NORTHVILLE FAIR ALL NEXT WEEK

Everything in Readiness For The
Big Event—Large Exhibits Are
Assured—Many Attractions

Next Tuesday morning the gates will swing open for the eighth annual Northville-Wayne County Fair and everything is in readiness for the event. Tuesday will be given over to receiving and arranging exhibits and as an added attraction for the opening day there will be a ball game when the base ball tournament which will continue for five days will be opened. Franklin and Farmington, near neighbors, will be the first teams to appear in the tournament.

Wednesday morning will find everything in readiness for the crowds and the program for the day is one of unusual interest. For the first time in the history of the fair we are to have a horse show when riding horses will be shown in numerous classes and already a large number of horses has been entered for the several events. Then there will be the better baby contest and the baby show, which has always attracted a great deal of attention and interest.

At 10:30 Center Line and Rough and Ready ball teams will meet on the ball diamond and in the afternoon at 3:00 the Greenan Cakes team of Detroit will play Northville. In the afternoon and evening there will be free attractions and after the free entertainment at night a wonderful fireworks display will be given.

Thursday will be judging day and many red, white and blue ribbons will be handed out to the exhibitors. Thursday, of course is Plymouth Day and our neighbors are coming over in force again this year. The High school foot ball teams of Plymouth and Northville will play their first game of the season and at 10:30 the two winning teams of the first division will decide who is who in base ball. At 3:00 the Rusdon Creamery team will meet the fast Wayne Good Roads aggregation. Thursday afternoon there will be three good races and the fair management is assured a large field of horses for the several classes. Free acts and fireworks will afford the entertainment for the evening.

Friday has been designated Farmington and Redford Day and our neighbors from these thriving communities will be given a hearty welcome. In the afternoon the two winning teams of the second division will play in the base ball tournament. Friday's races will consist of three events, one of them being a colt race for three-year-old and under.

Saturday is Detroit and Home-Coming Day and it is expected that the largest crowd of the week will be in attendance. In the grand cavalcade at one o'clock will appear the prize winners and the final game in the base ball tournament will take place at three. As a special attraction for Saturday the 125th regimental band has been engaged and they will give concerts afternoon and evening. The Northville band will be on hand all the week and will play about the grounds and give a series of interesting and enjoyable concerts.

Oh, joy, only another week before we can have a feast of pumpkin and apple pies, hot frankfurts, hamburger, coffee. A week of bliss. Dull care please go away.

There will be some ten litters of pigs on exhibition this year in the swine department.

Two special fireworks experts will be sent here to look after the entire fireworks program that is to be shown here four nights. Word to this effect was received from the Ohio Display Fireworks Co., which was awarded the contract of presenting the mammoth show. Entire change of program each night and an abundance of 1924 fireworks creations is the promise of the company.

OPENING DANCE WAS WELL AT
TENDED.

The dance given at the new woman's building at the fair grounds last Friday night was well attended and all who were there had a merry time. Peter Perkins' orchestra furnished music and the program was all that could have been desired. Old as well as the new dances were enjoyed and the happy company made merry until after midnight. The ladies of the fair committee served refreshments in their building across the midway.

NORTHVILLE WAS WELL REPRESENTED AT PLYMOUTH.

Probably the largest crowd ever assembled at Plymouth attended the gala day and road opening celebration in that city last Thursday, and among the countless hundreds who enjoyed the day's festivities were a great many Northville people. In the parade of autos which left here at one o'clock Thursday afternoon there were more than 70 cars and the procession was headed by the Northville Band. T. G. Richardson's handsome car led the procession and as the visitors motored through the crowded street of our sister city they were greeted with hearty applause and made to feel a hearty welcome. Each car carried a blurring flag, while many of the autos were handsomely decorated. The Northville visitors were shown to special parking grounds near the hall park where ample room was provided for all automobiles. The visitors soon lost themselves in the crowd all being eager to enjoy the program of special events provided. Some attending the ceremonies in connection with the opening of the new Plymouth highway, others enjoyed the street sports, and many witnessed the presentation of "The Covered Wagon" at the Penniman-Allyn theatre, while the base ball fans watched the ball game at the High school athletic field.

Rain interfered with the street dance in the evening, but a great crowd attended the one given in Penniman-Allyn auditorium. The celebration was well planned and our neighbors are to be congratulated upon its success.

The members of the city council and the members of the committee having in charge the arrangements for the celebration entertained the members of the village council in some of the surrounding villages at a dinner at the High school building at noon and the gathering proved a most enjoyable one. All members of the local council with their wives were present to enjoy the feast. After dinner the Northville group "had their pictures taken."

BASE BALL TOURNAMENT AT THE FAIR.

A base ball tournament of more than usual interest will be held during fair week, beginning on Tuesday afternoon. Eight teams have been signed up for the contest and \$1,200 will be paid in purses to the winners and the losers of the contest. The following is the schedule for the five days:

Tuesday, September 23, at 3:00 p. m., Franklin vs. Farmington.

Wednesday, September 24, at 10:30 a. m., Center Line vs. Rough and Ready.

Wednesday, September 24, at 3:00 p. m., Greenan Cakes vs. Northville.

Thursday, September 25, at 10:30 a. m., the Winning Teams of First Division.

Thursday, September 25, at 3:00 p. m., Rusdon Creamery vs. Wayne Good Roads.

Friday, September 26, at 3:00 p. m., the Winning Teams of Second Division.

Saturday, September 27, at 3:00 p. m., Final Winners of First Division vs. Final Winners of Second Division.

This ought to satisfy the most enthusiastic base ball fans—a game each day for five days and on some days there will be double-headers.

MICHIGAN'S FOOT BALL SCHEDULE.

The following schedule for the Michigan University football team for this season:

October 4th—Miami University at Ann Arbor.

October 11th—M. A. C. at East Lansing. Stadium dedication.

October 18th—University of Illinois at Champaign. Stadium dedication.

October 25th—University of Wisconsin at Ann Arbor.

November 1st—University of Minnesota at Minneapolis. Stadium dedication.

November 8th—Northwestern University at Ann Arbor.

November 15th—Ohio State University at Columbus.

November 22nd—State University of Iowa at Ann Arbor.

A number of the old warriors of last season reported for duty on Monday, among the number being Steger, Rockwell, Slaughter, Brown, Steele, Babcock, and a winning team may be looked for this year.

In the egg-laying contest at the state fair the first honors were taken by N. Shaurath's pen of White Rocks. Their record for the ten days was 37 eggs, and the prize was \$20 in gold.—Milford Times.

TEXAS NOMINATES FINAL PLEAS MADE WOMAN GOVERNOR FOR LEOPOLD-LOEB

"MA" FERGUSON WINS IN RACE
AS DEMOCRATIC CANDIDATE
OVER MALE OPPONENT.

NOMINATION MEANS ELECTION

Will Be First Governor of Any State
in U. S.—Husband, Former
Governor, Was Impeached.

Dallas, Texas.—Mrs. Miriam ("Ma")
Ferguson was nominated for governor
of this state on the Democratic ticket,
over Felix D. Robertson, in the primary
election.

An unprecedented turn in American
politics—that of a woman governor—
seems assured for Texas through this
nomination as the state is solid Demo-
cratic. The nomination is considered a
vindication for Mrs. Ferguson's hus-
band who had been impeached as gov-
ernor of the state.

Mrs. Ferguson is a quiet, unassum-
ing wife and mother who has never
taken much interest in social or po-
litical affairs save when her husband
was involved. Until it was ruled that
her husband was ineligible to hold of-
fice in Texas because of his impeach-
ment in 1915 and until the courts held
this spring that he could not get his
name on the ticket as a candidate for
governor, she had never taken any
special interest in politics.

Mrs. Ferguson was born and reared
in Bell county, about ten miles from
Temple. Her parents were Mr. and
Mrs. Joe L. Wallace. Both are dead.
Mr. Wallace was one of the earliest
settlers of Bell county coming to
Texas from Tennessee. He acquired
large land holdings in the richest part
of the Texas cotton belt and Mrs. Fer-
guson now owns a large black land
farm out of his estate.

Mrs. Ferguson attended a one-room
rural school and later was a student
at Baylor college Belton. She was
married in 1901 to James E. Ferguson,
her childhood sweetheart, whose fa-
ther also was a pioneer settler of the
section.

SCHOOL FUND IS APPORTIONED

Rate Is \$14 for Every Child Between
Ages 5 and 20.

Lansing—Wayne county will get
\$4,522,446 from the state primary
school fund, according to an appor-
tionment by counties completed by
O. B. Fuller, auditor general.

The fund, which is raised from
taxes on public utilities, will be dis-
tributed at a rate of \$14 for every
child between the ages of 5 and 20.
It goes to all counties, in proportion
of the number of children, to help
maintain the schools. In some in-
stances counties will get more from
the fund than they pay in state taxes.

Kent is next to Wayne with \$773,
642. Genesee will get \$467,530. Or-
chard counties, getting the larger
amounts, will be paid the following:
Alpena, \$92,078; Bay, \$315,266; Ber-
rien, \$269,125; Calhoun, \$249,662;
Charlevoix, \$113,634; Delta, \$165,535;
Dickinson, \$105,112; Gogebic, \$156,
514; Hillsdale, \$110,684; Houghton,
\$115,652; Iron, \$112,602; Ionia, \$122,
774; Jackson, \$254,604; Kalamazoo,
\$255,626; Keweenaw, \$176,868; Lapeer,
\$208,112; Grand Traverse, \$70,450; Ma-
comb, \$210,236; Marquette, \$207,144;
Mason, \$82,058; Menominee, \$124,292;
Monro, \$161,294; Muskegon, \$270,564;
Oakland, \$403,802; Saginaw, \$434,529;
Sanilac, \$13,290; Shiawassee, \$149,
282; St. Clair, \$250,560; Tuscola, \$152,
690; Washtenaw, \$187,740; Huron,
\$161,784.

The rate of \$14 per school child is
the highest in the history of the state,
and the total of the fund is greater
than the state tax will be this year.

STATE TAX VALUATION ADOPTED

Increase in Wayne County Figures
Approximately \$500,000,000.

Lansing, Mich.—The state board of
equalization has adopted the figures
of the state tax commission. As a
result of this action, Wayne's valua-
tion is boosted from \$2,664,740,000 to
\$3,163,233,000, and its percentage of
the state tax from 40.74 to 45.139.
Jackson's valuation drops from \$131,
700,000 to \$129,163,000 and percentage
from 2.01 to 1.85. Kent increased from
\$329,975,000 to \$349,931,000, but per-
centage reduced from 5.04 to 4.99;
Washtenaw from \$117,572,000 to \$117,
006,000, with percentage from 1.79 to
1.66.

DEFENSE ATTORNEY DARROW IN
TEARS AS HE BEGS MERCY
FOR MURDERERS

ASKS LIFE PRISON SENTENCE

Judge Caverly Announces His De-
cision Will Be Given Not Later
Than September 8th.

Chicago—Clarence S. Darrow, chief
counsel for Nathan Leopold, Jr., and
Richard Loeb, concluded his three-day
appeal for mercy before Chief Justice
John R. Caverly, of the criminal court
with a plea to save Illinois from the
"shame and disgrace" of hanging a
19-year-old boy and an 18-year-old boy.

He pleaded for a sentence of life im-
prisonment for the two murderers.
Tears came to his eyes as he begged
the court to spare their lives.

Character analysis based on here-
dity and environment was the theme
of the master defense attorney as he
pleaded before Judge Caverly for the
lives of Loeb and Leopold, Jr., co-
kidnapers and slayers of Robert
Franks.

