### KING'S DAUGHTERS ENJOY FALL SPREAD.

The annual fall spread of Mizpah Circle of The King's Daughters was held at the home of Mrs. E. E. Brown on Tuesday evening and the gathering was largely attended, there being upwards of 60 members and guests present. At six o'clock dinner was served, small tables being attractively arranged throughout the spacious rooms and the decorations were autumn flowers and suggestions of the approaching Halloween season. After the dinner had been partaken of and while the guests were still seated at the tables, the president, Mrs. G. E. Richardson, called upon Revs. William Richards, F. P. Knowles and A. K. MacRae and E. E. Brown, who responded with appropriate impromptu remarks.

Tables were soon removed and the regular business meeting of the circle was held, at which Mrs. J. G. Alexander gave a very interesting and interesting report of the annual state convention of the organization which was recently held at St. Johns.

It was decided to make the usual annual donation of canned fruit to The King's Daughters' old people's home in Detroit and all who care to contribute something will be given an opportunity.

### KNIGHTS TEMPLAR ATTENDED SUNDAY MORNING.

All Knights Templar Commanders in Michigan attended religious services Sunday morning, the order for such observance having been issued by the Grand Commander and in keeping with this request members of No. 1414e Commandery attended services at the Presbyterian church, where they listened to an interesting and enlightening address by Sir Frank P. Knowles, pastor of the church. The orders were issued for the purpose of properly observing Hospitalers Day, in commemoration of an ancient order which played a great part in the days of the Crusades.

The organization of Hospitalers of St. John was known in the Crusades for the immense good it did in care of the Crusaders. They are said to have operated a hospital in Jerusalem with a capacity for 2,000 patients. So great a reputation did this institution get that Sultan Saladin of the Saracens, according to a legend visited it in disguise to learn for himself whether the tales of such great good could be true. Later, when the Crusaders were closing the Hospitalers found it necessary to organize a military branch for the protection of pilgrims and convalescent patients on their way home. The Hospitalers are generally credited with founding the modern hospital plan.

### L. O. T. M. INSTALL NEW OFFICERS

The installation of the L. O. T. M. was held Monday evening October 20 with 140 ladies present at a six-thirty dinner. The tables were prettily decorated for the occasion. The following officers were installed:

### McLEOD DENIES THE CHARGES.

Deputy Sheriff John McLeod, who was removed from office last week by Sheriff George A. Walters, following charges of extortion, denies the charges and makes counter accusation against the sheriff, claiming the primary election expense account is not correct.

After the evidence in the hands of Sheriff Walters had been presented to Chief Assistant Prosecuting Attorney Robert M. Toms, Mr. Toms stated that specific charges would be made against McLeod and that a warrant for his arrest would be issued.

Are you planning to vote November 4th? Do not fail.

### TAXPAYERS VOTE FOR ADDITION OF SCHOOL ROOM.

The special school meeting held at the High school building on Monday night was attended by more than 60 persons—an unusual attendance for a school meeting. Dr. Wickham was chosen chairman of the meeting and George Harper secretary. Mr. Wickham explained the plan of the board of education to provide more room just at this time by erecting a two-room temporary building. If it should be deemed best to provide more room next year the temporary building could be converted into a fresh air school, which Dr. Wickham thought would prove a benefit to some of the children now attending school.

While a good many did not in their own minds, just approve of the temporary structure, preferring to vote for an addition to our present building, yet the one opposed the plan strenuously. But few questions were asked and when the ballots were counted it was discovered that there were a total of 60 votes cast, and of that number 36 were in favor of the proposition and 24 were opposed.

The temporary building will be erected just as soon as possible and will be properly heated and ventilated and sanitary toilets will be provided.

### FORESTERS TO GIVE BENEFIT PICTURE SHOW.

Next June the people of this village will have the privilege and the honor of entertaining the Grand Court of Foresters of Michigan for three days and it is expected that upwards of 300 delegates and visitors will be here to attend the session of the Grand Court. To properly entertain that number of guests will be some task, but with the co-operation of the good people of Northville, way will be asked to open their homes to the visitors, it is confidentially believed that the meeting will be one of the best ever held in Michigan.

In order to raise funds to help in defraying the expenses of the convention the members of Court Northville will give a number of benefit entertainments during the winter and spring. The first one of these will be given at the Alseium theatre on the night of November 17th, when that very interesting and appealing picture "Way Down East" will be given. The public is asked to keep that date open so all may have an opportunity to see this picture and to assist in a very worthy cause.

