### REUNION GREATLY ENJOYED.

More than one hundred of the former teachers and pupils and their families attended the reunion of East Noyl school held in West's woods last Saturday.

Mrs. Alice Flint of Ypsilanti was the oldest pupil present, having attended there 70 years ago.  
Mrs. A. R. Angell of Novi was the oldest teacher, having taught in 1874-1875.

At a business meeting, which followed a bountiful dinner, Miss Lulu Becker of Pontiac was elected president and Mrs. Jeanne M. Leatham of Farmington, secretary and treasurer.

A ball game between the boys of long ago and those of today furnished the amusement. The former proved the winners.

Guests were present from Augusta, Ga., Brooklyn, N. Y., Albion, Lansing, Clare, Royal Oak, Pontiac, Detroit, Farmington and the following from here: Mr. and Mrs. Geo. Hicks, Mr. and Mrs. Fred Hicks and son.

### ANN ARBOR FAIR NEXT WEEK.

For weeks, the fair officers and superintendents have been planning and striving to have the 1924 fair far surpass any previously held. Plans and arrangements are complete and from the opening of the gates Tuesday morning until the close of the fair Saturday night, every fair visitor is assured a real outing and excellent entertainment which will include band concerts, horse and auto races, thrilling free acts, bicycle races, and exhibits in all classes which will reflect credit on the exhibitors and the county.

### GRAND RIVER 204 FEET WIDE WEST OF REDFORD.

According to Edward N. Hines of the county road commission, as quoted in the Detroit daily papers, Grand River is being improved to a width of 70 feet between curbs on a 106 foot right of way. This wide right of way is being carried through the village of Redford to Berg road. From there to the Oakland county line Grand River road will be widened to 204 feet in accordance with the plans of the rapid transit commission.—Redford Record.

Mr. and Mrs. F. M. Wendt visited friends in Sandusky a couple of days last week.

### NEWSBOYS GIVEN BOUNTIFUL DINNER.

On Wednesday evening Messrs. W. H. and Waldo Elliott entertained the boys who handle the daily papers for them and a few invited guests at a bountiful dinner at the Park Hotel in this village, and the feast was all that could have been desired. The dinner was served only as the management of this well known hotel can serve a chicken dinner and the guests regaled themselves in a very satisfying manner. Messrs. Hutton, Walker and Marsh of the Detroit Free Press and Montgomery of the News were present to meet the local "newsies" and to enjoy the dinner.

In the company were some fourteen boys and they were a fine looking and gentlemanly appearing lot of fellows and thoroughly enjoyed the gathering, and expressed themselves as being very grateful to Messrs. Elliott for the generous manner in which they had been entertained.

### WITLICH—NEWBY.

Saturday evening, August 9th, at 8:45 o'clock, a quiet but pretty wedding took place at the Congressional parsonage in Salem when Rev. Mrs. Lucia Stron joined in holy wedlock her brother, Frederick B. Witlich of Chicago, and Miss Delilah Newby of Madison, Wisconsin. With the exception of the best man, Mr. Abernathy of Alma, only the family of the groom witnessed the impressive ring ceremony.

The bride was very charming in a blue silk dress trimmed in white and a corsage bouquet of pink roses and sweet peas.

The living room was decorated with green foliage, and the dining room in white and pink crepe paper.

After the wedding supper the happy couple left for the home of Mr. and Mrs. L. J. Vici in Redford, but before their departure, kind friends surprised them with a shower of rice and good wishes.—South Lyon Herald.

### WON FIRST PRIZE.

Some weeks ago the furniture dealers throughout the country observed Congoleum week when they made window displays. Of course Schrader Brothers of this village were among those who made a display and many of our readers will remember it was very attractive. Photographs were taken of the displays and they were sent to headquarters where a committee of experts made the awards according to the various classes represented.

A few days ago Schrader Brothers were informed they had been awarded first prize and they were presented a handsome camera, their display having been pronounced the most attractive one made in towns the size of Northville.

### HOUSE OF CORRECTION DEFEATS HOLLY.

The House of Correction defeated the fast Holly team at Holly last Sunday. This was the first game the officers played away from the home grounds and were supported by a large number of fans from the near-by villages. Holly played good ball but could not hold the officers. The officers getting fifteen hits off of Cooper and Crossman and the officers only allowing nine hits. Holly time after time tried to drive the ball through the infield but to no success. Jaska playing short-stop made several circus catches which helped to hold Holly to a small score.

The House of Correction will play the Seven Mile road merchants next Sunday, August 24th, at the farm grounds.

### OPENED NEW GARAGE.

Al Zimmer has opened a new garage and service station in the building formerly occupied by the Stimpson Scale company's machine room, on Main street, where he will continue the sale of the Hudson and Essex automobiles. The room has been refitted and put in good condition and will provide commodious quarters for such a business. He will do general repairing and garage work and will handle gasoline and Mobile oils. Garry Deal is employed as repair man.