The veteran of the American bar
went back of the crime itself, to trace
from childhood the influences which
had surrounded his clients. The ef-
fects of these, he acknowledged, could
not be told with certainty, but limits
of human knowledge were blamed for
that. Wealth, he said, was one big
reason for their mad act.

Judge Caverly announced that his
decision on the case, would be given
not later than September 8. The jur-
ist said he would go to Atlantic City,
N. J., to deliberate.

THREE KILLED IN PISTOL DUEL

Two Policemen and Robber Die in
Attempted Burglary

Marquette Mich.—In a pistol duel,
Martin Ford, chief of police, Thomas
Thornton, a patrolman and Oscar
Lampert, a robber, were killed and
Lloyd Ford, a patrolman, was fatally
wounded.

Thornton discovered Lampert trying
to open a window to get into Beucher's
drug store. Upon being ordered to
throw up his hands, Lampert fired, open-
ing fire while he ran and fatally
wounded Thornton.

Chief Ford, with patrolman Walter
Tippett and Lloyd Ford took up the
chase, which led to the banks of the
Choccolay river where Lampert again
opened fire, killing Chief Ford and
fatally wounding Lloyd Ford, after
which he jumped into the river to
escape but was killed by patrolman
Tippett while swimming away.

DAWES AND DAVIS RAKE KLAN

Say Racial and Religious Prejudice
Has No Place in Campaign.

Augusta, Me.—General Charles G.
Dawes, Republican candidate for vice
president, at the rally here of Maine
Republicans said appeals to racial
religious or class prejudice by minor-
ity organizations are opposed to the
welfare of all peaceful and civilized
communities.

Speaking at a gathering of Repub-
licans at Island Park, Mr. Dawes de-
parted from his prepared address to
make the first formal reply to the
challenge issued by John W. Davis
that the Republican standard bearer
also condemn the Klan.

But, like Mr. Davis, the Republican
vice-presidential candidate expressed
the very firm belief that the Klan is-
sue "has no proper part in this or
any other campaign."

FLORENCE MCKINNEY RELEASED

Alleged Accomplice in Murder of
Cora Raber Out on Bail.

St. Joseph, Mich.—Florence McKin-
ney, 19-year-old girl, held for second
degree slaying in connection with the
death of Cora Raber, who was choked
to death, it is alleged, by Florence's
sweetheart, Emil Zupke, was released
from the county jail here on bonds of
\$5,000 furnished by her relatives, who
are Royalton Township farmers.

Justice Ray Davis reduced the
charge against Miss McKinney from
first to second degree slaying Zupke
is under arrest for first degree slaying.

The McKinney girl was taken home
by her father to await trial in the
September term of Circuit court.

INCREASE IN DETROIT VOTERS

Registration Certificates Issued To
Over 330,000.

Detroit—Thirty thousand more De-
troit citizens are qualified by regis-
tration to vote at the September pri-
maries this year than at the same elec-
tion in 1920, the year of last general
election, according to announcement
of the city election commission.

A final statistical check shows that
during the re-registration period cer-
tificates were issued to 330,048 per-
sons, including 212,607 men and 117,441
women. The 1920 total was 300,006.

A WORD TO THE WISE

BUY SUBURBAN REAL ESTATE--WISELY

In advising Detroit people to buy Suburban Real Estate, Arthur Brisbane, editor of the Detroit Times, in an editorial last Sunday gave expression to the following:

The Reader Must Investigate for Himself Before Spending his Money.

But this we do know.

Those of our readers who invest money in real estate judiciously, will inevitably make profits beyond their wildest hopes.

Rapid transit during the next few years will make strides exceeding all that has been done—even since the invention of steam transportation.

Without waiting for electric railroads to be completed and operated the people are going away from the city, with its excessively high rents.

Land 50 miles from Detroit will be nearer the City Hall in 10 or 20 years than was the Grand Boulevard only a few years ago.

Farms of today will soon be rows of small, comfortable homes. Intelligent voting will soon put taxes on the Corporation and take them off the Homes. That is the tendency of today.

No man can foresee what this revolution in transportation and taxation is to mean. Fortunes in Real Estate will be made by those that invest even Moderately, if they invest judiciously.

Only a short time ago the worker walked to his daily labor.

He had to live next to the workshop.

Then two things happened.

Labor unions permitted him to begin work later, and horse cars allowed him to get to work more quickly.

After a while, the steam railroad, with its commuters, replaced the horse car—and the worker moved out even farther than the horse car would let him move.

Now comes the Electric Car. It will improve upon the steam car as the latter improved upon the horse car.

The land now covered with trees or brush—anywhere within 50 miles of Detroit—must increase in value enormously, but it must be selected wisely.

Don't be deceived by the fine wording of advertisements. Look over the ground for yourself. Verify the statements. Make your investments carefully.

Follow these rules and any others that your intelligence suggests.

Buy only what you can pay for and hold. Buy on the installment plan without hesitation, if you keep well within your means. But first ask the cash price, and don't pay an unreasonable price for credit.

Keep close to the lines of prospective rapid transit. Many an empty square mile near Detroit will be empty 20 years from now—if no electric road goes there.

If you have brains to guess where the new roads will go—buy acres instead of lots. But be slow to believe fairy stories about the new rapid transit lines built in the real estate man's mind. See how long it takes you to get there from your work. Cut the time in half—for electric power will cut it in half soon, and you might as well make the money that will come from the cut.

If you have little money, buy land that you can live on. The country air will mean everything to your children. And the time on the train will not be wasted, if you think over your work, give brain a daily hour—and let your property grow at the same time.

The most reliable buyers are our advertisers. We should not knowingly admit others. But men with property for sale decide themselves first of all. It is for you, the buyer, to investigate.

Look at the land. Find the price of property next door.

Have brains and caution, but buy real estate. You will thank us for this advice.

RESTRICTIONS

Only private dwellings or residences with appurtenances shall be erected upon any lot in Grand View Subdivision. No residence costing less than \$6,000 shall be erected upon any lot in said Subdivision, excepting that buildings may be erected for business uses on those portions of lots No. 1, 20, 21, 22, 50, 51, 52, 53, according to the recorded plat thereof, facing on and within 200 ft. of the north line of the Seven Mile Road. Buildings erected for business thereon shall not be more than two and one-half stories high and shall not be flat-roofed.

That plans and specifications of all buildings to be erected shall be submitted to and approved in writing by the owners of the Subdivision or their successors or assigns before construction work is begun.

No buildings shall be built nearer the street than the set-back building lines shown on the recorded plat of the Subdivision. Excepting lots facing on the Seven Mile Road no buildings shall be placed nearer than 15 ft. to the side lines of any lot or 10 ft. to the rear lines of any lot.

That no garage or other buildings shall be occupied for residence purposes for a longer period than two years after its erection, except that at the expiration of such two year period if a single private dwelling has been erected on the same lot, then the said garage or out-building may be used for servant's quarters.

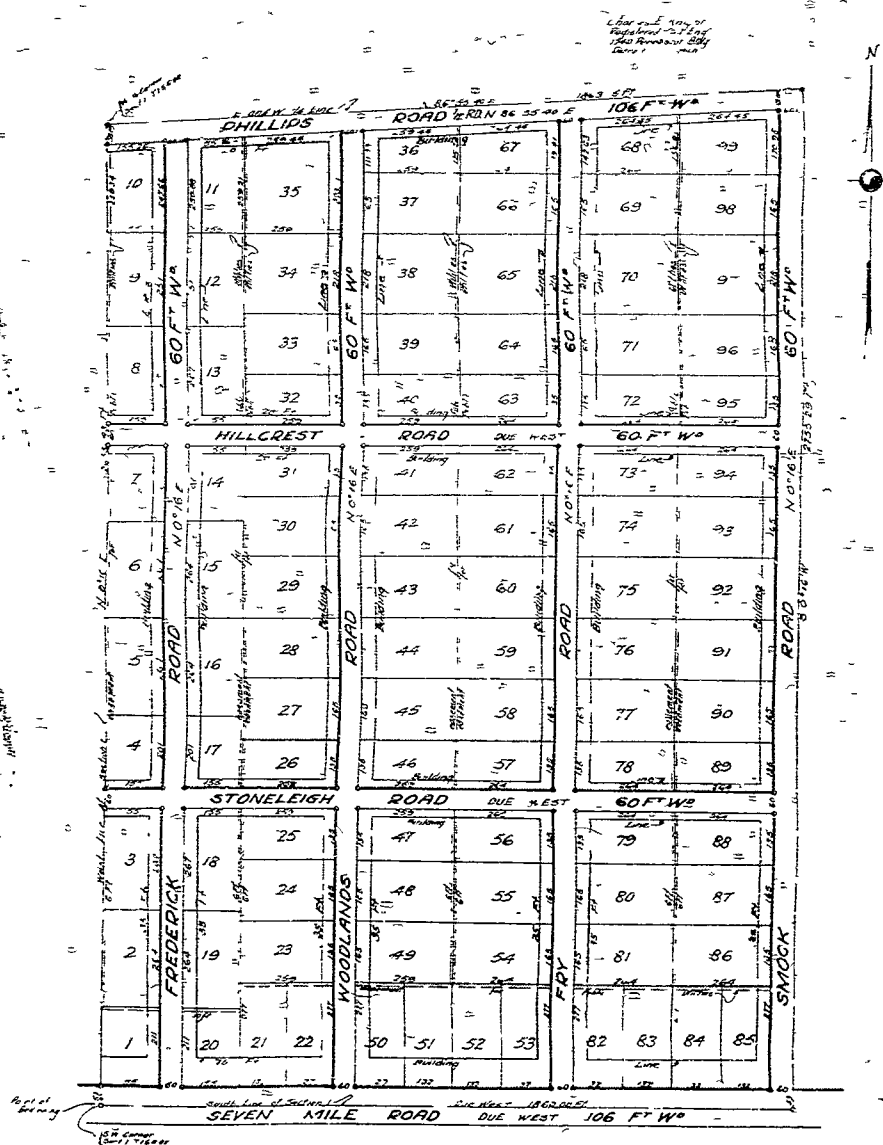

No animals or live-stock, other than poultry, shall be kept except for the private use of the residents on the lot, nor shall it be permitted to run at large.

Until 1930, sanitary closets may be used. After January 1st, 1930, and until such time as sanitary sewers may be constructed in said Subdivision, every resident shall maintain a septic tank as approved by the State Board of Health, for sewage disposal, provided however, two or more dwellings may maintain a joint tank, if so desired, and agreed upon.

No fence higher than six ft. shall be constructed on any lot, and all fences shall be subject to the same approval as that governing the buildings. No signs, posters, bill-boards or other advertising devices or symbols shall be erected or displayed on any lot in this Subdivision excepting signs on business buildings and pertaining to the use thereof. "For Sale" signs may be erected, but no larger than 24x36-inches.

No lot or portion thereof in said Subdivision shall be sold or leased to any person of other than the Caucasian race.

That all aforesaid covenants, conditions and restrictions shall run with the land and be operative until January 1st, 1950.

Lots 36 to 42; 57 to 75; 92 to 99 are not sold. Part are Covered with Real Timber and Adjoin the Meadowbrook Golf Links. Priced from \$750 up. 10% Down; 1% Monthly. We also offer 1 to 5 Acres to the East in Meadowbrook Estates, at Attractive Prices With Terms.

Indianapolis—Homes for aged members of the Improved Order of Redmen will be erected in every state in the union according to a resolution adopted by the great council of this order in session here.

U. S. Has 67,000 Employees in D. C.
Washington—Latest statistics in the hands of the Civil Service commission show that there are about 65,000 federal employees in the District of Columbia not including the 2,500 workers in the Bonus bureau.

