BANDITS MAKE A GOOD HAUL

AT THE FARMINGTON STATE SAVINGS BANK WEDNESDAY FORENOON.

Wednesday forenoon about eleven o'clock, three bandits entered the Farmington State Savings Bank and with drawn revolvers commanded the employees of the bank to "stick up" their hands. While the three fellows were making the raid on the bank, others of the gang kept a close watch on the outside, one sitting at the wheel of a large Cadillac car, ready to "step on the gas" at any moment. Messrs. Howard Warner, M. B. Pierce and E. S. Pierce were holding a conference in the directors' room, and being attracted by some unusual noise in the lobby Mr. Warner and E. S. Pierce stepped through the door and as they did so one of the burglars struck Mr. Warner with the butt of his revolver, inflicting a bad scalp wound. He then commanded Mr. Pierce to open the safe so they might gain access to the money. In their hurry to get a lot while the getting was good, the fellows took about \$9,000 in money and bonds amounting to about \$8,000 and backed out of the building as cool as they had entered. The presence of the bandits had been discovered by some Farmington men and as the burglars entered their automobile Howard Stevens, Claude Lee and Henry Young took a shot at them with shot gun, rifle and revolver and it is believed that some of the shots took effect in at least one of the bandits as his companions were compelled to assist him in the leaving automobile.

The fellows fairly flew down Grand River toward Detroit, but turned off at Telegraph road where they abandoned their Cadillac for a Lincoln car which had been waiting for their arrival. In the abandoned car were found a woman's coat, a shot gun and some ammunition. The robbers returned the fire of the Farmington men, but none of their shots took effect, except to rattle the rear of their car.

FRANK DOLPH DIED WEDNESDAY AFTERNOON.

Frank Dolph, who has been ill for many weeks, died at his home in this village Wednesday afternoon. Funeral services will be held at Schrader Brothers' funeral chapel this afternoon at 1:45 and members of Northville Lodge, F. & A. M., are requested to meet at the home at 1:30. A suitable obituary will be published next week.

PERFORMED AT NORTHVILLE FAIR.

Ethel Dare, who was killed at the American Legion Armistice Day celebration at Cassopolis last week, performed at the Northville fair two years ago, when she made a parachute drop. She had also appeared at the Michigan State Fair in a number of dare-devil stunts.

A well 250 feet in depth was completed last week on the Benton farm on the Plymouth road and the water stands within 20 feet of the top. The drill was put down several feet through solid rock.

PRESBYTERIANS CONDUCTING DRIVE FOR MISSIONS.

Leaders in the missionary and philanthropic work of the Presbyterian church will be in Michigan synod during the next two weeks in a general campaign of promotion for the Board of National Missions and the Board of Ministerial Relief and Sustenance.

The schedule includes special addresses in Detroit churches for three Sundays, beginning November 16, and an afternoon and evening meeting of women in the church of the Covenant Nov. 18, besides a series of church group meetings in various centers. The schedule is:

November 17, Mt. Clemens, November 18, Howell; November 20, Ann Arbor, November 21, Holly; November 24, Royal Oak; November 25, Northville; November 26, Wyandotte, and December 3, Monroe.

Speakers who will present the needs of missions and of ministerial relief are the Rev. E. A. Odell, Havana, Cuba; the Rev. William Peyton, Salt Lake City; the Rev. Frederick W. Backemeyer, Indianapolis; the Rev. Robert Pugh of Chicago and the Rev. W. R. King, New York City.

The meeting at Northville will be attended by representatives of the churches of Plymouth, Redford, Milford and South Lyon and plans are being made to make the local gathering one of unusual interest. There will be sessions afternoon and evening.

EXCHANGE CLUB MEMBERS GUESTS OF DETROIT CLUB.

About a dozen members of the Northville Exchange Club were guests at the Detroit club at a luncheon at the Hotel Statler on Monday noon when they had the pleasure of listening to an address by Cameron Beck, personal director of the New York Stock Exchange. Representatives were present from the clubs at Farmington, Ferndale, Pontiac, Birmingham and River Rouge, and the presidents of the several clubs were introduced to the assembled guests. President Ponsford responded to a hearty welcome extended the Northville visitors by stating that "Northville is the gateway to Wayne County—out among the hills where deep spring water is so plentiful—the kind your wives and daughters drink," and the crowd cheered this bit of playantry heartily.

