TOLEDO WOMAN KILLED WHEN AUTO TURNED OVER.

Miss Anna Kent of Toledo, Ohio, was instantly killed Saturday forenoon when an auto skidded in loose gravel on the Northville-Novi road, near the German farm. Her neck and back were broken.

Miss Kent was riding in a Ford car being driven by Bradford Smith of Detroit, who was motoring her to Detroit, where she was to take a car for her home in Toledo; she having been a guest at the home of Mr. Smith's parents at Walled Lake for a few days.

Local physicians were called but they could do nothing. The remains were brought to this village by Schrader Brothers and placed in the funeral chapel until the afternoon when they were taken to Detroit. Miss Kent was 28 years of age and was a young woman of great promise. It is said Smith was driving at a rapid rate when his car struck the gravel.

REMEMBER PLYMOUTH DAY.

People of this section are urged to keep in mind Plymouth Day—Thursday, September 11th, when our neighbors will hold a gala day celebration. Extensive plans are being made for the big event and committees and organizers are hard at work.

It is the desire of Northville people to have at least 200 automobiles in the Northville section of the parade in the afternoon. Every auto owner is urged to co-operate in this effort to show Northville's appreciation for the splendid support and co-operation of Plymouth people at our annual fair. This is a community project and you are a part of this community and are expected to help.

Keep Thursday, September 11th clear for Plymouth Day.

RACES AT THE FAIR.

The Northville Wayne County Fair will present a fine racing program this year on Thursday-Friday and Saturday afternoons. Harry C. Robinson of Plymouth will officiate as starting judge and Frank Cooke of Detroit will be presiding judge. The programs for the three days are as follows:

Thursday, September 25th.
Race No. 1—2:30 Trot—Purse, \$300
Race No. 2—3:30 Pace—Purse, \$300
Race No. 3—2:14 Pace—Purse, \$500

Friday, September 26th.
Race No. 4—2:15 Trot—Purse, \$300
Race No. 5—2:17 Pace—Purse, \$300
Race No. 6—Colt Race—Purse, \$200

Saturday, September 27th.
Race No. 7—2:22 Trot—Purse, \$300
Race No. 8—2:25 Pace—Purse, \$300
Race No. 9—Free-for-All, Purse, \$300

HANDSOME NEW WOMAN'S BUILDING AT FAIR GROUNDS.

A handsome and commodious woman's building has been erected facing the north, nearly opposite of the main hall and the new structure is by far the most attractive building on the grounds. It is 28x70 feet in size and the front is different than any of the other buildings on the grounds. This will be used exclusively for the several woman's departments and its erection is a fine compliment to the women of this community who have been faithful year after year in behalf of the fair.

AND STILL GOING STRONG.

Northville's victory over Royal Oak on Wednesday left the Wayne county squad to fight it out with Pontiac Friday. Northville, scoring two in the first and three in the fourth had the lead until the ninth inning, Pontiac getting two in the third. Pontiac staged a rally in the ninth, making the four necessary runs to win the game. Harry German, who has been playing ball for the last thirty years (that's a guess) pitched the game for Northville.—Milford Times.

TWO BALL GAMES LABOR DAY.

Base ball fans in this community will be able to enjoy a real treat next Monday—Labor Day—when there will be two ball games played at the fair grounds in the afternoon. At 2:00 the Toledo colored club will meet the Foresters and at 3:30 the home team will contend for honors with the Wayne Good Roads aggregation. The prices of admission will be 50c for gentlemen, 25c for ladies and the kiddies will be admitted free—two good games for the price of one. Remember—next Monday afternoon.

THE TREMPER REUNION.

The Tremper reunion was held Wednesday, August 20th, at the home of Mrs. S. C. Taylor at Walled Lake. About 40 members of the association were present. A beautiful pot-luck dinner was served and the day was much enjoyed.

FORESTERS' PICNIC A GREAT SUCCESS.

Early Sunday morning the hall of Court Northville, Foresters of America, in this village was a busy place as people gathered with well-filled baskets to attend the annual picnic at Keith's landing at Union Lake. A more perfect day for a picnic could not have been chosen and the attendance was unusually large, nearly all the members of the court with their families and many friends being present to enjoy the day's outing.

At noon a real old-fashioned picnic dinner was partaken of and what a feast it was. In the afternoon the program of sports created a great deal of merriment and the several events had many contestants and some "wonderful" records were made.

The committee in charge of the very successful affair, and to whose untiring labor much of the success of the undertaking must be attributed, desire to thank the business men of Northville for their assistance and co-operation and all others who assisted in making the outing such an enjoyable affair.

MADE A RECORD DELIVERY.

"If you desire good church furniture quickly, let the Globe Company supply you" might be adopted as the trade slogan of the Globe Furniture & Manufacturing Co. of this village and the company's past achievements would fully justify the boast. On July 31st the company received an order for 90 pews representing about a thousand feet of church seating from a Saint Louis Parish, a Polish church on the Seven Mile road in Detroit with the understanding and agreement that the work must be completed and the pews installed before August 31st. On August 4th actual work was started on the order and this week men from the Globe factory are in the city placing the new seats, the pews having been delivered at the church on August 26th just twenty-one days after the order was placed.

This is a record all who are connected with the Globe company are especially proud of and they have a right to be.

LARGE BARN ON BOOTH FARM DESTROYED BY FIRE.

