LEGION CONVENTION AND BANQUET ENJOYABLE AFFAIR.

The convention of the American Legion Posts located within the confines of the Sixth district of Michigan, which was held at the Library building in this village last Friday afternoon, was one of the most enjoyable meetings of its kind ever held here and all who were privileged to be present were most enthusiastic over its success. During the afternoon representatives of many of the Posts of the district met for an exchange of views and for the discussion of matters of special interest to members of the Legion and the gathering was honored by the presence of Col. Augustus Gansser, who is happiest when he can meet with "his boys" as he delights to call the members of the American Legion of Michigan. Other guests were Mrs. Catcher, and Mrs. Ethel Stitt of Detroit, Harry Merritt of Highland Park, Judge Ernest P. Lajoie of the Wayne circuit bench, Mrs. Millard of Rochester, N. Y., and Miss Anna Cross of the Michigan children's billet.

At the conclusion of the afternoon meeting the delegates and distinguished guests gathered at the High school gym where a banquet of more than ordinary interest was enjoyed. The dinner was served by the good ladies of the Woman's Relief Corps and that is equivalent to stating that the feast was of a very high order, because these women never do anything in a half-hearted way. The tables were beautiful with a wealth of roses and the menu served received many compliments from those present. While the guests were finding their places at the tables and during the serving of the very appetizing meal, Edward Elliott at the piano and George Taylor with his violin furnished an enjoyable musical program and the young men were given hearty applause at the conclusion of each number.

At the conclusion of the dinner, Lyle Alexander, commander of Lloyd H. Green Post, of this village called the assemblage to order and in a few fitting remarks extended a cordial welcome and introduced the toastmaster of the evening, Judge Ernest P. Lajoie of Detroit. In assuming his duties Judge Lajoie outlined briefly the objects and the creed of the American Legion and at the conclusion of his remarks all felt that they better understood why Legion Posts are springing up all over the state and nation. President C. A. Dolph extended a cordial welcome and assured the guests that Northville people were glad of the opportunity of entertaining the representatives of the American Legion. Harry Merritt of Highland Park was the next speaker and with his fund of good stories kept the banquet in fine humor. Miss Anna Cross of the Michigan children's billet was given an ovation as she arose to speak in appreciation of her untiring efforts in behalf of this institution which has so recently been established to care for the children of deceased or disabled service men. She urged the organization of an auxiliary among the women in every community where there was a Legion Post and told of the need of the assistance of the buddies and their wives and sweethearts. Rev. F. P. Knowles was next introduced, the toastmaster stating that during the war service men found comfort and encouragement from their chaplains and now in peace times they also sought guidance from those who proclaimed His gospel. Mrs. Ethel Stitt of Detroit, a gold star mother, was then called upon and she spoke briefly of the work of the women of the auxiliaries and urged all the women present to become interested in that phase of after the war work. Miss Helen Hammond then favored the audience with a solo and very kindly responded to the hearty encore. Mrs. Catcher of Detroit and Mrs. Millard of Rochester also stressed the importance of the wives and mothers of the service men organizing themselves in auxiliaries for work among those who were disabled. Benjamin Stewart of this village sang two numbers and each was greeted with generous applause. Col. Gansser was then presented to the audience, the toastmaster paying the distinguished guest a fine tribute as he introduced him to the banqueters. Col. Gansser spoke feelingly of his boys and the association of camp and upon the battle field, and his ready wit converted his hearers with laughter.

With some fitting remarks by Judge Lajoie the banquet was brought to a close and the banqueters arose and stood in silence for a moment, in keeping with the custom of all Legion meetings before adjournment. A rising vote of thanks was extended the ladies of the W. R. C. for their efforts in supplying the banquet.

WAYNE DEMOCRATS TO PRESENT HAND-PICKED TICKET.

The democrats of Wayne county will present to the electors at the approaching primary election a hand-picked ticket which was selected at a conference of prominent party leaders held Monday evening. No one could be induced to stand as candidates for judge of probate or prosecuting attorney, but the remainder of the ticket was picked as follows: Sheriff—Henry Campau of Ecorse. County Clerk—James R. Flynn. County Treasurer—Leo Kent. Register of Deeds—Elizabeth R. Stellwagen of Wayne. County Auditor—William R. Teltor of Trenton. Circuit Judge—Frederick T. Harvard. Hal P. Wilson, Charles Conklin and Patrick H. O'Brien, the latter a former judge from the upper peninsula. Circuit Court Commissioner—Frank J. Kane and Joseph Sanders.

MRS. JAMES SPANGNUOLA DIES.

Mrs. James Spangnuola died at her home in this village early Wednesday morning after a few days' illness. She was taken ill last Friday and from the very first her condition was critical. Everything that loving care and the best medical skill could do was done to relieve her, but in spite of this tender care death claimed her. Besides her husband she is survived by four small children. Funeral services will be held this Friday morning at nine o'clock at Our Lady of the Victory church. The tenderest sympathy goes out to the bereaved husband and children in their great sorrow.

DIRECTORS AND OFFICERS RE-ELECTED.

