LARGE CROWD ENJOYED BARN DANCE.

The handsome and commodious barn on the farm of P. H. Grennan, at Waterford, was formally dedicated last Saturday night when a large company of guests gathered to enjoy a social dance. Guests were urged in the invitations to wear bungalow aprons and overalls, and many of them were thus attired and the merry company entered heartily into the spirit of the occasion. The dance was held in the hay loft of the barn which had been most attractively and elaborately decorated with autumn leaves and with the fruits of farm and field. In one end of the building, adjoining the spacious dance floor, a pastoral scene was arranged that presented a most delightful picture. Chickens, ducks and geese and two Holstein calves sported about upon the hay and seemed at times to wonder why all the dancers were making so much noise at an hour when toilers in the fields as many of the dancers appeared to be were asleep. Proud geese would stretch their wings occasionally, the ducks quacked at intervals, not intending any reflections upon some of the professional men who were among the dancers dressed in the uniform of a navy handed worker in the fields.

Peter Perkins' orchestra of this village furnished music for dancing and rendered a program that was greatly enjoyed. Guy Nichols of Novi was prompter and called a number of quadrilles greatly to the delight of the dancers and to the amusement of those who were on the "sidelines." The seats were piles of straw conveniently arranged and to many the party was as possible a barrel of cider and a quantity of cans invited all to partake heartily of the generous supply of the juice of the apple. Great trays of fried cakes tempted the appetites of the dancers and "take-just-its-more" and of course with each cake a cup of the cold, sparkling cider was required.

About eleven o'clock the guests were served a bag lunch with hot coffee and this splendid feed was enlarged upon when young ladies passed among the happy crowd and offered all a bountiful supply of the justly famous and celebrated "Grennan Cakes," until the slogan became quite real—"Here Comes Grennan's Cakes."

Mr. and Mrs. Grennan were assisted in welcoming the guests and in seeing to it that all had a merry time by Mr. and Mrs. E. C. Fuller, Mr. and Mrs. J. D. Crowley and other members of the Hunt club, and no one enjoyed the gathering more than did the genial hosts.

The dance program was interspersed with selections by the Grennan male quartet and by solo numbers by members of the organization. Every number was heartily applauded and the singers responded generously adding a feature to the evening's entertainment that all greatly enjoyed.

The grounds about the barn were brilliantly lighted and the guests visited the horse barn where Mr. Grennan's polo ponies are housed, the dog kennel where a brace of hounds are given attractive quarters and the pigeon house where the Grennan collection of pigeons, one of the most extensive in the state, is comfortably quartered for the winter, and the spacious dairy barn where everything was white and sparkling. When all the contemplated improvements have been made about the farm it will be one of the show places of this section. Mr. Grennan does things in a big and generous way and he is leaving nothing undone that will add to the attractiveness of his country estate.

Mrs. Lou, aged 87 years, a pioneer resident of this section, was among the dancers and she enjoyed the quadrilles as well as any of the younger ones present.

WILL ENDEAVOR TO REGULATE SPEED OF TRAINS.

At a special meeting of the village council held last Thursday night a resolution was unanimously adopted instructing the village attorney to prepare an ordinance regulating the speed of the Pere Marquette trains through this village, the limit of speed being placed at fifteen miles an hour. It was also decided to request the railway officials to maintain a watchman at the Base Line crossing from six a. m. until ten o'clock at night.

This arrangement if adopted will prevent future accidents and will insure the safety of the traveling public who are compelled to cross the railway crossing at that point.

Northville Lodge, F. & A. M., will confer the M. M. degree on a class of candidates on Monday evening, the 24th.

DOUBLE FUNERAL LARGELY ATTENDED.

It is not often that death comes so suddenly and unexpectedly to two members of the same family as it did last Wednesday afternoon to Mrs. George Shafer and her daughter, Mrs. Fred Goodwin. The terrible calamity cast a great cloud of sorrow over this entire community and men and women were stunned as they realized that the death messenger had called forth two loved ones from one of Northville's homes.

Funeral services were held at the Shafer home on Cady street last Friday afternoon and many friends gathered to pay their last tribute of respect. Rev. William Richards had charge of the services and spoke with much feeling of the tragic death of the deceased. The floral tributes were numerous and beautiful. The remains were taken to Holly for burial where the family had just recently secured a lot in the cemetery.

