BROWNELL COOK CAUGHT WITH THE GOODS.

Local officers have thought for a long time that Brownell Cook, who is better known as Brownie Cook, was running a pretty bad joint at his residence on South Wing street. People were even going there at all hours of the day and night and the class of visitors had that suspicious, thirsty look that aroused suspicion.

Monday night Northville officers, with the assistance of two deputy sheriffs, who were not known locally, induced Forester Parmenter to go to Cook's place for the purpose of securing for the two strangers—who represented themselves as being desirous of securing some liquor for a hunting trip—a pint of whisky, for which they paid \$1.50. Parmenter made the trip to Cook's place and returned with the "goods," a pint of "home brew," and received his fee. Officers then "closed in" on him and he was induced to make an affidavit upon the strength of which a search warrant was issued. Cook's place was visited and the officers found a gallon of whisky and 85 pints of home brew. Cook was placed under arrest and he was arraigned before Justice Tuesday morning when he pleaded guilty to the charge of unlawfully having intoxicating liquor in his possession. Of course his plea could not be accepted because the charge against him was a criminal one and he was, therefore, bound over to the circuit court for trial.

Cook's arrest disclosed a condition that should receive the attention of the proper authorities. He has a housekeeper and she has two daughters; young girls of tender years, and certainly a blind pig as not a suitable place for them.

OBITUARY.

The funeral services of Frank Dolph were held at the undertaking parlors of Schrader Brothers on Friday afternoon, Rev. Wm. Richards officiating. He was born in Arcadia, Wayne county, N. Y., January 7th, 1858, and was the son of Anson and Julia Dolph, having three other brothers, Jacob, Samuel and George. He moved with his parents to Detroit in 1885, where he received his education in the public schools.

At the age of eighteen years he entered the telegraph office with his brother in Winamac, Indiana, and qualified for an operator. Later he came to Michigan and took the position as station agent at South Lyon which he held until 1885. From there he went to Arizona and spent six years. On his return he entered the Pere Marquette employ again, being appointed at Northville where he remained up to six months ago, when he was stricken with illness from which he never recovered, passing away on November 19th, 1924.

He was an enthusiastic Mason, belonging to the local fraternity. The Knight Templars escorted the Masons to the graves where they performed the last rites according to custom. Interment was in Rural Hill cemetery.

CHAPMAN SCHOOL P. T. A.

Chapman school held the second meeting of its Parent-Teacher association, Friday evening. In spite of the rainy weather there was a good attendance and much interest was shown.

In the absence of both the president and vice-president, Miss Chamberlain took charge of the evening. The school gave a short program including several songs and readings. Selections by the school orchestra made one specially interesting feature. The children deserve much credit for the work they are doing in this direction.

After the program the parents were given some peanuts from which they constructed queer and amusing animals to the enjoyment of the little folks. A small exhibit of farm products included some very fine potatoes and apples.

Refreshments were served and the meeting adjourned all voting a very pleasant evening.

The honor roll of attendance in the Chapman school in November includes the names of the following people who have been neither tardy nor absent: Marvin Guntzville, Eighth grade; Harvey Guntzville, Eighth grade; Glenn Sawto, Fifth grade; Herbert Guntzville, Second grade; Helen Bouhars, First grade.

SIRDAR OF EGYPT SHOT TO DEATH

MAJOR GENERAL SIR LEE STACK
FALLS AT THE HANDS
OF ASSASSINS

BRITAIN DELIVERS ULTIMATUM

Demands Apologies, Indemnity for
The Crime and Withdrawal of
Egyptian Troops

London—Strong immediate action
has been demanded by the British
government in representations to the
Egyptian government as a result of
the murder of Major-General Sir Lee
Stack, governor general of Sudan and
sirdar of the Egyptian army, last
week.

A sharp note to Cairo was prepared
by Premier Baldwin and was deliv-
ered by Lord Allenby to Premier
Zaki Pasha demanding an apology
for the crime, indemnity of approx-
imately \$2,500,000, required the with-
drawal of Egyptian officers and
troops from the Sudan, and the pro-
tection of foreigners in Egypt to be
given over to the British government.
The Sudan government was to in-
crease its irrigation project to an un-
limited figure.