At the annual meeting of the Northville Loan & Building association, held last Friday night, the directors whose terms of office expired were all re-elected to succeed themselves: I. E. Vanatta, Spencer Clark, C. A. Dolph and B. A. Wheeler. The board of directors then elected the following officers for the ensuing year: President, Spencer Clark; vice-president, A. K. Dolph; secretary, I. E. Vanatta; treasurer, C. A. Dolph, attorney, C. C. Yerkes.

The past year has been a prosperous one with the association and its assets made a good increase.

BURGLARS SECURED \$60.

William Spencer was awakened a few nights ago by a strange noise and getting up from his bed to make an investigation he discovered two fellows making for the outside door of his house on the Livonia town line. Spencer tackled one of the fellows and while wrestling with him the other fellow came to the assistance of his pal. Just then Spencer's faithful old dog came to his assistance and tackled one of the fellows. In the struggle both made their getaway and after they were gone Mr. Spencer missed \$60 in money he had in his pocket when he retired for the night.

BERT E. RICHARDSON DIED SUDDELY.

Friends and acquaintances of Bert E. Richardson in this community were greatly shocked to learn of his sudden and unexpected death at St. Clair a week or more ago. Mr. and Mrs. Richardson had just returned home from a visit with Novi and Northville friends and he seemed to be enjoying the best of health. In fact he told his friends he had not felt so well in years. Mr. Richardson was a graduate of the Northville schools and after his graduation he attended the Normal College at Ypsilanti. For a few years he was superintendent of schools at St. Clair.

BASE BALL AT PRISON FARM.

The Willys-Knight is a car you can keep and enjoy for years. A touring car with all the thrill of 42 horsepower—a car you can drive 50 miles and more an hour, hour after hour—without over-heating—without loss of power—without engine trouble—without carbon cleaning—without ever needing valve grinding.

The Willys-Knight sleeve-valve engine is the most powerful engine of its size ever built—and the quietest—and the only type of engine in the world that actually improves with use. It is common for Willys-Knight owners to report 50,000 miles and more without spending a cent for repairs on the engine.

LAWLESSNESS IN COUNTY ATTACKED BY BROWN.

Republican Candidate for Prosecutor Refers to 'Crowded Jail.'

Residents of Wayne county who find access to visit Detroit have the right to expect that while in the city they will be afforded the exacting protection of the law, says Frederick B. Brown, republican candidate for prosecutor.

"Never in history has Wayne county been overrun with such lawlessness as it is at the present time," says Mr. Brown.

"The jail is so filled with persons charged with criminal offenses that the judges are allowing many their liberty pending trial, without asking that they post bail bonds to assure their appearance in court."

LAPEER TEACHER BRUTALLY KILLED

LEFT SCHOOL TO GO VISIT CHILDREN, DOES NOT APPEAR, SEARCH REVEALS DEATH.

UNCLAD BODY IS MUTILATED

Took Short Cut to Save Time, But Life Is Cut Short By Mysterious Person Who Has Not Been Found.

Lapeer, Mich.—A pair of cheap cuff links found near the bound, unclad and mutilated body of Mrs. Blanche Burke, attractive 29-year-old widow found dead in a woods a mile and a half south of here recently, gave Lapeer county authorities their sole clue in their hunt for the slayer.

The cuff links were of a make sold in a shop largely patronized by inmates of the Michigan Homes and Training school, a state institution for the feeble-minded located near here. Mrs. Burke was an employee of the school for three years following the death of her husband.

The woods where her body was found is only a half mile from the school. What the authorities saw as significant is that one inmate of the institution was missing.

Mrs. Burke left her rooms at the school Saturday noon to go to the home of Mrs. Albert Pierce, on the DeMille road. She was accustomed to spending the week-end with her two children, whom she had placed under Mrs. Pierce's care after the death of her husband.

As the hour grew late and Mrs. Burke did not appear, Mrs. Pierce became worried. She learned that Mrs. Burke had left the school and became more apprehensive. Calling E. J. Walker, superintendent of the state school, to aid her, she started a search.

The two patrolled the DeMille road several hours in vain. Finally they noticed that the deep grass leading into a woods had been trampled down, as if a lag of meal or a body had been dragged over it.

Following the trodden grass trail, the two came upon the body in a little glade. Mrs. Burke's arms and legs had been bound with her clothing. Other articles of dress had been stuffed into her mouth. The remainder of her clothing was nearby. Her pocketbook, intact, was found under a clump of bushes.

Poses searching the wilds city detectives carefully examining every thread of her clothing, every blade of grass about where her body was found, were baffled. How a person could attack, overpower and kill a woman and yet so completely cover his tracks is the mystery which has roused all Lapeer county. It is Lapeer's first murder mystery in 23 years.

She was not held up, and beaten into submission at her refusal to give up her money, officers argue, for her money and pensions vouchers were found still carefully folded in her purse.

Tom Burke, brother of her husband, said he had warned her against coming down that road. The road officers opened, hunted was leading across the low lying fields and rail fences to the great rambling brick colony of the big where Michigan cafes for its mental deficient.