Mrs. Shafer's maiden name was Esther Hitchcock and she was born in Wilmington, Ill., June 17, 1862, being 62 years of age at the time of her death. When a child her parents moved to Holly where she grew to womanhood. On September 20th, 1897, she was united in marriage to George Henry Shafer and they resided in Holly for a period of twelve years. About 20 years ago they came to Northville and with the exception of three years spent in Detroit this village has been their home since that time. One child, Hazel Margueret, blessed the union and the home life of the family was most endearing.

Mrs. Fred V. Goodwin was born at Troy, N. Y., on October 26th, 1860, and nearly all her life had been spent at home with the exception of a few years she was residing in Detroit. She received her education in the Northville schools and enjoyed the esteem of a large circle of people. On August 22nd, 1923, she was united in marriage to Mr. Goodwin and they made their home with Mr. and Mrs. Shafer. Mother and daughter were very close in their associations and they had many things in common, which naturally drew them into a very close companionship.

The bereaved husbands have the sincere sympathy of the entire community in their great sorrow.

S. W. CURTIS DIED AT SESSIONS HOSPITAL TUESDAY NIGHT.

S. W. Curtis was brought from his home on the Base Line road to the Sessions hospital in this village in a very critical condition from diabetes with which malady he had been afflicted for some years. Heroic treatment was given him all Monday night and Tuesday but medical skill and loving care was unable to stave the ravages of the disease and he passed away about midnight Tuesday. Mr. Curtis was secretary-treasurer and business manager of the Detroit Legal News, one of the most successful and influential publications of its kind in the country, and was held in high esteem by his business associates and all who came within the circle of his acquaintance. The family has resided at the beautiful farm home near Northville for the past fifteen years.

He was born in Monroe on July 20th, 1869, and grew to manhood in that city receiving his high school education there. He afterwards attended the University of Michigan and completed his course there. In 1894 he located in Detroit and became associated with the Wayne County Legal News, serving that paper until it was re-organized as the Detroit Legal News, when he was advanced to the important and influential position he held with the publication at the time of his death. On August 27th, 1894, he was united in marriage to Margaret Shaw, who with four children survive him. The children are Sylvanus W., Jr., Clarke Howe, Clement and Catherine. Clement is a student at Cornell University.

Funeral services will be held at the family home this afternoon at three o'clock.

To the bereaved wife and children the tenderest sympathy of the people of this community is extended in their great sorrow.

Oliver Dix of near Salem procured a warrant for Jerold Bookbinder who is charged with stealing two revolvers, a gold watch and chain, shot gun and some clothing when Mr. and Mrs. Dix and family were away from home. Bookbinder had been employed for some time to work on the Dix farm—Washtenaw Post.

MICHIGAN WILL BE WELL REPRESENTED AT INTERNATIONAL

The educational display of the Michigan Agricultural college at the International Grain and Hay Show in Chicago, November 29th to December 6th, will be staged under the direction of C. R. Megee and will be a big corn exhibit dealing with the crop from the northern angle and showing the best methods of picking, curing, storing, grading, testing and shipping seed corn as well as the methods used to breed varieties adapted to the state. The northern movement of the corn belt in other states as well as Michigan will be featured.

The Michigan Agricultural college has entered eight horses, eleven cattle, thirty-one sheep and fifty-six swine in the International Live Stock Exposition in Chicago, November 29th to December 6th. The consignment will include excellent specimens of the Percheron, Belgian, Aberdeen Angus, Hereford, Saropshire, Hampshire, Dorset, Oxford, South Devon, Rambouillet, Berkshire, Poland, Friesian, Essex White, Duroc Jersey, Tamworth, Yorkshire and Hampshire breeds. At the last International the East Lansing institution captured the Yorkshire pen and barrow purples, exhibited the champion and reserve champion swine carcasses and showed the noted Belgian mare, "Pervenché," through to the highest honor of her breed.

TELEPHONE COMPANY PLANNING LARGE EXPANSION

Franz C. Kuhn, president of the Michigan Bell company, announces that his company will expend more than \$850,000 between now and the end of 1929 for additions to Michigan's telephone plant. This program of expansion will bring the property worth of the plant with which the company serves Michigan up to more than one hundred and fifty million dollars.