## SERVICE

The farmer paused, open-mouthed in front of the fire station.  
"D'ye have many fires in this town?" he asked.  
"Pretty often," replied a fireman.  
"Ever to see how quick you can turn out?" said the inquirer.  
Just then the fire alarm was sounded and in a moment the men rushed to their posts, the doors flew open and the horses were galloping down the street.  
"Gosh!" said the farmer. "There ain't many fellows who would go to such a lot of trouble to show a fellow what they can do!"  
In some stores customers would be equally surprised if a salesman went to considerable trouble in an endeavor to please them.

**Walled Lake Warbles.**

Jack Frost was around Walled Lake during Saturday night and Sunday morning.

It is rumored, officially, that W. H. Hutton has been recommended for postmaster at Walled Lake.

Phil-Crest subdivision now has a horseshoe pitching court and much interest was shown there this week-end.

The Tuttle and Franciscos are urging the Wedows to migrate south with them this fall, which looks quite evident they will do.

People around Walled Lake say "I wonder when the Northville Fair is." Reply—"I don't know." Better begin mousing it around, if you want us over there.

On Wednesday, August 13th, the pleasant home of Mr. and Mrs. Burr Tuttle, which overlooks Walled Lake was the scene of a very interesting horseshoe pitching contest between Charles C. Wedow of Walled Lake and his cousin, Jack E. Wedow, of Cleveland, Ohio, and the three times world's champion, Mrs. Wayne E. Francisco of St. Petersburg, Florida. The score was heavily in favor of Mrs. Francisco however, and she demonstrated to the Wedows the science of throwing double ringers.

Many spectators were there and watched the games with interest. Burr Tuttle, who spends his summers here at his pleasant home and his winters in St. Petersburg, was also on deck to watch the game.

Mr. and Mrs. Francisco are year-round residents of St. Petersburg, and

old acquaintances of Mr. and Mrs. Tuttle and are here for an extended visit.

The Wedows and the Franciscos met and became acquainted at the Tuttle home and immediately challenged each other for a "pitch." Three games were pitched with each of the Wedows.

Mr. and Mrs. Tuttle and Mr. and Mrs. Francisco are members of the Sunshine Pleasure club of St. Petersburg. It was quite evident that in order to become an efficient pitcher and to get instructions one must become a member of the club.

Mr. and Mrs. Francisco are making a twenty thousand mile tour through the states and will make their way home by the way of Upper Michigan through the Straits, then to Milwaukee, Minneapolis, Chicago, Cleveland, Buffalo and then on south to St. Petersburg.

Now you Northville champions, come over to Walled Lake and let Mrs. Francisco demonstrate the art of pitching double ringers. If there are any champions anywhere about Northville come on, come on.

**MANY CANDIDATES IN OAKLAND COUNTY.**

**Tiger's Large Appetites**

Tigers in captivity consume from 14 to 16 pounds of beef a day.

**Spoiled the Dinner**

An unexpected visit of some relatives threw a North side home into a flurry in an attempt to produce a very tempting dinner for the hungry guests. As the call for dinner came the smallest member of the family ran to the dining room and seeing the chicken which was the crowning glory of the feast broke out with: "Oh, mother, is that the chicken that had the broken leg?"—Columbus Dispatch.

**ALLIED-GERMAN PARLEY SUCCEEDS**

DAWES PLAN ON REPARATIONS ADOPTED AT LONDON CONFERENCE.

**IN EFFECT ABOUT SEPTEMBER 1**

Troops to Be Withdrawn From Ruhr Within Year—Germany Agrees On Yearly Cash Payments.

London.—The reparations protocol has been signed by the Allied and German representatives, making possible fulfillment of the programme drawn up in the Dawes report.

Under the agreement reached, ratification of the pact is to be effected by the interested powers within 15 days, if possible, after signing.

At that time too, all the numerous provisions of the Dawes plan go into operation under the terms agreed upon at the conference, how closed.

Under the terms of the protocols, which constitute what will be known as the "pact of London," France and Belgium agree to evacuate the Ruhr completely within one year from date.

Germany in turn promises to begin payment of the reparations immediately after the pact is ratified by the several parliaments. The first year's sum to be 1,000,000,000 gold marks.

As a special concession understood to have been agreed on through an interchange of letters during a tripartite conference today of the Belgian, French and German representatives, Belgium is expected to order withdrawal of her forces of occupation in German territory outside the Ruhr immediately after ratification of the pact. This would mean that evacuation of now occupied territory would actually begin around Sept. 1.

After the first year the terms of reparations payments, agreed to by the Germans, are as follows:

Second year, 1,200,000,000 gold marks, third year, 1,200,000,000 gold marks, fourth year, 1,750,000,000 gold marks, and fifth year, 2,500,000,000 gold marks.

By the end of the fiscal year 1928, the fifth year of the pact, the financial and economic situation of Germany will have returned to normal and an "index of prosperity" based on Germany's real income will determine what additional reparations suits the Germans can pay. This index will be amended by degrees and will become fully operative in 1934-35. There is no indication when Germany will cease paying.

None of the American representatives signed the document, which bears the title, "An agreement between the Reparations Commission and the German Government."

**SLOCUM, GLEANER HEAD, IS DEAD**

Founder of Farm Organization Passes Away After Long Illness.