Mrs. Burke during the years she had worked at the home never permitted her children to come there, it is said. Joy and James, two sturdy young chaps lived at the home of Mrs. Albert Pierce, two miles from the school—by the road. Mrs. Burke didn't take the road. She had become too well accustomed to the short cut across the fields and on the lane, bordered on either side by heavy bushes.

It was that lonely path that meant a half-mile and 15 minutes—perhaps that she should spend with her children—when she traveled once too often. Crushed bushes, splashed here and there with blood, trampled grass, and her mutilated body tell her story. She laughed at her brother-in-law's warnings, she trusted as she was trusted.

RUSSIAN DIVORCES \$1.50 EACH

Can Be Obtained in 5 Minutes; Remarriages Limited to 3 Per Year.

Moscow—Soviet Russia offers far more advantages to persons seeking easy and quick divorces than perhaps any place in the world. Under a new decree a divorce can be had within five minutes at a cost of \$1.50, provided both parties agree to the dissolution of the marriage ties. If, however one party objects to dissolution, the case must be referred to the courts, which will decide the question on its merits.

Misconduct does not constitute a valid reason for the annulment of marital ties, but desertion, religious superstition, excessive religious piety, incompatibility of temperament and divergence in political views are held to be sufficient causes. No Russians may be obtained a divorce and remarry more than three times within one year.

In consequence of the flexibility of the soviet civil code covering domestic relations, divorces in the Moscow district increased by 45 per cent during the first six months of 1924 as compared with 1923.

ROAD REWARDS TOP \$6,000,000

State to Consider Future Payments to the Counties.

Lansing—Michigan's counties have more than \$6,000,000 coming to them if all state road rewards are to be paid, according to a statement of the awards due July 1, 1924. The statement was prepared by State Road Commissioner Frank Rogers for submission to a committee of the state administrative board which is considering future action upon the payments. The total is \$6,188,060.10.

Berrien and St. Clair counties, with almost a half million dollars each, are the largest amounts reported but 22 or the counties have more than \$100,000 used as their portion.

The committee having in charge the awards under the Covert act will make arrangements shortly to pay to the townships of the state \$276,372.07 which is due the townships. This is in excess of the amounts due counties.

The Michigan counties with more than \$100,000 on the list are:

Allegan, \$105,379; Barry, \$119,820; Berrien, \$451,627; Clinton, \$101,846; Genesee, \$358,955; Huron, \$156,054; Ingham, \$123,293; Jackson, \$206,701; Kalamazoo, \$314,913; Kent, \$245,095; Lapeer, \$133,632; Lenawee, \$195,890; Livingston, \$102,544; Macomb, \$170,917; Midland, \$101,017; Oakland, \$383,809; Saginaw, \$171,175; Sanilac, \$226,377; St. Clair, \$492,363; Tuscola, \$139,793; Van Buren, \$110,435; Wayne, \$341,874.

While no official action was taken, conversation between members of the board while discussing the proposition indicated the counties having the smaller claims would be taken care of at an early date.

Seven counties—Alcona, Benzie, Crawford, Missaukee, Oshtemo, and Roscommon were listed as not having money due them. The smallest amount due any of the other counties was Kalamazoo with \$715 award due.

BEER VOTE BAR-ED FROM BALLOT

Attorney Gen. Rules Wardell Amendment Petitions Are Faulty.

Lansing—Dry's won a victory here recently when Attorney-General Andrew B. Dougherty ruled that the constitutional amendment which would modify Michigan's prohibition laws in conformity with federal statutes can not go upon the ballots in the November election.

Dougherty's ruling is based upon omission from the amendment of the full text of the federal dry laws.

According to the opinion which was directed to Secretary of State Charles J. Beland, the amendment contemplates not only the present liquor laws but also those which congress may pass at a later period.

Representative Robert Wardell, Detroit, secretary of the Michigan Association Against the Prohibition Amendment, who initiated the petitions, is expected at once to carry the question to the state supreme court. A court battle will follow, it is considered certain, and the high court will have to decide whether Michigan voters may ballot on the amendment to modify present state dry statutes among the most drastic of any state in the union.

Petitions placing the amendment before the voters were filed with the secretary of state some weeks ago and contained 100,000 signatures.

Probe Alleged Coffin Monopoly.

Albany, N. Y.—An alleged monopoly in caskets by some Syracuse undertakers is to be investigated State Attorney-General Carl Sherman has announced. The state in the past has investigated all sorts of alleged monopolies, but this is the first time the casket business has ever come under official scrutiny, it was said. Sherman decided to act after he had received complaints from four Syracuse undertakers that it was virtually impossible for them to secure caskets.

NORTHVILLE, MICH., AUG. 1, 1924.

SEYMOUR BOWER DIED FRIDAY MORNING.

Seymour Bower, who was one of America's leading authorities on fish culture and who was superintendent of the Michigan Fish commission for many years, died early Friday morning, at his home near Pontiac, and will be buried Monday at Drayton Plains.