The Egyptian reply agrees to make
the proper apology for the crime,
agrees to pay the required indemnity
and to punish the criminals involved;
but denies their complicity with any
governmental organization.

Concerning British officials, the
note declares the British de-
mands are "premature" and not in ac-
cordance with their previous declara-
tions of policy. It suggests a settle-
ment should be effected by a mutual
accord, with the proper regard for
the interests of Egyptian agriculture.

Concerning British officials, the
note declares the matter has already
been settled by a diplomatic agree-
ment.

M.C. FOOTBALL TRAIN WRECKED

Three Pullmans and 117 Passengers
Escaped Injury

Detroit—Several hundred Detroit-
ers, returning from the Michigan-
Iowa football game at Ann Arbor,
had miraculous escapes from death
when their train, an eight-car all-
steel Pullman special of the Michigan
Central, left the tracks just west of
the Schaeffer road in Springwells last
Saturday evening.

Despite the fact that three of the
Pullman cars and the engine were
overturned and all derailed, the pas-
sengers escaped with a severe shaking
up. Two trainmen received minor
injuries.

The train had been reserved by
members of the Detroit Club, Uni-
versity Club and Detroit Athletic
Club, and a special car occupied by
Edmund D. Bronner, vice-president of
the Michigan Central, and his party,
was also attached.

The wreck occurred just as the
train passed over the new viaduct
over Schaeffer road. Railroad officials
expressed the belief the wreck was
caused by a sagging brake beam,
broken wheel or split rail.

JURY FINDS AXE SLAYER GUILTY

Murder Charge against Dyke Reduced
To Manslaughter

Grand Haven, Mich.—Debert
("Happy") Dyke, 34 years old, axe
slayer of pretty Molly Fleming, was
convicted of manslaughter in circuit
court here.

The jury reduced the state's charge

cessful in establishing that the young
Marnie mechanic had not intended to
kill his school teacher fiancée.

The killing occurred October 17.
Dyke came to the country school late
in the afternoon and asked the girl
to ride home with him. She refused
and went to the woodshed behind the
school house. Dyke followed and at-
tacked her with an axe, crushing her
skull. The girl died a few hours later.

Sentence will be imposed, thus
week Dyke is liable to up to 15
years in the state penitentiary.

THANKSGIVING.

The products of the orchards,
And the harvest fields:
Have all been gathered in,
With rich and golden yields.

The harvest has been plentiful,
And with a wealth untold,
The barns are almost bursting,
With the treasures that they hold.

And now the earth can rest and sleep,
And wait for the snow to cover it deep;
It can rest, till it's time for the flocks to spring,

And the birds their early songs to sing.

And now is the time Thanksgiving is here,
And we look back over the passing year,

Full our hearts are filled in adoration
Of praise,
For all the blessings that hallow our days.

We are thankful for home,
We are thankful for health,
We are thankful for friends,
And our portion of wealth.

We are thankful we live,
On American ground,
And our churches and schools,
Are the best to be found.

We are thankful we live,
In a home of the free,
And war and its terrors
No more do we see.

We are thankful our country
For right takes a stand,
And the best flag in the world,
Floats over our land.

That our lives may praise Him
For ever and aye,
Is the prayer of our hearts
This Thanksgiving Day.

—Jessie Roe.

Express Your Thanksgiving

For health and strength, for being able to work every day, for wife and children, by taking out a life insurance policy in the Peoria Life.

How will they fare one year from now if you are taken away or if anything should happen to you?

Would you be able to leave them so they would be comfortable if sickness or accident should place you on the retired list?

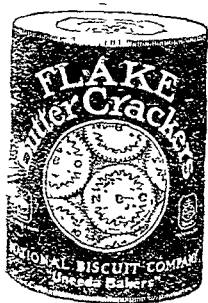

Thanksgiving is a good time to think these matters over.

Having once taken out a policy you will always be thankful afterwards.

Let us tell you more about the Peoria Life.

AGENT OF DAWES PLAN RETURNS

O'WEN D. YOUNG

New York.—Owen D. Young, American financial genius, who started the machinery of Dawes reparations plan working, has returned from abroad confident that Europe is on its way to harmonious co-operation and prosperity. Young said France had come to consider a fully developed German democracy as the best safeguard of the future.