President Kuhn, briefly outlining the telephone company's plans for the next five years, indicates that additions to plant serve most of Michigan's population. The company will add 125,000 lines to the Michigan Bell company's plant, which will cost \$15,000,000. The company will also add 125,000 lines to the Michigan Bell company's plant, which will cost \$15,000,000. "Save Where Savings Grow Fastest"

Some time ago—to be exact 563 weeks—a party took out 8 shares of our Installment Stock paying for same at the rate of one dollar per week. Recently this stock matured and the party was notified. On coming to the office he said: "So I paid \$563 and draw out \$800."

"Yes, you have the right idea," we answered. "Let me have a piece of paper."

The paper was given him and he went to figuring. Every little while he would stop, look at the figures, mutter to himself and then go on with his calculations. Finally he said: "Is it right?"

"That's what Bowies thinks we replied."

"What is your trouble?"

Why the way the money was paid in the interest is about the same as straight 8% on the average investment or 6% compounded semi-annually.

"You have it right." Look at our report and you will see any series is making that.

"Well," says he—seemingly to be pretty well pleased—as I am doing so well for myself, I am perfectly willing to chip in again and help you fellows, so that you can help more people obtain their homes—and he did.

WHAT YOUR RED CROSS DOLLARS HELP TO DO.

More than 37 per cent of a \$4,674,790 budget the American Red Cross has provided for the fiscal year which will close next June 30, will be expended for services in behalf of disabled former service men and their dependents. This is exclusive of funds which will be used for a similar purpose by individual chapters in nearly 3,000 communities, said a statement of the organization.

While \$300,000 tentatively is set aside for disaster relief, it was explained by John Barton Payne, Red Cross executive head, that this figure may prove inadequate, as was the case last year when 192 disasters made necessary the expenditure of \$737,000 in Red Cross funds.

Fifty cents of every dollar collected for membership in the Red Cross drive now being carried on in Northville goes to the national organization for relief work at home and abroad as the needs occur. The other 50 cents is divided between your township and the county of Wayne, outside of the city of Detroit.

Can you invest a dollar that will do more good than your Red Cross dollar? Cut out just one joy ride and save gasoline enough to pay your membership for a whole year.

RAYMOND HITCHCOCK COMING TO THE GARRICK.

For that portion of the theatre-going public that likes its stage provided highly seasoned with laughter, there should be keen anticipation in the announcement of the appearance at the Garrick theatre, beginning next Sunday, of Raymond Hitchcock in a comedy by William A. Grew, with the very striking title of "Dum As A Fox." To use the well worn phrase, Hitchcock has long become a prime favorite in Detroit through his previous appearances as the star in musical comedies. Last season he surprised his admirers by his advent into a not-musical production, when he appeared in the title character in Don Marquis' "The Old Chalk." In this role he gave evidence that he was a character comedian of exceptional talent and the reviewers throughout the country were lavish in praise of his performance. The new play, which he brings to Detroit has been fashioned for him by Mr. Grew, an author who is known for his keen insight into the fads and fables of the present day, and he is said to have measured Hitchcock so well that it will be virtually a startling character portrayal that will be revealed when Hitchcock steps upon the stage in Detroit.

MRS. WEAVER OF FAIRINGTON BADLY INJURED.

Last Saturday while Dr. and Mrs. G. F. Weaver and some friends from Detroit were motoring to this village Mr. Weaver's car went into the ditch on the long hill on the Seven Mile road and Mrs. Weaver was quite seriously injured. The other members of the party escaped serious injury, though Mr. Weaver was cut and bruised somewhat.

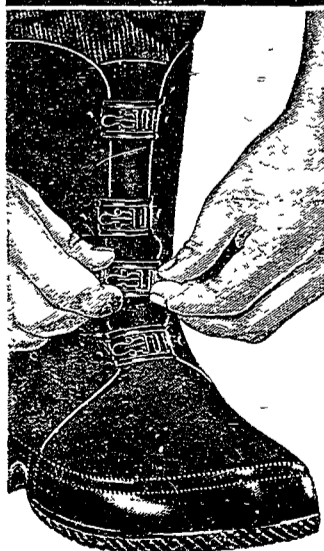

This hill has become very slippery within the past few weeks and a number of accidents have taken place there. Mr. Weaver was passing a truck when he lost control of his car which turned a couple of feet and was badly wrecked.

...The Better Way...

The one certain way to know that your Batteries, Tires and Tubes, Lighting Systems, etc., are always ready for use when you want them is to have us go over your car at regular intervals. Then if anything is out of order we can adjust it before any damage occurs.

This is a good time to have your Tires and Tubes put in condition for winter and also to have your Batteries re-charged. Colder weather is bound to come soon and then your trouble will begin.