Mt. Clemens.—Grant Slocum, publisher and farm organizer, founder of the Gleaner organization and president of the Ancient Order of Gleaners, a fraternal insurance society with its main office in Detroit, died of apoplexy after a long illness at his home on Lake Shore Drive, near Mt. Clemens. He was 59 years old.

Mr. Slocum had been an active figure in Michigan newspaper and farm organization work since early manhood. In 1894, he founded the Gleaners, with a view to promoting cooperative insurance, buying selling and mutual protection for farmers, and was supreme secretary until 1920, when he was chosen president. The Gleaner Clearing House Association, which he formed in 1903, continued until financial stringency due to the war forced it into receivership.

He published the Gleaner until 1907. In 1916, he established Michigan Business Farming in Mt. Clemens and was its editor for three years.

**BUDGET FOR 1926 ANNOUNCED**

Estimated Expense of U. S. Government Placed at \$3,200,000,000.

Washington.—President Coolidge has received the preliminary draft of the 1926 budget, calling for expenditures of approximately \$3,200,000,000, according to Director of the Budget Lord. Contemplated government appropriations for the fiscal year ending June 30, 1926, include \$1,800,000,000 for ordinary expenses; \$840,000,000 interest on the public debt, and \$450,000,000 for retirement of the public debt.

**DETROIT FIRST IN CLEARANCES**

More Ships Passed Customs Here Than From New York Port.

Detroit, Mich.—More vessel clearances were recorded in the 38 customs districts, in which Detroit is the largest port, for the last fiscal year, than in any other district of the country. The New York district ranked second with 7,573 clearances. The Detroit district numbered 10,372, according to report of Carey D. Ferguson, collector of customs.

**STATE TROOPERS DEMOLISH AD SIGNS ON STATE HIGHWAYS.**

County road commissioners throughout the state have received notice that a contingent of state police has been assigned to remove all signboards and other advertising posters on the right-of-way of any state trunk line highway.

Advertisers throughout the state have been warned to remove their advertising if they do not wish it to be confiscated. Those printed on fences

and bridges will be obliterated. The road commissioners have been asked to cooperate with the state troopers, furnishing trucks to remove all signs which may be converted into other use. It is expected that this action will mark the end of violation of the state law.

## WHERE CURWOOD WROTE "GENTLEMAN OF COURAGE."

James Oliver Curwood's new novel, "A Gentleman of Courage," was written, like his other famous books, in an old-fashioned room in his mother's house in Grosse Pointe, where nothing has been changed, not even the wall-paper, since his father furnished it. The typewriter is the only modern bit and it is mounted on an old sewing machine which last served Curwood as a desk and has not been discarded.

## URGES UNIFORM TRAFFIC REGULATIONS.

Establishment of uniform traffic regulation in Wayne and all of the neighboring counties is one of the projects. Sheriff George A. Walters, candidate for re-election, has listed among the objectives of the recently organized southeastern Michigan Sheriffs' association, of which Walters is the head.

While the primary purpose of the Sheriffs' association, according to Walters, is co-operation in the work of crime prevention, the problem of regulating automobile traffic has become so important that it must be dealt with in a large area and not in a limited district.

There should be a careful enforcement of requirements for drivers' licenses and a uniformity of examination in the various counties, Walters said, so that a person rejected for a license in one place cannot obtain it elsewhere and become a menace on the road.

The city of Detroit has been more severe than the outlying districts in the enforcement of the law relative to revocation of drivers' licenses. Officials in neighboring counties can cooperate effectively with officials of Detroit and Wayne county by reporting cases of Detroit or Wayne county men convicted in other jurisdictions of violating traffic laws. Then the record can be given Detroit for complete and his conviction for reckless driving will be a record even though he has never been in Detroit.

**The Northville Record.**

R. E. BROWN, Publisher.

An Independent Newspaper published every Friday morning at Northville, Michigan, and entered at the Northville postoffice as Second-Class matter.

NORTHVILLE, MICH., AUG. 22, 1924.

**AMERICAN LEGION TO MEET AT ST. PAUL, MINN.**

The sixth annual national convention of the American Legion will be held this year at St. Paul, Minn., and the dates selected for the event are September 15, 16, 17, 18 and 19th. Plans are being made to give all visitors a royal welcome and to make their stay one that they will never forget.

The Legion Post of Minneapolis will set up a guard line along the entire border of Minnesota so that it will be impossible for a Legionnaire to leave the state without passing the state day or night without receiving the hospitality of some Post stationed at the border.

Legion Posts are receiving the cooperation of civic and commercial organizations to aid them in this state-wide task and Edwin L. Lindell, commanding Minnesota State Department, has assured that the hospitality will be complete and generous. Highway information, a bite to eat, a place to camp, help along the way and the glad hand are guaranteed to every journeying Buddy.

Not only will the welcome be found at the borders of the state but Legion Posts along all of the highways leading toward St. Paul are organizing to greet all automobile caravans, special trains and those who will hike in extending the welcome of the state.