Mr. Bower was born at Clarkston, April 3, 1855. In 1880 he became assistant to the late Frank N. Clark, at the Federal hatchery at Northville, and from there was sent by the government to operate the hatchery at Duluth, and subsequently to the hatcheries at Put-in-Bay and Green Lake, Me. He became superintendent of the Michigan Fish commission in 1898, a position he held until the Fish commission was merged with the Conservation Department, four years ago.

Mr. Bower was the author of many articles on fish cultural operations and ichthyology and the inventor of many fish cultural appliances. Throughout his life, he was closely associated with the American Fisheries society, serving as its secretary in 1899 and 1900, and as its president in 1909. He was awarded several gold medals at the International Fisheries Exposition in London in 1883, for his inventions.

Mr. Bower was a member of the Northville Commandery, No. 39, Knights Templar, and of subsidiary Masonic bodies. He leaves his widow, Ekene, one daughter, Mrs. B. B. Fraser of Lansing, and two sons, Harold Bower of the Department of conservation at Lansing, and Ward T. Bower, chief of the Alaska division of the United States Fisheries.

The above notice appeared in the Detroit Sunday papers and it was read with deep regret by many old friends and acquaintances of Mr. Bower in this community. While a resident of this village he became a member of Northville Lodge, F. & A. M., Union Chapter and Northville Commandery and he was held in high esteem by his brothers. A number of Northville Masons attended the funeral which was held at Drayton Plains on Monday.

MISS. PEET WILL RETURN TO PERSIA SEPTEMBER 1ST.

Miss Gertrude Peet, daughter of Mrs. Emma Peet, of North Washington street, will return to Teheran, Persia, September 1st, to take up her duties in Iran Bethel, a school for girls conducted by the Presbyterian board of missions.

Miss Peet has been connected with the school in Teheran for seven years, returning to the United States last year on a year's furlough. She has been attending Columbia university this summer and is now at her home preparing for the long and venture some journey to Persia—Ypsanti Record.

GRAND VIEW ACRES SELLING FAST.

Lovewell Farms company of this village, selling agents for the acre tracts at Grand View on the Seven Mile road have an announcement today's Record. During the past two weeks many of these acres have been sold to Northville and Detroit people, many of whom are buying purely for investment purposes, and in some instances re-sales have been made at a good profit.

Grand View acres are high and command a wonderful view of the surrounding country.

FIND STOLEN FORD.

A Ford coupe stolen recently from the dance hall at Walled Lake and belonging to Morris Cole of Northville has been found in Detroit, according to a report from the auto squad of the Detroit police department, received at the county jail this morning. Two young men, whose names were not given, are being held in connection with the theft of the car. Deputy Claude Wilson of Farmington, has been notified and is investigating.—Ponac Press.

REDFORD MASON TO HOLD PICNIC.

Redford Masonic lodge has set Thursday, August 7th, as the date for a big picnic at Casino Gardens, at Walled Lake. Dancing, bathing and boating are features for the day. All residents of this community are invited to join in the festivities.—Redford Record.

FORESTER AID NOTES.

Regular meeting of the Foresters' Aid next Tuesday night, at 8 o'clock. After the meeting there will be cards and a pot-luck lunch. Bring your dishes. All members are urged to be present. Committee.

Try Northville first.

METHODIST CHURCH NOTES.

During the month of August the pastor will preach in the morning at 10:30, with helpful addresses for everybody.

The Sabbath school under Floyd Solow as superintendent, will meet at 12:00. All are invited of the congregation to remain.

There will be no evening or mid-week services.

When the pastor is not at the parsonage call "Woodlands" 7148 F-2.

BAPTIST CHURCH NOTES.

The pastor and his wife left Tuesday for a few days vacation and will visit points in Oakland and Genesee counties.

"High Lights in Bible History" will be the subject of three lectures which will be illustrated with beautiful dissolving stereopticon views. The first one will be delivered by Miss Ruth Biery on Sunday evening, Sunday evening the 10th, Miss Alvera Smith will deliver the second and on Sunday evening, the 17th, Marguerite Warner will deliver the third.

R. H. MacRae will speak Sunday morning, W. E. Bundy, Sunday morning, the 10th, and Miss Ruth Biery, Sunday morning, the 17th. Everyone encourage these young folks by being present at every service during August.

Deacon W. H. White will have charge of the prayer meetings the next three weeks.

In writing the notes last week the pastor has been informed that he made a mistake. He said the morning attendance was about 35 during the last month. A party has been counting and says fifty was nearer the mark.

The young people of the Highland Park Christian and Missionary Alliance conducted a very interesting service last Sunday night.

NORTHVILLE BENEFITS BY AIR MAIL SERVICE.

Northville people who desire to do so may avail themselves of the air mail service which went into effect on July 1st. Mail posted here will be dispatched to Detroit or Chicago to connect with the airplane service for San Francisco and eastern points.

All available matter will be carried by airplane including parcels not exceeding 50 pounds in weight and not exceeding 84 inches in length and girth combined with postage at the rate of 5 cents an ounce or fraction thereof for each zone or part of zone in which mail is carried by plane. Special airplane stamps are issued but any stamps good for postage may be used, providing envelopes or parcels are plainly marked "via air mail."