Buffalo Elevator Destroyed By Fire.
Buffalo, N. Y.—The Exchange Elevator, containing 600,000 bushels of grain, was destroyed by fire with an estimated loss of \$1,500,000. Four workmen trapped in the cupola of the elevator were rescued by firemen.

Board for Bed After 44-Hour Drive.
Topeka, Kas.—After Allen Fisher drove his automobile in an endurance test 44 hours and 39 minutes, his agent ordered him to bed, but gave him a board to lie on instead of a soft bed fearing that too sudden a relaxation might prove fatal.

Detroit Walks to Chicago School.
Chicago—Lack of money did not deter William Thomas Skinner, 24 years old, of Detroit, from entering the Moody Bible Institute. Finding his funds were insufficient for a train journey to Chicago, the young man decided to walk, and completed the journey successfully.

Wasp Cuts Off City's Water Supply.
Gainesville, Tex.—A wasp was responsible for Gainesville being without water all night when it flew into a motor car, striking Mrs. Ballard Watts. She lost control of the car, which swerved into a fire plug, breaking it off. Water throughout the city was turned off all night while the fire plug was replaced.

Spafford Elected Legion Head.
St. Paul, Minn.—Edward E. Spafford of New York was elected national commander of the American Legion at the sixth annual convention held here. He was formerly commander of the Lexington post of New York and later served as chairman of the American Legion National Naval Affairs committee.

Commander Klein, ZR-3 Chief, Sails.
New York—Commander Jacob Henry Klein in command of the naval air station at Lakehurst, N. J. has sailed for Europe on the Mauretania to assist in bringing the new dirigible ZR-3 to this country from Germany. He will be classed as a passenger on the dirigible assuming command only when the airship is anchored in American soil.

Tax Board Rejects Income Tax Claims.
Washington—The United States board of tax appeals has decided it has no jurisdiction in cases involving only the refund to the taxpayer of tax paid prior to passage of the revenue act of 1924. By the ruling the board eliminated from further consideration on one entire class of cases that it had been expected heretofore would be submitted to it for adjudication.

Gets Fortune But Keeps Working.
Lexington, Ky.—Although he recently won a court suit from his mother, by which he was awarded about \$400,000, George Otis Draper, Jr. has decided to work. So has his young wife, who was Maude McClintock, society girl here. Draper has become vice-president of a business college and has announced that any boy or girl unable to pay can have free tuition.

Youth Who Shot Clemenceau Dying.
Paris—Emile Cottin, the youth who shot M. Clemenceau while the premier was on his way to a session of the peace conference in February, 1919, is seriously ill in prison, suffering from tuberculosis. No hope is held for his recovery. Cottin was sentenced to death, but upon the personal request of M. Clemenceau he was saved from the guillotine and his sentence commuted to 20 years in prison.

Mt. Shasta Glacier Moves Down Slope.
Yreka, Calif.—The Mt. Shasta glacier, dislodged by the long continued drought and warm weather, has slipped from its ancient resting place on the north side of the mountain and is moving down the slope, snapping off big trees in its path and thrusting immense boulders before it. Huge clouds of vapor are arising as the moraine of the glacier are being broken up by its movement, and these clouds are forming one big cloud over the head of the moving mass.

I WENT FIVE YEARS AGO

Items taken from The Record files of 1899, for the week corresponding to this week.

F. S. Neal received a visit from his mother, this week.

Miss Ada Wolfe began her school at Livonia Center, Monday.

Our Base Line George Clark is serving as jurymen at Pontiac, these days.

Mrs. W. G. Lapham and son, Jared, returned last night from their eastern trip.

Mr. and Mrs. Charles Nevison have gone to Laingsburg, where Mr. N. will engage in the bakery business.

Mr. Rattenbury has again resumed work on his hotel and says he expects to open up by October 1st.

Will Taff has bought out the city dray line and outfit of Ed. Perkins and has commenced operating the same.

George H. Gibson, a former Northville boy, is now assistant editor of the New York Engineering News, New York City.

Elliot & Tinsam with their full orchestra, will give a big fair dance in Pennington hall, Plymouth, next week Thursday evening.

Clara, the eight-year-old daughter of Mr. and Mrs. Eliza Simmons, fell from a high box wagon last week Friday and was seriously injured.

Frank Root, a former Northville boy, has recently been promoted to engineer on the Panhandle railroad and is now pulling a fast freight out of Richmond, Ind.

Rev. Seth Reed, formerly of this place, was married Wednesday to a well known Flint lady. They will reside at Orion. Mr. Reed is 80 years of age and the bride, Miss Nettie Andrews is 35 years of age.

As a result of the annual M. E. conference in Detroit this week, Rev. W. M. Ward of this place, was promoted to be presiding elder of the Bay City district and Rev. H. W. Hicks of Oscoda, is sent to Northville in his stead.

Messrs. Root & Blackburn are out of the produce buying business. They started out last week to relieve the Northville butter famine and after a forty mile drive returned home with just 7 1/2 lbs. of an article that forage and strength spoke volumes.

NORTHVILLE FAIR NEXT WEEK.

The Northville Wayne County Fair will open next week Tuesday and will continue for five days, closing Saturday night. Every day will be filled to overflowing with special attractions and the exhibits will be fully up to former years and in many departments better. Tuesday will be entry day when the several displays will be arranged. Wednesday will be horsemen's day when the best and biggest horse show ever attempted in Wayne county will be held. Thursday will be Plymouth day as usual and Friday has been designated Redford and Farmington day. Saturday will be Detroit and home coming day. There will be ball games on each of the five days, eight teams having been signed up for the tournament. On Wednesday will occur the better baby contest and the baby show and this department has become one of the most interesting of the fair.

The handsome new woman's building will be filled to overflowing and the antique department will be of more than ordinary interest. On Thursday, Friday and Saturday there will be good race program, three events being offered each day. The displays of livestock, poultry, fruits and vegetables will be exceptionally large again this year, and three high-class free attractions will appear twice daily on the new platform directly opposite the grand stand.

Premiums lists may be obtained by addressing the secretary, E. L. Smith, Northville.

JERSEYS WON MANY PREMIUMS.

At the recent Michigan State Fair the Jersey cattle herd of the Brennan, Fitzgerald & Sink farm carried home a fine lot of premiums—two firsts, three seconds, six thirds, one fourth and two fifths. Manager Chas. Nielsen informs The Record that he will be at the Northville fair next week with the prize winners. This feature of the cattle exhibited at our fair has always attracted a great deal of attention and interest.

GUILD WILL SERVE LUNCHES.

The Westminster Guild will serve lunches from a booth at the fair next week and will appreciate the patronage of the public.

Walled Lake Warbles.

Mrs. Clara Long, who died last week at her home in Commerce, was borne to her last resting place by six men who were her former pupils and by whom she was held in high esteem.

Last week Tuesday night a number of the members of the W. M. B. class of the Methodist Sunday school motored to the home of Mr. and Mrs. A. J. Church at Ann Arbor, where a very enjoyable evening was spent. A potluck supper was served and the evening given over to visiting and merry-making. Mrs. Church was the teacher of the class at the time of its organization and her faithfulness contributed largely to its success.

Miss Bath Bentley left for Albion Monday morning, where she will attend college the coming year.

Mr. and Mrs. Virgil Mercer and daughter, Shirley, Dr. Allen and daughter, Arumah, and Mrs. William Miller, Elizabeth and Myrtle Miller, all of Mt. Clemens were Sunday visitors with relatives and friends here.

The annual meeting of the Walled Lake Home-Comers was held at the Methodist church at Walled Lake last Saturday, and was well attended. writes the Walled Lake correspondent to the Pontiac Press.

There were a number of new faces there but most of them were those who have come back to their old home to meet old friends. Memorials were read for some of those who had passed on during the last year. One especially who had been a great worker and was the secretary of the association, Mrs. Anjouette B. Hulet. Others were Mrs. Sarah Potter Chapman, Charles Banks, Mrs. Frank Hutchins, Edward C. Holmes, Wm. Youngs, William Axtell, Edward C. Rose, Frank Ryel, Josephine Compston-Hyde, William Wilson, who died in California, and Ruter Smith who died in Wyoming. Vallev, also Mary McCoy Ford, and William Griffith.

The officers elected for the coming year were Fred M. Bicking, president, Ira Carnes, vice-president; Miss Sadie Bicking, secretary, Mrs. Nellie Carnes, treasurer, chairman of Memorial section, Bruce McKnight, Committee on program for next year, Mrs. James Gilchrist, Mrs. C. F. Rose and J. A. Deveraux.

A fine dinner was served by the ladies of the Methodist church, over 100 being served.

Many more came after dinner. A good program was given consisting of music and speeches by different ones. Dr. Lyons of South Lyon gave an address.

FAIR NOTES

Those entering exhibits in the antique department for premiums will be required to purchase an exhibitor's ticket. If the articles are for display only the exhibitor may do as he chooses.

Oh, yes, the Seniors of the High school will also have a booth. Do you remember the good things they served you last year? Well, they will do better this year. Any donation of food suitable to serve at their booth will be appreciated. Remember they are working for their Washington trip next summer.

The baked goods this year will be shown in special cases and this department gives promise of being larger and better than in former years.

The young people of the Wixom Baptist church will have a lunch stand on the grounds and they will appreciate the patronage of the public. They subscribed toward the fund for church improvement and have adopted this means to raise a part of their subscription.

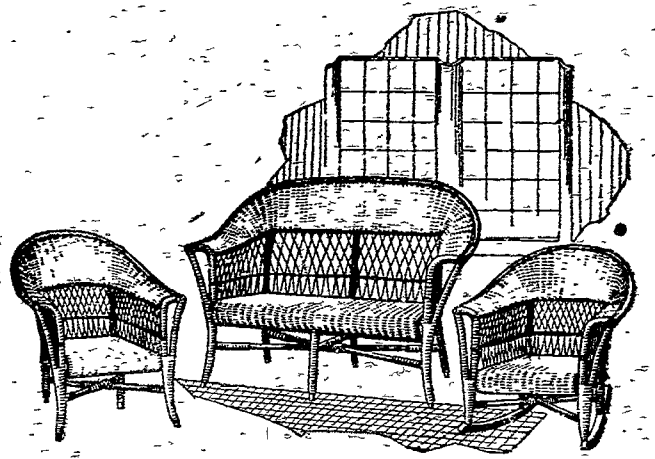

The American Legion and the Westminster Guild of this village will be glad to meet their old friends at their refreshment booths on the grounds. The former will serve hot and cold drinks, lunches, cigars, etc. while the latter will serve hot coffee and lunches.

Lucius Blake, the jeweler, will give a baby's ring, solid gold with a diamond set, to the winner of class 1 in the baby show.

PONTIAC MAN DIED HERE.

Mr. and Mrs. Edwin L. Hayner of Pontiac came to Northville last week to visit their daughter, Mrs. Fred Broegman and family. Sunday night he attended the picture show and was about as usual during the day. Soon after midnight he was stricken and died suddenly. Funeral services were held on Tuesday and the remains were taken to Owosso for burial.

Visit Us During Fair Week

We extend to all the people of this section a very cordial invitation to visit this store during Fair Week, that they may have an opportunity of inspecting our very complete assortment of Furniture, Rugs, and Floor Coverings. During the past few months we have been busy gathering from the best Furniture Marts in the country an assortment of Home Furnishings to enable us to supply the needs of our patrons. The new goods are here on display and their inspection will provide pleasure for all who can find time to visit the store.

We have added some new lines and we have also enlarged many others, until we have a complete assortment of Furniture as you will find in any city. If you will accept this invitation you will have an opportunity of inspecting the quality of the goods we are offering and if you will do so we shall feel well repaid. We do not ask you to buy now unless you are fully satisfied, but we do ask you to come and look through our stocks and satisfy yourself that we have no cheap, shoddy merchandise to offer you.