Tuesday afternoon about three o'clock fire was discovered in one of the barns on the Booth-Stock Farm on the Seven Mile road. An alarm was turned in and the local fire department and many citizens rushed to the scene of the conflagration, but on account of the lack of water to fight the fire but little could be done. The flames spread from one barn to another until all three had been consumed together with their contents. There were two thoroughbred Avshire bulls in one of the barns and they perished in the flames, it being impossible to get the animals out into the yard. The barns contained the season's crops and the loss was a heavy one.

TWO BANDS FOR SATURDAY NIGHT.

The people of this section who come to town on Saturday night will be able to enjoy a rare musical treat. The Salvation Army band of Detroit, one of the best musical organizations in the city, will give a concert at the Municipal Sanatorium from six until seven-thirty, and at the conclusion of the entertainment there they will come to Northville and give a concert here on the four corners. The local band will "hold the fort" until the visitors arrive and then will give way to them.

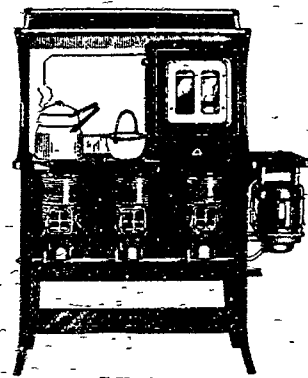

Tell your neighbors and friends regarding this treat and urge them to come and enjoy the two concerts.

WAYNE COUNTY RECEIVES LARGE SUM.

Wayne will get \$4,522,446 from the state primary school fund, according to an apportionment by counties, completed Saturday by O. B. Fuller, auditor general. The fund which is raised from taxes on public utilities will be distributed at a rate of \$14 for every child between the ages of 5 and 20. It goes to all counties, in proportion of the number of children to help maintain the schools. In some instances counties will get more from the fund than they pay in state taxes.

FORD CLEANING UP CLARENCEVILLE FARM.

The Ford Motor Co. has several men employed in cleaning up the property recently purchased by the Fords at Clarenceville. Reports have it that no building operations will be undertaken until spring. The nature of the buildings to be erected and the use to which the farm will be put, have not been made public.—Redford Record.

Northville Schools

Open Next Tuesday

It is important that all pupils be on hand promptly at the beginning of school and parents are urged to see that their children are ready to begin the year's work next Tuesday. Pupils who are compelled to absent themselves for the first few weeks cannot catch up their work to advantage. A good beginning is always essential for a good year in school.

The Northville School offer the courses—General, College and Commercial and in each of these we have especially trained teachers to instruct and to help the pupils. You will find the Northville school well equipped for the proper training of your boys and girls.

You Will Have Many Advantages At Northville

- On-accepted list of University of Michigan and all state colleges
- Complete physical training department for both boys and girls
- Opportunity for every student to engage in some sort of athletic sport. Students of Northville do not have to sit on the sidelines and watch the physical development of a few boys or girls.
- One of the finest and largest gymnasiums in the state including shower, bath, locker and dressing room.
- Practical courses in sewing and cooking. The Domestic Science Department is introduced in the first year of school and is continued in a convenient manner.
- Four year commercial course including actual experience in office training and management.
- Well equipped laboratories for teaching of science.
- Opportunity of receiving violin instruction from violinist of the University of Michigan at reasonable rates.
- Excellent courses in Debating and Public Speaking.
- Sympathetic guidance by Faculty Advisors.
- Democratic High School social activities.
- Courses for general information and culture.
- Course in Hygiene and Home Nursing, under direction of American Red Cross.

A model library of nearly two thousand volumes.

School nurse who has complete supervision over the health of students at all times.

In order to provide for the health and comfort of the students hot lunches will be served at noon under the direction of the Domestic Science Department.

House Carried Across Lake on Boat.
St. Joseph, Mo. — A small cottage was brought across Lake Michigan from Milwaukee on a barge and landed at Grand Haven.

Cold Weather and Snow in New York.
Albany, N. Y. — The coldest Aug. 19 on record, with one exception, brought snow showers to Reassalaer, across the Hudson River from here.

Snow Reported in Utah Hills.
Salt Lake City — The high hills around Salt Lake City and Ogden were lightly covered with snow on August 20, as a result of a storm.

President's Mail Delivered by Truck.
Plymouth, Va. — President Coolidge is receiving his mail daily by truck from Boston. It is 45 miles between Ludlow, where the "Summer White House" is located, and Boston.

Locusts Ravage South African Crops.
Johannesburg — Locusts have ravaged crops throughout South Africa. Cotton in the Rustenburg area has been destroyed and hundreds of farmers have lost the whole of the year's income.

Huge Loss Yearly Caused by Rabbits.
Melbourne — A deputation of farmers who waited recently on the federal treasurer informed him that the annual loss caused to Australian productivity by rabbits is more than \$100,000,000.

Aged Juniper Tree Found in Utah.
Washington — A juniper tree not less than 3000 years old has been found in the Cache National Forest in northern Utah, near the Logan Canyon Highway, and is being protected by the United States Forest Service.

Shin Bone Grafted to Skull.
Spring Lake, N. J. — John Hansen, 45, injured a year ago when struck over the head by a policeman in his possession of an act and the ability to speak as the result of an operation in which a bit of shin bone was grafted to his head.

Swallows Jewelry—Frustrates Bandit.
Long Beach, Calif. — Mrs. Ben Watson has discovered an effective way to foil hold-up men. When she was ordered to strip the jewelry from her fingers and "pass em over" to an armed bandit, she calmly took them off and swallowed them.

Firemen Rescue 300-Pound Woman.
New York — Firemen were called to rescue an 18-year-old woman weighing 300 pounds when she became wedged between the ladder and railing of a fire escape in an attempt to reach the roof. The fire escape was wrecked before she could be liberated.