### MRS. E. S. BEARD ENTERTAINED DETROIT CLUB WOMEN.

Mrs. E. S. Beard entertained the members of the Diversity Literary club at luncheon on Monday at her home on the Base Line, she having been a member of the club for some years. After the luncheon, which was complete in all its appointments, a program was given. Mrs. E. D. Sneed told of a visit to Isle Royal and Mrs. William H. Hill gave a reading "Glimpsing Memories." A social hour followed and late in the afternoon the members returned to their homes in the city.

### REDFORD TO CELEBRATE SATURDAY.

Redford is to have a gala day on Saturday, tomorrow, to celebrate the opening of the new Grand River pavement. There will be band concerts, barbecue lunch, free vaudeville acts, addresses by Edward H. Hines of the Wayne county road commission, and H. S. Earl of Detroit. Competent committees have the affair in charge and Redford people never do anything in a slipshod way. The people from all the surrounding towns are invited.

The entire city of Canton is being terrorized by mercenary troops attached to Sun Yat Sen's south China army, who have gotten out of control and are on a looting rampage. The greatest chaos prevails. Many portions of Canton were destroyed by fire, started in the fighting between troops of Sun and the Canton merchants' associations troops, resisting Sun's efforts to end the merchants' strike. ## MICHIGAN RACE PILOT KILLED

Ansterberg Loses Control of Machine  
Speeding 105 Miles an Hour

Charlotte, N. C.—Speeding at a rate of 105 miles an hour on the new speedway which is to be inaugurated with a race meeting this week, Ernie Ansterberg, 31 years old, of Concord, Michigan, holder of the world's record for the latest lap on a mile and a quarter board track, plunged to his death the fifteen-horsepower racer to die on the track this year.

In his first trial spin Ansterberg was seen to lose control suddenly. The wheels of his car locked and it slid for 200 feet to the fence, leaped the upper rail and fell a mass of twisted steel.

Prominent among the pilots whose careers were suddenly ended in wrecks and smashups within the past few months were Jimmy Murphy, fatally injured Sept. 15 at the State Fair track, S. Racine, N. Y.; Daro Resta, killed Sept. 3, at Brooklands, England; Joe Boyer, of Detroit, fatally hurt in the Labor Day race at Altoona, Pa.; and A. L. Mulford of Hollywood, Calif., killed at San Jose, Calif.

SAYS ACT WILL REDUCE CHIEF

## WOULD TRANSFER TAX BURDEN

Right of Specific Assessment on  
Public Utilities Would Be  
Threatened

Lansing, Mich.—Attorney General Andrew B. Dougherty holds in an opinion made public last Monday, that the adoption of the proposed income tax amendment to the state constitution virtually would wipe out the Michigan primary school interest fund, which this year raised nearly \$15,000,000 for local school purposes. He states that the proposed amendment of the constitutional requirement for a "uniform rule" of taxation in Michigan would throw the taxing of railroad companies, telephone companies, telegraph companies, etc., which since Pongree's time have been in direct charge of the state board of assessors, back to the huddle-buddle of local taxation, raising grave doubts as to whether or not the same degree of uniformity would obtain as now exists.

## EXILED "PLAY R SUES LANDIS

Dolan Banished for Bribe Attempt  
Seeks Share of Series Money

New York—William J. Dolan, noted criminal lawyer has been banished by Alva J. (Coz.) Dolan, former Giants coach, exiled from so-called organized baseball by the edict of Commissioner Landis that barred also Jimmy O'Connell, outfielder of the New York Nationals, after he confessed offering \$500 to "throw" a game, it necessary to insure the Giants winning their fourth consecutive pennant in the season just closed.

Dolan, named by O'Connell as having inspired the bribe offer which Sand rejected, was instructed Fallon to start suit immediately against Landis to force the latter to restore Dolan to good standing in baseball, to compel payment to the ex-coach of a losing team player's share from the receipts of the recent world series, and for damages for slander.

## TEACHER MURDER D WITH AXE

Rejected Suitor Confesses Slaying of  
Former Sweetheart

Grand Haven, Mich.—Egbert "Happy" Dyke 34 years old, Grand Rapids automobile mechanic, has confessed, according to officers, that he killed his former sweetheart, Molly Fleming 23 years old, Conklin school teacher, who was found dying in a woodshed at the rear of her school last week.

Miss Fleming, whose head was cut open with an axe, died without regaining consciousness sufficient to permit her to give an inkling of the circumstances of the assault.

Discovery of the crime was made by a group of children who had returned to the school ground to play.

## FIVE KILLED ON U. S. CRUISER

Gun Explodes During Target Practice  
—Seventeen Sailors Injured

Norfolk, Va.—Five men were killed and 17 injured in an explosion in the forward twin gun-mount of the new scout cruiser Trenton during target practice on the southern drill grounds, off Cape Henry.

