### FORMER NORTHVILLE WOMAN DIES IN DETROIT.

The following item regarding the death of Mrs. Lucy Gardner, which appeared in the Detroit News of Wednesday, will be read with deep regret by many of the older citizens of this community, where the deceased resided before moving to the city:

Mrs. Lucy Gardner, 78 years old, native of Wayne county, and mother of Dr. Mark A. Gardner, died unexpectedly at her home, 182 Connecticut avenue, Tuesday night after a week's illness, of pneumonia. Mrs. Gardner was born in Northville, May 15, 1846, a daughter of William Taft, one of the town's pioneers. She was married to the late Albin C. Gardner and had lived in Detroit more than 40 years. In addition to Dr. Gardner, her family includes a daughter, Mrs. Camilla Peace, widow of Russell Pearce.

Dr. Gardner, who is past president of the Masonic Temple association, past potentate of Moslem Temple and past commander of Damasceus Commandery, was on an automobile trip when a telephone message reached him in Philadelphia telling him of his mother's death. He immediately started for home. Funeral services will be held at the residence Friday at 1:30 p. m. Interment will be in Northville.

### ARRESTED CHARGED WITH ABANDONMENT.

August Yatzek was arrested the first of the week by Marshal Ernie Lake charged with abandonment of his wife and five children, and it would seem from all the circumstances that it is a fellow over dejected severe punishment he should receive. Mrs. Yatzek was compelled to go to the hospital at Ann Arbor where she remained for weeks and during her absence this fellow neglected the children, who were looked after by kindly disposed citizens and The King's Daughters.

Yatzek was arraigned before Justice Baker it was arranged that he should be put under bonds to care for his family. Under the pretense of going to the city to secure his brother and sister as surges he was allowed his freedom but neglected to return.

He will be brought back here and if he does not provide for his family as a man ought to do he will be placed in the county jail.

### DISCOURAGING FOR MICHIGAN BOOTLEGGERS.

The river patrol on the Detroit river, maintained by the Michigan State State Police under the command of Lieut. Laurence A. Lyon, seized 26,880 pints and 20 quarter pints of beer during the month of June, in addition to 768 quarts of whiskey, 216 quarts of gin, 132 quarts of wine, eight boats and one automobile. There were five arrests for violation of the prohibition law and four for the violation of the immigration laws. Three persons were rescued from drowning during storms and one body was recovered after drowning. Most of the river patrol are living on the yacht Alladin purchased by the state for river patrol duty. Beside the booze captured, a great deal was thrown overboard by smugglers pursued by police vessels. In some cases the crews of pursued vessels got rid of the entire cargo before being overhauled—State Trooper.

### THE OLD COW BELL STILL LINGS.

While the editor and family were on a little week-end outing Thursday to Monday, he spent some of the time at Northville, where he visited his daughter, Ethel, Mrs. A. J. Helfrich. While there he met a Mr. Goodell, who was a member of the old 22nd Mich. Vol. Inf. in the Civil War. Many from Capac and vicinity were members of that regiment. He remembers J. A. Jonas distinctly, as they were fellow prisoners. He was full of the story of what great service the 22nd performed during the war, until it was nearly wiped out at Chancellorsville. After that he stated the regiment was a headquarters guard. Mr. Goodell has the old brass cow bell which the regiment carried all through the war as a mascot. It was taken from the neck of a cow one night in August, 1862, as the regiment started to leave Michigan on its march to the front—Capac Journal.

The case of the People vs. Albert Wilson of this village, which Judge Arthur Webster has had under advisement since April, has been set for trial on the 22nd inst. Wilson's place on the northside was raided and a quantity of liquor was taken by the officers.

### HOME CONVENIENCES OBJECT OF CAMPAIGN.

Wayne county is to be visited on August 21st and 22nd, by the Home conveniences demonstration truck from Michigan Agricultural college. The object of the tour is to furnish information on water systems, septic tanks and other conveniences for the farm home, and to leave in the county a permanent demonstration by actually constructing a septic tank and providing a set of "take down" forms for the construction of future tanks in the community.

The demonstration tour, which is conducted by extension men of the M. A. C. Agricultural Engineering department, is scheduled to begin August 21st, in Shiawassee county, and will terminate in Clinton county the last week of October. Two days are to be spent in practically every county in the southern four tiers of Michigan counties and two meetings a day are planned.