At the conclusion of the luncheon the members of the Northville party visited the great Cadillac plant of the Michigan Bell Telephone company as guests of the company's local manager, Roy Grove, and were shown about the building and the operation of the great automatic system was explained in detail. It was an hour well spent and the visitors acquired a better understanding of the intricate and complicated workings of a great telephone system.

A PRETTY HOME WEDDING.

The home of Mr and Mrs Bert Nelson of Salem was the scene of a very pretty wedding last evening when their daughter, Velma, became the bride of Charles Freydl of this village. The ceremony was performed by Rev. Mrs. Stroh in the presence of a large company of relatives and friends, and after the solemn words had been spoken hearty congratulations were extended the bridal pair. A bountiful wedding dinner followed and the young people were presented with many beautiful gifts.

Mr and Mrs. Freydl are enjoying a honeymoon trip to Johnstown Pa., where they will be the guests of Mr. and Mrs. G. T. Barry for a few days. They expect to be located in their handsome new home in Orchard Heights, about December 1, the residence having just recently been completed and newly furnished throughout.

Many Northville friends will join The Record in extending hearty and sincere congratulations. Mr. Freydl is the son of Mr and Mrs. Bruno Freydl and has been associated with his father in the clothing business for the past few years.

NORTHVILLE TO HAVE NEW OIL STATION.

The White Star Oil company of Detroit is erecting a new and commodious oil and gasoline station on the property formerly occupied by a refreshment booth on the Plymouth road, just at the foot of the Seven Mile road. The excavation for the plant has been completed and the tanks and pumps are now installed. The plant will be so constructed that customers will be privileged to "drive in" so there will be no obstructing the highway.

NEW RADIO BEAM INSURES PRIVACY

MARCONI HAS NEW SYSTEM FOR
LIMITING WAVES TO ONE
DIRECTION.

WILL GREATLY AID COMMERCE

Erection of Beam Stations to be
Contracted For At Once—Will
Reduce Rates.

London—William Marconi, the wireless wizard, has perfected his beam system of transmission to the point where signals between England and Australia have been heard regularly, he has announced.

Scientists are enthusiastically declaring this ends the experimental stage of beam transmission and forecasts rapid development in wireless in the immediate future. By the beam system the radio waves are sent out only in one direction and in a limited beam.

Signor Marconi has been confining experiments along this line nearly 30 years. He told the correspondent adoption of his new system means greatly reduced radio rates and greater privacy in transmission.

He said contracts would be entered into at once with the British government for erection of beam stations to link up the far away dominions with England. He also expects to make rapid progress in circling the globe with these stations.

"All the results," he declared, "may of which greatly exceeded my expectations, convince me that by means of the beam system economical and efficient low power stations can be established which will maintain direct, high speed services with the most distant parts of the world during a considerable number of fixed hours daily. Besides increasing the number of stations it will be possible to reduce the possibility of mutual interference between them."

BROOKHART'S SEAT CONTESTED

Congress Will Be Asked to Decide On
Ballots Thrown Out

Des Moines—Ballots thrown out by election judges in numerous Iowa counties and estimated to number thousands may decide who shall be Iowa's junior senator—Smith W. Brookhart or Daniel F. Steck.

These ballots, missing from the official tabulations—completed in all counties—will form the basis of a contest of the recent senatorial election which Mr. Steck, Democratic candidate for Senator Brookhart's seat, announced would be made when the new Congress convenes next March 4.

Mr. Steck pointed out that approximately 950,000 votes were cast for President, Nov. 4, while the tabulations show less than 500,000 votes for the senatorial candidates. While many voters undoubtedly refrained from expressing their choice for Senator, Mr. Steck declared he had been advised that "a great many ballots, in which the voter attempted to exercise his choice, were not counted by local election boards." The total vote, as shown by the complete county canvasses was Brookhart 447,711 Steck, 416,941.

FRANCE RESUMES REBUILDING

First Payment Under Dawes Plan Is
Turned Over to Devastated Regions

Paris—Fifty million gold marks (\$12,500,000), first of the monthly reparations payments collected under the Dawes plan has become available to France for use in reconstruction of the devastated regions. Reconstruction work ceased last spring when the government held up all expenditure not covered by receipts, conforming with the Morgan agreement for a \$100,000,000 loan to save the franc. The reconstruction of the war shattered zones will recommence immediately and contracts will be let for rebuilding.