**POSTOFFICE NOTES.**

Through the efforts of Postmaster Neal, Northville will now send out two parcel post mails each day. One will leave at 9:30 a. m. and the other at 5:00 p. m. With three mails in and three out per day and two parcel post mails Northville now has postal service equal to any in the country. Parcels should, however, be mailed as early as possible so that the clerks will have time to prepare the sacks for dispatching.

Another innovation that is being tried out at the Northville postoffice is the keeping open of the delivery window all the time from 8:00 a. m. until 7:00 p. m. Or in other words a continuous service. It is not always possible to do this every day but if the public likes the idea it will become a permanent feature. Heretofore it has been necessary to close the windows for the distribution of the 13:30 and the 5:30 mails.

Mrs. Elizabeth Blackburn is assisting at the postoffice this week during the absence of Mrs. Balch, who is touring the Main hills in her annual vacation.

**MANY NATIONALITIES REPRESENTED.**

Talking at a series of noon-day factory meetings in various parts of the town in the last few days, Sheriff George A. Walters, candidate for reelection, has stressed the cosmopolitan character of his state.

"The work of the sheriff's office has contact with people of all nationalities, creeds and religions," Walters said. "It has been found that the greatest efficiency can be attained by having, whenever possible, staff workers of various sympathies make these contacts, men and women who have a spirit of tolerance and natural understandings of the environment, problems and nature of the people with whom it is necessary to deal."

In accomplishing this, probably the most varied staff in respect to nationalities and religion that ever has been connected with the Sheriff's office in Wayne county has been assembled. There are many deputies of Polish, German and other descent, there are Negroes, and there are many Catholics, Protestants and Jews.

**FOURTEENTH AND FAREWELL WEEK.**

For the fourteenth and final week of her fifteenth annual season at the Garrick, Miss Bonstelle will offer the delightful and thoroughly modern comedy, "Helena's Boys," playing the role in which Mrs. Fiske scored in New York city last season.

Mrs. Fiske round "Helena" one of her most delightful roles, and it should be peculiarly fitted to Miss Bonstelle's talents and afford her a delightful opportunity to say farewell, temporarily, to her many Detroit admirers. The play is one of youth and is punctuated with youthful romance and ideas, snacking often of satire, but with irresistible comedy holding chief interest.

**W. R. C. NOTES.**

The W. R. C. ladies will give a silver tea at the home of Mrs. E. A. Kohler on Plymouth avenue on Wednesday, August 27th. Everyone welcome. Please bring cup saucer and spoon. Committee.

**CHURCH OF CHRIST.**

There will be services at the Lapham Library at 3:30, Sunday, August 24th, by Evangelists A. W. Hastings of Cameron avenue, and Edward Howe of River Rouge Churches of Christ, who will have a message for all. Our last meeting held Sunday, the 10th, was largely attended and we sincerely trust that continued interest will be shown. A hearty welcome is extended to all. Let us make this the best meeting ever held at this mission. Bring your friends. No collection. Committee.

**METHODIST CHURCH NOTES.**

Our ex-Sabbath mediation will be on "God's Floral World." Let us worship and discover how He speaks to us in His nature.

The Sunday school is a place where we can all profit studying the Word of God along with.

The services are 10:30 with school at 12:00. Next Thursday we will have our "family night" out to Woodlands, on Grand View acres. The pastor invites everybody to come and have a good time. It will be a pot-luck supper and great opportunities for roasting over four well prepared camp fires turn in from the Seven Mile road on Fry street which is the only street thus far constructed.

If the pastor is especially needed, call phone 7848-F-2.

**W. C. T. U. NOTES.**

The W. C. T. U. will hold a picnic at Walled Lake, the fourth Thursday of this month, the regular club day. Pot-luck dinner. Ladies will please take food and dishes, sufficient for their needs and perhaps a little more. The program to be arranged by the honorary members will be impromptu. It would be very gratifying to have all the members attend and help make the outing a pleasant and profitable time. Come on. These are busy making days. We are all factors in making it. Let us help make it worth-while.

Regular meeting Wednesday evening the 27th. A good attendance is desired.

**America's Marvels**

NATURAL AND OTHERWISE

By T. T. Maxey

**THE FIELD MUSEUM**

The exhibits at the World's Fair, Chicago, in 1893, offered an exceptional opportunity for the founding of a museum as an everlasting memorial of this great international affair and to preserve its endless antiquities. To start and further this movement, Marshall Field, Chicago's merchant prince, donated \$1,000,000 and the exhibits desired were selected and placed on display in the Art palace on the exposition grounds.

When Mr. Field died in 1906 he left \$4,000,000 additional for a building to be erected on a permanent site, and another \$4,000,000 to provide for its maintenance. The great, imposing, spacious palace of white Georgian marble covering eleven acres of ground, said to be the largest marble building in the world, which now stands in Grant park on the lake-front in Chicago, the Field Museum of Natural History, is the result.