The meetings in Wayne county will be held as follows: Thursday August 21st, at 11:30 a. m., at W. E. Van Vleet's, Inkster; Thursday, August 21st, at 3:00 p. m. at C. W. Root's, Plymouth; Friday, August 22nd, at 11:00 a. m. at Jake Miller's, Sumpter.

A truck filled up with a full-sized bath-foam equipment, showing a simple water system, the gravity system of water supply, a small pressure tank system, a small lighting plant, and other conveniences, will travel with the campaigners. This equipment will all be demonstrated and operated as in a permanent installation.

County Agricultural Agent Ralph Carr is in charge of local arrangements for the meetings.

### WIFE OF HUSBAND AND WIFE IDENTICAL.

That Mr. and Mrs. Homer Chapman were of one mind with regard to the disposition of their property at death was revealed by their wills when read in probate court. The couple resided at Walled Lake.

Homer Chapman's will provided that in case he survived his wife the estate should be divided equally between his nieces and nephews and hers. Mrs. Sarah Porter Chapman, the wife, drew up a similar will. The wife survived her husband but a short time, dying July 24, her estate consisting of \$5,000 real estate and \$15,000 personal property.

Frequently the survival of husband or wife makes a great difference in the disposition of an estate, but in the case of the Chapman, the two wills were identical. The husband's will left all property to the wife in case he died first, and hers left all to him in case she was first to die—Pontiac Press.

### STATE DAIRYMEN MEET ON AUGUST 22.

Dairymen of Michigan will gather at the Michigan Agricultural college on Friday, August 22, for a big state dairy day which promises to be one of the most important agricultural meetings of the year.

It will be the regular summer meeting of the Michigan Milk Producers' association, while the Allied Dairy association will join in the conference on the 22nd, thus making the gathering representative of all dairy interests in the state.

A. J. Glover, editor of Hoard's Dairymen, and W. H. Miller, president of the National Milk Producers' association, will be speakers from outside the state on the program at the general afternoon meeting. Prof. O. E. Reed, head of the dairy husbandry department at M. A. C., will represent the college and the Michigan interests.

### BALL BOYS GO TO WAYNE SUNDAY

The Northville Foresters' ball team will play ball at the new park at Wayne on Sunday next. The old park in the neighboring city is being used for a school site. The new grounds are very much up-to-date and the Wayne team and ball fans are making good use of the park this summer. The Northville boys will be accompanied to Wayne by a big representation of ball enthusiasts from here.

## SERVICE

The farmer paused, open-mouthed, in front of the fire station.

"We have many fires in this town?" he asked.

"Pretty often," replied a fireman.

"Ever to see how quick you can turn out?" said the inquirer.

Just then the fire alarm was sounded, and in a moment the men rushed to their posts, the doors flew open and the horses were galloping down the street.

"Gosh!" said the farmer. "There ain't many fellers who would go to such a lot of trouble to show a feller what they can do."

In some stores, customers would be equally surprised if a salesman went to considerable trouble in an endeavor to please them, but—

### NEXT WEEK AT THE GARRICK.

One of the greatest love stories ever written, "Paolo and Francesca," will be the offering of the Bonstelle company at the Garrick next week, beginning Monday night.

This play has been selected as the farewell bill for Miss Ann Harding, who came on to Detroit for a limited engagement. Miss Harding played Francesca in this play at the Hedgerow theatre, Rose Valley, Pa., and is to appear in it in New York in the autumn for a series of matinees with Mrs. n Farley.

Several versions have been written of this famous story, but Miss Bonstelle will use the one by Stephen Phillips who wrote "Herod" and "Ulysses," which were produced by William Faversham.

In presenting this play Miss Bonstelle is following out her policy of offering one classic each season.

### Novi News.

Rev. and Mrs. Thompson and children visited Milford friends last Thursday.

F. C. Rice and family, and J. L. Munro left Wednesday morning to spend a few days among friends and attend the Arch family reunion at Clear Lake, Indiana.

Miss Joy Thompson accompanied them part of the way, stopping to visit friends at Medina, Mich.

Novi has a board of trade organization, but not working at it much. One of the officers said, "why do the officers of said organization allow weeds to grow beside the sidewalks to such an extent that one can scarcely get through. Do we not have a law that requires property owners to keep all weeds cut down on the wayside?" Why not see that such things are looked after. Some of the street lights have been out of commission for some time.

