### BOY SCOUT FATAALLY SHOT.

Ward Hyde Frazier, aged 15 years, was fatally shot Sunday morning while looking into the barrel of a revolver with which he was playing. Frazier, with several other Boy Scouts had come out from Detroit Saturday night and were camping in Benton's grove. He was rushed to the Sessions' hospital and Drs. Snow and Holcomb were called but the little fellow died in two hours. Schrader Brothers prepared the body for burial after which it was taken to the boy's late home in the city.

The Detroit News of Tuesday gave the following account of the distressing accident, the facts as given having been obtained from the unfortunate lad's companions:

Ward Hyde Frazier, 15-year-old son of Mr. and Mrs. James A. Frazier, 5080 Larchmont avenue, is dead as the result of the accidental discharge of a revolver in his own hands. The tragedy occurring one mile south of Northville, where Frazier with Donald Cooper, 4549 Hazel street, Leshe Leonardson, 5233 Larchmont avenue, and Duane Mulvey had established a camp after a hike from the city.

Frazier, familiar with firearms through several hunting trips that he had taken with his father, carried the revolver and on Sunday morning indulged in target practice. While Mulvey was at a nearby farmhouse caring for a calf in his foot, Frazier put two shells in the gun, and, after revolving the cylinder several times, placed the muzzle at his right eye with the declaration:

"Here's a man committing suicide." Cooper, who was but a few feet from him, saw that the cylinder was in a firing position and cried out a warning just as Frazier pulled the trigger. Frazier fell unconscious as the bullet entered his brain.

Cooper and Leonardson ran to a nearby farmhouse for help and Frazier was taken to the Northville hospital where he died two hours later.

Frazier was a member of Troop 171, Boy Scouts of America, which had planned a hike to a camp site near Northville with Edward Groves, an assistant scoutmaster, as leader. He and Leonardson, however left the others and were followed by Mulvey and Cooper when Groves failed to appear.

Detroit Council, Boy Scouts of America, issued a statement following the accident declaring that the use of firearms as not countenanced except for the test for Merit Badge in marksmanship. Such tests are held on rifle ranges in charge of members of the National Rifle Association. The first requirement in the marksmanship test is that the candidate must know the marksmanship code and agree to follow it.

### ANOTHER BALL GAME FOR SUNDAY AT NORTHVILLE.

Hundreds of baseball fans that saw the fast game here last Sunday between the Daniels Saes and Northville Foresters have demanded another game. To fully fill their wish manager Hicks has booked the Greenans Cakes who are the world's champions for amateurs.

They will be at Northville Sunday with their full lineup pitted against the Foresters of this village. The victors have defeated the Rusdon of Detroit and several other semi-pro clubs but they will also be in contest against another real club when they reach Northville. The game will start at 2.30 and if the weather is right the attendance will no doubt will be the maximum of this season.

### SUNDAY SCHOOL CONVENTION AT ANN ARBOR.

The Michigan State Sunday School convention will be held in Ann Arbor on October 29, 30 and 31st, and a wonderful program has been prepared for the big event. The following are a few of the noted people who will take part:

M. A. Honline of Pasadena, Calif., lecturer on religious pedagogy. W. O. Thompson, Columbus, Ohio, for many years president of Ohio State university and now president of the International Council of Religious Education. John L. Alexander of the American Youth Foundation of Chicago. A. M. Locker, field superintendent International Council of Religious Education, Chicago; Miss Cynthia Pearl Maus, of St. Louis, specialist with adolescents.

### PRINCE OF WALES TO VISIT DETROIT.

On Tuesday next, the 14th, Detroit expects to entertain the Prince of Wales as he is on his way from the west to New York City. Extensive plans are being made for his entertainment.