Inside, the world, it might be said, awaits your inspection. One room holds the exhibits which show the advances made by men of ancient times that led up to the present civilization; another displays Egyptian antiquities without end; a third, bronze and an clear glassware from Rome. Another section contains displays representing the early races of North and South America and the Pacific Islands. A highly instructive exhibit is that which shows various birds, animals, fish and reptiles artistically grouped in their natural habitats. One hall is packed with exhibits from China. The hall of growth and structural makeup of many flowers and seeds is shown in an extremely interesting fashion. The display of woods from various parts of the world and the products made from wood is extensive. Numerous examples of meteorites and crystals, and models showing the workings of mines of many kinds, are shown. Ethnological and geological collections from Africa, India, Japan and other far-away lands contain many curious objects.

The entire world was searched and everything which the authorities considered as worthy appears to have been brought to its central headquarters for the public to view and study. The carcass of a monstrous herbivorous dinosaur which roamed the earth centuries ago is perhaps the oldest inhabitant; the skeleton of a monster whale is perhaps the largest single exhibit; the smallest probably is the miniature seed of some new plant; an Indian medicine wheel, found on a mountain top, surrounded with an air of ceremony, perhaps of sacrifice, too, its use conjectural, certainly is a most peculiar exhibit.

At any rate the generosity and foresight of a wealthy public-spirited man has made it possible for future generations to "see the world" in his home town—Chicago.

Mrs. Barnes was kindly remembered and as the guests took their departure they left with the sincere wish that she might celebrate many such happy birthdays.

**Protect the Child**

Exposing a child to any form of contagion so that he may have it and be over with it is just as sensible and reasonable as to hold his finger in the fire so that he will be scorched. Know that fire burns. There is no disease that children "have to have" and the older a healthy child grows the less likely is he to suffer from common contagions.

**HOW MANY TIMES ARE YOU BORN?**

That may seem to be a strange question—but is it? Every day is a new beginning—a birth into another set of experiences.

The first time you realized the wonders of radio was a birth into a new world. What a wonderful experience this new life was to you.

When you saw the first moving picture it was the revelation of a new world—a birth into a shadow land that was entrancing.

You came suddenly upon a beautiful landscape—a mountain or river or forest—and at once you were in a new world—born again with an experience very marvelous.

"Ye must be born again" is the law of the universe. The higher must come to the lower and bring it up to a new elevation. To be born anew religiously is natural and is a transforming experience which has great possibilities.

Jesus Christ came into the life of the world—born to its troubles and perplexities—its joys and sorrows—its rewards—and He is an expert in helping all to be BORN AGAIN.

## Housekeeping and Leisure

It used to be a common expression—referring to household duties—that women's work was never done. The saying was true enough ten, even five, years ago. It is not true of the housekeepers of today; at least of that great number who let electricity do their heavier and most tiring tasks.

Nowadays, the washing and ironing is done in one-third the time required by the old-fashioned hand methods—by electricity.

Dishes may be washed, rinsed and dried without soiling the hands and with less chances of breakage to the most fragile articles—by electricity.

Dust and dirt may be removed from carpets, upholstery and clothes with a minimum of time and labor—by electricity.

A score of other tedious and tiring tasks may be done with immense saving of time and effort. No longer can it be said that women's work is never done. On the contrary her work is done quickly, pleasantly and with lots of leisure left over—by electricity.

## PROSECUTOR'S OFFICE NEEDS ACTIVE HEAD.

Candidate Brown Says County's Attorney Should be on the "Firing Line."

Police officers, no matter how they strive, cannot hope to check the wave of lawlessness in Wayne County if their efforts are not backed by an aggressive administration of the prosecutor's office, points out Frederick B. Brown, republican candidate for prosecutor.

"Wayne county needs a prosecutor who has the mental legal equipment, disposition and courage to personally prosecute the important cases in court," says Mr. Brown, "there is absolutely no excuse for a prosecutor resting in an easy chair in his office and defuncting important matters to be handled by assistants."

"Women are brutally assaulted, children are stolen and held for ransom, men are held up on the streets,

## HINES TO SUCCEED PERSHING

MAJ.-GEN. JOHN L. HINES

Battle Creek, Mich.—Major General John L. Hines, whose endorsement for the post of chief of staff of the United States army to succeed General John J. Pershing, when the latter retires September 15, will carry out Pershing's policies. This fact was intimated by General Hines, who visited Camp Custer on a tour of inspection. He refused further comment.

General Hines was General Pershing's adjutant general during the punitive expedition into Mexico in 1916-17, and accompanied him to France. Later he was transferred to command a regiment and successively promoted to brigade, division and corps commander "on account of efficiency on the field of battle."

## MCCOY ACCUSED OF MURDER

Charged With Killing Woman Found Dead in Apartment.

Los Angeles.—Norman Selby, known to the prize ring as "Kid McCoy," is accused of the murder of Mrs. Theresa Mors, who was found dead in her apartment here, with a bullet hole through the head.

Almost simultaneously with the discovery of the body, McCoy appeared in the fashionable West Lake residential sleeping district armed with a revolver and invaded the Mors antique shop. There he held up attendants and patrons, shot and wounded W. G. Ross, a chance arrival, then went next door and slightly wounded Sam Schapp and his wife, Ann, who, it is said, had attempted to effect a reconciliation between Mors and his wife.

