A GREAT CROWD WITNESSED PHYSICAL TRAINING DEMONSTRATION.

The largest crowd that ever assembled at the Northville High school gym was present last Friday night to witness the physical training demonstration in which pupils from all the grades of the school took part, and every number on the splendid program, from the "band" to the athletic posing, was heartily applauded, giving unmistakable evidence that the patrons of the school enthusiastically approved of the work being done among the girls and boys. The demonstration was given under the direction of Mr. and Mrs. A. K. Miller, physical training directors, and they are deserving of highest praise for their painstaking efforts in presenting the program of the evening.

The first three numbers on the program were given by the children of the Kindergarten and the First and Second grades under the able direction of the Misses Dorothy Taylor, Irene Christ and Myrtle Olson, and a picture was never presented in our High school, and these young women are to be congratulated upon their efforts. The kindergarten band, the members of which were all prettily costumed, and each playing a tiny instrument, gave encouragement that Northville will always have a first-class band. The little folk kept perfect time with Miss Taylor who presided at the piano and their training showed great patience and skill on the part of their teacher. Then followed an exercise by the First graders under the direction of Miss Christ and they all did exceptionally well.

The Second grade under the direction of Miss Olson and the "Story Book Ball" was a very attractive exercise, all of the children taking part doing their "bit" exceptionally well. Following the exercises by the little folks came a Japanese dance by the Fourth grade girls, calisthenic exercises by the Fourth, Fifth and Sixth grade boys, flag drill by the Fourth and Fifth grade girls, marching by the Seventh and Eighth grade boys, an exercise "Coming Thru the Rye" by the Sixth and Seventh grade girls, the witches dance by the Eighth grade girls, performing on the parallel bars and "elephant" by High school boys, Irish dances by High school girls, Buster Brown dance by High school girls, tumbling by High school boys, Russian an exercise by High school girls, and finally a little song by the group of High school boys.

Every number was heartily enjoyed and the great crowd thoroughly enjoyed the entertainment. It was a credit to all who took part, to those who labored so faithfully to perfect the program and to our schools. The work of the various groups showed marked improvement over last year—the first demonstration given in Northville—demonstrating clearly that teachers and pupils are applying themselves to the daily tasks with patience and with a determination to do their best.

OBITUARY.

Elizabeth Carmer was born in New York state June 19th, 1851, and came to Michigan when a small child, her people settling in Northville, where she spent the remainder of her life. On June 29th, 1885, she was united in marriage to John Nixon, who preceded her to the better land on January 14th, 1906.

Two brothers and one sister, Mrs. Ed Martin of Wixom, a niece and nephew survive her. The deceased was a member of Allan M. Harmon Relief Corps of this village and by her kind and unassuming manner she won a host of friends who deeply mourn her sudden and untimely death.

Funeral services were held at her late home on Main street last Friday afternoon and interment took place at Rural Hill cemetery.

F. E. HILLS WINS HONORS OF THE THE SHOOT.

Finals for the Northville Gun Club championship trophy were recently held at the club's grounds in this village and ten members with an average of 87 per cent or better were in the competition. The program consisted of 50 16-yard targets and 50 20-yard.

Regardless of the unfavorable weather conditions some good scores were made. F. E. Hills was the victor on the total hundred scoring 45x50 and the 20-yard fliers and 46x50 on the scratch line. E. C. Merritt was Hill's nearest competitor and had the best of the race on the 20-yard birds. However, Merritt could not stand the grind and failed to connect with seven of the 16-yard clays.

CHILDREN PRESENT "THE NATIVITY."

A crowd that filled the High school auditorium to its capacity and overflowing into the library and corridors enjoyed the Christmas operetta, "The Nativity," presented by the children of our schools from the Kindergarten to the Seventh grade. The parts were exceptionally well given and the group songs and the choruses were given in a manner that would have done credit to older people. The Christmas carols by the High school chorus were greatly enjoyed and the young people did splendidly.

The operetta was given under the direction of Misses Dorothy Taylor, Irene and Myrtle Olson and they deserve great praise for the manner in which they trained the children. Miss Myrtle Olson sang one of the solo numbers in a very pleasant manner.

