and the visitors were given a "cleaning" but not without some effort and required an extra inning to decide the contest. The visitors were in the lead until the seventh inning when the home team made five runs. In the eighth the visitors tied the score and were not able to add anything to their "string" after that Northville scored one in the ninth and another in the tenth.

	1	2	3	4	5	6	7	8	9	10
Foresters	0	0	0	1	0	1	5	0	1	1
Pontiac	0	2	1	2	0	1	1	1	0	0

### CONSIDER YOUR NEIGHBORS.

This week has brought the first heavy pull on the village water supply, but it is believed that it all will observe reasonable hours for sprinkling all can be supplied easily. There are some about town who not only permit their sprinklers to run all day but at night as well, and as a result their neighbors were forced to go without water for their homes and lawns.

If water users continue to abuse the sprinkling privileges it will be necessary for the council to enforce a strict schedule. When you are using your hose to excess, just remember your neighbors may need the water for their homes.

### NOV'S SCHOOL BONDING PLAN DEFEATED.

At the special election held at the Novi town hall on Saturday last to vote upon the proposition of bonding the Novi township school district for the sum of \$65,000 for the purchase of a site and for the erection of a four-room building the plan was defeated. There were 226 votes cast and of that number there were 159 who were opposed to the proposition and but 67 who were favorable to the plan.

### PLYMOUTH TO CELEBRATE COMPLETION OF NEW HIGHWAYS.

A joint committee from the Chamber of Commerce, Rotary club and the Village Commission has been appointed to formulate plans for a Plymouth day celebration, at the time of the opening of the new Plymouth road pavement. It is too early to announce the plans for the day's program or the exact day, but we are safe in saying it's going to be a hummer of a celebration.—Plymouth Mail.

### NORTHVILLE WILL PLAY HOLLY SUNDAY.

The Northville Foresters' ball team will go to Holly on Sunday for a game with the team at that place, the contest being the first of a series of three games. Northville ball fans are invited to accompany their team.

### METHODIST CHURCH CLOSES PROSPEROUS YEAR.

The last quarterly meeting of this church year was held at the Methodist church on Monday evening, Rev. H. Addis Leeson, district supt., presiding. The report of committees and the several societies of the church were very encouraging and indicated that the past year had been a very prosperous one. The membership had increased and all the various auxiliaries of the church had prospered and a fine spirit of co-operation and Christian fellowship permeated the meeting. A unanimous call was extended to Rev. William Richards for his return to this pastorate for another year and those who expressed their appreciation of his labors in Northville spoke very kindly of the genial pastor and his family. Northville people both those in the churches and out will be pleased if the recommendation of the meeting is complied with when conference meets later in the summer.

Officers and committees were elected and appointed and the church and society faces the new year with hope and confidence. The following officers were elected:

Trustees—C. A. Dolph, Chas. Fulk, Chas. Smock, E. J. Cobb, James Clark and Dr. A. B. Wickham.

Stewards—C. A. Dolph, Charles Smock, Ed. Sessions, Roy Clark, E. J. Cobb, Mrs. E. J. Cobb, F. S. Neal, Glen Charter, Floyd Lanning, Floyd Sato, Howard Stark, Fred Secord.

Communion Stewards—Mrs. Charles Fulk and Mrs. James Clark.

District and Recording Steward—C. A. Dolph.

### TWILIGHT BALL GAME THURSDAY NEXT.

Six o'clock twilight next Thursday night at the Northville ball park the base ball umpire will call "batteries" for this evening will be for Holly and for Northville Foresters.

The local management are going to have this game at a time or day when nearly everyone in the village and surrounding community may have an opportunity to see it. And more than that it will be a contest between two teams, Holly and Northville each of which, very much indeed, would like to defeat their old rivals at base ball. The Foresters having won the double header last Sunday by scores of 5 to 4 and 8 to 7, it indicates that the Northville club is now in condition and getting a team together that can compete with most any semi-pro club. This twilight game will be tried out Thursday night and if the attendance warrants it more games through the week will be played at the hour of six o'clock.