McCoy was captured a short time later running across West Lake park. He was dazed and incoherent in speech, at first refused to throw any light on the Mors slaying and later said that the woman killed herself in his presence.

## SMALLEST PLANE ENDS FLIGHT

Covers 1300 Miles Successfully—Wing Spread Only 18 Feet

Dayton, O.—The world's smallest airplane, the "Alouette," landed at McCook Field here after a flight of 1300 miles from Kelly Field, Tex. Lieut. Donald Phillips, Kelly Field pilot, now stationed at McCook Field, was pilot of the little ship. He was also the engineer who had charge of its construction.

The plane has a wing spread of 18 feet and weighs 480 pounds with the motor. It has a speed capacity of 105 miles an hour and carries a fuel supply sufficient for four hours flying at full speed. It is able to cover 20 miles on a gallon of fuel. The ship is an original model.

The flight to Dayton was made in eight days.

## LOEB-LEOPOLD TRIAL DRAGGING

Alienists for Prosecution Testify Murders Are Sane.

Chicago.—Following conclusion of testimony of alienists for the defense of Nathan Leopold Jr. and Richard Loeb confessed slayers of Robert Franks, evidence of other alienists has been brought by the prosecution in an effort to prove to Judge Caverly that the murderers are sane and should be hanged for their crime.

Prosecutor Crowe's aim has been to discredit the conclusions of defense pathologists that childish phantasies, deficient emotions and functional disorders of the endocrines helped to make the youths mentally sick and consequently they should be imprisoned.

## THE DAILY NEED TO EVER HOME

Puretest Rubbing Alcohol Compound is a wonderful formula in every home. It contains 85% pure grain alcohol, which is a larger percentage than any similar preparation.

It has an alcohol smell that is not at all unpleasant, but this goes off, as it dries in a very few seconds, leaving a faint rose odor which is very pleasing.

A few years ago medicated alcohol was not used nearly as much as today, because recently so many new uses have been found for this preparation and these uses are so many and add so much to personal comfort and hygiene, that Puretest Rubbing Alcohol is now a daily need in every home.

Diluted in an equal amount of water, it makes a most refreshing lotion after the bath, closes the pores of the skin by its gentle, stringent action which prevents catching cold and is particularly good in the cases of children and invalids.

It aids in the quick relief of inflamed skin and is exceedingly good to use in case of excessive perspiration of hands, feet or armpits.

For headaches, you can always obtain some relief by diluting Puretest Rubbing Alcohol and rubbing on the head gently, being careful not to get it into the eyes.

For bruises and sprains, soreness, stiffness of muscle and joints, use the full strength.

Puretest Rubbing Alcohol should always be kept handy on the farm to use on horses and cattle, in case of injury to the muscles, tendons and ligaments.

## Do You Teach The Youngsters To Face The Facts?

School bells ringing for the new term call to tomorrow's men and women—the leaders and workers of a few years hence. Billions could not equal the wealth of this nation in its boys and girls. Added billions could not pay what school days will be worth to them.

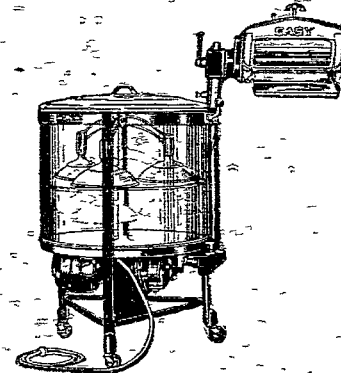

Train them to meet each test as best they can, to cheer the comrade who passes them while each does the best he can.

Teach them, too, that thrift and a knowledge of how to save are big stepping stones to success.

The  
"EASY"  
Requires  
Less  
Power

One would naturally think that the EASY, being an extra large size electric washer, would require an extra large size motor.

But, as a matter of fact, a 1-6 horsepower motor is sufficient to operate the EASY, whereas other machines of smaller capacity require a 1-4 horsepower motor, and are therefore more expensive to operate.

The reason for this lies in the fact that the mechanism of the EASY is of unusually simple design—an important feature from the standpoint of durability and cost of operation.

If you incline toward economy, by all means see the EASY before you buy.

Cinderella lived happily ever after—but of times the man who is after complete clothing satisfaction finds himself with a "Grimm Fairy Tale."

There is no mystery or mythology about the clothing business.

We are never afraid that a quality is too fine for this stock or that a value is too fair for our customers.

That's how we "run shop"—so to speak—we do carry the fancy qualities—that's true—but we let someone else get the fancy prices and do the fancy talking.

## YOUTH CONFESSES SLAYING OF GIRL

ADMITS FORMER SWEETHEART  
WAS CHOKED TO DEATH ON  
LONELY ROAD.

### NAMES FUGGEE AS ACCOMPLICE

Unsuspecting Victim Lured By Letter  
From Girl—Marriage—Body  
Frozen in Shrubbery.

St. Joseph—L. J. Zupke early this  
week made a new statement to Sheriff  
Bridgman regarding the confessed  
murder of Cora Rober in which he  
admitted that he "had Cora out of  
the automobile" at a lonely spot on  
the Arden town line road prior to the  
time he got Florence McKinney to  
drive the car for him. If this is true,  
it is possible that Florence had no  
part in the premeditation of the  
crime.