At last one of the interested women of our little "burg," took upon herself to look after one of them and had it replaced. That fact alone ought to stir the men into activity.

The B. Y. P. U. will be led next Sunday night by Miss Rowena Root. These young people are working into the church service nicely and should

be encouraged by the older ones and helped in every possible way.

There will be an entertainment on the Baptist parsonage lawn (weather permitting) in the near future. Rev. Ackley of Rives Junction will show Bible pictures on the screen and will use that method to illustrate the christian and non-christian homes. Come and enjoy the evening. Watch for date next week.

A very pleasant family reunion was held Sunday when the following persons met with other relatives in Detroit and all spent a quiet day at Belle Isle.

Mr. and Mrs. James Taylor, Mr. and Mrs. Paul Taylor and son, Mrs. Let Woodruff, Mr. and Mrs. Glen Spady and son, Mrs. Lizzie Coates, Mrs. Archie Keat and children, Mr. and Mrs. Perry Taylor and son from Adrian, Mr. and Mrs. Ross Kenner and children.

STONE SCHOOL REUNION WELL ATTENDED.

The fourth annual reunion of pupils and teachers of the Stone school, held on Friday, August 8th, at the home of Mr. and Mrs. Richard Skelton, near South Lyon, was attended by 170 people.

A delicious picnic dinner was served at one o'clock, after which a short business meeting was held. David Wilson was re-elected president and Miss Jessie Blackwood secretary.

A few left early because of a threatening storm, but most of the crowd remained. Guests were present from Wixom, Pontiac, Birmingham, Detroit, New York state and many from the vicinity of South Lyon.

An invitation to meet next year with Mr. and Mrs. August Musolf was accepted.

HOUSE OF CORRECTION STILL WINNING.

## Ask Your Dealer to Show You the New Improved Remington Pump Gun

THE Remington Model 10 Pump Gun your dealer is showing now contains so many improvements over the original model produced in 1908 that the Remington Pump Gun of 1924 might almost be called an entirely new model.

Everybody remembers when Remington brought out the Remington Pump Gun—Model 10—the first solid breech, hammerless, repeating shotgun. This gun was an outstanding achievement.

But there has been a lot of new mechanical and gun-making knowledge accumulated since then. Remington has been improving this Model 10 right along.

And now with refinements and betterments you have a gun that is almost as far in advance of the old Remington Pump Gun as that gun

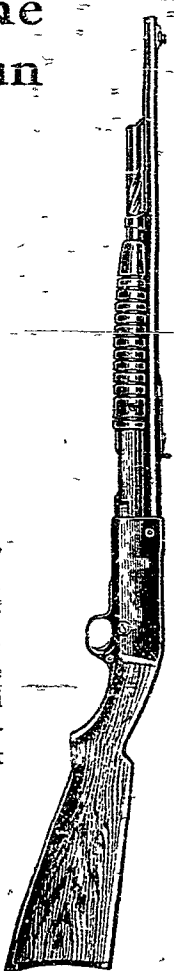

was ahead of anything that was ever produced before.

### See the New Improved Model 10.

In its balance and lines—its fine pointing quality—the quickness of hammer action that its design gives. Try it in the field. You will quickly see how far Remington has gone with the development of the Pump Gun.

## Walled Lake Warbles.

Mrs. C. C. Chapman has sold her farm, formerly owned by Charles Wedow.

Mr. and Mrs. Beecher-Mackey and daughter visited at the Wedow home last Friday.

There is a great demand for cottages about the lake this season. The Weed-O cottage is asked for on an average of three times a day.

Plans are being perfected for the erection of a 30 room rooming house here, and it is also expected that a bath house will be erected. This indicates that Walled Lake is bound to grow.

Raymond Champée has purchased the hotel property in this place, and is remodeling the building, making it modern, and the improvement will also provide for a block of stores.

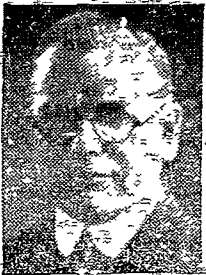

Jack Wedow and family of Cleveland, Ohio, are visiting at the Wedow home in this section, he being a cousin to Charles, John, William and Albert Wedow. They will remain a couple of weeks.

## BROWN STRIKES AT CAMPAIGN PLEDGES.

Says Test Is "Will Obey Oath."