The costumes of the children were all planned by their teachers and the effect was a very pretty one, the tableau scene being especially attractive. The whole affair reflected credit upon the schools and especially upon the musical department.

NORTHVILLE DEFEATED THE OHIO BOYS.

In one of the snappiest games of basket ball ever seen on the home floor Northville's High school basket ball team defeated the Rossford, Ohio, High school Saturday night to the score of 20 to 14. In less than one minute after the first ball was tossed H. German had "shot a basket" for Northville, and of course that pleased the fans and was a disappointment to the visitors who expected to win the honors of the evening easily.

All through the game our boys exhibited splendid team work and if they can continue to play as they did Saturday there will be a whole lot of scraps dangling from our High school belt before spring. The score was very close all through the game, being a tie once or twice and then Northville would score another basket. Just before the close of the first half German was tripped or thrown and he struck the floor with great force, putting him out of the game for a few minutes. He came back for the last half and played a wonderful game.

PLAN BIG SHOW FOR FARMERS WEEK.

Aristocrats of the hen fruit world, gathered from nests in Michigan as well as other states, will enter the show ring at M. C. during the annual Farmers Week February 2 to 6. The occasion will be the first annual egg show, to be held under the auspices of the poultry department at the college.

Classes for the show will include commercial class, producers class, Boys' and Girls' club class, and student class. Any farmer or poultry raiser will be eligible to enter his product in the show.

Standards by which the eggs will be judged include size, quality, evenness, color and other more technical points of little interest to the layman.

Similar egg shows are held by a number of other state agricultural colleges. A year ago, entries from the M. A. C. poultry flocks took a number of high awards in eastern egg shows.

MARTIN—HUSSEY.

Monday evening at the home of Frank Martin at Walled Lake occurred a quiet wedding when Miss Florence Hussey of this place became the bride of Erwin Martin, the ceremony being performed in the presence of the immediate relatives of the bride and groom.

On Tuesday evening a reception was rendered the young people and the affair was largely attended, members of Walled Lake Lodge, L. O. O. F., Rehokah being in attendance. Mr. and Mrs. Martin will reside at the Martin homestead for the present.

Many friends in Northville will extend hearty congratulations to the young people and wish them a long and happy wedded life. Mrs. Martin has many warm friends here.

DEATH TAKES LABOR FEDERATION'S CHIEF

SAMUEL GOMPERS

Samuel Gompers, head of the American Federation of Labor, died at San Antonio, Texas, from congestion of the lungs, caused from a cold contracted in Mexico City, where he and his entire staff attended a meeting of the Pan-American labor congress.

His body was taken east on a special train, and after lying in state a day each at Washington and New York, was interred in Sleepy Hollow cemetery, near Tarryton, N. Y., on Wednesday, December 17th.

SIX MAIL THUGS ARE SENTENCED

Participated in \$200,000 Roundout Mail Robbery With Fahy.

Chicago—Six thugs who confessed participation in the \$200,000 mail robbery at Roundout, Ill., June 12, were sentenced by Judge Adam C. Cline in federal court on their pleas of guilty, to the federal prison at Leavenworth for terms ranging from one year to 25 years.

They are Brent Glasscock, Chicago, formerly of Kansas City; Herbert Holliday, Kansas City, and Willie Willis, Jesse and Joe Newton, cowboys and brothers of Dallas, Texas. All confessed robbing the train and their testimony was chiefly relied upon by the government in securing the conviction of William J. Fahy, "ace of postal inspectors," who received 25 years in Atlanta some time ago, and two Chicago politicians for complicity in the robbery.

Holliday was sentenced to 25 years, Glasscock, 12 years, Willie Newton, 12 years, Willis Newton, 12 years; Joe Newton, 3 years, and Jesse Newton, one year and one day.

STATE BUDGET FOR 1925-6 SET

Governor Groesbeck Announces Tax Will Not Exceed \$14,500,000.

Lansing, Mich.—The State general property tax for 1925 and 1926 will not amount to more than \$14,500,000 for each year unless demands from State institutions require unusually heavy capital outlays for new building and equipment according to announcement by Governor Groesbeck.