### ALBERT WILSON, KING OF BOOT-LEGGERS, AGAIN TRAPPED.

Early last Friday morning Night watchman Wain gathered in Frank Boyce, white, and Kanawha Thomas, colored, for driving a Ford car about town in an intoxicated condition. After they had been placed under arrest and lodged in the village jail it was found that a case of beer was nestling quietly in their captured auto. After a few hours sleep and a breakfast the fellows realized they were in a bad way and when urged by the local officers to tell where they had secured their supply of liquor Thomas stated they had been to Albert Wilson's place on the north side and he made an affidavit to that effect. Acting upon that information Deputy Sheriffs Ernie Lyke and W. H. Safford soon organized a force and, with the assistance of Layle German and Howard Cole they visited Wilson's place and secured a quantity of liquor and a large number of empty bottles from which liquor had evidently been sold during the previous week. There were nine quarts of "Select Canadian Whiskey," some twenty bottles of beer and an auto load of empties. Officers gained entrance to the place before Wilson was fully awake because his "business" forces him to keep pretty late hours. Wilson was placed under arrest and brought before Justice Carl R. Ely and of course he pleaded not guilty. Bonds were fixed at \$1,000 and with William Beyer as surty Wilson was released.

This is the third time Wilson has been arrested during the past nine months and whether this will be "three times and out" remains to be seen. When he was arrested the last time he declared upon his honor that he was through with selling liquor, but his memory seemed to be poor because he was back at the business within a few days. It has been a matter of common knowledge that he has been selling liquor every day and night since that time and as the weeks passed he became more bold. Everything indicates that he did a thriving business during fair week.

Wilson's hearing was set for Thursday afternoon. He will, doubtless, be bound over for trial in the circuit court. There is still one case pending in Judge Arthur Webster's court against him, and it has been held up for various reasons since last February. It might not be a bad plan if a number of Northville people who believe this bootlegging joint should be closed, would write to Judge Webster and the prosecuting attorney and ask why this case has not been brought to trial. Election is but a few weeks away and a little concerted action might bring results. If the "evidence" has been destroyed or has become mislaid as some claim the people are entitled to know the facts, so they can place the responsibility where it belongs.

Wilson's hearing was postponed until next Wednesday, owing to the inability of the prosecuting attorney to be present on Thursday.

### MICHIGAN KING'S DAUGHTERS MET AT ST. JOHN'S.

The annual convention of The King's Daughters for Michigan was held at St. John's last week. Northville being represented by Mrs. J. G. Alexander. The following officers were chosen for the ensuing year:

President—Mrs. Dewitt H. Hunt, St. Johns.

First vice-president, Mrs. W. Lahring Gans.

Second vice-president, Mrs. F. R. Smith, Hillsdale.

Recording secretary, Mrs. J. C. Stewart Owosso.

Corresponding secretary, William Servey, Flint.

Treasurer, Mrs. Charles Horton, Flint.

### MRS. SAM WILKINSON INJURED BY AUTO.

Sunday afternoon Mr. and Mrs. Sam Wilkinson, who were motoring on the Seven Mile road, stopped at the Wolfe fruit and vegetable stand to make a purchase and as they were crossing the street to return to their car a passing car struck Mrs. Wilkinson, throwing her to the pavement with great force. She was brought to her home and an examination disclosed that she had sustained a fracture of her right hip. On Monday she was taken to St. Mary's hospital in Detroit, where she is doing as well as could be expected.

Local officers assisted in cleaning out a home brew joint on the Beech road Tuesday night. They found two big stills and a barrel of mash, besides some liquor just made.

TOLERATION IN ECONOMICS,  
POLITICS AND RELIGION  
CREED OF BODY.

### ELIHU ROOT BECOMES MEMBER

Hamilton Jefferson Association is  
Non-Secret, Non-Sectarian  
and Non-Partisan.

Utica, N. Y.—With a view to fostering patriotic ideals and "a spirit of toleration in economics, politics and religion," 50 Protestants, nearly all members of the Masonic order, and a like number of Catholics the majority, affiliated with the Knights of Columbus, met for formal organization of the Hamilton-Jefferson association, announced as a "non-secret non-sectarian and non-partisan" group.

The charter members of the association, all leading business men of Utica, heard the aims and objects of the organization outlined by leaders in each of the two fraternal bodies, and summed up in the principal address of the evening by Elihu Root, formerly United States secretary of state, and a resident of Clinton, near here.

Mr. Root, who became a member of the association only after he had been assured of its non-sectarian character, expressed the belief that by having a membership drawn equally from the Protestant and Catholic faiths, the organization had gone a long way toward ultimate success.

The name of the organization was suggested by Mr. Root as one which signified the combination of two groups holding divergent views. Incorporation of the association followed selection of its members from foremost Catholics and Protestants of Utica.