Bullet Through Heart—Still Lives.
Buffalo, N. Y. — Shot through the heart and alive. That is the experience of 13-year-old Charles Hartsz. Three stitches taken to close the gun shot wound in young Hartsz's heart by Dr. Timothy Donohue tells the story of why Hartsz is alive with a chance for recovery good.

Meal of Bravery for Air Feat.
Hamburg — President Friedrich Ebert has awarded the medal for bravery to air pilot Max Tuxen, for an extraordinary air feat. Last January Tuxen made a perilous landing on an ice cake in the North Sea on which was a stoker who had been left as a watchman on a wrecked motor ship. The man was half starved and had given up hope of rescue.

Travels 1,500 Miles in Five Days.
Grand Rapids, Mich. — Traveling 1,500 miles in five days in Michigan is the record "hike" of George Kreye. 17 years old. Leaving here, Kreye went to Mackinaw, thence to Chicago up to Milwaukee and returned to Grand Rapids, beating by two days a party of neighbors who made exactly the same trip in their automobile. Lifts by sympathetic automobile drivers enabled him to make this trip.

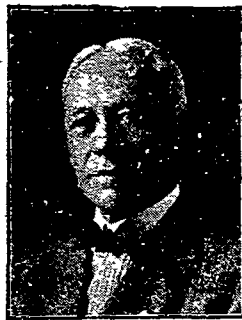

It Might Have Been Worse.
Loogootee, Ind. — It's bad enough to have one's house burn to the ground, but things might be worse. When the home of John P. Arvin, a farmer living near here, caught fire, Floyd Evans, who was driving by, went in to investigate. He saw a good suit of clothes and carried it out with him. When Arvin arrived, he reached into a pocket and pulled out a roll of between \$400 and \$500. Arvin says he is thankful for "small favors."

Largest Motor Yacht to Cruise World.
London — Eighty passengers will leave Southampton in October on the Westward, the largest motor yacht afloat, on a ten months' tour around the world for scientific purposes. The ship is owned by Commander C. H. Lightoller, who, as second officer of the Titanic, remained aboard the stricken liner until she sank. The hydrographic office of the United States navy department has provided the Westward with a set of charts covering the proposed tour.

Happy Wash Days

Wash days are happy days for the housewife or mother who sends her weekly bundle of washing to the modern Federal Laundry. There's none of the dreary, drudging over-steaming tubs or lifting heavy, water-soaked clothes. Just gather the soiled garments together and leave your bundles at the Northville Fashion Shop, North Center Street.

Packages collected Mondays and Thursdays instead of Tuesday and Fridays as heretofore.

Over one-third of all the tobacco chewers in the United States have proved that:

The demand for BEECH-NUT Chewing Tobacco alone is more than 250 million packages in a single year.

That's because we didn't let tobacco growers, labor, manufacturing costs, State, Federal and revenue taxes collect their increases from the quality or the weight.

BEECH-NUT Chewing Tobacco is the same in 1924 as in 1915. Still the most of the best for 10c—still the best chew at any price—still the favorite everywhere.

Message to Housewives

There is of course a vast deal of work to be done in the household; women know that, often too well. There is generally little time left for enjoyment, relaxation, companionship; besides one is tired between tasks.

But although housework is as inevitable as taxes and quite as imperative in its demands, there still is a way—an easy, quick and very cheap way—to escape its hardest and most trying demands on one's time, one's strength, one's health.

You can attend to your housework better than before, and yet with abundance of leisure for the other things you would like to do. Call, if you please and let us show you.

Remember Last Winter

When you said—"Next year we'll buy our Coal early." Whether you made that statement or not it is none too early to have at least a portion of your Coal supply placed in your bins.

These are the ideal months for buying coal. Prices are lower than they will be later in the season and your local dealer can fill your orders promptly now because he can secure a good supply. Later in the fall many large users of coal will stock their bins for winter and then up will go the prices, and coal will become hard to get.

Let us fill your bins, or at least put in part of your supply.

SPECTACULAR RAIDS NOT ALONE REMEDY.

Law Enforcement Should be Followed by Court Action.

Spectacular raids keep the public alive to the fact that there is a general condition of lawlessness these days but do not remedy the situation, contends Frederick B. Brown.

"Such raids result in giving passing publicity to the officials concerned, but what is far more important to the welfare of Detroit and Wayne county is that the prosecutor follows the arrests with court action against the persons arrested," says Mr. Brown.

"Within the past few months hundreds of persons have been arrested in Detroit under the new gambling law, yet when the offenders were arraigned in court the prosecutor made the startling admission that in scores of the cases the officers could not identify the men. On Sunday 98 men

were arrested in a gambling house in Detroit, but only 7 were held for trial despite the fact there is a law making it punishable for a person to frequent a gambling place.

"I was recently asked the question, 'If you were prosecutor and positive proof was given you by citizens that a certain person was conducting a blind pig or a gambling house, would you order the place raided?' My answer was, 'No, I would not. I do not see that a raid would be either necessary or advisable in a case like that. I would recommend that a warrant be issued and prosecute those conducting the place and file a bill asking the court to issue an order to padlock the building.'"

Mr. Brown knows of the needs and conduct of the office of prosecutor having held that official position in St. Clair county prior to coming to Detroit 12 years ago. He was born in St. Clair, Michigan, of American parents. Since coming to Detroit he has been engaged in the general civil and criminal practice and is a member of the faculty of the Detroit College of Law. He is a major in the reserve officers corps of the Adjutant General's Department United States army.—Advertisement.