### O. E. S. HELD IMPORTANT MEETING.

Last Friday evening Orient Chapter, O. E. S. of this village was honored by receiving an official visit from the grand worthy parrot and the grand associate matron of the Michigan Grand Chapter—Blaine Coleman of Highland Park and Mrs. Dollie Buckingham of Detroit.

At 6:30 a bountiful dinner was served and a social hour followed. Candidates were initiated and an election of officers took place to fill the vacancy caused by the removal of Mrs. H. R. Bogart from Northville to East Lansing. Mrs. Stella Stark was advanced to the position of worthy matron, Mrs. E. A. Kohler was elected associate matron and Mrs. Lydia Ely was elected associate conductress.

The visiting grand officers expressed themselves as being very much pleased with Northville's Masonic quarters and promised to come again at some future time.

### GIVEN HAPPY SURPRISE.

Last Friday night a happy surprise was given Mrs. Jessie Oim, who was spending the week-end with her parents, Mr. and Mrs. Emory Van-Vanckenburgh, when her brothers and sister and their families came in to enjoy a nice pot-luck supper with them. A very happy time was spent until about eleven o'clock when the party broke up and afterwards left for their homes in Birmingham, Royal Oak, Center Line and Northville. There were 23 present.

### PENNIMAN-ALLEN THEATRE INSTALLED NEW MACHINES.

Two new Simplex picture machines have just been installed in the Penniman-Allen theatre. These machines are the very latest and best in picture machine equipment. They are equipped with Mazda lamps. It is not necessary to use a generator in their operation, thereby doing away with any noise, and they give a much steadier and clearer light, and therefore produce a much better picture on the screen. Patrons of the local theatre will appreciate the efforts of the management in providing the very best equipment that it is possible to get. —Plymouth Mail.

### JURORS AND WITNESSES KNOW OF LAW'S DELAY.

Brown, Candidate for Prosecutor, Would Speed Work in that Office.

Men and women who sacrifice their time to serve as jurors and witnesses, have the right to expect the speedy handling of criminal cases by the prosecutor's office, says Frederick B. Brown, republican candidate for prosecutor.

"With a staff of able trial lawyers as assistants, I would fight the needless adjournment of cases," promises Mr. Brown. "The pay of jurors is

small and the great majority who consent to serve as such are called upon to forsake their business to attend court. It is small wonder that they later criticize the manner in which cases are dragged.

"When witnesses are called to court they have the right to expect the case in which they are concerned be tried immediately. Their remuneration is even smaller than that of the juror, and when they are 'excused' to return another day, time after time, they not only lose financially but lose patience as well.

"Furthermore, every delay occasioned by adjournments is costly to the county, for the machinery of the courts and other attendant law-enforcing departments must still continue to function. With these delays follow the inevitable closing up of the machinery of the law by other cases that must await their turn to be heard. I would feel it my duty to earnestly fight such needless and costly adjournments. Such a program could be carried out by the simple method of the prosecutor's office being familiar with the facts in the case beforehand. The defense is always prepared. That is why so many criminals escape justice." —Political Advertisement

### "THE AWAKENING"—ROME—UNDER NERO.

Will be reproduced in Detroit at the Stadium Grotto August 2nd to the 17th, under the auspices of the Shadokium Grotto by the World Amusement Service association.

"Rome under Nero" it must be acknowledged will be the greatest pyrotechnic dramatic spectacle ever produced in the history of out-door historical amusement and will include besides the thrilling chariot races the destruction of the Christians by the beasts of the arena and the burning of Rome, the gorgeous balcony of Nero, adjoining the beautiful golden palace all to be presented here on a colossal scale.