So great was the explosion that an access door at the rear of the turret was opened and four men were blown overboard. One, terribly burned, never came to the surface.

The Trenton sent word ashore that the cause of the accident had not been determined.

## GERMAN REICHSTAG DISSOLVED

President Ebert Orders New Election  
After Row Over Cabinet

Berlin—President Ebert has issued a decree dissolving the reichstag, thereby paving the way for a general election.

The action of the President is generally believed to have resulted from the failure of Chancellor Marx to carry out his plan to extend the basis of the present government by the inclusion in the cabinet of representatives of parties further to the right and to the length of service of those already represented.

## WHAT'S A CONSTITUTION FOR?

The peak of radicalism—or one of the highest peaks—is to be found in the following plank of the Progressive platform:

"We favor submitting to the people a constitutional amendment providing that congress may, by enacting a statute, make it effective over a judicial vote."

In other words, congress may, by mere statutory enactment, make an unconstitutional measure constitutional. This is deliberate subversion of the constitution to the whim of congress—nothing else.

It is a definite scheme to encourage

congress to act in defiance of the constitution; and, if there is an impartial judicial decision that the constitution has been voted to, set aside—the authority of the courts and of the constitution itself by mere repetition of the congressional fiat.

Is the constitution worth having, or preserving, or obeying? The so-called Progressive platform thinks not. The American people have heretofore thought otherwise. Because they have thought otherwise for a century and a half, we have a constitution and constitutional freedom.

How would you like to have the present congress, for instance, usurp the power and authority of the supreme court of the United States?

## MINISTERS CALL SCHOOL BILL BAD

DETROIT PROTESTANT CHURCH HEADS UNITE IN CONDEMNING PROPOSED AMENDMENT

THEY UPHOLD PARENTAL RIGHTS

Measure an Infringement on Citizens' Liberties, Unnecessary and Un-American, They Declare

Almost unanimous opposition of Detroit ministers of all faiths to the proposed school amendment to the state constitution, which aims to abolish private and church schools in Michigan, is revealed in a survey made of the Michigan Association of Private and Church Schools committees.

Rev. Chester B. Emerson, pastor of the North Woodward Congregational church, sounded the note echoed by his contemporaries when he said, "We have always reserved the right to trust children to their parents and to put them into what schools they choose. There is no reason why we should change that liberty. I am sure the best argument against the amendment is that it is out of consonance with American traditions and with the kind of spirit America must maintain in the future."

Rev. Harry Midworth, rector of the Church of Our Saviour, Episcopal, said, "The amendment, if adopted, would not be conducive to the best interests of the public. While the publicly supported schools may be perfectly satisfactory, there would be no redress in case of dissatisfaction. I am a lover of freedom and claim the right to exercise that freedom in the education of my children."

Rev. Andrew S. Gull, of St. Matthias Episcopal church, declares: "What we want and need is more religious education, not less," and he asks, "Does not the proposed amendment involve a form of state tyranny? Will the state next be telling us which of our children may be doctors, which lawyers, which merchants, etc.?"

Rev. Henry Veasman, of the First Christian Reformed church, charges that the amendment opens the way for the state to invade the domain of the church and he home and that it proposes to compel parents to give all children an education which must of necessity be void of all positive religious and ethical training.

Rev. William L. Torrance, of St. Andrews Memorial Episcopal church, holds that the amendment is inimical to education and a violation of American principles.

Rev. George Lahe, of Epiphany Episcopal church, says, "I am against any such shortsighted, ill digested, illogical attempt to impose unworkable theories on the body public."

Rev. Ludwig Havel, of Holy Trinity Lutheran church, declares that "the passage of the amendment would mean bigger school taxes for all, and it could close schools that pay particular attention to educating the heart of the child."

Rev. Philip Schaefer, of Christ church, Detroit, states "I am against the nationalization of children, which this amendment implies. Besides, the amendment would close in traditions that maintain high standards and are of inestimable value in the mental and moral training of our youth."

If liberty and free freedom to worship God according to one's conscience also means freedom to have children taught how and whom to worship," says Rev. Harold Smart of St. Barnabas Episcopal church.

Rev. H. T. Weber, of St. Matthews English Lutheran church, argues, "Parents have a right to say whether their children shall be taught religion or not and what form of religion they shall be taught; and inasmuch as the state is in no position to supply religious education in a form which would be satisfactory to all, it is necessary that church schools and independent schools should be allowed to do so."

Rev. Lynn Harold Hough, pastor of Central Methodist Episcopal church, asserts, "No group should be deprived of rights which are inherent in citizenship in our United States" and that, therefore, he is opposed to the proposed amendment.