STATE DAIRYMEN HOLD SUCCESSFUL MEETING.

The most noteworthy and unusual milking contest ever staged in the state and a program of talks by three outstanding dairy leaders of the country, together with an inspection of the experimental work being carried on with dairy cattle at the Michigan Agricultural college combined to make the 1924 Michigan Dairy Meet, which was held at the M. A. C. on Friday, August 22nd, one of the most important agricultural gatherings in the state for this year.

The holding of a joint meeting by the members of the Michigan Milk Producers' association, representing 20,000 dairymen, and of the Michigan Dairy association, brought representatives of all the dairy interests in the state to the gathering.

A picnic lunch followed the inspection trip in the morning, during which members of the M. A. C. dairy department discussed methods and practices which have been proven most successful while exhibiting the animals used in the experimental work.

The milking contest between President N. P. Hull of the Michigan Milk Producers' association and President M. L. Neon of the Michigan State Farm Bureau, was terminated in a tie, according to the verdict of the judges. Several happenings such as the more or less accidental use of dry cows which it was found necessary to replace, the manure falling to which the judge on "sanitation" subjected one of the contestants, and the donning of the bright rubber caps and long white aprons prescribed as appropriate uniforms, added to the enjoyment of the spectators. A similar contest will be staged at next summer's meeting to break the tie, it was announced.

A. G. Glover, editor of Hoard's Dairyman and John D. Miller of Susquehanna, Penn., president of the National Milk Producers' federation, were the speakers outside this date on the afternoon program. Prof. O. E. Reed, head of the M. A. C. dairy department, represented the college and the Michigan dairy interests.

East Lansing—As the result of several reports of spontaneous combustion, H. C. Rather, farm crops specialist of the Michigan Agricultural college, has issued a warning to farmers to thoroughly cure their hay and grain crops before storing them in barns.

"IN THE NEXT ROOM" AT THE GARRICK.

The first drama of the new season at the Garrick theatre is "In the Next Room" opening Sunday evening for a limited engagement. This play was one of the "Broadway hits" of last season, enjoying a highly successful engagement at the Vanderbilt theatre. Coming as it did after a long procession of mystery plays, beginning with "The Bat" and winding up with "The Last Warning," its success was doubly surprising and also very enjoyable to lovers of good drama. A large measure of the success and popularity of the play is due to the efforts of Mrs. August Belmont (Eleanor Robson) who as writer and director succeeded in fashioning and creating an entirely new atmosphere of "mystery" without resorting to the time-worn tricks and devices of other dramatists. No shots are fired, no real murders are committed and yet deaths occur in such a manner that suspicion points to many innocent ones. There is a new style of villain, a most interesting character. Another altogether bad man nor yet a good one. The other characters are all human, and the denouement comes in a surprising and reasonable way. The original source of the play is taken from a novel by J. M. Stevenson. Mrs. Belmont was assisted in her writing by Harriet Ford, who has written several comedies. Winthrop Ames and Guthrie McClintic are sponsors for the production. They have equipped the play with a cast of rare excellence. It comprises Fred L. Tudden, H. Langdon Bruce, Betty Linley, Arthur Albertson, Dillon Deasy, John M. Kline, Phil M. Sheridan, Wm. J. Kline, Dorothy Hamilton, Virginia Gregory and others. The play is also being presented at the St. Martin's theatre in London, England, where it is duplicating its American success.

TO HELP STUDENTS AT COUNTY NORMAL.

"High school graduates living in outlying districts, who would like to attend the county normal this fall may be able to secure a way to help pay their expenses if they will get in touch with this office," says County School Commissioner E. J. Lederle of Oakland county.

"Women from the country, who have attended the schools which this training is intended to fit them to teach, often make the very best teachers," says the commissioner. "If they lack vision this training will supply this very thing. Teachers from these sections will be at a premium as teachers in the rural schools. If financial matters seem to interfere with the plans I wish the young women would communicate with this office."

SHERIFF WALTERS HAS BEEN EFFICIENT.

Rapid growth of Detroit and neighboring communities has necessitated many changes and extensions in administration of the sheriff's office, according to Sheriff George A. Walters, who is a candidate for re-election this fall.

His record and program of activities have centered in crime prevention, safety work and traffic regulation in particular. Some of the services he has developed follow:

A regular highway patrol, working from five scattered sub-stations in the county.

Metropolitan areas police squads, made up of officers from all police agencies operating in Wayne county and co-operating with neighboring counties.

More than 100 volunteer deputies, serving without pay, patrolling roads at night time.

A complete telephone notification system for Wayne county, iding patrol squads in locating highwaymen and other criminals.

Safety campaign activities in all parts of Wayne county, including establishment of Drivers' Schools and Safe Drivers' clubs, and safety devices at many dangerous crossings. More are planned.

His record shows more than 18,000 court orders executed; more than 20,000 prisoners, without a successful escape, cared for at the jail; more than 250 convictions of law breakers obtained, including highwaymen and five murderers; 350 raids made; 60,000 quarts of illegal liquor, and 100,000 gallons of moonshine mash seized.

His staff includes only 100 men, Protestants, Catholics and Jews. Approximately half are engaged as court attendants, others in service of court orders, and the remainder in office duty and crime investigation and prevention.—Advertisement.

A SAFE LEADER.

In Calvin Coolidge the republican party has a safe and sane leader. Good leadership in government affairs is absolutely necessary to the safety of the nation. It is just as necessary that a congress of capable leaders be elected. Weak men, however good they may be, without leadership, or purpose, are of little account in congress. More attention should be paid to the character of those seeking congressional nominations.