Auto Accessories of all kinds can be procured here, and they are being sold at very reasonable prices.

BAPTIST CHURCH NOTES.

The pastor has been asked by several parties to repeat his last Sunday morning sermon, which he will probably do in the near future. The subject of this sermon was "Should a Christian Hold a Grudge?"

"The K. K. K." will be the subject of the sermon the first Sunday evening in December.

See our ad for next Sunday subjects.

Four new members came before the church last Thursday evening.

ST. PAUL'S LUTHERAN CHURCH.

Next Sunday service in German, at 10:30 a. m. Holy communion will be celebrated.

Tonight the young peoples' society will hold the postponed monthly meeting. All members are requested to be present.

Theazaar and dinner given by the Ladies' Aid, November 6th, was a gratifying success. The Ladies' Aid intend to have a kitchen built to the school hall, which will be a decided improvement.

METHODIST CHURCH NOTES.

The coming Sabbath will bring to us the Rev. Wm. Lloyd, D. D., who will preach to us both morning and evening. We trust everyone of our people will come and give him a good welcome. The morning service will be at 10:30 and the evening at 7:30.

Mr. Lloyd was pastor here in his young manhood days in the year 1902 and is quite in his preaching today.

The Sunday school will meet at 12:00. The public is invited to attend.

The prayer meeting will be on Thursday. Topic: "The Sun Question."

CHURCH OF CHRIST.

Services are being held each Lord's day at 8:30 p. m. in the Lapham Library. Bible study, worship, and preaching.

Why the Church of Christ in Northville, as the subject that Evangelist A. W. Hastings of Detroit, will speak on next Sunday.

Many allow religious prejudice to keep them from investigating a new doctrine of religion. We do not advocate a new doctrine but seek to reach and practice the old Jerusalem religion which was established in the apostolic days. The close observance of the commandments is a part of the religion of Christ. Which can be seen in the Bible. Come and hear what the Bible has to say about that church.

PRESBYTERIAN CHURCH NOTES.

The church has been looking upon in many ways. Paul views it in a new light when he calls it a temple. This will be our subject for Sunday evening. "The Church as a Temple."

In the morning the subject will be "Love's Triumph."

E. E. Brown will speak to the young people Sunday evening at the Y. P. S. C. E. meeting, at 6:30. All the people of the church are urged to come and bring a friend.

November 23-29 is National Mission Week with a full week's program suggested. We are going to have a conference Tuesday afternoon and evening November 25 with six speakers in the church at large and the churches of Plymouth, Redford and South Lyon meeting with us for will be our only opportunity of the week to see the full program with its great results.

ANNEXATION PROPOSITION CARRIED.

The proposition to annex Oakwood subdivision to this village, which was submitted to the voters of Novi township and Northville village on election day, was carried by a large majority.

The electors of Novi township gave a majority against the proposition but in Northville the vote in favor of the annexation was large enough to overcome the opposition. The residents of the territory to be taken in the village voted almost unanimously in favor of the change.

HIGHLAND PARK SCHOOL ORCHESTRA COMING.

On Friday evening of next week the people of Northville will be permitted to enjoy a rare musical treat when the Highland Park High school orchestra of 39 pieces, Miss Marquita Wallin, who formerly lived here and taught in the Northville schools, is director of violin in the Highland Park schools, and it was largely through her efforts that the members of the orchestra offered their services.

An entertaining and varied program will be given, commencing at 7:30 and the entertainment is being given under the auspices of the members of the Junior class of the Northville schools who will greatly appreciate your patronage. Admission will be 25 cents.

NOTICE.

WHO HAS THE KEY TO HEAVEN?

Most folks want to enter that place which is called heaven when life's journey is over.

Most folks intend to learn the way—to find the key—to enter—BUT

What one of your keys will unlock the portals to the Elysian Fields—to the land that is fairer than day?

Have you been to the only locksmith who can give you the right key? You may be swept off life's course just as tragically as those three women last week—and what then?

Peter—that impulsive—explosive—go ahead man—of the disciple band expressed the only way through the pearly gates—"Thou Art Christ, the Son of the Living God."

You must come to that rock of faith. Mere fancies—idle opinions—wild rumors—are not keys—A takes a solid faith—a settled conviction—a known assurance.

RENDERED EFFICIENT SERVICE.