Officers of the association will be chosen with officerships alternating between members of the two religious faiths.

### MELSON ATTACKS TRADE BOARD

Says Report On Aluminum Company is Unfair and Incorrect.

Washington—Secretary of the Treasury, Andrew W. Mellon regards as unfair and incorrect in many respects the statement concerning the Aluminum Company of America contained in the federal trade commission's report of its investigation into the house furnishings industry. The report made public charged the Aluminum company, in which Mr. Mellon is interested, with having monopolistic tendencies and with employing certain unfair practices in trade.

While the secretary said he was interested as a stockholder, he told associates that he was unfamiliar with details of the company's affairs, the entire management being left to its officers. He was understood to have presented statements in the report to the effect that big dividends had been paid by the corporation. With the dividend payments Mr. Mellon said he was familiar.

### CLAIM LAWYER KILLED INSANE

Quarters Bodies of Victims, Cast into Concrete

Geneva, Ill.—Warren J. Lamson, horticulturist and lawyer, has confessed to saving and quartering the bodies of his wife and brother-in-law butcher fashion, and casting the heads of his victims in blocks of concrete. He is represented by his counselors as a hopeless idiot.

The defense has employed a corps of five alienists, among whom will be Dr. H. S. Hulbert, one of the Leopold Loeb psychiatrists, who will battle to show that the defendant is insane, that he is suffering from dementia praecox, and that he therefore is not legally responsible for the most atrocious deed in the annals of Kane county, for which the prosecution hopes to send him to the gallows.

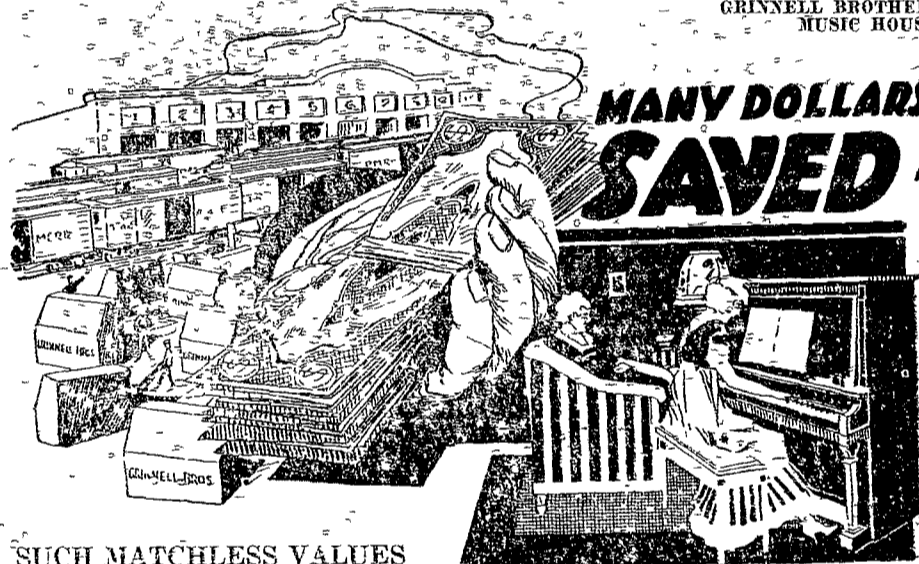

The defendant, in his cell, protests his sanity to all who will listen, as he discusses the case calmly and with apparent unconcern.

### SEEK TO DISFRANCHISE NEGRO

Citizenship of Race Attacked in Suit On Customs Collector.

New Orleans—A suit attacking the validity of the fourteenth amendment from a new angle has been filed in federal district court here in the form of a petition seeking to enjoin Walter I. Cohen, Negro, collector of customs of the port of New Orleans, from exercising the duties of that office, according to the Times Picayune. The action if successful, would have the effect of disenfranchising every Negro in the United States.

The petition, as published by the newspaper charges that Cohen "falsey alleged himself to be a citizen of the United States" when he took the oath to office. It asserts that the defendant is not a citizen of this country, but is a person of African blood and descent and is inherently incapable of being a citizen of the United States.

NORTHVILLE, MICH., OCT. 10, 1924.

THE AMERICAN FLAG.