You can make a personal inspection of our large assortment of Rugs and determine for yourself their quality, the material used in their manufacture, and the workmanship employed in their making. You will find this a much better and safer plan than to make your selections from catalogues or photographs.

You can inspect our very complete assortment of Dining Room and Bed Room Furniture in the full suites or in the single pieces, examine the various woods and finishes and satisfy yourself as to its quality.

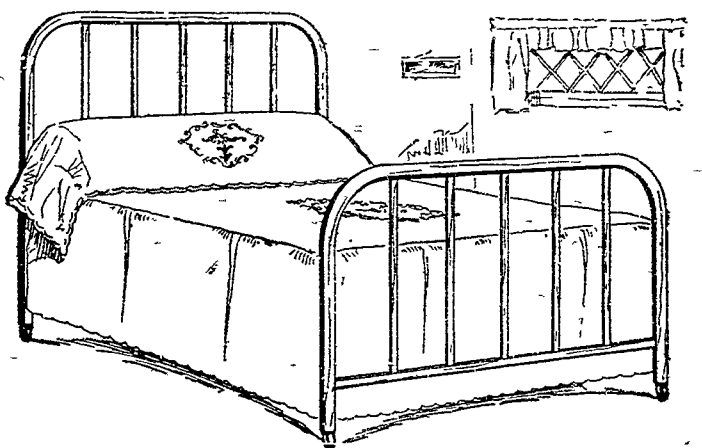

You will enjoy spending a half-hour or more in our Chair Department where we have a great array of Chairs from which you may select one to meet your particular fancy or needs.

You will find it easy to shop here.

RECORD VOTE WAS CAST IN PRIMARY

GROESBECK GETS NOMINATION
FOR THIRD TERM—COUZENS
BEATS TUTTLE.

OVER 700,000 CITIZENS VOTE

Entire State of State Congressmen
Renominated—Upset in Race
for Detroit Mayoralty.

Lansing—In the primary election last week, Governor Alex J. Groesbeck was nominated by the Republicans to succeed himself for a third term. Senator James Couzens won the long and short term and Geo. H. Welsh, of Grand Rapids, was nominated for Lieutenant Governor. Over 700,000 voters registered their choice at the polls.

Groesbeck was nominated in a field of seven candidates by a plurality of approximately 200,000 over his nearest rival, James Hamilton. "Bearcat" Baker, of Cheboygan, ran, third, Charles R. Sligh was fourth and Fred Perry fifth, with W. W. Potter and Thomas Reed trailing. Edward Frensdorff was nominated by the Democrats. Welsh won the nomination for Lieutenant Governor by about 20,000, through the vote in Wayne county, the remainder of the state having given a majority vote for Lauren Dickenson. Geo. A. McArthur finished a close third.

Couzens' vote in Wayne county also was the deciding factor in his nomination for the Senate and enabled him to defeat his nearest rival, Judge Arthur J. Tuttle by over 50,000. Daniel W. Tassing, of Lansing, ran a poor third. Couzens was actively by the anti-saloon league and a number of organization Republicans.

The entire Michigan Congressional delegation was renominated. Robert C. Clancy, the lone democratic incumbent was unopposed in the first district as was Earl C. Michener in the second. Rep. Grant M. Hudson, in the sixth, Carl E. Mapes, in the fifth, and Bird J. Vincent, in the eighth, showed the greatest majorities. All three ran away from their opponents and piled up around 2 to 1 leads. The others were nominated by majorities not so large.

The greatest surprise in local election issues was in Detroit where Charles G. Bowles ran a close third for the non-partisan nomination for Mayor. He was approximately 2,000 votes behind former acting Mayor Joseph A. Martin. Bowles has asked for a recount.

The name of Bowles will long be remembered in Detroit's political history as a result of his phenomenal run. He explained by saying that he had surrounded himself with friends who had gone to work for him. These friends coupled with public sentiment against the "mad slinging campaign" which his opponents put up, are responsible for his wonderful run.

SEEKS TO BAR MRS. FERGUSON

Eligibility of Candidate for Texas
Governorship Questioned.

SAN ANTONIO, Tex.—An injunction suit to prevent Mrs. Minnie A. Ferguson from becoming governor of Texas was filed here in district court by Charles M. Dickson, an attorney of San Antonio.

The suit seeks to prevent Mrs. Ferguson's name going on the ballot.

The petition alleges that James E. Ferguson, who is debarred from holding office, is the real candidate in the name of his wife and that common law adopted in Texas in 1840, a woman, especially a married woman, was ineligible to hold any executive or judicial office and that no such right has been conferred by statute or the Constitution.

RUHR RECEIPTS SHOW SURPLUS

Germany Credited \$27,000,000 Francs
—Belgium Receives Payment.

Paris—Receipts in the Ruhr for the 18 months ending in June of this year amounted to 2,519,000,000 French francs, including cash, merchandise and accounts collectable, according to official statement made by the ministry of finance. Two thirds of this amount was collected during the 1924 semester.

Germany was credited with \$27,000,000 francs in reparation, while Belgium was given 173,000,000 gold marks under her priority right. There remains on hand 32,000,000 gold marks.

Corn Borer Peril Is Spreading

Detroit—The European borer has spread to 44 additional townships according to Earle G. Brewer, administrative officer in corn borer work in Michigan. L. R. Taft, Chief Horticulturist of Michigan, advises farmers to harvest their corn early in the season and to cut it low, to prevent the borers from wintering in the stubble. All left-over cornstalks, cobs, stubs, coarse weeds should be burned in the spring. Means for exterminating this pest have not been found.

America's Marvels NATURAL AND OTHERWISE

By T. T. Maxey

FAUNCES TAVERN

Faunces Tavern at the southeast corner of Broad and Pearl streets in New York City is one of the oldest buildings in that great city.

Built in 1719 as a residence for a Mr. Delancey, fate decreed that it should play a prominent part on so many important occasions that it has naturally won for itself a place of prominence among the most distinguished landmarks of our time.

Historical records that in 1757 this building was being used as a store-room and warehouse. Later it became the property of a West Indian gentleman who was known as "Black Sam," from whom Samuel Faunces purchased it in 1762. Three years later it passed to a new owner and in 1768 the organization of the Chamber of Commerce was effected here. Faunces again became the owner of this much-traded building in 1770 and in it conducted a tavern—a gathering place for those gentlemen and ladies who wished to favor him with their company.

A shot from a man-of-war struck this building in 1775, following which Faunces joined the American army. Later he again secured ownership of this house and continued in possession of it for a number of years.

In 1783 General George Washington was headquartered here by Governor Clinton of New York state and in this same building during the same year General Washington took his leave of his forty-four officers.

Faunces sold this building in 1788 and it later passed through a series of ownerships and changes. In 1832 the interior was damaged by fire. Twenty years later it became known as the Broad Street House. Subsequently it was visited by a disastrous fire and still later two stories were added to it.

The venerable building was once more restored and in 1907 it was dedicated by the Sons of the Revolution. Restored to its former appearance and interior arrangement, the present structure is practically as it was during the Revolutionary period. The first floor is still used as a restaurant, the second containing the celebrated long-room where General Washington took leave of his faithful lieutenants of Revolutionary fame and the third being occupied as a museum contains relics—flags, china, medals, etc., of Revolutionary days.

PRODUCT OF GENERAL MOTORS

Out of Place

It's tough to be in a crowd of radio and Mah-Jongg fans when you understand only English.—Brooklyn Eagle.

The Difference

If we think the man means it, a compliment is commendation; if we think he doesn't, it's flattery.

Among the Missing

What has become of the old-fashioned novelist who could inspire the affection of his readers for at least one of his characters?

Like a Thunderstorm

A big knockdown-and-dragout argument is like a thunderstorm. There are mutterings and growlings for long afterward.

Prunes Redeemed

Prunes—suffer under undeserved calumny. To 3 cents' worth of prunes add 20 cents' worth of clotted cream and they are redeemed.

The Real Evil

Comes a preacher with the news that the reason there are no divorces in heaven is because there are no lawyers up there.—Bulletin.

Necessary

Losing one's temper is, of course, reprehensible but it is the last resort in convincing some natures that you want to be let alone.

Record for Reading

Sixty-four members of a church in Council Bluffs, Ia., reading in 15-minute relays from 6 o'clock in the morning until 11:15 at night completed the New Testament in one day.

Dresses Up Thoughts

A popular lecturer dresses up the thoughts of his audience in language they enjoy, but can't supply.

Hydraulic Ram

The hydraulic ram was originally designed by Whitehurst, a watchmaker of Derby England in 1772, and subsequently perfected by Montgolfier, the famous French balloonist, in 1796.

Gas Mains in U. S.

In the United States 70,000 miles of gas mains are used to supply 4,600 cities and towns with gas.

Missionary Work

Men who say that no work is so well done as the work you do your self are just the ones sought to do all the thank-you work.

An Even Break

It is occasionally a doubtful and pondered choice: To go to the party and pretend you enjoy it or stay at home and be lonesome.

A Queer Thing

One of the queer things about us all is that we'd sooner believe what is told us by a stranger than what is told by our best friends.

Something in This

"De man dits don't his best ain't at ways 'precatid," said Uncle Eben, "for de reason dat he's occasionally like de choir singer dat hollers de loudest when he's off'n de key."

RABER MURDER TRIAL STARTED

TWO CHARGED WITH KILLING
FORMALLY ARRAIGNED IN
CIRCUIT COURT

EMIL ZUPKE AWAITS SENTENCE

McKinney Girl Pleads Not Guilty to
Second Degree Murder—\$4,000
Bond Continued

St. Joseph, Mich.—Florence McKinney, flapper sweetheart of Emil Zupke, local factory worker and confessed murderer of Cora Mae Raber, Glendora township girl, pleaded not guilty to a charge of second degree murder when arraigned before Judge Charles E. White in circuit court last Monday.

Zupke, arraigned three hours later before Judge Charles E. White, pleaded guilty to first degree murder. He was returned to his cell in the county jail to await sentence which probably will not be passed until after Florence's trial.

Immediately after the plea was entered, Florence fled from the court room which was filled to capacity. Her \$4,000 bond was continued.

Miss McKinney, who was arrested early this month and only a few hours after Zupke had been apprehended and charged with killing Miss Raber, whose partly decomposed body was found by side an abandoned railroad crossing nine miles south of this city, will be tried on the grounds that she conspired with her lover to kill Cora Raber.

Prosecutor Gore said it was probable the trial of Miss McKinney would not be reached for two weeks, as the jury has not been summoned until next Monday.

FRANKS CASE MAY FREE CONVICT

Case of 19 Year Old, Sentenced to
Hang Arouses Interest

Chicago—The case of 19-year-old Bernard Grant, sentenced to be hanged for the murder of a policeman, is attracting national interest and messages from all parts of the country offering financial aid are pouring in on the boy and his attorney.

Following closely on the heels of the escape from the gallows of Nathan Leopold and Richard Loeb, sentenced to life imprisonment for the confessed murder of Robert Franks, 14-year-old school boy, on the grounds they were under age the case of young Grant means according to Thomas E. Swanson, the boy's attorney, that "justice itself is going on trial."

Grant denies any connection with the murder of the policeman who was killed by one of two youths following the attempted hold-up of a grocery store. He was arrested December, 1922, and a jury found him guilty and recommended that he be hanged.

JIMMY MURPHY KILLED IN RACE

Is Third of Noted Drivers To Meet
Death in Last 15 Days

St. Louis, Mo., Sept. 19.—Jimmy Murphy, driver in the 175-mile automobile race at the state fair, was killed today by a car which ran into him in the 125th lap of the race, when his machine dashed through a fence and died a few minutes after being taken to a hospital.