The New York-San Francisco route is the only one operated by the post-office department and for rating of postage, is divided into three zones. 1. New York to Chicago. 2. Chicago to Cheyenne. 3. Cheyenne to San Francisco. A rate of 8 cents for each zone or part of zone determines the cost of postage for each ounce or fraction thereof. For example, the postage on one ounce from New York to Chicago will be 8 cents; New York to Cheyenne, 16 cents and New York to San Francisco 24 cents.

Mail for dispatch via airplane service except that supposed to contain matter of large value such as securities, coin or currency of large amounts, will be accepted for registration upon payment of required registration fee in addition to airplane postage. Special delivery stamp in addition to airplane postage will insure delivery on date of receipt at such cities as show late arrival in the day by air mail schedule.

The following table covering west-bound dispatches shows arrival time by plane and will serve to show advance delivery by airplane.

Via airplane—Leave, Detroit 7:25 a. m. via Detroit & Chicago 17; arrive Chicago 2:00 p. m. Leave Chicago 6:30 p. m. via airplane; arrive Omaha, Nebraska, 12:00 a. m. next day; Cheyenne, Wyoming, 6:10 a. m. next day; Salt Lake City, Utah, 11:05 a. m. next day; Reno, Nevada, 3:40 p. m. next day; San Francisco, California, 5:45 p. m. next day.

It requires four days for mail to reach San Francisco from Detroit on the railway mail service. There is no advantage in sending New York mail by airplane, because the fast mail service now maintained between Detroit and the east is very rapid.

Messrs M. E. Atchison, Ford Atchison, Asa Whipple, Harold Soultis and Roe Bequett spent a few days last week at Traverse City and surrounding country, and report a very enjoyable outing. The cherry season was at its height and the crop was most abundant.

BOXING MATCH AND MUSICAL ENTERTAINMENT.

On Thursday evening next, the 7th there will be a boxing match and a musical entertainment given at the Northville Fair grounds under the auspices of the Northville and Plymouth State Drivers' clubs. There will be three boxing events, in one of which the light weight champion of Michigan will take part. Musical

program will be furnished by the Ford Motor band of River Rouge of 55 pieces and by the famous River Rouge Dixie Eight.

Prices of admission will be \$1.00 and 50 cents.

The Only Reason

We believe lots more persons would attempt authorship if they could but find a way to keep from starving to death while writing a masterpiece.—Bethany Republican.

Hard Work

After leaving the cause of righteousness to a man's conscience, you have to subject conscience to massage, hot applications and a galvanic battery to get it working.

To Amuse Shoppers

China's newest department store in Hankow is to have a theater, a concert hall and other entertainments alongside the bargain counters for the amusement of its shoppers.

Protect the Child

Exposing a child to any form of contagion so that he may have it and be over with it is just as sensible and reasonable as to hold his finger in the fire so that he will henceforth know that fire burns. There is no disease that children "have to have" and the older a healthy child grows the less likely is he to suffer from common contagions.

YOU—A VITAL NECESSITY TO THE KINGDOM OF GOD

You were made with a wonderful personality all your own—not duplicated anywhere—distinct—individual—powerful.

You are here today in the school of experience—amid conditions that are trying—facing tests that hurt—carrying burdens that gail—that a character of gold worth may be built.

Late then is a great adventure—personality an ever expanding experience—the future one of immense possibilities for each one.

You are challenged to use YOUR PERSONALITY—YOUR SOUL—the only thing you really own in all the universe—for molding and fashioning and creating a great future.

So the call from the man of Galilee comes ringing through the years of your life "Follow Me."

The
"EASY"
Requires
Less
Power

One would naturally think that the EASY, being an extra large size electric washer, would require an extra large size motor.

But, as a matter of fact, a 1-6 horsepower motor is sufficient to operate the EASY, whereas other machines of smaller capacity require a 1-4 horsepower motor, and are therefore more expensive to operate.

The reason for this lies in the fact that the mechanism of the EASY is of unusually simple design—an important feature from the standpoint of durability and cost of operation.

If you incline toward economy, by all means see the EASY before you buy.

"MARY THE THIRD" AT THE GAR-RICK.

Miss Ann Harding, who returns to the Boastelle company next Monday night to take the place of Katherine Alexander, will be provided with an unusual role in "Mary the 3rd," the Rachel Crothers human document, which will be the attraction that week.

She will be seen as Mary, the role in which Marjia Byron elicited the praise or critics in Detroit last season.

Miss Crothers is well known to the theatre-goers as a writer of plays, that strike straight to the heart—honestly, sincerely and honest, yet always well relieved with natural comedy.

In "Mary the 3rd" she gives us unusual characters, Granny, Mother, Mary the 3rd, Father, Bobby, Lynn, Hal, Max and Nora, all connected with family life.

Miss Crothers gives us many pleasing and some pertinent facts in "Mary the 3rd," and after all, she expounds the theory that American home life is inherently sound—youth must have its way, but eventually inherent qualities tell we have youth and age and the follies of each happily combined.