Proposed buildings for which the Governor has indicated he will stand sponsor include a new State normal school or extensive additions to existing schools, a new branch prison building and wall at Jackson, to cost around \$1,000,000.

A woman's prison building at Okemos to cost around \$250,000, new dormitories at the Michigan Home & Training School at Lapeer, more departmental and dormitory buildings at the Michigan Agricultural College, a new State Police barracks, and a gymnasium and perhaps a chapel and cottages at the State Industrial School for Boys here, were also included in the list.

YOUNG EXPLAINS DAWES PLAN

Says Work seeks to Fix Tax Limit On German Industries

New York—Owen D. Young in a public speech gave his version of the Dawes plan at a testimonial dinner tendered him by the business men of New York.

Mr. Young was associated with Charles G. Dawes, now vice president-elect, in the conception and drawing up of the Dawes plan of reparations payments for Europe and later as interim agent-general of reparations payments.

The Dawes plan itself was a non-political, non-military plan which sought to fix the limit of the burden of taxation for debt paying purposes which Germany should be asked to impose upon her industries and which would be reasonably commensurate with the taxation which her neighbors had to impose upon their industries and their people in order to pay their war debts, Mr. Young said.

U. S. Food Sold Germans by Mail Hamburg, Germany—The German housewife is soon to be given the opportunity of ordering American food by mail and having it delivered to her doorstep by fast freight from a general distributing warehouse to be established in Hamburg. The promoters promise that the system will be in operation in the near future, despite opposition from grocery trade organizations, which contend the mail order business will work hardship on them.

HILL WILL FACE MURDER CHARGE

HELD WITHOUT BAIL FOR THE SLAYING OF ALEX DOMBROWSKI

SAUERMAN IS DENIED PARDON

Serving Life Sentence for Killing—Returned to Prison to Await Outcome of Hill Trial

Detroit—Arraigned in justice court, charged with murder in connection with the death three years ago, of Alex Dombrowski, Harry Wade Hill, Detroit's "phantom egg," said to be the double of Leo Sauerman, now under sentence in Marquette penitentiary for the killing of Dombrowski, stood mute before Justice L. Eugene Sharp. A plea of not guilty was entered for him and his examination was set for January 12. He was remanded to jail without bail.

Hill's arraignment followed a conference this week in Governor Alex J. Groesbeck's Detroit office, between state and federal officials at which Hill, Sauerman, Noel and Brown were questioned by the governor and as a result of which evidence collected by the state police against Hill in connection with the Dombrowski murder was turned over to the Wayne county prosecutor's office for the purpose of bringing the phantom egg to trial.

The conference was called by the governor following a petition that Sauerman be pardoned in view of new developments in the Dombrowski case, namely the capture of Hill and his alleged implication in the crime.

After closely questioning the principals as well as a number of witnesses, to obtain any new version of the case, Governor Groesbeck declined to take action on the pardon request, declaring present developments fail to warrant it. Sauerman was taken back to Marquette.

AIR SERVICE ASKS FEDERAL AID

Seeks To Have \$100,000,000 Set Aside For Commercial Loans

Washington—The first move to enlist the aid of the federal government, through act of congress, in building up a commercial airplane transportation service in the United States was taken this week when a bill was introduced in the house proposing to set aside \$100,000,000 for use in making loans to persons engaged in commercial aviation or in construction of aeroplanes. Immediate consideration of the measure was asked.

Representative McLeod, of Detroit, who introduced the bill, said that the proposition had received encouragement from a number of members with whom he has discussed it.

The bill provides for governmental loans to individuals and corporations engaged in the business of transporting passengers and freight or both by aircraft.

Loans would draw interest at the rate of 3 per cent annually and payable within seven years. They would be secured by a lien on aircraft, hangars and other facilities.

SOVIET SENDS U. S. SHARP NOTE

Complains That Coast Guard Cutter Committed "Lawless Act"

Moscow—George Tchitchernin, the soviet minister of foreign affairs, December 11, sent a caustic note to Secretary of State Hughes at Washington, complaining that the United States coast guard vessel, Bear, in 1920, had committed an act, which constituted a gross violation of international law and of the sovereignty of the soviet republic. The note added that a similar "lawless act" would be sternly repressed by the soviet government.