The set built for "The Golden House" as it was called, is one of the largest and most lavish ever constructed for an open-air performance. The wicked emperor, most notable for his debaucheries, his extravagances, his cruel treatment of the Christians, and, among other things, the murder of his mother built the costliest palace that the world has ever known or probably will know. It was called the "Domus Aurea," or golden house. This is to be one of the many features of this most elaborate spectacle to be given in Detroit the first two weeks in August.

Remains of one of this colossal dwellings has just been unearthed in course of excavations now being carried on under government and scientific supervision. Many extraordinary discoveries have been made and many more still extraordinary ones are sure to follow.

The suave, easy, self-possessed cross-examiner usually holds himself and witness in hand with a helpful little chew of BEECH-NUT—the favorite tobacco of thinker and worker.

Supreme Court justices, outdoor workers, expert craftsmen, athletes and business executives are never without it.

The biggest package of the best tobacco that ever flattered 10c.—a clean, pure chew for keen, sure brains.

Not a stem or impurity in a million packages and over 250 million packages sold in a single year.

Increased overheads haven't raised the price or reduced the quality—Makes 10c. swell with pre-war pride.

## JAPAN ERECTS TARIFF WALL

Diet Adopts Measure Increasing Duties On Imported Luxuries.

Tokio—Both houses of the imperial diet recently passed the government bill raising the tariff on about 250 articles classed as luxuries to an average duty of 100 per cent.

The date the increase will become effective will be announced in the imperial ordinance promulgating the act. It is understood that the measure will not affect goods already in transit, an arrangement to this effect having resulted from diplomatic representations made by Great Britain and France. The bill was before the diet just 10 days.

The bill is not intended as a revenue producing measure, according to government spokesmen, but as a means of correcting a national tendency toward consumption of foreign-made articles, to which is attributing in part the mounting of an adverse trade balance. It also is intended to protect domestic industry.

Trade with America is expected to be very slightly affected, owing to the fact that most of Japan's purchases in the United States are of staple articles, such as cotton, iron and machinery.

## DEVALERA AND STACK RELEASED

Liberty Comes After Close Confinement Since Last August.

Dublin—Eamon De Valera and Austin Stack, leaders of the Irish republicans, were released from Arbour Hill barracks recently. Since De Valera's arrest while speaking in an election campaign last August, he was kept in strict confinement and until a few days ago was not allowed even a visit from his wife. He was, however, permitted the use of books and writing materials, though every precaution was successfully taken against his communication with his colleagues outside the prison.

Manifesto was issued from time to time by his deputy, P. J. Rutledge, a former member of the Dublin parliament, but there is no means of ascertaining how far De Valera is committed by what was said or done in his absence.

## NINE DEAD 20 MISSING IN FIRE

Kansas City Explosion Wrecks Store and Department Building.

Kansas City—Two firemen were fatally injured, several others seriously hurt and seven Negroes are known to have been burned to death in an explosion and fire which wrecked a store and apartment building in a Negro district.

The firemen were pinned beneath a falling wall. They died at a hospital. Six other firemen who were caught under the wall were taken to a hospital.

The bodies of the five Negroes were recovered. Twenty others were missing, and searchers believe more bodies would be found.

The Negroes occupied the second floor of the building. The fire, it is believed, was started by a gas explosion in a confectionery store on the first floor.

**DR. W. G. JOHNSON DIED SATURDAY.**

This community was greatly shocked to hear of the unexpected death of Dr. W. G. Johnson, last Saturday evening, July 19th. His far-reaching kindness to his many friends had greatly endeared him to everyone and all will miss his cheerful smile and helpful hands.

He was well known throughout the surrounding country as a successful veterinary surgeon, never too tired to give up his own comfort if able to alleviate the suffering of a dumb animal, as well as radiating advice and good cheer to everyone with whom he came in contact. No night was too dark nor road too long to keep him from giving his best efforts toward relieving the suffering of others.