In "Mary the 3rd" Miss Ann Harding should have a happy vehicle in which to greet her many Detroit admirers.

STATE NEWS IN BRIEF

Lansing—Governor Alex. J. Groesbeck has said the paved road between here and Detroit will be completed by Sept. 1, he believed. A stretch between Bagley and Howell will be graded and a snake disappears.

Grand Rapids—William A. Gresson who resigned last spring as superintendent of the Grand Rapids Public Schools, a position he had held 18 years, has been appointed to a teachers' post in Central High and Junor College at a salary of \$3,000 a year.

Mt. Clemens—Dr. M. C. Cronin, of the Allen Hospital here was in a serious condition as the result of a peculiar accident. Dr. Cronin while attempting to remove an obstacle from the throat of a patient, who was choking, had his finger bitten. Blood poisoning developed.

Port Huron—A campaign against speeders and reckless and drunken automobile drivers is under way in this city and St. Clair county. The road commission has engaged a county officer and plan clothes men will be placed in automobiles to assist motorcycle officers in the city.

West Branch—Hiram Scott, 75 years old, of Manistee, was struck by a falling limb which broke his shoulder, several ribs and injured him internally. He was suspected timber for Seabright & Hall near this city. He lived only a few hours. He is said to have been worth more than \$100,000. The body was taken to Manistee.

Detroit—The watermelon market in Detroit is being flooded by steady shipments in carloads lots from the south, according to officials of the Municipal Bureau of Markets. On a recent day 78 carloads arrived and the day before 37. Most of the melons are from Georgia through Alabama and Florida have contributed a fair quota.

Grand Rapids—Former Mayor George P. Tilton, in announcing his candidacy for the Republican nomination for congress from the Fifth district said his platform consisted of the Declaration of Independence, the constitution of the United States and the Ten commandments. Tilton is a wood carver employed in a local furniture plant.

Grand Rapids—Burns suffered when her clothing became ignited from matches with which she was playing were fatal to two-year-old Beulah Waalkes, daughter of Mr. and Mrs. William Waalkes. The baby, who had been playing in the rear yard of her home, ran screaming to her mother, who was badly burned in attempting to extinguish the flames.

Lansing—Only buildings named in search warrants can be searched by officers according to a ruling by the state supreme court here. The supreme court reversed the conviction of Joseph Bowice, of Presque Isle county who was convicted of storing liquor in a cabin in the rear of his home. The search warrant covered his home only and the search of the cabin was illegal, the court said.

Lansing—Michigan owes its counties and townships \$6,574,422.17 for state road highways. It was announced here at the meeting of highway commissioners at their annual convention that payment were made. The various counties' shares, range all the way from nothing in the case of several upstate counties, to \$12,879 for St. Clair county which has some most extensive work under the Covert act establishing the state road.

Grand Rapids—Members of the Western Michigan Bikers association are reported solidly behind legislation fixing a standard weight for leaves of broad Elmer J. Wagner, of Grand Rapids, president of the organization, and Herman Strong, of Muskegon, have been delegated by the association to confer with Secretary Hartman of the state board of agriculture, who is also sealer of weights and measures, in regard to this law. They ask only that there be provided a leeway of one ounce on a 24-ounce loaf.

Ludington—Frank Kibbey, Summit Township farmer, had a narrow escape from death, when his truck, loaded with 83 crates of cherries, was struck by a westbound freight train at a crossing near Baldwin. Kibbey was dragged a quarter of a mile in the wreckage of his truck and trainmen were amazed to see him arise from the debris, apparently unharmed. He suffered only minor injuries, a bone in his left shoulder was fractured and slight scalds from water in the radiator of his truck being the only wounds found.

Detroit—Wilma Worrell, 15 years old, of Northville, was drowned while swimming at the mouth of Fox Creek near the Detroit river, recently. According to two girls with whom she was swimming, she dove into the creek, shouting: "If I don't come up be sure to get my body." The girls said after she had been under the water for several minutes they became alarmed and shouted for help, but efforts to get her out were fruitless. Her body was recovered by the police of the harbor-master's division several hours later.

Are Your Lamps Clean?

It is not unusual for people to forget that lamps need cleaning quite as much as other articles in the room—they also collect dust. A neglected lamp may give only from a half to three-quarters of its rated candlepower.

There is a three-fold loss: loss of light absorbed by the dust; loss of eye-comfort from strained vision; loss of money paid for light not utilized.

Lamps ought to be dusted every day; they should be wiped with a damp cloth every week; they should be washed with soap and water every month.

DOPE SMUGGLING AROUSES CAPTAIN

ALIENS AND NARCOTICS BROUGHT INTO U. S. IS 'SERIOUS PROBLEM'

AGENTS WANT INSPECTION

Operators of Canadian and Mexican Borders Rely on Activity to Retain Blockade.

Washington—Smuggling of aliens and narcotics into the United States has become almost as serious a problem as illegal-booze running, government officials have declared. Following disclosures at New York that shiploads of aliens and cargoes of narcotics form a part of the notorious "rum row" just outside the 12-mile limit, became known that drastic steps are considered by the government.