BUILD'S SHAFT HONORING ADAM

Baltimore Man Believes Original Man
Has Been Neglected.

Baltimore, Md.—To make up for the neglect of the whole human race to properly commemorate the birth of the progenitor of all the people, John P. Brady has taken it upon him to erect a monument to Adam, the first man.

The monument is a plain stone shaft, impressive by its simplicity, surmounted by a sun dial. Without any flourishes to detract from its imposing grandeur.

STATE HAS 71,691 ACRES U. S. LAND

Washington—The Department of the Interior has just finished striking a balance of Uncle Sam's real estate for the last fiscal year and finds that the total Federal public domain amounts to 186,604,733 acres, distributed among 24 of the 48 states. This does not include land in forest and Indian reservations, nor does it include Alaska. The Federal domain in Michigan, 71,311 acres, is greater than that in any other eastern state except Florida, which has 79,606 acres.

BUILDS 800 MILES OF ROADS.

Michigan's state highway department this year will establish a record for highway construction which will exceed anything previously done in the state.

Figures compiled by Highway Commissioner Frank F. Rogers shows 731 miles of highway already completed, and with favorable weather for two weeks more upwards of 800 miles will have been laid.

Don't Burn Blackened Lamps

Our customers are reminded that Edison Service indicates free lamp renewals.

The approach of the long winter evenings suggests the wisdom of exchanging lamps that have become blackened through long use, or that are burn out, for new ones. Remember, a blackened lamp consumes practically as much current as a new lamp and may give only half as much light.

NORTHVILLE, MICH., NOV. 21, 1924.

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1899, for the week corresponding to this week.

Ernest Willis was home over Sunday. Mrs. Fred Birch of Plymouth was a Northville visitor, Wednesday. John Blackwood was out from Detroit this week.

Mrs. R. H. Beal of Detroit, spent last Saturday with her parents here. Miss Grace Shannon of Wyom. visited Northville friends last week. Dr. Meade of Detroit was out for a hunt one day this week.

Dr. J. A. Attfield of Detroit visited Northville friends Sunday.

Will Lockwood and Ed. Burrows have leased the Shaffer livery barn on Center street for a feed and sale stable.

The Northville U. S. fish station now has in ten million lake trout eggs. This is the largest number yet received.

George Ryder is the motorman on the Northville division of the D. P. & N., and Ernest Miller is conductor. The W. R. C. ladies entertained their friends at the G. A. R. hall Wednesday afternoon.

The L. O. T. M. will give a social entertainment November 28th, in Richardson society hall. Five cents admission to the hall and you may get a quilt free.

This year the Rev. J. H. Herbenet will deliver the annual Thanksgiving sermon presumably in the Baptist church.

Vern Caikins has been on the school list for a week.

C. A. McCullough has been home from Pontiac nursing a painful foot the result of accidentally stepping on a rusty nail. Mr. and Mrs. Axel Blane of Royal Oak were Northville visitors from the first of the week.

IT'S A GOOD TIME TO PAY UP.

There are a number of people in this section who are owing The Record small sums for local notices which have been published in our classified columns. These accounts are small—too small to enable us to spend a great deal of time or postage to collect. At the time the notices were accepted over the phone, however, the advertiser promised to call within a day or so or to send the money to the office promptly. In many cases these promises have been forgotten, notice appeared but once you owe that this service kindly remit the amount you know is due. No notice is accepted for less than 25c so if your notice appeared but once you owe that amount and if it appeared more than one week then you owe 25c for each week the ad. appeared.

A great many subscriptions expire during October, November and December and now is a good time to pay and to pay the amount past due. Let's have a real pay up week in Northville.

UNIVERSITY WOMEN MAKING GOOD PROGRESS.

The women of the University of Michigan are striving to raise a fund of \$750,000 and an endowment fund amounting to \$250,000 more for a woman's building at the University of Michigan are making good progress, and already have \$570,000 of the amount pledged. At a dinner attended by 100 division leaders and team captains held in Detroit Monday night plans were discussed for continuing the drive.

METHODIST CHURCH NOTES.

During the morning service the sacrament of baptism will be administered. Those who desire to dedicate their children along with those bringing their little ones can do so at this service. The service will be at 10:30. The choir will sing special hymns for this occasion.