Zupke, 22 year old farmer of Benton  
Harbor and Florence McKinney, 19  
year old Bangor girl, have been  
charged with first degree murder in  
the slaying of Cora Rober, 26 years  
old, of Cleator, whose body was  
found in shrubbery along a deserted  
road near the McKinney home.

According to Sheriff George C.  
Bridgman, Zupke confessed that he  
had befriended Cora Rober and choked  
her to death in his roadster on the  
night of Aug. 6. He named Florence  
McKinney his fiancée, who drove the  
car while the slaying was being en-  
acted and later helped hide the body  
as a partner in the death plot. The  
slaying was done so the Rober girl  
would not be an obstacle to their  
marriage.

Zupke is reported to have written  
Miss Rober that he would marry her  
if she met him in St. Joseph the eve-  
ning of August 6. She met him ac-  
cording to arrangement and drove to  
the McKinney home to call for Flo-  
rence who was to act as bridesmaid.  
The three drove down the road  
where the Rober girl's body was  
found several days later.

Both principals visited the scene of  
the crime after the body had been  
found and argued with the crowd  
from the scene of the tragedy. They  
went to the McKinney farm, where  
they talked over the details of the  
slaying and planned an alibi.

Zupke was arrested at his work in  
a St. Joseph factory. He had left the  
farm of his parents a few weeks pre-  
viously, having been disowned by his  
father. Following his arrest the Mc-  
Kinney girl was also taken into cus-  
tody.

### BRYAN ACCEPTS NOMINATION

Aid to Farmers and Workers Pledged  
By Democratic Candidate.

Lincoln, Neb.—Before a large and  
colorful gathering of long-time  
friends and supporters and national  
and sectional party leaders Governor  
Charles W. Bryan formally accepted  
the nomination for vice-president by  
the Democratic party and laid down  
unmistakable terms the principles  
and issues upon which he will go be-  
fore the people for election at the  
polls.

Governor Bryan definitely opened  
his campaign with a promise to the  
progressive farmers and wage earn-  
ers, that the Democratic party would  
stand as a unit in seeking a solution  
of their difficulties.

He pledged his full support to Mr.  
Davis and declared both he and the  
presidential candidate are in har-  
mony with the democratic platform.

### WORLD FLIERS DELAYED AGAIN

Both Planes Broken in Attempt to  
Leave Iceland.

Reykjavik, Iceland—The two Amer-  
ican army around-the-world fliers at-  
tempt to take off on the long north  
Atlantic hop to Fredericksdal, near  
Cape Farewell, East Greenland, re-  
sulted in both of the planes being  
damaged in perhaps the most serious  
mishap of the globe encircling trip.

One of the planes broke its spread-  
er bar and the second machine broke  
its propeller.

It is anticipated the mishap will  
delay the fliers some days, as the re-  
pairs must be brought by ship.

The accidents were attributed to  
the fact that the planes were carry-  
ing the heaviest loads of petrol that  
have been attempted since the start  
of the flight. Although the sea was  
dead calm, the planes were unable to  
leave the water.

## Happy Wash Days

Wash days are happy days for the housewife  
or mother who sends her weekly bundle of  
washing to the modern Federal Laundry.  
There's none of the dreary, drudging over  
steaming tubs or lifting heavy, water-soaked  
clothes. Just gather the soiled garments to-  
gether and leave your bundles at the Northville  
Fashion Shop, North Center Street.

Packages collected Mondays and Thursdays  
instead of Tuesdays and Fridays as heretofore.

## FEDERAL LAUNDRY

## The Chew That Cheers

A little BEECH-NUT Chewing Tobacco  
now and then

Is just the thing for regular men.

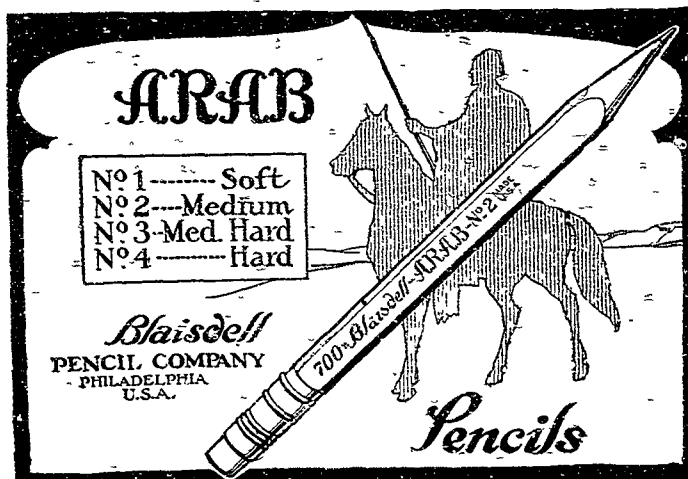

More punch than a pipe. Fine for fatigue  
and indigestion—good for the teeth and  
gums.

Big do-ers are all chewers. Inventors and  
jurists, deep thinkers and hard workers,  
crack athletes, star golfers, ball players,  
keep BEECH-NUT Chewing Tobacco sales  
beyond the 250 million package mark.