Last Wednesday afternoon when the news of the terrible accident which cost the lives of three women became current, people rushed to the scene of the accident to render any assistance possible but they were powerless, except as they could express their sorrow at the great calamity which had come to three homes. Schnader Brothers were called and Ray Casterline and B. G. Tinkens responded promptly and rendered very efficient service under the most trying circumstances. They carefully examined the three bodies, two of which were buried, and prepared for burial.

Buick Continues its Leadership

For the seventh consecutive year Buick has first choice of space at the National Automobile Shows. This signal honor is awarded annually by the National Automobile Chamber of Commerce to the manufacturer-member having the largest volume of business for the preceding twelve months.

In winning and maintaining this enviable position year after year, Buick has demonstrated conclusively that the true value of any automobile is reflected in the consistency with which the public buys it.

Since the introduction of the 1925 Buick models, public patronage has increased to an even greater degree.

A tribute to the Buick engineering skill and manufacturing ability that have provided newer and better Buick cars without departing in any way from the fundamentals of power, economy and dependability for which all Buicks have been famous.

HIGHLIGHTS FROM ELECTION RETURNS

Washington—William E. Borah of Idaho will be the Republican leader of the senate in the next congress.

St. Paul, Minn.—Magnus Johnson, Minnesota's widely known "dirt farmer" senator, was defeated for reelection by Thomas D. Schall, Republican.

New York—By running nearly a million votes ahead of his ticket Alfred E. Smith, Democrat, defeated Colonel Roosevelt for the office of governor of the Empire state.

Senator Francis E. Warren, Republican, 80, and father-in-law of General John J. Pershing, has been re-elected to the senate. He has already served there a quarter of a century.

William Allen White, independent for governor of Kansas who campaigned on one outstanding issue, opposition to the Ku Klux Klan, was snowed under by a Klan-endorsed candidate.

Two women were elected governors of states for the first time in history. The new governors are Mrs. William A. Ferguson in Texas and Mrs. Nellie G. Ross in Wyoming. Both are Democrats.

De Moines, Ia.—Complete check of unofficial returns in the senatorial contest in Iowa showed that Senator Smith W. Brookhart had a majority of less than 12,000 over his Democratic opponent, Daniel F. Steck.

Chicago—The first Negro ever elected to a municipal judgeship rolled into office on the Republican landslide. Albert B. George, 51, a lawyer, defeated his Democratic opponent by a majority of between 65,000 and 70,000 votes.

New York—Tabulation of the popular vote for president of the United States indicates that President Coolidge has a clear lead of more than 500,000 over John Davis. The tabulation shows that the La Follette-Whelan ticket polled nearly 1,500,000 votes.

Lexington, Ky.—Virgil M. Chapman, Lexington and Paris Democrat, elected without opposition, representative from this, the seventh, Henry Clay's old district, to congress, will be the youngest member of either house of the new congress. He was born March 15, 1895.

Washington—Unless official tabulation of votes upsets the results, here is the complexion of the new Congress: Senate: Republicans, 54; Democrats, 40; Farmer-Labor, 1; vacancy, 1 (Connecticut). House: Republicans, 246; Democrats, 184; Farmer-Labor, 3; Socialists, 2. At adjournment of Congress in June, there were in the Senate 51 Republicans, 13 Democrats and 2 Farmer-Laborites, and in the House, 225 Republicans, 207 Democrats, 1 Socialist, 1 Farmer-Laborite, and 1 Independent.

COMMISSIONER HINES OPPOSES GASOLINE TAX.

Detroit, Mich., Nov. 8th, 1924.
Editor, Northville Record, Northville, Mich.

Dear Sir: Tax spending politicians, interested in machinery and material manufacturers, and other manufacturing interests interested in placing a heavier tax burden on the motorist, the most over-taxed individual in Michigan today, through the medium of a gasoline tax, have issued as one of their stock arguments that thirty-five states already have a gasoline tax of from one to four cents a gallon, and that therefore Michigan should have a gasoline tax.

Wherever there is a gasoline tax law, it is so simply by an act of the legislature, in no state is it in effect by act or approval of the people.

The directors of the Detroit Automobile Club have always maintained that there is a great articulate mass of people who are opposed to a gasoline tax as a principle, and who, if they were given the opportunity, would overwhelmingly defeat a gasoline tax in any amount, at any time, for any purpose.

The Automobile Club directors go on to the vote in Massachusetts last Tuesday on the gasoline tax referendum which was submitted to the voters and defeated overwhelmingly by a vote of 550,651 to 27,075.