Young asserted that the best evidence of the success of the Dawes plan was reflected in the bringing of private deposits in Germany, previously hidden, to the banks.

MASONS WILL HEAR MARSHALL

Former Vice-President to Speak at Local Radio Station, Dec. 10

Detroit.—Michigan Masons will enjoy their first Masonic radio night on the evening of December 10, when the address of Thomas B. Marshall, 33 degree master, vice president of the United States, will be broadcast from the Temple at Detroit, beginning 8:30 p. m. by station W. C. X of the Detroit Free Press.

The event will be sponsored by the Grand Lodge Commission on Masonic education and is part of its 1924-25 program.

Every Masonic Lodge in Michigan has been urged to tune in on the evening of the lecture. Many of the Lodges, rooms and temples are already equipped with radio receiving sets. Other Lodges which are without sets are urged to obtain use of radio outfits belonging to their members.

Thomas Riley Marshall is said to be one of the best known Masonic speakers in the United States. He is the active 33 degree for the state of Indiana and is in constant demand on the lecture platform.

There will be music by a quartet from the Charters of a Masonic temple.

BRITAIN BIDS FOR AID OF U. S.

Rejects League of Nations Plan for Disarmament Conference

Washington.—The unwillingness of Great Britain to enter any new international peace conference without the United States as a participant and the hope that President Coolidge may be induced to summon such a gathering is the real reason for British disapproval of the plan for a disarmament conference under the auspices of the League of Nations according to press dispatches.

Since the success of the conservative in the British election, there has been a series of speeches by British statesmen all highly laudatory of the United States and its Government.

It is considered improbable that President Coolidge will make any international move of first importance until the end of the coming session of Congress, but with his accession to the Presidency in his own right and with the legislative branch off his hands, his intention of such a conference is regarded as entirely probable.

Spokesmen for the French government refuse to answer officially a hypothetical question as to whether France would accept an invitation for another arms conference at Washington.

The attitude of France has been considered a stumbling block in the way of assembling another such conference.

INC. GEN. US OF SCREEN, DIES

Veteran of Films Succumbs at His Beverly Hills Home

Hollywood, Cal.—Thomas H. Ince, pioneer motion picture director and producer, died of angina pectoris at his Beverly Hills home.

He entered motion pictures in 1911 after having acted parts on the legitimate stage and playing in vaudeville, his screen parts at first were small, but he soon was given more important roles.

He became a director, then a producer, and, in the last 10 years, built some of the best-known studios and produced some of the most pretentious and successful screen dramas.

CHRISTMAS SEALS COME HERE FROM DENMARK

DANISH POSTAL CLERK HEARS SANTA WHISPER PLAN TO HELP TUBERCULOUS.

When Santa Claus was looking for someone to give the first Christmas Seal to the world, he picked on this big benevolent Nord as a perfect personification of himself. On Christmas Eve, 1903, Einar Holboell, a postal clerk in a small Danish town, stopped a minute to hear Santa

whisper in his ear the plan of selling penny stickers to help tuberculous children.

His enthusiasm for a plan which would benefit humanity brought men of distinction and influence to his cause. A committee was formed and all clerks agree to work overtime to sell the seals. The people of Denmark liked the idea. It came to the United States in 1907.

When American men and women and children buy Christmas Seals, they are but carrying on Holboell's happy holiday thought which has since brought health and smiles to the faces of herds of children, men and women, among people of every race and condition throughout the civilized world. BUY SEALS.

KORETZ, OIL PONZI, IS UNDER ARREST

FOUND LIVING IN NOVA SCOTIA AFTER A WORLD-WIDE SEARCH OF YEAR

RETURNING TO FACE VICTIMS

Millions Lost by His Friends Who Invested in the "Bayano, River Oil Bubble"

Halifax, N. S.—Leo Koretz, alias Lou Keyte, described as the smoothest and most dangerous confidence man in the "United States," and for whom a world-wide search has been conducted for the last year has been arrested here.

Koretz was taken into custody by assistant state's attorneys of Chicago, on a warrant charging use of the mails to defraud in a \$2,000,000 swindle.

Koretz waived extradition and is now enroute to Chicago.