Although owning and managing a farm, most of his life was spent in the practice of his profession, which he greatly enjoyed. Many farmers and others will miss his ever-ready services in their behalf and will recall with deep sorrow the passing of their friend.

He was an ardent supporter of the Northville Wayne County Fair and served the past two years as superintendent of the sheep department. His ability to co-operate with others and secure their best efforts made his department on a par with the rest of that successful organization.

The deceased, born March 1, 1860, was the son of Benjamin and Mary Johnson and the last surviving member of that union, his sister, Mrs. Jennie Knapp and brother, Scott Johnson, having departed this life some years ago. His entire life was spent at the residence of his birth at the old family homestead, near Northville. He was married May 19, 1880, to Miss Ada M. Simmons to which union was born one child, Mrs. Ross B. Northrop, at whose home he died July 19, 1924, after many years of useful service in this community. During his illness every attention that loving hearts and hands, medical skill and nursing could devise, have been unweariedly bestowed, but the only results were to lessen in some degree the inevitable suffering, no hope being given from the first of ultimate recovery.

He is survived by his wife, daughter, and many near relatives residing in and near Northville. Funeral services were held Wednesday afternoon from the home of Mr. and Mrs. R. B. Northrop at Redford, Rev. Dr. Jacques officiating.

**R. A. A. NOTES.**

The Royal Neighbors' picnic will be held at Whitmore Lake on Wednesday, July 30th. Trucks leave Foresters' hall at 8:00. Pot-luck dinner and a good time for all.

**NOT KNOWN HERE.**

The Detroit News of Wednesday contained an account of the accidental drowning of Miss Wilma Worrell, aged 15 years, in Fox Creek. The item stated the parents of the unfortunate girl resided at Northville, but no one here seems to know the family.

Don't forget the out-of-door service of St. Paul's Lutheran church at Herman Kruger's place on the Base Line road. Service in English at 11:00 a. m. Community dinner. Bring your lunch with you. Congregational picnic in the afternoon. Ice cream, cake, soft drinks. All are cordially invited.

**PRESBYTERIAN CHURCH NOTES.**

All are invited to the Sunday school session.

**METHODIST CHURCH NOTES.**

The pastor has a special message for everybody at 10:30 on Sunday morning with a welcome to all that worship with us.

The Sunday school will meet at the usual time.

The final out-door service will be held at Eastlawn and we trust we will have a record crowd. Time 6:30.

We had an exceptionally good quarterly conference with a good attendance last Monday which delighted the pastor with its interest.

**ST. PAUL'S LUTHERAN CHURCH.**

The morning service will not be held in the church, but on the lawn at Herman Kruger's place on the Base Line road. The service will be in English, at 11:00 a. m. All members and friends are requested to bring their noon-day lunch and join in a community lunch. The afternoon will be devoted to a congregational picnic. Ice cream and cake and soft drinks will be served. All are cordially invited. In case of rain the services will be held in the church.

The three-year-old son of Mr. and Mrs. Harry Somer had a severe attack of pneumonia, but has now recovered.

Tonight the building committee of the congregation will meet at the church.

**BAPTIST CHURCH NOTES.**

When it was announced last Sunday evening that Rev. Joe Payne would conduct a revival the first three weeks in November, the audience applauded. Let's keep up the enthusiasm.

Our smallest Sunday night attendance for July was fifty. The largest was almost one hundred and twenty-five. This was last Sunday evening. The morning congregations average almost thirty-five.

If you enjoy live interesting revival meetings, be present Sunday evening. About fifteen young people, members of the Christian and missionary alliance, will be in charge. There will not be a dull moment.

Attendance at prayer meeting continues good.

Something special every Sunday next month. Watch our ads.

Mr. and Mrs. Fred Briggs of Detroit visited the latter's parents, Mr. and Mrs. Jos. Taylor Sunday. Mrs. Briggs was bitten by a dog recently and is suffering from it.