Waxy leaf, cut just the right size—chosen  
from the best crops—unvaryingly blended—  
flavored with the purest ingredients—all  
stems and litter removed—prepared and  
sealed without one touch of human hands.

10c is flattered every time it meets a  
package.

### Clear as Mud

Said a lawyer is, addressing the court, "If this argument is not clear, your honor, I have another that is equally conclusive."

### Superstitious

Actresses, as a rule, are very superstitious. A very lucky omen is for a dapp of carmine grease-paint to get accidentally smeared on the teeth while "making up" the lips. She wipes it off most carefully and lovingly.

### STATE OF MICHIGAN, County of Wayne, ss

(A true copy.) EDWARD COMMAND, Judge of Probate.

EDMUND R. DOWDNEY, Deputy Probate Register.

### Hereditary Profession

Among the so-called "criminal" tribes of India, crime descends from father to son and is literally a hereditary profession. Crime among them is regulated according to caste. One group specializes in cattle-stealing another in counterfeiting, and so on.

### Common Sense

"Common sense, in a rough, dogged way, is technically sounder than the special schools of philosophy, each of which squints and overlooks half the fact and half the difficulties in its eagerness to find in some detail the key to the whole."—George Santayana.

sult of the council's action in adding  
another member to the committee.

visit to his grandparents at Redford.

George Brown and wife are visiting  
at Windsor and Amherstburg, Ont.

Miss Bentley in the postoffice, during  
Postmaster Hulten's vacation at  
Waukegan.

Carmine, Manitoba, where he will go  
into the threshing business with his  
brother-in-law.

Albert Long is home from Grand  
Rapids.

Dr. Murdoch was called to Ypsilanti  
last week by the death of his brother.

Mrs. Lizzie Coates, Sunday. Mrs.  
Holcomb is slowly gaining from her  
recent illness.

Mr. and Mrs. G. Warren Uridge of  
Detroit visited their cousin, Mrs. Liz-  
zie Coates. They were accompanied  
by Mrs. Lizzie Kelley of Lansing, who  
is spending the week among Novi  
relatives.

Mrs. Will Hilborn (formerly Lizzie  
Grey) from Detroit, visited Novi  
friends for a few days. She lived at  
the Washington West home for a num-  
ber of years, and has many warm  
friends here.

Remember the moving picture en-  
tertainment to be put on next Tues-  
day evening, August 26th, by Rev.  
Amstead of River Junction. The  
films will give the homes of the Chris-  
tian and non-Christian and will be  
something of interest to all. If the  
weather is favorable it may be put on  
for an out-door entertainment but if  
not favorable, will be given elsewhere  
in our village.

Mr. and Mrs. E. D. West have been  
entertaining their cousins, Mr. and  
Mrs. Wm. Brown of Merton, Wis., and  
son, Milt Brown of St. Louis, accom-  
panied by one of her pupils, Charles  
Shotts. Mr. Brown, Jr., is a teacher  
in one of Chicago's schools and is a  
great student, having graduated from  
several colleges, his studies including

Niagara Falls, then to Chicago. From  
there Mr. and Mrs. Brown will go by  
train to their home in Wisconsin.

Mrs. Lester Woodruff was seriously  
injured Tuesday morning by a fall  
in her home. She sustained a deep  
cut on her chin, broken collar bone  
and other injuries. She was found  
in an unconscious condition when her

daughter, Mrs. Archie Kent entered  
her home. No cause has yet been  
attributed for the accident, as Mrs.  
Woodruff had felt as well as usual.  
In the morning she had prepared  
breakfast for her husband, who left  
for Detroit at 4:00 a. m., to market.  
She then lay down again and slept  
until 5:00 o'clock, when she arose and  
had prepared breakfast for herself.  
That is the last she can recall. She  
suffered intensely till Wednesday  
morning when she became conscious  
and retired, though still in a serious  
condition. An overturned oil heater  
lay on the floor, but fortunately she  
must have extinguished the flame.  
Mrs. Woodruff is a sister of James  
and Phil Taylor and Mrs. Lizzie  
Coates of this place.

four-year-old son of Mr. and Mrs.  
Wm. Heatley while riding on Charles

The oldest bottle of wine in the

can settle this question, is in the pos-

a bottle of Bavarian hock, which bears  
on its label the date 1549.

## VOTE FOR GUY C. MILLER.

When the voters of Wayne county  
go to the polls on primary election  
day they should not become confused  
because there are two men by the  
name of Miller seeking the nomina-  
tion for circuit judge. Guy C. Miller,  
the present incumbent, is a candidate  
to succeed himself and he is making  
a campaign for re-election in good  
faith and he asks the support of the  
public because of the good record he  
has made on the bench. Albert Mil-  
ler's name also appears on the ballot,  
but he has no claims for the place.  
He is not making an active campaign  
and it is reported that his name was  
entered in the contest merely to take  
some voters away from Guy A. Miller.  
People like fair play in politics and  
they will do well to remember and  
vote for Guy A. Miller on primary  
day.