When the people of the Colonies were defending their liberties against the might of kings, they chose their banner from the design set in the firmament through all eternity.

It pictures the vision of a people whose eyes were turned to the rising dawn. It represents the hope of a father for his posterity.

Alone of all flags it expresses the sovereignty of the people which endures when all else passes away.

What could be saved if the flag of the American Nation were to perish?

NORTHVILLE STREETS TO BE DECKED WITH FLAGS.

Through the efforts of some of the members of Lloyd H Green Post, American Legion, a new plan of street decoration will soon be inaugurated in Northville.

The flags are six feet in size and attached to a 12 foot wood staff of 1 3/4 inch base diameter.

This plan of street decoration has been adopted in a number of towns about the state and it is said that the scheme works out very nicely.

THE HARVEST FESTIVAL AT THE METHODIST CHURCH.

The second annual event took place on Thursday last week with a comfortably filled church to listen to the address of Rev. Ralph Pierce, D. D., of Detroit, who was pastor in this community fifteen years ago.

He gave a reminiscence of the days in his pastorate here when the Rev. Webber, who was pastor of the Presbyterian church at that time, did team work with him for the good of the community.

He spoke of the wonders of nature as demonstrated in the wonderful flowers, fruit and vegetables which abundantly adorned the altar and around the church.

"Double the quantity of things were brought in contrast of last year," it was truly a "Feast of Ingathering" and a proof of the never failing promise "Seed time and harvest shall not fail."

The choir was at their best and rendered three anthems, "O Be Joyful to the Lord," "Praise Ye the Lord" and "Come Before His Presence with Thanksgiving" in the absence of Rev. D. Dow Nagel of Plymouth. Mrs. Nagel was present and took his part in the program, leading us all near to the throne of God.

After the service friends joined in visiting. This was followed with the purchase of all the good things, not a flower remaining. L. W. Lovewall of South Lyon, drove twenty-five miles to keep his promise to be present, after having a sale. Much humor was displayed in the purchases after which coffee and cakes were served, and all went home in the note of "Thanksgiving."

Mrs. John Bicker of Pontiac, visited friends in Northville the latter part of last week.

PRAYER IS A GOOD DEAL LIKE

SWIMMING

You get to know it by experience not by description.

You do not find prayer—you make it. It is part of our nature and its usefulness must be learned.

Prayer is intended for every day use—to be practiced in secret mostly—to enlighten us about ourselves.

A prayer for show purposes is wasted. A furtive prayer may get what you want but you will be the loser.

A sample prayer was given to a group of men 2000 years ago. It is direct—simple—expressive—effective. You will pray whether you want to or not. It needs only the right set of conditions. Have you got the sand to face yourself and learn-by regular daily prayer?

Mr. and Mrs. Esly Ninder of Barona, Ill., father and mother of Mrs. William Jones, have moved to Northville to reside. They have rented the Carpenter house.

F. P. Simmons and Son have installed a new and modern cider press at their farm in Northville to care for their own crop of apples. See their ad in today's Record.

Mr. and Mrs. Byron Power of Tacoma, Washington, have been spending a couple of weeks with friends here. They are driving to Florida for the winter but are making the trip to Vermont and all New England states enroute.

Miss Ella Bernhardt had a very exciting experience last Thursday evening when a bandit gang tried to hold her up, but she bravely "stepped on the gas" and made her getaway. After she had passed the gang they fired several shots at the fleeing car, but fortunately none of them took effect. There were one woman and five men in the gang.

Carl VanValkenburgh of Center Line; Mrs. Lessie Olin and little son, and Mr. and Mrs. Milo VanValkenburgh of Royal Oak; Mr. and Mrs. L. M. VanValkenburgh and baby and Mr. and Mrs. George H. Potts of Birmingham, came out last Wednesday night, took supper and spent the evening with their parents, Mr. and Mrs. Emery VanValkenburgh at being Mrs. VanValkenburgh's birthday anniversary.