Murphy was the third Indianapolis 500-mile speedway champion pilot killed within 15 days. Joe Boyer, of Detroit, was fatally injured in a crash on the speedway at Wilkes-Barre on Labor Day. Dario Resta was instantly killed the following day at Brooklands, England, when his car crashed through a fence while he was going at the rate of 125 miles an hour. Murphy was winner of the 1922 race at Indianapolis, Boyer winner in 1924, and Resta winner in 1916.

FRANK CHANCE, CUB LEADER, DIES

Succumbs at His Los Angeles Home
After Lingerin Illness

Los Angeles, Calif.—Frank Chance, famed as the peerless leader of the Chicago Cubs when they won four pennants, in 1906, 1907, 1908 and 1910, and two world's championships in 1907 and 1908, when the Detroit Tigers opposed them, collapsed and died in a Los Angeles hospital Monday night.

He has been ill ever since last spring, first diagnosed as a sinus and later a complication of diseases, compelled him to resign his post as manager of the Chicago White Sox.

U. S. Owns \$1,542,655,511 Real Estate.

Washington—Exclusive of the "public domain" and the national parks, the United States government owns real estate valued at \$1,542,655,511, according to the Federal Real Estate board. The total is some millions of dollars less than the amount reported last year, due to a reappraisal. It was stated that, under the administration of the Real Estate board, federal agents no longer hire outside space and property while available government space and property stand uncoccupied.

NORTHVILLE, MICH., SEPT. 19, 1924

NASHIONAL EXCHANGE CLUBS MEET AT NASHVILLE, TENN.

This coming Sunday Secretary William Richards and Past President C. A. Dolph of Northville Exchange club will leave for Nashville, Tenn., to attend the national convention of exchange clubs which will be held in that city on September 22, 23 and 24. Mr. Dolph will be accompanied by Mrs. Dolph. It is expected that approximately 1,500 Exchangers from all parts of the United States will attend the convention and great plans are being made for their entertainment.

Immediately after reaching Nashville, the visitors and delegates will visit official headquarters at the Hermitage Hotel to register and receive their badges, programs, credentials and such other matter as will be provided. All the essential information which visitors may desire to obtain will be disseminated from convention headquarters.

A special Exchange convention post office will be maintained at the Hermitage Hotel in charge of an official postal superintendent, so that the guests may find their mailing expedited; and particularly so that they may have an opportunity to send home all the varied souvenirs which are usually accumulated at conventions.

The various automobile committees are under the direction of Exchangee Charles H. Peay, secretary of the Nashville Automobile club, with headquarters also at the Hermitage Hotel. Ample provision has been made for storing the touring cars. The visitors, who drive through from their points of origin will find arrangements perfected, and special pilot cars to escort them to the point or storage, and back to their hotels.

The ladies of the Exchange club have formed a separate and distinct organization, under the able leadership of Mrs. Luke Lee, the wife of Col. Luke Lee, vice-president of the Nashville club. With the help of this splendid organization, the local club feels strongly encouraged and more satisfied that every visitor may enjoy a happy home a feeling of sincere friendship and the knowledge that Nashville did her best.

BAPTIST CONVENTION WELL ATTENDED.

The convention of the Wayne Baptist association which was held at the Baptist church in this village on Tuesday and Wednesday was one of the most interesting and inspiring gatherings ever held in this district. A wonderful spirit of enthusiasm permeated all the sessions and visitors were entertained with the most generous and generous in their praise of the manner in which the convention was held.

A very complete report of the convention will be published next week so that many who were here may receive a copy of The Record containing an account of the meeting.

HENDERSON STOCK CO. FAIR WEEK.

Starting Sunday night, September 21, the Henderson Stock Co. will open an eight-day engagement at the Alhambra Theatre. This company are not strangers to Northville theatregoers and they come this year bigger, brighter and better than ever. Mr. Henderson has selected for his opening play Sunday night the sensational comedy drama "One Girl's Experience." A play new to Northville with a special scenery and lighting effects. Good vaudeville between every act. Prices 15c, 25c, 35c. Ladies free Sunday night, under usual conditions.

TO OPEN NEW BAZAAR SATURDAY.

J. A. Huff announces the opening of his new bazaar in a large advertisement in today's Record. The event will occur on Saturday, tomorrow, and the public is cordially invited to attend. The new store will be located in the basement under the hardware store and entrance may be made either from the sidewalk on the outside or from the store. The room has been fitted up in a very attractive manner and this will, no doubt, prove a popular trading place.

CHURCH OF CHRIST.

Services at Lapham Library Sunday, September 21st, at 3.30 p. m., by Evangelist A. W. Hastings of Detroit. These meetings are proving very interesting. Come and bring a friend. No collection.

NOTICE.

On and after this date, September 18th, 1924 I will not be responsible for any debts contracted by my wife, Mrs. Viola A. Kelly.

Signed: ALBERT D. KELLY, Northville, Mich.

PRESBYTERIAN CHURCH NOTES.

It has been said "God made the country and man made the town." Sunday evening we are to have as our guests the men who enlarged and beautified the church and manse together with their families. Subject "God's Builders, God's Buildings."

In the evening the pastor will speak on "The Essentials of usual Religion."

Thursday evening for our third lesson on "The Training of the Twelve," "Matthew, the Publican."

A very cordial invitation is extended to the public to attend these and all other services of the church.

METHODIST CHURCH NOTES.

Next Sunday is conference Sunday and the pastor will be away.

The Sunday school will meet at the usual time—12 noon. Don't forget to be present.

The coming events are as follows: On Thursday, October 2nd, we will have our second annual Harvest festival service, when the Rev. Ralph Pierce, a former pastor and now pastor of the Grand River Avenue church, will give the address. Look for a later notice.

The 90th anniversary of our church will be the week of the 19th to the 26th of October. We hope to have Bishop Nicholson with us.

The annual bazaar and chicken pie supper will be November 11th. Watch for further announcements.

GRENNAN Cakes TEAM CANNOT COME.

The Grennan Cakes ball team of Detroit which has been announced to play Northville next Wednesday afternoon has been compelled to cancel its engagement, owing to the fact that they are in a strictly amateur class and are now engaged in a series of games to decide the championship of the United States among city league teams. Because of this fact they cannot play against any ball team which might have a professional player in its line-up.

Mr. Schrader informs The Record that he will secure some other good team to meet Northville and if the home team wins they will have to play some ball.

FRANK JACKSON DIED SUDDENLY.

After a long illness and many weeks suffering, Frank Jackson passed away on Tuesday at his home on Walnut street in this village. The deceased was born in Farmington June 29, 1853, and twenty-six years ago he became a resident of Northville. Besides his wife he is survived by five children, one brother and one sister, besides grand-children and one great grand-child. The children are Mrs. Mary Oberly of Charlotte, Elmer Jackson and Mrs. Howard Shipley of Plymouth, Harry Jackson, Jesse Jackson, Miss Perry Austin, Albert Stockman, of this place, Robert Jackson of Flint and Miss Fannie Jackson of Farmington. Funeral services were held Thursday forenoon at Schrader's funeral parlors and burial took place at the Lakeside cemetery.

WEDNESDAY PROMISES TO BE A BIG DAY.

Wednesday has been designated Horsemen's Day at the Northville Fair this year and the day promises to be one of the biggest of the week. Already many entries have been made in the several classes and it is expected there will be upwards of 100 head of saddle horses shown. Among the entries are the pick of the best stables in the Detroit area, and if you love to see a good horse, one that is well groomed and well bred this will afford you an opportunity. There will be children's saddle class, polo class, open jump, hunter class, saddle class, etc. For the hunter class a pack of hounds will be brought out from Detroit.

The Grennan, Crowley, Fuller, Navin, Alger and many other popular stables will be represented in the several classes.

"THE POTTERS" AT THE GARRICK THEATRE.

Richard Herndon announces that J. P. McEvoy's enormously successful comedy, "The Potters" will begin its Detroit engagement at the Garrick theatre on Sunday night, September 21st, where it comes direct from its season's run at the Plymouth theatre, New York with a company of more than thirty players.

"The Potters," one of the "greatest successes of the past season in New York, is a story of the average American family. They live in any city in any part of the country and the play reveals them a serio comic group caught in the tumultuous life of the present mechanical age.

The author shows the very close connection between comedy and tragedy. The most humorous scenes of the play dovetail into the most pathetic, and in the quick emotional changes of the actors, particularly of Walter Perkins, as Pa Potter there is something of unusual brilliance.

Next Sunday afternoon the Rough and Ready ball team will meet the Forsters' team on the local grounds.

ST. PAUL'S LUTHERAN CHURCH.

The mission festival last Sunday was a decided success. The attendance was so large that a large number were obliged to stand outside the doors and under the open windows to listen to the sermons. The pastors, Strasson of Plymouth and Graupner of Clarencetown, gave us inspiring sermons. A quartet from the congregation and Prof. Hermann's choir from the city delivered beautiful vocal renditions. Dinner and supper were served by the ladies of the congregation. A goodly offering was raised for the mission work of our synod.

Next Sunday at 10:30 a. m. services will be held in German. Theme of the sermon: "Jesus, the Only Helper."

Sunday afternoon Pastor Eisfeldt will preach at the mission festival of the Lutheran congregation at Ann Arbor.

FAIR DAYS ARE COMING NEXT WEEK

The exhibits will be attractive, interesting and educational. There will be plenty of variety in the several departments.

The making of a good fair means a great deal of work for a large number of people—and the rewards are numerous.

Your attendance and willingness to spend is what makes a fair successful. If the exhibits were all poor or no one attended the enterprise would fail.

It will be a fair day for the church when more people are fair with the church. Give this great institution a fair amount of your time and money and see what good results reward your efforts.

Nature's aids to Beauty

There is hardly any subject more interesting to the average woman than the appearance of her complexion, it being the natural and worthy ambition of every woman to possess a soft, smooth, attractive skin, and nearly all women are willing to follow the advice of people who know.

There was a time when some women felt that the use of face creams, powders and rouges was not proper, and as ideas regarding this began to change many of them thought it advisable to obtain such Toilet Preparations from some out-of-town source, believing that the use of these things would thereby remain their own secret. However, conditions are constantly changing and today the well-preserved woman is taking advantage of the knowledge that is possessed by her own local druggist and understands that the matters entirely from the customer's point of view, and with the idea of being of as much service as possible to the customer.

During the winter the complexion suffers from cold and exposure. To be sure of comfort during the winter months, be prepared by having your Rexall Store show you the best methods of protection of the complexion against the ravages of winter.

TEN SHEETS AT ONE TIME

It surprises most women when they learn that the EASY washes 10 single sheets or 8 double sheets at one time—or the equivalent in other clothes. This large capacity means a fewer number of tubfuls for the average family washing—and material saving in time and energy. The capacity of the EASY is, of course, adjustable, so that a smaller amount of clothing can be washed just as well. We'll be glad to show you how much time the EASY will save in doing your own family washing.

JOHN J. PERSHING RETIRES.

On Friday last John J. Pershing retired to private life at the age of 64 years, bearing the highest military honors possible to obtain in this country—General of the Armies of the United States. The permanency of his accomplishment is now established. The story of his chieftainship of the American armies during the great World War are found tersely worded in those official records which ensure for men of moment a place in history. The great war wrought the change in Pershing's case.