Other clergymen, who have voiced their opposition to the amendment are: Rev. Gaius Glen Atkins, First Congregational church; Dr. Russell H. Bready, West Grand Boulevard Methodist church; Rev. S. S. Marquis, St. Joseph Episcopal church; Rev. Minot C. Morgan, Fort Street Presbyterian church; Rt. Rev. Herman Page Episcopal Bishop; Rev. Morton C. Pearson, Executive Secretary, Detroit Council of Churches; Rev. Augustus P. Record, First Lutheran church; Rev. Henry J. Veldman, First Reformed church and others.

### PARENTAL RIGHTS

"I believe in the parents' right to send their children to any school, tax supported or non-tax supported, providing the school meets all of the state's requirements as to housing, sanitary and other material conditions and the minimum state requirements as to ability, training and experience of its teachers," Mrs. E. L. Calhoun, state president, W. C. T. U.

### OBITUARY.

The funeral of Amsel Woodmansee was held in the Methodist church on Friday, October 17th. This old veteran of the Civil war was always at his place in the front seat on Sabbath days. The pastor on the previous Sunday to his death made mention of his presence and requested the congregation to help and brighten the short time that he always expressed, he had with us. There was little thought at the time the following Tuesday would bring the end. He was found in his room apparently preparing to go to bed to this mortal life. Rev. Wm. Richards conducted the services and spoke of him as a faithful soldier of the cross taking for the text "Thou shalt come to thy grace in a full age like as a shock of corn cometh in, in its season."

He was born at Summer Hill, Cayuga county, New York August 29th, 1839. He came to Michigan in 1875, settling at Ypsilanti, then moving to Augusta, and later to Milan. From the latter place he came to Northville in 1915 where he remained with his son, Frank, up to the time of his death. He was married to Mary E. Powell in 1859, having three children to this union, Arthur G. and Edgar, who preceded him in death, and Frank who survives.

Mrs. Woodmansee died nine years ago. The body was placed beside his wife in the family lot at Milan cemetery.

He was a member of the Grand Army, having served in the Civil war three years with Company C of the New York volunteers. No medals need mark the evidence of warfare on the body of this old soldier. He bore them in his flesh marks of a true soldier.

The American Legion accompanied the body to its last resting place.

**WILL OPPOSE THE INCOME TAX.**

Grand Rapids business men after an exhaustive study of the proposed income tax, have decided to oppose its adoption at the November election. Their position has been chosen for the following reasons:

"That an unreasonable and excessive and excessive amount of tax will be exacted, extravagant expenditure of money, leading to waste, and corruption of administration; mounting plants will close down, thousands of persons out of work, the general cost of living will rise, the school

system, particularly rural districts, will be robbed of funds; the generations to come will be burdened with a tax law stringent beyond all reason, which could be changed in any particular only by popular vote and which will stifle the ambition of youth to succeed beyond the limit of tax exemption; all Michigan's industries would be placed under a handicap of manufacturing costs unknown in other states."

### CHURCH OF CHRIST.

Beginning Sunday, October 26th, at 3:30 p. m., at Lapham Library, a Bible study will be organized for the purpose of those desirous of acquainting themselves with New Testament teachings. This class will be conducted by A. W. Hastings of Cameron avenue Church of Christ. All interested in this study are most cordially invited to attend. Where the Bible speaks, we speak; where the Bible is silent, we are silent.

After church meetings, communion will be observed.

### METHODIST CHURCH NOTES.

"Walking With God" is our morning meditation at 10:30. The Sabbath school at 12:00, noon.

The prayer meeting topic for Thursday is "The Deity of Christ."

Everybody welcome. Sunday, November 2nd, will be the anniversary of this church. Look for announcements in The Record next week.

In the evening at 7:30 we are to have with us Sheriff George A. Walters of Detroit, who will speak on "Lawlessness Among Young People" as comes under his observation in the work of the sheriff's office. Let us hope that a full house will greet Mr. Walters. I have heard him on many regrettable experiences with young life and can recommend him giving some very interesting facts. Let all the parents be present. It will mean much to them, as well as to young people.

"Armistice Day" November the 11th is the day for the bazaar and chicken pie supper. All having tablecloths, pie tins, and towels in their possession, kindly bring them to the church.

**PRESBYTERIAN CHURCH NOTES.**

A very profitable all-day study class under the leadership of Miss Bunn, was enjoyed on Wednesday of this week by the members of the Woman's Society, at 10:30, at "Our Old Blood."

Miss Jessie Clark was the hostess.