There was a large attendance at the Baptist church Sunday evening and all enjoyed the musical treat given by the male quartet of one of the Detroit churches. They were accompanied by a number of their friends and voiced their appreciation of the nice lunch served them in the church parlors before the service. It was through the courtesy of the Tyler family that they came and it is hoped we may have another treat in the near future.

A very pretty home wedding took place last Saturday at the residence of Mrs. Ida Fuller, when Miss Sylvia Fuller was united in marriage to Arthur Bowen of Detroit. The ceremony was performed by Rev. H. J. Thibaut of Wixom in the presence of a number of relatives and friends. After congratulations had been extended a dainty luncheon was served the assembled guests. The happy bride was kindly remembered by her many friends with numerous handsome and appropriate gifts. After a short wedding trip Mr. and Mrs. Bowen will be at home to their many friends in their newly furnished home at 138 Spencer avenue, Ferndale.

Many Novi friends will extend hearty congratulations.

**VILLAGE TAXES NOW DUE.**

Village taxes must be paid before August 1st, 4% fees charged thereafter.

CARRIE E. LITSENBERGER, Village Treasurer.

Try Northville first.

**IT'S WORTH MENTIONING**

For the first time in the history of Fowlerville the village band turned out last Friday to honor George L. Adams, publisher of the Fowlerville Review, who has directed the affairs of the village newspaper for the past fifty years. A number of Michigan newspaper publishers gathered at Fowlerville to assist the people of that community in celebrating the event, and of course, the village band was out, because the occasion was made a community holiday, every business place in town being closed at noon.

It was a great day for Fowlerville and the honor bestowed upon Editor Adams has been well earned. In season and out of season he has striven to advance the material interests of the community and he has kept at the job for fifty long years—lean years as well as prosperous years. He has given freely of his time and contributed hundreds of columns of space in his newspaper to advance the interests of his neighbors and to make Fowlerville just a little better place in which to live.

**A GRUELING CONTEST IN A LONELY ARENA.**

A fight for supremacy, in the spot light amid the applause of a great crowd and with the certainty of big winnings is interesting to a heap of folks.

Transfer the duel to a lonely spot with the rival contestants a human soul and the arch enemy satan and you have a struggle that is known in some form to the most of us.

The Christ went through this quelling battle and established His right to be the Great Helper of mankind. If He could win against a crafty foe other folks like ourselves could gain a victory too.

The temptation to misuse power to reach the goal by an unlawful short-cut to compromise with evil forces is an ever present danger. Each day the battle is won or lost by every person.

You may challenge the idea of a personal devil but the fact remains that there is something in human nature which corresponds to the general thought of what a devil may be.

We have plenty of tough propositions to settle in the matter of right and wrong. One force leads us to conquest. One force leads us to defeat.

WHICH WAY SHALL WE GO nine times out of ten?

GRAND RIVER IMPROVEMENT BEING PUSHED.

A Lansing dispatch of Tuesday stated that paving of M-16 has progressed so rapidly that in all probability the entire Grand River road between Detroit and Lansing will be open for traffic in another month, or about September 1st.

This does not include the work past the state agricultural college campus in East Lansing which the state will start paving immediately and which will be completed before cold weather. The present paving will be available for use there until the added stretch of paving, giving a two-way road is completed.

One little stretch of the road between Brighton and Howell will not be paved this fall. It has developed a "sink hole" and dirt is disappearing as fast as it can be placed. The governor gave orders to skip it in paving. It will be graveled if a stable roadway can be effected and paved when all danger of sinking has been eliminated.

The dispatch failed to mention the unfinished work at Novi but it is believed that active work will start there soon.

## Things Look Better For The Farmer

If you could tune in the whole county, that is the message you'd get.

Reports of the first steps of the harvest have been awaited with keen interest—so much depends upon results you and the other farmers of the country achieve.

Wheat, corn, oats and other grains have touched high prices recently.

The drop in the cost of things you have to buy has added to the farmer's purchasing power.