Agents of the treasury department have requested authority of the state department to make an official inspection of the rum fleet to determine conditions there.

The open flaunting of American customs laws by shipowners flying the flags of foreign countries may become the basis for an official protest.

Government agents said that the alien and narcotic smuggling is increasing. These smugglers, encouraged with the apparent ease with which liquor can be landed in the United States, are taking long chances at getting their more valuable cargoes to shore.

With tightening of the custom lines on the Canadian and Mexican borders, smugglers are relying on their ability to penetrate the government blockade of the gulf and Atlantic coast lines to land their cargoes, while the new American immigration laws placing additional restrictions on entry of foreigners has increased the per capita premium paid for smuggled aliens, according to official advice.

U. S. TAX COURT STATES RULES

Any Dissatisfied Taxpayer to Have Right to Appeal to Bureau.

Washington—The newly formed Board of Tax Appeals has announced its regulations governing cases which the treasury has been unable to settle with the taxpayer. The regulations include a rigid code of rules for persons admitted to practice before the board.

Under the rules any taxpayer, dissatisfied with the determination of tax liability by the Bureau of Internal Revenue, may initiate an appeal by filing with the board a petition of his claims. It must include the following general information:

Clear and concise assignments of error alleged by the taxpayer to have been committed by the Commissioner of Internal Revenue in determining the tax liability of the petitioner.

A clear and concise statement of the facts on which the taxpayer relies as constituting the basis of his appeal.

The petition shall be complete as far as possible in itself so as to inform the board fully, but briefly, of the issues to be presented.

Five clear copies either typewritten or printed shall be filed. The original shall be signed and duly verified by the taxpayer.

The appeal is filed automatically on receipt of the petition by the board, which will serve one copy on the Commissioner of Internal Revenue.

In regard to the admission of persons to practice before it, the board said a registry of those admitted would be kept though any individual taxpayer or any officer of a corporation may appear in his own or his corporation's behalf. Generally, the board will admit to practice attorneys who are admitted to practice before the Supreme Court of the United States or the highest court of their state or territory or the District of Columbia, or certified public accountants duly qualified under the laws of any state or territory.

"The board," the regulations provide, "may in its discretion deny admission, suspend or disbar any attorney or certified public accountant."

CONVICT KILLED BY LIVE WIRE

Tries to Escape From Prison By Swinging Over Electric Cables.

Columbus, O.—Ralph Fritsch, 22-year-old convict, died in Ohio penitentiary hospital recently as a result of one of the most unique and daring breaks for freedom in the history of the prison.

Fritsch scaled a pole and was swinging hand over hand along the high tension electric wires which run over the prison wall when the socks he was wearing on his hands as insulation against the current became soaked with perspiration.

The dampness completed a circuit and 6,000 volts of electricity passed through his body, causing his death an hour later.

Fritsch was serving a 15 to 20 year sentence for shooting cashier in a bank holdup at Sharonville, Ohio, near Cincinnati.

Interesting Items

Better Ordered to Make Co. 3. Philadelphia—The 3rd Co. of the 1st Infantry, U. S. Army, is being reorganized at the post office in the St. Louis postoffice.

Norway's Government Resigns. Christiania—The Norwegian government has resigned. The resignation of Premier Berge and his cabinet is the result of the rejection by both houses of the storting of the government's proposal to abolish prohibition against spirituous liquors.

President to Start Electric Unit. Washington—The first unit of a \$20,000,000 hydroelectric power development in the Cascade mountains, 60 miles east of Portland, Ore., will be set in motion by President Coolidge on Aug. 6 by the pressure of an electric button installed in the White House.

Man Unconscious Since July 3. Columbus, O.—Injured July 3 when his automobile went over a 35-foot embankment, Harry Chasin, Marysville, has been unconscious in a hospital here ever since. The period of time he has been unconscious is the longest of any patient ever received at the hospital.

Germans Would Develop Shannon. Dublin—A Berlin firm has submitted to the Free State government detailed plans for the development of electrical power from the Rur Shannon. The plans provide for the annual production of four times as much electricity as the Free State now uses for all purposes.

Bridal Couple Have 37 Children. Berlin—A bridal couple with 37 children stepped to the altar at Reutte, Austria. The bridegroom, Daniel Falsgar, was 62, the blushing bride, Hedwig Poeschl, 63. He brought 21 children into the family while she contributed "only 16." The whole town helped to celebrate this record-breaking marriage.

California Fires Cost \$1,750,000. San Francisco—A total of 1,057 forest fires, burning over 237,000 acres and causing damage to timber and crops approximating \$1,750,000 occurred in California between Jan. 1 and July 29 this year according to figures compiled by the California Development Assn. Of the area burned 154,500 acres are in national forests.

Chinese Troops Chase Flies. Peking—Gen. Feng Yu-shiang, the Christian general, has started a crusade against flies in his camp at Nanquan. Each soldier is required to bring in a daily "bag" of flies for which he is promised a certain number of coppers. To facilitate the check the army has been divided into "swatting" units. Special rewards are offered for exceptional results.