General Pershing will forever stand before the American people as a soldier of whom the gods smiled benignly. He stands today an inspiration to the normal American school boy, the living example of possible achievement as a result of close application, integrity, faithfulness to trust, coupled with a sound education and a full development of normal intelligence. There is nothing brilliant about Pershing, nothing theatrical. He has not risen because of dramatic appeal. He has never fired the imagination of his countrymen either in or out of the army. Rather has he forged his way as a result of persistent plodding. His passport to advancement has been the word "reliability." Perhaps his greatest asset has been his ability to put behind him the pet thoughts of life and to surround himself with the most brilliant soldiers he could find. A man of smaller caliber might have kept himself constantly in the foreground and denied to others the right of conspicuous service. Pershing, however, was not molded so. He knew that in the ways of war as in the ways of peace man was not born to succeed alone. He sensed that men and matters are so interwoven that individualistic success is not possible, and while he garnered from the fields of others he was sufficiently generous to permit others to have their place in the sun. He retired with the respect and affection of the

American people.

Novi News.

Mrs. E. D. West is quite poorly at this writing.

Frank Deer left Sunday for a hunting trip at Houghton Lake.

Mrs. August Holcomb and Little son and Mrs. Hugh Babbitt of Northville spent Monday at the home of Dr. and Mrs. A. T. Holcomb.

Rev. and Mrs. R. O. Thompson and Mrs. Earl Banks were in attendance at the southwestern district Sunday school convention at Commerce, Monday.

Several from here attended the Wayne Baptist convention held at the Northville Baptist church Tuesday and Wednesday. This was generally conceded to be the best of any of the associational gatherings held. The addresses were splendid on every topic and especially the ones by Dr. Harper and Miss Davis, who are home on a furlough from their missionary work in Burma.

Next Sunday morning the pulpit will be filled by a state worker in Sunday school and young people's work. It is hoped there will be a large attendance to hear him. Come and remain to the Sunday school. There are classes for every one. Our attendance and interest in the Sunday school is on the increase and the B. Y. P. U. services are very instructive and of deep interest. All are welcome.

Some of the Juniors, who had done extra work during vacation from the King's Daughters' class of the North Baptist church, enjoyed a warm chicken supper at the tourist camp at Phoenix Park south of Northville and were delighted with the place and especially with the many stoves provided for the public to have a fire and good warm foods and drinks. There was twenty-seven present including teachers and some of the parents. All report a fine time.

STATE NEWS IN BRIEF

Ypsilanti—Professor James Lee McGregor, 35 years old, son of ex-Senator James McGregor, died suddenly of heart failure while canoeing on Portage lake.

Port Huron—More than 60 crippled children from Port Huron and points in St. Clair County were examined at a clinic held under the auspices of the Rotary Club.

Lansing—When a charge of dynamite used in drilling a well exploded prematurely at Maple Rapids near here, A. J. Tingley, 45 years old, was killed instantly.

South Haven—The body of Lyle Loomis, three years old, missing, was found in Black river by a coast guard. He was last seen playing with his wagon, a block from home.

Cadillac—Taxicabs without meters are not taxicabs, in the view of the city commission, which has issued an ultimatum to two taxi operators here to install meters or quit business.

Detroit—William Williamson is Detroit's first tourist camp baby. William is the son of Mr. and Mrs. Robert Williamson, tourists from Canada, and he was born in a tent at the tourist camp.

Flint—Struck in the abdomen by a piece of board he was sawing in the body building department of the Buick Motor Co. here, Joseph Crow, 23 years old, died on the way to the hospital.

Millbrook—Viola Eldred, 2-year-old daughter of Ross Eldred, a farmer, died of poisoning after she had swallowed Paris green, which her father was using in a solution for killing insects.

Detroit—John Owen, one time world's amateur champion 100 yard sprinter, died at his summer home at Mackinac Island as the result of injuries sustained when he was thrown from his horse.

Saginaw—Postoffice and treasury department inspectors and inspectors of the east side postoffice announced that they would sanction an addition to cost \$20,000 in preference to remodeling the present building.

Ludington—For the fourth time in recent years Ludington voters turned down a proposition for the building of the school district for \$25,000 for the improvement of high school facilities. The adverse majority was 11-9.

Grand Rapids—Frank Hargest, 40, Hotel Cadillac, died of injuries suffered when an automobile in which he was riding went over an embankment after a collision with another machine on Ballard's Corners hill.

Holland—County Agent C. P. Millman has arranged a series of motion pictures for the farmers of Ottawa County, showing the various established methods of dairying. The pictures will be shown at convenient places.

Detroit—The residence of Frank Bolstorf, at Clarenceville, 16 miles out Grand River avenue, and formerly "Sixteen Mile House," has been purchased by Henry Ford. The object of Mr. Ford in purchasing the property has not been announced.

Marsden—Secretary W. A. Crane, of the Michigan Agricultural Society, has received \$1,605.50 as the state's apportionment of fund appropriated by legislature at the 1923 session for fairs. Last year \$1,200 was received and in 1922 the amount was \$800.

Petoskey—Harry League, 19 and Austin Down, 18, Detroit, said to have slugged Richard S. Grey, LaPorte, Ind., with a hammer, stolen his car and then wrecked it in a wild flight, were bound over to circuit court by Judge Montgomery, who set bail at \$5,000 each.

Coopersville—An investigation by state inspectors resulted in the arrest here of Harold Wirth, superintendent of the local plant of the Thomas Daggart Canning Co., on a charge of employing minors. Wirth entered a plea of guilty and was fined \$10 and costs.

Lansing—State police have obtained a confession involving Leroy T. Griffin, 19 years old, Newaygo county farmer youth, in a series of incendiary fires, it was reported at headquarters here. According to Captain Fred Armstrong, Griffin admitted that he burned his father's house and barn.

Port Huron—Harold R. Taylor has filed a claim with the city commission against the city for \$30,000 in connection with the death of his wife, whom he alleges was exposed to smallpox while a patient in the Emergency hospital where she was a confinement patient. The hospital is operated by the city.

Detroit—Two men were killed and 12 injured in an explosion of alcoholic liquors in Vinwood police station. The explosion occurred in a cell out side the main cell block. The liquor was stored in that cell because the station has no regular store room. All prisoners in the main cell block were deluged with liquor, which almost immediately took fire, according to one of the injured men. A sea of fire cut the men off from rescue, and officers outside the cell block stood helpless until fire apparatus arrived and quenched the flames.

GENERAL PERSHING RETIRES

GENERAL JOHN J. PERSHING

Washington—John J. Pershing, general of all the armies of the United States and commander of the A. E. F., retired last Friday at the age of 64 years, after having seen 42 years active service.

Major General John L. Hines, deputy chief of staff, was selected by President Coolidge to succeed General Pershing as chief of staff. Brigadier General Dennis Nolan became deputy chief and Brigadier General Hugh L. Drum became assistant chief of staff in charge of the training and operations sections.

FRANKS' MURDERERS IN JOLIET

Life Terms Assigned Labor in Prison Chair Factory.

Chicago, Ill.—Richard Leeb and Nathan Leopold, Jr., sentenced to life imprisonment for the slaying of Robert Franks, have arrived at the State Penitentiary in Joliet and were assigned to labor in the prison chair factory.

Judge Caverly, the presiding judge in the case, in explaining his decision, said:

"It is not for the court to say that he will not in any case enforce capital punishment, but he believes it is within his province to decline to impose the sentence of death on persons who are not of full age."

"It would have been the path of least resistance to impose the extreme penalty of the law," said the gray-haired judge. "In choosing imprisonment instead of death, the court is moved chiefly by the age of the defendants, boys of 18 and 19 years."

State's Attorney Robert E. Crowe already has started his fight to make certain that the murderers will spend the rest of their lives in the penitentiary.

He prepared a "statement of fact" and hopes it will form a record so secure that no pardon or parole board at any time in the future will release the young slayers from the penitentiary.

BRITAIN / SKS SUPREME RIGHTS

League Not To Question Search and Seizure On Seas, If Granted

Geneva—Sir Cecil Hurst, British delegate to the Geneva conference, declared Great Britain's readiness to accept compulsory arbitration provided she would not be brought into court because of some act of her navy believed an attempt to maintain or restore peace.

The English reservation was interpreted as meaning that once the British navy begins to operate, her right of search and capture, which formed the subject of controversy between the United States and England before the United States entered the great war, cannot be questioned judicially.

The British statement is being given special attention because of the announced intention of the American government to adhere to the world court of justice, whose compulsory arbitration clause is under consideration.

ATTACK ON SHANGHAI CHECKED

Chinese Battle Front Shifted to Point 100 Miles Westward

Shanghai—Desperate attempts of the Kuangsu generals, who are supported by the central government, to check the advance of Chekiang troops upon Ningbo, a town about 100 miles to the westward of Shanghai, near Tai Lake, has taken the bulk of interest in China's civil war away from the nearby battle fronts.

Fighting in the Liao (coast) sector north of the city was reported by observers to be without special features.

U. S. At Top in Industrial World.

Within the borders of the United States there is 40 per cent of all the installed waterpower in the world, 35 per cent of the railroad mileage and 57 per cent of all telegraph and telephone lines. The United States produces about 41 per cent of the world's cotton, 71 per cent of the world's cotton, 10 per cent of its coal, 64 per cent of its petroleum and 52 per cent of its timber, according to an investigation made by the National Industrial Conference Board.

Remember Last Winter

When you said—"Next year we'll buy our Coal early." Whether you made that statement or not it is none too early to have at least a portion of your Coal supply placed in your bins.

These are the ideal months for buying coal. Prices are lower than they will be later in the season and your local dealer can fill your orders promptly now because he can secure a good supply. Later in the fall many large users of coal will stock their bins for winter and then up will go the prices, and coal will become hard to get.

Let us fill your bins, or at least put in part of your supply.

who respond to
Excellence

The Oakland
Landau Sedan
1645
factory

THE new Oakland Six Landau Sedan was created to match the taste and quicken the pulse of those who instinctively prefer excellence.

Here is luxury on four wheels—a light, close-coupled, closed car—easy to drive, easy to park—powerful, handsome, individual—and as clean-cut and debonair as a Derby winner.

Here is exclusive luxury at a very low price for such luxury. There isn't a car in its price group and not a handful among the higher priced cars that offer the smartness and completeness of dress and de-

meanor you will find in the Landau Sedan.

Here is beauty of an exceptional type conceived by Fisher and installed on a chassis that is True Blue to the last bolt and the last nut—

—A True Blue car with spirit and vigor and driving utility that have earned it the right to be called "a year in advance of its field."

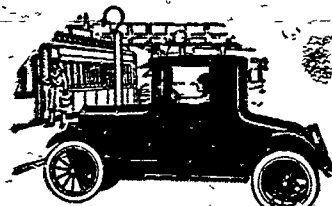

Drop in today, and ask to see this new Oakland. It is a great deal more than a good looking car. It is one of the world's very finest!

**STATE NEWS
IN BRIEF**

Owosso—The American Legion of Owosso took out a rain insurance policy for the amount of \$500, which would have been paid if one-tenth of an inch of rain fell between the 10th and 13th of September. The Legion held their annual picnic at the bridge at Round Lake on September 13th and 14th. The eighth district fair was held at the same place on September 15th and 16th.

Grand Rapids—Falling overboard unnoticed, from a boat in which Earl Fisher, a member of the Carlisle United Brethren Church, was taking eight children of his Sunday school for a ride recently on Green Lake, Earl Fitzgerald, 10 years old, was drowned. His body has been recovered. The children were in attendance at a church picnic.

Detroit—Circuit Judge Arthur Webster has issued a decision restraining the Gas Co. from collecting new rates awarded by a board of arbitrators. Judge Webster holds that a three year agreement, such as was made, is equivalent to a franchise and in order to be valid must be approved by either the electorate or the public utilities commission.