An interesting series of subjects will be presented on Sunday for the consideration of the people. In the morning service for the morning worship "God—a fact which calls for faith," and in the evening "The Law of Proportion."

For the Sunday school "The Stilling the Storm" and the Y. P. S. C. E. will discuss "Why is Law-Enforcement Vital to Our Nation?"

For the midweek subject on Thursday evening lessons in "Religious Liberty" will be the theme.

### BAPTIST CHURCH NOTES.

Our Missionary society spent all day Wednesday making garments for the Mathu School for colored people. The society started out to fill a barrel. Of course they did it.

Two carloads of our folks landed at the airport yesterday by the train at Salem, last Wednesday evening. All enjoyed the coming.

You may make the immigration a great struggle problem but did you even stop to consider what a great church problem it is? No day is without only foreigners who immigrate to America, but those who are born here. Hear the sermon Sunday morning on "foreigners."

The pastor will appreciate it if you will tell him, either by mail or personally, what you think is the matter with the churches in Northville. He is going to speak on that subject Sunday evening.

Don't forget prayer meeting next Thursday evening.

**CONGRESSMAN HUDSON IS ILL.**

Owing to the illness of Congressman Grant M. Hudson who is at the Battle Creek Sanatorium for a few days upon the advice of his physician, Edwin Rawden of Lansing, filled Mr. Hudson's engagement with the Exchange club on Wednesday noon and gave a very interesting talk on the necessity of going to the polls on election day. He explained how a president and a vice-president would be elected in case of a tie in the electoral college, and his explanation proved most interesting. Mr. Rawden also addressed the High school students and a group of ladies who gathered at the home of Mrs. George Gruch in the afternoon. Mr. Hudson was compelled to cancel all of his engagements for the present but he expects to be about the city again next week or so.

### BAKE SALE SATURDAY.

## A RUNAWAY STORM THAT MET ITS BOSS

A quick tempest swept the waters of Lake Gallilee one evening and put great fear in the hearts of the crew.

In the storm-tossed boat that was trying to get across the lake was a man asleep. He was the Great Teacher who had spent the day speaking to a multitude of folks.

To Him the frightened men went for help when their strength failed. Rising at once Jesus spoke the word of authority and the fierce winds calmed.

The storms of life sweep down upon us unexpectedly and with great intensity. We are urged to build a faith for these emergent hours. We are cautioned to have Jesus about our craft.

Life is too valuable—the soul worth too much—the future holds attractive possibilities for those who will co-operate with the divine—that we shall try to follow today—NOW

### C. A. DOLPH BIBLE CLASS

METHODIST SUNDAY SCHOOL

## First Presbyterian Church

"Rock of Ages" is one of the grand old hymns of the Christian church. Its original title was "A Living and Dying Prayer, for the Holiest Believer in the World." This hymn was a favorite of the Hon. W. E. Gladstone and the dying prayer of Prince Albert of England. The main thought of the hymn is what "the holiest man must say in his prayer."

"Thou must save, and Thou alone."

**SUNDAY SERVICES.**

At 10:30 a. m.—Morning Worship.

# SEES DANGES IN PROPOSED INCOME TAX.

Passage of the proposed income tax amendment to the Constitution in November would not only rob the primary school fund of more than \$9,000,000 annually, but would put the railroads back into politics, and leave the assessment of their properties and the collection of taxes to local authorities, Attorney General Andrew B. Dougherty was expected to rule today.

The ruling was to be based on past history of Michigan in an effort to make the railroads and other similar utilities pay their just share of state taxes, and goes back to the days of

Governor Pingree, who called a special session of the legislature in order to submit to the electors the very section of the state constitution which the income tax amendment would repeal.

In the opinion of the attorney general the legislature with the present section 3 of Article 10 of the constitution would be powerless to pass any legislation which would continue to force the present method of assessment of property and collection of taxes from the utilities, and would mean a return to conditions which existed in Michigan 30 years ago.

The opinion of the attorney general was given in response to a request from State Superintendent of Public Instruction Thomas E. Johnson, who asked what the effect on the primary school fund would be if the proposed amendment was written into the constitution.

Vote "No" on the income proposition.

Record Liners Cost But Little

# OAKLAND EXPENDED \$862,315.31 FOR HIGHWAYS IN 1923.

# SPECIAL FARM SCHOOL TO START AT M. A. C.

A special "sixteen-week" course in agriculture will open at the Michigan Agricultural College on October 27th, as the first of eleven farm courses to be given during the winter months.