The pastor has in his hands letters of sixteen people who desire to unite with us. All well recommended from other churches. A class was taken in last Sabbath, and there is a class in preparation in confession of faith. These will be taken in on December 6th altogether.

We will be glad to welcome all after the service to our Sabbath school at 12:00, noon. In the evening we will have another treat on "The Wild Man of Borneo" with thirty verses highly colored. With this we will also have the "Cowboy of New Mexico" equally interesting. This will be at 7:30. Don't forget the Union Thanksgiving services in the Presbyterian church next Thursday at 10:30.

Mr. and Mrs. C. E. Burgess of Kalamazoo are visiting relatives here.

CHURCH OF CHRIST.

(Disciple)

Bible study as usual at 3:30 p. m. at Lapham library, Sunday, November 23, after which will be delivered a message of interest to all by Evangelist E. G. Rockliff of Fairview Church of Christ. All those who knew Evangelist Rockliff two years ago, will undoubtedly be glad to meet him again. He will be assisted by A. H. Hastings of Cameron Avenue Church of Christ in this meeting and we hope for a continued good gathering. Communion observance each Sunday. All welcome.

PRESBYTERIAN CHURCH NOTES.

"Give thanks unto the Lord, for He is good. His mercy endureth forever." Sunday is the beginning of Thanksgiving week. "God's Best Gift, except His Son," will be our morning theme.

In the evening at 7:30 our annual praise service and offering. We are favored by having as the speaker Mrs. Crowell of Detroit. Special music Thursday afternoon and evening, with supper at six o'clock, the Presbyterian conference with Dr. Wm. Eaden of Utah, Rev. B. A. Odell of Havana, Cuba, Rev. John Corwin, Mrs. John Moskus, Mrs. Benjamin and Mrs. Brundage. The churches of Plymouth, Redford and South Lyon will be here.

Union Thanksgiving service at 10:30 Thursday, Rev. Wm. Richards, speaker. Offering for The King's Daughters.

BAPTIST CHURCH NOTES.

Our Sunday school has gone over the top in attendance the past two Sundays. Last Sunday we had the largest attendance in over two years.

The Ladies' aid will hold its regular monthly meeting in the church parlors, Tuesday evening. The honorary members are urged to attend. The prayer meeting last week was held on the thirteenth and thirteen were present. This was very good considering the rain and cold.

A Christmas program that will be both unusual and interesting is being prepared and will be held on December 24th.

Don't forget the K. K. K. sermon the first Sunday evening in December. Don't miss prayer meeting next Thursday.

Baptists, get busy. Do you know that non-church members are outnumbering you at our evening services?

Be out next Sunday evening. Read this week's ad. That is what we publish it for.

THE PRESIDENT URGES PEOPLE TO JOIN THE RED CROSS.

Urging "universal acceptance of the invitation to join" in the annual Red Cross roll-call President Coolidge is head of the organization, has made public through its headquarters at Washington, D. C., the following letter addressed to all the people: "The American Red Cross has become an intimate part of our national life. Under its congressional charter it is a semi-official agent of the government, but belongs nevertheless to the people. It is the instrument of the people in giving expression to the lofty unselfish humanitarian spirit of this nation. Its humble beginnings have stood in tests.

"The American Red Cross has been tested in war and the aftermath of war in fire, flood and famine and in the emergencies of peace. It has been proved an indispensable instrument for the alleviation or suffering and betterment of human life in our own and other lands.

"We should make unmistakably clear our faith in this instrument we have created for rendering service. As individuals it is our duty and privilege to be a part of this organization.

"Yearly, from Armistice Day to Thanksgiving Day the American Red Cross invites all the people to enter its ranks. It enrolls them for service. An president of the United States and as president of the American Red Cross I urge universal acceptance of this invitation to join. The Red Cross needs and should have your generous support. Let us good works become your good works."

MINIHART—PRIESTLEY.

About fifty guests sat down to a bountiful wedding supper, last Saturday night, at the country home of Mr. and Mrs. Louis Minihart, on the Phoenix road, celebrating the marriage of their son, Albert Minihart, to Miss Ethel Priestley of Northville. Rev. S. Conger Hathaway, pastor of the First Presbyterian church of Plymouth, performed the marriage ceremony, using the double ring service. Miss Margaret Minihart of Detroit, acted as bridesmaid and Charles C. Minihart of Plymouth as best man.