Jackson—Only the engine can be salvaged from a passenger airplane which crashed to earth recently at Hague Park, near Jackson, with pilot and one passenger. Neither pilot, "Galloping Gallop," nor the passenger were injured seriously. The plane was caught in shifting air currents, according to Gallop, and came down only five minutes after taking off.

Detroit—Although it ranks fourth in population, Detroit took third place in the United States for building construction in the first six months of 1924, according to word received recently from Washington. Los Angeles, which had been leading Detroit, dropped back to fourth place. Only New York and Chicago have higher construction programs ahead than has the auto city.

Detroit—Col Charles Beecher Warren, ambassador to Japan under the Harding administration and to Mexico under President Calles Coolidge, is at his home following resignation of the Mexico City post. With John Barton Payne, Colonel Warren drew up the protocols between Mexico and the United States which resulted in recognition of Mexico by Washington. He plans to remain in Detroit.

Kalamazoo—A campaign to raise an initial \$50,000 building fund has been opened by a committee of the Kalamazoo Elks Lodge headed by Fred C. Pinnam, postmaster. At a cost estimated at \$100,000, the local club is planning to remodel and extend its present building into one of the finest temples in the State. The campaign is to close Aug. 18. Bids for the construction will be advertised for as soon as the first \$50,000 is in cash or pledges.

Lansing—Bond issues totaling \$400,000 are to be voted on by city electors at the primary, September 2, as the result of action of the city council in voting to ask approval of \$600,000 paying bond issues and \$300,000 issue for sewer bonds. If the paving bond issue is passed, Michigan and Washington, avenues, described by Lansing visitors as the worst main streets they have encountered in any city of this size in the United States, will be paved.

Grand Rapids—The formal petition of the city commission requesting the Michigan Public Utilities Commission to inventory and appraise the property of the Consumers Power Co. in this State was recently signed by Mayor Elvin Swarthout. Several other cities joined with Grand Rapids in this request. The appraisal, the mayor explains, is to establish a fair value upon which rate schedules may be based for cities of the State when their franchises or present schedules expire.

Detroit—Six-year-old Harrison Daggett, son of Mr. and Mrs. Arthur Daggett, who was discharged from the Henry Ford Hospital last May after lying crippled there for months, suffered a broken leg when an unknown assailant threw him into a ditch recently. As a consequence he may after all have to spend the rest of his life on crutches. His mother said to him before he started for his walk Saturday that since he could walk again she might as well give his crutches away.

Sault Ste. Marie—The international bridge between the American and the Canadian Soos was damaged recently and will be out of commission for several days. A government tug was up-bound and the operator in swinging the bridge hit the tug, damaging the locking jack of the bridge so that connections with shore pier could not be made. A special railroad wrecking crew was summoned but it was not expected there would be any railroad traffic to or from Canada, for several days. The tug was also seriously damaged.

TO FRUIT AND VEGETABLE GROWERS.

The display of fruit and vegetables at the Northville Fair for the past few years has been exceptionally large and the articles exhibited have been of a very high quality, and it is the desire of the fair management to fully maintain the high standard this year. To do so all must help. Thousands of visitors will be here during the fair and we are anxious that they shall carry away a good opinion of this section but unless we are able to make a good showing in fruits and vegetables we shall not be able to do so.

If you have anything in your orchard or garden that is good or exceptionally good will you not bring it to the fair. It will cost \$1.00 to make any entry or more but you will receive an exhibitor's ticket good for admission every day. So really you will be 50 cents ahead besides you will contribute your share toward the success of the fair.

The vegetable display will be in the building formerly occupied by the woman's department. The fruit display and the community exhibits will be shown in the same building as formerly.

SEE DANGER OF STATE SEED CORN SHORTAGE.

The Michigan crop is in a dangerous condition with a large percentage of the crop having but little chance of ripening, according to Prof. J. E. Cox, head of the farm crops department at the Michigan Agricultural college.

The most serious side of the situation is that it is said, lies in the possibility of a great shortage of adapted seed for the state's planting next year, unless farmers make a special effort to field select seed corn and dry it properly. Lateness of planting last spring and the low temperatures of the growing season are given as reasons for the backwardness of the crop, conditions being similar to those of 1917.

"Good seed corn of adapted varieties will be exceedingly valuable to Michigan farmers next spring. Such seed can be secured only by selection in the field this fall. It looks as though the disastrous experience of the fall of 1917, which caused a widespread shortage of seed the following spring, may be repeated this year unless corn growers in general make

special effort to select and cure their seed. The same condition prevails in northern states and throughout the corn belt.

"Supplies of old corn of last year's crop of good germination, which have been properly stored, should be saved as a source of seed for next year."

FAIR NOTES.

Parents are urged to bring their babies to the baby contest and the baby show. Babies intended to take part in the better babies contest must be entered upon blanks provided for that purpose, but those who are to take part in the show only will be admitted without any application. Liberal prizes will be given in the contest and the show.

"Did you ever see a pig that would do that he or she was told to do? Well, at the fair this fall you will see a whole drove of them that will obey their master's voice, because Lil Kerslake and his troupe of trained pigs are one of the free attractions, and they are good too. There will also be the Aerial Youngs who have appeared in all of the large cities of America and in Europe and last but by no means least you will see Bobker Ben Ali Arabs, six stalwart sons of the desert in thrilling and sensational acts. These three attractions are only appearing at the best and biggest fairs in the state this season and Northville was fortunate enough to secure them."

The new woman's building is a beauty and the display contained within its four walls will surpass anything ever shown in Northville and that is claiming a lot, but just you wait and see, and if the woman's department this year is not more attractive than ever the writer will buy all the prize cookies offered in the bake department for free distribution. The ladies have needed more room every since the fair started and now that they have a building all by themselves they are putting every effort forward to have their "show" eclipse anything they have ever offered.

There will be band concerts afternoons, evenings, and good ones too. Our own Northville band will be present every day and other bands will be the special guests of the fair management special days.

Try Northville first.

Remington Game Loads**

REMINGTON Game Loads are increasing in popularity faster than any other shells in America. Have you tried them?

Hundreds of thousands of sportsmen all over this country are discarding the old style specified loads, and are now shooting Remington Game Loads.

With all due respect to any specified load you are now shooting—give Remington Game Loads a try-out on your next shooting trip.

Go into the store. Tell the dealer what kind of game you are going after—and get the Remington Game Loads specifically made for that kind of game.

They will give you a shooting quality you have never known before. They are scientifically loaded to a uniform standard of velocity, pattern and penetration, all with moderate recoil.

This idea of specific loads for specific game is original with Remington.

All our experience and ballistic knowledge told us how absurd it was to have 3200 different shotgun loads—when there are only a few kinds of game hunted with shotguns.

So we brought out Remington Game Loads—the right load—the best load—for each kind of game.

Remington Game Loads are loaded with the highest quality American-made smokeless powders in Remington Nitro Club Waterproof Shells.

Thousands of seasoned sportsmen will tell you that they are right.

Isn't it about time for a New Shotgun?

While you are at your dealer's, look at the New Improved Model 10 Remington Pump Gun. Handle it. Work the action. Note its smoothness of operation, its remarkable pointing qualities and fast hammer action.

ALLIES IN ACCORD ON REPARATIONS

FRENCH REPORT RELINQUISHING INDEPENDENT ACTION IN GERMANY ACCEPTED.

WILL ARBITRATE DIFFERENCES

Faves Way to Settlement of Trouble—Proposed German Loan to Be Floated in New York.

London—France has relinquished right of independent action in Germany, which has paved the way to an early settlement of Europe's troubles. The French report has been accepted by the allies.

The elaborate and intricate system of arbitration and safeguards developed by the allies was presented by the British premier to the House of Commons under five points.

1. In declaring default, the Reparations Commission must be unanimous, or failing this, an appeal can be brought before a body of three appointed unanimously by the commission, or failing that, by the president of the International Court.

2. In taking sanctions the governments agree that they must act as trustees for all the interests created by the experts' report and, especially, for the interests of the German people.

3. A disputed interpretation of the experts' report and the London agreement will be referred to the committee of jurists.

4. In the Transfer Committee be equally divided on the question of the bad faith of Germany, the point shall be decided by the arbitration of a committee of economic experts.

5. Disputes between the Transfer Committee and the German government shall be referred on the motion of either party, to an arbitrator announced by agreement or by the president of the International Court.

According to a high bank authority four-fifths of a proposed \$200,000,000 loan to Germany will be floated in New York.

HENRY FORD IN SENATE RACE

Nominating Petitions Bear Signature of 34,000 Voters.

Lansing—Henry Ford's name was filed as a last minute entrant as a Republican, in the race for U. S. senator. Nominating petitions bearing approximately 34,000 signatures of voters were presented to the secretary of state, making him a candidate for both the long and short term.

About 90 per cent of the Ford petitioners were residents of Detroit and Wyandotte. Petitions with about 3,000 names came from Lansing and vicinity.

Two points about the motor man's candidacy remain the mystery. One is what Mr. Ford himself thinks about the matter and the other is who put up the funds to hire the canvassers who got the 34,000 names within a period of 2 days.

AUTO EXPORT RECORD BROKEN

Nearly 200,000 Motor Vehicles Shipped During Last Fiscal Year.

Washington—A new record was established in exports of automotive vehicles from the United States during the fiscal year ending June 30, 1924, according to announcement by the department of commerce.

There were 199,135 motor vehicles shipped which included passenger cars, trucks and motorcycles. The figure for 1919-20, the year following the war, was 178,534. The figure for 1913-1914, which ended the period preceding the war, was only 37,193.

Production of passenger cars and trucks in 1923-24 was 3,950,443, and in 1922-23 was 3,464,679.

On the basis of these figures, the percentage of exports to production of passenger cars and trucks was 4.5 per cent in 1923-24 and 3.6 per cent in 1922-23.

POLICE SEIZE \$130,000 DOPE

Trunk Filled With Clothes Contains Record Shipment of Narcotics.

Detroit—Narcotics valued at \$130,000, and constituting the greatest quantity ever to be seized in the state of Michigan, were found by police after they had broken open a heavy steamer trunk with axes and discarded camouflage consisting of old clothes and papers.

Beneath the old clothes and papers in the trunk were 108 one-ounce cans of morphine and fifteen one-ounce containers of cocaine.

The trunk was shipped from New York to a local peddler, alleged to be a tool for one of the drug rings that pander to Detroit's hundreds of addicts.

It was seized at the Pere Marquette depot after police found a claim check for it in the rooms of William Friedman, arrested previously for making a sale of narcotics.

STATE NEWS IN BRIEF

Cadillac—Greenfield Sayers, 54 years old, prominent farmer, was killed when his automobile was struck by an Ann Arbor railroad yard engine.

Indian River—Charles G. Dawes, Republican candidate for Vice-President, was guest of Howard Sims, of Columbus, O., on a Sunday fishing trip here.

Reedsville—The body of Milan Pepper, 12 years old, was recovered from Lake 14 by Fred Lyon, Grand Junction fisherman. The boy had been missing a week.

Iron Mountain—Preliminary tests of machinery and equipment in the Ford Motor Chemical Co. plant has begun here. The unit is the largest of its kind in the country.

Hart—The contract to build and concrete two miles of road on M-11 starting two miles north of here was awarded the Hersey Gravel company of Hersey, at the price of \$47,220.96.

Kalamazoo—Although 166 registered voters signed a petition asking for a special election to recall members of the Marcellus village council, the recall was defeated by a vote of 225 to 75.

Bay City—George Green, 94, one of the city's earliest settlers, is dead.

trip from Pontiac here over the trail of that time and waded through swamps and forests on their journey.