The Short courses, as they are popularly known, are designed to give scientific and practical training for young men of the state who desire advanced training in agriculture but who cannot for one reason or another spare the time for the regular four-year course at M. A. C. Hundreds of graduates of this winter school are now engaged in successful farming operations in Michigan, while others are holding down professional positions in connection with some phase of the industry.

The sixteen-week course, which opens October 27th, runs for two years and gives a very complete and practical training in general agriculture. The short courses are open to all men and women over 16 years of age, without examination, but the equivalent of at least a good common school education is recommended for entering students.

# "NO OTHER GIRL" AT THE SHUBERT-DETROIT.

A. L. Jones and Morris Green, producers of "The Greenwich Village Follies," announce the engagement of "No Other Girl" at the Shubert-Detroit opera house for one week commencing Sunday night, October 28th.

"No Other Girl" is a smart musical comedy, surprisingly full of varied charm, in which all the elements are in harmony. The lines are filled with capital quips. There is an interesting plot and the music is not only musical but pleasing. The theme of "No Other Girl" is a story of romance and youth. The locale of this pretty musical comedy is in three acts, the first in a little suburban village, called "Quakertown," situated midway between Philadelphia and New York. The first scene of the second act is in a downtown New York apartment, while the second happens on the lawn of a fashionable country house on Long Island. The last act brings you back to the village of Quakertown, no longer a village but a full-fledged city.

Eddie Buzzell and Helen Ford are featured in "No Other Girl." Mr. Buzzell is not only a well known comedian, but is also one of the youngest of our funny stage men. He is the writer of several popular songs among them being "Sweet Kisses That Come in the Night," and "Say it With Liquor." His latest song, "Baby Face," was written with Bert Kalmar and Harry Ruby who are also the lyric and music writers of "No Other Girl."

Helen Ford is the young prima donna and has appeared in several New York successes, among them being "The Gingham Girl," "Sweetheart Shop" and "Helen of Troy."

A charming chorus of exquisite loveliness is carried who are both graceful dancers and excellent singers.

"No Other Girl" comes direct from its brilliant run at the Morosco theatre, New York where it played all summer.

# Wireless Telegraphy

Marron first succeeded in telegraphing certain signals across the Atlantic in 1901 and the first complete message was sent in 1903. Transoceanic telephony was first accomplished in 1915 when speech was transmitted from Washington to Paris and to Honolulu, the latter distance being almost 5,000 miles.

# Rubens' Paintings

Bryan is his "Dictionary of Painters and Engravers," said at the amount of Rubens' pictorial work was prodigious. A list records no fewer than 2,253, exclusive of 384 drawings. It was Rubens' practice to employ many student assistants. It is not possible to say exactly how many of the paintings are still in existence.

# Be Prepared to Act

# Make Each R.R. Crossing A Stop Street

Most Michigan cities compel motorists to bring their cars to a full stop before crossing any heavy-traffic street.

This law is universally approved. It saves time and averts accident. It is wise and fair.

Yet heavy motor vehicle traffic is far less dangerous to you than a railroad train. Speed is the very essence of Railroad service. A train cannot stop quickly. Nor can it turn out to avoid hitting you.

Six states have already passed laws, making stop streets out of Railroad intersections. The time may come when the State of Michigan will compel you by law to thus protect yourself.

But, why wait for law, when you have common sense?

Determine today that, from this time on, you will always bring your car to a full stop before crossing a Railroad track, anywhere—any time.

Everybody will approve your good judgment. Many will follow your example. And you will be relieved forever from the possibility of this, the most serious of common accidents.

The Spirit of  
Protestantism

THE spirit of Protestantism exhibits itself in Love and Tolerance.

A true Protestant grants his fellow-citizen the right to differ as he himself claims that right.

Protestantism stands for certain definite principles, but it does not display intolerance towards these of opposite views.

A Protestant hopes that others may see as he does, but if they do not he still remains neighborly and fair. He does not resort to legislation to force his convictions upon others.

Protestantism is opposed to every type of tyranny over the minds and souls of men. It stands for freedom of conscience and religion. It stands for freedom of thought and speech. It stands for freedom to learn and teach.

It cannot agree to a dictatorship of religion or education without violating its traditional spirit.

It does not believe that the state should establish a monopoly in education.

All who believe in the true spirit of Protestantism will work and vote against the School Amendment, which seeks to give the state a monopoly in education.

Passion must not be permitted to destroy educational liberty, which is one of the best fruits of the Protestant Reformation.

THREE per cent of Michigan's population of ten years and over cannot read or write. The nation's average is twice as high—six per cent.

Thirty states have more illiterates than Michigan.

There are 2,203 negro and 14,172 native white illiterates in Michigan.

These are United States Census Bureau figures. They disprove the claims of propagandists that there are more than one-half million people in Michigan who cannot read or write.