According to the two attorneys, the prisoner left Chicago nearly a year ago with \$2,000,000 in cash carried in a handbag.

Since last March he has lived in Nova Scotia, where he purchased "Pinehurst," a historic residence near Liverpool. He paid \$18,000 for the property and has since made additions to the extent of \$35,000.

He represented himself as a man of wealth who recently had suffered a severe illness. He wore a full beard, which he explained as necessary, owing to an infection of the teeth and jaw.

He admitted, the officers said, that he was the man described in a circular as Leo Koretz, wanted for a \$2,000,000 fraud in Chicago, and for whose arrest a \$10,000 reward was offered. It is said that Koretz has admitted the main features of the charges against him.

Although Koretz's swindle was popularly known as the "Bayano, River Oil Bubble," his schemes took in other things, say oil.

Police said Koretz left a wife and two children destitute when he disappeared and has never communicated with them.

MEXICO ASKED TO CURB ALIENS

Labor Department Will Stop Illegal Entry Through Southern Border

Washington—The federal government has begun an active campaign to stop the flood of aliens coming into the country illegally through the wide open spaces of the Mexican border.

Assistant Secretary of Labor Henry J. Hughes is enroute to Mexico City to confer with Mexican officials on the subject of stopping the "boot-legal" of immigrants. Hughes is expected to start on his trip before proceeding on to the capital.

It is estimated by many of officials that many thousands of such aliens have entered the U. S. since the border was opened up in the popular opinion and are expected to enter there a number of thousands.

CHINESE INSTALL NEW TITLES

Hopes For Peace and Reunification of War Torn Country

Peking—Tuan Chi-Jui, former premier, has been installed as the "chief executive" of what he hopes will be a unified Chinese government, selected his title, a new one in Chinese public life, from French history. The title corresponds to that assumed by Louis A. Thiers in 1871 when he was named "chief of executive power" after his election to the French national assembly.

Tuan delivered a brief address before an assemblage at the office of the minister of war where inauguration ceremonies were held. He said that the object of his administration would be to accomplish the reunification of the country and to maintain harmonious relations with other countries.

U. S. WINS FIGHT IN OPIUM WAR

Conference Upholds American Stand

—England, India Fail to Vote

Geneva—The United States won its first fight with the opium-producing countries when the international conference here for regulation of the narcotic drug traffic voted down the demand of England and India, that sub-committee meetings be secret.

America energetically protested the English-Indian demand and demanded a roll call.

Twenty-six delegations thereupon voted for public meetings. Eight countries, including Britain and India did not vote.

Michigan Cities Gain in Population
Washington—Hamtramck, Mich., has a population of 75,710, according to estimates made public by the Census Bureau. Battle Creek with 41,214 and Lansing with 68,312 were other estimates for Michigan cities. The figures are as of July 1, 1924.

FARM COURSES START AT M. A. C. ON JANUARY 5TH.

Six different "short courses," ranging all the way from a course in general agriculture to special schools in definite branches of farming, will open at the Michigan Agricultural College on January 5th, according to announcement by E. B. Hill, director of the winter school at M. A. C.

The short courses are open to any citizen of the state over 16 years of age, no scholastic requirements for admission being held. They are said to be designed for those who cannot or do not care to take the longer four-year agricultural course at the college, and yet still want to gain scientific training in their agricultural field.

Two daily courses, a ten weeks course in dairy production, and an eight-weeks course in dairy manufactures, an eight-weeks course in general agriculture, an eight-weeks agricultural course, a four-weeks poultry course, and an eight-weeks agricultural engineering course are those which start on January 5th.

THE LITTLE RED SCHOOL HOUSE WAS "BUMPED."

An Oronville dispatch to the Pontiac Press stated that "While crossing the D. U. R. tracks at Anten's lumber yard in that village last Thursday afternoon with his little red school house, Rev. F. E. DeLong failed to notice the close approach of the car and was struck. The school house was thrown over and Mr. DeLong was thrown considerable distance but escaped without any injury.

The machine was not hurt but the school house had some broken windows as the result.

STATE NEWS IN BRIEF

Lansing—Richard Schram, of Grand Rapids, was killed when an automobile which he was riding left the road and crashed into a tree about four miles west of Williamston, on the Detroit-Lansing road.