Michigan voters as they go to the polls on primary election day should give careful thought to the selecting of candidates for congressmen and for United States senator. Fortunately this district is represented by a congressman who has supported the president in the past and who can be depended upon to continue to follow his leadership, but James Cozans, who is a candidate to succeed himself as senator, cannot be depended upon to support the Coolidge policies. He has failed in the past and he openly boasts that he will act and vote as he pleases regardless of what other people may think. In other words he has assumed an attitude of being bigger and wiser than his party and he is not in sympathy with the policy of the present administration at Washington.

Voters who believe President Coolidge ought to be supported will do well to vote for a candidate whom they know will give him all needed support and encouragement.

ROY HERALD - CANDIDATE FOR SENATOR.

Roy Herald, who is well and favorably known to many people in this section, is a candidate for the republican nomination for the office of state senator, to succeed Walter J. Hayes, and he was in Northville last Saturday afternoon calling on old friends and renewing acquaintances. For a number of years he has been a resident of South Lyon, having been born on a farm near that village. For a number of years past he has practiced law in Detroit, having offices in the Penobscot building.

He is not only a successful lawyer but he is also a successful farmer and business man and will make an able successor to the late Senator Hayes. He will appreciate your vote on primary election day.

LABOR DAY AT FARMINGTON.

Groves-Walker Post, American Legion two years ago preempted all claims for Labor Day celebration programs in Farmington and did so well on that and succeeding Labor Days, which they designated as Gala Day, that the citizens of Farmington and vicinity have released all rights to contemporary attractions and now look forward with joyous confidence to what the boys have in store for them on the annual big event. For the third annual Gala Day next Monday, the post members are making some great promises. The list of attractions for the day, which is unusually large, includes free vaudeville acts of high class, band concerts, dancing, fireworks, airplane stunts and thrills at every turn.

The post and citizens invite you to spend the day in Farmington.

NEW RECORD IN ROAD MILEAGE.

With a full three months of favorable weather still ahead, it is already apparent that Michigan road building will exceed even the record-breaking totals of last year, both in mileage of improved highways, and in the quality and prospective life of the various improvements.

In 1923, Michigan's record led all other states. A similar distinction is freely predicted for 1924.

This road building activity is possible because of the immense, and annually growing, sum contributed in taxes by the motor vehicle owners of the state. Virtually all this sum, whether contributed by city or country motorists, is now expended on highways lying outside corporate boundaries.

In 1923 Michigan's motor vehicle taxes totaled more than \$10,500,000.

This year the motorists have already contributed over \$1,500,000 more than last year, due to the increased number of motor cars in use.

On July 1st, this increase in registration in Michigan totalled 140,454, with the second six months of the year still to hear from.

METHODIST CHURCH NOTES.

Next Lord's Day will be previous to Labor Day. The pastor will speak on "Honest Labor and Honest Capital." The hour of service will be 10:30. Everybody is welcome.

The Sabbath school is a place for all wishing to stay. You are invited to remain at 12:00.

The morning and evening services will commence the first Sunday in September. Prayer meeting will commence on Thursday next.

ST. PAUL'S LUTHERAN CHURCH.

The congregation next Sunday will participate in the Mission Festival of the Lutheran congregation at Clarencville. No services will be held here in St. Paul's church next Sunday. There will be three mission services at Clarencville at 10:30 a. m., at 2:30 and at 8:00 p. m. In the evening service Rev. Graupner will deliver an illustrated lecture on the Lutheran mission work in India.

CHURCH OF CHRIST.

There will be services at the Lapham Library at 3:30, Sunday, August 31st, by Evangelists A. W. Haszmg of Cameron avenue, and Edward Howe of River Rouge Churches of Christ, who will have a message for all. Our last meeting held Sunday, the 24th, was largely attended and we sincerely trust that continued interest will be shown. A hearty welcome is extended to all. Let us make this the best meeting ever held at this mission. Bring your friends. No collection. Communion will be observed this Sunday. Committee.

FAIR NOTES.

There will be just heaps of music at the fair this year, a number of bands having already been secured.

The fireworks display this year will be greater than any that have ever been given here, wonderful exhibitions having been arranged for four nights. The Canton Center Farmers' club and the Plymouth Grange have appointed committees to prepare for displays at the fair this fall. These organizations made very attractive exhibits last year and the year before. Remember the Better Babies contest and baby clinic this year. It is hoped to make this feature of the fair surpass any previous effort. Mrs. Flora Larkins will be in charge again this year and she will be pleased to confer with parents regarding their little ones.

A new free attraction stand 30x40 feet in size and a new band stand 20x20 have been erected directly opposite of the grand stand and the two new structures will provide ample room so all may see the attractions and enjoy the concerts. These stands are placed upon cement piers and are substantially built.

The agricultural boys' and girls' club and school department will have more display space this year and notwithstanding the backward season it is hoped to make the displays surpass any previous effort. To do this will require the co-operation of all who have choice vegetables, grains, etc., and of the schools of the county.

TWO BALL GAMES LABOR DAY.

Two ball games will take place here Labor Day, Monday next. First game will begin at 2:00 o'clock and the Northville Foresters will hook up with Detroit House of Correction team. Arnold Jaska, Hiram Long and Carl Sampson belong to the prison farm club of officials. This, of course, means a five contest for the first game. Then at 3:30 o'clock the Wayne County Good Roads team will begin operations on the Foresters, but as to how far they will get remains to be seen.