Michigan people are broadminded, tolerant, and educated. They are products of schools that are second to none in America.

Public, Private, and Church Schools have worked together in a program of state-wide education. Each deserves credit for the part it has played.

If Michigan were to adopt the School Amendment, private and church schools would have to be closed in less than nine months! Nearly 125,000 pupils would be thrown into an already overcrowded public school system. Chaos would prevail. Work would be disorganized. System would be destroyed. Taxes would go up.

Many children would be put on a part time basis.

Michigan's splendid record for literacy would be threatened.

## Are Boys People?

More time and money go into the selection of a great many dog collars than into the average boy's suit. No effort is spared to keep sister Constance looking like a little princess; but almost anything seems good enough for Dad's and Mother's boy. Isn't it about time to stop joking about his appearance and instead to buy him a suit that isn't a joke? Mothers who are used to saying it doesn't pay to buy a boy a good suit will be delighted to learn here: First, that good clothes not only wear longer and keep a boy looking neat and respectable as he wears them. Secondly, they're not necessarily expensive.

Harry Leon Wilson has gathered unique material for his new novel Professor How. Could you? In it he depicts so graphically the career of little old Professor Topples, who escaped from his wife and his college conventions, through such queer circumstances as those of the Indian Medicine Show, the Training School for the Blind, and the House of the Living Dead, that it seems the novel is almost certain to have been successful.

### The Way of Life

This brief sermon by the wayside is from the Little Gazette. Some men seem to make money without effort while some women seem to annex more husbands than the law allows without any more effort. Is the other way round with some men who can make money no matter how tedious the work is, and some women who are not able to annex more husbands than the law allows without effort.

## EAGLE AND CARIBOU FAST DISAPPEARING

### Bounty Threatens to Wipe Out National Bird.

New York.—Edwin A. Osborne of Richmond Hill has just returned from a two months' trip in Alaska and the Northwest, where he made a survey of animal life and forestry conditions on which he will report to the Permanent Wildlife Protection Fund, of which William T. Hornaday is the head.

Mr. Osborne said he had observed the bald eagle was being slowly but surely exterminated in Alaska under the workings of the bounty, paid by the government for its destruction. The bounty on the eagle was \$100 a head, and he said that the eagles were the food of the caribou and the moose, and without them the caribou and moose would be exterminated.

On the contrary, Mr. Osborne says, he found there has been up to the present in the mortality of young eagles since the bounty was started, even though great numbers of eagles have been killed by the bounty hunters.

The fox farmers, Mr. Osborne says, maintain that either the eagles must be exterminated or commercial fox breeding given up. He found no justification in the facts he observed for such an extreme view, and said that with proper protection of the fox enclosures the amount of damage done by eagles would be negligible.

The naturalist does not urge, he said, that there should be complete protection of eagles, but says in his opinion the present bounty should be abolished in order that they may survive to the extent that ordinary conditions of wild life in the region would dictate.

#### Should Not Be Exterminated

The bald eagle he points out, is a typical product of the natural life of the country and has been adopted as the American national bird. From this viewpoint he says it should not be allowed to be exterminated.

The caribou of Alaska is threatened with the same fate as the American bison or buffalo in the opinion of Mr. Osborne. He says the great deer are plentiful now and are protected by a closed season, but that during the hunting season he was informed by natives that great numbers of them are slaughtered sometimes wantonly and the protective law is enforced with great difficulty in many instances.

Alaskan natives take the same attitude toward the caribou as was for years toward the buffalo. He said that there are so many of them that the natives never exterminate them. He says the time will come if present conditions continue when the caribou will be the same as the bison and buffalo—left to the mercy of a few sportsmen and reserved to the game warden as a national curiosity.

Part of Mr. Osborne's work was to survey conditions relating to forest fires. He saw many devastated forests and said that the eastern part of the state of Washington, California has also suffered greatly from this devastation, though Mr. Osborne did not visit that state. Coming east he said while crossing Montana the smoke from forest fires permeated the air to such an extent that passengers were affected by it.

#### Tourists Cause the Fires

Forest fires in these regions he said he believed are caused mostly by tourists from the East who go to the region to hunt and shoot and who are careless about the forest fires. He said that the forest fires are caused by the tourists who are careless about the forest fires.

In Seattle, Wash., while on his photographic tour, Mr. Osborne was attacked by a bear and severely injured and killed. He said the bear was not angry but was practicing their ideas of playfulness on him. "I came at him from both sides and he was not afraid of me," he said. "He was not afraid of me and he was not afraid of me."