Murder and robbery have become so common it is not safe to be on the streets or even in one's home. Heroic measures are necessary. The same old complaint about not doing things and the age-old game of "passing the buck" will not accomplish anything. A strenuous militant policy is required.

This is the attitude Frederick B. Brown, a republican candidate for prosecuting attorney in Wayne county,

has taken in the public addresses he is making about the county and he is also severely criticizing the une-worn "campaign promises."

As to the enforcement of the law, one's promise to do so is perhaps not particularly important. If one does not consider that his oath of office puts him under obligations to do what he can to enforce the law, it is quite plain that he would not regard a promise very seriously.

"So far as liquor, gambling and vice laws generally are concerned, the enforcement depends more upon letting these elements of society understand that the officials mean business, than it is to arrest a multitude of people and clog the court dockets with cases never before."

A "slap on the wrist" once or twice a year is not enough to keep down the lawless elements, but a firm steady and unyielding policy that will let the gamblers, blind pig operators, murderers and bandits understand that the law must be respected and that violations mean punishment as what Wayne county needs now as never before."

After a hard day at play your boy or girl needs plenty of good nourishing food.

Of all strength and health-giving foods milk ranks first.

Essentials to be fulfilled in cow's milk are: freshness; it should not be skimmed or in any way falsified; it should be pasteurized to free the milk from all bacteria.

## TEST DAY AND WHY. DEFENSE DAY AND WHY.

A great deal of space is being devoted in the daily newspapers of the country to a discussion of Defense Test Day, but the average citizen seems to know but little about the matter. The Record is indebted to Harry C. Hale, Major General United States Army, for the following explanation of the plan. Some argue that to observe Defense Day will lead us to militarism in this country while others argue we ought to give a demonstration of our preparedness at least once a year. Because a man insures his house and provides himself with fire extinguishers is no sign he desires a fire, but indicates his caution and care to protect his property. To demonstrate how quickly America's fighting forces can be gathered at central points in peace times is not an indication that we are seeking war with our neighbors. The official bulletin issued by the War Department asks:

## WHY IT IS

In 1920 congress passed a law for our National Safety. This law provides a reserve composed of civilian volunteers. In peace, this reserve is only a framework composed mostly of officers.

If we were attacked, this framework reserve is filled up by enlisted men procured by selective service boards of civilians. To do this, plans called mobilization plans, are necessary. The War Department is responsible that these plans will work, and to find out, it primarily institutes a mobilization test.

## WHAT IS IT

It is a test of the progress made in our National Policy of Preparedness. And therefore, a test of our preparedness to avert war. And therefore, a test of our preparedness to insure peace. And therefore, a great National Peace Demonstration.

## HOW IT WILL BE DONE.

A state committee of the heads of national patriotic organizations is formed, and this state committee forms local committees throughout the state and these local committees plan, organize, follow up and carry through the demonstration for their own locality, which may be a county, a city, a part of a city, a village or any other place whatever where the people may meet for the purpose of learning.

What preparedness means, why it is necessary, by what authority it exists, why it is the exact opposite of a war measure.

Why it will insure peace.

## WHAT WILL HAPPEN.

The organized reserve is cited below because its organization and training are less complete than in the regular army and national guard.

John Smith, a captain in the organized reserve corps, a patriotic citizen, living in Jonesville is listed at the war department as commanding Company A, blank regiment of Infantry.

This regiment in peace is a paper regiment only. It becomes real only if war should be forced upon us. If such misfortune should befall us, then Company A, blank regiment, would by selective service, become a company of 200 men, and Captain Smith, a trained civilian, would receive, house, clothes and feed this company from the first man sent by the local selective board to the last man. Captain Smith has formed plans how to do this. He has formed plans how to do this.

The mobilization test to be held on Defense Test Day, September 12th, 1924, next is a test of Captain Smith's training in this respect. He will go through the motions that he has been taught, if war should fall upon us, but, having no men in his peace company, he will ask patriotic citizens between 18 and 45 years of age, living in his locality, to volunteer to answer their names as members of his Company for an hour or two on September 12, next.

And then, Captain Smith will ask these volunteers, and all other patriotic citizens who will assemble, to listen to a carefully prepared paper, furnished by the War Department, explaining definitely, and in detail, what it is all about. And there may be patriotic speeches by others. And there may be parades, and there may be games, and meets, and contests, to demonstrate the value of the War Department system of physical training. And there should be a universal display in home and shop, of our Country's flag, and there should be prayers for our public safety and the preservation of peace throughout our Great Republic.