Inspiration for the whole country can come from the men who do the farming of the nation.

As crop money comes in your responsibility grows. Wise spending ought to follow the hard work of past weeks and the marketing of your crops.

We count it a privilege to co-operate with many of the farmers of this community in handling their money matters.

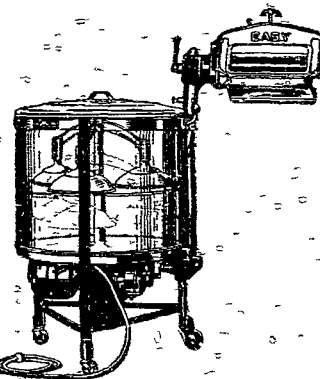

We will welcome your account—and take good care of it.

The "EASY" Requires Less Power

One would naturally think that the EASY, being an extra large size electric washer, would require an extra large size motor.

But, as a matter of fact, a 1-6 horsepower motor is sufficient to operate the EASY, whereas other machines of smaller capacity require a 1-4 horsepower motor, and are therefore more expensive to operate.

The reason for this lies in the fact that the mechanism of the EASY is of unusually simple design—an important feature from the standpoint of durability and cost of operation.

If you incline toward economy, by all means see the EASY before you buy.

## PERSIA SENDS MURDER REGRETS

PROMISES TO DO ALL POSSIBLE TO PUNISH SLAYER OF MAJOR IMBRIE.

### TAKING PICTURES, MOB ATTACKS

Informed Mob Turns On Police and Soldiers When They Attempt to Assist Victims.

Washington—Instructions have been received by the Persian legation from its government to express to the Washington Government its deep regret over the killing of Vice Consul Robert Imbrie by a native mob at Teheran and to state the Persian government will do all in its power to fulfill its duties in this case.

The Persian government, it was added, is seeking the guilty persons in the case and will take all possible steps to secure their punishment.

At the same time, the cable dispatch to the legation was said to indicate the attack on Imbrie and his companion, Major Seymour, was provoked by "their own carelessness in going to a sacred place and persisting in taking pictures." The police and soldiers who went to their assistance, as was added, were attacked by the mob, three policemen being mortally wounded and a soldier dying a few hours later of injuries received. The instructions were received at the legation while American Government officials were waiting further advice from Joseph S. Kornfield, its minister at Teheran, concerning the case. A thorough investigation was being made it was stated.

The National Geographic Society had commissioned Maj. Imbrie to take pictures in Persia and apparently he was attacked there is no law in Persia against the taking of photographs, except the photograph of a ruler.

It was a little unfortunate that Maj. Imbrie was in Persia at the time of the attack, as he was a prisoner of the American consulate. Little could be learned of him.

### SLAYERS POSE AS MONSTERS

Defense Lays Diabolical Schemes to Leopold and Loeb.

Chicago—Stories that Nathan Leopold, Jr. and Richard Loeb, confessed kidnaper-slayers of Robert Franks first planned to make their fathers or Loeb's 10-year-old brother, the victim, have been characterized by the prosecution as propaganda designed to further the insanity theory of the defense.

The defense is endeavoring to make the youths appear as diabolical as possible in order to prove that they are crazy according to Dr. William O'Keefe, an expert who will testify for the state. The prosecution contends that the boys were normal, healthy and well educated and expects to introduce evidence in support of that contention at their trial scheduled to start August 4.

A plan to introduce the proceedings of the trial during the progress had been advanced by a Chicago news paper, which has submitted a referendum on the suggestion to its readers.

## Why a Store Should Be Well Lighted

All people are attracted by bright, skillfully arranged lights. It has been shown by actual experiment that from 30% to 50% more people stop to inspect the display in a thoroughly well lighted show window than are halted by the half-lighted and discouraging appearance of many store windows.

Other tests have demonstrated that business increases fast after an indifferently lighted interior has given place to one in which modern illumination methods are used. Buyers almost invariably will choose a brightly-lighted store in preference to one in which good lighting is neglected.