### OUR FAIR PLEASED OUR NEIGHBORS

About everybody in Plymouth attended the Northville Fair one or more days last week, and it is the unanimous opinion of all that it was the best fair that has yet been held in our neighboring town, and they have held some good ones in the past too. The free entertainments were excellent, and the races, ball games and many exhibits could not have been better. Northville is to be congratulated in having such a splendid and ably managed fair.—Plymouth Mail

### MOTOR CYCLE RACES POSTPONED

On account of the rain the motor cycle races announced to take place at the Northville fair grounds last Saturday were postponed for one week and they will take place to-morrow. There were 31 entries booked for last Saturday and others have been registered this week. A. J. Little of Springfield, Ohio, and Otto Webb of Virginia, both holders of national records, will be present to contest for honors and the race ought to be an exciting affair.

That's how one of our customers refers to his check book.

Cash has a way of being present one minute, gone the next. It's hard to account within a couple of dollars for what you may spend in a week, or even less time.

Checks give you a permanent record of amounts spent—and when you get going too fast, they signal "Down Brakes" against a dwindling balance.

You'll find a checking account net a wonderful convenience. Let's talk it over.

## TEN SHEETS AT ONE TIME

It surprises most women when they learn that the EASY washes 10 single sheets or 8 double sheets at one time—or the equivalent in other clothes.

This large capacity means a fewer number of tubfuls for the average family washing—and amaterial saving in time and energy. The capacity of the EASY is, of course, adjustable, so that a smaller amount of clothing can be washed just as well.

We'll be glad to show you how much time the EASY will save in doing your own family washing.

YOU'LL ENJOY HARRY LEON WILSON'S LATEST.

There is laughter plus in Harry Leon Wilson's new book "Professor, How Could You!" There are few things in the world so good for mankind as laughter. There is perhaps nothing better than laughter plus. And Wilson supplies it—mirth and drollery with overtones that vibrate the soul's deep recesses. He did it in "Merton of the Movies"; he does it again in his latest novel—"Professor, How Could You!"

It matters little the statute of the brow for "Professor, How Could You!" Be the reader's brow lofty or low he is going to enjoy it.

### REMINGTON SPORTSMEN'S WEEK, OCT. 13-18.

Now that the hunting season is on there's a lot of fun in getting ready for your next trip. That's why your dealer and Remington are cooperating to give you Remington sportsmen's week, October thirteenth to eighteenth, a chance for you to see what's what for hunting, camping and trapping. And the show is not held in New York or off in Chicago, but right in your store, here in your town.

So drop in, chat with your dealer. He likes to talk hunting, too. Take time to look things over—just the Remington exhibit, the hunting coats, cooking and camping outfits, auto kits, and so on. Why, there's a thrill in just seeing and handling the outdoor equipment.

Sportsmen, hunters and trappers the wide nation over will be big for hunting and trapping goods window displays all during this great sportsmen's week. It's the ideal time to complete your fall and winter hunting and trapping equipment.

There's a wide variety of noteworthy things in the way of sporting goods on display in town. Far too many to mention here. But several of your reporter's friends have called his particular attention to the shells that are scientifically loaded to a uniform standard of pattern, penetration and velocity with moderate recoil—Remington game loads.

Don't miss seeing the sporting goods window displays at J. A. Huff's and at Elliott's Hardware. Each of these stores carry a good assortment of sportsmen's goods from which you may make your selections.

### "THE WHOLE TOWN'S TALKING" FOR ANOTHER WEEK.

Because of the overwhelming success achieved by "The Whole Town's Talking," this hilarious farce will be held over for the second week at the Garrick theatre, Detroit. True to the many flattering things said and written about "The Whole Town's Talking" before it came to Detroit, the audiences filling the Garrick are paying tribute to its superb entertaining qualities in convulsive laughter and generous applause throughout its fast-moving and exciting three acts. In a word this clever farce by John Galsworthy and Anita Loos is repeating in Detroit the emphatic impression it made last season in New York, Chicago, Boston and Philadelphia, where it was so well liked that it broke records for receipts and attendance.

### WIXOM CLUB HELD FIRST MEETING.

Bogart, readings; Mrs. Charles Harmon, flower fund collection; song by the club; reading, Mrs. Joan Shannon, topic for discussion "What are the most important problems up to the farmer of today?" The question was suggested by Judd F. Ryan.

## MICHIGAN FLIER KILLED IN RACE

### BROKEN PROPELLER PLUNGES CAPTAIN SKEEL'S PLANE INTO MARSH.

### FIRST PULITZER ACCIDENT

Had Reached 50-Mile Velocity When Propeller Came Apart.