The complaint of the soviet government was that the Bear had affixed a brass plate to a rock on the Chukotsk peninsula in Emma Bay, Cape Pusino, in Siberia near Bering straits, bearing the inscription "United States geodetic magnetic station."

The plate, which was discovered by soviet authorities, bears the warning "For disturbing this plate, \$250 fine or imprisonment."

MARX CABINET RESIGNS POST

President Ebert Calls Meeting Of Reichstag For January 5

Berlin—President Ebert has accepted the resignation of Chancellor Marx's cabinet and it was announced at the same time that the new Reichstag would hold its first session January 5.

The formal retirement of the Marx cabinet was merely in the nature of ratifying the ministry's resolution of last week to resign as soon after the election as possible. President Ebert will discuss the parliamentary situation with Reichstag leaders this week and then will decide which party is best qualified to undertake the task of forming a new coalition government. In the meantime, at the request of the executive, the present cabinet will continue its duties.

GOMPERS, LABOR LEADER, IS DEAD

PASSES AWAY AT SAN ANTONIO UPON RETURN FROM MEXICO CITY

FEDERATION HEAD SINCE 1881

Was Born in London in 1850—Came To America in 1861—Formed Union at Age of 13

San Antonio—Samuel Gompers, the grand old leader of American labor, is dead. He died here last week after his arrival from Mexico City where a joint meeting of the American Federation of Labor and the Mexican Federation of Labor, of sessions of the Pan-American Federation of Labor was held.

His body was carried East on a special train arriving in Washington last Tuesday where it was held in state for the day at the American Federation headquarters. Funeral services were held in New York Wednesday and then the body was taken to Fairview for interment.

The complications which combined to end the career of the famous labor leader have beset his ageing body several years, according to physicians; but the final acute attack was brought on by a change of weather in Mexico City, which resulted in a cold and congestion of the lungs.

Samuel Gompers was born in London in 1850 and came to the United States in 1861. He first became identified with organized labor in 1863, at the age of 13 years, when he organized the cigar makers of N. Y. He was elected first president of the American Federation of Labor in 1881 and for six years he directed the federation's activities from a small room in a tenement adjoining his bedroom, working without salary at nights and on holidays while supporting himself at his trade.

With the exception of one year, Samuel Gompers directed the activities of the Federation continuously from its inception. In 1914 he was defeated for reelection by John Mc. Duffie, put forward by a Socialist element, but the following year the Gompers followers regained control and have maintained it since.

U. S. WILL JOIN LEAGUE PARLEY

Will Attend Geneva Arms Conference To Be Held Next Spring

Washington—The United States government has accepted an invitation from the League of Nations to attend an international conference at Geneva next April or May to consider the conclusion of a convention regarding international trade in arms and munitions, it was learned at the state department.

The American minister to Switzerland has been instructed to hand to the secretary-general of the League of Nations a note from this government stating the United States government's willingness to attend this conference. The discussion will concern traffic in arms and not limitations of armaments.

The League of Nations' council at Rome, Italy, has unanimously accepted England's request that discussion of the protocol of arbitration, security and disarmament be postponed until the March meeting of the council.

Austen Chamberlain, new British foreign secretary, made a special trip to Rome to present the request at a meeting of the council held last week.

LAKE SHIP WRECKED IN STORM

Parts of Vessel Washed Ashore at Keweenaw Peninsula

Houghton, Mich.—Discovery of quantities of wreckage washed ashore near Eagle Harbor, on the Keweenaw peninsula, was believed by coast guard officers there to show the loss of a lake freighter in Saturday's violent storm.

The wreckage included part of the pilot house of a vessel, some doors painted white on one side and brown on the other, and other bits of floating woodwork that could not be identified.

There was no markings on any piece that would serve in any way to identify it as belonging to any part of a ship. Soon after the finding of the first pieces others began to come ashore.