Competition in trade is best met by high-grade lighting. Talk with us on this subject.

Manistee—The Manistee city gas rate of \$1.60 per 1,000 cubic feet has been reduced to \$1.50 by the city commission. This is the second reduction made by the commission in six weeks, the first from \$1.75 to \$1.60 having been ignored by the Consumers Power Co. The action came as a climax to five years of negotiations with the company for a new gas plant.

Lansing—Three hundred and nine automobiles during the month of June were stolen throughout the state, according to the monthly report of the secretary of state's office. Officers searched the locality immediately, but could find no trace of him.

Lansing—Hearings on the petition of the Michigan Central Railroad for permission to abandon its agent stations in nine small southwestern Michigan points was held before the State Public Utilities Commission recently. Flint—E. L. Mason, boy scout executive, in a conference with E. W. Viets, manager of the local safety council, recently made known his plans for the coming year. According to Mason, all boy scouts will cooperate in the various campaigns which are sponsored by the Flint Safety Council. ## Give the Children Good Milk

After a hard day at play your boy or girl needs plenty of good nourishing food.

Of all strength and health-giving foods milk ranks first.

Essentials to be fulfilled in cow's milk are: freshness; it should not be skimmed or in any way falsified; it should be pasteurized to free the milk from all bacteria.

## GUY C. FILKINS, WRITES INTERESTING LETTER FROM PARIS.

Paris, France, July 6, 1924.

E. E. Brown, Northville, Mich.

Dear Mr. Brown: When I finally decided to spend the summer in Europe, everyone said it would be a wonderful experience, and it certainly has been just one experience after another. Every day brings new surprises, some pleasant and some not so fine.

The voyage across was "perfect" according to those on board who had crossed many times, and we were favored with ideal weather. Landing at Cherbourg, France, we who were going to Paris, took a special boat-train, which brought us into the city at 4:45 a. m. In that gray dawn of Saturday, May 10th, the term "Gay Paree" seemed most unfitting.

The next day was the birthday of Jean d'Arc, and the hotel where I was stopping, was directly on the square where the statue erected to her memory is located. When I came down stairs that morning the square was filled with mounted police—guards and French soldiers. The statue and pillars were entirely covered with floral tributes to the Dauphine of France. A very dignified ceremony was held and at its conclusion the military band played the French national anthem. It was a most impressive sight, and I shall never forget it. The next evening I took the Simplicon-Oriental express for Milan, Italy, which is the thru train from Paris to Constantinople. It passes thru the Simplicon pass, once traversed by Hannibal. When I awakened Tuesday morning, we were on the Swiss border, and from my compartment window I could see those famous Alps whose scenic beauty afflures the world tourist, and is a great commercial asset to that little country. It is impossible for me to describe their grandeur and magnitude, and all the pictures one sees of those mountains do little justice to their wonderful beauty.

After passing thru the Italian lakes whose magic charm both painter and poet has portrayed on canvas and in song, I reached Milan, there to be welcomed by my friend Tom Blair, formerly of the Hudson-McCleary Quartet, who has been there the past year studying singing. For two weeks he and I had a most delightful trip thru Italy, visiting Milan, Venice, Florence and Rome. When in Venice we were favored with a full moon which added greatly to the beauty and interest of the town of gondolas and troubadours.

In Florence we found the Palace of the Medici and famous bridge most interesting, and in Rome, St. Peter's Cathedral, Appian Way, the Catacombs, Ponthoon and many other historic spots. We could hardly realize that we really were walking in the same street where so many years ago the Caesars ruled. May 26th found me in Paris, and since then I have been very busy studying—occasionally I take an afternoon and visit some museum or gallery, but the bulk of my Parisian sight-seeing will come when I have finished my work.

Europeans certainly are differently than we in America, and one can usually discern old traditions that have been handed down from generations and adhered to closely even in the present day of motor car and aeroplane.