The bride was gown in blue satin and carried a bouquet of white baby mums. The bridesmaid wore brown doublet wedding supper, last Saturday night, and carried a pink baby mums.

After the ceremony at the manse, the party repaired to the farm home, where the guests were received. The house and tables were tastefully decorated in fall colors of brown and gold.

Among those present from out of town, were the following: Harold Priestley, the bride's brother of Akron, Mich.; William Oestely, also of Akron; Mrs. Pauline Minihart and family; Joseph Burdick, Mr. and Mrs. John Welke, Mr. and Mrs. F. W. Meron, William Winkler and Miss Flora Winkler of Detroit; Mr. and Mrs. J. A. Butler and Mr. and Mrs. Harold Matthews of Northville; Mr. and Mrs. Whittemyer and Rev. and Mrs. S. Conger Hathaway of Plymouth. Plymouth Mail.

A GLIMPSE OF THE GLORY LAND

Life's highway keeps our attention constantly. We must take our eyes off from the immediate—the near—and see the distant goal.

One day Peter and James and John—that sterling trio—went up out of the valley of daily duty into Mt. Hermon with their master.

While they were witnessed the transfiguration of Jesus—an outstanding experience which colored and shaped and altered their lives.

The doors into the glory world—seek them—glimpse what they reveal—and your power for handling the ceaseless round of daily frets will be improved.

METHODIST SUNDAY SCHOOL

First Presbyterian Church

Church spires are so friendly. Wherever a spire springs skyward the observer knows a church is set. Silent and alone they stand pointing toward our rendezvous of eternity. They are an assurance that God has not forsaken human kind. They bespeak the friendliness of God and the brotherhood of man. As far as a church building can be seen it should remind him who sees it of his God.

SUNDAY SERVICES.

Morning Worship at 10:00 o'clock.

Sunday School at 12:00, noon.

Christian Endeavor at 6:30 p. m.

Evening Service at 7:30 o'clock.

This is Thanksgiving Sunday. Surely we, as a people and individuals, have many things to be thankful for, chief among them is the church which has contributed so much to the growth and prosperity of our country and has made it a land to be desired above all other lands in which to live and enjoy the blessing of a bountiful God.

We cordially invite you to join with us this Sabbath in giving thanks to Him who is the giver of every good thing.

A WELCOME FOR ALL.

Walled Lake Warbles.

Mrs. Earl Welch is very ill at her home on the Pontiac road, suffering from an attack of pneumonia.

Mrs. Jean Bentley entertained the members of the Embroidery club at her home in a very pleasant manner on Wednesday afternoon.

There will be a civil service examination for postmaster at Walled Lake conducted at Pontiac within a short time. The job pays \$1,000 only and but few will seek the "honor" of serving Uncle Sam at that price.

The remains of William Reynolds, a former resident of this place, were brought here for burial in the Walled Lake cemetery, where short services were held on Thursday morning. While conveying the remains to the cemetery a gravel truck ran into the hearse and the front wheel of the latter was broken off. A telephone message brought another hearse and the body was transferred.

YOU'LL ENJOY THIS ONE.

Among the late popular novels appears "The Enchanted Hill" by Peter B. Kyme, and it is pronounced one of Mr. Kyme's best productions.

The whole story moves with the episodic vivacity which comes so spontaneously from the author of "The Go-Getter" and "Never the Twain Shall Meet." And in addition to being a good yarn of robust humor and brisk characterization, it subtly emphasizes the fact that modern life is full of romantic wonders. "Kipling sang of them in 'The Miracles'." Peter B. Kyme is alive to even later ones.

Cowboys and cattle-rustling are not so new in fiction and beauty in distress has been succored by knights errant since the Middle Ages. But when a cattleman discovers his host to the lovely songstress whose voice from a far city he has enjoyed for months on his radio in the remote grazing ranges, and when beauty flies with the cow-man in his airplane over the Forest Reserve of which he is the volunteer patrol, then Romance blooms afire, and cattle ranches are well named "The Enchanted Hill."

Dean Cornwall's illustrations suggest the color and action which stamp this novel as the latest success of Peter B. Kyme, who with each new book gives more and more evidence to those who discovered him in "The Turf-Godfather" and "The Hunt of the Hunt" to be a prince.