Pontiac—Trying to cross a pond in Rochester on thin ice, Myron, 9 year old son of Charles Straub, was drowned on his way to school. An attempt to rescue him was balked by the breaking of the ice and only after a boat was forced through could he be taken out.

Mt. Clemens—Taking advantage of the first fall of snow here, two brothers, William and Jake Henry, 10 and 8 years old coasted down the South Front street hill and were drowned when their sled broke through the thin fringe of ice on the banks of the Clinton River.

Battle Creek—Jim Christ, a restaurant proprietor, was shot twice and badly wounded here when two bandits sought to rob his place. As one bandit tackled the cash register Christ tackled him with a broom. The bandits fired several shots and made their escape as Christ fell.

Lansing—Herbert L. Chestnut, an Olds Motor company employe, was killed instantly when a dynamite charge with which he was blasting stumps exploded and blew his head from his body. He placed the charge and it failed to explode. He went to determine the cause and the charge let go.

Mackinaw—City—Two hunters, Chester Clark and Robert Radka, both well known residents of Rogers City, lost their lives in Lake Huron near the shore of Drummond Island when they were attempting to ferry deer they had shot on the island across to their camp near Detour on the mainland.

Grand Rapids—Dr. Peirs Schultz, 63 years old, regarded as the "father" of Grand Rapids' municipal hospital plan and one of the best known surgeons in the country is dead. He had been in ill health for several years and had been confined to his bed since March 9, when he suffered an attack of heart disease.

Monroe—Earl Hudson, 25 years old of Toledo, was killed instantly in the yards of the Pere Marquette railroad here. Hudson employed by the railroad as a switchman, was said to be standing between a switch engine and box car when a draw bar pulled out, the speed of the locomotive throwing him beneath the wheels of the freight car.

Ludington—Loss of life was narrowly averted when a big Ludington Hart passenger bus turned over into a ditch five miles south of this city, in trying to avert hitting another automobile. The smaller car was hurled into the ditch when the bus crashed into it while the bus swung to the opposite side of the road and overturned. Passengers and both drivers escaped unhurt.

Detroit—The postoffice department has authorized the use of special envelopes for letters intended to be carried by air mail. These envelopes are to be white with three stripes of red, white and blue across the face. These envelopes are not to be issued by the department, but any person may get them printed for his own use. They must not in any case be used for the regular mails.

Monroe—Charged with having made an assault with a dangerous weapon upon Henry Hobart, well known farmer of Lambertville township, the night of August 22, Conrad Bealowski, Edward Stepanek, Howard Kessler, Stanley Ambordt, Joe Byers, all of Toledo, and Edward Nidek, of Temperance Mich., pleaded guilty here in the circuit court and were remanded to jail pending sentence.

Ann Arbor—An endowment of \$400,000, the largest ever bestowed upon the University of Michigan, for purposes of medical research, has been presented to the board of regents by Mrs. Christine MacDonald Simpson, widow of the late Thomas H. Simpson, Detroit manufacturer, clubman and industrial executive, who died May 8, 1923. The endowment is to be known as "The Thomas Henry Simpson Memorial Institute for Medical Research."

Flint—Benjamin Criddle, of Detroit, is alleged to have shot three persons including his divorced wife here. According to the police Criddle found his divorced wife at the home of Charles Boston Poston and William Bailey were present when he entered and the three were commanded at the point of a pistol to stand with their faces to the wall. Criddle then is alleged to have fired three shots, wounding the three in the back and to have fled from the home.

Lansing—The sale of 1925 license plates will start December 1, according to announcement by Secretary of State Charles J. DeLand. No extensions of time will be granted, and every motorist must be equipped by January 1 if he plans to operate his car, it was said. DeLand asserted that it is needless to have applications for license plates sworn to by notaries who charge a fee, as notaries who will do the work free will be stationed in the 80 branches out in the state, the five in Detroit and the main office in Lansing.

STATE OF MICHIGAN, county of Wayne, ss. At a session of the Probate court for said county of Wayne, held at the probate court room in the city of Detroit, on the twenty-fourth day of November in the year one thousand nine hundred and twenty-four.