Chicago Library 44 Cents a Person. Chicago—Chicago's Public Library, whose only source of income is from taxes, cost its citizens about 44 cents each last year to choose among 1,305, 140 volumes. It maintained its position as the second largest institution of its kind in the world and surpassed its only competitor, the New York Public Library, in number of books circulated by nearly 400,000.

Tumble Restores His Memory. Mount Shasta City, Calif.—A fall from a hammock has restored the memory of Miss Hazel Ruth, Chicago school teacher. Miss Ruth found her memory impaired following sickness recently and feared that she might be permanently incapacitated for teaching. Then she fell asleep in the tricky hammock while at summer school here. The hammock tipped her out, and now she's all right again.

Theater Panic Kills Twenty.

Vera Cruz, Mexico—Twenty children were trampled to death and 17 persons were injured in the Eslava Theater when the film of a motion picture caught fire and threw the spectators into panic. Those who were viewing the picture being thrown on the screen believed when the film exploded that the house had caught fire. A mad rush, especially from the galleries, which was filled with children, resulted.

U. S. To Build Mine Laying Sub. Washington—Secretary Curtis D. Wilbur has announced that the Navy Department plans to build the hull of the mine-laying submarine, authorized by the last session of Congress, at Portsmouth Navy Yard while the engines will be constructed at Brooklyn Navy Yard. The submarine will be the first of the mine-laying type to be constructed for the navy, and will be built under plans made after extensive study of the war experience of Germany and the Allied powers.

IT'S UP TO YOU.

You may be a big man in the business world. Your properties may represent many good, hard dollars. You may take an interest in politics to the extent of complaining about taxation, too much legislation, useless regulation of industry, etc., etc. You may send your boy to college and your daughter to a finishing school. You may be a "successful" American business man.

But do you take an interest in the government which protects your property? Or are you merely one of the kickers who complain about the "radicals"? Do you go to the polls and vote for men and measures you believe sound, or do you, instead, go out and play golf on election day and let the fellow about whom you complain do all the voting?

Don't kick unless you are willing to do your duty as a citizen at the polls.

The "bigger" you are, the more necessary it is for you to vote, teach your children to vote and your wife to vote.

Don't leave somebody else to do your voting for you and then kick at results. Your government will be just as good as you make it, and no better.

And remember that all voters must register who desire to vote this fall. Re-registration is required each four years in Michigan and this is the year. Register with your township or city clerk.

STAGE ALL SET FOR STATE FARMERS DAY.

Completion of the final plans for entertainment of the thousands of Michigan farmers and their families who will gather at M. A. C. on Friday, August 1st, for the annual Farmers Day at the college, was announced this week.

Exhibits are in place; blue ribbon animals in the college livestock herds have been given a final grooming; four routes of inspection have been mapped out in detail, and the final arrangements for the general afternoon meeting have been attended to in preparation for the big day.

With favorable weather conditions, a crowd of at least 5,000 is expected to attend the conference. That number have turned out for the past two years and it is considered possible that a new attendance record may be set on August 1st. Harvest conditions and the weather are said to be the two determining factors in attendance.

For the average visitor, the day's program will include inspection of the college experimental plots and buildings in the morning (following one of the marked tour routes), basket picnic lunch served under the campus trees at noon, special exhibits after lunch, and the general speaking program and livestock parade in the afternoon.

ALEXANDER CASSIE'S HOME BURNS NEAR REDFORD.

The frame residence of Alexander Cassie, on Woodbine avenue, just off Telegraph road at the rear of W. R. Williams store burned to the ground Sunday evening. All the household goods were also destroyed.

Mr. and Mrs. Cassie were visiting at the home of a neighbor about a block from their residence when flames from their burning home were noticed by Fred Menck who lives but a few doors from Cassie's.

Mr. and Mrs. Cassie and their four children lost all their clothing, except that which they were wearing at the time of the fire. They have been very kindly cared for by their neighbors, who besides furnishing clothing, also presented them with a purse of money which was collected by Mr. Ader, a member of the Salvation Army. Mr. and Mrs. Cassie ask the Record to express their deep appreciation for the many kindnesses shown them by their neighbors since their home was destroyed.

Mr. Cassie estimates his loss at approximately \$3,000. Insurance in the sum of \$1,000 was carried on the residence but there was no insurance on the contents. He intends to rebuild on his lot as soon as the loss is adjusted. Mr. Cassie is employed at the Northville branch of the Ford Motor Co.—Redford Record.

WINTER APPLE CROP 30% OF NORMAL.

Michigan's winter apple crop is almost a missing quantity according to H. D. Hootman, extension specialist in the M. A. C. horticultural department, who has spent the last month traveling over the state investigating the fruit condition. This condition, Mr. Hootman believes due to the reaction following the unusual crop of last year.

Thirty per cent of the normal crop is the probability of the yield, he declared, with virtually no Baldwins and almost no Northern Spys, the varieties largely planted by the Michigan growers for late winter varieties.