The Good Roads team did defeat our local team a few weeks ago at Wayne but can they do it here next Monday again?

It is admitted that the team from Wayne consists of a strong aggregation of ball players and it must not be overlooked that Northville also has as good a club and the best work done by one of these teams will determine the winners next Monday.

CLAUDE MOFFITT TO MOVE TO NEW LOCATION.

Claude Moffitt, who has operated a billiard and pool parlor in the Perrin building for several months past, has leased the building known as the Stanley hotel property on Main street, which was recently purchased by E. E. Brown. He will move to his new location Saturday night and be able to serve his patrons next Monday. Mr. Moffitt will occupy the rooms on the first floor with his billiard and pool tables and will fit the rooms on the second floor as living apartments and will rent some of the rooms.

The building has been thoroughly cleaned from top to cellar and is in fine condition inside and out—the red bricks having been painted a slate color, making a great improvement to the appearance of the property.

The new location will give Mr. Moffitt more room and when he gets everything settled he will have very attractive recreation parlors.

Mrs. John Fitzgerald of Detroit, spent last Thursday with Northville friends.

Mrs. Susie Mapes returned Wednesday from a three months' visit at Evart.

Howard Stewart spent Sunday with his parents, Mr. and Mrs. A. T. Stewart, at East-Lansing.

Mrs. Jane Sessions was a recent guest of her granddaughter, Mrs. Edward Roxburg, at Ann Arbor.

Mrs. Gertrude Starr and daughter, Miss Elizabeth Starr, who were called to New York state by the death of the former's sister, returned home Wednesday night.

CARD OF THANKS—We wish to thank all the kind friends and neighbors, who in any way assisted us during the illness and death of our beloved mother. The many acts of kindness, words of sympathy and the beautiful flowers all pay tribute to her memory and the motives which prompted them, will be cherished in our hearts forever. Mr. and Mrs. F. H. Tousey; Mr. and Mrs. J. A. Huff; Miss Emma Greer and Absent Members of the Family.

CARD OF THANKS—Having sold my grocery and meat business to Geo. Rattenbury, I desire to express my sincere thanks to the people of this section for all past favors and for the liberal patronage they afforded me during the years I have been engaged in business in Novi. Mr. Rattenbury is well and favorably known to the people of this section and I bespeak for him the same courteous treatment and consideration that I have always received from the good people of this community. I shall move on the farm and continue to buy all kinds of live stock and poultry and solicit the patronage of the public. The friendships formed during my business association with the people of Novi will always be regarded as my choicest possessions. Charles Holmes.

MRS. ELIZABETH GREER DIED SUNDAY.

Mrs. Elizabeth Greer died at the home of her daughter, Mrs. Fred Tousey, in this village Sunday, after a long illness.

Elizabeth Bassett Hixman was born in West Bloomfield June 30th, 1844. Having lost her mother when she was six weeks old, kindly disposed relatives cared for her during her infancy. Her girlhood days were spent on her father's farm on the Base Line.

On June 23rd, 1864, she was married to Matthew Greer and to them were born six children—Mrs. George Stevens of Spokane, Wash.; Mrs. Fred Tousey, of this place; Mrs. Edward King of Spokane, Wash.; Mrs. James Clemmer of Seattle, Wash.; Mrs. Jas. Huff, Northville, and Miss Emma Greer of Redford. Five of whom are living. Mrs. Clemmer having died in 1909. She also leaves a sister, Miss Alice Hixman. Nearly all of Mrs. Greer's life was spent in the vicinity of Northville. Her very devoted husband was called by death on March 25, 1891.

That she might spend her declining years in her old home, her daughter came to live with and care for her until her death on August 24th, 1924.

Marshall Ernie Lyke spent Sunday and Monday at Munice, Ind., on official business.

FINDING GOD WHILE MAKING FORD VALVES

Or at any other common place task of the day. Moses found Him at a wayside bush. Elijah discovered Him by the still small voice. A woman of Samaria found Him by the Well at Sychar.

Those unexpected hours of meeting changed drab and disordered lives to ones of usefulness. In the case of the woman a whole village was affected for a well of spiritual happiness was opened for many.

The discovery of God is a great experience and if men and women would only travel along memory lane for a little way they would be amply rewarded by their finds.

The woman of Samaria lived cheaply—no values to the hours as they flitted by. She came to see the danger of a cheap life and had the will to turn to the Master of Life and give Him a chance.

A discovery of God is a personal matter. You do it alone. You decide for yourself. You settle your own case.

Do You Teach The Youngsters To Face The Facts?

School bells ringing for the new term call to-morrow's men and women—the leaders and workers of a few years hence. Billions could not equal the wealth of this nation in its boys and girls. Added billions could not pay what school days will be worth to them.

Train them to meet each test as best they can, to cheer the comrade who passes them while each does the best he can.

Teach them, too, that thrift and a knowledge of how to save are big stepping stones to success.

NATURAL AND OTHERWISE

By T. T. Maxey

WYANDOTTE CAVE

The demand for gunpowder during the war of 1812 was so pressing that large quantities of the nitrous earth in the caverns of the bluffs along the Ohio river in Indiana and Ohio were used for manufacturing saltpeter.

One cave was so productive that it fell heir to the name Indiana Saltpeter Cave. Later this was changed to Wyandotte Cave. After the war the manufacture of saltpeter became unprofitable. Little attention was paid to this cave until it was noted that little were found of licking the walls and floor. Investigation showed that a freezing of natural epson salts covered extensive areas in this underground wonderland. Also that when removed, this frosting rapidly reappeared. Sulphate of lime plaster of Paris and later also were found here. Subsequent explorations brought to light the astonishing fact that in size this cave all but rivaled the Mammoth Cave of Kentucky.