Does this sound like war?

It does not. It is what Defense Test Day means though.

## FARMINGTON TO CELEBRATE LABOR DAY.

Farmington will observe Labor Day this year with a celebration staged by the officers and members of the American Legion Post. There will be ball games, free vaudeville acts, band concerts, quail pitching contest, fireworks and the day and night will be filled to overflowing.

## IT'S THE SAME HERE.

Out of 461,513 passenger automobiles registered in California, on July 1, there were 331,427 Ford cars. Second on the list is Chevrolet, with 105,572 to its credit. Altogether, 32 different makes of cars are listed, but Ford and Chevrolet make up practically half of all the passenger cars in operation. Including trucks, there were 1,014,778 registered vehicles in the coast state at the beginning of July.

## A NATURAL QUERY.

This income tax amendment will raise about \$12,000,000 and place it in the general fund of the state and will replace \$12,000,000 of taxes levied on real estate—Michigan Farm Bureau News.

The Republican News is not asking this question in opposition to the tax, but simply and honestly for information. What guarantee accompanies this proposed levy that the legislature will not make increased appropriations in anticipation of this additional revenue? St. Ignace Republican News.

## THIS IS SEALED ORDERS WEEK.

Like the naval squadrons dispatched in time of war under sealed orders to be opened hundreds of miles out at sea, the whole army of Oakland dealers scattered over the length and breadth of the land will manoeuvre under sealed orders from the factory at Pontiac, Michigan, during the week of August 11th.

"What the instructions will be, we do not know," says C. W. Hills, local Oakland dealer. "Six numbered orders will be mailed to us just previous to this week, with instructions to open one each day, in numerical order, and to follow the instructions for that particular day."

The seal of each order will be broken each day in our showroom and displayed in the window. When the seal is broken we will proceed to carry out the instructions contained therein.

Thus throughout the land, from the remotest hamlet to the largest city, Oakland dealers will demonstrate the car on the same day in the same way.

The outcome of this sealed order week is being watched with much interest because it is probably the first time that a tremendous nationwide organization of dealers has been ordered to move as a unit day by day without knowing from one day to the next what the commands will be for the following day.

## ST. PAUL'S LUTHERAN CHURCH.

Next Sunday service at 10:30 a. m. in German. Theme of sermon, "The Unjust Steward." Sunday afternoon the Lutheran Ladies' Aid of congregation at Clarencville will celebrate its silver jubilee with a jubilee service and social gathering. The members and friends of St. Paul's Lutheran church are cordially invited.

Last Sunday Walter Eissfeldt theological student, filled the pulpit. Last week Pastor Eissfeldt attended the annual convention of the Lutheran Associated Churches at Indianapolis, Ind., as delegate to the Detroit Institution Mission. The meeting was highly interesting and educating. Next year the association will meet at Detroit.

METHODIST CHURCH NOTES.

We skipped our notes last week by mistake. Here we are again. Kindly take notice—our service is only continued in the mornings during August at 10:30. The pastor will preach on "Christ in His Boyhood" next Sunday morning to which all are invited in the community to attend the service.

At the opening of the Sunday school the Cradle roll department will demonstrate the introduction of three new babies God bless them and their parents who have come out of the valley to give them life. I often think of Dr. Marley Punshon's poem when a new baby comes into the world, sanctified with the thought of God.

"Life in the struggle with death. This Eve's transgression gives. Death in the struggle for life, Jesus died, and I live."

Let everybody stay at Sabbath school and welcome these babies.

TO HOLD PICNIC LABOR DAY.

Members of Our Lady of Victory parish of this place are busy making plans for a picnic and chicken pie dinner to be given on Labor Day—Monday, September 1st, at the home of Mr. and Mrs. Wiese, on the Fishery road, near the Ransom home. Besides the dinner a program of games will be provided and the public is invited to participate in the festivities of the day.

## YOUR BODY IS A REAL TEMPLE

This temple has many departments and they are capable of the finest results now and in the great future beyond.

All the temple processes are conducted automatically and have little care except to see that the proper regulations are observed.

The will that governs this wonderful structure resides in one of the best rooms of the temple. That will governs and directs the various activities of the temple and it can be subject to a higher will.