WELLS' SUMMER HOME BURNS

The fine summer residence of William Wells, near of Grosse Pointe, between Commerce and Walled Lake, was totally destroyed by fire Monday. The house was occupied at the time and the fire was under considerable headway when discovered. The house was a large frame apartment and well-furnished home and its loss is thought to have been due to some hunter carelessly throwing a cigar stub into the fireplace. The contents—All stored in Northville first.

FORD TO HAVE MILFORD PHONE.

The Milford Home Telephone Co. is making an extension of its lines to the Edsel Ford property in White Lake township and also to the White Lake colony.

When these connections are made, the Milford telephone exchange will serve two of the largest business concerns in the world—The General Motors and the Ford interests.—Milford Times.

DETROIT NEW OCEAN PORT.

Detroit sent its first ship to a distant foreign port November 5th, when the steamer Onondaga, of the Ford Motor company's fleet, sailed from the Rover Road's plant for Buenos Aires, Argentina, South America. It carried a cargo of manufactured automobile parts, the first of the kind ever exported direct from any Great Lakes port.

Departure of the Onondaga created a feeling of a furor in the office of customs officials, where clearance papers were issued for the first time to a ship sailing to a foreign port.—Michigan Manufacturer.

"SIMON CALLED PETER" AT THE GARRICK THEATRE.

Going down among publicans and sinners to find God is not generally done. It is the way, however, of Rev. Captain Peter Graham in William A. Brady's production of "Simon Called Peter," Robert Keable's famous novel, the dramatization of which has been made by Jules Eckert Goodman and Edward Knoblock. Two of America's most adept writers for the theatre "Simon Called Peter" will have an engagement at the Garrick theatre for a week beginning next Sunday, with matinees Thursday (Thanksgiving Day) and Saturday only.

FOREST FIRES NEAR SOUTH LYON

Forest fires have been doing considerable damage east of town the past week. The big woods and much land one and one-half miles north of the old stone school five miles east of town have been burned over causing much damage. The cause of the fire is not known.

From all parts of the country come reports of fires, the exceptionally dry season making the ravages of a fire more severe. As a measure of safety hunters should exercise care in discarding cigar stubs which will often kindle a blaze if thrown into dry grass or leaves.—South Lyon Herald.

INTERNATIONAL TO HAVE PROGRAM OF VARIED INTEREST.

The twenty-fifth anniversary celebration of the International Live Stock Exposition at Chicago, November 28th, to December 6th, will contain much of interest to every member of the family, both city and country dwellers. A varied program has been prepared by the management featuring the best of the student body, which will furnish a broadened view of the highest general education for the thousands of visitors who will flock to the Agricultural Capitol of the World in this memorable occasion. The third National Boys and Girls Club Congress and the sixth annual convention of the 4-H Club Family will be held in the club headquarters building on the exhibition grounds and over a thousand junior farmers and home makers, champions among the 700,000 people in the United States, will be present and participate in the activities of the gathering. They will exhibit their prize-winning calves, lambs and pigs, their choicest samples of corn, and many articles made in the club projects. Selected teams will give daily demonstrations of the various phases of club work and a National Health Contest will be staged.

STOP RULE NOW IN EFFECT IN OAKLAND COUNTY.

With the signature of Governor Groesbeck attached to the county ordinance making all north and south concrete roads, converging in Detroit, through roads, the rule has gone into effect in this county. In the spring session of the board of supervisors the ordinance was passed, but in order for it to go into effect the signature of the governor had to be secured.

The Oakland county Automobile club has furnished the proper "stop" signs for each crossing in the county and these have been given to the county road commission. Before winter sets in the commission expects to have all of these signs placed in order to warn motorists of the rule.

Traffic Lieutenant W. A. Putman of the sheriff's office has instructed county officials working on traffic to enforce the rule. "We have always been in favor of motorists stopping at these intersections, and the officers will make every effort to make the rule effective," he said today. "Many accidents at the intersection of the Auburn and Rochester roads might have been avoided by observing this rule.—Pontiac Press.

"Save Where Savings Grow Fastest"

Some time ago—to be exact 563 weeks—a party took out 8 shares of our Installment Stock paying for same at the rate of one dollar per week. Recently this stock matured and the party was notified. On coming to the office he said: "So I paid \$563 and draw out \$800."

"Yes, you have the right idea," we answered. "Let me have a piece of paper."