There will be no gasoline tax in the old Bay State and neither will there be a gasoline tax in Michigan if the people ever have an opportunity to express themselves through the medium of referendum.

The newly elected members of the Michigan legislature should make sure that the noise that they hear in favor of a gasoline tax is not the voice of the people but the voices of interested manufacturers, tax spenders, and would be job holders.

Michigan will just as surely turn down a gasoline tax by a referendum as did Massachusetts.

Very truly yours,
EDWARD V. HINES

D. U. R. TO RUN TRANSFER LINE.

Elliott G. Stevenson, president of the Detroit United Railway announced Saturday that the D. U. R. plans to put into operation the system by which interurban passengers will be transported on single-deck buses between the city limits and the main terminal station at Jefferson avenue and Bates street about December 1st.

Mr. Stevenson said that 50 such buses will be placed in service. He added that after the buses begin to operate most of the D. U. R. interurban cars will not enter the city at all, but will stop at the limits, where branch terminal stations will be built. The congestion of traffic on the city streets, which greatly delays the progress of interurban cars between the Jefferson avenue terminal and the limits, was given as the reason for the proposed change.

One sub-terminal and transfer station located at Gratiot avenue and the Detroit Terminal Railway is near completion and will be first used and two other such sub-stations are planned, Mr. Stevenson said. Incoming passengers will leave the interurban cars at the sub-terminals and board the buses for the ride through the city. Mr. Stevenson explained that they will be provided with transfers acceptable as fare on the buses.

Outbound passengers will be carried from the interurban station on Jefferson avenue on the buses to the city limits where they will board the interurban cars at the sub-terminals. Only interurban car passengers will be permitted to use the buses.

"After the bus system is put into operation the only interurban cars that will enter the city and proceed to the downtown terminal will be a few parlor cars."

Mr. Stevenson said the 50 buses to be put into service December 1st are being built by the Yellow Coach Co. of Chicago—Detroit News.

While the above article does not state that the Grand River section will be served by the buses it is believed that the plan will be inaugurated there after it has been tried on other lines entering the city.

NEW FLYING FIELD FOR DETROIT

City to Condemn Site On River Near Waterworks.

Detroit—The city Council by a unanimous vote, has definitely decided to establish a municipal aviation field in Detroit inside the five mile limit. The resolution directs the corporation counsel to start condemnation proceedings immediately to obtain possession of a 100 acre tract near the river and waterworks.
This tract is located on the corner of Ford and Cass streets, between the Detroit River and the waterworks. It is a 100 acre tract, bounded by Ford street on the north, Cass street on the south, the Detroit River on the east, and the waterworks on the west.
It was decided that the field be located in this tract, and that the city should acquire it by condemnation proceedings.

It was also decided that the field be located in this tract, and that the city should acquire it by condemnation proceedings.

U. S. 1926 BUDGET \$2,980,000,000

Cut of Half-Billion Dollars Made Over Current Year

Washington—The United States government budget, virtually completed, fixes the expenditures for the fiscal year ending June 30, 1926, at approximately \$2,980,000,000, the lowest since the war. The estimates are exclusive of the expenditures of the postoffice department.
Compared with estimates for the 1925 expenses the new budget will chop government costs over a half billion dollars; it is \$2,558,000,000 less than the 1921 budget.

In connection with the new cost-slashing budget it was learned that the treasury hopes to realize a surplus for the year ending June 30, 1925, of nearly \$125,000,000, a hundred million better than was first estimated.

Treasury officials declared that the cut in 1925 operating costs and the drastic reduction in expenditures for 1926 will pave the way for material cuts in taxes by the Sixty-ninth congress.

Gems Worth \$200,000 Stolen.

Source of Mental Health

In society you will find not health, but in Nature. You must converse much with the field and woods if you would imbibe such health into your mind and spirit as you covet for your body. Society is always diseased, and the best is the sickest. There is no scent in it so wholesome as that of the pines, nor any fragrance so penetrating and restorative as that of everlasting in high pastures. With out that our life is best stored in the midst of Nature. All our life would be pale and dead—Thoreau

RHEUMATISM

While in France with the American Army I obtained from a noted French physician a prescription for the treatment of Rheumatism and Neuritis. I have given this to thousands with wonderful results. The prescription cost me nothing. I ask nothing for it. I will mail it if you will send me your address. A postal will bring it. Write today.