Albion—Three thousand dollars damage was done when fire started by a lightning bolt entering the factory of the West Chemical & Paint Co., at Springport, 12 miles northeast of Albion, destroyed the pump room of the concern.

Farmington—The village council has voted to turn over the log cabin, built for Farmington's Centennial celebration in June, to Groves Walker post No. 346, American Legion, to be used as club room and headquarters for that organization in Farmington.

Kalamazoo—With her transportation and about to sail for America, Mrs. Louise Atkinson, 56 years old, of Muskegon died in Warsaw, Poland, according to a cablegram received here.

Mrs. Atkinson went to Europe five years ago as a member of the Russian Relief Mission.

Battle Creek—Details are being wound up here prior to signing a contract by which Fox Field, the aviation field at Camp Curtis, will be available to commercial fliers. The chamber of commerce is entering into a contract with the United States government for this purpose.

Owosso—A combination chemical fire truck and pumper purchased by farmers within a radius of nine miles of Owosso has been installed in the Owosso Fire Department. Owosso firemen will man the truck and the city will maintain it. In return, the farmers will permit the city to use it.

Iron Mountain—The City of Iron Mountain has been given banks of the city that loans will be necessary to finance the city for the next year, it was stated at the treasurer's office. Failure of the city council to provide sufficient funds by appropriation last year is blamed for the financial straits the city finds it self in.

Lansing—Permission to consolidate a number of railroads, largely Ohio properties, has been granted in an order issued by the Michigan Public Utilities Commission. The roads interested are the Pennsylvania, Detroit Railway Co., the Cincinnati, Lebanon & Northern Railway Co., the Cleveland, Akron & Cincinnati Railroad Co., the Toledo, Columbus & Ohio River Railway Co., and the Manufacturers Railway Co.

Lansing—Statistics made public by the State Department of Agriculture recently disclose that the purchasing power of the farm dollar is rapidly increasing in value in Michigan. Taking 1913 as an average year, and reckoning the purchasing power of the farmer's dollar at 100 cents for that year, the department's figures show that it dropped to 67 cents in 1921, was 69 cents in 1922, 72 cents in 1923, and now stands at 79 cents.

Grand Rapids—An authorization for the payment of a final dividend of 10 per cent to creditors of the Farmers' and Merchants' Bank has been granted the Michigan Trust Co. assignee, by Circuit Judge Willis B. Perkins. Dividends amounting to 60.5 per cent had previously been paid. The bank's total liabilities, when it closed in March, 1921, were \$729,413. Depositors will lose about \$215,000. The bank was organized in 1914 with 60 stockholders and William McGowan was president and Frank J. Cook, cashier.

Grand Rapids—That he was sleepy, and not intoxicated as charged, was the contention of Herbert W. Burke, 24 years old, of Muskegon, in Justice Harry L. Creswell's court, where he was tried on a charge of driving an automobile while under the influence of liquor. He succeeded in convincing a jury when he swore he had been unable to obtain sleep for 48 hours prior to his arrest. Officer Stanley Wallace, who arrested Burke, said he held eight separate charges of traffic violations against his prisoner.

STATE NEWS IN BRIEF

Albion—Farmers in several sections reported frost here. Little damage was done, cucumbers and light garden truck being touched in low places.

Muskegon—Joseph T. Jerka, 32 years old, of Calumet, drowned in Big Blue Lake, near here. Jerka was rowing a boat and fell overboard, drowning in seven feet of water.

Manistee—More than \$50,000 has been lost to pickle growers in Manistee county this season through black rot, according to report. Growers are dusting their crop to curb the ravages of the plant disease.

Iron Mountain—An increase of nearly 10 per cent in population in the last two years was shown by registration figures for 1924. The total registration here this year was in excess of 6,500, a figure without precedent in the city's history.

Monroe—The Vassarville road, running from the Ida-Bedford road, south of Ida and connecting with the Dixie highway, has been completed and is open for traffic. The road is 7 miles long, constructed on macadam 14 feet wide, and cost approximately \$20,000 per mile.

Owosso—One hundred executives of Rotary clubs of the Eighteenth district met here to discuss plans for the year's work. The meeting was called by Guyver Good, of Grand Rapids, district governor, and was addressed by him and Paul King, of Detroit, past governor.

Grand Haven—Physicians are fighting to save the life of the fifth child of Mr. and Mrs. Charles Lasert, of Grand Haven township, whose four other children have died within the last week of spinal meningitis. Mrs. Lasert herself is critically ill, but is believed to be recovering.

L'Ange—Women of the upper peninsula in general are rejoicing over the victory of Mrs. Cora Raynolds Anderson, of L'Ange, in the primaries. She defeated F. L. Jackson of Crystal Falls and Jeremiah Greenleaf, of L'Ange, in a close contest for the Republican nomination for the state legislature.

Hoswood—Leonwood electors voted for the commission manager form of government, with the scant majority of 146 yeas. In the order named, R. A. Douglas, Henry Rowe, H. M. Wick, Fred J. Jepperson, Dr. G. F. Coons, R. P. Zinn, A. N. Lamm, Byron M. Brogan and John F. Kluck, were chosen charter commissioners.

Escanaba—Joseph Semper, 29 years old, watchman with a street construction company working at Gladstone, near here, was burned to death when he poured kerosene on a bed of hot coals to start the fire beneath the boiler of the cement mixer. The explosion, which blew the kerosene can to pieces, was heard for blocks.

Alpena—The gasoline fish tug, Thunder Bay, owned by W. P. Kavanaugh, of Bay City, and engaged in trap-net fishing from this port, foundered during a 3 mile gale and sank in 45 feet of water, two miles from Scarecrow island. The crew managed to get aboard a 14 foot rowboat and after a battle with the gale, reached Scarecrow island.

Detroit—Herbert A. Thompson, of Detroit, former publisher of the Williamston Enterprise has been elected grand sire of the Independent Order of Odd Fellows at the annual international session of the Sovereign Grand Lodge of that organization in Jacksonville, Fla. It is the first time this rank has been conferred upon a member from Michigan.

Owosso—Tribute was paid by the 1924 class of the Owosso high school to the memory of John Bell, a member of the class, who was drowned this summer. A John Bell memorial cup was presented to the high school. Each year the high school student coming closest to Bell's record, who was at the head of his class, will have his or her name inscribed on the cup.

Lansing—Nick Peterson, 37 years old, was seriously wounded when accidentally shot by 3-year-old John Danielowski, at whose home Peterson was a roomer. Peterson was packing a suitcase preparatory to a trip when the child crept up to his bag, took out a revolver and while playing with it pulled the trigger. The bullet lodged in Peterson's lung, just over his heart.

Port Huron—A million dollars of government money will be spent in Huron county next year in the construction of the shore pike between Port Hope and Sebawaing, the county paying 25 per cent of the cost. The state will pay 22 per cent and the federal government 50 per cent. J. J. Campbell, chairman of the county road commission, announces the road has been approved by the United States bureau of roads.

Lansing—Michigan's corn is 20 per cent below the condition of one year ago, according to reports made public by Verne Church, government statistician. The estimate of the grain crop of the state exclusive of silage and fodder, is 30,000,000 bushels. The condition is 17 per cent below the 10-year average in the state. Estimates of the spring grain crops of Michigan: spring wheat, 138,000 bushels; oats, 58,825,000 bushels; barley, 4,018,000 bushels; buckwheat, 887,000 bushels. All these crops show a larger yield than one year ago.

Monroe—Frank Jagner, 38 years old, of Ash township, died of injuries received when he was run over by a wagon.

Howell—An explosion of a gas tank caused three buildings to be destroyed by fire. The damage is estimated at \$25,000.

Charlotte—Leon C. Amer, 37 years old, was killed instantly when the automobile in which he was riding was struck by a west bound Michigan Central train at a street crossing here.

Marshall—Donald L. Walkinhood pleaded guilty to first degree murder when arraigned before Circuit Judge Walter H. Norton. He admitted he killed his wife, 21 on July 25 as she lay asleep in bed.

Alpena—Frank Jaworski, 65 years old, employed at the Huron Portland Cement Co. plant here, was crushed to death when he was caught in a belt conveyor in the scale department of the new mill.

Lansing—A road construction program providing for an expenditure in 1925 of \$1,257,500 on trunk lines in Kent County has been approved by the state highway department, according to the county road commission.

Caro—Tuscola county road commissioners received a check for \$10,000 today from state administrative board as initial payment, due county for highway road construction. Total amount is approximately \$150,000.

Muskegon—Lapses featured the primaries in Muskegon County, where a heavy vote was cast. Ruth Thompson, 19-year old probate registrar, and the only woman candidate, defeated Elliott D. Prescott for judge of probate by about 500 votes.

Port Huron—One-man street cars with a five-cent fare won in the election over two-man cars and a seven-cent fare. The vote came as a result of a controversy between the city council and the Port Huron city railway system which was tied up.

Hillsdale—Having enrolled the largest freshman and senior classes in its history, Hillsdale college has been compelled to close registration for the coming year to any who have not yet applied although college does not open till September 19.

Flint—Complete primary returns from Genesee county showed that Klux Klan supported candidates carried the county by a good margin. Glen Williams, Klan candidate for sheriff, won by polling 14,755 votes to 6,186 for Edward Morrison.

Grand Rapids—Shipments from Michigan's peach belt which normally reach 1,800 cars a season, will not be in excess of 100 this year, and Michigan consumers will be required to purchase eastern fruit. H. Bruce Moore, fruit broker, has reported, following a canvass of the state.

Marshall—W. C. Boman, leader of the boys' and girls' club work, has received word from state fair management at Detroit that the Calhoun county dairy team consisting of Adams, of Battle Creek, Daniel Greenman, of Pennfield, and Donald Tibbinger, of Climax, won first prize.

Saginaw—Fire swept through the Bruske hardware stores, causing damage estimated by Waldo Bruske, proprietor, at approximately \$200,000, \$150,000 loss suffered by Bruske and \$50,000 by Sherwin Williams Paint company in paints, oils and varnishes stored in the third and fourth floors of the buildings.

Detroit—Miss Henrietta Rienke, of Warren, was awarded the grand championship milkers trophy at the State Fair. Miss Rienke has won in four contests out of the six years she has competed. She obtained 26 pounds of milk from a blue-ribbon Holstein cow in eight minutes, to win over Miss Lucele Helmich also of Warren.

Kalamazoo—Charles Warner and Arthur Zeberling, of this city, were killed while digging a 70-foot well at Downer's Grove, Ill. Warner was lowering Zeberling into the well when he suddenly heard a sharp cry for help. Warner started the descent himself to save his friend's life. The two were overcome by gas and fell to the bottom of the deep well.

Lansing—Members of the state public utilities commission may propose to the inter-state commerce commission that an effort be made to save the Manistee and Northeastern railway by cutting away some of its alleged fictional valuation, diverting to the road a greater share of through haul tariffs and giving it individual consideration in the matter of rates, according to Peter Fagan, secretary.

Detroit—Amendments for bonding Wayne county for \$1,000,000 for the construction of a home for feeble minded at Elioise, and \$1,000,000 for the construction of a bridge over the River Rouge at Dix Avenue, were carried in the primary by overwhelming majorities. The rapid transit amendment, providing for the appointment of a permanent rapid transit commission, and setting up a financing scheme for paying for the same, was carried by a large majority also.

Detroit—Statements covering the third installment of 1923 income taxes, amounting to \$20,000,000 have been mailed to all taxpayers in this district, according to Fred L. Woodworth, internal collector. These statements reflect credit of the 25 per cent reduction provided by the revenue act of 1924, amounting to \$1,000,000. In paying this installment, taxpayer will pay one half of the amount shown in the balance column of their statement, the remaining half to be paid on or before December 15.