The paper was given him and he went to figuring. Every little while he would stop, look at the figures, mutter to himself and then go on with his calculations. Finally he said: "Is it right?"

That's what Bowles thinks we replied. "What is your trouble?"

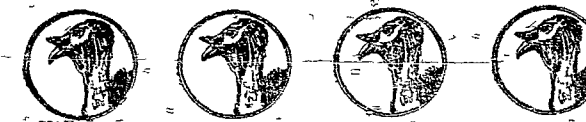

Why the way the money was paid in the interest is about the same as straight 8% on the average investment or 6% compounded semi-annually.

"You have it right." Look at our report and you will see any series is making that.

"Well," says he, "seeming to be pretty well pleased—as I am doing so well for myself, I am perfectly willing to chip in again and help you fellows, so that you can help more people obtain their homes.—and he did.

14,000 MINERS DEFY UNION

WORKERS CLAIM VIOLATION OF RATE AGREEMENT AND WALK OUT

OFFICIALS INVESTIGATE CAUSE

Order Being Maintained By Body of Picketeers—John L. Lewis Urges Men to Resume Work.

Scranton, Pa.,—Fourteen thousand of the 25,000 miners employed by the Hudson Coal company have gone on an "outlaw" strike in compliance with an order of the general grievance committee. The other 8,000 employees of the company remained at work on advice of union leaders.

Eleven of 20 collieries between Forest City and Nanticoke, Pa., are tied up by the strike. President John L. Lewis telegraphed union leaders to use every influence to get the men back to work.

District officers of the United Mine Workers of America called a special meeting to investigate conditions. It is said they are inclined to believe the miners are partly justified, although the agreement demands the return of the miners and the submission of grievances to the conciliation board.

R. H. Buchanan, general manager of the Hudson Coal company, in a statement today, declared that the strike was "illegal." He urged the men to return.

No trouble was experienced at any of the collieries, pickets carrying out the orders of the general grievance committee. Spokesmen for the strikers contend that the company has violated the agreement in that rates were reduced illegally.

Two strikes, one involving 700 employees of the Lehigh & Wilkesbarre Coal company at the Maxwell colliery, and the other involving 1,200 employees of the Susquehanna Collieries company at Glen Lyon were settled with the return of the men, pending the adjustment of grievances.

PRESIDENT F. VORS WATERWAY

Is Strongly Committed to Project For Developing St. Lawrence.

Washington,—An? recommendations President Coolidge may make in his message to the forthcoming session of congress regarding foreign affairs will be along the lines of policy laid down in his several addresses prior to and during the election campaign. It was learned at the White House while it was stated President Coolidge declined at this time to make any statement as to what he will say to congress on foreign affairs, it was pointed out he had set forth his views on various international questions fully in his several speeches and the White House spokesman stated flatly that the president's views on these questions have not changed.

The president is still strongly committed to the conclusion of an agreement with Canada on the question of the development of the St. Lawrence waterway project but the matter now rests with a joint commission of Canadians and Americans which is working out details of the plan and it is believed nothing can be done from this end until the mission has reported and a treaty has been concluded specifically defining the manner and means of cooperation in the project.

DAWES UNDERGOES OPERATION

Vice President-Elect Injured In Regular Morning Exercise.

Chicago—Charles G. Dawes, Vice President-elect, has undergone a successful minor operation at Evanston Hospital. The operation was decided on suddenly when Mr. Dawes, after taking his customary morning exercise, discovered he had ruptured his self.

Mr. Dawes was given a local anesthetic and talked with the internes who wheeled him to his room from the operating table. While his condition is not regarded as alarming, a physician, Dr. W. R. Parks said the patient probably would have to remain at the hospital two weeks.

As the Vice President-elect was being wheeled back to his room after the operation he dictated a message to President Coolidge informing the chief executive that he was in no immediate danger.

BEAR CHASES V. G. MAN HUNT. R

Has Narrow Escape From Death When Wounded Animal Is Killed.

Sault Ste. Marie, Mich.—A black bear, weighing more than 250 pounds, attempted to attack Mrs. C. R. Ladd, wife of a Chippewa county supervisor, who was out deer hunting with her husband. It took a shotgun charge and a rifle bullet to kill the animal.

Mrs. Ladd was walking through the woods with a shotgun, about three rods behind her husband, when the bear started after her. She swung around and fired at the animal, the shot lodging in its neck. The bear fell, then arose and lunged forward again. Ladd rushed back and shot the bear, killing it with a rifle bullet.