In the rooms of the mind are stored those facts which help in continued existence. The world is a vast laboratory to all its forces. Within these rooms are magnificent possibilities.

The spirit that inhabits this temple and animates all its processes lives in every room of the house. The spirit shows itself in our relations with other human temples.

The Temple may resound with good cheer, poetry, music—art or mechanical ability or it may express hate, exactly—wantonness and the long list of things which are wrong.

The  
"EASY"  
Requires  
Less  
Power

One would naturally think that the EASY, being an extra large size electric washer, would require an extra large size motor.

But, as a matter of fact, a 1-6 horsepower motor is sufficient to operate the EASY, whereas other machines of smaller capacity require a 1-4 horsepower motor, and are therefore more expensive to operate.

The reason for this lies in the fact that the mechanism of the EASY is of unusually simple design—an important feature from the standpoint of durability and cost of operation.

If you incline toward economy by all means see the EASY before you buy.

### GAMBLERS GET ALL THE BREAKS.

An assistant prosecuting attorney, going to lunch and forgetting 10 of his cases pending in police court, police officers invalidating warrants by signing complaints made by brother officers; officers absenting themselves and necessitating telephone inquiries at the office of Frank H. Croul, police commissioner, as to the causes of their absence—all this played havoc with the examinations of 30 alleged gamblers, arrested last week at the Riverview Park, when 29 of them appeared before Judge Chas. L. Bartlett in Recorder's court Monday.

As the result of the concession of 10 of the examinations were adjourned for one week; 7 cases were dismissed on motion of Edwin S. Bartlett, assistant prosecuting attorney, because of faulty warrants, 12 offenders were held for trial and in one case where the defendant failed to appear, his bond of \$500 was forfeited by the court and his re-arrest on a capias ordered.

After the cases of 20 of the alleged gamblers were disposed of, Judge Bartlett took up arraignments on warrants, telling his namesake on the prosecutor's staff the balance of the examinations would follow the arraignments. For more than one hour the court waited for the re-appearance of the assistant prosecutor, then ordered his clerk, John Schaefer, to let the what caused his delay.

They (meaning the prosecutor's office) told me Mr. Bartlett left for his lunch and has not returned," Mr. Schaefer reported to the judge, who then adjourned the 10 examinations for one week.

Thus the following persons charged with maintaining a gaming place left the courtroom smiling.

Charles, Erig, Alfred, Kahrich, Ralph Lager, Sam Wehman, Harry Swartz, Edwin Atchinson, George Harris, Dave Smith, Moe Mos and Elmer Parsons.

The above article appeared in the Detroit News of August 5th and contains the growing belief about the county that there has been a lot of inefficiency in the prosecuting attorney's office in Wayne county for a long time past. Just who is to blame for this condition of affairs no one seems to know but the whole fabric of the office seems to be in poor condition.

There are those who claim this condition is due to the fact that it has been the policy for some years past to elect a deputy prosecutor, the responsible position of prosecuting attorney and that because of that practice there has grown up in the office a sort of mutual admiration society of good fellows, none of whom seem to dare to step out from the rest and declare a thorough house-cleaning is desired.

This fall the people of the county will have an opportunity to put in the office a new man; one who has no entangling alliances, no friends to reward or enemies to punish, and if that is done and a new administration installed in the office on January 1st, we have expect to see some changes made in the prosecutor's staff that will prove beneficial to all the people.

The gamblers and rum runners are not entitled to "all the breaks." The people are entitled to their share.

### "MARY JANE" McKANE IS A SCREAM.

"Mary Jane" McKane, Arthur Hammerstein's musical comedy triumph, comes to the Shubert-Detroit Theatre house Sunday night, August 17, for a week's engagement, with lanky, smiling Hal Skelly in the role of a wise-cracking young man. The piece has all the ingredients of a popular success, including bubbling humor, originality, a cast of clever principals and a superb chorus of singing and dancing girls, and Earl Skelly is known to have enough energy to speed along a half dozen musical comedies.

"Mary Jane" McKane is built on the "Sally" model, with variations. It's the story of a poor little girl (Dorothy Appleby) from the country, seeking a job in a big city and falling in love with the misundertood (John Price Jones) son of a wealthy man.

The numerous high spot of the performance is in the last scene of the second act. In a number entitled "The Flannel Petticoat Girl" old taintypes are brought to life; the girls and flowers and what-nots; the boys with shirt coats, trick derbies and yellow shoes. It's a scream! You'll want to rush right home and get out the old album with pictures of mother, grandpa and Uncle Ned in 1895.