When the propeller of the plane broke while his drive was spinning the engine at about 3,000 revolutions a minute. The engine then disintegrated in the air, splitting the body of his Curtiss racer and tearing it to ribbons. His propeller was wooden. Metal propellers are regarded as safer for high speed flying.

Skeel had started his drive at an altitude of more than a mile and his velocity had reached more than 250 miles an hour when the break-up came. His body and great fragments of the plane were buried in the marsh near Mad River, not more than 300 feet from the throng of spectators. When Skeel's plane broke up the ship nosed down and fell straight to earth, crashing with a detonation resembling a blast of dynamite. Earth spouted 20 feet into the air. A plume of black smoke followed the wreck to the ground.

The plane was the same which finished second at the Pulitzer races in Detroit in 1922.

The 1924 renewal of the Pulitzer Race was won by the Verville monoplane, piloted by Lieut. Mills, test pilot at Wilbur Wright Field. Mills' average speed was 216.55 miles an hour.

### BRIBE SCANDAL HITS BASEBALL

#### Landis Suspends Two Giant Players For Attempt to "Buy" Game

Washington—The 1924 world's series went on, not withstanding that baseball was shaken to its foundations by a whirlwind succession of developments growing out of the attempt of Jimmy O'Connell, young New York outfielder, to bribe Home Run Philadelphian slugger, in the game that decided the National League pennant race for the Giants. Keresaw Mountain Landis, high commissioner of baseball, after a hearing, suspended O'Connell, who confessed to offering the bribe and "Cozy" Dolan, Giant coach, accused of instigating the bribery plot from baseball for all time to come.

The suspension was based upon a confession made by O'Connell and evidence furnished by Dolan and followed information furnished by I. Lewis Sand, of the Philadelphia National League club. Sand stated that he offered \$500 to throw the game between the Giants and the Phillies played in New York on that day.

### D T T BALLOON SETS RECORD

Pilots Travel 322 Miles Exceeding Former Mark by 22 Miles

Washington Court House, O.—Two new records for balloons of the Three type, one for distance and the other for endurance were announced here when the two balloons, the "Washington C. H." and the "Detroit," which took the air from here reported.

The "Detroit" established a distance record of 392 miles, landing at Gondola postoffice, Virginia, while the "Washington C. H." made the endurance record of 15 hours and 48 minutes, landing near Summerhill, Cambria county, Penn. The distance was given as approximately 255 miles air line due east of here. The former distance record was 280 miles, air officials said.

The "Detroit" was piloted by Herbert Thader and Walter W. Morton. The bags were filled with a mixture in equal quantity of natural gas and hydrogen and took the air under the auspices of the National Aeronautic association in an attempt to establish endurance and distance records.

### LA FOLLETTE ON TATE BALLOT

DeLand Rules Third Party Is Legal and Should Be Included.

La Follette—The names of Senator Robert M. La Follette and his presidential electors should appear on the ballots in Michigan in the forthcoming election, according to a report of State Charles DeLand.

A short time ago the question came up as to the interpretation of the election laws at which time it was ruled that County Clerks had the right to print the names of the La Follette electors on the ballot if they so chose. DeLand states that his office has wired the county clerks to print the La Follette ticket on the ballot as the La Follette ticket is a legal ticket and should be on the ballot.

## NORTHVILLE FORESTERS 8, AND DANIEL SALES 6.

The Northville Foresters ball club managed by George Hicks played its last game for the season Sunday. The fans of this village and surrounding community will carry the windup game in memory for some time. Pined against a Detroit team considered one of the best, if not the best semi-professional team of the big city. Northville won The Daniel Sales had lost but three games out of twenty-three this season until they were defeated here last Sunday. The visitors through errors were leaders up to the eighth inning by a score of six to two. Then things happened. Burns, the left-handed twirler for the Sales, was invincible up to this point, then completely went to pieces. Having filled the bases he was relieved by Orr, a right hander. This was perfectly satisfactory to "Dutch German" who was next at bat. He connected with one for three bases, scoring three men ahead of him. Joe Schaab not quite satisfied with this, clouted one for a clean home run, thus scoring enough runs to bring the Northville total to eight. The Daniel Sales did not score further and in fact had been having difficult work in obtaining any runs off pitcher Harry German since early in the game. No one seemed more pleased than German after the game because he had gone into camp closing his thirty-fourth consecutive season of pitching with victory.