Don't forget to hear Charles Pad-dock, the famous sprinter, at the High school December 5th. All those holding tickets to this year to this entertainment will be admitted. Others will be able to secure tickets at reasonable prices from students of the High school.

Friday, December 12th has been set as the date for the physical training demonstration to be held at the gymnasium. The exhibition will be unusually good this year and every grade in the entire school will take part. Be sure and attend and you will go home with the feeling that physical training is worth while and just as necessary as any other department of the school.

The grades from Kindergarten thru the Seventh are working on an opera-tta to be given before Christmas under the direction of the Misses Olson and Miss Dorothy Taylor. The date will be Wednesday, December 17. Prof. Bowen of the M. S. N. C. spoke at assembly Thursday. In addition to the speaker we had assembly sing-ing.

A special teachers' meeting was held Monday after school for the purpose of devising some method whereby more attention will be devoted to scholarship. It was unanimously agreed that the honor point system offered the most satisfactory solution and it will therefore be put into effect at once. A student in addition to passing his regular work must have sixteen honor points in order to graduate. This simply means that a student who just gets by will have serious difficulty in graduating as no points will be given to a D student. A generous allowance of credits will be allowed so that there will be no hardship to anyone who comes to school in earnest and is ready and willing to work.

Blue slips will be sent to all parents sometime this week whose children are failing in one or more subjects. This takes effect in grades 9 to 12.

CHURCH PROPERTY TO BE SOLD AT AUCTION.

The Lapham church property will be sold at public auction on Saturday afternoon, beginning at one o'clock. The church building, sheds, stove, news, carpet, organ and all the furnishings of the edifice will be sold to the highest bidder. The church building is located two miles south and a half mile west of Salem. The trustees of the church are selling the property and Frank J. Boyle will be the auctioneer.

BOY SCOUTS ENJOY MYSTERY HIKE.

About a thousand Boy Scouts from Detroit and surrounding towns enjoyed a mystery hike to Island Lake, near Brighton, last Saturday, where camp was pitched and a royal time was had. The boys did not know just where they were going but were told to gather at the Pers Marquette station in Detroit for a trip into the country. The merry company of boys accompanied by their Scout masters boarded the train and within a few hours they had arrived at the old Spanish-American training camp at Island Lake. It was about time for mess and soon fires were kindled and mess kits clattered until finally a bountiful meal had been prepared. The mess proved such an enjoyable success that another was prepared before camp was broken in the evening.

The afternoon was spent with various games and contests and the boys were permitted to "run wild" out in the great out-of-doors. The boys were back in Detroit safe and sound at nine o'clock and all declared the day's outing had been a real worth-while treat.

The members of the Northville Exchange Club who are trying to re-organize the local troop of Boy Scouts made it possible for the following to attend the outing: Cecil Fry, Albert Kohler, Robert McCordie, Thomas Freeman, Alvin Hotelling, Kenneth Van Valkenburgh and Edwin Cramer. Scoutmaster A. Mills Weber of the High school teaching staff, accompanied the Northville boys.

Express Your Thanksgiving

For health and strength, for being able to work every day, for wife and children, by taking out a life insurance policy in the Peoria Life.

How will they fare one year from now if you are taken away or if anything should happen to you?

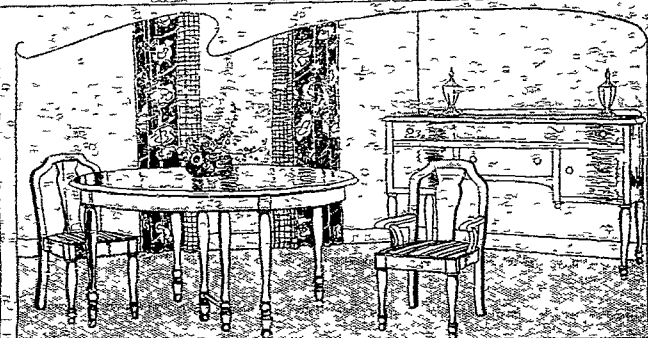

Would you be able to leave them so they would be comfortable if sickness or accident should place you on the retired list?

Thanksgiving is a good time to think these matters over.

Having once taken out a policy you will always be thankful afterwards.

Let us tell you more about the Peoria Life.