Kitty Kelly, an auburn haired Irish girl, is the comedienne of the piece and Dallas Welford plays a sputtering business executive. Other members of the cast are John Price Jones, the lover, Janet Megrew, Jane McCurdy, Helen Whitney, Amy Atkinson and Fred Hall.

## Will Make Michigan Highways Safe

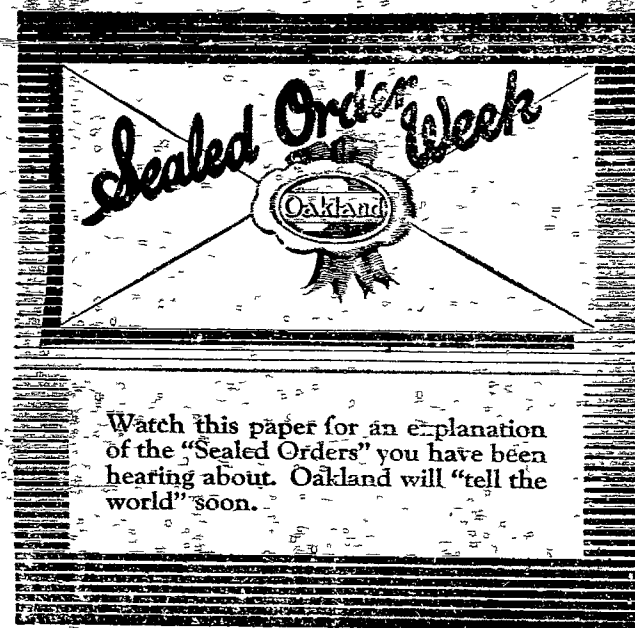

Commissioner Harry H. Jackson of the Michigan Department of Public Safety has recently increased the number of State Police posts and has sent out upon the roads the new Highway Patrol squads, mounted on fast solo motorcycles. The members of these patrol squads are mostly men who have been trained during the winter at the State Police school in East Lansing. They have been thoroughly schooled in the law and also in first aid in case of automobile and other accidents. Above all, they have been drilled in courtesy.

While the first duty of the patrols will be to discourage speeders and thus make the roads safe, they will also attend to general police duty. It is planned to cover the fruit belt of the state and to give the utmost protection to farmers against orchard robbers.

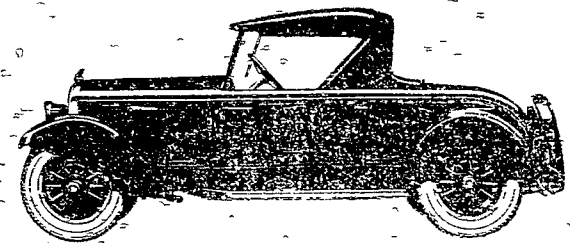

While the State Police will operate from certain posts, they will not patrol the same stretches of highway each day but will be shifted from place to place so as to instill a more general respect in the motor vehicle laws and other laws.

Commissioner Jackson will give attention to all requests for patrol service which may be sent him at the Department of Public Safety, Lansing.

Watch this paper for an explanation of the "Sealed Orders" you have been hearing about. Oakland will "tell the world" soon.

## Bible Thoughts for the Week

Sunday.

GOOD THINGS.—The Spirit of the Lord God is upon me; because the Lord hath anointed me to preach good tidings unto the meek: he hath sent me to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound.—Isaiah 61:1.

Monday.

NO MORE WAR.—Nation shall not lift up sword against nation; neither shall they learn war any more.—Isaiah 2:4.

Tuesday.

RIGHTEOUSNESS PAYS.—Better is a little with righteousness than great revenues without right.—Proverbs 16:8.

Wednesday.

CURSING OR BLESSING?—Cursed be the man that trusteth in man, and maketh flesh his arm, and whose heart departeth from the Lord.

Thursday.

THY KEEPER.—The Lord is thy keeper: the Lord is thy shade upon thy right hand.—Psalm 121:5.

Friday.

LOVE NOT THE WORLD.—Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him.—1 John 2:15.

Saturday.

ALL NEEDS SUPPLIED.—The Lord is my shepherd; I shall not want. Surely goodness and mercy shall follow me all the days of my life; and I will dwell in the house of the Lord forever.—Ps. 23:1, 6.