The outstanding characteristics of Wyandotte Cave, in which it is said to exceed all other American caves, are the unusual brightness of its corridors and vaulted chambers, unbelievable quantities of fallen rock, and the massiveness of its stone columns.

The "Pillar," upwards of a mile from the entrance, a magnificent column 25 feet tall and 15 feet through is one of the show places. Another spectacular formation, Columbian Arch, is an almost perfect tunnel, half circle in shape, and 75 feet long. Near one end is a "chunk" of limestone, estimated to weigh more than 500 tons, which loosened and dropped from overhead no one knows how long ago. The Senate Chamber measures 150 by 600 feet. Its terraced sides of limestone culminating in a great dome. From the center of this room there rises a great pile of rock. From the top of this rock pile an enormous fluted column of satin spar extends to the roof above. Almost a perfect circle in shape, 71 feet around, this mastodontic pillar is said to exceed in size any like formation in any cave in the world.

Certain sightless animals make their home in this cave. Thousands of bats which may be observed hanging head down from the roof, make their winter homes in Odd Fellows Hall. This great chamber is 90 feet wide, 210 feet long and 65 feet high.

Wyandotte Cave, formed among the rugged hills in Crawford county 15 near the point where the Blue river flows into the Ohio.

"FLIERS" REACH GREENLAND

LIEUT. LOWELL H. SMITH

Haltax—Lieutenant Lowell H. Smith, acting flight commander, and Lieutenant Erik Nelson, American round the world fliers, have reached Greenland in their flight from Iceland, according to advices received here.

The two American planes were accompanied by the Italian, Lieut. Locatelli who is attempting a flight from Italy to New York. Locatelli was lost in their flight from Reykjavik to Frederiksdal.

The planes are understood each to have taken 400 gallons of fuel on board at Reykjavik. Past performances have indicated a consumption of 25 gallons an hour, which would insure 16 hours continuous flight with

ZR-3 NEARLY READY FOR FLIGHT

New Dirigible, Built in Germany for U. S., Expected in September

Washington—The ZR-3, giant dirigible which is being built in Germany for the United States, probably will start her long flight to Lakehurst N. J. in September, it was announced at the first public inspection of the dirigible.

Despite the fact that she carries explosive hydrogen gas, the ZR-3 is proof against danger from lightning, according to a section of engineering opinion in the navy department.

The outer casing of the ZR-3 is made of thin and light duralumin, a new metal stronger and lighter than aluminum.

HERRIOT GETS CONFIDENCE VOTE

French Chamber of Deputies Upholds Reparations Plan.

Paris—Premier Herriot without much difficulty won the first party battle in the Chamber of Deputies on the London reparations agreement.

His first victory came when the chamber defeated, 320 votes to 209, a motion to refer the London accord on the Dawes plan to a commission, with the understanding that the premier sign the agreement before parliament debated the question of ratification, on the theory that the accord constituted a new treaty outside the Versailles pact.

Michigan Shippers Pay High Rates.

Lansing—Michigan shippers are continuing to pay the higher freight rates demanded by the zoning system in vogue on the Michigan railroads. The interstate commerce commission has suspended its order abolishing the zone rate according to W. W. Potter, chairman of the Michigan public utilities commission, in announcing that Michigan should favor the consolidation of the Pere Marquette with the Nickel Plate system, which is now under consideration.

The Schools and The Railroads

Teachers in Michigan's primary schools are being supported, to a large degree, by taxes paid by the state's steam Railroads. In many counties, the whole cost of these schools is carried in this way.

Michigan is justly proud of these schools, and of the capable teachers who preside over them.

And Michigan's 24 Railroads are proud of the result which their tax payments have made possible.

These primary school taxes have become a part of the delicate balance which laws have established between Railroad receipts and expenditures.

This balance can be preserved with a steady and continued improvement in Railroad service, as the past two years have amply proved.

To destroy this balance by increasing Railroad taxes, or by imposing any additional burden on your carriers, would be a calamity for the Railroads and a severe blow at Michigan prosperity.

All we ask is a fair chance to keep on making good for you.

Write us freely about any phase of this matter that interests you.

STATE NEWS IN BRIEF

Mason—Contracts for the proposed sewer system have been awarded by the City Council at a cost of \$32,498.22.

Owosso—Mrs. Emma O'Rourke, living south of Owosso, was bitten by a rattlesnake while picking cucumbers in her garden.

Flint—A new trunk line road out of Flint to the north is assured with the letting of a contract for work on the new Clio road.

St. Clair—Maj. E. S. Pettit, 77 years old, immigration inspector at this port, has retired after 35 years of continuous service.

St. Johns—Clinton County has excellent crops, and farmers who have threshed their wheat report as high as 50 bushels to the acre.

Bay City—The twenty-second annual convention of Michigan rural letter carriers was held here, with close to 500 rural carriers attending.

Saginaw—Raymond J. Pomeroy, 9, died of burns sustained when he was playing about a bon fire with other children. His clothes caught fire.

Trom Mountain—Mrs. Margaret Farwell, nearly 101 years old, is dead. She came to Michigan in 1831 and witnessed the coming of the first railroad train.

Muskegon—Hans Henrichson, of Holton, has asked officers to help him recover his outdoor dinner bell. Thieves cut down the pole and removed the bell.