WOMAN BLUEBEARD SENT NCED

Receives Life Term for Slaying of Former Sweetheart

Detroit, Mich.—Mrs. Euphemia Moudich, "woman bluebeard," was found guilty of murder in the first degree by a jury in Judge Christopher D. Stearns' court last Saturday and was sentenced to spend the rest of her natural life in the Detroit House of Correction.

The "iron woman" was found guilty of slaying John Udorovich, her former sweetheart on September 17, 1921, by shooting him once in the right eye, once in the body as he tried to escape, and finally under the chin as he lay on the floor.

Sure of His Position

Congressman Blather was a passenger on the steamship "Sieve," which was slowly sinking. The passengers were climbing into the lifeboats. "Congressman," suggested a reporter aboard the ill-fated craft, "here's a chance for some publicity. If you cared—" "You may quote me as saying," replied the statesman, "that I am heartily in favor of a back-to-the-land movement."—Legion Weekly

Date of Creation Unknown

Many theologians have occupied themselves with the problem of the actual date of creation. Bishop Ussher computed the year at 4004 B. C. A universal history, a work of 42 volumes, published in London in 1779, devotes some space to the fixing of the actual time. It discusses the probability of its being March 21, 4004 B. C., and September 21, 4004 B. C., and inclines toward the latter date.

FAMILY NIGHT AT THE METHODIST CHURCH.

"A great, old time." Such was the remark when closing for the evening. The C. A. Dolph Bible class certainly took care of things well under the leadership of Mrs. E. H. Partridge who proved an efficient matron for the occasion. It was a big family gathering and well worthy of the name of "family night." The church has changed two-thirds during the present pastorate and thank God that He can rise up others to carry on His work. We are thankful for the promising young men and the enthusiasm of every department which is a sign of better things.

The Rev. Sidney E. Farnington, gave the evening address in a masterly way. He brought to us a message of the Children's Home of which he is a director, and gave us some splendid views of the same. He broke away from this and then gave us an interesting account of his summer travels in Europe. Though the hour got late yet every moment was interesting to child and adult.

Our next night will be provided by the pastor's young people's class.

KING'S DAUGHTERS TO DISTRIBUTE CHRISTMAS BASKETS.

There will be a good substantial dinner in every basket, and each collection will be "topped off" with nuts and candies for the kiddies. Of course, you'll help, because you would be disappointed if you were not given an opportunity.

THE PREFACE.

The cantata is founded mostly on incidents in the early part of the ministry of Jesus—incidents pertaining to His appearance in the synagogues of Galilee, and in the temple at Jerusalem—His denunciation of the Scribes and Pharisees—the attempts to take His life—His commendation of the offering of "a certain widow"—the rage and denials of the Scribes and Pharisees because of the woes pronounced upon them—the "Mount of Beatitudes"—the dawn of the "new kingdom"—the kingdom of the spirit—"the pure in heart"—the kingdom of love and of the righteous life.

ITS ARGUMENT.

Part I.

"The disciples sang a Psalm of praise to 'the dwellings of the Lord.' They sing on their way to the temple in anticipation of the wonderful readings of the prophets" by the Master in His interpretation of the scripture they see the dawn of the kingdom of love and light. A temple intoned service. A song to the Holy of Holies. The reverie of "a certain poor widow" in her "lonely dwelling," hoping for the pity and succor of the Nazarene. A song of trust and peace. A disciple giving warning that the Scribes and Pharisees seek the life of the Master. Jesus pronounces the series of terrible woes upon them. They break out in angry denials and threatenings and call upon the God of Abraham to save his temple and his Name.

Part II.

The disciples have met on the familiar Galilean shore, singing in anticipation of the coming of the Master down from the mountain. The joy of being on the "Mount of Beatitudes"—An apostrophe to the "Triumph Mountain of the World." The "poor widow's" lament, and her casting of "two mites" into the treasury. The Master commends the true offering. "Blessed are they that trust in God." The kingdom of God is in the heart. "Up from gloom into the realm of joy." The Master's "Come unto me all ye that are heavy laden." The night of sorrow is passed, and the light eternal shines. A song of the kingdom of love and righteousness.