## Bible Thoughts for the Week

**Sunday.**  
WENT ABOUT DOING GOOD.—"And Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the kingdom, and healing all manner of sickness and all manner of disease among the people."—Matt. 4:23.

**Monday.**  
SAFETY FROM EVIL.—The fear of the Lord tendeth to life: and he that hath it shall abide satisfied; he shall not be visited with evil.—Proverbs 19:23.

**Tuesday.**  
FORGIVE AND BE FORGIVEN.—When ye stand praying, forgive, if ye have ought against any: that your Father also which is in heaven forgive your trespasses.—Mark 11:25.

**Wednesday.**  
THE LAWYER'S QUESTION.—Master, what shall I do to inherit eternal life?

**Thursday.**  
GOD'S LOVE.—The Lord hath appeared of old unto me, saying, Yea, I have loved thee, with an everlasting love: therefore with loving kindness have I drawn thee.—Jeremiah 31:3.

**Friday.**  
IN HIM WE LIVE.—That they should seek the Lord. For in him we live, and move, and have our being.—Acts 17:27, 28.

**Saturday.**  
A MIGHTY ARM.—Thou hast a mighty arm: strong is thy hand, and high is thy right hand. Justice and judgment are the habitation of thy throne: mercy and truth shall go before thy face.—Ps. 89:13, 14.

Lake one American said whom I met at a recital on Fourth of July: "This is my fourth trip to Europe, and each time, I return I love America more."

I am enjoying my study immensely, and so far have had a most pleasant trip, but I shall be very happy to return in September, and resume my various duties. With best wishes and regards,

I am very sincerely,  
GUY C. FILKINS

## WAR-HERO WEDS.

A romance which had its inception at Eastlawn Sanatorium, culminated in the marriage, on July 13th, of Mrs. Conitt Thompson of Jackson, Mich., to George Franklin Funke of Northville. The groom is recuperating from wounds received while serving with the A. E. F. After a short wedding trip to Niagara Falls, the happy couple returned to Northville and are at present occupying the bridal suite at the Ambler House.

The many friends of the couple wish them much joy on their matrimonial voyage.

## America's Marvels

NATURAL AND OTHERWISE

By T. T. Maxey

## "THE LITTLE CHURCH AROUND THE CORNER"

So fittingly descriptive and yet at the same time so unusually appropriate is the legend, "The Little Church Around the Corner," that its long continued usage in referring to this quaint and honored landmark in "Little Old New York" has all but blotted the real name of this house of worship from the memory of the hordes of pilgrim visitors who, annually of more or less often, journey thither to "pay their respects."

"The Little Church Around the Corner," squatly, broad-spread and set well back from the narrow and busy thoroughfare, is none other than the Church of the Transfiguration. Its exact location is No. 3 East 29th street, just around the corner, from Fifth avenue.

The story of how this unusual name came into being, and which arose in a perfectly natural manner, is indeed interesting. It also serves to illustrate how, through a mere turn of fate, fame sometimes unexpectedly attaches itself to an object—in this case a religious edifice.

A noted actor had died. He had no church connection. As he was widely known, his family and friends felt that a public funeral was a necessity. The curfew of a neighboring house of worship was requested to conduct the funeral service. He promptly declined, adding that "perhaps, the rector of the little church around the corner might be willing to serve." History records the fact that the funeral was held at "The Little Church Around the Corner."

Following in the wake of this incident, The Church of the Transfiguration was adopted as the Protestant house of worship by the theatrical profession. Since that time, this little church has been the scene of countless christenings, weddings and funerals. The church and its present and past pastors have so endeared themselves to all who have come into direct contact with them that, recently, when the present rector celebrated his silver jubilee, letters, telegrams and gifts from all sections of the country, especially from actors and newspaper men, flowed in to express the "Many happy returns of the day" spirit in the hearts of the senders.