The good attendance at the game placed the financial standing of the club on an even footing. Last season found the club about fifty dollars in arrears.

Since referring to the above the Greenan Cakes world champion amateurs, are booked to play at Northville Sunday next.

## VISITED WAYNE COUNTY TRAINING SCHOOL.

A D McLay, a former district manager of the Detroit Edison Co was the guest of the Exchange club at its noon luncheon on Wednesday and gave a very interesting talk on the subject of public utilities, stressing the affairs of the Edison company with which all of his hearers were more or less familiar. At the conclusion of his talk W. H. Maybury who was also a guest of the club, was introduced and made some brief remarks in which he stated that he was always delighted to speak a good word for Northville, and that he sometimes wondered if Northville people really appreciated the future growth and development of this section and its many natural advantages. Members of the club were invited to accompany Mr. Maybury on a tour of inspection of the grounds and buildings of the Wayne County Training School. The trip to the institution was made in autos and following the lead of Mr. Maybury the visitors walked about the grounds, visiting all of the numerous buildings as he explained their purpose and the many other interesting details now being worked out. The afternoon was an ideal time for such an outing and Mr. Maybury's kindness was greatly appreciated.

Great progress is being made in the construction of the building, terraces and grounds. There will be 25 buildings when all have been completed each one being fire proof, and of brick and steel construction. There will be the administration building, hospital, assembly hall and auditorium, grammar school, boys' and girls' industrial building, power plant and sixteen cottages, eight for the girls and eight for the boys, with a capacity of 50 to each cottage. The buildings have been "scattered" about the spacious grounds, permitting a lot of light and air and broad spaces in between, making a most ideal and unique setting. Mr. Maybury has given a great deal of time and thought to the arrangement of the group and his foresight and wisdom in planning are manifested at every turn now that the buildings are nearing completion.

Broad walks and beautiful drives will further beautify the grounds when the construction work has been completed and the new training school will be one of the most complete and modern of its kind in existence.

## HERE'S CONGESTION FOR YOU.

Think it over. Detroit had a population of 1,283,522 in 1923. The city covered 85 square miles. There were 235,331 motor vehicles registered. At the same time the states of Nevada, Arizona, New Mexico, Idaho, Wyoming and Delaware combined had a population of 1,621,191, they covered 529,001 square miles, and had a motor car registration of 227,560 altogether. This made 2,768 motor vehicles to the square mile in Detroit and 43 of a car, if we may be permitted to figure this way, to the square mile in the six states listed above. No wonder Detroit has congested traffic. If we ever have the time or the inclination we should take a vacation and make a tour to Nevada, Arizona, New Mexico, Idaho, Wyoming, or Delaware, where there is plenty of space to drive.—Detroit Motor News.

## Northville School Notes.

The Northville Schools are growing at such a rapid rate that something must be done before long to relieve the congestion. The present high school building is being used for grade purposes although it is needed very much for the high school department. One hundred and twenty pupils from the fourth to the sixth grade inclusive are now housed in this building. In the seventh grade more pupils are enrolled than the number of seats. At times there are as many as 60 pupils reciting in a room built to accommodate 40. The room formerly occupied by the school nurse and the girls physical director is now being used as an overflow room for the fourth and fifth grades. These two people are compelled to double up with other teachers. In the last four years, Northville's school enrollment has increased from four hundred and forty eight pupils to its present enrollment of approximately six hundred pupils. It is anticipated that nearly seven hundred pupils will have been on the roll by the end of the present school year. This includes of course all pupils those who have left and entered during the school year. The first grade at the present time is on half day sessions. If the enrollment continues to increase other grades no doubt will be put on half day sessions another year unless additional quarters are provided in the meantime. The greatest percentage of increase appears to be in the grades. Since Sept. 1920 grades Kindergarten to the sixth have increased 41.3%. In the Junior and Senior High School there has been an increase of 15.5%. The general percentage of increase for the entire school amounts to 31.5%.