Paw Paw—Playing with matches, the two daughters of Walter Matson, 4 and 6 years old, set the barn on fire on their father's farm in Almena township and were burned to death in the building.

Flint—The new \$100,000 home for the Flint Young Women's Christian Association will be built on the site of the present structure at First and Harrison streets; the board of directors have decided.

Oscoda—Diving from the top deck of the fishing tug Birmingham in Lake Huron, Dayton Dailey, of Detroit, saved 14-year-old Elizabeth Daves of Oscoda from drowning after she fell overboard.

Charlotte—Jay Slaughter and Lee Brockway, M. A. O. students, were drowned while swimming in Lake Michigan at Bridgman. Both were there conducting cow tests and studying the marketing of small fruits.

Lansing—Thirty-six men and five women have designated themselves as the Independent Progressive party, named a state central committee of 30 members and endorsed Robert M. La Follette, Wisconsin for president.

Mt. Clemens—Henry Rau and Virginia Smith, of Detroit, were badly hurt when one of the big interurban cars on the Shore Line leaped the tracks at "Ma" Smith's curve and turned over on its side in the middle of the road 20 feet away.

Holland—John Mohl, 45 years old, of Grand Rapids, was fatally injured when thrown from his sulky when his horse Sterling Hall, fell at the finish line in the 2:30 trot at the Holland Fair. His scalp was cut by the horse's hoof and his skull fractured, exposing the brain.

Detroit—Mohammed Karoub will have to stay in jail until his trial for the murder of Russian Abbas, which probably will be early in the September term of court. Judge Guy A. Miller has ruled. He reduced Karoub's bail from \$1,000,000, set by Justice Fred L. Keller, of Highland Park, to nothing, but ordered him held without bail.

Lake City—The four hundred acre Muskegon Preserve, on which are located the ancient Indian circles in Aetna Township, is being cleared by University of Michigan authorities. Other earthworks in this vicinity are being sought by the university. Bird and game refuges will be made of them and the university scientists will study the remains.

Detroit—Request has been made of the interstate commerce commission by the Detroit, Bay City & Western railroad company for permission to reopen its claim by reason of the property of the Port Huron & Detroit railroad, which it operated during the guaranty period. The sum of \$10,201.80 was claimed as the minimum to which the carrier is entitled.

Muskegon—Miss Margaret M. Bailey, won first honors in Michigan in the national essay contest, "The Relation of Improved Highways on Home Life." The contest is being staged by H. S. Firestone, who offers a four-year university scholarship to the winner. Miss Bailey's essay has been sent to Washington as representing the best of the hundreds submitted from this state.

Grand Rapids—The Western Paper-makers Chemical company, of Kalamazoo, and the Tanglefoot company of Grand Rapids, have joined in a suit in district court against the United States and the interstate commerce commission to enjoin the latter from enforcing certain freight rates on shipments of resin from points south of the Ohio river to this territory. The plaintiffs relate that the commission suspended the tariffs protested against, but substituted others just as objectionable. These new rates are now effective.

COW IS GREAT INDUSTRY.

One of the greatest state-producing industries in Michigan is the cow, according to the report of the bureau of dairying to L. Whitney Watkins, commissioner of agriculture. During 1923 the total received by the farmers of this state from milk and its by-products was \$92,568,578, nearly half of which was from milk for household purposes. The remainder came from butterfats sold for butter making, cheese, evaporated, condensed and powdered milk. The total milk produced in Michigan during 1923 was 4,406,300,791 pounds.

The bureau points out that little profit was made by the middleman, only about a cent a quart on milk and less than that to the manufacturer of butter on each pound. Most of the money paid by the consumer for dairy products goes to the farmer—Michigan Manufacturer.

Eight lodges including Ann Arbor, (2) Ypsilanti, Chelsea, Dexter, Milan, South Lyon and Dansville will participate. Masons and their families from several other towns are also expected. Facilities for four thousand people have been prepared.

WALLED LAKE FARMER KILLED BY FALL.

William Griffith, 71 years old, died at 11:30 last night as the result of a fall sustained Tuesday from a hay stack at his home, about two miles out on the Pontiac road.

Mr. Griffith fell on his head and shoulders, and though no bones were broken it was discovered that he had been injured internally. Soon after the accident, he suffered an internal hemorrhage.

Surviving is a brother, James of Pontiac, and a sister, Mrs. John Banfield, besides several nieces and nephews. Mr. Griffith was single, and had spent his entire life in Wixom and Walled Lake.

Funeral services will be held Friday afternoon at the home, at 2 o'clock, and burial will be made in the Wixom cemetery.—Pontiac Press.

MERCHANTS DEFEATED OFFICERS

The House of Correction lost to the strong Seven Mile merchants last Sunday to the score of 9 to 1. Crossman on the mound for the officers held his

own until the eighth when the merchants started to hitting him hard and was removed in the ninth, and A. Jaska finished the game. This being the third game Crossman pitched this week and he was not in condition for the merchants, but he will be on hand next Sunday for the Windsor Beavers. Next Sunday the House of Correction will play the Windsor Beavers at the farm grounds. And will play at Northville Monday (Labor Day).

WALLED LAKE CITIZENS FORM IMPROVEMENT ASSOCIATION.

Upwards of 200 people of Walled Lake and vicinity met at the ball room of Pioneer Inn last Saturday night for the purpose of forming an improvement association to work for the upbuilding and improvement of the community and to secure better police protection. The following officers were chosen: President, Raymond Champe; vice-president, Sidney Bloomfield; secretary, M. G. Post; treasurer, C. F. Rose; acting traffic officer, Wellie Coe.