With several companions, Mr. Osborne climbed the Denali Glacier situated ten miles from Skagway on an abandoned gold rush trail. The party did not use the usual "creepers." On the way down the party had a narrow escape from falling into a crevasse. A report of the observations of the trip will be made to Doctor Hornaday.

### Tuna Aids Own Capture, Says Veracious Mariner

Tacoma, Wash.—Two prize-fish stories circulated along the waterfront recently. One concerns a tuna fish which tied a knot in its own tail. Captain Soderburg of the Albert Jeffries related that while passing the eastern or Pacific portal of the Panama canal one of the crew hooked a 102-pound tuna. The large fish, strengthened out the hook and was pulling back into the sea when a fish of its kind near the line caught a hook in its mouth. The tuna provided two full meals on the entire crew of the ship.

This is the first time a tuna has been caught in this manner. Two days out of the port of Tacoma, the ship was out of the port of Tacoma. The tuna provided two full meals on the entire crew of the ship.

In Greece there are still remnants of a city that was a famous watering place long before the Christian era. It is the town of Odrus and the emperors of Rome went there to take sulphur baths and tests. The hot sulphur waters still pour out of the crevices in the rocks, and runs of the buildings are still apparent. The streets of the little village are bordered on each side with streams of hot sulphur water.

Try the Youth's Companion for a year. See how quickly it becomes an indispensable member of the household, one of unfailing charm and constant inspiration.

**THREE KILLED IN TRAIN-AUTO CRASH**

SECOND SECTION OF PASSENGER WRECKED MACHINE AT DEARBORN CROSSING

**SMALL BOY FATALLY INJURED**

Driver Stopping for One Train to Pass Failed to Notice Approach of Second

Detroit—Two men and a woman were killed and a small boy was probably fatally injured when their automobile was crushed by a passenger train at the Michigan Central railroad crossing at Nowlin street, Dearborn, shortly before 7 o'clock, Sunday evening.

The dead in the Dearborn crash were Arthur Wilson, 30 years old; Shelby Patrick, 30 years old; and Mrs. Corretta Patrick, 28 years old, all of Detroit.

Willard Ford, 2 years old, Dearborn, the fourth victim of the crossing accident, suffered a fractured skull and other injuries.

The Patrick's, with Wilson and the Ford boy, were returning to Detroit via Michigan avenue when they were held up at the Nowlin crossing by a westbound passenger train. As the train passed, Wilson, who was driving, started across the track. His car was caught in the middle by a second passenger train and carried 500 yards down the track, then pitched to one side.

Wilson was killed instantly. Mr. and Mrs. Patrick died in a nearby hospital, where they had been carried. Several automobile loads of people, returning to Detroit from a day's outing, witnessed the accident.

**ROBBERS VISITED SPRINGPORT**

Bank Officers and Patrons Locked in Vault—Thugs Get \$65,000

Jackson, Mich.—The State Savings Bank at Springport, a village near Jackson, was robbed by five armed bandits last week.

After locking officials and patrons in the vault, the bandits escaped with \$60,000 in negotiable bonds and approximately \$5,000 in cash.

One of the five approached Allan Crawford, president of the bank, regarding the purchase of some paper, and when Crawford refused to talk, drew a gun and ordered him to put up his hands. Four other armed men then walked into the bank and commanded the nine persons there to step into the vault, where they were locked up.

At this stage Love A. Bingham came into the bank with a large sum of money and was struck over the head by one of the thugs, causing a serious wound.

The robbers then scooped up all the cash and bonds in sight and sped away in their car.

**CHINESE TONG WAR IS STARTED**

Eight Arrested Following Shooting in Detroit Colony

Detroit—Eight Chinese were arrested on murder charges, and the police are now confronted with the problem of determining whether a tong war or a gambling quarrel was responsible for the slaying of Eng Seng Sney, a laundryman from Flint, Mich.

Sney was shot four times during a card game, at 1351 Third avenue in the building known as the headquarters of Detroit's Chinese colony.

Police believe the death of Sney, who is a member of the Ong Leong tong, the secret order on which the Hui Sing tong has declared war in New York and Pittsburgh, recently, killing many, may presage a tong war of which they have been warned for a week.

**HUGE DETROIT VOTE FORECAST**

When the city clerk's office closed Saturday, the last day citizens could register before the November 4 election, a total of 29,953 had registered since the primary.

The heavy registration indicates the largest vote ever cast in Detroit at the November election.

The next largest registration was for the presidential election of 1920, when 300,006 persons registered.

During the last four years of the period in which the department has existed, 11,000 of the 20,000 acres were planted, according to Edgar D. Cochran, secretary of the state department of conservation at Lansing.
